

Physician 4481

Chapter 4481

People look like wood, looking at Lin Rushi foolishly

This is the elder of the Lin family. He is a strong man in the seven layers of heaven!

Why did you kneel suddenly?

Totally incomprehensible!

This scene is even more incredible than the sudden sinking of Tianjin city into the ground!

Even Zhao pianjue, who has always been indifferent, is stupid and has an incredible look.

And it's not over!

The next moment, Zhao pianjue opened his mouth in awe: "Jin Jinxianzi, this time, it's our Lin family's fault. The Lin family's evil block offended you, and you deserve more than one's death. We're delusional to revenge for the evil barrier. We don't know what's good or bad!

I'd like to apologize to you, and to the whole Jin family... "

There was a tremolo in his voice. Obviously, he was extremely nervous and scared!

What's going on with all this?

Why did Lin Rushi suddenly seem to be possessed?

Jin Shuhui is just the early existence of Shiyuan. Can Lin Ruyi kill tens of thousands of early Shiyuan warriors?

What's so terrible about this woman?

So that Lin Rushi was so humble?

Even Jin Shuhui himself is an unknown look.

"Mr. Lin, you What's the matter? "

Zhao pianjue couldn't help asking

He even began to suspect that Lin was not suddenly possessed and lost his mind!

Old Lin shuddered and said, "look at the jade Rune..."

"Summon Yu Fu?"

Zhao pianjue's face moved. In the process of law enforcement, he would seal and summon Yu Fu thoroughly to avoid being disturbed.

After hearing the speech, he found that the master, who was the supreme elder of tianjumen, actually sent a message in person!

Zhao pianjue sank her consciousness into the jade talisman, and soon she was motionless. She stood in the same place like an ice sculpture, and even her breath stopped

People in the Jin family can't help but wonder what happened?

At this time, Jin Jinhua suddenly appeared extremely excited and said with a wild laugh: "ha ha ha ha ha! it's me! It's because of me! They must have been warned by the palace of heavenly king, so they dare not do it! "

Tianwang hall, one of the four halls, is located in the upper reaches of Yangzhen area!

Tianjumen and the Lin family together can hardly be equal to the Tianwang palace!

At this time, people's faces showed a glimmer of sudden color!

This seems to be the only reasonable explanation!

Jin Jinhua's potential is also greatly beyond their expectation. Could he let the temple of heavenly king fight for him?

The elders and deacons, one by one, were flattered and flattered: "Jinhua, promising future, is the real pride of our Jin family!"

"Who dares to offend the gold family when we stand behind us in the temple of heavenly king?"

Jin Jinhua enjoys the flattery of others, and his face is full of pride. To tell the truth, he didn't even expect that the heavenly king hall would value himself so much!

Maybe, the heavenly king hall finally found my potential. From then on, I will fly into the sky!

The more Jin Jinhua thinks about it, the more excited he gets. The only thing that makes him feel that there is something in it is

Because of her own adversity, she saved Jin Shuhui's life.

Jinhui is so happy that she can't help but laugh at her

At the moment, Jin Shuhui is showing her eyebrows and frowning slightly. She knows that Jin Jinhua is just a disciple of Tianwang hall. How can the Tianwang hall be against the Lin family and Tianjue gate because of him?

Not to mention, Jin Jinhua had hoped that she would die, and did not inform the heavenly palace at all!

However, if it is not Tianwang hall, which force in Yangzhen area can make the Lin family and tianjumen fear so much?

At this time, the void suddenly fluctuated together, a crane haired, childlike, tall old man, appeared in front of everyone!

This old man has bright eyes and deep breath. He is more powerful than Jin Zhengliang, Lin Rushi and Zhao pianjue!

Everyone in the Jin family looks slightly changed. Who is this old man?

Only Jin Jinhua was so excited that he could not help jumping up!

For the Tianwang palace, the original heart of a trace of uncertainty, but also with the appearance of the old man, and disappeared!

He looked at the old man with ecstasy on his face, and saluted: "my Lord, you Why are you here? "

This old man, named Wang Zhengkun, is the elder of Tianwang palace. He is supreme in the Yangzhen realm and is the peak of his cultivation!

All the people looked stunned!

Even the elders of the heavenly king hall have come in person?

How excellent Jin Jinhua is! Jin Jinhua's waist, completely straight, a look of arrogance!

He said in his heart, "the elder has come in person. He will not accept me as a disciple."

Jin Jinhua at the moment is like being in heaven!

Even Jin Shuhui is shocked. Is it because of Jin Jinhua that the Lin family and Tianjumen suddenly changed their attitude?

Soon, Wang Zhengkun came to Jin Jinhua.

Jin Jinhua has already made a big ceremony to pay homage to Wang Zhengkun as his teacher!

However, just at this time, there was a crackle in the Jin family mansion, which was extremely loud!

Wang Zhengkun suddenly raised his hand and slapped Jin Jinhua's face!

Jin Jinhua was suddenly fanned down on the ground, nosebleed, teeth have dropped several, he is extremely dull, doubt, wronged looking at Wang Zhengkun, do not understand what he did wrong!

The people of the Jin family are also open mouth, the brain is in a mess!

Wang Zhengkun looked down at Jin Jinhua coldly and said, "Jin Jinhua, as a member of Jin family, Miss Jin is in such a crisis. Why don't you ask for help from zongmen!"

"I've always looked down on such cold-blooded and merciless rubbish like you. From today on, you will no longer be a disciple of my heavenly palace!"

Boom!

It seems that there are 10 billion tons of nuclear bombs in Jin Jinhua's brain!

He never thought that Wang Zhengkun's arrival would be such an end!

It's from heaven to hell!

Daoxin is going to collapse!

Wang Zhengkun didn't pay attention to Jin Jinhua who was out of his wits and talked nonsense. Instead, he saluted Jin Shuhui and said, "Miss Jin, I'm sorry, it's not that I don't want to help you. It's really the boy who didn't tell me. Please don't blame Mr. ye."

After hearing this, Jin Shuhui felt like an electric current running through her delicate body. She was shocked for a moment. Her originally cold look like an iceberg also fluctuated in an instant. Tears fell from her eyes. Her voice trembled and she asked Wang Zhengkun, "you You mean ye Chen is here? Really? Is that true? "

Chapter 4482

Wang Zhengkun was stunned when he heard the speech, but he said with a smile: "now, Mr. Ye is a noble existence in the Yangzhen area. Let's take a move to kill the extremely mysterious evil spirits!

If you dare to offend you, you will be killed

For a moment, Jin Shuhui almost stands unsteadily. If Jin Jinhua is from heaven to hell, then she is from hell to heaven!

This kind of impact, too strong!

And the rest of us, literally, their brains are going to explode!

Evil spirits in Yang Zhen domain? Chenye?

They think of the rubbish for which Jin Shuhui revenged

That legend is dead rubbish!

Why did it become the evil spirit of Yangzhen?

The amount of information is too large, too shocking, will shake their spirits!

Wang Zhengkun gave Jin Shuhui a courtesy, looked at Zhao pianjue and Lin Rushi with a smile and said, "I came here to solve some problems for Miss Jin, but now it seems that it is unnecessary."

After that, his figure flashed and disappeared from the original place.

Hearing this, the people of the Jin family didn't know what happened. However, they knew that the riot was calmed down

But, at this time, a sudden change!

Zhao pianjue, who had been silent, suddenly roared: "I don't believe it!"

A terrible breath suddenly enveloped the whole audience. All the people of the Jin family were shocked and felt great pressure. Some weak practitioners instantly vomited blood and were seriously injured and dying!

"What are you going to do?"

Jin Zhengliang has a big drink. He stops in front of Jin Shuhui and stares at Zhao pianjue.

Zhao pianjue's ferocious face flashed: "get out of here! You want to stop me? "

At the same time, he waved the sword at Jinliang!

In the face of the old strong man who has already stepped into the seven layers of Shiyuan, Zhao pianjue is not afraid at all! Do what you say!

This sword doesn't have a terrible smell, because it is very introverted, and all the powers are concentrated on the edge of the sword!

In the eyes of Jin Zhengliang, a long gun appeared in his hand, and he murmured: "jingun dance Tianfa!"

The intention of rolling gun bursts out, and the golden light flickers. It seems that there is a sky, rolling with Jin Zhengliang's long gun. It is worthy of being the old brand's original seven layer sky existence. This blow is extremely strong, and the general origin seven layer sky existence is very difficult to stop!

This is a unique skill that Jin Zhengliang got in his early years. It has always been a means to protect his life by pressing the bottom of the box. On top of this shooting technique, Jin Zhengliang has devoted his whole life to it!

In a flash, the spear collided with the blue sword!

The unexpected scene appeared!

The light of the golden spear was broken in an instant. At the same time, Jin Zhengliang's chest was also broken. A very sharp breath ran through, and a spatter of blood spilled out and sprinkled on the wall behind him!

"Uncle Zhengliang!"

Jin Shuhui exclaimed, her pretty face was full of anxiety and worry!

As soon as Jin Zhengliang lowered his head, he looked at the sword wound on his chest in disbelief. His legs suddenly softened and he half knelt on the ground.

No one can think that Zhao pianjue crushed Jin Zhengliang's killing moves with great ease!

And, also seriously injured Kim Jong II!

This cool young man, too talented, too evil!

Zhao pingjue stares at Jin Shuhui coldly, slowly raises her long sword in her hand and says, "I am the real first demon in Yangzhen region, not ye Chen. If I want to kill you, I will kill you. No one can command me!"

As soon as the words fall, Zhao pianjue will be cut off with a sword!

Lin Rushi on one side has been scared silly. Zhao pianjue is really a madman!

Didn't you see that your grandson was killed? Did you apologize or even kneel down?

He even wants to attack Jin Shuhui?

But now, it's too late for Lin Rushi to stop it!

Zhao pianjue's sword is very fast, and its strength is far superior to him!

Lin Rushi is flustered. He is afraid that Jin Shuhui is dead. Ye Chen turns his anger on the Lin family. Don't say it's himself. The whole Lin family is in danger of being destroyed!

Some people are you can never be provoked, how much hatred can only be put down!

At this time, a figure appeared in front of Jin Shuhui and looked at the sword that had been cut towards Jin Shuhui. His eyes were cold and he threw his fist at the edge of the sword!

Everyone in the Jin family has a shrinking pupil!

Hit the sword with meat fist, which will easily crush Jin Zhengliang?

It's crazy!

Zhao pianjue's mouth is also a cruel smile, deeply staring at the youth in front of her.

He knows, this person is Ye Chen!

The next moment, the fist and sword intersect, the time is like a freeze frame!An incomparably frightening hair, as if the huge force that can crush the mainland, pour out from ye Chen's fist!

Zhao pianjue's face suddenly changed. He quickly retreated, but it was too late!

Until now, he felt how abnormal the power of this seemingly heaven mending warrior was under one blow!

This is the pure power of life and death!

But it's too late!

Zhao pianjue's body flew out of her body in an instant. She hit the wall of Jin's house and smashed it into a huge hole!

And ye Chen's hand, although also was cut out of a wound, blood DC, but, looks rather ferocious wound, unexpectedly is an instant to recover!

People are numb now!

Reverse, reverse, reverse!

What happened today has completely overturned their military thinking!

Can the sky mending realm exist? Can one blow fly from the source?

Are you kidding me?

However, the fact happened in front of us!

Only one person remained calm. Who was it?

Jin Shuhui.

She has long been used to Ye Chen's adversity, ye Chen's unexpected!

The ant's eyes can't measure the length of the dragon, ye Chen and they are not a dimensional existence.

Before, Wang Zhengkun said that the trouble didn't need him to solve. He didn't think he saw Lin Rushi kneeling, but he knew that ye Chen was coming!

Then, of course, there is no place for him to use his sword. Otherwise, would he not play dagger in front of Guan Gong?

"I don't believe it!"

At this time, a roar rang out, and Zhao pianjue, covered with blood, rushed back again. He looked at Ye Chen coldly and said:

"Laozi is the ultimate genius who can easily crush some demons in the four halls. His strength is far beyond the realm and can fight beyond the level! How could I be robbed of my glory by a guy who didn't know where to come from? Boy, if you want to protect this woman, you can go to death with her!"

Boy, if you can die in my move, you will live your life! Heaven's absolute and divine sword

Everybody pupil, mercilessly shrinks!

Tianjue Shenxuan sword is Tianjue Shenxuan sword!

Chapter 4483

One of the real Zhenzong treasures of tianjumen!

For tens of millions of years, there are not many people in tianjumen who can practice the unique sword technique!

Did Zhao pianjue do it?

No wonder, he has the strength to defeat Jin Zhengliang with one sword second. This man is indeed a demon among the demons!

The power of this sword is extremely concise. On the tip of the sword, there is endless vibration. There are a series of magic arrays flashing at the tip of the sword!

One sword is a thousand sword array!

It seems that even the sky will die out for it!

At this moment, Zhao pianjue's eyes did not rage, no unwilling, the rest of the only self-confidence!

He believed that he would be invincible as soon as Tianjue Shenxuan sword came out!

Even ye Chen is also a twinkling of both eyes. This sword is really excellent!

In terms of martial arts skills, Zhao pianjue is even better than the wild and extremely mysterious!

This sword has gone far beyond the level of Shiyuan's seven layers of heaven, and even is comparable to the attack of the eight layers of heaven of Shiyuan!

If ye Chen didn't exist, maybe Jin Shuhui would die as he said!

Unfortunately, there is no if.

Ye Chen's look soon regained calm. Zhao pianjue's sword surprised Ye Chen, but it was just amazing.

In the depth of his eyes, there was a dark sword in his hand.

The next moment, a star river across the sky!

The dark sword, with its bright light, collided with Zhao pianjue's blue sword!

The Star River and the indefinite sword array froze for one tenth of the breath time. It seems that the heaven and earth are still under these two attacks!

After one tenth breath, Zhao pianjue's eyes suddenly opened, and the confidence in her eyes was like a mirage!

I saw that countless sword arrays were frantically broken under the impact of the star river!

Tianjue Shenxuan sword, defeated!!!

"No way!"

Zhao pianjue gave out a very unwilling roar. Before he had any other reaction, the whole person evaporated under the sword and turned into a blood mist to dissipate, even the spirit and soul were destroyed!

Only the blue sword fell to the ground. The light was dim. It seemed that the spirit was damaged.

Even if it is a high-grade sword, it can't bear the power of star soul chopping!

Ye Chen looked indifferent and said, "I said that if you violate Jin Shuhui, I will kill you without mercy."

For a moment, a very domineering momentum, like a hurricane of ten thousand, surged from ye Chen and swept the world!

Jin family and Lin Rushi, looking at Ye Chen at the moment, are shaking, from the soul of shaking!

They are very glad that they did not attack Jin Shuhui!

At the moment, looking at the young man standing in front of him, two words appeared in people's hearts

Only these two words, can describe this despotic man!

That is the word "King"!

"Shuhui, it's hard for you..."

Ye Chen goes to Jin Shuhui, hugs her gently and whispers in her ear.

Jin Shuhui did not speak, so nestled in Ye Chen's arms.

At this time, Jin Zhengliang came up with a face full of shame and said, "I'm sorry, Mr. Ye. We're sorry for Shu Hui in the Jin family."

Finally, he decided to sacrifice Jin Shuhui for his family.

Ye Chen shook his head and said, "I know that the king has tried his best."

After all, Jin Shuhui is not Jin Zhengliang's own daughter. It's amazing to be able to do this. As for the rest of the Jin family

Ye Chen glanced at those people, his eyes were slightly cold, and all the people in the Jin family were shivering!

Ye Chen said to Jin Zhengliang, "Lord Jin, I want to take Shuhui away for a while."

Jin Zhengliang nodded his head and said, "it's OK. However, Mr. Ye, I want to say a word to Shuhui."

Ye Chen nodded and let go of Jin Shuhui in her arms.

Looking at Jin Shuhui, Jin Zhengliang said with a smile: "girl, you should remember that as long as you are willing, you will always be the Jin family."

When Jin Shuhui heard this, a touch of moved color appeared in her beautiful eyes. She nodded solemnly and said, "Uncle Zhengliang, since I have promised to join the Jin family, unless you drive me away, I will be the Jin family no matter what others say!"

"Well, you haven't seen Mr. Ye for a long time. You should get along with Mr. Ye for a long time."

With that, his eyes looked vaguely at them.

Jin Shuhui blushed and lowered her head, some of whom did not dare to look at Ye Chen.

Ye Chen smiles and moves with Jin Shuhui.

After all, GUI Lingyun is still waiting for him.

Soon, ye Chen came to the GUI family. Now, no one knows Ye Chen's reputation. GUI puLong, with GUI Lingyun, came to the door to welcome Ye Chen. When GUI Lingyun saw the woman beside Ye Chen, her beautiful eyes flashed. Although she pursed her lips slightly, she didn't show any jealousy or displeasure. She knew that men like Ye Chen were destined to have many women.

Ye Chen said to GUI puLong, "master of GUI family, ye Mou, this friend intends to disturb GUI family for a few days. I don't know if it is convenient?"

"Convenient, natural and convenient!" said GUI puLong

Don't say it is a few days, even if ye Chen's friends live in the GUI family all his life, he is extremely welcome!

Once this news comes out, I'm afraid that no one will dare to provoke the GUI family in Baihuang mountain, even the hidden forces in Yuehun domain and some forces in Yangzhen domain?

GUI Pu long waved his hand and said, "come on, take this girl to the best wing room!"

All of a sudden, the Dragon leaves on the body of the dandelion

Ye Chen Mou son a congealing, light way: "I want to leave for a while."

Just a short time ago, he received the news from the dark devil emperor!

Those terrible beings in Hongmeng and blessed land have left!

He must start at once!

And why let Jin Shuhui stay here? More importantly, this place is safer than the Jin family!

.....

The location of Hongmeng is very secret at the junction of heaven and man and Yang Zhen.

Ye Chen also saw the dark emperor.

Cover the sky evil emperor swept a eye Ye Chen, slightly a joy, he can feel the breath of Ye Chen body is strong a lot!

Must have harvested many opportunities!

This is a good thing!

"Ye Chen, although you have a strong breath, this place of great happiness is more dangerous than you think."

"By the way, can you get the pill?"

The devil emperor was cautious.

Ye Chen said with a smile: "the pill naturally got, this time, I have another harvest, that is, I am familiar with a martial art called star soul chop. The power of soul body transformation should allow me to protect myself in it."

Covering the sky devil emperor a Zheng, thought of what, open a way: "Ye Chen, this is not a good news."

"There may be problems in the transformation of soul and body in Hongmeng blessed land."

Chapter 4484

"Since there are two characters of Hongmeng, the most important thing is the ancient method of Hongmeng and Yuanshu, the transformation of soul and body and other forces will be suppressed by the rules inside..."

Ye Chen instantly understood that, he nodded: "even so, we have to make a breakthrough in this blessed land of Hongmeng!"

In order to save Xiao shuihan and make up for the regret of his previous life, ye Chen would not hesitate to break into it, even if it was a place of great fortune.

However, ye Chen is not rash.

After all, the dark dragon Protoss is a force of heaven and man, which is naturally not easy to deal with.

That day, the immortal Koi copied it, and the Ming dragon clan planned to dig it out as a betrothal gift. If outsiders dare to seize it, they must be killed.

There is a magic weapon of the Ming dragon family, called a bi GUI Wai men. It is one of the most precious treasures of Hongmeng in the thirtieth day. Later, it was refined by the Empress Dowager and became the twelve true treasures of the supreme emperor.

On the attribute of Dao Qi, a bi GUI Wai men is the true treasure of GUI Dao.

Every powerful person of the Hades can mobilize the power of a-bi-gui-chou-men to evolve a-bi-gui-chou-men, which can devour people alive and drag them to hell. It's very terrible.

"When we go to Hongmeng, we will hide and send jueyan Python out, pretending to take refuge, and confuse the rest of the people of the Dragon God."

"Wait for Jue Yanhuo Python to sneak into the hell dragon Protoss, we will find a chance to do it again!"

The dark emperor was careful and didn't mean hard hitting.

He plans to send jueyan Python as an undercover to join the stylosaurus.

Ye Chen nods, nature also does not have rashness.

There are not a few days left for the butcher's assembly, and he has to make sure that he is in shape.

If the boat capsizes in the gutter before the start of the slaughtering ceremony, the gain is not worth the loss.

Therefore, it's better to be able to take wisdom naturally.

Whoa.

When the void is torn, ye Chen, the dark devil emperor and Jue Yan Huo Python come to Hongmeng blessed land.

Ye Chen's eyes are a fairyland like world. The sun and the moon are shining, the green moss is piled blue, and there are many exotic flowers and plants. The sky is always pure blue. Several white cranes fly leisurely over Yushu fairy mountain, which is a big scene of immortal family.

"Is this the land of great fortune?"

Ye Chen feels that this place is the source of Hongmeng, and most of the ancient methods and treasures of Hongmeng are handed down from here.

If Hongmeng ancient Dharma and Hongmeng treasure are destroyed, new ancient Dharma and magic weapon will reproduce here.

However, the ancient method of Hongmeng and the most precious treasure of Hongmeng will never be cut off.

This is the evolution of heaven and earth, as long as the heaven and earth do not die out, Hongmeng will live forever.

This is the difference between heaven and earth and man.

The thirty-three Tianhong Mongolian Dharma and the most precious treasure of the thirty-three days Hongmeng are all the things of the evolution of heaven and earth, and Yuanshu is created by human beings.

It is easy to say that man can conquer nature, but it is not so easy.

There are always mysteries in the profound truth of heaven and earth.

Ye Chen came to Hongmeng blessed land for the first time. He seemed to see the secret of Hongmeng.

It seems that they have a deeper understanding of Hongmeng's Secret methods, such as tianlongbashenyin, fahua annihilating heaven, Bagua Tiandan, Tianmo cave Mingyan, Yongye damobian, Dahuang Tianlei, huangquan mintian Jue, etc.

There are six ways of reincarnation, it seems that there is a further level of enlightenment!

"This place is really a blessed place to practice the ancient method of Hongmeng!"

Ye Chen can't help sighing.

"Be careful, don't sink."

"The way of Hongmeng is, in the final analysis, the evolution of heaven and earth. If we blindly rely on degradation, we can't get rid of the shackles of heaven and earth."

"If you want to achieve supreme supremacy and step into the world of the superior, you have to rely on your own strength."

Covering the sky evil emperor mouth to remind, the voice is not big, but like the morning bell and evening drum, concussion Ye Chen's mind.

Ye Chen's heart is awe inspiring. The evil emperor is right. Relying on the help of heaven and earth, you can't reach the peak of martial arts. You must rely on your own strength to surpass heaven and earth before you can become a real martial arts supreme!

"Well, the people of the stylosaurus are in the blessed land."

"Jue Yan Huo python, you pretend to be injured and run in to confuse the people of the StyraX."

Between the words of the demon emperor, he pulled out the sword of killing immortals and chopped it on Jue Yan Huo python.

All of a sudden, jueyan Python skin scales splash, blood dripping, but only skin trauma.

The sword spirit of the God covering demon emperor is very well handled. It doesn't really hurt jueyan Huo python, but disguises itself as an injured one.

The power of the Ming dragon Protoss is huge. Before the disaster of the butcher's Congress is over, ye Chen and the dark demon emperor don't want to make trouble, so they can take the best out of it. Jueyan fire Python is an undercover!

"Yes, Lord devil."

Jue Yan Huo Python agreed to come down and was about to start.

"Wait a minute. I have some holy water here. You can take it. It may come in handy."

Ye Chen draws out a continuous stream of holy water from the yellow spring and gives it to jueyan fire python.

"Thank you, Lord."

Jueyan fire Python took the holy water of huangquan and stored it in the field of elixir. Then he swayed his body and climbed into Hongmeng blessed land. It was given to Ye Chen by the devil, and now ye Chen is its master.

The God of covering the sky released a few crows, flying in the sky without trace, watching everything in silence.

A light curtain appeared in front of him, and all the pictures monitored by crows appeared on the light screen.

Ye Chen and the dark devil emperor are hidden in the edge of Hongmeng blessed land, and do not appear.

Through the screen of light, ye Chen can clearly see that Jue Yan Huo Python has broken into Hongmeng and blessed land, and his huge body is pounding at each other. I don't know how many trees and mountains have been broken, and the smoke and dust are rolling around. The momentum is very terrible.

Among the ten wild animals, jueyan fire Python should be the largest in terms of body shape. It is mainly a python with an extremely long body. It meanders and crawls by. The endless source of fire is burning, as if heaven and earth are going to evaporate. The picture is very spectacular.

In Hongmeng blessed land, although those great people have left, at least hundreds of disciples of the Ming dragon deity are scattered in search of the original jade slips of Tianxian Jinli copy.

Jueyan fire Python made a huge move, immediately attracted the attention of all the Shenzu disciples of the Ming dragon.

Hundreds of Ming dragon Shenzu disciples came to hear the sound one after another. When they saw the huge body of jueyan fire Python and the ferocity of the air, everyone was shocked.

"It's the top ten wild animals. It's jueyanghuo Python!"

"Be careful

"All the disciples listen to the order and show the dragon body!"

The first several strong men, seeing jueyan fire Python so fierce, immediately issued orders.

No one noticed that some crows were circling in the sky.

With the supervision of crows, ye Chen and Zha Tianmo Di clearly see the picture here.

"Is this the dragon of the underworld?"

Ye Chen's eyes are slightly coagulated. All the disciples of the Shenzu are wearing armor and holding weapons in their hands. They look like ordinary people.

But they show the body of the dragon, ye Chen feels extremely terrible evil spirit dragon power, flutter to face.

The appearance of jueyanghuo Python makes all the Ming dragons fear deeply.

They made a quick decision and immediately showed themselves.

One by one, the disciples who looked like ordinary people suddenly changed. They grew dragon horns, dragon scales and tails, and instantly turned into long dragons standing in the sky.

Every long dragon is covered with black scales, shining in the sunshine, and endlessly filled with evil Qi.

Chapter 4485

Hundreds of Ming dragons float in the sky, and their breath turns to form dark clouds, which block the sky and block the sun. Their momentum is very fierce.

The most eye-catching are the three nearly transparent Ming dragons.

The body of each of the three Ming dragons is like a crystal casting, showing a transparent appearance. You can see the skeleton and meridians inside. It's very strange.

"Ordinary Ming dragon disciple, I can kill him."

"But these three crystal Ming dragons have reached the original state. In the later stage, I will join hands with you to suppress them."

Looking at the picture of the light screen, the dark emperor suddenly judged the situation clearly.

The biggest threat of these Shenzu disciples is the three crystal dragons.

It's the blood of the Shenzu of the Ming dragon. The whole body is like crystal glass. It's not stained with dust. It's very powerful.

The three crystal dragons are clearly the leader of this group of gods and the most feared existence of the emperor of the hidden gods.

"Good."

Ye Chen clenched his fist. With his current strength, it is not a difficult thing to deal with the later existence of the original state.

At present, the most troublesome thing is to eradicate the roots. It is not easy to exterminate the mouth.

If, at the critical moment of the battle, these dark dragon disciples will send a message back to the Shenlong clan headquarters, the situation will be hard to deal with, and it will certainly attract the attention of the high-level.

Ye Chen and the dark devil emperor don't want to make a fuss, so we must use the fastest, most ruthless, the most crisp means to kill all the hell dragons!

"This extremely hot Python is injured, take the opportunity to suppress it!"

A crystal Ming dragon is keen to notice the wound of jueyan fire python, and immediately shouts for help.

The strong men of the dark dragon around also showed their dragon claws.

Hundreds of dark dragons are standing in the sky, and the picture is very spectacular.

"Gentlemen, spare your life, spare your life!"

Jueyanghuo Python fell on the ground, lowered his head, restrained his breath, pretended to be weak and seriously injured, and asked for mercy.

The crystal dragon snorted and said, "what else do you have to say?"

Jueyan fire Python said: "I have admired the reputation of the Ming dragon god family for a long time. I heard that you are looking for treasure in Hongmeng and blessed land. I come here to meet you. I hope you can take me in. I want to join the Styx and serve you."

The crystal dragon laughed and said, "Oh? Do you want to join me jue_yanhua_python_said_ : " _yes_ ,
_please_take_it_ . _this_lihuoyuan_rune_is_my_gift_to_all_adults_ . " _

Between the words, jueyan fire boa offered to leave the fire source symbol, directly sent out.

The whole piece of Li Huoyuan rune is surrounded by flames, and layers of flame runes interweave. It's really good-looking.

When the three crystal Ming dragons saw the origin of the fire, their pupils shrank and showed a burning look. They looked at each other and quietly discussed. with_their_strength_ ,

_they_are_enough_to_suppress_jueyanghuo_python_and_seize_the_source_rune_,
_but_they_must_pay_a_lot_of_casualties_ .

Now jueyanghuo boa offers his treasure voluntarily, which saves the trouble of casualties.

However, accepting the treasure, is to accept the cause and effect, that is to say, the request of the fire Python must be promised.

After discussing for a while, the three finally made a decision.

A crystal dragon cleared his throat and said:

"if you want to join me, you can, however, accept one of our conditions."

"My dragon clan has strict rules, not all kinds of cats and dogs can enter. Moreover, when you suddenly appear, God knows if there is any conspiracy behind it."

"If you want to join us, you must promise a condition in case of fraud."

Jue Yan Huo Python said: "dare not cheat the adults, I do not know what conditions are?"

The Crystal Dragon said: "we should plant a contract soul seal in your mind to guard against rebellion. If you are willing to accept it, you can join in."

Jue Yan fire Python don't want to think, way: "no problem."

That crystal Ming dragon Leng Leng Leng, did not expect jueyan fire Python to promise so straightforward, is it really sincere surrender?

You know, if you plant the soul seal, jueyanghuo Python will have no chance to resist. Once you dare to have any strange feelings and the soul seal detonates, it will surely die.

"Very good. I didn't expect you to be so straightforward. It seems that you are really submissive. You are not an undercover spy. I will allow you to join the Shenzu."

The crystal dragon stretched out its claws, and a ray of light fell on the head of jueyan fire python, immediately planted the soul seal, and received the fire source symbol of jueyan fire python.

"Thank you for taking me in!"

Jue Yanhuo Python bow down to appreciate, no resistance, let the soul imprint in his head, seems to be completely obedient.

All people did not expect that there is yellow spring holy water in the body of Jue Yan python, which can wash and purify all soul prints.

At the moment when the soul seal was planted, jueyan fire Python had quietly surrounded the soul seal with the holy water of the yellow spring to prevent it from being detonated.

All things, without trace.

.....

"Lord, Lord devil, undercover has succeeded!" Jue Yan Huo Python will successfully join the ghost dragon Protoss, through the yellow spring holy water, to convey back.

On the edge of Hongmeng, ye Chen and Zha Tianmo Di can see the whole process clearly through the pictures in the light screen.

"Boy, it's good that you are careful and give the holy water in advance. Otherwise, the requirements of the Dragon God will be very difficult."

Seeing the success of the undercover operation of jueyan fire python, the emperor was relieved.

Ye Chen's eyes flashed and said, "it's nothing. It's just a precaution in advance. The next thing is the most important thing."

Ye Chen knows very well that it is not a difficult thing to solve these powerful men of the Hades.

The difficulty lies in the fact that we should make quick decisions and eliminate the roots, leaving no trace and no trace of cause and effect.

"Jue Yan Huo python, we will set up a trap and kill array with you. You can find the opportunity to bring all the people here!"

Ye Chen gives an order to kill all the enemies of the dark dragon Protoss without leaving any cause and effect. He must not fight head-on. He must use a trap.

Ye Chen and Zha Tianmo Di look at each other. They have a tacit understanding and immediately begin to arrange traps.

"Poison source code, imperial edict!"

When you worship the source of poison, you wave your hand.

All of a sudden, a wisp of terror gas, rolling in the void.

The plants and trees under Ye Chen's feet, contaminated with poisonous gas, withered rapidly.

The whole poison source rune, spread on the ground, soon formed an extremely poisonous killing array.

Ye Chen infuses all his aura into the poisonous killing array.

In an instant, the aura in Ye Chen's body was almost exhausted, and the extremely poisonous killing array was also shining with a bright black light, and the poisonous smoke was rolling.

This highly poisonous killing array has poured all of Ye Chen's spiritual power. You can imagine its power.

"Qisha Wanya pot, Zhenluo!"

See, cover the sky evil emperor also shot.

With a wave of his hand, a jade pot with magic Qi floated out and landed at the eye of the central array of poisonous killing array.

Endless evil Qi, evolved into a black flaming crow, flying and dancing above the array.

If anyone dares to step into this array, they will be attacked and killed by the poisonous source Rune and Qisha Wanya pot in an instant.

Chapter 4486

"Not enough, Liuhe flying snow blade, ambush!"

Ye Chen's eyes and eyes turn, and the breath consumed in the body is rapidly recovered under the nourishment of taishangxuedan.

Ye Chen also sacrificed 99 flying snow swords, all buried under the highly toxic killing array.

If someone breaks in, the ninety-nine Six Harmonies flying snow blade will stab out in an instant.

At that time, ye Chen and Zha Tianmo emperor were almost stabbed by Liuhe flying snow blade. These original soldiers are good at attacking and assassinating, which is beyond defense.

The Six Harmonies flying snow blade was originally Xiao shuihan's weapon. After he failed to challenge xuanjiyue, he was brought back by the devil.

At present, ye Chen borrowed the Six Harmonies flying snow blade.

Ready for everything, ye Chen murmured: "unreal!"

The soul force burst out and turned into a mirage in an instant. The whole horrible and dark poisonous killing array was suddenly hidden, and there was no trace on the surface.

Ye Chen's soul and martial arts skills cultivated in the semi underworld play an effective role at the moment. As long as the enemy's spirit is not stronger than him, it is difficult to find the flaw of magic.

Finish. Set the trap.

Ye Chen and Zha Tianmo Di are waiting in the woods quietly.

And jueyan fire Python there, successful undercover, follow the team of the Ming dragon Shenzu, looking for Tianxian Koi copy everywhere.

Tianxian Koi copy is the only Hongmeng ancient method that still exists in Hongmeng blessed land. It is very deep hidden and is not easy to find.

The Shenzu of the Ming dragon took great pains to dig out a copy of the fairy brocade carp as a dowry gift, which showed the sincerity of marrying ye luo'er.

Every disciple of the Shenzu of the netherworld has a magic instrument in the shape of a compass when he recovers his human form. As long as the immortal Koi copy appears nearby, the pointer of the compass artifact will change.

Jue Yanhuo Python followed the team and searched for a full day.

Early in the morning, one by one compass magic instrument suddenly vibrated violently at the same time, and the pointer pointed to the same direction.

"Found it!"

"Tianxian Koi copy is here!"

The crowd looked at the compass's instruction, immediately incomparably surprised, one after another called up.

The place indicated by the compass is a forest of flowers.

Early in the morning, the flowers and brocade clusters, surrounded by wisps of mist, aroma refreshing.

A stream is flowing slowly among the flowers.

Look carefully, there is a tail brocade carp in the stream, swimming happily.

The koi fish, however, are not living creatures, but are transparent. They are surrounded by fairyland and colorful light. The whole stream is filled with Fairy Spirit and the fortune is rolling.

All the disciples of the Ming dragon clan rushed to this place and looked at the koi fairy shadow in the stream. Everyone was happy.

"At last."

"It must be buried here."

"Hongmeng open up, up!"

At the same time, the three strong crystal Ming dragons, at the same time, rolled out a great force and fell on the stream.

Crash, click!

The bottom of the stream is cracked, and a continuous stream of rosy clouds and fairy light is constantly emerging from the cracks.

A piece of jade slips, which are full of Fairy Spirit, rose up slowly.

This piece of jade slips is engraved with five gold small characters of "Tianxian Koi copy". The tail tail of Koi fairy shadow is floating around the jade slips, and the Xianxia is floating, which is very beautiful.

Obviously, this piece of jade slips is the original cultivation jade slips copied by Tianxian Koi, which contains all the secrets of Tianxian Koi copy.

"After searching for such a long time, I finally found it. Finally, I didn't live up to the instructions of the gods."

A strong crystal dragon breathed a sigh of relief, palm out, and wanted to take the koi jade slips.

"Ha ha, this Koi copy is mine!"

But at this time, Jue Yan fire Python blood red double pupil, burst up a touch of ferocious color.

Open your mouth.

Gollum!

He swallowed the brocade carp jade slips!

"Evil animal, what are you doing?"

People are shocked and pale, who did not expect, Jue Yan fire Python will suddenly snatch Koi copy.

Jueyanghuo Python swallows the brocade carp copy, and is ferocious. The huge body of the python sweeps wildly, just like the wind sweeping the leaves.

A dozen Shenzu disciples around him were suddenly swept away and their bones were broken and screamed.

Jueyanghuo Python took advantage of this opportunity to flee immediately.

"Evil animal, dare you!"

A strong crystal dragon roared and kneaded the formula to detonate the soul seal.

However, he was surprised to find that the soul seal was suddenly washed away, and his detonation had no effect at all.

"Ha ha, you want to kill me, next life!"

Jue Yanhuo Python grinned, showing his sharp teeth, and his expression was very ferocious.

At the moment of seizing the koi copy, it has used the holy water of the yellow spring to wash away the soul imprint in its mind and thoroughly purify it. It is not afraid of the threat of the Dragon God.

In the twinkling of an eye, Jue Yan Huo Python fled at full speed, and his huge body was hidden in the mountains and forests of Hongmeng blessed land. "Chase!"

All of the Shenzu disciples of the Ming dragon show their true bodies. Hundreds of Ming dragons are clawing their teeth and clawing at the sky to chase and kill. They are very fierce.

In particular, the first three crystal hell dragons, all covered with crystal like flame, were obviously angry to the extreme.

No one thought that Jueyan Huo Python was actually a spy. He was lurking in the dark dragon group. In order to capture the Tianxian Koi copy, he even gave the Lihuoyuan Rune at such a high cost. Obviously, he was determined to get the Tianxian Koi copy.

A boa constrictor and hundreds of dragons are chasing in the land of great happiness.

This tense picture, Ye Chen and the dark devil emperor, can see clearly.

"Got it."

Ye Chen's heart is also a burst of tension, a burst of surprise.

Tianxian Koi successfully snatched it. Next, as long as you get rid of these Ghost Dragons, you can be successful.

Jue Yan Huo Python crawls all the way and leads all the Ming dragons to the trap killing array arranged by Ye Chen.

Finally, Ye Chen saw hundreds of Ming dragons flying all over the sky. The terrible Ghost Dragons were oppressive and suffocating.

"Lord, Lord devil, I'm back!"

Jue Yanhuo Python is keen to bypass the trap and return to Ye Chen and the dark devil emperor.

Ye Chen two people hide in the woods, outsiders did not find.

The hundreds of Ming dragons, angry, naturally did not find the existence of Ye Chen, do not know that there is a trap here.

Hundreds of Ming dragons, one head into the trap.

"Poison killing array, open it!"

Seeing this, ye Chen suddenly pinches the handprint and starts the trap.

Hum!

On the ground, a huge, terrible and dark array suddenly emerged.

Above the array, there are layers of poisonous runes. Countless terrible poisonous gases are billowing like smoke and fog, and the wind is blowing in the wind.

In the center of the array, the seven evil spirits and ten thousand crows are quietly falling down. The crows are flying in the array, making sharp and strange noises.

"No, it's a trick!"

In the sky, the three crystal dragons gave out a cry of horror and despair.

Chuckle!

One by one crows, wrapped in a roll of poisonous fog, soared to the sky, and went crazy to attack and kill all the Ming dragons.

Chapter 4487

Puff, puff, puff!

Thousands of crows, dense and covering the earth, once hit the body of the Dragon God, immediately exploded, followed by the explosion of the poisonous fog of terror.

In a short time, there are hundreds of Ming dragons. Under the impact of the poisonous fog, their bones melt and turn into pus. Even the dregs are not left behind.

Some of the Ming dragons, who were stronger in cultivation, did not die at the first time. Their bodies were injured and fell from the sky screaming.

However, the same tragic fate awaits them.

The whole ground has been covered by the highly toxic killing array. A stylosaurus falls down and is immediately swallowed up by the poisonous gas. It is corroded into the most primitive blood and water, and finally absorbed by the Qisha Wanya pot.

Qisha Wanya pot absorbs the Qi and blood of many Ming dragons. It is full of precious light and magic light. Countless crows are flying out of the mouth of the pot. It is just endless. In the blink of an eye, it is full of the sky.

Some of the Ming dragons on the edge were not attacked by poisonous gas and tried to escape, but they were trapped by crows all over the sky and couldn't escape at all.

Thousands of crows flying, as if formed a cage, locked everything.

In this crow cage, however, there are ninety-nine sharp snow blades, which bounce from the ground, with sharp source soldiers' sharp edge, and cut them vertically and horizontally.

Many Ming dragons could not escape. They were killed by the flying snow blade. As soon as the corpse fell, it was dissolved into blood and water by the poison, and finally absorbed by the crow pot.

Only the three most powerful crystal Ming dragons, relying on their own strong cultivation, forcefully blocked the attack and killing of poison gas and flying sword.

They looked at the underworld dragon under them, all dead, and were shocked beyond measure.

"Who is it? Who dares to be the enemy of the Ming dragon clan?"

A crystal Ming dragon hissed and roared. Under the rotation of the dragon eyes, he finally found the existence of Ye Chen and Zha Tian Mo Di.

Although their strength is low in the heaven and man domain, they stand behind the heaven and man domain forces at least!

How dare someone in yangzhenyu dare to fight against yourself!

How could that be possible!

"Do it!"

Ye Chen and Zha Tianmo Di look at each other, and they have a tacit understanding. They pull out their swords like lightning.

Poison killing array can kill ordinary Ming dragons, but it is not so easy to kill these three crystal Ming dragons.

"Who are you?"

"First report to the God of heaven, there is an enemy coming!"

"Damn it, jueyan is your undercover?"

The three crystal Ming dragons looked at Ye Chen and the shadow of the demon emperor, and immediately showed a look of incomparable fear and anger.

There is a crystal Ming dragon. It waves its claws and pops up a piece of scales. It wants to send the information here to the Shenlong Protoss headquarters.

"Hehe, it's not so easy to send a message."

One side of the jueyanghuo python, suddenly opened its mouth and swallowed the scales directly.

"Destroy Daoyin, kill!"

Ye Chen doesn't talk nonsense. He cuts down with a sword in the air, and the destruction seal appears, which breaks out a fierce murderous spirit.

With his strength of mending the seven layers of heaven, he is enough to single out the experts of the seven layers of heaven in the original realm. This sword is so powerful that it is ready to break through the void.

"Demon wolf smoke blade, up!"

The dark and cold eyes of the emperor covered the sky, and the whole body was filled with smoke. The warlords of war and war were full of domineering spirit.

With one stroke of sword, he shot out of the sword.

His killing immortal sword has been promoted to Dayuan soldier. The sword is extremely sharp and sharp. This demon and smoke blade shows incomparably fierce power.

The three crystal Ming dragons, seeing ye Chen and Zha Tian Mo Di so powerful, are showing dignified color.

Around there are tens of millions of crows, dense sky, there is a fire Python on the ground, covetous.

It's hard for them to escape.

"The door of the nose, come down!"

Under the threat of death, the three crystal stylosaurus, close to each other, are connected with each other and make a simple and desolate sound.

Boom!

A mysterious gate sealed with ancient times, issued a terrible sound and fell from the sky.

Gaga, gaga!

A crow, immediately by this mysterious gate, completely dispersed.

This door, suddenly fell in front of Ye Chen and Zha Tian Mo Di.

The whole gate, surrounded by black fog, is floating in the void, which is very strange.

Inside the gate, there is a boundless and boundless evil spirit, which seems to devour the world and turn heaven and earth into Purgatory.

There are endless ghosts crying from the gate.

Ye Chen and Zha Tianmo Di, hearing the ghost cry, suddenly felt chilly, scalp numb, the spirit was actually shaken.

"Be careful, it's the twelve true treasures of the supreme emperor, ah Bi GUI wailing door!"

Cover the sky evil emperor big drink a, aware of the danger, pull Ye Chen's arm, rapid retreat.

The ghost crying door, issued bursts of terror suction, crows all over the sky, only one was swallowed in, issued a sharp scream. If ye Chen and Zha Tianmo Di get closer, they will also be swallowed up. It's very terrible.

"This is the legendary ghost road Zhenbao, a nose ghost crying door?"

Ye Chen's pupil shrinks, and he sees this door, hazy and translucent, which is obviously not an entity, but a virtual shadow.

A virtual shadow, actually terror to this point, that real a nose ghost cry door, I don't know to be fierce to what extent.

A nose, is a legend of the evil way, is the meaning of infernal way, represents the eternal endless pain.

As soon as you enter a nose, you will have to endure boundless suffering and never turn over until the end of heaven and earth.

At that time, the Empress Dowager killed many demons and ghosts in order to refine a-nose ghost crying door, and then collected all kinds of demon blood. The pain and resentment of tens of thousands of people were integrated into the door of a nose.

Ye Chen clearly saw that the door of a nose was full of evil shadows, crying and howling, and countless black gas flowed. It turned into a devil's face for a time, and turned into a unicorn demon for a while. The wind was blowing, which made people feel cool and shocked.

"Ah nose gate, I have suppressed it!"

As soon as the three crystal Ming dragons called out the door of a bi ghost crying, their anger suddenly soared. With a wave of the dragon's claws, the door of a nose roared and vibrated, and they were suppressed by Ye Chen and Zha Tian Mo Di.

This Bi ghost crying door is obviously refined by the Ming dragon god family. The killing power of the magic weapon is far higher than that of ordinary Hongmeng treasure.

With the strength of Ye Chen and the dark emperor, it is not difficult to contend with the gate of a nose.

However, this ghost crying door, with a strong spirit of repression.

Two people are caught off guard, the spirit is affected, suddenly illusion cluster, breath block.

With their nature of mind, they were shaken by a magic weapon. We can imagine how strong and terrible the spiritual pressure of the a-nose gate is.

Rolling ghost gas diffuse out, enough to instantly devour people's spiritual will, let people into the endless hell of torture.

"Lord, be careful!"

Jue Yanhuo Python saw this, and was immediately very frightened. He was afraid of Ye Chen's accident. He quickly vomited out the fairy brocade carp copy and shot at Ye Chen.

Chapter 4488

PA.

Ye Chen catches the jade slips copied by Koi, and immediately understands the meaning of Jue Yan Huo python.

The copy of the immortal brocade carp represents the heaven's luck and fortune. After the practice, there are Koi to protect the body, so that all demons and ghosts will not invade.

As long as you can become a celestial Koi copy, what a nose door, what hell ghost gas, will not affect Ye Chen.

Although Ye Chen's own blood can resist a few points, but this is a place of great fortune. The immortal Koi copy here has a very strong bonus!

Ye Chen originally wanted to cultivate Xiao shuihan, so that he could quickly recover the elixir field.

However, the current situation is critical, ye Chen is ready to practice.

He can also help Xiao shuihan recover the elixir field by practicing Tianxian Koi copybook, combined with Bagua Tiandan technique and Sanyuan taihun pill. It only takes more time for Xiao shuihan to recover completely.

According to the time, we can also catch up with the slaughtering meeting, and there will be no problem.

Between the electric light and flint, ye Chen immediately made a decision and crushed the jade slips copied by the fairy brocade carp.

As long as you crush it, you can immediately understand the wonderful method of Koi copying.

Whoa!

All of a sudden, a series of mysterious cultivation methods condensed into streamer, flying out of the broken jade slips, such as the top, pouring into Ye Chen's mind.

"The immortal koi is endowed with good luck."

"The koi protects the body, and all demons are able to overcome the changes!"

In a flash, ye Chen understood all the magic methods of Tianxian Koi copying, and suddenly opened his eyes, and his whole body was full of immortal Qi.

The endless immortal air floats, evolved into a strip of golden carp, surrounded by Ye Chen.

All of a sudden, ye Chen's mind is clear. If he has great Qi, his spirit will recover to the peak.

It seems that the devil emperor has also been blessed by the koi, and his eyes are instantly restored to pure brightness.

If there is no Koi body protection, the two face the suppression of a nose gate, I am afraid there will be tremendous trouble.

But now, Koi's Qi has been added to the body, and ten thousand demons are eliminated. The ghost Qi of the door of a nose has not hurt two people.

"What!"

The three crystal Ming dragons, seeing ye Chen's practice as a celestial being and Koi's copy, were frightened to the extreme.

This celestial brocade carp copy is the thing that the high-level of the Ming dragon clan ordered them to look for. Now it has been seized and practiced by outsiders. When they return to the Hades, they will face terrible punishment.

Everything happened between the electric light and the flint, from the door of a Bi to Ye Chen's comprehension of the immortal brocade carp copy and dispelling the evil Qi, which is the matter in an instant.

At the moment, ye Chen, surrounded by Koi, is full of fairy light. He goes to see the gate of a-nose, and he doesn't feel any threat.

"Broken!"

Ye chenling drinks and kills with one sword. The breath of destruction explodes. It is like destroying the withered and decaying. With only one sword, it completely destroys the gate of a-nose.

All of a sudden, the door of a nose went out in smoke.

Puff!

The three crystal dragons, blood gushing.

Although the door of a nose is only a shadow, and the magic weapon itself is in the headquarters of the dark dragon Protoss, they also spent a lot of effort to summon the shadow.

This time, the door of a-nose was destroyed, and they also suffered a huge reverse attack.

"Hehe, you want to take my Lihuoyuan Rune and spit it out for me!"

Jueyan fire Python issued a ferocious laugh, opened his mouth and swallowed all the three crystal Ming dragons.

The three crystal Ming dragons, when they were injured, fell to the extreme and had no resistance. They were directly eaten by jueyan fire python, and the Lihuoyuan Rune returned to jueyan fire Python's hands.

Whoosh, whoosh

Jueyanghuo Python's huge body, immediately lit up a flame, the flame between, there are endless runes shuttle, evil is good-looking.

"Lord, I need to shut up."

Jue Yanhuo Python looks at Ye Chen. It devours three crystal Ming dragons and gets the magnificent blood nourishment all of a sudden.

It needs to be closed and refined slowly.

When it refines all the blood of the hell dragon, and then refines the Lihuoyuan rune, it is the time for it to completely transform!

At that time, it may fly into a dragon and evolve into a fire dragon!

"Good."

Ye Chen nods, when the impending fire python, received the chart of the yellow spring, let it close the door to practice.

The war ended.

Ye Chen looks around. Half of the land is polluted by the poison source symbol. The poisonous gas is rolling and the flowers and plants are withering. The scene is in a mess.

Fortunately, there is plenty of aura here. It is estimated that in three to five years, it will be able to recover again, and there will be no big cause and effect falling on Ye Chen.

As for the Shenzu disciples, all of them are dead, and none of them is alive.

"Perfect."

Cover the sky evil emperor to smile slightly, put away seven Sha ten thousand crow pot.

This time, he and ye Chen joined hands to kill the whole audience, without revealing a trace of cause and effect.

There is no news from the headquarters of the Styx Protoss. Even if you want to get revenge, you don't know who to look for. In this way, the energy of Ye Chen and the God of covering the heaven can be put in the butcher's meeting, and there is no need to worry about the vengeance of the dark dragon gods.

Ye Chen also smiles. He is about to speak when he suddenly feels a sharp pain in his head. All kinds of pictures of Hongmeng ancient Dharma flash past.

Indistinctly, ye Chen seems to have a glimpse of Hongmeng Avenue and the starry sky at the beginning of Hongmeng's opening.

"What's the matter, boy?"

The dark devil emperor was surprised, but found a wisp of Hongmeng ancient Qi, which diffused out of Ye Chen's body, and gradually evolved into a large starry sky above Ye Chen's head.

The vast starry sky, with its majestic and majestic power, covers the four fields.

In an instant, the big Starry Sky Rose and covered the whole land of great happiness.

"This is The big starry sky

"According to legend, if someone has seen all the ancient methods of Hongmeng, they will be able to understand them and evolve into the great starry sky."

"Boy, have you seen all the hongmenggufa? It's impossible! "

The dark emperor was greatly shocked. The vast starry sky stood high in the sky, with endless stars shining and the tyrannical pressure rolling down. He felt his whole body heavy and could hardly stand.

If you have a great knowledge of the sky, you will be able to understand all the great mysteries of the sky.

Is it true that ye Chen has already seen the thirty-three Tianhong Mongolian method?

The sharp pain of Ye Chen's head only lasts for an instant and soon calms down.

The great starry sky returned to him.

"No, it's one door short!"

"Thirty three Tianhong Mongolian laws, I have only seen 32 kinds."

"I haven't seen it before."

"My starry sky is not complete yet."

Ye Chen wakes up, perceives the change on his body, and immediately falls into meditation.

Ye Chen has not seen all of the thirty-three Tianhong Mongolian methods in the legend. He has only seen 32 kinds of them, which is still the last one.

These 32 kinds of ancient Hongmeng methods are: six ways of reincarnation, crape myrtle fatalism, Xingdi Haoran Qi, Zhutian Shenjian Jue, Tianxing Wujue array, eternal Da Luotian, fahua Jietian, Tianlong eight gods sound, misty rain covering the sky, Tiangang Jue Ming talisman, Tianmo wolf smoke blade, blazing sky Zhuque sword, juehan Tiandi chop, Jingxue Tianhuang sword, Bagua Tiandan technique, Tianxian Jinli copy and wulongyou Tiandao, Tianshang xingchensha, fenye Tianjing explosion, Tianmo subduing Dragon Seal, Shenwu shaking Tianzhen, Tianyin guimie stab, Dahuang Tianlei body, Qianling Tianbao, Hei Jue Tiantong, Yongye damoutian, Juxiang Zhentian, Tianmo cave Mingyan, huangquan mintian, Taiyan Tianxing, duntian sneaking, and Tianmo disintegration!

The last one, tianwu Wolong Sutra, has not been seen by Ye Chen.

Chapter 4489

Tianwu Wolong Sutra, which ranks the last among the 33 Tianhong Mongolian methods, is the former Wuzu's skill.

Although the wuwolong Sutra of this day ranks the last, its value will not be lost to any Hongmeng ancient method, or even comparable to the six way reincarnation method!

Because, tianwu Wolong Sutra pays attention to accumulation, and it is a skill that pursues accumulation. For example, Wolong conceals itself in the beginning without showing mountains or dew. It seems that it has no power at all.

However, once the accumulation is completed, Wolong will come out of the mountain, which will surprise the world and cry for ghosts and gods!

After the fall of Wuzu, the wuwolong sutra was completely lost. No one knows where it fell.

Therefore, through the ages, no one has ever seen all the ancient Hongmeng dharmas, and even those who are at the top have seen at most 32 kinds of them. They have never found where the tianwu Wolong Sutra is.

In the legend, no one can practice it.

Ye Chen has never seen tianwu Wolong Sutra, but he has the Taoist heart of Wuzu. In the dark, he seems to have been blessed by Wu Zu. He has become a great star sky. Although it is not complete, it has already taken shape and has great pressure.

"Boy, your luck is really against the sky. You can become a big star! Even if it's just a prototype, it's amazing! When the meeting of Tu Sheng begins, the star sky of Hongmeng will come to the palace of emperor yuan. I think the emperor Shitian will be scared to death! "

The legendary Hongmeng big star sky has the highest Hongmeng prestige. It can kill the enemy with the star sky and Tianwei. The blocker is invincible, and the lethality is unimaginable.

The last ancient method of Hongmeng, tianwu Wolong Sutra, which ye Chen has never seen before, can actually evolve into the prototype of Hongmeng big star sky, which is really terrible luck.

Obviously, after ye Chen practiced Tianxian Koi copying, his luck and fortune were greatly improved. In addition, Wu Zu's Daoxin really did something that even the superior could not do, and thus evolved into a great star sky.

"No, it's not so easy to give full play to the power of the great stars."

Ye Chen's eyes flashed, not proud, but dignified.

Hongmeng big star sky, although powerful, but want to apply to actual combat, not so simple.

At least now, ye Chen doesn't know how to use it in actual combat.

"It seems that I'm going to shut up for a while and slowly figure out the mystery of the starry sky."

In the mind, there seems to be a clear mind.

But he had not yet figured out how the starry sky could be used to suppress the enemy.

"Well, let's go back to liudaozong, and you and I will close."

"This time, Qisha Wanya pot has absorbed a lot of the real blood of the Ming dragon. I'm going to refine it slowly and consolidate my accomplishments."

Zhang Tianmo emperor licked his lips. He just killed so many Ghost Dragons. He collected a lot of real blood of them, which can help him consolidate his cultivation.

Ye Chen shook his head and said, "no, the devil emperor, I'm going to take Xiao shuihan back to Yuantian yuan. You go back to liudaozong first."

"Yuan Tian Yuan?" said the dark emperor

Ye Chen gave a brief introduction to Yuan Tian Yuan and mentioned yuan Tian Shen Jun, saying, "I'm going to let Xiao shuihan lead yuan Tianshen army after his recovery."

Yuan Tianshen army worships the strong. If Xiao shuihan recovers, he will be able to win the recognition of yuantianshen army with his strength of returning to the real world.

Under the leadership of Xiao shuihan, yuantianshen army can also have the strongest fighting capacity.

"Yuan Tianshen Army It turns out that you have such a mysterious and powerful army. When the butcher's assembly begins, we will have a little more assurance. "

The dark emperor was slightly moved. He had dozens of core elites from the Tianshen army. All of them were masters. He had tens of thousands of servants under his command. His strength can be imagined.

Although the assembly was dangerous, it was naturally reassuring to be assisted by the celestial army.

Ye Chen said: "it should not be too late, master devil emperor. Then I will go back to Yuantian yuan and you will go back to liudaozong. Let's split up and kill the emperor yuan hall when the butcher's meeting begins."

"Good!" he said

At the same time, ye Chen mobilized the holy water of the netherworld to erase all traces of Hongmeng's blessed land and solve all the problems. He took Xiao shuihan back to Yuantian yuan.

.....

A day later.

In the picture of the yellow spring, jueyanghuo Python is soaking in the holy river of huangquan, quietly cultivating in seclusion.

But Xiao shuihan is sitting by the river. He is awake. His hair is black and his face is pale, but there is a trace of excitement in his eyes.

Because just when Jue Yanhuo Python came in, he had already practiced Ye Chen into a koi copy and got the news of Sanyuan taihundan and told him.

When ye Chen comes to the world of the yellow spring map, Xiao shuihan sees Ye Chen's figure, and immediately tears. He kneels on the ground and cries, "master!"

Xiao shuihan knew that the recovery of the elixir field was promising. Naturally, his blood was surging up, and he was not as decadent and crazy as he had been.

"Xiao, are you ok?"

Ye Chen smiles and walks to Xiao shuihan.

Every step Ye Chen takes, there are Koi leaping out under his feet, just like a fish leaping over the dragon's gate. It is full of vigor and vitality, and the picture is very beautiful.

"Master, I'm fine!" Xiao shuihan felt the nourishment of Koi's immortal Qi, and felt fresh all over his body, and his heart was more excited.

"I'll help you repair the elixir field, but it may hurt a little. Please bear with me."

Ye Chen stretched out a finger and pointed it on Xiao shuihan's forehead, with fairy light floating on his fingertips.

"Well!"

Xiao shuihan nods heavily, guarding the mind.

"Koi blessing, good luck

"Bagua Tiandan skill, imperial edict!"

Ye Chenqing drinks a sound, the immortal Koi copies the movement, the fingertip immortal light surges, turns into a strip of brocade carp, encircles Xiao shuihan's whole body.

At the same time, Sanyuan taihun pill also appeared and was directly taken by Xiao shuihan.

After all this, the eight trigrams heavenly elixir technique was released, and the wisps of eight trigrams Dan Qi poured into Xiao shuihan's body.

Xiao shuihan's elixir field is completely damaged. If you want to recover, you can't rely on Tianxian Koi copy and Sanyuan taihun pill. You need to cooperate with Bagua Tiandan.

Under the nourishment of the immortal Koi, Xiao shuihan's destroyed elixir field recovers little by little, and gets nourishment of eight trigrams Dan Qi, and grows up rapidly.

However, the elixir field is broken and later life, but it brings amazing pain.

"It hurts..."

Xiao shuihan suddenly felt sharp pain in his heart, and bursts of colic came from his lower abdomen. The koi leaped in the field of elixir, as if turning into a dragon, overturning the river and roaring.

Bursts of unspeakable terrible pain, constantly impacting Xiao shuihan's mind.

Xiao shuihan was sweating all over his body. He gritted his teeth and tried to bear it. He didn't let himself faint in the past.

Ye Chen didn't speak and looked at it silently. If Xiao shuihan couldn't endure the pain, it would be completely abandoned.

Fortunately, Xiao shuihan did not let Ye Chen down.

Even though he was suffering from great pain, Xiao shuihan did not give in and still stood as iron and steel.

The intense pain lasted for several hours.

Finally, the pain eased a little.

Xiao shuihan opened his eyes to see that his destroyed elixir field had been restored to its original form, and the aura lost in the past was gradually recovering.

Chapter 4490

A strip of Koi, with blessing, guard Xiao shuihan's whole body.

Ye Chen took back his hand and said, "your elixir field has been initially restored, but whether it can be restored to the peak depends on your own creation. If it goes well, you can even break and then stand up and surpass the past."

"Break and then stand..."

Xiao shuihan was in a trance. He used to be an expert in the real world. If the elixir field was completely restored, broken and then established, beyond the past, how strong would it be?

Ye Chen said: "I'll take you back to Yuantian yuan, and you'll close down immediately. Whether it's broken and then built, or become a waste man, depends on your efforts!"

Ye Chen's tone is rare with a trace of severity.

He gave the koi good fortune and initially restored the elixir field of xiaoshuihan.

However, if Xiao shuihan wants to return to the peak again, or even break and then stand up, it depends on his own nature. Ye Chen can't help much.

"Yes, master!"

Xiao shuihan gnaws his teeth and knows Ye Chen's good intentions.

The assembly of Tu Sheng is coming, and he must recover and even surpass in order to become Ye Chen's help!

"I'll give you Taichu lethal sword. I wish you a speedy breakthrough."

Ye Chen returns the Liuhe flying snow blade to Xiao shuihan again.

At the same time, he also gave him Taichu life taking sword.

Ye Chen has a large number of Dayuan soldiers on his hand. If he wants to sacrifice all of them and use thousands of soldiers to explode, his body must not be able to hold on. Letting Xiao shuihan take part of them can also reduce his burden and make the best use of them.

"Thank you, master."

Xiao shuihan received Taichu's life taking sword and was extremely grateful.

With Taichu's life taking sword, he dominates the power of the sword and can play to the extreme!

When everything is ready, ye Chen brings Xiao shuihan back to Yuanyuan.

After returning to Yuantian courtyard, the two masters and apprentices closed down separately to prepare for the butcher's assembly.

Xiao shuihan in the underground city, rain Secretary night, Qin Zhennan, Qin Xingyun and other care.

Ye Chen, in the ruins of the earth's surface, understands the heaven and earth, silently understands the mysteries of Hongmeng's big star sky, and even constantly displays his star soul chopping.

Everything is calm, but everyone knows that this is just the calm before the storm!

.....

Ye Chen is preparing for Tu Sheng assembly, a woman who loves him most: Xia Ruoxue! I also know about the butcher's assembly!

At this time, Xia Ruoxue had already entered the deepest part of the Sunmoon sea and came to the place of Yueshang ancient city.

Yueshang ancient city is a very old city. The people of the ancient city have worshipped the moon god for generations.

According to legend, in the bottom of Yueshang ancient city, there is a great power, named the God of stars and moon!

This star and moon god is the descendant of the moon god family and the star God family. The blood is a mixture of the moon god and the star God law, and the qualification is very special.

It is said that a long time ago, the goddess of heaven wanted to recruit the goddess of the stars and the moon as a maid, but the God of the stars and the moon was aloof and arrogant, and did not agree.

Xia Ruoxue also heard the legend of the God of the stars and the moon. It is said that Da Neng was the first person to possess the Tianshu of the moon.

In the Archean war, the God of stars and the moon fell, and the book of heaven of the moon was also lost. Finally, the cause and effect inheritance was passed down to Xia Ruoxue.

"Sister Xue, where is Xingyue tomb house?"

A lovely little girl, follow in the summer snow side, curled her mouth asked.

This little girl is Xiaobai.

"I don't know. The location of Xingyue tomb is very secret. Let's find it again."

Xia ruoshue takes Xiaobai's hand, aimlessly searching in Yueshang ancient city.

Xingyue tomb house is where the God of the moon and stars is buried.

In the tomb mansion, there is a lifelong inheritance of the God of stars and moon.

If you can inherit the treasure of the God of the stars and moon, you can change your life against the sky and completely transform!

Xia Ruoxue entered Yueshang ancient city just for the treasure of stars and moon.

With the coming of the Tu Sheng assembly, Xia Ruoxue wants to help Ye Chen at all costs. If she can get the treasure of Yueshang ancient city, her strength can definitely advance by leaps and bounds.

The most precious thing in the star moon treasure, called ice Phoenix star flame, is the flame falling from the sword body of ice Phoenix Sky Sword.

It is also one of the eight heavenly Phoenix swords.

The eight supreme source soldiers are all swords, also known as the eight heavenly swords.

This ice Phoenix Sky Sword is just one of the eight heavenly swords. Compared with xuanjiyue's Shenluo sky sword, its power is not weak at all.

This ice Phoenix sword, still in the supreme world, did not fall down.

However, the ice Phoenix Sky Sword is surrounded by layers of cold flame. When the flame is boiling, it evolves the great weather that ice Phoenix spreads its wings and soars in the sky.

In Archean times, a wisp of ice flame fell from the ice Phoenix Sky Sword by accident and was obtained by the God of stars and moon.

The God of the stars and the moon has a special blood, which is mixed with the laws of the star God and the moon god. She refines the ice flame with the law of the star and the moon, and finally turns into a special flame, which is called ice Phoenix star flame.

The purpose of Xia Ruoxue's trip is just Binghuang Xingyan!"If you can absorb ice Phoenix flame, my reincarnation flame can definitely be upgraded!"

Xia Ruoxue silently thought, her reincarnation star flame, just a wisp of residual fire, the body in the hands of xuanjiyue.

However, if you can get ice yellow star flame, refining and chemical fusion, her reincarnation star flame, will completely upgrade transformation!

At that time, the power of her reincarnation star flame is enough to shake xuanjiyue's star flame body!

In order to capture Binghuang Xingyan, during tens of thousands of years, I don't know how many people stepped into Yueshang ancient city and wanted to break into Xingyue tomb mansion.

However, the location of Xingyue tomb mansion is very hidden, and there are prohibitions and blockades, which can not be deduced by outsiders.

Fortunately, this layer of prohibition and blockade will be loosened every once in a while.

As long as the prohibition is relaxed, there will be an opportunity to deduce the mystery and explore the location of Xingyue tomb mansion!

Therefore, today's Yueshang ancient city is very busy. People from all walks of life and many experts gather in the city, trying to find out the location of Xingyue tomb, and then break into it.

The entrance of Xingyue tomb mansion is always changing, which is very difficult to find.

Xia Ruoxue and Xiaobai spent some time in Yueshang ancient city, but they didn't get much.

"Miss Xia, do you want to find the entrance of Xingyue tomb mansion?"

The two women were looking for it when a young man in a robe appeared in front of them.

This man in brocade robe is wearing a machete on his waist. This machete is extremely murderous and full of light. It is actually the top ten killer hooks among the ten yuan soldiers!

Among the ten big source soldiers, the ten side killer hook has the most murderous spirit and the most sharp edge. Killing people is as fierce as cutting grass.

"Zhou Hong, it's you."

Summer if snow pretty face a sink, quite a bit alert, pull small white back a step.

It's the man of Shangyue.

His father Zhou Yue is the city master of Yueshang ancient city!

The Zhou family has been in Yueshang ancient city for many years, with a deep foundation, and the shadow of the emperor's interpretation of heaven behind it. Under the protection of the emperor yuan hall, the Zhou family has not collapsed for ten thousand years and is extremely fiery.

This ten square killing God hook was originally a weapon in the imperial palace. Later, it was awarded to the Zhou family by the emperor Shitian.

Xia Ruoxue in the Yueshang ancient city this period of time, because of the beautiful and beautiful, was Zhou Hong's eye.
