### Chapter 4461

.....

A dark flying boat is speeding in the sky. On the boat, Zhou Qiong holds a jade card, which is the membership card of Tianxing Pavilion.

This membership card is not only a symbol of identity, but also a certain number of points stored in the card, which can consume points to browse some hidden information.

Zhou Qiong's eyes suddenly brightened and said with great joy: "according to the latest news from Tianxing Pavilion, the boy surnamed Ye seems to have been seriously injured at the moment. Maybe, before we arrive, the boy will die in the hands of the devil!"

At this time, the devil Qiong's tomb appeared in front of Zhou's cave!

Originally, Zhou Qiong and others had a little doubt. After all, ye Chen was too weird. Maybe even the magic array and the ancient devil could do nothing to him. Now, the Zhou family and Wanjun Yougu can be said to have sent out strong fighting power, which can be said to be a big gamble!

If you lose the bet, Zhou Wumu and Lei Feng will lose something. These two forces will be in danger!

But now it seems that there is nothing wrong with it!

Lei Luochoa was very happy when he heard the speech. He looked at Zhu Lao with some sarcasm. Hehe, there were risks in killing Ye Chen, but the benefits were also enormous. This time, tianjumen and the Lin family made a wrong choice. Now, they can only watch the strong rise of the Zhou family and Wanjun Yougu!

Old bamboo sighed, but there was not too much reaction. His greatest wish was to live. It was enough to live.

Soon, the dark boat sailed into the burial cave and went deep all the way. A moment later, in the rolling black air, a black red magic array appeared in front of them. In the magic array, there was a rolling black red magic fire. An ancient demon was laughing wildly and attacking a figure burned by magic fire!

"Well?"

At this time, the ancient devil suddenly stopped, turned his head and looked at the dark flying boat, and there was a sense of fear in his pupils. After all, he's in a bad state. If Ye Chen has any help, he will be very dangerous!

However, soon, his eyes, is a bright, locked in the Yin Lei clan's patriarch, Lei Feng!

"Descendants of demons?"

When Lei Feng saw the ancient devil, he also laughed wildly. The blood in his body was surging, and his whole body was full of evil Qi. He fell in front of the ancient devil and said with a smile, "brother devil, congratulations on your recovery."

The ancient devil's eyes flashed slightly and said, "why did you come here to bury the devil's cave?"

Lei Feng pointed to the figure in the magic array and said: "this boy is the enemy of our family. This time he came here to let him die!"

"At the same time..."

With a smile, Lei Feng took out a piece of dark crystal stone and handed it to the ancient devil head and said, "I come from the Yinlei tribe of Wanjun valley. I hope to invite brother devil to join us. This black magic stone is a thank you gift."

When the ancient devil heard the words, he was oppressed for countless years, and his strength was greatly reduced. In addition, he suffered several injuries in the battle with Ye Chen. This black magic stone can help him recover his strength!

What's more, he is very clear that the present era is dominated by the Terrans. As an ancient demon, it is not easy for him to have a foothold. Soon, he laughs and says:

"OK! You are the descendant of my demon family. Even if you don't have this black magic stone, I would like to advance and retreat with you

Lei Feng hears the speech and looks happy!

And Zhou Wumu, Zhou Qiong, and Zhu Lao all have a flash of vision, which is a good idea of the yinlei tribe!

I'm afraid they came to bury the devil cave not only to kill Ye Chen, but also to win over the ancient devil!

From then on, the strength of the yinlei tribe will certainly advance greatly, surpass other tribes, and become the real master of Wanjun Yougu!

Leiluocha see, is also full of satisfaction!

However, at present, what they are most concerned about is not the benefits of Wanjun Valley, but ye Chen in the magic array!

All of them are in the eyes of all the people!

See, at this moment Ye Chen half kneels on the ground, whole body blood, scorched black, already not adult appearance, miserable to can't again miserable!

Ye Chen is really seriously injured in the hands of the devil!

The ancient devil said with a smile: "hey hey, you're here at the right time. I've just been resurrected. I'm going to eat some human beings to restore our strength. But this little boy with eyes dare to stop me?"

Hehe, now, I trapped him in the magic array and suppressed him completely. He has no resistance. However, it seems too cheap to let him die. Therefore, I have tortured him until now! "

Zhou Qiong's eyes flashed, and her face was somewhat dignified. She said: "this devil, you don't know. This boy's vitality is extremely adverse to the sky. It's better to have a little carelessness in the face of him. When we can kill him, we must seize the opportunity. At present, we have arrived. I suggest that we work together in a moment and use the strongest means to bombard this boy into slag!"The ancient devil heard the words, and a trace of disdain flashed in his eyes and said, "the vitality is against the sky? Naturally, I know that. However, at this moment, this boy has entered my magic array. Even if he goes against the sky, he will only die. There is no chance to turn the tables. Human beings are as timid as a mouse. This boy has cut his own sword, but he needs to pay back thousands of times. Now, he has not been fully happy. "

When Zhou Qiong heard this, her face changed, and a trace of anger appeared in her eyes!

This damned demon clan, what a simple minded person!

If ye Chen is really so easy to deal with, why do they dare to fight ye Chen until now?

He was about to open his mouth and say something, but he was stopped by thunder wind.

Lei Feng held out his hand and stopped Zhou Qiong. His eyes flashed to the ancient devil head and said, "brother devil, why do we waste time on this boy? I have prepared tens of thousands of blood food for you in the clan to help brother devil recover his strength. Now, I'd better solve this boy as soon as possible! "

The ancient devil heard the words and looked at Lei Feng. There was a trace of displeasure in his eyes, and he secretly said, "hum, the hybrid is a hybrid, and he is as timid as this human being? Well, when I recover my strength and be fearless of those humans, I will be the first to devour you bastards. "

However, at the moment, the devil still gave Lei Feng a face, nodded and said, "well, since you opened your mouth, that's it."

Immediately, Zhou Qiong, Lei Luochoa, ZhuLao, Zhou Wumu, Lei Feng, and the ancient devil all flashed in their eyes and breathed wildly. They were ready to go!

In fact, Zhou Qiong and others are dispensable, the main force is Zhou Wumu, Lei Feng and the ancient devil, these three strong!

Zhou Qiong raised a sneer at the corner of her mouth, and the three strong men shot together. Even if ye Chen was in the peak period, he could only be killed by one shot and a second, right?

With Ye Chen's present state, there is absolutely no resistance!

Chapter 4462

However, Zhou Qiong did not want Ye Chen to die out directly. It is best to leave a small breath so that they can collect their blood essences, can't they?

At the next moment, a few loud drinks were heard in the ground, and the breath of incomparable surging broke out. The devil power was towering and the martial spirit was frightening. The whole underground grotto was like a Shura battlefield in an instant!

Zhou Wumu was covered with gold, holding a Mitsubishi thorn. A huge golden Rune was suspended above the Mitsubishi thorn. In the rune, there was a very sharp Dao rhyme, which seemed to run through everything. This rhyme is not weak at all!

Thunder Wind is full of yin and thunder rolling. In his hand, he is a big axe. Behind him, there is a shadow of a big devil. Even if the ancient devil saw this shadow, he was shocked at the bottom of his heart. Looking at Lei Feng, he could not help flashing a touch of color in his eyes!

He did not expect that a hybrid could call out a trace of the shadow of the ancient thunder Lord?

Although, the shadow of thunder demon king is very weak, but it is also frightening!

He snorted coldly, and his whole body was burning with a layer of bloody magic flame. The originally extremely terrible breath was still rising!

This ancient devil also wants to show his strength in front of Lei Feng and Zhou Wumu!

But in a few people, about to hand the moment, it is sudden change!

I saw, that magic fire, originally half kneeling on the ground, motionless figure, but suddenly there was action!

Zhou Qiong's pupils shrank and exclaimed, "this boy, stand up!"

Everyone, it seems that there is a thunder in the brain!

This, how can it be?

Ye Chen, had been seriously injured to the extreme state, has been suffering from the ancient devil's torture?

How can you have the strength to get up at this time?

At this time, leiluocha low drink: "this boy, estimated to know his death is coming, want to fight back! Master, all of you, do not give him a chance

This time, let alone Zhou Wumu, Leifeng, even the ancient devil, are a little flustered!

He felt vaguely that something was wrong!

In the blink of an eye, several people join hands!

Thunder light, golden light and magic fire burst out at the same time, turning into a light of extinction, in order to raze the grottoes to the ground, roaring towards Ye Chen!

Zhou Qiong and others are staring at the figure in the magic fire, they are praying!

Pray for your attack to hit Ye Chen!

Roar a huge sound, a few people's attack, unexpectedly is without hindrance to fall on Ye Chen's body!

Zhou Wumu, Leifeng, and the ancient devil, the eyes are the color of ecstasy!

It's a success!

They are confident that if they hit the target, the boy's vitality will be completely lost if he hits the target!

Sure enough, ye Chen was hit by three people, the whole body, all faintly began to disintegrate, fell again!

This time, Zhou Qiong and other people's heart completely put down, in the eyes, have a smile, this heartache finally eradicated!

Zhou Wumu and Lei Feng look at each other, they are secretly ready to collect Ye Chen's blood!

But at this time, a silver light suddenly burst out from the sea of fire!

They were surprised again and looked at the fire in the magic array. They saw that the silver light was a silver flame!

As soon as the silver flame appeared, it began to devour the spirit devouring magic fire!

In the twinkling of an eye, the black and red flame has dissipated!

And that silver flame in swallowing spirit demon fire, as if, more powerful one point!

The ancient devil, seeing this scene, his eyes trembled wildly, and he was completely stupid!

Even in ancient times, the fire of devouring spirit was a high-grade flame. How could it be so easily swallowed up?

What makes them even more frightening is that in the silver flame, the original fallen Ye Chen actually stood up again!

Everyone felt their eyes were going to explode and fly out of their eyes. They couldn't believe what they saw!

Why, after a blow from the top three, ye Chen can still stand up?

At the moment, the silver flame slowly dissipated, the breath of the flame disappeared, replaced by a strong source gas!

A young man with a cool look was standing in the magic array, and his whole body was intact without any scar!

At the moment, the youth's eyes, full of fun, looked at Zhou Wumu and others, shook his head and said, "are you tickling me? You want to kill me with this level of attack? "

The reason why he came to this tomb cave to fight with the ancient devil, even trapped in the magic array, and even constantly suffering from the devil's attack and getting seriously injured, was his intention!

For, is to let the sky star Pavilion spread the news, will Zhou Qiong and others to here!

The reason why Qin Ziwei said that he was not suitable to seek revenge on Zhou Qiong and others after exposing part of his strength was not because of his insufficient strength, but because Zhou Qiong and others would inevitably hide! Although Ye Chen can crush the Zhou family and Wanjun Valley and destroy these two forces to ask about the whereabouts of Zhou Qiong and Lei Luocho, this is not ye Chen's character.

Ye Chen doesn't think he is a good man, but he doesn't kill innocent people indiscriminately. Therefore, he can only spread news through Tianxing Pavilion and lead Zhou Qiong and others out!

How can I get it?

Of course, it is to give Zhou Qiong these people a chance to kill themselves!

Therefore, he will continue to bear the attack of the ancient devil, in order to let himself really fall into a serious state!

For a while, Zhou Qiong and others were going crazy!

Originally, still in ecstasy, ready to take ye Chen blood essence of a few people, an instant from heaven to hell!

Originally, the treasure that can let the whole Zhou family and Wanjun valley have the opportunity to rise suddenly turned into a devil!

A demon who is unhurt under the joint efforts of the three of them!

Leiluocha face color a change, the eyes hyperemia looked at that ancient demon, the fierce drink way:  
"is you! It's you who collude with this boy to cheat me and so on

In an instant, Zhou Wumu and others all looked at the ancient devil with ferocious faces!

Now, the only thing that can explain all this is that ye Chen's previous injuries are all fake!

The devil's face changed and he was about to roar. But Zhou Qiong said, "it's not him! Don't forget that ye Chen was seriously injured at Tianxing Pavilion, indicating that the boy was seriously injured before  
Wait

Zhou Qiong's eyes trembled. In her mind, a startling idea came out of her mind. She looked at Ye Chen in disbelief and said, "is it Tianxing Pavilion Tianxing Pavilion is helping you deliver false news! "

Ye Chen looked at Zhou Qiong and said with a smile, "who said it was false news? I was seriously injured just now, but there is no rule that serious injuries can't be recovered, can they? "

Chapter 4463

In order to lure several people to take the bait, he really let himself into a seriously injured state. However, with the help of huangquan water and Bagua Tiandan, he recovered quickly!

At the next moment, ye Chen has a long sword in his hand. A star river condenses on the sword. The light of the sword flashes. The magic array that has been trapped by Ye Chen for a long time is suddenly broken under one of his swords!

The ancient devil, Lei Feng, and Zhou Wumu, all changed their faces wildly. They were so stunned that they could not breathe!

They all feel the power of this magic array. It is impossible to destroy it so easily because of the existence of the original state?

But what about ye Chen?

A sword, just a sword, a light sword, will completely turn this magic array into nothingness!

What does that mean?

That is to say, ye Chen's strength is different from the previous news, at least the source boundary is seven layers of days!

In his twenties, a warrior who mends the seven layers of heaven, has the strength of the seven layers of heaven in the original territory?

This sounds fantastic, just like a joke, but, really, found in front of them ah!

Originally, ye Chen survived in the ruins of the holy king of Jiuyou. For Zhou Qiong and Lei Luocho, it was like a nightmare. It was unbelievable and fantastic

But now it seems that the reality is more terrible than the nightmare!

At the moment, the most fear, but is just incomparably cruel, tyrannical ancient devil!

He finally realized that he was like a clown in front of Ye Chen!

Torture?

Pay back ten thousand times?

All these things are under the control of Ye Chen!

He is just a chess piece of Ye Chen's revenge!

The next moment, the devil suddenly roared, his whole body was full of evil spirit, and he was going to flash out of the grotto. Facing Ye Chen, who showed his frightening strength at the moment, he had no idea of resistance at all!

The cold light in Ye Chen's eyes flashed, and said faintly, "didn't you just enjoy yourself? Now, why are you going? "

As soon as the voice fell, a star river, suddenly together, like the God of thunder, the moment fell in front of the ancient devil!

The soul skill, displays the silent, the speed surpasses, is far from the martial arts skill to be able to compare, but the star soul chop is the soul martial arts fusion skill, also has the soul skill partial characteristic!

Its speed, extremely fast!

The devil saw it and his face changed wildly. He just woke up. He didn't want to die like this!

His whole body blood light, flash in an instant, muscles, some shriveled down, seems to be burning blood essence, the next moment, a blood red magic shadow, appeared behind him, that shadow, send out the frightening evil spirit, even if it is Lei Feng, the successor of demon blood, can't help but feel a tremor in his heart!

As soon as the shadow appeared, it was a blow towards the star river. Before it was really dropped, the endless magic power had already swept the earth. The grotto of the tomb collapsed in an instant and turned into ruins!

Zhou Wumu and Lei Feng have a look of fear in their eyes. The strength of the devil is still on their estimation. They are not sure that they can take this terrible blow!

Zhou Qiong, Lei Luocho, and Zhu Lao are happy. If the ancient devil can block the sword light of Ye Chen, then maybe they have the power to fight against Ye Chen!

But

The next moment, the whole world, seems to be quiet down

In front of the sword light of the star soul chopping, the terrible shadow didn't even have a breath time to support. Then, with a bang, it turned into nothingness

The bright sword light fell on the body of the ancient devil without hindrance

Poop, a light sound, passed into people's ears, it was the sound of blood gushing, countless sword marks, instantly appeared on the body of the ancient devil, the head instantly turned into countless pieces of flesh and blood, decomposition!

This ancient devil, how could he die like this?

What's more, even the spirit has completely disappeared!

Endless cold covered the rest of them. The smiling young man looked like the God of death from hell at the moment!

Zhou Qiong and Lei Luocho are both desperate. They dare not even look at Ye Chen!

They regret, incomparable regret, should not want to see ye Chen again!

Now they have only one idea, far away from ye Chen. Even if they want to hide in the dark place all their life, they will never see the sun again. It doesn't matter, as long as they don't meet Ye Chen again!

Ye Chen has become the shadow of their life!

Zhou Qiong and Lei Luocho at the same time said in a panic: "go! Get me out of here

Ye chenmu in the cold light flash, will again sword, he will not let go of these two big hatred of life and death.

But at this time, he suddenly slightly stupefied, the sword in his hand, also stagnated in the air.

Zhou Wumu and Lei Feng, at the moment, the expressionless face actually raised their hands at the same time, stretched out towards Zhou Qiong and Lei Luosha. With their extremely strong spiritual power, they poured into their bodies. In an instant, Zhou Qiong and Lei Luocho, their whole body strength was sealed completely, their bodies were soft, and they knelt down in front of Ye Chen! Both of them looked at their rescuers in disbelief. For a moment, their brains were in a bit of confusion

Why is this?

What are they going to do?

Seeing this, Mr. Zhu laughed and said, "Zhou Qiong, Lei Luocho, do you think I'm the only one who has been used as cannon fodder? Ha ha, in front of the real life and death, you two are also cannon fodder! Are you really stupid enough to think that Zhou family and Wanjun valley will fight for you and fight against evil spirits like Ye Chen? "

For a time, Zhou Qiong and Lei Luocho, almost collapsed!

Even people like them can't bear the pain of being betrayed!

This feeling is ten thousand times worse than death!

Zhou Wumu and Lei Feng ignore them, but look at Ye Chen.

All of a sudden, they knelt down in front of Ye Chen at the same time.

Zhou Wumu's face was very respectful, and said, "I'm sorry, Mr. Ye, I have such a dog breed in Zhou's family, which offends you. This kind of dog deserves to die. Now, let Mr. Ye handle it. Please don't let him go to the Zhou family."

Lei Feng also said: "I Wanjun Valley, the same way, Lei LuoCha offended you, should be a thousand swords, please don't anger my Yin Lei tribe, later, I promise to Ye Childe, you are my Wanjun Yougu's guest, useful to get my Wanjun Yougu place, just need your word!"

After that, they looked at each other and put a storage bag on the ground.

Ye Chen's eyes flashed and his hand waved. He took the two storage bags into his hands. His mind swept and his eyes flashed with surprise. This week's family and Wanjun Valley seem to have prepared for the worst. They have already prepared a large number of natural materials, earth treasures, healing pills and other things!

This amount of treasure is not a small number for the Zhou family and Yinlei tribe. It can be said that it is nearly half of the wealth of the two families!

They are willing to give up.

Ye Chen takes the two storage bags and is silent. Zhou Wumu and Lei Feng are also nervous. After seeing ye Chen kill the ancient devil with a sword, the two strong men of seven layers of heaven have completely lost the idea of fighting with Ye Chen. All they want now is to beg Ye Chen's kindness, let them go, and let go of the forces behind them!

At this time, ye Chen slowly opened his mouth and said, "let go of the Zhou family, as well as the Yin Lei tribe of Wanjun Yougu, you can."

Originally, he did not want to do anything to the Zhou family and Wanjun Yougu.

Zhou Wumu and thunder wind, instant joy!

Although Zhou Qiong and Lei LuoCha are the genius of their respective forces and the hope of their future rise, in the final analysis, they are just a small generation.

Genius?

Regeneration, re culture is it.

The world of warriors is the reality to this point!

Even kinship, in front of the real interests, is not worth mentioning!

Zhou Wumu and Lei Feng saluted Ye Chen at the same time and said, "in this case, I'll leave first. In the future, if you can use the place of last week's home, just open your mouth."

"It's time for Lei to go back. The Yin Lei tribe is also left to Mr. Ye."

In their eyes, there is a twinkling of joy, the joy of the survivors, turning around to leave this piece of ruins, for Zhou Qiong and Lei LuoCha these two descendants, do not have a trace of concern.

They're dead. What do you care about them for?

But at this time, ye Chen suddenly said, "I let you go?"

Chapter 4464

Zhou Wumu and Lei Feng, with a stiff complexion, turned around somewhat puzzled and said, "Mr. Ye just said that he would like to let go of the Zhou family and the Yin Lei tribe of Wanjun's Yougu?"

Ye Chen looked at them, his smile gradually became cold and said, "well, but I didn't say, I want to let you go, right?"

"This..." The two of them were in a panic!

What does Ye Chen mean!

Ye Chen step by step, toward two people, cold way: "if I remember correctly, just you to me hand?"

Zhou Wumu was soaked in cold sweat. He quickly explained, "Mr. Ye, this is a misunderstanding. We were bewitched by those two bastards, so we just..."

Ye Chen said without expression: "did I ask you the reason?"

Looking at the young man who looked like a god of death, for a moment, these two powerful men, who are extremely noble and majestic on weekdays, are actually at the same time choking their throats and dare not even speak!

At the moment, ye Chen seems to be the king who dominates the heaven and earth. He is a tyrant!

"If you do something to me, it's a crime of ten thousand deaths. Zhou family and Yin Lei tribe, I can let go of your lives and stay."

If you offend the supreme being, do you kneel down, apologize, and pay a little money to survive?

Ha ha, too naive, in front of the supreme, there is only to kill or not to kill, how to forgive?

Some things, you do, do not ask the reason how, all have to pay a price.

Some people, you offend, no matter how regret, how excusable, must die!

This week, with the wind, will be completely covered with the wind!

A moment later, starlight cultivation, the ruins, only a few remains.

Zhou Wumu, Lei Feng, Zhou Qiong, Lei Luocho and Zhu laodo all die!

Compared with Zhou Qiong, Lei Luocho and Zhu Lao, Zhou Wumu and Lei Feng have good luck. Their spirits have completely disappeared!

But Zhou Qiong is the same as the red wind fir, the spirit is imprisoned by Ye Chen, and will be tortured forever!

After killing these people, ye Chen breathed out a breath, his body slightly swayed, he was a little weak.

He killed the ancient great devil with all his strength. If the two strong men burned their blood essence to him, ye Chen might lose.

But the other side was scared.

Fear is the taboo of the warrior!

After scanning the remains of several people, ye Chen is too lazy to pay attention to it. With a flash of body shape, he directly leaves here and seeks a secret place to meditate and recover.

Soon after ye Chen left, a crack suddenly appeared in the void.

A bloody figure appeared in the ruins of the grotto. His eyes swept over the earth. When he saw the remains of the corpses, an unexpected color appeared in his eyes. However, he soon calmed down and said with a contemptuous smile: "how many people in Wanjun valley have died this week? This is to save the young master Ben himself

As soon as the voice fell, he actually raised his hand and put the corpses in his pocket and left here.

At the moment of the youth's appearance, all the monsters near the grotto were crawling on the earth, as if they were welcoming the arrival of the king!

The young man, actually, is emitting the extremely frightening evil spirit fluctuation!

Ye Chen wakes up from a secret cave, his eyes flash with a divine awn, and his body breath recovers to the peak state.

However, let him some pity is that Shuo Lao and Xuan Hanyu are still in a deep sleep.

It seems that on the day of the war, the women in the human domain consumed too much strength.

"Since the revenge has also been revenged, we should go and make peace with the dark devil emperor."

"I don't know if the great men have come out of the land of great fortune..."

When ye Chen was about to leave, he suddenly took out a jade card, which was the VIP card of Tianxing Pavilion!

At the moment, a message came from the VIP card, which was actually a communication from Qin Ziwei.

Ye Chen's mind swept, and Qin Ziwei's voice rang out in his head: "Mr. Ye, do you know Miss GUI Lingyun of GUI family in the hundred barren mountains?"

Ye Chen facial expression moves a way: "know, how?"

Qin Ziwei said: "Miss GUI, she seems to be about to get married."

"What?"

Ye Chen hears speech, eyebrow a frown, some surprised, but, very quickly, it calmed down.

Although GUI Lingyun seemed to have some affection for him in the ruins of Youwang on that day, in fact, they did not contact each other for a long time, so they could only be regarded as friends.

Besides, GUI Lingyun is in the moon soul region. I'm afraid that he has not yet heard the news of his reappearance. He should also think that he died in the ruins of the Youwang.

Therefore, it seems that it is normal for GUI Lingyun to get married.

He nodded: "yes, but why tell me about it? It doesn't seem to have much to do with me" Qin Ziwei said: "this is because Mr. Ye was wrong. Miss GUI got married because of you..."

"Ah? What does it have to do with me? "

.....

A hundred barren mountains, Guijia.

GUI Lingyun is sitting in her bedroom practicing, and the massive aura has melted into her body at a very fast speed. At the moment, the breath that Gui Lingyun sends out is incredibly powerful!

After coming out from the ruins of Jiuyou holy king, with the help of Ye Chen, GUI Lingyun's cultivation has soared to too many!

This cultivation speed, in addition to using the word against the sky to describe, can not think of any other adjectives!

A kind of extremely deep, strange breath, enveloped in the whole body of GUI Lingyun, it is the breath of the blood of heaven and ghost!

The reason why GUI Lingyun can progress so quickly is because of the ghost blood on this day!

Just then, outside the door, there was a knock on the door.

GUI Lingyun accepted the skill and said, "come in."

A servant girl pushed the door into the room. Facing GUI Lingyun, she was afraid and said cautiously: "Miss, the wild child asked the maid to bring a word. He said that he had done what you wanted him to do. Please remember your agreement..."

GUI Lingyun smell speech, that beautiful face seems to be filled with endless frost and snow!

Seeing this, the servant girl's shoulder trembled slightly, and a look of great fear appeared on her face

Since she came back from the ruins of the Youwang, she has been giving people a very cold feeling. It seems that she has lost her feelings. It seems that she has completely changed

Today's GUI Lingyun, eyes have no that kind of fresh and pure, the rest is cold and fierce.

Her whole person seems to be turned into a sculpture of ice and snow.

GUI Lingyun light way: "know, retreat."

Hearing the words, the servant girl quickly withdrew from the door.

Chapter 4465

At this time, a woman's voice sounded in Gui Lingyun's mind: "Lingyun, do you really want to do this? Why do you have to deal with this desolation... "

The sound is just the Qingyi of Ye Chen who has been seen in the ruins of Youwang.

The existence of Qingyi is similar to xuanhanyu and shuolao, but not so powerful.

A few days ago, Qingyi fell into a deep sleep because of an accident. It is not clear what happened during this period of time. However, GUI Lingyun told her that there was an agreement between GUI Lingyun and Huang Jixuan, the actual ruler of Baihuang mountain, the first genius of the desolate family. There was an agreement about GUI Lingyun's marriage!

That is, if Huang Jixuan strikes and kills Zhou Wumu, Zhou Qiong, Lei Luosha, Lei Feng, and Zhu Lao, she will marry Huang Jixuan!

It is extremely mysterious, one of the most terrible demons in the history of the hundred barren mountains!

According to the legend, he inherited the blood of the supreme demon family. It is said that when he was less than 1000 years old, he had the strength to surpass the master of the desolate family

There are too many legends about the wildness and mystery!

However, Huang Jixuan basically appeared in the outside world and rarely showed his strength. Therefore, he did not even climb the list of God stars.

If it seems that Gui Lingyun can marry Huang Jixuan, he will be very happy, but Qingyi doesn't think so.

This desolate extremely Xuan looks very rebellious, but, Qingyi knows, he is still not worthy of GUI Lingyun's heavenly ghost blood!

After GUI Lingyun returned from the ruins, he began to pursue GUI Lingyun crazily. However, GUI Lingyun never agreed, but why did he change his mind now?

GUI Lingyun's beautiful eyes twinkled: "because my strength is not enough to defeat Zhou Wumu of Zhou family and Lei Feng of Yin Lei tribe."

Qingyi said: "with your talent, the Zhou family and Wanjun valley are just a grain of dust under their feet sooner or later. Why are you in such a hurry?"

GUI Lingyun was silent for a moment and then said again, "Qingyi, Huang Jixuan told me a message He said, "Ye Chen, he is still alive."

"What?" Qingyi said in disbelief, "how can it be? On that day, he clearly

GUI Lingyun said: "he said that Zhou Qiong and Lei Luosha are taking Lei Feng, the elder of Zhou family and the strong man of Yin Lei clan, to kill Ye Chen. I He must be saved... "

Qingyi said: "in case, he is cheating you, how to do?"

On GUI Lingyun's pretty face, a bitter smile suddenly appeared: "even if he cheated me, I want to believe it, Qingyi, do you know? During this period, all along, my biggest wish is to hear that ye Chen is still alive... "

"But even if I promised this marriage, I won't let him touch my finger!" she said

In the heart of GUI Lingyun, ye Chen is the only one! Even if ye Chen doesn't love her!

When a girl has seen an excellent genius, all the men he meets in the future will only serve as his foil.

.....

In the cave, after listening to Qin Ziwei's words, ye Chen couldn't help sighing: "for me, why is this? I'll treat her as a friend at most..."

It has to be said that Tianxing Pavilion is really eye-catching, and can clearly understand what happened in the hundred barren mountains.

And Qin Ziwei also told ye Chen what happened.

Including GUI Lingyun's refusal to Huang Jixuan and the agreement he made with Huang Jixuan for his sake

Also, after ye Chen left, Huang Jixuan suddenly appeared and took Zhou Wumu and other corpses!

This is too mean!

You killed people?

Get the body certificate now?

Ye Chen suddenly flashed a wisp of cold light in his eyes and said, "Miss Qin, what strength is this wasteland and extremely mysterious?"

Huang Jixuan did not kill Zhou Wumu and others, but took their remains. What do you want to do!

Ye Chen must stop this wedding!

Qin Ziwei's voice, more than a coagulation heavy way: "the wild extremely mysterious, is the moon soul domain only one has the sky star Pavilion VIP card person!"

Ye Chen's pupil shrinks!

He knows that the VIP card of tianxingge is only issued in the Yangzhen area, while in the yuehun domain and xingxuan domain, only a few people can get the VIP card!

These people, have a characteristic, that is, martial arts talent is extremely adverse to heaven!

Just like Ye Chen, with the record of defeating Han Ziyang, he got a VIP card!

Originally, he was still a little strange. How did Huang Jixuan know that Zhou Wumu and others were going to pursue and kill him? Now his doubts have been solved.

Have a star Pavilion VIP card can know a lot of information!

However, why didn't Qin Ziwei directly say the strength of Huang Jixuan? Is it because of the identity of this VIP that she can't reveal to herself?

Qin Ziwei continued: "I don't know about this person's specific strength Because, his number of shots is too few. However, according to the information I have in my hands, this person has at least the strength of Shiyuan seven layer days, or even higher, otherwise, he will not plan to attack Zhou Wumu and others! "Ye Chen smelled the speech, his eyes sank, and asked again, "how many days are there before the wedding?"

Qin Ziwei said: "the wedding ceremony is scheduled in two days."

Two days!

At that time, Shuo Lao and Xuan Hanyu may not have awakened!

Ye Chen's strength today is almost able to crush the general origin of seven layers of heaven, but in the face of that kind of demon who can jump the level in the seven layers sky, he can only say that he has the strength of a war, but can not guarantee victory!

Moreover, this famine is extremely mysterious, the strength may even be above the seven layers of heaven!

At this time, xuanhanyu said in a faint voice: "I'm not sleeping now, but my strength can't help you..."

Ye Chen nodded, without any blame for xuanhanyu.

Or their own too weak!!!

Qin Ziwei seemed to see ye Chen's idea and said, "Mr. Ye, if you want to improve your strength in a short time, I have a suggestion."

Ye Chen hears speech, the vision one bright way: "is what?"

He came here more to enhance his strength, after all, the butcher's Congress is getting closer and closer!

Qin Ziwei said: "it seems that the strength of Ye Gongzi has something to do with the dragon clan. Few people know that there are some places in the Yangzhen area. Every tens of thousands of years, there will be wandering archaic dragon spirits passing through there!

And I just know where an ancient dragon spirit will appear soon! "

Ancient dragon soul?

At this time, xuanhanyu said weakly: "it is said that in the ancient times, there was a great calamity, and a large number of real dragons were lost. After the death of these real dragons, the remnant souls turned into Taigu dragon spirits, wandering in the void, and occasionally appeared in some planes!

This ancient dragon soul is a good thing for you. The blood dragon is nurtured from your body, and there are keels in your body. If you absorb it, you can improve the fusion degree between you and the keel. In this way, even if you don't use the power of Shuo Lao, you can use the keel better! "

Chapter 4466

Ye Chen's heart a joy, however, soon suppressed the mood, Qin Ziwei asked: "what do you need me to do?"

To tell you the truth, tianxingge has helped him a lot. It is impossible to disclose these news to him in vain!

Qin Ziwei said with a smile: "in fact, Tianxing pavilion has also tried these ideas of Taigu dragon spirits, but they have never been successful. The most important point is that only the warriors in the original environment can get close to the ancient dragon spirits. Otherwise, once the existence of the original environment is sensed, the ancient dragon spirits will disappear immediately!

However, although this ancient dragon soul has wandered for countless years, it seems that it has lost its wisdom. However, its strength still can not be underestimated. How can the existence under the original state have the ability to subdue this ancient dragon soul?

However, Mr. Ye is a very suitable candidate. My requirement is very simple. There will be a lot of accompanying gems around the ancient dragon soul. These precious jades are of great value. The greatest function is to refine space treasures. The dragon soul can belong to Mr. Ye. However, I hope Mr. Ye can give it to me. "

The leaf Chen hears speech, without hesitation place head way: "can."

Compared with the promotion of strength, what is the importance of this dragon soul jade?

Qin Ziwei a smile, will be a place to inform Ye Chen.

Immediately, ye Chen's body moved, then turned into a hiding light, toward Qin Ziwei said, shooting away!

.....

A huge Canyon is shrouded in a gale. The gale is not an ordinary storm, but contains a strong sense of space. Here, it seems to be a rare place where the turbulent flow of space exists in reality!

At this time, there was a loud cry from the sky. A big red fire bird at the top of heaven and earth seemed to be involved into the storm by accident. Its whole body was ablaze and struggling frantically. However, after a few painful wails, its flesh and blood bones collapsed in the wind, and even the spirits were smashed by the terrible space storm!

The power of this space storm is extremely frightening. I'm afraid that the ordinary martial artists in the original territory will be involved in it, and there will be great danger!

However, the rocks in this gorge seem quite special and can resist the erosion of the space storm.

However, because of the existence of the storm, the canyon is also empty, without any trace of life.

Only that vermilion rock, in silent telling the memory of ancient times.

However, at this time, a streamer broke out in the storm. There seemed to be a meteorite falling in the sky, which suddenly penetrated the wall of the storm and bombarded the Canyon!

With a loud bang, the earth and rock splashed. The rock that could not be eroded by the space storm was smashed to pieces, and the smoke and dust gushed up, but it was blown away in an instant. At the moment when the smoke and dust dispersed, a figure appeared in the storm!

This person, is an indifferent young man, it is Ye Chen!

The space storm, which can easily tear up even the top monster in heaven and earth, seems to have no effect on Ye Chen. Even a wound can't be left on his body.

Ye Chen looked around, determined his position, then sat on the edge of the canyon, staring at the huge canyon.

According to Qin Ziwei, the ancient dragon soul will appear in this canyon.

As time passed by, ye Chen sat in the canyon for several hours.

All of a sudden, he opened his eyes and looked at something. There seemed to be a very strange fluctuation in the space there!

It's like a whirlpool of space that will appear soon!

The next moment, a whole body flashing gold, long about a huge figure, suddenly appeared in front of Ye Chen!

His pupil shrinks, his eyes also appear a very shocking look!

This is a golden dragon!

Every scale and every detail of the golden dragon can be seen clearly. Except a little bit transparent, it is no different from the real dragon!

Moreover, the dragon power that emanates from his body is extremely powerful, which is not much more than that of Shuo Lao on that day!

At the same time, the whole body of Jinlong is also surrounded by hundreds of jade burning with golden flame, which should be what Qin Ziwei said is the precious jade of dragon soul!

Xuanhanyu said in surprise: "Ye Chen, you have good luck, this is a golden dragon soul!"

"Golden dragon soul? What do you mean

"The ancient dragon soul is also divided into five levels, namely, purple dragon soul, golden dragon soul, red dragon soul, green dragon soul and white dragon soul!

Each kind of dragon soul has different strength and contains different dragon power. With your current strength, you can't win over the purple and gold dragon soul. This golden dragon soul is your best choice! "

Ye Chen hears the speech, is also a joy!

He gazed into the eyes of the dragon, and saw that there was a stillness in the eyes, which had completely lost the brilliance of wisdom.

However, even so, ye Chen used the three methods to remove clouds, but he still felt the strength of Shiyuan in the middle stage from the dragon soul! His heart, can't help but beat!

No intelligence, completely relying on instinct, and still only a wisp of remnant soul state, still able to burst out the strength of the middle of the origin?

What is the concept?

For example, ye Chen fell into the state of relying on instinct to fight, without using any means to possess the strength!

He believed that when the golden dragon was alive, it could have a thousand times more powerful than it is today!

Shocked at the same time, ye Chen also felt a burst of insignificance!

Even such a powerful Archaean dragon was killed because of the disaster. It can only be turned into a dragon soul, not Gandhi wandering through the ages

He clenched his fists secretly, and his desire for strength became stronger and stronger!

Only with absolute strength, can we fully control our own destiny!

However, although the ancient dragon soul is very strong, ye Chen is confident to swallow it up. After he absorbed three soul seals, and in the stone tablet of tongtianming, he has a great advantage in the presence of ghosts and ghosts. Even if the Dragon Spirit appears in front of him in the later period of Shiyuan, ye Chen is confident that he can subdue it!

At the next moment, he realized that the soul power was working in the sea, and he had to use the soul swallowing to suppress the ancient dragon spirit. But at this time, xuanhanyu said, "Ye Chen, wait a minute."

Ye Chen smell speech, some doubt way: "Xuan fairy, how?"

Xuanhanyu said: "Tianxing Pavilion can predict the time and place of the ancient dragon soul, which indicates that the ancient dragon soul will appear in the same place for a long time. Although the spirit of the dragon has lost its wisdom, why does it always come to this Canyon? Don't you wonder why?"

Ye Chen frowned and said, "maybe, it's just because this is the place where space is turbulent and where it meets?"

Xuanhanyu said: "it's possible, but maybe it's another chance? Why don't you follow the dragon spirit first? Where is it going

Chapter 4467

Ye Chen nodded at the smell of the speech. At the next moment, his figure flashed, and he followed the golden dragon, heading for the deep valley.

His eyes flickered, and a trace of curiosity loomed. According to Qin Ziwei, the warriors from the original territory appeared around the ancient dragon soul. Although they would not scare it away, they would

attract the attack of the dragon spirit. But somehow, the dragon soul was extremely quiet in front of him?

There was no sign of attack.

Xuanhanyu said: "it is possible that because of the existence of the keel in your body, you have the dragon spirit. The dragon spirit may regard you as the same kind."

Ye Chen nodded, followed the dragon soul, and continued to move forward in the strong wind. At the same time, he also took advantage of this opportunity to put those dragon soul treasures into the bag.

An hour later, a wound appeared on Ye Chen's face. He frowned slightly. At the moment, he has come to the center of the canyon, and the space storm here seems to be more and more intense!

At this time, a very desolate dragon chant suddenly sounded, ye Chen was slightly surprised, only to see that the ancient dragon soul actually raised its head and sent out a long chant!

At the same time, the dragon soul has emerged before a virtual door! This gate is like a white jade carving, on which there are countless dragon shaped reliefs!

With the chant of the dragon, the gate opened slowly, and a burst of green fog floated out of the door.

The next moment, that ancient dragon soul actually is the body shape move, will fly into that gate!

"Shit!" Ye Chen saw this and scolded him. He still needs the dragon soul to improve his strength!

He looked at the unreal door in surprise and asked, "Xuanxian, do you know the origin of this gate?"

Xuanhanyu said with some uncertainty: "green fog Longmen Is this the legendary tomb of the dragon clan

"Dragon cemetery? What is this? "

"As you know, the body of the dragon clan is a treasure. If it is buried in an ordinary tomb, it will inevitably be stolen. Therefore, in ancient times, the dragon people with high blood lineage had a tradition of being buried in the tomb of the dragon clan after death.

This cemetery is a small space specially opened for the dragon people, and its feature is a green fog dragon gate! As for what is behind the dragon's gate, no one knows! "

Ye Chen watched the Dragon disappear behind the green fog dragon gate, and his hesitation flashed in his eyes. Finally, he gritted his teeth, moved his body, and then flew towards the green fog dragon gate!

This green fog Dragon Gate looks very strange. However, if it is really the tomb of the dragon clan, there must be countless benefits!

Ye Chen will not let go of such an opportunity. Moreover, he must stop GUI Lingyun's wedding and slaughtering ceremony. No matter how dangerous, he will not miss this opportunity to enhance his strength!

However, when ye Chen rushed to the front of the green fog dragon's gate, there was an extremely strong anti shock force in the door. Ye Chen's strength was irresistible, so he was shocked to fly out!

His face was gloomy, and he couldn't get in!?

At this time, xuanhanyu suddenly opened his mouth and said: "to enter the green fog dragon gate, you should have two conditions. One is to have the blood of the dragon family. In this case, you have the keel. Second, you have the soul state! You try to transform yourself into a soul body! "

Ye Chen hears the speech, the essence in his eyes twinkles. At the next moment, three soul seals surround his body. In an instant, ye Chen's body seems to be illusory!

At this time, the green fog dragon gate is about to close!

Ye Chen murmured, all over the body spirit power crazy operation, instantly turned into a streamer toward the dragon's gate to fly away!

In the twinkling of an eye, the unreal gate carved like white jade has been completely closed, and the green fog flashes, everything disappears, as if it has never appeared before!

In situ only left that incomparably powerful space storm, in addition, empty.

At this moment, ye Chen has come to a land full of green fog, his eyes emerged a touch of excitement, this green fog land, full of rolling dragon flavor, must be the legendary dragon family cemetery!

And he, I'm afraid, is the first living man to enter the Dragon tomb!

Ye Chen's body moved and wandered in the ancient dragon tomb, looking for the ancient dragon soul.

All of a sudden, he saw a cemetery in front of him. In the cemetery, there were tombstones, thousands of tombstones!

And each tombstone is carved with a dragon head!

However, the first thing that attracted Ye Chen's attention was not the tombstone, but the endless Dragon Spirit emanating from the cemetery!

He took a deep breath, and the strong dragon spirit was madly pouring into his body. He could clearly feel that with the influx of dragon Qi, his body and the keel were more and more consistent!

For a while, he didn't care to find the place of the ancient dragon soul. He had to cross his knees to absorb the Dragon Spirit from the cemetery. But at this moment, a cold voice suddenly sounded in his ear!

"Who dares to break into the forbidden area of the Dragon tomb?" Ye Chen was startled at the speech. He turned his whole body and looked in the direction of the voice. But the next moment, he couldn't help but be a little stunned

In front of him, a handsome young man appeared

And this young man, ye Chen is actually know!

How could that be possible!

Ye Chen's pupil is enlarged!

After seeing ye Chen's appearance, the young man was stunned and said in disbelief, "Ye Chen, how is it you? "

"Long Xuan?"

This person, awe inspiring, was ye Chen's entry into Lingwu, and ye Chen joined the Dragon Xuan of Xuanyue together!

Later, they joined Shenjizong together.

Later, Long Xuan seemed to disappear completely.

At that time, ye Chen needed to face the demons and Xuanyuan Mo Xie. He didn't care about the few people around him.

Later, ye Chen asked about the whereabouts of Long Xuan. All the insiders said that ye Chen was brilliant. Let Long Xuan understand his weakness and go to look for opportunities!

This search never appeared again.

How can long Xuan appear here?

And

In Ye Chen's eyes, there is a very shocking look. Now, long Xuan is a source of the later existence!

Although, is the source of late, but also has been unimaginable to describe!

Besides, there is a little bit more!

That is, Longxuan is actually a soul body state?

After a while, long Xuan seemed to react and frown: "Ye Chen How did you get in here? Here, only after the death of the dragon clan, can you Why, there is a dragon flavor in your body? You have a keel? "

Suddenly, his eyes changed slightly: "you are a living man!"

Chapter 4468

For a moment, long Xuan looked at Ye Chen's eyes, and became strange, even with a hint of creepy meaning, but soon returned to normal.

Ye Chen didn't seem to notice the change of Longxuan's eyes. He said, "Longxuan, you are..."

A lonely smile appeared in the corner of Longxuan's mouth and said: "in those days, I died accidentally in the land of Lingwu. After my death, a wisp of remnant soul accidentally fell into the Dragon tomb and became the zhenhun Department of the Dragon tomb. This cultivation was also given by the Dragon tomb after I became the zhenhun department."

Ye Chen's eyes flashed slightly: "Zhen Hun Si?"

"Follow me," Longxuan said

Said, then flies toward the distance.

Soon, they came to an extremely huge altar, and just then the ancient dragon soul was sitting on the altar!

As soon as long Xuan reached out, his body was full of dragon Qi. There were bursts of aura on the altar. It seemed very difficult to drive the altar. Even with long Xuan's cultivation, it was extremely hard!

And in the light of the spirit, the ancient dragon spirit was slowly dissipated!

Looking at Ye Chen, long Xuan said with a smile, "the mission of the zhenhun department is to appease these dragon spirits wandering in the sky, calm their discontent in their hearts, and let these dragon spirits rest in the Dragon tomb and have the opportunity to reincarnate again."

His mouth, emerged a touch of bitterness: "this life, I am afraid, can only spend in this dragon tomb..."

Ye Chen frowned and said, "is there no way to leave the Dragon tomb?"

Long Xuan said with a smile, "I'm the zhenhun department. I'm bound by the Dragon tomb. But it's not difficult for you to leave.

However, it seems that your keel has not yet fully integrated with your body... "

He pondered for a moment, and his smile became more cordial: "it's your chance to enter the Dragon tomb. If you want to make your body perfectly blend with the keel in other places, I'm afraid it's difficult. But here, it can be done easily."

Ye Chen hears speech, vision a bright way: "how to do?"

Long Xuan suddenly pointed to the altar and said, "after soothing the dragon soul, its soul power will be transformed into pure spirit liquid, which will provide energy for the cemetery operation. The spirit liquid will be collected in the cemetery to form a spiritual spring. This spiritual spring, called Longquan, has a very strong dragon Qi, and even can transform human blood into dragon blood. If you enter the dragon spring, you can enter the dragon spring Then your body will fit the keel perfectly

.....

In the upper and lower part of the spring, there is a clear mist.

At this time, the fog was in disorder, and two figures appeared at the edge of the spring.

This spring is Longquan!

Ye Chen looked at the jade spring under his feet, and the color of surprise appeared in his eyes!

Just standing on the edge of the spring, ye Chen could feel the keels in his body tremble slightly, as if he was eager for Longquan!

And the Dragon Spirit among them is also surging to the extreme. For example, the cemetery is even more powerful!

Ye Chen some can't wait to enter the dragon spring, but suddenly, a hand is holding Ye Chen.

A very pale hand.

Looking at Ye Chen, long Xuan said solemnly, "Ye Chen, although the Longquan is good, it is extremely dangerous to enter it! The power of Longquan is so powerful that it can even forcibly change the body and pulse of living creatures. Can it be easily tolerated?"

I know that your body is very strong, but you may not be able to withstand the erosion of Longquan... "

Ye Chen said with a smile: "don't worry, I still have some confidence in my own body."

Long Xuan shook his head and said, "it's better to be careful."

After that, he turned his wrist and handed a five color pearl to Ye Chen and said, "this is the Dragon bead bred in Longquan, which can reduce the damage to your body caused by Longquan. Send it into the elixir field and refine it. In this way, you can be sure of nothing."

Ye Chen looked at the dragon ball, and his eyes flashed for a moment. Then he picked up the dragon ball, swallowed it in the mouth, and gazed at the Dragon Xuan and said, "thank you very much."

Having said that, as soon as he turned around, he would go to Longquan. However, when he was about to step into the Longquan, ye Chen suddenly turned around and asked Longxuan, "don't you really have a way to leave here?"

Hearing the speech, long Xuan shook his head and said, "I have accepted my life. It is fate that you and I can meet here. I will try my best to help you."

"Good." Ye Chen nodded, no longer speech, body movement, then fell into the Longquan.

As soon as Fang entered the Longquan, the jade like spring water seemed to be stimulated by something, and instantly boiled up!

Then, toward Ye Chen's body, surging fast!

As soon as ye Chen's face changed, a sharp pain broke out within himself. Even with Ye Chen's willpower, he couldn't help but let out a roar!

At the moment, it seems that tens of thousands of real dragons are tearing and destroying in his body!

Long Xuan's face is also showing a very tense look! To tell you the truth, there is no difference between those who want to mend heaven and those who want to die!

Not to mention the martial arts of sky mending, even if it is the origin of the realm, or even the existence of the half step real state, it will be torn up by the power of Longquan in an instant!

That is to say, ye Chen's constitution goes against the sky, as well as has the keel, only then has a minute to survive the hope!

Massive blood gushed from ye Chen's body in an instant, and dyed the jade like spring water into a red color!

However, even so, ye Chen is still alive!

In a flash, long Xuan's face was very excited and said, "it's a success!"

Ye Chen, however, braved the pain and devoured the dragon spring crazily. The water level of the blue and blue spring water dropped at a speed visible to the naked eye!

And ye Chen sends out the Dragon nationality breath, also is more and more powerful up!

Time, minutes and seconds to elapse, blink of an eye, has passed a few hours!

At the moment, only one third of the water in Longquan is left!

And ye Chen, has already been quiet down, as if Longquan has been unable to cause any damage to it, and the speed of swallowing is still accelerating!

Even long Xuan saw this scene, his face was full of horror. Ye Chen's performance in Longquan has been greatly beyond his expectation!

As a matter of fact, Longquan in the tomb of the dragon is the trial body of the evil spirits of the dragon clan in the archaic times. If you can bear the baptism of Longquan, the blood of the dragon clan will go further!

However, judging from the current situation, ye Chen is likely to completely swallow up this pool of Longquan!

This is something that even the most evil spirits in the ancient dragon clan can't do!

After a few hours, the Longquan has been drying up, and the green fog in the whole cemetery of the dragon people has been greatly reduced!

Chapter 4469

And ye Chen's breath of dragon has reached a level of horror. Now, compared with human beings, ye Chen is closer to the blood of the dragon clan!

Reincarnation blood + dragon blood!

The keel in the body is also in perfect harmony with it!

At this time, the last drop of Longquan is also into Ye Chen's body, he slowly opened his eyes, endless dragon power, surging in his eyes!

His face flashed with joy. The power of Longquan is too strong!

Not only his blood, body, and even the keel of his body were all under the baptism of Longquan, which strengthened a grade!

Now, if ye Chen is willing, he can easily become a giant dragon!

I'm afraid the fit with the blood dragon is extremely high.

"Congratulations, ye Chen," Longxuan said with a smile

Ye Chen hears the speech, is also a smile, is preparing to open his mouth to say something.

But at this time, a five color light suddenly covered his body. In this light, ye Chen was unable to move!

His face changed slightly and looked at Longxuan and said, "Longxuan, what's going on?"

Looking at Ye Chen's appearance, long Xuan's smile gradually became cold and ferocious. "Ye Chen, you have to forgive me. If you want to leave the Dragon tomb, I have only one way. We are good brothers. You will forgive me, right?"

Ye Chen smelled the speech, his face faintly pale, even his eyes were shaken and said, "you just said that there is no way to leave the Dragon tomb?"

Step by step, long Xuan walked towards Ye Chen and said leisurely, "I just remember now. Actually, there is a way to let me leave the Dragon tomb."

At the next moment, his eyes suddenly flashed a touch of Yin Li color and said: "that is, seize the house! Ha ha ha ha ha, don't you know? This dragon tomb is a place that only living people can leave!

I never dreamed that one day I could see the existence of living people in this dragon tomb. This is a gift from heaven

Looking at the empty Longquan, Longxuan said with more satisfaction: "moreover, it is a perfect body that will completely swallow up Longquan!

Ye Chen, it's not that I want to harm you. It's just that immortality is imprisoned in this cemetery. It's more terrible torture than death! In this dragon tomb, I am bound by the power of the Dragon tomb, and even have no chance to die! "

As soon as the voice fell, his face suddenly twisted and said, "fortunately, you have swallowed up the dragon spring, and the strength of the Dragon tomb has weakened. Now, it is the best opportunity to leave the Dragon tomb!"

At the next moment, he turned into a very ugly black dragon and rushed towards Ye Chen!

Can, originally the vision incomparably ferocious black dragon, at this moment, but suddenly pupil a contraction!

I see, ye Chen turbulent eyes, unexpectedly is an instant to restore calm, and, with a trace of fun in the eyes!

Long Xuan, who has been with Ye Chen, has seen Ye Chen's eyes several times!

Every time, ye Chen shows such eyes, his opponent seems to have bad luck!

The black dragon's eyes were gloomy in an instant!

"Hum! The dragon ball is the most precious treasure I got after I became the zhenhun department. It should be enough to suppress the boy's spirit and body! "

He secretly cold hum a, rush to the speed of Ye Chen, is to speed up a minute!

However, at this time, a dragon chant suddenly rings from ye Chen's body!

The eyes of the black dragon trembled, and a dragon soul flew out of Ye Chen's eyebrows, zoomed in at a high speed. In a twinkling of an eye, it turned into a jade white, extremely majestic dragon, looking down on itself coldly!

The next moment, the dragon was actually a mouth spit out a light column, toward the Dragon Xuan bombardment!

How could that be possible!

In Longxuan's eyes, there is an incredible color. In Ye Chen's body, there is actually a dragon soul?

Moreover, it is a very powerful dragon soul! As the soul of the Department of long Xuan know that the soul of the dragon from ancient times and even the great famine!

The strength of the dragon spirit seems to have weakened a lot, but it has recovered a trace of strength in the mighty dragon tomb!

And just this trace of strength, it is enough to cause a great threat to long Xuan, who is the zhenhun department!

Looking at the light column, there was a very dangerous feeling in Longxuan's heart!

He roared, the body surface, black light diffuse, towering power completely erupted, and the light column hit a place!

Even in danger, long Xuan is not willing to retreat!

No matter what, he must seize this opportunity to leave the Dragon tomb!

There was a big bang and a shock wave, which diffused the green fog in the tomb of the dragon. Long Xuan gave out a roar of pain, but it was the light column that the Dragon vomited out, and scattered it!

When long Xuan saw this, he saw a deep joy in his eyes and said with a laugh: "ha ha ha ha, ye Chen, although the dragon spirit is strong, it seems that I can't do anything about it. Unfortunately, your body will still belong to me!" "Is it?"

Ye Chen smell speech, some indifferently open a way, the next moment, is the body move, slowly from the empty Longquan, stand up!

A wave of soul power rises from its body.

The smile on long Xuan's ferocious face solidified instantly!

How could this happen?

Why can ye Chen stand up?

He should be completely suppressed by his own dragon ball, right!?

The original rapid body shape was also too shocked, and he was frozen in the same place in an instant. A very bad premonition arose in long Xuan's heart!

A faint smile appears in the corner of Ye Chen's mouth. However, in the light smile, there is a trace of complexity

The next moment, he opened his mouth and spit out the dragon ball that he had swallowed!

Long Xuan's face changed: "you didn't refine this dragon ball? Why? "

Ye Chen stares at the Dragon bead in his hand, and a trace of reminiscence appears in his eyes. He remembers the past, the experience with long Xuan in xuanyue Zong, in the assessment of Shenhua Institute

A moment later, he let out a light sigh, his face suddenly sharp up, the body of the huge force surging, bang, the hands of the Dragon Ball crushed!

He looked at Longxuan without expression and said, "from the time you and I met, I knew you were lying to me."

On hearing this, long Xuan's eyes trembled for a moment, and his look was somewhat complicated, as if he didn't dare to face Ye Chen

He looks at the Honghuang ancient dragon behind Ye Chen, and suddenly has a trace of enlightenment in his brain.

Ye Chen's eyes flashed slightly. When he swallowed up the Dragon Spirit in the place where the tombstone of the dragon clan was erected, Shuo Lao recovered his strength and regained consciousness with the supplement of the powerful dragon spirit.

And when Shuo Lao wakes up, the first thing he tells Ye Chen is "be careful of zhenhunyi!"

Chapter 4470

As an ancient dragon in Honghuang, Shuo Lao knew the tomb very well. Even, he was one of the talents who tried to enter the tomb!

Ye Chen knew long Xuan's plan, but he didn't break it.

The reason is that he wanted to give this good friend a chance

He hoped that long Xuan could stop at the last moment

He hopes he doesn't have to kill him

Unfortunately, in the end, long Xuan still let him down

However, at this time, Longxuan's face actually recovered calm. He looked at Ye Chen coldly and said with a smile: "ha ha, I didn't expect that there was a dragon soul in your body. However, what happened?"

Although the power of the dragon spirit is strong, it still can't defeat me. You still have to die. After I have wiped out your spirit, your body is still mine, and nothing has changed!

Ye Chen, you may not understand how great the gap between you and me is

As soon as the voice fell, the Black Dragon Spirit rolled out from the Dragon Xuan body and turned into a huge dragon claw!

The scales on the dragon's claws are clear, and the claws are dense. They are full of dark, sharp and heavy breath. It seems that if you grasp it, you will tear the whole dragon tomb into pieces!

The most important thing is that the power in the dragon's claw is indistinctly integrated with the way of heaven. It seems that this claw does not come from the Dragon Xuan, but is grasped by the dragon who is in charge of heaven and earth!

Under the claws of the dragon, all living beings are ants!

This claw, extremely terrible!

Even if it is the old Shuo see, are unable to help, slightly frown!

However, ye Chen still kept a cool look, staring at long Xuan and saying, "believe me, I understand."

If ye Chen was not sure whether he could defeat long Xuan when he first entered the tomb of the Dragon

Now, he can be sure!

Long Xuan is not his opponent here!

At the next moment, with a roar, the endless dragon power burst out of Ye Chen's body, turning into a dragon shaped virtual shadow and rising into the sky. The soul of Shuo Lao's dragon is also integrated into Ye Chen's body. Pieces of dragon scales emerge from ye Chen's body surface. In an instant, ye Chen becomes half human and half dragon!

In his eyes, his eyes flashed, and he murmured: "transformation of soul and body!"

Longxuan's pupils are shrinking wildly. Facing Ye Chen at the moment, he can't help but give birth to a feeling of submission!

That's the suppression from the blood!

We should know that the original blood of the dragon clan of Longxuan was not so powerful. However, after becoming the zhenhun department, although it was only in the state of soul, its blood power was also driven to the extreme by the power of the Dragon tomb!

Otherwise, in fact, the force will not soar to the later stage of Shiyuan!

The Dragon Xuan, who fully urges the blood of the dragon race, is confident even in the face of the ancient dragon race. His blood is not weak!

Can, at present, he actually is from ye Chen's body, felt extremely huge blood difference!

As if, what I am facing is the ancient dragon king in the famine!

How could that be possible!?

Even if a pool of Longquan is completely absorbed, it will not sublimate the blood to such a degree?

At least, ordinary people can't do it!

However, soon, long Xuan was no longer concerned about ye Chen's blood!

Because, three soul seals appeared around Ye Chen's body, and a terrible wave of soul power fell on the Dragon tomb!

In the eyes of long Xuan, a startled look suddenly appeared. He exclaimed, "how could you have such a vast soul power?"

At the moment, he only felt that he had fallen into a swamp of soul power, unable to extricate himself!

The horror in his eyes became more and more intense. When he bit his teeth and roared, all kinds of green smoke appeared on his body surface, and on his face, there was also a look of agony! Can, its breath actually more and more powerful rise!

In order to break out more powerful power, Longxuan began to burn the spirit!

Ordinary warrior, burning spirit, there is a chance to survive, but the spirit will be injured!

But Longxuan is in a state of soul now!

Soul state, burning spirit, there is only one result, that is death!

Long Xuan's eyes are flashing with madness. With this attack, ye Chen and he can only survive. If ye Chen can't eliminate Ye Chen's spirit, even if ye Chen doesn't kill him, he will disappear because of burning the spirit. Only by killing Ye Chen's spirit and seizing Ye Chen's body can he have a chance to survive!

On the top of Ye Chen's head, on the suppressed dragon claws, countless chains have emerged. On the chains, there are many mysterious runes, and the surging power of heaven is almost to be transformed into substance!

However, in the face of long Xuan, ye Chen's face still has no change. Long Xuan's mind is shocked!

Looking at Ye Chen's look, he suddenly had a very bad premonition!

At this time, he said to the sky Four words, but like the death sentence general, bombarded in the Dragon Xuan's consciousness!

At the next moment, an indescribable breath rippled in the Dragon tomb. In front of long Xuan, a figure of incomparably tall and powerful appeared!

It's a giant's shadow, which is holding the ancient magic sword and encircling the netherworld fire dragon!

Longxuan's eyes trembled wildly. Although he could not see the giant's face clearly, a kind of fear from the depths of blood surged wildly!

He didn't want to admit it. He yelled, "no way! You can't be my opponent! Die, ye Chen, die for me

The giant slowly raised his head, looked at the lacquer black dragon claws falling from the sky, and raised his sword!

The long sword is just a wave. It seems that the ordinary wave makes the time in the Dragon tomb stagnate in an instant

After an instant, the extremely powerful dragon claw turned into nothingness and dissipated under this sword!

As if, the paper paste in general, dissipated

Long Xuan looked at the scene in front of him. The smoke on his body surface became thicker and thicker, and his body became thinner and thinner.

It seems that, or can't accept, he burned the spirit of the ultimate strike, unexpectedly was Ye Chen so lightly, crushed?

Ye Chen looks at this once old friend, sighs, looks some desolate, low voice way: "old friend, go well."

After hearing this, long Xuan's body trembled for a moment. Then, his face returned to calm. Looking at Ye Chen, he saw a look of relief in his eyes. He said with a wry smile, "it's lucky to have you send me."

At that time, in order to survive, when his soul was about to dissipate, he seemed to grasp the straw to save his life. He accepted the guidance of some will in the dark, made a contract, and became the zhenhun department. Later, long Xuan found that being imprisoned in the Dragon tomb was a far more terrible torture than death.

However, under the restriction of the power of the Dragon tomb, he could not even commit suicide

If ye Chen had not devoured Longquan, he would not even have the chance to burn the spirit.
