

## Physician 451

### Chapter 451

Bai Lixiong took a look at the corpses on the ground, and then at those who almost stood at the highest position in the martial arts circle of the capital.

All eyes have only deep fear.

It was as if what had just happened had cast an indelible shadow in their hearts.

"What happened?"

Bai Lixiong caught one of the young people he knew and asked.

The young man's body was still shaking. He took a look at Bai Li Xiong and said, "Uncle Baili, ye Chen..."

"What's wrong with Ye Chen?"

"He abolished Lin Juelong."

Bai Li Xiong frowned.

"The strong of the blood league can't defeat him..."

"Well? How can it be! "

Bai Lixiong is not calm!

"And Ye Chen killed the guardian too

The voice of youth is full of fear.

"What!"

At this moment, Bai Lixiong grabbed the young man's clothes and almost lifted him up!

"Do you know what it costs to rumor major general and guardian of China?"

Bai Li Xiong doesn't believe Ye Chen can kill the guardian of China!

The young man was scared and his pants peed out: "Uncle Baili, I didn't cheat you. Everyone can testify..."

.....

The dark palace of the capital is the place of the original blood plum hall.

A spacious and luxurious lounge.

Ye Chen lies on the bed, eyes closed.

He is too tired.

This place is undoubtedly the safest.

Beside Ye Chen are Jiang Peirong and Xia Ruoxue.

Their eyes were full of anxiety.

"Is chen'er OK?" Jiang Pei Rong road.

Ye Lingtian shook his head: "the hall master needs to rest now. It should not be a big obstacle. Besides, Mr. Ye is a doctor who can communicate with God. It is not so easy to have problems."

Jiang Peirong took a long breath, then looked at Xia Ruoxue and others, and said, "now give chen'er enough time to rest. Let's not disturb him first."

"Good."

Naturally, the two girls understood and retreated to the outside.

Only Ye Chen was left in the room.

Just as everyone left, a black stone in Ye Chen's pocket flew up!

The endless Qi and aura of the dragon vein are going towards Ye Chen!

Ye Chen's injury is recovering at a speed visible to the naked eye!

At the same time, the samsara cemetery is released!

Ye Chen has already appeared in the samsara cemetery!

The nearly 100 tombstones were shaking wildly!

An invisible force holds Ye Chen's body up!

Gradually, ye Chen's body is suspended in the air!

At the same time, a blood dragon came out of his body, chanting the dragon, and his body was huge at the speed of the naked eye.

This war, actually strengthened the blood dragon!

Blood dragon's body directly expanded to two-thirds!

Not only that, but a few of the nearly 100 tombstones had a crack.

One of them is more obvious!

The tombstone seems to be covered by a holy light. The stone tombstone on the surface turned into a jade tablet at this moment!

There is a mysterious power on the jade tablet.

.....

Lin family in Beijing.

Lin Juelong and an old man of blood League lie on two beds.

I'm dying.

Life seems to be about to disappear.

A doctor with a white beard was checking the condition of the two men.

Another blood League elder and Lin Ao paced back and forth outside, his face full of anger and worry!

Ten minutes later, the miracle doctor stood up and shook his head: "the injuries on the two people are too serious. It is very difficult for my medical skills to rescue them. Even if they survive, their accomplishments will be lost."

The old man's eyes of the living blood alliance broke out, directly clasped the neck of the miracle doctor, and said in an angry voice, "you damn it again! Aren't you the best doctor in China? Even two people can't be saved! Go away

The miracle doctor was thrown out directly, and the powerful air wave let him hit the wall, spit out a mouthful of blood, and left in confusion.

Lin Ao took a look at his son and worried: "my Lord, what should Jue long and this elder do? Is something really going to happen? "

Blood alliance old man clenched his fist, killing opportunity broke out!

"Ye Chen!"

Endless anger burning!

He forced himself to calm down, and then decided: "Huaxia's medical skills are not enough, either take them to the Kunlun deficiency treatment, or ask the strong Kunlun Xu to attack!"

"No matter, go first!"

before the words fell, a servant ran over in a hurry and exclaimed, "master, it's not good! The Lin family is surrounded by the strong! Bai Lixiong has already broken in!

## Chapter 452

"What, Bai Lixiong dare to move our Lin family?"

Lin Ao heard Bai Li Xiong surround the Lin family, his face has a trace of anger.

Lin Ao looked at the old man of blood League beside him and arched his hand and said, "my Lord, I will come when I go."

The old man of the blood League took a look at his injured companion and Lin Juelong, and nodded.

"If there is any situation, you can tell me that the power of blood alliance is not something these mole ants can touch."

"Yes, my Lord."

Lin Ao leaves the room and comes to the Lin family hall in an instant.

More than a dozen strong members of the Lin family are waiting.

"Bailixiong, I heard you went to the border. Why did you come back so soon?" Lin Ao chuckled.

Bai Lixiong snorted coldly: "it seems that you want me to leave?"

Lin Ao shook his head: "by the way, I don't know what happened to the place of sudden visit?"

Hundred Li male Mou son a congealing, take out a document from the bosom!

"Lin Ao, two things! First, Lin Juelong was defeated in the wudaotai war and handed over Ye Tianzheng."  
"

"Second, from today on, everyone in the Lin family is not allowed to step out."

Hearing this, Lin Ao's face changed slightly.

A cold hum: "you live like this."

"You are merciless. Don't blame me for the injustice of the Lin family."

Bai Li Xiong Mou son pan Leng: "Lin Ao, you should know what kind of end it is if you don't cooperate!"

"I advise you to cooperate well! Otherwise -- "Bai Lixiong pauses for a moment and says in a loud voice," the consequences are at your own risk. "

Lin Ao once waved his sleeve and angrily said, "if anyone dares to break in, there will be no amnesty for killing."

Seeing that the two forces were about to touch, the door opened.

The old man of the blood League came out, his hands were behind him, and his eyes were staring at bailixiong: "bailixiong, do you want to stay in my blood League?"

His words are full of threats, and an invisible pressure is covered.

Bai Lixiong stepped out one step and broke all the pressure. The iron and blood momentum broke out: "I said very clearly that no one in the Lin family can step out of the Lin family half a step, so is your blood alliance."

The old man of blood League broke out a trace of killing opportunity: "my companion was seriously injured and must be taken to Kunlun Xu for treatment immediately. If something happens to them, can you bear it?"

Bai Lixiong remained unmoved and said, "the Lin family and even the blood alliance are the same in my eyes."

"Bang!" he said A huge crash came, deafening!

The whole ground is shaking!

I saw four strong men outside guarding the gate were blown in directly!

The chest is full of blood!

Seeing this, Bai Lixiong had a big knife in his hand!

"Who!"

A roar, bailixiong's killing machine is released, his eyes are full of blood, staring at the door.

Soon, an old man in strange clothes came in from outside.

The old man, dressed in eight trigrams clothes, floated in the breeze.

Bai Lixiong's killing opportunity suddenly converged.

Because he knows this man!

One of the guardians!

Key opponent's identity is not general, guardian 20 people, divided into two camps!

One of the camps led by the existence of this person!

His name is Fang Zhenye!

What does the key opponent appear in the Lin family at this time!

Isn't the other party supposed to be in Wudang Mountain?

Bai Lixiong felt something was wrong.

Fang Zhenye stopped and his eyes glanced at Bai Li Xiong, and then said, "Bai Li Xiong, I'm also in the Lin family. Are you going to restrict me?"

Bailixiong shook his head, not humble or arrogant: "adult, how can I limit you, adults must be joking."

If we really want to talk about identity, the guardian's status completely surpasses Bai Lixiong.

In terms of strength, let alone comparison.

Fang Zhenye nodded: "I want to protect the Lin family. Do you have any opinions? If that person has an idea and asks him to come to me, I will tell him the reason. As for you, I don't want to waste more words."

Guardian tone indifferent and disdain to the extreme!

Bai Lixiong was a little embarrassed, but when he thought of Ye Chen's account, he hesitated for a few seconds and said, "please don't let me be embarrassed."

"Embarrassed?" The guardian step out, the next second, bailixiong will feel a mountain of pressure attack!

Even though he is powerful, the strength his knees can bear still makes his whole body tremble!

Chapter 453

The power almost made him kneel down!

"Bai Li Xiong, I respect you, I will not kill you. If you dare to make me dislike again, I will not consider your identity! As long as I start the round table, you die.

Finally, I don't want to say it for the third time. I'm in Baoding today. In five minutes, remove your iron and blood camp, or blood stained sky! At your own risk! "

When he said this, Bai Lixiong was even more difficult.

This is what he promised Ye Chen. He thought the iron and blood camp would put pressure on the Lin family and the Lin family would be arrested.

But who knows suddenly appeared a Chinese Guardian!

The key is Fang Zhenye!

You know, the first one on the list of Chinese masters is a disciple of Fang Zhenye!

The key is still anonymous apprentice!

Put aside the list of Chinese masters, many mountains and forests, or dark places, have a very strong presence!

These people don't care about the list of Chinese masters, because they have real fighting power, and they don't need to prove it to the world!

Fang Zhenye is really qualified to deal with iron and blood camp! Blood stained sky is the biggest threat!

At this time, the old man of the blood League came out, with a flattering smile on his mouth, bowed over his body, and quickly arched his hand to the other side. Zhenye said, "elder Fang, how did you come? I have not come to see you since I stepped into China. Please forgive me. "

Fang Zhenye is actually an elder of blood alliance!

And in the blood League, the identity must be extremely noble!

Even the old blood League should be respectful!

I feel angry when I clench my fist.

Things are getting more out of control.

Fang Zhenye glanced at the old man of Xuemeng in front of him and said coldly: "a group of rubbish, even a small thing can't be done well! It's insulting to the blood League! "

The old man of the blood League was pale and did not dare to say anything. He could only lower his head.

After careful consideration, Bai Lixiong opened his mouth: "guardian, I can not block the Lin family, but ye Tianzheng I want to take away. This was decided before wudaotai."

"Ye Tianzheng?" Fang Zhenye was extremely unfamiliar with the name. He thought it was a person who had nothing to do with it. He waved, "since it's not from the Lin family, you can take it away."

"Mr. Fang, this is not allowed." The old man of the blood League quickly said something in Fang Zhenye's ear.

Fang Zhenye's expression flickered.

"Is that true?"

"Mr. Fang, I'm sure."

A few seconds later, Fang Zhenye changed his mind and said, "Bai Li Xiong, I did intend to let you take ye Tianzheng away. But just now, it occurred to me that ye Tianzheng had something to do with a case we dealt with 20 years ago. But you can rest assured that when you know everything, I will let the Lin family release Ye Tianzheng."

"If you don't like it, you can ask number one to talk to me."

"By the way, you still have three minutes to retreat from the iron camp."

Bai Lixiong heard the other party's unscrupulous words, and held a group of anger in his heart!

When has he been so subdued as a general of China!

But there are more than one billion people in China, except for the old chief executive, there are only 20 people who can do nothing about it!

Bai Lixiong suppressed his anger and went to the corner to broadcast a number.

After the phone call, the one who understood the process of the incident sighed with a sigh:

"withdraw the iron and blood camp and come back first. This matter should be considered in the long run."

The phone hung up.

Bai Li Xiong took a look at Fang Zhenye and waved his sleeve: "let's go!"

Iron blood camp and bailixiong still left.

The whole Lin family was silent again.

At this time, the old man of the blood League thought of something, and quickly said to the other side, "elder Fang, there are two blood alliance people in the house whose lives are in danger. I really don't know what to do. Please ask elder Fang to do something."

"Take me to have a look."

"Yes, Mr. Fang."

Soon, Fang Zhenye and several people came to a room, looking at the blood and wounds of Lin Jue long and another blood League elder.

He Mou son a shrink: "incredibly hurt so heavy? What kind of strength is that kid? "

"My Lord, please help my son." Lin Ao kneels down directly, hoarse.

Fang Zhenye ignored, took out two pills from his arms and let them take them directly.

Later, he said: "it is a miracle that these two people will not die. It will take a few days to rescue them, but even if they are rescued, they will be useless. If we want to recover our strength and stand up after breaking through, the only way is to invite the one from Kunlun to come out."

"Since these two people are the disciples of my blood League, I will naturally try to save them. I will write a letter to Kunlun Xu and ask the man to come out of the mountain for treatment."

Lin AO and the old man of Xuemeng express their thanks with joy on their faces.

"I don't need your thanks. I came to the Lin family just for one thing. Do you know the origin of Ye Chen?"Hearing this, Lin Ao's face changed slightly, and he still said: "my Lord, ye Chen's information is actually transparent and can be found. The only problem is the five years after the boy fell into Dongqian Lake.

No one knows where the boy went. We thought he was Kunlun Xu, but none of the wudaozong sects in Kunlun Xu had a disciple named Ye Chen. It's really strange. Could it be that this son got some inheritance by accident? "

Fang Zhenye's hands were behind him, his eyes twinkled with cold light and said in a cold voice: "Ye Chen's last strike in the gymnasium broke out a strong sword formula and killed a guardian of my camp. It's not ordinary, even if it's the xuzong sect of Kunlun. Now the only thing I fear is who is behind this son? If there is a great power to guard, things will be very troublesome. "

Lin Ao thought of something and said, "my Lord, this son has been a man for half a year. There has never been any strong man around him. Although the dark hall is good, it can only be regarded as the power of this son, not the person behind him. In addition, there is no one to hand this son between countless times of life and death. I feel that this son is more likely to be inherited. "

Fang Zhenye took a look at Lin Juelong and another person and said, "I want all the information about ye Chen. Since he first appeared in Huaxia, any text, video, ID card, and all the news about Ye's family in Jiangcheng, everything is very detailed. I'll get it in a day

Lin AO and another blood League elder looked at each other, or nodded: "yes!"

.....

Dark hall.

5 p.m. Beijing time.

Ye Chen opened his eyes and sat up directly.

He could feel that his injury was much better. He even found that his cultivation had broken through unconsciously?

"How did it become the fifth floor of the clutch?"

Ye Chen's face has a trace of horror color, the key is that his predecessor was seriously injured, and did not run nine days xuanyang Jue, how could he break through?

It's really weird.

Is it hard for his body to break through when he doesn't pay attention?

Chapter 454

When ye Chen was surprised, he suddenly noticed that the black stone was suspended in the air.

A series of aura and dragon Qi penetrated into his body.

"Is it because of the samsara cemetery?"

Ye Chen held the stone in his hand with five fingers.

"Bai Lixiong should have brought his father back. I should also ask about the stone, the Ye family in Jiangcheng and the reincarnation cemetery. What is the connection between them?"

Ye Chen thinks his life experience is not so simple.

From those powerful words, he learned that his "roots" were not detected, and his fate could not even be controlled by heaven. In addition, the reincarnation cemetery chose himself, and the mysterious man appeared at his grandfather's funeral.

The Ye family is not as simple as it seems.

The root of his body is not ordinary!

He turned on his cell phone and just wanted to dial out, a phone call came.

Bai Li Xiong!

Ye Chen's heart a joy, quickly connected the phone: "Bai Li Xiong, where are you and my father now? I'll pick you up. "

But there was a brief pause on the other end of the line.

Three seconds later, Bai Lixiong's voice of shame rang out: "Mr. Ye, I'm sorry, I didn't bring ye Tianzheng back, nor did I block the Lin family. I didn't do well in the two things you told me. Anyway, I'm willing to undertake everything! "

Ye Chen's smile suddenly stiff, turn but a cold senhan.

He wanted to break through the curse, but thought that Bai Lixiong was apologizing to him as a general.

He held back.

The key is that things that even Bai Lixiong can't solve must be very serious.

"I want to know which link is wrong." Ye Chen's cold voice rang out.

"Originally, the Lin family and the old man of the blood League could not stop it, but they didn't expect that the guardian of China would intervene. The key one was Fang Zhenping, the leader of one of the camps."

"Just now, No.1 went to visit some Chinese guardians, but the situation is not optimistic."

"You killed a guardian in wudaotai. Those guys are angry and may even be hard on you. Number one can barely hold down something for you, but Well, Mr. Ye, this time it's Huaxia who has taken you down, and I'm more than a hundred Li Xiong. I'm really sorry! "

At the moment, ye Chen's fist clenched, the arm is full of green tendons!

Have been looking forward to things, so became a bubble, who can not be angry!

The key player is the guardian of China!

These respectable people! Rely on strength, control everything!

Wudaotai is unruly and even takes action against himself for the sake of interests!

Liang Zi has been finished!

In this case, the new account and the old account are calculated together!

The whole room rang out bursts of dragon chant, blood dragon seems to be infected by Ye Chen's emotion, roar and anger!

"Bai Li Xiong, where is the guardian of China and where is Fang Zhenye? Tell me!"

"Mr. Ye, I don't know."

Ye Chen hums coldly, hang up the phone, kill the machine erupt, the mobile phone is pinched to explode directly, is bursts of Mars.

"Guardian of China? Since you can't guard something, you don't need to protect it. "

Ye Chen opens the door and finds that Jiang Peirong, Xia Ruoxue, Sun Yi and Zhu Ya are all looking together.

"Chen'er, how do you feel?" Jiang Peirong cares.

The icy cold in Ye Chen's eyes disappeared directly. Instead, he squeezed out a smile in front of him:  
"Mom, I'm not a big problem. I'm a man with thick skin and good recovery ability. Now there's nothing wrong with me."

With that, he also looked at the three girls: "you don't have to worry about it. You can do what you should do next."

"Chen'er, why do I feel that you are different..." Jiang Peirong frowned.

As a mother, although Ye Chen hides her emotions, she can still feel a trace of anger.

Ye Chen patted her mother's hand: "Mom, what are you worried about? By the way, time is almost up, I'll pick up dad."

"Mom will go with you." Jiang Peirong said decisively.

Ye Chen shook his head and lied: "because the place where Lin's father hid is far away, it may take a few days. These days, you and Ruoxue will stay here and don't go anywhere."

Just as Jiang Peirong was about to say something, ye Chen looked at Lu Lingfeng and said, "Lu Lingfeng, the safety of my mother and her three people will be handed over to you. If anything happens to them, you should know the consequences!"

"Don't worry! This place is safer than anywhere in the capital city! "

Lu Lingfeng road.

Later, ye Chen explained a few words and left the dark hall directly.

If he didn't guess wrong, his father was either in the hands of Fang Zhenping, the guardian of China, or in the Lin family!

Since Bai Lixiong can't make a move, he can only rely on himself.

Naturally, he knew the location of the Lin family.

Ye Chen can feel some physical problems. He first went back to the teacher's apartment and called Xiang Chengdong on his home phone to ask him to bring some herbs.

Half an hour later, Xiang Chengdong got the things ready.

When he saw Ye Chen, the fear in his eyes became more and more obvious, and the whole capital was spread all over the capital.

Lin Juelong failed, a Chinese guardian was killed!

Now ye Chen is worthy of the first Chinese master list!

In his twenties, he achieved this achievement. For thousands of years in China, there was only one ye Chen.

Xiang Chengdong put things down, and ye Chen took out the Baicao Ding and began refining.

The whole room is full of strong fragrance of medicine.

At present, ye Chen must refine enough pills. With the improvement of his strength, the pills he refined can be more advanced.

These pills have a key effect when they are injured or fighting.

They can even improve their own strength.

The whole room is full of strong fragrance of medicine.

It was already eight o'clock in the evening.

Ye Chen refined pills are almost, at this time, a knock on the door sounded.

Ye Chen frowns and glances at her consciousness. She discovers that it is Wei Ying.

Then he remembered that Wei Ying had been given time to consider whether to step into cultivation. Obviously, the other side should have an answer.

He got up to open the door.

Outside, Wei Ying wore a long skirt with long legs and full chest.

Although conservative, but the body is perfect.

Today, she combs a long hair and shoulders, air bangs under a pair of smart black eyes, clear God. The slender eyebrows, the weak bridge of the nose, the smaller lips, are just right on the melon seed like face.

"Ye Chen, no one answered your phone all the time. What are you doing in the room? It tastes great. The whole corridor is full of this smell."

The tip of Wei Ying's nose moved slightly, and even Yu Guang took a look inside.

"I'm making pills. Come in."

Ye Chen Dao.

Wei Ying was stunned. When she came to the room, she saw a huge ancient tripod.

She thought alchemy was just a legend, but she didn't expect Ye Chen would.

She found Ye Chen more and more mysterious.

Chapter 455

"What happened to the things I asked you to think about before?"

Ye Chen sitting on the sofa, she has noticed that Wei Ying's neck has a tendency to crack.

It is estimated that in a period of time, this place of Xuanshi can not suppress Wei Ying's evil blood cold body.

"Ye Chen, I can practice, but I have one requirement. I don't want to call you master. This Would you mind... "

Ye Chen shakes his head: "address is just a thing outside the body, what do you call it, by the way, how is your practice of" cold heart resolution "

Wei Ying touched her hair for "I don't know how my practice is. I've never touched this thing. It's not the same as the teaching plan..."

"You try to run the chilly heart, I'll see." Ye Chen has a wonderful way.

Wei Ying nodded and closed her eyes.

All of a sudden, the whole room swept out of a sense of cold, a trace of red evil spirit rushed out of Wei Ying's body!

Visions!

It's frightening!

Ye Chen is even surprised to find that Wei Ying's body as the center, even bursts of ice appear in all directions!

Her body appeared a cold sword, as if at any time to rush out of the body, kill others!

Even his Baicao Ding was frozen by ice!

Above the ice, the red light filled.

"This..."

Ye Chen is shocked!

The blood dragon in his body seemed to feel the threat and burst out!

In the whole world, the only way to make the blood dragon afraid is to kill the blood cold body!

Although he knew that Wei Ying's evil blood cold body cultivation would definitely become very strong, but he did not expect to be so strong!

Sure enough! This evil blood cold body is the world's top ten extreme body! Once cultivated and used, it will surely have a strong power.

"Stop now." Ye chenlian was busy.

Words fall, Wei Ying suddenly open eyes!

"Click!" With a sound, all the furniture wrapped in ice is broken!

Not only that, but also a crack in the pot!

Tanima is terrible!

Wei Ying saw that everything in Ye Chen's living room was destroyed by her, and her face changed greatly: "Ye Chen, I I didn't mean to. I don't know why. I can't control my body

She even took out a bank card from her bag: "Ye Chen, this is my salary card. There are tens of thousands of yuan in it. Can you compensate me..."

Wei Ying was about to cry.

Ye Chen saw Wei Ying's appearance and laughed: "it's OK. I won't live in this teacher's apartment for a long time. If it's broken, it will be broken."

"However, I found that I found a treasure. If you practice hard in the future, maybe I will rely on you."

When Wei Ying heard this, a little surprise appeared on her worried face: "really?"

"Then I must practice hard, and I will protect you in the future."

After saying this, Wei Ying's face flushed again, for fear that ye Chen might misunderstand something.

Ye Chen also took out a few prepared cold martial arts skills: "you also take these books. According to your ability, you should learn these things quickly, but mental method is not enough."

"Good."

Wei Ying accepted her martial arts skills. She wanted to talk to Ye Chen again. Suddenly, a knock came from the door.

"Well Ye Chen, I won't disturb you so late. "

Wei Ying got up to open the door, but found that it was a strange man.

The man takes a look at Wei Ying and smiles, then his eyes fall on Ye Chen in the living room.

"Are you?"

Ye Chen found that he did not know the man.

"Mr. Ye, I'm Bao Xinhe. The master asked me to come to you." The man said.

Baoxin river? Master?

Ye Chen was a little confused: "who is your master?"

"Miss Jilin." Speaking these four words, Bao Xinhe's eyes are filled with a trace of fear.

Ji Lin had taken him as a slave and directly suppressed him, which made him fearless.

However, he did not regret, because he became the servant of Ji Lin, and his strength went up in a straight line.

They even visited the depths of Kunlun Mountain many times.

Ji Lin accepted him as a servant because of one sentence: "during this period of time, you should pay attention to a man named Ye Chen. If he comes to the capital and encounters any trouble, you must help him at all costs! Even if you die, he can't get hurt! Do you understand? "

Today, wudaotai World War I resounded through the whole city of wudaotai. Ye Chen's name is like thunder!

He realized that ye Chen in Ji Lin's mouth had come to the capital!

He came at the first time.

Baoxinhe will Ji Lin's things said again, ye Chen suddenly, it is unexpected that Ji Lin that little girl although the mouth belittled him, but in the bottom of my heart is still very concerned about his safety.

He thought of something and asked, "since you know what happened today, you should also know that I killed a guardian of China." Bao Xinhe nodded: "I know, to be honest, I came here in a hurry today, mainly for this matter. Because one of the ancestors of the Bao family is one of the twenty guardians of China. "

"I have asked my grandfather for instructions. He is going to come from Tibet. Mr. Ye can rest assured that the Chinese Guardian you killed does not belong to my ancestor's camp. I believe that if Laozu knew what was behind the matter, he would not ignore it."

Ye Chen Mou son one Xi, he pour is did not think, Ji Lin secretly this one hand is to help a big help!

"Good! When will your grandfather arrive in Beijing Ye Chen excited way.

Bao Xinhe hesitated for a few seconds: "maybe the day after tomorrow, because there are some difficult things in Tibet, please forgive me."

Another two days, ye Chen can't wait so long.

He squinted at the clock on the wall. It was eleven o'clock in the evening.

Anyway, he's going to visit the Lin family.

Tonight!

Bao Xinhe took a look at Ye Chen and could feel the killing intention of the other party's eyes. He then asked, "Mr. Ye, but are you going to the Lin family?"

"Well? How do you know? "

Bao Xinhe explained: "on the way, I have learned about Mr. Ye's affairs. Lin Juelong and the Lin family are hidden threats to Mr. Ye. If they are not killed, the consequences will be unimaginable. If it is me, I will not make them peaceful this night."

Ye Chen looked up at Bao Xin he and said, "would you like to accompany me to the Lin family?"

"Baoxinhe is willing! The master once told me that anyone who wants to move Mr. leaves must step on me

At the moment, baoxinhe also broke out a very strong killing opportunity.

He has no choice, his life is already Ji Lin's.

If ye Chen has an accident, he is not qualified to live.

Ye Chen and Bao Xin River look at each other, no longer hesitating, jump directly from the tenth floor, not into the dark.

For practitioners, the height of the tenth floor is too low!

At this time, Wei Ying is on the balcony watching Ye Chen give her martial arts, she just research out what, then saw ye Chenyue under the figure.

"Well? Where is Ye Chen going so late? "

She didn't want to meddle in her business, but somehow she felt like she was under control.

Soft body, unexpectedly also jumped down from the balcony!

Chapter 456

When Wei Ying felt the wind around her, she found that she had done such a crazy move!

This is the tenth floor!

Although she has just practiced, she is not a fairy!

So high place, jump down, do not die strange ah!

She regretted, and even wanted to slap herself!

What's crazy about yourself!

Suicide by jumping off a building?

It is estimated that the pressure of female teachers' suicide in Beijing will be the first news of Beijing University! Should the education system be reformed? 】

as soon as she thought of dying, Wei Ying was filled with melancholy!

She's only in her twenties!

She didn't even try to make love!

It's hard to meet someone you like. She's going to die like this?

As soon as Wei Ying touched the ground, a cold female voice appeared in her body.

"Don't worry, I won't let you die."

The next second, Wei Ying even found her hands began to pinch, countless water droplets in the air rushed crazy!

The water droplets condense the ice crystals and form a large net at a distance of two meters from the ground!

Wei Ying fell on the ice crystal net, buffering all forces!

Not only that, Wei Ying's whole body unexpectedly appeared a bloody virtual shadow.

is as like as two peas in Wei Ying.

No imaginary collision!

There is no bloody imagination!

Wei Ying landed safely.

She was completely confused. She didn't have anything to do with it?

At this time, the cold female voice sounded again: "if you don't follow up, you may never find the boy again."

Wei Ying was stunned and looked around. There was no one around!

"Who are you? Where the hell are you? "

"I am the evil blood and cold body in your body! Let's go

Wei Ying's face changed slightly. She just wanted to say something. An invisible force seemed to control her.

She took a look at the Xuanshi on her neck, and there were countless gaps.

Is it because she can't suppress the evil blood and cold body in her body?

However, although she was controlled by her body, she clearly felt that as long as she used some strength, she would be able to break through the other party's control.

It's just that she's very comfortable with the feeling right now, and she's not breaking control.

.....

Night, ink as paint.

Lin family in Beijing.

Ye Chen and Bao Xinhe have come to the place of array.

The Lin family is really near a park.

Ye Chen confines his eyes and can feel the array fluctuation around him.

This fluctuation is stronger than Xuemei hall and Jiangjia.

"Mr. Ye, although I know it's here, I've heard that the Lin's array is not ordinary, and it's extremely difficult to break it by force."

"Even this array has a strong sense of attack. I heard that there was a strong Chinese player who tried it and finally died under the array. He didn't even have the ability to counterattack."

Ye Chen doesn't pay attention to it. With the improvement of his cultivation, he is extremely clear about the spirit rune.

All changes do not depart from their ancestors.

He felt the eye of the array at a glance.

He took a few steps, the pace is extremely strange, and even in the eyes of Bao Xinhe, he is somewhat incoherent.

When ye Chen went to the seventh step, the whole ground shook up!

A faint flash of light!

Eye of the eye!

Bao Xinhe looks like a ghost.

How could Mr. ye find the eye of Lin's array in just a few steps?

What the hell is this monster!

Have not waited for him to react to come over, ye Chen finger pinches definitely, fingertip faintly appeared a flame!

The next second, the flame like an arrow stabbed at the eye of the array!

The fire broke out!

The boundary of the array actually spread in all directions like a spider's web, completely broken!

Not only that, but ye Chen is another blow!

This boxing dragon chanting array, dense, a large array all broken!

Bao Xinhe's expression is completely frozen!

Mr. ye not only found the eye of the array, but also destroyed the array?

What means is this!

It's unheard of!

At the same time.

The Lin family inside naturally felt the vibration.

The old man of blood League and Lin Ao look at each other and see the shock of each other's eyes.

"What's the news?"

The old man of blood League was surprised.

Lin Ao stood up and broke the array! How can it be! "

His Lin family's array was handed down thousands of years ago. Although this array is not a great array in ancient times, there is almost no one who can be more powerful than this array in China!

Now it's broken?

And it's a real smash?

"What's going on out there, surveillance?"

The old man of blood League felt something was wrong.

Lin Ao Mou son shrinks, just want to pick up the flat on the table to take monitoring!

"Hiss!" There's a big bang!

The air seems to be broken by a strong force!

He subconsciously raised his head, a long gun burst from the air!

There is a strong air flow all over the body!

"Ding!" A sound, directly fell on his palm!

Pierce the plate, nail on the ground!

Mars twinkled and a strong wind swept through.

Not only that, because the strength of the spear was too terrible, he also had a bloodstain on his hand.

Blood gushed out crazily, dripping on the ground.

Lin Ao is a little confused, but someone forced to break into the Lin family!

Before he could react, a scream rang through!

Then he saw a picture that he would never forget in his whole life.

The black door of the Lin family was directly broken open by one foot, and countless sawdust were flying.

In the dark, a cold and proud figure appears!

The key figure holds four heads in his hand!

These four people are the strong guards of the Lin family!

The sight moves up, the outside light finally hit the figure's face.

Mottled light, showing a pair of cold eyes.

Like a hungry wolf, like a lion, killing and bloodthirsty.

Ye Chen!

Ye Chen even killed the door.

The old blood League and Lin Ao step back subconsciously. In their mind, ye Chen is like the God of war in the gymnasium this morning!

Lin Jue long, defeated!

Blood alliance strong, seriously injured!

Guardian of China, death!

At present, China can block Ye Chen how many people?

"Bang!"

The four heads were thrown directly to Lin Ao's feet.

"Where's my dad?"

Ye Chen has already appeared in front of Lin Ao, two meters apart. The cold breath envelops Lin Ao's whole body!

Lin Ao this just reacts to come over and stares at Ye Chen: "you come late, ye Tianzheng is not here!"

"Is it?"

Ye Chen did not start, but took out a cigarette from his pocket, lit it and sat on one side.

"I'll give you a cigarette time to bring ye Tianzheng. Otherwise, everyone in the Lin family will die."

Smoke around, cover Ye Chen's face.

This seemingly ordinary picture, but let Lin AO and the old blood League feel fear.

Because what they see is not just a young man smoking.

They also saw a blood dragon slowly drilled out of Ye Chen's body!

In the blink of an eye, it broke the whole house!

Huge!

And then it circled around Ye Chen.

The blood dragon lived high and looked at the two people, their ferocious faces and the flames rolling on the Dragon scales!

The atmosphere of the whole hall has dropped to freezing point!

Chapter 457

At the moment, the hall is so quiet that there is no breath.

Even the Baoxin River, which later appeared, looked at the blood dragon that came out of Ye Chen's body. His body was stiff with fear.

How can Mr. Ye control the dragon?

Isn't this the method of the legendary immortal talent?

How does the blood dragon come out of his body?

Miss Ji has been so terrible, who could have thought that Mr. Ye was more terrible!

Miss Ji asked him to protect Ye Chen. Does this existence need his protection?

A cigarette is over.

Ye Chen put out the smoke, staring at the two people in front of him, word by word: "five minutes have come, I didn't see my father as I wish. I'm very disappointed with you, really disappointed."

His voice is very cold, can let everybody feel invisible anger!

Next hour, move the leaf!

This moment of Ye Chen, like a lightning, speed amazing!

Ye Chen's momentum burst out, like a wild animal, toward Lin Ao's impact!

Lin Ao is not a mediocre. If he can become the head of the top family, he has enough strength!

"Ye Chen, today you hurt my son, I also let you feel some despair!"

Lin Ao blows out a fist, and the force of the separation and separation environment erupts madly, and the ground where he is located is actually cracked.

Under the feet, an invisible billow!

It shows the power of his fist!

At this moment, Lin Ao's momentum is not comparable to that of ordinary warriors.

Lin Ao didn't dare to be careless. He even raised his momentum to the top. With a roar, his strength suddenly expanded!

A roar of tiger startled the world!

With Lin Ao's fist blowing out, the terrible fist wind rolled up the surging weather waves.

But he underestimated Ye Chen!

Ye Chenwu has broken through two realms in the first World War of Daotai. With the power of his life talisman and blood dragon, who can stop it!

The key is that his strength grows stronger as his anger rises!

This is the way of killing Dao Jun!

"Bang!"

Two forces suddenly collide!

Powerful force, dull roar, Lin Ao's face suddenly congealed, Qi and blood rolling! His face was full of disbelief.

The boy's simple punch made him feel a trace of fear.

Fear from the heart!

"Click, click, click!"

Arms and bones are broken like crazy!

Lin Ao's body retreated a full ten steps, the key to his right hand, bone thoroughly showed, blood constantly dripping down!

With the power of one punch, he lost completely!

What terrible strength!

Who could have thought that as the patriarch of the Lin family, he had no power to fight back against Ye Chen?

Fierce pain spread, Lin Ao full face shocked!

"Poof!"

Lin Ao realized that this blow was not as simple as breaking his arm!

An invisible air wave rushed into his body!

He couldn't help but spit out a mouthful of blood!

Pale!

"I gave you a chance. From today on, the Lin family no longer exists."

The voice was quiet, as if telling a small matter.

Then, ye Chen in situ into a shadow, the next second, the hands of the dragon sword, a sword toward Lin Ao split!

Blood debt, blood must be paid!

One side of the blood League old man felt something was wrong, and he quickly put down the mobile phone that had just sent a text message. Then he grasped it with five fingers, and a long sword in his waist rushed out and held it in the palm of his hand!

Lin Ao is of great use to the blood League. You can't die!

He saw that ye Chen's cultivation was far from being better than himself. He had nothing to fear!

Even if the other side has a strong secret method and sword meaning, can it be used several times in a day!

"Ye Chen, don't be arrogant. You hurt my companion. Today I want not only your secret, but also your life! Cut

Under the dim light, the old man of blood League directly hands.

There is no doubt that the authority of the strong in the later stage of Lihe state is obvious.

"Wow

All of a sudden, he cut directly at Ye Chen with a sword.

Crazy!

He didn't dare to take it lightly!

This kid is so fuckin 'weird!

Ye Chen naturally feels the killing opportunity in the air. He reverses the dragon sword and goes towards the old man of blood League!

Ye Chen's sword also collided with the old man of blood League!

The momentum of terror, the wind swept.

The location of the two people seems to be the center of the storm. Countless mahogany furniture around the storm has turned into pieces!

"You are very strong, but much weaker than the one who was seriously injured by me on Wudao stage today!"

Ye Chen roared.

At this moment, ye Chen was furious to the extreme. The blood dragon also fell from the sky into Ye Chen's body, flashing red light!

Xuemeng old man's face changed slightly. He found that ye Chen was not weak because of the first battle in the morning, but broke through two whole realms!

The breath is furious to the extreme!

How long has this been!

When is the breakthrough so easy!

He's going crazy!

"Go back

With a roar of Ye Chen, the meaning of killing is overwhelming!

This time, we didn't use the second move of breaking the sky sword. Only the first move, combined with the meaning of blood dragon, was enough!

Boom!

The old man of blood League found his power was swallowed up, and his sword kept shaking up!

"Click!" A sound, all the pieces!

At this moment, his pupils contracted, showing a look of horror.

"What about the blood alliance? If you offend me ye Chen, you will be killed as usual!"

Ye Chen will vent all his anger under this sword! With the power of destroying the withered and decaying, he will burst out his true Qi and blood evil spirit.

The old man of blood alliance originally wanted to use blood door secret arts to resist, but ye Chen didn't give him a chance!

Cut it straight!

The whole Lin family seems to be broken in two by a sword!

The furniture is destroyed! The ground is cracked!

"Ah

The old man of the blood league only felt that he had been hit hard by the mountain.

The power of the moment, like hundreds of bison, roared at him.

Under the power of terror, he vomited a mouthful of blood! All the viscera are shocked by the merciless sword!

Subconsciously, the two arms that held out the obstruction were cut off directly!

Not only that, his body seems to be cut in two!

Blood spills!

Endless fear!

This is Ye Chen's outrage! It's his way to kill!

Who can bear it!

Chapter 458

The face of the old man of fear and fear is only a moment.

He can clearly feel that he has lost the control of his hands!

Even the ability to think seems to be lost.

His consciousness gradually dissipated.

Finally he fell to the ground.

Ferocious and brutal.

Nothing but blood.

Those who had planned to rush into the house, all stopped!

They know the strength of the old blood League, but such a strong man was cut off by the young man with a sword?

The key is not even blocked!

Ye Chen takes back the dragon sword and takes out a rag from the table and wipes it carefully.

It's as if the blood of the old man of the blood alliance is not worthy of being stained on the dragon sword.

Then ye Chen raised his head and his eyes fell on the strong men of the Lin family, who had a strong smell of blood.

"Baixin River, not one."

"Yes, Mr. Ye."

Baixinhe's eyes shrink and rush into the crowd in an instant.

The sound of screams resounded!

Ye Chen's actions have already formed a shadow in their hearts.

Once you are afraid, how can you stop it!

Of course, baixinhe is not so easy to face so many masters. Soon Bao Xinhe also suffered some injuries.

Ye Chen helplessly shakes his head, the whole body instantly rolls up the gust of wind, rushes into the crowd!

Everywhere you go, blood and flesh are flying!

At the moment, ye Chen is like the God of death, harvesting all people's lives mercilessly.

Five minutes!

Many masters of the Lin family all fall down!

The blood mist filled the whole room, which was a little choking.

There is one person left alive in the Lin family, that is Lin Ao.

Lin Ao shrinks in the corner, lost his arm, his strength greatly reduced, want to fight back, it is impossible!

Key Ye Chen's strength now even that blood alliance strong person can kill, he simply does not have the power to strike!

"Baixinhe, go to search every room of the Lin family. If you find Lin Juelong or my father, report to me immediately!"

"Yes, Mr. Ye!"

Baixin river is surging towards the Lin family in an instant!

And ye Chen is to see Lin Ao, step by step toward him.

The steps are light, but like the steps of death.

"Do you know why I didn't kill you?" Ye Chen light way.

Lin Ao had no intention of compromise and said angrily, "Ye Chen, what if you destroyed my Lin family! Even if you go through the whole Lin family, you can't find Lin Juelong and your father! "

Lin Juelong and the old man injured today have been transferred and treated by Fang Zhenye, the guardian of China.

As for ye Tianzheng, he was also taken away by Fang Zhenye.

Some secrets, his Lin family is not eligible to obtain, but Fang Zhenye is absolutely qualified!

Only because he is one of those people standing in the pyramid of China!

They are in control of power and can enjoy the feeling of power growth!

No one can shake it!

Even if ye Chen is now the number one master in China, it can't be shaken.

Soon, Bao Xinhe came back in a hurry: "Mr. Ye, no one."

"I even broke some basements and didn't find out. I suspect these people were moved ahead of time."

"But, Mr. Ye, I found it in a room."

Bao Xinhe hands a book to Ye Chen.

The book is painted with some strange words and symbols. It looks complicated but simple.

Ye Chen sees the symbol on this book, Mou son shrinks, quickly took over!

He's a little short of breath!

Because the above symbol is he and his father once played word chess to create!

At that time, they just thought it was fun. The father and son often arranged some secret signs that Jiang Peirong could not see at home.

All over the world, only he and ye Tianzheng can understand the above symbols and words.

Ye Chen glanced at it. He couldn't make up a paragraph of these things for a short time, so he threw them into the samsara cemetery.

Then, the cold eyes fell on Lin Ao's body.

"Where is my father? Tell me, I can give you a complete body. "

Ye Chen's hands have appeared some silver needles, silver needles in the light flashing cold light, looks a bit frightening.

"Poof!" Lin Ao spits a mouthful of blood on Ye Chen's face.

"You son of a bitch! Even if the Lin family is destroyed, you don't want to see your father! If you can give birth to a small animal like you, it's only an old one! "

"Ha ha ha ha, when my son recovers, he will surely avenge Lin Ao! One day, all three of you will die! And there is no place to die! "Lin Ao's expression is ferocious to the extreme.

The words fall, his body is more huge up, is obviously ready to explode!

He would rather die than disclose any information to Ye Chen.

Ye Chen smile, smile Sen cold and Indifference: "Lin Ao, do you know where I disappeared five years?"

Lin Ao is stunned, his expression is somewhat ferocious.

This is also the biggest doubt in his heart.

"Since you are about to become a dead man, I might as well tell you that I went to Kunlun Xu, a place where countless strong men and clans stand."

Hearing this, Lin Ao said in horror: "impossible! Kunlun Xu doesn't have any information about you! "

"You can't find me in the wudaozong sect of kunlunxu, because I didn't join any wudaozong sect at all. In those five years, I struggled in the dark that life is not equal to death. In those five years, some skills I mastered might make life worse than death."

"My strongest strength is not martial arts, but medical skills."

"I thought medicine was used to save people, but the dark and killing land told me time and again that medicine can also be used to kill people."

"It's even more painful than death."

Ye Chen said at the same time, the silver needle in his hand was ejected, the cold light flew by, and six or seven silver needles were steadily shot on Lin Ao's body.

However, Lin's speed is not so fast.

"This is..."

Before he could react, an endless sense of pain swept over!

For a moment, he was convulsed and cold.

This feeling is like tens of thousands of ants in the crazy bite.

"Ah

The whole room resounded with the exclamation of Lin Ao, which was extremely tragic.

Not only that, the meaning of pain is still expanding and enlarging! This is a deep pain from the soul!

Baoxinhe on the side of the river could not help but take a breath of cool air when he saw this scene!

It's a terrible way to make a strong man suffer so much.

Fortunately, he is not Ye Chen's enemy, otherwise his own end may also be the same as Lin Ao.

At the moment, Lin Ao's whole body is full of blue veins, and his eyes are full of blood, which is extremely ferocious.

Ye Chen pulls out a chair by the side, sits down, lights a cigarette, and waits slowly.

"I have only one answer, and I can put an end to your pain."

Chapter 459

For ten minutes, Lin Ao collapsed, covered with sweat, and his crotch was incontinent!

According to the principle, the sufferings that the martial arts can bear must be far more than ordinary people, but under Ye Chen's pain, the warrior is just the opposite. "

"I said! You're going to let me go! Come on! Ye Tianzheng is taken away by Fang Zhenye! You go to find Fang Zhenye! Ah

Ye Chen put out the smoke, and did not remove the silver needle, but continued to light a cigarette.

"Ye Chen, you are not good Ah! Please let me go

After two cigarettes, Lin Ao has been tortured to death.

There was no sound at all.

His body almost burst and his teeth were broken!

We can see what kind of pain he suffered before he died.

Ye Chen stood up and said to Bao Xinhe, "cut off his head and hang all the heads outside the door."

"Yes, Mr. Ye."

According to the new, or shake his head.

The last thing the Lin family should do is to provoke this evil spirit.

When Ye Chen is ready to leave, the mobile phone on the ground suddenly rings.

It was the mobile phone that the old man of blood League sent messages secretly.

Ye Chen eyebrows a wrinkle, he looked at the corner of the light, five fingers a grip, the mobile phone will be sucked back.

It shows a string of encrypted numbers.

He pressed the answer button, an old voice came: "is Ye Chen still in the Lin family? Did you take it? I've sent some of my disciples to support me. Just hold on. "

Although Ye Chen didn't hear the voice, he instantly guessed who the other party was. He gave a cold smile: "you may be disappointed. This group of people are dead."

There was a pause for a few seconds at the other end of the phone, and a solemn voice came through: "Ye Chen, you dare to destroy the Lin family! If you destroy a family in Jiangnan Province, Huaxia will not say anything, but if you trample on the rules and destroy the top Chinese families, you will have to bear more than you think. "

"Do you know there is a round table meeting between the guardians of China? It's too easy to cut off your life and death. Even if there are powerful forces and clansmen behind you, the result will be the same! "

"Besides, before my apprentice comes, I hope you will be caught with your hands, or you will be at your own risk!"

Ye Chen just wanted to say something, the phone was hung up.

Ye Chen destroys the mobile phone and looks at Bao Xinhe: "since you have an elder who is the guardian of China, can he know where this Fang Zhenye is?"

Bao Xinhe shook his head: "the relationship between the guardians of China is not close. They only meet at special round table meetings or before big events happen in China. More often, they communicate through video and other forms."

"It's hard to know the location."

Ye Chen nodded and looked at the head full of the wall, and said in a cold voice, "go."

"Well, Mr. Ye."

When ye Chen and Bao Xinhe are ready to leave, three figures in Daopao directly block in front of them.

Three people face to expose the murder, dead staring at Ye Chen.

The strength of these three people is very strong, and judging from the breath, there are at least thousands of people who died in these three hands.

This evil spirit is a little out of place with their Taoist clothes.

"Are you ye Chen?"

The head of a middle-aged man called Fang Yuanji, Fang Yuanji glanced at a row of heads hanging at the door of Lin's house, his eyes shrinking.

His two younger martial brothers, Fang Yuanfeng and Fang Yuanhai, have some problems.

I didn't expect that they came as fast as they could, but they were still a little late.

It is estimated that none of the Lin family survived this time.

The key is that they never thought that someone would dare to destroy the top Chinese family Lin family!

Ye Chen guessed the identity of these three people, should be Fang Zhenye's Apprentice.

Just in time, they want to know about Fang Zhenye.

These three are undoubtedly the best way.

"Where is Fang Zhenye?" Ye Chen is not a guest!

"Bold, master's name can be called at will! Don't get down on your knees

Fang Yuanji's eyes are cold, and he has no intention to move his sword. He punches at Ye Chen.

There is a red air flow between this fist, and the sound of breaking the air is constantly ringing. It is a visible power!

Not only that, the other two people also dare not take it lightly, mobilize the true Qi of the elixir field, directly take ye Chen's key!

In an instant, three extremely strong air currents swept through, just like three blood blades breaking through the air, trying to cut off everything.

"Mr. Ye, I'll help you!"

Bao Xinhe feels that the strength of these three people can not be underestimated. The key is that he has never seen these three people in the Chinese master list!

He was sure that the three were the strong men hiding in the dark of China!

"Bang!"

It's a pity that Baoxin River can only resist one person!

When the two fists collided, Bao Xinhe felt that all his internal organs were broken by an air wave!

Push! Push! Six steps back!

"Poof!"

He could not help but spit out a mouthful of red blood, shocking!

"Baoxinhe, I know you, this kind of strength also dare to block in front of me, beyond my ability!"

"You must be very surprised. I might as well tell you one thing. Do you know Fang Yuancheng, who has been in the first place in the list of Chinese masters for a long time? He is our junior brother! "

"Now you know how small you are!"

Fang Yuanji sneered and stepped out, "today, I personally send you on the road!"

Boom!

The single palm blows out, the palm wind bursts out, and a substantial palm print condenses out, like the scorching sun, rolling towards Baoxin river.

In his opinion, baoxinhe may be very powerful in China, but in their eyes, it is vulnerable to attack!

Chinese masters are not necessarily on the list of Chinese masters!

Like him!

Looking at the pressure of the palm print, Fang Yuanji's mouth showed a bloodthirsty sneer.

He enjoyed the sense of control over other people's lives and lives.

At this time, a dark shadow suddenly appeared in front of Fang Yuanji!

"It's too early for you to be happy."

Ye Chen's arm seems to have burst out of a blood dragon with a fist!

Boom!

When the fist blows, the blood shines brightly.

As the stars come!

At the moment before the palm print fell, the fist came rushing!

In the strong breath, the fist shadow and the palm print collide fiercely together.

It's like a mountain falling apart.

In the fierce roar, the endless wind swept in all directions.

The whole Lin family's ground vibrated faintly.

Even the walls around the Lin family had cracks.

"Well? How is that possible? This power... "

Fang Yuanji, who originally had disdain and sneer on his face, finally widened his eyes.

What he thought was a crushing palm was swallowed by an invisible force!

In the cry of surprise, he suddenly withdrew ten steps towards the rear.

Is your own move resisted? And I also suffered a great loss!

His palms were paralyzed, and he felt the domineering breath that rushed into his body. Looking at the man who appeared in front of him with the momentum of thunder, Fang Yuanji was shocked!

Master said Ye Chen was very dangerous. Fang Yuanji didn't think so!

But now it seems that it is extremely dangerous to be able to exert such strength at such a young age!

Chapter 460

When Fang Yuanji realized that something was wrong, he quickly ordered:

"let's do it together, two younger martial brothers!"

The other two younger martial brothers react instantly!

"Good!"

The next second, all over the sky palmprint toward Ye Chen!

Strong.

Ye Chen Mou son serious up, the strength of these three people is even stronger than Lin juelang, the key is the tacit understanding of these three people, extremely terrible.

Every blow is his key!

If it wasn't for his high concentration, it would be absolutely dangerous.

Bao Xinhe wanted to help, but he found that he was injured. It was impossible for him to get involved in the war circle!

Ye Chen's body continues to retreat, the body has appeared a trace of scar.

suddenly, suddenly, suddenly, suddenly, suddenly, suddenly, suddenly, suddenly, suddenly, suddenly, suddenly, suddenly, suddenly!

The ambient temperature drops suddenly! The cold wind is coming!

Water droplets in the air condense into an ice sword! So suddenly appeared behind Fang Yuanhai!

This strange scene, let three people's faces change greatly!

Who could have thought that Mantis catches cicadas and yellow finches are behind!

But who is this finch!

How could you do that?

"Puff!"

Without any hesitation, the ice sword directly stabbed Fang Yuanhai's body!

The sky is weak, and the heart is dying!

The three men's formation is over in an instant!

Fang Feng and Yuan Chen's face changed completely, but he didn't notice!

He grabbed the man's dagger from the ground with one click of his fingers!

Between electric light and flint.

Ye Chen holds the dagger tightly, and the spirit overflows, and the blood evil spirits surge!

A blood dragon directly rushed out, as if attached to his arm!

Ye Chen, like a wind, is moving towards Fang Yuanji and Fang Yuanfeng. It is the cheetah that preys on him and the tiger goes down the mountain. The speed is too fast!

"Not good!"

Only then did they react, but it was too late!

Ye Chen's dagger has wiped Fang Yuanfeng's neck, and the graceful radian is extremely cold at the moment!

"Die for me!"

Touch

Even if Fang Yuanfeng wants to hide, it's too late. The dagger cuts through his Qi barrier!

Touch his skin!

In the endless anger of Ye Chen, this blow is exhausted, we can imagine how terrible the power is.

Shua!

The cold light flashed by, and Fang Yuanfeng's head fell to the ground.

The body also fell down, blood accumulation moving, like a fountain, the neck is a bright red, warm.

At the moment, only Fang Yuanji is left!

Ye Chen's eyes are red, like a blood wolf who kills red eyes!

He threw away the bloody dagger and directly raised his right hand to form an eagle's claw. With fierce and terrifying precision, he directly grasped the shoulder of

Fang Yuanji!

Fang Yuanji had no idea that everything would be destroyed by a sudden ice sword!

It is impossible for him to stop Ye Chen alone!

"Now it's my turn. Die for me!" Ye Chen a voice to drink, the face is full of ferocity and madness.

"Tear One sound!

Ye Chen's five fingers directly penetrated Fang Yuanji's shoulder!

Strong pain let Fang Yuanji can not help but take a breath of cool, he also regardless of the shoulder wound, want to leave!

The pace is very fast! Powerful body method makes him move almost instantly!

At the moment, his head is incomparably clear.

It's hard for him to kill Ye Chen by himself!

Behind the key, there is a strong man who doesn't know the origin!

He had to run away!

"You want to go, have you asked me?"

A few seconds later, a cold voice sounded in his ear. Fang Yuanji was stunned!

How is it possible that his body method has been overtaken by the other party?

Not yet waiting for his reaction, a pair of big hands directly into the sky! His aura is on top of it!

Fang Yuanji felt the shock of knowing the sea. He stopped and spat out a mouthful of blood.

One force after another penetrated his body from his head, in a frenzied plunder!

"Plop!"

He knelt on the ground and found himself trapped by a blood dragon.

The blood dragon is ferocious. What he just wanted to say, his body fell into a pool of blood.

At the moment of falling down, he saw a girl standing not far away in a polka dot skirt.

The girl looked very weak, but she was cold and bloody.

"Evil blood cold body..."

Fang Yuanji did not expect that everything would be destroyed on that weak girl.

.....

Fang Zhenye's three disciples were killed directly!

No one lives!

Ye Chen panted slightly, raised his head, and his eyes fell on the girl not far away.

The girl covered her mouth, obviously surprised.

The expression is a little more fear.

Ye Chen is stunned. He never thought how Wei Ying came with him?

Looking at the three bodies, Wei Ying couldn't help but go straight to the corner and vomited.

She is just a college English teacher. She has never seen such a bloody side!

At the moment, the chill and blood evil spirits all over her body had disappeared.

In Wei yingtu's similar time, ye Chen has come to her side, handed out a paper towel.

"Are you all right?"

"Thank you."

Wei Ying took the tissue and wiped her mouth. Her face turned pale. She took a look at the location of the body.

It was found that there was no more blood on the ground.

Wei Ying exhaled a breath and looked at Ye Chen: "I'm really sorry, ye Chen. I don't want to be like this, but I can't control it."

Ye Chen laughed and said, "I don't mean to blame you. If it wasn't for you, I might be in danger tonight."

He is very clear, this war, that sudden ice sword is very important.

The ice sword must have been used by Wei Ying.

But he was very strange in his heart. Wei Yinggang stepped into the way of cultivation. How could he have such strength?

He thought of something and noticed the necklace on Wei Ying's neck.

The spirit of the dark stone has been broken almost, destined to be unable to suppress.

"I've heard that the evil blood cold body can control itself, and its strength is extremely terrible. Is it true?"

Ye Chen murmured.
