

## **Physician 4551**

### Chapter 4551

Ye Chen's blood, fell on the chaotic energy, terrible explosion, instant explosion.

That group of energy, all from the sacrifice of Dayuan soldiers, still carries the cause and effect of Dayuan soldiers.

Ye Chen explodes with one hand, detonates directly!

A mass of energy, surging out, exploding to xuanjiyue and exploding in the air.

One after another, mushroom clouds burst into the sky.

Scarlet mushroom cloud, with the ancient desolation, rose from the sky.

Boom!

The sky of nine days seemed to be blown up in an instant.

In the sky of the universe, meteorites and meteors all over the sky disappeared.

All people clearly see that the sky, a star, all smashed!

Just now, xuanjiyue pulled out her sword, just shaking the universe and shaking down the stars.

But now, ye Chen offered sacrifices to Dayuan soldiers, and a thousand soldiers exploded with one hand. Unexpectedly, he blew through a whole world, making the stars collapse, and the stars were blown to pieces.

Space, really into space, nothing left behind, was blown into the void.

The endless Star River dust, rolling down from the sky, in the shock of the law of the road, issued a whistling whistling, evolved into a drop of blood red rain, spread all over the world.

The whole palace was covered with blood and rain.

Most of the palace of emperor yuan was reduced to ruins under the impact of thousands of soldiers.

A piece of palace, pavilions, mountains, endless array of Dharma, suddenly collapsed and destroyed.

Between thousands of mountains and valleys, there are bursts of echoes of explosions, shaking people's mind.

For today's slaughtering ceremony, emperor yuan hall has imposed many prohibitions. But now, ye Chen broke all kinds of prohibitions and destroyed most of the gate of Diyuan hall with a thousand soldiers at such a level!

"Is this the strength of the reincarnation master?"

All of them were shocked to see this scene, and many even knelt down in fear.

Ye Chen, with the body of replenishing the heaven, detonates ten big source soldiers, and actually destroys most of the emperor yuan hall.

This means, can be called to the sky!

"Good, great! The Lord of reincarnation is really extraordinary

When he saw that most of the foundation of emperor yuan hall was completely destroyed, he did not panic and anger, but was elated and excited.

Because, such a terrible explosion, even if it is xuanjiyue, it is impossible for her whole body to retreat.

If xuanjiyue is injured, he will launch a heart demon trial, and no one will stop him.

Ye Chen's thousand weapons are exploding, and xuanjiyue is at the core of the explosion!

With the smoke of the explosion dispersed, xuanjiyue's figure appeared in front of everyone.

At the moment, xuanjiyue has scattered green silk, her clothes are blown to pieces, revealing a large area of snow-white skin, and her pretty face is also pale.

Puff!

In the next moment, xuanjiyue vomited blood, which obviously suffered a lot of impact and injured her viscera.

"The queen is injured!"

"The main part of reincarnation is to mend the sky, which can actually blow up the queen!"

"The reincarnation of heaven is indeed superior to the heavens, and no one can resist it!"

"The Lord of reincarnation is mighty!"

Seeing the embarrassed appearance of Xuanji moon, countless people exclaim at Ye Chen's means.

Ren Feifan, ye Lao and Ji Siqing are surprised to see this scene.

"It seems that we don't have to do it today."

Ren Fanfan and ye Lao looked at each other with a smile of relief.

Ye Chen's growth was unexpected.

It's unbelievable that you can blow up xuanjiyue just to mend the sky.

If it is a confrontation, even if xuanjiyue stands still, ye Chen can't hurt her a hair.

But this time, ye Chen fought a decisive battle to sacrifice the top ten soldiers, and a thousand soldiers exploded with one hand. Unexpectedly, he really injured xuanjiyue and shocked the whole audience!

"Hoo Is it just a slight injury? "

Ye Chen looks at Xuan Ji Yue, but her eyes sink.

Although the whole audience was amazed, only he knew that he had reached the limit.

Oh

The Taishang blood pill in Ye Chen's hand is silent and has completely lost all aura and turned into nothingness.

In order to offer sacrifices to the top ten soldiers, ye Chen paid a great price. This precious and incomparable blood elixir was completely lost.

The power of the thousand soldiers explosion did not disappoint Ye Chen. It really destroyed the heaven and earth, crushed the stars, and destroyed most of the gate of emperor yuan palace.

But even so, xuanjiyue was only slightly injured by the explosion!

Although Ye Chen didn't expect to blow up xuanjiyue so simply, his plan was to blow xuanjiyue seriously and then take the opportunity to escape.

After all, this is the explosion of the top ten soldiers!

The ten source soldiers were made by the supreme goddess and were blessed by the gods. They have profound cause and effect. The power of offering sacrifice to Dayuan soldiers is unimaginable even if only one is offered.

All of the top ten soldiers offered sacrifices, which is already the most powerful means of Ye Chen. He thought he could severely damage xuanjiyue, but he didn't expect to be only slightly injured by the explosion.

"Sacrifice to Dayuan soldiers, thousands of soldiers explode, the Lord of reincarnation, good means, good means, really eye opening ah!"

Xuanjiyue stares at Ye Chen. Her beautiful eyes are cold and her whole body is purple. She turns into a fairy dress and covers her skin.

She just has the strength on the surface, and she has the peak of her true state. She thought she could easily kill Ye Chen. Unexpectedly, she was attacked by a thousand soldiers by Ye Chen, but she was injured.

Fortunately, her martial arts foundation is too deep, and she is protected by Shenluo Tianjian. Even if all the ten source soldiers explode, she will be only slightly injured, far less than seriously injured.

"If that's your card, you're dead today!"

Xuanjiyue's eyes are murderous. In the scream of the crowd, she stabs out a sword and points to Ye Chen's heart again.

Ye Chen has a thousand weapons, which is really eye opening for xuanjiyue, but it should be over here.

Her martial arts cultivation, eventually surpasses Ye Chen too much.

In the absolute realm gap, ye Chen can only struggle for a while, absolutely can't have the slightest anti killing room.

"It's over

Looking at xuanjiyue's sword, ye Chen's scalp becomes numb.

Are you really doomed to fall today?

In the palm of Ye Chen's hand, strands of reincarnation appear. He clenches his teeth and is trying to use the six reincarnation methods to make the final resistance.

Boom! Boom!

But all of a sudden, there was a shock.

See a red light, a purple light, from the sky, fall in front of Ye Chen, into two old figures.

"Two old swordsmen!"

Ye Chen looked at these two figures and was shocked.

These two figures are actually two old swordsmen, red Zun and purple Zun.

"Mighty sword spirit!"

The two old men of Jianfen hold the long sword tightly to resist xuanjiyue's Tianjian killing.

Xuanjiyue was injured, but the sword didn't use all her strength, so she was shocked back one step.

"Two old swordsmen, you two old things."

"Why are you here?"

Looking at the figure of the two old swordsmen, xuanjiyue's face suddenly sank.

Chapter 4552

Jianfen Er Lao has been guarding Xuantian Jianfen for many years, with great strength.

Although xuanjiyue's strength is more powerful, even if she is injured, she is sure to kill the two old swordsmen.

However, there is also the emperor Shitian behind him.

Xuanjiyue has been injured and dare not spend too much energy. Otherwise, if the emperor Shitian is in trouble, the consequences will be unimaginable.

"Queen, give us a face, let the reincarnation Lord."

The two old men of Jianfen said with one voice.

"Two elders..."

Ye Chen looks at Jian Fen Er Lao, but he doesn't expect that they will come in person and even resist Xuanji moon for him.

In Xuantian Jianfen, Jianfen two elders broke the ban of purple ribbon thousand machine seals by force. They were still in the critical moment of recuperation, and their bodies had not recovered.

Originally, they were not allowed to participate in the slaughtering meeting, because they were not allowed to.

But now, in order to protect Ye Chen, the two men actually came, regardless of the consequences and costs.

"Ha ha ha, you want me to release the reincarnation Lord?"

Hearing the words of the two elders of Jianfen, xuanjiyue looked up at the sky and laughed, dismissing it.

In order to kill the reincarnation master, xuanjiyue did not know how much effort she spent. Now that the reincarnation master is in front of her, how can she give up?

The second old man of Jianfen said: "the reincarnation master of this life has not yet grown up. It's useless for you to kill him. It's better to give him some time and wait for his reincarnation blood to be harvested. It's not too late to kill him."

Xuanjiyue laughed and said, "joke, do you think I'm the goddess of heaven? I'm not interested in raising pigs! Today the reincarnation Lord must die! Even if his blood has not yet grown up, but as long as I kill him and get a little pieces of the law of reincarnation, I can cultivate myself slowly. Get out of my way and get out of the way! "

While speaking, xuanjiyue cuts out with a sword and cuts Ye Chen's head.

"In that case, we have to offend."

Seeing this, the two old men of Jianfen, with a trace of determination in their eyes, waved their swords together to block xuanjiyue's sword strike, and then turned to Ye Chen and said:

"boy, go! Let's stop the queen

While talking, the two old swordsmen of Jianfen dance. In an instant, they fight with Xuanji moon for thousands of swords, and sparks shoot out in all directions.

"Two elders!"

Ye Chen bit his teeth. Xuanjiyue is too powerful. If the two old men of Jianfen fight again, they will be killed by xuanjiyue.

Ye Chen wants to help, but he can't fight against xuanjiyue with his cultivation of mending the seven layers of heaven.

Just now ye Chen was able to blow up xuanjiyue because he relied on the top ten source soldiers. Now that all the ten source soldiers are detonated, he can no longer hurt xuanjiyue.

"Master, let's go!"

The blood Dragon flew over. With a wave of his paw, a strong wind rolled up and pulled Ye Chen onto his dragon's spine. He carried Ye Chen, Xia Ruoxue and eternal king, and fled quickly.

Today's slaughtering ceremony is doomed to be sacrificed.

There is no way to save the old man Jianfen.

"Ye Chen..."

Xia Ruoxue hugs Ye Chen tightly, and her eyes turn red.

Ye Chen, however, has his eyes cracked. Looking at the figure of Jianfen Er Lao, does he have to sacrifice Jianfen Er Lao if he saves the eternal holy king? Is there really no way to achieve both?

Buzz!

On the body of the blood dragon, the law of prohibition constantly vibrates, and chains of forbidden symbols emerge again.

The cultivation breath of blood dragon is rapidly weakening, and the energy of Archaean ancestor dragon is rapidly passing away.

He borrowed the cultivation of Taigu ZuLong. The time has reached the limit, and he must leave as soon as possible!

Numerous guests in the audience, looking at the bloody dragon shadow across the sky, were speechless.

"You want to run under my nose?"

"Eight elders, go after them!"

Emperor Shitian saw Ye Chen want to go, his eyes cold, immediately ordered.

Heart demon eight old figure, Qi Qi appears, immediately go after ye Chen.

Without the emperor's command, they would not watch ye Chen escape.

After all, only by killing Ye Chen and seizing the six ways of reincarnation can it be possible to revive the former Lord Yan Changge.

On the other side, xuanjiyue is holding the Shenluo Tianjian tightly. With one sword, each sword is killed. All kinds of rules are shaken and the sword spirit is startling.

The two old men of Jianfen are not enemies of xuanjiyue. I'm afraid they will be killed soon.

When Emperor Shitian saw this scene, he saw joy in his eyes.

The current situation is very beneficial to the emperor!

All of them are dead. Xuanjiyue is wounded by the explosion. Now he has to fight with the second old man of Jianfen.

Even if he can kill the two old swordsmen, xuanjiyue's energy will be further consumed.

At that time, it is the time for emperor Shitian to launch the heart demon trial and dominate the world!

"Emperor Shitian, why don't you do it?"

Xuanjiyue, however, saw the emperor's calculation. She was extremely angry. She cried angrily and retreated with her sword. However, she did not waste her true Qi to attack the two old swordsmen. Listening to xuanjiyue's reprimand, the emperor Shitian remained calm and said, "the empress is invincible. If you are here, why should I start?"

Xuanjiyue laughed and said, "master of the heart demon, don't think I don't know your abacus. You want to watch the tiger fight across the mountain and reap profits. When I'm exhausted, will you start the trial of the heart demon?"

This time, xuanjiyue yelled out the four words of "the Lord of the heart demon", which shocked the audience like thunder.

"Lord of the heart demon?"

"What is the queen saying? Is the emperor the master of the heart demon?"

"It's impossible. The emperor Shitian is a disciple of the sage Yan Changge. How could he be the master of the heart demon?"

All the guests, hearing xuanjiyue's words, all looked at each other with astonishment.

Ye Chen heard it from afar, and his face sank. He thought, "xuanjiyue is going to have a showdown."

The current situation is very dangerous. Once emperor Shitian's real identity is exposed, he will certainly launch a heart demon trial at all costs.

If the judgment of heart demons comes, the people who are going to die will not be as simple as the two old swordsmen. All the people in the hall will die, or they will be brainwashed by the emperor and become puppets.

"Xuanjiyue, what are you talking about? The Lord of the heart demon is the biggest devil in all the heaven and the world. Everyone will kill him. How can I be the master of the heart demon?"

When Emperor Shitian heard xuanjiyue's words, he was shocked and immediately denied it.

Once the emperor Shitian admits that he is the master of the heart demon, and the outsider is on guard, and he wants to launch the heart demon trial, it will be extremely difficult.

The most powerful part of the heart demon curse sword is to attack and assassinate secretly. Only when the enemy is unprepared can it exert its greatest power.

"Bold xuanjiyue, how dare you slander the emperor Shifu?"

"Do you know who emperor Shi was? He was a disciple of ancient sages."

"The emperor and the master of Buddhism have inherited the Enlightenment of saints and made great contributions. Where can I get you a little queen's nonsense?"

The old men of the palace of emperor yuan were also denouncing xuanjiyue.

Chapter 4553

Xuanjiyue sneered: "emperor Shitian, if you are not the master of the heart demon, why don't you do it? Do you want to rely on me to suppress when others step on your emperor yuan temple? There is no such reason! "

While speaking, xuanjiyue stepped back a dozen steps and put away the Shenluo Tianjian.

The whole audience looked at each other, and after hearing xuanjiyue's words, everyone felt a little strange.

Ye Chen breaks into the palace of emperor yuan and makes a big stir. But the emperor Shitian has no intention to fight. Is he really trying to save his strength and launch a trial of heart demons?

After all, as xuanjiyue, she has no reason to lie.

Emperor Shi Tian looked at the suspicious eyes of all the guests, and his heart suddenly sank.

His wishful thinking, it seems, is not so easy to achieve.

Xuanjiyue is not a fool. It is impossible to watch him reap profits.

"Hehe, xuanjiyue, don't think you can be bloody if you hold the Shenluo Tianjian."

"How can we have something to do with heart demons and cancer?"

"The main culprit of reincarnation is my mountain gate. I can take care of it. You don't have to say much."

"Eight elders, kill the reincarnation master quickly."

"Give it to me, old man of sword tomb!"

At this juncture, the emperor Shitian can no longer hide his strength. Otherwise, it will arouse the suspicion of all the guests, and the plan of heart demon trial will never be carried out.

Whoa!

The emperor Shitian offered sacrifices to the emperor's pure Yang mirror and flew toward the two old swordsmen.

Heart demon eight old eyes a cold, speed up the pursuit of Ye Chen.

"Good, you're finally ready to do it."

Xuanjiyue bit her teeth. The strength of the two old swordsmen was not weak. Even if emperor Shitian could kill them, he would have to spend a lot of energy.

As long as emperor Shitian also consumes his energy, xuanjiyue will not be afraid of him.

Looking at the flying figure of emperor Shitian, the two elders of Jianfen felt that the mighty imperial power was rolling in, and that there was the pressure of ancient sages, which made people suffocate.

"Our two old bones are worth our lives."

With a bitter smile, the two elders of Jianfen have just learned xuanjiyue's edge of Tianjian. Now they have to face the emperor Shitian. They have no chance of survival.

However, it's not too bad to be able to fight these two top masters.

"Bury the heaven and sink the soul, and annihilate the mortal world. It's too high to be buried in heaven!  
Broken

The two old men of Jianfen looked at each other with resolute eyes. They killed both swords together. They even blew up the terrible smell of the death of the heaven's burial soul, and even broke out the Taoist cause and effect of the supreme world.

"The thirty-six ways of the supreme emperor, the way of celestial burial? Ha ha, it's a little interesting. Unfortunately, your cultivation is too poor to give full play to your power. "

Emperor Shitian narrowed his eyes slightly when he saw the attack of the two old swordsmen.

This move, called the way of burial in heaven, is one of the Taoist methods in the world.

In the world of supreme heaven, there are thirty-six superior Taoist methods, each of which has the power to destroy the heaven and the earth.

The thirty-six ways of Taishang have been circulated both in the outer world and in the upper world, but they are very secret. The number of people who can get them is as rare as a few.

Each taishangdao method is more powerful than ordinary Dayuan technique, almost comparable to wushangyuan technique. It is very powerful.

This time, the two old men of Jianfen joined hands to practice the method of heaven burial, as if to bury and destroy the whole heaven. Wisps of deep and strong sword spirit constantly burst out, as if the heaven and earth were crying.

"Sage's road, the world manifest!"

The emperor Shitian was not in a hurry. He kneaded the formula in his hand and hit him on the pure Yang mirror of the emperor.

Whoa!

All of a sudden, the emperor's pure sun mirror filled with bright crystal awn, there are a lot of gold characters, floating out of the mirror.

These large golden characters are the words of the sages in ancient times, such as benevolence, righteousness, courtesy, wisdom and faith, self-cultivation, family governance, and peace of the world, etc.

Countless saints' words, like butterflies, keep flying and jumping, very beautiful.

With a wave of his hand and a beam of mirror light, the emperor came out with a roll of Saint runes.

Boom!

The golden mirror light runs through the sky, like a thunderbolt gun, traversing the sky. In an instant, it destroys the sword spirit of Jianfen two elders.

"Puff!"

Jianfen Er Lao was shocked by the mirror light and was crushed by the sage road. He was seriously injured.

The gap between them and the emperor is too big!

What's more, the pure Yang mirror of the emperor Shitian is still the magic weapon of the ancient sages, representing the supreme mystery of the holy way. The sage's divine power is soaring, as if to suppress the world.

After all, their celestial burial method has not yet reached the perfect level, and they have been run through in one face-to-face manner, and there is no room for resistance.

"Saint long song, suppressed by me!"

The emperor interprets the heaven calmly and freely, holding the emperor's pure Yang mirror, like a sage who is in charge of the world's enlightenment. When the mirror vibrates, it sends out bursts of chanting, such as Haoran long songs, to clean up the heart and soul. Bursts of saints' Heavenly songs, like cages, came down and severely suppressed the two old swordsmen.

Under the impact of the sage's song, the two old men of Jianfen immediately bled from their seven orifices and were bound by the light of the mirror and could not move any more.

"Your Majesty is mighty

The disciples and elders of the temple of emperor yuan, seeing that emperor Shitian made a move, suppressed the two elders of Jianfen, and all cheered loudly.

All the guests were relieved to see the mighty power of the sage.

"The emperor Shitian is the master of the heart demons because he inherits the Enlightenment of saints, and his divine power is magnificent."

"That's right. The master of heart demons is full of evil, but the emperor's way of heaven is vast. How can they be related?"

"The emperor is really good at explaining heaven. He shows the dignity of the sage as soon as he does it."

People no longer doubt the identity of emperor Shitian, because his supernatural power is quite different from the legendary master of heart demons.

Xuanjiyue listened to the comments of all the guests and snorted in his heart, thinking, "a group of rubbish! You may not know that the so-called ancient sage Yan Changge was actually the master of the previous generation of heart demons! "

However, Xuan Jiyue did not say this because there was no absolute evidence.

Moreover, if Xuan Jiyue talks nonsense and forces the emperor to release heaven in a hurry, the situation will be difficult to deal with.

What xuanjiyue wants most is to end today's slaughtering ceremony safely, as long as emperor Shitian doesn't launch a heart demon trial.

As long as xuanjiyue is given enough time, she is confident to give full play to the power of Shenluo Tianjian. At that time, she will no longer be afraid of emperor Shitian.

Seeing all the guests, Emperor Shitian relieved himself.

However, just after suppressing Jianfen Er Lao, Emperor Shitian also spent a lot of energy. Now he wants to launch the heart demon trial again, but it is not so easy.

"Is today's trial plan going to run aground?"

The emperor Shitian's face sank. Today, at the butcher's meeting, the powerful men from all walks of life gathered together. It was a good time for him to launch a heart demon trial, control all people, and turn everyone into his puppet.

Once missed, there will be no chance.

Chapter 4554

Because xuanjiyue has Shenluo Tianjian in her hand. Once the edge of Tianjian is fully developed, the emperor Shitian can't block it.

The cultivation of his heart demon curse sword only reached the fifth level, which naturally could not rival the supreme source soldiers.

If today's opportunity really missed, later want to turn over, difficult than the sky.

Xuanjiyue looked at the dignified appearance of emperor Shitian. She was very proud. She also saw that the two old men in Jianfen were suppressed. She flew over and snatched the red Zun from the two old men in Jianfen with one hand.

Emperor Shi Tian said in a deep voice, "what do you do, empress?"

Xuanjiyue grabbed Hongzun and said with a smile: "these two old men are ancient people with extraordinary blood. I intend to kill him and use his flesh and blood to recast heaven and earth. If you kill another old man, you can recast cold-blooded and merciless."

All the days and places are gone, and xuanjiyue's heart is extremely empty. Once the emperor Shitian launches a heart demon attack, she has no assurance of victory.

Therefore, she is in urgent need of casting the second generation, the end of the earth, to protect herself.

Jian Fen Er Lao are both ancient marvels. They are full of flesh and blood. After killing them, they can use their flesh and blood, and then mix their own laws, so that they can re-establish the eternal world.

Red Zun heard the speech, and his pupils shrank. He said, "xuanjiyue, if you dare to cast an animal with my flesh and blood, are you not afraid to violate the rules?"

Hongzun is not afraid of death, but when he thinks of his own death, his flesh and blood will be refined by xuanjiyue and become the second generation of heaven and earth. When xuanjiyue's Guardian animal, he would rather die than want to.

Xuanjiyue laughed and said, "what am I afraid of? I have a Heavenly Sword in my hand. Even if the disaster comes, I can break it with one sword."

"You must not die easily!"

Red Zun roared and his body trembled.

On the other side, Emperor Shitian looked at the purple Zun in his hand, and his eyes were also bright.

Xuanjiyue is right. The two elders of Jianfen are of extraordinary blood. They are strange people in ancient times. They are really good materials for casting animals.

As long as you kill zizun, Emperor Shitian can refine the flesh and blood, and recast the second generation of cold-blooded merciless!

"Emperor Shitian, do you want to cast animals from us? Daydreaming

Purple zunda was angry, and suddenly bit the tip of his tongue, and forced to use the method of celestial burial. He was full of black gas, and wanted to bury the body and destroy his own everything, so as to prevent the emperor Shitian from succeeding.

However, the emperor's eyes were quick and his hands were quick. The evolution of Batao's heavenly script made him cut a machete, which directly cut zizun's throat and killed him with one knife, which did not give him a chance to destroy himself.

"Old zizun!"

Seeing this scene, Hong Zun suddenly lost color.

"You die for me too!"

Xuanjiyue was also worried that Hongzun would destroy his body. He immediately pulled out the sky sword and cut off Hongzun's throat with one sword and killed him directly.

The second old man of Jianfen fell down.

"Empress, this one is called zizun. It matches your fatalism of Lagerstroemia indica. I'll give it to you, and you'll give it to me."

With a smile on his face, Emperor Shitian throws zizun's body to xuanjiyue.

Xuanjiyue is a little stunned. Looking at the smile of emperor Shitian, she always feels that he has bad intentions, but she can't see what's wrong.

"Good."

Xuanji moon frowned slightly and exchanged corpses with emperor Shitian.

Two corpses, in the light of their law, melted into a drop of red blood, a drop of purple blood.

"Did emperor Shitian take the initiative to trade in order to ease the relationship? Continue to work together? "

Xuanjiyue thought, carefully examining the purple blood in her hand, she didn't find anything strange.

It's a little strange that emperor Shitian takes the initiative to make friends with her.

She won't believe it. Emperor Shitian will bow his head.

"Two elders!"

When he saw the blood from the back of the dragon, he was shocked.

He didn't expect that xuanjiyue and Emperor Shitian were so fierce that they not only wanted to kill the two old swordsmen, but also took their flesh and blood and cast them back.

This method is really too cruel and cruel. Heaven and people are resentful!

Towering resentment, from the bottom of Ye Chen's heart.

He received a lot of favors from Jianfen Er Lao, but they were killed before they were paid off.

"Xuanjiyue, Emperor Shitian, I will kill you!"

Ye Chen is so angry that he almost loses his mind. He just wants to rush back and fight with xuanjiyue and Emperor Shitian.

"Ye Chen..."

Xia Ruoxue sobs and hugs Ye Chen to death.

"Hey, boy, when you're dying, do you care about others?"

At this time, Jia Zhongshu and other eight old heart demons have already pursued and killed them.

"The supreme heaven, the abyss suppress!"

Heart evil eight old Qi hands together, both hands unceasingly seal.

Boom!

In the sky of nine days, suddenly an abyss came down.

The deep breath of terror, like a devil, is devouring towards Ye Chen.

A trace of the supremacy of the gods, constantly attacking Ye Chen's mind, let people gasp. The surrounding space, under the rolling of this abyss, is constantly bursting and smashing. It seems that even this piece of heaven and earth can not bear the pressure of the abyss.

"The thirty-six ways of the Supreme Master, the way of the heavenly yuan

Ye Chen looks at the abyss which is suppressed unceasingly, his face suddenly changes, his mind sobers up and catches many causes and effects.

The thirty-six ways of the supreme being are the thirty-six superior ways of the supreme world. They have the majesty of the supreme gods and have great lethality.

For example, the two elders of Jianfen just now put forward the method of celestial burial, which is one of the 36 ways of the supreme emperor.

There are two ways of taishangdao in the inheritance of Diyuan hall, which are: Taishang Tiandi Dao and taishangtianyuan Dao.

The word "Diyuan" is derived from these two doctrines.

Now the eight old heart demons are using the way of the supreme heaven. As soon as they are put into practice, the terrible abyss comes into the world and seems to devour all the enemies.

Dun time, ye Chen felt the terrible abyss law, constantly rolling over, simply unable to resist.

"Bright moon, heavenly book, up!"

Summer if snow quickly called out a bright moon, bright moonlight.

However, that terrible abyss, crazy engulfed over, Xia Ruoxue summoned the bright moon, immediately submerged, not even a trace left.

That abyss seems to be able to swallow up the heaven and the world, which is very terrible.

Seeing this scene, Xia Ruoxue's pretty face suddenly pales. The power of Taishang's thirty-six ways is comparable to the supreme source technique. Naturally, she can't resist it.

"The picture of blue falling and yellow spring, guard!"

Seeing that the supreme heaven was shrouded in the sky, ye Chen made a decision and immediately offered a picture of blue and yellow spring.

Whoa!

A picture of an ancient scroll is floating out of Ye Chen's body.

The yellow light is surging in this picture, showing the weather of mountains and rivers, cities, pavilions, mountains and trees, sky and earth, and waterfalls. It seems like a world left behind by the world. There are all kinds of world rules interwoven. It is the yellow spring map!

In order to fight against the eight old masters of the mind, ye Chen directly sacrificed the picture of the yellow spring.

"The picture of the blue and the yellow spring? The most precious treasure of heaven! Good baby, good baby! It's a pity that your cultivation is so bad that you can't play out the power of the chart of the yellow spring. I'll suppress it! "

Among the eight old men with heart demons, Jia Zhongshu roared with ferocious voice, which stimulated the breath of taishangyuandao to the extreme.

Chapter 4555

Suddenly, the terrible abyss disaster gas, crazy impact on the chart of the yellow spring.

In the picture of the yellow spring, mountains, rivers, sky, waterfalls and so on, they were engulfed by the abyss and lost all their aura.

The majestic abyss disaster gas, even rushed to the world of the yellow spring map.

Ye Chen can clearly see that the world in the yellow spring map, countless mountains and forests, instantly covered by the abyss disaster gas, reduced to the ruins of death.

The earth shakes, the plates continue to crack and collapse, becoming a piece of real abyss.

In the past, the sacred huangquan river was cut off all of a sudden.

The Yellow River roars thousands of miles, like a dying dragon, sending out a sad cry.

Endless yellow spring holy water, poured into a piece of abyss, continuous evaporation.

The former magnificent world of the netherworld was completely annihilated and turned into a terrible abyss ruins.

Mei Lan, Zhu Ju and other disciples of Huang Lei hall, as well as Yan Kun, are all in the world of the yellow spring map. They see the abyss coming, look frightened one by one, and shrink to the corner. They have no idea what happened.

"The way of heaven is so powerful

Ye Chen is extremely shocked. His chart of the yellow spring is the most precious treasure of Hongmeng. But now, he is shocked by the way of the supreme heaven. He is almost destroyed in an instant, and the world of huangquan is also a ruin.

It can be imagined that this is too far from heaven, how terrible, how powerful.

If they are hit by the front, ye Chen, Xuelong, Xia Ruoxue, eternal king and others will surely die, and there will be no possibility of survival at all.

"It can block it! The chart of the yellow spring is really extraordinary

Jia Zhongshu was shocked. They were all masters of the real state. They joined hands and used the supreme Taoist method. Even though the stars could be crushed, they were resisted by Ye Chen.

In the legend, the picture of blue falling and yellow spring is worthy of being the most precious treasure in the world. Even such a powerful attack can be resisted.

"However, you are ruined. What will you do next?"

In Jia Zhongshu's eyes, there is a murderous spirit. Ye Chen, in the final analysis, is just to mend the seven layers of heaven. With the movement of their fingers, they can crush to death.

Just Ye Chen can block a blow against the sky, just by virtue of the details of the yellow spring map.

Now the whole picture of the blue and yellow spring has been damaged and lost all aura. Even the world of the yellow spring has turned into an abyss. Ye Chen has no powerful magic weapon to protect himself.

"The Lord of reincarnation will eventually fall."

All the guests, seeing the situation in front of them, quickly judged the situation.

Although Ye Chen was brilliant in today's slaughtering ceremony, it was the territory of emperor yuan hall, and the strong ones were like clouds.

And ye Chen's strength, after all, is far from enough, only to mend the sky. Even if you try your best, you can't turn over the sky.

Xiao shuihan, Zha Tianmo Di and others are not far away from ye Chen. They want to come and rescue Ye Chen. However, the breath of the supreme heavenly Yuan road is too strong. The space around Ye Chen is all broken into a piece of abyss, and outsiders can't get close to it.

"After killing the Lord of reincarnation, we are one half of the reincarnation law. Whoever has the ability will be able to perform the six samsara methods and understand the reincarnation road."

Seeing ye Chen's death, xuanjiyue talked with emperor Shitian about the problem of interest partition.

The most powerful magic power of reincarnation Lord is the six ways of reincarnation. It is said that it can revive the dead and establish the order of reincarnation. Its value is so great that it is even above the thirty-six ways of the supreme emperor!

The Lord of reincarnation should be born from heaven. The six samsara methods are hidden in his blood law, which is a natural supernatural power.

If you want to capture the six samsara Dharma, you must kill the reincarnation master and devour his blood law.

But reincarnation blood, only one.

Xuanjiyue plans to be half with emperor Shitian and avoid fighting each other. After all, the two are in the same realm, and neither can do anything about it.

If you only swallow half of the samsara blood, you can't fully understand the six ways of reincarnation. You can only rely on the source technique to push back. It depends on each person's ability. Whoever can push back can inherit all the samsara causes and effects. Another person's reincarnation blood will be abandoned by heaven and earth and completely invalid.

Samsara blood, will maintain the only eternal, superior to the sky, invincible.

"Well, half for one."

Emperor Shi Tian nodded and agreed to come down.

However, in his eyes, there is a trace of killing that is not easy to detect. It seems that there is a backhand left in his eyes. Xuan Jiyue doesn't notice it.

"Boy, die!"

On the other side, the heart demon eight old hands again, the dark abyss breath, overflowing to Ye Chen.

This deep breath, has not yet covered down, ye Chen's skin, covered with a layer of black gas of death.

The whole body of the blood dragon scale, also by the abyss disaster gas invasion, piece by piece, actually turned black!

Summer if Snow's face, already is a pale.

The eternal holy king looked at the abyss disaster gas in front of him, issued a wry smile, looked at Ye Chen and said, "sorry, boy, this time you have been implicated." In fact, ye Chen can not come, but in order to save the eternal king, ye Chen still came.

The details of the palace of emperor yuan are too deep. It is not ye Chen who can fight against it.

Xiao shuihan in the rear, Zha Tianmo Di and others, are dignified to the extreme. Once Ye Chen is killed, they can't escape.

The abyss of the supreme kingdom is shrouded, and all people will be swallowed up.

The emperor Shitian and xuanjiyue over there are already preparing to carve up the samsara blood and kill the booty.

The guests, seeing ye Chen about to fall, sighed euphemistically, gloated, despised, and feared the power of the imperial palace.

The word "Diyuan" stands for the way of the supreme emperor of heaven and the way of the supreme heaven.

Nine days in the void, Ren extraordinary and ye Lao see ye Chen in distress, their faces are dignified.

Just now ye Chen's thousand soldiers exploded and wounded xuanjiyue. They thought Ye Chen could escape, but they didn't expect that the situation was changing too fast. Now ye Chen was doomed.

"Damn it!"

Ji Siqing yelled, trying to save people, but it was too late.

"Do you want to do it?"

In one millionth of an hour, ye Lao conveyed his mind to Ren fan and asked for his opinions.

"Wait a minute, someone's coming!"

Ren extraordinary sharp eyes, he saw a juelian figure, is driving Tiandi chariot, through the void, quickly flying.

"Taishangtian sword, break it for me!"

A chide, from the distant void, spread to the palace of emperor yuan.

A huge sword with golden light and surrounded by dragons and phoenixes breaks through the time and space of thousands of times. It thunders down from the nine heavens and descends over the gate of emperor yuan hall.

"Tianjian Daofa? Super Kendo!? Who are you here? "

Eight old heart demons looked at the huge sword, and suddenly lost color. He caught the sky shaking sword spirit, and constantly exploded.

This huge sword is an evolution of taishangtian's sword technique. As soon as it comes down, the light of the sword will explode and penetrate the void, and all the layers of abyss and disaster will be cut off.

Heaven and earth, all at once swept away, leaving only this giant sword, towering.

"How can I be spared this grand event of the butcher's assembly?"

A high above, absolutely proud and cold voice, resounding through the sky.

I saw a veiled girl, driving the chariot of the emperor of heaven, galloping from afar.

The chariot of the emperor of heaven was actually pulled by nine golden dragons with five claws. Jiulong pulled the chariot and toured the sky. The loud and clear sound of dragon chanting was heard thousands of miles.

Thousands of miles of mountains and rivers, colorful, endless emperor light immortal gas, floating sprinkle, like the flower rain, the weather is great.

In the distant sky of nine days, there are even immortals playing flute and the mighty voice of God beating drums, which constantly conveys and shakes people's mind.

Chapter 4556

"Wei Ying, it's you!"

Ye Chen is surprised to see Wei Ying appear.

Wei Ying is still covered, obviously do not want to expose the identity in front of the public.

For the Tu Sheng assembly, she has been following Su Mo han to practice in the secret realm. Her accomplishments have broken through repeatedly, which is extremely terrifying.

Superficial cultivation is nothing. The most important thing is Wei Ying's understanding of the Heavenly Sword!

Taishangtian Jiandao is also one of the 36 taishangdao. The mystery of Daofa is hidden in the chariot of the emperor of heaven.

Wei Ying's magic weapon, Jidao Tiandi chariot, is one of the twelve true treasures of the supreme emperor. It belongs to the magic weapon of the emperor's way, and is tempered by the supreme goddess herself.

In the depth of Jidao Tiandi's chariot, tiannv has left a chance.

This chance is the way of taishangtian Kendo!

Obviously, Wei Ying has already understood the way of taishangtian swordsmanship, and has broken the abyss disaster spirit of the eight old demons.

"Let's go!"

Wei Ying drove down, and with a wave of her hand, ye Chen, Xia Ruoxue, Xuelong and the eternal holy King were all pulled to the chariot by her.

She drove the chariot of the emperor of heaven and rushed out quickly without any hesitation.

Boom!

Jidao Tiandi chariot in the void, issued a thunderous sound, plowed out a golden channel, very spectacular.

"Go

Xiao shuihan and others wake up in a dream and rush to pick up the remaining soldiers and follow Wei Ying to escape.

As everyone knows, Wei Ying is not the enemy of the eight old heart demons. She has just broken the abyss with one sword, and it is totally based on the momentum of an instant explosion.

If we really fight, Wei Ying will never be able to defeat the eight old heart demons.

Therefore, it is a good time for everyone to leave now, taking advantage of the eight old heart demons' absence.

"Wei Ying, you saved my life again."

"Get out first."

Wei Ying's eyes were cold and stern. She looked at the blood dragon and the dark devil emperor, saying:

"do you understand the Tianlong Taoism and the Tianmo Daofa

Covering the sky evil emperor eyebrow a frown, way: "what dragon way, demon way?"

Wei Ying said: "in those days, the empress dowager, the goddess of heaven, quenched the twelve true treasures. In every treasure, there was an opportunity, all of which were the methods of the supreme emperor."

"My Jidao Tiandi chariot hides taishangtian Jiandao."

"The beads of the blood dragon should be the way of the Heavenly Dragon."

"Your seven evil thousand crow pot, it should be hidden too god evil way."

Hearing this, everyone was shocked.

Naturally, they have heard of the legend of the thirty-six Taoism of the supreme emperor. However, they did not expect that there are secret books of the supreme Taoism in the twelve true treasures.

"The twelve magic weapons all have the supreme way? This is the queen of heaven. It's really a big deal

Ye Chen is surprised. The power of Taishang's thirty-six ways has surpassed the ordinary Dayuan technique and is comparable to the supreme source technique.

Just eight old heart demons taishangyuandao, instantly destroyed the chart of the yellow spring, you can imagine how terrifying the power is.

In the past, the Empress Dowager not only refined the twelve true treasures, but also left the chance of the supreme Taoist method. It was just a huge and shocking stroke.

The blood dragon was also surprised and said, "this supreme heavenly daughter is so kind? So many opportunities? I'll have to understand it when I get back. "

Ye Chen's face sank and said, "that's too good. She wants to raise pigs."

Blood dragon a Leng: "raise pig?"

Ye Chen bit his teeth and said, "don't say this, let's leave the palace of emperor yuan quickly."

Today's slaughtering meeting finally saved the eternal holy king. However, the wild rock devil fell down, the sword tomb elder and the yuan God army also died. The map of the yellow spring was destroyed and all the ten yuan soldiers sacrificed. The price was too high.

"Master, is it worth paying so much today to finally save people?"

Xiao shuihan asked, he had no friendship with the eternal king, so he spoke very straight.

In his eyes, the eternal King's life is certainly not comparable to the ten source soldiers and the yellow spring map.

That's the top ten soldiers. I don't know how precious the weapons made by the emperor's heavenly daughter. Now ye Chen sacrificed all of them to save the people. The sacrifice was too great.

There is also the picture of the yellow spring. It is so damaged that I don't know whether it can be repaired.

There are also yuanshenjun, whose casualties are quite serious.

Originally, the slaughter of saints meeting, the results are very fruitful, killing cold evil flower demon, blood eating ghost owl, Tianxin sword butterfly, and dizang witch riding, absolutely make money.

But the problem is, now that Jianfen Er Lao is killed, Xuan Jiyue and Emperor Shitian are ready to take the flesh and blood of Jianfen Er Lao, and rebuild the second generation of heaven and earth, which is merciless and cold-blooded.

That ye Chen side of the battle, suddenly became a joke, no effect, and did not eradicate the Queen's palace and the palace of the emperor yuan.

When they heard Xiao shuihan's question, they were completely silent.

The eternal king was silent, and the atmosphere was so oppressed that he could not speak. Ye Chen, however, had no complaint. His eyes were still firm and said, "Xiao, I work only for a clear conscience."

"Today I try my best to save yonglao. I can sleep well."

"Those who died today will be remembered in my heart. One day, I will wash all the hatred with blood!"

"If I awaken my reincarnation, I will revive all the dead!"

Speaking of the end, ye Chen tightly clenched his fist, and his eyes were burning with fighting intention.

He will never forget the death of Jianfen Er Lao. One day, Xuan Jiyue and Emperor Shitian will pay the price.

Now to be able to save the eternal king, has been a great luck, there is no need to worry about what gains and losses.

"Thank you, ye Chen."

The eternal king looked at Ye Chen gratefully and sighed.

"Sorry Master, I was wrong. "

Xiao shuihan lowers his head.

Ye Chen is right. He acts with a clear conscience. Why worry about so many gains and losses?

Between the words, Wei Ying's chariot had already galloped thousands of miles away from the palace of emperor yuan.

"We're safe."

Wei Ying breathed a sigh of relief.

"No, wait!"

However, ye Chen's insight into the nature of nature has vaguely captured the extremely dangerous breath.

The crisis of the slaughtering assembly is not over!

"What's the matter? Is there a pursuer in the palace of emperor yuan

Wei Ying looks puzzled, her extreme way emperor chariot, speed is very fast, no one should be able to catch up with.

"No, the devil trial! I feel the murderous spirit of the heart demon, coming soon! Be careful

Ye Chen's face suddenly changed, and he felt the dangerous future.

.....

At this time, emperor yuan hall.

Wei Ying suddenly appeared and took Ye Chen and others away. All of them were shocked.

"Taishangtian Kendo? Who's that girl? How can she be too much? "

"How sacred is it to rescue people from under the eyes of emperor yuan hall?"

"I can't believe that the reincarnation master still has the chance to escape from the heaven!"

All the guests were shocked to see ye Chen escape from death.

In the blink of an eye, ye Chen and others have completely disappeared in the sight of the public.

Chapter 4557

Between heaven and earth, only the tiny golden light left by Jidao Tiandi's chariot is left, and the sound of dragon's roar comes faintly from the distance.

"Juechan palace? The palace of juechan emperor dares to rescue the reincarnation master! "

"On the contrary, on the contrary! A little juechan emperor's palace, dare to fight against me

Seeing this scene, xuanjiyue was extremely angry and pulled out the Shenluo Tianjian with a clang sound.

When she saw the Tiandi chariot, she knew it was juechan emperor palace.

It's a pity that Wei Ying runs so fast that she can't stop her.

All the changes happened between the electric light and flint. Even Xuanji moon didn't react.

"Emperor Shitian, go and arrest! What are you doing? Do you want the reincarnation master to run away? "

It's within the sphere of influence of emperor Xuanyuan.

Only when the emperor releases his hand, can he penetrate all the fog of causality and gain insight into the escape traces of Ye Chen and others.

Even if xuanjiyue wanted to kill, he didn't know where the man was.

"Empress, don't worry, I will send you on the road first, and then let the reincarnation lord go down to accompany you."

Emperor Shitian smiles and stares at xuanjiyue. His eyes are full of murderous spirit.

Xuanjiyue's heart sank, and suddenly felt the danger of heaven. She called out, "emperor Shitian, you..."

The cry did not fall, xuanjiyue suddenly felt a ray of terror in her heart, attacking her mind.

All of a sudden, xuanjiyue's mind was filled with endless illusions. Countless demons complained about her, and she was about to spit out a mouthful of blood.

"Heart demon curse sword? You When do you... "

Xuanjiyue tightly covers her chest, and is suddenly attacked by a heart demon. She is shaking all over her body and her eyes are staring.

She has been very careful, everywhere on guard against emperor Shitian, but did not expect, or silent, was attacked and killed by the heart demon.

"You are still careless about the body of Jianfen Er Lao."

Emperor Shitian smiles and gently touches xuanjiyue's cheek with a gentle gesture.

But behind this gentle, there is a great opportunity to kill.

"Two old swordsmen? You You fucked the body? It's impossible! "

Xuanjiyue shivers all over her body, and finally catches the source of the heart evil breath, which is from the drop of purple blood on her hand!

This drop of purple blood was refined from the corpse of zizun among the two elders of Jianfen.

Zizun's body, originally in the hands of emperor Shitian, was exchanged with xuanjiyue.

Xuanjiyue has carefully examined the corpse, and there is nothing unusual about it.

But now, she found herself wrong, very wrong.

Emperor Shitian had already done something on this corpse, and buried a wisp of heart demon sword Qi, but it was hidden in the abyss, and xuanjiyue did not find it.

The emperor Shitian secretly used the Tianyuan Taoist method to lay the abyss in the corpse to hide the evil spirit of the heart.

If at ordinary times, this trick can not be concealed from xuanjiyue's eyes.

However, the eight old heart demons also want to kill Ye Chen.

This led to the abyss disaster gas everywhere between heaven and earth. The deep breath of zizun's corpse was naturally covered up.

Xuan Jiyue was caught in a trap by mistake!

"I don't want to kill you. It's good to brainwash you into a puppet."

"But I'm afraid of your Divine sword."

"So you'd better die."

"Don't blame me. I will miss you. When I realize my dream of Utopia, I may revive you in a new world."

Emperor Shitian showed the winner's smile, very gentle, very lovingly stroking xuanjiyue's hair and face.

He felt that the temperature of xuanjiyue's skin was dropping rapidly and became cold.

This is the performance that the mind is about to fall after being hit by the heart devil's curse sword.

"You You dare to attack me! You have a kind of integrity, and I fight to the death

Xuanjiyue's breath became extremely short. She only felt her head buzzing, and countless psychic illusions were surging wildly. She was almost about to swallow her up. She could not suppress her death.

"I'm sorry, you can attack and assassinate. Why do you have to fight so much?"

"In fact, I want to give you a good time."

"It's a pity that you can't touch blood if you use the heart demon's curse sword to kill people, otherwise there will be great cause and effect added to the body."

"I can only watch you, slowly dying under the torment of the devil."

"I'll ask someone to set up a monument for you. I'll worship you when I'm free every year."

"Rest in peace, Miss Xuan."

Emperor Shitian sighs mildly and pats the fragrant shoulder of xuanjiyue.

Xuanjiyue groaned in pain and fell directly on the ground, constantly twitching.

A series of gray and black heart evil spirit continuously diffused out of her body. Her originally beautiful facial features had been completely twisted, and her throat was full of crying and roaring.

This is the heart demon attack to the extreme, almost manic performance. The emperor Shi Tianyan was so murderous that he wanted to kill xuanjiyue immediately to avoid future troubles.

But he must not.

Because, the heart demon big curse sword cannot be contaminated with blood.

The heart demon's big curse sword kills people by hooking people's heart demons, making people cry and die under the torture of their own heart demons.

In this process, Emperor Shitian can't disturb the killer, otherwise he will be infected with blood, and will suffer the great retribution.

This is also the fatal weakness of the heart demon curse sword!

Once the enemy's heart is tough enough to survive the calamity of the evil spirit, the emperor Shitian's killing plan will be completely defeated, and then he will kill the enemy himself. The cause and effect is very heavy, which is very difficult to deal with.

However, it is almost impossible for xuanjiyue to rely on her own will to get rid of the fetters of the heart demons.

In the eyes of the emperor, xuanjiyue is already a corpse.

"Shenluo Tianjian, it's mine!"

Emperor Shitian looked at xuanjiyue's sword, and his eyes flashed a little blazing. He grabbed the sword and seized it.

Buzz!

However, the Shenluo Heavenly Sword trembled constantly, but it was in a violent struggle. Suddenly, it broke away from the control of emperor Shitian. He even cut a bloodstain on his palm, fell to the ground, and jumped to xuanjiyue's side.

"The supreme source soldiers are really extraordinary!"

Emperor Shi Tian looks at the bloodstain in the palm of his hand, and his eyes are suddenly bright.

Shenluo Tianjian has recognized the master of xuanjiyue. Before xuanjiyue falls completely, it is impossible for an outsider to touch this sword.

Even the emperor Shitian couldn't suppress the edge of shenluotian sword, and he wanted to be cut. You can imagine how sharp this sword is.

However, as long as xuanjiyue dies and Shenluo Tianjian loses its master, Emperor Shitian can take charge of it.

When he thought that he was in charge of Shenluo Tianjian and threatened the whole world, he could not help but blood and turbulence.

"What's going on?"

"How did the queen fall?"

"Ah, you see, the queen has a heart evil spirit!"

"The queen is possessed by a devil!"

"There is something strange about Emperor Shitian!"

Chapter 4558

"Is the emperor the master of the heart demon?"

All the guests, see xuanjiyue good, suddenly fell down, immediately look at each other in horror.

All of us can see that xuanjiyue has a heart demon's resentment, and the whole person is struggling with pain and convulsion. Her appearance is very terrible, and she is obviously in the heart.

People's eyes, together brush to the emperor Shi Tian.

Is it true that the emperor is the master of heart demons?

"Your majesty!"

Xuanjiyue's more than 1000 sword women in black were completely shocked to see the Queen's accident.

"Emperor Shi, you can attack the queen successfully!"

Eight old heart demons see xuanjiyue fall, is also extremely shocked.

If there is a direct confrontation, Emperor Shitian may not be able to defeat xuanjiyue. But now, Emperor Shitian uses the heart demons to attack and kill. He successfully attacks xuanjiyue without any effort!

The heart evil tumor is very terrible. Once a person is infected by the heart demon, he will sink completely. The higher the cultivation level is, the more terrible the heart demon will explode.

Now, if you don't spend a month, you will die.

"Elders, help me to launch the heart demon trial!"

Emperor Shitian's body rose from the sky, and his whole body was filled with bright sunlight. He was as brilliant as a sage, with white hair flying all over his head.

Each white hair has evolved into a world of self-reliance, countless worlds, mixed and interwoven into an ideal country. In this ideal country, there are holy and bright gods everywhere, and each of them stands tall and straight into the clouds.

A loud and powerful chant, like a saint's Hymn, resounds through the sky, washing people's mind.

This is the emperor of heaven!

This is the future world in the fantasy of emperor Shitian.

In this future world, everyone will live and work in peace and contentment. There will be no demons, no reincarnation and the shackles of fate. All people are like natural gods. They will enjoy their happiness forever.

Ordinary people's self-reliance is one, but the emperor's self-reliance in heaven is countless!

Emperor Shitian's white hair, every hair, can evolve into a small world.

The endless world, one by one, is superposed one by one. The power of the powerful world law to the extreme makes the heaven and earth vibrate, and the universe thunders. It seems that all the heaven and earth are shaken by the emperor's interpretation of heaven.

Unimaginable, indescribable and majestic pressure, shrouded in everyone's heart.

"This is the strength of emperor Shitian?"

Everyone in the audience was extremely shocked and felt the pressure was overwhelming.

Some weak practitioners, crushed by the world law of emperor Shitian, knelt down directly and shivered.

"Heart demon curse sword, up!"

Emperor Shitian raised his head to the sky and roared. His sword, which was holy, bright and shining, without a trace of murderous spirit, floated out of his body and was suspended high at the summit of the future world.

When the strong men of all walks of life saw the sword, their hearts beat violently. All the negative emotions hidden in their hearts, such as greed, evil, desire, jealousy, hatred and anger, were all hooked up.

A layer of negative emotions, the instant evolution of a terrible heart demon.

All the people's bodies were filled with dark evil spirits, varying in thickness.

"Oh, Emperor Shitian, you are really the master of heart demons!"

"Damn it, watch out for the demons!"

"Join hands to kill emperor Shitian! Get rid of this tumor

Seeing that the evil spirit of the heart was surging up, they quickly used their power to suppress it.

If we fight alone, no one can defeat the heart demon curse sword of emperor Shitian.

But now, Emperor Shitian wants to control the whole field, and the sword Qi's killing power is greatly weakened.

Therefore, the evil spirit from the people is still within the scope of tolerance. They can be suppressed by their own martial arts, magic weapons, and magic techniques. Unlike xuanjiyue, they are in a hurry to be suppressed.

Emperor Shitian is actually the master of the heart demon. This truth shocked and angered everyone.

The Lord of heart demons is the biggest cancer in the universe. Everyone will kill it. Now people know that emperor Shitian is the master of heart demons. In their anger, they want to join hands to eradicate emperor Shitian.

If all the guests from the outer world are not blocked by the powerful people from the outer world.

"Elders, please lend me the imperial edict and help me to launch a trial."

The emperor Shi Tianwang is looking forward to the eight old heart demons. He only cultivates the sword to the fifth level. He can't control the whole court by his own strength. He must have the support of the eight old heart demons.

"Emperor Shi, do you really want to launch a trial?"

The eight old men with heart demons look ugly. If the trial plan fails, they will die.

"The reincarnation master has already run away. Only when we launch the judgment of the heart demon and let the heart demon cover the world, can we kill the reincarnation master, or there is no other way!" Emperor Shitian's voice is cold and stern. At this time, the strong men of various schools have rushed to kill him. Many experts have offered magic weapons and magical powers to surround and kill emperor Shitian.

"Kill the emperor, release heaven, save the queen!"

The more than 1000 sword women in black were the first to rush out. They wanted to kill the emperor Shitian, untie the heart demon curse sword, and save xuanjiyue.

In the palace of emperor yuan, many of the disciples and elders were also confused when they saw the magic sword of heart demon floating in the sky.

Ordinary disciples of the temple of emperor yuan don't know the real identity of emperor Shitian. They think that emperor Shitian is a saint in ancient times. They want to inherit the Enlightenment of the whole world. However, they think that emperor Shitian is the most hateful heart evil tumor in the universe.

Seeing that emperor Shitian was surrounded and killed by experts of various schools, the disciples of emperor yuan hall were at a loss and were stunned.

"The way of the emperor of heaven has been suppressed by me!"

The emperor Shitian was not in a hurry. His eyes were filled with blazing emperor light, and his whole body was full of golden light. The endless golden light turned into a Dragon Robe of the emperor of heaven, which was draped on him.

The majestic majesty of the supreme emperor also rose from the emperor Shitian.

At this moment, the emperor's interpretation of the heaven is like the supreme emperor of heaven, who is nine days high. He has a Dragon Robe, three thousand feet of white hair, golden light and flaming flame, and his hegemony is to the extreme.

Boom!

The emperor released the sky with one hand, like the emperor's rage, bleeding thousands of Li, Fu corpse million.

The women in black were shocked to bleed and more than 1000 people were killed on the spot.

There are even some experts at the top of the original realm, whose bodies are crushed into pieces of meat and splashed with blood under the hand of emperor Shitian.

The rest of the people are afraid of the emperor's power and fear of retreating.

The divine power of emperor Shitian is exactly the way of the supreme emperor, one of the legendary thirty-six ways of the supreme emperor. As soon as it is put into practice, the emperor's Dragon Robe will be added to the body, and the dragon will gallop with the tiger's feet. It will shake the sky with his hands and control the earth with his hands. His power is very powerful.

The eight old man of the heart saw this, and his face was gloomy to the extreme.

Chapter 4559

It was agreed that the reincarnation of the emperor and the release of the devil were the first.

But now, the reincarnation master has run away, but the emperor Shitian wants to borrow their Fu Zhao.

Emperor Shitian said: "elders, there is no time. If we delay it, the reincarnation master will escape completely. We will have no chance to catch him again."

Hearing the speech, the eight old heart demons looked at each other, bit their teeth, and finally offered the heart demon Fu Zhao.

"We believe in you, Tishi."

"Don't let us down. When the heart demon comes to the world, we must seize the reincarnation master and seize the six samsara methods!"

"It's up to you to resurrect the former Lord and revive the Enlightenment of ancient sages."

At present, ye Chen has run away, if you want to kill him, you can only rely on the heart demon trial.

Once the trial of the heart demon is launched, the evil spirit will cover tens of thousands of Li, even ye Chen can not escape.

But if time goes on, ye Chen leaves the scope of the heart demon trial, and then it will be meaningless to launch the heart demon trial again.

Weigh again and again, the heart demon eight old still offered the heart demon Fu Zhao.

At that time, Yan Changge, the former leader, fell down. Before he died, he left a Fuzhao for each of them.

This Fu Zhao, with the breath of the eighth layer of the heart demon curse sword, is very powerful.

I saw eight Fu Zhao, respectively from the heart demon eight old body float out, fly to the sky above.

these eight characters as like as two peas, with a black heart and evil spirit, covering a layer of fierce and strange, evil and evil evil spirits, and the distant and the heaven release of heaven's magic spell.

At the sacrifice of the heart demon Fu Zhao, the faces of the eight old heart demons were pale and suddenly fell into weakness.

This heart demon Fu Zhao is the thing of their own destiny. Once it is lent to the emperor to release heaven, it will naturally hurt their vitality.

But in order to launch the heart demon trial and kill the reincarnation master, the eight old heart demons don't care so much.

Thank you very much, elders

Looking at the eight heart demons Fu Zhao, Emperor Shitian was immediately overjoyed, his white hair was flying, and his mouth uttered an ancient chant:

"Fu Zhao's great power, Qi is added to the body, heart and demon judge, and clear the world!"

Hum!

The heart demon sword of the emperor Shitian vibrated violently and its edge was blooming.

The eight heart demons Fu Zhao, all gathered on the heart demon big mantra sword, wisps of terrible evil spirit, evil spirit, evil spirit and so on, madly poured into the sword body.

The originally pure and holy heart demon curse sword suddenly erupted a terrible magic power, continuously filled with black gas, and the sound of ghosts crying and Howling was heard all over the nine days.

The sky of nine days was suddenly dark. The whole sky was full of gloomy evil spirit. It seemed that some evil spirits and beasts were dormant, and even the air had a strange smell of corpse.

The strong men who besieged the emperor Shitian felt that the demons were everywhere and everywhere.

Just now the heart demon curse sword, just hook people's heart demons, will not affect the weather of heaven and earth.

But now, after absorbing the heart demon Fu Zhao left by Yan Changge and the heart demon sword of emperor Shitian, the sword Qi has soared by tens of thousands of times, covering tens of thousands of miles of land in an instant.

Now the heart demon's curse sword has obviously reached the level of the eighth heaven!

This is not the strength of emperor Shitian, but the Fuzhao Yuwei left by Yan Changge, the former master of heart demons!

Heart demon eight layers of heaven, this is what concept, in addition to the supreme gods, no one can resist!

"Ah! What a powerful demon

"The heart demon is eight layers of heaven, how can emperor Shi Tian be so powerful?"

"This is the remaining power of Fuzhao of the former master of the heart demon!"

"Yan Changge, the ancient sage, was actually the master of the former generation of heart demons?"

All the strong people in the hall screamed.

Absorbing the energy of the heart demon Fu Zhao, the heart demon sword of the emperor Shitian has reached the level of the eighth heaven in a short period of time, sweeping the whole field in an instant.

Just now, people can barely suppress the heart demon, but now they can't hold it down. Everyone screams and dances like drowning. Some people fall on the ground, twitch and struggle. They try their best to grasp the head, face and skin with both hands, and scratch out blood stains. Under the torture of the heart demon, they want to tear themselves apart.

Emperor Shitian's pressure immediately dissipated, and no one was besieging him any more. All the people were howling and twitching under the torture of the heart demon, like crazy self mutilation.

"The Fu Zhao left by the former Lord is really powerful."

Emperor Shitian was overjoyed. The power of the heart demon Fu Zhao was beyond his imagination. In a moment, it swept the whole audience. No one could resist it. It was invincible.

If you look over the sky, you can see a black heart demon boundary, like a big pot cover, covering all the tens of thousands of miles around the palace.

Rolling endless black gas, poisonous tens of thousands of miles of mountains and rivers.

Among thousands of mountains and valleys, all kinds of raptors and beasts, attacked by the evil spirit of the heart, sent out sharp and strange screams, and their eyes suddenly turned red with blood and fell into a state of madness.

There are also many cities, everywhere the heaven and earth, the clan family and so on, countless people have been attacked by the heart demon, instantly crazy. Tens of thousands of miles of rivers and mountains have been completely captured by the evil spirit of the heart. No matter whether it is the strong martial arts or the weak ant butterfly, as long as they are flesh and blood creatures, they all fall into the heart evil and evil barrier, and they can't get away from it.

.....

Nine days empty, Ren extraordinary, ye Lao, Ji Siqing three people, see the scene below, suddenly shocked.

It was just a beautiful mountain and river. Now it is completely eroded by the dark evil spirit. It seems that it has turned into Purgatory, and all living creatures are howling.

"Emperor Shitian really launched the heart demon trial!"

Any extraordinary vision is sharp, the eye faintly has the murderous spirit to pass by.

Ye Laochen said: "emperor Shi is naive and not afraid to die. He dares to open his identity and launch a trial of heart demons. No matter whether he is successful or not, the masters of the world in the future will not be able to let him go. Moreover, such a strong spirit of heart demons will also disturb the superior people."

Ren extraordinary way: "you guess those guys, will start to kill emperor Shitian?"

Ye Lao pondered for a while, shook his head and said, "no, because of the rules, the superior people can not come in person. They can only launch agent wars. But if you look at the universe, which agent can resist the present emperor Shitian? You know, even Xuanji moon is down now. "

Ren Feihe laughed and said: "don't look down upon those guys. The emperor Shitian is cautious all his life. When he sees xuanjiyue get Shenluo Tianjian, he is disordered. If he starts a heart demon trial so soon, his impulse will have a price. Even if he doesn't die today, his life will not be easy."

"Two elders, what about ye Chen? What will he do? "

One side of Ji Siqing, listen to Ren fan and ye Lao's conversation, immediately anxious questions.

She doesn't care about the trial of heart demons or the emperor Shitian. She only cares about ye Chen's safety.

Now the evil spirit of the heart is covering tens of thousands of miles. Ye Chen must not have escaped.

In case, ye Chen also fell in the heart demon disaster, what should be done?

Chapter 4560

"Wait a minute."

Ren extraordinary extremely patient, arrived at this critical point, still did not have the meaning of hand.

Today's slaughtering meeting is a disaster for ye Chen. If he helps, it will certainly affect Ye Chen's growth.

.....

Below, endless heart evil disaster gas, more and more thick, as if ink dyed black heaven and earth.

"The heart demon washes, listens to my order, refines the puppet!"

Emperor Shitian sword refers to the heaven. His heart demon curse sword is the source of all heart demons' disaster Qi. As long as the source is controlled, he can do whatever he wants and turn everyone into a heart demon puppet!

Many of the guests present are experts from the major sects and families outside the country. They hold countless secrets. If they can be made into puppets, the emperor Shitian will be invincible. He can not only preach the truth successfully, but also control the whole foreign country! Even give him enough time to devour heaven and man step by step!

A terrifying force of heart demons, mixed with the magic method of the supreme emperor of heaven, diffused out of the emperor's Shitian sword and instantly covered the whole gate of the emperor yuan palace.

Many of the guests stopped their struggle. Their divine consciousness was completely occupied by the heart demons. Their eyes became empty. They stood up like walking corpses and became puppets of emperor Shitian.

Only a small number of strong people can rely on their own will, barely resist the brainwashing of the heart demon curse sword, but it is estimated that it will not last long.

In the past, the disciples of the emperor yuan hall, under the accumulated power of the emperor Shitian, did not dare to resist. They were brainwashed and became absolutely loyal puppets.

A wisp of thick black gas, with the breath of the heart evil Road, fell from the sky and fell on the emperor Shitian.

This is a sign of the success of the sermon, and there will be a great fortune soon!

"Very well, the sermon is almost successful! As long as you control all the people, my heart demon magic sword will advance by leaps and bounds! "

Emperor Shi Tian was very happy and looked at Xuan Ji Yue.

Now xuanjiyue is still on the ground, and the surrounding ground is as black as a swamp, full of layers of evil spirit.

"If you can make xuanjiyue into a puppet, it will be perfect."

If Xuan Jiyue becomes his puppet, he can do whatever he wants.

But the idea, just a flash away, soon extinguished.

Xuanjiyue's details are not trivial. Emperor Shitian is not sure how to control her, so it is better to kill her.

"I actually want to turn xuanjiyue into a puppet. My heart is not right, but my sword is evil. The evil spirit of the eight layers of heaven is really terrible!"

And aware of his just evil thoughts, Emperor Shitian's face immediately dignified down.

Emperor Shitian has always had a clear conscience and never had any selfish and evil ideas. But just now, he did have a trace of evil thoughts.

Obviously, he was also affected by the evil spirit of the heart.

When you practice the heart demon's mantra sword to the eighth level, it will be full of evil, which will even eat itself back. It is a very terrible disaster.

Once eaten back by the heart demon, he will never be able to turn over.

But as long as you successfully cross the heist, the realm of the heart demon's great curse sword will break through to the top of the nine layers of heaven!

"The supreme heaven, hide your soul!"

The emperor Shitian pinched a formula and displayed the way of the supreme heaven. He opened up an abyss space in his body and hid his mind completely in the abyss.

In this way, he can avoid the attack of the heart demon, without fear of losing.

Eight old heart demons are also the same method, using the way of the supreme heaven, hiding the soul, not affected by the evil spirit of the heart.

They dare to lend Fuzhao to Emperor Shitian, and they are not afraid of rebellion from emperor Shitian because they have mastered the mystery of the supreme heaven way.

Taishang Tianyuan Dao can control heart demons to death. Once the abyss world is opened up and hides the soul, it will not be affected by the heart demon.

Unless emperor Shitian's heart demon sword can reach the Ninth level of the highest peak, it can't break the abyss at all.

All of them are proficient in Taishang Tianyuan Dao and can resist ordinary demons. As long as the emperor Shitian doesn't practice to the Ninth level, he has no way to deal with the superior.

"Emperor Shi, go after the reincarnation master quickly!"

Heart demon eight old one voice, urge emperor Shi Tian to move quickly.

Now that the trial of heart demons has been launched and the situation is on one side, the emperor Shitian is in the best position to kill the reincarnation master.

"Don't worry, the Lord of reincarnation will die today!"

"Enchantment, shrink!"

The emperor's eyes of heaven and his eyes were killing, and he kept pinching the secrets in his hands, covering tens of thousands of miles of heart and devil, and immediately began to shrink.

.....

Ye Chen, Wei Ying, Xia Ruoxue, Zha Tianmo Di and others are fleeing the crisis of Diyuan palace.

When the emperor Shitian launched the heart demon trial, they clearly saw that the black disaster gas was rising in the heaven and earth.

The whole sky was dyed black like ink, as if there were countless demons hidden, faintly came the strange howl. In the eyes of Ye Chen and others, heaven and earth are all black, mountains and rivers are completely inked with ink. Within a radius of tens of thousands of miles, mountains and rivers, cities, pavilions, flowers and trees, breeze and white clouds are all contaminated with the evil spirit of the heart.

In this area, all living creatures, nowhere to escape, are trapped in the evil heart of the devil, completely crazy.

The howls, screams and struggles of countless creatures came from all directions, almost piercing the eardrum.

"Be careful, Emperor Shitian has launched a heart demon trial!"

Ye Chen's heart is beating wildly, there is a stream of evil thoughts, from the bottom of his heart.

Looking around, he found that there was a trace of disaster on the body of Zha Tianmo emperor, Xia Ruoxue, Xiao shuihan, Wei Ying, etc., which was obviously a sign that the heart demon was going to attack.

Wei Ying's palms trembled, and she even wanted to tear the veil off.

Looking at Yu Chi Yao, Zha Tian Mo Di raised his hand and his eyes were murderous. Under the influence of the demon, he even wanted to kill Yu Chi Yao.

"Brother devil!"

Yu Chi Yao's face turned white with fear and retreated.

"Be careful, come to me!"

"Hongmeng big star sky, soul body transformation, soul printing, Wutu source rune, guard!"

Ye Chen has a big drink, a wave of his hand, a bright star sky, evolved from his palm, covering all the people.

It's the big starry sky!

At the same time, there are three soul seals around!

As soon as the big star appeared, all kinds of evil spirits were suppressed.

Under this starry sky, it is the earth where the Wutu source symbol evolved, which is extremely strong.

Foot on the earth, the head of Hongmeng starry sky, covering the spirit of the devil emperor and other people, suddenly completely calm down.

No matter it is the big star sky, the five earth source rune, or the soul seal, it has the effect of resisting heart demons.

Under the protection of the starry sky and the earth, the demons of the people's hearts did not break out.

"Sorry."

After waking up, he first apologized to yuchiyao.
