Chapter 4431

With this sword, he dominates the extreme explosion of evil Qi, burning Qi and blood, and imposing and severe power.

However, xuanjiyue dismissively grasped it as if she had caught a leaf floating in the wind. She was so relaxed that she grasped Xiao shuihan's sword.

"You may not understand how far apart we are."

Xuanji Yue laughs. After she takes charge of the supreme source army, the whole person has been completely transformed. Even if the Heavenly Sword does not come out of its sheath, she is also as helpful as God. It is easy to suppress Xiao shuihan.

Xiao shuihan's pupils contracted violently and his scalp became numb.

Although he knew that his strength was not comparable to xuanjiyue.

However, he did not expect that the gap between the two people was so large.

He tried his best to strike, but could not hurt xuanjiyue a hair!

Although Xiao shuihan has grown rapidly, xuanjiyue, as the empress of the upper world, enjoys countless opportunities and super talent, which is not what she used to be.

"Well, die for me

Xuanji Yue snorted coldly, and the palm of her hand urged her to vomit. She unexpectedly exploded Xiao shuihan's long sword.

Pieces of sharp broken swords, pinched in xuanjiyue's hand, suddenly flew out, like pear blossoms all over the sky, shooting at Xiao shuihan's head and face.

Xiao shuihan's face turned pale. Under the suppression of xuanjiyue's Qi, she couldn't move.

"Queen, give me a face to the devil."

Xiao shuihan is about to be killed, but at this time, there are piercing crow calls in the distance, and a strong old voice.

I saw an old man in a gray robe, surrounded by crows all over the sky, the evil spirit surging down outside the Queen's palace.

The old man was full of evil Qi and shocked the void, which greatly weakened xuanjiyue's Qi power.

Taking advantage of this opportunity, Xiao shuihan quickly took a breath and waved his palm to block the fragments of the broken sword, but he was not killed.

However, there were still some sharp sword pieces, which shot at his shoulder, chest and abdomen, penetrating into his flesh and blood, causing severe pain in his muscles and bones.

Xiao shuihan snorted, his knees were soft, and he was seriously injured.

Several blood holes on the body, blood gurgling, very ferocious.

This wound is so terrible that it can't even recover the green wood source symbol. It obviously has the empress Tianwei of xuanjiyue.

"Devil, it's you

Xuanjiyue saw the old man in the grey robe, and her beautiful eyes suddenly sank.

The old man in grey robe is the evil god of the devil heaven. He is surprised to see Xiao shuihan's badly injured and embarrassed appearance.

Xiao shuihan is also an expert, but he can't even hurt xuanjiyue.

We can imagine how powerful Xuanji moon is today.

"I've seen the evil Lord!"

Many powerful people in the Imperial Palace bowed their heads to say hello.

In the ancient times, xuanjiyue refined the reincarnation star flame, and met with danger on the way. It was the devil who saved her life.

Once upon a time, the devil God was a guest of honor in the Queen's palace, and his status was very high. Therefore, when people saw the evil god again, their attitude was extremely respectful.

"What are you doing here? I thought you had been attacked by Chen cangsheng and died. "

Xuan Jiyue is not polite.

"Ha ha."

With a cold smile, the evil god walked slowly on crutches and was quite staggered.

Xuanjiyue is in charge of the supreme source army. It is not the same as before. She doesn't even speak of politeness.

"I'll take care of the cause and effect."

The devil doesn't care about it. He talks lightly.

"End the cause and effect..."

Xuanjiyue's heart beat slightly. She had saved her life before. She had not paid back the cause and effect, but she had a thorn in her heart.

If she can give full play to the power of Shenluo Tianjian, she can cut off all the cause and effect fetters with the power of the supreme source soldiers.

But now, xuanjiyue obviously didn't reach this level. As soon as the devil God mentioned the word "cause and effect", she was very upset.

"I did not owe a debt of gratitude for my whole life."

"You've saved my life, and if you want any reward, just ask."

"I'll give it to you as long as I can."

Xuanjiyue doesn't want to owe anything. If the devil wants something in return, she is willing to give it. Clearing up the cause and effect as soon as possible is of great benefit to cultivation.

"I want you to let him go."

The devil is not nonsense, pointing to Xiao shuihan.

Hearing the speech, Xuanji moon suddenly shakes.

Xiao shuihan is also a shock all over the body, from the words of the evil god, capture Ye Chen's cause and effect.

"Master sent someone to save me!"

Xiao shuihan's heart was boiling with blood, shame and gratitude. His wounds were shaking and painful.

He is angry and impulsive. He wants to challenge xuanjiyue and share his worries for ye Chen.

However, Xuanji moon is so powerful that he is no match at all.

Ye Chen did not blame him, but sent someone to save him. Xiao shuihan didn't know what to say about this kindness. He was only ashamed and grateful.

"The Lord of samsara sent you?"

Xuanji moon pretty face moving, also capture the cause and effect behind, unusual.

"Who is the reincarnation master of this life, tell me! Are they the people of your Twelve Gods? "

Xuanjiyue has been unable to find out who is the reincarnation master of this life.

She deeply suspected that the reincarnation master might be a disciple of the Twelve Gods, protected by the Twelve Gods, so she never found a trace.

"Ha ha, you don't have to ask more. Today we'll settle the cause and effect and give Xiao shuihan to me. In the future, all our gratitude will be written off, and you will no longer owe me anything."

The devil laughed and said nothing more.

"No, Xiao shuihan is the villain of the reincarnation Lord. How can I let him go?"

Xuanjiyue gnaws her teeth, her eyes are cold, and suddenly she strikes at Xiao shuihan tianlinggai.

The body shape of the evil god swayed and stopped Xiao shuihan. In a cold voice, he said in a cold voice, "do you want to break with me even if you are entangled with cause and effect?"

Xuanjiyue's palm almost hit the devil. Fortunately, she was so strong that she withdrew her hand.

However, hearing the words of the evil god, xuanjiyue was filled with anger and said:

"are you really determined to save him?"

The evil god laughed and said, "that's right."

Xuanji's beautiful eyes flashed and said, "tens of thousands of years ago, you entrusted me to take revenge for you and kill Chen cangsheng. I promised you today that it would be a reward for cause and effect. You leave me and don't care about Xiao shuihan's life and death."

At that time, the evil god begged xuanjiyue to avenge him.

However, Chen cangsheng is the God of human beings and the senior elder of the Shenzu of the Ming dragon. Xuan Jiyue didn't want to cause trouble, so she didn't agree.

But today, xuanjiyue is in charge of Shenluo Tianjian. Even if Chen cangsheng is an elder of the Shenlong clan, she doesn't mind killing it.

As long as we can pay off the cause and effect!

The evil god said with a smile: "ha ha, it's too late. I was entrusted by people today to take away Xiao shuihan. I will never break my promise!"

"You can either give me the person and clear up the cause and effect."

"Or kill me, and it's all over."

After that, the evil god stood with his hands down, squinting his eyes, and was not afraid of death at all.

Chapter 4432

Xuanjiyue's face was very ugly, and her whole body was burning with killing intention. She was considering whether to kill the evil spirits of the devil heaven.

She has been in charge of Shenluo Tianjian. As long as she is given enough time, she can play the full power of Shenluo Tianjian.

At that time, relying on the edge of the supreme source soldiers, enough to cut off all cause and effect!

She doesn't need to repay anyone!

However, if you want to give full play to the power of Shenluo Tianjian, I don't know when to wait.

It's too long.

"One step back, I can give it to you."

"But, Dantian is going to be abandoned, I want him to be a waste man!"

Finally, xuanjiyue bit her teeth, and a chill flashed through her eyes.

She can let Xiao shuihan go, but the elixir field must be abandoned!

Xiao shuihan's master swordsmanship is already very advanced. Xuanjiyue can't watch him grow up, otherwise it will become a threat.

She wanted to control the heavens and establish the order of destiny, which was very troublesome.

She doesn't want to let a little cold water, also become their own trouble, must be completely solved!

It is the best choice to discard the elixir field and demote it as a waster.

It can not only clear up the cause and effect, but also solve the future problems.

The evil god's face changed slightly. Obviously, she didn't expect xuanjiyue to ask for this.

"Xuanjiyue, if you have seed, you will kill me!"

Xiao shuihan was furious when he heard that he was going to be abandoned.

He would rather die than become a useless man!

"Hehe, what do you think?"

Xuanji Yue's hand is on the hilt on her waist. If the devil dares to say "no", she will immediately pull out her sword and kill all of them.

The old face of the evil god is gloomy. He knows that this is the bottom line of xuanjiyue.

if he refuses, xuanjiyue will turn over soon.

Even if you struggle with cause and effect, you won't have any mercy.

At that time, he and Xiao shuihan will die.

"Well, I promise you."

The devil God nodded his head and abandoned the elixir field. As long as he saved his life, everything could be saved.

"No, I can't be a cripple!"

"Even if I die, I can't be a waste man!"

Xiao shuihan's eyes were cracked. Suddenly he lifted his hand, and a flying snow blade sprang up and wiped it off his neck. He wanted to kill himself!

He would rather die than be abandoned.

"Ha ha, did I let you die?"

Xuanjiyue smiles coldly, bends her fingers and shoots a ray of purple gas, which flies the flying snow blade.

Xiao shuihan's whole body Qi machine, also immediately under control, actually can't move.

"Reincarnation star flame, destroyed by me!"

Xuanjiyue doesn't talk nonsense. The reincarnation star flame pops up and attacks xiaoshuihan elixir field.

Boom!

Xiao shuihan's eyes were frightened and angry. He watched the reincarnation star fire attack and kill, but he couldn't avoid it.

At the next moment, he felt the pain coming from Dantian.

His elixir field, completely destroyed, all the internal breathing, instant collapse and elapse.

"No!"

Xiao shuihan raised his head to the sky and roared. In great pain, his eyes almost flowed with blood. He knelt on the ground and finally fainted like a dog who lost his family.

Xuanji moon flew up and kicked Xiao shuihan's body in front of the devil God and said, "you can go now."

The whole audience was silent.

Whether it is the Queen's palace, or Xiao shuihan's surviving Tianyu strongmen, this moment fell into silence.

"Thank you very much. You and I have settled the cause and effect, and we will not owe each other in the future."

For a long time, the evil god made a cold voice, crows rolled up in the sky, and flew away from the Queen's palace.

The remaining strongmen of the heavenly prison want to follow them, but xuanjiyue's eyes burst out with a strong fatalistic heavenly power, rolling purple air from the sky, and in an instant, killed all the powerful Tianyu.

She said she would let Xiao shuihan go, but she didn't say she would let go of the remaining evils of heaven prison.

.....

Crows come down from the sky, and the evil God brings Xiao shuihan back to Zhudao cliff.

On Zhudao cliff, ye Chen and Zha Tianmo Di are already waiting.

"Master!"

Ye Chen was overjoyed to see that the devil was back.

However, when he saw Xiao shuihan in the hand of the evil god, ye Chen's face suddenly changed.

At this moment, Xiao shuihan, like a dead dog, was carried in his hand by the devil God, and his whole body was dripping with blood.

"Lord of reincarnation, I have brought them back."

"But unfortunately, his elixir field was abandoned by the queen."

The devil god throws Xiao shuihan's body in front of Ye Chen.

Ye Chen is frightened and moves forward quickly. Seeing that Xiao shuihan is seriously injured, he uses Bagua Tiandan to treat him. However, Bagua Tiandan can cure the injury, but not the abandoned elixir field.

Xiaoshuihan's elixir field has been completely destroyed by xuanjiyue.

At the moment, Xiao Shui is cold and his internal skills are exhausted. He has become a disabled man.

"Master, what's going on here?"

Ye Chen's face is extremely ugly. He didn't expect that he was brought back, but he was a waste man.

"Xuanjiyue is in charge of the supreme source army. It's not the same as it used to be. She almost ignores the cause and effect of the past, and even I want to kill..."

The evil god shook his head and said briefly what happened in the upper world.

Ye Chen and the dark demon emperor look at each other in awe. They didn't expect Xuanji moon to be so fierce.

It is very difficult for the devil to bring back Xiao shuihan.

The devil God sighed: "reincarnation Lord, your commission, I have completed, as for the abandoned Dantian, I really can't help it."

Ye Chen said in a deep voice, "thank you very much. I will fulfill my promise. If I don't die, I will avenge you and kill Chen cangsheng one day."

"Good, Lord of reincarnation, I will thank you very much."

In the tone of his speech, there is already the meaning of asking for leave.

What he promised Ye Chen has been done.

As for the abolition of Xiao shuihan's elixir field, this is not his problem, but Xuanji moon is too fierce.

"Thank you, sir. We'll leave first."

Ye Chen also understood the meaning of the devil.

The Commission has been completed, and the evil god wants to continue to close the door and clean up.

At present Ye Chen will Xiao shuihan's body, received the yellow spring chart.

After the treatment of Bagua Tiandan technique, Xiao shuihan's injury is not serious. You can recover after a few days' rest.

But he abandoned the field, but it is impossible to restore.

Ye Chen ponders and thinks about the way to restore the elixir field and leaves Zhudao cliff.

"Wait a minute."

The evil god called out to them, felt a little guilty and sighed: "this time, Xiao shuihan's elixir field has been abandoned. I've made some mistakes. I'll give you jueyan Huo python. It's one of the top ten source animals, and has refined half of the Lihuoyuan rune. Its strength is quite strong."

"When the assembly begins, it may be your help."

After that, the evil god of the devil struck the palm of his hand, summoned jueyan fire python, and ordered: "little Yanzi, you will follow the reincarnation master and serve him. You can also take away the talisman from the fire source."

Chapter 4433

With a wave of his hand, the demon God flew across the sky and fell in front of Jue Yan fire python.

Jue Yanhuo Python was overjoyed and immediately swallowed the talisman from the fire source and said, "obey the orders of the evil gods!" Immediately follow Ye Chen.

Ye Chen was overjoyed. Jueyanhuo Python is quite powerful. It has reached the five levels of sky in the source area, absorbing half the energy of Lihuoyuan rune.

If jueyan fire Python can absorb the other half and refine Lihuoyuan Rune thoroughly, then its strength should reach the level of six layers of heaven in the original state, and the same level as the demon emperor covering the heaven.

This is definitely a powerful help!

Lihuoyuan rune, representing the most intense flame, is the thing of the devil.

At the beginning, the evil god used the flame of Lihuoyuan Rune to re refine the killing immortal sword for the God of covering heaven, and improved the quality of the sword.

If these source symbols can be refined, they will have great power.

At the moment, ye Chen with jueyan fire python, and the dark emperor left Zhudao cliff.

"Master devil, Xiao shuihan's elixir field has been destroyed. Can you save it?"

Ye Chen grinned bitterly. The most urgent problem in front of him now is that Xiao shuihan's elixir field was destroyed and became a waste man.

Xiao shuihan is Ye Chen's most important apprentice. Because of misunderstanding, they have a lot of regrets.

At present, this regret has not been completely solved. Instead, Xiao shuihan will become a waste man. Ye Chen naturally feels guilty.

the dark emperor is well-informed, and ye Chen only hopes that he can solve the problem.

With a dignified face, Zha Tianmo said: "his elixir field has been abandoned, and his martial arts foundation has not been completely cut off. If we can find Tianxian Jinli copy and Sanyuan taihun pill, maybe there is a way to save him."

Ye Chen was surprised: "Tianxian Koi copy and Sanyuan taihundun?"

"Well," said the God demon emperor, "first of all, this Tianxian Koi copy is one of the thirty-three Tianhong Mongolian methods. It has a very strong spirit of immortality. After training, you can get the koi to protect your body, and the atmosphere can be added to your body. Even if the elixir field is abandoned, it may be restored."

"Koi body protection, atmospheric transport body? Where is the fairy Koi

When he heard the question, he was surprised.

"As far as I know, the fairyland koi is copied in Hongmeng

"Hongmeng blessed land is a blessed land that was born when the heaven and earth were first opened. Most of the ancient methods and treasures of Hongmeng were handed down from Hongmeng.

"The location of this blessed land is very secret. It was only by chance that I knew the specific coordinates."

"My Qisha Wanya pot was also obtained in the land of great happiness."

"However, the place has been watched by the Hades. If we pass by, we will be in great danger."

It turns out that there is a place of great fortune in the world, which hides a large number of ancient methods and treasures of Hongmeng.

Through the vicissitudes of life, I don't know how many ancient methods and magic weapons of Hongmeng have been handed down from the blessed land of Hongmeng.

"Hongmeng, a blessed land, a fairy, a koi copy, a dragon immortal..."

When ye Chen hears the words of Zha Tianmo Di, he immediately catches a very strong dangerous killing opportunity.

There is no doubt that this land has been watched by the Dragon gods.

If an outsider dares to enter, he will be killed by the Dragon God clan!

And the dragon family is a giant of heaven and man, where ye Luo'er is going to marry!

Chen Cangsheng, who ye Chen wants to kill, is also a senior member of the Shenzu of the Ming dragon!

"The mystery of heaven, I didn't expect that I would be involved in the cause and effect with the Dragon God family so soon."

Ye Chenshan laughed, but he didn't expect that he was so quick that he got entangled with the Shenzu.

If there are really celestial beings and Koi plagiarism in that blessed land, you can have a chance to restore the elixir field of Xiao shuihan. Ye Chen can't miss it.

"Through the vicissitudes of life, the fortunes and fortunes in the land of great prosperity have been basically dug up, leaving behind a copy of the immortal brocade carp."

"It's said that the little master of the Ming dragon family is going to marry ye Luo'er, the holy daughter of the ancestral dragon temple. The immortal Koi copied their will and prepared to take it as a bride price."

"If you want to capture Tianxian Koi copy, you are bound to offend them."

After receiving the seven Sha Wanya pot, he quickly left Hongmeng blessed land.

Because if he stays any longer, the stylosaurus can't let him go.

That day, the immortal Koi copied it, and the Ming dragon clan was going to take it as a betrothal gift, which could not be touched by outsiders.

"Ha ha, bride price?"

Ye Chen smiles coldly, remembering that he was at the beginning of Mielong cliff, and ye Luo'er's separate picture, his heart burst into anger.

Ye Chen can't, watching ye Luo'er marry to the Dragon God family!

This is what betrothal gifts, naturally to grab the best hand.

"You think about it clearly. The assembly of butcher is coming. If you offend the Dragon God, you will have more pressure."

Ye Chen clenched his fist and said: "the enemy does not press the body, and if there is another Ming dragon god, it will not kill me." "Good, I know your character. In this case, I will accompany you to make another trip to Hongmeng blessed land and seize Tianxian Koi copy!"

Ye Chen's heart was filled with blood and said, "thank you very much."

Suddenly, ye Chen thought of something and continued to ask: "what you said is only one of them. What about the other three yuan Tai soul pill?"

"The three yuan taihun pills are special and belong to a force in the Yangzhen domain," he said

"This is the treasure of Zhenzong, which was handed down in archaic times."

"It's useless for ordinary practitioners, but it's an opportunity and a must for Xiao shuihan now."

"Sanyuan taihun pill gathers the supernatural evil Qi. It is said that it was made by a strong devil who took his own Dantian as the carrier and spent ten years refining it."

"It was refined by the children of his incomplete elixir field, but his son fell unexpectedly..."

"If you want Xiao shuihan to recover the elixir field and become stronger, one of these two things is indispensable!"

Ye Chen looked serious: "which power does the three yuan Tai soul pill belong to?"

"Three yuan Taizhen gate," the dark emperor said directly

Hear three yuan too true door, ye Chen expression extremely strange!

Naturally, he has heard of the three yuan Taizhen gate!

Among the ruins of the king of you, the one who attacked Ye Chen at the critical moment, even to his death, was Chifengshan!

And Chifengshan is from the three yuan Taizhen gate!

On that day, if it wasn't for a drop of blood essence and old bone to help, it might have fallen!

If it was not for the fear of Xiao shuihan, he might have killed him!

Ye Chen clearly remembers everyone!

Chifengshan, ZhuLao, zhouqiong, leiluocha, these people are going to die!

Endless anger and Xiao shuihan accident, let Ye Chen heart anger burning!

Feeling the change of Ye Chen, the dark emperor said, "do you have a feud with Sanyuan Taizhen gate?"

Ye Chen nodded. He pondered for a moment and said, "you and jueyan fire Python are waiting for me in Hongmeng blessed land. I'll go to the three yuan Taizhen gate."

Chapter 4434

"Are you sure you won't let us go together? These three yuan are not easy. "

Ye Chen has decided: "more people are more likely to expose the target, this time my goal is only Chifengshan and Sanyuan taihundan!"

"Good, I'll see you in Hongmeng blessed land," he said

.....

Two hours later.

Chiyang desert.

This Chida desert is extremely dangerous. Even if it is the initial existence of the source, it is possible to fall into it!

Only the strong can pass safely!

Therefore, almost no warrior will choose to cross the Chiyang desert!

Because, it is no different from looking for death!

The Chiyang desert, to others, may be a place of ten deaths and no life, but it is nothing to Ye Chen, who now has the combat power comparable to that in the middle period of Shiyuan.

This is the fastest and the only way to get to Sanyuan Taizhen gate!

It is said that in the desert, there was once an ancient civilization, and now, there are still many relics.

Immediately, ye Chen's body moved, and he went to Chiyang desert!

Just right, ye Chen needs a place to try star soul chop!

The meeting of Tu Sheng is getting closer and closer, and xuanjiyue severely damages Xiao shuihan, which puts pressure on Ye Chen.

He needs to vent!

He didn't try too much because of the complexity of star soul chopping.

Now, he has made a breakthrough, and his strength has reached a higher level. It's time to try this star soul chopper again!

.....

A very shrill roar reverberated in the red desert. In the desert, blood flowed across, and a burst corpse scattered around!

It seems to be a huge monster.

Ye Chen slowly took back his fist and looked in front of the wind and sand. He saw that there appeared the outline of the town!

Ye Chen smiles. He knows that it is a small town in the border area.

.....

Two hours later, Bingyang city.

A cool looking young man walked out of the tavern, but with a slight frown, he said to himself, "after returning to sanyuantianmen, the redwind fir has risen all the way and its strength has soared. Now, it has broken through to the fourth floor of Shiyuan?

However, it seems that this person's strength suddenly increased. It is said that not long ago, he was actually a young lady who despised the poor family

Yangzhen region, a vast territory, is divided into nine regions!

Among these nine domains, it is recognized as the most powerful force, and is collectively referred to as the thirty sixth house of Yangzhen!

This is the real top power of Yangzhen!

The Han family is one of the 24 ethnic groups in Yangzhen's thirty-six houses.

Originally, the strength of the 24 ethnic groups lies in the eight gates.

But!

The poor family has a cold Ziyang!

Han Ziyang, hundreds of years ago, has joined the wanhuazong, a force in the heaven and man domain!

Therefore, although the cold family is only twenty-four ethnic groups, their own strength can only be regarded as average, but with the existence of Han Ziyang, even the eight gates have to give some face to the poor family!

After Chifengshan played a trick on the young lady of the Han family, the old prince of the poor family, who was also the grandmother of this young lady, heard of this, and immediately became angry and wanted to kill Chifengshan himself!

Even when Chifengshan was about to die, a high-level member of the Sanyuan Taizhen gate appeared to protect Chifengshan, and saved his life after paying a great price

Since then, the red wind fir then hid in the door, it seems that a step did not dare to come out.

"It's a bit difficult to do..."

Although Ye Chen's current strength is very strong, it is not so easy to directly kill a powerful force in the Yangzhen region!

Ye Chen shook his head, ready to go to the three yuan Taizhen gate, and then, take a step, look at a step.

He pondered: "just in time, on the way to Yangzhen bailing area, I will pass through the thousand yuan forest. I have almost run in the star soul chopper. I can test the power of star soul chop in this thousand yuan forest by the way."

The star soul chopping is too strong and dynamic. In order to avoid unnecessary trouble, ye Chen decides to choose a place where there is no one.

Immediately, ye Chen's body moved, and went toward the thousand yuan forest.

.....

Half a day later, ye Chen came to a very vast forest!

This is the most famous place in the whole forest!

Within the thousand yuan forest, there are many opportunities, of course, there are also dangers.

Most of the martial arts practitioners who came to test were in the periphery, but ye Chen went directly to the depth of the thousand yuan forest!

There, almost no one will go there!

Because, the depth of a thousand yuan forest, can be said, is step by step death!

However, ye Chen is not worried.

When he danced the evil sword in his hand, several monsters died. Suddenly, ye Chen's eyes lit up and found a very deep canyon. The outer part of the canyon was covered by a special blue fog, which was a magic effect of isolating gods! Ye Chen smiles, which is a good place to test star soul chopping!

As soon as he moved, he disappeared behind the purple mist.

soon, ye Chen came to the deep valley. He rolled his wrist and grasped a dark sword!

Ye Chen's wrist moves, several Guanghua flies out to turn into an array disk array. Here, he sets up a sound insulation array.

Surging soul power, from ye Chen's eyebrow heart gushes, faintly is actually integrated into the evil sword!

There was a rune flash in his eyes, and an extremely fierce breath came out!

Ye Chen had learned endless years in the middle of the abyss. Although it was only ten days in fact, his harvest was far more than the combination of soul and martial arts!

What's more, the Honghuang Kendo of the young man with bone sword!

With Ye Chen's current strength, Tu Shenjian has been gradually unable to keep up with him. Just in time, he can make up for this young man's swordsmanship!

In a flash, there was a sense of ancient ferocity on the sword!

At the next moment, the two seals came out together, with the power of soul devouring and the power of destruction. Ye Chen murmured, and the sword in his hand danced. A seemingly ordinary sword awn flashed on the evil sword!

However, just when ye Chen was about to cut the sword out completely, his face suddenly changed, his wrist trembled, and it seemed that he could not control the supreme power contained in the sword!

That dark sword flew out!

Then, the whole valley issued a earth shaking sound, a huge hole, appeared in front of Ye Chen!

Ye Chen looks at that cave, look slightly changed, this hole actually seems to be a full kilometer deep!

He has just inspected the ground in the valley. The soil here is very hard, but even so, it has been blasted out of a kilometer deep pit?

What's more, it's the result that ye Chen doesn't control the power and flies out of his hand!

And it's not the most frightening!

At the moment, in the deep pit, there is a tremendous and fierce fluctuation of soul power!

Chapter 4435

The terror of the fluctuation of soul power is even enough to crush and kill the first layer of heaven!

Don't think it's nothing to crush and kill Shiyuan!

You know, the fluctuation of soul power is not a soul skill, but just the residual power after ye Chen's sword is cut out!!!

In a flash, ye Chen's face, then appeared the color of ecstasy!

The power of the star soul is still ahead of his expectation!

What's more, the blow just now is not his full strength. The transformation of soul and body, the body of heavenly demon, the formula of burning blood and the ancient method of Hongmeng have not been used yet!

He couldn't imagine how terrible it would be if he realized the realm of soul and martial arts?

It's estimated that it's not too far from that young man's sword?

With a wave of his hand, ye Chen reintroduced the evil sword into his hand. His soul was surging out of his eyebrows again. What he had to do was practice!

Practice to be able to control the star soul chop perfectly!

.....

A few hours later, outside the valley, a figure suddenly flashed, and a girl stood in front of the blue mist.

Wearing a pink dress, the girl looks seventeen or eighteen years old. Although she still has a tender face, she is already very beautiful. In her beautiful eyes, she has a pure and delicate body which is rare in martial arts. On her delicate body, she exudes a fatal temptation that is not matched with her young face!

This young girl is young, but she has always existed! Martial arts talent is not against the sky!

The girl's spirit power fluctuated strongly. It seemed that she had just experienced a battle. Among her jade hands, she also carried a spirit grass. It seemed that she had come to this thousand yuan forest to seek opportunities for training.

At the moment, she was staring at the valley in the green fog with a look of doubt. At this moment, a tremor came from her feet. The girl's eyes lit up and said, "sure enough, the vibration comes from here!"

Although Ye Chen's array can block the sound and the green fog at the mouth of the valley can block the exploration of the mind, it can't isolate the earth from shaking!

Pink skirt girl full of youth in the beautiful eyes, flash the color of curiosity, the next moment, her body moved, it turned into a pink rainbow, rushed into the green fog!

Ye Chen, deep in the valley, looks at the evil sword in his hand, and his eyes flash with satisfaction. Now, he can finally chop the star soul and master some points.

And there are many huge pits all over his body!

One of the most profound pit, ye Chen was able to control the star soul chop, full cut dozens of swords, all bombarded in this position!

The hole is as deep as ten thousand meters!

Moreover, in the cave, dozens of star soul chopping waves of soul power, terror soul waves, crazy surging!

At this time, ye Chen's face suddenly moved, sensing someone into the valley!

He looked at the scene and frowned slightly. He didn't want it to be seen.

The next moment, ye Chen low drink way: "unreal!"

The soul force gushed out, but it was an instant illusion, so that the surrounding holes disappeared.

As long as the spirit power is not stronger than him, it is difficult to find flaws!

Soon, the pink skirt woman came to the valley, her eyes first fell on the body of Ye Chen.

"Mending the sky?"

The girl's beautiful eyes twinkled for a moment. She didn't expect that she would meet an existence of mending the sky in the depth of the thousand yuan forest?

How could this guy come to such a place? Bu Tian Jing exists deep in the thousand yuan forest. It seems that sheep have been lost in the wolf's nest. How dangerous it is!

But soon, the girl's beautiful eyes were attracted by some kind of spiritual fruit in the valley!

In the valley, there is a kind of crystal clear spirit fruit, which looks like yellow agate. The breath is similar to the spirit grass in the girl's hand, but it is much stronger than the spirit grass!

The fruit, named huangjingguo, is one of the most suitable spiritual fruits for young girls. One of the reasons why she came to the depths of the thousand yuan forest was to find such spiritual fruits and prepare for the awakening of blood vessels!

However, she did not immediately go to pick the yellow fruit, but looked at Ye Chen, the color of embarrassment in her beautiful eyes

Huangjingguo is the best spiritual fruit. Even for ordinary martial arts, it is also a rare treasure

The canyon in front of me, obviously, was discovered by the young man with a slightly indifferent look in front of him. Everything in the canyon should belong to Ye Chen's chance

Although the world of martial arts is cruel and doesn't pay attention to what comes first and then, the girl in pink dress is not willing to seize other people's opportunities at will. What's more, ye Chen found these Huang Jingguo only after he risked his life to mend the heaven

However, the yellow crystal fruit is extremely rare. Even in the thousand yuan forest, which is rich in exotic treasures, it is difficult to see, let alone found so many at once, even in her identity, she could not get so many yellow crystal fruits

If you miss it, it's a pity. After all, what a yellow fruit it is, but it's possible that her blood will be upgraded to a higher levelYe Chen naturally found the yellow crystal fruit, but for him now, these natural materials and treasures are dispensable, so he did not collect them.

The girl hesitated for a moment, or looked at Ye Chen and said, "my name is Nangong dance. Those yellow crystal fruits are things I need very much. Would you please give them to me?"

Don't worry, I will compensate you and won't let you suffer a loss! "

When ye Chen hears the speech, he looks at the girl with a look of interest. The girl starts from the realm of cultivation, but he, in the eyes of others, is just a heaven mending realm.

But Nangong dance is asking about the existence of a mending heaven?

Even if you want to compensate?

This is almost impossible in the world of martial arts.

This kind of heart, to tell the truth, may not be suitable for this world, too pure, too kind, but it is the character Ye Chen likes.

Ye Chen gazed at Nangong dance and said, "what compensation can you give me?"

When Nangong dance heard the words, her beautiful eyes flashed, and her pretty face showed a deep color. Although she was rich in wealth, she should say that she could move Ye Chen's equivalent

Suddenly, Nangong dance's eyes lit up and said to Ye Chen, "I don't know, do you join any sect now?"

Ye Chen shook his head and said, "No

Nangong dance chuckled: "well, you see, how about this? If you give this yellow fruit to me, I can also recommend you to join the three yuan Taizhen gate!"

After all, there is a look of self-confidence on the face of Nangong dance. Sanyuan Taizhen gate is one of the top eight in Yangzhen's thirty-six mansion. Yang Zhenyu does not know how many young talents have broken their heads in order to join Sanyuan Taizhen sect. In the long run, joining Sanyuan Taizhen sect will definitely help ye Chen to cultivate martial arts than Huang Jingguo, Come bigger!

When ye Chen hears the words, a look of surprise flashed in his eyes

Is this Nangong dance from the three yuan Taizhen sect?

Chifengshan offends those who shouldn't have offended, so he can only hide in the sect, and Sanyuan taihun pill is also in the sect. Ye Chen is worried that he has no way to enter the sect of Sanyuan Taizhen!

Chapter 4436

It seems that even heaven wants to help Ye Chen.

At the next moment, ye Chen nodded and said, "yes."

Nangong dance was overjoyed when she heard the speech. In her beautiful eyes, she appeared a color of excitement. Her body flashed, and she rushed towards those yellow crystal fruits.

But at this time, ye Chen is a sudden pupil contraction!

"No! I forgot to release the illusion just now... "

I saw that the Nangong dance was straight toward the abyss cut by Ye Chen's star soul, and passed quickly!

In this abyss, there is still an extremely violent spirit fluctuation. If the strength of the Nangong dance falls into

As a result, even if you don't die, you're bound to get hurt!

Ye Chen still has some affection for Nangong dance. Moreover, no normal man would like to see her injured or even die tragically for such a beautiful and kind woman

He could not help but to the Nangong dance, he murmured: "pay attention to your feet!"

At the next moment, his body flashed and turned around, and he appeared beside Nangong dance. As soon as he reached out, he held Nangong dance in his waist. He felt the softness of Nangong dance's slender waist. Even with Ye Chen's heart, he was shaking his mind. He felt an impulse to hold Nangong dance hard!

At the moment, Nangong dance is a sudden change in face, looking at Ye Chen's beautiful eyes, full of panic and tension!

From childhood to adulthood, she has never had such intimate contact with any man!

Originally, because ye Chen only has the strength to mend the sky, Nangong dance did not pay too much attention to Ye Chen. After all, what can an existence of mendianjing do to Shiyuan?

That's really looking for death!

What's more, Nangong dance can see that ye Chen's eyes are very clear, and he doesn't show any unbearable look because of his appearance!

Therefore, she did not think that ye Chen would suddenly hold up ah!

The main reason why Ye Chen can hold Nangong dance so easily is because of his strength. Ye Chen's strength is actually superior to Nangong dance, so that even if he didn't deliberately show it, he also showed it in his actions

Feeling the warmth of the body behind her and the unique masculine breath, Nangong dance's pretty face turned red in an instant, vaguely, as if there was an electric current flowing in her blood. A feeling that had never been seen appeared in her delicate body, which made her brain a little dizzy

However, soon, Nangong dance responded and screamed: "you What are you doing to me! Let go of it

As soon as the voice fell, the breath of the whole body burst out in a hurry, without a trace of reservation. It completely impacted on Ye Chen's body!

Bang a dull sound, ye Chen's whole body under the impact, instantly fly out, hit the mountain wall in the distance, is a huge noise, that hard mountain wall, actually was hit directly collapsed!

After ye Chen flies, Nangong dance calms down. She looks at the collapsed stone wall, and on her pretty face, there is a look of regret and worry

Nangong dance is a martial arts person, and she is also a martial arts person from the origin. Even though she was born in a good family and had been protected since her childhood, it is almost impossible that she has never killed anyone at this level. Naturally, Nangong dance is also stained with blood

However, Nangong dance has never killed any innocent people!

The reason why she killed people is often only one, that is, others want to kill her, or it is not good for her!

And ye Chen

Although, ye Chen's action just now, very frivolous, very rude, can even be said to be indecent!

But

But not to the point of damned!

A mendianjing existence is full of their own breath of explosion, although at the last moment, she had a trace of hand, but, want to survive, it is still a very difficult thing!

Nangong dance regrets that she shouldn't be so impulsive!

At the moment, ye Chen lay quietly under a pile of rocks, and his mind moved, weakening the illusion on the abyss by several points.

The reason why Ye Chen is so easily blown away by the breath of Nangong dance is naturally his intention.

First of all, although he was trying to save Nangong dance, he was in a hurry and hugged Nangong dance directly. It was indeed a bit offensive. Nangong dance had never seen a girl who had intimate contact with a man. However, he was so taken away by a stranger he had just met. It was normal for him to get angry.

Therefore, ye Chen takes the initiative to let her blow herself away. Secondly, he wants to join the Sanyuan Taizhen gate. It's better to keep his image in the eyes of Nangong dance and mend the sky. Don't let her have too much suspicion.

At this time, Nangong dance seemed to feel something. Looking at her feet, she saw that the ground one inch in front of her toes seemed strange?

She frowned slightly and took out a broken magic pearl. With the spirit power in her body, a five color light was emitted from the Pearl. The ground in front of her eyes changed rapidly. In a twinkling of an eye, it turned into a very deep dark abyss! In the abyss, there is a terrible fluctuation of soul power. Even

if the strength of Nangong dance feels the fluctuation of soul power, her face changes abruptly. From the fluctuation of soul power, she feels a breath of life and death!

What a terrible abyss!

Suddenly, Nangong dance thought of it. Ye Chen said to her when she was hugging her. Be careful at your feet!

Don't Ye Chen hold her, not to take advantage of her, but to save her!

If not ye Chen's words, now she even if does not die, also already injured!

For a moment, the heart of Nangong dance is filled with a feeling of guilt. Ye Chen is clearly trying to save himself, but he misunderstands him and lays a heavy hand on him

Nangong dance quickly lifted up all the rocks with a wave of hand. Looking at Ye Chen, who was lying on the ground and seemed to be pale, her beautiful eyes trembled fiercely and called out anxiously: "how do you feel? Don't worry, I will save you! "

Ye Chen looks a little unstable, but fortunately, he is still alive. Nangong dance secretly vows to save Ye Chen at all costs!

What she hated most in her life was that kind of ungrateful person. She could never kill her savior, even by mistake!

Otherwise, she will feel guilty for ye Chen all her life!

The next moment, Nangong dance did not hesitate to take out a healing pill with two Dan patterns, two white and slender jade fingers, and put the pill into Ye Chen's mouth.

Feeling the surging force of the medicine in his mouth, ye Chen slowly opened his eyes and looked at the girl who was worried, worried, guilty, and regretted that she was about to cry out. She couldn't help but be a little stunned

Chapter 4437

It seems that his acting skills are a little too good to scare Nangong dance like this?

Ye Chen light cough a way: "I am OK."

Nangong dance saw Ye Chen wake up and felt a little relieved. However, hearing what ye Chen said, he reached out in a hurry and stopped Ye Chen. He said in a deep voice:

"although you wake up from the miraculous elixir now, your internal injury has not recovered so quickly. Don't talk about it. Don't worry. I will take good care of you!"

"I'm sorry, I don't know you want to remind me that you hurt you like this. It's my responsibility. I will be responsible for you in the end."

Ye Chen hears speech, some have no language, be responsible for in the end?

It's like what men say to women

Nangong dance seems to be aware of what she said. It's ambiguous. Her pretty face turns red. She hesitates for a moment. She puts her hand on Ye Chen's body and whispers: "that I'm going to check you out. Please forgive me... "

Her beautiful eyes are slightly wavy and shy. Just now she felt that ye Chen was insulting herself. Now it looks like she is insulting Ye Chen

Ye Chen shook his head and said, "I'm really OK..."

Nangong dance heard the words, and a very serious look appeared on her pretty face: "don't be arrogant! This kind of injury can be big or small. If it is not completely cured, it may even affect the foundation of martial arts! "

She believes that ye Chen is trying to be brave, because no man would want to admit that he was seriously injured by a woman.

Ye Chen said so, but Nangong dance is more determined to give ye Chen the idea of physical examination!

Her face is red, and her small hand is caressing Ye Chen slowly. Her aura penetrates into all the acupoints on Ye Chen's body, checking Ye Chen's injury.

Suddenly, the pretty face of Nangong dance was even redder. He said in secret: "this guy looks thin. How can his whole body be full of muscles..."

With the touch of her fingers, the appearance of Ye Chen's body appears in her mind!

Nangong dance quickly shook her head and scattered the picture. Even she was a little surprised!

"What am I thinking! So Isn't it really a way to insult him... "

She took a deep breath and concentrated all her energy on Ye Chen's injury.

Ye Chen is not averse to this. The slender jade finger of Nangong dance is quite comfortable when pressed on his body like a massage.

In Ye Chen's opinion, this technique should be a kind of ancient medical technique, which is more accurate than the divination exploration. However, with Ye Chen's current strength and strong control over his body, he has reached a fantastic level. In order to cooperate with Nangong dance's exploration, he actively simulated some similar injury reactions in his body.

Sure enough, the look of Nangong dance soon became dignified. However, after a moment, it was slightly relaxed.

In her exploration, ye Chen's injury is really recovering at a very fast speed!

Ye Chen's body moves and is preparing to get up slowly. Nangong dance quickly holds him up for fear that ye Chen will fall down.

Until see ye Chen really no big obstacle appearance, just a sigh of relief.

At this time, seeing that ye Chen is OK, Nangong dance also regains her senses. She remembers all her actions and blushes again. The atmosphere between them seems to be subtle.

In order to ease the embarrassment, Nangong dance whispered: "by the way, I don't know. What's your name?"

When ye Chen hears the speech, his eyes flash, but he doesn't open his mouth. He wants to follow Nangong dance to Sanyuan Taizhen gate. Therefore, he tries not to reveal his name. In case Chifengshan hears the news, he will be on guard?

He didn't want to let the Redwood go anywhere.

Ye Chen can cheat Nangong dance, but he is not willing to do so with his pure temperament.

Seeing ye Chen's silence, a look of disappointment flashed through Nangong's beautiful eyes. But soon, a sly color appeared on her pretty face and said, "since you don't want to say it, I'll call you wood."

"Wood?" Ye Chen's eyebrow tip picks, the face appears the color of bitter smile, has never been called his wood

Nangong Meimei's eyes flashed: "you and I are just strangers who just met. In order to save me, even my life almost fell on me. What do you say you are not wood? I've never seen such a stupid warrior like you. "

Ye Chen is silent and looks at Nangong dance strangely. Now it seems that one of them is like wood, but he is not himself.

He touched his nose and said, "as you please."

"But..." "The head of Nangong dance is very red I don't hate wood like you. "

It seems that he accidentally said something in his heart. Nangong dance changed the topic in a flustered way: "by the way, wood, how did you find the abyss just now?"

Even if she didn't pay attention to it, how could she find those abysses with Ye Chen's accomplishments? Ye Chen smell speech, light way: "I have some talent on the spirit."

Nangong dance nodded. There was no doubt that the talent on the spirit just explained why Ye Chen could reach the depth of the thousand yuan forest. He should rely on the talent of the spirit to avoid many dangers!

The next moment, Nangong dance put all those yellow fruits away and said to Ye Chen, "there is this terrible abyss here. It's not an ordinary place. We'd better leave as soon as possible."

Ye Chen smell speech, nodded, his star soul cut has mastered a few points, it is also time to leave here.

The top priority is to go to Sanyuan Taizhen gate!

When they were walking on the road, Nangong dance looked at Ye Chen's eyes and felt sorry for ye Chen. Suddenly, her beautiful eyes brightened and she said, "wood, do you think you have talent in spirit?"

"Not bad."

Nangong danced and took out a jade slip and said, "on this jade slip, there is a secret art of spirit and soul passed down from ancient times. Although it is only a remnant, it is also an extremely powerful soul skill."

Ye Chen smelled the speech, and his eyes fluctuated. He could feel the wave on the jade slips! This secret art of spirit and soul, in foreign countries, has been enough to be called a treasure!

Even the Zhenzong and Zhenzu's secret arts, which are the forces of Yangzhen's thirty sixth mansion, are enough.

And Nangong dance, that's it?

In fact, even for the three yuan Taizhen sect, this secret skill is extremely precious. Let alone outsiders, even those elite disciples may not be qualified to practice!

Not to mention Ye Chen, who is not a disciple of Taizhen sect!

However, in Nangong dance's opinion, only this secret skill suitable for ye Chen can compensate Ye Chen a little.

However, the next moment, ye Chen is light way: "I do not need."

Chapter 4438

He really doesn't need it. If it's a top-level soul skill, he can still bring up some interest. But, what?

In the middle of the underworld, he observed the evolution of the spirit of the young man who cut the sky with the sword. His attainments in the way of soul were superior to most of the foreign strong men. Therefore, the soul skill was of no use to him.

But Nangong dance doesn't know all this!

She didn't expect that there were people who refused this level of soul skill?

What's more, there are still people who have the spirit talent!

This soul skill, for ye Chen, should be a treasure, right?

Nangong dance said anxiously, "wood, don't you know the value of this soul skill? If this soul skill is put in the Yang Zhen domain, it is the most precious treasure! "

Ye Chen light way: "I know, however, I do not need."

Nangong dance stopped and looked at Ye Chen dully. It's a bit silly. Shouldn't all martial artists put their interests first?

Why is this guy so different?

She could not help but ask, "wood, why do you refuse this soul skill?"

Nangong dance, for the first time, was curious about a man.

Ye Chen shrugged his shoulders at will and said, "my soul way has surpassed this martial art."

Nangong dance couldn't help laughing and said, "you're really a wood. If you make excuses, you won't find a better one."

Ye Chen didn't explain. Anyway, Nangong dance would not believe it.

After Nangong dance was finished, she looked at Ye Chen more brightly. In her opinion, ye Chen was really different from other martial artists. She lacked that kind of scheming and profit-making.

This is exactly what she likes.

However, soon, Nangong dance's eyes were dim again: "wood, I don't want to take you to join the three yuan, too real door."

"Oh?" Ye Chen eyebrow tip a pick way: "why?"

Nangong dance sighed and gazed at Ye Chen and said, "in fact, my identity is the great granddaughter of the great ancestor of the three yuan Taizhen sect..."

She observes Ye Chen's expression very carefully. If ye Chen's expression changes and wavers, Nangong dance will not continue to talk to Ye Chen.

However, ye Chen is the expression light spot nodded.

To be able to join the three yuan Taizhen gate at will, and take out this level of soul skills, which is enough to show that the identity of Nangong dance is not simple.

Nangong dance was relieved and rejoicing. He said again, "you know my great grandfather is the most powerful one in the Yangzhen area. Even in the heaven and man realm, he has some status. As his great granddaughter, I must be strong in all aspects, at least on the surface.

Therefore, I can never be myself in Zong nei, I can only be She plays the great granddaughter of the great grandfather of the supreme emperor and the cold and powerful three yuan Taizhen sect demon. Those who approach me are all flattering to me. What they see in their eyes is only the benefits that can be brought by being close to me. I grew up in such an environment since I was a child. It seems that nothing is real... "

Ye Chen nodded. He understood the feeling of Nangong dance.

Martial arts world, too realistic, but people, but live more and more hypocritical.

Nangong dance looked at Ye Chen and suddenly said with a smile, "however, you are not the same. I am very relaxed when I am with you. I can be myself, and I don't need to wear that mask..."

All of a sudden, a haze flashed over her pretty face and said, "but I'm afraid that in the three yuan Taizhen gate, you will become the same as them..."

Ye Chen gazed at the girl in front of her and said earnestly, "I promise you that at any time, you can be yourself in front of me, and no one can change me."

At this time, Xuan Hanyu, who had been sleeping, chuckled and said, "boy, I remember that you would not easily promise to people, would you?"

Ye Chen hears the speech, some surprise Xuan Hanyu awakes, but still light way: "I can understand her..."

Xuanhanyu said with some interest: "understand? Well, the appearance of Nangong dance is superior to that of other countries. I think you are pitiful about the fragrance and the jade. "

When Nangong dance heard the speech, her heart suddenly jumped. Her pretty face was slightly red, and her eyes twinkled with excitement and said, "really? You promise? "

Ye Chen nodded and said, "I promise."

On the pretty face of Nangong dance, an incomparable bright smile appeared, as if the surrounding air was rendered colorful.

She suddenly patted her chest and said, "then I promise you, no one dares to bully you in the three yuan Taizhen gate. From today on, you are my man!"

Ye Chen smell speech, touched the nose, face with a trace of helpless smile.

As they walked along, Nangong dance's pace gradually slowed down. She suddenly said to Ye Chen, "wood, are you tired? I'm a little tired Why don't we take a break? "

"Tired?" Ye Chen's face is strange. With the cultivation of Nangong dance, would you be tired to walk this way?Xuanhanyu snorted coldly: "boy, this woman seems to be attracted by you. Now, I want to stay alone with you for a long time."

Ye Chen smell speech, nod head way: "then rest for a while."

At dusk, they climbed a cliff standing above the sea of clouds. Watching the sunset, they dyed the sea of clouds with a layer of gold. The scene was quite beautiful.

The atmosphere between the two people, also some strange.

In the eyes of Nangong dance beauty, reflecting the afterglow of the setting sun, she looks at Ye Chen and says, "wood, do you want to Something to eat? "

"What to eat?"

Nangong dance hands a flash of light, more than a jade bowl, the jade bowl exudes a faint chill, as if piled up a snow-white mountain, the peak decorated with a variety of sweet smelling streams.

Ye Chen is stunned for a moment. The mountain peak is made of cream made of spirit animal milk, and the various streams are jam made by grinding spirit fruit!

The food in this jade bowl is just like the ice cream Ye Chen has seen on earth!

The food of Wudao world is quite rich. However, most of them are big dishes. Desserts like this are rare. After coming to foreign countries, ye Chen has never eaten food similar to ice cream!

Nangong dance was a little shy and said, "I like to eat sweets, but I can't find any cakes that satisfy me, so Just do it yourself and try to make some. I don't know if it fits your taste

Ye Chen even more unexpected way: "this is you do it yourself?"

This is not an ordinary dish. It takes a lot of thought to make this kind of dessert.

Nangong dance was a little proud: "of course, I like to make these desserts. I also made some cakes myself. I promise you have never eaten them."

Then he took out several jade plates, on which were all kinds of soft food with sweet smell

It looks like a cake!

What's more, it's a very delicate one!

Chapter 4439

Ye Chen looked at the cake and ice cream. His eyes brightened. To be honest, he also missed the taste of these desserts.

Seeing ye Chen's look, Nangong dance said shyly, "when I'm not happy, these desserts can improve my mood. Therefore, whenever I'm not happy, I will start to make desserts, which is a way for me to relieve my mood

But I I've never let anyone else eat my dessert. You It's the first one. "

Ye Chen smiles, takes up the ice cream, tastes a mouthful, in the eye twinkles a ray of light!

It's the highest quality ice cream in Nangong. It's delicious!

However, this is also a matter of course. First of all, the craftsmanship of martial arts is comparable to any dessert master or machine, and the ingredients are far more than the food materials on earth!

"How about it?" Nangong dance asked expectantly.

"Delicious!" Ye Chen is almost a few breaths, on the bowl of ice cream swept away!

Nangong dance heart a smile, picked up a plate of cake to taste, can someone like her dessert, even better than her martial arts, but also let her happy.

Suddenly, she was slightly stunned. She saw Ye Chen staring at herself. Somehow, her heart beat faster and was ready to say something. But at this moment, ye Chen said, "don't move."

With that, he extended his hand to Nangong dance.

Nangong Meimei's eyes trembled for a moment, and his breath became more and more urgent. He What is he going to do?

The spiritual power in her body turned slightly, but she gave up resistance and closed her eyes nervously.

Suddenly, she felt something, touching her lips.

Nangong dance opens her eyes again. Ye Chen is close to her body, holding an ice silk handkerchief, wiping the cream on the corners of her mouth.

Nangong dance only felt that her heart was about to jump out of her chest. Everything in the world seemed to be still at this moment!

A moment later, ye Chen returned to the original position, raised his handkerchief and said, "just now, the corner of your mouth is stained with something."

Nangong dance pretty face, as if the general fire, more bright than the sunset, she embarrassed to lower her head, with a mosquito like voice: "thank you."

After they finished eating, they continued to walk in the direction of the three yuan Taizhen gate. However, the pace of Nangong dance seemed to slow down. It was just like a girl who had no accomplishments. She was wandering around the court.

An hour later, ye Chen and Nangong dance walked into a sea of golden flowers. Nangong dance looked at the sea of flowers and suddenly looked at Ye Chen seriously and said, "wood, I think of a problem."

Ye Chen some bitter smile way: "how?"

Nangong dance pointed to Ye Chen and said, "if you want to join the three yuan Taizhen sect, it's a little reluctant. So, I decided that we should practice in this sea of flowers."

"Now?" Ye Chen said with helpless color: "are you sure you don't want to enjoy the flowers?"

"Of course not!" said Nangong dance

After that, he sat down on his knees and looked at Ye Chen. His eyes twinkled at Ye Chen and said, "wood, you must practice hard. I know that your martial arts talent is very good. As long as you practice hard, I believe you can become powerful quickly. In this way, you can also get The recognition of Sanyuan Taizhen sect... "

Xuanhanyu said with a smile: "it seems that this girl is really unscrupulous in order to stay with you more time. What she just wanted to say should not be the approval of three yuan Taizhen sect, but the approval of great grandfather? Boy, you have to work hard

Ye Chen has to sit down after hearing the speech. Since Nangong dance has begun to practice, he can't do it.

Nangong dance takes a deep breath and takes out all the topaz before it is removed. The fingers are a little bit, and dozens of them are concentrated under the power of spirit, and the essence is gathered into a yellow pill.

Nangong dance has a very special heavenly crystal blood, which is very consistent with the property of huangjingguo. It can be directly absorbed without special refining into pills!

The next moment, Nangong dance body surface, emerged a layer of bright palace, the yellow pill, swallow into the cherry lips.

Then, a huge spiritual power poured into Nangong dance. The spirit power penetrated into her blood, faintly. There were a little bit of Golden Crystal in the blood!

Time, a few hours later.

Suddenly, ye Chen, who is practicing, suddenly opens his eyes and looks at Nangong dance, frowning slightly. At the moment, Nangong dance is covered by a golden light. However, Nangong dance in the light is pale and full of sweat. It seems that it is a very reluctant look!

Nangong dance in the cultivation, the mind has been flustered!

As she expected, these huangjingguo are indeed enough to upgrade her Tianjing blood. However, what she didn't expect was that too strong blood would impose a burden on her body. Now, in order to strengthen itself, the power of blood constantly devours her vitality. If it goes on like this, it will even hurt the martial arts foundation of Nangong dance! Moreover, even if she stopped to advance now, she would be bitten back. From then on, her blood might never have the chance to advance again!

For a time, Nangong dance almost fell into a desperate situation!

But at this time, a voice was introduced into the ears of Nangong dance.

Together, a slightly indifferent man's voice.

"Concentrate on the advanced blood, don't worry about the lack of vitality!"

It's Ye Chen!

Nangong dance is stunned at the smell of speech. She chooses to be advanced. In the worst case, she may die!

However, she still chose to believe Ye Chen. At the next moment, the golden light wrapped in the body surface of Nangong dance suddenly flourished. In an instant, it was like a flaming yellow flame!

The vitality of Nangong dance is also rapidly declining!

Ye Chen turns his wrist and uses the Mongolian eight trigrams and heavenly elixir!

After a while, a miraculous elixir with three lines of elixir was emitting extremely powerful medicine!

This pill is called jiuzhuangsheng bone pill. Its function is to make up for the vitality of the warrior!

This nine reincarnation bone pill is the highest level pill in Ye Chen's hand!

However, ye Chen's eyes flashed, but he did not feed the nine reincarnated bone pills into the mouth of Nangong dance. Instead, he cut his finger and dropped a drop of essence blood on the pill!

The nine reincarnation bone pill can not even withstand the swallowing of Tianjing blood. Ye Chen only uses it as a medicine guide. What he really uses to make up for Nangong dance and vitality is his own blood!

The next moment, ye Chen stretched out two fingers and opened the cherry lips and shell teeth of Nangong dance. His fingers went into the warm mouth and put the pill stained with his own blood on Nangong dance's soft tongue.

Chapter 4440

It seems to feel the powerful vitality above the pill. Nangong dance instinctively sticks out its tongue, entangles Ye Chen's fingers, and sucks it hard!

The rolling drug power instantly stimulates the power in Ye Chen's blood. The huge vitality flows into Nangong dance's delicate body. A burst of scalding power is surging in the meridians of Nangong dance. It makes this young girl feel comfortable and can't help but give a voice of exhortation.

On the other hand, the crystal blood of that day felt the influx of vitality, so it no longer swallowed up the vitality of Nangong dance itself, and shifted its target. The originally pale pretty face of Nangong dance gradually recovered its ruddy color.

An hour later, the golden flame finally stopped, and a strong breath burst out of Nangong dance body. The sky crystal blood vessel, advanced successfully!

Nangong dance slowly opened her eyes and looked at Ye Chen. Suddenly, she remembered that she had just licked Ye Chen's finger

Can't help but red cheek again, but soon, Nangong dance then recalled the breath of that pill in the mouth

That breath, she some familiar!

Nangong dance gazed at Ye Chen and said, "wood, just now, you fed me the pill, but jiuzhuangsheng bone pill?"

Jiuzhuangsheng bone pill is one of the treasure pills in Yangzhen domain. As long as the pill is made, it will have at least three Dan patterns!

And ye Chen just fed her that pill, than the general nine reincarnation bone pill, seems to be more powerful!

Even as a Nangong dancer, I can't help shaking my heart

The nine reincarnation bone pills with three Dan patterns are really the most precious among the treasures!

Don't mention Ye Chen's existence of Tonifying the heaven. For the martial arts of the origin, this kind of pills almost means that they have one more life!

But just now, the wood gave such pills to himself so easily!

Ye Chen face color is indifferent and ordered a head way: "good."

Seeing ye Chen's casual appearance, Nangong dance's heart shook violently again. She was both moved and annoyed!

For ye Chen and chagrin!

"You wood! This kind of pill is equivalent to a life for a warrior. How can you give it to me at will Even if the promotion fails, I will not die... "

Ye Chen light way: "I cannot use."

Nangong dance hears the speech and stops talking. This guy is like this again

She secretly decided in her heart: "this wood, such a character, must be easy to be cheated by others. After entering the gate of Sanyuan innocence, I must take good care of this guy!"

Soon, the two continued their journey towards the three yuan Taizhen gate.

.....

On the top of the mountain, you can see that there is a huge building on the top of the mountain!

At this moment, a very pure and beautiful girl, is affectionately pulling a indifferent young man, toward the top of the mountain, it is Nangong dance and ye Chen!

After a while, they came to the gate of Sanyuan Taizhen gate.

Outside the gate of the mountain stood two gatekeepers. At the moment, they were chatting.

All of a sudden, a woman's chuckle came to their ears and said, "wood, you should keep close to me. Three yuan is not small. If you lose it, you will encounter trouble."

The two disciples were stunned. The voice was familiar to them, as if

The next moment, they looked at the mountain road in front of the door and saw a girl in a pink skirt walking towards her

For a moment, the two gatekeepers were in a state of near stupidity and did not believe their own eyes

This pink skirt woman, they know, it can be said, Sanyuan Taizhen gate, and even in the whole bailing area, do not know this woman many people!

She is the great granddaughter of the great ancestor of the three yuan Taizhen sect, Nangong dance!

However, to their disbelief, Nangong dance, which has always kept a distance from others, is holding a young man's hand very close?

This scene, if you let the people of the clan see it, it is estimated that it will blow up the whole three yuan Taizhen gate!

So

So, it's just like that Nangong dance likes the young man who is led by her!

It's going to be crazy!

Ye Chen looks at the mountain gate, his eyes flash slightly, and they pass by the sluggish gatekeeper. Suddenly, Nangong dance stops.

For a moment, the pure and bright feeling disappeared from her body and turned into coldness and strength. She looked at the two gatekeepers with a trace of warning: "I hope you don't talk too much."

Two people smell speech, hit a excited spirit, quickly nod head way: "yes!"

After that, Nangong dance turned around and looked at Ye Chen. I have to say that the woman's face changed faster than she opened a book. Just now, Nangong dance, which was extremely cold, turned back to the bright girl in a moment. She said to Ye Chen cautiously: "Wood, don't get me wrong. I don't want to hide it from others. I'm just worried that our relationship will cause you trouble..."

In fact, she not only does not want to hide, but also wants to show off Ye Chen's existence in front of everyone!

Ye Chen nodded his head and said, "I know."

He didn't worry about any trouble, but ye Chen planned to keep a low profile before seeing the red wind fir and getting the pill.

Nangong dance Tiantian said with a smile: "these days, you should live in my residence first. I will handle the procedures for you to enter the clan."

The more they listen, the more terrifying they are!

Nangong dance, which has always been strong, is just like a little girl in front of this young man

What's more, Nangong dance also said to let him live in his own house!??

You know, Nangong dance has never liked to be close to people. Ordinary men, even the top talents of Sanyuan Taizhen sect, have never been allowed to enter the residence of Nangong dance and have a cup of tea

Now, let Ye Chen live in his mansion directly?

How close are they to each other!?

The two gatekeepers swallowed their mouths and suddenly felt heavy. If they were found out, they would not be able to shoulder the responsibility

But I dare not refuse Nangong dance

Soon, ye Chen followed the Nangong dance to a very beautiful attic. Out of the door came a girl who was also beautiful. She was sixteen or seventeen years old.

But there is still a big gap compared to Nangong dance.

As soon as the girl saw Nangong dance, she said with a happy smile, "Miss, you are back at last!"

Nangong dance went out to practice for so long, she was worried!

But soon, the girl's smile was stiff. Looking at the young man behind Nangong dance, she asked in some uncertain ways: "Miss, this young man is..."

She didn't expect that Miss would come so close to a man!
