

Physician 4351

Chapter 4351

It's so powerful just by coercion!

Xu Baohui also vomited blood. She was just one layer of heaven. In the Yin Temple, she was at the bottom of her strength. She was seriously injured almost instantly!

But in her eyes, it was ecstasy!

The stronger long Kai is, the happier she will be!

She is the servant of Longkai!

And ye Chen, this ungrateful guy, should be so provocative to long Kai?

Hehe, he is dead!

Long Kai's eyes are extremely cold. He looks at Ye Chen and says to Qin Xiao, "master, I want to challenge Ye Chen here, OK?"

Generally speaking, the challenge should be carried out in the fighting field inside the clan gate, because it is not easy to kill people with safety protection!

But now, what long Kai wants is to kill Ye Chen!

Qin Xiao's eyes flashed for a moment and nodded: "yes."

Then, he looked at Ye Chen with a trace of sarcasm in his eyes: "Ye Chen, you have been closed since I joined the Yin Temple. I can understand it. However, according to the rules of the Yin Temple, every disciple has to fight within seven days. You have already lost a lot of battles. Now, make up for it here."

This meaning, very clear, he is telling Ye Chen, oneself, won't stop!

Not only will it not stop it, but also promote the fight between them!

Ye Chen light way: "a move."

A move?

People smell speech, some puzzled look at Ye Chen, what is the meaning of a move?

Ye Chen said to long Kai, "I'll give you a chance to do something. Let's start."

Scene, again!

Ye Chen, do you know what you are talking about?

It's time for provocation?

He doesn't die. Who dies?

Long Kai, smile, very angry smile!

At the next moment, his eyes flashed, a strong breath, like a tornado, rushed to the sky!

For a while, the Yin Qi around Tianyin mountain was stirred and turned into a huge whirlpool. It appeared on the top of Longkai's head. There were bursts of heavenly charm, echoing the existence of Longkai!

What is the doubt cloud of the heavenly way, corresponding to the existence of long Kai?

It is as if long Kai, at this moment, has become the center of the world!

All of a sudden, everyone felt that the world should obey long Kai's will!

Old Shi's eyes flashed. He looked at long Kai's eyes. He appreciated him more and more. He said with a smile: "unexpectedly, in the first five layers of heaven, it is indistinctly consistent with the way of heaven. The talent of this son is really excellent. No wonder it can attract the blessing of ghosts and gods."

Qin Xiao, also excited!

Long Kai's adversity is still ahead of his expectation!

Don't look down upon this one thousandth of the heavenly way!

We should know that to be able to achieve the harmony of heaven and Tao, in addition to the extremely unique existence, often, it is only after the higher realm is true that we can achieve it!

What is true?

Really, it is to return to the origin, return to the way of heaven, and coincide with the way of heaven!

If you want to step into the real world, the most important condition is to be in harmony with the way of heaven!

Even in the world of the half underworld, there are very few realms. Many talented people are stuck in the peak of Shiyuan!

We can imagine how difficult it is to be in line with the law of heaven!

And Longkai, the direct one thousandth consistency?

Some have just stepped into the real state of existence, perhaps, the degree of harmony between heaven and earth is not as good as long Kai!

Long Kai is sure to win this battle!

Combined with the way of heaven, it can greatly improve the combat power, let alone long Kai itself is the origin of the five layers of heaven!

Although people don't know exactly what happened, they are looking at Ye Chen at the same time and laughing playfully.

Because, they all know that ye Chen is going to have bad luck.

Bad luck!

"A blow?"

Long Kai's eyes were bloodshot, as if the anger were going to turn into substance. He gazed at Ye Chen and said, "ha ha, you are very confident? I hope you can survive with my blow

At the next moment, a golden bone blade with dragon patterns and surging Yin Qi appeared in long Kai's hands. At the same time, a golden bone dragon appeared behind long Kai, roaring up to the sky and suppressing the world!

"Golden bone dragon body! This is the golden bone dragon

One of the elite disciples of the temple of the underworld could not help but exclaimed!

The disciples of the Yin Temple couldn't help but take a breath of cold air!

And the heart of Zhang Fengxi and Yin Su Ling, even more bang bang straight jump, almost jump out of the body!

The golden bone dragon body is a higher level than the nine star soul body!

The bone dragon is a powerful dragon clan. It is the thing transformed after death. The Yin Qi of the half hell place is extremely strong. Many dragon people will come to the place of half hell to practice and prepare for going to the underworld if they become ghosts after death! Therefore, some ghost practitioners in the semi underworld are born with some dragon blood!

And golden bone dragon is the king of bone dragon!

When the blood of golden bone dragon is strong to a certain extent, it will form the body of golden bone dragon!

It can be said that this golden bone dragon body is definitely a place of half hell, which can rank in the top ten or even the top five terror soul bodies!

Is this the real strength of long Kai?

It seems that he is really stimulated by Ye Chen. He doesn't intend to keep any hands on this blow!

At the next moment, the golden light flashed on the golden bone blade, and long Kai roared: "the dragon bone of mieshishen, Xuanjin chopping soul knife!"

The endless Yin Qi in the whirlpool of Yin Qi poured into the golden bone blade in an instant. A powerful sword Qi mixed with dragon power was surging out!

A group of Yin Temple disciples changed their faces and bodies, and they retreated one after another!

Even some of the disciples of the underworld hall could not help but retreat, and instantly withdrew from tens of thousands of meters away!

No way!

Even if this knife is not aimed at them, it still makes them feel freezing cold when they stand within 100000 meters of the light of the knife, as if they would be cut in two at random!

It's amazing!

Zhang Fengxi and Yin Su Ling, also retreated, at the moment, their pretty faces have been a pale!

Xu Baohui looked at the two men's expressions and became more and more proud. She looked at the two girls with great contempt and sneered: "ha ha, what's the matter with you two? Is Ye Chen not the most evil spirit in your mind? You should continue to believe him, right? Why the look that he's going to die

When the two girls heard the speech, their faces became more and more ugly. However, at the moment, they had no mind to pay attention to Xu Baohui!

This knife is really strong, strong enough to shake their confidence

Even though ye Chen's performance in the place where he was assessed was very rebellious, the two women knew that any attack Ye Chen made at that time seemed to be unable to match the sword of long Kai today

At this time, Zhang Fengxi suddenly yelled at Qin Xiao: "the Lord of Qin palace, the disciples of Yin Temple, fight. According to the rules, you can't kill anyone. Please give me your hand at the critical moment!"

She was worried

Really worried, if ye Chen, really dead, she felt that she would collapse!

Chapter 4352

But soon, Zhang Fengxi's heart sank.

At the moment, Qin Xiao pretended not to hear!

He didn't mean to be ready to shoot!

Qin Xiao sneered in his heart: "if you are not as good as long Kai, then you will not have any value in the eyes of the ancestors!"

But, all of a sudden, Qin Xiao's eyes move, slightly frown

He found something very strange

Why, ye Chen until now still a pair of indifferent look?

Is he really afraid of death?

The next moment, the golden knife light, like a huge wave that submerged the whole world, rushed to Ye Chen. In an instant, he completely swallowed Ye Chen's body!

What about ye Chen?

Didn't even move!

When people saw this, they all shook their heads and sneered

Hehe, how dare you shout and pretend to be so powerful?

In front of long Kai's knife, even the ability to react!

The place that had been assessed won the first place and killed Yao Jiuxing, which shocked many Yin Temple disciples. Now, it has become a clown in their hearts!

Long Kai is also disdainful. What else?

What a joke!

I'm afraid I can't even accept half of my own tricks, right?

Even Qin Xiao is satisfied with the smile, the victory has been divided!

He could see that ye Chen didn't resist when the knife came to his body. There was no sense in that indifferent look. Ye Chen was dead!

The beautiful eyes of Zhang Fengxi and Yin Su Ling are completely gloomy, while Xu Baohui is laughing and laughing madly!

Everyone seems to think that ye Chen is finished.

Only one person, different!

This man is Shi Lao!

At the moment, Shi Lao, who had always been indifferent, was staring at the center of the knife light in disbelief and murmured: "how could What's going on... "

Qin Xiao smell speech, some puzzled to look at Shi Lao, just want to ask, at this time, sudden changes!

Suddenly, there was a moment of stagnation in the golden knife light. Then, there was a roar, which turned into a little streamer and dissipated!

For a moment, all the people present seemed to be frozen and looked at the scene foolishly

Long Kai's killing knife seems to be broken?

Soon, their eyes, are crazy shaking up!

In the center of the original knife light, a young man stood quietly in the same place, still, keeping a cool look

What's the situation?

Ye Chen is not dead!?

Don't say is not dead, even a little wound is not ah!

Is that all that was just an illusion?

Long Kai that disdainful smile, also solidified, has been, proud of him, the first time showed a frightening expression!

He knows how strong his own knife is!

If he is himself, he is not sure to take over!

Can, why is Ye Chen OK?

I don't understand. I don't understand at all!

Ye Chen stares at long Kai and says faintly: "OK, one move, it's over. Now, it's my turn to shoot."

The reason why he gave long Kai a move was to see the level of long Kai. If he shot first, long Kai did not have any chance to make a move.

But Longkai let him down.

So the fighting should be over.

The next moment, ye Chen's body suddenly disappeared in place, and instantly appeared beside long Kai!

Qin Xiao's face changed, blinking!?

This is the real blink!

Then, ye Chen slowly raised his hand and hit long Kai with a fist.

Although Ye Chen didn't deliberately use any soul martial arts, this fist, for some reason, exudes a very strong spirit and martial spirit!

Then, it's power

Long Kai looked at the fist which was gradually enlarged in front of his eyes. On his face, he suddenly appeared a color of panic!

The dragon blood in the body seems to be roaring wildly, warning him!

He felt life and death in this fist!

Ye Chen's only means is the transformation of soul and body.

Besides, I didn't try my best

But even so, the power of this fist is enough to make the whole half of the underworld tremble!

Faced with this blow, he was always proud that he had no intention to resist. He pressed the soul stone in his hand on his chest, and a golden flash covered long Kai's body. His soul became more and more solid!

Originally, in the face of Ye Chen, long Kai had no plan to absorb zhenhun stone at all. How about absorbing zhenhun stone to deal with this waste?

Isn't that a sign that you're bullying him? But now he doesn't care about anything!

He thought, only one thing, under this blow, survive!

After absorbing the soul stone, it's not over!

The bone blade in long Kai's hands fluctuated together and turned into a huge bone shield, which blocked in front of him. At the same time, the shadow of golden bone dragon behind was also integrated into the bone shield. A very strong breath flowed on the bone shield!

People, a little silly

Facing Ye Chen's seemingly casual and ordinary fist, how does long Kai seem to be facing a big enemy?

It's all about defense?

Even harder than attacking Ye Chen!

Even the blood essence has begun to burn!

And Qin Xiao's face suddenly changed. His eyes were wild and turbulent, as if the whole world had collapsed in his eyes. Even long Kai forgot to save him. He just looked at Ye Chen's fist and murmured: "impossible, impossible, this is not true..."

Long Kai's whole face is twisted

Among Ye Chen's fist, what scares him most?

Spirit and martial arts?

Power?

None of them

The most frightening thing for him is the consistency of Ye Chen's fist and the way of heaven!

Even let him have a kind of illusion, ye Chen is the master of this half of the underworld, that is, the sky of this half underworld!

Old Shi's eyes flashed wildly, staring at Ye Chen's fist. His voice was trembling and said: "nearly 60% of the heaven's law coincides Even the old man can't reach this level! "

And their appreciation is still one thousand percent?

Now it looks like a joke

Ye Chen's fist is six hundred times as good as long Kai's!

All of a sudden, a wry smile appeared on Shi Lao's face. He suddenly felt that it was a very stupid thing to appreciate long Kai and create soul stone for him

Until now, he understood, what is the real evil spirit!

The next moment, the fist hit the bone shield.

With a roar, in front of the public, the seemingly incomparable hard bone shield burst into pieces in an instant!

On long Kai's face, already appeared the color of despair!

The bone shield is made of keel

That's it, broken?

He suddenly looked at Qin Xiao and exclaimed, "master, help me!"

Chapter 4353

Qin Xiao hears the speech, but the color of hesitation flashed in his eyes!

Now, ye Chen's position in his eyes is totally different!

What's the concept of 60% correspondence between heaven and Tao?

Even if Shi Lao is like this, even if he is still in existence, he can be called the ultimate strong one, which can not be compared with him. We can imagine how exaggerated it is!

He finally understood that it was not the old ancestor who lost sight, but his Qin Xiao!

With Ye Chen's qualification and the support of his ancestors, it's totally reasonable!

Even if Qin Xiao stood in the position of Mulan woman, he would even think that there was no Ye Chen important in the whole Yin Temple

Therefore, if ye Chen wants to kill long Kai, he doesn't even dare to stop it!

Long Kai saw this, and he was completely ashen!

At the next moment, ye Chen's fist hits the golden light curtain formed by zhenhun stone!

With a loud bang, long Kai's body suddenly flew back out and hit the Tianyin mountain. The whole Tianyin mountain, which is ten thousand feet high, was directly transformed into powder powder!

And long Kai's body is also frantically broken. On the soul stone in his chest, there are countless cracks all over the place. With a click, it is a direct fracture!

However, after the town soul stone was broken, long Kai's body stopped breaking, and his serious injury was almost to dissipate. However, he recovered his life!

The whole Tianyin mountain is silent!

People, just staring at Ye Chen, can't even think

A moment ago, they thought Ye Chen was a clown and a waste

But now?

Ye Chen, however, killed long Kai very easily with one move. Even if it wasn't for the town soul stone, long Kai would have died!

This reversal, too strong!

Xu Baohui, on the other hand, collapsed this time. Looking at the miserable long Kai, she giggled and shook her head and said, "these are all hallucinations. Well, they are definitely illusions, not true."

Ye Chen looks plain. In fact, he didn't do his best in that fist. If he did his best, he would be able to reach 90% of the level just because of the harmony between heaven and Taoism.

It's a pity that I just fit in with the half of the underworld. If this kind of fit can be brought to foreign countries, maybe the butcher's assembly is not as difficult as expected.

Then, ye Chen looked at Qin Xiao and said faintly, "Lord Qin, now, what's my ranking?"

Hearing this, Qin Xiao swallowed his saliva and lowered his head: "the hall of death, the first..."

He is a little afraid to face Ye Chen

Just before, he wanted to watch ye Chen killed by long Kai!

Ye Chen said: "well, tomorrow, I should be able to participate in the understanding meeting of the tongtianming stele?"

Qin Xiao repeatedly nodded: "naturally you can..."

At this time, ye Chen turned to Zhang Fengxi and Yin Su Ling and said with a smile: "this period of time, you have worked hard."

During this period of time, old Shuo is secretly helping Ye Chen to pay attention to the two women. Therefore, ye Chen is very clear about what they have experienced.

The two girls seemed to be confused. At the next moment, they looked at each other, and their beautiful eyes became bright!

Ye Chen really did it!

Once out of the customs, it reversed everything!

For a time, countless disciples of the Yin Temple changed their faces. Before them, they had more or less targeted at the two girls

At this time, a chill suddenly rose in their hearts.

I don't know when, ye Chen, has looked at them, his eyes from these people's faces, one by one, he said without expression: "I don't want to see people who don't respect my friends again.

Hearing this, the disciples trembled and bowed their heads one after another: "yes! Mr. Ye

Ye Chen looked at Zhang Fengxi and Yin Su Lingdao: "I want to go back and continue to practice."

When the two girls heard the speech, they seemed to want to say something, but before they could wait for them to open their mouths, ye Chen was in a flash and left Tianyin mountain.

Their eyes darkened, and they all lost. But soon, they got up and said in their hearts, "Ye Chen, they have been so rebellious, but they are still trying to cultivate. I should do the same, otherwise, I will be more and more far away from him."

After returning to the dormitory, xuanhanyu said: "boy, you just left in front of those two girls?"

When ye Chen heard the speech, his eyes flashed slightly: "the most important thing now is tomorrow's comprehension meeting. Moreover, if there is no accident, tomorrow, I will leave the semi underworld, so there can't be too many disputes..."

As for the future, whether they can meet or not depends on fate.

.....

The next day, in a very deep palace, dozens of young men and women stood here, their faces full of excitement and expectation.

Ye Chen is also in it.

At this time, a figure flashed, Qin Xiao appeared in front of them, looking at the humanity: "you are all the elite talents in my Yin Temple. This opportunity to understand the stele of tongtianming, I hope you can cherish it!Although there is no chance to understand the stele of tongtianming, it is not as easy as you think. On the contrary, it is likely to be quite painful!

But even so, I hope you can stick to it and never give up until you reach the limit

When they heard the speech, they were all awed in their hearts and said in unison, "yes!"

At the next moment, Qin Xiao presented a token. The token flashed. At the center of the array, a huge array was launched. A gate composed of runes was opened in front of everyone!

That famous disciple is some can't wait to go towards that door!

Ye Chen's eyes flash slightly, pain?

Why is understanding painful?

However, he did not delve into it. He followed the team and entered the gate.

The next moment, the scenery around the people, quickly changed, and in a twinkling came to a space full of white fog.

Ye Chen's eyes flashed, and there was a huge shadow in the white fog.

Qin Xiao said to the crowd: "the opening time of tongtianming stele is only three days. In these three days, you do your best to support! How long can you support it

Then, with a wave of his hand, the token appeared again, emitting a ray of light. The next moment, the white fog in the space quickly dissipated, and a huge stone tablet appeared in front of everyone!

People looked at the stone tablet, and their eyes were filled with horror.

This stone tablet is said to be a stone tablet. It looks more like a broken giant stone!

There is no trace of artificial carving!

However, there are countless exquisite runes on the stone!

Each rune is a thousand times smaller than an ant!

Even if it is a skillful craftsman, it may not be able to carve the rune, but naturally appeared on the stone tablet!

Soon, under the command of Qin Xiao, a group of disciples of the Ming Temple came to the stone tablet, surrounded by a circle, and sat down cross legged.

Chapter 4354

Qin Xiao said rather solemnly: "adjust the spirit, tongtianming stele will be opened soon!"

After a long time, all of a sudden, on the boulder, sent out some inexplicable fluctuations!

All the runes on it seemed to have come alive, and they swam away quickly

All of a sudden, a red light suddenly lights up from the stele of the underworld. The next moment, all the people around him are covered in it!

For a moment, the faces of the disciples were distorted!

They hold their heads one by one, yelling and screaming in great pain. Blood and tears flow out of their eyes!

The understanding of this stele is totally different from what they imagined!

The rune, as if to tear their bodies apart and devour them!

Had it not been for Qin Xiao's earlier warning, they would have been unable to help escaping from the red light!

The light in Qin Xiao's eyes is shining. The understanding of this stele is not so much comprehension as confrontation!

In the confrontation with the power of the stele of the underworld, how much benefit can you gain!

As a matter of fact, every time the understanding meeting of tongtianming stele, some disciples of the Ming hall will die!

Moreover, there are a lot of them.

Almost two thirds!

This is also one of the reasons why the disciples of the temple of the underworld are always RARE!

But all of a sudden, Qin Xiao was slightly stunned. The next moment, his face became strange

Only one of them was the exception

Ye Chen!

Ye Chen again!

At the moment, ye Chen slightly frowned, and looked at the crazy people around

He felt nothing in the red light?

Ye Chen can't help but ask to new moon old: "new moon old, this is how to return a responsibility?"

Old Shuo was silent for a moment and said, "boy Specifically, I'm not very clear about it. However, the stele may have something to do with your blood, so the red light has no effect on you... "

For a moment, ye Chen was speechless

It doesn't work. It's not a good thing!

In this way, isn't he getting nothing?

At this time, a young man suddenly stopped screaming. He was stunned, and then countless lights appeared in his eyes. The breath of the whole person had some changes!

Ye Chen looked at the young man and raised his eyebrows. Obviously, he has gained something!

The young man, for a time, seemed to forget the pain, and his face was ecstatic, but

At this time, his soul body was suddenly covered with a dense number of runes. At the next moment, with a roar, his whole body was exploded directly in the rune!

Ye Chen sees form, in the eye flashed a touch of surprised color!

Just now that young man, the top of the four layers of heaven in the origin realm, is not weak, but he is so dead?

Just the wave released by the stele of tongtianming is so powerful?

All of a sudden, ye Chen's eyes flashed, looking at the Tianming stele's eyes, some changed.

Shuo Lao seems to have sensed the change of Ye Chen and asked, "boy, what are you thinking?"

Ye Chen said with a smile: "I'm thinking, since the wave of this stone tablet can't hurt me, then, can I refine it?"

This speech a, Shuo old also was scared a jump!

Not to mention the stele of tongtianming, under the management of the Yin Temple, the fluctuation alone can kill the four or five layers of the original source, and most people would never want to refine such vicious objects

After that, who knows what the income effect is?

The fluctuation alone can kill the source of existence. Even if the ghost cultivation at the top of the real world can't bear that power, right?

Old Shuo couldn't help saying: "boy, you are crazy. This time you come to the place of half hell, the harvest has been great. Even if you can't get the understanding on the stone tablet, it doesn't matter. Do you want to take risks?"

Ye Chen's eyes twinkled with light, just like a gambler pursuing stimulation. He said with a smile, "Shuo Lao, this is not a complete adventure. Listen to me.

First of all, the fluctuation has no effect on me, which indicates that the power of the stele may be harmless to me.

Second, although it seems that the stone tablet of tongtianming can destroy the existence of the original source only by its fluctuation, which is very adverse to the heaven. However, the existence of the original source is the ghost cultivation. The body strength of the ghost cultivation is extremely weak. However, my vitality is not comparable to that of the ordinary ghost cultivation. Therefore, I refine the Tianming tablet, which is much safer than other ghost cultivation!

Thirdly, the star heaven soul method comes from the stele of tongtianming. I have practiced it. If I know the stele, I am confident. Therefore, the possibility of refining it is greatly increased

There are these three points, even if there is a risk, I also agree, after all, high risk, high return, isn't it? "

Ye Chen faintly has a kind of feeling, this tongtianming stele, to his great help! Old Shuo hears the speech and ponders for a moment. What the boy said is really reasonable!

Martial arts, this is against the sky, the real strong, will not let go of any chance!

Immediately, old Shuo said: "well, if you really encounter an accident, I will try my best to help you. During this period of time, with your strength soaring, the quality and quantity of the breath of the reincarnation cemetery has also improved a lot. My strength has also recovered a little bit."

Ye Chen said with a smile, "thank you very much."

With Shuo Lao's help and his current strength, even if it is really impossible to refine the stone tablet of tongtianming and protect his life, there should be no problem!

The next moment, ye Chen's body moved, and then directly toward the Tianming stele.

Qin Xiao saw this, his face suddenly changed, and he cried out: "Ye Chen, what are you doing? Come back quickly!"

The closer the stele is, the more intense the fluctuation will be. Even though these disciples of the temple of the dead are all elites, Qin Xiao only dares to let them realize it 100 meters away!

Although Ye Chen just now seems to have nothing to do, it doesn't mean that if he continues to move forward, he will be OK!

Ye Chen directly ignored Qin Xiao's dissuasion, and walked forward step by step. Soon, he was close to the Tianming stele! The red light here is very rich, almost the whole space will be dyed blood color!

Once upon a time, the Yin Temple was not without demons. They were extremely confident in their own qualifications. They wanted to get close to the stele of the underworld and feel more powerful fluctuations

However, the fate of these demons is not very good!

Moreover, even if some people succeed, none of them are directly connected with the stele of tongtianming!

Qin Xiao is frightened to see. Even with his accomplishments, he doesn't dare to approach the stele of tongtianming to this extent!

Qin Xiao shook his head. Although he didn't know what ye Chen was going to do, he seemed to have seen the scene that ye Chen was directly burst by the red light!

Chapter 4355

Genius, also want to act according to one's ability!

Ye Chen is indeed a monster, a monster of incomparable terror, but, this kind of character, Qin Xiao can not recognize!

But soon, Qin Xiao's face became strange

I saw Ye Chen sitting in front of the Tianming stele at random, not to mention his body exploding

It's like a nobody!

This, it's a little weird!

Ye Chen is more confident to Shuo Lao with a smile: "it seems that the power of this Ming stele really has no influence on me."

At first, ye Chen doubted whether his soul strength was too high, which was far beyond the ordinary ghost cultivation. Therefore, the fluctuation had no effect on him. Now it seems that it is not simply because of the strength of his body.

He can feel that the intensity of the wave is almost ten thousand times higher than that of the hundred meters after the distance from the stele of the underworld!

If it is simply because of body strength, then, to here, ye Chen, should also be affected.

However, even if the distance is zero, ye Chen still has no feeling at all.

Shuo Lao also some excited smile way: "so, you are really likely to succeed!"

The next moment, ye chenmu's essence flashed, and he put his hand on the stele of tongtianming. The soul power at the center of his eyebrows bloomed and poured into the stele. He tried to communicate with the stele!

But at this time, a sudden change!

Ye Chen's red light flashed in front of his eyes, and his consciousness was suddenly blurred up!

.....

When ye Chen opened his eyes again, his face suddenly changed. What appeared in front of him was a vast land. On the earth, there were extremely tall trees everywhere. Even, he saw a huge beast with triangular head and barbed back. He walked in front of him like a dragon!

Ye Chen took a look at his side and saw that under his feet was a huge stone. On the surface, there were countless runes engraved on it. These runes were obviously very similar to those on the stele of tongtianming!

However, this huge stone, can be compared to the stone tablet, to much more!

Ye Chen's eyes flashed slightly: "is it possible that the stele of tongtianming is a part of this huge stone?"

He looked at the old and wild land before his eyes, and his face suddenly moved. A word appeared in his mind

"Is this a famine? This stone tablet comes from the time of famine

When ye Chen was shocked, he suddenly looked at the sky. A streamer fell in front of the boulder, and the light dispersed, showing a man's figure.

Ye Chen gazed at the figure and saw that the visitor was actually a young man in his twenties. He was dressed in a fur coat and carried a sword made of animal bones on his back. He had a bronze complexion and a handsome face.

Looking at the young man, ye Chen frowned slightly. Somehow, he felt quite familiar with him

The next moment, the young man, sitting in front of the boulder, seems to be understanding this complete boulder!

After a long time, the spirit of the youth suddenly had a very special wave

Then, ye Chen suddenly felt that a powerful soul burst out, and the body of the young man was also somewhat illusory

Seeing this, ye Chen couldn't help exclaiming: "this is Into a soul? "

This young man is clearly a flesh and blood body, but in an instant, he becomes a soul body state?

Ye Chen relied on three Heaven level soul seals to do something. The young man succeeded so easily!

Ye Chen's eyes flashed wildly. He carefully observed the changes of the young man's body. He seemed to have a clear understanding. His understanding of the soul body, soul skill and even the soul way has deepened a lot!

All of a sudden, the surging soul power, suddenly condensed!

The next moment, the young man pulled out the big bone sword behind him, which made Ye Chen unbelievably appear

This rolling soul power is directly poured into the bone sword of young hands and feet!

Jue Qiang sword idea, suddenly burst out from the bone sword!

"This is The skill of soul and martial arts? "

Soon, ye Chen shook his head!

The technique of soul and martial arts is a combination of soul and martial arts attack skills, but!

But it's not a direct infusion of soul power into martial arts!

Soul power is incompatible with martial arts!

However, the young man in front of him did it. On Ye Chen's face, a faint look of excitement appeared. Although he had the ability to transform soul power into power, and then attack, it was a way to integrate soul power with martial arts

However, the effect is definitely not as good as the young man who directly infuses his soul power into his martial arts!

"If I could do it

With my soul power and strength, it will soar again

But soon, the young man frowned, the bone sword in his hand trembled, and the soul power fluctuated and dissipated in an instant! Ye Chen's face moved. It seems that this is a failed attempt.

However, the young man did not give up, but continued to sit down. It seemed that, looking at the runes on the stone tablet, suddenly, his soul power broke out again, but this time it turned into stars!

"Star heaven soul method?"

In Ye Chen's eyes, the color of shock reappears

Time, I do not know how long, ye Chen constantly watched the young man's practice, but also entered the state of understanding!

The youth is understanding the complete stele of tongtianming, and ye Chen is understanding the harvest of youth!

These Yin Temple disciples, risking their lives, can only get part of the content of the stele of tongtianming, and he will indirectly get the complete inheritance from the flood and famine through this young man!

The spirit of the youth, suddenly sent out a very intense wave, eyes, as if there is a sun, rising!

This time, the spirit of the beast skin youth turned into the power of Yang!

On the sun, there is a seal, a seal of soul!

And this seal is as heavy as seven!

It's a seven fold seal!

Ye Chen's eyes twinkle. He knows that the youth are constantly understanding the changes in the spirit. Although his spirit has been improved rapidly, his real purpose is only one, that is to make the power of the spirit perfectly integrate with its martial arts!

In other words, it is the perfect integration of soul and martial arts!

All the soul methods are just for this purpose!

Young people are immersed in the understanding of tongtianming stele, while ye Chen is immersed in the understanding of youth martial arts!

Vicissitudes of life, years change, ye Chen is actually in this land, as if spent thousands of years!

.....

At the moment, there are nearly one-third fewer disciples in the understanding place of Yin Temple than before. Moreover, these disciples have left the scope of red light.

Only one person is the exception, this person is Ye Chen!

All the people, including Qin Xiao, were shocked to see the quiet young man who had zero distance contact with tongtianming stele. Now, it has been three days since the enlightenment meeting began!

For them, life is not like death, for ye Chen?

It's like nothing happened?

Chapter 4356

A disciple of the Ming Temple could not help but ask Qin Xiao, "the temple master, the stele of tongtianming will only emit three days' fluctuation. If the fluctuation disappears, can ye Chen continue to understand?"

"This..." Qin Xiao frowned, even he did not understand

At this moment, the red light, suddenly flash, disappeared!

All of us are looking at Ye Chen. I wonder if he will wake up from the enlightenment?

But, no!

Ye Chen is still in the state of understanding!

This time, people's faces have changed. Even if the stele of tongtianming doesn't emit fluctuation, ye Chen can also understand it?

What's going on here?

At this time, a disciple's eyes suddenly moved, and his body flashed. He rushed directly to the stone tablet of tongtianming. He said in secret, "since the wave disappears, ye Chen can still understand. Why can't I?"

Soon, he came to tongtianming stele. As soon as he reached out, he pressed on the stele. At the same time, his soul power gushed out and seemed to communicate with that stele!

But at this time, the Ming stele, a sudden surge of strength, toward the disciple!

The man's face changed. Before he could react, he screamed and turned into nothingness!

All people see, are silent

In this way, it seems that the Ming stele is rejecting all people and only accepting Ye Chen!

The disciple who opened his mouth before was looking at Qin Xiao and said, "Lord, what should I do now?"

Qin Xiao's eyes flashed, pondered for a moment: "you, etc. leave here first, and I will continue to observe here."

After that, the token flew out and opened a channel.

The surviving disciples of the underworld hall looked at each other and walked out of the passage one after another.

In the twinkling of an eye, in this secret place, only Ye Chen and Qin Xiao are left!

.....

The vast land.

The young man holding the bone sword suddenly opened his eyes, and his eyes were full of light!

He stood up slowly and gazed at the huge stone in front of him and said: "thirty thousand years ago, I thought about the method of cutting the sky, but I couldn't do it. The shackles of Kendo were the sudden creation of fantasy and the fusion of soul and martial arts to break the obstinacy. Now, 30000 years later, I have finally realized the way of combining soul and martial arts."

At the next moment, a sword Qi burst into the sky and soared to the sky. The scattered sword Qi changed the color of the whole world, space and law, and even the way of heaven. All of them were frantically broken in the sword spirit!

Ye Chen's eyes, the color of shock!

A sword Qi makes the heaven disintegrate. Is this the strong martial art in the time of the great famine?

The young man raised his head, looked at the sky, slowly pulled out the bone sword behind his back, and said, "I would like to call it the sky of arbitrary soul!"

The vast soul power is like the stars in the sky, the shining sun and the moon in the water

The surging soul power of the changing wanduan swarmed into the bone sword crazily!

The original extremely fierce sword spirit, with some inexplicable meaning!

Ye Chen's eyes lit up and succeeded!

After thirty thousand years of understanding the soul Road, the young man finally succeeded in integrating the soul and martial arts!

A sword's awn, seemingly flat and unexceptionable, rises from the bone sword and cuts towards the sky

Ye Chen looked up at the sky, pupil, crazy contraction!

It seems that the sky is so far away that it is suddenly broken under this sword

Completely broken

The whole sky turned into nothingness. Not only the sky, but even the way of heaven seemed to be destroyed under this sword!

The whole world seems to be in a state of frenzy. Ye Chen's face is a little dull, and there are runes in his eyes. Just seeing the young man's sword, he has a qualitative change in his understanding of soul and sword!

This young man, actually is a real sword, will this sky, all cut to pieces and come!!!

At the same time, ten days have passed since the land of enlightenment

Looking at Ye Chen's appearance, Qin Xiao frowns and hesitates whether to wake Ye Chen up

But at this time, on the stele of tongtianming, there was a sudden burst of blood

Qin Xiao's eyes gradually widened, and even his mouth opened. His face was shocked. At the moment, what did he see?

I saw that the stele of tongtianming was shrinking rapidly, and then, it was integrated into Ye Chen's eyebrows!

What's the matter!?

Qin Xiao, I'm going crazy!

The stele of tongtianming is one of the most precious treasures of Zhenzong in the Yin Temple. It can kill the most precious treasure of Shiyuan just by fluctuation!

Now, how does it look like it was refined by Ye Chen and recognized as the main one?

How could that be possible!

If tongtianming stele is really so good at refining, the ancestor on the top of black snow would have refined it for a long time! Qin Xiao is stupid, really stupid!

He never thought that the day when someone would refine tongtianming stele would really come!

However, this is not a good thing for Qin Xiao!

Although the stele is dangerous, it also provides countless talents for the Yin Temple!

You can't just be taken away by Ye Chen!

All of a sudden, Qin Xiao's face flashed a touch of sinister color

The cold in his eyes was growing, and the powerful Yin Qi was also surging in his meridians!

Qin Xiao is actually in order to prevent this stone tablet from being refined by Ye Chen, and wants to fight against it!

Shuo Lao and Xuan Han Yu can't help but be anxious!

Although Shuo Lao has recovered some strength, he has not yet reached the level of fighting against him!

If, this Qin Xiao hand, ye Chen is dangerous!

But at this time, a woman's voice suddenly rang out in Qin Xiao's mind: "Qin Xiao, if you don't want to die, stop, he is not the existence you can offend."

On the top of the night, the voice of Qin shivered

At the next moment, a wave of space appeared, and the wooden woman actually came to the land of understanding in person!

Qin Xiao was extremely frightened and saluted: "I have seen my ancestors."

Muran woman first looked at Ye Chen, then glanced at Qin Xiao and said, "I once said that let Ye Chen move freely in the temple of Yin. Even if he wants to refine this stele of heaven and hell, it is the same. Do you take my words as air?"

Hearing this, Qin Xiao's face turned pale and said in a cold sweat: "subordinate At that time, he was eager to protect the stele, so he just

The wooden ran woman looked at the stele again and said, "if you just made a move, now, you have been killed by this Ming stele."

Qin Xiao's mind trembled. However, he was still a little reluctant to say, "ancestor, this stele is the foundation of my Yin Temple. Should ye Chen take it away like this?"

Wooden ran woman silent for a moment, did not answer Qin Xiao's question, but opened a way: "you have heard, perfect soul body?"

Chapter 4357

"Perfect soul body!" Hearing this, Qin Xiao said, "what is the soul that is almost the same as flesh and blood in the legend? No matter how powerful the body is, it's just that I've heard of it, but it's just that the spirit can't be shaped together with the spirit, no matter how powerful it is

The soul body of ghost cultivation, whether inborn or acquired, is based on the spirit and soul. This kind of soul body can only simulate the flesh and blood body. Therefore, even if the ghost cultivation is very powerful, its body is much weaker than the living things

Because of this, ghost cultivation can't cultivate any body building skills!

However, the legendary perfect soul body does not have these restrictions!

It is the Supreme Soul body that all ghost practitioners yearn for!

"This is not a legend. I've seen it once, with the existence of a perfect soul, and ye Chen is the second one I saw..."

Qin Xiao was stunned for a moment, then looked at Ye Chen in disbelief

This young man has the legendary perfect soul body?

How could that be possible?

Don't say it is the perfect soul body. Ye Chen's soul body is not even congenital, but the acquired soul body?

"However, there is one point, you are right, ghost repair is almost impossible to have a perfect soul body."

Qin Xiao is a little confused

Lao Zu Zong, is not ye Chen a perfect soul?

Can, why say again, ghost repair almost impossible to own?

Muran woman said: "Ye Chen is not a real ghost Xiu, he is a living man. He's from the outside world. "

"What!"

This news is more shocking than ye Chen's perfect soul!

Qin Xiao widened his eyes and gazed at Ye Chen, but he couldn't see the flaw at all?

Wooden ran woman said: "only outside people can practice this perfect soul body, which is ironic.

However, now, you should also know how rebellious the young man is. As I told you just now, the man who has a perfect soul is the one who has created countless legends in the semi underworld

You king. "

Qin Xiao's heart suddenly trembled. The name of Youwang, in the half dark place, represents the supreme!

This man, however, once suppressed the half underworld for an era, and even legend, soared to the top of the real underworld!

"Now, you know, how terrible is the potential of Ye Chen? Qin Xiao, there is only one thing you have to do. Don't have a bad relationship with Ye Chen. Even in the future, ye Chen will protect the Yin Temple... "

"Ancestor, you are..."

Muran woman said: "soon, I will leave. I have an agreement with Ye Chen that in the future, he will fight for the Yin Temple three times."

At this time, the stele of tongtianming also completely turned into a red light and integrated into Ye Chen's eyebrows.

Muran woman said: "Ye Chen is going to wake up, Qin Xiao. Remember what I said. Ye Chen's potential is far stronger than me. This stele of heaven and hell fell into Ye Chen's hands. For Yin Temple, it may not be a bad thing, but it may be an opportunity.

If someone can bring the Yin Temple into the half underworld, then this person must be ye Chen. "

After that, his figure flashed and disappeared.

But in Qin Xiao's heart, is surges the rough sea!

Ye Chen opened his eyes, eyes, full of confusion, a moment later, only to restore the divine light, then, its surface will emerge the color of ecstasy!

At the moment, he felt that there was a big stone in the sea of knowledge, which was the stele of heaven and hell.

However, at the moment, the stele of tongtianming is silent. No matter how driven by Ye Chen, it has no effect.

But that's not the point!

The point is, he's got a glimpse of arbitrariness!

Don't look down on this trace of fur!

Just this little bit of fur, let Ye Chen's strength, has a great improvement!

He divided the soul into four states, namely, the state of star soul, the state of moon soul, the state of sun soul and the state of soul and martial arts!

Now, ye Chen is barely stepping into the realm of the star soul!

Ye Chen's eyes flashed wildly. He integrated the understanding of the star soul state into his own sword sense and created a new martial art!

Ye Chen named this skill, star soul chop!

Ye Chen is confident that as long as he keeps practicing the star soul chopper outside, he will be able to integrate with the external heaven. Even if he leaves the semi underworld, he will be able to fight against the powerful existence!

This may be his card in the future!!! It's like killing the sky with multiple blood moons!

You can even combine the star soul chopping and the blood moon butcher sky chopping of Ren's predecessors. What a terrible power it will be at that time!

He slowly stood up and looked at the complex face of Qin Xiao in front of him. Ye Chen has heard Shuo Lao say that Qin Xiao is just ready to make a move on him.

However, ye Chen didn't care too much. After all, Qin Xiao didn't really do anything about it. Moreover, the tablet of tongtianming was also won by himself

But I will leave the temple of God all night

Qin Xiao hears the speech, some reluctantly laughs: "Ye childe, what can I do for you?"

Now, he only has the choice of making friends with Ye Chen

Ye Chen was silent for a moment and said, "take good care of Zhang Fengxi and Yin Su Ling for me."

After that, his body moved and stepped into the space channel.

In the sky of a wilderness, the space fluctuates together, and the figure of a young man falls steadily on the earth.

Ye Chen took a breath, his soul seal flashed, and he recovered his flesh and blood. After staying in the semi underworld for so long, he finally returned to the outside world!

It's getting closer and closer to the assembly.

Fortunately, this time in it, it's stronger.

His strength in the semi underworld is probably the peak of the five layers of heaven, which benefits from the soul seal and ye Chen's soul body.

But in reality, the outside world, ye Chen and heaven and earth far from fit, the comprehensive strength may fall a few points.

He can still fight for five days.

It's just that it's not as easy as the half underworld.

Old Shuo asked, "boy, what are you going to do next?"

When ye Chen heard the speech, his eyes flashed a thick killing opportunity: "the first is to face the butcher's assembly, but it's still early. The second is to let my regret Xiao shuihan recover.

As for the third, it is natural to take revenge. "

He has never forgotten what Chifengshan and others did to themselves when he passed the examination of the holy king of Jiuyou!

Old Shuo said, "who are you going to take for the operation?"

Ye Chen said with a cold smile: "catch the thief first catch the king, that day, it should be the red wind fired this matter, then, the first, I want to find, is him!"

Now, I'm going to take a look at the Yuantian courtyard of Yangzhen region, and then I'll go to the bailing realm of Yangzhen realm. By the way, I'll practice star soul chopping on the road

Although he has created the star soul chop, it is difficult to use it in the outside world at present.

Bailing area is one of the nine realms of Yang Zhen.

And Chifengshan is located in one of the eight gates of the thirty-six houses of Yangzhen, the three yuan Taizhen gate!

But when ye Chen is ready to start, a formation around him suddenly starts!

Bright fireworks were fired into the sky.

The fireworks burst with two words:

heaven prison!

It's a signal!

"It seems that the prison has found me."

"These guys are really like mad dogs."

Chapter 4358

Ye Chen stares at the signal above the sky, guessing that these people have been waiting outside for a long time.

However, he did not appear for a long time, and finally he could only set up a large array and leave first.

Now those people in the prison have received the signal. It is estimated that they will arrive soon.

"Well, let's just let these people continue to toss about it. Go to Yuantian courtyard first."

When ye Chen steps out, the surrounding space is torn. When ye Chen is about to leave, suddenly, ye Chen feels a strong breath of cause and effect.

This breath of cause and effect comes from the hall of the dead!

Prepare to say, it's the daughter from the hall of death, Qinglan!

"Qinglan crushed the jade symbol? What happened to her? "

Ye Chen's eyes shrink. When he was in the hall of the dead, he gave Qinglan a jade talisman and promised to help him no matter what happened to her.

Now, Qinglan obviously crushed the jade symbol.

Therefore, ye Chen captured the strong cause and effect of heaven.

"This cause and effect, it's time to repay."

Ye Chen pondered for a while, swept the wind, tearing the void, and rushed to the hall of the dead.

.....

After a while, ye Chen disguised himself as once a dusty night and came to the hall of the dead. Seeing that the environment of the hall of the dead remains unchanged, there is no change.

But vaguely, ye Chen sensed that the hall of the dead was shrouded with a layer of dangerous disaster, which seemed to be about to happen!

"Lord dust night."

At this time, several figures in black flined out of the hall of the dead. It seemed that they had been waiting for ye Chen for a long time. As soon as they saw him coming, they came out to greet him and bowed their hands in a respectful manner.

Although Ye Chen took away the beginning of blood, Qing Wanjie was angry, but after all, it was Qing Lan's decision, and he had nothing to do.

The reason given by Qinglan is that she doesn't want to restrict Ye Chen and send Ye Chen a favor, leaving a cause and effect for the death hall in order to deal with future disasters.

There are too many enemies in the hall of the dead. In case of any accident, it will be destroyed at any time.

If you leave a cause and effect, you will have a card to protect your life!

In the heart of Qing Wanjie, ye Chen is also very appreciative. He concludes that ye Chen has a long and beautiful appearance and his future is limitless.

Therefore, even if he lost the beginning of blood, he also reluctantly accepted the explanation of green LAN, and did not send people to pursue Ye Chen.

In this way, one eye opened and one eye closed.

In any case, the beginning of blood is the thing of empress Xuanji moon, which does not belong to the hall of the dead.

At the beginning of Ye Chen's taking the blood, the biggest damage is the empress xuanjiyue, and the death spirit hall is not a big loss.

As for xuanjiyue, even if she is angry, she doesn't dare to tear her face easily.

Because behind the hall of the dead, there is a strong man in heaven and man!

The strong man in heaven and man, even xuanjiyue, is afraid of his edge!

"What happened? Where is Qinglan?"

Ye Chen looks at a few black clothes figure in front of him, their breath is strong, obviously are the top killers in the hall of the dead.

Ye Chen wants to know, green haze calls oneself to come over, is for what matter in the end.

Death hall, what's the danger?

An assassin in black respectfully said: "Lord dust night, miss has been waiting for you for a long time. Please come with us."

Ye Chen nodded and immediately followed the killers in black into the hall of the dead.

After entering the hall of death, the killers in black step down.

Another two maids came to pick up Ye Chen and take him to a remote water lake.

Above the water lake, the mist is dense and the array of light is flashing.

Under the bottom of the lake, there seems to be an array.

A beautiful woman is soaking in the water lake, only showing her white and pink shoulders.

It's Qinglan!

Green haze eyes closed, pretty face slightly pale, seems to be injured.

With the help of the array in the lake, she is quietly breathing and healing.

"Miss, the Lord of dust night is here."

A maid said respectfully.

Blue haze long eyelashes a quiver, open an eye, see ye Chen, slightly show bitter smile, way: "dust night, you come."

Ye Chen frowned and said, "green haze, are you hurt?"

Green haze face shows painful color, seem to pull the wound, speechless.

Next to a maid said: "dust night Lord, the young lady was attacked by a traitor. She has hurt her viscera and is still recuperating."

"Traitor attack? What about the master of the green hall? Can't he solve a traitor? "

Ye Chen is a little surprised. Is it because there is a traitor in the hall of the dead?

But who dares to betray when there are green robbers in the hall of the dead?

However, ye Chen didn't seem to feel the breath of Qing Wanjie after stepping into the hall of the dead.

Qing Wanjie is not in the hall of death!

"I'll heal you first."Ye Chen pinches the Jue to move, uses the eight trigrams heavenly elixir technique, one after another blue Daoyun light, falls into the water lake.

Under the treatment of Bagua Tiandan, the green haze breath gradually improved, and the cheek recovered a little ruddy.

"Dust night, thank you."

Green LAN breathed a sigh of relief, obviously the injury has improved, from the lake out.

The maid on the left and right held the clothes and dressed her.

Ye Chen back to body, after a while, green LAN slightly with shyness way: "good."

Haze Green has nodded her head. She has no problem wearing clothes.

His Bagua Tiandan skill is becoming more and more exquisite, as long as it is not a fatal injury, it can be saved.

"Dust night, thank you very much."

Green LAN slightly bow to thank.

Ye Chen waved his hand and said, "it's OK. What happened?"

"Something happened to heaven and man," said the blue haze

"Well?"

Ye Chen frowned. He knew that behind the hall of the dead, there was a strong man in the heaven and man area.

Did the strong man have an accident?

Qinglan then said: "the guardian behind my death hall is a great power in the heaven and man domain, named Taiyue God Zun. It is one of the twelve deities in the legend. Because of the protection of the Taiyue deity, even xuanjiyue doesn't dare to tear our face with us."

"Twelve Gods..."

Ye Chen's eyes lit up, thinking of the ancient legend.

According to legend, when the superior cast the ten source talismans, there were twelve servants around him.

These twelve servants, each of whom was instructed by the superior, became a peerless master, known as God.

For example, Tianyu Shendi is one of the twelve deities. It was originally called Tianyu shenzun. Later, he wanted to set up his own house and separate himself from the superior. Therefore, he was renamed Shendi, which represents the determination to fight against the superior.

The Taiyue deity behind the hall of the dead is one of the twelve deities.

Even the Queen's heavenly palace and the palace of emperor yuan dare not easily turn over with the Twelve Gods, because there is a shadow of the superior behind.

Qinglan said anxiously: "recently, there was a great war between heaven and man. Several deities were involved. The Taiyue god statue fell in the war, and my death hall lost its protection. My father went to Tianren domain secretly a few days ago to discuss how to deal with the situation."

Chapter 4359

"The God of Taiyue has fallen?"

Ye Chen is surprised. He hasn't seen Taiyue deity, but he has seen Tianyu God. They are the same level of existence.

Ye Chen has a deep memory of his majesty.

Meeting on the same day is not the noumenon, so powerful!

The fall of a strong man of this level is bound to make waves.

This time, the fall of the Taiyue deity may have caused a great disturbance in the heaven man domain.

The hall of the dead lost its shelter and became duckweed in the water.

Qinglan said: "the God of Taiyue died. My father went to heaven and man again. There was no one to protect the hall of death. I tried my best to block the news so as not to come to my enemy's house. But there was still a traitor who leaked the news."

"That traitor, who wanted to attack and assassinate me, has been executed by me, but I am also seriously injured. Fortunately, you are here in dusty night, my injury should not be seriously affected."

Ye Chen said, "do you want me to come here and guard the hall of the dead?"

Qinglan's silver teeth bit him and said, "yes, there are too many enemies in the hall of the dead. Before, they were afraid of the majesty of Taiyue God, and they did not dare to offend them. But now, the God of Taiyue has fallen down, and my father is not here. Those enemies will surely come to the door. It is estimated that they will kill them tonight."

"How strong are your enemies?"

Ye Chen asked in a deep voice.

"Their strength is not high, but their victory lies in the large number of people. Even if there is a big battle to protect the mountain in the hall of the dead spirit, it may not be able to stop them."

"What's more, the leader of the seven killing demon sect is qingxiangzhulong. It's said that he was one of the ten ancient killers who destroyed the kingdom of God in the past. By chance, he got the eight wild God halberd of the ten source soldiers, and his cultivation has made rapid progress. He is already an expert in the original state."

"In the hall of death spirit, I used to have enmity with the seven killing demon sect. He will come to revenge today."

Qinglan is full of dignified face. The experts at the level of Shiyuan territory are really terrible. Moreover, the enemy has Dayuan soldiers, which is even more fierce.

"Blue candle dragon!"

Ye Chen listens to this familiar name, suddenly heart a beat.

In the kingdom of God before, he had many enmities with qingzhulong. Ye Chen still remembered the strong and powerful power of qinglongzhulong.

Ye Chen has basically cut off the gratitude and resentment of the kingdom of God. If there is any enemy that has not been solved, it will be the green candle dragon.

It's incredible that qingzhulong has become a master of the original state. It's impossible to make great progress.

However, Qinglan said that qingbingzhuolong got the halberd of eight wasteland maniac gods, and had the opportunity to understand the mystery of the source road.

as long as you understand the secret of "source", anything can happen.

"Dust night, you Can you compete with the experts in Shiyuan? I've sent a letter to my father, and he'll be back soon. I just ask you to delay. "

Qinglan stares at Ye Chen. She believes in Ye Chen's strength. But after all, qinglongzhulong is an expert in the original realm. She doesn't expect Ye Chen to kill him. She just wants to wait for Qing Wanjie to come back.

"From the beginning? Oh, no problem. "

Ye Chen's eyes twinkle. With his current strength, he is enough to kill the master of the common origin realm.

Green candle dragon has eight wild God halberd in hand, the strength is not equal, but ye Chen's means, even if can not kill him, at least can delay.

"Really no problem?"

Looking at Ye Chen's confident appearance, Qinglan is still a little uneasy. After all, the enemy's strength is too strong, and there are big source soldiers in hand, which is really hard to deal with.

Boom!

All of a sudden, outside the hall of the dead, came the sound of startling heaven.

"Miss, it's not good. The enemy has killed us!"

A maid rushed in, full of panic and reported.

"Why so fast?"

Qing Lan Qiao's face changed. She received the information that the enemy's family would come to her house tonight, but she didn't expect to kill her so soon. The hall of the dead has not made enough preparations.

The maid said, "that's the vanguard troops. Our mountain protection array is not completely ready. It can't hold on."

"Go out and have a look."

Ye Chen's face sank, and immediately walked out with green haze, came to the front line of the gate of the dead spirit hall.

The mountain protection array has been opened. However, due to the short time, the materials for maintaining the operation of the array have not been prepared enough. The light of the whole array is very weak.

"Go

"It is the time to crush the hall of the dead with the fall of Taiyue deity and the disappearance of qingwanjie."

"Step down the hall of the dead, avenge and revenge!"

Outside the gate of the hall of the dead, the cry of the sky rang out.

See dense, like the tide of people, crazy impact on the door of the death hall, the whole mountain protection array is shaking.

The disciples of the hall of death and killers at all levels tried their best to maintain the operation of the mountain protection array, and their faces gradually turned pale.

"Miss."

When they saw the green haze coming, they said hello one after another.

Green haze nodded and looked at the crowd of people outside the mountain gate, and was shocked. There are too many enemies in the hall of the dead. After all, it's a killer's business, and many people offend.

At present, the enemies who attack the mountain gate are only vanguard troops. There are already so many people. If all the big troops arrive, I'm afraid that the hall of the dead will come to an end.

"Miss, I can't hold on. Let's go."

"Lord dust night, escort the eldest lady away, please."

The disciples who maintain the mountain protection array gradually feel unable to do their best. I'm afraid the gate of the hall of death will be broken.

Boom!

There was a violent shock in the whole mountain protection array.

The disciples who maintain the array suddenly vomit blood and are seriously injured.

Whoa.

The light of the array collapses and dissipates.

The array is broken.

"Broken array!"

"Rush in, and the hall of the dead is full of blood!"

"Kill!"

The enemies outside, out of the cry of excitement, rushed in a swarm, momentum towering.

Although their individual strength is not strong, but all the people breath together, it is simply invincible, extremely high morale.

The faces of the disciples of the hall of death changed suddenly.

Puff, puff, puff!

The enemies waved their swords and killed the dead disciples at the front line of the mountain gate. They stormed in.

"That's Qing Wanba's daughter!"

"Get her! To Lord candle dragon

When they saw the green haze, they suddenly showed a fierce light, and the madness came up.

"Miss protection!"

Several day level killers, in a hurry to guard green LAN side, but in the face of hungry wolf tiger like enemy, they also feel powerless.

The hall of the dead is an organization of killers. Killers are good at sneaking attacks and assassins, not confrontation.

If we face so many enemies, even if it's a day class killer, we can't win.

"Dust night..."

Green LAN saw so many people rushed up, also a little flustered, looked at Ye Chen.

Ye Chen is calm and calm, not a bit flustered.

Looking at the tide of these enemies, he seems to be looking at a group of ants.

After he left the hall of the dead, ye Chen got a series of treasures, such as the dark source rune, Geng Jin source rune, three soul seals, Taichu life taking sword, Jiuyi sunset bow and other treasures, and even restored the memory of the master of the sword technique in the previous life.

Compared with the past, he is a new man.

Chapter 4360

It's a pity that the star soul chop can't be used at the moment. Otherwise, it may be enough to shock everyone!

"Eternal night, great devil, come!"

In the face of these enemies, ye Chen waved his hand, and the Rune of the dark source Rune flashed in his palm. The endless dark breath surged wildly at this moment.

Woo Hoo Hoo!

For a moment, the wind of Yin calls.

The whole gate of the hall of the dead was in absolute darkness.

There was no light in the sky or in the earth.

Those enemies who rushed up suddenly fell into darkness. Not only were their vision deprived, but also their perception was affected. They trampled on them and called out "ouch" "ouch". In the chaos, there were people chopping swords at each other, injuring their own people by mistake. The scene was a mess.

"What's going on?"

"Is this the magic power of Lord chenye?"

"How can the darkness of the great devil's day be so strong?"

The killers in the hall of the dead, who could not see a trace of light, were extremely frightened in their hearts.

The eternal night demon sky is not a very powerful Hongmeng ancient Dharma. With their cultivation, they will never fall into darkness completely.

However, ye Chen's release of the eternal night demon sky is driven by the dark source symbol, which has a terrible dark source gas. The whole eternal night boundary is a real eternal night, and the martial artists below the origin cannot break through.

"Dust night..."

Ye Chen felt someone grab his arm.

It's Qinglan.

In the absolute darkness, green Lan also felt a little flustered, only to grasp Ye Chen, just slightly stable.

"It's OK."

Ye Chen's tone is light. He doesn't even need to do anything. He just releases the eternal night devil sky, which makes his enemies fall into chaos and kill each other in the dark, completely losing their direction.

This is the power of the source of darkness.

Create darkness, let people fall into lost, from chaos.

"Eight wild gods, kill the darkness!"

However, at this time, an old and powerful, domineering voice came from the distant sky.

A dazzling light, as if to run through the eight wasteland, suddenly burst from.

Whoa!

The night is broken by the devil.

All the darkness, completely eliminated.

Between heaven and earth, restore light.

On the ground, there are many bodies left.

The enemies of the hall of the dead, who had just killed each other, now recovered their brightness. All of them were a little confused and stopped fighting.

Boom!

Far away in the sky, the sound of the sound vibrates.

I saw a green robed old man with horns on his head and a long halberd in his hand.

This old man in green robes is actually a dragon who loves candles!

"How can he become like this

Ye Chen is surprised. In the impression, qingxiangzhulong is a handsome and dignified young man, but now he has become an old man with white hair and wrinkled face.

"See Lord candle dragon!"

The enemies of the hall of death knelt down to welcome the arrival of the dragon.

The long halberd in the hands of qingxianglonglong is very strict and powerful. It has a great momentum to suppress the eight wastelands. It is the halberd of the eight wasters among the ten source soldiers!

Behind the dragon, a huge crowd of people came.

Here we are.

They are enemies of the hall of the dead!

The turbulent sea of men tramples on the earth like an army in battle.

The earth, mountains and rivers, send out a roaring concussion, shaking people's soul.

"Miss, let's go!"

Several day level killers, seeing such scenes, knew that the hall of the dead was going to be destroyed today, and there was no possibility of resisting it. They just wanted to leave with Qinglan.

"No

Green LAN did not leave the intention, still tightly grasp Ye Chen's arm.

Ye Chen's eyes, firm and indifferent, without a trace of panic, which gave green LAN great courage.

Perhaps in front of the crisis, ye Chen has a way to solve!

"Well? It's you

Qingfanzhulong came to the gate of the hall of the dead with the eight wild God halberd. At one glance, he saw that the dust night was just Ye Chen. His pupil shrank and he couldn't believe it.

"I love candle dragon. I haven't seen you for a long time."

Ye Chen cold smile, holding the evil sword, step forward.

The two sides of the horse, see ye Chen and green candle dragon actually know each other, can not help but be surprised, all of them pause in place.

"I can't believe you joined the hall of the dead."

Qingfanzhulong hehe smile, he and ye Chen hatred is very deep, cause and effect has not been cut off, did not expect that today will meet Ye Chen in the hall of the dead.

"You're old."

Ye Chen gazed at the green candle dragon, only to feel that his life was about to die, and that his time was running out.

"Ha ha ha ha, even though I am decadent, I just want to kill you in a flash."Qingfanzhulong laughs wildly. Ye Chen's cultivation is only to mend the four layers of heaven, but he has reached the original state, and there are eight wild God halberds in hand.

He has absolute confidence, can crush Ye Chen!

"You gave your life to dayuanbing?"

Ye Chen looked at the dragon and saw some details.

Compared with the ordinary Dayuan soldiers, the eight wild God halberds in the hands of qingxianglonglong are more fierce and appear to have been specially tempered.

If ye Chen is right, qingxiangzhulong should give up his life to refine the eight wild wild God halberd, and to understand the mystery of the source road and gain great source Qi.

With the great source of Qi, the cultivation of qingzhulong also made great progress, and it was incredible to break through to the original state.

However, his price is also huge, his life is sacrificed, it is estimated that he will not live for a few years.

"You have a good eye. Now I have stepped into the original state. You are not my enemy. I will leave you a whole corpse."

Green candle dragon grinned, and his face was full of old wrinkles, and every one of them appeared to be murderous.

Ye Chen said: "in order to step into the original state, you actually gave your life, why should you do so?"

Qing Longxiang chuckled and said, "the sages of ancient times had words. When they heard the way, they could die in the evening. I can understand the mystery of the origin. Even if I pay my life, it's worth it! What if you linger on, and now you are not going to be crushed by me? "

Between the words, the green candle dragon suddenly waved the eight wild God halberd, a halberd town day, mercilessly killed Ye Chen, and said: "since you dare not start self-determination, then I will send you on the road!"

Boom, boom, boom!

The wild halberd is waving with great momentum.

The surrounding space, constantly exploding, emitting a rumbling sound.

The gate of the hall of the dead was shaking violently and seemed to collapse.

The attack of the blue candle dragon just destroyed the earth and the sky. It was so powerful that it could not be resisted.

All the enemies present showed a look of admiration and shock.

On the other side of the hall of the dead, everyone was in fear, with a look of horror.

Green LAN is also pretty face white, green love candle dragon this blow, such as crazy God, overbearing no couple, she did not know how to resist.

However, she is still closely following Ye Chen.

If you can't stop it, it's not too bad to die together.

"Master with one sword, break!"

Ye Chen looks at the attack of the dragon, his face is calm, and his palm condenses a sword.

Taichu life taking sword, hold it in your hand!
