Chapter 4341

But at this time, Yao Jiuxing gave out an inhuman roar. It stretched out its palms into sharp claws and photographed Zhao Jun's back from afar!

At the next moment, with a roar, the top ten demons in this ceremony, without even screaming, turned into a blood mist and completely broke open!

Yao nine stars see the appearance, is to send out a gloomy to extremely fierce smile!

And the complexion of Zhang Fengxi and Yin Su Ling changed again!

At the moment, the demonized Obsidian nine stars are sending out an extremely frightening pressure, even more powerful than the momentum formed by the combination of seven thousand talents!

That black snow absolute top of the Qin Xiao and other Yin Temple high-rise is also a frown!

They are very clear that after demonization, although ghost cultivation will lose their sense and become a killing monster, their strength will soar!

Not to mention, Yao Jiuxing also has the ghost bone blessing!

Today's Yao Jiuxing, even if demonized, is not an ordinary ghost demon, but a ghost demon king!

Ye Chen, danger!

After Yao Jiuxing killed Zhao Jun, a pair of blood eyes, staring at Ye Chen, resentment in the eyes, killing intention, almost to turn into substance!

The next moment, his soft sword dance, turned into a black shadow, toward Ye Chen, crazy rushed!

Even ye Chen frowned slightly in the face of the Yao Jiuxing who was promoted temporarily. It seems that he has to show some strength

He took a deep breath, a strong Daoyun, condensed on the Sha sword, for a time, as if there were mountains and rivers, covering the body of the sword!

What ye Chen did was to refine the method of burning the sky through Lin Sheng when he tried to test the soul seal!

At the same time, three soul seals reappeared, a silver white flame containing the green color was also shrouded on Ye Chen's body surface, and a strong evil spirit broke out at the same time!

"Xuanhanyu, borrow my strength!"

"Good." Xuanhan jade is not tardy at all.

In an instant, a woman's virtual shadow shrouds behind Ye Chen.

Xuanhan jade is the existence of soul body form, in the half of the underworld, the state is obviously better!

"Soul body transformation!"

Feeling xuanhanyu's violent power, ye Chen murmured and turned his soul power into physical strength. At the same time, he burned the blood formula and the body of the heavenly demon, and exerted it to the utmost!

The next moment, in the face of the flying Yao nine stars, ye Chen swept out with a sword!

Grey and black sword reappearance, but this time, it contains the infinite power of overturning the universe!

Before the sword is really cut out, the strong wind blows the surrounding mountains into powder. The whole world seems to be twisted in this power!

Even at this moment, Yao Jiuxing's mind has only left the desire of killing and revenge, but!

In the face of this unimaginable sword, even the demonized Yao Jiuxing felt a burst of fear instinctively!

However, today's Obsidian mind only killing!

There is no idea of escape, this fear will stimulate his potential!

The light of the Ming bone was more profound. The soft sword in Yao Jiuxing's hand became more powerful. A dark ghost shaped all over the body!

The next moment, the nine dark stars, and the soft sword, a sword!

Yin cold sword light, and the gray black sword light, crash, the void crazy broken, the storm howling, everything turned into fly ash, even those original demons, many people in the aftermath of this fight, are spitting blood, crazy regression!

A very cold light burst out, will ye Chen and Yao nine star figure, completely submerged!

All the people are staring at the center of the light!

At the moment, their fate, it can be said, is all tied to the result of Ye Chen's fight with Yao Jiuxing!

If ye Chen is defeated, these rituals will probably die, and none of them will survive!

At the next moment, a figure suddenly flew backward and hit the highest peak of the ceremony place with a loud noise. Under this collision, the mountain that directly connected to the sky collapsed!

The pupils of the crowd shrank and looked at the figure one after another.

I saw, on the countless gravel, is a indifferent youth, it is Ye Chen!

All people's eyes, in the moment of seeing ye Chen, are trembling for a moment!

At the moment, ye Chen's chest is actually broken open a big hole!

In the big hole, blood flowed down like a waterfall. It seemed that even the heart was cut out of a scar!

"Ye Chen!"

Zhang Fengxi exclaimed, in the beautiful eyes, appeared incomparably worried look!

On the top of the black snow, Qin Xiao and others are also full of anxiety. They look at the wooden woman. Although they dare not say anything, the meaning is very obvious, that is to let the wooden woman allow them to move!

You know, ghost cultivation is different from the Terran. The spirit and body are fragile. Ye Chen was injured so much that even for the ghost cultivation in the original territory, he almost lost his combat power?If you don't do it now, the genius of the whole ceremony place will die in the hands of Yao Jiuxing!

However, the wooden woman's eyes flashed, but still indifferent.

Ceremony place, Sihuai and others are extremely ugly face, ye Chen, defeated, they will be finished!

All these demons, one by one, are full of Yin Qi. It seems that they are ready to escape!

But at this time, Yin Su Ling exclaimed, "look at it!"

When they heard the speech, they looked in the direction of her fingers, and their eyes trembled!

Not only Ye Chen, but also the demon like Yao Jiuxing, was seriously injured just now. His whole abdomen was almost cut open, and the visceral fragments fell from it!

The two just hit, it can be said that is equal!

However, soon, people's eyes, again dim down.

Sihuai shook his head and said, "it's useless. Even if the strength is equal, the body strength of the ghost demon is much stronger than that of the ghost cultivation. In particular, Yao Jiuxing has the blessing of the ghost bone, which is more extraordinary than that of the ordinary ghost demon. Ye Chen is still the loser..."

And Yao nine stars, issued a very happy roar, as if, his revenge is about to be revenged!

But at this time, he felt vaguely that the atmosphere was not right?

He looked at the whole body of the people, these demons, at the moment, one by one are gaping, like a statue, staring at Ye Chen

Sihuai followed the people's eyes and looked at Ye Chen, but he was shocked in an instant, as if there were a group of elephants flying past in his brain

He looked at the scene in front of him, as if he saw something totally incomprehensible!

See, ye Chen slowly from the earth and stone, stand up, his chest injury, is rapid recovery, in an instant, then eliminate in the invisible!

And ye Chen's whole body breath, actually has no sign of abatement!

This, how can it be?

Chapter 4342

Isn't Ye Chen ghost Xiu?

What's more, it's the day after tomorrow

The body strength of the postnatal ghost cultivation is lower than that of the congenital ghost cultivation!

Can, ye Chen that resilience, is how to return a responsibility?

There is no sign of recovery even though the nine immortals are demonized and helped by the ghost bones!

Is it true what they saw?

Completely, against logic, understanding!

Ye Chen looks light to walk toward Yao nine stars, sword light in hand again, roaring!

There was a big noise again, and this time, the one flying upside down turned out to be the nine stars!

Yao Jiuxing uttered a scream of pain, and one of its arms had disappeared!

And ye Chen's ribs are also blasted out of a blood red hole

However, soon, the blood red hole recovered as before

Heal, heal!

As if, this fatal injury, for ye Chen, is to cut a finger in general, a trivial injury in general!

Everyone looked at Ye Chen's look, as if they saw some monster

On the top of the black snow, Qin Xiao and others are completely stupid

Demons, they have seen a lot of

However, I have never seen a ghost Xiu like Ye Chen!

Even the existence of these realms is far below Ye Chen in terms of vitality

Ye Chen looks at the Yao nine stars of ghost demonization, his face shows the color of fun, a sword, a sword, and a sword!

The Yao nine stars kept yelling, and the blood flowed wildly, and fell powerlessly on the ground

When they saw this, they could not help but swallow their saliva. It was too terrible

In front of Ye Chen, there is no difference between Ye Chen and a baby who has no resistance!

With Ye Chen's vitality and Yao Jiuxing's attack, it seems that the effect is good. However, any injury can recover instantly. It is not a baby. What is it?

Even better than babies!

Ye Chen will step on the dying body of Yao Jiuxing, click a burst of broken sound, Yao nine star's whole body skeleton, it contains tremendous force under a foot, completely broken, except, a dark rib!

At the next moment, a shrill and incomparable scream rings out. Ye Chen suddenly reaches out his hand. It is Shengsheng who pulls out the ghost bone from the body of Yao Jiuxing!

Yao Jiuxing lost his ghost bone, instantly lifted the demonization and restored his mind. At the moment, his face has no cruelty, disdain, or even resentment!

Only fear and pleading are left!

Yao Jiuxing, is even hate don't dare hate Ye Chen!

Like a dog, he reluctantly raised his only hand, held Ye Chen's leg and said, "Mr. Ye, please, there are a lot of adults. I'm wrong. In the future, I'll be your dog and will serve you all my life. Please, don't kill me..."

Around a crowd of demons, silent, not long ago, still invincible, like the nine stars of the gods, but now, in order to live, humble to the extreme, begging for mercy

This contrast, too strong, too ironic!

Ye Chen glanced at Yao nine stars faintly, ignored, opened his mouth, and swallowed the ghost bone into his stomach!

People are surprised to see this, ye Chen should be at this time, devour the Ming bone?

Yao Jiuxing, Xu Fengyun, Xu Baohui, and some people who are jealous of Ye Chen have a faint tinge of resentment in their eyes

They called out in their hearts, "death! Die of this ghost! Blow up and die

A roar and a black light burst out in Ye Chen's body instantly. It seems that ye Chen's body should be torn apart!

Yao nine stars and other people's eyes, are flashing a touch of joy, lit up!

Is this boy really going to die by the ghost bone!?

If so, it would be so funny!!!

But

Soon, their illusions, a century of disillusionment

Because, almost in an instant, the black light melted into Ye Chen's body, and its momentum rose in an instant. There was infinite Yin Qi above the ceremony place, forming a whirlpool of Yin Qi, pouring down with Ye Chen as the center!

A strong breath, toward the four sides, escape and out!

After a few breaths, the whirlpool of Yin Qi was swallowed up by Ye Chen, and the black light shrouded in the body surface also dissipated instantly.

Everyone's eyes trembled, and ye Chen's breath became more and more condensed. Standing in front of them, it was like an abyss!

Together, the abyss that can't see to the end!

Moreover, ye Chen's cultivation also broke through to mend the sky four layers of heaven!

But that's not the point!

The most important thing is that they can't feel the existence of the ghost in Ye Chen's body

As if, that ghost breath, everywhere general!!!What does that mean?

That is to say, ye Chen has completely refined the Ming bone!

How much time to breathe?

Is this talent really not a joke?

It took two days for Yao Jiuxing, the first day of the ceremony, to refine it!

In Ye Chen's eyes, there is a trace of joy. This ghost bone is very good!

Although he has completely refined the bones of the nether world, he has not fully exerted the power of the nether bones. He can only exert about two or three percent of them. The rest of his strength can only be digested when his strength is stronger.

However, only these two or three percent, has already let Ye Chen's vitality, strength and so on, have a level of ascension!

Today, his strength, real strength, in the outside world, is equivalent to Shiyuan's four layers of heaven. In this semi underworld, because of the relationship between soul seal and Yin Qi, he has the combat power close to Shiyuan's five layers of heaven!

Well, it's a big gain!

.....

On the top of the black snow, Qin Xiao and others have been speechless

This result is totally unexpected to them

Soon, this consternation turned into ecstasy!

Ye Chen's adverse weather is far beyond their imagination!

And such evil spirits will join the Yin Temple!

Within a hundred years, Yin Temple will rise and rise crazily!

Even, dominate the whole half of the underworld!

At this time, the wooden ran woman is light mouth way: "after the ceremony, take ye Chen to see me."

.....

Ye Chen looked down at Yao nine stars and suddenly said with a smile, "just now, did you want me to die?"

Yao Jiuxing was shocked and shook his head in a hurry: "no! Absolutely not! Mr. Ye, I am your most loyal dog. How can a dog want its master to die? "

Ye Chen smell speech, complexion, vision is cold down, in fact, he did not notice Yao Jiuxing look, he asked, just want to listen to Yao Jiuxing's answer.

And Yao nine star's answer, only gave him a feeling, do not want to face.

Extreme shameless, such people, do not have a little principle and bottom line, in order to achieve the goal, can abandon everything.

Sometimes, the ultimate pride, and the ultimate shameless, a little similar.

Originally, ye Chen is still hesitating whether to kill Yao Jiuxing, because Yao Jiuxing has power behind him. He doesn't want to waste time on these things.

However, now, he has decided to kill Yao Jiuxing. Once he hates you, he will live a lifetime. No matter how flattering he is, he will be like a poisonous snake. When will he break out.

Only kill, otherwise, more trouble.

The next moment, a roar, ye Chen a foot will Yao Jiuxing's head trampled, no muddle.

All people, are in the heart Yilin, an extreme genius, so fell

Chapter 4343

Xu Fengyun, now he has a cold sweat, his liver and gallbladder are about to burst, and Daoxin is close to collapse

Ye Chen, won?

Yao Jiuxing, dead?

In fact, the four levels of strength are superior to shiye! Even close to the five layers of the sky in the semi underworld?

What's more, the rebellious constitution that countless ghost practitioners yearn for

God

This is the real God!

"Sister..." Xu Fengyun suddenly looked at Xu Baohui beside him with trembling eyes and said, "for brother, please do one thing..."

At the moment, Xu Baohui was afraid to the extreme. Her lips were shaking. She stammered: "brother, what should we do?"

She also mocked Ye Chen a few words!

Xu Baohui doesn't accept it. She really doesn't accept it!

Why, Zhang Fengxi even chooses the vision of the man is stronger than oneself!?

However, if you refuse to accept it, you can only hide it. You dare not show any disrespect to Ye Chen and Zhang Fengxi

Xu Fengyun wiped his cold sweat and said, "sister Men all like women. I hope you, um, let Ye Chen like you. You can pay any price, as long as you can make him like you! "

There was a look of madness in his eyes and he said, "this is the only way we can survive."

Xu Fengyun even betrayed his own sister! The best of the best

Xu Baohui was stunned when she heard the speech, but she nodded happily and said, "good idea, brother!"

What's more, Xu Baohui agreed without even thinking about it!

This pair of brothers and sisters, it is shameless to the extreme, one second, still ridicule, the next second, instant when the dog?

This conversion is absolutely absurd!

At this time, Xu Baohui summoned up courage and walked out towards Ye Chen. She came to Ye Chen. Her beautiful eyes looked at Ye Chen and said, "Mr. Ye, your shoes are dirty."

Ye Chen looked down at his shoes, really dirty, a foot crushed Yao nine star's head, covered with blood.

Xu Baohui suddenly knelt down in front of Ye Chen and said, "please allow me to let your servant clean up for you."

Ye Chen smell speech a Leng, in the eye different color a flash, this woman does what?

Seeing that ye Chen didn't speak, Xu Baohui thought it was Ye Chen's agreement. She carefully lowered her head. The next moment, a very strange scene appeared

I saw that Xu Baohui actually put out his tongue and licked his shoes for ye Chen?

Moreover, also licks extremely carefully, extremely earnest!

Although Xu Baohui is not as good as Zhang Fengxi, she is also extremely beautiful. What is it like for a beautiful woman to help you lick your shoes with a very respectful and serious attitude?

Ye Chen suddenly remembered that on earth, there is a word called "adjustment

However, he did not have this kind of hobby, he was about to stop, a cold woman's voice, it was the first to ring.

Zhang Fengxi looked at Xu Baohui coldly and said, "that's enough!"

Xu Baohui took a look at Zhang Fengxi, and nodded his head very obediently: "yes, I know."

After that, he stepped back and knelt down. He really regarded himself as ye Chen's servant!

Zhang Fengxi can't help but be speechless. Xu Baohui, in terms of identity, is no worse than herself. She is a lady of a family. But now she has given up all her dignity and is so mean to Ye Chen?

If Xu Baohui contradicts her, she has reason to deal with Xu Baohui, but now Zhang Fengxi has no way.

Zhang Fengxi looked at Ye Chen and said, "Ye Chen, I didn't find it. It turns out that you cheat so much."

"Lying?" Ye Chen said with a playful smile, "when did I cheat?"

Zhang Fengxi pursed her lips and said, "you are so strong, why do you keep hiding from me? And let me Let me worry so much... "

Ye Chen said with a smile: "well, I told you from the beginning that I have the ability to take good care of myself in this ceremony. It's just that you don't want to believe it."

Zhang Fengxi heard the speech, blushed, thinking of her previous ridicule of Ye Chen, it is almost blind to the extreme, eager to find a ground to drill in.

At this time, Yin Su Ling also came, and her beautiful eyes looked at Ye Chen and said, "congratulations to Mr. Ye for winning the first place in this ceremony. Before that, it was Su Ling who was wrong and underestimated Mr. Ye."

People's eyes are moving again. In the rumors, they are extremely mysterious, beautiful, talented and indifferent. Yin Su Ling, who almost never talks to men, takes the initiative to congratulate Ye Chen?

To tell you the truth, they envied it. However, it seems natural that powerful men will naturally attract excellent women.

Ye Chen light way: "no harm, I know, you out of good intention."

Yin Su Ling heard the speech and seemed to want to say something, but Zhang Fengxi was the first to say to Ye Chen: "Ye Chen, the ceremony is coming to an end, quickly take the points in the Yao nine star bracelet."

I don't know why, she doesn't want Ye Chen to talk too much with Yin Su Ling.

Ye Chen nods, will Yao Nine Star Bracelet in the fraction absorption clean, has more than 200000 points.He pointed to Zhang Fengxi and the bracelet of Yin Su Ling.

Fifty thousand were given to Zhang Fengxi and thirty thousand to Yin Su Ling.

Then, he took a look at Sihuai in the distance and pointed out that Sihuai's bracelet had gained 10000 points.

Sihuai has spoken for him in wanyinshan, and he can be regarded as returning Sihuai's human feelings.

At this time, a light column, falling from the sky, strong spatial fluctuations, from which to escape!

In the light column, a voice came out: "the ceremony time, has ended, all candidates, leave!"

When they heard this, they moved and flew into the pillar. After a while, they returned to Wanyin mountain.

A middle-aged man with a deep breath and a smile appeared in front of them. He said with a smile: "my God is Qin Xiao, the Lord of the Yin Temple. Next, announce the results of the ceremony. First place, ye Chen, second place, Zhang Fengxi, third place, Yin suling, fourth place, Sihuai Well, there are accidents in this ceremony. Only these four people have scores. The rest is judged by your performance in the Yin Temple.

Fifth, shangheyang, sixth

Well, the top 1000 are the disciples who have passed the ceremony. Among them, the top 139 can join the death hall directly. If you stay here, I congratulate you and join the Yin Temple. However, I hope you don't relax. There are cruel and specific rules in the Yin Temple. After entering the hall, someone will tell you.

The rest of the rituals can leave now. Don't be discouraged. I hope you will continue your efforts in the next ceremony

At this time, Qin Xiao looked at Ye Chen and said, "Ye Chen, come here for a while."

Ye Chen smell speech, came to Qin Xiao's side, slightly salute way: "patriarch."

At the next moment, a light suddenly lights up, and a powerful force that can't be resisted breaks out from the light, embraces him, rises and disappears in an instant.

Chapter 4344

Dun light, ye Chen face color slightly changed, he knew Qin Xiao was very strong, but did not expect, strong to such a degree!

Is this the strength of the strong in the semi underworld?

I'm far from it

Foreign countries are far less simple than they think.

Not to mention the emperor Shitian and xuanjiyue, what kind of existence is the strong man of wanxu temple, which is mysterious and almost nonexistent?

No one at this level can wipe out the temple of wanxu

Originally, ye Chen's strength soared, and his mentality changed, which made him calm down

Qin Xiao said, "don't worry. I'll take you to see someone."

Soon, they arrived at the top of the black snow. Qin Xiao took him to a stone house and said, "go in."

Ye Chen looked at Qin Xiao strangely and said, "Lord, don't you go in?"

Qin Xiao said: "the ancestor only said to see you alone, I am not qualified to go in."

Ye Chen smell speech, eyes a Lin, into the stone house, saw a wooden face woman, is sitting among them.

For a moment, Shuo Lao and xuanhanyu's voice of surprise, at the same time, in Ye Chen's mind, he said: "beyond the existence of the true state!"

Ye Chen's mind is shocked. This woman's cultivation is above the real state!

Why should we see ourselves in such a terrible existence?

At this time, the woman looked at Ye Chen and said, "you come to this Yin Temple for the sake of the stele of heaven and hell?"

Ye Chen hears the speech, the vision a flash way: "elder how to know?"

He did not deny that, in the face of this powerful existence, lying is not of great significance. If this woman wants to kill him, ye Chen will die.

Moreover, tongtianming stele, a disciple of Yin Temple, is qualified to understand.

The wooden woman said, "with your qualifications, why do you need to join any sects? Even the Yin Temple can't accommodate you. In the Yin Temple, the only stone tablet that can attract you is the one that can attract you

What's more, I can see that there are seeds of resentment in your spirit. You should come to the Yin Temple for the enlightenment method in the stele of heaven and hell. "

Ye Chen's eyes flashed a touch of fright, the woman actually said that eight or nine do not leave ten!

He asked again, "what can I do for you, elder?"

The wooden woman said: "I want to tell you that you can't understand the stele of the heaven and hell for the time being."

"Can't understand?" Ye Chen frowned and said, "master, don't you allow me to understand?"

The wooden woman shook her head and said, "although the tablet is managed by the Yin Temple, it has a fixed opening time every time it is opened. You can't enter it until the opening time."

Ye Chen frowned and said, "how long is the opening time?"

"Two months later," Muran said

When ye Chen hears the speech, his face becomes calm

Two months later, at that time, the spirit will attack several times!

Moreover, this time, ye Chen also devoured thousands of souls of ghost cultivation in the original state. It can be said that the seeds of resentment in the spirit are more powerful. If it breaks out, it will be more violent than last time!

What should I do?

The wooden woman, suddenly a wave of hand, will a jade Jane, throw to Ye Chen.

Ye Chen some don't understand a way: "elder, this is?"

Muran woman said: "this is the soul method I learned from tongtianming stele. Although it's just some fur on the stele, it should be enough to suppress the resentment seed on your spirit. I'll give it to you."

Ye Chen hears the speech, in the eye appears the color of great joy!

This woman can cultivate to such a state, her qualifications can be imagined. Although she described it lightly, this soul method is absolutely extraordinary!

However, soon, ye Chen's eyes calmed down, staring at the woman and asked, "master, why do you want to help me?"

After a moment's silence, the wooden woman said, "I know that the Yin Temple can't keep you, even the half underworld can't keep you. However, I hope you promise me one thing. If you are strong in the future, you can help the Yin Temple once within your ability."

Ye Chen some doubt way: "there are predecessors here, who dare to move Yin Temple?"

The existence above the real state, even in the semi underworld, is the strongest. Even, this woman may be the strongest existence in this world!

"Now, in this half of the underworld, I can't make any progress in my cultivation. If I want to go further, I have to go to the real underworld. Soon, I will leave here."

Ye Chen heard the speech, pondered for a moment, nodded his head and said, "OK, I agreed."

Even if the woman is not there, there are still several top strong men in the Yin Temple, which have nothing to do with themselves for the time being.

Mu ran woman nodded: "OK, you go out."

Ye Chen said goodbye: "thank you very much for the spirit method."

Then he walked out of the house.

Seeing ye Chen come out, Qin Xiao said with a smile, "Ye Chen, would you like to be my disciple?"Muran woman said: "Qin Xiao, take him back."

If you accept such evil spirits as ye Chen, you can only make a profit!

Originally, he thought that the old ancestor wanted to take ye Chen, but now it seems that it is not. Otherwise, ye Chen will stay on the top of the black snow.

Then, of course, he can't miss it!

But without waiting for ye Chen to answer, the woman's voice rang out again: "Qin Xiao, you are not enough to be ye Chen's master. In this Yin Temple, you are free to follow Ye Chen and do not interfere. If ye Chen wants to leave the Yin Temple in the future, he must not stop him."

Qin Xiao hears speech, the vision trembles for a while, quickly nods a way: "yes!"

If other people say so, he will be angry. Although Ye Chen is a demon, he is also a strong man that countless people look up to?

Even said that he could not teach Ye Chen?

Ye Chen is still a junior high school strength in shiyuanjing

However, from the mouth of the wooden woman, Qin Xiao's idea is completely different

Now, he has a new understanding of Ye Chen's qualifications

Even the true state is not enough to teach the existence, what is the level of evil?

On the way back, ye Chen asked Qin Xiao, "Lord, can I join the temple of the dead? I remember that there was a precedent that the first disciple of the ceremony directly joined the temple of the dead. "

Although he has obtained the soul method of the wooden woman, which can solve the problem of the spirit's reversion, since all of them have come to the semi underworld place, and two months later, the tablet of tongtianming will be opened. Ye Chen doesn't want to miss this opportunity.

Qin Xiao was puzzled and said, "with your achievements, you can join the temple of the underworld directly. However, the ancestors who founded the temple of Yin once left rules. One of the rules is that those who directly join the hall of the underworld need to be the innate ghost cultivation..."

Ye Chen hears the speech and frowns.

Qin Xiao said: "however, you don't have to care too much. Two months later, the enlightenment Hall of tongtianming stele will hold a promotion evaluation before it starts. The disciples of the dead hall will have the opportunity to join the temple of the dead. With your qualifications, you should be able to pass easily."

Chapter 4345

When ye Chen heard the speech, he relaxed his expression and asked, "Lord of the temple, how to evaluate the promotion?"

Qin Xiao said: "it's very simple. Every disciple in the hall of death will have a ranking. However, the rule of the Yin Temple is that every seven days, except for the first ranked disciple, all the other disciples have to fight against those who are higher than themselves!

If there is no challenge for seven days higher than their own disciples, the ranking will automatically drop one!

But in the battle, if the low position person defeats the high position person, then can take the other side's rank.

The ranking is not only related to martial arts training resources, the status of the clan, etc. the most important thing is the promotion evaluation. Although there are other bonus points, the main core of each competition is to see the ranking of the disciples of the death hall! Those who stay in the top ten can generally be promoted to the temple of the underworld! "

Ye Chen eyes a flash way: "that I now row in which?"

Qin Xiao said: "you are the first ceremony, and every new birth ceremony is the first. We will automatically put it in the 13th place. That is to say, you can join the temple of the underworld if you raise it three more places."

Ye Chen nodded and asked, "the Lord of the temple, how powerful is the first one in the hall of death?"

Qin Xiao said: "the first one, named Zhao Feihuang, is the first five layers of heaven."

When ye Chen hears the speech, the light in his eyes flickers. Although this ranking is important, now his first task is to practice the soul method given to him by the wooden woman!

You must practice the soul method before the next time the spirit returns.

Moreover, today, he has already possessed the strength of four layers of heaven in the semi underworld. With the help of reincarnation graveyard and Xuanhan jade, he is even stronger. Otherwise, the one who has been temporarily promoted to five layers of heaven will not die in his own hands.

Therefore, ranking is not something to worry about. After two months, directly challenge Zhao Feihuang and win his ranking!

Soon, under the leadership of Qin Xiao, ye Chen came to a loft before.

Qin Xiao gave a storage bag to Ye Chen and said, "in this bag, there are things that the disciples of the dead hall need. This attic is your dormitory. If you are the first one in the examination, you can get an attic alone."

Ye Chen nodded and went into the attic. He took out the jade slips given to him by the wooden woman. He moved his mind and sank the spirit into the jade slips and began to practice the soul method!

First of all, what is printed into Ye Chen's eyes are four big characters, which contain a very strong spirit of spirit!

"Star heaven soul method?"

Ye Chen murmurs a way, in the eye gradually reveals the color of expectation!

The next moment, the four characters suddenly burst out a very dazzling light, that light, the scene in Ye Chen's eyes, turned into a vast expanse of stars!

"This is..." Ye Chen frowned slightly, some doubts

Originally, he thought that what appeared in the jade slips should be Dharma, but now it is a starry sky?

He gazed at the huge stars for a long time

But ye Chen shook his head and couldn't see what.

There was a flicker of anxiety in his mind. What could he do?

I don't have much time left!

However, soon, ye Chen took a deep breath and calmed himself down. He knew very well that with the strength of the wooden woman, there was no need to cheat him. The supreme spirit method understood by himself on the Tianming stele was contained in the starry sky!

When he regained his calmness, ye Chen did not worry, but quietly stared at one of the stars, doing nothing, just looking at

Time, minute by second, one day, two days, three days, in a twinkling of an eye, seven days have passed!

During the seven days, ye Chen stayed in the attic and watched the star sea. It looked like it was petrified.

But when ye Chen understood the soul method, a great event happened in the Yin Temple!

In the hall of Yin, Xu Fengyun took Xu Baohui to a secret place, and said with some excitement: "Baohui, have you heard that a special disciple is going to enter the Yin Temple today!"

Xu Baohui is full of sorrow recently. For the past seven days, she has been trying to find Ye Chen in the attic where ye Chen lives, so as to give herself to Ye Chen and become Ye Chen's woman! In her opinion, this is her only chance to join the temple of death

However, no matter how she begged, seduced, and even, one day, she was in front of Ye Chen's door and made all kinds of unbearable voices by herself, trying to tempt ye Chen

But, to the end, the door did not open, let alone opened, the room, even a trace of movement, there is no, ye Chen is completely ignored her!

In recent days, the chores in the Yin Temple have made Xu Baohui despair, and even do not want to stay in the Yin Temple.

Hearing Xu Fengyun's words, her beautiful eyes flashed and said: "special recruit disciple? What do you mean? "

Xu Fengyun said with a smile: "as the name suggests, the specially recruited disciples are those who fail to pass the examination and are recruited into the Yin Temple! This kind of disciple will join the death hall directlyWhen Xu Baohui heard the words, her eyes were almost dripping!

Even Yao Jiuxing's qualification has to pass the examination and enter the Yin Temple. But if this person can become a special disciple, doesn't it mean that his qualification is still above Yao Jiuxing?

She couldn't wait to say: "brother, who is that special recruit disciple? Now, where is it? "

It's a shortcut to the palace of death and to a better future!

Even better, faster shortcut than ye Chen!

Never miss it!

Xu Fengyun said with a smile: "only a small number of people know that it took a lot of money for my brother to get it. It is said that this man is going to the Yin Temple soon!

His name is long Kai. He is thirty-three years old. His cultivation has already reached the peak of the four layers of heaven! "

When Xu Baohui heard this, she couldn't help but cover her mouth. It was against the sky!

This qualification must surpass Yin spirit, right?

Xu Fengyun said: "don't be surprised. What's more, long Kai was originally a special disciple of Wanming palace."

Xu Baohui, stupid!

This news is even more shocking than the qualification of Longkai!

There are four top forces in the semi underworld, the Yin Temple, ranking the third, and Wanming palace, ranking the first!

In fact, the power is half a level higher than the Yin Temple!

The conditions for recruiting disciples of Wanming Palace are also notoriously harsh, but even Wanming palace needs to recruit long Kai specially?

It can be seen how terrible long Kai is!

Xu Baohui asked suspiciously, "but why didn't long Kai join the Wanming palace and choose the Yin Temple?"

When Xu Fengyun heard the speech, he laughed, cold, cruel and resentful.

With a smile, he said, "this is the key of the key. Few people know that long Kai is the half brother of Yao Jiuxing!"

Chapter 4346

I guess the reason why he refused the Wanming Palace this time and joined the Yin Temple was to avenge his brother!

And don't look at him is only four layers of sky, but his strength and Yao nine stars are very different!

Ye Chen is going to have bad luck

Hearing this, Xu Baohui's eyes brightened. She remembered that ye Chen's neglect of herself these days was a tremendous humiliation for a woman!

In her eyes, a flame of revenge burned up and said: "ha ha, damn Ye Chen, damned Zhang Fengxi, here comes Mr. long. I can't wait to see you trampled on by Mr. long!"

.....

At this moment, outside the gate of the temple of Yin, stood a young man in a dark blue robe, with light armor outside.

This man looks handsome, and Yao nine stars, is actually three points similar!

He coldly looked at the Yin Temple in front of him and said, "no matter who killed my brother, I want you to pay back a thousand times!"

Longkai's qualification is indeed extremely against the heaven, and it is much stronger than the nine stars!

Moreover, it is highly valued by the high-level of the Yin Temple!

Three days after entering zongmen, long Kai made a record!

What record, the fastest record to cross the forest of death!

Yin death forest is a testing place in the Yin God hall. It is full of many powerful ghosts and Demons and beasts!

Yin death forest, no way back, after entering, there are only two choices, death, or through!

Therefore, every GUI Xiu who has successfully passed the Yin death forest and experienced life and death experience will become stronger!

In addition, there are many opportunities hidden in the dead forest.

The first thing long Kai did after joining the hall of death was to challenge the Yin death forest!

At that time, many people thought that long Kai was crazy, completely crazy!

However, there are several old students in the hall of the underworld. Even if they dare not challenge the dead forest, they will be well prepared for the challenge!

Long Kai, however, is unprepared for a direct challenge!

Many people don't think highly of him. They think he is looking for death

Yes!!!

As a result, long Kai set a new record of the Yin Temple's fastest passing through the Yin death forest!

It only took three days!

Moreover, after long Kai left the Yin death forest, he immediately chose to close down!

Obviously, I got a chance in the forest of death!

For a while, the name long Kai set off countless storms in the Yin Temple. Not only the death hall, but also the disciples of the hell hall noticed the existence of long Kai!

On this day, a strong breath broke out in the Yin Temple. Many of the Yin Temple disciples felt awe stricken in their hearts, as if there was a huge mountain suddenly pressing on their own mind!

At the same time, these people look in a certain direction, where is the dormitory of long Kai!

The next moment, just listen to a long roar, ring through the Yin Temple, infinite Yin Qi, poured into long Kai's dormitory, the breath more and more surging up!

A group of high-rise Yin temples appeared outside long Kai's dormitory, and they were shocked. They felt very clearly, long Kai, this is a breakthrough!

How many days did he join the shrine? Plus the closing time, it's only seven days, right?

Already, want to break through a heavy realm?

This is the realm of the original state. For normal people, every breakthrough is extremely difficult!

At this time, the breath, suddenly stabilized, massive Yin Qi, also instantly dissipated, long Kai, breakthrough success!

Sensational!

Boom again!

The whole Yin Temple, a sensation!

.....

Nearly half a month has passed since the end of the examination. In this half month, a myth has risen in the Yin Temple!

The myth of long Kai!

The first thing long Kai did after he left the Customs was to challenge.

In the Yin Temple, between the disciples of the same hall, you can challenge at will!

But what he challenges is Zhao Feihuang, the first one in the hall of death!

This battle has attracted the attention of the whole clan. The new talent challenges the old elite?

Everyone thinks that this will be a wonderful and incomparable century war!

However, the result is unexpected!

Wonderful, it's really wonderful, but it's not at all up and down!

Long Kai, facing Zhao Feihuang, has only shot three times

Three times, he directly attacked Zhao Feihuang, the first existence of the death hall, and was completely crushed into a serious injury!

Zhao Feihuang would have died in long Kai's hands if he hadn't challenged the rules!

This kind of performance against the heaven refreshes the understanding of long Kai for the disciples of Yin Temple again!

After the battle, Qin Xiao, the leader of the Yin Temple, formally accepted long Kai as his disciple! Long Kai from a dead hall disciple, in a short time of seven days, became the main disciple of the hall, once again broke a record!

Since then, the resources in the clan have been opened to Longkai almost unconditionally!

Everyone is envious, long Kai, this is a step to the sky!

Sure enough, the new man is to show his talent!

This is not over. Next, long Kai did not rest for a moment. He practiced crazily and challenged all the secrets of the death hall!

White ghost courtyard, two day breakthrough!

Heaven burial River, a day of breakthrough!

Bloody desert, two days of breakthrough!

.....

All kinds of things are refreshing the logic of everyone!

Now, almost all the disciples of Yin Temple know that long Kai practiced so hard to defeat Ye Chen and avenge Yao Jiuxing!

Because, he heard that ye Chen's nearly indestructible constitution, as well as comparable to the strength of the source of existence!

So, he's fighting!

For, is early one minute one second, revenge!

Compared with the high-profile and strong of Longkai, ye Chen seems to be extremely silent!

Since he joined the clan, he has been in the closed door and never appeared in front of anyone!

Everyone thought Ye Chen was a little silly!

Originally, ye Chen was the first one in the examination, and he focused on everything. As long as he was in the sect, he showed some brilliant performance. Now, the position of the master's disciple may be his!

But what about ye Chen?

But choose to close down, give up the best rising period, and choose closed door?

It's not stupid. What is it?

Originally, the legend created by Ye Chen in the place of assessment and the amazing killing of Yao Jiuxing were gradually forgotten by the public!

Even, many people feel that ye Chen is afraid, afraid of long Kai, so he does not go out of the pass, that is to say, ye Chen is hiding!

Otherwise, why give up such a good opportunity to rise?

Can, hide for a while, hide for a lifetime?

Many people are waiting for the day when ye Chen is taught by long Kai!

Even Qin Xiao is disappointed with Ye Chen

However, different from the others, he was not disappointed for ye Chen's closing down. If he had really gained something, he would have nothing to do with it!

The reason why he is disappointed is that his mind has been paying attention to Ye Chen in the room. However, after so long, the breath of Ye Chen has not changed at all!

Chapter 4347

That is to say, during the period of long Kai's crazy progress, ye Chen stopped

This is what the ancestor said, a disciple who has no ability to teach?

Ha ha, maybe you really don't have the ability. How to teach a disciple who can only eat his old money?

.....

Ye Chen is in a sea of stars, contemplating the stars all over the sky. At the moment, the world in front of him has completely changed!

At first, he couldn't understand, but now, every star, every star, in his eyes, exudes some mysterious rhythm, as if to communicate with his spirit!

Ye Chen is constantly catching the rules in the rhythm and trying to understand the language of the stars. At the moment, he has already found that the sea of stars all day seems to be a whole, a living whole!

But at this time, ye Chen's eyebrows suddenly wrinkled. In the sea of knowledge, an extremely terrifying resentment broke out!

His eyes flashed for a moment and murmured, "the spirit is eating back. Is it finally coming again?"

However, this time, ye Chen is not nervous. He has not thoroughly understood the soul method taught by the wooden woman, but he has grasped the method of fighting against the spirit's reversion!

It can be said that the speed of his soul swallowing can be greatly improved!

.....

At the same time, in the Yin Temple, a vision suddenly came!

I saw that in the sky, the thunder surged wildly, the wind howled, and the infinite Yin Qi gathered. The Yin Qi, faintly, was condensed into a virtual shadow of human form, which actually sent out the breath of earth shaking terror!

That's the breath beyond ghost cultivation!

Many disciples are awed to the extreme, looking at the empty shadow in the sky, almost, will worship down!

Brush brush brush, several figures appeared in the sky, looking at the shadow of Yin Qi, full of shock color!

These people are the high level of the Yin Temple!

Qin Xiao murmured in disbelief: "ghosts and gods Is this the incarnation of ghosts and gods? "

Ghosts and gods, that is beyond the existence of ghost cultivation, in the legend, the master of the law of the half underworld!

The elder was very excited and said: "ghosts and gods come into being. This is to bless! In general, only a small number of extremely excellent ghost cultivation can get the blessing of ghosts and gods when they break through the realyland. Is it true that there will be another one in my Yin Temple? "

The two elders, however, had a flash in their eyes, pointing to the house under the shadow of ghosts and gods and saying, "isn't it long Kai's dormitory there?"

"What!" Qin Xiao exclaimed, released the mind, induction!

Then, his face appeared ecstatic and said, "it's long Kai, he's breaking through! No, this is not a breakthrough in the realm, but a breakthrough in ghosts and gods! There has been no breakthrough in the half netherworld for many years! "

The breakthrough of ghosts and gods will not improve the realm! But it will improve the quality of soul and body!

When people heard this, they all changed their faces. After a few days of entering the sect, they broke through the five layers of heaven of the origin. After one month of entering the sect, the soul became a breakthrough of ghosts and gods?

Is this still practice?

How is it the same as playing!?

For others, it is extremely difficult to overcome the original bottleneck, which is just like paper paste for long Kai. Can you break through it at will?

However, compared with this, they can't believe that the origin of the five layers of heaven can trigger the blessing of ghosts and gods!

How far is this against the weather!

The blessing of ghosts and gods lasted for three hours. The whole family of the Yin God hall prayed for the ghost and God's shadow. At the same time, the evil spirits of long Kai were deeply engraved in their hearts!

At the moment, almost no one in the whole clan has any expectations for ye Chen. He can't surpass long Kai!

Even Qin Xiao was a little lucky. Fortunately, he couldn't accept Ye Chen because of his ancestors. Otherwise, he couldn't accept long Kai because of Yao Jiuxing!

Equal to, miss a talented disciple!

Ye Chen's eyebrows in the attic are slowly unfolding. At this moment, the resentment erupted in the sea of knowledge is bound by a strange chain of spirits. On the chain, there are a few stars, just like a river of stars!

Under the shackles of the chain, the outburst of resentment has been suppressed back to the seed of resentment!

Ye Chen in the sea of stars slightly vomited out a breath: "with my understanding of the soul method now, I can only suppress this resentment, but I can't refine it completely!"

However, soon, there was a flash of light in his eyes: "however, this outbreak of resentment has greatly improved my understanding of the soul method. Once again, at most twice, I will be able to fully understand the soul method."

Suddenly, he opened his mouth to old Shuo and asked, "Shuo Lao, just as if there was a very strong breath coming?"

Old Shuo said, "well, it's the blessing of the law."

"The blessing of the law?"

Shuo Lao said: "if the talent is strong enough to a certain extent, it will lead to the blessing of the law. The person who causes the blessing of the law, named Long Kai, is the younger brother of Yao Jiuxing. When he breaks through, he causes it." Said, Shuo old tone, emerge light disdain way: "it is just a blessing, nothing to care about."

Blessing is also divided into grades. One grade is the lowest, the ninth grade is the highest, and the first grade is blessing. It is really nothing from the perspective of Shuo Lao.

When ye Chen broke through, he didn't get the blessing, which is not to say that Longkai's qualification is better than ye Chen!

The special law of heaven and earth can't even fall from the sky!

However, ye Chen does not need it.

When ye Chen heard that this man was Yao Jiuxing's younger brother, his eyes flashed for a moment. However, soon, he was immersed in the observation of Xinghai again, and didn't care too much.

The reason is very simple. He is confident that after practicing this star spirit method, his strength will surely surpass this brilliant genius!

A day later, a young man in a long blue shirt and light armor came to the attic where ye Chen lived.

Many disciples of the Yin Temple gathered here for a simple reason. In order to have a look at this young man's heroism!

This man is the myth of the Yin Temple, long Kai!

After receiving the blessing of ghosts and gods, long Kai's breath became more and more dignified and dignified. Even with a touch of authority similar to ghosts and gods, people looked at him with more and more respectful eyes

Although they are all disciples of the Yin Temple, long Kai does not exist at the same level with them

With a smile on their faces, they complimented long Kai: "congratulations on the breakthrough of Mr. long."

"Mr. long has been blessed by ghosts and gods, and will surely shine on the whole half of the underworld."

Chapter 4348

"Mr. long, I am proud to be in the same family with you."

Don't mention the disciples. Even some elders, deacons and so on, all smile at long Kai and say, "long Kai, if you are short of resources in the future, you can come to me and pay in advance."

"If you need any help, just say that if the temple master is not in, I will make the decision for you."

"If you don't understand the sword technique, come and ask me. I'm very free recently."

Make friends!

Even the top management should be nice to him!

And in long Kai's side, followed by a pretty beautiful woman, this woman is Xu Baohui!

At the moment, Xu Baohui's pretty face is full of pride and complacency. She enjoys the sight of people very much. Although he is only the servant and servant of long Kai, she feels it is an honor!

Long Kai looks at the attic in front of him. Today, the purpose of his coming is very simple, declare war!

Now, his strength soars, he has been able to crush Ye Chen!

Long Kai's eyes, flashing cold edge, like a knife, as if to cut open the attic in front of him, he suddenly cried: "Ye Chen, come out to fight with me, you can't hide."

Xu Baohui laughs bitterly. She has been waiting for this moment for a long time!

At this time, a figure appeared in front of the attic, not ye Chen, but a middle-aged man. It was the master of long Kai, the master of Yin Temple, Qin Xiao!

Long Kai saluted Qin Xiao and said, "master."

The disciples of the Yin Temple also looked at the attic with a smile. If ye Chen could be counselled if he was found by others, it would be a joke of the Yin Temple!

Seeing the arrival of Qin Xiao, many people echoed: "Lord of Qin palace, ye Chen has been closed for so long, but he still doesn't come out? We have to fight for the rules of the hell temple

"Yes, the Lord of the temple, would you like to let Ye Chen come out?"

"Ha ha, this is not a war. If this matter spreads out, I'm afraid it will damage the face of the death hall!"

Today is different from the past. Now, what they want to please is long Kai!

Qin Xiao hears the speech and looks a little complicated

To tell you the truth, ye Chen has been hiding for such a long time that he can't even look down

What a shrinking turtle?

However, he had no way to say anything. After all, the old ancestor said that ye Chen should be allowed to move freely within his family

At this time, Xu Baohui suddenly stepped forward and said, "the master of the hall, the disciple is Xu Baohui. I remember that only the excellent disciples of the Yin Temple can have a separate attic. Now, this ye Chen is simply a disgrace of the death hall. I think he is not worthy of living in the attic!"

When they heard the speech, they also echoed: "I don't deserve to live in the attic!"

"Not worthy of an attic!"

"Not worthy of an attic!"

Long Kai takes a satisfied look at Xu Baohui. The woman is still a little helpful.

But soon, a woman stood up and said, "Lord, you can't do this! Loft, is distributed according to strength, ye Chen is in the closed door, who can say his strength is not good? Moreover, the disciples of the clan were closed, and they could not be disturbed. "

Xu Baohui looked at the woman, and her eyes sank. It was Zhang Fengxi!

Damned woman, still stubborn?

When Zhang Xiye comes out, all the people come out!

Just like at the beginning, ye Chen stood up in front of Yao Jiuxing!

Xu Baohui sneered: "ha ha, shut up? I think it's not closing down, but being afraid, but hiding? Because I was scared by the talent of our dragon master, so I shrank up! "

"I'm curious. How do you know that?"

Zhang Fengxi gave a cold look at Xu Baohui and said, "if I remember correctly, you seem to have begged for several days. Well, all kinds of cheap means have been used, but you have never gone into Ye Chen's room?"

Hearing this, Xu Baohui felt as if she had been stabbed in the spine. Her face changed!

This is the shame of Xu Baohui, the last thing she wants to be mentioned, especially in front of long Kai!

All the people around looked at Xu Baohui with a trace of sarcasm and playfulness. The reason why they didn't show much was because of long Kai's face.

Xu Baohui looked at Zhang Fengxi bitterly, but she forbore.

Because, she noticed, long Kai look at Zhang Fengxi's eyes some strange!

How similar was it to Yao Jiuxing at that time?

It seems that the taste of brothers is similar!

She doesn't want to increase Zhang Fengxi's sense of existence any more!

At this time, another woman with a veil came up and said, "Lord, it's OK to challenge. But if ye Chen is now closed and disturbed, his strength may decline. A demon like Mr. long won Ye Chen in this situation. I don't think he will be satisfied."

Qin Xiao hears the speech, her eyes flash slightly, this woman is Yin Su Ling!

She is clever and knows how to speak. In this way, long Kai will not be determined to challenge Ye Chen. With his pride, he does not want to be a winner. Sure enough, long Kai smell speech, looking at the attic eyes, flat down.

Qin Xiao said: "well, this matter is over, long Kai, you don't care, there is always a chance to challenge!"

Long Kai said with a smile: "yes, master, some people are afraid, so let him hide first."

Then he turned and left.

When people heard the speech, they burst into a roar of laughter. Ye Chen, the genius who was once the first in the examination, now seems to be a joke of the Yin Temple!

At the same time, they look at Yin Su Ling and Zhang Fengxi's eyes, but also with a trace of irony, mixed with jokes?

That's a joke, too.

The spirit of Yin Su saw the situation and sighed: "Fengxi, it seems that it will be difficult in the Yin Temple in the future."

It's human instinct to follow the trend. In order to please long Kai, let alone the disciples of the Yin Temple, even the elders and deacons may exclude them for long Kai's favor!

After all, according to the current potential, long Kai is likely to become the next Lord of the Yin Temple!

How amazing!

Hearing the speech, Zhang Fengxi gazed at the attic in front of him and said positively, "wait! When ye Chen goes out, I believe he can change all this! No matter how many people look down on him now, I'd like to believe that, in time, they will regret it! "

Yin Su Ling hears the speech, and her beautiful eyes flash slightly. In fact, although she is optimistic about ye Chen, she still doubts whether ye Chen can defeat long Kai. However, after a moment, she still nods!

After long Kai left, Qin Xiao appeared in front of him and said with a smile, "long Kai, tell you some good news!"

Long Kai's expression moved: "master, what's the matter?"

Qin Xiao said with a smile: "there is an elder who has a very good relationship with my Yin Temple. He heard that when you broke through, he triggered the blessing of ghosts and gods. He loved talents. He has come to my Yin Temple, and he decided to send you a soul stone!

You know, there are few places in the whole half of the underworld that can refine the real soul stone!

Now, the elder is preparing for refining zhenhun stone in the palace! "

Chapter 4349

Even long Kai, who has always been a bit cold hearted, is ecstatic when he hears the speech!

Zhenhun stone is a treasure for ghost cultivation!

With the soul stone, the soul body of ghost cultivation will be more stable. It can be regarded as one of the treasures against heaven that can make up for the biggest deficiency of ghost cultivation!

Unfortunately, refining zhenhunshi is extremely difficult!

First of all, we need to be extremely powerful, and we should have the ability to fight against the heaven together with refining tools!

Qin Xiao is also full of joy. The strong man who made zhenhun stone is called Shi Lao. Shi Lao is very powerful and old. He has seen a lot. Although there is a big gap between him and his ancestors on the top of the black snow, he is also a super strong man!

Qin Xiao said: "during this period of time, you are good at cultivating and refining zhenhun stone. It will take about two months. During this period, you are good at cultivating. You can get this zhenhun stone just before the promotion meeting of Jin Dynasty."

Long Kai stressed the key point and said, "yes!"

Qin Xiao returned to the main hall of the Yin God hall. His eyes flashed slightly and said to himself, "I'd like to see if this genius, which even I can't teach, is the opponent of my disciple."

.....

Half a month later, ye Chen is still thinking about the sea of knowledge. At this moment, a dark wave suddenly spreads out in the starry sky. In the wave, it emits extreme resentment!

Ye Chen's eyes flashed: "good come!"

This is the third or the fourth time that the spirit of God has been eating back!

The spirit of the soul, more and more powerful!

However, at the moment, ye Chen's spirit seems to have undergone great changes. The whole sea of knowledge is filled with stars as if they were in essence!

That little star is emitting the same wave as the sea of stars appearing in the star sky soul method!

Obviously, ye Chen has almost succeeded in understanding the spirit method of the star and sky!

At the next moment, the rolling Star River and the black wave collided in one place. Ye Chen's eyes flashed wildly and realized the changes in the starlight. Suddenly, his eyes burst out with a touch of essence!

In a moment, it seems that everything is through!

"I see! I finally understand the spirit of the stars and the sky! In this way, even the seeds of resentment can be refined with spirits, and on the contrary, it will be beneficial to my spirit! "

The next moment, that starlight, suddenly a certain inexplicable change, actually began to nibble at the black tide!

At the same time, a Dharma appeared in the sky above the Yin Temple. It seemed that it was Qin Xiao, the master of the hall!

The Dharma minister suddenly said, "now, all the disciples, go to Tianyin mountain!"

A group of disciples, all of them are slightly surprised!

Dharma phase transmission, usually, can not be used easily!

Tianyin mountain is not far away from the gate of Yin Temple. After a while, a group of disciples gathered here.

Those disciples looked around and laughed. Sure enough, ye Chen didn't come.

Qin Xiao seemed to be in a good mood. With a smile on his face, he opened his mouth to the crowd and said, "you may not know that now, in our Yin Temple, there is an elder coming, and this elder is refining zhenhunshi!"

As soon as this speech came out, the voice of exclamation rose one after another on Tianyin mountain!

Soul stone!

That's one of the most precious treasures that all ghost monks yearn for!

Qin Xiao took a look at long Kai and said with a smile: "as we all know, the birth of zhenhun stone will arouse the resonance of Dadao in the half underworld, which is a good opportunity to understand and break through! Therefore, I call on all of you to come here so that we can all benefit from it. "

When people heard this, they were overjoyed. Even if they could not get the zhenhun stone, the resonance of the road was not everywhere!

All of a sudden, Qin Xiao pointed to long Kai and said, "you should thank long Kai. This elder specially made this soul stone for long Kai. Therefore, we are stained with the light of long Kai!"

All people are extremely envious, looking at long Kai adoringly, this treatment is simply maddening!

Long Kai enjoys people's eyes and looks proud.

At this time, a very dazzling golden light suddenly fell from the nine days. In the golden light, the sound of the road was swirling, and all kinds of Taoist rhymes were stirring. The Yin Qi near the Yinshan Mountain seemed to be boiling!

Vaguely, everything in the world seems to be in harmony with the golden light!

"Golden soul stone!" This time, even Qin Xiao is issued a cry of surprise!

Zhenhun stone is divided into three grades: Silver zhenhun stone, golden zhenhun stone, and the legendary colorless zhenhun stone!

Ninety nine percent of them are silver soul stones. For example, the soul stone of qinxiao is silver!

The golden soul stone, extremely rare, is much more powerful than the silver soul stone!

As for the colorless soul stone, basically, it exists in the legend, no one has seen it!

It seems that long Kai is really unique!

The golden stone is the soul of the old stone! You know, the quality of zhenhun stone is very difficult to control. With the manufacturing level of today's semi underworld, you can only get the golden soul stone by luck!

Lucky, long Kai!

And the disciples of the Yin Temple, just feeling the golden light, their eyes were full of splendor, some demons, the whole body breath had begun to expand!

They are more and more envious of long Kai. It's hard to imagine the strength of long Kai when they really get the golden soul stone just because of the resonance of the road!

At this time, in the golden light, a round blood red jade with runes flying out. After the jade, an old man came.

This old man, looking very old, very thin, silver white hair, shaved to a board inch, wearing a coarse cloth clothes.

It seems that, very ordinary, but no one dares to despise the old man!

Because the old man's breath is very, very heavy. When it comes slowly, it makes people feel that the sky is pressing towards them!

This old is Shi Lao!

Super strong person who can forge soul stone!

All of them saluted the old man one after another!

Especially long Kai, extremely sincere!

Mr. Shi took a look at long Kai, nodded his head and said, "you are very good."

Qin Xiao is a little excited. It's not easy to be praised by Shi Lao!

The next moment, the old stone waved, and the golden soul stone flew to Longkai.

Old Shi said: "the golden soul stone, I have only trained three in my life. This is the fourth. In addition to me, the other two are the most powerful people in the semi underworld. They even hope to go to the real underworld. I hope you will not let this golden soul stone be shamed!"

Long Kai took the golden soul stone with great joy and said, "thank you for the reward! Younger generation, I will certainly be worthy of this golden soul stone! "

As soon as Fang took over the town soul stone, long Kai felt like he was going crazy. He had not refined it. Just holding it in his hand, long Kai had a feeling of soaring soul body strength!

But at this time, a man's voice of indifference suddenly sounded on the mountain.

"I hear you're going to fight me?"

Chapter 4350

The next moment, a figure, suddenly appeared in front of everyone.

All of us, the pupil shrinks!

This man is Ye Chen!

Originally, they all thought that ye Chen was afraid of long Kai and didn't dare to come. He became a shrinking turtle

But now, why is Ye Chen here?

In order to realize the resonance of heaven?

It's impossible. The zhenhun stone has fallen into the hands of long Kai, and the resonance of the heavenly way is about to end. What's the significance of coming here at this time?

What's more, even if we come here, the most incomprehensible thing is that ye Chen has taken the initiative to bring up the challenge!

Or after long Kai got the soul stone?

They do not understand, ye Chen's previous counseling, hiding, is for what?

Even long Kai is also an accident, but soon, his eyes will flash a cruel color!

No matter how ye Chen thinks, anyway, the outcome will not change!

But Xu Baohui is full of resentment and pleasure. It's time for ye Chen to repay her humiliation!

Zhang Fengxi and Yin Su Ling are both excited and nervous!

During this period of time, they have suffered a lot. Just as the Yin Su spirit expected, the whole Yin Temple people, from deacons, elders to ordinary disciples, seem to be pushing them out in order to please long Kai

Originally, women with outstanding talent and looks like them would be sought after endlessly in the clan

But now, because of Ye Chen, they seem to be the plague that everyone can avoid

This makes their accomplishments not much progress, resources, and even tasks are stuck

This waste, for Yin Su Ling and Zhang Fengxi such a genius, is the most painful!

If they go on like this, they will not be able to support in the Yin Temple

Therefore, they have been looking forward to Ye Chen's appearance and changing all this!

Now, ye Chen finally appeared!

But

They can also see that ye Chen's breath does not change much. Can this be the opponent of long Kai?

Long Kai, now it's Shiyuan's five layers of strength!

What's more, I got the soul stone!

Long Kai holds the soul stone and stares at Ye Chen with sarcasm on his face.

Hehe, since this period of time, he has been making crazy progress, breaking through and setting records. Now, he is the first existence in the hall of death. What about ye Chen?

It seems that there is no progress at all, as he heard or the same state!

The gap between the two has been completely opened!

Qin Xiao also shakes his head and looks at Ye Chen's eyes, which is even colder. He also has an idea with long Kai. Ye Chen has no progress.

Is this a disciple that you can't teach yourself?

Ha ha, maybe you can't teach. How can a disciple who can only eat his old money?

Qin Xiao has almost concluded that his ancestors have lost sight.

What's more, Qin Xiao has his own views on Ye Chen's arrogance

He sneered in his heart and said, "boy, would you like to take advantage of the crowd and rely on the face of the old ancestors, let me help you out? Hehe, it's a good abacus

Qin Xiao thinks that ye Chen appears at this time to challenge long Kai!

Because he knows, this battle can't be fought!

He must think he would stop long Kai for the sake of his ancestors, right?

Ha ha

Qin Xiao's eyes narrowed slightly, and he said in his heart: "Ye Chen, you are wrong, and it's very wrong. Originally, I really have to worry about my ancestors. But now, you have proved that the old ancestors have lost sight. What else can I worry about!

On the contrary, today, I will let long Kai defeat you completely, proving that my disciples are better than you! "

At this time, Shuo Lao's voice rings out in Ye Chen's mind, and sneers: "boy, it seems that the master of the Yin Temple can't see you any more. This guy's eyes are too short..."

Ye Chen said faintly: "it doesn't matter."

It really doesn't matter. Anyway, after understanding the stele of tongtianming, he will leave.

At this time, long Kai replied. He gazed at Ye Chen and said, "why did you shrink for so long? Now, you are going to show up? To tell you the truth, I thought you would shrink for a lifetime

Now, looking at the first Hall of Kaimo, you smell the face of the dead

"What's the matter?" he flashed

Why is this guy asking?

Ye Chen nodded his head and said, "well, then, you have the qualification to challenge me."

What ye Chen needs is ranking. If long Kai is not the first one in the hall of death, ye Chen is too lazy to fight with long Kai. With his present vision, long Kai is not enough to be his opponent.

Today, he has thoroughly practiced the star sky soul method of the wooden woman!

Although Ye Chen's strength has not been improved much, he has almost reached a perfect blending state with the way of heaven in the semi underworld! In other words, he is the God of heaven and earth!

Of course, if you leave the semi underworld, you will not have such a big advantage.

Although, he looks, breath, and so on, there is no change, but the strength, especially in the semi underworld, has undergone a qualitative change! Earth shaking qualitative change!

In this half dark place, ye Chen even has the confidence to crush all the original five layers of heaven!

This is the ascension brought about by the harmony with heaven!

Your every attack, every action, is consistent with the way of heaven, just like the whole world attacking the enemy. Are you afraid?

But others don't know all this!

For a moment, the whole Tianyin mountain fell into a dead silence!

All of us are looking at madmen, looking at Ye Chen

This guy, what are you talking about?

You've been hiding for so long, and now you're talking nonsense again?

This is long Kai!

As soon as he joined the Yin Temple, he surprised everyone's Longkai!

After breaking the records of Yin Temple one after another, he became the leader's disciple. After breaking through the first five layers of heaven, he attracted the blessing of ghosts and gods. Even the super power standing at the peak of the half underworld place came out of the mountain to appreciate the qualification of long Kai and made it into a soul suppressing stone!

Ye Chen for such a long Kai, one sentence, enough qualifications?

What's more, the reason is just a small death hall. It seems that other achievements of long Kai are not worth mentioning in Ye Chen's eyes?

Insults, absolutely insults!

This kind of from the heart does not pay attention to, for long Kai this evil spirit, is the biggest insult!

Sure enough, at the next moment, there was a roar, and a huge and powerful pressure burst out of long Kai's body!

His face is full of blue veins and his eyes are boiling with anger!

In this pressure, all the disciples of the Yin Temple, except those in the temple of the underworld, all of them turned pale in an instant. Even many of them were in this pressure, spitting blood and getting hurt!

They look at long Kai with trembling eyes. They can't believe it!

In this pressure, it seems to have a rhythm similar to that of ghosts and gods. At the moment, Longkai is just like a ghost!

It's horrible!
