Chapter 4401

The strong poisonous gas condenses into mist and lingers around, as if any living creature dares to step in, it will be corroded into bone water.

"Ancient poison pulse, open!"

Ye Chen immediately opened the ancient poison pulse.

Whoosh, whoosh

Ye Chen's body, suddenly emerged a wisp of deep abyss poison fog, and the surrounding poison fog confronts.

The poison gas of the poison source Rune can't help sinking into the abyss. Ye Chen is not infected by the poison.

"It seems that the poison source symbol in the legend is not as good as the poison tablet in my reincarnation xuanbei."

Ye Chen laughs and laughs. The poison source talisman, in the final analysis, is cast by the superior, not something against the heaven.

However, his poison stele is one of the mysterious steles of samsara. I don't know how mysterious its origin is. In terms of its power, the poison source symbol is naturally not comparable to the poison tablet.

Under the protection of the ancient poison God vein, ye Chen didn't get any harm, and finally came to the central area of the underground palace!

This central area is obviously the eye of the underground palace array. The light of the array is very bright.

And above the eye of the array, there is a spirit rune.

On the rune, there is an infinite poisonous light, and a continuous stream of dark magic gas.

It's the poison source code!

"Xuanjiyue left poison source Rune and poisonous blood flying awn in order to guard here. If I were an ordinary person, I would not be able to enter. Unfortunately, it was me."

Ye Chen grinned and was quite excited.

The poison source Rune and the poisonous blood flying awn can't resist even the experts in the later stage of the source territory.

However, ye Chen's poisonous stele was in his hand, and he also awakened to the ancient poison spirit. These poisonous gases could not threaten him at all.

"It's time to save the samsara cemetery! The old lady of the moon soul should also be here! "

Ye Chen clenched his fist and strode into the eye of the array.

Although he successfully broke into here, he didn't underestimate the enemy's carelessness, because he wanted to save the reincarnation power, which would surely attract xuanjiyue's attention.

If Xuanji moon comes again in person, it will be troublesome.

He has to be quick!

Chuckling

It seems to be aware that the intruder, the fierce poison source symbol above the array eye, blooms out extremely fierce poisonous awn, and suppresses toward Ye Chen crazily.

However, ye Chen opened the ancient poison spirit vein, protected by the deep poison fog, and was not afraid of the threat of the poison source talisman.

This gas can't hurt him.

"Take it

Ye Chen is crisp and clean. He raises his hand and sends out a suction force to collect the poison source talisman.

If you refine the poison source rune, he should be able to break through again.

But now, it's not the time.

After collecting the poison source code, ye Chen calmly watched the changes around him.

As he stepped into the battle eye, the whole array of the underground palace was changing dramatically.

The whole underground palace was shaking violently.

One side of the wall, rumbling open, exposed a channel.

I don't know where these channels lead.

But ye Chen clearly feels that behind each channel, there are tremendous causal fluctuations.

Belong to the cause and effect of samsara cemetery!

A part of reincarnation power's real body must be locked behind the passage!

Ye Chen's heart is beating wildly, and he is about to contact the real bodies of reincarnation powers. Naturally, he is extremely excited.

However, he is very clear, xuanjiyue can not sit back and ignore!

He wants to save reincarnation, it's not that easy.

"Xuanjiyue should soon find out here. I don't have much time."

Ye Chen looked around countless channels, into thinking, for a moment, also do not know who to save.

On the wall near the passage, ye Chen also found murals of the reincarnation master and xuanjiyue.

The sword of the moon in the chest!

This mural, as if a prophecy, as if a curse.

When ye Chen saw it, his heart thumped suddenly. He felt the breath of the reincarnation master in the past life. His mind relaxed for a while, and then he seemed to fall into some trap. The whole person was shocked.

He seems to see his own fate, even if reincarnation, is also destined to be xuanjiyue sword assassinate!

This is his destiny!

He is doomed to fall!

Bang bang bang bang the heart of Ye Chen is beating more and more strongly.

This mural, as if fatalistic nightmare, even with a little shadow of the devil, lingering.

"Wuzu Daoxin, I suppressed it!"

The last trace of consciousness in Ye Chen's heart makes him not lost.

In the crisis, ye Chen's Wuzu Daoxin broke out to the extreme. If the whole person opened up the universe and held high on the top of Wudao, he was invincible and finally crushed the curse evil spirit in his heart.

"It's close. I almost got hit."

Ye Chen was in a cold sweat. Xuanji was so cruel that she seemed to expect that the reincarnation Lord would come here after her rebirth. Therefore, she prepared a mural in advance. The mural bears the curse of fate. If you look at it, you will fall into the nightmare of fate and can't get rid of it.

If ye Chen falls into the enemy, then he will think that his destiny is doomed to be killed by xuanjiyue.

When he sees xuanjiyue next time, he will even take the initiative to ask xuanjiyue to kill herself!

This is the terrible fate!

Once the curse takes effect, people's fate will be completely controlled by xuanjiyue.

Xuanjiyue's title as the master of destiny is not a joke. Once she controls the universe and establishes a destiny order, the fate of all people will be controlled by her!

In order to curse the reincarnation master, xuanjiyue even mixed a little bit of heart demon atmosphere in the mural, and obviously cooperated with emperor Shitian.

Fortunately, ye Chen's heart is stable, such as the Wuzu of heaven and earth, and has not been affected by the curse.

His fate is still in his own hands.

"Broken!"

Ye Chen waves his hand to release a ray of destruction, crushing the mural directly and destroying the curse of xuanjiyue.

Click.

When the mural was destroyed and the wall cracked, a purple seal fell out of the wall and fell to the ground with a bang.

"This is Purple Ribbon thousand machine seal

Ye Chen looks at the seal that has fallen to the ground, and instantly captures the infinite mystery. It seems that he has seen the picture of previous life.

This seal is about the size of a palm, and its whole body is purple. It is carved with an immortal fishing button style. The immortal spirit is vast, the purple gas is dense, and the light is rosy and flame. It shows the incomparably brilliant immortal spirit.

Ye Chen's insight into the mystery of heaven made it clear that this seal, called Zishou Qianji seal, is one of the most precious treasures of the 33rd heaven. Later, it was refined by the superior and became the legendary twelve true treasures of the supreme emperor.

Among the twelve true treasures of the supreme emperor, the purple ribbon thousand machine seal belongs to the magic weapon of the immortal way, and the immortal spirit is very strong.

In ancient times, twelve real treasures were scattered in all directions, among which purple ribbon thousand machine seals were obtained by the reincarnation Lord.

It is rich in Baoxian Qi and can help master the sword technique.

If there is purple ribbon thousand machine seal's assistance, incarnate the immortal way master, the burden damage can be reduced to the lowest.

This purple ribbon thousand machine seal is the magic weapon of the previous reincarnation master.

Chapter 4402

After the fall of the reincarnation master, xuanjiyue seized the treasure and secretly hid it here, hidden behind the mural.

In this way, if the reincarnation of the reincarnation master, see that mural, you will feel the breath of his previous life, so as to relax your vigilance and fall into the fatalistic curse of xuanjiyue.

"What a cruel means!"

Ye Chen bit his teeth. He just relaxed his vigilance and almost fell into the fate trap.

"This purple ribbon thousand machine seal is a magic weapon of my previous life. It's time to return it to its original owner."

Ye Chen goes forward to take away the purple ribbon thousand machine seal.

If you can get the purple ribbon thousand machine seal, with the help of immortal Qi, he will become the master of fairyland, and the burden and damage of his body can be greatly reduced.

However, as soon as ye Chen's finger touched the purple ribbon thousand machine seal, he felt that the strong prohibition was contaminated and could not be taken away at all.

"Damn it, Xuanji moon cloth has been banned!"

Ye Chen's eyes sink. He breaks through the array eyes and is destined to attract xuanjiyue's attention.

Now, I'm afraid that xuanjiyue will find out more quickly.

"There's no time."

Ye Chen glances around the passage, relying on intuition, into one of the entrances.

The purple ribbon thousand machine seal can't be taken back today.

He must do it as soon as possible to save the reincarnation power!

.....

At this time, the upper world, the Queen's palace, the back garden.

Xuanji is holding a special ceremony.

Under the ground of the Queen's palace lies a supreme soldier.

This supreme source soldier has a very terrible spirit of killing and cutting. If it is dug out, it will be enough to hold the supreme edge and kill the sky.

It is said that xuanjiyue's cultivation is in the real state. As for whether it is the later stage or the peak, no one knows.

Most of her body to show people, such as the emperor's interpretation of heaven, empty and real, no one can see through.

On the one hand, it is to hide people's eyes, on the other hand, it is to maintain the mystery.

After all, if the higher authorities find someone threatening their position.

Many brilliant people will be killed in the cradle.

With her accomplishments and Qi, she is not enough to take charge of the supreme source soldiers.

Because of the sharp edge of the supreme source soldiers, they are so fierce that even a little bit of mischief can crush the top ten source soldiers.

Even the experts at the top of the real world do not have enough strength and luck to be in charge of such terrible celestial weapons.

But today, xuanjiyue is going to hold a ceremony to dig out the supreme source soldiers under the Queen's palace!

Tianxin jiandie, dizang Wuqi, laofo Jinpeng, Tianyin, Tiansha, Tianjue and tianmie, shuiyuanzi, and many important figures in the empress's palace, all stand around.

All of them were nervous. They were extremely fierce. If Xuan Jiyue could take charge of it, it would be enough to kill the sky.

But in case of any accident, the power of the supreme army will crush the whole Imperial Palace, and no one can survive.

"Your Majesty, do you really want to do it?"

Tianxin jiandie is cautious in asking questions. The supreme source army is too sharp. Even Xuan Jiyue has no strength to take charge of it.

"Your Majesty, it's too dangerous to excavate the supreme source soldiers now. It's better to wait until the reincarnation Lord is killed, the emperor yuan hall is crushed, and the upper boundary outside the territory is unified before it is too late."

An elder whispered, not in favor of excavating the supreme source soldiers.

It is said that it was made of the remains of the celestial sky.

The celestial sky is the sky of the superior world.

A long time ago, a great war broke out in the upper world.

In that war, the starry sky collapsed, the road collapsed, the era was broken, and the law was reduced to nothingness.

Later, the Supreme Master against the sky collected the remains of the sky and cast eight pieces of supreme source soldiers to defend the heaven and earth.

Of these eight soldiers, three fell to the lower boundary, and one of them was buried under the Queen's palace.

Even in the superior world, the supreme source soldiers are extremely precious things, with extremely sharp edges.

If there is anything outside the territory and in the upper bound that may harm the superior, it is only the supreme source soldiers.

It is conceivable that such supernatural soldiers, even the superior ones, are afraid of their sharpness. It can be imagined how powerful and terrible they are.

Looking at the outside world and the upper world, although xuanjiyue's strength is strong, she is not yet in charge of the supreme source army.

In addition, the emperor Shitian and the Twelve Gods, as well as the former reincarnation Lord, are not qualified to take charge of the supreme source army, because the power of the supreme source army is too fierce to be mastered by ordinary people.

Therefore, xuanjiyue wants to excavate the supreme source soldiers. In the Imperial Palace, no one agrees. The risk is too great.

"I can't wait. I have a premonition that something big will happen in the next day. I must take charge of the supreme source army, so as to suppress all disasters and disturbances!"

Xuanji moon beauty eyes, with a determined color. In the back garden, rituals and incense tables have been arranged.

Xuanjiyue looks respectful and puts on three incense sticks, which seems to be worshiping heaven and earth.

The crowd looked at each other and did not dare to speak.

"Today's ceremony is held to excavate the supreme source of soldiers, which requires sacrifice to heaven."

Xuanji moon incense finished, looking around the audience.

Mining the supreme source of soldiers, will certainly shake the law of heaven and earth, she needs sacrifice.

Tianxin jiandie, the old Buddha Jinpeng, shuiyuanzi, Yinsha juexi, and many elders are all frightened and drooping their heads.

Xuanjiyue wanted to offer sacrifices to heaven, so they didn't want to die.

"It's a great honor to dedicate to heaven. Don't shirk it."

"The four of you are the only ones."

Xuanjiyue's tone was cold, and her eyes fell on the four people who were killed and killed.

"Spare your life, Queen!"

When they heard this, they suddenly turned pale and knelt on the ground.

They are all killing machines under xuanjiyue's command. I don't know how much contribution she has made to xuanjiyue. But now, xuanjiyue is merciless and directly asks them to die.

Xuanji Yuexiu eyebrow wrinkled, discontented: "what are you flustered about? You don't want such a special honor to worship heaven?"

"Spare your life, Queen! It's a great honor to give it to the end of the earth! "

She almost shed tears and kowtowed repeatedly.

"The end of the earth is the defense against the heart demon's curse sword. They can't die."

Xuanji moon shakes her head and looks at Tianxin jiandie and others.

The ancient emperor's mandrill has fallen in the wilderness of heaven and earth. However, xuanjiyue is still used to calling it "the land is barren and the earth is old"

this is the defense line against the master of the heart demon, so it is impossible to sacrifice.

Tianxin jiandie and others were angry and pale.

They were naturally angry that they wanted them to die.

Fortunately, they are the absolute line of defense for xuanjiyue, and xuanjiyue is reluctant to sacrifice them.

"Go on the road with peace of mind. When I kill the Lord of reincarnation, devour the law of reincarnation, and understand the six ways of reincarnation, maybe I can revive you."

Xuanjiyue didn't talk nonsense any more. With a wave of green and jade hands, a torrent of fate filled with purple gas swept out, drowning the four people who were killed and exterminated.

Chapter 4403

"Ah

Four people were killed in secret, and they screamed bitterly. In an instant, they were killed by xuanjiyue and spattered with blood on the spot.

"Fate is in the sky, the sky falls auspicious, rise!"

Xuanji chanted in the mouth of the moon, with many incantations, offering sacrifices to kill the spirits of the four and worship heaven.

Boom!

The laws of heaven and earth shake at this moment.

The ground of the Queen's palace seems to have cracked.

The faces of the people were shocked and they all stepped back.

But the next moment, all the vibration vision, all stopped, did not continue.

"Well? Not enough sacrifices? "

Xuanji moon pretty face slightly color change, suddenly aware of the strange.

The vision of heaven and earth did not last. Obviously, there was not enough sacrifice.

"Shuiyuanzi, come here."

Xuanjiyue did not talk nonsense and waved to shuiyuanzi.

"What do you want to do, your majesty?"

Shuiyuanzi was flustered. Xuanji Yueming wanted to take him as a sacrifice.

Xuanjiyue said, "come here."

Shuiyuanzi was full of fear and said, "Your Majesty, do you want to kill me? Don't you want to know the details of the Lord of the devil

Shuiyuanzi is the incarnation of GUI Shuiyuan rune. He stayed in the Imperial Palace, but xuanjiyue never killed him because he knew the identity of the master of the heart demon.

But now, xuanjiyue wants to move the killer, which is beyond shuiyuanzi's expectation.

Xuan Ji Yue sneered and looked at the heart of Heaven Sword butterfly and said, "little butterfly, tell him who is the Lord of the heart demon."

"Yes, the queen."

Tianxin sword butterfly came out and said, "according to my investigation, the Lord of the heart demon is the emperor Shitian."

As soon as he said this, shuiyuanzi's face turned pale.

The original xuanjiyue painstakingly investigated, and finally found out the identity of the heart demon master.

In other words, shuiyuanzi has lost its use value.

Because she knew the identity of the master of the heart demon, xuanjiyue wanted to excavate the supreme source soldiers in advance.

It's too hard to prevent.

If the emperor Shi Tiantu attacks, xuanjiyue is not sure to fight.

But if she has supreme source soldiers in her hand, even if the heart demon attacks and kills, she will not be hurt.

If the supreme source soldiers are cut down, they will annihilate all the heart demons and the law of reincarnation, and there is no possibility of resisting them.

Shuiyuanzi looks at the killing intention in xuanjiyue's eyes, and his inner fear reaches the extreme.

"Run! Su Yan, help me! Help me

In an instant, shuiyuanzi turned and ran away, tearing up the void and trying to escape.

"You want to run under my nose?"

"Reincarnation star flame, kill me!"

Xuanjiyue is cold and heartless. With a wave of her slender hand, a white flame explodes in the void, sweeping shuiyuanzi's body and killing him on the spot.

Wisps of water vapor, from the water yuan son body diffuse out.

After he was destroyed, he changed back to Gui water source symbol and was suspended in the air.

Boom!

With the death of shuiyuanzi, the vision between heaven and earth vibrated again.

Above nine days, if there is thunder.

Enough sacrifice!

Wisps of fairyland splendor, such as flying flowers, fall down in succession, the sky came to the ethereal bell, the dragon and Phoenix danced, and the roads in the sky were singing in unison.

Countless immortal spirits roll down, covering the whole empress palace.

Click!

The earth at the foot of Xuanji moon suddenly split.

A touch of terrifying sword Qi rises from the sky, directly penetrates the sky, breaks numerous heavy barriers, and even seems to have rushed to the world of the superior!

Above the nine heavens, a magnificent vision emerged.

A temple, printed with the word "wanxu", is floating in the sky.

Around the temple, there are mountains and rivers, sun and moon, dragons and Phoenix, swords and stars, cities and buildings, immortals caressing my top, hair and longevity, all kinds of immortal spirit, brilliant and surging, countless magic weapons, such as stars and moon.

"Is this the world of the superior?"

When they looked at the vision in the sky, they were shocked.

The sword power of the supreme source soldiers actually runs through countless time and space, breaks countless restrictions, and enters the world of the superior. It gives people a glimpse of the scenery of the supreme world. It is invincible.

Boom!

Xuanjiyue's eyes were pious, and she saw a huge sword rising from under the ground of the Queen's palace.

This huge sword is haunted by the terrifying edge of the heavenly army.

Even if the top ten source soldiers add up, they are not as fierce as this giant sword.

The breath of ancient killing roars and rushes on the giant sword.

With the sword's spirit surging, it evolves into the big weather of God's killing the sky, the falling star sky, the collapse of the universe, the rising of dragons and Phoenix, the purple electricity, the magic prison, the imperial court, and so on. Countless pictures are floating around the sword body. It seems that this huge sword contains all kinds of things in the world, including all kinds of heaven's roads. When you look at it, you can feel your mind floating. It seems that you can climb the bliss and be extremely free.

If you can take charge of this sword, it seems that you can really command the whole world and reach the pinnacle of brilliance.

"The legendary supreme source soldier, Shenluo Tianjian, is finally born!"

Xuanjiyue looked at the huge sword in front of her. Her heart was extremely agitated and her delicate body trembled.

This sword, called Shenluo Tianjian, is one of the supreme source soldiers.

When they saw the blade of Shenluo Tianjian, they felt extremely scared and awed, and they could not help but kneel down.

Xuanjiyue also has the impulse to kneel down. The edge of this sword is so terrible that she feels that she will be crushed and there is no possibility of holding it at all.

"The morning hears the way, the evening may die!"

"Today I, xuanjiyue, will be in charge of the supreme source army even if I die!"

Xuanjiyue's eyes suddenly burst into fighting spirit.

The fate of her enemies, the fate of her mind.

She had only one thought in her mind, that is to take charge of the supreme source soldiers and ascend to the top of martial arts!

This idea, very pure, is the idea of becoming stronger, which represents the original intention of martial arts.

She only wanted to be in charge of the supreme source army, not to kill people, not to control the world, but to understand the road and reach the peak, even though she died.

This is the reason why people die day and night!

The power of the supreme source army is so fierce that it can cut off all worldly thoughts and fetters, leaving only the original heart and washing the soul.

The soul of Xuanji moon is as pure as water.

Her palms trembled, holding the handle of Shenluo Tianjian.

Shenluo Tianjian is still sharp, but it doesn't kill xuanjiyue. It seems to recognize the Lord.

"What!"

"Shenluo Tianjian has recognized the Lord!"

"Her Majesty is so lucky to be recognized by the supreme source soldiers?"

"The Shenluo Tianjian has been buried underground for countless years, which seems to resonate with her majesty!"

The people around me were completely shocked.

No one thought that the Shenluo Tianjian would take the initiative to recognize the Lord and submit to xuanjiyue.

You know, with the cultivation of xuanjiyue, there is no possibility of taking charge of the supreme source army at all.

To be in charge by force must pay a price.

But now, Shenluo Tianjian recognizes its owner automatically. Xuanjiyue gets the sword without paying any price.

This is a great blessing!

Chapter 4404

People were extremely shocked. At present, there is only one explanation, that is, Shenluo Tianjian has been buried underground for a long time, and has had a resonance with the aura of the Queen's palace. Therefore, it has recognized the existence of xuanjiyue and automatically succumbed.

Xuanjiyue sacrificed a few sacrifices without any effort, and got a supreme source soldier. This is just a tremendous luck, a fantastic fate and an extraordinary adventure, which is enough to shock everyone.

Xuanjiyue is ready to fall, but unexpectedly, Shenluo Tianjian actually recognizes the Lord.

Happiness came so suddenly that she was in a daze.

Chuckling

At this time, a dangerous breath of cause and effect suddenly came through the air.

This breath of cause and effect originates from Xuantian sword tomb!

Someone broke into the altar!

"Damn it, the reincarnation master of this life, finally broke in?"

Xuanjiyue's face suddenly changed, sensing the change of the altar.

There is a secret hidden in the altar that she has guarded for many years. She will not allow anyone to enter it!

Xuanjiyue's heart of Tao revives hatred at this moment.

Her soul has just been baptized and her whole person has been sublimated. If no one bothers her, she may climb to the top of martial arts and forget all her worries.

For the rest of his life, he became a hermit and expert.

What empress's palace, what ambitious hegemony, are floating clouds and dust, not like to go home, carefree.

Just now xuanjiyue, there was such a moment, the birth of this idea.

But now, the change of Xuantian sword tomb brings her thoughts back.

"This sword, evil! I want to control my mind

Xuanjiyue snorted and stared at Shenluo Tianjian.

She didn't want to live in seclusion. When she was a hermit, she still carried a deep blood feud, and she had a very sharp intention to kill.

She wanted to kill the reincarnation master, crush the emperor, and break the supreme world, establish the order of destiny, and rule the heaven and earth.

Only when we achieve this ambitious ambition and hegemony can we live a worthy life.

But just now, Shenluo Tianjian cut off all her desires, which almost made her forget the mortal world and her own mission.

Fortunately, her ambition was strong enough to recover.

How could Wang Baxiong's plan for tens of thousands of years be destroyed?

Oh!

Shenluo Tianjian vibrates violently and sends out a burst of lament, like the elegy in the epic.

This sword, if spiritual, sees xuanjiyue fall into ambition again, Tianjian wails and the road is turbulent.

I hate that iron is not steel!

Xuanjiyue feels that Shenluo Tianjian is shaking and seems to want to leave her.

"You want to run even if you're obedient to me?"

"Crape myrtle fatalism, I suppressed it!"

Xuanji Yue snorts coldly. Shenluo Tianjian has just recognized the Lord. She has already found out the structure of the air source method of the sword. Now it is not so easy for Shenluo Tianjian to escape.

Boom!

A majestic purple torrent, like a waterfall, burst out from xuanjiyue's hand and hit the sword of Shenluo Tianjian.

The edge of the whole sword was suppressed by xuanjiyue.

If you don't recognize the sword master for ten months.

But now, Shenluo Tianjian has bowed its head, the host and guest have changed positions, and if they want to resist again, it will be difficult.

Buzz!

Finally, Shenluo Tianjian stopped whining and shaking and was completely quiet.

"Ha ha ha ha..."

Xuanjiyue turned to be the main guest and successfully took charge of the supreme source army. She couldn't help looking up at the sky and laughing, and her face was full of excitement and ecstasy.

"Congratulations to her majesty!"

"The Queen's majesty is in charge of the supreme source of soldiers, killing and attacking the heavens, and threatening to reach the world in the near future."

"Shenluo Tianjian is so sharp that it will die under her Majesty's sword sooner or later, the reincarnation of the reincarnation master and the emperor's interpretation of heaven."

"The empress will live forever with her Majesty's ambition and hegemony, and she will enjoy her martial virtues and immortals forever."

They knelt down, full of shock and awe, kowtow to xuanjiyue.

The Shenluo Heavenly Sword is constantly shrinking, and finally turns into a three foot green front. The whole body is white and shiny. The autumn frost falls and the Pearl cuts jade. The body of the sword reflects the gorgeous face of Xuanji moon.

Xuanji moon is extremely proud and elegant. With a sword in her hand, she has a far better temperament than before. It seems that she really wants to kill the heaven and control the world.

"Dare to break into the altar, die!"

Xuanjiyue was aware of the change of Xuantian sword tomb. She held the handle of the sword with her right hand, and wiped the sword with her left hand. A wisp of sword light turned into a divine shadow and fell into the sky, penetrating countless empty spaces and falling straight to the Xuantian sword tomb.

She has just been in charge of the supreme source army, and she can't give full play to her power, but the edge of the sword shadow is enough to kill the intruder's life!

.....

At this time, Xuantian sword tomb.

Ye Chen walked into the entrance of the passage, knowing that the empress was startled. The empress's divine power of retribution would soon come. So, he walked very fast and ran all the way to the end of the passage.

At the end of the passage, ye Chen sees a woman with a beautiful appearance, but her whole body is trapped by chains and her breath is rather weak.

"Master moon soul!"

Ye Chen called out, surprised and pleased.

The woman in front of me is the real body of the ghost girl of the moon!

Some of the real bodies of samsara power were trapped in Xuantian sword tomb.

Ye Chen breaks into the channel by intuition and happens to be the place where the ghost girl of the moon is imprisoned.

Hearing Ye Chen's cry, the ghost girl of the moon opens her eyes slightly and wakes up.

"You You are... "

The ghost girl of the moon was slightly stunned. Tens of thousands of years ago, she did not expect that someone would break into Xuantian sword tomb.

"You are the reincarnation master of this life, ye Chen?"

All of a sudden, the mystery of heaven and the cause and effect run through.

The ghost girl of the moon understood all the previous experiences between her spirit and ye Chen, and now she has realized it.

"Master moon soul, I'll save you out of here!"

Ye Chen is hot blooded and turbulent. He wields the evil sword. Geng Jin Yuan Fu condenses. He wants to cut off the chain and save the ghost girl.

Zheng!

However, ye Chen cut off with a sword, and the sparks splashed everywhere, actually cutting the chain.

"Strange! Come again

Ye Chen gnaws his teeth. The material of the chain seems to be stained with xuanjiyue's blood essence, which is not easy to cut off.

Ye Chen was about to do it again, but the moon spirit witch shook her head and said, "don't waste your effort. Every chain here is tempered by the essence of the Queen's blood. If you want to open it, unless the empress comes in person."

"No, I have the confidence to cut it off, but it will take time!"

Ye Chen's eyes are firm, with his current strength, enough to cut off these chains.

However, these chains, after all, are stained with xuanjiyue's blood essence. If you want to cut them off completely, you need a lot of energy and time.

Ding Ding Ding!

Ye Chen wields his sword and cuts again and again. He destroys Daoyin with Geng Jinyuan rune. When he is trying hard, he suddenly catches a strong sword spirit.

"This This is... "

Ye Chen felt the strong sword Qi, and his face suddenly changed.

"Wushangyuan soldiers, Shenluo Tianjian, how can this be possible?"

The ghost girl of the moon also sensed it. She only felt that there was a terrible sword coming from the distant void. Even if it was very far away, she felt numb in her scalp.

"Shenluo Tianjian, did xuanjiyue, the bitch, dig up the soldiers buried in the ground?"

Ye Chen is frightened to lose color. Under the ground of the Queen's palace, there is a supreme source soldier buried. This legend is well known.

Chapter 4405

Is Xuan Jiyue, who actually dug out the supreme source soldiers?

It's impossible!

The supreme source soldiers, even the superior ones, are afraid of. They represent the sharpest edge between heaven and earth, enough to kill the heaven.

Even ye Chen of the previous life is not qualified to be in charge of these weapons.

But now, he actually felt the sword spirit of the supreme source soldiers.

It's incredible!

Shangyuecai should not be able to control Xuanji's strength.

Boom!

The void collapses and the sword blows.

Ye Chen did not return to God, a terrible sword shadow, then tear the void, came down.

The shadow of the sword is just a shadow with the air of killing and cutting. However, the sharpness of the sword is far less than that of many big source soldiers in Ye Chen's hands.

"No, the sword of heaven is dead. Go away

The ghost girl of the moon was shocked. The shadow of the sword was so terrible that even the sun, moon and stars could be crushed with the edge of the supreme army, and no one could resist it.

If ye Chen is hit by the shadow of the sword, he must be crushed to pieces on the spot, and even the dregs will not be left.

You know, this is the shadow of Shenluo Tianjian, which represents the murderous spirit of the supreme source soldiers.

And the supreme source soldiers can easily kill heart demons and cancer, and even the superior must be afraid of three points. Such a powerful weapon can kill people like cutting grass. To kill a mortal is extremely simple.

Ye Chen looks pale with fright. The sky sword in front of him is absolutely out of sight. His mang Qi is too amazing. Once he is chopped, he will surely die.

"Xuanjiyue, how can you do it?"

However, ye Chen still can't believe it. It seems like a dream. He doesn't believe that Xuan Jiyue has such a great fortune and can control the supreme source soldiers.

Chuckle!

But in front of him, he couldn't help believing the fact that his sword was so strong that he didn't believe it.

"The master of one sword, the incarnation of fairyland!"

Ye Chen roared wildly and suddenly waved his sword. The immortal spirit was rolling around. A huge shadow of the Immortal Emperor appeared behind him.

In the face of this sword, ye Chen is to use the bottom card, incarnate the immortal master!

It's just a shadow of a sword, which forces Ye Chen to this point.

You can imagine the sharpness of the supreme source soldiers.

Even if he incarnates as Xianzai and looks at the sword shadow that explodes in front of him, ye Chen is not sure that he will win.

Boom!

When ye Chen wields his sword, the thunder source symbol breaks out, and the thunderbolt explodes on the sword, as if to annihilate everything and kill towards the sword vanishing shadow that day.

"Holy water of the yellow spring, I have suppressed it!"

At the same time, ye Chen mobilizes a large amount of holy water from the netherworld to suppress the sky sword.

The most terrifying thing about the supreme army is that it has a strong supreme law and the edge of the superior world.

These laws are the sharpest, the most murderous.

And the holy water of the yellow spring can suppress all laws, even in the face of the superior law, it has a little suppression effect!

Infused with the holy water of the netherworld, ye Chen's sword spirit and thunder are more violent. With a fierce sword, he cuts down.

Zheng!

The two swords meet.

On that day, the sword disappeared and suddenly broke.

However, ye Chen was also hurt by the murderous spirit of Tianjian, and his whole body suddenly collapsed. He gushed blood on the spot, and his internal organs were about to crack, and he was seriously injured in an instant.

He incarnated as the master of fairyland, and then used the thunder source Rune and the holy water of the yellow spring, but he was still injured.

"The sharpness of the supreme source soldiers is so fierce."

Ye Chen is shocked. Although he broke the sky sword, the price he paid was too big.

Under the serious injury, ye Chen's eyes became black, his eyes blurred gradually, and finally he fainted.

.....

The upper world, the Queen's palace.

"Why, I didn't die with my sword."

The shadow of the sky sword was broken, and xuanjiyue realized the nature of the battle and was surprised.

She just waved the sword, with the edge of the supreme source soldiers, but also her own magic power.

She is an expert in the real world. Her magic power is so strong that she can break through the sun, moon and sky with the sword. However, ye Chen blocked her.

"Ha ha, I have awakened to master the sword technique. It seems that the reincarnation master of this life has grown far beyond my imagination, and has been exposed to the martial arts of previous lives."

Xuanjiyue smiles, quite surprised.

Tianxin jiandie and others looked at each other. Seeing the appearance of xuanjiyue, it seemed that the sword had not killed the enemy.

Shenluo Tianjian is invincible. However, it is not a good omen to start a murder for the first time.

"Perhaps her Majesty's luck is not enough to be in charge of the supreme army."

Some people are secretly disgusted, but dare not show it.

At the moment, xuanjiyue has completely controlled Shenluo Tianjian. Looking beyond the territory and the upper world, no one is more suitable to take charge of the supreme source army. "The supreme destiny is as bright as the sun, shining on the eight wastelands, as if I were there in person!"

Xuanjiyue clenched Shenluo Tianjian and sang aloud.

A sword can not kill Ye Chen, she did not care, she believed that this is the will of fate.

Fate is destined to let the reincarnation master live for a period of time.

In this way, when the assembly of Tu Sheng begins, she can kill the samsara in front of all the people in the world, and achieve the supremacy!

At this moment, xuanjiyue's spirit, as well as her fatalistic will, completely integrated into the supreme source soldiers.

She wanted to tell the world that she had already taken charge of the supreme source army, and was destined to control the heaven and establish the order of destiny. No one could compete with her.

Boom!

This Shenluo Sky Sword breaks out the dazzling light and shakes the rules of heaven and earth.

Between heaven and earth, there is a magnificent vision.

Numerous Archaean dragons, ancient gods Huang, unicorn and auspicious beasts are flying all over the sky.

The splendor of fairyland, like flying flowers and fireflies, is floating all over the upper world.

Above the nine days, there is a magnificent picture of ten thousand swords running.

There are all kinds of immortals, kneeling under the edge of Shenluo Tianjian.

A Sword Fairy kneels!

The sky killing and cutting Qi of the supreme source soldiers reflects the sky and is full of heaven and earth.

In the universe and the Milky way, there are also countless stars, which vibrate violently, emit hundreds of millions of miles of brilliance, penetrate the void, and come to the outer world and the upper world.

Even the stars in the universe seem to be kneeling under the skirt of Xuanji moon.

The vision of terror is full of foreign countries and the upper world.

Countless people saw this scene, they were shocked beyond measure.

"Is Shenluo Tianjian born?"

"The empress is actually in charge of Shenluo Tianjian!"

"The legendary supreme source soldiers, the heavenly weapons guarding the supreme world, were actually taken by the queen?"

"It's impossible. How fierce the supreme army is! Even the queen should not be qualified to take charge of it!"

"Only the legendary supreme power can take charge of the supreme source army. How can the queen do it?"

"In such a tyrannical atmosphere, the empress really wants to dominate the whole world and face all directions. Who can defeat her?"

Countless people were shocked and exclaimed. Many people knelt down to pray directly and were willing to submit to xuanjiyue.

Xuanjiyue is in charge of the supreme source army. It is the destiny of heaven. She is invincible. No one can suppress her.

In the upper world and beyond, countless people feel that the sky is going to change. In the future, this sky will be the territory of xuanjiyue.

Where the sun and the moon shine, the sword points to, are the Queen's territory!

Even if it is the palace of emperor yuan, it is impossible to defeat Xuanji moon.

Because xuanjiyue's hand, there is no source of soldiers, the real fate of the return!

Chapter 4406

.....

Emperor yuan hall, the top of the mountains.

Emperor Shitian and Su Yan stood side by side on the top of the mountain, looking at the magnificent vision in the sky. Their faces were extremely dignified.

Su Yan said in a deep voice: "emperor Shi, Xuanji moon tells the world that she has got the supreme source of soldiers."

Emperor Shi Tiandao: "I know, I can't believe that she can really control the supreme source soldiers."

The supreme source soldiers are cast from the remains of the celestial sky. There are only eight pieces in total, guarding the eight sides of the world.

Later, the world was in turmoil, and three original soldiers fell down.

In other words, looking at the outer world and the upper world, there are only three supreme source soldiers, each of which is extremely precious. Even the experts who return to the top of the real world can not control it.

There are two supreme source soldiers, scattered in the heaven and man domain, no one knows where.

However, one of the supreme soldiers, called Shenluo Tianjian, was buried under the ground of the Queen's palace, which is well known to all.

Emperor Shi Tian did not expect that xuanjiyue actually pulled out the Shenluo Tianjian.

"It seems that I am the master of the heart demon. Xuanjiyue should know about it."

Emperor Shitian's eyes flashed. He was very clear that xuanjiyue was going to take a huge risk in digging out the supreme source soldiers.

She was willing to take such a risk and also wanted to excavate Shenluo Tianjian. Obviously, she found out the identity of the Lord of his heart demon, so she risked her life.

If she didn't try her best, when the assembly of butcher Saint began, Emperor Shitian could not let her go.

Now xuanjiyue successfully takes charge of the supreme source army and turns away from guests. The situation suddenly reverses. It's emperor Shitian's turn to sleep.

It's not easy for you to kill the devil at the meeting

At the butcher's meeting, the emperor Shitian had great ambition. He not only wanted to lead the reincarnation master to kill directly, but also wanted to use the advantage of the time and place to launch the heart demon trial, control the guests with the power of the heart demon's great curse sword, and turn countless experts from the outside and the upper world into his own puppets.

If the heart demon trial is successful, Emperor Shitian will have enough capital to negotiate with the superior and occupy the initiative.

But now, xuanjiyue suddenly takes charge of the supreme source army, completely disrupting the emperor's plan to release heaven.

Emperor Shi Tianxin is steady, but there is no panic, light way: "I know, our cause is difficult, naturally not so easy to succeed."

Su Yan said: "at present, the situation is critical, Emperor Shi Lord, there is only one way to break the situation."

"Oh, what way?" the emperor explained

Su Yan said: "supreme love."

Emperor Shi Tian's eyes brightened and said, "you say the supreme love in the prison?"

Su Yan said, "exactly! At that time, the Empress Dowager cast ten source charms and left a piece of love. If anyone can cut off this love, he will be favored by her and understand the law of the supreme emperor. Only by cutting off the love silk of the supreme emperor and controlling the law of the supreme emperor can we resist the sharp edge of xuanjiyue. "

Xuanjiyue is in charge of Shenluo Tianjian. Its edge is so sharp that even emperor Shitian can't match it.

If you want to fight, there is only one way, that is to get the blessing of the superior, the atmosphere will add to the body, understand the supreme law, and rely on the heavenly power of the superior to suppress xuanjiyue.

Looking at the outer world and the upper world, the only place that has a chance to get the blessing of the superior is the heaven prison!

It's in the prison of heaven!

"It's not easy to cut off the ten thousand robberies. The twelve deities took great pains and couldn't shake them. What's more, the ten thousand robbers' sentiment is in the heavenly prison, where there is a heavenly prison God guarding it, and outsiders can't set foot on it."

The emperor Shitian shook his head. Although he knew that the supreme law was terrible enough to suppress xuanjiyue, it was not so easy to understand the supreme law and get the blessing of the superior.

At that time, the twelve gods did not know how much effort they spent and failed to succeed. Instead, they could not shake the feelings of all disasters. On the contrary, even the twelve true treasures of the supreme emperor were lost.

Su Yan said decisively: "emperor Shi, I'd like to have a try! I have a drop of superior's blood essence on my body. The cause and effect is very deep. Other people's feelings are cut continuously, but I can! As long as I cut off my feelings, and then transfer that tremendous fortune to you, you can understand the supreme law, kill xuanjiyue, launch the heart demon trial, and complete the cause we dream of! "

Cut off the feelings, the superior favor blessing, this great fortune, can be transferred!

Su Yan's plan was that he would go to heaven prison, cut off his feelings, and then send his luck to the emperor Shitian.

The emperor Shitian was shocked and said, "Lord Su Yan, never! If you go to heaven prison, you can't come back alive! "

In this world, there is only Su Yan, a confidant of emperor Shitian. He can't watch Su Yan die!

The God of heaven prison regarded that love as the lifeblood. He planned for tens of thousands of years and just wanted to cut it off. He was trapped by love even.

If an outsider dares to cut off his feelings and seize his chance, he will definitely kill the enemy at all costs in his rage.

If Su Yan goes to heaven prison and tries to cut off his love, no matter whether he succeeds or not, he can't come back alive. This is Jingke stabbing Qin!

The wind is rustling and the water is cold. Once a strong man is gone, he will never return it!

No matter the final result, if you dare to go, you can't come back.

Once Su Yan died, the emperor Shitian lost his only confidant, which was really unacceptable.

Su Yan said: "emperor Shi, you treat me as a national scholar, and I will repay it with a national scholar! If we don't do anything, we will just wait for death. When the slaughter ceremony begins, Xuanji moon will come, and the whole palace of emperor yuan will be enslaved by her. Our long cherished wish to destroy the old world and establish an ideal country will also be in vain. Only by cutting off our feelings can we have a chance of survival. "

Hearing the speech, the emperor Shitian's face trembled and completely moved.

Su Yan is right. If you don't do anything, you have to wait for death.

Xuanjiyue is in charge of the supreme source army. She is so sharp that no one can stop her. Only by relying on the supreme law can she be suppressed.

But if you want to understand the supreme law, you can only go to heaven prison and cut off the love.

Emperor Shitian took a deep breath and said, "give me a day to think about it."

Su Yan said: "emperor Shi, please don't hesitate. I caught the opportunity of heaven. We are not the only one who wants to cut off our love. If we don't hurry up, we will have no chance!"

Emperor Shi Tian's eyes were pitiful and said, "give me a day. I'll think about it again. I can't watch you die."

.....

At this time, Xuantian sword tomb.

Ye Chen opens his eyes and wakes up.

He looked around and found himself out of the altar. In front of him were huge sword towers, with two red and purple statues guarding him.

"You are awake."

Red purple two Zun see ye Chen wake up, come up.

Obviously, they brought Ye Chen out.

Chapter 4407

"Two elders..."

Ye Chen struggled to sit up, but felt pain all over the body, very uncomfortable.

He incarnated as the master of fairyland, and was killed by the shadow of the Heavenly Sword. Now the sequelae appears, and the whole body skeleton seems to explode.

"Xuanjiyue is in charge of the supreme source army. The world outside has changed, and it is not safe here. You must leave as soon as possible, or it will be delayed. If xuanjiyue's sword spirit comes again, you will die."

Red and purple hold Ye Chen up and wave out a door of emptiness.

When ye Chen's heart sank, xuanjiyue successfully pulled out the Shenluo Tianjian, which was very sharp. Looking at the upper world outside, she might really be unmatched.

this place is extremely unsafe. If ye Chen wants to save the reincarnation power again, she may disturb xuanjiyue again.

In his current state, it is no longer possible to fight against xuanjiyue's sword edge.

"We have lifted the ban on this purple ribbon thousand machine seal for you, and you can take charge of it again, but we have paid a great price. We have been bitten by the Queen's law. We may not be able to help you when the slaughter ceremony begins."

Red purple two Zun and took out a seal, give ye Chen.

This seal is the magic weapon of Ye Chen's previous life, purple ribbon thousand machine seal!

As soon as ye Chen's eyes brightened, he felt that the ban on the seal on the purple ribbon thousand machine seal had been completely lifted and he could use it again.

With the purple ribbon thousand machine seal, he will be more relaxed and will not suffer such serious side effects.

"The great kindness of the two elders, I will never forget it!"

Ye Chen a burst of gratitude, bow to thank.

The faces of the two elders were pale.

Obviously, they paid a huge price in order to lift the ban of purple ribbon thousand machine printing.

When the assembly of Tu Sheng begins, they don't have enough ability to help Ye Chen.

"Don't say so much. When you were in a coma, we covered your breath all the time, so as not to be chased by xuanjiyue. Now you wake up and go quickly. Otherwise, we can't bear to kill xuanjiyue again."

The two old men urged each other in a tone of weariness and worry.

"Two elders, I'm going to leave first, and then I'll see you again if I'm not dead."

Finish saying that, ye Chen arched his hand again, stepped on the door of the void, and directly transmitted away.

Whoa.

The white light flashed and the void was torn.

Ye Chen's figure appears at the gate of liudaozong.

The empty door of the second old man of Jianfen sent Ye Chen to this place directly.

Xuanjiyue, who was in charge of the supreme source army, told the world that the magnificent atmosphere was full of the sky of nine days, which had not dispersed for a long time.

In the sky and underground, there is a piece of auspicious Xianxi. Behind the rolling Xianxi, there is the absolute arrogance of Xuanji Yuewei in the universe.

She controlled the supreme source of soldiers, fate, edge throughout the entire territory and the upper bound.

Even the six mountain gates are shrouded in the influence of Xuanji moon.

XUELONG, Yankun and others came to liudaozong in order to deal with the butcher's meeting. At the moment, they looked at the big weather in the sky, and they were also shocked.

"Xuanji moon gas swallow thousands of miles, who can stop her?"

Ye Chen's face is dignified. I'm afraid that the emperor Shitian's presence may not be able to block xuanjiyue's power, unless he uses the heart demon's magic sword.

Roar!

Suddenly, a startling roar sounded from the distant sky.

This roar, as if the devil issued, sound shock nine sky, with a sharp murderous spirit and magic power.

A wisp of evil Qi rose from afar, rushed to the sky, and constantly impacted the empress of xuanjiyue.

"Heaven prison, Xiao water cold!"

Ye Chen's eyes shrink, and immediately catch the source of the evil Qi, which actually comes from the heaven prison!

To be exact, it comes from the cold water of Xiao!

Does Xiao shuihan want to challenge xuanjiyue!?

How could it be!

What a big gap between the two!

Once Xiao shuihan, as his apprentice, was defeated by xuanjiyue!

Is this time recommit the same error?

.....

Heaven prison, extreme East, a blood red giant peak.

Ji Siqing is at the bottom of Kyoho peak.

The Queen's vision and even Xiao shuihan's cry did not affect here.

At the moment, she is still immersed in the old man's freedom.

It's a dusty history.

She wants to find the answer sealed by her memory.

The old man not far from the altar had already sat down. He was as thin as firewood, and he was only a step away from death.

He was supporting himself with his last strength.

But what can happen.

He lived and died.

If Ji Siqing can't find the answer from it, maybe he will fall.

The old man gazed at a direction and murmured: "the love of the last life, I also calculate to return."

In heaven.

Ji Siqing's feet slowly stop.

She has been following the old man's reincarnation and Qu Chenyan for a long time.

Unfortunately, she lost it many times.

This is a complete restoration of everything in the sky.

The reincarnation master and Qu Chenyan's strength at that time, naturally, Ji Siqing can only look up to now.

Fortunately, there is a sense of destiny between her and Qu Chenyan.

She felt a line connecting him.

Along this line, she is touching a magnificent world.

Soon, Ji Siqing's eyes again appeared the reincarnation master and Qu Chenyan.

The two men were floating on a bloody lake.

The reincarnation Lord looked at the blood lake, and his eyebrows were slightly frowned: "smoke, do you feel anything different?"

Qu Chenyan's body was stunned, and she also looked at the blood lake. Her eyes were a little confused, as if there was some magic power in the blood lake that was preparing to take her into it.

The next moment, her fingers pinched Jue, a Zhuque virtual shadow rushed out of the body!

The rosefinch hovered in the sky, spinning, and finally slammed into the bloody lake!

Just when the rosefinch was about to hit the water, there were ancient lines on the water, and the lines broke out completely!

With a cry, the rosefinch dissipated completely.

And at the moment, the corner of his mouth is also overflowing with a trace of blood, which is severely damaged.

The main idea of reincarnation is that five fingers hold each other, and a special symbol is gathered in the hand.

A little power of reincarnation surrounds it.

Fuyin has entered Qu Chenyan's body, and the majestic vitality breaks out completely at this moment!

Qu Chenyan's pale face has been completely ruddy!

We can see how adverse the means are!

Qu Chenyan was slightly pleased and said excitedly, "thank you, Lord."

"The power of this blood lake is unheard of, and it is even more powerful. I don't feel like a foreign prohibition."

The reincarnation master nodded: "there are too many unexplored beings in this world. Human beings are unknown to fear, either mortals or warriors. At present, we may be in contact with unknown areas."

"It's going to be more dangerous. Would you like to go deeper with me?"

Hearing this sentence, Qu Chenyan's eyes suddenly filled with determination. She said word by word: "where does the LORD go, where does the heavy smoke go?"

"Shen Yan is even willing to die for the Lord."

The eyes of the reincarnation master are full of tenderness. He reaches out his hand and caresses Qu Chenyan's cheek.

This time, Qu Chenyan was slightly stunned for a moment, and then his cheek was completely flushed.

"Smoke, reincarnation, I believe, one life, you will be my woman."

"If there is a woman in the world who can understand me, it's only you."

Chapter 4408

Qu Shen Yan's heart fluttered.

She has thought of expressing herself countless times.

But never thought, this time is the reincarnation of the main mouth.

She is not a member of the reincarnation Lord, nor is she a friend of the reincarnation Lord.

Her relationship with the reincarnation Lord is delicate.

I don't know when this man's existence occupied her world.

Until the appearance of Xuanji moon.

Is fate and reincarnation really a pair?

She knew that the reincarnation Lord was not in love with xuanjiyue.

It's a special mission.

She wanted to fight, but she was too weak now.

She can only watch the marriage between the Lord of samsara and the Lord of fate.

And she guards like a green leaf.

This love is deep.

Beyond lovers and relatives.

"Smoke, let's go." The Lord of samsara says again.

After saying that, the reincarnation master's eyes flow with the potential of yin and Yang, and reincarnation interacts with each other, and his whole body runes flow around, and he even condenses a sword.

If ye Chen is here, he will surely find that this is the sword of domination!

The magic power of this sword even surpasses everything!

With one sword, the blood Lake rolls over and forms two thousand layer waves!

Between the waves, is a ladder to the bottom of the lake!

When Qu Chenyan lost his mind, the reincarnation master suddenly stretched out his hand and held Qu Chenyan's jade hand: "if you meet special circumstances inside, I will guard you."

Simply a few words, as if there is some magic, let Qu Chenyan blush, she follows the reincarnation of the power, toward the deep!

Soon, the two figures disappeared on the blood lake.

Ji Siqing of this life stepped forward with a smile: "the life that the reincarnation Lord said may be now."

"Ye Chen and I knew each other in the void of Kunlun, and the fate in the dark let me guard him."

"At that time, I did not know that in the distant times, I was Qu Chenyan, and ye Chen was the reincarnation Lord that thousands of people looked up to."

"Both of them were in love, but they didn't go together."

"In this life, I should also let the seeds of my previous life germinate in my heart."

"Ye Chen, do you think so?"

Ji Siqing also followed in.

.....

In a deep, bottomless darkness.

The Lord of samsara and the smoke of Qu Shen fall slowly.

The reincarnation Lord felt everything around him and snorted coldly. There was a dazzling fire between his fingers.

"Reincarnation of fire, let me ten thousand feet of light!"

The voice of the reincarnation Lord reverberates, and the darkness is completely lit by the fire.

This is a valley.

There were traces of survival.

It's just that it's a piece of rubble right now!

Numerous boulders are piled up, and there are murals on them.

However, the mural is not complete, and even part of it has been erased by the towering sword.

"Lord, the runes here don't seem to be divine or extraterritorial."

Curved sink flue.

The reincarnation master nodded, his eyes staring at two shocking words - wanxu!

These two words seem to be taboos in the world!

"It's a little bit like one of my guesses."

"The word" wanxu "rarely appears in any history, even in ancient times

"The law of historical development is not scientific."

Qu Chenyan came to a huge stone and held out his hand, touching the sword mark that destroyed everything.

However, when she touched it, a sword idea appeared from it!

Her fingers were instantly red with blood!

Qu Chenyan is very aware of her own strength. She has long been separated from the body. Although her strength is not foreign, it is not weak.

But now, I was hurt by the painting in the stone wall?

How could that be possible!

The reincarnation Lord came over, the palm of his hand was shining and touched the place where Qu Chenyan was injured.

The wound healed instantly.

"It seems that the history behind the wanxu is much more complicated than we thought."

"In the stone wall, the pattern of martial arts is far higher than that of foreign countries."

"Across the ages and endless years, these sword marks are proof, but who could have thought that these sword marks still have such terrible charm today?"

Qu Chenyan's expression was strange: "Lord, do you mean that the sword marks left by the powerful people behind the wanxu thousands of years ago still have a trace of strong Daoyun left behind?"

"If this is the case, how terrifying is the strength of those who wield these swords?"

The reincarnation master nodded, and his expression was somewhat dignified. He reached out his hand and touched those sword marks.

However, whenever the sword marks want to hurt him, a trace of reincarnation will rush out of the body, like a pillar of light. "Smoke, these stones are not simple. If I guess correctly, these stones are not the products of this place."

"Even my strength cannot influence it."

"This stone is more like a special dragon vein. A strong one took it away and put it here."

"And judging from the surrounding environment, one person lived here before."

"Still a woman."

"These murals and messages are left by this woman."

"Then, an outsider appeared here. If I'm not mistaken, it's the person behind the wanxu. A big war broke out here, and the woman didn't know whether she was injured or retreated. The people of wanxu tried to destroy all this, but these stones are ten thousand times harder than Gengjin. How can they be destroyed?"

"This man can only leave sword marks here and destroy the general information."

"It seems that the people of wanxu are extremely cautious. It is not enough for them to do this. He put down a ban to gather the blood Lake outside, so that people can never enter it!"

Qu Chenyan's eyebrows congealed into Sichuan characters: "that wanxu people, why do you do this? And, Lord, how do you know that things are going this way

The reincarnation master laughed: "the things in the world are nothing but cause and effect and reincarnation, and I am the Lord of reincarnation. I have a sense of destiny for cause and effect, so I can naturally feel it."

"As for why the people of wanxu did this, I met a mysterious old man in Tianmu Lake. He didn't practice martial arts, he only practiced eternity."

"He lived in a time of great famine, and now, regardless of disputes, he did not participate in the affairs of the world."

"He said that the way he cultivated was eternal, eternal life and eternal death."

"He said he was going to create his own family and be an eternal one."

"A hundred years ago, he and I were fishing in Tianmu Lake. Although we didn't know each other, the cause and effect let us know that there will be disputes in the future."

"He is also a teacher and a friend. He once told me that there are many taboos in the world. One of them is the word wanxu."

"He didn't say much, but he told me that if there was anything in the world that would stop him forever, there would be only wanxu."

Ji Siqing, not far away, naturally heard this conversation.

She knew something.

The old man in the mouth of reincarnation may be the ancestor of the eternal holy king.

The eternal King paid so much for ye Chen in this life, I'm afraid it was more of the mission given to him by his ancestors.

This old man and reincarnation master are today's yonglao and ye Chen.

Chapter 4409

The destiny is mysterious, but what does not change is eternity and reincarnation.

Ji Siqing can feel that this is like the self-reliance of history, and it will not last long.

It may soon dissipate.

She has to get more critical things.

She took out a piece of crystal stone and cast her skills, trying to write down everything here!

But the crystal is broken in an instant!

The rules of wanxu are so overbearing that records are not allowed at all!

Ji Siqing's back hair cool, no longer think, the sight swept every corner, to die in the mind!

She vaguely guessed why she didn't have this part in her awakening memory of the past life, which might be related to the word wanxu.

If this matter is known by people outside the territory, it will definitely make this vast ocean rise into a great wave!

Suddenly, the samsara found something, he came to a stone wall.

There is no information or sword mark on this stone wall.

If it's normal, no one will notice.

But at the moment, there are sword marks all over the place, only here is calm as before.

It's weird.

The reincarnation Lord gazed at the stone wall for a long time. Suddenly, somehow, he forced a drop of blood essence from his palm!

Blood essence falls on the stone wall!

Bursts of blood!

Blood and shadow gather together and form a virtual shadow of women.

The woman's virtual shadow looked at the reincarnation Lord and Qu Chenyan in front of her. She was slightly surprised and immediately said, "it's interesting that those guys didn't find this place, but you found it."

"Eh, the breath on you..."

The woman's eyes are tightly fixed on the reincarnation master. Ji Siqing can see that the other party's eyes are doubt, surprise, doubt, and finally converge into suddenly.

The woman's virtual shadow stretched out her hand and pointed to the Lord of samsara's eyebrows: "it seems that this chess game, you are the only one who can shake those guys."

"Are you going on? The answer is yes or no

The woman suddenly became serious.

Reincarnation of the Master Mou son a coagulate, did not have the slightest hesitation: "since I came, perhaps there is no retreat."

"I don't know what your so-called chessboard is, but I guess that this place once belonged to you. Why did people from wanxu come to you?"

"Why destroy all this?"

The woman did not answer directly, but said, "can you understand the word taboo?"

"I ask again, do you want to go down, Lord of reincarnation."

The woman actually said his identity, let the reincarnation Lord and Qu Chenyan accident.

The Lord of reincarnation steps out in one step:

"MY reincarnation master will naturally go down. If this life falls, I will step on the samsara again and repair it for another thousand years!"

The woman is very satisfied: "your opponent is the master of the world's rules, is a thought can destroy the star river of the most powerful existence."

"But you may surpass them."

"Next thing you have to remember..."

Ji Siqing quickly approached a few minutes, listen carefully!

But at this moment, the earth shook!

It's so natural that it's going to dissipate and disintegrate!

Obviously, everything in the prison has finally affected here!

.....

At the moment, within the prison.

Xuanjiyue tells the world that the majestic empress's weather is threatening the eight barrens, and even the heavenly prison cannot be avoided.

In the past, the sky was covered with the majesty of Xuanji moon, and the vast power of countless immortal emperors was shining on the mountains and rivers.

However, there are wisps of evil Qi, which are sent out from the prison spirit Pavilion, constantly impacting the weather of Xuanji moon.

The source of evil Qi is Xiao shuihan.

At the top of the prison spirit Pavilion, Xiao shuihan's eyes were red with blood, filled with hatred and confusion. He looked up at the sky and kept roaring: "why, isn't xuanjiyue dead? Why did it happen again? "

One of Xiao shuihan's eyes was shot through by Ye Chen, but he understood the supreme law, even if his limbs were incomplete, they could be restored.

This is the power of the supreme law. Advance can kill people, retreat can protect the body. It is invincible.

"Cold water, calm down!"

The empty shadow of the God Emperor of heaven prison stands beside the cold water of Xiao, and his voice is extremely heavy.

At the beginning of the war with Ye Chen, Xiao shuihan killed Ye Chen's phantom body and got a drop of blood essence.

His memory has been tampered with, mistaking Ye Chen as Xuan Ji Yue.

So he thought xuanjiyue was dead.

Now Xuanji moon heavenly power comes, Xiao shuihan is insane on the spot.

The dead Xuanji moon, actually appeared again.

He's going crazy!

"Xuanjiyue, I will kill you!"

Xiao shuihan's eyes are full of killing intention, gritting teeth and gripping the sword in his hand.

At this moment, he actually directly incarnated the demon lord!

A sword into the devil!

Rolling evil Qi, completely unable to suppress, rushed to the sky. Moreover, this dominates the evil Qi, even contains the law of the supreme emperor. The breath is extremely agitated, which constantly impacts on xuanjiyue's imperial power.

So outside the prison, countless people saw an amazing scene.

Wisps of evil Qi, with rolling killing intention, rose from the sky, shaking the edge of xuanjiyue crazily.

"Cold water, don't be impulsive!"

The emperor of heaven prison stepped back and felt the breath of Xiao shuihan, which was very terrible.

Once Xiao shuihan gets lost, even he can't control it.

A Buddha lamp, lingering around Xiao shuihan, is constantly releasing a gentle and vast light of Buddha, trying to calm Xiao shuihan's anger.

This Buddha lamp is the true treasure of Buddhism and Taoism, the Maha limitless lamp.

If at ordinary times, it can really clear the heart and nourish the spirit, stabilize the spirit of Xiao shuihan.

But now, Xiao shuihan is insane, and his whole human form is like a madman. Even the Maha limitless lamp can not hold him down.

The magnificent light of Buddha is as small as a lone firefly against the background of the rolling evil spirit of the cold water, and it will be extinguished at any time.

"The law of heaven prison has been suppressed by me!"

The God Emperor of the heavenly prison gave a violent drink, and his hands repeatedly waved the rhyme. All the rules and spirits fell on the Maha limitless lamp.

The lamp flame and Buddha light suddenly bloom, trying to suppress the evil spirit of Xiao shuihan.

"Do you dare to compete with me? Maitun tianfo

Xiao shuihan's whole body was broken by evil Qi, and his teeth turned into tusks.

He opened his mouth and his tusks were sharp, like the archaic demon God. He swallowed the whole Maha limitless lamp and swallowed it directly!

"What!"

The whole emperor was stunned.

Maha limitless lamp is a magic weapon refined by the goddess of heaven. It is one of the twelve true treasures, representing the supreme holy fire of Buddhism.

But now, Xiao shuihan, like a demon, actually swallowed this magic weapon!

If ordinary people dare to swallow the real treasure, they will surely suffer from reverse phagocytosis, burst of body and bleeding of seven orifices.

However, Xiao shuihan has long understood a trace of the supreme law. He devoured the Maha limitless lamp, not only did he not explode to death, but also made a mistake. He integrated all the energy of the Maha limitless lamp, and even refined the cause and effect of the superior in it.

Boom!

In an instant, the cold air of Xiaoshui soared.

Because of the first World War, xuanjiyue suffered a great deal of damage and fell a lot. He rebuilt himself in the heavenly prison and stepped back to the peak of the original state step by step.

But his realm is so, but his strength is far above the realm!

Chapter 4410

After swallowing the Maha limitless lamp, he made great strides to reach the half step real state!

Half step return true state, distance real return true state, only half step difference!

Whoosh, whoosh

Between heaven and earth, the devil wind suddenly rises, the ghosts cry and howl.

A huge shadow of a demon with a height of ten thousand feet rises slowly from the back of Xiao shuihan's head and runs through the clouds.

The giant shadow of the demon God, with the light of Buddha behind it!

Circle of Buddha light, like ripples.

To be exact, this giant shadow of the demon God should be called the magic Buddha!

There are both the ferocity of the gods and demons, and the boundless power of the archaic Holy Buddha.

In the hand of this demon Buddha, there is a sword. The sword is surrounded by the overlord supreme law. If you want to kill the heaven.

"Xuanjiyue, I will tear you to pieces!"

Xiao shuihan roared wildly. He devoured the Maha limitless lamp, thoroughly refined the light energy of Buddha, and then combined the cause and effect of the superior. Even the power of the supreme law was greatly improved.

The hatred engraved in the bones broke out crazily.

Xiao shuihan sent out a towering cry, he wants to kill nine days, fight xuanjiyue again!

Outside the world, there are two visions in the sky.

A vision, belonging to xuanjiyue, has the majesty of the empress, Xianxi auspicious charm, but also with the edge of the supreme source of soldiers behind.

Another vision belongs to Xiao shuihan!

The huge shadow of the magic Buddha, with a long sword in hand and the pressure of the supreme law, confronts xuanjiyue from afar and doesn't fall behind.

No matter how fierce xuanjiyue's edge is, it can not suppress the law of the superior.

The supreme principle of Xiao shuihan sword comes from the superior!

In the outer world and in the upper world, countless people were astonished to see the vision on the sky.

"How can someone shake the majesty of the queen?"

"Who on earth is qualified to challenge the queen?"

"This breath is not from heaven, nor from heaven and man. Who is it?"

"Such a terrible atmosphere of demons and Buddhas, and the law of the superior, did xuanjiyue commit so many evils that she finally led to the death of the superior?"

"It's impossible. The world of the superior, and our world, has great legal limitations, and they can't come in person."

Countless people speculated, not knowing what happened.

Everyone thought that the only one qualified to fight against Xuanji moon was Emperor Shitian.

But now, the monstrous evil Qi does not come from the emperor Shitian, and I don't know who broke out.

In the heaven prison, Xiao shuihan's evil spirit broke out to the extreme. With a sword in his hand and roaring up to the sky, he was about to rush out and fight xuanjiyue to death.

"Stop!"

Heaven prison God Emperor in the heart of rage, is a burst of fear, loudly drink Xiao shuihan.

He is very clear that xuanjiyue's realm is false and real, but it is very likely that she is an expert in the later stage and even the peak of the real state. Moreover, there are supreme source soldiers in hand. If Xiao shuihan dares to go out, he will surely die!

Although the cold water at the moment, the evil spirit is incomparably vast, but it is only the surface of the weather.

In terms of strength, Xiao shuihan was at most the early stage of his real life, and he was not the enemy of xuanjiyue.

"If you can't beat xuanjiyue, don't go and die!"

The God Emperor of the heavenly prison shrieked and stopped. His words were like thunder, and he wanted to stop Xiao shuihan.

He spent thousands of years cultivating Xiao shuihan. How could he die?

"Old man, do you want to stop me from revenge? I'll swallow it up! "

Xiao shuihan is completely crazy. Even the emperor of Tianyu's cultivation has been completely forgotten. In his eyes, there is only hatred and killing intention.

He opened his mouth like a demon. He took a bite and swallowed up the empty shadow of the God of heaven prison on the spot!

He just wants to find revenge on xuanjiyue. Whoever dares to obstruct him will kill anyone!

Even heaven prison God Emperor is no exception!

When the disciples in the prison spirit Pavilion saw that Xiao shuihan had swallowed the empty shadow of the heavenly prison God Emperor, they were scared to the spot.

"Xuanjiyue, I Ah, ah, ah

Xiao shuihan originally wanted to rush out, but he swallowed the shadow of the heavenly prison God Emperor. The magnificent aura energy contained in the shadow was absorbed by him.

Such a magnificent energy, enough to make him promoted!

Now, Xiao shuihan directly breaks through!

By virtue of the virtual shadow energy of the God of heaven prison, from half step to true state, successfully step into a layer of heaven!

The sudden breakthrough, let Xiao shuihan head burst, almost fainted, all body spirit burst.

He was half kneeling on the ground, hissing and growling, as if the butterfly was about to break its cocoon, suffering a great deal.

The magic and Buddha weather in the sky immediately dissipated.

Xiao shuihan's breakthrough is too urgent. It takes time for us to realize the truth.

At this juncture, he can not challenge xuanjiyue again.

Many powerful men in the prison spirit Pavilion witnessed this scene all the time, and all of them were at a loss.

No one thought that Xiao shuihan first swallowed the Maha limitless lamp, and then swallowed a shadow of the heavenly prison God Emperor. Unexpectedly, he broke through to the real state. At this moment, it is the critical moment of the truth of the road and the understanding of the natural mechanism. No one dares to disturb him. As Xiao shuihan's evil power dissipated, xuanjiyue's empress weather also disappeared.

Nine sky sky sky, restore calm, as if nothing had happened.

"Puff!"

Tianyu, in the valley of Taishang, the real body of the God Emperor of Tianyu gushes out a mouthful of blood.

His only shadow of separation was destroyed, and his real body was also severely attacked.

"Is it that my plan for tens of thousands of years has been destroyed in such a way?"

Heaven prison God kneels on the ground, nails deep into the soil, full of anger, despair, unwilling.

Xiao shuihan is completely lost and has betrayed him. No one will cut off his love feelings for him. He will be trapped in this valley all his life, and he will not go out until he dies.

Tens of thousands of years of planning have come to nothing.

The emperor's face is no longer pale.

.....

When ye Chen, Xuelong, Yankun and others of liudaozong Mountain Gate saw the disappearance of the supernatural phenomena in the sky, all of them were speechless.

The scene just now, it's really shocking.

In this world, it is incredible that someone can shake the edge of Xuanji moon.

"Master."

"Big brother, you're back."

XUELONG, Yankun and others come to Ye Chen and look at him in silence.

Ye Chen's eyes, with a trace of pain, compassion, struggling color.

Anyone can see that the vision in the sky just now, ye Chen knows all the cause and effect.

However, no one dares to ask more, everyone looks at Ye Chen quietly.

"It's OK. I want to have a rest."

Ye Chen sighed and didn't say anything more.

Xiao shuihan's evil Qi suddenly dissipated. I don't know what happened.

Ye Chen guesses in his heart that it may be the heavenly prison God Emperor's suppression.

It's a pity that the law of heaven prison is so strict that he can't deduce it clearly.

Naturally, he could not have guessed that Xiao shuihan was so crazy that he swallowed up the body of the heavenly prison God Emperor and broke through to the real state at one stroke.

Now ye Chen only feels pain and fatigue. Just in Xuantian sword tomb, he incarnates as the master of fairyland and breaks the shadow of xuanjiyue's Heavenly Sword. The sequelae has not disappeared and he is quite weak.

He needs a rest.
