

Physician 4361

Chapter 4361

This is not a place of half hell. Ye Chen is a little uncomfortable. After all, he and the way of heaven are too consistent. The soul is the extreme.

But this place is not so suitable, only martial arts for respect.

One after another of the destruction runes, condensed into a seal, emerged on the sword.

The fierce spirit of Tianbing sword, mixed with the atmosphere of destruction and the great source of Qi, suddenly erupted.

Ye Chen cuts out a sword and directly uses it to dominate the sword technique.

At this moment, his long sword was in his hand, as if he incarnated the master of heaven and earth. His sword spirit was full of sharpness and magnificence.

Ding!

Ye Chen fiercely a sword, hit on the eight wild God halberd of the green candle dragon.

A sword and a halberd, a fierce battle.

A series of Mars, burst out in an instant.

The fierce collision momentum of the heavenly soldiers broke out in an instant with two people as the center of the circle.

The enemies around, the disciples of the dead spirit hall, were suddenly shocked by the momentum of the heavenly army, and many people vomited blood.

"Be careful, miss!"

Several days of killers, firmly guard green LAN, not to let her hurt.

Boom!

The mountain in the distance of the hall of the dead spirit collapsed under the impact of the aftershocks of the heavenly soldiers.

"Puff!"

Green candle dragon spurt out a mouthful of blood, staggering back, long halberd almost fell to the ground.

Ye Chen, however, is calm and calm, holding the sword in his hand, like the ruler of heaven, majestic and fierce.

Seeing this scene, whether it was the enemy family, or the disciples of the dead spirit hall, they were all shocked out of their chin.

You know, ye Chen is only the four layers of sky, but he and qingzhulonglong fight, he actually had the upper hand, a sword shock back green candle dragon, the latter also injured and vomited blood.

"Dust night..."

Green Lan's face is dull, but also thoroughly shocked.

In fact, she didn't hold too much hope in her heart. She didn't expect that ye Chen was so relaxed that she withdrew from qingxiangzhulong.

"You Do you have a big source of soldiers? "

The green dragon is enraged and stares at Ye Chen's sword.

The sword in Ye Chen's hand is exactly Taichu's life taking sword, which is also one of the top ten source soldiers.

"No way. Even if you have a big source soldier, you can't be my opponent. How did you do that?"

The blood and blood in the chest and abdomen of the dragon was churning, and the corners of his mouth were permeated with blood.

He only thought that ye Chen was able to repel him because of Taichu's life taking sword. He didn't pay attention to the essence of dominating sword technique.

In fact, ye Chen was able to defeat the enemy with one sword because of his sharp edge!

Qingxianglonglong didn't know this, so his heart collapsed.

He spent his life refining the eight wild God halberd, which greatly improved the murderous spirit of the eight wasteland God halberd. But now, he can't even compete with Ye Chen's Taichu lethal sword.

It's not only weapons that can't be made, but also him.

The master of Shiyuan state can't make up the sky.

This scene is really incredible.

Everyone in the audience was shocked beyond measure.

"Can you understand my realm?"

Ye Chen ha ha smile, carrying the sword to cut toward the green candle dragon.

He is also very satisfied with his current strength.

When he was in the kingdom of God, he had to look up to the dragon.

But now, we can crush and kill, and I just feel very happy.

Qingfanzhulong's pupils are constricted, and he only feels that ye Chen's sword seems ordinary, but in fact it implies the spirit that dominates the world. His fighting spirit is almost crushed and his whole body is shaking.

"Tiangang Jue Ming, Bahuang madness, broken!"

Green candle dragon bite the tip of his tongue, through the pain of blood, wake up, eyes to restore fighting spirit, a halberd ruthlessly broken out.

He would rather die than believe that he could not defeat Ye Chen.

This halberd, he did his best!

Buzz!

And the roar of the eight halberds from the wild.

The wisps of Hongmeng ancient Qi have evolved into Tiangang Jueqi and become seven fierce characters:

kill! Absolutely! Fierce! War! Fight! Remnant! Reverse!

At this moment, the green candle dragon burst out with all his strength, releasing the Tiangang Jue Ming Fu.

One by one Hongmeng character, perfectly integrated with the murderous spirit of the eight wild God halberd, bravely roared to Ye Chen's long sword.

Under the great pressure of the heavenly army, the road of heaven and earth seems to have been worn out. The mighty momentum rises into the sky, and even the sky is split, revealing the great atmosphere of the universe.

"Geng gold source rune, the edge is blooming!"

Looking at the green candle dragon so desperate, ye chenling drinks, directly sacrifices Geng Jin Yuan Fu.

Whoa!

Geng Jinyuan Rune falls on the life-threatening sword. The whole sword explodes with layers of golden runes. The blade is sharp and sharp, and the cutting breath breaks out in this instant.

"Geng gold source rune, do you still have this kind of treasure?"The sight of qingzhulong shrinks. The Gengjin source rune is one of the ten source symbols, representing the Gengjin murderous spirit of Taibai in the West.

If a weapon is infused with the spirit of Geng gold source talisman, even if it is any iron, it can cut down mountains and rivers!

The sword in Ye Chen's hand is the legendary Dayuan soldier!

Source weapon source symbol, instant fusion.

It's just like a prison. It's just irresistible.

Qingxiangzhulong's face changed and wanted to retreat, but at this juncture, where is there room for retreat?

"Spell it

The dragon was bitten by the dragon, and his blood essence was burning. The halberd of the eight wild gods was smashed. It broke out to the extreme and collided with Ye Chen's sword again.

However, this time, ye Chen has no intention of hard hitting.

Hiss!

Ye Chen's sword tip turned, and with the flexibility of the long sword, he suddenly bypassed the eight wild God halberd, and pointed to the heart of the green candle dragon.

"Not good!"

The face of the green candle dragon changed greatly. He didn't expect that ye Chen changed his moves so quickly.

After understanding the master's sword technique, ye Chen's swordsmanship attainments are at least ten times more powerful than before. His sword skills are smooth, changeable and easy to advance and retreat.

The sword suddenly attacked the heart, and the green candle dragon didn't expect it at all. It was too late to resist.

Puff!

Ye Chen's sword pierced through the heart of the dragon.

"Er..."

The eyes of the blue dragon were dilated, and his throat uttered a cry of despair. His whole body was full of vitality.

Hiss!

Ye Chen draws back the sword, and the blood spurts out.

The body of the Dragon fell to the ground and became a corpse.

Eight wild God halberd, also fell into the hands of Ye Chen.

"Lord candle dragon is dead."

"This How could that be possible! "

"Lord candle dragon, I was killed by this boy!"

The faces of the enemies were terrified and couldn't believe it.

The men and horses of the large army were all stupid.

They are very clear about the strength of qingbingzhulong, and also the power of the eight wasteland God halberd.

But now, ye Chen almost effortlessly killed the dragon.

What a terrible power!

On this side of the hall of the dead, it is also in absolute dullness.

Green LAN cover mouth small mouth, also did not expect Ye Chen so fierce.

Ye Chen is not only powerful, but also very careful.

Just qingfanzhulong desperately, ye Chen has no intention of hard hitting, but a sword to kill the heart, easy to win.

In this way, ye Chen's physical breath is almost not consumed.

Chapter 4362

To face the Revenge of the army, ye Chen is still calm.

"Kill the boy!"

"Crush the death hall and avenge the Lord candle dragon!"

People look at Ye Chen, feeling deep fear.

But soon, the fear turned into fighting spirit and murderous spirit.

They all screamed wildly and rushed to kill Ye Chen to pieces, and then flattened the hall of the dead.

In any case, they have a large number of people and occupy an advantage in number. As long as the Qing Wanjie is not there, they still have the confidence to crush the hall of the dead.

"I don't know what to do."

Ye Chen's eyes sank. He didn't expect these people to be so fierce. He wanted to destroy the hall of the dead by relying on the sea of people tactics.

But in Ye Chen's eyes, no matter how many people are just ants.

Buzz!

The breath of the yellow spring looms on Ye Chen.

He is ready to release the holy water of the netherworld and directly submerge these people.

The holy water of the yellow spring has a very good effect in dealing with the charge of the enemy tide. If the current goes down, the enemy will be defeated.

"Who dares to make trouble in my death hall?"

However, ye Chen did not make a move, the sky came a burst of Shouts.

I saw a fierce figure, falling from the sky, covered with a wisp of dead spirit and evil spirit, it is the Qing Wanjie!

"Dad

Green haze saw the figure of the green robbery, and was immediately overjoyed.

"Lord of the temple!"

The killer disciples of the hall of death are also ecstatic.

Qing Wanjie finally came back from heaven and man!

Looking at the black tide like enemy below, Qing Wanjie's eyes are gloomy, and his whole body is full of evil spirit. He yells:

"the dead are trapped in heaven, devouring it!"

The evil spirit of the dead, mixed with the ancient spirit, broke out on the earth at the gate of the hall of the dead.

All of a sudden, a terrible array of dead souls emerged.

There are skeletons, ghosts, and Shura night forks floating above these dead spirit arrays, and countless ghosts and resentments howl and howl, tearing people's minds.

A black ghost's paw, which is only painted, comes out of the array and drags many enemies' thighs to hell.

"Ah

The whole scene of enemies, issued a heart rending scream, full of fear.

At this moment, I do not know how many people were dragged into hell, no bones, not even dregs left.

Qingwanjie is a magic power called the dead spirit prison guide. It is one of the 33 Tianhong Mongolian methods. It can create the death spirit array. It can be used to block the heaven prison, trap the enemy, and then drag people to the hell and swallow them directly. It is very terrible.

At least half of the enemies are dragged into hell in an instant.

"Run

"Qingwanjie is back!"

"Withdraw!"

The rest of the enemy, panic, also dare not stay, one by one scurrying.

"Hum!"

Qingwanjie snorted coldly and fell from the sky. With a wave of his big hand, he pursued and killed the dead.

There are many enemies who are chased up by the dead spirit monster and devoured alive. Their deaths are tragic.

Only a small number of people escaped.

The crisis of the temple of death is completely relieved!

"Dad."

Qinglan came back to qingwanjie and almost burst into tears.

"I'm late, OK?"

Qing Wanjie touched her daughter's hair and felt a little sorry.

After receiving the letter of help from Qinglan, he rushed back, but it seemed that he was still a little slow. The mountain protection array of the dead spirit hall had been broken early, and many of his disciples died.

"I'm fine, thanks to dust night."

Blue haze eye circle slightly red, looked at Ye Chen one eye.

"The Lord of the temple, fortunately there was a dust night here just now, otherwise we will suffer."

"Yes, the mountain protection array has just been broken. I don't know how dangerous it is."

"And the pressure of the green candle dragon. If it was not blocked by the dust night, we would all be killed."

The assassin disciples around also praised Ye Chen.

If it was not for the protection of the dust night, I am afraid that the whole hall of the dead would be crushed.

Even if qingwanjie comes back, I'm afraid we can only see the ruins and bodies everywhere.

But now, this most terrible scene, did not happen.

Because of the existence of dust night!

"Dust night."

Qing Wanjie looks at Ye Chen with a complicated look.

Ye Chen takes away the beginning of the blood, let him and Xuan Ji month, he is very unhappy.

But also because of this cause and effect, ye Chen returned to the hall of the dead, and finally did not let the foundation of the hall of the dead be buried, and his daughter survived.

"Thank you very much."

Qing Wanjie sighs and thanks. This thanks, on behalf of him to put down the previous resentment.

"It's OK. I took the beginning of the blood, and I owe you a cause and effect. Today is the time for me to repay."

Ye Chen smile, now cause and effect pay off, he also a relaxed.

"Are you interested in joining me again?"

Qing Wanjie asks with a voice. Now that the hall of the dead has lost its great support, the Taiyue deity has fallen, and the road ahead is extremely dangerous. He needs Ye Chen.

One side of the green LAN, there are many killers, is also incomparably looking forward to looking at Ye Chen.

If ye Chen could return to the hall of the dead, it would be better.

"Thank you for your kindness, but I'm still used to being alone."

Ye Chen declined politely. Naturally, it is impossible to rejoin the hall of the dead.

Green haze and many killers heard, suddenly a burst of disappointment.

Qing Wanjie also mildly sighed and said, "everyone has his own will, and I will not force you."

Ye Chen clasped his fist and said, "thank you for your understanding. The cause and effect is over here. I'm leaving."

Finish saying, ye Chen looked at Qing Wanjie, looked at Qing Lan again, turned to leave.

Green LAN reluctantly looks at Ye Chen, wants to open mouth to detain, but after all did not open mouth.

She is very clear, now cause and effect is over, ye Chen also arrived to leave time.

The hall of death is not ye Chen's destination.

He has bigger ambitions.

"Hold on!"

All of a sudden, Qing Wanjie stops Ye Chen.

"Lord, what's the matter?"

Ye Chen looks back.

Your blood is strange

Qing Wanjie seems to have found something, his face became very alert.

"What's so weird?"

Ye Chen looks puzzled.

"Have you ever been to heaven prison?" he said sharply

Ye Chen heart a shock, way: "yes!"

He looked at Qing Wanjie carefully and found that the fluctuation of Qi and blood of qingwanjie was similar to that of master Lei Zhen.

Qing Wanjie has the blood of heaven prison!

"Lord of the temple, are you from the heaven prison?"

Ye Chen's face suddenly changes. He has offended the God Emperor of heaven prison. Should Qing Wanjie want to kill him?

Qing Wanjie said: "under the guidance of Taiyue deity, I went to the heaven prison, where I experienced endless killing, and even became the strongest heaven prison ghost saint. But because I was hopeless for promotion, I finally chose to leave and set up the hall of the dead."

"There is a God's mark in your blood god!"

"You have offended the God of heaven prison. He wants to kill you!"

"You have a mark on your body. You can't escape to the ends of the earth!"

Chapter 4363

Listen to the words of Qing Wanjie, ye Chen's heart is incomparably shaken.

"I have a prison mark on me?"

It turns out that Qing Wanjie didn't mean to hurt Ye Chen, but to warn him that he had the mark of heaven prison on his body, and his whereabouts were completely exposed. Sooner or later, he would be killed by the strongmen of the heaven prison.

"Yes, how could you offend the God of heaven?"

Qing Wanjie's face is heavy. The God Emperor of Tianyu is a strong one. He was one of the twelve deities in the past. He had a master's demeanor and would not embarrass the younger generation.

Now the emperor of heaven prison wants to kill Ye Chen. Ye Chen must have offended him and moved his core interests.

"Lord of the temple, can the mark on my body be erased?"

Ye Chen has a dignified face and doesn't say how he offended the emperor of heaven prison. Because Xiao shuihan's affairs are too complicated and involve too much, he naturally can't elaborate.

"The mark left by the God of heaven prison is not something that ordinary people can erase, not even me."

"I don't know how you offended the heavenly prison God Emperor. I can only tell you that once you offend the heavenly prison God Emperor, no one can save you unless the superior comes down!"

Qing Wanjie had a strong tone. He had seen the demeanor of the heavenly prison God Emperor with his own eyes. It was one of the twelve deities in the legend. At that time, he assisted the superior in casting the existence of the ten source runes, which was the same level as the Taiyue deity.

Offended these big people, but also planted a mark, ye Chen has no possibility of survival.

"Dad, is there no other way?"

One side of the green LAN suddenly anxious, but can't bear to see ye Chen die.

Qing Wanjie sighed and said, "unless he can find a lot of holy water, he can wash off the mark on his body and get rid of the pursuit of the God of heaven prison."

Green Lan Xi way: "father, we have a few bottles of yellow spring water in the warehouse, can we use it?"

Qing Wanjie shook his head and said, "this is not enough. Even if the whole Yangzhen region and all the stores of the yellow spring water are collected, it is not enough! If you want to wash away the mark of the God of heaven prison, you must have a large amount of spring water. You'd better go to the holy river of huangquan in person. Unfortunately, since the fall of the ancient reincarnation master, all the holy rivers in the world have been exhausted, and there is no enough water available. "

Ye Chen's eyes brightened and said, "with the holy water of the netherworld, you can wash away the mark of heaven prison?"

"Yes, do you have enough water?"

Qing Wanjie is slightly stunned. Seeing ye Chen's appearance, does he have enough holy water?

Ye Chen smiles and arched his hand and says, "thank you for reminding me of the green hall. I have my own way."

Qing Wanjie said: "if you really have a way, it is naturally the best. You can come out of the heaven prison alive, and your strength is very important. I am going to move the gate of the dead spirit hall to the heaven and man area. If there is a chance in the future, maybe we can see you in the heaven and man area."

Ye Chen said: "heaven and man If so, we will have a good chance. "

"Father, are we going to move to heaven and man

Qing Wanjie nodded his head and said: "the heaven and man are in chaos, and the Taiyue god statue has fallen. Although our death spirit hall has lost its protection, it is also an opportunity to rise. If we can inherit the orthodoxy of Taiyue deity, we will certainly become a giant in the heaven and man domain!"

After a pause, Qing Wanjie said to Ye Chen again: "dust night, do you really refuse to stay in the hall of the dead? I'm going to move to heaven and man. I need help. If you will help me, I will not treat you badly. "

Said looked at the green haze one eye.

Green haze flushed her cheeks and lowered her head.

Ye Chen shook his head with a bitter smile and said, "thank you for your appreciation, but I bear the mark of heaven prison, and my life is on the verge of death. I have to find a way to solve this problem. I'm sorry I can't serve you. Goodbye."

"Miss Qinglan, goodbye," he said

Turn around and leave.

"Dust night!"

Green haze looks at Ye Chen's back, called a, full of not give up.

However, ye Chen did not look back and strode away.

"If this boy can escape the pursuit of the heavenly prison God, I don't know how he can grow up."

Qing Wanjie squints and murmurs.

.....

As soon as ye Chen left the hall of the dead, he immediately found a secluded place and offered sacrifices to the blue and blue spring. He covered his good breath with the dark source symbol and went directly into the world of the chart.

"With the holy water of the netherworld, you can wash away the mark of the heaven prison. Just in time, the whole huangquan river is in my hands!"

Ye Chen's eyebrows are filled with joy. The holy river of huangquan flows quietly in the world of the yellow spring map, sending out a continuous stream of ancient pale yellow breath.

The four magic guards of Qin, chess, calligraphy and painting all practice near the huangquan river.

"My Lord."

Seeing ye Chen come in, Qin, chess, calligraphy and painting stood up to salute.

"Well, you continue to practice."

Ye Chen waved his hand and continued to practice music, chess, calligraphy and painting.

Now it is getting closer and closer to Tu Sheng's meeting. He only hopes that before the meeting starts, Qin, chess, calligraphy and painting can reach the original state. "Yes."

Qin, chess, calligraphy and painting continued to sit cross legged, concentrating on the impact of the original realm.

Ye Chen, on the other hand, jumped directly into the holy river of huangquan!

Every drop of yellow spring water in the holy river of huangquan is very heavy. If ye Chen jumped in before, he would be crushed by endless pressure.

But now, he has been promoted to the heaven mending realm, and there is a spiritual tablet in his body. He has awakened the spirit pulse of all spirits. His constitution is so amazing that he can bear the pressure of the holy river of huangquan.

"The God of heaven prison left a mark on me. Why didn't I find it?"

Ye Chen frowned and searched for the blood vessels.

At last, he found a very subtle fluctuation.

Sure enough, there is a mark hidden in the deepest part of his meridians!

This mark, very obscure, very shallow, if not ye Chen deliberately explore, pressure root can not be found.

"Damn it, he planted a mark on it!"

Ye Chen gnaws his teeth. If under normal circumstances, the emperor of heaven prison leaves his mark, he will surely find out.

However, in the secret state of the heavenly prison, the law is completely controlled by the God of the heavenly prison. Under the cover of the law of the heavenly prison, his perception goes back and he does not find danger at the first time.

"Holy water of the netherworld, obliterate it for me!"

Ye Chen is immersed in the holy river of the yellow spring.

Inspired by his thoughts, the endless holy water of the netherworld crazily washed his meridians and impacted the prison mark of that day.

It hurts!

Intense pain!

Endless yellow spring holy water, continuous impact.

Ye Chen's muscles, bones and flesh, as if all have been brushed off a layer, abnormal pain.

He gritted his teeth and tried to bear it. He kept pounding and washing.

Finally, the mark of heaven prison, under the purification effect of the holy water of the yellow spring, completely dissipates!

And ye Chen, also gradually recovered from the pain.

The whole person, as if just experienced a bone scraping therapy poison!

Chapter 4364

"It's really terrible to use the method of heaven to punish God."

Ye Chen came out of the holy river of the yellow spring and was surprised.

There is no doubt that the heavenly prison God Emperor is the existence of the realm of xuanjiyue and Emperor Shitian. Ye Chen is so tormented by a mark released casually.

If the heaven prison God comes, ye Chen may not be able to match.

"Wait, I've been planted with a mark. What about master Lei Zhen?"

All of a sudden, ye Chen's mind vibrates, thinking of Lei Zhen Shangren.

Heaven prison God Emperor careful mind, left a mark on Ye Chen, naturally can't let Lei Zhen go.

If the thunder shock on people, there is also a mark, then trouble.

Once the heavenly prison God Emperor starts to pursue and kill the yuan Tian Yuan, I am afraid that the foundation left by the reincarnation Lord will be in danger of being destroyed!

"Damn it!"

Ye Chen, aware of the seriousness of the situation, immediately left the world of the netherworld, put away the chart of the yellow spring, and rushed to the Yuantian courtyard.

However, before returning to Yuan Tian Yuan, ye Chen saw that there was a large golden floating between heaven and earth.

A lion shaped beast with golden eyes appears in front of Ye Chen.

It was his favorite, the lion dragon with golden eyes.

"Lion dragon, why are you here? How is master Lei Zhen? "

Ye Chen is shocked.

The lion dragon with golden eyes said, "my Lord, Lei Zhen is dead."

"He's dead? How did he die? "

Hearing the speech, ye Chen was shocked.

"Before he came out of the prison, he was intercepted by the black cloud bear. Although he managed to escape in the end, he was also seriously injured. I had just fought with jueyan fire Python at that time. When I saw him seriously injured and fled for his life, I took him back to Yuantian yuan."

"It's a pity that he is still seriously injured. He died last night."

"He asked me to report to you that you were planted with a mark by the God of heaven prison. You are in danger of being chased. Please be careful, my Lord."

Jinjing lion dragon said clearly what happened, but sighed, and finally told ye Chen to be careful.

Ye Chen's heart vibrates. I didn't expect that Lei Zhen would die.

At that time, he had just come out of the prison and deduced the natural mechanism. He felt that master Lei Zhen had taken away the lion dragon with golden eyes. He was still full of doubts. He did not know what had happened.

Now, he finally knew that it was not thunder Zhen who took away the golden eyed lion dragon, but the golden eye lion dragon carrying him away for his life!

The atmosphere of the law of heaven prison affected Ye Chen's divination judgment, and finally led to a big mistake!

If ye Chen knew that Lei Zhen was seriously injured, he would return to Yuantian hospital first and save people at all costs.

But unfortunately, he misjudged and did not pry into the truth of the matter!

Ye Chen's heart burst with regret and deep guilt.

Master Lei Zhen just accompanied him to the prison and lost his life.

He is to blame!

"My Lord, it's the people in the prison that killed Lei Zhen. You don't have to blame yourself."

The golden lion dragon was relieved.

Hearing the speech, ye Chen clenched his fist.

The remorse in the heart turns into the rage!

The lion dragon with golden eyes is right. It is the man in heaven who really killed Lei Zhen!

They are the executioners!

"One day, I will step into heaven prison again to avenge the elder Lei Zhen!"

"And take back Xiao shuihan!"

Ye Chen's eyes were sharp and he made up his mind. He immediately rode the lion dragon with golden eyes and was ready to return to Yuantian yuan.

He's going to take care of Lei Zhen himself.

"Ha ha ha, ye Chen, where do you want to run after offending the God Emperor?"

However, ye Chen just rode on the lion dragon with golden eyes. Before he ran far away, he heard a thick laugh coming from behind.

Looking back, ye Chen suddenly saw a huge black bear, all dressed in armor, with three strong breath warriors, rushing from the sky.

"Black cloud bear, it's you!"

Ye Chen eyes a change, see black cloud bear hand, still carry a big hammer.

It's the weapon of thunder shock. It's the four pole heaven shaking hammer!

On the hammer, there are dry blood.

Ye Chen caught a glimpse of heaven and saw a terrible picture.

At that time, Lei Zhen was intercepted and killed by the black cloud bear, and his weapon was taken away. His chest was smashed with a hammer and collapsed completely. All the bones were broken and seriously injured.

Ye Chen is guilty and angry.

If it was not to accompany him, Lei Zhen would not die.

But in the final analysis, it's still too cruel!

Angry revenge, in Ye Chen's eyes burst.

"Ha ha, ye Chen, I thought you were going to hide in the secret place all your life. Fortunately, I received the signal not long ago. You dare to come out. I can't even imagine that you have erased the mark of heaven prison. Unfortunately, your speed is too slow. I have locked your Qi machine. You can't run away?"

The black cloud bear grinned, showing two rows of extremely sharp teeth and grinning grimly. Although Ye Chen washed off the mark, he was still a little slow. The black cloud bear had already locked his Qi machine in advance, and now he directly chased him up.

"Who said I wanted to run? I will kill you today

Ye Chen is extremely angry, his eyes almost drip bleeding, and suddenly roars up to the sky. His big hand turns over and an iron halberd appears on his hand.

It's the halberd of the eight wild gods!

This eight wild God halberd, originally the weapon of qinglongzhulong, was seized by Ye Chen.

With the power of Ye Chen's reincarnation, no matter what weapons are in his hands, they can be used directly, and their divine power is invincible.

This time, ye Chen's idea of killing broke out, and the whole person seemed to be unyielding to the mad God, which was in accordance with the breath of the eight wild God halberd.

All of a sudden, one person and one halberd, the breath is perfect.

The evil spirit of terror and fury soared into the sky.

Layers of gold light, in the eight wasteland God halberd, into a string of runes, the sharp and fierce Geng Jin spirit, constantly burst out.

The whole eight wild God halberd is infused with the power of Geng gold source talisman, and the blade of halberd twinkles with sharp golden awn.

"Kill!!!"

Ye Chen rode the golden eye lion dragon, waved a long halberd, the halberd blade was like half a moon, and cut out from the sky.

"Hey, boy, the eight wild God halberd is actually in your hand. Unfortunately, your cultivation is too poor. No matter how powerful the weapon is, it's useless."

The black cloud bear laughed ferociously and was not afraid at all.

His strength, enough to reach the source of five days, can completely crush Ye Chen.

Moreover, he also has the big source soldier in the hand!

On weapons, he is not inferior to Ye Chen.

In terms of cultivation, he is far above Ye Chen.

"Four pole earth shaking hammer, I have suppressed it!"

Black cloud bear's surging claws tightly grasp the handle of the hammer and wield a big hammer. If a hammer is going to collapse mountains and rivers, it will roar and rumble and hit Ye Chen's eight wild God halberds.

Bang!

A hammer and a halberd, a violent collision.

In the void, stir up surging waves.

Between Ye Chen's chest and abdomen, Qi and blood are surging.

There is a huge difference between the original source and the outer world!

The biggest weakness of soul body is the body and vitality. Ye Chen can crush it!

However, the black cloud bear has extremely terrible vitality!

He is a source animal!

Plus the mighty army of heaven!

Absolutely not to be underestimated!!!

Chapter 4365

Carrying Ye Chen, the lion dragon with golden eyes hastily stepped back more than ten steps.

If it wasn't for the golden lion dragon, who had suffered part of the impact for ye Chen, I'm afraid that the hammer of the black cloud bear had just made Ye Chen vomit blood.

Or realm gap is too big!

With Ye Chen's strength, you can fight against the general five layers of heaven.

But the black cloud bear this kind of existence, now the strength is not the general five layer day can compare!!

In the huge gap between the realm, ye Chen immediately seriously frustrated.

"Lord black bear is mighty!"

Behind the black cloud bear, three Heaven prison strongmen cheered loudly.

In the prison spirit Pavilion, they are all masters at the level of heavenly prison blood saint. Their accomplishments are at the peak of heaven and earth and in the early stage of Shiyuan. The combination of the three can even match the strong ones in the early and middle periods of Shiyuan realm.

But they didn't do it.

Because, want to deal with Ye Chen, rely on black cloud bear already enough.

Ye Chen's face is very ugly, only feel the pressure of the sky, the sense of crisis, constantly hit.

"Boy, die!"

Black cloud bear looks ferocious, swing a big hammer, and again swing down.

"Holy water of the yellow spring, burning!"

Ye Chen suddenly drinks a sound, in the body has the inexhaustible yellow spring holy water, is burning unceasingly.

Whoa.

On his body, a layer of vigorous Qi suddenly appeared.

"Death of the heaven in the netherworld!"

Ye Chen once again waved long halberd, infused a lot of vigorous Qi of the yellow spring, and killed him fiercely.

Huangquan mintian Jue is one of the 33 Tianhong Mongolian methods. It ranks the lowest and belongs to the spirit of vigorous spirit. It seems that its power is not great. However, if you burn the holy water of Huangquan, its lethality will be greatly improved.

Peak state, even comparable to the third ranked star emperor Haoran gas!

Now Ye Chen's Huangquan vigorous Qi is so strong that it can't compare with the star emperor's Haoran gas, but it's not much worse.

Whoa!

The eight wasteland mad halberd is haunted by the vigorous Qi of the yellow spring, which makes a dull sound across the void.

Ye Chen's eyes are sharp, staring at the heart of the black cloud bear.

This time, ye Chen did not touch the black cloud bear again, but cleverly and skillfully, a halberd stabbed at his heart.

"You want to sneak on me?"

Black cloud bear grinned grimly. He was not a green candle dragon, and could not be easily attacked successfully.

His strength has reached the middle stage of the origin, and his vigilance is very high. He can see ye Chen's plan at a glance.

"Heaven prison blood devil palm!"

The huge bear's paw is raised, and ye Chen's long halberd has not yet been killed. The black cloud bear's left palm bursts out with terrible blood light.

Layers of blood light, as if iron walls, incomparably tight.

Ding!

Ye Chen stabbed at the black cloud bear's palm with a halberd, but it made a sound like gold and iron.

"Hey, hey."

Blocking Ye Chen's sneak attack, the black cloud bear's eyes are more ferocious. He swings a big hammer with his right claw and smashes it down according to Ye Chen's head.

His movements are fierce and direct, without any fancy changes. They are pure brute force, pure tyranny, and powerful and powerful atmosphere.

This hammer completely shows the power of the five layers of heaven in the source area, and the ferocity of the ten source beasts. It is simply irresistible.

"Red dust God pulse, open!"

At the critical juncture, ye Chen suddenly opens the red dust divine pulse, and the guard breath of Geng Jinyuan Fu breaks out completely.

Hum!

A huge golden bell jar, surrounded by strands of Ancient Runes, suddenly appeared on Ye Chen's body.

Dang!

The big hammer of the black cloud bear falls, and the huge hammer rings the bell, sending out a leisurely and violent vibration.

The sound waves, like ripples, spread around, the clouds in the sky were torn, and the void showed signs of rupture.

Click.

The next moment, the bell jar broke.

Ye Chen only feels the five viscera and six Fu organs, is greatly shocked, and the corners of his mouth are directly permeated with blood.

First source five layers of heaven, plus the source soldiers, is a source beast!

I didn't expect that the God of heaven prison really looked up to himself!

At present, even if ye Chen relies on the red dust God pulse and Geng gold source talisman, he can't completely resist it, and still needs to be injured.

"Hehe, boy, is this your last card to save your life?"

Black cloud bear cold smile, also a little unexpected Ye Chen's means.

But it doesn't matter. His strength is much stronger than ye Chen. One hammer can't kill Ye Chen, and another hammer will do.

Whoa!

The huge hammer, if it wants to blow through the mountains and rivers, smashes to Ye Chen again.

This time, ye Chen has no means to defend his life.

In the eyes of black cloud bear, ye Chen is already a corpse.

The three heavenly prison blood saints in the rear, with their arms crossed, also look like watching a good play.

Although Ye Chen's real strength is much more powerful than that of the ordinary sky mending realm. It can be said that ye Chen has great prospects in the future, but unfortunately, ye Chen offended the God of heaven prison. No one can save him from heaven and earth."Sword

Seeing that the black cloud bear hammer is killed, ye Chen bursts of crisis, and sacrifices the falling dust and falling dragon sword.

A succession of domineering pressure gradually emerged in the body of the sword.

Ye Chen takes a deep breath and is ready to release the supreme profound meaning that dominates the sword technique. He incarnates as the master of fairyland and kills all the enemies in front of him!

"Boy, don't be impulsive!"

However, at this time, there was a sound of old age coming from the samsara cemetery.

It is the ancestor of Daoyin.

"You only have to mend the heaven and forcibly incarnate into the master of fairyland, which will consume too much body and even cause irreversible damage to the foundation of martial arts! Let me do it! "

Ye Chen, the ancestor of Daoyin, poured all his remaining strength into Ye Chen's body fiercely.

He doesn't want to watch ye Chen go all out. If ye Chenwu road foundation is damaged, the consequences will be too serious.

Reincarnation power of the real body, also need Ye Chen to save!

Therefore, ye Chen must not have an accident.

The eyes of the ancestor of Daoyin have a trace of determination.

Ye Chen at this moment is the ancestor of Daoyin.

Boom!

With the father of Daoyin attached, ye Chen's Qi and blood roared all over his body, as if a volcano erupted, and the momentum of the whole person became extremely powerful.

Zheng!

With a wave of the eight wild God halberd, it is as powerful as the sky and collides with the four pole earth shaking hammer of the black cloud bear.

This time hard hitting, still aroused the surging waves.

But ye Chen's body is still.

On the contrary, it was the black cloud bear, who was shocked back a long distance.

"This What's going on? "

Black cloud bear was shocked, only felt that in a flash, ye Chen's breath soared, and his cultivation realm looked no weaker than him.

It's incredible!

A mending heaven realm, even if how to break out, it is impossible to suddenly have the breath of five layers of heaven in the original realm.

But now, ye Chen must be under the pressure of the origin.

"Ten thousand ways of running, destroy Dao Yin!"

Ye Chen suddenly drinks a sound, a halberd fiercely kills out, the speed is extremely fast.

He has to be quick!

Because, even if the ancestor of Daoyin is attached, his strength is at most equal to that of heiyun bear. If the three heavenly prison blood saints in the rear all rush to kill them, he is not sure.

Therefore, ye Chen only wants to destroy one by one, and kill the black cloud bear first!

One after another of the road seal, in Ye Chen's long halberd surface.

Among the endless seal runes, the most powerful is to destroy the seal!

The fury of destruction, constantly exploding, exploding.

Ye Chen's halberd, with the divine power of the ancestor of Daoyin, would like to destroy heaven and earth, and kill the black cloud bear fiercely.

Chapter 4366

Hiss!

The halberd blade cuts through the sky, and the whole sky, like a curtain, is cut open. The law of space is broken, and there are tiny stars streaming down from the gap in the sky, like a dream.

"Not good!"

Black cloud bear's face changed greatly. He only felt that ye Chen's Halberd was too powerful to stop him.

Whoosh!

The black cloud bear retreated in a hurry. His body was huge, but his body method was very flexible, just like a meteor.

Ye Chen has a cold look in his eyes and pursues him with a halberd. He has completely locked in the Qi of the black cloud bear. This halberd must see blood!

"Lord Black Bear!"

The three heavenly prison blood saints in the rear suddenly realized that the situation was not good.

Ye Chen, who had just been completely pressed down, broke out at the moment. The Taoist seal was so magnificent that it was almost invincible.

Their mind, by a huge shock, for a time at a loss.

"What are you doing? Give it to me!"

The black cloud bear retreated to the three heavenly prison blood saints, bit his teeth, grabbed a heavenly prison blood saint, and threw it out.

Puff!

The blade of Ye Chen halberd is like the flying moon. It cuts the body of the prison blood saint in two on the spot.

"Ah

That day, the prison blood Saint sent out a shrill scream, two pieces of body blood splashed, fell down.

"Damn it."

Ye Chen bit his teeth. Although he killed a blood saint in the prison with one blow, he didn't have any joy because he was escaped by the black cloud bear.

The black cloud bear escaped from death with a sigh of relief and said, "boy, I can't believe there is someone behind you."

His eyes are very fierce, has seen that ye Chen at the moment, there are other experts behind to support, so it has become so powerful.

"The source beast connects with heaven, manifest!"

At this juncture, the black cloud bear did not dare to be careless any more. His whole body was burning with Qi and blood, and the source gas like black clouds surged up. In an instant, it showed its original shape and turned into a super giant bear with a height of 100 meters.

The four pole shaking hammer in his hand also became extremely huge.

The power of the sky, rolling explosion.

"Lord black bear, we will help you!"

The remaining two heavenly prison blood saints also feel that the war situation is grim, relying on black cloud bear alone, may not be ye Chen's enemy.

Two people, one left and one right, flew to the black cloud bear.

Three people form a formation, breath into a piece, like a landslide tsunami, roaring toward Ye Chen.

Witnessing this scene, ye Chen's face also became very dignified.

After all, they joined hands.

"Boy, don't panic with me."

The ancestor of Daoyin was indifferent and seemed to have made a decision.

"Master, you..."

Ye Chen faintly between, also felt a trace of strange breath.

"Burn my spirit, the seal breaks out!"

The ancestor of Daoyin made a resolute decision and suddenly burned his spirit.

Boom!

The powerful and ferocious force poured into Ye Chen's body.

In a flash, ye Chen's skin was covered with ancient Daoyin runes. The whole person seemed to have become the ancestor of Daoyin, and his breath was fierce to the extreme.

"Master!"

Ye Chen is shocked. He knows that the ancestor of Daoyin is burning himself and fighting for the cost of dissipation, and he wants him to fight against the heaven.

"Goodbye."

The ancestor of Daoyin chuckled and disappeared completely.

"Master..."

Ye Chen is sad for a while, remembering the picture of the ancestor of Daoyin fighting against xuanjiyue for himself. His heart is full of gratitude.

Next time, he wants to see the ancestor of Daoyin again, unless he finds his real body.

"Kill!"

Looking at the three black cloud bears, ye Chen's eyes are full of murderous air.

If a halberd is wielded, it is as powerful as a prison.

At the moment, he got the energy of burning the spirit of the ancestor of Daoyin, and his momentum soared again. He was invincible!

"What!"

The black cloud bear was shocked and totally did not expect the breath of Ye Chen that there was the possibility of rapid progress.

"Destroy the seal of the road, cut the dark god!"

Ye Chen drinks up to the sky, and the source Rune of Geng Jin and the source of darkness are all released at this moment. Layers of Taoist seal brilliance are mixed with the breath of source runes. Finally, they turn into a dark mang chop and kill them crazily.

"Damn it, run! Go back and report to the LORD God. There is someone behind this boy! "

Black cloud bear's face is very ugly, ye Chen's attack is too strong, absolutely not the three of them can resist.

He stepped forward, his towering body was firmly in front of him, and urged the heavenly prison blood Saint under him to escape quickly and take the information back to the prison spirit Pavilion.

Puff!

Ye Chen cuts the black cloud bear's body with a halberd, which is as dark as a prison. Even though the black cloud bear is a big source beast, the great source beast can't block it because of the burning spirit of the ancestor of Daoyin and ye Chen's own magic power.

"Go

The two heavenly prison blood saints, seeing ye Chen's fierce appearance, did not dare to stay, and had already fled.

The black cloud bear sacrificed his life and won them time to escape. They must go back to the heavenly prison alive and bring the information to the heavenly prison God Emperor.

In a twinkling of an eye, there were only two black spots left in those two heavenly prison blood saints.

"Nine Yi sunset bow, through!"

Ye Chen's eyes are sharp, and there is no plan to catch up. Instead, he directly turns over the nine Yi sunset bow. Holding the bow like the full moon, the destructive breath condenses and turns into a black arrow, which bursts out wildly.

Hiss!

The speed of destroying the divine arrow is as fast as a meteor. It shoots through the void in an instant, and splits into two arrows on the way. If there is a spirit, one left and one right will shoot the two heavenly prison blood saints in the sky.

Blood spatter.

The bodies of two blood saints and two black cloud bears fell down together.

"Bagua Tiandan, Huadan!"

Ye Chen sees the body of the black cloud bear. Waving his palm, he releases a continuous ray of light. The eight trigrams heaven elixir technique is used to refine the blood of the black cloud bear and refine it into a blood pill.

The black cloud bear is one of the top ten source animals. Its Qi and blood are very powerful. The pills refined from its Qi and blood are absolutely great tonic.

"Black cloud bear blood pill, good, good."

Ye Chen holds his hand and pinches the blood pill in his hand.

this blood Dan is full of majestic essence of blood and blood, and its properties are very strong.

Ye Chen put it away for later use.

And the four pole earth shaking hammer. He also put it away.

All is well, ye Chen feels a burst of weakness, and the breath of Tao Yin's ancestor completely disappears.

In the samsara cemetery, the stone tablet, which represents the ancestor of Daoyin, also fell into darkness and lost its light.

"Master, one day, I will save your real body!"

Ye Chen looks at the tombstone and remembers.

This time, thanks to the ancestor of Daoyin, otherwise he would be faced with extinction.

Now that he has killed the black cloud bear, the prison mark on his body has also been washed away. Ye Chen no longer has to worry about being chased and killed by the heavenly prison God Emperor.

"Golden lion dragon, let's go."

Ye Chen bends his fingers and shoots a bullet. Xuanyan releases and burns the bodies of the two heavenly prison blood saints and the remains of the black cloud bear to ashes and erase all traces.

Chapter 4367

After that, he rode Jinjing lion dragon back to Yuantian yuan.

"Master Lei Zhen, I avenge you."

Ye Chen weighs in the hand four pole Zhentian hammer, wipe off the bloodstain above, murmur in a low voice.

Master Lei Zhen accompanied him to heaven prison, but he lost his life. He felt guilty. Fortunately, now, he has avenged Lei Zhen.

All the way back to Yuan Tian Yuan, no accident happened this time.

Ye Chen returns to the courtyard and comes out to meet him, but it is the elder Qin Xingyun and vice president Qin Zhennan.

The two men were respectful and presented a token with the words "sword" and "Qi" printed on them respectively.

"What do you want?"

Ye Chen frowned and asked.

Qin Xingyun said: "return to the Lord, we have thought well. The enemy is in front of us. We have decided to end the dispute between the two schools of Jianqi. Please take control of the Qin family."

Qin Zhennan also said: "yes, Lord, we have decided to stop fighting, please take charge of the Qin family!"

"Well, it would be better if you would stop fighting."

Ye Chen laughs and finally hears a good news.

When the Qin family ended their disputes and United, they would surely be able to play a greater role when the assembly of Tu Sheng began.

"Lord, this is the treasure of our Qin family. Lei Yuanjing, please keep it."

Qin Xingyun takes out a purple crystal and gives it to Ye Chen.

"Lei Yuanjing?"

As soon as ye Chen's eyes brightened, he saw the thunder source crystal. The whole body was purple and secluded, without any defects. He was surrounded by layers of lightning source gas. Holding in his hand, he could clearly feel the majestic fluctuation of thunder and lightning inside. Even his ears seemed to hear the thunder roar.

"This thunder source crystal is a spirit thing growing near the thunder source rune. It absorbs the breath of thunder source Rune for years and has a very domineering thunder heavenly power."

"Ten thousand years ago, our Qin family found this Lei Yuanjing. Originally, we wanted to refine and absorb it. However, no one in the two schools of sword Qi was allowed to be touched by others. Finally, we had to put it in the warehouse to eat ashes."

Now, you are in charge of Lei Yuan

Qin Xingyun tells the history of Lei Yuanjing.

It turns out that this crystal is actually a spiritual creature growing near the source Rune of thunder. Thunder Tianwei is very powerful. If it can be refined, it will be enough to wash hair and marrow, and greatly refine muscles and bones.

However, because of the dispute between the two schools of Jianqi, this Lei Yuanjing has been sealed up in the warehouse, and no one is qualified to touch it.

Now ye Chen is in charge of the Qin family. This Lei Yuanjing belongs to him.

"Very good. This Lei Yuan Jing belongs to me."

Ye Chen nods with satisfaction. As time goes by, the assembly of Tu Sheng is getting closer and closer. He must try every means to promote himself. This Lei Yuanjing is a good cultivation resource.

"Lord, in fact, we Qin family can get this Lei Yuanjing, we should thank Master Lei Zhen." Qin Xingyun's tone is suddenly low.

"What does it have to do with Lei Zhen?" Ye Chen's heart beat.

Qin Xingyun said: "when Lei Yuanjing was born, there were countless forces who robbed Lei Yuanjing. Our Qin family couldn't grab it, and we were almost killed. Finally, master Lei Zhen made a great effort to turn the tide and seize this crystal stone for us. Unfortunately, we didn't repay his kindness, so he was killed by the people of the prison."

One side of Qin Zhennan also sighed and said: "master Lei Zhen was qualified to take Lei Yuanjing directly, but he didn't do so. In fact, if he refined Lei Yuanjing, his own blood constitution would certainly change against the sky and will not fall today."

"Well, it's destiny. What's going on with Lei Zhen

Ye Chen is holding Lei Yuanjing tightly. He didn't expect that there is such a history behind this crystal.

However, ye Chen did not indulge too much.

After all, people still want to look forward, he will Lei Yuanjing received reincarnation cemetery.

Qin Xingyun said: "Lei Zhen was buried in the back of the mountain. The future has been dealt with. The president is over there. Lord, you can go to worship."

"Good."

Ye Chen converged and went to the back mountain immediately.

At the back of the mountain, on the top of the mountain, a solitary grave stands alone.

In front of the grave, there is a tombstone with the name of Lei Zhen.

Yu Si, the president of Yuantian yuan, is standing in front of the grave in silence, without saying a word.

Cold wind blowing, Yu Si night white hair slightly fluttering, look with desolation, seems to be a lot of old.

"How was your previous trip to heaven prison?"

See ye Chen come, rain Secretary night hard smile, ask.

"Not too bad."

Ye Chen smiles bitterly. On his trip to Tianyu two months ago, Lei Zhen fell down and Xiao shuihan lost his way. He offended the God of Tianyu, which is not good.

However, he finally saw Xiao shuihan and restored his memory of dominating the sword technique in his previous life. He also killed the pursuers sent by the God Emperor of the heavenly prison and wiped out all traces. He would have a chance to reunite with Xiao shuihan next time. So the situation is not too bad.

Yu Si YeYe relieved with a smile and said, "that's good. Master Lei Zhen is my only best friend. Lord, if you take charge of reincarnation in the future and fully understand the six ways of reincarnation, remember to revive him."

Ye Chen said with a smile, "sure."

Yu Si sighed at night: "Alas, before he died, master Lei Zhen said he wanted to see you for the last time. It's a pity You're back now, so you can stay with him. "

Ye Chen said, "well, I know."

Rain Secretary night silently looked at the tombstone, did not say anything, turned away.

Ye Chen alone, left on the top of the mountain, silent, reminiscent of Lei Zhen.

Until night fell, ye Chen finished his worship and was about to go down the mountain. Suddenly, he felt Lei Yuanjing in the reincarnation cemetery, and there was a violent vibration.

"Well?"

Ye Chen is a little confused. He takes out Lei Yuanjing and finds that there is a wisp of soul shaped thing floating on it. It is full of thunder and lightning. It is very strange.

"This is Is the stone fine? "

Ye Chen opened his eyes and looked at that wisp of soul. He was suddenly shocked and instantly saw the many natural secrets.

It turns out that the aura of this thunder source crystal is very rich, and it has been sealed in the Qin family's warehouse for tens of thousands of years. The aura has been completely precipitated, and there are signs of spiritual cohesion and evolution of thunder soul.

Just now ye Chen puts Lei Yuanjing in the samsara cemetery. The crystal seems to resonate with the breath of samsara. It actually evolves the spirit of thunder and is about to give birth to wisdom.

A stone, actually want to give birth to wisdom, this is simply blasphemy of the rules of heaven and earth!

Boom!

All of a sudden, the sky over the yuan Tian Yuan, thunder concussion.

The sound of the thunder of the punishment of heaven was passed on and on.

There seems to be some thunder robbery coming.

The rule of heaven and earth does not allow a stone to be born with wisdom. It is necessary to send down the punishment of heaven and thunder and destroy it directly!

Boom!

The sky thunders, a bucket of thick thunder, crazy down, to destroy Ye Chen in the hands of Lei Yuan Jing.

Chapter 4368

"What a tough thunder robbery!"

Ye Chen's face was greatly shocked. He only felt the thunder robbery in front of him. He was so eloquent and powerful that he was trembling.

If Lei Yuanjing is hit, I'm afraid there is a breath of destruction.

And ye Chen holds Lei Yuanjing in his hand, and is bound to be robbed by thunder, and there is no corpse left.

"Red dust God pulse, guard!"

At the critical moment, ye Chen did not have time to think about it. He immediately opened the red dust God vein, released a bright golden bell jar, and then offered the Geng gold source talisman to protect himself firmly.

Bang bang bang!

One by one, the terrible electric light, mercilessly split on the golden bell cover, sent out the terrible shock.

The whole golden bell jar is buzzing and countless runes are jumping.

Ye Chen was almost shocked to vomit blood and his face was frightened.

In the past, he had a little bit of preparation in advance, but this time, the thunder robbery suddenly came, making it impossible to prevent.

What's more, the thunder robbery is not for him, but for Lei Yuanjing!

He's just innocent!

The terrible thunder robbery shocked the whole Yuantian courtyard and even the whole underground city.

Countless surprised eyes, one after another to look at the source of heaven behind the mountain.

"What's going on?"

"Does respecting major as a breakthrough cause thunder robbery?"

"What a powerful atmosphere of thunder!"

Yu Si ye, Qin Zhennan, Qin Xingyun, Qin Tianyu, Qin Wufeng, Yu Yingxue and others all came to the foot of the mountain.

Looking at the terrible thunder and lightning covering the whole mountain, everyone's face changed.

"The Lord is still on it. Go and save the man!"

Rain Secretary night to detect bad, the thunder robbery is not trivial, the weather is too extraordinary, even he felt a burst of pressure.

Even if ye Chen is more powerful, it is impossible to block such a violent thunder robbery.

This is even the origin of the strong, are afraid of the existence!

Rain Secretary night want to save people, but the whole mountain, are covered in dense thunder and lightning, can not enter at all.

If you break through, you will be seriously injured if you don't die.

Boom!

Thunder robbery is more and more terrible, the strong purple lightning, towards the people to kill.

"Damn it!"

Yu Si's face was heavy at night, and he quickly withdrew.

Others are also quite a bit embarrassed, to avoid the attack of thunder robbery.

Everyone looked at each other with a dignified look on their faces.

How can ye Chen survive such a terrible thunder disaster?

In case Ye Chen is crushed by thunder robbery, what should yuantianyuan do?

People want to go to the rescue, but the raging thunder, constantly exploding, and even faintly erupts the breath of dayuanshu. Outsiders can't get close to it.

"Is this thunder robbery related to Lei Yuanjing?"

Qin Xingyun and Qin Zhennan look at each other, vaguely catching the thunder robbery, with the breath of thunder source symbol.

This breath seems to come from Lei Yuanjing!

Is it that Lei Yuanjing caused the thunder robbery?

Two people guess, but unfortunately, thunder robbery is too strong, even if they guess the source, also can't help Ye Chen.

.....

At this time ye Chen, a person standing on the top of the mountain.

All he could see was purple lightning.

Countless purple lights, gathered into the ocean, crazy toward him.

"Damn it, the thunder robbery seems to be a little tricky!"

Ye Chen bit his teeth, Lei Yuanjing triggered the wave of thunder robbery, which made him extremely frightening.

Such a terrible thunder robbery, even ye Chen, also felt great pressure.

He could only use his whole body's spiritual power to continuously urge the Geng gold source talisman to maintain the golden bell cover of the red dust God pulse.

However, under the bombardment of endless thunder and lightning, the golden bell jar gradually showed signs of collapse.

Click!

Finally, ye Chen's body guard golden bell cover, completely disintegrates, turns into a wisp of broken golden light disappears.

Ye Chen's whole person, like a lonely boat, is completely engulfed by the boundless ocean of thunder and lightning.

Boom!

Trapped in the boundless sea of thunder, ye Chen thought he would fall, but strangely, he was safe and sound.

Not even a little pain.

In the samsara cemetery, a stone tablet suddenly vibrates.

"Is there a new power to wake up to?"

Ye Chen's heart suddenly moved.

"Ha ha ha, what a magnificent thunder robbery, just to nourish my soul!"

A burst of hearty laughter came out from the samsara cemetery.

Ye Chen clearly saw an old figure floating out of the stone tablet.

This figure is full of thunder and lightning.

These lightning, the color is different, gold lightning, purple lightning, silver lightning, black electricity, red thunder green electricity, countless colors of lightning, constantly cross reflected, very gorgeous.

Among countless thunder and lightning, Shenxia flame, showing incomparable domineering momentum. "I am the king of robbing thunder, controlling the thunder and lightning in the world!"

The old man opened his arms, and his voice was as loud as a bell.

His body, with a terrible suction.

The atmosphere of the outside world was absorbed by him.

Crackling!

After absorbing a lot of thunder and looting breath, the thunder and lightning that haunts the thunder and lightning of Jielei Zun is more majestic. It seems that he has been nourished by the sky. Even his spirit figure has become much clearer, and the strong man has a strong prestige.

"Xinda Neng, the king of robbing thunder!"

Ye Chen's eyes open wide, only feel the endless thunder breath, flutter to the face.

The thunder robber is very magnificent and shocking.

What's more, it seems that the skill of robbing thunder Master can absorb thunder and lightning!

The explosion of the outside world, crazy absorbed by him.

Therefore, even if ye Chen fell into the sea of thunder and lightning, he did not feel any discomfort.

Because, all the thunder and lightning breath, all was swallowed by the thunder Lord!

"Boy, are you the reincarnation master of this life?"

With a trace of coldness and pride in his eyes, Jielei looks down at Ye Chen.

Ye Chen's cultivation is only to mend the sky, which naturally can not attract the attention of Jielei Zun.

"Ye Chen, I've met my predecessors."

Ye Chen arched his hands, a burst of joy in his heart.

This time, Lei Yuanjing caused a thunder robbery. He thought that there would be a disaster, but he didn't expect that Xinda could recover.

"Ha ha, you are very polite, but it's a pity that your cultivation is too bad. If the reincarnation master of the previous life is here, what's the point of thunder robbery?"

Jielei Zhizun looks aloof and arrogant, and still doesn't pay attention to Ye Chen.

"Yes, the boy's cultivation is low. At present, thunder robbery is rampant. Please help me to resolve it."

Ye Chen smiles and doesn't argue.

He knows that most of the great powers in the samsara cemetery are eccentric people. He has not shown enough strength to attract the attention of thunder robber.

"It's just thunder robbery. It's not worth mentioning."

"The thunder body of the great wilderness has been absorbed by me!"

The thunder robber roared up to the sky, and his body exploded with thunder. A terrible attraction came out continuously.

Outside the tomb of samsara, a series of thunder and lightning, as if hundreds of rivers returned to the sea, gathered in the samsara cemetery, and were absorbed and devoured by the robber Lei Zun.

"Boy, take a good look!"

"This wild sky thunder body is one of the thirty-three Tianhong Mongolian methods. It can absorb the general thunder and lightning essence and refine the muscles and bones of life."

Chapter 4369

"My understanding of the thunder method has greatly improved the Dharma formula of the thunder body in the great wilderness. Now this ancient method can absorb any thunder and lightning in the world. Even if it is a thunder robbery, it can be used for myself!"

"The supreme profound meaning of the thunder body in the great wilderness is called" wanlei extermination "!"

"This is my original skill. It's a power accumulation technique. If the thunder and lightning are accumulated to the extreme, it can break out and destroy the world. It's very destructive."

The thunder robber's eyes leaped with lightning, and there was a faint aura of ancient times.

The wisps of red Mongolian spirit linger in the air, and turn into ancient Dharma formula words, which are flying and dancing around the body of Jielei Zhizun.

Ye Chen looked at those ancient words of Dharma formula, and all kinds of wonderful methods of Da Huang Tian Lei's body were reflected in his mind.

Da Huang Tian Lei ti is the only magic power in the 33 Tianhong Mongolian Dharma. It can absorb the essence of thunder and lightning and refine muscles and bones.

Ye Chen's constitution is very strong. If it is the general Da Huang Tian Lei body, it is impossible to bring him any gain.

But it was the improved version of Da Huang Tian Lei that was taught to him by Jielei!

Even the legendary ancient method of Hongmeng can be improved!

Now ye Chen's understanding of the great famine thunder body can not only absorb the essence of thunder and lightning, but also absorb the natural disasters caused by thunder.

Even, he can accumulate the power of thunder and lightning, and then use it to release the supreme mystery of "wanlei exterminating the world"!

The power of wanlei annihilation is no worse than Dayuan technique.

"Thank you for your contribution

Ye Chen is pleasantly surprised. He has already understood the profound meaning of the great waste of thunder and the destruction of the world.

"Don't thank me. Your cultivation is so bad. I don't want you to lose the face of the reincarnation master!"

Jielei Zhizun snorted faintly. He taught the skills only in the face of the reincarnation master.

Woo Hoo Hoo!

Between the two people talk, the outside world of thunder robbery fluctuations, constantly weakening.

The thunder and lightning stopped and dissipated gradually.

Between heaven and earth, the restoration of clear.

All the thunder robbed Zidian, all were absorbed by the thunder Lord!

"Ha ha ha ha, very good, very good, so much thunder robbed essence, enough for me to make up a field, when I return to my true body in the future, my cultivation will be able to break through."

The king of Rob thunder looked up to the sky and laughed. He was in a very good mood.

Absorbed a lot of thunder looting essence, he was all purple lightning, crackling and exploding, and the faint thunder roar, constantly burst out.

Although he is a ghost and his body is still locked, he can still absorb the essence of thunder and lightning. When his soul returns to his real body, the accumulated lightning energy can make him advance rapidly.

"Master, there is a Lei Yuanjing here."

Ye Chen's heart move, will leiyuanjing out, want to give to rob Lei Zun.

This leiyuan crystal has a faint sign of developing thunder soul and giving birth to intelligence. It is very rich in aura.

If you let rob thunder Master absorb, his strength can be greatly enhanced.

After ye Chen borrows his strength, may erupt the greater power!

Therefore, ye Chen gave up the idea of absorbing himself and gave it to Jielei to keep a card for himself.

"No, how can I covet the things of your younger generation?"

Rob thunder's Zun actually shakes his head, has no interest to receive ye Chen's gift.

"Master..."

Ye Chen was a little surprised. He didn't expect that Jielei Zhizun was so arrogant that he didn't accept the gifts sent to his door.

"Keep this crystal stone by yourself. Next time thunder disaster comes, you can call me out. Ha ha, the natural disaster power of thunder robbery is more nourishing than ordinary thunder and lightning essence."

Rob Lei's master squints and smiles, as if enjoying the delicious thunder disaster gas.

Ordinary people regard thunder robbery as a natural disaster, but in the eyes of thunder robber, it is a great tonic.

The atmosphere of the outside world, completely dispersed.

The body of Jie Lei Zhi Zun is hidden in the stone tablet again.

Ye Chen is shocked. The temper of the robber Lei Zhi Zun is really weird. It seems that it is not easy to ask him to help.

"Thunder robbery stopped?"

"How did the thunder robbery suddenly disappear?"

"Is something wrong with the Lord?"

"Go and have a look!"

At the foot of the mountain, the rain Secretary night and others saw that the thunder robbery which was just raging all over the sky suddenly disappeared at the moment. Everyone was extremely shocked.

All rushed up the mountain, only to see ye Chen alone, standing in front of Lei Zhen's tomb, there was no sign of injury on his body.

"Lord, are you all right?" Rain Secretary night worry asked.

"It's OK." Ye Chen shakes his head and smiles.

People look at each other, do not know what happened, they naturally do not know the secret of the reincarnation cemetery.

"The thunder robbery was caused by me. It's over. You don't have to worry about it. Plan the butcher's meeting." Ye Chen straightened his face and didn't reveal too many details.

"Yes

They all agreed in unison. Although they had doubts in their hearts, they didn't ask much. They believed in Ye Chen's plan.

The most important thing in front of us is the slaughtering ceremony!

.....

At this time, heaven prison, prison spirit Pavilion.

The black cloud bear is killed, and the breath of causality is transmitted back to the heaven prison, which has been captured by the heaven prison God Emperor.

"The black cloud bear was killed

In the attic of the God Emperor, the heaven prison God Emperor was extremely angry and could hardly believe it.

"This is impossible, ye Chen that boy, with his strength, can't kill the black cloud bear!"

"Under the black cloud bear's hand, there are three heavenly prison blood saints. How could they be killed?"

The emperor of the heavenly prison paced back and forth, only to feel strange.

Although ye Chenwu road has a strong foundation, even if it is to mend the sky, it also has the strength to match the initial stage of the original state.

But the black cloud bear, the strength is enough to reach the middle of the original state, and there are three Heaven prison blood Saint Dharma protectors.

In the face of the huge gap in the realm, even if ye Chenwu road to heaven, there is no chance to win.

The God Emperor of heaven prison didn't understand. He just deduced the cause and effect. He could only deduce that the black cloud bear was killed by Ye Chen. As for the specific details, he did not know at all.

Ye Chen did not let a living, no information was brought back to the prison.

"Somebody

The emperor of the heavenly prison was angry. The black cloud bear was his favorite. He was ready to cultivate into a supreme beast. Now he was killed by Ye Chen. He was extremely angry in his heart.

Moreover, ye Chen is the old master of Xiao shuihan. He just wants to tear Ye Chen into pieces.

After a few days, he quickly stepped into the attic, bowed and said, "Lord God!"

Heaven prison God Emperor said: "send out all the heaven prison hell saints, go out and kill Ye Chen that boy!"

Smell speech, these days prison ghost saint, all is surprised.

In order to hunt down Ye Chen, he sent all the heavenly hell saints. It seems that this time, the God of heaven prison has moved his belief of killing Ye Chen and will kill Ye Chen at all costs.

"Yes, my subordinates!"

The emperor ordered such a mountain that the hell saint of the prison in the past few days was surprised and immediately accepted his orders.

Chapter 4370

Heaven prison God Emperor said: "Ye Chen that boy, may be in Yuan Tian Yuan! Although I don't know what means he used to wash away my mark, the old man, master Lei Zhen, seems to have fallen in Yuantian courtyard. The boy will surely pay homage to him. Go to yuantianyuan and you may find his whereabouts. "

"Yes

All of them accepted their orders in unison. They were about to turn around and go back and gather people to kill yuan Tian Yuan.

"Wait a minute."

However, at this time, a deep and cold figure, with a sword at his waist, strides into the attic.

It's Xiao shuihan!

The emperor of heaven prison frowned and said, "the water is cold. Why are you here? Go back and have a good rest. "

Xiao shuihan shook his head and said: "God Emperor, I think it clear that you treat me as a mountain of kindness. I can't betray you. I'm going to go to Yuantian yuan in person and bring ye Chen's head back to see you."

"What!"

Hearing Xiao shuihan's words, the emperor was overjoyed and could hardly believe his ears.

Xiao shuihan said: "you said I have an old master, but I can't remember it. I only know that ye Chen's appearance disturbs my Taoist heart. I have to kill him to prove the transformation of Tao and even become the soul saint of heaven prison!"

"You want to kill yourself? Good, good! "

It seems that Xiao shuihan has really forgotten the old lord's love affair. Now he intends to kill Ye Chen himself, which also represents the attitude of breaking away from the old lord.

In the heart of the heavenly prison God, he was very happy.

"Lord Xiao, can I help you?"

In those days, the prison was holy and his eyes were blazing.

It's extremely dangerous to kill Ye Chen. After all, even the black cloud bear has fallen. If they dare to challenge Ye Chen's edge, they are in danger of killing themselves.

But all the people in the prison are bloodthirsty murderers. None of them is afraid of death. They all want to improve their own strength and pursue a higher realm in the endless killing.

"No, I can go alone."

Xiao shuihan waved his hand and turned away from the attic.

Looking at Xiao shuihan's back, the emperor of heaven prison suddenly felt a little frightened.

He was afraid that Xiao shuihan would never come back.

He spent too much effort on Xiao shuihan, and could not tolerate any accident!

"The water is cold. Wait a minute."

The God Emperor of Tianyu stopped Xiao shuihan and waved his hand. He condensed a pill and said, "this pill can nourish your qi and blood. If you take it, it will be good for your health."

"Well, thank you very much."

Xiao shuihan didn't think much about it. He took the pill directly and felt that his Qi and blood were smooth and comfortable.

This pill obviously infuses the Qi and blood of emperor Tianyu. After taking it, it has the effect of nourishing the body.

The God Emperor of heaven prison looked at Xiao shuihan and took the pill, and immediately appeared a happy and satisfied smile.

In fact, this pill, he secretly made a hand and foot, which contains a trace of law fragments that affect the spirit.

If Xiao shuihan's spiritual memory recovers after he leaves and remembers the things of the old master, then this pill can distort his will and make him mistakenly think ye Chen is xuanjiyue!

The God of heaven prison left a hand, which can guarantee Xiao shuihan's loyalty.

He still has a big problem which has not been solved. He needs the strength of Xiao shuihan!

"Well, you go. With your strength and the green wood source Rune I gave you a few days ago, it's enough to crush Ye Chen."

The emperor of heaven prison smiles to see Xiao shuihan off. If Xiao shuihan hands, ye Chen will surely die.

"Lord God, I'm going to leave first. When I come back, I will present Ye Chen's head on his neck!"

Xiao shuihan leaves and strides away from the prison Pavilion. At his feet, there are vines, big trees and flowers, which are faintly active, and the Runes of green trees are flowing.

Numerous green plants are connected to form a transmission channel.

Xiao shuihan stepped on the channel and sent away directly.

It turned out that a few days ago, Xiao shuihan lost his memory, and his head ached day and night, almost tearing.

In order to relieve Xiao shuihan's pain, the emperor of heaven prison gave him the green wood source talisman.

Aoki Yuan Fu is one of the ten source symbols. It contains strong vitality essence. After refining, the physique and physique of the tree is greatly enhanced, and it can also incarnate the celestial emperor in the sky, and control the vegetation plants, which is very magical.

This green wood source talisman is also a treasure in the prison spirit Pavilion. The emperor of heaven prison was so generous that he gave Xiao shuihan a gift. It can be seen that his love for Xiao shuihan is beyond compare.

Ye Chen wants to take away Xiao shuihan, which naturally violates the taboo of the God Emperor of Tianyu and must be pursued and killed.

.....

Yuan Tian Yuan, a secluded forest.

Ye Chen sits on his knees, holding a purple crystal stone in his hand. He is refining silently.

This crystal, of course, is leiyuanjing. Wisps of soul like haze, surrounded by leiyuan crystal, the whole crystal has the signs of developing spirit and wisdom.

"The thunder body of the great wilderness has been suppressed by me!"

Ye Chen naturally won't allow this kind of thing to happen. Once Lei Yuanjing becomes a fine and turns into a monster like the stone demon mountain monster, it's not easy to clean up.

Taking advantage of the thunder and lightning spirit has not yet taken shape, ye Chen runs the magic method of the great waste of thunder body and directly suppresses it.

Click!

Suddenly, the whole leiyuan crystal, completely split.

A succession of magnificent thunder and lightning essence, continue to spread out.

Ye Chen runs his internal skill and absorbs it fiercely. He also devours the soul of thunder and lightning.

A lot of thunder and lightning essence flows into Ye Chen elixir field.

Ye Chen has just learned the thunder body of the great wilderness with the master of robbing thunder. With his current cultivation, he is not qualified to absorb thunder robbery. However, it is very easy to absorb the general essence of thunder and lightning.

Soon, the aura of Lei Yuanjing was absorbed by Ye Chen.

Originally, the crystal stone, which was full of purple light, suddenly turned into the shape of waste soil and stone, and lost all its luster.

All the energy of Lei Yuan Jing is stored in Ye Chen Dan field.

Boom!

Within ye Chen's viscera, there was a faint thunder roaring out.

His Dantian, completely become a purple ocean of thunder and lightning.

If you change to someone else, you will be killed if you accumulate such a magnificent lightning essence.

But ye Chen's constitution is strong, does not have the slightest discomfort, under the stimulation of endless thunder and lightning, the whole body Qi and blood spirit is uplifted on the contrary.

However, these lightning essence, ye Chen did not refine, but all stored up.

His constitution, already strong enough, does not need to rely on the great wilderness thunder body to refine.

What he wants to do is to accumulate lightning energy to prepare for the "wanlei annihilation" in the future.

Wanlei exterminates the world is the original meaning of thunder method created by the king of robbing thunder. It is born out of the body of thunder in the great wilderness. However, its power has exceeded that of the ordinary Hongmeng ancient method. It has the mystery of Dayuan technique, and the heavenly power is fierce.

"If I release" ten thousand thunder to destroy the world "now, I think I can kill the experts in the early stage of Shiyuan territory at one time
