

## Physician 4391

### Chapter 4391

Seeing this scene, Mei Lan, Zhu Ju were all stunned.

"Young master, let's wait outside."

Mei, LAN, Zhu and Ju looked at each other and immediately withdrew.

Ye Chen's performance, let them completely shocked, do not need their protection, ye Chen can be safe and sound.

"Ha ha ha, this Leisheng mountain is worthy of thunder holy land. It's full of thunder robbing energy! Boy, absorb quickly, don't miss it

As soon as Mei Lan Zhu Ju left, ye Chen heard the laughter from the reincarnation cemetery.

The ferocious thunder wave of crazy Thunder Valley surprised the thunder robber. If he could absorb the thunder robbery here, his power of destroying the world would shock the emperor Shitian.

"Good."

Ye Chen grinned and immediately found an open space. He sat down with his knees crossed and began to absorb.

He sensed that the legendary thunder source rune is also under the Thunder Valley!

Crack, crack, crack!

One by one, lightning, like a silver snake, fell on Ye Chen.

However, ye Chen is like Mount Tai, without being shaken at all. The thunder body of the great wasteland is opened and crazily absorbs the thunder robberies around him.

"What's the matter with this boy?"

"How can he absorb thunder robbery?"

"What kind of magic is this?"

Around the martial arts people, are training breakthrough, see ye Chen's move, everyone is fantastic.

Under the pressure of thunder robbery, they all have to be careful, for fear of being crushed by thunder. But ye Chen, however, is extremely overbearing and absorbs thunder robbery crazily.

All the thunder robberies will flow into the samsara cemetery and absorbed by the thunder robber.

The breath of thunder robbery here is so terrible that even ye Chen dare not swallow it rashly.

Therefore, all the thunder robbers he absorbed was passed on to the thunder robber. He only absorbed a little pure essence of thunder and lightning, without the ferocity of natural disasters.

But the people around don't know the existence of the thunder robber.

They only see that ye Chen is like a monster, constantly devouring thunder and lightning.

Such a lot of thunder and robbery breath, even if it is the peak of the source of the master, it is impossible to digest.

But ye Chen, it is easy to swallow.

The scene in front of them, let them incomparably shocked.

As time goes by, ye Chen absorbs most of the lightning energy in crazy Thunder Valley at dawn.

Originally full of thunder and lightning, a disastrous Canyon, suddenly become a lot of fresh.

In the canyon, only the warriors' thunder robbery is left.

Plum orchid, bamboo and chrysanthemum guard outside the valley mouth, aware of the situation inside, is also shocked.

"Who is that childe?"

"How could he absorb so much thunder?"

"Is he really mending the sky?"

The four women looked at each other and felt strange.

And crazy Thunder Valley, ye Chen's phagocytosis did not stop.

Ye Chen opens his eyes and looks at the warriors around him. He has absorbed the general lightning energy, but he is not satisfied.

Those warriors also have a strong wave of thunder robbery.

Although some of them were absorbed by the mount Leisheng, the rest were still strong and abundant, which was definitely a great tonic.

"Suck!"

Ye Chen's eyes like electricity, without hesitation, madly absorb the thunder robbery of the surrounding warriors.

Boom!

All of a sudden, a warrior's thunder rob energy, just like a hundred rivers returning to the sea, all gather to Ye Chen.

These thunder robberies, gathered into the sea, the energy is extremely terrible, even if ye Chen's physique is excellent, he can't bear it.

Fortunately, ye Chen has no intention of swallowing himself. He just wants to let the emperor of Jielei grow stronger.

"Ha ha ha, what a lot of thunder robbery, I devour it!"

The king of robbing thunder laughs. He has never been so happy. He devours thunder robbery crazily.

So many thunder robberies, enough to make up for him.

"Damn it, this boy is crazy!"

"Damn it, how can you rob us of thunder?"

"Oh, my luck!"

The warriors around, seeing their own thunder robbery, are all absorbed by Ye Chen, and are immediately shocked and angry.

Although it is a disaster, it is also an opportunity. It is also an opportunity for a warrior to understand the nature and break through itself.

In addition, there is also a road of Qi transportation in this thunder robbery. Once the robbery is successful, one's own luck can be greatly improved.

However, ye Chen is also selective in absorbing thunder robbery. He can feel the possibility of the other party's breakthrough from the thunder robbery.

If it is impossible for the other party to break through and be absorbed by himself, on the contrary, he is equivalent to helping them.

Of course, that group didn't think so.

They took great pains and paid a huge price to come to the Leisheng mountain, and even entered the crazy Thunder Valley, in order to let Leisheng mountain pass, absorb part of the thunder disaster, and rely on the remaining thunder robbery to make a complete breakthrough. But now, ye Chen steals all the energy of thunder robbery, which means that they have taken away their luck. Even if they can break through, they can't understand the heaven and Taoism. It's equivalent to a white breakthrough and waste the quota for entering the mountain.

"This little animal is just to mend the sky, and it is estimated that it is physically adapted to thunder and lightning."

"Kill him!"

"Maybe there is something else in this boy!"

All of them suddenly became angry and greedy, all of them started to kill Ye Chen fiercely.

Ye Chen's move has aroused public anger.

Although the rules of the desolate thunder hall do not allow private fighting, ye Chen madly absorbs the thunder robbery and seizes everyone's chance. Everyone is furious. Even if he violates the rules, he will kill Ye Chen.

Outside the canyon, the four maids of plum orchid, bamboo and chrysanthemum were all startled.

"Something happened to you, young master."

The four maids wanted to rescue, but they were too quick to save.

Ye Chen sees people attack and kill, also feel tremendous pressure.

"Boy, kill them all!"

"Hum, a group of mole ants, virtue is shallow, can not break through the thunder robbery, but to our head."

Rob thunder of the Zun issued a cold voice, a wisp of power poured into Ye Chen's body.

In the eyes of Rob Lei, the weak is the original sin.

These warriors can't survive the thunder disaster. They're just rubbish.

He grabs thunder and robs energy, which is called winner take all, the weak can only be bullied!

This is the principle of respecting the strong!

It's not ruthlessness, it's the law of the world.

Ye Chen Mou son one congeals, everybody hands extremely fierce, put is to want to kill, he naturally won't wait to die.

"Ten thousand thunder, fall!"

Ye Chen drinks violently, the palm of the hand suddenly swings out, a flurry of thunder and lightning turns into thunder robbery, breaks out the ferocious natural disaster, mercilessly explodes.

Boom!

Countless as thick as boa constrictor, bright lightning, mixed with rolling thunder, burst in the canyon in an instant, straight to destroy the atmosphere of heaven and earth.

Ye Chen's hand is just wanlei annihilation!

In terms of power, although it can't be compared to Jielei's own hand, it can be regarded as a weakened version of the supernatural power, but its lethality is absolutely not vulgar.

Purple, gold, silver and so on, brilliant lightning, beating and roaring around, sweeping the entire canyon.

Chapter 4392

Trees, completely destroyed.

The surrounding mountains collapsed one after another.

The thunder robbers stored and absorbed in the mountain peak burst out one after another, all converging on Ye Chen.

Ye Chen's momentum suddenly flourished, such as the nine days of Thunder God, the most powerful.

Although this is a weakened version, it is powerful enough to kill the experts in the common source area!

The soldiers on the scene, crushed by wanlei, immediately gave out a shrill scream, their skin and muscles were blasted black, and were severely injured in an instant.

They were about to be killed by lightning, but at this time, Mei Lan, Zhu Ju came in.

"What!"

"The magic power of Childe is so terrible

"These thunder methods are just earth shaking."

Plum orchid bamboo chrysanthemum four maid's eyes, all with a huge shock.

The thunder disaster in front of us is too terrible. If it continues, not only all the warriors will be killed, but also the crazy Thunder Valley will be destroyed.

At the critical moment, the four maids' hands were shining, and pieces of rule runes were lit up.

At this moment, the law of crossing Leisheng mountain flowed out of their hands, communicated with the whole world, and immediately triggered great power.

The great power of heaven and earth, like the tide, shrouded in the sea.

Ye Chen's wanlei annihilation, after all, is a weakened version, which can't be compared with Jielei's hand.

Under the suppression of the great power of heaven and earth, the power of thunder robbery suddenly weakened and the disaster gas dispersed.

All the soldiers on the scene, narrowly escaped, were shocked.

All of them were seriously injured. If Mei Lan Zhu Ju could slow down, they might be killed.

Even if the weakened version of wanlei exterminates the world, it is easy to crush ordinary people.

"Run

Looking at the huge eyes of Ye.

At the moment, ye Chen seems to be in charge of nine days of thunder punishment, which makes people awe.

The crowd did not dare to face the edge any more and fled in confusion.

In the canyon, only Ye Chen and Mei Lan Zhu Ju are left.

"Young master, are you ok?"

Four maids of Mei Lan Zhu Ju come forward and look at Ye Chen with concern.

They are afraid that ye Chen will be attacked by such terrible thunder.

"I'm fine."

Ye Chen has just borrowed a ray of strength from the king of Rob thunder. Naturally, he has not been hurt.

The fourth maid of Mei Lan Zhu Ju breathed a sigh of relief and said, "it's good that you are OK. If something happens to you, I'm afraid the Lord of the hall will punish us. It's not suitable to stay here for a long time. Just now there's too much noise, which may disturb the nine day thunder. We'd better go quickly."

Ye Chen frowned and said, "nine days of thunder?"

Mei Lan Zhu Ju said: "well, the nine day thunder cloud is the guardian animal of thunder source rune. You are not an outsider. We will not hide it from you. In fact, the legendary thunder source rune is buried under the land of Leisheng mountain, and there is nine days thunder cloud guarding it. The nine days thunder cloud is unruly and unruly. We have no way to subdue the thunder source rune, let alone to subdue the thunder source rune. Just now the thunder storm broke out If it is too big, we must leave at once, or the consequences will be unimaginable

Ye Chen is a man valued by the savage rock devil. Mei Lan Zhu Ju also tells Ye Chen the secrets of thunder source Rune and Jiutian Leiyun.

Ye Chen narrowed his eyes and said, "if I want to subdue thunder source rune, do you allow it?"

Hearing this, Mei Lan Zhu Ju was shocked and said, "young master, do you want to accept the thunder source Rune?"

Ye Chen said, "it is."

Mei Lan Zhu Ju shook her head and said, "it's impossible. Don't take risks. The thunder source Rune has nine days of thunder. Even the barbarian adults can't do anything about it. Sooner or later, the thunder source Rune will be swallowed up by the nine day thunder cloud. Outsiders are not qualified to touch it, so don't act rashly."

Thunder source rune, lightning thousands of miles, running without trace, every period of time, it will automatically change a treasure location, rely on the absorption of thunder to grow.

Therefore, the thunder source rune is not the treasure of the desolate thunder hall. It is only because there is abundant thunder gas in crossing the thunder holy mountain that the thunder source rune is attracted.

This thunder source rune is really hot potato, and the desolate thunder hall can't collect it.

Because Jiutian LEIYU, the guardian beast of thunder source rune, also chased after him. He protected Lei Fu to death and did not let outsiders touch him. Anyone who dares to snatch it will kill anyone.

Ye Chen asked: "that nine days thunder is very fierce?"

Mei Lan, Zhu Ju said: "the strength of the nine sky thunder cloud is about five layers of sky in the source area, which is not to say that it is against the heaven, but it can control the supreme thunder robbery. Even the head of our house should be afraid of it. The supreme thunder disaster has no upper limit of power..."

Ye Chen said: "thunder robbery on the Taishang mountain?"

Mei Lan Zhu Ju nodded solemnly and said, "well, the thunder robbers with the authority of the superior, the ten source runes and the ten source soldiers are all cast by the superior, and the ten source beasts are also cultivated by the superior. They have a trace of the cause and effect of the superior in their blood. If they can understand it, they can awaken the supreme law. That nine days of thunder is exactly understanding the existence of the supreme law, Although it is only a trace, but the superior's pressure is too terrible, a little rule is enough to crush mountains and rivers, and no one can resist it. "Ye Chen's heart sank, quietly asked the reincarnation Cemetery: "master, the supreme thunder robbery, can you absorb it?"

"Taishang thunder robbery? Is there a thunder robbery containing the law of the superior in the world? Hehe, I haven't absorbed this kind of thunder robbery, but I can try it. "

It's also a bit of an accident for the Lord to hear that the nine day thunder cloud can release the supreme thunder robbery.

He can easily absorb the world's thunder, but does not include the thunder and lightning of the supreme world, because he has never been to the world of the superior, and does not know the depth.

Boom!

While they were talking, there was a sudden thunder between heaven and earth.

"Who dares disturb our peace?"

A voice of great anger and dignity suddenly came from the ground.

Click!

The land of crazy Thunder Valley suddenly cracked.

A golden ray of thunder burst out from the cracks in the ground.

Lightning flash, a fierce beast, slowly emerged.

The head of this giant beast looks like a wolf's head, but it has a huge horn, showing ancient gray matter. There is also a vertical eye in the center of its eyebrow. It is very ferocious.

Its body, covered with black as iron scales, reflecting the sun, flashing a cold metal color, like cast iron.

On the scales, there is also a layer of fine hair, with three tails trailing behind. The whole body is flashing with thunder and purple lightning. As soon as it appears, it seems to suppress the sky, showing extremely domineering and ferocious power.

"No, nine days of thunder come out!"

Meilan, Zhuju, Meilan, Zhuju and four girls were shocked, and their pretty faces were pale.

"Is this the nine day thunder?"

Ye Chen takes a breath of cool air. The strength of Lei Zhen in the nine days is about five layers of sky in the source area.

With his current strength, he can fill the sky with five layers of heaven, release all his strength, and can crush the talented warrior of Shiyuan.

However, it is not easy to meet the original beast of the five layers of heaven.

There is a big gap between the original beast and the warrior.

The key to the first nine days of thunder, but the breath is very domineering, there is a trace of the fierce power of the superior, pressure Ye Chen can not breathe.

If you really fight, the opponent's strength is more than five layers of days, ye Chen has no assurance of victory.

The imperial pressure of the nine day thunder cloud is actually a very weak, very shallow trace, but it is such a little pressure that ye Chen suffocates.

The momentum of the superiors is really terrible. Once the supreme cause and effect is awakened, the original beasts they cultivate are all terrible existence across the heaven and earth.

"Oh

Nine days of thunder issued a loud and clear roar, sound shock mountains and rivers.

Chapter 4393

Among the thousands of mountains and valleys, there are waves of shock.

The laws of space, time, and road in the valley of crazy thunder burst into pieces in an instant, and countless terrible turbulent flows roared.

"Puff!"

Meilan Zhuju four women, on the spot spurt a mouthful of blood, directly injured and fell to the ground, fainted.

The thunder of the nine days was so fierce that the law of the barren thunder that they mastered did not work at all and was crushed.

Waste thunder hall, inside the main hall.

"No, something's wrong!"

The wild rock devil's face changed when he saw the picture in the light screen.

The whole curtain of light, under the pressure of nine days of thunder, directly twisted and collapsed, and no image could be seen.

And ye Chen, is alone, facing nine days of thunder.

This nine day thunder cloud is not big in size, but only a little bigger than ordinary tigers. Compared with the black cloud bear, golden eye lion dragon, black phoenix and other source animals Ye Chen has seen before, it is hardly worth mentioning.

However, the breath of nine days thunder, but far better than the ordinary source animal!

Because, it has awakened the cause and effect of the superior, with a trace of supreme divine power!

"Oh

Nine days thunder cloud roars again, four feet step on the ground jump, the body soars to the sky, fiercely pours down to Ye Chen.

Ye Chen breathes and suffocates. Under the influence of the supreme emperor, he can't display any source rune, source soldier and martial art.

"Holy water of the yellow spring, guard!"

At the critical moment, ye Chenzhao out a continuous stream of holy water, like a ribbon around the body.

Moistened by the holy water of the yellow spring, ye Chen's pressure is slightly reduced. He finally takes out a breath of relief and takes out the four pole heaven shaking hammer with his back hand and smashes it out with a hammer.

To deal with Jiutian LEIYU, a domineering original beast, we must be more domineering than it is in order to have the possibility of victory.

Hum!

The violent breath of destruction, condensed into the seal of destruction, floats on the four pole earth shaking hammer.

Ye Chen smashed out with a hammer, as if to smash mountains and rivers.

"Eh?"

Nine days thunder suddenly surprised, did not expect Ye Chen actually have huangquan holy water and Dayuan soldiers, looking at the four pole Zhentian hammer fiercely hit, it also dare not hard to connect, pull back.

"It's a good way, boy. I don't dare to underestimate you."

"It's a thunder robbery. It's suppressed by me!"

Nine days of thunder roared wildly, a series of lightning, from its body, straight into the sky, evolved into a thunderstorm.

Ye Chen's means, let nine days thunder rather fear, it dare not be careless, directly use the kill move, just want to kill Ye Chen with one shot.

Boom!

Terrible thunder clouds, rolling in the sky.

Thunder clouds toss, countless lightning beat, violent pressure over the mountains and rivers, as if to crush the stars.

This kind of pressure, actually with a trace of overlord!

This is the supreme thunder robbery!

"This is the legendary Taishang thunder robbery?"

Ye Chen looked at the thunder robbery brewing on the sky, his face suddenly changed.

At this moment, he seems to have returned to the central island of the sea of Zhenming. When he first met with Tianziyan, the sage of Yinling painting, he touched the mystery of heaven and attracted the attention of the temple of wanxu, which was watched by the twin pupils of wanxu.

At the beginning, the superior of wanxu temple had cold double pupils hanging in the sky, as if he wanted to see through everything, and put great pressure on Ye Chen.

Now, he feels the pressure again.

This is the exclusive pressure of the superior!

Boom

Thunder clouds burst and lightning cut.

One after another, the terrible lightning of bucket thick, with the tyranny of the supreme emperor, rolled down from the sky and fell violently toward Ye Chen.

If you are attacked by such thunder, ye Chen may be in danger of falling down!

"Master!"

At the critical moment, ye Chen calls for the honor of robbing thunder.

"What a terrible thunder robbery! This is too much thunder robbery. The energy is too great. If I can absorb it, the power of my wanlei annihilation will definitely make the emperor Shitian take off a layer of skin! "

The thunder robber is very excited, shocked and surprised to witness the falling thunder robbery.

Without hesitation, he immediately attached himself to Ye Chen, opened his arms and crazily absorbed the thunder and lightning.

"Is this boy crazy?"

Nine days thunder see the appearance, immediately stunned.

Ye Chen does not dodge, actually stands in place to bear the thunder robbery, in its eyes, is simply crazy, is completely thinking.

Sobbing

But unexpectedly, the lightning stopped and the wind whimpered.

A flash of lightning, split on Ye Chen, did not kill him, but was absorbed by him!

Ye Chen's eyes are firm, with the help of robbing thunder, he crazily absorbs Taishang thunder robbery.

Looking at Ye Chen's firm eyes, nine days thunder suddenly flustered, scalp numbness.

The scene in front of him was totally unexpected.

It is incredible that the Taishang thunder robbery, which is enough to crush the stars, is actually absorbed by a warrior who mends the sky. In an instant, the thunder robbery was over.

All the thunder and lightning of Taishang are absorbed by Ye Chen and gathered into the body of the thunder robber.

"Boy, this thunder robbery contains the supreme law, which is not easy to absorb. I need time to refine and I can't help you in a short time."

Jielei Zhizun absorbed a lot of thunder robberies. His whole body was throbbing with lightning, and his breath was very explosive. It seemed that he couldn't bear it.

His body is hidden in the samsara cemetery, and there is no sound.

Taishang thunder is too terrible, he needs time to slowly refine and absorb, in the short term, it is impossible to help Ye Chen.

"Master, is the thunder robbery so serious?"

Ye Chen is surprised to see the solemn appearance of Jielei Zhizun.

It seems that the Taishang thunder robbery is indeed invincible. Once it can be absorbed, the emperor will be able to destroy the world with all the thunder. I'm afraid that it can blow up the emperor's life!

"This It's impossible. You Did you swallow the thunder robbery of this seat

Nine days thunder is flustered, thoroughly flustered, spit blood on the spot.

This supreme thunder robbery contains the law of the superior. It calls for release, and it would have cost a lot of energy. Now the thunder robbery is swallowed up, and all the law causes and effects are swallowed up. It can't repay the cause and effect, and it is immediately severely backfired.

"Wutu Yuanfu, Zhentian Huangcheng sword, have been suppressed by me!"

Ye Chen made a quick decision and immediately offered a Wutu source talisman and evolved nine huge swords. Suddenly, it fell from the sky, like a wall, and fell directly around the nine sky thunder cloud, forming a sword prison.

"No!"

Nine days thunder cloud wants to rush out, but suffers from the cause and effect reaction, it has been injured, can't rush out at all.

What's more, the sword prison built by Wu Tu Yuan Fu is as solid as gold. If it loses the authority of the superior, even in its heyday, Jiutian leizhen may not be able to break through.

"Nine Yi sunset bow, piercing!"

Ye Chen grinned, and his eyes showed murderous spirit. He suddenly turned over the nine Yi sunset bow. The gold source symbol of Geng was condensed, and the destruction road seal broke out. A pure gold arrow, with bright golden light, mixed with a terrible atmosphere of destruction, burst out from the sky and directed at the nine sky thunder.

Jiutian LEIYU was trapped in the sword prison, unable to avoid at all, even more unable to resist.

Poof!

Ye Chen fiercely arrows, directly through the body of nine days thunder, kill on the spot.

"Bagua Tiandan, refining!"

After killing Jiutian leixuan, ye Chen waved to release the eight trigrams Tiandan technique, refining the Qi and blood of Jiutian leixuan and refining it into a blood pill.

The blood pill of Dayuan beast is extremely nourishing and can nourish muscles and bones.

Last time, ye Chen became the master of the fairyland and consumed a lot. It was because of the nourishment of the black cloud bear blood pill that he was able to recover quickly.

This nine day thunder blood pill has more energy than the black cloud bear's. after that, ye Chen will become a Xianzai. This blood pill can help him recover quickly!

He killed nine days of thunder in one fell swoop. Ye Chen felt the pain in his bones. He was weak. His chest and abdomen were full of Qi and blood. He almost vomited.

It turned out that just robbed thunder Zun attached to his body, with the help of his body, absorbed the supreme thunder robbery, he also received a trace of damage.

Under the impact of Taishang thunder robbery, ye Chen's muscles, bones and flesh are in pain. It is estimated that he should have a good rest.

"It's time to leave."

Ye Chen calms down and wants to wake up Mei Lan Zhu Ju to leave, but suddenly, a huge spider web falls from the sky and covers it fiercely.

"Not good!"

Ye Chen's face suddenly changed, and he quickly broke the spider web with his sword.

After a sword, I feel more weak. I stand on the sword and don't let myself fall.

Chapter 4394

"Hey, hey, childe, we met again."

A huge spider monster, tearing the void, suddenly jumped down from the sky, showing an extremely terrible, extremely ferocious, extremely ferocious breath.

The spider's heart is not poisonous!

At this time, the heartless spider's breath is quite weak. Obviously, he was seriously injured last night and has not recovered. He can't even use the magic weapon five fire seven poison fan.

However, even if she is weak, she is not as weak as ye Chen.

Ye Chen has been attacked by the thunder of Taishang, and now he has lost his combat effectiveness.

"It's you!"

Ye Chen's face suddenly changes. Unexpectedly, the spider is hiding nearby. It seems that it is trying to capture the thunder source talisman, and has been holding back.

now, when Lei Zhen dies and ye Chen is seriously injured, she suddenly appears to reap the benefits of fishermen.

After killing Ye Chen, thunder source rune is her.

After all, nine days of thunder is dead, thunder source Rune lost protection, anyone can easily seize.

"Don't be afraid, young master. I will take good care of you."

With a ferocious smile, the heartless spider opens its mouth and shows its fangs with venom spit. It devours Ye Chen fiercely and wants to eat ye Chen alive!

Ye Chen is terrified. He is trying to crush the blood pill of nine days thunder and restore the combat effectiveness to counterattack.

But at this time, a very strong voice sounded from the outside:

"bold demon, how dare to make trouble in my waste thunder hall!"

I saw a burly middle-aged man, from the outside of the explosion, a hard blow, across the air to hit the heartless spider.

This man's skin is like lava. In the crevice of lava, the fiery magma fire is spurted out. He doesn't look like a man, but a lava monster. He is the wild rock devil among the ten source animals!

The master behind the scenes of the desolate thunder hall!

"What?"

The spider was so shocked that it was killed by an outsider.

Bang!

The savage rock devil hit the body of the heartless poisonous spider from the air. The powerful fist power mixed with the domineering power of lava exploded fiercely.

Puff!

On the spot, the spider spewed blood, burst its internal organs, lost its vitality completely, and its body was constantly shrinking. Finally, it turned into a spider silk flowing with venom.

It turns out that she is a spider silk into the body, the real body is still in the palace of the emperor yuan palace.

Hoo -

with the death of the spider, the five fire and seven poison fans also flew out, turning into a cloud of grey poisonous light and flying back to the imperial palace.

"Heartless spider, cold-blooded and merciless? How did the people of emperor yuan hall come to my desolate thunder hall

In ancient times, the reincarnation Lord saved his life and entrusted him to investigate the matter of the Lord of the heart demon.

By virtue of the power of the desolate thunder Temple behind him, he had already made a secret investigation and knew that emperor Shitian was the master of heart demons, and that four "cold-blooded and merciless" wall breaking beasts were cultivated behind him in order to break through the defense of "the wasteland and the old".

"Brother savage, long time no see."

Ye Chen looked at the savage troll, relieved and smiling.

Now the wild Troll arrived and killed the heartless spider, but saved Ye Chen a blood pill.

"You You are... "

The savage Troll looked at Ye Chen closely and felt the magnificent breath hidden in his blood. All of a sudden, everything was clear.

He thought Ye Chen was a disciple of the reincarnation master, but now seeing it with his own eyes, he understood that ye Chen was the reincarnation of the Lord of reincarnation!

"See the Lord, please forgive me for the delay of your rescue!"

Wild trolls kneel down and kowtow. In ancient times, ye Chen saved his life. He also admired the charisma of the reincarnation master. He had long bowed down to submit himself and was willing to give everything for the reincarnation Lord.

However, ye Chen's layout was at the last moment, and there was no time to take in the wild rock devil. Therefore, he introduced the wild rock devil to the wild thunder temple.

Huang Lei temple is the power of heaven and man. The master of the temple, Fei Lei Zun, is one of the twelve deities in ancient times. In fact, the hall of Huang Lei in Du Lei Sheng Shan is only a sub hall.

The wild rock devil is the master of this sub hall.

Ye Chen said with a smile, "get up, I'm ok."

He did not deliberately hide his breath, but made clear that he was the reincarnation of reincarnation.

Because of the coming of the Tusheng assembly, the emperor Shitian and xuanjiyue were so powerful that he had a very low chance of winning.

So he won't let go of any chance.

If you can regain the obedience of the wild rock devil, you will also be able to give more help to the future slaughtering meeting.

"Yes, Lord."

The savage rock devil, with a respectful face, rose slowly.

At this time, the four maids of Mei Lan, Zhu and Ju also woke up. They just saw the wild rock demons rising and called Ye Chen the Lord.

"This What's going on? "

"The savage Lord knelt down to this young man?""And the Lord?"

"What is the status of this childe?"

Four women look at each other, are extremely shocked, unable to guess the identity of Ye Chen.

"Mei Lan Zhu Ju, this childe's name is Ye Chen. He's a talented young man from the temple. Please come and see him."

The wild rock devil casually made up an identity for ye Chen, saying that he was from the headquarters of the wasteland thunder temple, but did not reveal the details of Ye Chen.

"Yes, see Mr. Ye!"

Meilan, Zhuju and four girls knelt down in a respectful manner.

Ye Chen nodded slightly and said, "get up."

"Thank you," said Mei Lan Zhu Ju Stand up slowly and stand aside with your hands down.

"Master, please come to the main hall."

He quietly winked at Ye Chen, and it was obvious that he had something important to report.

Ye Chen hesitates for a moment. The thunder source rune is still buried in the ground, and has not been collected.

However, looking at the appearance of the wild rock devil, there are obviously more important things than thunder source rune.

Then ye Chen nodded and followed the wild rock devil to the main hall.

Anyway, nine days of thunder is dead, thunder source rune is the treasure of the thunder palace, he can take it whenever he wants.

Wild rock devil with Ye Chen came to the main hall and held back. Even Mei, LAN, Zhu and Ju were not allowed to stay. It was obviously of great importance.

In the main hall, only Ye Chen and the wild rock devil are left.

Ye Chen sat down on a big chair and said, "brother savage, what can I do for you?"

The savage rock devil waved his hand and held the secret to block out the cause and effect. He lowered his voice and said, "Lord, you entrusted me to investigate the identity of the Lord of the heart demon in the previous life. I have found out."

Ye Chen said: "Oh, who is the master of the heart demon?"

The wild rock devil way: "the emperor releases the heaven!"

Ye Chen nodded and said, "in fact, I have known this matter for a long time, but I still want to thank you for investigating for me."

The emperor Shitian is the master of the heart demon. This matter is very secret. The wild rock demon can find out. Even if there is the support of the wasteland thunder temple, he must pay a huge price. Ye Chen naturally thanks him.

The savage rock devil exclaimed, "the Lord is really very powerful. The emperor Shitian wants to create a heart demon trial and destroy the heaven and earth. The Lord must have a clever plan to solve this plot."

Chapter 4395

Ye Chen frowned and said, "what kind of heart demon trial? Does the emperor want to destroy the heaven and the world? "

The wild rock devil was stunned and said, "Lord, don't you know?"

Ye Chen shook his head and said, "it's the first time I've heard about the trial of heart demons. I only know that emperor Shitian is the master of the heart demons. I don't know anything else. My blood in my previous life has not been fully awakened. I don't know many things."

Hearing this, the wild rock devil was shocked and said, "Lord, your blood has not been fully recovered. It's hard to fight against emperor Shitian."

Ye Chen said: "tell me first, what is the heart demon trial?"

"The trial of the heart demon..."

The wild rock devil swallowed his mouth. Obviously, the plan of the heart demon trial was too shocking. When he mentioned it, he felt terrified and speechless.

"Emperor Shitian said that the world is hypocritical, everyone has a heart demon, everyone has desires, and everyone is a selfish villain."

"In this world, there is struggle and hatred because there are demons in the world."

"Emperor Shitian's plan is to create a trial of heart demons, destroy this hypocritical world, and kill all the billions of people in the universe, leaving only 5000 people who are truly benevolent, kind-hearted and have no demons. The new world will multiply from these 5000 people. He wants to build a dream like Utopia, where everyone is equal, there is no dispute, there is no reincarnation and fate. People can control their own destiny, enjoy immortality and happiness forever.

The savage rock devil said these words, and the whole person was shaking.

Emperor Shi Tian's plan is too amazing, too terrible, enough to make the audience lose color.

"What do you say?"

Ye Chen Huoran stood up, staring at the big eyes, only thought that he had heard wrong.

The power of emperor Yuan is all over the world. He thinks that the goal of emperor Shitian is to establish a grand ambition and dominate the world. But unexpectedly, the wild rock devil said that the real plan of emperor Shitian is to establish a trial of heart demons and destroy the whole world!

The heart demon's big curse sword is the biggest cancer in the universe.

This big tumor, boarding between samsara and fate, once it erupts completely, it is possible to destroy the whole universe.

Even if the heart demons spread to the world of the superior, even the superior and the powerful will lose their color, which is impossible to block.

Because as long as they are human beings, there will be evil spirits in their hearts, which cannot be eradicated completely.

Everything is for the devil.

Just born baby, want to ask for milk to drink, this is a heart demon.

The legendary Buddha, who wants to cross the world, is also a huge heart demon.

Heart demons are everywhere, even the superior can not be avoided, just because the superior power is too strong to be easily affected by the heart demon.

But if emperor Shi naively successfully establishes the heart demon trial and kills all the people in the heaven and the world, then his strength will expand to a terrible level, even the superior can't stop him!

Ye Chen really did not expect that the emperor's plan to release heaven was so huge.

In the past, Xuanyuan ink evil just wanted to be the Lord of heaven, overturn the chessboard of the old world, and be the master of the new world.

However, Emperor Shitian not only wanted to overturn the chessboard, but also wanted to kill all living creatures, leaving only 5000 people to build a world of truth, goodness and beauty.

He is not interested in being a master or establishing a rule. What he wants is to build a new world in which all people are equal and friendly, and there is no more fighting and killing!

Ye Chen is completely shocked. He deduces the natural mechanism and finds that what the wild rock demon said is true!

The real plan of emperor Shitian is so terrible.

There is no doubt that the dream of emperor Shitian is very beautiful, very beautiful.

Everyone is equal, there is no fighting and killing, all people are harmonious, there is no intrigue, such a world, ye Chen wants.

But he is very clear, this kind of world, is not realistic at all!

Where there are people, there are rivers and lakes!

As long as people still exist, there must be conflicts and contradictions!

It was impossible for the emperor to eliminate all contradictions.

"The emperor Shitian is crazy. His plan can't be realized. Even if it can be realized, the cost will be too high. He wants to kill all the billions of people in the universe?"

Ye Chen paced back and forth with a dignified face.

For the first time, he knew about Emperor Shitian's plan, only felt tremendous pressure.

Emperor Shi Tian's great wish is beyond his imagination.

Even the upper echelons don't have such outrageous plans.

If you are a normal person, you don't want to kill everyone.

The wild rock devil said: "the emperor interprets heaven The emperor Shitian said that the heart demon's great curse sword is not stained with blood, and those who can be killed by the heart demon deserve their crimes. If they are really benevolent, righteous and kind-hearted, they will not be killed by heart demons. He said that he has never killed a good man in his life, and all the people killed are hypocritical. "

Ye Chen said in a loud voice: "jokes, heart demons curse sword, even the newborn baby can be killed. Is the newborn baby also a bad person?"The wild rock devil said: "in the theory of emperor Shitian, a newborn baby may have a heart demon, and may become a bad person when he grows up. Therefore, it is better to kill as soon as possible, so as not to harm people later."

Ye Chen sat down in a low mood, his face a little pale, only felt a wall in front of him.

He was very clear that if emperor Shitian came in person and argued with him, he would not be able to argue with each other.

Emperor Shitian lives in an illusory world and dreams of building an ideal country that is impossible to realize. He has been possessed by the devil. His will is firm and can not be shaken by any outsider.

Ye Chen took a deep breath and felt for the first time that emperor Shitian was so terrible.

This man has a shocking faith. If he doesn't fall, even the superior will tremble under his edge.

"Emperor Shitian is a madman!"

"In the future, I will kill him with my own hands!"

"I can't look at the world and destroy it in his hands!"

Ye Chen clenched his fist, and his fighting spirit was stirring in his eyes.

In order to establish the so-called Utopia, ye Chen would never allow such a thing to happen.

Compared with emperor Shitian, ye Chen believes that his goal is closer to reality.

What he wants is to establish a reincarnation world, which depends on good and evil merits and virtues, and determines the world.

In ancient times, sages had their words. They did not care about their hearts when they talked about deeds, but they were not perfect on their hearts.

At the end of the day, everyone has a devil in his heart and is not a good man.

But the real good and evil can't be counted like this. It depends on the real action.

What ye Chen wants to do is to judge the good and evil according to the actions of the world, and establish the reincarnation, so that the good will enjoy the immortal blessing forever, and the evil will sink into hell. In this world, everyone is in awe, and they are devoted to the good and dare not to do evil.

If we want to build such a reincarnation world, we need to spend a lot of effort.

But emperor Shitian didn't want to be so troublesome. He wanted to kill all the people!

This is the difference between Ye Chen and Emperor Shitian!

Chapter 4396

The wild rock devil said in a deep voice: "Lord, fortunately, I have the cause and effect of the superior in the wasteland thunder temple, so I found out the conspiracy of emperor Shitian. This plot is really terrible. Lord, you should be prepared in advance."

Ye Chen said: "the Lord of the heart demon, everyone should be killed. The emperor should not have the courage to disclose his plan in a short time, otherwise he will be attacked by the heaven and the world! We still have a lot of time to prepare. The most important thing at present is the slaughtering assembly. "

The wild rock devil said: "Lord, it's better to be careful. The emperor Shitian has already known that his identity plan has been revealed. If he is found by the superior, he may directly disclose his identity at the butcher's meeting."

Ye Chen brows a frown, way: "he dares to open, he is not afraid of death?"

The savage rock devil said: "the Tu Sheng assembly is held at the place of the Diyuan hall. The emperor Shitian has the most advantage. If he presents the heart demon curse sword at the Tu Sheng assembly, who can resist it? Once the heart demon is shrouded and all the guests' heart demons break out and are controlled by the emperor Shitian and become his puppets, he will have the capital to negotiate with the superior. "

Smell speech, ye Chen frightens to lose color.

The wild rock devil is right. It is possible.

The assembly of Tu Sheng, the emperor yuan hall invited many foreign forces.

At that time, all the distinguished people from other countries will attend.

Once the emperor Shitian takes advantage of this opportunity to sacrifice the heart demon's great curse sword, and then relies on the geographical advantages of the Diyuan palace, I'm afraid no one can resist it.

If the big people in foreign countries become his puppets, he is absolutely qualified to fight with the superior!

It's killing two birds with one stone!

First, relying on the eternal king, he created a conspiracy to lead Ye Chen to death to solve the threat of reincarnation.

Second, if the time is right, the emperor will release the heart demon sword, which can control all the guests attending the meeting, control the foreign countries at one stroke, and become the supreme one!

If this happens, the whole territory will be ruined.

All forces outside the territory will become the puppets of emperor Shitian and become the bargaining chips for him to negotiate with the superior.

"It's terrible. We have to find a way to stop it."

Ye Chen only feels that the situation is serious. This massacre meeting has gone beyond his personal enmity with emperor Shitian and xuanjiyue. It may even involve the survival of the whole universe, stars and worlds!

"It's a pity that we don't have any evidence. Even if we say it out, no one believes that emperor Shitian is the master of heart demons. Moreover, those who are in the upper position are not monolithic. Some people want to support emperor Shitian and fish in troubled waters. This chess game is very dangerous."

Ye Chen, with a dignified face, said: "up to now, we have to act according to the circumstances. The soldiers will block it, and the water will cover the earth. It is not so easy for the emperor Shitian to establish a heart demon trial, and it is not so easy for him to cover the sky outside the territory."

In the general assembly, it's very easy for him to release the evil spirits from the outside world.

The savage rock devil said: "Lord, your cultivation is still too low, and your blood has not been fully awakened. You want to fight with emperor Shitian at the butcher's meeting. Your strength is far from enough. I'll give you the thunder source rune, which may be useful for your cultivation."

Ye Chen heart a burst of blood, said: "thank you very much!"

If you can get thunder source rune, his strength, should be able to improve again.

After the negotiation, the wild rock devil went to the crazy Thunder Valley to collect the thunder source Rune and gave it to Ye Chen.

This time, no accident happened. Ye Chen smoothly got the thunder source symbol and came to a secluded training room in the desolate thunder palace, refining silently.

The thunder source symbol is purple gold, surrounded by layers of thunder. The lightning is crackling and exploding, and the breath is very domineering.

Ye Chen sits down on his knees, holding the thunder source Rune in his hand. He runs the thunder body of the great wasteland and continuously absorbs the energy of the thunder source rune.

If you can refine the thunder source rune, he will not only make a breakthrough in cultivation, but also greatly improve the power of wanlei.

"Thunder and lightning, all melt into me!"

Ye Chen rebukes with sharp eyes. He doesn't need any foreign objects to assist him. He directly refines the thunder source symbol.

In his hands, he already had the dark source rune, Geng Jin source rune, and Wutu source rune. His cultivation of the source technique was very exquisite. It was easy to refine the thunder source rune.

For ordinary people, it is not easy to change the flavor of thunder leaf.

"Hoo Suck... "

Ye Chen breathes rhythmically, resonating with thunder source symbol.

Hum!

The whole thunderbolt is completely integrated into Ye Chen's body.

All of a sudden, on Ye Chen's skin, a layer of bright lightning runes appeared. The electric light continued to shine, very gorgeous, very good-looking.

Between Ye Chen's eyes opening and closing, there is also thunder and lightning brewing.

His muscles, bones and body, in the temper of the thunder, further expanded, even the profound meaning of the thunder law of wanlei's extermination has been significantly improved."Cultivation has also been promoted, mending the six layers of heaven!"

Ye Chen was overjoyed. Under the nourishment of thunderbolt, all aspects of his body had been transformed, and his accomplishments were also instantly broken through, reaching the six layers of heaven.

If ye Chen goes to face the spider again at this time, it will be much easier.

If a thunderbolt is suppressed, I'm afraid that the unintentional poisonous spider will be completely annihilated.

I'm very sincere.

When ye Chen was glad to improve his strength, there was a knock on the door outside.

There are two smells outside.

One is the wild rock devil, the other is unknown, and his prestige is very strong.

Even if ye Chen is in the training room and hasn't opened the door, he feels tremendous pressure.

"Who is it?"

Ye Chen frowns and opens the door immediately.

There are two people standing outside the door. One is a wild rock demon, the other is a virtual shadow.

This shadow is a gray haired old man, but he is very tall and bulky. He is even a head higher than the wild rock devil. Even if there is only virtual shadow, it also shows incomparable momentum.

"The elder is..."

Ye Chen is shocked. Under the insight of the natural mechanism, he instantly captures the breath of this empty shadow, which has the same cause and effect as the God Emperor of heaven prison!

This is the shadow of thunder!

The flying Thunder God is one of the Twelve Gods in ancient times. It shares the same door with the heavenly prison God Emperor. In the past, he was also the servant of the supreme heavenly daughter. When the supreme heavenly daughter made the ten source talismans, they were there to serve!

Ye Chen did not expect that the Supreme Master of the temple of desolate thunder, the legendary flying Thunder God, actually dropped a shadow and came to him.

Is it true that he is the reincarnation secret of the reincarnation of the Lord of reincarnation?

Behind the flying thunder statue, there is the cause and effect of the superior. Once the secret is leaked, the superior will find the trace of reincarnation, and the consequences will be unimaginable.

Ye Chen frowns and looks at the wild rock devil.

With a wry smile, the savage rock demon said, "master ye, Lord Feilei says that you are gifted and intelligent. I don't know what you think about it."

Chapter 4397

The implication is that ye Chen is the secret of the reincarnation master. The flying Thunder God does not know that. If he does know, he will not have the idea of accepting apprentices.

"You are Ye Chen? It's said that you killed nine days of thunder, and it's extraordinary to be able to resist the thunder robbery of the supreme emperor. My wasteland thunder temple is just at the time of employing people. Do you have any idea to join me

Flying thunder Reverend a bright smile, between the words, wave to release a piece of light curtain.

Above the curtain of light, the picture of Ye Chen killing nine days of thunder is repeated.

Crossing Leisheng mountain is the site of the wasteland thunder temple. The law covers it. Everything that happens here can't escape the eyes and ears of Thunder God.

Fortunately, the wild rock demon was cautious. When he discussed with Ye Chen's secret room, the mystery of heaven had been blocked. What he called Ye Chen the Lord also covered up the cause and effect. Mei Lan Zhu Ju, the maid he had adopted since childhood, was absolutely reliable. Without his command, he would not talk nonsense.

Ye Chen said: "the original generation is flying thunder god Zun?"

Flying thunder god squinted his eyes and said with a smile: "yes, as long as you are willing to join me, I can cultivate you myself."

In the recent great change of heaven and man, countless powerful people have fallen down. Even the ancient twelve deities have been involved in a number of troubles. The Taiyue God Zun behind the death spirit hall is directly killed.

At this juncture of chaos, the temple of desolate thunder needs hands!

Ye Chen, however, was able to block the Taishang thunder robbery and kill nine days of thunder. It was really incredible.

Therefore, the flying thunder god respectfully lowered the empty shadow, wanted to collect the Ye Chen to enter the door, to serve the desolate thunder temple.

Ye Chen burst into a bitter smile and said: "thank you for your appreciation, but I'm used to it by myself. I'm not interested in joining any forces. Please forgive me."

Flying Thunder God said: "it's all right. You don't look up to me. It's also due that you don't look up to me. It's fate that we meet each other. This gives you the five element star ring."

Hearing Ye Chen's refusal, Fei Lei Shen Zun didn't force him, and he didn't have any nonsense. He was very open-minded and took out a ring-shaped weapon as a gift.

"Top ten soldiers, five elements and star rings? I can't take such a precious gift. "

Ye Chen's eyes widened, looking at the ring weapon in the hand of flying Thunder God, and shook his head in a hurry.

This ring weapon, filled with a trace of source road breath, is actually a big source soldier. It is the five element star ring in the top ten source soldiers. It has five elements of evil spirits, which is extremely powerful in the starry sky.

The shape of the whole five element star ring is a bit like the Golden Wheel magic weapon used by Western lamas. It is round and has extremely sharp edge. It can easily cut off the head. It is really a sharp weapon to kill people like grass.

As soon as the flying thunder god Zun met, he sent out the five elements star ring, which was too big, and ye Chen was shocked.

Five elements, star ring, but the real Dayuan soldiers, absolutely not cabbage, where there is so easy to send people.

Once he takes it, he must owe the thunder god a great cause and effect.

"Master ye, please accept this five element star ring, which I got in the war when the heaven and man world changed suddenly before. This source soldier has been destroyed by the war, and its quality has

been greatly reduced. It is not a treasure any more. I only treat it as a gift to make a good relationship. In the future, if you want to join the desert thunder temple, you can contact me at any time."

"Oh?"

Ye Chen takes a closer look and finds that there are many small cracks on the five element star ring.

This big source soldier is indeed seriously damaged and its quality has been greatly reduced.

It's also appropriate to use it as a meeting gift, not too extravagant.

"Thank you for your gift. I'll take it."

Ye Chen no longer pushed back, and took the five elements of the star ring.

This weapon is seriously damaged and its power is greatly weakened. If you want to restore the power of Dayuan soldiers, unless it is perfectly restored.

However, it is too difficult to repair Dayuan soldiers. Looking beyond the territory and in the upper world, almost no one can do it. Even Xuanji moon, Emperor Shitian and twelve deities can't do it.

The top ten soldiers are cast by the superior. Once damaged, only the superior can repair it.

"I use the eight trigrams heaven elixir, I wonder if I can repair the five elements star ring?"

Ye Chen secretly plans that his Bagua Tiandan technique is alchemy.

However, the source of the Arts in the world is the same.

He has dark source rune, Geng Jin source rune, Wutu source Rune and thunder source Rune in his hand, and his source skill is very exquisite.

With the blessing of Yuanshu, ye Chen's Bagua Tiandan can not only refine pills, but also refine utensils.

Both alchemy and alchemy are one of the alchemy methods, and the methods come from the same source. Therefore, if you use the eight trigrams heavenly elixir technique and the energy of the source gas, you may be able to repair the five elements star ring.

To be exact, the Bagua Tianyuan skill infused with Yuandao should be called Bagua Tianyuan technique, which can refine all pills, magic weapons and armor.

"If you can repair the five element star ring, that's good. I've got another card of dayuanbing on the butcher's meeting."

Ye Chen thinks silently that he has a plan to sacrifice Dayuan soldiers. The more Dayuan soldiers are, the more powerful the sacrifice will be. Although offering sacrifices to Dayuan soldiers will suffer from the regulars and pay a great price.

But the cost of side effects can be considered slowly.

In short, now, can collect more big source soldiers, that is a good thing!

Ye Chen's eyes twinkled, thinking of Xuantian sword tomb.

Xuantian sword tomb is full of damaged Jiupin emperor's utensils and original utensils. Although the magic weapons are damaged and the aura is almost annihilated, the materials are still there and there are enough.

If you collect the damaged Jiupin Diqi and source ware, remelt all the materials, and then take them to repair the five element star ring, there may be a possibility of success!

Think of here, ye Chen can't help but a bright eye.

It needs a lot of materials to repair the five elements star ring, and there are enough materials in Xuantian sword tomb!

What's more, ye Chen's current strength has reached six layers of sky mending realm, which is much stronger than before. If he goes to Xuantian sword tomb again, he may have a chance to break open xuanjiyue's altar and rescue several great powers!

You know, there are many big Neng in the samsara cemetery who are imprisoned in Xuantian sword tomb. If they can be rescued, ye Chen will have a greater chance when the butcher's assembly begins!

He decided to go to Xuantian sword tomb again!

"Ha ha, Mr. Ye, you are welcome to join the temple of desolate thunder at any time."

Flying thunder god gives out a hearty laugh and pulls Ye Chen's thoughts back.

Ye Chen came back to God, put away the five element star ring, arched his hand and said, "master Fei Lei, if there is a chance in the future, I will go to the temple of desolate thunder to see you."

"That's very good. I'll go first."

Flying thundermaster smiles and then turns away.

Ye Chen saw that the flying thunder god Zun was so free and easy, and he also secretly admired him. This time, he made a good relationship with the wild thunder god hall, and he thought it would be no harm.

Chapter 4398

When the flying Thunder God was gone, the wild rock devil came to Ye Chen and said in a low voice, "Lord, how are you going to do this slaughter meeting?"

Ye Chen said: "if emperor Shitian wants to kill the eternal holy king, I must save it. You should prepare some trusted troops and wait for the meeting to begin. Listen to my orders. You can never let emperor Shitian succeed!"

"Yes!" said the savage rock devil

After the negotiation, ye Chen nods and leaves the temple of desolate thunder. After seeing off Mei Lan Zhu Ju, he goes out of Du Lei Sheng Shan.

The trip to Leisheng mountain was fruitful.

The king of robbing thunder absorbed a lot of thunder. The power of ten thousand thunder destroying the world must be earth shaking.

Ye Chen killed nine days of thunder, got thunder source rune, and recruited the wild rock demons again. He got a great help and got rich harvest.

After a little rest, ye Chen tears the void and goes to Xuantian sword tomb!

Chuckle

With the help of the mysterious black stone in his pocket, ye Chen enters Xuantian sword tomb again!

These mysterious black stones are not only the foreign bodies to build the reincarnation cemetery, but also the introduction to step into Xuantian sword tomb.

After entering the Xuantian sword tomb, ye Chen looks around. There are huge swords around, scattered with broken pieces of Jiupin emperor's utensils and original utensils.

The whole Xuantian sword tomb is full of desolation, vicissitudes, simplicity and chaos.

"Very good, the material here is enough for me to repair the five element star ring!"

Ye Chen looks around at the scattered artifacts of the nine grade emperor and the original source. Although these magic weapons are damaged, if they are remelted, they can be used as materials for repairing the five element star ring.

"Why, boy, it's you!"

Ye Chen just wanted to start, suddenly heard a familiar voice.

two old men as like as two peas in a suit, appeared in front of him.

These two old people, only the pupil color is different, one is red, the other is purple.

The two elders of Zhenzheng and Zizhen are the two guardians of heaven.

"Two elders, I haven't seen you for a long time

Ye Chen smiles and salutes immediately.

"Six layers of sky! Boy, I haven't seen you for a short time. Your cultivation has broken through to this point! "

"Ah, you still have a very powerful breath of source art! You got the source code! More than one? "

The two red and purple statues were shocked. They didn't expect Ye Chen's accomplishments to break through so quickly.

Last time in Xuantian sword tomb, ye Chen's cultivation was still in the holy ancestral realm, but now he has reached the level of six layers of heaven.

Moreover, the red purple two zuns discovered that ye Chen still has the breath of source art!

"A little breakthrough is nothing. Two elders, I want to go to the altar again to see if I can break the altar and go in and save people."

Ye Chen shakes his head and is not complacent. Although he has made rapid progress, the enemy is too strong and his current strength is far from enough.

He needs more help!

If we can save the reincarnation power, it will be better.

"With your present strength, you have a chance to break the altar, but you are in a bad mood. What's the matter?"

Red purple two Zun staring at Ye Chen, after surprised, they found Ye Chen's breath, with a trace of dangerous disaster gas.

It's a bad omen!

Ye Chen must have a big disaster!

"This bad weather seems to have something to do with the emperor's interpretation of heaven?"

"The emperor Shitian is good at hiding his strength. People don't know his real strength. Even in several wars in ancient times, he deliberately behaved ordinary and even pretended to be a heavy blow. However, his real strength is still in the real state, even in full strength. It is possible for the later stage of the real situation and even the peak. Did you offend him?"

After careful deduction, the two red and purple masters realized the cause and effect of the emperor's interpretation of heaven, and his heart was even more startled.

"Empty and real? This guy is really weird. Is his cultivation true? "

Ye Chen's eyes move, or for the first time to hear the emperor's real strength.

It turns out that the emperor Shitian could be a master in the later period and even the peak of the real world!

Huanzhen state is the realm above the original state. The road is still true, and it is powerful in the world. Its combat effectiveness is incomparably strong.

A real environment master who wants to kill shiyuanjing is like crushing an ant with no effort.

Although there is only one difference between the original state and the Huanzhen state, they are separated by a natural moat, and they are like clouds and mud in the sky.

It is also true that the road is true. It can capture the shadow of a superior person, and is qualified to be the servant of the superior.

For example, the legendary Twelve Gods are servants of the superior.

But the origin realm, even to the superior when the servant is not qualified!

With Ye Chen's current strength, he may be able to fight against the existence of five or six layers of heaven in the original territory.

If you run into a master who is in a normal environment, there is no possibility of winning.

And the emperor's interpretation of heaven may be the existence of the later period and even the peak of the true state! If you fight, ye Chen will be killed in seconds for a moment!

There's no chance of survival!

Looking at the whole region, it is like a very few people who can reach this level.

Moreover, Emperor Shitian had another identity.

He is the master of heart demons, holding the magic sword of heart demons!

His real strength, I am afraid, is enough to be proud of the whole region.

In this meeting, ye Chen has to face the emperor Shitian. It's hard to imagine the pressure and danger.

"Boy, what's going on here? How can you have something to do with emperor Shitian?"

Red purple two Zun's voice is heavy, ask again.

Emperor Shitian's strength is too strong. Ye Chen is far from his opponent.

"It's the butcher's assembly..."

Ye Chen's eyes congealed, will butcher Saint assembly's matter, simply said once.

"Butcher's assembly! There is such a thing

"Do you want to fight against emperor Shitian in the assembly of slaughtering saints?"

Hongzi and zizun have been guarding Xuantian sword tomb, but they don't know the outside world.

Now from ye Chen's mouth, the two old men were shocked.

This assembly of butcher saints shows that it's a conspiracy to attract Ye Chen!

Ye Chen, on the other hand, can only make up for the six layers of heaven. It is almost impossible for ye Chen to fight against the emperor Shitian, who is still in the real state. He is just looking for death.

Therefore, both of them were extremely shocked. At the moment, ye Chen was dissuaded in unison:

"you are still too weak to be enemies with emperor Shitian!"

Ye Chen shook his head, eyes incomparably firm, said: "two predecessors, my heart has been determined, I can't watch the eternal King die."

Listening to Ye Chen's firm words, red and purple two Zun looked at each other, and suddenly silent.

From ye Chen, they saw the figure of the former Wuzu.

Ye Chen's heart is the heart of Wu Zu Dao. It is doomed to break through all kinds of difficulties, and there is no possibility of any retreat!

Wuzu is the source of Wudao and the hero who gave birth to Wudao at the beginning of the world.

Ye Chen has already awakened Wu Zu's Taoist heart. He is resolute and unyielding. His way does not allow him to retreat!

If the emperor Shitian is allowed to kill the eternal holy king, ye Chen's heart will collapse, and he will not have the possibility of progress in the future.

Therefore, even if the emperor Shitian is strong, he will not retreat.

Chapter 4399

Red and purple looked at each other, they were hesitating.

They hesitated to wait for the butcher's meeting to begin, whether they would like to take action.

Emperor Shitian's strength is too strong, and they are not sure to win.

If you do, I'm afraid it's going to hit the stone with an egg.

What's more, they also heard that the legendary master of heart demons seems to be emperor Shitian!

The emperor Shitian was so powerful that no one could defeat him. Even they did not dare to fight.

"Two elders, I need to repair a Dayuan soldier. Please protect the Dharma for me."

Ye Chen no longer said anything more, but sat down on his knees and offered sacrifices to Geng Jin Yuan Fu.

Buzz!

Geng gold source symbol vibrates, a continuous metal source gas, crazy flow out.

These metal source gases, after continuous refining, finally build into a furnace, bang, the town fell to the ground.

Among the ten source runes, Gengjin source rune is quite special. The essence of Gengjin can condense the substance, turn into real metal and cast everything at will.

With Ye Chen's accomplishments, it is easy to cast a furnace.

"Bagua Tianyuan art, refining!"

Ye Chen's eyes are like electricity, and his aura is released.

Click, click, click.

The damaged pieces of Jiupin emperor's wares and those from the source of origin all soared up one after another and fell into the furnace of Gengjin. Under the melting of the eight trigrams Tianyuan technique, they gradually melted and released the unique scorching smell of metals.

"What do you want, boy?"

The two red and purple statues were stunned and looked at this scene. Ye Chen's cultivation of source skill and weapon refining was just like a great master.

A short time no see, ye Chen actually can break through to this point, they are also extremely shocked.

Ye Chen's eyes are calm, and he doesn't say much. He is absorbed in the eight trigrams Tianyuan technique.

The eight kinds of road breath of Qiankun Kanli and Zhendi XunGen, mixed with the endless source gas, ignited flames in the furnace, burning pieces of damaged imperial vessels.

Although they were damaged, the materials of these imperial vessels were extremely tough. Under the burning of Ye Chen's source gas, only part of them melted, not all of them.

"Thunderbolt, thunderbolt!"

Seeing this, ye Chen is not in a hurry, offering thunder source talisman. The purple and golden lightning falls suddenly in the sky and explodes fiercely in the furnace.

Hum!

The furnace vibrates, the electric light and the fire dance.

Pieces of imperial utensils began to melt completely and turned into a pool of golden juice, suspended in the furnace.

"It's time."

Ye Chen's eyes narrowed slightly. He sacrificed the five elements of the star ring and put it into the stove, and the eight trigrams Tianyuan technique was operated again.

That pool of golden juice, immediately poured on the five elements of the star ring.

The cracks in the five element star ring are being repaired and healed, and gradually burst into a divine light.

"Geng Jinyuan rune, thunder source rune, five elements star ring Boy, how many adventures have you got since you left Xuantian sword tomb last time

"You still want to repair dayuanbing?"

Red and purple two Zun witnessed Ye Chen's movement all the way, and nearly startled her eyes.

Ordinary people get one of the ten source runes, which is already a great fortune.

But ye Chen, there are two kinds.

No, more than two.

Red and purple two Zun feel that ye Chen's breath is more than round, and there should be source Rune in the body!

It's amazing to have so many source symbols.

But what shocked the two red and purple statues was that ye Chen actually wanted to repair Dayuan soldiers!

We should know that dayuanbing is a weapon cast by the superior. Both the material structure and the internal rules are very strict.

If the Dayuan soldiers are damaged, it is possible to repair them only if the superior hands.

But now, ye Chen wants to break through this limitation and rely on his own source power to repair big source soldiers!

Such a move is against the weather!

Boom

In the furnace, after pouring the golden juice onto the five element star ring, it seemed to have touched some law and made a huge vibration.

For a time, the energy of the law surged, the source gas ran in disorder, and the powerful pressure crushed the void, which was suffocating.

"Wu Tu Yuan Fu, suppress it for me!"

Ye Chen gnaws his teeth and looks at the surging energy of the law. He immediately sacrifices the Wu Tu Yuan Fu.

Hoo Hoo Hoo Hoo!

All of a sudden, a wisp of earth essence, with the majestic pressure of the earth, severely shrouded.

The law and energy of the storm suddenly subsided.

"It works."

Seeing this, ye Chen breathed a sigh of relief.

Wu Tu Yuan Fu, with a very strong suppression power, played a role at this moment.

Ye Chen urges Wu Tu Yuan Fu to stabilize the stove and repair the five elements star ring step by step.

Under the watering of golden juice, all the cracks on the five elements star ring have been repaired. Ye Chen continues to use the eight trigrams Tianyuan technique. The flame of source gas is burning in the furnace, continuously refining the five elements of the star ring.

After quenching, the five elements star ring will be able to completely recover its edge.

It takes time!

Zizun and Hongzun watched nervously.

One left and one right, protect the Dharma for ye Chen to prevent accidents.

Ye Chen is the key to the restoration of Dayuan soldiers. If he is disturbed, he will be attacked.

Fortunately, Xuantian sword tomb is hidden, and no outsiders disturb it.

As long as the altar is not touched, there is no danger of being found by the upper world.

Time bit by bit, finally, ye Chen stopped action.

Repair dayuanbing, announce completion!

Whoa

The five elements star ring, flying out of the stove, is suspended in the air, releasing the majestic five elements evil spirit.

The whole ring weapon was spinning, and its edge was shining with cold light.

A little starlight, constantly blooming.

In the Xuantian sword tomb, there is a cosmic vision of the five elements mutually generating, the starry sky floating, and the bright aurora.

"It's very good. It's really repaired!"

Ye Chen's eyes are bright and full of joy.

He didn't expect to be able to repair the five element star ring so smoothly.

The eight trigrams heavenly elixir, which is blessed with the mystery of the source technique, is really extremely clever.

At this moment, the top ten soldiers, ye Chen has half of them!

Taichu life taking sword, four pole earth shaking hammer, five elements star ring, eight wild God halberd, nine Yi sunset bow, all in his hands!

If you sacrifice all the five big source soldiers, ye Chen can't imagine how powerful it will be.

"Although the emperor is strong, he may not have no chance!"

Ye Chen's eyes twinkle. If it comes to the last moment, he will burn all the jade and stone. There is still a little chance for emperor Shitian to pay the price of bleeding!

Red purple two Zun standing beside, watching Ye Chen really repair Dayuan soldiers, has been surprised to say nothing.

Dayuanbing is the weapon cast by the superior. Ye Chen can repair it. In other words, ye Chen is qualified to touch the rules of the superior!

The law of the superior is not invincible, but may be shaken!

From a certain point of view, ye Chen at the moment has shaken the law of the superior!

"Two elders, I want to go to the altar."

Ye Chen calmed down, collected the five elements of the star ring, and did not forget his goal.

Chapter 4400

He wants to re-enter the altar to save the reincarnation power such as the moon ghost!

"You come with us."

Red purple two Zun swallow saliva, no nonsense, immediately lead the way.

Ye Chen followed the two elders, and finally came to the altar again.

The whole altar, majestic and magnificent, built in the mountains, seems to be the place of the altar heaven.

Wisps of aura are flowing on the altar.

With the breath surging, it evolves into various kinds of strange animals, such as the dragon, the God Phoenix, the unicorn, the white tiger and so on.

A piece of gloomy runes, as if sealed and forbidden, engraved on the altar, faint magic light flow, imposing extraordinary pressure.

Ye Chen clearly feels that the power of the law contained in the altar is very deep and frightening.

When he stepped on the altar, he was surprised to find that the seal of the altar was loosened a little.

Obviously, after his strength improved, he could shake the seal of the altar by his own strength alone!

"Master, I want to enter the altar. Please help me

The seal of the altar leaves.

Layers of seals and prohibitions have been opened.

But the deepest prohibition, with the original law of Xuantian sword tomb, could not break through. He needed the help of Hongzi and zizun!

"Xuantian secret law, imperial edict!"

Red and purple looked at each other and both nodded.

They know very well that ye Chen can shake the law of the superior.

Ye Chen is definitely qualified to step into the altar.

They didn't hesitate any more, and at the same time, they put out a magic light.

This piece of magic light falls on the altar.

Suddenly, the prohibition on the altar was finally broken!

Whoa

A dazzling white light wrapped Ye Chen's body and pulled him into the world inside the altar.

Ye Chen only felt a whirling sky and earth, and the surrounding space was constantly shaking.

When the shock subsides, ye Chen opens his eyes and finds himself inside the altar.

This is a special space, as if it is an underground palace. There are many array patterns under the ground, forming an archaic array.

"This is the world within the altar?"

Ye Chen is quite surprised and alert.

He stood still, sensing his surroundings carefully.

Under the insight of heaven, Ye Chen instantly catches that in the middle of the underground palace, there seems to be a big chance waiting for him!

That chance is related to reincarnation!

To save the samsara power, you must go to the center of the underground palace!

Ye Chen takes a deep breath, thinking that he will be able to rescue reincarnation power, and his heart can not help but be excited.

Hum!

Ye Chen took out the five star rings and held them in his hand. He was alert and moved forward step by step.

This five element star ring is repaired again by many materials of the nine grade imperial weapons and the original ones. It is mixed with a trace of the energy of the original source of the imperial weapons. It has doubled the lethality and is an excellent weapon for self-defense.

In the underground palace, the light is dim, only the five elements of the star ring, releasing a little bit of starlight, like the evolution of the universe's starry sky, dispelling the darkness around.

Ye Chen moves cautiously. The closer he is to the central area, the more dangerous he feels.

Between nose end, smell a strange breath.

Poison gas!

The gas is hidden here!

"It's a poison source code!"

Ye Chen's face changed slightly. He suddenly found that the original legendary poison source talisman was hidden under the underground palace array. If he went further, he would be easily eroded by the poisonous gas.

Among the ten source talismans, the breath of highly poisonous source runes is the most ferocious. If ordinary people are contaminated with a little poisonous gas, they will turn into pygmy water, and even bones and dregs will not be left.

It is also extremely difficult to refine the poison source rune, and it is easy to suffer from the reverse.

Even ye Chen, with the foundation of four source runes, dare not say that he can easily swallow the poisonous source runes. After all, the breath of the poisonous source runes is too terrible. As long as it is touched, there is a risk of eroding the flesh and bones.

However, if you can successfully refine the poison source rune, his reincarnation poison stele, and ancient poison God pulse, they should all be able to evolve and transform, and their power will be further enhanced.

Buzz!

Ye Chen is on his way, but he sees a group of insects, buzzing from the distance.

These insects have red eyes. Each of them is as big as a bat. You can clearly see their mouthparts. They are very sharp and ferocious. They emit poisonous mist all over their bodies.

"Ten big source animals, poisonous blood flying awn!"

Ye Chen's scalp is numb, and he immediately recognizes that these big insects are the guardian animals of the highly poisonous source rune, poisonous blood flying awn!

Among the ten source animals, poisonous blood fleeing awn is the most special existence.

Because other animals have only one head, but the poisonous blood flying awn is actually a large group of poisonous mosquitoes!

These poisonous mosquitoes do not have the ferocity and domineering power of ordinary animals. They are annoying insects. They have terrible poison on their bodies. If they bite them, they will die in an instant and turn into pus. Buzz!

In all directions, poisonous mosquitoes are flying here and there.

In the blink of an eye, ye Chen's body is densely covered with insects, one by one poisonous blood flying awn, buzzing and shouting, like a bloodthirsty devil, with red eyes and crazy killing towards Ye Chen.

"Damn it!"

Ye Chen's face is extremely ugly and creepy.

He would rather face the lion and tiger beast than fight with a group of poisonous blood flying mansions.

Because, these poisonous blood fleeing mansions are all very poisonous. If they are accidentally killed, they will be attacked by poisonous gas.

"Five elements evil spirit, annihilate all souls!"

Seeing a lot of poisonous blood, ye Chen quickly waved the five element star ring.

Chuckle!

The ring dances in a circle, and the stars flash, and the five elements of evil spirit rush out in succession. The five elements of heavenly power, such as sharp gold, divine wood, black water, sky fire, yellow sky earth, roll around and explode and kill.

These poisonous blood fleeing mansions all absorb the breath of the poisonous source talisman. If you kill them randomly, the poisonous gas will explode and you will also be poisoned by the poison gas.

Fortunately, ye Chen mended the five element star ring and revealed his divine power at this moment.

When the ring is waving, it seems that the stars come down and form a boundary, covering all the poisonous blood flying awns.

The five elements of evil spirit, the source of the mighty power, will be a poison mosquito, all crushed out, not even a bit of residue left, to avoid the outbreak of poison gas.

The special evil spirit of the five elements star ring just suppresses the poisonous blood flying awn.

In the blink of an eye, all the poisonous blood flying awns are crushed out by the five elements star ring, and ye Chen is not injured.

"Hoo..."

Ye Chen looks at the poisonous blood flying awn all to be extinguished, can't help but shudder out, although not injured, but still feel a little creepy.

If you are bitten by these insects, I'm afraid it's not very good.

Fortunately, he has five star rings, just restrain.

All cause and effect, as if in the dark has been predestined.

After solving the poisonous blood flying awn, ye Chen continues to move forward.

Ye Chen has experienced thousands of battles, but it is the first time that he has just fought with a group of insects.

These poisonous blood flying awns are extremely annoying, and they are full of poison, so they can't extract blood pills.

However, ye Chen is very satisfied with the fact that he can withdraw from the battle successfully and dare not hope for any animal blood pill.

Along the way, the closer you are to the center of the underground palace, the stronger the poison gas will be.

In this poisonous gas, there is a breath of poisonous source symbol!
