Chapter 4541

Eight old heart demons are the masters of the former generation of heart demons, and the servants of Yan Chang singer. There are eight people in total, namely: Jia Mengzi, Jia Xunzi, Jia Zhongshu, Jia Zhuzi, Jia Xiaoru, Jia Lian, Jia Kefa and Jia Xiaolan.

These eight people, all adhering to the sage Road, want to educate the world.

Ye Chen looks at Jia Zhongshu's face. At the critical moment of life and death, he is extremely sharp in spirit, and immediately pushes the performance of numerous secrets.

Jia Zhongshu pretended to be the eternal holy king and wanted to attack and kill him. It was not emperor Shitian's arrangement, but the eight old man of the heart demon proposed it on his own initiative!

Eight old heart demons want to kill Ye Chen, seize the six samsara method, and revive the former Lord Yan Changge!

Tu Sheng assembly so nervous, ye Chen did not look at the details of the eternal king, suddenly fell into a trap.

No wonder, no wonder Ye Chen took advantage of the chaos to save the eternal holy king. The emperor Shitian didn't stop it. There was a conspiracy!

And xuanjiyue did not act, apparently knowing the existence of the plan.

Jia Zhongshu was seriously injured in those years, and his realm fell a little bit. But he was also a master of the real world. He suddenly attacked, and ye Chen was unprepared and fell into a dead situation!

"Be careful!"

Ye Chen is about to be killed. In the reincarnation cemetery, there is a burst of old voice. It is the king of robbing thunder!

Three days before the start of the butcher's meeting, he had already recovered and passed the customs clearance.

Seeing that ye Chen is in danger, Jielei Zun immediately attaches himself to Ye Chen and takes a heavy clap.

Ye Chen's mind suddenly calms down, his whole body breath explodes, one by one thunderbolt, crazily explodes, this palm if has the supreme thunder to punish the heavenly power.

Boom!

Ye Chen by robbing thunder Zun Fu body, mercilessly a palm, hit Jia Zhongshu shoulder.

Jia Zhongshu was immediately shaken back, but his paws also scraped to Ye Chen's shoulder.

All of a sudden, ye Chen only felt the sharp pain in his shoulder, but he had a strange smell of evil spirit coming in, and his body was cool and his mood was tumbling.

Jia Zhongshu, worthy of being the servant of the previous generation of the heart demon master, has the breath of heart demon catastrophe with one move in one form.

"Boy, you're in the devil. Go

Rob Lei's respect can't help but say, directly controls Ye Chen's body, and runs away in a hurry.

Now the emperor Shitian and xuanjiyue are all in the square. The thunder robber is not arrogant enough to make a move. Now is not the time to start.

Mei Lan, Zhu Ju and others are in a hurry to escape with Ye Chen.

Although it is a flight, but ye Chen's shock back Jia Zhongshu, has shown amazing combat effectiveness.

"What's going on?"

"How did the breath of the reincarnation Lord suddenly become so strong?"

"Even the masters of the real world have retreated with one hand!"

All the guests, seeing that Jia Zhongshu was repulsed, suddenly showed a look of horror.

It's shocking that the emperor yuan hall was so sophisticated that people pretended to be the eternal holy king and cheated Ye Chen. However, ye Chen's fighting power suddenly soared and his whole body retreated, which shocked everyone.

"Damn it!"

Jia Zhongshu saw Ye Chen run away. He was extremely angry and covered his almost broken shoulder. He also secretly shocked Ye Chen's strength.

No one knows that ye Chen still has the card of reincarnation graveyard. When in crisis, you can borrow the power of reincarnation power.

If there is no robbery thunder Zun, just in the face of Jia Zhongshu's sneak attack, ye Chen may really fall.

After all, it's not a joke to be attacked by the real world.

Moreover, the other side is still one of the eight old heart demons, the strength is even more terrible.

Fortunately, with the help of Jielei, ye Chen finally survived the disaster.

As for the Tianxin sword butterfly, Xuan Jiyue chose to stay with her and didn't send it out.

In this line of defense, at least one person should be left to guard against the sneak attack of emperor Shitian's heart demon.

On this point, Xuan Jiyue was very cautious and not careless.

On the highest throne, Emperor Shitian looks at xuanjiyue with such caution, which is also a little dignified.

Today, xuanjiyue is present. It is extremely difficult for him to launch a heart demon trial.

Boom!

At this time, the Sorcerer's original form was revealed, and it became a hell knight with three feet high and horse head. His body was covered with heavy iron armor, and his armor was covered with a wisp of magic flame. He carried a heavy war gun in his hand. The whole man's momentum was extremely fierce and ferocious.

Stride out, hooves sound like thunder!

With each step, the earth shakes violently and cracks continuously. The evil spirit diffuses from the cracks of the ground, and a skeleton demon soldier crawls out of the depths of hell!

"Ksura, skeletons, ghosts, imperial edicts!"

The sorcerer chanted in his mouth, and his whole body was full of evil spirit, just like the incarnation of Shura. Endless skeletons, demons and ghosts were constantly emerging from the earth under his feet, sending out sharp whistling.

Among the four guardians of "the wasteland and the old", the sorcerer of the earth specializes in magical powers, which can call on skeletons, demons, ghosts and other demons to assist in the battle.

This time, among the breath of the Sorcerer's riding, he summoned 100000 demon soldiers and rushed down the mountain like a tide. In an instant, all over the mountains and fields, the spirit of demons was enveloped, and the spirits of 100000 demon soldiers tore and roared, and rushed to kill like crazy.

Three lines of defense were set up in the palace of emperor yuan, which covered the sky and the devil emperor attacked the second, and Xiao shuihan attacked the third. However, these magic soldiers did not care about them, but went directly around and directly rushed to the first line of defense.

Xiao shuihan and zheten demon emperor are not weak. Ordinary skeleton demons can't hurt them.

Dizang witch riding has a clear mind. This hundred thousand magic soldiers point at Yan Kun!

Among the people, Yan Kun is the weakest and is attacking the first line of defense.

Yan Kun's weak strength is compared with Xiao shuihan and the dark emperor. If it is compared with the elders of the Yuan Temple of the ordinary emperor, he has the upper hand.

Under Yan Kun's attack and killing, the first line of defense was facing collapse. Many elders and elite disciples of the emperor yuan hall were killed and their bodies were in a mess.

"Who else?"

Yan Kun carried Jue Xian sword and was in high spirits.

However, Yan Kun's momentum did not last long.

Soon, he saw an unforgettable scene in his life.

A hundred thousand skeleton demons, roaring and howling, carrying the sword with the blood of the devil, came to kill all over the mountains and fields.

Rolling endless evil gas, mixed with a strong smell of corpse, impacted Yan Kun's mind.

The sun in the sky, can not see the color, is completely covered by the evil spirit.

The next moment, the overwhelming demons, like the black tide rolling.

Yan Kun side of the source God army, an instant was trampled into meat mud.

And Yan Kun, also by the dense, boundless demon soldiers submerged.

"Yan Kun!"

Above the sky, the dark emperor saw Yan Kun engulfed, and was shocked.

"Good chance!"

Seeing that the evil emperor was careless, the blood eating ghost owl immediately seized the opportunity. He fan wildly with both wings and soared upward. The gust of vigorous wind tore through the lock of misty rain and fog and flew out.

Yu Chi Yao, Qin Tianyu, Li qingmo and others, without the guidance of the dark devil emperor, could not stop the blood eating ghost owl.

The blood swallowing ghost owl got rid of the shackles of misty rain and fog. He felt a sigh of relief and looked down at it with sharp eyes. He saw all over the mountains and fields, full of demonic Qi.

The hundred thousand demons were so murderous that they destroyed the enemy in the first line of defense and solved a disaster.

"Are you all right?"

At this time, the sorcerer rode up the clouds and flew to the sky, and came to the blood swallowing ghost owl.

"It's OK."

"Thank you for your help. This is your reward."

"I don't owe you any favor."

The blood eating ghost owl's tone was light. He said thanks, waved his paw, and shot out a wisp of steel. It fell in front of the sorcerer of the earth Tibet, but it was a Seven Star Dragon gall gun.

Chapter 4542

Now, this is the emperor's help.

But the blood eating ghost owl didn't want to owe a favor. He sent the Seven Star Dragon gall gun directly as a reward.

"Oh, thank you very much."

Dizang witch riding a cold smile, did not expect that at this juncture, the blood phagocytic ghost owl is still so concerned about cause and effect.

He didn't talk nonsense. He immediately accepted the Seven Star gentian gun.

With a shot in hand, the sorcerer of dizang suddenly showed his sharpness, and his whole body was full of fighting spirit.

His weapon was originally hell ghost gun, and this seven star gentian gun was just suitable for him to use.

The dark devil emperor came back to God and looked at the figure of the sorcerer, and his face became dignified.

If he is a blood eating ghost owl, he can still win the battle. But now, it is not easy to deal with the underground witch riding.

As you know, dizang witch riding is a master in the real world. Moreover, it is one of the four guardians of the "land of heaven and earth". In those years, it was the true story of the Lord of reincarnation and the Lord of destiny. Its strength can not be underestimated.

What's more, in the third line of defense, there's a cold demon!

At this time, the cold magic flower demon, holding the red lotus Fu Zhao, came to the third line of defense.

This line of defense is the core of the defense of the emperor yuan hall. A large number of senior elders and the strongest disciples arranged by the Tusheng assembly are guarding here.

This line of defense is also the focus of Ye Chen's attack!

Xiao shuihan, Xuelong and Xia Ruoxue are leading the main force of yuanshenjun, as well as Qin, chess, calligraphy and painting, fighting here.

The main force of Yuantian Shenjun is dozens of people, all of them are masters of the original realm. So many people unite to break through the starry sky!

The cold evil spirit flower demon arrives here, sees incomparably magnificent scene.

Xiao shuihan has black air all over his body, long hair is fluttering, and the flame of Buddha's light is beating in his pupil, and behind him is floating the shadow of magic Buddha, which is extremely powerful and terrifying.

He had ten fingers of halberd in his hands, but he had a succession of dominating sword Qi, which was constantly exploding and killing.

"No sword in hand, sword in heart!"

The cold enchantment flower demon sees this scene, the beautiful eye suddenly shrinks.

Xiao shuihan's swordsmanship attainments have reached the point where he has no sword in his hand but has a sword in his heart.

He doesn't have a sword in his hand, but he can explode his sword spirit.

All over the sky dominates the sword Qi and kills them crazily. All the elders in the emperor yuan hall immediately scream and are penetrated by the sword Qi. They are also seriously injured.

"Cloud thunder Emperor Dragon bead, imperial edict!"

The blood dragon is on Xiao shuihan's side, also broke out the strongest strength.

He shows the shape of a dragon, with sharp claws and teeth, and a thread of cloud. The light of emperor Leidi is constantly exploding, and the light of Emperor Dragon beads is constantly blooming.

Nine sky sky sky, there is a dragon shadow, roaring down.

With the arrival of the dragon, the divine power is like a prison. Many elders in the palace of emperor yuan are torn by the shadows of dragons, swallowed and chewed, and reduced to pieces of meat.

At the beginning, the dragon can be crushed by the dragon.

Although the blood dragon only opened two of the nine forbidden chains, it was enough to give full play to the strength of the Dragon ancestor.

"Great power, Heavenly Dragon, all evils and changes!"

Blood dragon's claws bear a lot of seal secrets. The great power of the sky dragon adds to the body. The ten thousand dragons roar and collide with each other, and they are invincible.

"Step on the palace of emperor yuan!"

One by one, the guards of the God army were shouting wildly. They rushed into the crowd with their swords and guns, and slashed and killed.

And Xia Ruoxue is in the side sweep array, did not hand.

Emperor yuan hall has a deep foundation. It is impossible for it to be destroyed so easily. Xia Ruoxue is on guard against reinforcements and sneak attacks from the flanks.

Now, the reinforcements of emperor yuan hall have arrived!

However, it is not a sneak attack, but an open and aboveboard approach!

The 100000 magic soldiers of the sorcerer in the earth's possession almost drowned Yan Kun in an instant.

"Yan Kun is dead?"

Xia Ruoxue looks out and sees Yan Kun engulfed by the boundless demon soldiers, and her pretty face suddenly turns pale.

Xiao shuihan and Xuelong, seeing that Yan Kun has no voice, is also a shock.

"Hum, a group of mole ants dare to invade the gate of the yuan palace of our emperor!"

"The fire of Honglian industry has been suppressed by me!"

Cold evil flower demon took advantage of this opportunity to wave a magic formula, hit the red lotus Fu Zhao.

Whoa!

When the red flame rises, the red flame is even stronger.

The flame roared and roared, and it turned out to be red lotus blossoming in the void, shaking people's mind.

At the next moment, the turbulent red lotus fire, like a waterfall, swept away towards Xiao shuihan, Xuelong and Xia Ruoxue.

Chuckle!

Red lotus industry fire has not arrived, that violent temperature, has distorted the void.

After Xiao shuihan's death, the magic Buddha's virtual shadow was burned to nothingness! Between heaven and earth, as if nothing can block the fire.

"Be careful!"

"Maha limitless lamp, ancient Buddha is in heaven!"

Xiao shuihan suddenly drank, and his face was extremely dignified.

Looking at the red lotus fire that swept by, Xiao shuihan's hands were imprinted, two Buddha lights in his eyes were beating, and his whole body was full of magic flame and Buddha Qi, which eventually evolved into a self-contained world.

There is a venerable Buddha in this world. He picks flowers and sits upright. He looks solemn. He sings Buddhist sounds and washes his heart and soul.

At the critical moment, Xiao shuihan, with his blood dragon and Xia Ruoxue, hid in this ancient Buddha to resist the burning of honglianye fire.

Hiss!

The red lotus industry is raging and pouring in the free sky of Xiao shuihan.

The whole world in heaven shows a barrier, and endless fire of karma is sprayed on the shield.

Suddenly, the whole shield was burned red.

The blazing temperature diffused down through the shield, and Xiao shuihan felt that their bodies were almost deflagration and extremely hot.

Outside the world of self, Qin, chess, calligraphy and painting, with soldiers from the heavenly army, are also in a hurry to retreat to avoid the impact of the red lotus industry fire.

Some people move a little slower, immediately by the red lotus industry fire volume, issued a scream, instantly was burned to ashes.

In front of this terrible flame, the experts in shiyuanjing are as fragile as paper paste and vulnerable to a single blow.

It can be imagined that the red lotus industry fire, how blazing, how terrible.

Even if it's a wild rock demon, this kind of big source beast with Wu earth attribute, it will be burned into fly ash instantly, let alone ordinary people.

"Bright moon and sky wheel, up!"

Xia Ruoxue hastily offered a round of bright moon, and the cold moonlight diffused out, which slightly dispelled the high temperature of red lotus industry fire.

But the red lotus industry fire originated from the red lotus purple gold palace, which is the Mountain Gate of the emperor yuan palace. The power of the red lotus Purple Palace has been nurtured for an unknown number of time, and has achieved the aura of the earth.

If the red lotus fire is released here, the temperature can explode to the extreme. Even the stars in the sky will be burned to dust. It is not human power that can resist it.

"Eh, the book of heaven on the moon has been upgraded to Dayuan technique."

"This is the thing of emperor yuan palace, you are not qualified to be in charge of it!"

Chapter 4543

Cold enchantment flower demon see Xia Ruoxue sacrifice to the moon, beautiful eyes slightly coagulation, revealed a sullen.

This volume of Mingyue Tianshu, which fell from the supreme world, was first obtained by the God of stars and moon, and then fell by the God of stars and moon, and was also obtained by the emperor yuan palace, and regarded as a treasure.

Later, Taiyin jade rabbit stole the letter of the moon. By chance, she was inherited by Xia Ruoxue, and now even upgraded to dayuanshu!

The cold evil spirit flower demon sees this scene, is naturally angry.

In the eyes of the Queen's palace, Xia Ruoxue is a guilty woman, but in the eyes of emperor yuan hall, she can also be regarded as a guilty woman!

"Die for me!"

The cold enchantment flower demon urged the red lotus Fu Zhao, roared and roared all over the sky, turned into fire dragon and Phoenix, poor and strange Taowu, and so on.

As long as the shield is broken, Xia Ruoxue will die, and Mingyue Tianshu can return to the hands of emperor yuan palace.

The temperature of the fire in honglianye is too high. Even if Xia Ruoxue offers a letter to the moon, she can only delay it a little. If it continues, she, Xuelong and Xiao shuihan will be burned to death.

"Damn it! We are in trouble because the palace of emperor yuan occupies all the land

Xiao shuihan bit his teeth. This is the gate of the palace of emperor yuan. The enemy's geographical advantage is too great.

The power of red lotus fire can break out to the extreme, even Xiao shuihan, a master of three layers of heaven, can be burned to death!

The situation is also very unfavorable on the side of the dark emperor.

Dizang witch riding and blood swallowing ghost owl, two people jointly kill, forced to cover the sky devil emperor and others, retreat.

"Senlo shooting, through!"

With a Seven Star Dragon gall spear in his hand, the sorcerer stabbed out a little bit, and then the spear came out like a dragon, and the gun shadow danced wildly. All kinds of laws kept surging, killing the demon emperor.

"Wolf smoke sword chop!"

Zha Tianmo emperor tightly held the sword of killing immortals, and the smoke of the demons was rolling up.

Sword and spear attack, the dark devil emperor was suddenly shaken back, blood turbulence between the chest and abdomen.

After all, dizang Wuqi is a master of the real state, while the dark emperor only has the original state, which is too poor.

Although there is a jueyan fire dragon under the throne of the dark devil emperor, and there is also a Yuchi Yao beside him, but even so, he feels extremely hard in the face of dizang witch riding.

The legend of the end of the earth, the strength of nature is not trivial.

"Where are you, boy?"

"If we don't show up, we'll be wiped out today!"

The dark emperor's eyes are heavy. If he wants to deal with dizang witch riding, I'm afraid he needs Ye Chen.

After all, ye Chen in his previous life was the master of the dizang witch riding, occupying a supremacy in his blood.

Like the old Buddha Jinpeng, he was killed by Ye Chen.

If ye Chen can show up, I'm afraid the dizang witch rider will die.

Ye Chen, at this time, is still deep in the earth, constantly breathing, dispelling the shadow of the heart demon.

The time of two incense sticks is so long.

Ye Chen has already felt the wave outside, and he wants to rush out immediately to help Xia Ruoxue, Zha Tianmo Di and others out of the crisis.

But the problem is, the wound on his shoulder and the resentment from his heart have not been dispelled. If he starts to do it at this time, it is no different from looking for death.

Once bitten by the heart demon, the consequences are unimaginable.

"Yan Kun, demon emperor, Ruoxue, Xuelong, Xiao, wait for me!"

Ye Chen clenches his teeth. Although he only has the cultivation of mending the seven layers of heaven, he can break out with the strongest fighting power with the help of the king of robbers. Once the explosive version of wanlei destroys the world, I'm afraid that all the cold and enchanting flower demons, the Tibetan witches, and the blood eating ghost owls will all be destroyed!

On the other side, Jia Zhongshu couldn't find Ye Chen, so he went back to report to the emperor Shitian.

"Emperor Shi, the reincarnation master is gone."

Jia Zhongshu, with a trace of anxiety in his voice, killed the reincarnation master, which is related to the great cause of reviving the former Lord Yan Changge. If the reincarnation master runs away, all his wishes will be in vain.

"Gone?"

The emperor Shitian frowned. For the sake of today's slaughtering ceremony, he has already blocked the space and laid a net. Since the reincarnation master of this life dares to jump in, he can never escape.

Slightly pinching his fingers, the emperor Shitian's eyes brightened slightly. He immediately caught Ye Chen's position and said, "elder Zhongshu, please don't worry. The Lord of reincarnation is still there. He has gone underground."

"Underground?"

Jia Zhongshu was slightly stunned. The space of emperor yuan hall was blocked, even the space under the ground was also confined. It was impossible to give people the chance to hide.

The emperor explained the way of heaven: "he has the Wutu source talisman and broke the prohibition."

"Damn it, I see! The Lord of reincarnation is really cunning! I'm going to get him out of here"

Knowing the cause and effect, Jia Zhongshu wants to take people out again to catch Ye Chen.

Emperor Shitian slightly waved his hand and stopped him. He said, "don't worry. The reincarnation master is still valuable now. It's a good chess piece. It's not too late to kill him later." Jia Zhongshu doubts: "chess piece?"

Emperor Shitian nodded and said in a low voice: "yes, this chess piece can lead xuanjiyue to attack. As long as xuanjiyue's breath is consumed and even injured by the reincarnation master, it's the time for us to launch the heart demon trial."

Jia Zhongshu frowned and said, "emperor Shi, you are really obsessed with it. You are determined to launch a heart demon trial."

"Don't forget our agreement," the emperor explained lightly

Hearing the speech, Jia Zhongshu was silent.

They have reached an agreement with emperor Shitian that as long as the reincarnation Lord is eradicated, they will do their best to assist emperor Shitian and launch the heart demon trial.

If you want to launch a heart demon trial, you must consider Xuanji moon's blocking!

If xuanjiyue is in full bloom, it is almost impossible for the heart demon trial to succeed.

Unless Xuanji's breath is damaged or injured, Emperor Shitian's trial plan is likely to succeed.

And the master of reincarnation is the chess pieces of emperor Shitian!

Emperor Shitian wants to use this chess piece to fight with xuanjiyue and clear up the obstacles for the trial of heart demons.

After a pause, Jia Zhongshu began to ask: "the reincarnation master of this life only has seven layers of heaven. Even if it just breaks out suddenly, there seems to be something powerful behind it. At most, he has just stepped into the real world. How can he be the enemy of xuanjiyue?"

Emperor Shi Tiandao: "don't underestimate the reincarnation Lord, this guy's cards, more terrible than we imagined."

For the reincarnation of the Lord, the emperor has always been afraid.

If you don't use the heart demon sword, the reincarnation master of the past can crush him with one move.

The gap between them is too big.

Even if this life, reincarnation of the Lord has not been fully grown up, the emperor Shitian also dare not have the slightest carelessness.

He believed that if the reincarnation master of this life, he could definitely bite off a piece of xuanjiyue!

Time goes by bit by bit, and the time of two incense sticks passes quickly.

Chapter 4544

Deep under the ground, ye Chen's eyes are bright, and the wound on his shoulder is completely healed. All the evil spirits in his heart are dispelled.

"It's time, master, it's time to do it!"

Ye Chen's eyes are sharp, to rob thunder Zun signal.

"I can only help you once. It's up to you if you can withdraw from today's slaughtering ceremony."

At the beginning of crossing the Leisheng mountain, the king of Jielei refined a lot of thunder robberies, and even the existence of Taishang thunder robbery.

Once the real wanlei annihilation comes, it is true that it can kill the earth hiding witch riding, blood eating ghost owl, cold enchanting flower demon, etc., but then, the breath of robbing thunder will be seriously consumed, fall into a deep sleep, or even disappear!

This is why Ye Chen didn't use Jielei Zun, but xuanhanyu and Shuo Lao.

Without the help of Jielei Zhizun, ye Chen wants to leave the palace of emperor yuan, so he can only rely on his own strength.

"I know, master, one shot is enough."

Ye Chen nods. As long as he kills the cold demon, he can seize the red lotus Fu Zhao.

The red lotus Fu Zhao is a keepsake to control the red lotus Purple Palace.

With this token, ye Chen can find out where the real eternal king is.

At that time, with the chaos caused by wanlei annihilation, ye Chen has a good chance to rescue the eternal king and escape!

"Life and death are decided at this moment!"

Ye Chen clenched his fist, but did not hesitate at the moment. He received all the plum orchid, bamboo and chrysanthemum to the yellow spring map, and then offered a dark source symbol. A dark shadow escaped, and his body turned into a shadow. In an instant, he broke through the earth and flew to the gate of emperor yuan hall.

Boom!

On the ninth day, there were bursts of thunder.

As soon as ye Chen appeared, he actually drew the thunder and lightning in the sky, and a layer of thunder robbed dark clouds suddenly shrouded in the sky above the emperor yuan palace.

The cultivation energy of Jie Lei Zhi Zun is all projected on Ye Chen.

At this moment, ye Chen's whole body is interwoven with thunder and lightning, and has evolved into a thunder and lightning robe. The sound of thunder is rolling, as if from the nine days of thunder.

Glare of thunder, shine on the whole audience.

All people's eyes, brush together in Ye Chen body.

"The Lord of reincarnation appears!"

"This breath seems to be the real state? Is this the strength of this reincarnation master? "

"In the early days of huanzhenjing, although it was amazing, how could this cultivation compete with emperor Shitian and xuanjiyue?"

The strong men of all schools were surprised to see ye Chen come back again.

Now ye Chen is possessed with the respect of robbing thunder. His breath is enough to reach the early stage of Huanzhen state. He is very strong.

However, compared with xuanjiyue and Emperor Shitian, this cultivation is far from being able to compete.

In the high sky, a hidden space, three eyes are also looking at Ye Chen.

These three people are Ren Feifan, ye Lao and Ji Siqing!

"Master Ren, master ye, please hurry up and save Ye Chen!"

Ji Siqing kneels down in front of Ren Feifan and ye Lao, wailing and pleading.

At present, ye Chen is in charge of the thunder, and the thunder sound even shakes the space, which is extremely magnificent. However, Ji Siqing knows that ye Chen's strength is still too weak compared with xuanjiyue and Emperor Shitian.

At today's butcher's meeting, ye Chen is almost impossible to withdraw from the whole body.

Therefore, Ji Siqing can only ask Ren Feifan and ye Lao to save Ye Chen.

"This is his doom, and we can't act rashly. Otherwise, the superior will find out that not only the boy is going to die, but also the painstaking efforts of Ye Lao and I for many years will be destroyed."

Ren fan shakes his head. This slaughter meeting is the doom of Ye Chen himself. If an outsider forcibly interferes, it will trigger cause and effect and cause serious trouble.

"Well, miss, what we can do is to cover up the mystery for him as much as possible, so as to avoid being watched by the superior."

Ye Lao is also shaking his head and sighing. The old man's palms are repeatedly printed to cover up the mystery for ye Chen and try not to be found by the superior.

If ye Chen is able to escape from the massacre and be covered by Ren Feifan and ye Lao, at least he will not be completely exposed, and he will grow up for a period of time.

"Then I'll go down and I'll help him!"

Ji Siqing's silver teeth clenched, ye Chen in her mind, position is too important, she can not see ye Chen accident.

"No, you have the blood of a female warrior God. Your existence is very important, but it is not the time to make a move."

Any extraordinary a wave, an invisible wall, blocked Ji Siqing, stop her to go down the idea.

Ji Siqing said in a hurry: "when will it be my turn?"

Ren extraordinary slowly vomited out a word: "wait."

.....

The picture returns to the battlefield. Ye Chen comes to the sky above the palace of emperor yuan. He looks at Wang Di Shi Tian and Xuan Ji Yue. He only feels the danger and pressure of heaven.

If these two people do it by themselves, they will be in trouble. Fortunately, Emperor Shitian and xuanjiyue are suspicious of each other, so they are not willing to start first, so as not to be picked up by each other.

The situation maintains a delicate balance.

But ye Chen knows that this balance is easy to break!

Once the emperor releases heaven or xuanjiyue, either of them will kill Ye Chen.

Therefore, we must make a quick decision to rescue the eternal king and escape before they make up their minds!

"Fairyland Koi, evil spirit retreats!"

Ye Chen overlooks below, can see the hell demon soldiers all over the mountains and fields, has engulfed Yan Kun.

Yan Kun's breath, only a trace.

Ye Chen made a quick decision and waved his palm, which filled the mountains below.

The rampant evil spirit immediately dissipated.

A head of hell demon soldiers, under the erosion of rolling immortal gas, make a click sound, the skeleton is smashed and turned into ashes.

Among the mountains and forests, there were a lot of Koi, and the endless immortal light and haze filled the whole hall, which made everyone feel refreshed.

Yan Kun's figure also showed up.

At this time, Yan Kun has fallen to the ground, his whole body is full of holes and his skin is rotten, and his whole person is about to be torn apart by a head of hell demon soldiers. Fortunately, he has a strong lineage of heaven and earth gods, and he can hang on for a breath.

"Fortunately..."

Ye Chen breathes a sigh of relief. As long as a person is still alive, even if there is only one breath left, ye Chen can be saved by relying on the eight trigrams Tiandan technique.

With a wave of his hand, he immediately received Yan Kun into the picture of the yellow spring.

"Master

"Master!"

Xue long, Xiao shuihan, Xia Ruoxue, Zha Tianmo Di, etc. are excited to see ye Chen appear.

Ye Chen all over the body of lightning burst, giving people a very strong feeling, as if to suppress all the chaos, let people feel at ease.

"The Lord of reincarnation..."

When they see ye Chen's figure, their faces are very dignified.

In particular, the sorcerer of the Ksitigarbha shivered all over his body, and a wave of fear and Submission from the depths of his blood kept tumbling up and could not stop.

Ye Chen of the previous life, but the master of the sorcerer, is absolutely suppressed by blood.

Seeing ye Chen, dizang witch riding is like a mouse seeing a cat.

Chapter 4545

"Wuqi, get out of here!"

Ye Chen stares at the sorcerer of the earth Tibet, and drinks violently.

Dizang witch riding shivering, as if involuntarily, came to Ye Chen, knelt down directly, and said, "see the reincarnation Lord!"

Ye Chen ha ha smile, eyes incomparably Sen cold, way: "very good, also the early stage of the real situation, you strength is good, just give me sacrifice to heaven!"

While speaking, ye Chen grabs the heavenly cover of the dizang witch riding, and his power is suppressed. He actually forces out the soul of the dizang witch riding!

"The life sacrifices the heaven, wanlei destroys the world, falls!"

Ye Chen fiercely drinks a sound, on the spot sacrificing to the soul of the sorcerer riding in the earth, launches the ten thousand thunder to exterminate the world!

The sorcerer screamed, and his soul was sacrificed to heaven, and instantly turned into a corpse.

Under the absolute suppression of blood, he even has no room for resistance, and is directly killed by Ye Chen.

At the beginning, the old Buddha Jinpeng, at the last moment of death, could still awaken and resist.

But now, ye Chen is possessed by Jielei's Zun. The whole person's dignity is soaring. The dizang witch can't struggle at all and can only die obediently.

Ye Chen is not soft hearted, and he is very decisive.

In the past life, heaven and earth did not do their duty to protect him, and he naturally did not have the need to be soft hearted.

The layout of Ye Chen's previous life is very secret, and he doesn't know it.

In other words, in the eyes of heaven and earth, ye Chen is a real victim, killed by xuanjiyue on the wedding night.

But even so, they did not protect, apparently all have been bought by xuanjiyue, completely betrayed Ye Chen.

Ye Chen will never be merciful to treacherous people.

The soul of dizang Wuqi is sacrificed by Ye Chen, and his body is refined into a blood pill, ready to be given to Xiao Huang as a gift.

There are also weapons of the sorcerer, Seven Star Dragon gall gun, ye Chen also collected.

Ten source soldiers, finally gathered together!

Everyone was stunned and shocked when they saw this scene.

The cultivation of dizang Wuqi has reached the early stage of Huanzhen state and is a strong master.

But now, a face-to-face, ye Chen actually digs out his soul and offers sacrifices to heaven. He doesn't even have a little resistance.

The legend of reincarnation blood, incredibly domineering to this point, is simply superior to the sky.

On the square, Xuan Jiyue witnessed this scene and her face changed completely.

Even if she was in front of the sorcerer of the Ksitigarbha, she did not have such great dignity.

But ye Chen, in the case of reincarnation blood has not been fully recovered, can still easily suppress the Tibetan witch riding, without effort.

This reincarnation is simply unreasonable and powerful.

"This guy, I can't keep him!"

Xuanjiyue clenched the handle of the sword in her palm, and just wanted to pull out the scabbard and kill Ye Chen with one sword.

However, when she saw the figure of emperor Shitian, she quickly calmed down.

If she starts rashly, even if she kills Ye Chen, she has to expend her energy.

When the time comes, Emperor Shi Tian Huang que will take advantage of the situation and even launch a heart demon trial.

Thinking of this, Xuanji Yueqiang tolerated herself and did not act rashly.

On the other hand, Tianxin sword butterfly has a GUI water source symbol on her hand. Under the protection of Da Yuan Qi, she sees Ye Chen's figure. However, she is not particularly afraid, but she is still extremely afraid.

Boom!

Nine days above, thunder brewing to the extreme, a terrible thunder robbery, surging down.

This thunder robbery, a little bit of lightning, actually presents a bronze like blue, ancient and mysterious, with the mysterious breath of the supreme gods.

The supreme gods are the superior people of the supreme world.

What the gods say is truth.

If the gods say to exist, then life will be immortal.

The thunder plunder of the gods is enough to destroy the starry sky and crush all existence.

At this moment, the thunder robbery triggered by Ye Chen is the thunder robbery of the supreme emperor, which represents the destructive power of the gods!

The vast void, endless eight wasteland, and the emptiness of heaven and earth, all thunder and lightning, Yuan Ci Zhen Qi, are frantically rolling and converging, and the thousand trillion space seems to be shaking and collapsing.

"Taishang thunder robbery, this is Taishang thunder robbery!"

The cold evil spirit flower demon and the blood phage ghost owl, saw that falls but thunder rob, immediately startled to the utmost.

The thunder robbery is aimed at the two of them!

With their accomplishments, there is absolutely no possibility of survival under such a thunderstorm.

You know, ye Chen even sacrificed the soul of dizang witch riding for the thunder robbery!

The energy of the supreme thunder robbery is so terrible that it is indescribable. It seems that the supreme gods come to destroy all existence.

Emperor Shitian, xuanjiyue, Tianxin jiandie, Jia Zhongshu, as well as guests from all walks of life, were shocked to see the thunder robbery.

The thunder roared and roared, and the thunder and lightning flashed all over the sky. It turned out that the creation of the gods, the end of the evening, the guard of the Heavenly Sword and so on. These pictures are from the supreme world.

Ye Chen's sacrifice to the Sorcerer's chariot in the earth has released wanlei to destroy the world, and even triggered the picture of the supreme world. It is powerful and shocking.

"Red lotus, Purple Palace, guard!"

The cold evil spirit flower demon is completely flustered. If she is struck by thunder and lightning, she and the blood devouring ghost owl will not even remain.

At the critical moment of life and death, the cold demon uses the red lotus Fu Zhao to summon the virtual shadow of the red lotus Purple Palace.

The shadow of a huge palace falls from the sky.

This palace, the color of the whole body of red gold, as if it was cast by gold and rubies, floating with a series of simple and mysterious patterns.

As soon as the palace appeared, there were many red lotus blossoming in the endless void, which was full of color and flame. It was very beautiful.

The cold evil spirit flower demon drills into the palace, the blood swallows the ghost owl to show the human shape, also hastily drills into the palace.

"Where can I hide? Give it to me

Ye Chen drank wildly and waved his big hand. The thunder and lightning all over the sky was as urgent as the law, and he was crazy towards the empty shadow of the palace.

Boom!

One by one, the thunder and lightning were slashed and killed fiercely, as if the gods were beating the earth with thunder whip.

The laws of space, time, the world, and so on, all of which were smashed by thunder and lightning.

The empty shadow of the palace, also completely smashed, turned into a little bit of burning light, scattered.

The body of cold evil spirit flower demon and blood phage ghost owl, exposed.

There was a great fear in both eyes.

The red lotus and Purple Palace is the first of the five treasures in the heavenly palace. Even if it is only a shadow, it is enough to protect the world. Even if it is a master in the early stage of Zhenjing, it is impossible to break the defense of the palace.

But now, ye Chen one hand wanlei annihilates the world, unexpectedly defeated all defenses in an instant.

Crackling!

Cold demons and blood eating ghost owls, exposed to the thunder all over the sky, seemed to be judged by the gods, one by one terrible thunder and lightning, crazy to kill their bodies.

"Ah

"Emperor Shi, help

They screamed and asked for help from the emperor.

"Xiaomei!"

Emperor Shitian, who has always been calm, hears the scream of the cold demon. He stands up suddenly, his face trembles, and his palms click. He wants to rescue him.

However, seeing the figure of xuanjiyue, and thinking of the heart demon trial, the emperor Shitian sat down.

Chapter 4546

Thunder kills people in a flash.

Under the bombing of wanlei, the cold demons and blood eating ghost owls were transformed into nothingness in an instant, without even leaving any ashes.

Emperor Shitian's body trembled slightly, and no one knew how sad he was.

At this moment, all the "cold-blooded and merciless" he created all fell down.

Boom!

At the foot of the mountain, the temple of thunder and lightning was destroyed.

Countless mountains, countless forests, countless palaces and towers were reduced to ruins in an instant.

All the disciples and elders who fought in the front line of the imperial yuan hall were killed and their bodies were not preserved.

"Master is so powerful!"

Xiao shuihan was shocked to see the terrible destruction caused by wanlei.

XUELONG, Xia Ruoxue, Zha Tianmo Di and others were shocked beyond measure.

The heavenly power of the supreme thunderbolt is just like the extermination of gods. It is so powerful that it is so terrible.

Just now the cold demon and the blood ghost owl are all gone.

It's a clean sweep.

Moreover, these thunder robberies, even with spirituality, only killed the people in the palace of emperor yuan, without harming their own people.

"Be careful. I'll do my best. It's up to you."

In the samsara cemetery, the king of Rob thunder squints his eyes when he sees the damage caused by wanlei's extermination, with a trace of pride and excitement on his face.

In his life, it was the first time for him to use Taishang thunder robbery, and his power was as strong as against the sky.

If you look at the whole palace of the emperor yuan, the only one who can resist the thunder robbery of the supreme emperor is the emperor Shitian and the eight old heart demons, as well as some of the most senior elders.

However, with such a powerful thunder robbery, the thunder robber also exhausted his strength. He felt extremely weak. After saying a word, he fell into a deep sleep.

His body continued to be empty.

He's going to dissipate.

"Thank you very much, sir."

Ye Chen said thanks, and saw that after the death of the cold demon, the red lotus Fu Zhao floated out.

"Take it

Ye Chen waves his hand, seizes the red lotus Fu Zhao in the past, and immediately captures the cause and effect of the eternal holy king.

This red lotus Fu Zhao, with the death of cold demon, is rapidly losing efficacy. Ye Chen's attempt to control the red lotus Purple Palace by Fu Zhao is naturally impossible, but it is easy to capture the position of the eternal holy king.

"Red lotus blessing, eternal reappearance!"

Ye Chen's eyes are like electricity, and he discovers the existence of the eternal holy king in an instant.

In his mouth, he sang and sacrificed the red lotus Fu Zhao, and the red light was shining into the distance.

All of a sudden, in the depth of the gate of emperor yuan hall, a secret palace suddenly split open.

Whoa.

The red light surged through the palace, forming a column of light.

An old and declining figure rose slowly under the light column.

It is the eternal king!

"Forever old!"

Ye Chen saw the figure of the eternal king, and was extremely excited.

At the moment, the eternal king is bound with chains and scarred. He is obviously suffering from severe torture. Fortunately, his life is carefree. As long as he can be rescued, ye Chen can treat him.

Ye Chen's heart is hot and turbulent. He takes a step forward in the void and wants to save people. However, he feels a burst of pain and his muscles and bones are almost torn.

It turned out that he had just launched wanlei to destroy the world. Although he borrowed the power of the thunder robber, he used Ye Chen's body after all.

Under the shock of thunder robbery, ye Chen's muscles and bones also suffered a bit of impact, which was the impact of Taishang thunder robbery. Even if ye Chen's vitality was extremely terrible and he was nourished by Taishang Xuedan, he could not recover instantly.

It takes at least half a stick of incense for ye Chen to recover completely.

Half a stick of incense so short time, at this juncture, it is fatal.

"Xiao, help me to save people!"

Ye Chen bit his teeth and looks at Xiao shuihan.

However, Xiao shuihan has just released the ancient Buddha from heaven. He has died to resist the impact of the fire of honglianye. He is also injured and can't start now.

"Master, I'm sorry, I'm..."

Xiao shuihan has no choice but to save the eternal king, but his body does not allow it.

"Master, I will go!"

The blood dragon did not hesitate. The huge dragon immediately flew to the deep of the gate of the imperial palace to save the eternal king.

"I'll go too!"

Xia Ruoxue flies on the back of Xuelong and rushes to save people.

The eternal king is in the depth of the palace of emperor yuan. The two men are in a dangerous situation, which can be imagined.

"Eternal night, the devil!"

Ye Chen immediately urges the dark source Rune to summon the dark world to cover the blood dragon and Xia Ruoxue.

The boundless darkness immediately enveloped the whole gate of the palace.

All traces of light, completely eliminated.

Between heaven and earth, only a piece of absolute darkness remains. Just after the wanlei annihilation came, it caused great chaos to the emperor yuan hall. Now the darkness is coming, and the chaos is even greater.

"Ten thousand crows flying in the sky, up!"

"Misty rain, fog, cover!"

The dark emperor and Yu Chi Yao are both hands to cover the blood dragon and Xia Ruoxue.

One by one, crows fly out again.

In the absolute darkness, the shrill crow and the fluttering of its wings disturb the mind.

There are layers of smoke and water mist, also quietly diffuse out, covering all exploration.

"What's going on?"

"The struggle between the reincarnation Lord and the emperor yuan hall will bring disaster to the pond fish!"

"Emperor Shitian, don't you hurry up and suppress everything?"

All the guests, trapped in the dark and crow harassment, suddenly chaos.

They came to the palace of emperor yuan just to see the opera, but they didn't want to put their lives into it.

Now the battle between Ye Chen and the emperor yuan temple has spread to them. They are angry and urge the emperor to release heaven.

"Emperor Shitian, do you still sit back and watch others make trouble in your emperor yuan palace?"

Xuanjiyue smiles coldly. In the dark, her voice is very clear.

Emperor Shitian turned a deaf ear to it. Naturally, he was very clear that xuanjiyue was forcing him to make a move, but he was not impulsive.

In the present situation, whoever does it first will be disadvantageous.

"Elder Zhong Shu, disperse the darkness."

Emperor Shi Tian lightly ordered, still sitting in his original position, only ordered Jia Zhongshu to move.

"Yes."

"The sun shines on the mountains and rivers!"

Jia Zhongshu took a deep breath, and his hands were full of sunlight, and a round of sunrise rose slowly into the air. It was exactly the skill of Xiri Tianshu.

The sun rises, and all the dark breath is dispelled.

Originally, ye Chen's eternal night demon heaven could not be broken even by the dark source talisman. However, Jia Zhongshu's strength was not small enough to reach the early stage of the true state. Moreover, he was the servant of the previous generation of the master of mind demons. His means were connected with the sky, and he could not be trapped by the darkness.

However, after the dark dispelled, people's sight did not recover.

One by one, crows are constantly noisy and flying, and there are wisps of smoke and water mist, confusing people's eyes.

Between them, they can only see Xia Ruoxue riding a blood dragon, flying to the depth of the gate of emperor yuan hall, trying to save people.

"Your Majesty, it's the guilty girl!"

Chapter 4547

Tianxin jiandie sees Xia Ruoxue, her face suddenly changes, and her eyes appear to kill.

"It's her

Xuanjiyue sees Xia Ruoxue's figure, and her eyes are full of murderous spirit.

Xia Ruoxue defied the heavenly power, occupied the remnant fire of the reincarnation star flame, and even upgraded himself, threatening the origin of Xuanji moon.

Xuanjiyue is extremely angry in her heart. It's hard to keep calm when she sees Xia Ruoxue.

"Butterfly, go and kill her!"

Xuanjiyue's palms and bony joints are pinched with a click, hoping to kill Xia Ruoxue with her own hands.

She took a deep breath and regained her composure. She still did not act rashly, but asked Tianxin jiandie to do it.

"Your Majesty, but..."

Tianxin jiandie is a little hesitant. She is the only one left in the world. She has to protect xuanjiyue.

If she left, in case the emperor Shitian suddenly launches a heart demon attack and kill, xuanjiyue is unprepared and is likely to have an accident.

"It's OK. I have Tianjian in my hand. I'm afraid his emperor Shitian doesn't dare to mess with me."

Xuanjiyue is holding the hilt of Shenluo Tianjian on her waist. She doesn't worry too much. She just wants to kill Xia Ruoxue quickly and regain the reincarnation star flame.

"Well, Queen, I'm going."

Tianxin sword butterfly pulled out its long sword, the butterfly wings spread out, and flew out like a meteor.

"Emperor Shi, the outsider is so blatant that he breaks into the palace of emperor yuan and shows that he doesn't pay attention to us! I'll kill them

Jia Zhongshu also pulled out his sword and asked the emperor for instructions.

Xia Ruoxue, riding a blood dragon, went straight through the gate of the palace of emperor yuan. He was so lawless that he completely ignored the majesty of the palace and stepped on the head of the hall. This is intolerable.

"It's OK. Let the queen do it."

Emperor Shitian smiles, others step on his head, and can endure.

Jia Zhongshu was speechless at once. It seemed that in order to launch the trial of heart demons, Emperor Shitian could endure any humiliation.

At this time, Xia Ruoxue rode a blood dragon and went deep into the gate of emperor yuan palace.

Both of them were in a state of extreme tension.

Although the emperor Shitian and xuanjiyue were suspicious of each other, they would not easily make a move.

But after all, it's not absolute.

If emperor Shitian and xuanjiyue start to fight, they may not be able to fight against it.

But in order to save the eternal king, the two people do not care so much, can only venture into.

Soon they came to the pillar and saw the eternal king.

This eternal king, breath cause and effect are right, is the real eternal king, not what disguise.

"Forever old!"

Xia Ruoxue and Xuelong are extremely surprised and call in unison.

"Yes It's you. "

The eternal King opened his eyes and saw Xia Ruoxue and blood dragon. His face was a little dull.

Looking into the distance, he saw the figures of Ye Chen, Zha Tian Mo Di, etc., and his body could not help shaking.

He was trapped in the palace of emperor yuan, suffering from torture and suffering. He thought he would die. Unexpectedly, ye Chen really brought people to save him.

This is the territory of emperor yuan hall!

Longtan tiger's den!

Ye Chen really dares to come here. He is so bold!

"Yonglao, let's get you out first!"

Xia Ruoxue pulled his hand and brought the eternal king.

The eternal King sat on the back of the blood dragon and felt like a dream. He couldn't believe he could escape.

"Go

The blood dragon swung its tail, turned the dragon's body, and fled quickly.

"Sin girl Xia ruoshue, since she has come, she still wants to run?"

But at this time, Tianxin sword butterfly came like lightning, and its voice was like thunder, shaking people's hearts.

Whoa!

The wings of Tianxin sword butterfly are also fluttering rapidly. They are colorful and shining like scales. They are constantly diffused out, and instantly build a self-contained world, covering Xia Ruoxue, blood dragon and eternal holy king.

This free world, full of flowers and plants, swaying between, a butterfly dancing, very beautiful, there are a stream, gurgling, just like a fairyland on earth.

"Zhutian Shenjian Jue, 100000 sword butterflies, GUI Shuifu, urgent as a law!"

As soon as the Tianxin sword butterfly is released from the sky, she immediately makes a seal on her hands and sings repeatedly, making a mighty sound.

All of a sudden, the whole being in the sky vibrated violently.

The butterflies, who were just dancing, turned into sword butterflies one by one. They were full of 100000 sword butterflies. With the wisps of Hongmeng sword spirit, they started to kill from all directions and killed Xia Ruoxue crazily.

There are also a stream, also suddenly broke out, turned into a rolling torrent, with the breath of Kui water source symbol, the flood is towering, to submerge everything.

"Not good!"

The blood dragon's eyes suddenly change, but the cultivation of Tianxin sword butterfly is extremely difficult to deal with. Moreover, in order to kill Xia Ruoxue, Tianxin jian die, as soon as he meets, actually uses all his strength to send out the strongest blow, and does not give people a chance to breathe.

The ten thousand sword butterflies in front of me are evolved from the sword formula of Zhutian God. Hongmeng's sword is very fierce and can kill everything.

In the thirty-three Tianhong Mongolian law, the magic sword of killing heaven ranked fourth. It was a secret magic power handed down by the Queen's palace. Later, Xuan Jiyue traded with Mo Xueming, the master of the nether temple, and passed it on to Mo Xueming.

Mo Xueming disorganized the practice formula of Zhutian Shenjian Jue and deliberately tried to trap Xuanyuan moxie. As a result, Xuanyuan moxie made a plan and trained Hongmeng against the enemy, which broke out a shocking battle effectiveness.

This magic sword formula of killing the heaven can refine all the blood of the whole body into flying sword. It is really a first-class ancient method of Hongmeng and has great lethality.

Obviously, Tianxin jian die has been trained into the divine sword formula for killing the heaven. Although she doesn't practice against Xuanyuan moxie, she also has her own way. Unexpectedly, she integrates the sword formula into her own nature. In an instant, 100000 sword butterflies erupt, which is just like the rolling sword spirit and killing everything.

Blood dragon and Xia Ruoxue are surrounded by ten thousand sword butterflies. The sharp sound of sword spirit breaking through the air is heard in the ear, and countless butterflies confuse people's eyes.

What's more terrible is that behind the 100000 sword butterflies, there are still torrential floods!

The sword Qi torrent, the GUI water torrent, rolls to come, is suffocating.

"Sin girl, you must die today! The gods can't save you, I said

The tone of Tianxin sword butterfly is sonorous and powerful, and it is full of murderous spirit. The cultivation of Huanzhen realm breaks out to the extreme in an instant.

The blood dragon and Xia Ruoxue are faced with the sword butterfly in the sky, the torrential flood, and the stabbing of the sword butterfly in the sky.

Heaven and earth, no escape!

Ye Chen, Zha Tian Mo Di, Xiao shuihan, Yu Chi Yao and others saw this scene from a distance, and they were all extremely frightened. They were afraid that something would happen to Xuelong and others.

"Heaven and earth are old and the divine power is invincible. Fortunately, there is only one heart sword butterfly left. Otherwise, it is almost impossible for me to attack and kill by heart demons."

When Emperor Shitian saw the power of Tianxin sword butterfly, he was also secretly surprised and praised.

It's true that the land is long and the earth is old. It's really magnificent and invincible. Fortunately, the casualties are heavy now, and there is only one heart of Heaven Sword butterfly. Otherwise, if all the places are here, he would like to attack xuanjiyue quietly, which is impossible.

Chapter 4548

The blood dragon and Xia Ruoxue are caught in the attack of Tianxin sword butterfly. They are both out of breath.

"If snow girl, I want to start the kill move, you protect yourself!"

The blood dragon's eyes were resolute. It seemed that he had made a decision. His whole body thundered and vibrated, and his chains of forbidden symbols flashed violently.

Xia Ruoxue only feels that the blood of the blood dragon is roaring, as if there is something Taigu Weili to revive.

Her face changed slightly, and she called for a bright moon to protect herself and the eternal king.

"In ancient times, the great power of ancestors came to me, and the ancestors of thousands of dragons came to manifest themselves!"

The blood dragon roared again and again, and the seven forbidden chains that bound the body broke in a moment.

A deep, desolate and domineering breath, from the blood dragon meridians, constantly burst out.

This is the power of the Archaean dragon!

Archaic ZuLong, the high-level ancestral temple in the past, is only one step away from xuanjiyue and Emperor Shitian!

At the beginning, at mielong cliff, the blood dragon got all the inheritance of the Archaean ancestor dragon. Every time he broke a chain of forbidden symbols, he could borrow all the power of the Archaean ancestor dragon once.

By using the time of strength, you can maintain a stick of incense.

In this intense time, blood dragon is Archaean ancestor dragon!

Now, in the face of Tianxin sword butterfly's bombardment, the blood dragon does not hesitate, immediately borrows all the strength of the Archaean ancestor dragon.

Crackling!

The blood dragon's body, rapid expansion, instant into a thousand feet long, entrenched in the sky.

Each dragon scale, all fried up the breath of ancient famine.

Endless source gas, endless Hongmeng ancient gas, is surging on the blood dragon.

The cultivation of Yuanshu and Hongmeng of Taigu ZuLong are very exquisite. At this moment, the blood dragon borrows Archean energy, and suddenly bursts out the divine power of Hongmeng and Yuanshu.

The eye pupil of the blood dragon seems to be the bright eye of the demon cave.

When the eyes open and close, the dark sky looms, and the sky sometimes turns into night, sometimes into day.

The sound of the roar of the Dragon seems to have become the sound of the eight gods of the sky.

The light of the dragon is so bright that it has evolved into a dead sky of fahua.

In the turn of the real air flow, one by one Tiangang Jue Ming Fu emerges.

Even the roaring sound of Qi and blood seems to be exploding, which has the power of destroying Dafa.

All kinds of ancient Hongmeng methods float on the body of blood dragon. In addition to the six ways of reincarnation, crape myrtle fatalism, Xingdi Haoran Qi and other top-notch ancient methods, because the cause and effect are too large to evolve, the common Hongmeng ancient methods are constantly interwoven, ups and downs, very spectacular.

Xia Ruoxue, riding on the back of Xuelong, only feels a burst of terrifying energy, constantly attacking.

The blood dragon borrows the power of the Archaean ancestor dragon and breaks out in an instant, even Xia Ruoxue is also impacted.

Fortunately, Xia Ruoxue protected herself with Mingyue Tianshu in advance and was not injured.

Woo Hoo Hoo!

The fierce dragon Qi swept out like a river of stars.

The one hundred thousand sword butterflies, impacted by the dragon spirit, instantly collapsed and fell into colorful streamers and dissipated with the wind.

The torrent of GUI water bombarded the blood dragon body, even a scale of the blood dragon could not be shaken.

"Broken!"

With the power of crushing the world, the blood dragon tore up the torrential flood in an instant. The dragon claw ran through a lot of void and grabbed the GUI water source symbol behind it.

"Puff!"

The GUI water source talisman is captured, and the heavenly heart sword butterfly opens its mouth and spouts blood.

"You How can you be so powerful? It's impossible! "

Tianxin jiangie's face is full of horror, and she can't believe the scene in front of her.

The blood dragon, which has just returned to the ordinary, is now in a state of archaic divine power. It turns into a grand ancestor dragon. Its cultivation breath soars, and its breath reaches at least the later stage of the true state! Maybe even stronger!

The blood dragon completely broke out the dignity of the ancestor dragon by using its power. The breath was so terrible that it shook the heaven and earth, pounded the sun and the moon, crushed the mountains and rivers, blocked the gods and killed the gods.

All the guests stood up and looked at the blood dragon in horror.

"Is this the beloved of the reincarnation Lord?"

"A war pet is so powerful?"

"How terrible is the strength of the reincarnation Lord?"

Countless people were shocked beyond the limit. The sudden outbreak of the blood dragon was beyond everyone's expectation.

What is the concept of dragon ancestor's power? I'm afraid only xuanjiyue and Emperor Shitian can suppress the blood dragon.

"Little butterfly, do you want to turn the sky? Die to me

"The seal of demons subduing the dragon has been suppressed by me!"

The blood dragon stares at the sword butterfly in the heart of heaven. His eyes are extremely cold. He swings his paw and uses a move of hongmongolian method. The seal of the demon subdues the dragon. His divine power is like a prison. He subdues the dragon and subdues the tiger.

However, in the face of absolute power gap, all resistance is futile. She has only the early stage of Huanzhen state, and Xuelong, at least, has reached the later stage of Huanzhen state! Maybe even the peak!

Puff!

When the blood dragon claws are crushed down, it is like crushing a ball of mud. It can crush and kill Tianxin sword butterfly in an instant.

"Bagua Tiandan, refining!"

After killing the Tianxin sword butterfly, the blood dragon's palm appeared a layer of eight trigrams light, which actually made a Bagua Tiandan technique and refined the Tianxin sword butterfly into a blood pill.

He borrowed the power of the archaic ancestor dragon and added great noble and ancient Qi to his body. He even deduced the eight trigrams heaven elixir. Although his attainments were far inferior to Ye Chen, he was also enough to refine the Tianxin sword butterfly.

"Butterfly!"

Xuanjiyue saw the fall of Tianxin sword butterfly, and the whole person stood up in fright, shaking all over.

Tianxin jiandie is the only woman who often accompanies xuanjiyue and even sleeps in the same bed.

In xuanjiyue's mind, we can imagine the status of Tianxin jiandie.

Now Tianxin jiandie was killed by the blood dragon. The accident happened so quickly that xuanjiyue was stunned.

"Is this the card of reincarnation

Emperor Shitian also stood up and looked at the blood dragon with great fear and worry.

He did not expect that the blood dragon would explode to this point.

It seems that this blood dragon is the reincarnation master of this life, the biggest card.

If this card is not erased, the consequences will be unimaginable!

"Blood dragon, run!"

Ye Chen in the distance, only aware of God's will to kill the opportunity, intense brewing, great changes will arise, and hastily urge the blood dragon to escape.

At today's Tusheng meeting, the first echelon of Ye Chen's battle effectiveness seems to be Xiao shuihan, but it is actually a blood dragon!

Blood dragon is Ye Chen's biggest card!

The blood dragon inherits all the power of the Archaean ancestor dragon. Once it breaks out, the cultivation can reach the strength of the Archaean ancestor dragon at that time!

Such a terrible cultivation is just earth shaking.

However, even so, there is still a gap between the present peak of xuanjiyue and Emperor Shitian.

Xuanjiyue and Emperor Shitian have the peak of the real state just because of their superficial strength. Once they do, it is not the blood dragon that can resist it.

Ye Chen this card, has been thoroughly exposed, now is the time to leave.

If you don't run again, the emperor and Xuanji will die.

We should know that the blood dragon can only maintain a stick of incense for a long time by borrowing the power of the Archaean ancestor dragon, and this power will continue to decline with time.

"Heaven war star dust sand, run away!"

Chapter 4549

XUELONG also feels that the situation is critical. He has exposed his strength. Xuanjiyue and Emperor Shitian can't let him go.

At the critical moment of life and death, the blood dragon has a big mouth, and spurts out a fluffy sky war star dust sand.

Flying sand and rocks all over the sky, the sandstorm is turbulent, evolving into a layer of sand curtain, covering everyone's sight.

The blood dragon carries Xia Ruoxue and the eternal holy king and runs away in a hurry.

As long as you escape from here, today's slaughtering ceremony can be concluded successfully.

The blood dragon still maintains the strength of the real world. Although it can't defeat the emperor Shitian and xuanjiyue, it's OK to escape.

"Bold beast, kill my people, you still want to run?"

"Shenluo Tianjian, kill me!"

"I'm going to kill you, take your flesh and blood, and make a new world forever!"

Xuanjiyue roared up to the sky and three thousand green silk fluttered. She was so angry that she pulled out the Shenluo Tianjian.

Seeing Tianxin jiandie crushed, xuanjiyue finally can't help it. Regardless of everything, she also wants to kill the blood dragon.

She wants to take the flesh and blood of the blood dragon, and rebuild the second generation of heaven and earth!

The first generation has all fallen, but as long as there are suitable flesh and blood, the second generation can still be recast.

The Shenluo Heavenly Sword came out of its scabbard, and a sharp sound of the sword roared through.

I saw a shining sword, straight into the sky, the sky was actually layer by layer through, the universe Star River weather, appeared in the nine sky void.

Boom!

The sword spirit is surging. In the space, there are actually stars that are shocked down by the sword gas, and turn into meteorites, which evolve into meteor shower all over the sky, and severely bomb the earth of tens of thousands of miles.

Thousands of miles of mountains and rivers, countless cities and empires, came the sound of the howling of the living spirit and the earth shattering.

Xuanjiyue's sword came out of the scabbard. Unexpectedly, she shook the sky and fell off the planet. A meteorite shower broke out, as if to destroy heaven and earth.

"Shenluotian sword is out of its sheath!"

"This is the supreme source soldier!"

"The supreme source soldiers are so terrible

"A sword to open the sky, a sword to stir up the stars, a sword meteor shower, is simply invincible ah!"

"The reincarnation Lord is dead, he is dead today! When the gods come, they can't save him! "

"The queen is mighty! The empress is in charge of the sky sword, and she is the king of the universe

All the people in the audience, seeing the terrible and sharp edge of Shenluo Tianjian, all gave out the voice of shock and trembled one by one.

If they didn't see it with their own eyes, they would not believe that the legendary supreme source soldier had such great power. Just one sword came out of the sheath, the sword Qi shook the sky, causing the meteorite meteor shower to destroy the world.

Who can resist such a terrible sky sword?

This is just a part of the power of Shenluo Tianjian.

If all the power of the Heavenly Sword breaks out, I'm afraid that the world void will collapse and destroy.

There is no power to cover up the edge of Shenluo Tianjian.

The legendary weapon of the supreme source, the artifact of the supreme world, is indeed so powerful that it is boundless and unimaginable.

"This is Shenluo Tianjian? How sharp

The emperor Shitian saw the edge of Shenluo Tianjian, and was also moved completely.

The sword spirit soars into the sky, and meteorites roll down from the sky, and the picture is extremely spectacular.

The emperor Shitian was deeply worried. The sharpness of Shenluo Tianjian was even more powerful than he had imagined. He wanted to launch a heart demon trial under the eyes of xuanjiyue, which was really hard to compare with.

Nine days of emptiness, that secret space.

Ren Feifan, ye Lao and Ji Siqing are also surprised to see the towering sword spirit.

"Xuanjiyue, a little queen, is actually in charge of the supreme army."

Ren Feifan frowns tightly, and he and the reincarnation master painstakingly arrange, but xuanjiyue is in charge of the supreme source army. Such a change is not in the layout.

Supreme source soldiers, murderous spirit is too terrible, enough to disturb the whole chess game.

"Do you want to do it?"

The leaf old right hand clenched, the vision surges murderous spirit.

Xuanjiyue is in charge of Shenluo Tianjian. This variable has had a profound impact on the chess game.

No one can predict the future.

This Xuanji month, no doubt, is a great threat.

If you don't get rid of it, you'll be in trouble.

"Don't be impulsive. If we break the rules, at least one of you and I will fall."

Ren fan shook his head, his face was dignified.

If they do, they can kill xuanjiyue.

But to do so is bound to violate the rules and lead to serious consequences.

At least one of them will be sacrificed.

"But if we don't, ye Chen is doomed today."

In Ye's eyes, he is still murderous. Ren Feifan pondered for a while and said, "wait a minute. If it really doesn't work, we'll start again. We'll take our life and exchange it for the boy's life."

Ye Lao resolutely nodded his head and said, "well, just like this, I have lived enough. For the sake of the overall situation, it doesn't matter to sacrifice today."

Ren extraordinary "um" a, just gently nod, no longer speak.

One side of Ji Siqing, see Ren Fanfan and ye Lao so dignified, is also completely shocked.

In her eyes, Ren Feifan and ye Lao are both superior, master everything and dominate all existence.

But I didn't expect that today they were so solemn and even ready to sacrifice themselves.

Obviously, xuanjiyue, in charge of Shenluo Tianjian, completely disrupted the situation, and even ye Laofan did not dare to be careless again.

.....

"Supreme source soldiers, this is the supreme source soldiers!"

"Miss ruoshue, it's over, we're dead!"

Below, the pupil of blood dragon eye contracts, whole body is stiff, fighting spirit is crushed instantly.

How tenacious is his fighting spirit.

However, at the sight of Shenluo Tianjian, the blood dragon almost collapsed, and even his fighting spirit was crushed.

This God Luo Sky Sword also has the power to shake the spirit.

Even the blood dragon can't resist it.

It can be imagined that the legendary supreme source soldiers are so terrible that they can kill all the enemies with a little sword spirit.

Xia Ruoxue's body trembles, and she is completely afraid. Her spirit is deeply affected. She seems to see her body cut into pieces by the sword spirit.

"Kill!"

Xuanjiyue was merciless and killed with one sword.

The sword Qi is like electricity, tearing the void.

This sword is so powerful that it can be swept away by the gods.

Under the loss of fighting spirit, the blood dragon has no courage to resist.

In the distance, Xiao shuihan, zheten devil emperor and others were swept by the residual power of Shenluo Tianjian. They were also shaken and shocked.

Xiao shuihan, in particular, has lingering fear. If xuanjiyue pulled out his sword and pulled out his sheath when he killed the Queen's palace, he would have died and would not have a chance to survive.

Fortunately, Shenluo Tianjian is the supreme source of soldiers, its edge is too terrible, one move in one form, will shake the rules of heaven and earth, leaving an indelible mark.

Chapter 4550

If it is not the last moment, xuanjiyue will not pull out her sword easily, otherwise it will leave a big cause and effect, which will cause the fear of the superior, and it will be a great event.

But now, the blood dragon has killed Tianxin jiandie, and Xia Ruoxue, a "sinful woman", is also present. She draws her sword directly in anger, totally reckless, and is extremely overbearing.

The divine power of Tianjian covers the four fields. Only Ye Chen has reincarnation blood and is superior to the heaven. His spirit is not affected.

"Blood dragon, like snow!"

Seeing the blood dragon and Xia Ruoxue, ye Chen is shocked.

It's very important for Xia Xue to accompany him for a long time.

"Xuanjiyue, stop it

Ye Chen drinks violently and comes out.

Half incense time, has not passed, ye Chen all over the body, still sharp pain, the impact of the thunder robbery, has not been eliminated.

But at this juncture, ye Chen did not care so much, forced to endure the pain, rushed out.

"Ha ha."

When xuanjiyue heard Ye Chen's voice, her eyes were cold. Her sword Qi was slightly coagulated, and she looked back at Ye Chen.

"Reincarnation Lord, although I don't know what you really look like under your disguise, are you here to die?"

Xuanjiyue sneers, a sword in the hand, as if the world.

In her eyes, the reincarnation of this life is already a corpse.

"If you have the ability, kill me!"

"Master the sword, the immortal and the devil soar to the sky!"

Ye Chen's eyes are cracked and he does not talk nonsense. He directly pulls out the falling dust and subdues the dragon sword and displays his dominating sword technique.

Xuanjiyue's sharp edge is really terrible. Ye Chen's strength is only to supplement the sky and seven layers of heaven, which is not an enemy at all.

But at this time, it is useless to avoid. Only by fighting to death can we have a trace of vitality.

Boom!

The purple ribbon thousand machine seal appears, the fairy brocade carp blesses, the Tianmo cave is opened, ye Chen is full of immortal and evil spirit, and is constantly boiling.

One after another immortal Qi, one after another evil Qi, rising slowly, dominate the sword technique, directly launch!

Ye Chen holds the sword and points to the sky, rolling immortal Qi and evil Qi from the sky.

Two towering giants emerge from behind Ye Chen.

The two giants, one wearing a crown and a robe, are the masters of the fairyland.

Another giant, is the demon lord, the whole body evil gas rolling, domineering unmatched.

In order to fight against xuanjiyue, ye Chen directly breaks out the strongest killing move that dominates the sword technique and incarnates as the master of immortals and demons.

The great fortune of immortals and Demons rolled down.

Ye Chen's face is half fairyland elegant, half is devil's ferocious, immortal devil interweaves unceasingly, majestic and fierce.

"Hahaha, what's the use of you as the master of immortals and demons?"

"Under my God Luotian sword, all kinds of things are illusory."

"Break it for me!"

Xuanjiyue looks up at the sky and laughs with contempt.

Ye Chen incarnates as the master of immortals and demons. His breath soars and his power is so strong that he can even crush the top master of Shiyuan realm with one finger.

But even so, in the face of xuanjiyue, ye Chen is still weak.

Even if he incarnates as the master of immortals and demons, it is impossible to fight against the edge of Shenluo Tianjian.

Xuanjiyue is too lazy to talk nonsense. She simply stabs out a sword and points to Ye Chen's heart.

This sword, without any fancy, is plain and light, but its sharp edge is almost to penetrate all the heaven and earth, to destroy all the universe and stars, and to crush all laws and existence. It is impossible for human beings to resist it.

"Master

The blood dragon screamed, and his eyes were frightened.

Xuanjiyue's strength is really terrible. Even if ye Chen dominates the explosion of the sword's profound meaning, he can't compete with him and will be killed.

"Ten soldiers, sacrifice!"

Ye Chen looks at xuanjiyue's sword, and feels creepy, feeling unprecedented danger.

At the moment of death.

Boom!

One by one, the soldiers of the great source floated out of Ye Chen's body.

Taichu life taking sword, Liangyi dragon and tiger sword, Sanbao Vajra stick, four pole heaven shaking hammer, five element star sky ring, Liuhe flying snow blade, Seven Star Dragon gall gun, eight wasteland fury halberd, nine Yi sunset bow, ten square God killing hook!

Around Ye Chen's body, the top ten soldiers rotate one layer at a time, and bloom with the divine light of heaven and earth. Vaguely, they resonate with the rules of heaven and earth, sending out violent shocks.

"You've got the top ten soldiers!"

Xuanji moon beauty eyes shrink, the top ten soldiers, all of them are cast by the superior, ordinary people can get one, it is a great fortune.

But now, ye Chen has fully released ten big source soldiers. The legendary ten source soldiers are all in Ye Chen's hands. What a terrible luck.

All the guests were shocked to see the ten soldiers gathered together.

In the eyes of countless surprise, ye Chen sacrificed all the ten soldiers from the source! Under the power of the rules of heaven and earth and the way of the universe, one by one big source soldiers rapidly melted into a mass of ancient, chaotic, vicissitudes, dark, and violent energy, surrounded by Ye Chen.

Puff!

Ye Chen opened his mouth and spat out blood. His muscles, bones and internal organs were seriously shaken.

Offering sacrifices to Dayuan soldiers can summon the great powers of the universe, but at the cost of it, they will also be seriously impacted.

"Sacrifice to Dayuan soldiers, why don't you die?"

Suddenly, xuanjiyue felt strange. She stepped back and her hair stood on end.

The energy of Dayuan soldiers is very important. Even if they sacrifice a piece, they have to bear a huge impact.

If all the legendary top ten soldiers offer sacrifices, even if they are masters of the real world, they will be crushed to death instantly, and there will be no possibility of survival at all.

Even those masters, such as xuanjiyue and Emperor Shitian, who sacrifice the top ten soldiers in an instant, will suffer serious injuries and lose their combat effectiveness.

But now, ye Chen sacrificed ten big source soldiers. Although they were shocked, they did not die. This is really a fantastic thing.

"What's going on?"

When Emperor Shitian saw this scene, he was also very surprised.

According to the law, ye Chen has no reason to live when he sacrifices so many soldiers.

But ye Chen is still alive.

No one noticed that ye Chen's left hand held a blood pill quietly.

This blood elixir is just the blood elixir of Taishang!

The vengeance of sacrificing the ten great soldiers constantly impacts Ye Chen's viscera.

Ye Chen's five viscera and six Fu organs are constantly burst and smashed, but under the nourishment of taishangxuedan, they recover instantly, and life and death are all in an instant.

Even if the super vitality, in this moment also has no use!

Under the protection of Taishang Xuedan, ye Chen bravely withstood the regurgitation of sacrificing ten source soldiers and did not die.

"Well, very well, the sacrifice is successful!"

Ye Chen looks around the whole body of a group of energy, eyes show joy.

This group of energy, each with the power of the universe Chaos, heaven and earth road, very terrifying.

Xuanjiyue couldn't help but step back and felt the danger.

"The original version of the thousand soldiers exploded, I suppressed it!"

Ye Chen bite the tip of his tongue, a mouthful of blood spray out, eyes with the determination of death.

Boom!
