Chapter 4381

When one of their comrades lost their fighting power, the four men did not have the slightest pity. Instead, they took the opportunity to take people as sacrifices and form a thunder robbery array.

Ye Chen's pupil shrinks. As expected, all the people in the prison of heaven are crazy. They kill people without blinking an eye. They also take their companions to sacrifice to heaven without any hesitation.

Boom!

Between heaven and earth, thunder is mighty.

The pressure of thunder robbery is getting stronger and stronger.

Under the cover of thunder clouds all over the sky, ye Chen only feels that he is a mole ant, and will be crushed at any time.

This sky prison thunder array, the pressure is too terrible, once the thunder robbery comes, ye Chen can be sure that he will not have any dregs left and will die.

"Tut, this thunder robbery is good!"

At the time of Ye Chen's crisis, there is a sound of surprise coming out from the samsara cemetery.

It's the king of robbing thunder!

The thunder robbery wave of the sky prison thunder array directly attracted the attention of the thunder robber.

Looking at the thunder robbery which is about to break out, the king of robbing thunder narrowed his eyes with joy in his eyes.

He is obsessed with thunder robbery. He wants to swallow and absorb the thunder and lightning breath between heaven and earth.

In the eyes of ordinary people, the terrible thunder robbery which is enough to destroy the heaven and earth is a great tonic in the eyes of the thunder robber.

"There is still the breath of heaven prison. Hehe, the thunder robbery of the prison is just for me to raise my body!"

On that day, he went back to Lei Zun with laughter.

Brush!

In an instant, ye Chen, the king of robbing thunder, flies to the center of the thunder array.

"This boy is crazy!"

"Ha ha, boy, you don't have to worry if you want to die."

"Well, since he wanted to die, he directly suppressed it!"

"Heaven prison thunder robbery, come on!"

Four people see ye Chen fly into thunder array, can't help laughing.

In their eyes, ye Chen has been crazy, dying, insane, even broke into the thunder array to die.

In that case, they are no nonsense.

The four people kneaded the formula and urged the thunder array of heaven prison.

Boom!

Nine sky sky sky, endless thundering sea, roaring down.

A silver gray lightning, with a succession of terrible heaven prison pressure, crazy explosion in Ye Chen body.

Such a terrible thunder robbery, even if it is the top master of Shiyuan territory, will be killed!

After all, the sky prison thunder array, to take the martial arts of the original territory as a sacrifice, how powerful the thunder robbery is.

Boom!

The thunder plunder is turbulent, stands in the earth's huge wall, is first blasted to pieces.

On the other side of the huge wall, Xiao shuihan is fighting with three powerful men in the sky. He is also stunned to see the shocking picture of thunder robbery all over the sky.

"Master!"

Xiao shuihan stares at Ye Chen dead and frightened.

Ye Chen, at the moment, is in the center of the thunder robbery, bearing the strongest pressure.

Boom!

The thunder burst, the whole secret land of Wutu accelerated to collapse, completely disintegrated, and fell into pieces of broken soil.

The whole sky, only endless lightning in beating.

The sky prison thunder array was suspended in the air, as if to destroy the sky and stars, and the terrible thunder power broke out to the extreme.

Ye Chen body in the thunder array, but emerged a trace of ferocious smile.

Boom!

Crackling!

Countless thunder, countless lightning, fell on Ye Chen.

But ye Chen has the honor of robbing thunder. At this moment, he is the respect of robbing thunder!

The terror of the sky prison and thunder robbery did not hurt him at all.

On the contrary, the breath of Ye Chen is still bursting, and his muscles are uplifted one by one, as if there are towering forces converging.

Ye Chen did not fall, but absorbed the energy of thunder robbery and grew stronger and stronger.

"Damn it!"

"This boy, thunder rob can't destroy him?"

"It seems that he is still absorbing thunder robbery!"

"How could that be possible?"

When they saw this scene, they were completely shocked and their eyes showed great fear.

At the moment, ye Chen, absorbing thunder robbery, seems to incarnate the God of thunder, and the whole person bursts out with incomparably turbulent prestige.

"Ten thousand thunder, fall!"

When the breath of thunder robbery is absorbed to the extreme, ye Chen's eyes are suddenly sharp, and he drinks violently when he looks up to the sky. With a wave of his hand, the thunder robbery he has just absorbed suddenly bursts out.

Countless thunder and lightning dragons, countless lightning Phoenix, countless thunder and lightning beasts, and countless lightning swords, lightning axes and hammers, thunder and lightning soldiers and generals, roared and roared, converged into a torrent, and went crazy to kill around.

This move, it is all thunder to destroy the world.

However, the power of this move wanlei annihilation, compared with Ye Chen just released, I do not know how many times more powerful.

Key, these thunder robberies also absorbed the power of those who are strong in the sky prison! At the moment, the power is equal to the power of the strong man in heaven prison + the king of Rob thunder + Ye Chen!

Under the roar of thunder and lightning, it even evolves the vision of dragon, Phoenix, sword, beast and general, which is very spectacular.

This is not the power of Ye Chen, but the Tianwei of Jielei Zhizun!

Ye Chen, the king of robbing thunder, absorbs a lot of thunder robbers, and then accumulates strength to strike. It is simply destroying the heaven and the earth.

This is the real wanlei annihilation!

"My God."

Everyone's face changed. The scene of thunder and lightning in front of us is so terrible that no one can resist it.

A group of strong Tianjian, completely lost the fighting spirit, hurriedly turned around and ran away, trying to avoid the killing of thunder robbery.

However, where is the thunder Tianwei that robs Lei Zhizun so easy to avoid?

Boom!

The boundless sea of thunder and lightning swept across the land and the wasteland.

One by one, one by one, was flooded by thunder and lightning, sending out shrill screams.

Under the bombardment of innumerable thunder and lightning, their bodies burst into pieces and turned into bloody rain all over the sky. All their vitality was destroyed, and all traces of cause and effect were erased.

In the face of the bombing of thunder robbery, Xiao shuihan raises his long sword. The supreme law condenses like an iron wall and firmly guards himself.

There is also the origin of green wood, also burst to the extreme, a continuous green light to form a vine, intertwined, into a big cocoon, firmly wrapped him.

Boom!

Thunder robbed and killed, the vine cocoon was broken, Xiao shuihan's long sword vibrated, and almost got rid of it.

The king of Rob thunder is arrogant in the world. This one hand of wanlei destroys the world, and almost even Xiao shuihan will be injured!

"Xiao!"

Ye Chen is very anxious. Seeing Xiao shuihan injured, he wants to rescue him.

"Don't go there. He's going to get lost!"

Stop the thunder.

Ye Chen heart a shock, see Xiao shuihan's eyes, there is black gas to emerge again.

A quarter of an hour is coming, and Xiao shuihan is about to fall into darkness.

"Let's go. He's not over yet."

Rob thunder's voice is bleak, also can see the problem of Xiao shuihan.

Xiao shuihan is about to get lost. This is his calamity. Outsiders can't interfere with him, otherwise he may be harmed.

Now all the strong men in the heavenly prison are dead. The cause and effect here will not be revealed.

Ye Chen is at least safe.

As for Xiao shuihan, they have no chance to reunite.

The heavenly prison God Emperor's methods are fierce, and now he still controls Xiao shuihan's spirit. It is not easy for ye Chen to save him.

"Master, do you want me to watch him sink?"

Chapter 4382

Ye Chen bit his teeth and now Xiao shuihan is injured. Even if he is lost and crazy again, he can easily suppress him and take him away.

Jielei Zhizun snorted and said: "if you make a decision, you will be broken. Don't be a mother-in-law. Go quickly. You are so powerful. Do you still want to fight against the God of heaven prison? Do you know who the heavenly prison God is? The other side is one of the twelve ancient deities. He was once the servant of the superior and participated in casting the ten source runes. You only have to mend the heaven realm. What do you take to fight against others

The heart is cold.

Jielei Zhizun is right. The heavenly prison God is powerful. He is not an enemy.

"You don't have to worry too much about the affairs of the heavenly prison God. Think about the butcher's meeting. This is your disaster! If this robbery fails, it doesn't matter if you die. My real body will perish forever, which is not good. "

Jielei Zhizun's tone is severe, reminding Ye Chen to see the situation clearly.

The butcher's meeting is the most important thing for ye Chen.

If we can win the cold water, it will be better.

However, if Xiao shuihan is lost, there is no need to bear the risk of tearing his face with the emperor of the heavenly prison and forcibly take him away.

The enemy Ye Chen faces in this slaughtering meeting is strong enough.

If the heavenly prison God Emperor also follows, the situation will not be able to deal with!

Ye Chen's face is heavy, and Xiao shuihan is in front of him. It's not easy for him to leave empty handed?

"Xuanjiyue, I will kill you!"

Suddenly, Xiao shuihan's eyes were black, and he fell into madness. He stabbed Ye Chen with his sword.

It's a quarter of an hour.

Xiao shuihan is lost again!

Disturbed by the law of heaven, Xiao shuihan's memory is confused, and he only thinks Ye Chen is xuanjiyue.

He roared and killed Ye Chen with a sword.

"Xiao..."

Ye Chen's eyes, with a trace of compassion.

"Don't talk nonsense, go on, be decisive, don't damage the layout of the reincarnation Lord."

Jielei's face is gloomy. He borrows a drop of blood from ye Chen to create a phantom.

Hiss!

It's the sword of Xiaohan.

The whole phantom is completely destroyed, and a drop of blood essence is suspended in the air.

"Hahaha, xuanjiyue, I finally killed you!"

Xiao shuihan laughs wildly and looks like a madman.

And ye Chen, in rob thunder of the Zun under the body, has quietly fly away.

"Hahaha, xuanjiyue, tens of thousands of years ago, you are finally dead!"

Xiao shuihan was alone, hanging in the air, laughing and shouting, waving his sword like a madman, and he did not know who he wanted to kill.

"Xiao, one day, I will set foot on the heaven prison and bring you back."

Ye Chen is silent. He looks back at Xiao shuihan deeply. His sight is gradually blurred. Finally, he can't see anything. In front of him, there are only blue sky and white clouds.

Xiao shuihan takes a drop of blood from ye Chen, looks up to the sky and laughs, and returns to the heaven prison.

This drop of blood was deliberately left by Rob Lei. He wanted to give some information to the God Emperor.

90% of the information is true.

Only 10% is false.

Jielei Zhizun did some tricks, true or false, he wanted to let the heavenly prison God Emperor relax his vigilance.

At least, before the end of the assembly, he didn't want the emperor to appear.

.....

The attic, the heaven prison.

The empty shadow of the God Emperor of the heavenly prison stands with his hands and his face is dignified.

He deduces cause and effect, but he is cut off by the Wu Tu Yuan Fu and can't see anything.

"Newspaper! Lord God, Lord Xiao is back! "

A disciple came in to report.

"Let him in!"

Heaven prison God Emperor immediately happy, Xiao shuihan can come back, he can breathe a sigh of relief.

"Lord God."

Xiao shuihan stepped into the attic and arched his hands toward the God of heaven prison.

"Well? Do you understand the supreme law? "

Heaven prison God Emperor's eyes a congealed, show incomparably surprised look.

He felt that the pressure on Xiao shuihan was very strong.

There is actually the overlord of the superior!

This is the edge of the supreme law!

Obviously, Xiao Shui's cold hearted breakthrough in this mission has already grasped a trace of the supreme law. Although it is only a very shallow one, it is also enough to make earth shaking.

The law of the superior is not a joke, even a little pressure can crush the sky.

As long as Xiao shuihan is given enough time, it is not a problem for him to surpass the God of heaven.

"Lord God, I killed xuanjiyue."

Xiao shuihan licked his lips, and his eyes were full of ferocity, like a murderous maniac, sacrificing a drop of blood essence.

"This This is... "

With a wave of his hand, the emperor of the heavenly prison captured the drop of blood essence. However, he did not catch the breath of Xuanji moon, but felt the cause and effect of Ye Chen. "Ha ha, you killed xuanjiyue, very good, very good."

The emperor of the heavenly prison did not change his voice and laughed heartily.

He had previously fed Xiao shuihan a Tianyu pill, which had tampered with Xiao shuihan's memory and made him think that ye Chen was xuanjiyue.

Therefore, Xiao shuihan said that killing xuanjiyue was actually killing Ye Chen!

"Ye Chen, that boy, was really killed by him?"

Heaven prison God Emperor in mind, secretly holding this drop of blood essence, deduce cause and effect.

Boom!

In an instant, the mystery of heaven broke through.

Heaven prison God Emperor sees, ye Chen's heart, by Xiao shuihan a sword penetrates, thoroughly kills!

If he had been there, he might have discovered the truth immediately.

But here, with the help of this drop of blood essence, you can only see the "truth" arranged by Jielei Zhizun!

"Really dead?"

The emperor was a little surprised and couldn't believe that things would go so smoothly.

Although this drop of blood essence has cause and effect, it is too easy to deduce, which makes people suspect that there is fraud.

The emperor was very cautious and didn't believe it easily.

This is what Jielei Zhizun did in this drop of blood.

The only false information is that ye Chen is killed!

In fact, what Xiao shuihan killed was just the phantom of Ye Chen, not the real body.

"Lord God, xuanjiyue is my old enemy. I killed him today and cleaned up the evil in my heart. I want to go to Taishang gorge and try to cut off my love again!"

Xiao shuihan is happy. His memory is affected by his loss. He has been a little crazy. He has forgotten all the old masters, ye Chen and other tasks.

All he knew was that he killed xuanjiyue, cleared his mind of demons, and made great progress in his cultivation. He could fight for love again.

"Oh, don't worry."

The God of heaven prison waved his hand, but his eyes were extremely dignified.

He used the law of heaven prison to tamper with Xiao shuihan's memory. Although Xiao shuihan was dead hearted, there was also a huge risk.

Now Xiao shuihan is crazy and has lost his previous calm and resolute. Once he is completely lost, even the God Emperor of Tianyu can't control him any more.

"The ten Heavenly prison dark saints I sent to help you, how are they? Where are the people? "

The emperor of heaven prison asked carefully. Now only Xiao shuihan came back, and all the other ten people were gone.

"They I killed some people, and others seem to have been killed by thunder

Xiao shuihan's eyes are fierce and bloodthirsty.

Chapter 4383

"Killed by you

Heaven prison God Emperor a shock, quickly along the hands of blood essence, reverse push the heaven.

Suddenly, he saw a terrible picture.

The ten powerful heavenly prisons were divided into two parts by the huge wall of the earth.

Xiao shuihan fought alone with five men and killed three.

Ye Chen breaks through the sky prison thunder array, controls the thunder robbery, and blasts all the remaining people to death.

Even Xiao shuihan was almost injured by the explosion.

The terrible thunder robbery shocked the God Emperor of heaven prison.

"Ten thousand thunder! This is the legend, the so-called extraterritorial God of thunder rob thunder's secret method! How did this boy do it? "

The God Emperor of the heavenly prison just feels fantastic. Ye Chen can actually use wanlei to destroy the world, which is really beyond his expectation.

In addition, Xiao shuihan killed the same door unexpectedly, which surprised the God Emperor of Tianyu. He asked in a deep voice on the spot: "shuihan, how can you kill the same door?"

Xiao shuihan grinned and said, "Lord God, what I'm going to do is to kill. If you don't like it, you'll kill who. Do you need a reason?"

Hearing this, the heavenly prison God Emperor's face is even more gloomy. Although the Tianyu massacre is prevalent, it is generally not allowed to kill each other at the critical juncture of the mission.

If it was Xiao shuihan before, calm and calm, would not be so willful.

"Forget it. It's my fault. I don't blame you."

Heaven prison God sighed, he used the pill law to tamper with Xiao shuihan's memory. Now the sequelae has appeared. Xiao shuihan is insane and doesn't mean to take the overall situation into consideration.

He did not know, in fact, when Xiao Shui moved the killer, his consciousness was clear.

"Lord God, can I go to Taishang gorge?"

Xiao shuihan can't wait to ask questions, only killing intention in his eyes.

If we can cut off that supreme love, his strength will advance by leaps and bounds.

"It's not the time for you to practice for a while, and then wait until you step into the real world. This time, you killed ye Xuanjiyue, I have made great contributions. I have promoted you to be the soul saint of the heaven prison, and I will give you the treasure of heaven prison. "

With a wave of his hand, a magic weapon flew out and fell in front of Xiao shuihan.

This magic weapon is a lamp. The whole body is simple, burning a wisp of golden light. If there is Buddha sitting in the fireworks, the Buddha is solemn and solemn.

Xiao shuihan was surprised and said, "this is The twelve true treasures of the supreme emperor, Maha limitless lamp

The heavenly prison God Emperor said: "yes, this Maha limitless lamp is one of the most precious treasures of the thirty-three days. It has been refined by the supreme goddess. Its quality is far superior to ordinary magic weapons. It has the majesty of the heavenly Buddha and can suppress all kinds of evil spirits. It can also guard the yuan God and protect the true spirit. It is my heavenly prison treasure. Today I give it to you. In the future, I will fly to the supreme emperor, and you will be the master of the heaven prison!"

According to legend, the Twelve Gods in ancient times, including the heavenly prison God Emperor, were the servants of the supreme heavenly daughter.

The goddess of heaven has twelve pieces of Hongmeng treasures. With her own magic power, she refined all the twelve pieces and gave them to her servants.

These twelve pieces of Hongmeng treasures are collectively called "the twelve true treasures of the supreme emperor". Each of them carries the magic power of the superior. They are of extraordinary quality, of great value, immeasurable and rare in the world.

"In those days, the goddess of heaven left behind a piece of love. The Twelve Gods tried our best, but we could not shake the feelings. Many people lost their magic weapons in the battle."

"For example, the dragon fire cover in the ancestral Dragon Temple, the Yunlei dragon bead in the Dragon Valley, and the Jidao Tiandi chariot in the juechan Palace are all the real treasures of the supreme emperor that were once lost. They were acquired by outsiders, and contained the magic power of the superior."

"I'm lucky. This Maha limitless lamp has never been lost. I'll give it to you today. You should cherish it."

The emperor of heaven prison followed his instructions. Now Xiao shuihan is crazy. He is afraid that Xiao shuihan will be lost completely. This time, he gives the Maha limitless lamp to stabilize Xiao shuihan's mind and prevent him from collapsing.

"Thank you for the reward

Xiao shuihan is extremely surprised. Now in his heart, he only has the idea of becoming stronger and killing.

This Maha limitless lamp is the real treasure of the supreme emperor. After refining, his strength can definitely become stronger!

"Get out of here."

The God of heaven prison waved his hand, and his tone was still dignified.

"Yes."

Xiao shuihan leaves with joy.

Heaven prison God Emperor alone in the attic, staring at a drop of blood essence in the palm, brow locked.

Whether ye Chen is really dead, he has doubts.

But Xiao shuihan and ye Chen should be cut off.

After all, when ye Chen released wanlei to destroy the world, even Xiao shuihan did not let go, without the slightest sense of mercy.

He did not know, at that time ye Chen, was robbed thunder Zun attached to the body.

Everything was arranged by the thunder robber.

"Just, water cold comes back to me, and is controlled by my Maha limitless lamp. It doesn't matter whether ye Chen is dead or alive."The emperor of the heavenly prison shook his head and stopped studying.

In addition to stabilizing Xiao shuihan's mind, he also indirectly controlled the Maha limitless lamp.

As long as Xiao shuihan is still under his control, whether ye Chen is dead or alive will not affect the overall situation.

He just wanted to cut off his feelings as soon as possible, so that he could get rid of his difficulties and soar to the top. As for other things, including the tumultuous assembly, he did not want to pay attention to.

.....

At this time, ye Chen has already returned to Yuantian yuan and briefly told the people what happened in the secret land of Wutu.

However, ye Chen didn't disclose the news of robbing Lei Zhizun. He only said that he practiced the thunder method, killed the enemy by thunder, and retreated by luck.

After hearing this, they were all shocked.

It is not easy for ye Chen to return safely this time.

Although in the end, ye Chen did not bring back Xiao shuihan, but from the overall perspective, the impact is not big.

Because, the foundation of Yuantian courtyard is very strong.

There is no doubt about the strength of the God army!

As long as you master the source God army, even if there is no Xiao shuihan, ye Chen will have the qualification to fight against killing when the butcher's assembly begins!

Ye Chen is also very clear about this. The key point is the butcher's meeting. Although he didn't bring back Xiao shuihan, his plan for the war should not be delayed.

Ye Chen also absorbed Yu Yingxue, Qin Tianyu and Li qingmo into the yuan heavenly army.

The lion dragon with golden eyes, he gave Li qingmo as a war pet.

He has Xiao Huang in, so he doesn't need extra spoils.

There are also Qin, chess, calligraphy and painting. Ye Chen is also placed in the yuan Tian Shen army, hoping that they can break through to a stronger level before the start of the Tu Sheng assembly!

When everything is ready, ye Chen begins to cultivate himself.

At the back of Yuantian courtyard, ye Chen sits on his knees.

A magic charm of yellow light, suspended in front of Ye Chen, a trace of source gas, constantly churning.

It's Wutu Yuan Fu!

"Wu Tu Jing Qi, absorb and refine it!"

When ye Chen's mind moved, he immediately began to refine the Wu Tu Yuan Fu.

Whoa!

One after another, the source gas of loess is continuously pouring into Ye Chen's meridians.

Chapter 4384

This Wu Tu Yuan Fu was originally the object of Ye Chen's previous life. Now he refines it again, so it's very easy.

All of a sudden, ye Chen felt that a large amount of Wu Tu yuan Qi was injected into his meridians. The vast sea seemed to be surging in the Dantian field. His original strong physique became more powerful under the refining of the Wu Tu Yuan Fu!

"I've been promoted to fill the five levels of heaven!"

Ye Chen's eyes are full of surprise, and in an instant he refines the Wu Tu Yuan Fu. He feels that his cultivation is also a sudden improvement, and directly breaks through to the five layers of heaven in the sky mending realm!

"With my present constitution, even if I sacrifice two big source soldiers, I should be able to hold on to it."

Ye Chen grinned and thought in his heart.

Offering sacrifices to Dayuan soldiers can cause tremendous damage to the palace of emperor yuan.

If ye Chen had sacrificed a great source soldier before, it would have been impossible to do so.

Because sacrificing to Dayuan soldiers requires a lot of repercussions. Even the body of the original territory may not be able to bear it.

But now, ye Chen has refined the Wutu source rune, and he has been to the semi underworld before. His physique is so amazing that he is entitled to bear it even if he sacrificed to Dayuan soldiers!

Taichu life taking sword.

Four pole earth shaking hammer.

Eight wild halberds of wild gods.

Nine Yi sunset bow.

Ye Chen thought a move, will own four big source soldiers, all release.

Every big source soldier contains tremendous energy. If you sacrifice, the power will be beyond imagination.

Even if it is the palace of emperor yuan, we should be afraid!

Ye Chen plans that with his current strength, he can sacrifice two big source soldiers. If he wants to sacrifice more, he must become stronger again!

"Boy, do you want to sacrifice Dayuan soldiers?"

Jielei Zhizun is surprised to see ye Chen's mind.

"Well."

Ye Chen nods again and again, and the power of emperor yuan hall is overwhelming. If he wants to solve the crisis of Tu Sheng assembly, he must fight and do dangerous moves!

"Ha ha, it's crazy enough. If all the sacrifices are successful, the palace of emperor yuan will be attacked by you suddenly. I'm afraid the mountain gate will be destroyed by you."

Jielei's master squints his eyes and appreciates Ye Chen's madness.

Offering sacrifices to Dayuan soldiers is a move of the past reincarnation master.

This move can turn the tide in an emergency.

Jiuyi sunset bow is the weapon left by the reincarnation master to Ye Chen.

However, even the reincarnation master did not expect that ye Chen of this life would be so crazy. It is not enough to sacrifice one big source soldier. He even wanted to sacrifice all of them!

"Master, I'm not strong enough. I need your help."

Ye Chen pursed his lips, and the power of emperor yuan hall was too big to match.

He needs the power of Raptor!

If wanlei annihilates the world and comes down at the gate of the palace of emperor yuan, ye Chen feels excited when he thinks about the picture.

"Hehe, if you want me to help you, you can collect more thunder robberies for me."

What Jielei Zhizun wants most is the energy of thunder and lightning. The more the better, the better is thunder robbery. Because thunder robbery contains the divine power of heaven and earth, and the energy is much more magnificent than ordinary thunder and lightning.

Ye Chen asked: "where do I go to collect thunder robbery?"

"I know that there is a place nearby called Du Lei Sheng mountain. Many martial artists will choose this place because when they break through, some of them will be absorbed by the mountain, and their success will be greater."

Ye Chen said, "master, do you want me to cross the Leisheng mountain?"

"Yes, it is! Du Lei Sheng mountain has numerous super thunder robberies, which are controlled by the waste thunder hall. This wasteland thunder hall, in fact, is a branch hall, with its headquarters in the heaven and man region, called the wasteland thunder temple. "

"The master of the temple of Huang Lei, named Fei Lei Shen Zun, is one of the twelve ancient deities. Because of the background of the ancient deity, anyone who wants to cross the Thunder Mountain to cross the loot must pay a high fee."

"I want you to go there and rob others of thunder!"

"As long as enough thunder robberies are collected, I will come to the palace of emperor yuan one day, and I will bomb the whole world with ten thousand thunder. I will keep it and call the emperor Shitian disheartened."

After listening to rob thunder's words, ye Chen is surprised and excited.

It would be better if Jielei Zhizun agreed to take action.

However, he needs to go to the Leisheng mountain to collect the thunder loot for the master.

After all, if there is not enough lightning energy, even if it is rob thunder, it can not play the power of wanlei annihilation.

"OK, master, I'll start right away and go to the Leisheng mountain!"

Ye Chen has made up his mind and is preparing to start.

He laughed and said, "don't worry. If you want to cross Leisheng mountain, your cultivation must be above the heaven and earth. If you want to enter the mountain, you need to pay a lot of extra money. You have dark source rune, Geng gold source Rune and Wutu source Rune in hand. You have a lot of source pills first, prepare gifts, and then set off soon."Ye Chen said, "yes!"

That night, ye Chen refined a large number of small source pills with the help of the energy of the source talisman.

He is active in the hand, alchemy does not need medicinal materials, only rely on endless source gas, can be refined into pills.

In just one night, the xiaoyuandan refined by Ye Chen became a mountain.

So many pills, enough to let him step into Du Lei Sheng mountain.

Ready, ye Chen immediately left the yuan Tian Yuan, toward the Leisheng mountain.

"This is Emperor yuan hall

All of a sudden, ye Chen catches a trace of heaven, and there is a dangerous disaster in front of him.

"Damn it, emperor yuan hall, it's really haunting!"

"When I go to Leisheng mountain this time, I will also meet people from the emperor yuan temple!"

Ye Chen clenches his teeth, instantly insight into the future cause and effect.

This time he went to Leisheng mountain, I'm afraid he was not so secure.

On the other side of the temple of emperor yuan, it seems that they have sent people to cross Leisheng mountain. I don't know what they are plotting.

.....

At this time, emperor yuan hall, the top of the mountains.

Emperor Shitian and Su Yan, the dragon and tiger sword, are drinking on the pavilion at the top of the mountain.

"Lord Su Yan, I failed to capture the Geng Jinyuan Rune last time. It was my miscalculation. I hope Haihan will come back."

Emperor Shi Tian apologized and spoke politely.

Although Su Yan turned to him, he still treated him equally and did not mean to regard him as a subordinate.

Because Su Yan's identity is not simple, he is the embodiment of Liangyi dragon and tiger sword.

The Liangyi dragon tiger sword contains a drop of blood essence from the superior!

The ten source symbols were cast by the superior.

The top ten soldiers are also from the top.

When casting the top ten source soldiers, the superior left a drop of blood essence and placed it on some source soldiers.

No one knows where that drop of blood is.

But according to the investigation of emperor Shitian, the drop of blood essence is in the Liangyi dragon tiger sword!

Therefore, only Liangyi dragon and tiger sword is qualified to cultivate adult form.

This Su Yan, bearing the cause and effect of the superior, is very important. The emperor Shitian did not dare to offend him.

"It's all right. Heaven and earth are the most precious treasures. Those who are destined to live in it. I can't get the Geng gold source talisman. It's because I'm not very lucky. It's no wonder that the emperor Shifu."

Chapter 4385

Su Yan shook his head gently, without blaming the emperor.

"Lord Su Yan, this light source rune is also one of the ten source runes. Although the attribute is not as suitable for you as the Gengjin source rune, it is also a rare treasure. I give it to you."

The emperor Shitian turned his hand and offered the light source talisman to Su Yan as a gift of atonement.

Su Yan was very surprised and said, "my Lord, I can't accept such a heavy ceremony."

Emperor Shitian said with a smile: "it's all right, Lord Su Yan, just take it. It's a little bit of my heart. Besides, I heard that the thunder source rune is reviving at the crossing of Leisheng mountain. I've sent someone to capture it. When the thunder source rune is in hand, I'll give it to you again."

On hearing this, Su Yan was surprised and happy. He said, "the emperor is so polite. How can I dare to accept such a heavy gift?"

Although he said that, Su Yan had no trace and collected the light source symbol.

Naturally, he would not miss such treasures as source runes.

He risked his life to join the emperor Shitian, and it is also proper to get a little reward.

Emperor Shitian said with a smile, "Lord Su Yan, please wait patiently. The thunder source Rune will be brought back soon."

Yan palace seems to have an emergency, you stand up and talk to the emperor

With that, Emperor Shitian turned away.

"From the upper world?"

Su Yan frowned.

Not long after emperor Shitian left, an old man in a water blue Taoist robe, with a look of impatience and impatience, strode up the mountain under the leadership of several disciples of the temple of emperor yuan.

"You emperor yuan hall is so ungrateful. You told me to wait all night. Where is the way to wait for guests?"

The old man was angry and scolded.

"The immortals will not be angry. The general assembly of slaughtering saints is coming. We are all busy in the palace of emperor yuan. If there is anything wrong with you, please forgive me."

Several disciples of the palace of emperor yuan, but with a bitter smile to explain.

"Hum! Forget it. I have a large number of shuiyuanzi. I don't care about you. "

The old man snorted and strode to the pavilion on the top of the mountain. When he saw Su Yan, he was very happy and said:

"Lord Su Yan, long time no see, I finally see you."

Su Yan'an sat like a mountain, looked up and down at the old man and said with a light smile, "shuiyuanzi, how did you come?"

This old Taoist named shuiyuanzi is filled with wisps of GUI water source gas. He is actually the embodiment of GUI water source symbol!

"Oh, don't say it. Tens of thousands of years ago, I was watched by Yu Si ye in Yuantian courtyard and an old man named Lei Zhenren. I was almost swallowed by them. Fortunately, I ran fast and escaped to the upper bound. I was lucky to recover my life."

Shuiyuanzi took a sip of wine and talked about the past.

It turns out that tens of thousands of years ago, yusiye and master Lei Zhen wanted to capture the GUI water source rune. At that time, the GUI water source Rune had already developed into human form and was very smart. When he saw the danger, he immediately fled to the upper world and joined xuanjiyue.

In the end, Yu Si ye and Lei Zhen got only green turtle, the guardian beast of GUI water source talisman.

Water is the source of life. Among the ten source symbols, only GUI water source symbol has been refined into human form.

Among the top ten yuan soldiers, Su Yan is the only one who has developed into human form.

So shuiyuanzi and Su Yan are very good friends.

Su Yan said with a smile: "I see. I haven't seen you for tens of thousands of years. I thought you were dead."

Shuiyuanzi snorted and said, "you are not dead. How can I die? I heard that you have taken refuge in the palace of emperor yuan and come to see you specially. "

Su Yan said with a smile, "what are you looking for me for?"

Shuiyuanzi's face sank and looked around.

About the emperor yuan hall disciples, Zhiqiu quit.

On the top of the mountain, there are only Su Yan and Shui Yuanzi.

"I want to take you to the upper bound."

Shuiyuanzi lowered his voice, and his face suddenly became extremely serious. He approached Su Yan and spoke softly.

"You want to take me to the upper bound? I can't. I've already joined the emperor. "

Su Yan frowned, did not want to think, directly refused.

Shuiyuanzi's eyes flashed with fierce light and said, "do you know who emperor Shitian is? He is the master of heart demons!"

On hearing this, Su Yan kept still and said, "I've known that for a long time, so what?"

Shuiyuanzi looked surprised and said, "since you know he is the master of the heart demon, why do you still want to turn to him? Don't you know that the Lord of heart demons is a big cancer in the heaven and the world, and everyone will kill it? "

Shuiyuanzi thought that Su Yan would be shocked when he heard the news, but he didn't expect that Su Yan had already known.

If you think about it carefully, Shui Yuanzi can see through the real identity of emperor Shitian.

Su Yan said indifferently: "the outsider wants to kill the master of the heart demon. It's an outsider's business, and it has nothing to do with me. Since I have turned to Emperor Shi, I am determined to assist him in completing his overlord." Shuiyuanzi's eyes were round, and he said, "what kind of hegemony does this yin-yang man have? He is just a cancer that wants to destroy the heaven and the world. "

Su Yan said: "it's useless to say more. You can't understand the realm of emperor's interpretation."

Shuiyuanzi snorted and said: "what's his realm? Tell me, this yin-yang man is vicious. Everyone will be killed. I don't want you to be implicated in a fight. So I want to take you to the upper world. My empress is in charge of the destiny. He will dominate the whole world and shake the starry sky. I don't know how invincible it is. You should follow me to the upper world rather than follow the emperor to release heaven . ”

Su Yan said: "the little empress xuanjiyue is a master of fate in vain. She just wants to enslave all living creatures and rule over the world. She is not a good person at first sight. The real good person is only the emperor

Shuiyuanzi laughed and said, "ha ha ha, what do you say, Emperor Shitian is a good man?"

Su Yan said: "yes, no matter the Lord of fate or the master of reincarnation, what they want to do is to enslave all living creatures and become the overlord of the universe. However, what the emperor wants to do is to build a world where everyone is equal, there is no dispute, there is no heart demon, there is no struggle, there is no class division, and all people get along well with each other I don't know where it is higher than the fate of samsara. "

Ha ha, you still want to build a world of Water God? He himself is the master of the heart demon. He is obsessed with killing. Can he have such a dream? Don't be kidding

Su Yan shook his head and said, "you have a demon in your heart, so you don't understand it. Let me ask you, what does the master of the heart demon kill by

Shuiyuanzi said: "of course, it's the heart demon's curse sword!"

Su Yan said: "how does this heart demon curse sword kill people?"

Shuiyuanzi said: "the heart demon curse sword, it is natural to rely on the heart demon to kill."

Chapter 4386

Su Yan laughed and said, "you're right. The heart demon's big curse sword doesn't have any blood or murderous spirit. It just relies on seducing other people's heart demons and makes people's heart demons explode and die. But think about it, how can a person be killed by the heart devil's Curse sword if he doesn't have a heart demon?"

"If a man is really kind and just, has a good character and is pure in heart, how can he be killed by a demon?"

"The emperor has never killed a good man indiscriminately. All he killed was hypocritical."

"For example, the masters of reincarnation and destiny are hypocrites!"

"If they are really virtuous and have a clear conscience, what are they afraid of? We have to spend a lot of time and effort to create a defense line that will last forever. It's ridiculous if we are facing a big enemy! "

"Do you think about this truth? If you really have a clear conscience, how can you be afraid of heart demons? The real big cancer is not the master of the heart demon, but the evil in your own heart! Because you have a guilty conscience, because you are not a good person, because you have evil thoughts in your heart, you are afraid of being entangled by the evil spirit

Su Yan talked to each other, and shuiyuanzi was speechless.

"This This... "

Shuiyuanzi was confused. He always felt that something was wrong, but he didn't know how to refute it.

"In the universe, the universe and the sky, all people regard the Lord of heart demons as a big cancer because of their bad conduct and evil thoughts, so they are so afraid."

"What emperor Shi wants to do is to kill all these hypocrites and leave the truly kind-hearted people behind!"

"The emperor wanted to destroy this world full of hypocrisy, disputes and discrimination, and build a new world and an ideal country."

"In this utopia, everyone is equal, no one has a heart demon, and all people are really kind. There are no hypocrites, reincarnation masters and fate masters in this world, who are trying to dominate the world and enslave all living creatures."

Su Yan's blood was surging, and the sharp essence was shot out of his eyes.

He believed in his own choice. He followed the emperor's interpretation of heaven, and destroyed the hypocritical world with the heart demon's curse sword, and built a new ideal world. He believed that this road was the most correct way.

"No, no!"

Shuiyuanzi stood up, repeatedly waved his hands, and said: "your ideas are too crazy. People are not walking dead or puppets. However, if you are a human being, you must ask for something in your heart, and you will breed demons. This is human nature. There is no reason to blame. You want to build a new world. All the people in the old world will be killed by you, and none of them will be left, even if they are just born Son, also have the heart demon, also want to ask for milk to drink, everybody has a request, do you want to kill all? "

Su Yan said: "in this world, there are always people who are really kind and will not be killed by heart demons. There are tens of millions of people in the world. I estimate that there are about 5000 people who can survive the trial of heart demons

"Only 5000 yuan? There are billions of millions of people in the heavens, and the heart demons judge. If you want to kill all of them, you will leave 5000? The superior is not as crazy as you

Su Yan said: "five thousand people are enough. There is no dispute, everyone is equal, and there are no demons. The new world will multiply from these five thousand people, and the heart demons will disappear completely. People will no longer be oppressed by samsara and fate, and there will be no upper class. At that time, I and Emperor Shi can retire peacefully, and we will become the legend of the new world. "

"Su Yan, you are crazy. You and Emperor Shitian are both crazy!"

Shuiyuanzi sat with a pale face.

Su Yan's words completely shocked his mind.

he had no idea that the ultimate plan of emperor Shitian was so evil, so terrible and so extreme.

Emperor Shitian wants to create a heart demon trial, destroy the whole universe, kill all people, leaving only 5000 people, just to build an ideal country. This is crazy.

Su Yan said with a smile: "you can go back to tell xuanjiyue, and tell her clearly the emperor's great wish. Let her see what the gap is. What she wants to do is enslave the living creatures and establish the ruling hegemony. But what the emperor wants to do is to build a truly equal world. The little empress will never understand the realm of emperor Shifu."

Shuiyuanzi's face was at a loss and he couldn't speak at all.

After a long time, shuiyuanzi sighed and said, "forget it, I really have nothing to say with you. However, Emperor Shitian is the master of heart demons. I haven't told xuanjiyue about this secret. She doesn't know it because it's my card. If I say it out, I lose my use value, she won't let me live any more. Maybe it will be direct Refine me. "

Su Yan said: "by the way, how do you know the identity of emperor Shi

Shuiyuanzi said: "you forget that I am the GUI water source talisman, which is also cast by the superior. With the cause and effect of the superior, I can naturally spy on the secret of the emperor's interpretation of heaven."

Su Yan sighed: "the superior should also know the emperor's plan, and they will try their best to stop it. Alas, the road ahead is dangerous. Shuiyuanzi, why don't you stay and help him with me?"

Shuiyuanzi repeatedly waved his hands and said, "forget it, you and I are our own masters. There is nothing to say. I still want to live a few more years and leave." After that, shuiyuanzi turned and left, his steps trembling.

Emperor Shitian's plan is too terrifying and extreme enough to make those who hear it lose color and those who listen to it move.

.....

Deep in the palace, a secret palace.

Emperor Shi Tian stood with his hands down, his white hair was still calm and there was a light curtain floating in front of him.

Just now Su Yan and shuiyuanzi met, he saw clearly.

"My parents gave birth to me, and Su Yan knew me."

The emperor sighed with a trace of compassion, relief and gratitude in his eyes.

He wants to create a heart demon trial, destroy this hypocritical old world, and build a new ideal country. This plan has never been understood by outsiders.

Even the "cold blooded and merciless" thought that the heart demon trial was too extreme.

Now that Su Yan can understand his idea and agree with him, the emperor is very happy.

"There is no regret in life to have a bosom friend."

Emperor Shitian's mouth with a smile, is the real smile.

He was very pleased that he would not have too much regret if something happened to him in the future.

Because in this world, some people really understand him.

If you have a bosom friend in life, you will die without regret.

At this time, ye Chen is still on the way to cross Leisheng mountain, and does not know the emperor's plan.

If ye Chen knew that emperor Shitian wanted to create a heart demon trial and destroy the whole world, he would definitely curse.

Because the plan of emperor Shitian is crazy. As long as a normal person hears this plan, he will feel that he is crazy.

People are not zombies, everyone has their own ideas, have their own desires, everyone's heart will have a magic barrier, this is a very normal thing.

Ye Chen wants to establish the order of reincarnation and set the world under the rule of good and evil. This is the brilliant way. If he sees that there are sins in the world, he wants to destroy the whole world. He may not be too crazy, and the superior will not do so.

Judging from the ultimate plan, ye Chen and Emperor Shitian have no possibility of reconciliation.

Two people can only kill each other!

Chapter 4387

The closer you are to Du Lei Sheng Shan, the more Ye Chen feels that there is a trace of obscure source gas here.

Lightning source.

Thunder source Rune!

"Crossing Leisheng mountain, buried thunder source symbol?"

Ye Chen was surprised. The breath of thunder source Rune was very secret. He didn't know how deep it was hidden in the ground. He was able to penetrate the source and capture the breath because he had the dark source rune, Geng Jin source Rune and Wutu source Rune in his hand.

Among the ten source symbols, thunder source symbol is quite special.

Because the thunder and lightning is not set, the lightning is swift, the lightning flashes thousands of miles, and the trace of the thunder source symbol is flickering and changing like thunder and lightning, so it will not stay in one place for too long.

Therefore, in these tens of thousands of years, no one has really refined the thunder source rune.

But now, ye Chen has captured the breath of thunder source talisman under the land of crossing Leisheng mountain.

It seems that the legendary thunder source talisman is in the crossing thunder holy mountain.

"Boy, go into the mountain and capture the thunder source Rune!"

Jielei Zhizun makes a surprise voice. He controls all kinds of thunder. He is very keen on thunder and lightning. Now he is close to Du Lei Sheng mountain, he also feels the breath of thunder source symbol.

"I know."

Ye Chen's eyes are sharp, and he can't expect to meet the recovery of thunder source talisman. It seems that he has good luck.

"The other side of the emperor yuan hall should also send someone to capture it. I need to be more careful."

Ye Chen is cautious in his steps and slowly approaches to mount Du Lei.

He had already felt the cause and effect of emperor yuan hall. Obviously, the revival of thunder source symbol also attracted the attention of emperor yuan hall.

Although the breath of the thunder source talisman is very secret and can't be found by ordinary people, the emperor yuan hall has the eye to the sky. The light source symbol has the effect of breaking through the darkness and searching for treasure. It is impossible to hide the fact that the thunder source talisman was born.

"Cold blooded and merciless, I don't know who the emperor will send?"

Ye Chen thought, has come to the front of the Thunder Mountain.

In front of us, Du Lei Sheng mountain is a continuous mountain range. In the mountains, there are a line of thunder and lightning, constantly beating. Countless ancient and robust trees grow vigorously in the thunder and lightning, and the vegetation is verdant and magnificent.

And in the distance of the four sides of the Mt. Du Lei, there are many cities.

Numerous cities, relying on the spirit and resources of crossing Leisheng mountain, are developing and expanding.

Ye Chen made a Bagua Tiandan technique, changed his face and changed his face.

He is more and more proficient in Bagua Tiandan. He can even use the breath of Yuandan to change his face, which is very magical.

After Yi Rong, ye Chen regained his breath and stepped into the Leisheng mountain.

Du Lei Sheng Shan is controlled by Huang Lei temple. At this time, at the entrance of Du Lei Sheng Shan, there are many disciples of Huang Lei Temple who are checking the entrance and exit.

According to the rules, only people above the boundary of heaven and earth are eligible to enter the mount Du Lei.

Moreover, everyone who goes in has to pay a large amount of money. They can use magic weapons or pills to replace them. In short, they have to pay enough.

Because the law of crossing Leisheng mountain is very magical. The mountains here can absorb part of thunder disaster!

Martial arts practitioners can break through and save a lot of energy here.

Ye Chen sees countless heads, crowding in the entrance of Du Lei Sheng Shan.

"One by one, line up. No fighting."

The disciples of Huang Lei hall maintain the order of the scene.

Huang Lei temple is a branch of the temple of desolate thunder, which is a great power in heaven and man. Behind it is the flying Thunder God, and no one dares to offend.

Therefore, those who enter the Leisheng mountain to cross the loot are disciplined, pay fees according to the regulations, and dare not make trouble.

Ye Chen lined up in the line and waited for a moment, then it was his turn.

"Wait, boy, why do you have to mend the sky?"

When the disciple of the mountain guarding Huang Lei hall saw Ye Chen's accomplishments, his eyebrows were immediately frowned.

We should know that the law of crossing Leisheng mountain is fierce. At least one must have the cultivation of heaven and earth in order to have a firm foothold in the mountains.

Once you enter the mountain, I'm afraid it will be crushed by the power of the law.

"I want to practice in the mountains. Please do me a favor."

Ye Chen arched his hand and said with a smile.

The mountain guarding disciple advised him with good words and said, "ha ha, you just need to mend the sky, so don't go in."

"How can there be a mole ant that mends the sky?"

"This boy wants to die, mendianjing also wants to cross Leisheng mountain?"

"Hey, boy, you're looking for another place to die. Don't get in our way."

"Get out of here"

The people around him, with their eyes on Ye Chen, are full of sarcasm.

The line behind Ye Chen yelled angrily, thinking that ye Chen was wasting time and delaying them to enter the mountain.

Ye Chen did not care about other people's voice, and said with a smile: "I heard that the rule of crossing Leisheng mountain is that people are not allowed to enter under heaven and earth, but you can still go in as long as you pay enough fees, right?"The mountain guarding disciple said, "yes, that's right. But the cost is very high, and you can't afford it. Moreover, your cultivation is too poor. Once you enter the mountain, you will be crushed by the law of thunder. Why die?"

Ye Chen laughed, waved to offer countless source pills, and said, "you see, this batch of pills can be enough to pay?"

Small source pills, like a torrent of water, piled up a mountain beside Ye Chen. The bright light of Dan, the cool fragrance of medicine, mixed with a trace of source gas, constantly emitted, refreshing.

"This is..."

All the disciples of the waste thunder hall were completely shocked. They had never seen so many pills, and all of them were source pills, which were made by Yuan Shu!

"How rich is this boy?"

"So many sources of Dan, where did he get it?"

"Tut Tut, this boy's identity must not be simple."

"Spend so much money, go in and die?"

Around the people, all of a sudden to see so many pills, is also stunned.

Some people also think that ye Chen spent such a high price to cross the Leisheng mountain, which is completely to die.

Because the thunder law of crossing Leisheng mountain is terrible enough to crush the existence under heaven and earth.

Ye Chen smiles: "can I go in now?"

A group of Huang Lei Temple disciples wake up from a dream and say: "yes, yes!"

It's a great opportunity for you to travel to the mountain.

As for whether he wanted to die or to practice, the disciples didn't care so much.

At the moment, everyone makes a way, and ye Chen strides into the Leisheng mountain.

Boom!

The thunder vibrated.

The thunder law of crossing Leisheng mountain is launched at this moment!

Several huge silver thunder balls suddenly emerge from the void and explode towards Ye Chen.

"The boy is going to die!"

"To spend so much money is to die."

"No doubt, it's just heaven."

Seeing that the law of thunder is very powerful, they all think ye Chen is going to be killed.

After all, it is almost impossible for a warrior under heaven and earth to contend with the law of crossing Leisheng mountain.

Chapter 4388

Sobbing

However, to everyone's surprise, the thunder balls, which were exploded on Ye Chen's body, just like a bullock into the sea, disappeared at once.

To be exact, it was absorbed by Ye Chen.

"What a lot of thunder and lightning energy."

Ye Chen licked his lips. He had already practiced the thunder body of the great wilderness. It was easy to absorb the ordinary thunder and lightning breath.

Instead of harming him, the terrible law ray ball nourishes his body.

The crowd almost lost their chin when they saw this scene.

How can we absorb the law thunder robbery?

What constitution is this?

Ye Chen also regardless of the surprised eyes, strides forward.

Suddenly, ye Chen caught a strange breath.

Breath from the palace of emperor yuan!

Ye Chen suddenly moved and looked back. Behind him, many people entered the mountain one after another.

In the crowd, ye Chen found a strange figure.

She was a beautiful woman in a Luoshan. She had a charming face and her eyes were especially attractive. She held a fan in her hand. Her accomplishments reached the middle stage of the original state. Her skin was white, and her steps moved gently, with waves of attractive fragrance.

"Cold blooded, heartless spider!"

Ye Chen recognized at a glance that this beautiful woman is the heartless spider in the "cold blooded and merciless", nicknamed "black widow". She is obsessed with her bones and charms people's minds, and eats people without spitting bones.

This heartless spider, of course, is also a separate body.

Obviously, in order to capture the thunder source talisman, the emperor yuan hall sent the unintentional poisonous spider over.

The spider doesn't recognize Ye Chen. Mei Mou looks at him and thinks he is a strange person.

"Ha ha, this little brother, are you interested in traveling together?"

Heartless poisonous spider winks at her eyes and smiles. She takes the initiative to take ye Chen's arm and is very close.

Ye Chen smelled a strong puff of powder, and felt a warm fragrance nephrite on his arm. His mind was guarded and unmoved. He showed a flattered smile on his face and said, "yes, I can. I don't know what to call your wife?"

No heart poison spider charming smile way: "what madam, I haven't married, others call me spider son."

Ye Chen said with a smile: "it turned out to be a spider girl. I'm glad to meet you."

No heart poison Spider Charm mellow, such as a beautiful woman, and cold enchanting flower demon that kind of girl is different.

However, no matter how beautiful they are, ye Chen will not be moved at all, only killing and guarding.

The other party is a subordinate of emperor Shitian, which can not be underestimated.

Heartless poisonous spider took Ye Chen's arm and walked slowly to the depths of Mount Leisheng and said, "what do you call it, young master?"

Ye Chen said, "my name is dust night."

The heartless poisonous spider said with a smile: "it turns out that it's master chenye. I don't know where he came from and what school he inherited. He took out so many source pills as soon as he took out his hand. Moreover, he only mended the sky and could resist the law of crossing Leisheng mountain. It's really eye opening."

Ye Chen casually made up an identity and said, "I come from the junction of heaven and man and Yang Zhen. I heard that practicing and breaking through on Leisheng mountain can reduce the damage of thunder robbery. So I came here specially. What about you, spider girl?"

Heartless poisonous spider laughs: "I am nearby city, also come to practice."

Ye Chen said, "so it is."

They both talked and laughed and went into the mountain together.

Under Ye Chen's disguise, the spider doesn't recognize him at all, thinking that he is a child with rich wealth and vigorous Qi and blood.

They walk together. Apparently, the spider has another plot. They want to find an opportunity to kill Ye Chen and drain his Qi and blood.

However, this is the site of the thunder temple. Private fighting is not allowed. The spider does not act rashly.

After all, there is an ancient deity behind the temple of desolate thunder. You can't offend easily.

Ye Chen is still, he also wants to be bloodless, kill the heartless spider, and solve a threat.

However, it is not an opportunity now, because the inspection disciples of the waste thunder hall are everywhere. Once they are found to be fighting privately, they will offend the majesty of the hall and have very troublesome consequences.

.....

At this time, Huang Lei hall, inside the main hall.

A majestic, dignified middle-aged man saw a light curtain before his eyes. On the light curtain, ye Chen just entered the mountain, was generous, survived by the law of thunder, and finally joined hands with the unintentional poisonous spider.

"Who is this young man and why do I feel familiar?"

The middle-aged man frowned tightly. His skin was like a lava crack, and a wisp of lava fire gushed out from the lava crevice. His muscles were like rocks, with a heavy earth flavor.

He was actually a source beast. To be exact, he was the wild rock demon among the ten source beasts and the guardian beast of Wutu source rune.

"Wu Tu Yuan Fu, how could it be on him? What does he have to do with the reincarnation Lord? "

The savage rock devil opened his eyes and fixed his eyes on the screen of light. He felt that the Wu Tu Yuan Fu was on Ye Chen!

In ancient times, wild rock demons tried to devour the Wutu source rune, but they failed and almost died of rage.

The reincarnation Lord used his own spiritual power to suppress the Wutu Yuanfu, saved his life, and introduced him into the wasteland temple.

Therefore, the wild rock devil was very grateful to the reincarnation Lord, and after hearing that the reincarnation Lord had fallen, he secretly worshipped.

Now when he saw Ye Chen, he felt very familiar.

Although Ye Chen changed face to face, the wild rock demon still captured a huge cause and effect.

"This young man, and the reincarnation master, must have a tremendous causal relationship!"

The wild rock devil was frightened. He was very surprised by the Wu Tu Yuan Fu on Ye Chen.

You should know that Wutu Yuanfu is the thing of the reincarnation master. It bears the brand of the reincarnation master, and it will not be erased after thousands of vicissitudes.

But now, ye Chen is actually in control of Wu Tu Yuan Fu.

All of a sudden, the savage rock devil felt the boundless mystery and came to his face.

Although he did not guess the identity of Ye Chen, he also saw that ye Chen and the reincarnation master had a huge cause and effect, which might be the successor of the reincarnation master.

"Somebody

Wild rock demon's face was gloomy and his eyes were staring at the light curtain. He saw that the beautiful woman beside Ye Chen was not a human being at all, but a vicious demon.

He must protect Ye Chen!

"Savage Lord."

Four maids rushed in from outside and bowed.

as like as two peas, the four girls are four identical twins.

"Mei Lan Zhu Ju, protect this young man for me!"

"His identity is very important. You should protect him even if you spare no effort."

The wild rock devil gives orders. He doesn't know ye Chen's identity. He only knows that ye Chen is related to the reincarnation Lord.

In this case, even if he lost his life, he also wanted to guard Ye Chen to repay his former kindness.

"Yes

The four maids of Mei Lan, Zhu and Ju took orders and immediately turned out.

Their accomplishments were not strong in the middle of heaven and earth, but they were the core disciples of the palace of waste thunder. They could kill people by relying on the heavenly power of the law to master the law of waste thunder.

Therefore, even if their cultivation is not strong, but relying on the law behind, it is enough to protect Ye Chen.

Chapter 4389

.....

At this time, ye Chen and heartless poisonous spider have come to the depth of Du Lei Sheng Shan.

Night falls and the moon rises.

After walking for a day, they didn't find a suitable training place.

The spider squatted down and rubbed his ankle. It seemed a little tired. He said, "it's a pity. All the good places for cultivation have been occupied. We'll go and find them tomorrow."

He pointed to a cave in front of him: "there is a cave in front of me. How about staying over there tonight, young master

With that, the spider stood up again and lifted her hair in front of her forehead. Her face was charming and moving. Her smile was like a silk like water. It was just a soul stirring.

Ye Chen's heart is like a rock, not moved. He pretends to be dull on the surface, and stammers: "well, I listen to spider girl."

The spider smiles, and her eyes flit a trace of insensible murderous spirit. In her eyes, ye Chen becomes her prey completely.

Now the heartless spider takes Ye Chen's arm and walks into the cave together.

At night, the number of patrol disciples in the temple of barren thunder is much less. Moreover, the terrain here is remote, so it is not easy to be noticed by outsiders.

They walk together to the cave. The moonlight outside shines in. The body of the spider is round and plump, and its posture is more colorful.

"Childe on a dusty night, this cave is so stuffy."

When the spider talks, she gently releases her clothes and reveals her fair skin.

"The devil is going to start."

Ye Chen disdains to sneer in his heart and is on guard secretly. He looks at the skin of the spider and says, "it's a little hot..."

The heartless poisonous spider winks at her eyes and smiles. She unties her clothes completely, throws her fan aside, moves her step gently, and presses Ye Chen under her body and says:

"childe in the dust night, I have a wonderful way to clear away heat and fire, enchant the soul and be happy. Would you like to have a taste of it

Ye Chen pretended to be confused and said, "I want to taste the spider girl." Be on the alert secretly. Prepare the Geng Jinyuan rune.

"Well, I'll let you have a taste today. What is ecstasy and bone erosion?"

The charming face of the spider suddenly gives out a murderous air, with purple black spots emerging on her cheek skin.

Her eyes, completely turned red blood, cherry mouth into a big mouth, a mouth full of sharp fangs.

"Oh

In the throat of the heartless spider, it makes a terrible roar and changes its body, showing its original shape.

Her whole person, instantly became a big spider.

The face is still a human face.

But the body, already thoroughly, has become a spider monster.

This spider monster, I do not know how large, covered with strange patterns, eight spider claws, hard pressed Ye Chen, claws black fur, with fierce poison gas, suffocating.

All of a sudden, ye Chen's scalp was numb.

Although he had been prepared in his heart, he was still thrilled to see the true face of the spider.

At the moment, the heartless spider, where there is just charming and moving appearance, is a terrifying spider monster, but also with a face.

"Young master, I didn't frighten you, did you?"

The heartless spider makes a ferocious laugh, opens its mouth and swallows it towards Ye Chen.

"Hehe, Geng Jinyuan rune, kill me!"

Ye Chen laughs coldly. He has been on guard for a long time. As soon as he sees that the spider is killed, he immediately urges Geng Jin Yuan Fu.

Whoa!

A blazing and dazzling talisman suddenly rises from ye Chen's hand.

Innumerable bright golden light, unceasingly erupts, roars turbulent.

In an instant, the Qi of Geng gold source evolved into a golden sword, a golden sword, a golden spear, and a golden halberd, which gathered into a torrent of supernatural soldiers, and fiercely killed the unintentional poisonous spider.

"Ah, how could it be in your hands?"

The spider was shocked and killed by Geng Jinyuan talisman. Its body was shaken back. There were ferocious wounds between the chest and abdomen, and a stream of green blood flowed out.

"Bold monster, I can see at a glance that you are not a human being!"

"Zhentian imperial city sword, I have suppressed it!"

Ye Chen hums coldly and offers Wutu Yuanfu. With a wave of his big hand, he turns into nine giant swords and suppresses the heartless poisonous spider.

The sword of emperor city in this town is not a sword of killing and cutting, but a sword of guarding. The sword of suppression can not only protect one's own body, but also suppress the enemy. Relying on the earthy breath of heaven, it can suppress the enemy, making people never turn over.

The spider without heart is a master in the middle of the original environment. Therefore, ye Chen uses the source symbol as soon as he makes a move, without any mercy.

We must take advantage of the other party's unprepared, suppress at one stroke, in order to achieve bloodless.

Boom!

The nine huge swords of Wutu fell down and penetrated the spider's claws directly and nailed her to the ground."Ah

The heartless spider screams bitterly and painfully.

"Boy, do you want to suppress me? Five fire and seven poison fans

The venomous eyes of the heartless venomous spider sing out a section of Dharma curse in the pain.

Hum!

The fan that she had just left on the ground suddenly flew up, dancing in the air, spinning, releasing a wisp of strange air.

This fan has just been sealed off, and there is no magic. Now the spider unties the seal, and ye Chen can see clearly that this fan is actually a magic weapon.

The whole fan is dark and gray. If there is smoke around it, there are layers of flames on it, which are composed of air fire, stone fire, wood fire, Sanwei fire and human fire.

Above the five fires, there are totems of ancient seven poisons.

The results showed that there were five kinds of insects, including centipede, eight claw spider, beauty ghost bee, blood pond poisonous mosquito, silver backed ladybird, six winged demon silkworm and star devil butterfly.

Five fires and seven poisons, the breath is constantly intertwined.

Whoa!

The heartless spider urges mana and flies into the air.

Suddenly, the wind was like an arrow, and the ghost was crying.

A group of flames, mixed with a layer of seven poisonous Gu Qi, roared fiercely out, forming a poisonous wind, towards Ye chen fan.

"The legendary supreme treasure, five fire and seven poison fans!"

Ye Chen breathes and suffocates. He quickly retreats and mobilizes Wu Tu Yuan Fu to protect his body and resist the attack of poisonous gas.

As soon as he saw the fan, he had an instant insight into the nature, peeped into many causes and effects, and learned the legend of the twelve true treasures of the supreme emperor.

The twelve true treasures of the supreme emperor are all the most precious treasures of Hongmeng. They have been tempered by the superior and have great lethality.

In the vicissitudes of life, these twelve magic weapons are scattered everywhere, no one knows the specific location.

The Dragon beads of the blood dragon, the Dragon beads of Ye lu'er, and the heaven emperor chariot of Wei Ying are all one of the twelve true treasures of the supreme emperor. There is a cause and effect behind them.

These twelve magic weapons can be divided into twelve attributes according to the different Dao Qi, such as immortals, demons, Buddhists, ghosts and gods, and holy king and Emperor.

Chapter 4390

For example, the beads of blood dragon are the magic weapon of the king.

Ye Luo'er's divine fire cover is a magic weapon of Shinto.

Wei Ying's Jidao Tiandi chariot is the magic weapon of emperor Dao.

The five fire and seven poison fans of heartless poisonous spiders are obviously magic weapons of Gu Dao and have the fierce power of poisonous insects and poisonous insects.

The superior is careful in mind. These twelve magic weapons have been carefully selected with different attributes. After being refined by the supreme law, each of them has tremendous power.

Ye Chen's practice of deducing the natural mechanism has become more and more powerful. After refining the Wutu Yuanfu, the Yuanshu becomes more and more profound. It can penetrate the source of the heavenly mechanism, see through the essence, and insight into many things that were previously invisible.

Now when he saw the five fire and seven poison fans of heartless poisonous spider, he knew that it was not a common treasure of Hongmeng, but a real treasure refined by the superior.

The palace of emperor Yuan is rich in resources, including the real treasures of the supreme emperor.

Hoo Hoo Hoo Hoo!

The heartless poisonous spider crazily urges five fires and seven poisonous fans, with clouds of poisonous gas and flames, carrying centipede spiders, ladybugs, poisonous mosquitoes and other visions, and kills Ye Chen head and head.

After the fifth hour, he was holding back the fire, but he was suffocating.

Taking the attack as the defense, the spider retreats Ye Chen a little, and finally takes a breath. The spider claws move and gets rid of the suppression of the town emperor city sword and escapes.

"Boy, I didn't expect you to hide so deep. Who are you?"

The spider is asthmatic and full of fear.

Although she got rid of repression, she was seriously injured and her breath was very weak.

Ye Chen's sharp means, greatly beyond her expectations.

Geng Jin Yuan Fu and Wu Tu Yuan Fu are all in Ye Chen's hands.

She really did not know what kind of identity Ye Chen was, how could he have such great luck and could control the two source symbols.

"Hum!"

Ye Chen did not say a word, pulled out the evil sword, rushed up with the sword, just wanted to kill the unintentional poisonous spider quickly.

The spider's face suddenly changed, and she only felt that the sword was strong. Now she was seriously injured. If she was forced to fight, she might not be ye Chen's opponent.

Swipe, swipe, swipe.

Moreover, outside the cave, there are several figures coming quickly, which seems to be the inspection disciple of the waste thunder hall.

Once discovered by Huang Lei hall, there are demons and poisons entering the mountain. She will never be let go.

"Good luck, boy!"

The spider bites its teeth and dares not to stay. It turns and flees into the cave.

Ye Chen runs after him with a sword, but the road ahead is full of spider venom, and there are layers of spider webs, blocking his steps.

The heartless spider just wants to run away. It cuts off Ye Chen's steps with venom and spider's web, and then breaks through the mountain wall with a roar and escapes completely.

"It's a pity..."

Ye Chen's eyes sink and he is escaped by the heartless spider. It's a pity.

However, no one would rob thunder source Rune with him if the spider ran away.

If heartless spider dare to turn back, ye Chen doesn't mind to frustrate her!

Brush, brush!

Ye Chen took up his sword. In the moonlight, he saw four beautiful shadows, and flashed into the cave.

as like as two peas, the four girls are the same as the four faces. They are the plum orchid chrysanthemums sent by the barbaric rock devil.

"Young master, are you ok?"

Mei Lan, Zhu Ju, carrying a long sword, comes to Ye Chen. Looking around, he can see the traces of fighting left in the cave, as well as the burning smell of poisonous insects. Their pretty faces turn pale.

"You are Plum orchid, bamboo and chrysanthemum? "

Ye Chen saw them, suddenly insight into the nature, saw the origin of the cause.

It turned out that the maid of quadruplets was the maid under the hand of the savage rock demon.

And this wild rock demon is the master of the wild thunder hall and the guardian of the Wutu source Rune in the past!

In a flash, ye Chen awakened all.

"I saved the life of a wild rock demon in ancient times, and now he has come to repay his kindness."

Ye Chen suddenly realized that although he was easily disguised, he had a Wutu source talisman on his body. The wild rock demon must have seen something.

"Young master, do you know us?"

Plum, orchid, bamboo and chrysanthemum are all full of surprise.

Ye Chen said, "well, you and I are friends."

You almost kneel down, master Takeshi. Please forgive me for coming to protect me

Ye Chen tiny smile, way: "no harm, the enemy has retreated, I'm ok, you get up."

"Thank you for your understanding," said Mei Lan Zhu Ju Stand up immediately.

Ye Chen asked: "by the way, I need a place to practice. The stronger the thunder and lightning, the better."

Mei Lan, Zhu Ju said, "do you want to understand Tao by thunder robbery? There is a crazy Thunder Valley when we cross Leisheng mountain, where the thunder and lightning breath is the strongest. If you need to, we can take you thereYe Chenxi said: "that's good, take me quickly."

Mei Lan Zhu Ju glanced at Ye Chen and saw that he only had the cultivation of mending the heaven. He was worried and said, "young master, do you decide to go? The crazy Thunder Valley is very dangerous. If you go there, you may fall. You have to mend the sky... "

Ye Chen waved his hand and said, "it's OK. Just take me."

"Yes," said Mei Lan, Zhu Ju

Although they are full of doubts and worries, ye Chen insists on doing so, and they do not stop them.

At present, under the leadership of Mei Lan Zhu Ju, ye Chen traveled all the way to crazy Thunder Valley.

Boom!

Once stepping into the crazy Thunder Valley, ye Chen felt the extremely strong thunder breath.

In the void, there are strips of lightning, constantly beating.

The whole night sky is as bright as day under the innumerable bright thunder and lightning.

There are dozens of people sitting on the plain, who are crazy to practice.

The crazy Thunder Valley itself contains strong thunder and lightning essence. These warriors practice and break through again, causing thunder robbery, which immediately creates a spectacular picture of thunder roaring and purple lightning rushing.

The barren mountains around the crazy Thunder Valley absorbed part of the breath of thunder robbery and did not cause destruction.

Many warriors, in the bath of the remaining thunder robbery, constantly feel the mystery of heaven, concentrate on breakthrough.

Mei Lan Zhu Ju Si Nu, obviously master the law of crossing the thunder holy mountain. They take ye Chen and step into the crazy Thunder Valley. The thunder and lightning around them fall, as if the rain and water fall on the lotus leaves. They all drift away without harming them or Ye Chen.

Mei Lan Zhu Ju asked: "young master, do you decide to practice here?"

Ye Chen nodded and said, "well, you go back first. I'll call you if you have something."

Finish saying, ye Chen strides out, leave plum orchid bamboo chrysanthemum law protection.

Boom!

Suddenly, countless thunder and lightning, mercilessly bombing in Ye Chen body.

"Childe

Plum orchid, bamboo and chrysanthemum are shocked, only afraid of Ye Chen's accident.

But to their surprise, all over the sky lightning fell on Ye Chen, as if they were absorbed by a strange force.

Ye Chen did not get hurt, but became more and more energetic.

The thunder and lightning around him seemed to be his tonic.
