Chapter 4511

Death threats?

Ye Chen looked at GUI puLong and said faintly, "inform all the remaining three families to hand over the key within the time of a stick of incense. Otherwise, I will kill any family."

GUI Pu long swallowed his saliva and answered, "yes!" He ran down in a hurry.

Ye Chen slowly turned his head and looked at his master with no expression: "what do you want to do?"

When Hong Feiling and Bai Dongzhi heard the words, they both trembled and said, "Ye Mr. Ye, please wait a moment. We'll let the family bring the key! "

This time, Hong Feiling, Bai Dongzhi, and Huang Renjie did not take the key with them, but hid them in a very secret place. They had already made plans. Even if they really want to give the key to Ye Chen, they can't give it in vain!

They have to negotiate terms!

After all, the key may be related to a big chance!

However, they did not expect that ye Chen would directly suppress the threat as soon as he came up!

Not even a chance to react!

This makes them give up the original careful thinking completely, even the family will not have, what are the conditions?

They are very clear, ye Chen is not joking, he is really angry!

What happened, let Ye Chen so angry!

Ye Chen light way: "a stick of incense."

Hong Feiling and Bai Dongzhi left the main hall in a hurry and headed for their families.

To tell you the truth, ye Chen is a little too cruel to do so, which may bring him a lot of trouble.

His strength is really strong, but it does not mean that he is invincible here. If ye Chen is too reckless, it is likely that those hidden old monsters will attack!

In particular, the background of such a big family is not simple!

However, ye Chen can not care so much, he has no time!

Soon, the time of a stick of incense is coming. At this time, three figures appear in front of you.

Three people, holding a crystal stone in their hands.

Each of the four crystal runes can be made up of one crystal rune, one crystal Rune and one crystal leaf.

Then, ye Chen, led by GUI puLong, entered the depths of the hundred barren mountains and came to an ancient tree.

Looking at Ye Chen, GUI puLong said, "here is the entrance to the secret place."

He hesitated for a moment, and said with some worry: "Mr. Ye, we have never entered this secret place since our ancestors left the key. The old ancestor once said that those who are not qualified enough to enter it will have only one result, that is, death!

It must be extremely dangerous. Please be more careful. "

Ye Chen nodded his head and said, "thank you for reminding me."

After that, he infused the spiritual power into the lingfu. At the next moment, a burst of four-color light burst out on the lingfu, wrapped Ye Chen in it, and flew into the ancient tree and disappeared.

.....

Ye Chen opened his eyes, saw, eyes flash, into the eye, a beautiful landscape, like a fairyland on earth, but, most attracted his attention, not the scenery, but Aura!

At the moment, he came to a place full of spiritual power!

The aura here is much higher than what three yuan Taizhen gate and Sunmoon sea are!

Not to mention anything else, just entering this secret realm and practicing will have great benefits!

However, at present, ye Chen did not care about these things. He asked xuanhanyu, "xuanxianzi, where was the Vulcan eagle that day?"

Xuanhanyu said: "specifically, I don't know. Even, I can't guarantee the existence of Tianhuo eagle in this secret place..."

Ye Chen frowned a little, but he had no choice. The transmission array had to be set in advance, while the Qingyang area and the whole realm in the Yangzhen area were affected by the special cloud

atmosphere. Although it was not as strong as that in the dark valley, it was difficult to place the transmission array

The Qingyang area is very large. With Ye Chen's escape speed, even if it is transported to a nearby place, it will be too late for three days.

At the beginning, the reason why dark valley chose Qingyang area as the base was to avoid being surrounded directly by the large army sent when his identity was exposed, so that they had the opportunity to escape.

Therefore, ye Chen can only find the sky fire Eagle!

Ye Chen takes a deep breath and displays his soul body transformation. He wants to release his mind and look for the whereabouts of the sky fire eagle. But at this moment, his eyes suddenly flash and he looks at a place beside him and says in a deep voice: "who is it? Come out

The next moment, in the air, a burst of distortion, two figures emerge in front of Ye Chen.

The figure of a man and a woman.

Both men and women are born with incomparable beauty, exquisite to the point of inhumanity. At the same time, they are all engraved with some special lines. In one eye, there are golden pupils, red hair and tall bodyYe Chen sees the moment of these two people, slightly a Leng, the appearance of these two people, how does he have some familiarity?

Not only the appearance, but also the breath!

And that pair of men and women, see ye Chen's moment, in the eyes is also flashing a touch of doubt color.

It seems that ye Chen gives them some abnormal feeling.

All of a sudden, ye Chen thought of it!

The appearance of these two people is very similar to that when he inspired the body of the heavenly demon!

And that breath is the breath of the blood of the demon!

What is hidden in the secret place of the hundred barren mountain is actually the successor of the heavenly demon blood?

However, it seems that this blood is not orthodox and complicated

In fact, ye Chen's TIANYAO blood is also the same. After all, at the beginning, ye Chen only got the imitation of TIANYAO blood, but he used pills to increase the blood concentration, and got the TIANYAO mark, etc., which improved the blood vessels of TIANYAO.

However, even so, the two men and women with the blood of the heavenly demon are extremely powerful!

That man is the first source of seven layers of heaven, and that woman, is the source of eight layers of heaven!

Moreover, the age of both men and women is not more than 300 years old!

This talent, almost killed a large number of genius star list!

At this time, the woman said to Ye Chen, "are you a foreigner? Why do you smell like us

When ye Chen heard the speech, his eyes flashed, and after a moment of hesitation, a strong evil spirit burst out of his body. His body suddenly changed and instantly activated the body of the heavenly demon.

Looking at the appearance of Ye Chen after the change, the pair of men and women look at each other, the color of surprise in the eyes is more prosperous!

Ye Chen knows that the best way to find Tianhuo divine eagle as soon as possible is to use the help of these two demon clans living in the secret place. The first step is to gain their trust. Therefore, ye Chen displays the body of the heavenly demon.

Of course, there are also risks. After all, the things that gobble up each other among demon clans are not rare!

Chapter 4512

However, fortunately, ye Chen's decision seems to be correct. The two demon clans looked at Ye Chen's expression and both eased one point.

The woman said again, "foreigner, you have my blood? Are you here for the trial

Ye Chen heard the speech, shook his head and said: "two, you are coming down here to look for the sky fire eagle, I don't know, the sky fire eagle, can be here?"

"Skyfire hawk?"

The man scratched his head and said, "the patriarch's family has a big eagle. However, the eagle is the chief's treasure. He won't lend it to you."

When ye Chen heard the speech, his eyes lit up and said, "could you please take me to meet the patriarch?"

The woman said, "naturally, we will do it even if you don't say so. Any outsider entering this land needs to take part in the trial, otherwise..."

Speaking of this, two people's eyes are some cold down, ye Chen smell speech not from the heart slightly cold.

Soon, ye Chen followed them to a village.

After coming to the village, ye Chen was even more shocked. At first, he thought that this man and a woman were the genius of the ethnic group. After arriving here, he found that although the couple were better than others, they were definitely not at the level of genius!

This group of people living in seclusion is extremely powerful!

Along the way, ye Chen also made clear the name of this group, which was called Xuanyao clan. Ye Chen's mind moved, and the demon family's son was also known as Xuanyao Shengzi!

After arriving at the village, the man and woman let Ye Chen wait in front of an open space. There is a stone pillar in the open space. On the stone pillar, there is a skull, which seems to be used as a priest.

Ye Chen's eyes were slightly cold, and quietly released his mind. He wanted to explore the so-called eagle, but soon, he frowned slightly. In this village, it seems that there is something that can shield the power of the mind?

At this time, the men and women appeared again, and they were followed by a rickety, extremely short old man.

However, compared with other Xuanyao people, it is still quite tall for ordinary people.

The old man looked at Ye Chen and said with a smile, "I didn't expect that there were foreigners with our blood. This is an interesting thing. Originally, your accomplishments are not worthy of the trial. However, for the sake of blood, I will give you a chance."

Ye Chen looked at the seemingly emaciated old man, but he couldn't help being shocked!

In his eyes, the old man was as tall as a giant. It seemed that the earth and the earth were shaking!

And ye Chen could not see through the realm of this person?

Old Shuo said in a deep voice: "boy, this demon clan old man is a real existence, not a general strong one. You can't fight against it now. He only needs one move to kill you!"

Ye Chen's face changed, but he still said in a deep voice, "master, are you the patriarch here?"

The old man said, "I'm an old man named xuankun, who is the patriarch here."

Ye Chen gazed at xuankun and said, "master, can you keep a sky fire eagle in your home?"

Xuankun nodded his head and said, "not bad."

Ye Chen heard the speech and said happily: "to be honest, in the next time I enter this secret place, I'm not trying, but I want to borrow the sky fire eagle."

After all, he didn't know how long it would take!

At the moment, there are many Xuanyao people around. They are still smiling, and their eyes are full of curiosity. But when they hear ye Chen say that he doesn't take part in the trial, everyone's faces are bleak!

Looking at Ye Chen's eyes is also full of scorn!

The men and women in front of xuankun's body were also cold in their eyes. The man snapped: "boy, it's your honor for the patriarch to let you take part in the trial. Don't be unkind about good or bad!"

After that, his whole body is full of evil spirit, and seems to be about to fight ye Chen!

But the old man stopped.

Xuankun gazed at Ye Chen and said, "boy, what's your name?"

"Ye Chen."

Xuankun nodded his head and said, "Ye Chen, this is the homeland where our Xuanyao people have lived for generations. It is also a holy land. Do you know the meaning of holy land?"

Ye Chen frowned and did not speak.

In Xuankun's turbid eyes, there was a faint sense of forest: "in this holy land, only my people are allowed to set foot in, and only through this test can you be recognized by the demon God and become a member of our family.

boy, this is the only chance for you to live. If you didn't have the blood of my family and your cultivation of mending the heaven, you would not even be qualified to participate! "

in his eyes, a trace of reminiscence appeared in his eyes and said: "in the ancient times, our ancestors found the holy land here, and selected four of the best attendants to lead a group of servants to guard the entrance. In order to repay them, the ancestors promised the four attendants. In the future, the qualified and excellent offspring of his four people could be sent to the secret place for trial. If they passed, they could be tested Our nation admits that to be a member of our family and have the qualification to visit the Holy Land! "He glanced at Ye Chen indifferently and said: "this opportunity is the result of the efforts of your ancestors from generation to generation. Now I ask you for the last time. Would you like to participate in this trial?"

In fact, Xuankun was already angry. If Ye Chen had not possessed the blood of the heavenly demon, he would have killed it when Ye Chen refused!

This demon God trial, for the Xuanyao clan, is extremely sacred, can not be refused!

Ye Chen was silent for a moment and said, "excuse me, master, can Xuanyao people participate in this test?"

Xuankun nodded his head and said: "every ethnic group will participate in it when they are adults. If they can't pass, even if they survive from the trial, we will kill them and sacrifice them to the demon gods."

Ye Chen asked, "excuse me, what is the fastest record of passing the trial?"

When people heard the speech, they were all in a daze!

What does Ye Chen ask this to do?

Originally, they thought that the reason why Ye Chen didn't want to take part in the demon God trial was because he was weak, because he was afraid. People who had no courage were the most disgusted of Xuanyao people!

What's the fastest time to record?

Xuankun looked at Ye Chen's eyes, flashed a touch of color, suddenly a little bit of the stone pillar that worshipped the skull.

On the stone pillars, ten names gradually lit up, and some characters were recorded behind each.

Ye Chen's eyes narrowed slightly and said, "what is this character?"

Xuanhanyu said: "this is a symbol of time in ancient times."

When ye Chen heard the speech, his eyes moved. At this time, xuankun also said: "this is a trial of past dynasties. The top ten Xuanyao people enjoy the highest honor in our family."

Under the guidance of Xuanhan jade, ye Chen instantly understands those symbols.

His pupil shrinks, the first time to pass the test is 11 hours!

Chapter 4513

If he can pass the test, he can still reach the dark time!

Immediately, ye Chen nodded his head and said, "OK, I will take part in the trial."

Hearing this, the Xuanyao people immediately sent out a burst of cheers!

However, ye Chen also said: "master, if I passed this test, can you lend me that day's Vulcan?"

When xuankun heard the speech, he touched his beard and shook his head: "it's not good. The fire Hawk is my treasure that day. What should I do if I get hurt because of you?"

Ye Chen eyes a congealed, after pondering for a moment, suddenly, he pointed to that stone pillar way: "if my name can appear on this stone pillar?"

For a moment, the whole village was quiet!

All Xuanyao people are looking at Ye Chen in disbelief!

What did ye Chen just say?

The stone pillar is called the demon God pillar. It is the dream of every Xuanyao people to let his name appear on the pillar, but that means Ye Chen has to challenge the top ten records of previous dynasties!

Xuankun facial expressionless way: "boy, this demon God column, sacred incomparable, don't make fun of."

Ye Chen light way: "I am serious."

He just heard xuankun say that if the name can appear on the demon pillar, he will enjoy great honor in the clan. Then, xuankun should not be able to refuse his request.

Otherwise, a warrior whose name appears on the pillar of demon God can't even borrow an eagle you raised. Isn't it a joke?

But at this time, a very cold female voice suddenly rang out and said, "a foreigner who mends the heaven also delusions his name and appears on the demon God column?"

This is an insult to the soldiers on the demon pillar! Just have a trace of our blood, they think they are invincible?

Granddad, I'm against letting this boy take part in the demon God trial

When they heard the speech, they all looked in the direction of the voice. They saw a woman with outstanding appearance even among the beautiful Xuanyao people. She walked out of the crowd and came to xuankun!

The moment Ye Chen sees this woman, it is pupil shrinks, the color of shock flashed in the eye!

Not because of the woman's appearance, but because of her aptitude!

This woman is younger than anyone present. However, she is already the first eight layers of heaven cultivation!

Even close to the ninth floor of the sky!

This is invincible!

At the moment of the woman's appearance, the crowd cheered!

This woman is xuankun's granddaughter, xuanya!

It is also a villain in today's villages!

Xuanya said solemnly to xuankun: "grandfather, this foreigner has not passed the test, so he has repeatedly disrespected the demon God and the soldiers on the demon God column. He should be punished. I want to fight with this man!"

Then she turned her head and looked at Ye Chen and said, "boy, if you really have the strength to break the record, you will have the strength to defeat me. Otherwise, you are using the name of our warrior to install! The crime should be punished! "

Xuanya said this, a group of Xuanyao is a burst of cheers!

Xuanyao clan is extremely fierce and advocates fighting. What they like most is duel!

What's more, xuanya has a point!

If ye Chen takes the name on the demon God pillar, installs, then dies!

Xuankun's eyes flashed slightly: "OK, this duel, I agree!"

For a while, many Xuan demon clansmen were looking at Ye Chen with schadenfreude and sarcastically saying, "ha ha, this boy, bad luck."

"If you had accepted the trial directly at the beginning, you would not have died in xuanya's hands. Now, do you regret it?"

"Even if you are timid, you still love to pretend? Put on the name of the glorious brave, and you deserve to die! "

They all know that xuanya has great respect for the warriors on the demon pillar, so he will never keep his hand!

Ye Chen looks at the woman in front of him in silence. The evil sword falls into his hand. In his eyes, there is a dazzling light in his eyes. In the face of xuanya, he will not have any hand left!

Without the help of Shuo Lao, Xuan Hanyu and the power of the reincarnation cemetery, it is not easy for him to defeat xuanya. What he wants to do is not only to defeat xuanya, but also to make a quick decision!

Now, what he lacks most is time!

Just at this time, a frightening and extremely evil spirit rose, not from ye Chen, but from xuanya!

A bloody spear fell into xuanya's hands. Her pair of golden vertical pupils turned into blood color. She was full of Demon power and ran wild!

The mysterious and elegant blood of the heavenly demon is quite pure! Far from the ordinary Xuanyao people!

The next moment, xuanya murmured: "demon king gun!"

A shot, towards Ye Chen!

This shot, she used all her strength, even more than her full strength. She was frantically running the power in her body, in pursuit of breaking through the limit of power! For, it is to kill Ye Chen with one shot!

With Ye Chen's blood, to wash his disrespect to the warriors on the demon God column!

The bloody light, twinkling on the spear tip, seems to be integrated with this piece of heaven and earth, countless laws, in this gun, crazy broken!

The most important thing is, ye Chen's eyes on the gun point of the moment, the spirit is a shake!

This Xuan demon clan is a demon clan, but its martial arts are not weak at all!

This shot is much more terrible than the one of the ages!

But also can erode the spirit of martial arts!

Just at this glance, ye Chen's spirit seems to be swallowed into it!

Fortunately, his knowledge of the sea has a monument to heaven and hell!

At the next moment, the red light flashed in the Ming stele, which restored Ye Chen's mind. He gazed at the attack and snorted coldly. A fierce evil spirit mixed with the dragon's and Hongmeng's breath was also surging away from his body!

Sky demon body, keel, burning blood formula, hundred evil body, soul body transformation and so on, advanced display!

For a moment, the people who originally had the color of sarcasm were all eyes trembling, and their expressions solidified instantly!

At the moment Ye Chen, actually is to present everybody, a very dangerous breath!

Even xuankun, which has always been quiet, is the color of moving faces!

The man with silver flame all over his body, who is full of evil spirit, seems to be the most powerful life in this world!

In Ye Chen's eyes, the red light condenses and instantly locks the gun tip somewhere!

Xuanya's qualifications are incomparably against the heaven. Even in martial arts, she is better than Han Ziyang. However, she is the first source of eight layers of heaven, and can not be perfectly integrated with heaven. There is still a trace of weakness in law attack!

Ye Chen roared: "star soul chop!"

The next moment, an incomparably bright star river, broke out in the dark sword edge, towards the horror of a gun, crazy cut down!

Two lights, instant collision!

Time, as if still!

A lot of Xuan demons, even xuankun, are extremely nervous looking at the collision of sword light and spear awn!

After a moment, the spear was shaking wildly under the impact of sword light. The whole holy land seemed to shake for a moment. Then, xuanya's eyes suddenly opened, and the arm holding the gun trembled violently. The next moment, the spear was broken!

Not only the spear was broken, but also the spear in xuanya's hand flew out of his hand. It was heavily inserted into a mountain in the distance. There was a burst of sound, and the mountain was smashed in an instant!

The sword, in a flash, cut in xuanya's delicate body, she vomited out a mouthful of blood, the whole person, fly upside down, hit the ground severely.

In the field, a silence!

Chapter 4514

Everyone looked at the scene with an incredible expression!

Xuanya failed?

She is one of the ultimate demons of the Xuan demon clan!

Is that how it failed?

The most important thing is that he was defeated in the hands of an outsider. Moreover, the outsider is just a mending the sky. He is even younger than xuanya!

With only one move, they defeated the pride of the Xuan demon clan?

Is this still an outsider?

You know, in their impression, outsiders, whether it's Terrans, demon clans, or other races, are extremely weak existence, their Xuan demon clan is the real powerful race!

But for some reason, I can't leave this holy land

But now, their thoughts have been completely subverted!

What kind of weak race is this?

It's so powerful that the bravest Xuanyao soldiers are scared!

Originally, a lot of Xuanyao people who wanted to leave the holy land immediately gave up their thoughts!

The outside world, too terrible!

Ye Chen's performance completely subdued the brave Xuanyao people!

Even he was stunned!

Elegant, pretty face, is also a dull!

There was a ferocious sword wound on her chest, and her heart was almost chopped. However, she looked at Ye Chen foolishly without realizing it.

Ye Chen's eyes flashed, and he suffered a blow from the star soul. Unexpectedly, he only suffered this kind of injury?

He didn't intend to keep his hand just now!

The vitality of the Xuanyao clan is extremely adverse even if it is not comparable to itself!

A moment later, xuanya just reacted. She was biting her teeth. In her beautiful eyes, she was full of unwilling color. She roared at Ye Chen and said, "kill me!"

Ye Chen glanced at her faintly, took back the sword in his hand, ignored it, but said to xuankun: "master, now, can I have the qualification to participate in the test?"

Can, at this time, people look at Ye Chen's eyes, unexpectedly is suddenly strange up!

But xuanya, originally because of the blood loss, some pale pretty face, also immediately flew a piece of red haze, she was extremely unwilling, anxious to bite her teeth and said: "you! You killed me! Kill me

Say say, in big eye, even faint have tear light twinkle!

Ye Chen looks at xuanya's appearance and frowns slightly. He is puzzled

Just want to die?

I didn't kill you, but I made you cry?

He began to doubt whether the Xuanyao clan had abnormal brain.

Xuankun's eyes lit up and he laughed: "good! Good! Ye Chen, you are qualified to take part in my family's trial. Then, if you can really leave your name on the demon God pillar, I can borrow you that day! Even, give it to you

Ye Chen smell speech, also some silly, this Xuan Kun how seems a pair of extremely happy appearance?

He knew that xuanya was xuankun's granddaughter.

My granddaughter, was chopped a sword, were seriously injured, still so happy?

But anyway, the result is good.

He shook his head, no longer think about it. He swept xuanya, who was in a daze again, with a wave of his hand, threw a pill to xuanya.

Xuanya subconsciously followed the pill, some puzzled asked: "what is this?"

Xuanyao people have no pills, and basically do not need pills. After all, their vitality is strong enough.

Ye Chen said: "pill, take it, can speed up the recovery of injury."

After that, he followed xuankun and went towards the place of trial.

Ye Chen didn't see it. Xuanya held the pill tightly, and her pretty face was even scarlet.

At this time, a female voice sounded behind xuanya and said, "xuanya, you are lucky. Although this man is an outsider, he not only has our blood, but also has such a strong strength!

The most important thing is that these foreigners treat women so gently, much better than men in my family!

You will be happy if you marry him! "

Hearing this, xuanya buried her pretty face in her chest and snorted, "who said I would marry him..."

Standing behind xuanya is a beautiful Xuanyao girl. She is xuanya's closest friend.

After that, since he married, he was not funny? Can you give me this "pill"? It smells like it's very fragrant

Xuanya held the pill tightly and flustered and said, "xuanxi, what are you doing, this It's mine. I can't give it to you... "

Ye Chen does not know that in the Xuanyao clan, duel is extremely sacred, and the loser must be killed!Otherwise, it is disrespectful to the demon God!

But there is another situation

That is, when a man defeats a woman, if he does not kill the other party, then he means to marry the woman!

Under the leadership of Xuankun, Ye Chen came to a very vast jungle.

This holy land of Xuanyao clan is not so much a secret place as a small world, extremely vast!

Xuankun handed a stone slab to Ye Chen and said, "my family lives on hunting in this holy land, and the content of the trial is to hunt thousands of black fog bears."

He said with a smile: "the black fog bear is not particularly powerful. After all, this is our family's rite of passage. However, it is absolutely not an easy thing to put his name on the demon God column."

When Ye Chen heard the speech, his eyes flashed, and he couldn't help asking curiously, "how old is the Xuan demon clan? How old is it to be an adult?"

Xuankun said with a smile: "between 30 and 100 years old, however, foreigners can be extended to 1000 years old. Of course, if so, even if you pass the test, you will have a very low status in our family. You are only 20 years old. You are much younger than most of our people who take part in the trial."

Ye Chen nodded and took a look at the stone slab. The stone slab depicts a wild animal that looks like a giant bear. It must be the black fog bear.

Xuankun raised his hand again, threw a colored crystal stone to Ye Chen and said, "boy, if you are ready, crush this crystal stone, which represents the beginning of the examination."

At the next moment, Xuankun's figure flashed and disappeared in an instant.

The moment Xuankun disappeared, Ye Chen crushed the crystal stone in his hand.

A five color light mist flashed around Ye Chen. At the same time, a light curtain suddenly appeared on the square in the village, which showed exactly where ye Chen was.

Chapter 4515

Many people are looking forward to looking at Ye Chen in the light curtain.

Ye Chen defeated xuanya, perhaps, his name, really organic will appear on the demon God column!

If so, people can say that they have witnessed history!

Xuanya tightly holds the pill in her hand. Although she said she didn't want to marry Ye Chen just now in the face of xuanxi's teasing, in fact, for the men who defeated her, the women of Xuanyao clan would have very special feelings. Moreover, ye Chen was not only the first person who defeated himself, but also the only one who crushed himself in qualification!

Therefore, xuanya is now particularly concerned about ye Chen's performance, staring at the screen.

Xuanxi said with a smile: "Xiaoya, don't you want to marry Ye Chen? Why, even the injury did not recover, just look at Ye Chen's trial? Xiaoya, although a man is good, he should pay attention to his health. "

Xuanya pretty face is red again, this xuanxi always likes to make fun of himself.

She snorted, "that little wound, it's long gone!"

.....

Ye Chen is in the jungle, and his soul and body are transformed and displayed. The spirits are swept around and swept away. Although the existence of Xuanyao clan suppresses the deity, it is not in the jungle.

Soon, he was a look moved, aware of the existence of a black fog bear, at the same time, his brow slightly frowned!

The next moment, he flashed and headed for where the black fog bear was.

In the blink of an eye, he came near the black fog bear.

In front of him, there appeared a big bear twice as big as the ordinary brown bear. The bear was black and covered with a layer of strange black fog. His eyes were red with blood. There was a curved corner on the top of his head. At the moment, he was enjoying a prey!

This black fog bear, but the source of seven layers of existence, although not weak, but ye Chen want to kill it, it is very easy.

Yes!

In the face of the black fog bear, ye Chen has a dignified look in his eyes!

The reason, just above the black fog!

This black fog actually gave Ye Chen a rather dangerous breath!

At this time, the black fog bear, blood eyes flash, looked at the direction of Ye Chen, issued a roar!

Ye Chen's eyes flashed a touch of surprise, this black fog bear's lingjue was so powerful that he found his own existence?

The next moment, the black fog broke out all over the bear. The black fog, in a blink of an eye, shrouded a square of heaven and earth!

"Shit!"

By this black fog shrouded moment, ye Chen can't help but low scold!

To his disbelief, the black fog had a terrible erosive force!

And, only for living animals!

Even with Ye Chen's constitution, it is impossible to resist!

The black fog, like a living creature, madly penetrated into Ye Chen's pores and started to destroy Ye Chen's body!

And in the village, people also sent out a cry of surprise!

Many people shake their heads and say, "this outsider, though powerful, is careless."

"It seems that he doesn't know that although the strength of the black fog bear itself is not too strong, the black fog is quite troublesome! Otherwise, it won't take so long to hunt a thousand black fog bears!"

"Although the outsider's attack power is strong, I feel a crisis of life and death with that sword, but if his vitality is not strong enough, it will be dangerous!"

Seeing this, xuanya looked at xuankun anxiously and said, "grandfather! Why didn't you tell him about the black fog bear and the black fog! "

"Oh?"

Xuankun heard the speech and said to Xuanya with a smile: "we ya'er, are we worried about our man so soon?"

Xuanya snorted: "I just think that this is unfair to the trial."

Xuankun looked at Ye Chen, and his eyes flashed slightly. He said at will: "don't worry, this boy is not so easy to die. Moreover, this boy has cut your sword. Grandfather, you should teach him a lesson."

At this time, in the dark fog, suddenly sounded a scream!

In the blink of an eye, the black fog dispersed, and a young man stood in the same place coldly, but his body was in good condition. It seemed that there was no scar on him!

At his feet, however, lies a dead bear whose head has been completely cut off!

People see this, are can't help but pupil shrink!

One of the reasons why it is time-consuming to hunt a thousand black fog bears is that the terrible black fog and the powerful spirit of the black fog bear make the Xuan demon people have to attack from a very far distance, which gives the black fog bear the opportunity to escape, react and escape!

The other is the black fog bear's defense, very strong!

Even if it's the attack of the demon, it may not be able to kill the black fog bear in seconds!

Generally speaking, the Xuanyao people who take part in the trial attack from a distance, gradually aggravate their injuries, and slowly grind the black fog bear to death. What about ye Chen? Carrying the black fog directly, he cut off the head of the black fog bear with one sword!

Seeing this scene, a group of Xuan demon clansmen only felt their blood boiling and sent out a burst of cheers!

Xuanya also showed a smile.

A Xuanyao clansman said excitedly: "now, ye Chen should have known the characteristics of the black fog bear, presumably, will not be as reckless as just now?"

Another young man said: "yes, with the power of Ye Chen's sword technique, even if you attack from a distance, it must have a good effect!"

"Maybe Ye Chen has a chance to make history!"

The tenth place on the demon God pillar takes 31 hours. According to this, ye Chen may break the record!

For a moment, everyone's eyes, are bright up, full of expectations for ye Chen!

Seeing this scene, I don't know why, xuanya felt a little proud!

After ye Chen killed the black fog bear, a symbol appeared on the screen of light, representing one.

Ye Chen's eyes flicker, suddenly, the figure moves again!

Its whole body scenery changes rapidly, not long before it, there is a black fog filled cliff!

People see this scene, are slightly a Leng!

Black fog bear is a monster with social attributes. When a large number of black fog bears gather, they will form a black fog at the gathering place!

Generally, the experimenters of Xuanyao clan can't avoid this kind of black fog. After all, the destructive power of black fog bears and black fog has a superimposed effect. As long as ten black fog bears are in the same place and release the black fog with all their strength, they will cause great damage to the general Xuanyao people!

However, it seems that ye Chen is moving towards the black fog!

Xuanya couldn't help but say, "this guy, haven't learned a lesson yet!"

In her beautiful eyes, there is a touch of anxiety!

Chapter 4516

Everyone is an incredible look, that thick black fog, it seems, there are at least 30 black fog bears ah!

Ye Chen, what are you going to do?

They don't want to see a warrior whose name may appear on the pillar of demon God and die so unknowingly!

At this time, xuankun said: "from the beginning, ye Chen knew the power of black fog."

"What?"

A mysterious demon clansman did not understand: "then why did he take the initiative to be submerged by the black fog?"

In xuankun's eyes, the fine light flickered and said, "because he wants to test the power of the black fog! Test your limits! "

The whole village fell into silence!

CHEN Ye looked at everyone in disbelief!

Xuankun said: "from the beginning, he did not intend to look for the black fog bear alone. Instead, he secretly attacked from a distance. From the beginning, he planned to attack the black fog bear group with the most extreme hunting method. He would carry the black fog and kill those black fog bears."

People only feel, brain buzzing, gaping at Ye Chen, was shocked by the courage of this outsider!

To tell you the truth, it's not impossible for Xuanyao people to carry the black fog and hunt the black fog bear. It's just that it's too dangerous to do so. The trial is just a rite of passage for everyone. Out of respect for the demon God, they will go all out, but they won't really fight with each other!

But ye Chen is fighting with life!

Xuanya looked at the figure that was moving towards the black fog without any hesitation. In her beautiful eyes, the waves flashed. She didn't know why Ye Chen did this, but she had a special change in her heart, and her pretty face gradually turned red

The rest of Xuanyao people, looking at Ye Chen, are also full of awe and respect!

No matter what ye Chen is for, in the demon God trial, the warriors who fight with each other's lives are worthy of their respect!

In the blink of an eye, ye Chen has been close to the black fog, dozens of animal roars, and at the same time, the sound shakes all over the field. A strong evil spirit is stirring up. The rolling black fog, like a flood, flows around, and instantly engulfs Ye Chen!

For a time, Xuanyao people are staring at the dark light curtain, every time, there is a black fog bear scream, their face will add a joy!

At the moment, ye Chen is biting his teeth and his eyes are bloodshot. He has exerted the body of the heavenly demon, the formula of burning blood, the keel, the ancient method of Hongmeng and so on to the extreme. Relying on the vitality against the sky, he resisted the damage of the black fog to his body. All over his body, blood flowed across his body, and his bones cracked. In an instant, he became a blood man!

His feet almost directly fused, but every time, at the moment before it broke, he quickly recovered and let Ye Chen maintain his ability to move!

It is an unimaginable pain to resist the fog of more than 30 black fog bears!

However, this kind of pain is only temporary, and if Gu Xuan dies because he can't arrive in time, that is the real pain, the pain that accompanies his life!

Therefore, he will carry on, even if the whole body tends to be broken, will still carry on!

He must not fall!

In the black fog, burst out a roar, human roar, ye Chen's roar!

Xuanyao people, in this roar, are feeling an unparalleled determination!

Black fog bear screams, one after another, ye Chen wildly waved the sword in his hand, finally, the last wisp of black fog, also returned to nothingness!

In the light curtain, appeared a scene extremely tragic picture!

Even the brave Xuanyao people, see this picture, are unable to help, slightly shocked!

I saw a young man, covered with ferocious scars, rolling blood of the youth, is looking up to the sky, breathing violently, and in the youth's body is more than 30 headless bear corpses!

Silence!

Everyone is silent!

After a while, I don't know who, suddenly, a burst of ancient music, fluttering in the village

Xuanyao people, hearing this song, are all eyes scattered, and then, also open their mouth, singing together.

It is said that since the beginning of heaven and earth, the Xuanyao family began to sing it.

In this way, praise the greatness of the brave in the family!

Only this ballad can express people's feelings and respect for ye Chen!

And in the song, the young people in the light screen, continue to move forward.

The ballad is still going on. Now, an hour has passed since the beginning of the trial. The number on the screen of light has reached 293!

In one hour, ye Chen killed nearly 300 black fog bears!

This speed is unbelievable!

If it goes on like this, let alone leave the name on the pillar of demon God. Even, it is likely to create history and achieve a legend that will shake the ages!

Will be the first, mercilessly behind the legend!Ye Chen's craziness and bravery surprised everyone, but what shocked them most was Ye Chen's vitality!

Although Xuanyao people can also carry the black fog and kill several black fog bears, they can't persist for such a long time like Ye Chen!

Because, even if it can be strong for a while, the body's recovery will definitely not be able to keep up with the damage caused by the black fog!

But what about ye Chen?

Its vitality is far beyond people's imagination. Originally, people thought that the vitality might be the weakness of Ye Chen, a foreigner!

However, now it seems that ye Chen's vitality is beyond their Xuan demon clansmen!

Xuanxi couldn't help but swallow his saliva, looked at xuankun and said, "patriarch, you told us before that our Xuanyao clan is advantaged, and the races in the outside world are weak and weak Are you lying to us? "

Come to any outsider, all terror to such degree, where is what weak existence!

Seeing ye Chen's performance, xuanxi may not even dare to imagine going outside in his life

Well, unless ye Chen is with you.

Xuankun coughed awkwardly: "believe me, this boy is abnormal, you must believe me!"

He felt that because of Ye Chen, his authority as a clan leader would be gone!

In the jungle, ye Chen throws several healing pills, like beans, into the mouth, and the Bagua Tiandan technique is applied to the extreme. His eyes are deep and he doesn't want to waste any time looking for the black fog bears. At this time, ye Chen's look is moving. There is a black fog rolling grassland thousands of miles away, where there are no less than 100 black fog bears!

His mouth raised a smile, his eyes filled with crazy fire, and was about to go to the grassland, but at this time, old Shuo said: "Ye Chen, even with your vitality, a hundred black fog bears are still a little reluctant, and now you are not in a good state! Even if you want to challenge these 100 black fog bears, you should recover your body completely first

He felt that ye Chen was really in a hurry!

Chapter 4517

From 30, to 50, and then to 70, ye Chen constantly challenges the larger bears, as if, in challenging his own limit!

If it goes on like this, sooner or later, something will happen!

Ye Chen hears the speech, two feet a meal, the fire in the eye, dissipated a minute, he takes a deep breath, calms his mood.

He knew that he had lost his mind

Although, when necessary, the power of shuolao, xuanhanyu and samsara cemetery can be used, but even now Shuo Lao's strength is greatly increased because he has absorbed part of Longquan. Unlike before, if he helps Ye Chen once, he will have to sleep for a long time, but it still takes time to recover!

And Xuanhan jade, need more time!

Therefore, ye Chen will not use their power unless it is absolutely necessary!

Ye Chen said: "thank you for reminding me."

He sat down with his knees crossed and began to recover his body. Half an hour later, ye Chen stood up again. His eyes were full of God and he had recovered to the peak state!

Xuanya, in the village, was relieved to see this scene. Although she did not find it, she did start to worry about ye Chen!

Another hour has passed. Now, two and a half hours have passed since the beginning of the trial, and ye Chen has killed a frightening number of black fog bears!

667!

667 black fog bears!

At this speed, ye Chen will probably finish the trial in four hours, which is nearly three times faster than the best performance in the history of the Xuanyao clan after they came to this holy land!

They can not help but think of a legend!

The trial of Xuanyao clan started from a long time ago. However, the monsters that those warriors challenged were much more terrifying than the black fog bear!

Among them, one hero, who was called Xuandi by later generations, completed the trial in three hours!

Therefore, there is a saying among the Xuanyao clan that those who pass the test within three hours can be the emperor!

Originally, they thought that three hours was just a legend, but now, ye Chen is very close to this legend!

Ye Chen stands on a high mountain and quietly recovers his physical strength. He finds that after enduring the black fog for so long, his resistance to the black fog is becoming stronger and stronger.

On the one hand, it is because of the patience of the body, on the other hand, it is because of the destruction of Shinto!

This black fog is very strange. Even if ye Chen uses the six exterminations, it can not be completely eliminated. However, after so many times, ye Chen has finally mastered some of the nature of the black fog, and it is more and more relaxed to use the new words to fight against the black fog!

In fact, although Ye Chen's vitality is much stronger than that of the ordinary Xuanyao people, he is not so rebellious. His mastery of the God of destruction has also brought him a lot of help.

After the body recovered, ye Chen released his mind again, searching for the trace of the black fog bear. Suddenly, his face moved and looked to the northwest.

There, there is a bear group about 60!

This number, for him now, is able to complete the hunt without much risk, but at the moment, ye Chen is slightly frowning. In his perception, the bears seem to be a little different?

But he couldn't help asking Shuo Lao and Xuan Hanyu, "Shuo Lao, Xuan Xianzi, have you found this group of bears, it seems that there is something abnormal about it?"

"Abnormal?" they said at the same time? No

"I didn't find anything special."

Ye Chen nodded, the next moment, the body moved, and then toward the bears!

After a while, ye Chen came to the front of the bears. The roar of the beast rose into the sky, and the black fog rolled again, drowning Ye Chen.

After being engulfed by the black fog, feeling the destructive power of the black fog on the body, ye Chen's complexion has calmed down on the contrary.

The difference is not big with the same number of bears we met before. It seems that he has been thinking too much.

The next moment, ye Chen will be in the black fog, crazy rushed up!

In a short period of time, nearly one third of the black fog bears died under Ye Chen's sword. Listening to the scream, Xuanyao people all smile, which is a symbol of Ye Chen's bravery!

But at this time, a sudden change!

The remaining dozens of black fog bears suddenly began to retreat and flee!

"Well?"

Ye chenmu in a flash, this situation, he has never seen before!

Black fog bear is a kind of demon beast with low intelligence, and it is very fierce. Generally, it will not run away, but fight with blood to the last moment. This is why the Xuan demon clan chose it as the object of trial hunting!

But now, the black fog bear ran away?

Even the Xuanyao people in the village have strange faces. They have never seen such a thing?

Xuanya asked xuankun, "grandfather, why did these black fog bears suddenly run away?" After hearing the speech, xuankun also frowned slightly. After a moment, he shook his head and said, "I don't know this very well. However, it seems that long ago, I heard that this kind of thing happened..."

For a moment, people were full of doubts.

Ye Chen, on the other hand, is constantly pursuing these black fog bears. In a flash, he will kill most of the black fog bears. Only three of them are still running away!

Ye Chen's aura is surging in his body. When he catches up with the three black fog bears, a strange scene appears!

The three black fog bears stopped at the same time, and even two of them bravely fought back towards Ye Chen!

Ye Chen's face moved. The two black fog bears, who came back to fight back, were actually more powerful than ordinary black fog bears!

Using that strange black fog, I'm afraid that the general source of eight days exist, will feel extremely difficult!

However, ye Chen didn't panic much. Although the two black fog bears were stronger than others, they were still within the scope of Ye Chen's endurance!

As for the strength of the black fog bear, it is not enough to fear, just need to spend more time.

At the next moment, ye Chen was covered by the black fog of the two black fog bears. Soon, the black fog disappeared, and ye Chen had a few more scars. However, he looked at the distance, but he was shocked

I saw that the remaining black fog bear did not escape?

Instead, stop in place, covered with black fog!

At the same time, in the Xuanyao village, xuankun saw this scene, suddenly his face moved and exclaimed: "I remember! I remember why the bears ran away

For a moment, everyone's attention was attracted by xuankun!

Chapter 4518

Xuankun said with a trace of disbelief on his face: "it is said that when a rare Bear King appears among the black fog bears, the black fog bear will follow the orders of the Bear King. This bear king is not only far superior to the ordinary black fog bear, but also has a high intelligence!

Every bear king will stay in the bear group where he was born and hide in silence. Until he really becomes the Bear King, he will unify many bear groups and become the supreme king of the black fog bear family! "

He gazed at the deeper black fog and said in a deep voice, "this boy, I met the king bear. Moreover, it seems that the king bear is going to evolve successfully! The two black fog bears' counterattack just now is to delay the evolution of Bear King! "

At this time, in the picture, a very terrible evil spirit rose to the sky. In the black fog, a huge black bear of the size of a hill appeared in front of everyone!

The bear's skin was as deep as the night sky. His eyes were red, and the corners of his head turned into pure gold. The golden horn was covered with many dark runes!

What's more frightening is that behind the black fog bear, there are a pair of wings like pterosaurs!

The black fog bear roared wildly. In the roar, he was full of fury. His blood eyes swept through the body of a bear, and finally locked Ye Chen. In his eyes, he was extremely murderous and hateful!

This black fog Bear King, it seems that he is also grieving for his dead relatives!

A very concise black air stream, around the black fog Bear King, its breath crazy rise, it seems that even heaven and earth, are color change, the power of countless laws, in this black fog Bear King's body, constantly disappear!

At the moment, the Bear King is just like the God of the jungle!

"This The breath Ye Chen pupil shrinks, can't help but exclaim!

This black fog bear is actually evolved to exist in the original nine layers of heaven!

He glanced at the black smell around the black fog bear, and his eyes could not help but appear a look of great fear!

This black smell is far more than ordinary black fog can match!

Unexpectedly, let Ye Chen feel a life and death threat!

In front of him, the furious Bear King, though he was only a new entrant to the nine layers of heaven, could definitely compete with anyone by relying on the black breath!

Even if some races with weak vitality, such as human warriors, even if they have the cultivation of true environment, they will have to die in the hands of the black fog bear!

However, even ye Chen can not easily deal with the black fog Bear King!

What about xuanya village! The black fog Bear King appeared. The difficulty of the trial has been greatly increased. Can we suspend the trial temporarily

A group of Xuanyao people also looked at xuankun, and they didn't want to see that the brave people who could have become legends fell down because of this accident!

Although the black fog Bear King is strong, but they are very clear, if xuankun hands, can easily kill it!

In xuankun's eyes, there was a look of regret. However, he shook his head and said, "the trial is extremely sacred. No one can intervene. Everything is arranged by the demon God..."

When xuanya heard the words, her pretty face turned pale

Is this life?

Fate, ye Chen to die in this trial?

The people of Xuanyao clan also couldn't help but sigh

At the same time, the black fog bear moved, and its mountain like figure was extremely fast. A flash appeared in front of Ye Chen. Its bear claws held high, just like the sky collapsed, and pressed down toward Ye Chen. The black smell of the whole body was also an expansion, turned into a rolling black fog, enveloping Ye Chen in it!

"Ah

A very painful roar, from the black fog, burst out!

Ye Chen's roar!

People can't help but feel cold in their hearts. Before that, they suffered from the black fog attack of hundreds of black fog bears, and ye Chen, who did not make a sound, was roaring with pain at the moment?

It can be seen that the black fog of Bear King is so terrible!

In the beautiful eyes of xuanya, a flurry of color appeared, her heart inexplicably tightened. I don't know why, she doesn't want to see ye Chen die!

At this time, there was a big bang, and the bear claws fell, and there were countless cracks all over the earth. Even if they were very far away, people in Xuanyao village felt a strong shock!

The power in this claw is extremely powerful!

All the people are staring at the light curtain, praying for ye Chen secretly!

At this time, a figure, from the black fog, shot away, a blood stained figure!

Everyone, all eyes are bright!

CHEN Ye is!

Ye Chen, not dead!

Ye Chen falls on a hill and gasps violently. At the moment, his body is almost broken. His left hand is broken to resist the black fog Bear King's claw. With its vitality, he is extremely reluctant to resist the Bear King's attack!"Damn it!"

Ye Chen scolded a low, body movement, then toward the distance, shooting away, he wants to do is with the black fog Bear King, open a distance!

His purpose is to hunt thousands of black bears, and the strength of the Bear King is too strong. What ye Chen wants to do is to get rid of it!

In the village, the Xuanyao people also called out one by one: "come on! Ye Chen

"Avoid the Bear King, you can still set a record!"

"You are a warrior, you will never fall here!"

But at this time, the bear king suddenly opened his mouth, a round ball condensed by black fog appeared in his mouth, a flash, was shooting at Ye Chen at a fantastic speed!

All of us are stunned!

The Bear King has such a means!

Although the black fog of the black fog bear is terrible, it is not unlimited, that is, the black fog can not attack the distance!

Otherwise, the black fog bear will become a more terrifying monster!

But now, the black fog Bear King has even broken through this limit!?

Ye Chen's face changed, and he suddenly turned around. The black fog bullet was extremely fast, and its volume was quite huge. It was not an easy thing to avoid!

The most important thing is that there was no defense at all!

At the moment, even if he reacts, he can only resist!

As soon as he bit his teeth, his whole body was full of evil spirit and dragon spirit. The evil spirit broke out, and the soul body transformation was started. He roared: "star soul chop!"

An extremely bright star river appears on the top of Sha Jian. In a blink of an eye, it pours towards the dark fog!

He wanted to use the big stars, but he is not in a good condition now!

At the next moment, the sword light of the star soul chopping collides with the fog bullet!

There was a huge bang. The moment the black fog bullet touched the light of the star soul chopping sword, it was instantly broken. However, the black fog formed after the explosion was actually crazily corroding the star river. In a blink of an eye, the fog and the Star River dissipated at the same time!

Chapter 4519

People are slightly relieved. Although the power of the fog bomb is terrible, fortunately Ye Chen still blocks it

But at this time, there are several fog bombs, appeared in front of Ye Chen!

Xuanyao people are pupil shrinking!

This bear king can fire fog bullets repeatedly!?

This is too bad!

I'm afraid that even the existence of some elders of the Xuanyao clan, facing the Bear King, is also very dangerous!

Ye Chen's face changed wildly. The sword in his hand was dancing, and the starlight was surging!

However, the consumption of star soul chopping is definitely not small for ye Chen. Even if his strength has been greatly improved, he can't cut too many swords in a short time!

Finally, there is still a fog bullet that breaks through the rolling sword light and bombards Ye Chen's body!

With a roar, the void twisted and the black storm swept around, turning the surrounding mountains and trees into dust. The Xuanyao people couldn't help but look at this scene!

Xuanya is more beautiful, her eyes tremble!

She was holding the pill that ye Chen gave her, a feeling that she had never experienced before. A layer of water mist appeared in her eyes!

In the black storm, a figure surrounded by black gas flew upside down and fell on the earth. There was a loud noise. The mountains and rivers were upside down and the earth was smashed!

People staring at the light curtain, only saw a deep pit, a young man almost broken, blood overflowing, in the ferocious wound, you can see that the black gas has invaded his internal organs, bones, and even blood! Crazy destruction!

And ye Chen originally incomparably surging vitality, is also weak down!

Xuanyao people can't help but feel cold in their hearts. It's a miracle that ye Chen can still live in this state! It seems that he can no longer continue to fight

Xuanya couldn't help crying out anxiously: "Ye Chen! Stand up

At this time, before the pit, the black shadow flashed. The black fog Bear King had already appeared at the edge of the pit. He lifted the bear claw, and the black breath around his body completely gathered on the bear claw, as if forming a black hole!

Even through the light curtain, people can feel that the black hole exudes a terrible destructive force!

That bear King eye blood awn flash, that black hole bear claw, then toward the leaf Chen in the deep space, mercilessly blows down!

In xuanya's eyes, tears had already fallen. She kept shouting: "stand up! Stand up

Everyone shook their heads and sighed. In this case, it is impossible to stand up!

But, all of a sudden, all of a sudden, all eyes were fixed, only to see a fragmented figure, as if in response to the cry of xuanya, actually from the deep pit, stood up!

Xuanyao people, eyes appeared a strong respect!

Ye Chen is a real warrior!

The old war song, rings again, they are singing for the warrior!

At the same time, that black hole like bear claw, has almost hit Ye Chen!

Although all of them are singing, their eyes are full of sadness

Even if ye Chen, at the last moment, stood up, but, what can that do?

Even when ye Chen was in full bloom, I'm afraid, he couldn't resist the Bear King's most powerful attack, not to mention, now

Therefore, they feel sad, sad for the fall of a warrior!

But, at the moment, xuanya, is slightly a Leng, because, she noticed Ye Chen's eyes.

That pair of eyes, still incomparably bright!

Ye Chen raised his head and gazed at the black hole with the breath of death in front of him. In his eyes, there was a flash of determination.

"By my strength, Shuo

In all people, almost give up, default Ye Chen's death, a breath suddenly burst out!

Even in the village, you can still feel the surging breath!

"Dragon clan!" In xuankun's turbid eyes, there was a flash of light!

Dragons are generally regarded as demons. In fact, this is because most of the dragon clan and later generations have mixed blood with the demon clan.

In ancient times, the real dragon was an independent race, not in the demon clan!

Pure dragon blood, and the sky demon blood are two different, but extremely powerful blood!

At the moment, ye Chen's body actually broke out a very pure dragon nationality breath!

The next moment, the black hole bear claw completely bombarded Ye Chen's body!

In the tremendous sound of terror, all things disappear, the laws of heaven and earth are constantly collapsing, and the sky turns into blood red, a scene like the coming of the end!

Seeing this scene, people still bowed their heads after all. Even though ye Chen burst out the breath of dragon nationality in the end, it seemed that they still didn't block this terrible claw!

But all of a sudden, the picture in that light screen is a change!

A roar, burst out from the hole, ye Chen's roar! At the moment, ye Chen was dripping with blood, half kneeling on the ground, holding a long sword in one hand, with the edge of the sword reaching to the sky, it just stabbed the center of the bear's claw!

Rolling bear blood, fell on the body of Ye Chen!

Ye Chen a roar, the body burst out of the surging force, suddenly stand up happy body, actually is the black fog Bear King, forced down to withdraw a few steps!

All of us are shocked to see this scene

Did ye Chen succeed?

He really blocked the black fog Bear King's most powerful blow!

At the moment, ye Chen's whole body breath is incomparably surging. It seems that even the body's injury has been recovered, and the strength has skyrocketed!

Even the fierce black fog Bear King just now, looking at the youth in front of him, his blood eyes can't help blinking!

Ye Chen's eyes have turned into dragon's eyes. He uttered a roar of dragon in his mouth. His body moved, and he rushed toward the black fog Bear King!

The black fog Bear King was not willing to be outdone. He was full of black gas and flooded Ye Chen again. In the black fog, he fought with Ye Chen in one place!

But, very soon, in the blood eyes of the king bear, a trace of horror appeared!

He found that ye Chen, who could not bear the erosion of his own black fog, could resist it now!

With Shuo Lao's power blessing, ye Chen's vitality, physical strength and other aspects have been greatly improved!

What he has to do now is to kill the black fog Bear King completely before his strength subsides!

"Star soul chop!"

"Star soul chop!"

"Star soul chop!"

Ye Chen kept roaring, more crazy than the most dangerous beast. He danced wildly with his sword in his hand and chopped the star soul. He kept on attacking the black fog Bear King!

This time, it is no longer Ye Chen that sends out painful cry, but that bear King eats painful roar, continuously rings in the black fog!

The scalding bear blood, like a river of blood, spilled down on the earth. In a flash, there were countless ferocious sword injuries on the king's body!

Chapter 4520

In fact, the Bear King's physical strength, which can withstand Ye Chen's repeated attacks without dying, has been called a horror!

The Bear King, seems to feel the threat of death, is also a crazy hand, black hole bear claws, continue to display, severely hit Ye Chen's body!

Rao is now, ye Chen's vitality skyrocketed. Under the attack of the black fog Bear King, his bones were broken and his internal organs were broken. He was seriously injured!

This war is so tragic that we can't imagine it!

And the war songs echoed in the village gradually reached the climax!

A huge bang, huge bear claws, bombarded on Ye Chen's body, but this time, ye Chen was in his eyes, the God's awn exploded, and there was no intention of dodging!

It's a big blow!

Half of Ye Chen's body is broken under bear's claws!

Can, that bear King eye, not only did not appear happy, on the contrary, flashed through a flurry!

It knew that the reason why Ye Chen resisted his attack was that he was preparing for a fatal sword!

Without killing Ye Chen, the balance of death will tilt towards it!

In the eyes of King Xiong, a look of fear finally appeared. With a flash of his body, he faced the rear and flew away!

The brave Bear King is running away!

"Want to go?"

Even if ye Chen broke half of his body, the fire in his eyes did not weaken at all. He said with a cold smile: "the God rope of heaven demon!"

A red chain suddenly appears on the bodies of Ye Chen and the black fog Bear King. The black fog Bear King, who was fleeing away from the distance, is dead and unable to move!

"Die for me!"

Ye Chen suddenly drinks a sound, a sword cuts off, the bright star river, in an instant toward the black fog Bear King, swept by!

In front of Xiong Wang's chest, ye Chen has cut a ferocious wound. You can see that a huge heart is beating!

And this sword is aimed at here!

The next moment, a very unwilling animal roar reverberates in the Holy Land

The black fog dispersed, that mountain like bear, suddenly fell to the ground, its chest, empty, heart, completely smashed!

A pair of golden long horn above the light flash, see, a black gas, toward the distance, fly away!

It's the spirit of the Bear King!

Ye Chen sees form, in the eye cold awn a flash way: "eat soul Tongtian!"

Between the surging soul power, a giant virtual shadow appears before the black air. With a dance of the sword in hand, the soul will be completely swallowed up!

Seeing this scene, everyone is silent.

They looked at the brave man without saying a word, as if they saw the legendary Emperor Xuan!

In the eyes of Xuanyao people, there is a sacred and reverent light!

Ye Chen, win!

He, actually is true, defeated that incomparably terrible black fog Bear King!

At the moment, ye Chen, dragging the wounded body, seems to continue to move forward, his consciousness, has begun to blur, the body, has already reached the limit, but he is still biting teeth, adhere to!

Because, he, can't fall!

The trial is not over yet!

He must, as soon as possible, kill a thousand black fog bears!

Shuo Lao and Xuan Hanyu are both filled with a sense of intolerance, but they can't stop Ye Chen

They know, ye Chen, will never stop here!

Each step, ye Chen's body will be closer to the collapse of a minute, endless blood, scattered at his feet!

He is very clear that his current state, has been unable to continue to fight, but, he does not allow himself to stop

Shuo Lao and xuanhanyu are both nervous. Even if ye Chen's origin of life is strong, it is possible that the origin will be broken if it goes on like this!

At this time, in front of Ye Chen, a person's shadow suddenly flashed.

Chen, the figure is a shrinking pupil

The head of Xuanyao clan, xuankun!

Ye Chen's pupil shrinks. Does Xuankun have decided that he failed in the examination and should take action against himself?

He crazily condenses the residual strength in the meridians and is ready to hand, but it is useless

At the moment, Shuo's blessing, has begun to fade, let alone condense strength, just standing, has let him use all his strength!

Xuankun takes a look at Ye Chen, shakes his head and waves at him. A huge force rushes into Ye Chen's mind. His brain seems to have been bombarded by a heavy hammer, which is extremely dizzy!

Even if Ye Chen insisted, he couldn't resist the darkness in his consciousness. Under the attack of Xuankun, he fainted in the past.

At this time, all the people in the village of Xuanyao clan looked at the light curtain in front of them in silence. It seemed that they had not awakened from the shock

At this time, the head worshipped on the demon pillar suddenly ignited a dark blue flame in his eyes. A very solemn temperament was surging out of the demon God pillar. Everyone was awe stricken and looked at the demon pillar! I saw that the ten names on the demon God pillar were twisted at the same time

The next moment, the first name, suddenly into two words Ye Chen!

And the symbol after these two words, representing the time, is exactly three hours!

Ye Chen actually passed the demon God trial!

Xuanyao clan has always had a tradition. If, during the trial, they hunted the black fog Bear King, then it was directly regarded as passing the trial!

Black fog Bear King, for the experimenter, is a great crisis, but also an opportunity!

However, ye Chen didn't know this, and he had to continue to complete the test. Xuankun was worried that his injury would affect the foundation of martial arts!

For a moment, the Xuanyao clan rang out the thunderous cheers!

All people are shouting Ye Chen's name!

One by one, their eyes are extremely bright. You know, the legend of the Emperor Xuan started from the demon God's trial!

And ye Chen, also in three hours, passed the demon God trial, with the capital to be emperor!

A new legend has been born in their holy land!

An hour later, in a wooden house.

On a wooden bed, lying a handsome man, suddenly, the man opened his eyes, eyes flashed a very sharp light, incomparably powerful breath, instantly covered the whole wooden house!

Ye Chen's body moved and then sat up. He caught a glimpse of a figure from the corner of his eye. Almost out of instinct, he hit the figure with a fist!

A woman's exclamation rang out in the cabin.

Ye Chen's face moved, and forced to stop the blow. He looked at it intently. There was a girl sitting in front of the bed. She was holding some kind of black plaster with fragrance in her hand. Her body was also covered with this plaster. In the plaster, wisps of cold medicine penetrated into the body, making her wound recover faster.

And the woman who smears the plaster for him is xuanya!
