

Physician 4531

Chapter 4531

Suddenly, a figure appeared in front of Ye Chen.

At the same time, there was a voice in his mind.

It's not the voice of Shuo Lao or xuanhanyu, but the demon of heaven!

In front of him, is a near chaos, indescribable virtual shadow!

The virtual shadow sneered and said: "boy, if you don't hurry up, you will really die. Unexpectedly, as the controller of reincarnation, you will be forced to such a situation in a lower level. Haha, that guy knows that he may be angry with you."

"Heavenly demon?"

Ye Chen frowned: "how can you appear here? Are you not sealed? "

He remembered that the extraterritorial heavenly way dropped the atmosphere to seal the heavenly demon.

"Seal? Hum, the little loach just relies on the power of Qi to temporarily cover up the mark I left on you. Hehe, however, when you enter the limit state of life and death, the power of Qi is useless. Do you know that when the living creature dies, it is the closest time to the original universe?"

And, boy, I advise you to stop caring about me. Don't you realize that you are really going to die

Ye Chen eyes a sink way: "you just, let me hurry up what meaning?"

He knew that his present state, from death is really only a line of separation, although I do not know the day demon, what abacus, but now can only rely on him to break through the realm of absolute death!

Day demon a smile way: "boy, live in your body that loach, not told you, use the method of reincarnation breath?"

Ye Chen eyes move a way: "you mean, reincarnation breath can save me?"

"Not bad."

"However, if you can't do it, it's not impossible to bring the dead back to life. Well, as long as you hand over your body to me without any resistance, I promise that I can revive you in an instant. By the way, it's not impossible to help you find that woman. How about this transaction

Ye Chen cold hum a, no longer pay attention to the day demon, but gaze at the darkness in front of you!

If you want to use the breath of samsara, first of all, you must break through the path of destruction to the fourth heaven!

Although I don't know why Ye Chen will see this darkness at the time of life and death, he is very clear that there is an endless road of death in this darkness!

If he wants to break through the seal of destruction, he must understand something from the darkness!

Day demon see form, seem to smile a, the next moment, disappear.

And ye Chen at this moment, can feel his body, is constantly breaking, dissipation, every cell is dying, and with this vanishing, the darkness in front of him is becoming more and more deep!

All of a sudden, the whole darkness seems to have turned into substance and sent out endless pressure. We should crush its spirit thoroughly!

At this time, ye Chen's eyes suddenly lit up, as if in the dark, saw a rune, flash away!

He had never seen this rune, but when he saw the rune, he felt inexplicably about death and destruction!

A Taoist seal appeared in front of Ye Chen's body. The seal changed and was similar to the rune. At this time, the destruction of Ye Chen's Dao seal broke through to the fourth heaven!

However, the darkness in front of him is still pressing down on him!

At the moment of breaking through the destruction of Daoyun, ye Chen's eyes suddenly emptied, and in his mind, there was a sound of the road!

He murmured: "to die but not to die, to live but not to live, is for reincarnation!"

Suddenly, a wisp of samsara breath surging in Ye Chen's body!

In the dark valley, under the blood red sword light, ye Chen's body instantly burst into a blood mist!

But at the moment when his body burst to pieces, the little blood mist was mysteriously suspended in the air, coagulating but not dispersing!

Seeing this scene, everyone was shocked. At this moment, a gray fog was surging in the blood mist. Suddenly, an extremely incredible scene appeared!

I saw, in this gray fog, time, as if backflow in general, that little blood fog, actually is fast contraction, in an instant, it again condensed out of Ye Chen's body!

All people's brains, almost evaporate in an instant!

The scene in front of them can only be described by miracles!

Even Chen Xi is stupid!

Vitality against the sky, it can be understood that this burst into a blood mist, suddenly, again condensed into the body?

This is totally ridiculous!

What kind of monster is this boy!

At the moment, ye Chen, extremely weak, fell on the back of the sky fire eagle, instantly turned into a streamer, disappeared in the sky.

All the soldiers present were still sluggish and had not recovered. What happened just now seemed like an illusion!

In Ye Chen's mind, Shuo Lao's voice sounded and said: "it's dangerous, boy. If you don't understand the use of reincarnation breath at the time of life and death, I'm afraid you'll really die under that sword. However, the strength of this reincarnation breath is still ahead of my expectation..." Even ye Chen's eyes were full of shock. At the moment, his whole body was weak and weak, and his vitality was almost exhausted. However, relying on this samsara breath, his body was instantly reorganized!

This is the power of ghosts and gods!

However, this time the body reorganization also consumed all the breath of samsara in his body. Although the samsara cemetery and blood vessels can generate on its own, in a short time, ye Chen certainly can not use the reincarnation breath to revive again.

But it's also a good thing.

If he can really rely on reincarnation breath infinite resurrection, on the contrary, can not progress.

Martial arts practitioners should always keep in a tight state. They really can't die. On the contrary, ye Chen's martial art may be stagnant!

However, ye Chen is thinking that it is impossible for the reincarnation master to die.

Really for layout, rebirth?

Is that how he believes in himself?

Believe this world can fight against the so-called wanxu temple?

Ye Chen's eyes flash slightly, no longer think about these things, now, he has revenge for Gu Xuan, the most concerned is Gu Xuan's whereabouts.

Immediately, he took out the jade card of Tianxing Pavilion and contacted Qin Ziwei.

What ye Chen needs is intelligence.

Soon, among the jade plates, a female voice said: "congratulations to Mr. Ye. The battle in the dark valley is really famous in Yangzhen area."

If you can survive from a deacon of tongxuanzong, I'm afraid no one can do it in the whole Yangzhen region, even if you include the powerful hermit in the four halls!

Ye Chen, this is the creation of history!

Chapter 4532

Qin Ziwei is also happy. She thinks that it is a right choice to invest in Ye Chen. In the future, ye Chen may become one of the biggest backers of tianxingge!

Ye Chen hears the speech, but does not have a trace of smile, famous earthquake Yang Zhenyu?

He is just relying on the breath of samsara, lucky to survive, facing the enemy, can only turn around and flee, this is also known as the Zhenyang region?

The supreme glory in the eyes of others is a disgrace to Ye Chen!

Ye Chen said faintly: "Miss Qin, I want to ask you something. Do you know what is a flesh and blood puppet?"

"Flesh and blood puppet?"

After pondering for a moment, Qin Ziwei replied, "it seems that it was a kind of existence similar to the body in ancient times. However, this flesh and blood puppet can't copy the strength of its master, and even has no intelligence. She can only make an instinctive reaction, which is generally used to feign death..."

She was surprised and said, "Miss Gu..."

What has been discovered by Qin Ziwei's intelligence.

Ye Chen did not answer, but asked: "do you know, in today's world, who or which force can make flesh and blood puppets?"

Even the erudite, such as Qin Ziwei, is also baffled by Ye Chen.

In fact, not to mention the creation of flesh and blood puppets. There are not many people who know what they are.

A moment later, she said, "this I need to check to answer Mr. Ye. "

"Good."

Ye Chen nods a head way: "trouble you."

Then he put down the jade card.

While recovering his physical strength, he was thinking about Gu Xuan's whereabouts. After a moment, he said to Shuo Lao: "Shuo Lao, I think Gu Xuan should be in heaven and man now, and it is safe for the time being."

"Oh?"

Ye Chen said: "first of all, this man can make flesh and blood puppets and take Gu Xuan away quietly. I'm afraid his origin and strength are not simple.

What's more, Gu Xuan lost his Daogu bone. Even if he survived, whether he could continue to practice is a problem. It has no value in itself. However, this person has wasted so much time to rescue her, which should not be harmful to her. "

"Not bad."

"So, are you ready to go to heaven and man

Ye Chen's eyes flickered slightly, shook his head and said, "no, I plan to improve my strength first."

"What's more, the assembly will be here in a few days."

"Yonglao is not as lucky as Gu Xuan. I won't let yonglao have an accident."

This trip to dark valley made him realize his lack of strength. There were many strong people in heaven and man. He planned to go to the heaven and man area to look for Gu Xuan after getting ready. At present, he spent the butcher's meeting first.

"What's your plan now?" said Shuo Lao

"First go back to Yuantian courtyard and prepare for the slaughtering ceremony. After the meeting, go to the Xuanyao holy land."

Before leaving, xuankun once told him that he had something to give him. Ye Chen was still a little curious.

A day later, ye Chen's physical strength also recovered to 7788. He sat on Xiaohong's back, turned his wrist, and took a section of the bone with the rune in his hand.

Gu's spine, which can be drawn out of his eyes, can be drawn out of the complex spine.

This bone still exudes a strong sense of destruction. However, it has been inactivated and can no longer be transplanted into the body. Even, for most people, this bone has some function in understanding the rhyme of the destructive Tao. It has become a complete decoration.

At the next moment, ye Chen opened his mouth and directly put the spine into his mouth. With a click, he bit his spine to pieces!

For others, it may be decoration, but ye Chen's special constitution may be able to directly swallow the strength in this bone.

However, what is the result of phagocytosis, even ye Chen is not sure!

As soon as the bone entered Ye Chen's body, ye Chen's look changed. He only felt a powerful breath of destruction, which he madly integrated into his own flesh and blood, and almost wiped out his body!

"Shit!"

Ye Chen couldn't help cursing, he just came back from the ghost gate, and now he has to go again?

He took a deep breath, the six exterminations of the true formula of the new words, Hongmeng ancient method, crazy operation, with the destruction of the four heaven seal just barely suppress this force, slowly refining this Dao bone.

Before long, ye Chen came to Yuan Tian Yuan.

He also at this time, re opened his eyes, deep in the eyes, a faint touch of excitement!

That Dao bone was successfully refined by Ye Chen!

Although he did not get the immortal body of extinction, the rune originally engraved on the bones of Dao appeared in his sea of knowledge. With the existence of this rune, ye Chen's entry speed was greatly increased when he practiced the destruction Shinto, and his power would also be improved when he used the seal of destruction!

However, the most important thing is not the improvement of strength, but, after refining the Taoist bone, ye Chen has a breath that does not belong to himself. The breath comes from Gu Xuan! If ye Chen and Gu Xuan are close, this wisp of breath should have some reaction!

This is what ye Chen really wants!

Under the control of Ye Chen, Xiao Hong falls in the yuan Tian Yuan.

Yuantianyuan, everyone is ready to go!

Because it's going to be the butcher's assembly soon!

Ye Chen's camp, from the strength point of view, Xiao shuihan is the strongest.

From the Tu Sheng assembly, close at hand, ye Chen also began to make arrangements after his return.

At the end of the day, the general assembly was led by Xiao Han.

The four magic guards of Qin, chess, calligraphy and painting were all promoted, and they were also proud soldiers in the army of God.

Li qingmo, Qin Tianyu and Yu Yingxue, the three young disciples, are not strong in strength, but their pet animals are very powerful.

Li qingmo's golden eye lion dragon and rain cherry snow green turtle turtle are all big source animals, and their strength is quite good.

There is also gold Jia Taotie. After ye Chen cured his injury, he gave it to Qin Tianyu to play a greater combat effectiveness.

Day by day, the day approached, and the dark emperor also raised some forces in the liudaozong.

Seeing that there was only the last time left before the Tu Sheng meeting, ye Chen invited Zha Tian Mo Di, Xue long, Yan Kun and Yu Chi Yao to Yuan Tian Yuan.

He had seven evil spirits and ten thousand crows pot. Last time in Hongmeng blessed land, he devoured the blood essence of many Ming dragon gods. He benefited a lot and showed signs of breakthrough in strength.

Yuchiyao's misty rain is very important to the yuan Tianshen army, and it is the key to cover up their tracks and carry out sneak attacks.

Yan Kun's words are not strong on the surface, but if the blood of heaven and earth gods breaks out, it is also a big help.

In addition, the strength of blood dragon let Ye Chen incomparably surprised, it also broke through a lot.

Chapter 4533

Last time in mielong cliff, the blood dragon was inherited from the Archaean ancestor dragon, and its strength soared. It had nine forbidden chains on its body.

The blood dragon broke a chain of symbols and made a breakthrough in strength.

Now ye Chen sees the blood dragon again, and sees the chain of symbols on his body, and breaks another one, leaving only seven.

After breaking the second Rune chain, the blood dragon's strength has broken through repeatedly. This progress is too fast.

The blood dragon's blood is extraordinary. On the surface, although it is not enough to fight against emperor Shitian, as long as all the chains of runes are cut off, Emperor Shitian dare not look down upon him.

Ye Chen side of the camp, Xiao shuihan in the first echelon.

The blood dragon and the dark devil can be ranked in the second echelon.

The third echelon is the golden lion dragon, the green turtle turtle, the jueyan fire python, and the golden tortoise.

Yuantianshen army is the fourth echelon and the main force in the front row. It is estimated that many people will be sacrificed.

As for ye Chen, he is the only one. Even he doesn't know how powerful he will be if he breaks out with all his strength.

Reincarnation blood, six ways of reincarnation, the chart of the yellow spring, Hongmeng big star sky, sacrifice to Dayuan soldiers, blood moon, Tu Tian, Xing Hun, Shuo Lao and Xuan Hanyu. Ye Chen can't imagine how terrible he would be if all these methods were used.

Ye Chen only hopes that the assembly of slaughtering saints can go smoothly. It is better that he saves the eternal holy king without any help.

This is the best situation.

If the worst happens and he is asked to play in person or even use all the cards, it is likely to attract the attention of the superior, and the consequences are unimaginable!

The goddess of heaven is only the difference between the superior and the superior.

No one has the courage, dare to let Ye Chen grow up, all want to kill ahead of time, cut off all threats in the cradle.

There are so many variables in the Tu Sheng assembly that no one can see the way ahead.

Ye Chen can only in the last days, constantly plan, constantly practice, constantly adjust, so that his side of the force, to the peak of the state.

.....

Emperor yuan hall, red lotus Purple Palace deep, in the conference hall.

With the coming of the assembly, Emperor Shitian held a special meeting here.

The chief of the hall, the emperor Shitian, with black robes and white hair, sits tall and has a plain face. No one can see his real or imaginary.

Cold evil flower demon, blood phage ghost owl, one left and one right, standing on both sides of the emperor Shi Tian.

Now the seal of the underground palace has been lifted and they can move freely.

There are only two of them left.

The strength of the two men is really close to each other, which is not as powerful as that of heaven and earth. After all, it is the Lord of reincarnation and the master of destiny to jointly create.

But "cold blooded and merciless" is only created by Emperor Shitian alone. Naturally, there is a lot of difference in strength. However, it is enough to prepare for the assembly of slaughtering saints.

On both sides of the hall, there were eight old people.

These eight old men all have the spirit of evil spirit. They all have advanced accomplishments, and all of them have reached the level of Huanzhen state. At the beginning of the period, the most powerful one even reached the peak of Huanzhen state, which is equivalent to the apparent strength of emperor Shitian.

"Eight elders, I want to launch a heart demon trial at the butcher's assembly. What do you think?"

Emperor Shi Tian looks around the hall, his eyes are removed from each elder, and his voice is slow.

These eight elders, known as the "eight old men of heart demons", are the core and the most mysterious existence of the palace of emperor yuan. Each of them has gray hair and deep wrinkles, and carries the Fu Zhao left by the master of the previous generation of heart demons before he died.

If we can get the support of "eight old men of heart demons", the power of the magic sword of emperor Shitian's heart demons will be brought into full play, and the success rate of the trial of heart demons will be greatly improved.

Eight old heart demons are masters of the previous generation of heart demons and servants around them.

The eight old heart demons, following the master of the previous generation of heart demons, made contributions and made great contributions to the cultivation of saints. He had great merits and virtues, and was the most respected eight people by the emperor.

In the past, no matter how dangerous and dangerous the temple of emperor yuan had, Emperor Shitian would not disturb the eight old heart demons. But now, the butcher's assembly is too important, and he needs the eight old men to come out of the mountain.

"Emperor Shi, your heart demon's big mantra sword has only been trained to the fifth level. Now you can start the trial of heart demons. If you are too quick, I advise you not to act rashly."

An elder shook his head and disapproved.

There are nine levels in the heart demon mantra sword. If you practice to the Ninth level, even the superior can be killed!

The former master of heart demons, after training to the eighth level, can have the qualification to kill the superior, but unfortunately, he was discovered by the superior in advance and killed directly.

Eight old heart demons, the former master of heart demons, left to the emperor Shi Tian's assistant officials.

Emperor yuan hall can have today's achievements, there is no lack of the eight old heart demons behind the guidance.

However, a heart demon elder, hearing the emperor's plan, shook his head against it.

When Xuanyuan ink evil was still in existence, Emperor Shitian's heart demon sword reached the fourth level.

Now I have been practicing for a period of time, reaching the fifth level, but the Ninth level is still far away from the peak. It is too difficult and risky to launch a trial of heart demons. In case of failure, the emperor yuan hall will become the target of public criticism, and the consequences will be unimaginable."Emperor Shi, you should follow the example of the first lord, establish the great enlightenment of saints, rely on the accumulation of merits and virtues, and slowly plot. Now, when the time is not right, it is too dangerous to suddenly launch a trial of heart demons."

Another heart demon elder shook his head and spoke against it.

The emperor Shitian said: "Yan Changge was the first master. He was kind-hearted and compassionate. He built up the way of saints and educated the world. However, the progress was too slow by virtue accumulation. Now xuanjiyue is in charge of the supreme source army. We must fight against it by fighting against it."

Emperor Shitian said that the first lord is the former generation of heart demon, called Yan Changge, is an ancient sage.

At that time, Yan Changge established the way of saints, pacified the barbarians, educated the world, and made the people of the world admire the sage's road. He never found anything left behind and did not close his door at night.

After practicing at the fifth level, it is almost impossible to upgrade the sword by hard cultivation. We need to find another way to prove the truth.

Yan Changge's method of preaching is to demonstrate virtue and virtue, educate the world, and gradually accumulate the number of saints. Finally, he practiced the heart demon curse sword to the eighth level, which was only one step away from the Ninth level. Unfortunately, he was killed by the superior.

When Yan Changge died, the sage's road collapsed. Now in this world, there are only killing and fighting, and no one mentions benevolence and righteousness education any more.

At that time, one of the seven great deities in the kingdom of God was Yiwen the great. He was a disciple of Yan Changge. He was carrying Qingtian emperor's pen, and he wanted to help the sage's road. He once advised Xuanyuan moxie not to kill his teacher. Unfortunately, he died, and the last disciple of the sage was completely lost.

People in the world only know that Yan Changge is a saint, but they don't know that he is the master of the previous generation of heart demons.

Chapter 4534

However, the emperor Shitian got the true story of Yan Changsong's heart demon curse sword. He was not interested in proving the truth by virtue. Because the time was too long, he couldn't wait to launch the heart demon trial.

The way that emperor Shi Tianxiang used to testify the way of Tao was not to use other methods, but to rely on the heart demons.

As long as we launch the trial of heart demons, kill and control enough people to prove the power of the heart demon's great curse sword, we can prove the truth naturally.

A long-time old man said: "emperor Shi, xuanjiyue has a supreme source of soldiers. Although she is powerful, she has not yet reached the point of destroying the palace of emperor yuan. As long as we establish the cultivation of saints, and plot slowly, we will eventually surpass her in the future."

Another old man said, "yes! Xuanjiyue's wishful thinking of dominating the world, establishing the order of destiny and enslaving the people in the world is too hateful. As long as we stick to the sage's road and exorcise evil spirits with justice, in the long run, she will not be our enemy! "

Another old man said: "yes, Emperor Shi, it's too hasty to launch a trial of heart demons. Don't forget the real purpose of the butcher's meeting. We are to lead the reincarnation Lord and kill him!"

"As long as we kill the reincarnation master and seize the six samsara methods, we can revive the former Lord!"

"The six ways of reincarnation in the legend have the miraculous effect of reincarnation. As long as you seize the hand, the first lord will be resurrected, and the sage road can come back again! Isn't it beautiful when the world is at peace? "

All the elders in the hall unanimously opposed the emperor's plan to release heaven.

What they want most is to kill the reincarnation Lord, seize the six samsara methods, and revive the former Lord Yan Changsong!

Yan Changge is the most aboveboard and selfless saint in their heart!

Emperor Shitian wants to launch the heart demon trial and destroy the whole hypocritical world. It is too extreme. Even the eight old men of the heart demon do not approve of it.

In the hands of emperor Shitian, the heart demon sword is a great weapon to destroy the world.

However, in the hands of the former Lord Yan Changge, the heart demon curse sword is just a ruler, which is used to punish people with evil intentions.

Yan Changge has never thought of destroying the world, but only wants to establish sage education, rely on the sage's road to govern the world, so that the world can be fed up with young people, have a sense of security, and live and work in peace and contentment.

Such a world is the most perfect world in the eyes of the eight old men of the heart demon.

However, Emperor Shitian's plan was too extreme. They did not support it at all.

The emperor explained the way of heaven: "if people die, how can they be reborn? The so-called rebirth of the six ways of reincarnation is just a deceitful legend. The elders must not indulge in it and delay the event. "

A long old man said: "if the six ways of reincarnation is false, how can the reincarnation Lord be reborn?"

"The reincarnation Lord can be reborn because he has reincarnation blood. Once he dies, the lamp will go out, and he can't live again."

All the elders looked at each other and kept silent. Looking at the emperor's appearance, it seemed that he was determined to launch a heart demon trial.

An elder asked, "emperor Shi, do you really insist on this?"

The emperor explained the way of heaven: "the first lord had a word. He knew that he could not do it. This is the sage road. He did not fear the world's reputation. Although tens of thousands of people have gone, I believe my plan is correct. As long as we launch the heart demon trial and control all the guests attending the meeting, we can indirectly control the whole territory. At that time, we can do whatever we want to do!"

Hearing the speech, the elders looked at each other. The heart demon trial that the emperor Shitian wanted to launch was not the ultimate judgment, but a small-scale launch to control some people.

But this part of the people, are big and influential people, controlling them is equivalent to indirectly controlling the whole foreign country!

This plan is just as terrible.

If it is successful, the emperor Shitian has proved the killing power of the heart demon's great curse sword, which is enough to prove a breakthrough in an instant, and perhaps surpass the achievements of the previous generation of heart demon masters!

If the emperor Shitian's heart demon sword is really practiced to the Ninth level, then he is qualified to set foot in the supreme world and negotiate with the superior people!

"Emperor Shi, it seems that you really do not forget, but also want to fight against the superior."

An elder shook his head and sighed with helplessness.

The former master of the heart demon was killed by the superior. They saw it with their own eyes and knew how terrible the superior was.

The emperor Shitian wanted to fight against the superior. It was just fantastic. It was impossible.

"Do you know how powerful the superior is? They can kill you with just one breath."

"But I met the master, but I was killed by a master."

"The superior people, and we are not in the same world, their strength is so strong that we can never compete."

"If you want to fight against the superior, unless your heart demon curse sword reaches the Ninth level."

Many elders issued a warning that they had seen the terror of the superior, and it was absolutely not that the emperor could fight against it.

Even Yan Changge, the former master of heart demons, was crushed to death by a finger of the superior, with no resistance.

This is no longer a gap of any realm. It is an unimaginable gap between the whole universe, the whole universe, the whole sky and the sky. If you want to fight against the superior, there is only one way, that is to practice the heart demon curse sword to the Ninth level of the highest level!

The top level of the Ninth level is more than ten million times more powerful than the eighth level. It is the legendary state, and no one has been able to achieve it since ancient times.

It's too hard to cultivate to such a level. In the past, Yan Change, the former master of heart demons, established the cultivation of saints. All of them could only stop at the eighth level, and there was no trace of the Ninth level.

At present, the eight old heart demons have no ambition to fight against the superior. They just want to establish a sage education outside the territory. It's better to revive Yan Change and enjoy immortal happiness forever outside the territory. There's no need to fight against the superior.

"Naturally, I know that the superior is powerful. I can't compete with the legendary goddess of heaven or the temple of wanxu."

"But, elders, there are rules in heaven and earth. Those who are superior can not come here. We still have room for decisive battle."

"As long as I launch the heart demon trial and successfully testify, my strength can advance by leaps and bounds."

"When the time comes, we should kill the samsara first, and then destroy the fate. If we combine these two ways, we can step into the top of the heart demon and practice to the Ninth level."

"When my heart demon's curse and sword are complete, I will be able to really fight against the superior and get rid of their shadow."

"If in this life, you are always under the pressure of the superior, how can you be free and carefree, and what immortals and blessings will be enjoyed forever?"

Emperor Shitian stood up, his tone was not sonorous, but plain and firm, showing his absolute will and determination.

The eight old men of heart demons looked at each other, and the emperor Shitian never forgot. He wanted to launch the trial of heart demons and break through the way of preaching. It was indeed reasonable.

Once the sermon is successful, you can save endless years of hard work and ascend to heaven step by step!

To be honest, they are all a little bit excited, but the problem is that the risk of the heart demon trial plan is too great, and the superiors behind it are too powerful.

The plan of emperor Shitian is almost impossible to succeed.

"Emperor Shi, let's step back."

"As long as you kill the reincarnation master, seize the six samsara methods, and revive the former Lord, we are willing to assist you and help you launch the heart evil judgment."

At last, the eight old men of the heart demon retreated. They all had the same mind. They just wanted to kill the reincarnation master of this life, seize the six samsara methods, and rely on the energy of reincarnation to revive Yan Changge.

In their eyes, such plans as the trial of demons, the destruction of the hypocritical world, and the establishment of an ideal country are totally unrealistic and unrealistic.

If the emperor Shitian can promise them to do their best to kill the reincarnation master, they are willing to help him.

Chapter 4535

While speaking, a Fuzhao flew out of the eight old heart demons.

This Fu Zhao, surrounded by a layer of dark and gray evil spirit, seems to have tens of millions of people roaring and howling, hidden in it, very strange.

This is the Fu Zhao given to them by Yan Changge, the former master of heart demons.

The heart demon sword of emperor Shitian can only be trained to five layers of heaven. It is impossible to launch a trial of heart demons by relying on such strength alone. It is necessary to cooperate with the Fu Zhao of eight old heart demons and with the help of the Fu Zhao left by Yan Changge.

Emperor Shitian looked at this heart demon Fu Zhao, his eyes showed a trace of vibration, but also thoroughly moved.

The heart demon curse sword is not murderous and does not touch blood. However, when it reaches the eighth level, there will be changes. Every time a person kills, he or she will be contaminated with causal blood, which will bring evil and evil to the practitioners.

If you can get through this layer of evil, you can break through to the Ninth level. If you can't, it will be like this in your life.

The Fu Zhao in the hands of the eight old heart demons are all stained with great blood, evil spirit and resentment. Obviously, it is the breath that can be possessed only after practicing the eighth level of heart demon's great curse sword.

"Well, elders, I promise you! But people can't be reborn after death. If you can't revive the former Lord after getting the six samsara methods, don't blame me. "

The emperor Shitian always believed that the so-called reincarnation was just a legend.

It is the reincarnation of his blood.

"Well, that's settled!"

Heart demon eight old Qi nodded, also full of joy.

Since the emperor Shitian agreed, it would be better.

Even if the heart demon trial was launched and failed miserably, it would only be the disaster of emperor Shitian. They could leave the palace of emperor Yuanyuan, set up their own door, revive Yan Changge, and create a saint's enlightenment after they got the six ways of reincarnation.

Emperor Shi Tian was also very clear about this point, and suddenly there was a feeling of loneliness and loneliness, which was beyond description.

Eight old heart demons care about the old lord, do not care about the foundation of the palace.

They don't care about the future and life of emperor Shitian.

Although he was lonely and desolate, Emperor Shitian was used to it and didn't think so. His career was doomed to be misunderstood. Even "cold blooded and merciless" thought he was too extreme, but he believed that his choice would never be wrong.

This world is full of fighting, hypocrites and villains. It is no longer necessary to exist. If we want to create a real world of great harmony, we must eliminate all the hypocrites and leave behind the true, good and beautiful people to build an ideal country.

Then a new world will start to multiply from the utopia. When the time comes, there will be no more fighting in the world. Everywhere is bright, everything is good, everyone is equal, everyone is immortal and blessed forever, and life is equal to heaven.

What emperor Shitian wanted to do was to establish an ideal country.

After the negotiation, the eight old heart demons are gone.

They even expected that if emperor Shitian launched a heart demon trial and was surrounded and killed by people from all over the world, it would be a perfect situation.

In this way, they will be able to get rid of all the shackles, revive the former Lord Yan Changsong, establish saints' enlightenment, and seek the great merit of incense and fire.

As for emperor Shitian, this kind of extreme madman may be doomed forever, which is his best destination.

"Emperor Shi Lord, I always feel that the eight old demons have bad intentions."

Cold spirit flower demon wrinkled nose, looking at the heart demon eight old left the back, gently for the emperor Shitian Chui shoulder.

"It's OK. It's natural for them to think about the old lord, which is not in line with my ideas. As long as they are willing to take out the heart demon Fu Zhao to assist my trial plan, that will be enough."

Emperor Shitian sat back on his chair and seemed a little tired.

Leng Meihua demon knelt down and hammered his legs for emperor Shitian. His cold eyes were filled with ardent worship and admiration. He said, "Lord Di Shi, your realm is too grand and magnificent. Please forgive me for being ignorant and unable to understand. But Xiaomei was made by the Emperor himself. I am willing to sacrifice everything for him!"

What kind of heart demon trial, what to establish the Republic, Leng Meihua demon does not understand, she only knows that emperor Shitian is her master, she can give everything and even her own life for emperor Shitian!

"Very good, Xiaomei. I'm glad you have this idea."

Emperor Shi Tian touched the head of the cold enchanting flower demon, and felt a little relieved.

One side of the blood phage ghost owl, said: "emperor release Lord, Tu Sheng assembly invitation, sent to the ZuLong temple, but was returned."

"Feng Ao, the master of ZuLong temple, said that he was preparing to marry with the Ming dragon god family. He couldn't pull himself away and sent us a generous gift."

Emperor Shi Tiandao: "what kind of gift?"

"Ten source soldiers, seven star gentian spears."

The blood eating ghost owl took out a battle gun. On the gun, there was a magnificent atmosphere of the Seven Star Universe floating on it. The air of killing and cutting by the heavenly soldiers was very fierce. The gun body was also stained with the essence of the dragon clan. It was obviously tempered by the ancestral dragon temple for tens of thousands of years, and its quality was extraordinary.

"Ha ha, Seven Star Dragon gall gun, this is the weapon that Feng Ao used for tens of thousands of years."

Emperor Shitian smiles, picks up the Seven Star Dragon gall gun, weighs it for a moment, and says: "it seems that Feng Ao, the old guy, should have bumped into some adventure recently. In addition, he has got something better than the Seven Star gentian gun. Otherwise, he won't send this big source soldier as a gift." "Blood phage ghost owl way:" so heavy ceremony, do we want to return a gift

Taking ten yuan soldiers as gifts, ZuLong temple is also a big hand. It is obviously a show of kindness to emperor yuan hall, hoping that emperor yuan hall can repay in the future.

There must be twists and turns in the process of the marriage between ZuLong temple and the Ming dragon clan. If the emperor yuan temple can help, they can save a lot of trouble.

Emperor Shi Tiandao said: "such a heavy gift, of course, you have to pay back. I heard that ye lu'er, the saint of ZuLong temple, is going to marry the Ming dragon god family in heaven and man. You should prepare some miraculous drugs of the same value, natural materials, earth treasures, and even that pair of special keels, and send them back to the ZuLong temple."

"Yes Blood eating ghost owl agreed to come down.

"You can take this Seven Star Dragon gall gun. The butcher's meeting is about to start. You should take people to guard the mountain gate. Don't let foreign enemies attack you."

The emperor Shitian gave the Seven Star Dragon gall gun to the blood eating ghost owl.

"Thank you for your reward. Even if I fight for this life, I won't let foreign enemies step into the palace of emperor yuan."

Blood phage ghost owl accepted Seven Star Dragon gall gun, heart blood turbulence.

Emperor Shitian nodded and immediately made arrangements. When the assembly of Tu Sheng began, emperor yuan hall should do a good job in defense.

This time the emperor yuan hall chose a special place in Yangzhen area.

It is impossible for emperor Shitian to take out the core things, let alone let the heaven and man hold it, but the power used is absolutely enough to solve everything!

The first layer of defense is the responsibility of ordinary elders and foreign vassals. For example, Zhou Yue, the city master of Yueshang ancient city, is a foreign vassal, which can be used as the first line of defense for Diyuan hall.

Chapter 4536

The second layer of defense is the responsibility of the blood eating ghost owl, leading many elite disciples of the Diyuan palace, such as Shenji camp, trapped camp, Zhenwu camp and so on, to be on guard.

The third layer of defense mainly relies on some elders. Most of them are in the later stage of the original state, which can cope with all kinds of accidents.

In addition, the cold enchantment flower demon will take people to patrol the whole mountain gate and go wherever necessary.

The right to use the red lotus Purple Palace will also be handed over to the cold demon.

Red lotus and Purple Palace, this is the most precious treasure of the thirty-three days, and the most powerful of the five treasures in the heavenly palace. As long as the cold and enchanting flower demons are mastered, even if the experts in the early stage of the real world kill in, they may not be able to break the Mountain Gate defense of the imperial palace.

As for the eight old heart demons, all of them have reached the real state, and their strength is very strong, but all of them are old ministers. If the emperor Shitian doesn't move, they can't do it either.

What the eight old men want to do is to kill the reincarnation master, seize the six samsara methods, and revive the former Lord Yan Changge.

Other matters, such as fighting against xuanjiyue, defending the palace of emperor yuan, and launching a trial of heart demons, they would not care.

Over the years, they have occasionally instructed the emperor to interpret heaven and establish the foundation of the emperor yuan temple. This is already the great kindness of heaven. It is obviously impossible for them to direct them to work as cattle and horses for the emperor yuan palace.

Fortunately, they have promised emperor Shitian that as long as they kill the reincarnation master, they will help him launch the heart demon trial.

As long as the trial of heart demons can be launched, everything can be said.

The defense line of the emperor yuan hall is roughly arranged as follows.

Emperor Shitian predicts that xuanjiyue will also send some people to help relieve his pressure.

After all, he and xuanjiyue still have a cooperative relationship!

Although the outcome of the two is doomed to be a duel like an old enemy, at least now, both of them have a common enemy, that is, the Lord of reincarnation!

The reincarnation master of the previous life is too strong. Even if Xuan Jiyue and Emperor Shitian add up, they are not enemies.

In fact, if not the reincarnation Lord deliberately layout, even if the two sneak attack, there is no chance of winning.

Unless the emperor Shitian dares to disclose the identity of the Lord of heart demons and rely on the sword of heart demons, he can compete with the Lord of reincarnation.

In the face of reincarnation Lord such strong enemies, the emperor Shitian and xuanjiyue dare not be careless. Before killing the reincarnation master thoroughly, they can not fight each other, so as not to be picked up by others.

As time goes by, there is only one day left before the assembly!

On this day, at the top of the mountains in the temple of emperor yuan, Emperor Shitian stood alone in front of a tombstone.

This tombstone, engraved with four words: Su Yan's tomb!

The tomb is empty. Su Yan and the peacock go to heaven prison, trying to cut off the love of all kinds of calamities. As a result, both of them fall down, and there is no body left.

Emperor Shitian built an empty tomb to express his memory.

After all, the only person in the world who knows him has died miserably.

"From then on, I was destined to be alone."

Emperor Shitian stood in the cold wind with his hands on his back.

The failure of the trip to heaven made the emperor feel deeply sorry for him.

If he could cut off his love and get the blessing and imperial edict from the goddess of heaven, he might be in a much better position. He would not have to rely on the help of the eight old masters of the heart demons.

Fortunately, he was decisive enough to destroy the blessing Fu Zhao, even if he sacrificed the unintentional poisonous spider at all costs.

At least for now, no one gets the blessing and imperial edict from the goddess of heaven. The hidden danger is greatly reduced.

As long as there is no causal intervention from the superior, Emperor Shitian is confident to face all accidents.

After all, he has the peak of real situation just because of his superficial strength!

Even if the reincarnation Lord of this life comes, how can he be his adversary?

There is only the last time left for the meeting. Ye Chen has made the final arrangement!

There must be tight defense in the hall of emperor yuan. It's not easy to get involved.

Ye Chen plans to sneak into the palace of emperor yuan by himself.

But Xiao shuihan, Zha Tianmo Di, Xuelong and others are waiting for an opportunity to make a move outside the palace of emperor yuan.

Everything is ready, in the eyes of countless people, the day of the assembly of the butcher has finally arrived!

In this grand event, the emperor yuan hall invited many forces from abroad. All schools of thought gave the emperor a face, and sent many people to watch the ceremony and prepare to drink the eternal blood.

Even if they can't come, such as the ancestral temple, they also send people to send gifts in advance to express their feelings.

It can be said that the assembly of slaughtering saints has attracted great attention in Yangzhen area! Far more than the dark valley of the burning ceremony!

The struggle between the emperor yuan palace and the reincarnation Lord is also reported in the outside world.

The legendary reincarnation Lord, is likely to appear in the assembly site!

Many people come to watch the ceremony, and they are looking forward to seeing the spirit of the reincarnation Lord.

However, most people feel that it is impossible for the reincarnation master to appear.

Because the reincarnation master of this life is still very weak, and is not the enemy of emperor Shitian at all. If he dares to appear, he will surely die. After all, in addition to the emperor's interpretation of heaven, there is Xuanji moon, the queen of the upper kingdom!

This time, Xuan Jiyue will also appear.

The strength of the alliance between Emperor Shitian and xuanjiyue is unimaginable. Almost no one in the whole territory and the upper world can compete with each other. Even the legendary twelve deities can not defeat the joint efforts of the two.

If the reincarnation master dares to come, he will be crushed to pieces under the influence of xuanjiyue and Emperor Shitian.

In the morning, the sun is shining, and the morning light is not scattered.

At the gate of the hall of emperor yuan where the assembly was held, there were wisps of smoke and mist, and the palace towers were hidden in the mist of the morning, like a dream.

The whole palace is decorated with lanterns and decorations. It's very festive and lively.

Guests from all walks of life exchanged greetings, talked and laughed, and stepped into the gate of emperor yuan hall one after another.

In today's Tusheng meeting, the Di yuan hall was very tight in defense, with three lines of defense.

The first line of defense is the responsibility of ordinary elders and foreign vassals.

A powerful man, holding a mirror, was checking every one who entered the palace.

This mirror, carved with many ancient totems, is vaguely filled with layers of pure Yang light. It is called the emperor's pure Yang mirror. It is one of the most precious treasures of the thirty-three days. It is also the twelve true treasures of the supreme emperor. It is a magic weapon of the holy way.

In ancient times, the sage Yan Changge enlightened the whole world. With the emperor's pure Yang mirror, the hypocrisy was broken, evil spirits were eliminated and unknown.

If the reincarnation master of this life dares to step into the gate of the Imperial Palace, he will be broken by a mirror.

One by one, the guests abide by the order, line up to pass the inspection of the emperor's pure sun mirror, and then enter the gate of emperor yuan hall.

Although the guests were very reluctant to be looked at in a mirror, the face of the emperor Shitian was still to be given. No one dared to make trouble in the palace of emperor yuan.

Chapter 4537

"Thank you for your cooperation. Zhou is very grateful."

The powerful man held a mirror to thank the guests.

This strong man is the ancient city of Yueshang, Zhou Hong's father, Zhou Yue!

At this time, ye Chen, mixing in the crowd, is also ready to step into the palace of emperor yuan.

Ye Chen's face has been changed by Bagua Tiandan technique. Outsiders can't see the clue. Moreover, his whole body breath is covered with Bagua Tiandan technique without any leakage.

In front of Ye Chen is the master of the temple of waste thunder, wild rock devil!

This time, ye Chen didn't act alone, but changed his name to wasteland. He followed the wild thunder hall, covered by the wild rock devil, and mixed in.

Beside Ye Chen, there are four maidens of Mei Lan Zhu Ju, as well as more than a dozen powerful men in the wasteland thunder hall. All of them are confidants of the wild rock devil and can be absolutely trusted.

"Under the wild rock devil, on behalf of the wild thunder temple, congratulations on the smooth assembly of your hall."

The wild rock devil went to Zhou Yue and gave him a gift.

"It turned out to be a VIP from the temple of wasteland thunder. I'm glad to meet you. Can't you come here today?"

Zhou Yue accepted the gift, arched his hand and asked.

The wild rock devil is only the master of a branch hall under the command of the wasteland thunder temple.

The real master of Huang Lei temple is one of the twelve legendary deities, flying Thunder God. Today, there is no human figure.

The wild rock devil said: "recently, the heaven and man have changed greatly. The master of my house is busy. I can't come in person. I hope you can forgive me."

Recently, great changes have taken place in the heaven and human sphere, and countless forces have been involved. Even the backing of the hall of the dead, the Taiyue deity has also fallen.

At present, many forces in the heaven and human domain are busy coping with it. The flying Thunder God has no time to come.

Zhou Yue said with a smile: "it's all right. It's my honor to welcome you to our palace."

While speaking, Zhou Yue offered sacrifices to the emperor's pure sun mirror and took photos on the wild rock devil. Seeing that there was no difference, he said, "you can go in."

"Thank you very much."

Immediately with plum, orchid, bamboo, chrysanthemum, ye Chen, many confidants, stepped into the gate of emperor yuan hall.

The breath of all of them was covered up by Ye Chen's Bagua Tiandan technique, so it would not be broken by the emperor's pure sun mirror.

Zhou Yue, with the emperor's pure sun mirror, took one by one on plum, orchid, bamboo, chrysanthemum, ye Chen, and others, but found nothing different.

Ye Chen breathed a sigh of relief, and finally got into the palace of emperor yuan. The first step was smooth and smooth, and made a good start.

But all of a sudden, Zhou Yue's smile solidified, his eyes fixed on Ye Chen, and he said, "wait a minute!"

Ye Chen was shocked and thought, "have you been found?"

Just now ye Chen thought that he could go smoothly, but suddenly something happened.

The wild rock devil turned back and said, "ha ha, Lord Zhou, what's the matter?"

Zhou Yue frowned tightly and said, "barbarian Temple master, what's his name, your disciple?"

The savage rock devil kept silent and said, "his name is Huang Chen. He was my adopted disciple since I was a child. Is there anything wrong with him?"

Zhou Yue, with a gloomy face, seems to have found something. He takes the emperor's pure sun mirror and shines on Ye Chen.

In the dark, Zhou Yue always feels a little uneasy in his heart and has a kind of inexplicable hostility to Ye Chen.

Zhou Yue's son Zhou Hong also appeared in his mind.

His son died miserably. His bones were gone. He lost his ten ways of killing gods. He was very sad. Unfortunately, he didn't know who the murderer was. He didn't know where to get revenge.

But now, Zhou Yue looked at Ye Chen. In the dark, there was a deep hatred in his blood and bone marrow. He said, "you killed my son!"

Zhou Yue asked, suddenly, ye Chen was scared, scalp numb.

The wild rock devil and others, as well as the guests in the queue behind, were also shocked. Unexpectedly, Zhou Yue would suddenly say such a sentence.

Ye Chen suddenly understood that it seemed that he had killed Zhou Hong. Zhou Yue had captured the mystery of his blood feud.

It's not easy to cover up such a big cause and effect hatred.

"Lord Zhou, what are you talking about? Who is your son? I don't know him. Do you recognize the wrong person?"

Ye Chen warm smile, showing a blank look of care, nature will not admit, lest expose themselves.

When Zhou Yue saw the eyes cast by the people around him, he also noticed his gaffe. Then he took the emperor's pure sun mirror and took a picture on Ye Chen. He did not find anything strange, nor did he find the smell of the ten side killer hook.

"I'm sorry, I may have been mistaken."

Zhou Yue recovered his composure. He thought that the murderer who killed his son was in the palace of emperor yuan. It must be his own illusion.

The wild rock devil said: "Lord Zhou, please be sad. If there is nothing wrong, I will take people in."

Zhou Yue waved helplessly and said, "well, you go in."

"Thank you very much." Take people in immediately. Ye Chen secretly pinched a sweat, also followed in.

"Here comes the queen!"

But as soon as ye Chen entered the mountain, he heard a loud and clear chanting voice from the sky.

I saw nine sky sky sky, auspicious gas in succession, dragon flying and Phoenix dancing, a gorgeous woman, wearing Hua Pao, step by step, falling from the sky, it is xuanjiyue!

Tianxin jian die and dizang Wuqi stand on both sides of Xuanji moon.

Behind Xuanji moon, there are thousands of sword women in black, one by one riding on the wind to resist the sword. Their posture is premature, showing the demeanor of the people in heaven.

"Xuanji moon is coming."

"How magnificent! Is the sword on her waist the legendary Shenluo Heavenly Sword

"Xuanjiyue comes in person. If the reincarnation master dares to come, he will be killed by a sword."

When they saw the arrival of Xuanji moon, they were shocked.

Xuanjiyue wears a slender sword around her waist. The sword has not yet come out of its sheath, but it has been filled with a trace of terrifying edge, and the surrounding space is constantly twisted.

This sword is the legendary Shenluo Heavenly Sword. It is one of the eight heavenly swords. Once it is scabbard, it will show the huge shape of the Heavenly Sword. I'm afraid that it can cut the gate of the emperor yuan hall, which holds the conference, into two parts with one sword!

When ye Chen sees the figure of xuanjiyue, his heart is also full of blood, turning up hatred, anger, surprise, fear and other emotions.

The hatred between Ye Chen and xuanjiyue has no room to mediate. When they see their enemies, they are naturally envious.

However, the terrible breath of Xuanji moon also makes Ye Chen extremely afraid.

The shenluotian sword has such a fierce momentum before it comes out of its sheath. If xuanjiyue wants to kill him, I'm afraid he doesn't need to pull out his sword, and he can be crushed to death between her fingers.

The gap between Ye Chen and xuanjiyue is too big to make up for.

The wild rock devil whispered, "Lord, calm down."

In today's slaughtering ceremony, ye Chen's goal is not to kill xuanjiyue, but to save the eternal holy king. If he wants to fight with xuanjiyue, he can only kill himself.

Chapter 4538

Now ye Chen, still need time to grow up, he is not xuanjiyue's rival.

Hearing the words of the wild rock devil, ye Chen immediately calmed down.

It's true that today's goal is to save the eternal king, not to fight against emperor Shitian and xuanjiyue.

"See her majesty!"

Among the guests present, many of them were followers of xuanjiyue, and they knelt down to worship.

Xuanjiyue nodded her head gently. Her eyes were cold and arrogant. She did not speak. She took Tianxin sword butterfly and dizang witch to the gate of Diyuan hall. Thousands of sword girls in black followed her.

"See the queen."

Zhou Yue arched his hand. The ordinary elders around him who helped with the inspection also said hello to xuanjiyue.

Xuanjiyue nodded and wanted to step into the gate of emperor yuan hall.

"Wait a minute, Queen. Check first."

Zhou Yue called xuanjiyue, holding the emperor's pure sun mirror, he wanted to take a picture of her.

"Be bold! How dare you offend the queen

Tianxin jiandie's eyes are cold and she pulls out her sword.

"Why, even I have to be examined?" Xuanji said coldly

Zhou Yue said: "the emperor has ordered that all people who enter the mountain must be inspected. I am only ordered to act. Please cooperate with the empress."

Xuanjiyue laughed and said, "what are you? You deserve to check me? Tell emperor Shitian to come out and see me

Zhou Yue said, "Your Majesty, please don't embarrass villains."

Xuanjiyue snorted and did not speak.

"Offend the queen, damn it!"

The Tianxin sword butterfly next to him, however, made a bold move and cut Zhou Yue's throat and killed him directly.

Last time Xiao shuihan attacked the Queen's palace, the Tianxin sword butterfly was injured. Now it has recovered, broken and then established. At the beginning of his cultivation, there is a faint sign of breaking through the four layers of heaven. It is very powerful. One sword kills Zhou Yue without any effort.

Zhou Yue's eyes widened. He didn't expect that xuanjiyue would dare to kill people. This is the territory of the emperor yuan palace. Xuan Jiye dared to move the killer. This is the emperor Shi Tian!

Plop.

Zhou Yue's body fell down with a look of astonishment and shock on his face.

"Lord Zhou!"

All the elders nearby were scared to death. Today is the big day of the assembly of slaughtering saints. The eternal king has not been killed, but the emperor yuan hall has died. This is not a good omen.

Many of the guests behind, also frightened, retreated one after another.

No one thought that xuanjiyue was so fierce that she killed people directly in the palace of emperor yuan. She didn't give the emperor any face at all.

When ye Chen saw this scene, he was also shocked. It seems that after xuanjiyue got the Shenluo Tianjian, she was really lawless. She did things wantonly and did not pay attention to anyone.

"The queen will not be angry."

At this time, a burst of flower fragrance hit, only to see a skin clear and moist, incomparably beautiful girl, barefoot, rushed to come over, it is the cold enchanting flower demon.

Cold magic flower demon offered a Fu Zhao, which was printed with the word "red lotus".

Teng!

When the red lotus Fu Zhao was sacrificed, a wisp of red lotus industry fire fell, involving Zhou Yue's body and burned to ashes on the spot.

"This man is a foreign vassal. He doesn't understand the rules. He offends the queen. Please forgive her."

Leng Meihua demon smiles and apologizes to xuanjiyue.

"It's OK. Let's go."

Xuanjiyue nodded, her face as cool as water. Without looking at the cold demon, she strode into the gate of emperor yuan hall with Tianxin sword butterfly and dizang witch riding.

"Well, you should be careful next time. If you dare to offend the queen, don't blame me for being rude!"

Tianxin jiandie wiped the blood on the sword, took it back into the scabbard and looked at the cold demon.

"Sure, sure."

Cold evil flower demon heart has fire, but the surface also did not attack, smile and nod.

After all, xuanjiyue's status is too noble, so she can't fall out with her because of a foreign vassal.

Today's slaughtering ceremony still needs to rely on xuanjiyue.

The twists and turns subsided.

Xuanjiyue takes people into the mountain, and many guests enter the mountain one after another. Ye Chen mingles with the crowd and follows in.

People soon came to the second level, which is also the second line of defense.

The second line of defense in the palace of emperor yuan is in charge of blood eating ghost owls, with many middle-level elders around.

Blood phage ghost owl hand, carrying a gun, is actually Seven Star Dragon gall gun!

"I didn't expect to give it to the emperor yuan hall."

Ye Chen sees that Seven Star Dragon gall gun, heart suddenly jump.

Among the top ten soldiers, he still needed a seven-star gentian gun, which was not collected.

"See the queen."

See the moon, and immediately bow to the ghost.

Xuanjiyue nodded and swaggered in. Ye Chen mixed in the crowd and stepped in together. Just at the first mountain gate, people had been checked. Now, there is no need to check again. You can enter the mountain directly.

Further on, there is a third level, guarded by the high-level elders of the emperor yuan hall.

These high-level elders have reached at least the later stage of the original state, which is really hard to deal with.

Ye Chen's face was dignified and thought, "the emperor yuan palace is well defended, Xiao shuihan, they want to attack in, I'm afraid it's not easy."

"Besides, even if I can save the eternal king, I'm afraid it will take me some time to get rid of it."

Ye Chen palms sweating, only feel the pressure is huge.

If ye Chen is right, the red lotus Fu Zhao in the hand of Lengmei flower demon is the keepsake to control the red lotus Purple Palace.

As long as you hold the red lotus Fu Zhao, the cold evil flower demon can control the whole red lotus Purple Palace, and kill all enemies with various array and fire.

There are cold demon in the flower, ye Chen want to save people to escape, it is difficult to compare to heaven.

Among the five treasures of Tiangong, Honglian Zijin palace is the most powerful one. Compared with the Chongguang Shenxia palace of Xuanyuan moxie and the Shura Huaxue palace of moxueming, it is much more powerful and terrifying.

Once the red lotus industry fire explodes, ye Chen is in danger of vanishing at any time.

However, ye Chen has already stepped into the palace of emperor yuan, and the assembly of Tu Sheng is about to begin. Xiao shuihan and others are also preparing to do it outside. Naturally, he has no reason to shrink back.

"Spell it

Ye Chen secretly bit his teeth. No matter how dangerous he is, he must fight for it today. He can never watch the eternal King die.

Soon, ye Chen followed xuanjiyue and other guests to the top of the gate of emperor yuan hall.

In addition to the supreme throne of emperor Shitian, there is a huge golden square around the top of the mountain. The square is majestic and magnificent. There are also gold chairs for guests from all over the world.

Many elite disciples and welcome elders of the emperor yuan hall received guests from all walks of life.

Xuanjiyue, the empress, is the most dignified and arranged to sit in the middle.

Ye Chen and the wild rock demon were also arranged to sit down and wait for the start of the meeting.

Chapter 4539

Around the square, hung with lanterns, a cheerful appearance.

"It is false to drink the eternal blood together in today's slaughtering meeting, which leads to the truth of reincarnation."

"Tut, look at today's scene, the reincarnation Lord dares to come, I'm afraid it will fall."

"I think that reincarnation Lord, certainly dare not come, eternal holy king will die."

Many guests, also in high spirits, discussed the upcoming conference.

There is no airtight wall in the world. Emperor Shitian and xuanjiyue hold the assembly of slaughtering saints. The real purpose is to lead the reincarnation master and solve the disaster. Naturally, this news can not be concealed from others.

After all, this is a conspiracy on the surface. Anyone can guess the real idea of the palace of emperor yuan with a little thought.

However, most people think that the reincarnation master of this life does not dare to appear.

After all, the emperor yuan palace defends layer by layer, has made the full preparation, and Xuan Jiyue is also present, who dares to show up to make trouble?

Dang -

a melodious and loud bell sounded in the depth of the emperor yuan palace.

The guests stopped talking and their faces cleared.

"At the beginning of the slaughter ceremony, please witness the heroes from all over the world! Drink eternal blood together

An elder announced and sang aloud, and the assembly of slaughtering saints began.

A wounded old man was taken to the square. He was the eternal king.

"Forever old!"

Ye Chen saw the figure of the eternal holy king, and his eyes suddenly shrank and his mind was shocked.

Then he saw some elders of the temple of the abyss, who bound the whole body of the eternal holy king with chains, and bound him to a stone pillar.

Seeing the eternal king being taken on the stage, there was a commotion among the guests.

Boom!

At this time, a magnificent and majestic momentum came down from the sky.

Tile blue tile blue sky, but now emerged a piece of red lotus industry fire, endless mighty Diwei, constantly rolling.

On the sky, Emperor Shi Tian stepped on a red lotus, and his whole body was cracked by Emperor's light. Behind him, there was a supreme sword emerging. He was extremely domineering. He fell from the sky and sat on the supreme throne.

"Red lotus industry fire, no top swords, good strong breath!"

"Wushangbadao, the legendary wushangyuan skill! The emperor is so naive

"It is said that the supreme sword was understood by the emperor Shitian himself, with extremely sharp edges."

"The red lotus fire on his body is so magnificent that he obviously gets the essence of the red lotus Purple Palace!"

The eyes of all the guests gathered on the emperor Shitian.

"Welcome the emperor and your majesty Shi!"

"The emperor and the master of Buddhism have cultivated their martial virtues, and they have made great contributions and enjoyed immortal blessings forever."

Around the square, many disciples and elders of emperor yuan hall knelt down and prayed in their mouths to meet the emperor.

Looking at the outer world, Emperor Shitian was the first person to perform the supreme source technique.

Emperor Shitian's supreme sword was deduced from the book of heaven.

Badao Tianshu is only a small source technique, but the emperor's interpretation of heaven means to the heaven. Relying on the cause and effect of Xiaoyuan Shu, he reverses the source road and deduces the supreme source skill.

This means, it's incredible.

There is also the red lotus fire on the emperor Shitian, which means that his understanding of the red lotus Purple Palace has reached the peak and can exert the full power of this treasure.

"Hehe, is this the weather of emperor Shitian? No more. "

Xuanjiyue saw the emperor's arrival, but he disdained to smile.

Although the appearance of emperor Shitian is magnificent, it can only frighten others, not Xuanji moon.

Unless, the emperor releases the day to move the heart evil big curse sword, otherwise, is not Xuan Ji month's enemy.

Because xuanjiyue has Shenluo Tianjian in her hand, which is enough to crush everything!

Sitting on the highest throne in the square, Emperor Shitian looked around the guests and said in a loud voice:

"thank you all for your appreciation. You are here to kill the eternal king. I will drink the eternal blood with you and make the sun and the moon beautiful forever!"

All the guests cheered and expressed their thanks.

Today's slaughtering meeting, if the reincarnation master does not come and no one intervenes to disturb it, it will be a grand gathering to express goodwill to each other.

The emperor yuan hall invited people to drink the eternal blood. Even if they accepted the good intentions of the emperor yuan hall, they would protect each other in any future crisis. If there was any fight, they could leave a little room for the sake of drinking blood together. It was a great merit to reduce the fighting and killing.

With the fall of the emperor's words, several law enforcement elders, armed with swords, are ready to cut off the head of the eternal holy king and kill people to take blood.

Ye Chen saw this scene, his face was extremely heavy, his fist pinched to death.

Gaga, gaga! Gaga, gaga!

At this time, the distant sky, suddenly flew countless crows.

Countless crows, tens of thousands of them, fluttered their wings and screamed, and flew to the square and rushed to the people. "Where are so many crows?"

"Qisha Wanya pot! Seven thousand crows come out of this pot

"The Lord of samsara is here?"

Many guests were suddenly entangled by tens of millions of crows, and suddenly fell into chaos and a commotion.

"Protect the queen!"

On the VIP seat, Tianxin jiandie waves her long sword and kills the flying crows to protect xuanjiyue.

"Ha ha, did you finally do it?"

Xuanjiyue sits on her chair, does not move, and looks to the emperor to release heaven.

At the moment, the emperor's face remains unchanged, and is still plain as water.

A crow, flying to the emperor before the release of heaven, was burned to ashes by the red lotus industry fire, did not hurt him at all.

"It seems that the reincarnation master has invited many helpers."

Emperor Shi Tian looks around the crows and murmurs.

In order to guard against the attack of the reincarnation Lord, the emperor yuan palace within a thousand miles of the deployment of personnel, strict inspection, but these crows, is from thousands of miles away!

Obviously, thousands of miles away, there are people ambushing, waiting for the opportunity to start!

And now, it's time to do it!

Zheng, Zheng, Zheng!

The next moment, thousands of miles away, came bursts of murderous music, such as besieged on all sides, full of the fighting momentum.

The sharp sound of the piano almost penetrates people's ears.

Stimulated by the sound of the piano, the crow calls all over the sky are more sharp and violent. Every crow has a black fire of seven evils, which is even more terrifying.

The disciples of the temple of emperor yuan, stimulated by crows and the sound of Qin, also fell into chaos.

It seems that the present chaotic situation, but the emperor Shitian did not give orders, let the situation chaos.

"Lord, it's time to do it!"

Wild rock devil looked at Ye Chen and said nervously.

Now the crows are coming all over the sky, and the sound of the harp demon is disturbing the enemy's mind. It is a good time to save the eternal king.

Ye Chen's heart is full of blood and turbulence, but vaguely feels that something is wrong. The situation is so chaotic. Why does emperor Shitian remain indifferent?

"Good, do it!"

However, ye Chen has no time to think about it.

Because if you don't do it again, you won't have a chance.

Chapter 4540

Once the strong men of the palace of emperor yuan came back to their gods and beat back the crow attack of the demon emperor, ye Chen lost his cover. In full view of the public, it was impossible to save the eternal king.

When this juncture, ye Chen no longer hesitates, flies to kill immediately.

Wild rock demons, plum orchid, bamboo and chrysanthemum, as well as more than a dozen disciples of the wild thunder hall, all rushed out to the square to save the eternal king.

"Watch out for the enemy!"

A law enforcement elder was shocked and drew out his sword and began to drink.

Thousands of crows wreak havoc, and all people's sight is covered by crows, and there is no human figure at all.

Ye Chen a group of people, under the cover of crows, quickly rushed to the square.

Many law enforcement elders, aware of the danger, have pulled out their weapons.

"Kill!"

Ye Chen wields the Sha sword, destroying the light of the sword like ink splashing mountains and waters. In a flash, he wields thousands of swords and kills all the law enforcement elders in front of him!

Wild rock devil and plum orchid bamboo chrysanthemum follow Ye Chen. As soon as they see someone approaching, they immediately start to kill them.

Ye Chen is very smooth, rushed to the center of the square, waved his sword to cut off the chain of eternal king, and saved the man.

"Forever old!"

Ye Chen helped the eternal king, a burst of joy.

This rescue process, is also too smooth, smooth to Ye Chen has a kind of dreamlike feeling.

The eternal holy king looks at Ye Chen with a grateful expression. It seems that he is too hurt to speak.

"I'll take you out first!"

Ye Chen, holding the eternal holy king, fled to the gate of the temple of emperor yuan.

Boom!

Outside the gate of the palace of emperor yuan, there was a shock.

There is no doubt that Xiao shuihan, the dark emperor and others have already started to attack the gate of the Diyuan hall, ready to meet Ye Chen.

Ye Chen quickly fled, but at this time, there was a fragrance of flowers in the air. She saw a girl with flowers and a dozen law enforcement elders in the sky.

It's the cold demon!

"You want to disturb the assembly?"

"Fire dance, red lotus flower!"

"The fire of Honglian industry has been suppressed by me!"

Cold evil flower demon hum a, looking at Ye Chen and other figures, turn over his hands to sacrifice the red lotus Fu Zhao.

Chuckle!

The magic formula pinches, pauses time, the entire red lotus Fu Zhao, explodes the towering fire light.

In the depth of the gate of the emperor yuan hall, there is a boundless red lotus industry fire, rolling and roaring, converging into a torrent of industrial fire, which is sweeping towards Ye Chen and others.

The stream of fire ran over the void, and a crow nearby was immediately burned to ashes.

Ye Chen and the wild rock devil, their faces change color when they are pounded.

There are many red lotus blossoming in the void around them.

This is the result of the burning of the void by the red lotus industry fire. Once the fire is burned by the red lotus industry, it will be difficult for them to get rid of it.

"Lord, you go, I'll stop you!"

The time is urgent and the situation is forbidden. The wild rock devil doesn't think much about it. He pushes Ye Chen away and changes his body, showing the rock devil's real body.

"Roar!"

A loud and clear roar of the beast rang out.

The real appearance of the savage rock demon is a stone man monster with a height of 100 Zhang. All the muscles are made of rock. In the crevice of the rock skin, the fiery lava fire is spurted out.

Bang bang bang!

The wild rock devil beat his chest and made a violent sound. He strode towards the cold demon.

"Old forever, let's go first."

Ye Chen didn't have time to think about it and left with the eternal king.

Boom!

There was a terrible blast behind him.

When ye Chen looks back, he can see that the cold enchantment flower demon is holding the Fu Zhao, and the red lotus industry fire, like a lava waterfall, is pounding hard on the wild rock demon.

"Ah

The wild rock devil immediately gave out a shrill scream, and his muscles and skin were burning, bursting, melting and collapsing.

His muscles and skin, completely made of rock, are filled with abundant soil essence. He is invulnerable to fire and water.

But at this moment, the red lotus industry fire came, and the wild rock devil's body actually burst into flames, to melt and collapse.

The red lotus fire can even burn rocks and soil.

That is to say, in the blink of an eye, ye Chen is horrified to see that the body of the wild rock devil, burned by the fire of red lotus industry, has completely melted and collapsed and reduced to ashes.

Completely fall dead!

See wild rock demon body dead, ye Chen's heart, intense contraction, whole body vibration.

Ye Chen naturally knows that there will be sacrifice in this massacre.

However, ye Chen did not expect that the sacrifice came so quickly and so miserably.

The wild rock demon, even the clothes of the cold demon, were burned to ashes before they were touched. In the palace of emperor yuan, the cold and enchanting flower demons occupy the land and have great advantages. You can make full use of the energy of the red lotus Purple Palace. If the fire of the red lotus industry is extinguished, all the immortals will be burned to ashes.

"Savage Lord..."

Mei, LAN, Zhu, Ju and others were also extremely frightened and their eyes were flushed.

This sacrifice, this fall, this death, came so quickly and unexpectedly.

"Go

Ye Chen bit his teeth. Now is not the time to be sad. He must leave as soon as possible, or the fire of red lotus will sweep over and they will die.

At present, ye Chen with the eternal king, under the protection of Mei Lan Zhu Ju and others, quickly fled down the mountain.

At the same time, the cold charm flower demon Fu Zhao bloomed, and the red lotus light shone on the audience.

The crows in the audience were penetrated by the red lotus light, and immediately turned into ashes and dispersed with the wind.

In an instant, the sky and the earth return to pure brightness.

Cold magic flower demon holding Fu Zhao, high in the sky, as if the legendary goddess, beautiful and sacred to the extreme.

The crowd looked up at the cold demon's posture and admired it secretly. The emperor yuan hall was really full of hidden dragons and tigers. Before the emperor Shitian had done anything, a little flower demon immediately calmed down the disaster.

"You see, is that the Lord of reincarnation?"

"Seven layers of sky? Why is it so weak? "

"The reincarnation master of this life is only the seven layers of heaven, which can be replenished by heaven?"

"Or has the real samsara not yet appeared?"

Many of the guests' eyes, looking at Ye Chen, are suddenly surprised.

At this time, ye Chen has escaped from the square, ready to escape down the mountain.

But at this time, ye Chen felt something wrong.

There seems to be something wrong with the eternal king!

Ye Chen supports the eternal king, who was seriously injured and dying.

But now ye Chen feels that the breath of eternal holy king suddenly breaks out, and he turns into a master in the real world!

"No, it's a trick!"

Ye Chen's face suddenly changes, this eternal holy king, is false!

"Hey, boy, are you the reincarnation master of this life? Die

In the eyes of the eternal king, a fierce murderous spirit was revealed, and suddenly his face changed into another old man.

Hiss!

The eternal holy King's claws kill, such as the eagle strikes the tiger pounces, grabs Ye Chen's throat, wants to kill with one blow.

"You are not the eternal king, you are Eight old heart demons, Jia Zhongshu

Ye Chen is creepy, looking at the old man's twisted face, instantly peeps through the numerous natural mechanisms.

It turns out that this old man is not the eternal holy king at all, but Jia Zhongshu pretends to be.

Jia Zhongshu is one of the eight old heart demons.
