

Physician 4451

Chapter 4451

The moment the huge sword appeared, it seemed that the whole earth trembled faintly, as if they were also afraid of the power contained in the huge sword!

"Chop!" Nangong fan looks fierce and suddenly goes to Ye Chen. The light on the huge sword is shining. In a blink of an eye, it turns into a huge sword light, like tens of millions of thunder. It bombards Ye Chen in the direction of extremely fast speed!

Ye Chen sees this, and his eyes are full of light. His body trembles with excitement. Nangong fan's sword, however, makes him feel a faint breath of life and death!

Only with such a sword can he be qualified to perform the star soul chop!

At the next moment, three soul seals are floating around Ye Chen. The infinite evil spirit and the ancient method of Hongmeng erupt, rolling silver flame around the body surface, the body of heavenly demon and the formula of burning blood, which are advanced to display!

"Soul body transformation!"

Ye Chen murmured, transforming the huge force contained in the powerful body into rolling soul force!

Star soul chopping is a secret skill that combines soul and martial arts. It can be said that it is the ultimate skill of soul martial arts. Although his power can increase the power of martial arts, it is far from the blessing of soul power for star soul chopping. It's huge!

Only Ye Chen, who has the spirit body transformation, can transform the body power and the spirit power at will, can he really exert the power of the star soul chop!

A dark long sword appeared in Ye Chen's hand. An extremely mysterious wave surged on the edge of the sword. The vast soul power poured into the long sword. The star sky soul method worked. It was as if countless stars were twinkling on the Sha sword!

Ye Chen's pupil, suddenly a contraction, low drink way: "star soul chop, give me break!"

In a flash, a sword!

Freeze!

Heaven and earth in this sword cut out of the moment, as if frozen!

A sword, like a sword cast by starlight, shot out, and in a flash it collided with the huge sword!

With the sound of "hum -" and a wave spreading rapidly around, the space between Ye Chen and Nangong fan is actually in the wave generated by the collision, and all of them disappear into nothingness!

And in that nothingness, there was a crack

I saw that countless cracks were spreading on the huge sword!

Thousands of swords rose up in the night, defending against the bombardment of the Star River sword. However, on the square, there was a constant echo of the sound of sadness. The sword meaning, however, disappeared rapidly under the star river which was emitting the wave of terror soul power!

Nangong fan looked at the scene in front of her, her eyes were wide open, and she couldn't understand what happened

The unique skill of pressing the bottom of the box, Tianjing buries the sky sword, seems to be destroyed by Ye Chen's sword!

Even if it suppresses the realm and many weak forces, the martial arts connotation has not changed at all!

Finally, the meaning of the last sword was also evaporated under the starlight, and there was a tremendous noise. The huge sword was suddenly broken and turned into a little crystal and fell from the sky!

Like a heavy rain of diamond dust!

But the sword light that Ye Chen cuts out does not stop, in this diamond rain, toward Nangong sail to shoot fiercely!

Nangong fan's face changed, and there was no time to recover her full strength. She could only roar, and her spiritual power surged wildly. Under the power of Tianjing blood, the surging spiritual power turned into substance and condensed into a huge crystal shield, which was blocked in front of her body!

He lost his way!

He finally understood Ye Chen's words to do his best!

At the next moment, there was another explosion. The large shield of crystal stone broke open, and Nangong fan, who suppressed the realm, flew backwards and hit the platform heavily. The whole platform was shaken!

"Poof!" Nangong fan spits out a mouthful of blood and gasps violently. His breath is unstable. He is obviously injured!

He should never be a repressive state!

He looked at the young man standing in the air in disbelief. He suppressed the realm, but he tried his best to win?

His Nangong fan was defeated by a warrior in his twenties who mended the sky for seven layers?

What's more, he still exerted his all-out sword, but was crushed by the other side!

If I didn't do my best according to Ye Chen's words, I'm afraid I've already died under Ye Chen's sword!

What is fantastic?

This, is called fantastic!

Nangong fan's light enemy, let him pay the price! He is now injured, even let him fall a few levels of state! Can't exert strength!

And the present a group of martial arts, but also can't believe their own eyes!

They did not dream that Nangong fan, who suppressed the realm, was really defeated by Ye Chen!

For a while, they only felt that there was something wrong with their understanding of the word "evil"

The evil spirits that used to be in their minds are nothing now!

Only Ye Chen can bear these two words!Ye Chen's face is also a little pale, just the star soul chop to his consumption is not small.

At the moment, he suddenly looked up and took a look at the Chifeng fir standing on the platform.

I saw, today's Chifeng fir, is sitting on the platform, crazy shaking all over, face bloodless, eyes, is endless fear!

He was afraid

I'm really scared!

How can he not be afraid of a demon who can defeat even his ancestors?

Even if the ancestors suppressed the realm!

Ye Chen looked at the red wind fir with interest and said with a smile, "what I said I would return to you will be returned to you. Do you expect it?"

Chifengshan shuddered at the words. His face was beseeching, as if he was going to ask for mercy

But at this time, a woman's voice reverberated in the square.

"You are a bit out of my expectation, but you can't take away this man's life."

Ye Chen smell speech, eyes a Lin, toward the direction of the voice to see, only in the void, wave together, a very tall, graceful figure appeared in his eyes.

In the sky, stood a woman in her twenties.

The woman was dressed in a pale red palace dress, her skin was more than snow, and her beautiful eyes were carved from ice jade. She was extremely beautiful!

The comer is a very cold and gorgeous woman!

However, the woman's eyes, but make ye Chen extremely depressed, that is a kind of sweeping all living beings, as if the whole Yang Zhen domain, should be prostrate at their feet in general!

At the same time, ye Chen at the moment to see this woman, is the pupil contraction, heart a sink!

How could he not see through her accomplishments?

This woman gave him a feeling that was somewhat similar to those powerful men!

Is

Ye Chen can't help but ask xuanhanyu, "xuanhanyu, what kind of cultivation is this woman..."

Xuanhan jade coagulates the heavy way: "return true realm! This girl, so young, is a real warrior! "

At this time, the injured Nangong fan changed her look and exclaimed, "you Are you Han Ziyong

Cold purple Ying?

Ye Chen's eyes flash. Is this woman Han Ziyong who is going to develop in heaven and man?

The woman glanced at Nangong fan faintly. She had no respect for the ancestry of Taizhen gate. She said coldly, "yes."

Chapter 4452

At the hearing of the speech, all the people took a cold breath, but their eyes were gradually excited!

Cold Ziyong!

The legendary genius in Yangzhen region, invited by the forces of heaven and man, disappeared for a long time, and even appeared in front of them!

The faces of Taizhen leader Nangong fan and others have completely changed

You should know that Han Ziying, who is from heaven and man, still exists. With the help of the forces behind him, it is not so hard to make the three yuan Taizhen gate disappear from now on.

At the same time, the red wind fir is dead gray, paralyzed on the ground, completely in despair.

Han Ziying glanced at the red wind fir, and there was a burst of aura on her plain hand. It seemed that she was about to make a move.

But at this time, ye Chen is opening a way: "his life, why can't I take it away?"

Nangong fan's face changed. What is this boy going to do? Question the cold Ziying of heaven and man's domain?

There is no doubt about the existence of Han Ziying!

Her every word, there are strong people in heaven and human domain standing behind!

Han Ziying, however, did not seem to have heard it. She did not answer Ye Chen, but her spiritual power became more and more powerful.

Ye Chen in her heart, although evil, but, has not let her specially to answer the qualification!

There is a huge gap between the realms and the non realms. Even though ye Chen may be leaping to the seven levels of Shiyuan now, Han Ziying is confident that ye Chen is not his opponent.

This is an insurmountable gap!

But at this time, ye Chen was suddenly in front of Han Ziyong's body and said without expression: "are you going to kill him? I don't seem to have agreed"

Chifengshan is a big enemy of his life and death. This kind of enemy must be killed by himself, otherwise, he may leave a knot in his heart!

In short, if Chifengshan is killed by Han Ziyong without his knowledge, ye Chen doesn't care, but if Han Ziyong says let?

Do not want to let the case, yield to the strength of cold Ziyong, and let, then it is a flaw in the mood!

Therefore, the life of Chifengshan should not be given to Han Ziyong!

If you are a warrior, you can be self-respect!

Han Ziyong frowned slightly and said unexpectedly, "are you wrong? What I say is not a consultation, but a declaration, without the permission of anyone. "

She took it for granted, as if everyone should obey her.

She didn't expect that someone would come to stop her from doing things?

"I'll give you a chance to disappear from my eyes," she said

When ye Chen hears the speech, his face becomes gloomy in an instant. The tone of Han Ziyong is like taking himself as a mole ant!

"What if I don't disappear?" he said coldly

For a moment, the whole square fell into silence because of Ye Chen's words!

Nangong fan's mouth is wide open, even he can't accept it!

Ye Chen's evil spirit is beyond his imagination, but ye Chen's madness is also beyond his imagination!

It's almost lawless!

Even Han Ziying from heaven and man dare to provoke?

Don't worry about the retaliation of heaven and man?

His eyes trembled, and he quickly yelled: "Ye Chen, what are you doing?!"? Get out of the way

Now the injured Nangong fan is not the opponent at all!

Everyone in the audience is also crazy, one by one is extremely resentful, angry looking at Ye Chen!

Ye Chen's death is his own business, but now, if Han Ziying gets angry, it may involve the whole three yuan Taizhen sect!

They don't want to die because of Ye Chen's suicide!

"Not disappear?"

Han Ziying suddenly laughed, and Sen Han laughed. In her eyes, these people did not disobey her qualifications, even the hall master of the four halls was the same!

Strength is part of the reason, and the power behind it is also part of the reason!

She is in heaven and man, ordinary, but here, she is heaven!

But now someone is in front of the so-called heaven?

It's a capital crime!

Her pair of ice jade like eyes, suddenly emerged a strong killing opportunity: "if you don't want to disappear, then I will help you disappear."

At the next moment, an extremely terrifying pressure rose to the sky. The whole mountain peak where Sanyuan Taizhen gate was located began to shake violently. The law of heaven and earth, faintly, appeared chaos. The space in which Han Ziying lived began to twist wildly!

All of us are frightened. Is this the pressure of heaven and man?

Is there such a terrible power just because of pressure?

And at the moment, that pressure has already locked Ye Chen!

Han Ziying said faintly: "I recognize your qualifications. In the future, you may even become the strongest in heaven and man. Unfortunately, because of your stupidity, this future has disappeared. Suicide is my kindness to you. Otherwise, I will make your death extremely painful. "

Ye Chen's martial arts ability is against the weather, even Han Ziying is shocked by it.

So what?

There is no real talent to grow up, nothing.

Ye Chen now, in her eyes, is still a mole ant.

Ants in your way, do you have to negotiate with it?

Of course, it was crushed to death.

Hearing this, ye Chen secretly asked xuanhanyu, "xuanxianzi, if you use your present strength, can you defeat this cold Ziyang?"

Although the pressure is strong, it will not affect him. What he is thinking now is how to defeat Han Ziyang!

Now, Xuan Hanyu's chains have been cut off two times again, and her strength has soared. If she borrows the power of her sword soul, she may have the qualification to challenge the existence of the real world!

After a moment's silence, xuanhanyu said, "no, my strength has increased a lot, but it is still too difficult to break through the real situation!

Ye Chen, you may not know how terrible the real situation is.

What is true??

In other words, it is compatible with the way of heaven and even cause and effect. In addition to the nine levels of heaven, Huanzhen can be divided into three special levels: returning to heaven, practicing Tao, and origin!

This woman is returning to heaven. Her every move can be said to be the way of carrying on the heaven. With the blessing of heaven, you have to fight against one of them, which can be said to be a battle with heaven! "

Ye Chen was silent for a moment, but he opened his mouth again: "Shuo Lao, if you add your strength?"

He still wants to fight!

How about a fight with the other side?

Ye Chen has always been obedient to his own heart since he practiced martial arts. His martial spirit is also the martial spirit of Lingxiao. Even if the heaven is in the way, he should step on the heaven under his feet!

Chifengshan, can only die in his hands!

Old Shuo said: "with the rapid increase of your strength, the breath of reincarnation and blood are becoming more and more pure. In this period of time, relying on the breath of the samsara cemetery, I have gathered part of my body again. If I join hands with the Xuanxian now

Boy, you still have a 50% chance of winning, and it's a terrible victory! You will pay a great price

Ye Chen smell speech, in the eye flash crazy color, 50%, already enough!

Even if it is ten percent, he will fight!

In the face of the more terrifying emperor Shitian, and the recent abolition of Xiao shuihan by xuanjiyue, ye Chen has a breath in his heart.

He wants to vent!

Chapter 4453

He wanted to see how terrible his power, xuanhanyu and Shuo Lao were!

If it wasn't for the thunder robbing master who was still sleeping, he would like to use his power!

He grinned at cold Ziyang and said, "it's a pity that I didn't commit suicide."

Cold Ziyang coldly looked at Ye Chen. Suddenly, she said, "if you refuse my gift, you will regret it."

In a flash, she had no sign at all. She directly hit Ye Chen with the light in her hand!

Although this blow is just a casual attack of Han Ziyang, it gives Ye Chen the feeling that there are tens of thousands of sword lights, and he cuts towards himself at the same time!

It is hundreds of times more powerful than Nangong fan's unique skill Tianjing burial sword!

Ye Chen murmured: "let's go!"

All of a sudden, a dragon appears behind Ye Chen. The breath of the dragon clan is surging in his blood. Ye Chen's bones are completely stained with a layer of gold. Endless power flows from the keel!

Old Shuo left the keel to Ye Chen, and his vitality, strength and so on also soared. However, he now knows that if you want to really play the power of the keel, you need old Shuo's help!

Only the Dragon flavor of shuolao can lead to the power of keel to the greatest extent!

At this moment, there are some dragon scales on Ye Chen's body. The strong and incomparable dragon power is surging out of Ye Chen's body. It is like a Tyrannosaurus Rex in human form!

And all the people present were stiff!

Looking at Ye Chen in disbelief, the evil spirit and the dragon power made these warriors feel the pressure from their blood!

As if, in front of them, is not a person, but a towering dragon!

Even the cold purple Ying are beautiful eyes, a faint appearance of surprise color!

Ye Chen's eyes, full of excitement, he can feel his body at the moment, surging with unimaginable power!

But it's not over!

On the evil sword, blood flashed wildly, and a breath of incomparable sharpness bloomed out. In the breath, there was a kind of smart and ethereal meaning. Vaguely, it seemed that there was a black skirt woman behind Ye Chen!

After cutting off two chains, Xuan Hanyu has been able to integrate his trace of Dao Yun into Ye Chen's attack!

Because of the blessing of xuanhanyu and Shuo Lao, ye Chen has already exceeded the limit!

Maybe only once in half a year!

He has no choice!

Under the eyes of the cold moon, the cold star and the dark leaf shout

With a roar, a silver flame is burning wildly on Ye Chen's body surface. At the same time, the whole Taizhen gate is filled with horror and evil spirit!

Facing the cold Ziying, ye Chen will not have any reservation! No qualification to keep it!

He poured all his heart and soul into the evil sword. The bright star river and the sword edge were all around him. The light of the Star River sword, which seemed to divide the world into two, shot out and collided with the spirit light of Han Ziyong!

Nangong fan and others, their faces are full of despair

Han Ziyong's random attack gave them the feeling that they could open up the sky and split the earth, and easily tear up all the laws. Returning to heaven is to return to the way of heaven, replace the way of heaven, and change the law. How can people become enemies with heaven?

Therefore, although Ye Chen's hand is extremely frightening, no one has the slightest hope

At this moment, the wind howls, lightning and thunder, light is the aftereffect of the two people fight, it has made the world color change!

The mountain protection array of Taizhen sect seems to have sensed the threat and operated on its own. A light curtain appeared on the square to protect the surrounding disciples from being hurt. However, the light curtain did not take three breaths to cause cracks!

But Nangong fan's eyes, however, are at this time, the more open and bigger!

I saw that cold purple Ying played that aura, actually under the impact of the Star River sword, began to instability, turbulence up!

This time, even cold Ziyong, who has always been indifferent, can't keep calm!

She had a bad feeling in her heart!

At the next moment, with a roar, the aura of Han Ziyong is actually the sword of Ye Chen and vanishes at the same time!

A trace that never dies!

All this, give a very absurd, unreal feeling, as if, all just are illusions, but, so true and real happened!

Ye Chen smashed the blow of the strong man in the real situation!

What does that mean?

That is to say, ye Chen has already possessed the power to surpass the truth!

It is absolutely impossible for a warrior who has not reached the true state to do so!

Nangong fan's eyes are staring out of their eyes!

When ye Chen smashed his Tianjing giant sword, he thought that was the ultimate goal of Ye Chen. In fact, in his twenties, the Tianjing giant sword, which could smash his oppressive strength, was already invincible, enough to astonish countless eras. Even in Taigu, it was an incomparable ultimate evil spirit, but now, he found himself wrong! Facing him, ye Chen didn't reach the acme at all!

Now, the youth in front of Longhua seems to be an abyss, an abyss without bottom!

Respiratory arrest, brain evaporation!

Can only be like wood, staring at Ye Chen blankly!

In his heart, can not help but come up with an idea, perhaps, ye Chen can really create a miracle?

Even the Taizhen clan ancestors are like this, let alone those Taizhen sect disciples, most of them are seriously injured by the impact of that talent, and the rest seem to have lost their souls, sitting in the same place with empty eyes!

No one can believe what happened just now!

Including hanziying!

How could it be?

How can ye Chen block his own blow?

Even if it's a random strike, it's a strike with the blessing of heaven!

It's really two words. It's not just for fun!

At this time, ye Chen was contemptuously looking at Han Ziyang and said with a cold smile, "is this your pride and arrogance? Yeah? You deserve to treat me as a mole ant? Ridiculous! What are you compared to me? "

When Han Ziyang heard the speech, her calm look finally broke down. Her pretty face was full of cold anger. As a legendary genius of Yang Zhenyu, she had never been so ridiculed since she was born!

In particular, the irony came from a young man in his twenties!

The most important thing is that Han Ziyang can't be refuted!

She has always been proud of her martial arts talent, but her talent seems to be worthless in front of Ye Chen!

Han Ziyang clenched her silver teeth and said coldly, "hum, only a genius who can grow up is a real genius. Your talent, in front of me, has no value.

Because, you will die here today, ye Chen, you don't think that you can really defeat me if you block my random attack? "

Chapter 4454

At the next moment, the breath of Han Ziyang ascended again. The power of countless laws surged in her body. In her beautiful eyes, a rune loomed faintly. In an instant, the charm of the heaven and earth road flowed out of her body!

At the moment, hanziyang seems to be integrated with mending the sky, as if it is the master of the world!

This is heaven!

Now, Han Ziyang has really exerted the power of returning to heaven!

And her hand is also a jade sword!

She has decided to go all out to wipe out Ye Chen!

Ye Chen is a stain in her life, she does not allow Ye Chen to continue to exist!

But ye Chen looks plain, but his eyes are more and more deep. The cold Ziyang, who makes all his efforts, gives him enormous pressure, and the shadow of death almost fills his whole sea of knowledge!

Han Ziyang snapped: "the jade is extinct!"

The extinction of Tianyu is one of the inheritance of the jade lingzong in the heaven and man domain, and it is also the ultimate means of hanziyang!

Han Ziyang comes from Yangzhen region. Many martial artists in Tianren domain despised her. However, most of them fell into this day when jade disappeared!

The extinction of Tianyu is a real chaotic martial art, which is inherited from the ancient times. Although chaotic martial arts are terrible, the difficulty is also unimaginable. Even today's super intelligent demons spend millions of years on getting started!

I don't know how many years, no one in yulingzong can cultivate this unique skill, but Han Ziyang did!

She proved her talent with the extinction of jade on that day!

A savage breath, diffuse, the meaning of the ancient shrouded the earth, in the square miles, several strong people are a flash of vision, looking at the direction of the Taizhen gate, eyes rolling with the color of suspicion!

On that jade sword, the rules are crisscross. If Nangong fan's Tianjing power can carry the meaning of thousands of swords, Han Ziyang's jade sword is carrying the thousand principles!

Its power is powerful enough to crush and kill countless original places!

"Damn it!"

Nangong fan's face turned to panic. He yelled: "at all costs, we will run the mountain protection array and use all the details of our clan at all costs! Burn the blood essence for me, and work hard! The power of this sword cannot be underestimated! "

This is the real terror. Even if this sword is not aimed at Taizhen gate, it can destroy Taizhen gate if it is only used in Taizhen gate. The injured Nangong fan has no idea of resisting and attacking at all. Facing this sword, the idea of resistance alone is enough to make his heart collapse!

He can only defend, defend desperately!

All the taizhenmen high-level people took out a pill containing two or even three Dan lines. At the moment of taking the pill, their breath rose wildly. At the same time, they took out an array plate, burned blood essence, and poured spiritual power into it!

These pills can be said to be a large part of Taizhen sect. Now, they are all used to defend the remaining power of cold Ziying's sword!

With a buzz, the mountain protection array ran wildly, and a golden curtain of light suddenly covered the whole square!

"Chop!" At this time, Han Ziying vomited out a word!

The chill in her beautiful eyes almost turned into substance, and the jade sword in her hand was cut hard towards Ye Chen!

Ye Chen sees this and takes a deep breath. The five element star ring, the poisonous source rune, the purple ribbon thousand machine seal, the light source rune, the heavenly demon body, the burning blood formula, and the hundred evil body. When the soul body transformation reaches the extreme, it is necessary to display the Star soul chop!

But without waiting for him to make a move, a shadow of Yushan suddenly appears on the top of Ye Chen's head. Above the shadow, the sword Qi is vertical and horizontal, and a supreme law falls on Ye Chen's body, which makes the strength in his body stagnate for a moment!

The next moment, that Yushan is to suppress Ye Chen!

As soon as ye Chen's face changed, the virtual shadow fell on his body in an instant. However, strangely, the shadow did not blast Ye Chen to the ground, but wrapped Ye Chen in the Yushan Mountain!

At the same time, on top of the jade mountain, five colors of light and countless laws began to surge wildly among them. One after another, shocking thunder, as if the wind that could overturn the earth, the extremely cold air, the incomparably hot flame, and so on, emerged in the jade mountain one after another!

It's horrible!

Just a wisp of residual power from the Yushan Mountain makes the golden light curtain of taizhenmen high-rise operation full-scale, and there are countless cracks!

At the moment of the appearance of the light curtain, a group of disciples screamed and ran away. However, in the wave of terror emitted by the extinction of jade that day, they had no strength to escape. They were uncontrollable and could only limp to the ground!

At the moment, under the impact of countless laws, ye Chen's body is also frantically broken, muscles burst, bones smashed, blood mist rolling, even the spirit is scarred!

Ye Chen's a pair of eyes are constantly broken and reorganized, eyes, is the ultimate dignified and a touch of horror!

Covered by the jade mountain, he walked on the edge of death almost all the time! You know, now ye Chen has the power of Shuo Lao's keel. Originally, his vitality has gone against the heaven and soared again. In this state, he even has the self-confidence to fight against thousands of Shiyuan. In the middle of his life, ye Chen will not die!

Even so, it is still unable to resist the destructive power of the day jade extinction?

Han Ziying smiles coldly. That day, the jade is extinct. Even if it is a layer of heaven in the real world, it may not be able to survive under the power of its thousand methods of destruction, let alone a mending the sky warrior!

The most important thing is that the jade is so beautiful that it is not only destructive, but also simple!

From the moment Ye Chen was shrouded in Yushan, he was doomed to die!

At the moment, ye Chen's state is really very bad. The double pain of the spirit and the body almost tore up his will, especially the erosion power of the law. Even with Ye Chen's tenacity and tenacity, his consciousness is faintly blurred

Shuo Lao and Xuan Hanyu were shocked and yelled: "boy, wake up!"

In addition to being compatible with the law of heaven, the most terrifying thing is that it can exert the power of law and erode the spirit of the warrior!

However, few of them can master the power of erosion!

But I didn't expect that the extinction of Tianyu is a kind of martial art which mainly erodes the spirit of the warrior!

Ye Chen's luck is too bad!

Even with ye Chenwu's strong heart, he couldn't resist this kind of erosion completely. His sword hand dropped slowly, and his eyes became more and more dim. No matter how Shuo Lao and Xuan Hanyu called, it was useless!

Shuo Lao and Xuanhan jade heart a cold, do ye Chen really want to fall under this blow?

It is almost impossible for a warrior who has not entered the real world to resist the spiritual erosion

Chapter 4455

At this critical juncture, a red light suddenly gushes out from ye Chen's eyes and turns into a huge stone shadow, suspended behind Ye Chen.

This huge stone seems to be uncut, but somehow, there are many natural runes on the surface. It is the stele of tongtianming which was obtained from the half underworld place!

All of a sudden, the thousands of runes on the stele of the underworld seem to have a life. Slowly, the red light in Ye Chen's eyes became stronger and stronger. Suddenly, the virtual shadow dissipated, and ye Chen's consciousness revived after the virtual shadow disappeared!

Shuo Lao and Xuan Hanyu are slightly stunned, and then they are ecstatic and unbelievable!

This stele of tongtianming is actually a treasure that can resist the erosion of the law of the warrior in the real world?

This is something that some gods can't do!

Old Shuo said: "boy, are you awake?"

Ye Chen nodded his head and said, "Shuo Lao, how can I break the shadow of the jade mountain? If I go on like this, even if my spirit will not be eroded, I won't be able to hold on for long."

If there was no stele of tongtianming, he might have been dead at the moment!

Old Shuo said in a deep voice: "the law of attack is flawed!"

"The law is broken?"

Old Shuo said: "even if they can blend with the heaven, they are not the real heaven after all. If we mobilize so many laws, there will be conflicts, and this is their weak point! As long as you can hit the flaw of this law, the power of star soul chopping is enough to break the attack of Han Ziying

Ye Chen frowned and said, "may old Shuo find the flaw in this law?"

Old Shuo sighed: "in my present state, I can't do it. The law is flawed. It can't be found by the powerful spirit."

Ye Chen's look is more and more gloomy. What can we do? He has not yet entered the real world, and he has no way to perceive the flaw of this law!

At this time, xuanhanyu suddenly said: "Ye Chen, you can use the Tianming stele to try. Since this stele can resist the erosion of the law, maybe it can also make you find the flaw of the law."

Shuo Lao Wen speech, is also a spirit of vibration: "good! This stele is your only chance now

Ye Chen nods and injects the spiritual power and soul power into the stele of tongtianming. However, the stele seems to have no reaction at all

Ye Chen's heart gradually sank down, to tell the truth, until now, he has not mastered the means to control the Tianming stele.

All of a sudden, a rune flickered on the stele of tongtianming. At the next moment, a red light burst out in Ye Chen's eyes!

Ye Chen slightly a Leng, the next moment is to face the color of ecstasy!

At the moment, his eyes of the world completely changed, in this red light, ye Chen seems to see the thunder, the source of the flame!

This source is just a law!

He exclaimed: "Shuo Lao, Xuan fairy, successful. With the blessing of tongtianming stele, I can see the existence of the law!"

Shuo old surprise way: "boy, quickly look for flaws, your time, not much!"

At the moment, ye Chen's vitality has almost bottomed out, and the speed of body reorganization can't keep up with the speed of breaking!

When ye Chen hears the speech, his eyes coagulate and quickly scans the whole jade mountain. Originally, this is not a difficult task, but, don't forget, at present, ye Chen is in the process of breaking up and reorganizing his body!

It's very hard to turn your neck!

Xuanhanyu and Shuo Lao's heart can't help but mention it!

At this time, ye Chen's eyes suddenly brightened. In the jade mountain, he found a point, a point where several laws are distorted and in conflict!

The next moment, a roar, from the Yushan burst out!

Everyone is surprised that ye Chen is not dead yet?

Ye Chen roared: "sky demon, borrow my strength!"

At the moment, he is walking on the edge of life and death. If he wants to have the chance to make a move, he has to rely on the power of the demon to temporarily strengthen his vitality!

.....

In a desolate universe, the existence shrouded in chaos seems to raise a smile

A strong wave of life suddenly flowed in the blood. Ye Chen's eyes were shining and his body was recovering rapidly. He concentrated his whole mind on the evil sword in his hand. For a moment, he even forgot the pain!

He knew very well that even with the blessing of the Demon power, he only had a chance to strike!

If this blow fails, waiting for him is death!

Suddenly, ye Chen moved!

With a dance of the evil sword in hand, thousands of stars are surging on the edge of the sword, aiming at the flaw of the law and shooting away!

In the jade mountain, three words sound, burst out, shaking in the ears of people in Taizhen gate!

"Star soul chop!"

Over the square, above the cold purple Ying pretty face, a pale.

The killing moves such as Tianyu extinction naturally cost a lot, even for the existence of Han Ziyong. Originally, she had planned to stop and disperse the jade that day. The reason why she didn't do it was that she could vaguely feel that ye Chen's breath of life had not completely dissipated!

Just as she was still hesitating, a roar suddenly broke out!

Then, ring, is the star soul chop three words!

As soon as the pronunciation of these three characters fell, a bright and incomparable starlight was lit up in front of Han Ziyong!

The shadow of the jade mountain is made up of countless stars!

The next moment, a fantastic scene, appeared!

The whole jade mountain began to tremble wildly. On the mountain, there were countless cracks. All of a sudden, there was a loud noise. The jade mountain burst directly!

Like 100 million nuclear bombs exploding at the same time, the extremely strong impact radiates around. Nangong fan and others are still biting their teeth, and the array disks in their hands are full of cracks!

That golden light curtain, insisted on several breathing time, finally, or under this impact, completely broken!

With a loud bang, the ancestral gate of the three yuan Taizhen gate was split in an instant!

Fortunately, with Nangong fan and other people's desperate resistance, the casualties are not serious!

But in this endless smoke Center, a figure, a figure stained with blood, but step by step, out of the smoke, appeared in front of everyone!

Nangong fan is sluggish, so are the disciples of zhenmen, even Han Ziyong is sluggish

Ye Chen is really not dead!

What's more, a blow broke the extreme killing move of Han Ziyong?

Not only that, the wound on Ye Chen's body surface is still healing rapidly!

Han Ziyong's indifferent temperament has been completely dissipated. Looking at the youth in front of her, she is just like looking at some strange monster that is beyond description. Even if it is the Zongyang real region, it is also a genius living in the heaven and man domain, she feels a huge panic for a time!

Even Tianyu, who is able to challenge her stronger existential capital, can not even kill a bu Tian Jing existence?

Not only can't kill, but also be killed by Ye Chen's sword!

She faintly saw Ye Chen and two great giants standing behind him!

Are they the two giants? Who are they?

Or is it just an illusion?

She can't believe it's the power of Ye Chen!

Chapter 4456

This, how can it be?

Totally incomprehensible!

Han Ziying only felt that she was going crazy. The existence of Ye Chen was like denying her martial arts and the world she knew!

At the moment, facing the young man who is like a fierce dragon in the sea of blood, all over the body and full of dragon power, she can't help but step back

That arrogant, will be in front of everything as mole ants cold Ziying, at the moment, is afraid!

In a twinkling of an eye, ye Chen's broken body has been completely reorganized. In his eyes, he screams and almost turns into a real murderer. He stares at Han Ziying with a frightful look on his face. The sword light in his hand rises again and cuts down at Han Ziying with a sword!

In the process of destroying Daoyun and biting soul Daoyun, a star river falls into the world!

It seems that even the sky can be broken Star River!

This is Ye Chen's limit!

This is the limit of xuanhanyu!

This is the limit of Shuo Lao!

This is a joint effort of all!

Maybe for a long time, ye Chen can't play this power!

But for now, it's enough!

As soon as Han Ziying's face changed, she just used Tianyu to die out. The consumption is too large, and she can't use it again now!

As soon as she bit her teeth, she could only hold up the jade sword in her hand. The spiritual power in her body was like a hundred rivers, and she tried her best to inject it into the jade sword. On the jade sword, the green light flashed, and a powerful sword light was chopped towards the Star River!

Boom, two light collision, this time the result is again shocked everyone!

That jade sword sword awn, unexpectedly is unable to resist Ye Chen's star soul chop, quickly broke up!

The next moment, that Star River flash, then cut in cold Ziying's delicate body!

"Poof!"

Han Ziying suddenly vomited out a big mouthful of blood, and the dazzling scarlet instantly dyed her whole palace dress, making the original light red palace dress turn into pure blood color!

The beautiful cold Ziyong, just like an iceberg goddess, is now extremely miserable. Her delicate body is covered with ferocious sword wounds, and her limbs are broken in the sword awn!

Han Ziyong was biting her teeth so hard that she didn't let herself scream. The power of destruction and soul devouring destroyed her body and spirit wildly. The pain was indescribable. However, what she couldn't bear more than the pain was that she was defeated!

Lost to a young man who is not even in the realm of heaven and earth!

Tears, from her eyes, for the first time in her life, her pride was shattered, and this humiliation is more than any pain!

With a roar, Han Ziyong's body fell heavily on the ground!

On her pretty face, there is a self mocking smile. At the moment, she has almost lost the ability to resist. As long as ye Chen makes a move again, any reluctance and resentment will turn into nothingness

"I didn't expect that my cold Ziyong would be in the whole area, but in the end it was like this..."

Ye Chen is expressionless and raises his sword again to kill Han Ziyong. But at this moment, his face suddenly twists and cracks, and the sound of Bones Rings from ye Chen's body. The sword in his hand trembles and falls to the ground powerlessly!

What's going on?

In Ye Chen's eyes, there is a look of doubt. At this time, in his mind, Shuo Lao's weak voice rang out: "boy, I'm sorry, xuanhanyu and I have run out of strength..."

"What?"

Ye Chen eyes a stare, unexpectedly at this critical moment, Shuo Lao and Xuan Hanyu's strength exhausted?

The power of the real dragon in the keel quickly subsided, and the wound which was suppressed by the surging vitality broke out again at this moment!

Blood gushed out of Ye Chen's body surface again!

He tried his best to pick up the sword on the ground, but he couldn't do it!

Han Ziyang sees this, slightly a Leng, immediately, the face appears the color of ecstasy! Although she didn't know what happened, it was obvious that ye Chen couldn't do it now!

For the first time, she realized what it was like to survive after a disaster!

At the next moment, Han Ziyang gritted her teeth and was running the remaining spiritual power in her body. If ye Chen had just started, she would have no time to do anything, but now, she has a chance to live!

A talisman flew out of the storage bag in an instant, burned up and turned into an array, which was actually a transmission array!

Ye Chen stares at the transmission array, his eyes are bloodshot, and his face is full of blue veins. He is unwilling to reach the extreme!

Only the last sword can completely kill this woman!

Han Ziyang's body, which lost limbs, was suspended in front of the transmission array. At the moment before entering the transmission array, she gave Ye Chen a deep look, and said in a very cold voice: "the pain and humiliation you have given me will never be forgotten in my life. Ye Chen will remember this hatred, and I will wash it with your blood!"

Today's Han Ziyang has been seriously injured to the limit. Although Ye Chen's condition does not look good, after seeing ye Chen's recovery ability, Han Ziyang has no intention of remaining to fight against him. When ye Chen heard the words, he said with a smile: "if you want to roll, just roll away. Do you want

to speak hard? Hehe, if you want revenge, why wait? Now, you can report that I am weak now. Come on? Kill me! Go on with it? "

Han Ziyong's pretty face flashed a touch of fear, not only Ye Chen's far beyond the realm of weird strength, almost inexhaustible vitality, but also this kind of crazy will, also make Han Ziyong quite afraid!

She didn't say anything more, finally looked at Ye Chen, then entered the transmission array, disappeared.

Ye Chen took a breath, took out dozens of pills, and sent them to the mouth. What he has to do now is to recover the wound and completely remove the hidden injury suppressed in the body!

He turned his head and looked at Nangong fan and said, "Nangong Laozu, I don't want to see the red wind fire when I wake up."

Nangong fan could not help but shiver when he heard the speech. He quickly nodded his head and said, "old I promise you... "

Now, no one here dares to question Ye Chen's decision!

This war has deeply planted the seeds of awe into the hearts of the people of Sanyuan Taizhen sect!

What they are looking at is no longer the young man in his twenties who mends the sky for seven times!

Han Ziyong is a legendary genius for the people in Yangzhen region, and ye Chen is the man who suppressed the legend!

Although, now may be a good opportunity to kill Ye Chen, but no one dares to bet!

Even Han Ziyong's killing skills have not killed Ye Chen. How can they think that they can kill Ye Chen now?

And if it fails

That consequence, is the whole too true door, cannot bear!

At the moment, the red wind fir has been completely silly, just madly whispered: "impossible, it's all fake..."

He didn't dream that ye Chen was so scared!

Chapter 4457

Nangong fan took a cold look at the red wind fir, and with a wave of light, he sealed the spiritual power of the tree completely.

If you offend Ye Chen's existence, then you have no choice but to die.

Even if Chifengshan is ten times better, Nangong fan will not offend Ye Chen for him.

This time with cold Ziyang, ye Chen was injured, really very heavy, the injury left by that law is not so good to recover.

That is, ye Chen's reincarnation has brought him a very stable source of life. Otherwise, even if he had supreme vitality, he would have to wait for death if he was seriously injured.

One day and one night later, ye Chen opened his eyes again, and there was a smile in his mouth. The breath of incomparable strength surrounded his body, and he finally recovered to the peak state.

He stood up and looked at Nangong fan who was not far away from his body to protect his Dharma. There was a figure kneeling beside Nangong fan, which was Chifengshan!

At the moment, the red wind fir body constantly shivering, sensing Ye Chen's awakening, eyes severely trembling!

"Mr. Ye." Nangong fan gives a gift to Ye Chen.

Now, after seeing ye Chen's real potential and strength, he is no longer qualified to be an elder in front of Ye Chen.

Although the power of Ye Chen's war is extremely strange, Nangong fan can't even believe that it belongs to Ye Chen.

But the truth was witnessed by him, and he was not qualified to refute it.

Ye Chen shook his head and said, "Nangong Laozu, you'd better call me ye Chen. I and Wuer are friends."

Friend!

Nangong fan hears the speech, in the eye appears the intense joyful color!

After seeing ye Chen beat Han Ziyang, Nangong fan doesn't expect her great granddaughter to become Ye Chen's woman.

At first, he thought that ye Chen was not worthy of Nangong dance, but now it is completely reversed. Although Nangong dance is excellent, in his opinion, it is far from enough to become Ye Chen's woman, even to be a concubine.

But now, ye Chen even approved Nangong dance! Make her a friend!

How can it upset him?

He is very clear, in the future Ye Chen will become the existence that shakes the whole territory!

Just think about it, Nangong fan will be happy to blossom. It can be said that this is his greatest achievement in his life. What is the ancestral identity of taizhenmen? Compared with getting Ye Chen's connection, it is not worth mentioning!

Nangong fan suddenly thought of something and carefully handed over a brocade box: "Mr. Ye, this is my bet about losing to you yesterday."

"This pill is called Sanyuan taihun pill. It was once refined by the patriarch of the clan. Although he is the treasure of Zhenzong, but it is extremely demanding on users. If you take it rashly, it will be counterproductive..."

Ye Chen smile, these harsh requirements to Xiao shuihan, are nothing!

I thought I was going to spend some skills on Sanyuan taihun pill, but I didn't expect to finish with a bet.

If it wasn't for the women in the human domain that day, he broke out with xuanhanyu and Shuo Lao, which was not his own fighting power, I'm afraid Nangong fan would not be able to take out pills so willingly.

After taking the pills, ye Chen looked at Chifengshan, who couldn't afford to kneel down, and said with a smile: "Chifengshan, it seems that your luck is really good. It took so much effort to return the gift you gave me to you."

First Nangong fan, then hanziyang?

To tell you the truth, if there is no tablet of tongtianming, and ye Chen recovers his mind before he dies, he will choose to blow himself up and pull Han Ziyang to die together. In that case, the biggest beneficiary is Chifengshan!

Red wind fir smell speech, face a burst of twist, he mercilessly a gnash teeth way: "do it!"

He is afraid of death. He is really afraid of death. Now, he has just passed through the ancient secret land, awakened the blood of the sword clan, and obtained the inheritance of the sword clan. It is the time for him to rise!

The higher you climb, the harder you fall. What's more, it's the time for grand plans?

It's like, you suddenly get 10 billion, and you're going to die before you spend it

It's not too much to say from heaven to hell!

But he didn't ask for mercy!

He knew that it was useless. Why should he insult himself?

Can, at this time, ye Chen is tiny smile way: "die? You think it's too beautiful for you, Redwood? "

"What do you mean?"

Ye Chen smell speech, face a cold way: "people do not attack me, I do not prisoners, if people offend me, ten thousand times return, you almost let me die in the ruins, how can I let you die so easily?"

His voice, incomparably moribund way: "from today on, death, will become a kind of extravagant hope for you!"

"Ye Chen! Kill me

The complexion of the red wind fir, momentarily changes a way: "I beg you to kill me

He could already imagine what was waiting for him!

Ye Chen is soul cultivation!

Soul cultivation, in addition to weird, there is also a frightening place, that is good at torture! For the warrior, the physical pain can be tolerated, but not the spirit!

"Ye Chen, you can't die easily. You think that if you torture me, you win?"

"Ha ha, don't forget that you offended not only me, but also the Zhou family, Tianjumen family and even the Lin family! If they receive the news of my accident, they will certainly unite against you! "

"The forces behind them will not allow such a threat to exist! It will kill you in advance

"You will die in due course!"

"Not only you, your relatives, your women, all your related people in the kingdom of God and the land of Lingwu will die!"

"Ha ha ha, ye Chen, you will watch your relatives leave! This kind of pain, you are bound to collapse! "

"Maybe, your woman will be tortured by the servants of those forces, even..."

Red wind fir incomparably crazy, and ye Chen kill suddenly rise!

At the next moment, a dark whirlpool appeared on the top of Chifengshan's head and sucked its spirit into it. The terrible soul eating power constantly tore up his soul, which was no less than the pain of the spirit's recoil. It fell on the soul of Chifengshan, and the miserable and incomparable cry echoed in Ye Chen's consciousness sea.

Ye Chen sneers, as long as he is still alive for a day, he will not let go of the red wind fir.

As he said, death will become an extravagant hope for the redwood.

But those threats are really the key.

Nangong fan looks at this scene, the bottom of my heart is a little cold, ye Chen is really a cruel man.

He is cruel to himself and those who have offended him!

Nangong Fan said to Ye Chen, "Ye Chen, what are your plans now? Dance son, she seems to have some misunderstanding about you. Do you want me to talk to that girl for you?"

Ye Chen, don't blame dance son. She still cares about you very much. When you heal, she comes to you and makes sure you are OK before leaving. "

Chapter 4458

In fact, when ye Chen and Nangong fan fight each other, Nangong dance, who had already left Taizhen gate, came here. However, everything happened too quickly. When she arrived, the battle between Ye Chen and Han Ziyang was over.

Although she is disappointed with Ye Chen, if ye Chen is in danger, she still can't let go of Ye Chen.

Ye Chen heard the speech and was silent for a moment and said, "I still have revenge, and there are many things to do. I will leave the three yuan Taizhen gate immediately.

As for wu'er, it's my fault to ask Lao Zu to tell her for me that it's my fault to hide something from her. However, I have absolutely no deception. I've always regarded her as a friend from the beginning

Nangong fan's eyes brightened, nodded, and suddenly took out a jade slip and a jade card, handed it to Ye Chen and said, "this is for you. It should be useful for you."

"What is this?"

Nangong fan looked at Ye Chen seriously and said, "this is the map of the location of tianxingge branch in Yangzhen area, and the membership card of tianxingge."

"Tianxing pavilion?" Ye Chen hears the speech, still some don't understand.

Nangong fan explained: "tianxingge is the largest intelligence organization in Yangzhen region. This time, you fought against Han Ziyang. Moreover, in full view of the public, I am afraid the news has already arrived at the Tianxing Pavilion. If you want to continue to revenge and do other things, it's better to let them not spread the news!"

Ye Chen smell speech, look move, to Nangong Fan Zheng key head way: "thank you for your advice!"

Then, he took over the jade slips and the jade cards.

Nangong Fan said with a smile, "don't say thank you any more. I do it for the sake of dancing."

Ye Chen said with a smile: "in this case, then, I will not affectation."

Then he moved and disappeared.

.....

A figure flickers in the cloud sky. Ye Chen is heading for Tianxing Pavilion according to the map. His brow is tight and his heart is anxious. The star Pavilion is not close to zhenmen gate. Even if he escapes, it will take several hours to arrive!

For such a long time, if the sky star Pavilion will spread the news, I am afraid that now the whole Yangzhen area has been known by everyone!

This is not only about revenge, but also likely to attract the attention of emperor Shitian and the empress of the upper kingdom!

Ye Chen originally planned to go to Hongmeng blessed land and Zha Tianmo emperor to make peace. However, news came from Zha Tian Mo Di. I don't know why, in Hongmeng blessed land, there are several extremely terrible beings!

Although I don't know why those people entered Hongmeng blessed land, it's definitely not the time node for ye Chen and Zha Tianmo emperor to enter!

The dark emperor asked Ye Chen to wait for his notice. Once those terrorist beings left, it was the best time for them to enter!

Soon, a huge city standing in the sea appeared in front of Ye Chen. The city was called Jingyu city. Although it was only a third class city, it was the place where the star Pavilion branch was located.

Ye Chen body shape a flash, then fell in front of the city, into the city.

He was in the streets and alleys of Jingyu City, flying back and forth, and soon came to a humble teahouse.

Ye Chen stepped into the teahouse. A young man dressed in gray and dressed as a sophomore met him and said with a smile, "what kind of tea do you want, young master?"

Ye Chen did not speak, but waved his hand and threw a jade card to each other.

The young man took the jade card, put it away quietly and said with a smile, "please follow me."

After that, he took Ye Chen into the backyard of the teahouse.

The boy came to the backyard and made several decisions. It turned out that there was a transmission array in the backyard. He returned the jade card to Ye Chen and said respectfully, "Mr. Ye, our lady has been waiting for a long time, please."

Ye Chen's eyes flashed, it seems that the young lady of the star Pavilion had anticipated his arrival!

At the next moment, ye Chen's body moves and steps into the transmission array.

Now, old Shuo's strength is exhausted and he has fallen into a deep sleep. Xuanhanyu has also consumed a lot of strength and is unable to do anything for the time being. The great energy of the samsara cemetery has not moved for the time being. That is to say, if the star Pavilion wants to deal with him on that day, ye Chen is also quite dangerous.

Now he has no ability to play that day's fighting power.

However, tianxingge is an intelligence organization and a place to do business. In this case, they are most concerned about interests. Ye Chen believes that with his potential, he can bring great benefits to tianxingge!

And this star Pavilion lady is willing to comment on herself, and let people disclose in advance, which also reflects Ye Chen's idea!

After a while, ye Chen came to a hall. The decoration of the hall was quite simple, without the extravagant and luxurious atmosphere. It seemed to be the residence of a scholar's family, with elegance everywhere.

In the hall, there is a woman sitting in front of the tea table, boiling water to make tea.

Bursts of tea fragrance filled the room.

Ye Chen looked at the woman, her eyes narrowed slightly. She was dressed in a blue and white dress. Her manner was extremely elegant, her skin was white and crystal clear, and a pair of slender jade hands were playing with the tea set. Her face is very beautiful, but it is not peerless. Compared with Jin

Shuhui, Ji Siqing and other women, she is a little bit worse. However, under the background of that kind of gentle and worldly temperament, she has a different charm.

Seeing ye Chen coming, the woman raised her head and said with a smile, "Mr. Ye, please sit down. The tea is ready."

Ye Chen smelled speech, but shook his head and said: "I come here, not to drink tea."

The woman put down the tea set, a pair of clear beautiful eyes, seems to be full of wisdom, staring at Ye Chen and saying: "Mr. Ye, do you want me to ask Tianxing pavilion not to disclose your information?"

Ye Chen nodded his head and said, "it is so."

The woman took up her tea cup and sipped: "please don't worry, we Tianxing Pavilion will not spread the story of Ye Gongzi's victory over Han Xianzi, and we have closed the information for a long time, and nobody will know it. Presumably, Han Xianzi doesn't want everyone to know about it. Even, it's the same when Mr. ye came to Sanyuan Taizhen gate."

Ye Chen's eyes brightened and then said, "what do you need me to do?"

He knew that the other party had no obligation to help himself. What's more, it was not good for the intelligence organization to conceal such large information.

The woman said with a smile: "Mr. Ye knows that intelligence organizations can easily offend people, but why can tianxingge go to this day outside the territory?"

Ye Chen's eyes flashed: "why?"

The woman's smile, more gentle a division: "because, the sky star pavilion has many friends, these people need the existence of the sky star Pavilion.

Therefore, I also want to be friends with Mr. Ye. "

Chapter 4459

Ye Chen's eyes flashed a look of meditation. After a moment, he went to the woman and gazed at her. He drank a cup of spirit tea on the table and said, "OK!"

Seeing this, the woman raised her hand and took out a jade card and handed it to Ye Chen.

The shape of the jade plate seems to be similar to the membership card given to him by Nangong fan.

"Is this?"

The woman said with a smile: "the real VIP card of Tianxing Pavilion is called star card. There are no more than 10 talents in the whole Yangzhen area who own the star card. Many hidden messages can be found on the star card, which is also a gift given to friends by our Tianxing Pavilion. By the way, Mr. Ye, my name is Qin Ziwei. Your star card can communicate with me directly."

There was a flash of joy in Ye Chen's eyes. He wanted to sink his mind into it and look for information about Wanjun Yougu, tianjumen and Zhous. But at this time, Qin Ziwei said again: "Mr. Ye, if you want to revenge, now may not be a good opportunity."

"Oh?" Ye Chen slightly frowned, "why is this?"

Qin Ziwei way: "although I will not reveal your existence, but I know that Zhou Jia has a liner in the real gate."

"What!" Ye Chen pupil shrinks, this does not say, his news has already been exposed?

Qin Ziwei said with a smile: "however, Ye's son's luck is pretty good. Chou's eye liner happened to die in the aftermath of your hand in hand with the cold fairy. Although Chou has already known your existence, your impression should still be on the Nangong sail that defeated the repressive power.

But even so, the Zhou family, Tianjumen and even the Lin family should have been on guard. "

"Their usual method is to kill the threat completely, especially the threat that you have grown up to be amazing!"

Ye Chen hears the speech, brow tight frown, suddenly, he looks to Qin Ziwei way: "sky star Pavilion can release a news for me?"

Qin Ziwei smell speech, show eyebrow micro Cu, obviously think of Ye Chen to do what, she shook her head: "Ye childe, I'm sorry, we star Pavilion will not release false news."

Ye Chen's eyes flash. He really hopes that Tianxing Pavilion will release some false news to confuse each other

However, credibility is the foundation of intelligence organizations. Concealing information and publishing false information are two concepts.

Suddenly, ye Chen's eyes brightened and looked at Qin Ziwei and said with a smile, "is it OK as long as it's not fake news?"

Qin Ziwei understood what and looked dignified: "do you want to lead the snake out of the cave? It's much more dangerous Please consider it carefully. "

Ye Chen smile: "the mind has been decided."

Myrtle myrtle, although many details belong to her own fairy leaf, there are many strange things in her heart.

Secrets are part of strength!

Qin Ziwei pondered for a few seconds and said, "there is a place that may be suitable for ye Gongzi's layout."

"What?" Ye Chen asked.

"Bury the devil's cave."

.....

A day later, a villa was built in a green hill with rich aura. At the moment, three young people and three old people were sitting in an attic.

This is a secret villa of the Zhou family in Yangzhen region. Two of the three young people are Zhou Qiong and Lei Luocho!

There was another man, dressed in white, with a high temperament and a fierce look in his eyes. His appearance was somewhat similar to Lin Xiaoshun, who was killed by Ye Chen.

And standing behind him is Mr. Zhu.

Obviously, Mr. Zhu got some chance in his family. He broke through a few points and was full of energy.

This young man, named Lin Zhengqi, is Lin Xiaoshun's cousin and the first evil spirit of tianjumen!

Although this is the Zhou family, Zhou Qiong and Lei Luocho are all headed by this person!

The reason is very simple. Lin Zhengqi is the most powerful among the people present. His whole body is full of terrible breath!

At this time, Lin Zhengqi looked at Zhou Qiong and said: "now, everyone has arrived, you will get the news again."

When Zhou Qiong heard the speech, she said excitedly, "I have already informed you that ye Chen is not dead. She even entered the Taizhen gate to avenge Chifengshan!

In this Taizhen gate, the strength of Shiyuan liuliantian broke out and defeated Nangong fan, the ancestor of Taizhen sect, who suppressed the strength of Shiyuan liuliantian. During this period of time, several people should have discovered that Chifengshan seems to have evaporated from the world. Should they have believed my words? "

Lin Zhengqi frowned: "say the point."

Zhou Qiong nodded and said with more excitement: "since then, I have been paying attention to the boy's movement. Just now, I got the news from the star pavilion that the boy went to a secret place

And that secret place is exactly the grotto of burial! "

"Bury the devil's cave?"

Lin Zhengqi's eyes flashed: "a few days ago, there was a rumor that a magic treasure was born in this grotto. It seems that this boy went for that magic treasure. However, this burial grotto is extremely dangerous. He is bold.""Bold?"

Lei Luocho heard the words, but he burst out laughing and said: "Mr. Lin, you don't know. My Wanjun Valley has some origins with the demons, but I know a lot about the secrets of the demons. This burial cave is actually a trap!

In fact, the so-called magic treasure should be a sign of the rebirth of an ancient great devil. This ancient great devil has fantastic strength. Ha ha, it is estimated that few people who went to the grottoes to seek treasure this time can survive! "

Zhou Qiong also said happily: "Ye Chen's martial arts talent is too amazing, and his growth is even more terrifying. It has become a big problem for us. Our Zhou family and Wanjun valley are looking for opportunities to eradicate it completely!

This time, news from the survivors of the grottoes came from the Tianxing Pavilion. It is said that the boy had a big war with the ancient devil, and was trapped in the magic array by the big devil!

Mr. Lin, this is the best time for us to kill this boy completely!!! Our two families have decided to join hands. What do you think of tianjumen and the Lin family? "

When Lin Zhengqi heard that his eyes were filled with deep thoughts, he said, "this man killed my cousin. Whether it's Lin's family or tianjumen's, it's a revenge to be avenged..."

Zhou Qiong and Lei Luocho looked at each other, and they were all happy. Since they knew Ye Chen was still alive and had the strength against the sky, they had not slept a good day. Even, they did not dare to go out of their homes, and they were still in a panic!

No matter who is thought of by such a supreme enemy of life and death, it is estimated that it will not be too good!

Therefore, their greatest desire now is to completely kill Ye Chen, and to eliminate future trouble forever!

Otherwise, I'm afraid that even if they can hide for a lifetime, they will go crazy!

Chapter 4460

With Ye Chen's strength today, even if he is trapped in the magic array of the ancient great devil, he may have been hurt. However, Lei Luocho and Zhou Qiong have joined hands, but they still can't be sure to kill him. Therefore, they want to find Lin Zhengqi!

Hope to borrow the power of Lin family and tianjumen!

The next moment, Lin Zhengqi said with a smile, "so, Mr. Zhou, how about I loan you Mr. Zhu?"

Zhou Qiong and Lei LuoCha smell speech, but are frown!

And old bamboo's face is also a little uneasy

Zhou Qiong said: "young master Lin, ye Chen, now has the strength of at least Shiyuan six layers of heaven! Moreover, the vitality, extremely against the sky, can not be killed at will!

I have asked an elder of Zhou family to move me once, and Mr. Lei also asked to move his master!

The elder of Zhou family and master Lei's master all exist in the seven layers of heaven. With the support of tianjumen and the Lin family, the boy is now trapped in the magic array. It can be said that he will die! What's more, I can tell Mr. Lin that this is probably the only chance to kill this boy! "

When Lin Zhengqi heard the speech, his eyes flashed wildly. Did the Zhou family and Wanjun Valley send out such strong fighting power?

There are many differences between the original realm and the sky.

Ye Chen just mends the sky. Although it is rumored that he has defeated the three yuan Taizhen sect ancestor who suppressed the realm, he believes that it is the ancestor who left his hand.

However, ye Chen must have several brushes to fight over the level.

At present, the Zhou family and Wanjun valley are so serious.

This young man named Ye Chen, it seems, is even more terrible than he imagined!

However, a moment later, Lin Zhengqi stood up and said faintly: "this matter, I have already decided, so do it, old bamboo, you follow the two young masters."

"With the help of family resources, your strength has broken through a lot recently. It's really good to test it."

The bamboo old smell speech, in the eye although flashed a wipe of unwilling color, but, still bow head way: "yes."

Zhou Qiong and Lei Luosha were gloomy, but they did not dare to say anything more in the face of Lin Zhengqi's unique evil spirit.

They know that the reason why the Lin family and tianjumen make such a decision is that Lin Xiaoshun's actual status is not high!

There is no need to risk for Lin Xiaoshun!

Lin family and tianjumen, what they want to do is to end this period of gratitude and resentment. After all, it's Mr. Zhu who makes the move!

After Lin Zhengqi left, Zhou Qiong snorted coldly: "hum, that boy is still in the magic array now, and is trapped by the ancient great devil. With the strength of the strongest in our family, we should be able to kill him, and..."

in his eyes, he passed through greedy color. "This damn little boy can get back to life in that case. He also swallowed the keel, and the essence of his blood is absolutely incomparable. He is so much less than the Lin family. He is divided equally between us.

Maybe, our two families can rise a step, and we can also get great benefits! It should not be too late, Mr. Lei. Let's inform the elders to set out now. "

Lei Luocha hears the speech, also is the eye hot!

The next moment, two people at the same time sent a spiritual message, not long, there are two figures, appeared in the attic.

The visitor is a grey haired, wrinkled old man in cloth, as well as a tall middle-aged man surrounded by thunder.

These two people are Zhou Wumu, the elder of Zhou family, and Lei Feng, the strong one of Yin Lei clan!

Zhou Qiong and others saluted these two extremely powerful beings one after another.

Zhou Wumu looked at Zhou Qiong and Lei Luocho, frowned slightly and said, "you two younger generation, also want to go with you?"

Zhou Qiong is the ultimate genius of this generation of Zhou family. The hope of Zhou family's future rise is that he doesn't want Zhou Qiong to have an accident!

Hearing this, Zhou Qiong solemnly nodded her head and said, "elder, if I hadn't seen the boy die with my own eyes, I'm afraid I'll leave a knot in my heart. Please allow me!"

He is almost driven crazy by Ye Chen, and is worried about ye Chen's sudden appearance all the time!

He must see ye Chen die. This time, he will make sure that ye Chen will not leave a hair in this world and die completely!

Lei Luocho, the same idea!

Zhou Wumu smelled the speech and nodded his head: "in this case, let's go."

With a wave of his hand, a huge flying boat appeared above the attic. All the people's bodies moved and fell on it.

The boat trembled a little, then turned into a dark escape light, toward the direction of the grotto, shooting away.

.....

Under the ground, in a cave house full of black gas and bloody smell, there is a big array surrounded by countless black and red runes. In the big array, the magic fire is turbulent, burning the space into nothingness. In this terrible magic fire, a figure can be seen!

At the moment, ye Chen is half kneeling on the ground, suffering from the burning of the magic fire. His skin is burnt black and his blood is flowing. It seems that he has fallen into a serious injury state! Just at this time, a magic claw with extremely burst strength appeared on the top of Ye Chen's head and grabbed it hard towards Ye Chen!

Ye Chen, who endured the burning of the magic fire, raised his head with great difficulty at the moment and looked at the magic claw. He seemed to have no strength to dodge and defend. He could only bear the attack of the claw!

With a crash, five ferocious cracks appear behind Ye Chen. This claw seems to tear up Ye Chen's body completely. The wound is very deep, even bones and viscera can be seen!

Rolling blood, from the mouth of self injury!

A ridicule and a cruel laugh reverberated in the magic array!

Looking at you, the devil is very happy? Why now, even my own blow can't escape? Ha ha, the taste of the spirit eating demon fire is not good? "

The fire of devouring spirit has the terrible power to burn the spirit power in the body of the warrior. Can ye Chen not escape the attack of the ancient great devil because of the influence of the magic fire?

At the moment, ye Chen was silent, silent!

The ancient devil's smile became more and more ferocious. Originally, when he woke up in the burial grotto, he met this troublesome human boy. He was unable to kill him all the time. For a while, he was still a little flustered. Now it seems that it is just a false alarm!

Although the boy has some strength, he is already a lamb to be slaughtered under the attack of the magic array and fire!

He roared, and his whole body was full of evil Qi, and he shot Ye Chen again. A series of ferocious claw marks appeared on Ye Chen's body. Ye Chen, however, had never made any action and was constantly under the attack of the demon head!

For a time, the situation seemed to be in danger!

However, strange is, until now, ye Chen's eyes are still maintaining a calm look!
