

## Physician 4561

### Chapter 4561

"Ye Chen, look!"

Summer if snow lean to Ye Chen side, pointed to the front, eyes with panic color.

In the sky ahead, there was a layer of forbidden shield like things falling down and blocking the way of everyone.

The forbidden shield is surrounded by all kinds of heart demon runes, and endless disaster Qi is surging.

"It's a demon! We're on the edge of the border! "

Ye Chen's eyes suddenly shrunk. The forbidden shield in front of him is obviously the crystal wall of the heart demon's boundary.

Emperor Shitian launched the heart demon trial. Within tens of thousands of miles, all the creatures were enveloped by the heart demons. All living creatures could not escape. They could only lose their intelligence and become the puppet of emperor Shitian under the torture of endless heart demons.

"Taishangtian sword, broken!"

Wei Ying scolded, waved her palm, and poured out a magnificent golden light. She turned into a huge sword, which was cut and killed fiercely towards the crystal wall of the heart demon.

Bang!

The sword cuts on the crystal wall of the heart demon, making a heavy crash sound, but it can't shake the crystal wall.

"I can't even cut the taishangtian sword!"

Wei Ying looked surprised and couldn't believe it.

"Don't waste your energy. There is no weapon in the world that can break the heart demon's cancer except the supreme source soldiers."

Ye Chen's face is extremely dignified. This layer of heart demon crystal wall is very solid. Unless you use the supreme source soldiers, you can't break it.

"What to do, are we going to be trapped here alive?"

Wei Ying's face sank and looked at the starry sky above her head. In case the sky sank, they would be completely ruined.

Heart demons curse sword is really terrible. They have escaped tens of thousands of miles from the palace of emperor yuan, and they are still affected by the evil spirit of the heart.

"Pass on the work to me! Wait for the heart demon trial to end! Such a huge trial plan will not last long

Ye Chen bit his teeth and sat cross legged to maintain the operation of Hongmeng big star sky.

As long as the sky is still there, they won't fall.

Hearing Ye Chen's words, Xiao shuihan and Zha Tianmo Di look at each other, and immediately stretch out their palms, one left and one right, against Ye Chen's back, transmitting their own spiritual power to Ye Chen.

Xia Ruoxue and Wei Ying put their palms against the back of Xiao Shuihan and Zha Tianmo emperor respectively, and passed on their merits to Ye Chen along their bodies.

The blood of the past is connected with the blood of the dragon.

Ye Chen gets the spiritual power of all the people, and suddenly his spirit is booming. The starlight of Hongmeng big star sky becomes more and more bright.

"Hold on! As long as we have the same heart, we will be able to drag it to the end of the demon trial! "

Ye Chen's eyes are determined. Now the eternal king has been saved. As long as you drag it to the end of the heart demon trial, it can be a happy ending.

Buzz!

However, the cooperation of Ye Chen and others did not last long. The crystal wall of the heart demon shrouded in heaven and earth shook violently and began to shrink inward.

As soon as the crystal wall of the heart demon shrinks, it looks like a giant palm covering the heaven and earth, and holds it tightly.

Within the boundary of heart demon, mountains, forests and cities are crushed by the shrinking crystal walls of heart demons.

Countless creatures, squeezed by the crystal wall of the heart demon, are reduced to flesh and mud, and their bones are gone.

"Not good. The enchantment begins to shrink."

Ye Chen is aware of this scene, immediately incomparably shocked, and captures the great crisis.

Obviously, even if the emperor Shitian was far away, he did not want to let him go.

Now the emperor Shitian contracted the boundary, which was obviously aimed at Ye Chen, and forced Ye Chen to return to the palace of emperor yuan.

Looking at that layer of heart demon crystal wall, constantly shrinking and squeezing, ye Chen and others have no choice but to fly back to the mainland.

"Damn it, Emperor Shitian wants to force us to go back!"

Wei Ying bit her teeth and felt bad.

With the continuous contraction of the heart demon boundary, people's range of activities is becoming smaller and smaller.

The outline of the gate of the temple of emperor yuan soon appeared in people's sight.

Countless strong people's struggle howl, can't bear to listen.

In the past, the gate of the imperial yuan hall, which used to be resplendent, has now been dyed into a hell like world by a strong evil spirit.

The emperor's white hair was 3000 Zhang, standing high in the sky, towering like a God's figure, also appeared in the eyes of Ye Chen and others.

The heart demon's big curse sword, which is nine days high, is fierce and fierce. It can't be seen directly, defeated and resisted.

"Ye Chen, if my demons break out later, you remember to kill me."

Xia Ruoxue holds Ye Chen's hand, and her eyes are red, showing a look of despair.

The magic sword of the emperor Shitian's heart demon is so powerful. Within tens of thousands of miles, all the strong people have fallen, and no one can resist it.

Xia Ruoxue doesn't want his own demons to break out and is controlled by the emperor Shitian. He just wants to die.

"Master, have we failed in the end?" Blood longan eyes, is also a gloomy, originally thought that can escape from the emperor yuan palace, did not expect to be alive by the emperor Shitian forced back.

"Brother devil, if my demons break out, you should also remember to kill me."

Yu Chi Yao took the hand of the demon emperor, knowing that he would die, but with a trace of relief in his eyes.

The emperor did not speak, his face was solemn.

Even Xiao shuihan, who has always been fighting high, can't speak now.

Even if he wanted to work hard, he couldn't meet the emperor Shitian.

Even if anyone dares to leave the protection of Hongmeng big star sky, he will be immediately eroded by heart demons, lose his mind, become crazy, and even become a puppet of emperor Shitian.

Hum!

The vibration subsided.

Heart demon enchantment, complete contraction.

Originally covering tens of thousands of miles of the heart demon boundary, now only shrouded in the temple gate of the emperor yuan, from a big pot cover to a small pot cover.

Ye Chen and others were forced back to the palace of emperor yuan.

Returning to the palace of emperor yuan, ye Chen, with an endless bitter smile, looks at the emperor Shitian, who is in the sky. His blood is cold and has lost the intention of war.

In the past, no matter how fierce the enemy met, ye Chen was always boiling with a sense of war and never yielded.

But now, ye Chen is completely disheartened.

The emperor Shitian, who is in charge of the heart demon's curse sword, is so powerful that it can't be defeated by any means.

Outside the palace of emperor yuan, tens of thousands of Li of mountains and rivers have been completely broken.

Just after the boundary of the heart demon contracted, the earth was plowed by the crystal wall of the heart demon. Whether it was mountains, rivers, or cities and forests, it became ruins.

Tens of millions of people, all crushed, into a pool of sticky mud on the ground.

The outside world is really razed to the ground.

Obviously, the emperor Shitian was not interested in the life and death of ordinary people. The heart demon trial was only aimed at Ye Chen and the guests in the palace of emperor yuan.

As for the outside world, it doesn't matter if all the people are killed. This blood evil cause and effect is not worth mentioning in the eyes of the emperor.

Chapter 4562

Ye Chen holds the sword in his hand and looks at Xia Ruoxue, Wei Ying, Zha Tian Mo Di and others.

People also look at Ye Chen, all silent do not speak, are the same mind.

Once the Hongmeng star sky collapses, the heart demons attack and kill, people immediately commit suicide, so as not to become a walking corpse.

"Ha ha, Lord of samsara, welcome back."

Emperor Shitian Yukong in the sky, see ye Chen's figure, full of joy.

"Hongmeng big star sky? It's kind of interesting. I didn't expect that you could understand such supernatural powers. Fortunately, it's only an embryonic form. If it's a complete version of Hongmeng's starry sky, I'll be fine with you today. "

Emperor Shitian looked at Ye Chen's big starry sky again, his eyes narrowed slightly, quite surprised.

If you want to understand the great starry sky of Hongmeng, you must have seen all the ancient methods of Hongmeng. However, the tianwu Wolong Sutra has been lost for a long time, and even the supreme gods have never seen it. Naturally, it is impossible to understand the great starry sky of Hongmeng.

Now ye Chen is guarded by Hongmeng stars, which really surprised the emperor.

Fortunately, this big starry sky is just a prototype with limited power. It can not completely resist the heart demon's curse sword. Sooner or later, it will be chopped up.

"Emperor Shi, don't tell him so much. Kill him and seize the six samsara methods!"

Eight old heart demons see ye Chen back, suddenly ecstatic.

As long as ye Chen is killed, he can seize the six samsara methods, revive the former Lord Yan Changge, and reproduce the Enlightenment of ancient sages.

"All elders, please don't be impatient. I will not let him go."

In the eyes of the emperor's heavenly eyes, the murderous spirit passes by and displays the way of the supreme emperor. A ray of golden light of emperor's power is condensed between his fingers. He is ready to point out and kill Ye Chen.

Whoa!

But all of a sudden, a wisp of extremely bright fatalistic purple gas, surging between the heaven and the earth, abruptly tearing out a gap in the heart evil disaster gas around.

"What!"

Emperor Shitian's face suddenly changed and looked in the direction of Xuanji moon.

This fatalistic purple air, actually is from Xuan Ji month body sends out!

Xuanjiyue's body, staggering up from the ground, supporting the Shenluo Tianjian, barely let himself fall.

"Emperor Shitian, it's not so easy for you to kill me!"

Xuanji moon eyes, recovered a trace of soberness.

"Damn it, xuanjiyue, you're back in the light!"

The emperor's eyes were startled. At this moment, xuanjiyue was full of evil spirits. There were bloodstains on her skin. Her beautiful and gorgeous face was also covered with bloody scratches. She looked like a devil.

Obviously, xuanjiyue's heart demon is still at the critical moment and is about to kill her.

However, before she died, she actually returned to light and recovered a trace of soberness!

This time, he was shocked to see the emperor's cold sweat. Regardless of the cause and effect, he looked up to the sky and drank: "wushangbadao, kill me!"

Hum!

A fierce and powerful sword, cut out of the hands of emperor Shitian, directly cut xuanjiyue's body.

Originally, you can't do it yourself if you use the heart demon's big curse sword to kill people. You should let people sink in your own heart demons and be tortured to death by your own sin.

If you move a killer, there must be a big cause and effect, the consequences are unimaginable.

But now, Xuanji moon returns to light. Emperor Shitian only feels the danger of the sky. He doesn't dare to have the slightest hesitation. He immediately cuts him down.

Zheng!

Xuanjiyue held up the Shenluo Sky Sword and blocked it in front of her.

Emperor Shitian's supreme sword was cut down, and xuanjiyue's Shenluo Tianjian was suddenly shaken off. The blood gushed from his mouth and was seriously injured in an instant.

However, with the resistance of Shenluo Tianjian, she was not killed, still hanging a breath.

There's a breath. It's enough.

"Emperor Shitian, you are so despicable that you sneak on me!"

"Today, I'm going to crush your palace of emperor yuan and frustrate your bones and ashes!"

"Magic moon, star and flame palace, come! Sacrifice to me

Xuanjiyue raised her hands as if to encircle the sky, and roared with rage to the extreme.

Boom!

Nine days above, thunder sound turbulence.

The sky cracked, and a palace was seen, tearing open the endless evil spirit of the heart, and slowly came down.

This palace, surrounded by layers of stars and moons, is the core residence of the Imperial Palace in the upper world, one of the five treasures of the heavenly palace, the magic moon and star flame palace!

This time, xuanjiyue summoned the magic Moon Star flame palace, and also directly sacrificed!

Whoa.

The whole magic Moon Star flame palace, suddenly turned into a group of bright star flame God awn.

Xuanjiyue hands, sacrifice a drop of purple blood essence.

This drop of blood is the purple Zun of the two old men in Jianfen. It is refined from the corpse, and has incomparably magnificent aura.

"The end of the earth, return to the world! Wash away the demons and protect me

Xuanji moon sings repeatedly, and the energy obtained by the magic moon and star flame palace is poured into this drop of purple blood. This drop of purple blood, during time Hua skyrocketed, burst out of the dazzling light gas, constantly twisted and tossed, as if to evolve something.

In the surprised eyes of emperor Shitian, this drop of purple blood evolved into four figures.

These four figures, one is butterfly, one is mandrill, one is combat riding, one is Jinpeng.

When all the light dissipated completely, the four figures appeared clearly in the eyes of the emperor. They were the sword butterfly in the heart of heaven, the mandrill of the old emperor, the witch riding in the earth, and the old Buddha Jinpeng!

"You You offer a sacrifice to the moon, star and flame palace, and recast heaven and earth

Emperor Shitian was completely shocked.

Originally, it took a lot of hard work and complicated procedures to recast heaven and earth with the flesh and blood of Jianfen Er Lao.

But now, xuanjiyue sacrificed the magic moon and the star flame palace, and with the energy of the magic moon and star flame palace, she has recast heaven and earth!

This magic moon and star flame palace is xuanjiyue's magic weapon. Its value is unimaginable. But now, in order to recast heaven and earth, she even sacrificed her own magic weapon.

Such a large amount of writing shocked the emperor.

"The end of heaven and the earth are old..."

Ye Chen saw the figure of the end of the world, but also stunned.

This is the second generation product of the second generation, which is recast by the blood essence of Jianfen Er Lao. Its breath is more powerful than that of the first generation.

After all, the first generation of heaven and earth is the guardian beast forged by Ye Chen and xuanjiyue with a little flesh and blood.

And the second generation of heaven and earth, is to use the sword grave two old man's whole body!

Ye Chen's mood is very complicated. The body of zizun in Jianfen Er Lao Li has turned into the second generation of heaven and earth. This change is so great that he can't speak at all.

"Eradicate the cancer of the heart demon and protect the queen!"

Tianxin sword butterfly, ancient emperor mandrill, dizang witch riding, and old Buddha Jinpeng all opened their mouths and made a loud voice.

The light of the four bodies broke out and fell on xuanjiyue. They formed a circle to protect xuanjiyue.

The light of the law of samsara and destiny surged out of the hands of the four people, impacting the evil spirits around them.

The end of the earth is to fight against the demons for a living.

The law of samsara and the law of fate, if combined, is enough to resist the demons of the heart!

Chapter 4563

In the blood of the four people, there is the law left by Ye Chen and Xuanji moon.

In the sky of the small world, the purple air floats and evolves into countless celestial beings, gods and fairies, singing a vast hymn to praise the greatness of fate and the merits of the queen.

In the end, ye Chen and others could have left the palace.

But now, the fate of xuanjiyue comes from the sky, and the fatalistic divine power covers the whole audience. Ye Chen and others are also shrouded in it. Unless xuanjiyue is killed, it is absolutely impossible to escape.

"Damn it!"

Ye Chen bit his teeth, and suddenly felt the pressure of fate, like Mount Tai.

Obviously, although xuanjiyue was angry, she did not lose her mind.

She wants to kill emperor Shitian, but she won't let Ye Chen go!

As long as ye Chen is still in her own world, when she kills emperor Shitian, ye Chen will die!

Buzz

Under the influence of the laws of fate, xuanjiyue's Shenluo Tianjian is extremely brilliant, and the power of fateful purple Huang chop is also to the extreme.

The emperor's eye pupil shrank, and Xuanji Yuesheng angrily took the sword. This sword was absolutely earth shaking and incomparable.

Before the sword Qi arrived, the emperor Shitian felt his hair stand on end, as if the next moment, he would be broken into pieces.

Facing xuanjiyue's sword, Emperor Shitian can't resist it either with the supreme sword or with the supreme emperor's way. Because the edge of Shenluo Tianjian is too terrible, it can crush all the magic powers, and the blocker is invincible.

"Emperor pure sun mirror, guard!"

At the critical juncture, the emperor Shitian offered his pure Yang mirror to guard firmly in front of him.

Whoa!

The fiery mirror light, just like the golden flame, blooms, and the emperor's pure sun mirror seems to turn into a round of sun. The mighty and majestic ancient sages are constantly emerging to protect the world.

"Break it for me!"

Xuanjiyue drinks violently and cuts off with a sword.

With the sharp edge of Shenluo Tianjian, even the real sun can be cut off with one sword.

Zheng!

When the blade of the sword fell, the golden sword clanged.

The whole emperor's pure sun mirror was split in two and reduced to scrap iron.

Then, there was a "boom" explosion. As soon as the mirror was broken, a large number of pure Yang spiritual powers broke up like the tide, surging in the void, producing a terrible explosion, like the roar of the sun in the sky.

Under the impact of the explosion, xuanjiyue stepped back a little.

Chapter 4564

The emperor Shitian, however, opened his mouth and spewed blood, even some internal organs.

The edge of Shenluo Tianjian is simply unreasonable and powerful. Even if it is resisted by the emperor's pure sun mirror, it can't be completely blocked.

The emperor Shitian was still attacked by the sword Qi. In addition, the magic weapon of the emperor's mirror was broken and exploded. All of a sudden, he was hurt and his face was pale.

"Emperor Shi!"

Eight old heart demons saw that emperor Shitian was in danger, and his face suddenly became very ugly.

At present, this situation is very unfavorable to the palace of emperor yuan.

First of all, the heart demon was dispelled, and everyone recovered to sober up, announcing the failure of the heart demon trial.

Secondly, the identity of the emperor Shitian has been revealed. The disciples of the original emperor yuan hall have stopped talking and all of them have retreated, and they have no intention of serving the emperor.

And eight old heart demons, still in a weak state, can not help at all.

The emperor Shitian became a real loner. Facing xuanjiyue alone, it was very dangerous.

"It's really powerful."

Emperor Shitian wiped the blood from the corners of his mouth. The power of Shenluo Tianjian was more powerful than he imagined.

"Emperor Shitian, you should be arrested. I'll leave you a whole body!"

Xuanjiyue's sword is in her hand. She is very powerful in the world. She is extremely proud and domineering.

She hated the emperor Shitian very much. It is absolutely impossible to spare his life today.

Just after she was attacked by the heart demon, she almost died, extremely embarrassed and miserable.

If face-to-face confrontation, xuanjiyue is defeated by Emperor Shitian, she won't have any complaints. She's just incompetent.

But now, Emperor Shitian actually played such a despicable means to attack and kill with his heart. Xuan Jiyue was so confused that she almost died in silence.

Fortunately, she had a lot of luck, and she had not finished. At the last moment, she regained a trace of soberness and killed against the sky at the cost of sacrificing the magic moon and Xingyan palace!

Emperor Shi Tian's sin is too heavy, and xuanjiyue can't forgive him. However, if emperor Shitian is willing to arrest him, she doesn't mind leaving a whole body for the other party.

After all, the reincarnation master is still nearby. If the emperor Shitian is forced to hurry up and the two men are trapped in a duel and are picked up by the reincarnation master, it will be very bad.

"Hehe, xuanjiyue, do you think you can kill me if you have Shenluo Tianjian in your hand?"

"Don't forget, this is the territory of my emperor yuan hall!"

"Wanjie Tianyuan array, open up!"

The emperor Shitian grinned and his three thousand white hair fluttered. His eyes suddenly became fierce. His hands were repeatedly printed. In the gate of the emperor yuan hall, a piece of array light suddenly appeared.

Numerous large formations, with the breath of the abyss of terror, continue to bloom.

"Tishi, what do you want to do?"

"You want to start the Tianyuan formation? Do you want to destroy the gate of the imperial palace? "

"You can't destroy the merits and virtues accumulated for hundreds of thousands of years by the first master!"

Eight old heart demons see emperor Shi Tian's action, immediately scared full face.

There are thousands of arrays arranged under the gate of emperor yuan hall, each of which contains the mystery of the supreme heaven.

All the arrays together, it is the Wanjie Tianyuan array!

Once the array is used, the whole palace will be reduced to the ruins of the abyss, and all the enemies will be dragged into the abyss and be devoured alive. Its lethality is terrible.

At that time, Yan Changge, the first master of the heart demon, personally presided over the arrangement of the Wanjie Tianyuan array. He also integrated the merits and virtues of saints accumulated over the years into the Tianyuan array to ease the repercussions of the release array and avoid hurting itself.

This Wanjie Tianyuan array is to deal with the superior!

If the superior dares to move the killer, Yan Changge will start the Tianyuan array, and drag the superior into the abyss and die together!

However, it is a pity that before the completion of the Tianyuan formation, the superior discovered the danger and took the move ahead of time. One finger crushed Yan Changge to death.

Later, the emperor Shitian inherited the foundation of Yan Changge. After tens of thousands of years of improvement, he finally built the Wanba Tianyuan array.

This is the emperor yuan palace against the upper level, the only card.

But now, in order to deal with xuanjiyue, Emperor Shitian actually used this card!

The eight old heart demons saw this, and they were frightened and angry, but they could not stop them.

Boom, boom, boom!

With the opening of the Tianyuan array, a scene of horror appeared. One by one Tianyuan array was seen blooming everywhere. The whole gate of emperor yuan hall, mountains and palaces were constantly collapsing and destroyed, being swallowed by the abyss.

A terrible abyss emerged around the world.

Between heaven and earth, everything that exists is swallowed up and buried.

The earth disappeared, only a piece of abyss, can not see the end, a dark and deep one, I do not know what monsters hidden.

The sky has disappeared, the sky has been swallowed up by the abyss, the sun, moon and stars all fall in the abyss.

In the sky and underground, only a black hole like abyss is devouring all.If anyone outside saw this, it would have been a shock.

In the past, there is no trace of the once bustling palace of emperor yuan. What you can see is only a piece of bottomless abyss.

Countless abysses are endless, forming a world thousands of times more dark than the eternal night.

In this dark world, there are only three rays of light.

A ray of light comes from ye Chen's starry sky.

"The emperor Shitian is crazy..."

Looking at the gate of the palace of emperor yuan, he disappears in front of his eyes. Ye Chen is also shocked and widens his eyes.

It is Ye Chen's wish to crush out the emperor yuan hall, but he didn't expect that this wish was realized so soon.

However, the man who crushed the palace of emperor yuan was not ye Chen, but the Emperor himself!

"Xuanjiyue, today I'm going to let you fall into the abyss of calamity!"

The emperor's heavenly eyes were fierce, but on his body there was the light of the sage's road, which was constantly blooming, countless merits and virtues, golden light and flame, and a faint hymn from the heaven.

This is the sage merit left over by Yan Changge, which can protect itself from the attack of the array.

In this dark abyss world, the Wanjie Tianyuan array is composed of thousands of taishangtianyuan Taoist methods.

Once the array is opened, it is equivalent to releasing tens of thousands of times of the supreme heavenly Yuan Road at the same time. How terrifying is its power.

Fortunately, the vast majority of the abyss pressure is on xuanjiyue, and ye Chen and others have not been greatly impacted for the time being. Otherwise, even the great starry sky will collapse and smash in an instant.

Chapter 4565

Looking at the endless picture of the abyss in front of them, the strong men of all schools were completely frightened. They quickly united and exerted their magic powers to maintain their bodies and not let themselves fall.

The whole world, mountains and rivers have turned into a dark abyss. Even if they want to escape, they don't know where to go.

"Emperor Shitian, you You're crazy

Xuanjiyue's hand shaking slightly.

She did not expect that emperor Shitian would dare to pay such a high price.

As soon as the Tianyuan array was opened, the gate of emperor yuan hall was completely destroyed, and the foundation for the emperor to settle down in heaven no longer existed.

Even if the emperor's interpretation of heaven is in the heaven and man domain, and in the mountain gates of the four regions, it will cause and effect influence!

This price is even more serious than xuanjiyue's sacrifice to the magic moon and star flame palace!

"Ha ha, the destroyed gate can be rebuilt, but today, I can't let you leave alive."

"And the plan for the trial of the heart demon must not fail."

"Today is the day when the heart demon testifies!"

"The judgment of the heart demon, come again to the world!"

In the spirit of the emperor's interpretation of the heavenly language, there is an eternal cold.

He can't forget that he still thinks about the heart demon's preaching. At this moment, he wants to launch a second round of heart demon trial!

"I curse you, life is dry, old and decadent!"

"I curse you for your bad luck and bad luck

"I curse you, you have no marriage, and you live a lonely life!"

"I curse you, Dao heart breaks down, deep resentment!"

"I curse you for being weak and sick

"I curse you, Fengshui does not turn, eternal experience difficult!"

"I curse you, my relatives and friends have no words, and I will die of sorrow!"

"I curse you, your future is dark and you will not see the sun!"

A series of curses chanted from the mouth of emperor Shitian. A ray of light, gray to the extreme, gloomy to the extreme, was released from the emperor's body, humming and shaking, and turned into an ancient lock.

This ancient lock, completely made of keel, is engraved with many natural and simple texture, and the breath of curse is spreading.

It is one of the twelve true treasures of the supreme emperor, the eight mantra keel lock!

The emperor Shitian starts the second round of heart demon trial with the resentment of the eight mantras on the keel lock!

Wisps of heart demon sword Qi, mixed with the terrible curse breath, burst out of the sky.

It was the disciples of the emperor yuan Hall who were first attacked by the heart demon's mantra.

As soon as they were attacked and killed by heart demons, they immediately screamed bitterly. Their eyes soon lost their aura and turned into walking corpses. They knelt down in unison and cried out in their mouths:

"see the Lord of heart demons!"

"The master of heart demons has won great achievements in martial arts."

"The trial of demons has cleared the world, and great achievements will shine through the ages!"

Then, the strong men of various schools were attacked again by the evil spirit of the heart again, and a dark and gray spirit of evil spirit exploded in everyone's body.

The evil spirit of the heart, even with a fierce curse, such as the maggot of tarsal bone, deep into the bone marrow.

All the people screamed and howled, and tried to resist the impact of the heart demon. But this round of heart demon trial, with the eight curse keel lock curse, is more powerful than the first round, it is not the human will can resist.

In the twinkling of an eye, the strong men of all major sects fell into the spirit of the heart curse. They knelt down to the emperor Shitian, and sang a hymn in their mouth, and they were completely submissive.

"Be careful!"

Ye Chen looks at the majestic heart demon curse gas attack, his face suddenly changes, and hastens to activate the spirit power to maintain the operation of Hongmeng big star sky.

Xiao shuihan, Zha Tianmo Di, Wei Ying and others also tried their best to infuse mana to maintain the stability of the starry sky.

However, the power of this round of heart demon trial is too powerful, and there is the threat of taishangtianyuan around. The Hongmeng big star sky is constantly shaking and is on the verge of collapse.

Once the starry sky collapses, even if people are not devoured by heart demons, they will fall into the endless abyss, and there is no remains.

"Queen, no good!"

"This heart demon judgment, with the breath of ancient curse, we can't stop it!"

Seeing that the heart demon was killed, Tianhuang and Dilao lost their color, so they quickly formed a circle to firmly protect xuanjiyue.

But this round of heart demon trial, with the eight curse of keel lock curse, is very difficult to deal with, not so good to resist.

Moreover, they have to contend with the impact of the Tianyuan array, and dare not give full play.

In such a situation, it is impossible to completely block the heart demon.

"Xuanjiyue, accept your life!"

The emperor Shitian's eyes were deep. With the continuous gushing of the heart demon's mantra, the light of the eight mantras' keel lock was fading rapidly, which obviously consumed all spiritual power.

In order to launch this round of heart demon trial, the eight mantra keel lock of emperor Shitian is to be completely destroyed.

The eight mantra keel lock is also one of the twelve true treasures of the supreme emperor. It belongs to the Sorcerer's magic weapon and is of great value. However, in order to plan the trial of the heart demon, the emperor Shitian would not hesitate to sacrifice this treasure. Xuanji Yueqiao's face changed. Under the attack of the evil spirit in her heart, her fate is in heaven. The world has completely collapsed. The land of heaven and the earth are also struggling to support her. It is only a matter of time before the fall.

"Damn it!"

"Emperor Shitian is crazy, reincarnation Lord, let's cooperate!"

"The law of fate and samsara, combined with each other, is enough to resist everything!"

At a critical juncture, Xuanji Yuewang looks to Yirong's Ye Chen and asks for cooperation.

Xuanjiyue was unwilling to cooperate with the reincarnation master. However, the situation was critical. She could only let go of her prejudices and cooperate with the enemy to survive.

As long as the law of reincarnation is combined with the law of fate, no matter how powerful the sword spirit of heart demons can be broken.

"Hahaha, xuanjiyue, do you want to cooperate with me?"

"Who is the Lord of my reincarnation? Even if I die today, I will not cooperate with you. "

"Don't dream!"

When ye Chen hears xuanjiyue's words, he immediately looks up to the sky and laughs. Unexpectedly, xuanjiyue is dying and wants to cooperate with him.

But if a man dies, he dies. How can he bow to others?

With Ye Chen's character, even if he is dead, he can't cooperate with xuanjiyue.

"Bold!"

"Samsara traitor, the Queen's cooperation with you is to give you face, you actually give face not face?"

Hearing Ye Chen's refusal, he immediately yelled at him. He didn't expect Ye Chen to refuse. Is there anyone in the world who is not afraid of death?

Now the emperor's heart demon trial is so powerful that he has no way to escape from the heaven except to cooperate with the enemy.

"Good, good!"

"Reincarnation Lord, I will give you face, you don't want to, later you can not regret!"

Xuanjiyue gnaws her teeth and looks at the wisps of heart demons' mantras. She attacks and kills them constantly, and her eyes become heavy.

Without the existence of the Tianyuan array, it would be of no help if the emperor Shitian launched a second round of heart demon trial with the sharpness of her divine sword and the end of heaven and earth.

But now, the Wanjie Tianyuan is under her feet. If she wants to be distracted to resist and then face the attack and killing of the heart demon, she is in a dilemma.

Chapter 4566

Originally, if ye Chen cooperated with him, he could get through the difficulties. However, ye Chen did not mean to cooperate.

Anger and resentment surged up in xuanjiyue's heart, but she soon calmed down, and her eyes gradually showed a trace of determination, as if she had made a decision.

"The fate of heaven's fury, the corpse of hundreds of millions!"

"Ten billion creatures, sacrifice them all!"

"Shenluo sky sword, the power is broken forever!"

Xuanjiyue began to sing, sending out the eternal, sad and solemn fate of the sky.

A succession of fatalistic purple light, from the Xuanji moon body exploded, straight into the sky, through the layers of the sky abyss, radiation to the universe.

All the territory under the command of Xuanji moon was covered by the purple light of fate. Inspired by fate, every living person melted into the purple light of fate and evolved into wisps of blood essence.

The essence and blood of countless living creatures burst out from the heaven and the world and poured it into xuanjiyue's Shenluo Tianjian.

The whole Shenluo Sky Sword absorbs the Qi and blood of the living creatures in the sky, and immediately blooms with infinite divine light. Its sharp edge shows clearly, if it wants to break through the ages.

"You, Xuanji What do you do? You're going to sacrifice the living? Do you know what a sin it is

Emperor Shitian was shocked by xuanjiyue's actions.

Xuanjiyue actually uses crape myrtle's fatalism to summon fate. All those who are called by fate become sacrifices!

There are countless people in the world of heaven and earth. In a flash, they are inspired by fate and become a sacrifice to Shenluo Tianjian.

countless creatures, sacrificing in an instant, countless Qi and blood essence, all converged on the divine sword.

At this moment, the sharpness of Shenluo Tianjian was in full bloom, and there was no reservation at all.

You should know that Shenluo Tianjian is the supreme source of soldiers, and it is the existence of guarding the supreme world in the past. Once all the sharp points break out, even the superior ones are in danger of being killed.

And now, xuanjiyue sacrifices to the living beings, and finally can play the full power of Shenluo Tianjian!

Although, this time, only a short moment.

But a moment's edge is enough.

"The sky sword will not cut, kill the world!"

Xuanjiyue's eyes are sharp and she cuts out with a sword.

The edge of Shenluo Tianjian is booming and blooming. The abysses in the sky are completely crushed. You can see the weather of all the heaven and the world, emerging above the nine heavens.

There are countless creatures crying and sacrificing countless people in the world of heaven and earth. Xuan Jiyue has committed a heinous sin. The great cause and effect has been added to her body. The heaven and earth are crying, the blood is flowing and the sound of sorrow is moving.

This sword, with the plaintive cry of all living creatures, is desolate, vicissitudes, domineering and sharp as electricity. If it wants to destroy the world, it will directly cut the emperor and release the heaven.

Emperor Shitian's eyes widened and he was completely shocked.

Xuanjiyue's sword cost a lot of lives, and countless blood evils caused by it. All of them accumulated and precipitated. How terrible it should be? I'm afraid it will not be cleaned up for a lifetime.

Xuanjiyue will suffer from great cause and effect for the rest of her life.

At such a high price, the power of xuanjiyue's sword is unimaginable.

Whether it is the Taishang abyss or the heart demon's mantra, it will be destroyed like smoke and dust under the edge of Shenluo Tianjian.

Layers of the abyss, constantly shaking, seems to collapse.

"Red lotus, Purple Palace, up!"

"The red lotus perishes, kills!"

Looking at xuanjiyue's terrible sword, Emperor Shitian's face is dignified. At the critical moment of life and death, a purple and golden palace booms from the bottomless abyss and blooms with red flame.

The endless flame is surging, evolving into one after another extinction red lotus, the vast industry fire is burning.

This palace is the red lotus Purple Palace!

The emperor Shitian opened the Tianyuan array and destroyed the gate of the temple. However, the foundation of the temple was not really cut off because the red lotus and Purple Palace were still there!

At the critical moment of life and death, the emperor Shitian offered sacrifices to the red lotus and purple gold palace. Thousands of red lotus flowers were destroyed, and they bloomed wildly, and rushed toward xuanjiyue's Shenluo Tianjian.

"Hahaha, Emperor Shitian, how dare you stop me

"If you can sacrifice to the heavenly palace, I may be a bit afraid."

"But it's a pity that this heavenly palace is a magic weapon left by Yan Changge. How can you block the edge of my Heavenly Sword if you haven't thoroughly refined it?"

Xuanjiyue looks up at the sky and laughs, and is totally fearless of the attack and killing of thousands of red lotus flowers.

This red lotus Purple Palace is the magic weapon of the ancient sage and Yan Changge. It has the martial arts foundation of the sage. The emperor has not yet fully refined the heaven, so it can not be sacrificed.

Even sacrifice can not be done, the emperor Shitian this hand red lotus annihilation, xuanjiyue pressure did not put in the eye.

Hiss!

Xuanji Yuetian sword was suddenly cut out. Suddenly, the heart of the sword was clear. Behind the red lotus flowers, there were wisps of heart demons.

"Ha ha, you want to sneak on me with the same trick?" Xuanjiyue suddenly sneers and gets angry. It turns out that the emperor Shitian secretly hides the heart demon behind the extermination of the red lotus and wants to attack xuanjiyue again.

Unfortunately, xuanjiyue's Tianjian is full of sharpness, and all the heart demons can't escape from it. It's impossible for emperor Shitian to attack secretly.

"Damn it!"

The emperor's eyes shrank, and the final plan of sneak attack failed. Suddenly, his hands and feet were cold.

"Break it for me!"

Xuanjiyue slashed wildly with her sword, which was enough to break the terrible sword spirit of Wanjie and destroy the red lotus blossoms one after another.

Can not imagine the terrible edge, mercilessly cut in the emperor Shi Tian body.

"Puff!"

The emperor Shitian was shocked by the sword Qi, and his blood gushed wildly. He did not know how many pieces of his 3000 white hair had fallen off. His face was suddenly pale, and his body vitality was constantly passing away, and he was on the verge of death.

"I'm dying."

"I'm going to fall?"

"No! I'm not reconciled to it! "

"Xuanjiyue, you are just a good weapon!"

"Without Shenluo Tianjian, you are not even a dog!"

"I'm not willing to lose to you!"

Emperor Shitian raised his head and roared wildly. He lost his mind completely and could not bear failure.

He was defeated by xuanjiyue, not by martial arts, nor by magic power, but by a weapon.

He is not reconciled!

If there was no Shenluo Tianjian, xuanjiyue would never have stopped his heart demon from attacking and killing on his territory.

Legend of the supreme source of soldiers, is simply unreasonable powerful!

Even if there are tens of millions of unwilling, the emperor Shitian is ultimately defeated, life is constantly passing.

Emperor Shi Tian's body, together with the red lotus and Purple Palace, fell into the bottomless abyss.

Wanjie Tianyuan array is an array used to fight against the superior. It contains thousands of Taishang abysses. Xuanjiyue has broken thousands of layers and resurfaced thousands of layers.

When the emperor released heaven, he fell into an endless abyss, and no one knew his life or death.

"Emperor Shi!"

The eight eldest brother of the heart demon was startled and rushed to dive into the abyss to look for emperor Shitian.

Chapter 4567

Emperor Shitian can't die now. Xuanji moon is too sharp. If there is no emperor Shitian, the eight old heart demons can't fight against it.

"Emperor Shi, Lord!"

One by one, the disciples of emperor yuan hall, as well as the strong men of various schools, also flew into the abyss to look for emperor Shitian.

They have been controlled by heart demons and become puppets of emperor Shitian. They completely obey the orders of emperor Shitian and will not rebel at all.

"Come back to me!"

Xuanjiyue bit her teeth and yelled, but all the powerful people were reduced to puppets and vowed to follow the emperor to release heaven. There was no intention of turning back.

Many of them are from the outside world, and all of them can be explained.

Xuanjiyue looked at the abyss below. She could hardly see the extreme. She pinched her fingers and found that the weather of emperor Shi was not enough. Although she had just suffered heavy damage, she still had a chance to make a comeback.

"Damn it! If you don't cut the grass, you'll have endless troubles. "

Xuanjiyue is holding on to Shenluo Tianjian and just wants to kill all of them. However, her hand holding the sword can't help shaking and losing strength.

She has just sacrificed ten billion living creatures. Her sword has almost exhausted Xuan Jiyue's strength.

Moreover, after that sword, the sharpness of shenluotian sword has returned to normal level. It is impossible to pursue and kill emperor Shitian again.

"Queen, the abyss is deep, we should go."

Tianxin jian die comes to xuanjiyue with a solemn face.

As soon as possible, the spirit of the abyss is covered by the moon. If it does not disappear, it must be dragged away.

"What's the hurry? Do you want to let go of the reincarnation master

Xuanjiyue glared at the heart of the sword butterfly, is very angry.

It seems that she has won the battle with emperor Shitian, but in fact, it is five five times. Emperor Shitian did not really fail.

Even though he was deeply hurt and had already fallen into the abyss, Emperor Shitian's trial plan had been successful, and all the strong men of various schools were reduced to his puppets.

The success of the trial of heart demons represents the success of the emperor's interpretation of heaven and the demonstration of Taoism. Even if he is cut by Shenluo Tianjian, he has a chance to recover.

If the emperor Shitian made a comeback, the consequences could not be imagined.

In her heart, xuanjiyue is extremely afraid. If emperor Shitian returns, she will face a very terrible threat.

At that time, she may not be able to resist even if she has a divine sword.

Because all the strong men of all schools turned to Emperor Shitian. From these strong men, Emperor Shitian could surely find out the secret of the supreme source soldiers.

In addition to the Shenluo Heavenly Sword, there are two of the eight supreme source soldiers. They have fallen from the supreme world. I don't know where they are scattered in the upper world.

Some of the strong men of various sects must have the secret of the supreme source soldiers.

If someone tells the emperor Shitian of the other supreme source soldiers and the location of the treasure, then when the emperor Shitian also gets the supreme source soldiers, it will be the time when Xuanji moon is destroyed.

Xuanjiyue's eyes inside, with Teng teng Sha Qi, look at Ye Chen.

Only by killing Ye Chen and swallowing the law of samsara, can xuanjiyue have a chance to face the resurgent emperor Shitian.

"Dark source rune, run away!"

Ye Chen suddenly feels the danger of the sky, and hastens to sacrifice the dark source Rune and wants to escape.

Now the emperor Shitian has fallen into the abyss, and the heart demon's mantra has disappeared. Xuanjiyue's fate is in the sky and has already collapsed. Ye Chen can leave completely.

"You want to run under my nose?"

Xuanjiyue snorted and killed with a sword.

Just after the battle with emperor Shitian, xuanjiyue is very weak.

But her strength, enough to return to the top of the true state, even if it is weak, can also kill Ye Chen.

Moreover, this sword, with the sacrifice of countless living creatures, the sword spirit of howling from all over the sky, and its lethality is unimaginable.

Boom!

Under the blade of xuanjiyue's sword, ye Chen's great starry sky collapsed and broken on the spot, and countless small pieces of starlight were annihilated in the endless abyss.

Xiao shuihan, Zha Tianmo Di, Wei Ying and others suddenly feel out of breath under the pressure of Shenluo Tianjian.

Xuan Jiyue's sword is as fast as lightning, and points to Ye Chen. However, even Xiao shuihan and others are shrouded in the sword's vigor.

Once the sky sword is cut off, everyone will die.

Xuanjiyue's strength is still too strong, and none of them can resist it.

Even xuanjiyue, who is in a weak state, is strong enough to be unreasonable.

In addition, the Shenluo Heavenly Sword, the cause and effect of 10 billion living creatures, and the suppression of their heads are even more suffocating.

"You go first, I'll stop her!"

Ye Chen gnaws his teeth and is alone. He bears the impact of xuanjiyue's sword Qi. At the same time, he offers the dark source talisman with his backhand, and uses the darkness to urge the escape technique. He transfers Xiao shuihan, Wei Ying, Xia Ruoxue, Zha Tianmo Di and others out of the abyss. "Ye Chen!"

When they saw Ye Chen left alone, they were shocked.

In the abyss, ye Chen's body is as small as a mole ant against the edge of Shenluo Tianjian.

It's invincible. It's mixed with the sword Qi of countless living creatures. It's hard to kill Ye Chen.

"Six ways of reincarnation, source talisman blessing!"

At the critical moment of life and death, the pattern of reincarnation in the palm of Ye Chen emerges, and a huge circle of reincarnation slowly emerges from his back, which is exactly the six ways of reincarnation.

There are also Gengjin source rune, light source rune, dark source rune, thunder source rune, Wutu source rune, and virulent source rune. A total of six source runes also appear on the plate of samsara.

At this moment, ye Chen actually bestows six source runes on the plate of samsara, which is used to enhance the power of the six ways of samsara.

The six ways are heaven humanity, humanity, animal way, Asura Road, hungry ghost road and hell road.

Heaven and humanity, corresponding to the Geng gold source symbol, represents the golden light of heaven and man, magnificent and magnificent.

Humanity, corresponding to the source of light, represents the greatness of light and the eternal existence of humanity.

The animal way, corresponding to the source of darkness, represents the disaster of animals and the fall of darkness.

Asura Road, corresponding to the thunder source rune, represents the magic power of heaven, such as thunder extermination.

Hungry ghost Road, corresponding to the poison source symbol, represents the hungry ghost howling, poisonous forever.

Wuyuan, the earth, does not represent the ancient earth.

Ye Chen's six source symbols correspond to the six samsara. It seems that everything has a definite number.

Not only that, but also the stele of samsara!

Dust stele, wind stele, burning stele, spirit stele, poison stele, dark stele! The power of the steles gathers the whole body!

With the infusion of the six source symbols and the xuanbei of reincarnation, the power of the six ways of reincarnation suddenly broke out to the peak. The darkness and light, the thunder and the earth, the poison of Gengjin, and all kinds of avenues turned into dark, dark and boundless, almost the energy of Taishang Avenue.

Chapter 4568

"Soul body transformation! Heaven demon body, burning blood formula, hundred evil body, keel, advanced display! Dao Yin, soul seal, open

"Xuanxianzi, Shuo Lao, borrow my strength!"

"Star soul chopping power gathers a fist!"

Xuanhanyu and Shuo Lao's power, ye Chen in the Tu Sheng assembly with too much help, at the moment, they can't give themselves too much power, but ye Chen knows this is the last chance!

How much can I borrow!

If he can survive, he must strive to improve his strength!

Star soul, blood moon, sky and many other skills should be improved!

When everything is brewing to the extreme!

"Samsara fist, broken!"

Ye Chen shouts and mixes the six ways of reincarnation with many powers. All the energy is poured into his fist.

This blow burst out, if you want to blow through the sky, the surrounding layers of abyss, actually in constant vibration.

Ye Chen's reincarnation is also burning at this moment, which is his strongest blow. Even if the experts at the early stage of Huanzhen realm come, they will be killed with one fist and a second.

Hum!

A towering and magnificent, huge and incomparable virtual shadow also emerged from behind Ye Chen.

That is the figure of the reincarnation Lord!

At this moment, ye Chen seems to incarnate the reincarnation of the Lord, a hard blow to xuanjiyue.

"Ha ha ha, the reincarnation master, what a great spirit! It's a pity that you in this life are too weak to be my opponent! "

Xuanjiyue looks up at the sky and laughs. From the figure of the reincarnation master, she feels the growth potential of terror.

Once Ye Chen's blood is fully recovered and fully grown, it is absolutely superior to the heaven, and even the superior should kneel down and submit.

Fortunately, ye Chen's cultivation has only seven layers of heaven, which can't give full play to the whole strength of reincarnation. Even if the six ways of reincarnation break out, xuanjiyue will not be hurt.

Xuanjiyue's realm is too much beyond Ye Chen. Even though she is weak at the moment, even in the face of six samsara, she is not afraid at all. Her sword is still sharp and ruthless.

Even if ye Chen's fist can shake the sky, it can't shake the figure of Xuan Jiyue.

The law of destiny is more magnificent than the starry sky in the universe. Even the heaven and the universe should be subject to the majesty of fate.

Ren Feifan and ye Lao were watching the battle in the void of nine days. They were shocked to see the palace of emperor yuan reduced to the ruins of the abyss, xuanjiyue offered sacrifices to countless living creatures, and forcibly broke out the full power of Shenluo Tianjian, and severely damaged the emperor Shitian.

No one expected that today's slaughtering meeting would become a battlefield between Emperor Shitian and xuanjiyue, and even the strong men of many foreign sects were involved in it and became the puppet of the heart demon and the slave of emperor Shitian.

This game of chess is completely out of order.

"Ye Chen, that boy, can't die. Miss Ji, it's time for you to help him out!"

Ren extraordinary made a decision and pushed Ji Siqing down.

This game of chess is in complete chaos. Only Ye Chen can make things right. Therefore, ye Chen must not die!

Ji Siqing only felt a warm current in her back, and a series of complicated and abstruse pithy formulas rushed into her mind in an instant.

"The thirty-six ways of the supreme emperor, the way of blazing sky!"

"The long song of the church, the prayer of the angels, the fervent will, the firmness of the world."

"The way of heaven is blazing, and the way is accomplished. It is like a blazing angel who comes and shines forever!"

Ren Feifan's palm, with the pithy formula of taishangtian's blazing way, directly gave it to Ji Siqing.

Ji Siqing, in an instant, understood the way of heaven.

Taishangtian chidao is one of the thirty-six taishangdao. It is a kind of Taoist magic power evolved from the superior people's observing and observing the fiery sky rosefinch sword.

The flaming sky rosefinch sword is the ancient method of Hongmeng mastered by Ji Siqing!

It can be said that it is an upgraded version of the blazing sky rosefinch sword.

Ji Siqing felt all kinds of methods in his mind. He only felt the mystery was infinite, and he benefited from it.

"Thank you for your contribution

Ji Siqing looked back at Ren extraordinary, full of gratitude.

Each of them is extremely precious and can be used as the treasure of zhenpai. For example, the name of the temple of emperor yuan evolved from the way of heaven and the road of heaven, which represents the wish of the emperor to obtain the blessing of the supreme emperor and to exert himself.

Now any extraordinary casual, send out the supreme Taoist method, this is simply a big handwriting.

"Are you not afraid to be infected with cause and effect if you pass on your merits?" Old Ye frowned and looked at Ren extraordinary.

Ren extraordinary smile, way: "today's butcher Saint assembly, want to do not touch any cause and effect, it is impossible, just hope that the girl, don't let me down."

Speaking, Ren Feifan looks at Ji Siqing.

Chuckle!

Ji Siqing came down from the sky and went straight to the palace of emperor yuan, and a continuous stream of glowing golden light was blooming from her body.

"The blessing of the light is like the presence of the supreme gods. I am a blazing angel, and I will come to nine days!" From Ji Siqing's mouth, a lot of golden light evolves into a pair of divine wings behind her.

Whoa!

The wings of a fan, the wind suddenly, the four sides of the abyss, spread the praise of the gods.

Ji Siqing, the whole person, seems to be the goddess in the myth and legend. She is in the mortal world and falls beside Ye Chen.

Behind Ji Siqing, there is also the shadow of the ancient woman Wu Shenqu.

"Siqing!"

Ye Chen saw Ji Siqing fall from the sky, and was shocked. He didn't expect Ji Siqing to be here.

What's more surprising is that Ji Siqing has become an immortal goddess with one wing and tens of thousands of times faster than the speed of sound. In an instant, Ji Siqing suddenly plunders down from the nine heavens, and the blazing light shines on the abyss, just like the immortal gods.

"Qu Chenyan, it's you bitch!"

"You've become so passionate! It's impossible! Who taught you that! "

Seeing Ji Siqing's appearance, xuanjiyue was suddenly surprised and extremely angry. He retreated with his sword.

Ji Siqing actually turned into a blazing angel, which really shocked her.

Each of the 36 ways of the supreme emperor is of great value. Even the vast foundation of the emperor yuan hall is only two. There is one in the Imperial Palace, but it is too profound. Even xuanjiyue has not been trained, only half of it.

But now, Ji Siqing has practiced Tianchi Daofa, which really shocked xuanjiyue. He can't believe it.

"Reincarnation Lord, let's join hands and kill her!"

Ji Siqing's eyes are sharp. Xuanjiyue is just weak. She incarnates like this, and she has the female martial god Weili. If you join hands with Ye Chen, you may have a chance to kill xuanjiyue!

"Good, do it!"

Ye Chen's heart is boiling with blood. Although he knows that even if Xuan Jiyue is weak, he is not able to defeat him. However, Ji Siqing is beside him, and he also feels great confidence. If there is God's blessing, it seems that all enemies and all hardships can be overcome.

Six samsara boxing, once again burst out.

In Ji Siqing's hand, he also offered a rosefinch flying sword. The fiery way of heaven broke out to the extreme, and the light was extremely bright. If there were one rosefinch and one angel flying and dancing, it was very beautiful.

Chapter 4569

At this moment, ye Chen and Ji Siqing are like a pair of matchmakers, Xiao shuihan and Zha Tianmo di. They are both amazed by the fact that they are matchless.

Only Wei Ying and Xia Ruoxue were silent and did not know what it was like.

"Well, master of reincarnation, Qu Chenyan, you adulterers, scumbags in collusion with each other in previous lives. In this life, you want to conspire against me again!"

Xuanjiyue clenched her teeth and resented to the extreme. If she was not too weak, she really wanted to sacrifice countless creatures again and break out the full power of Shenluo Tianjian, killing Ye Chen and Ji Siqing with one sword.

"You two bitches, think I'm weak, you can beat me?"

"A fool talks about dreams!"

"My majesty, I can kill you with a flick of my finger!"

"Let's show you today, what is the real authentic martial arts school?"

Xuanji moon roared repeatedly. Between the words, the Shenluo Heavenly Sword was cut out again.

"Reincarnation star flame, give me suppress!"

A series of white flames burst from the Shenluo sky sword. Xuanjiyue poured the reincarnation star flame into the body of the sword, and her own martial arts will was completely integrated.

Boom!

The whole sword, like a volcanic eruption, the energy of the star flame erupted to the extreme, burning, baking space, and the whole abyss space was constantly twisted.

In the next moment, xuanjiyue cuts Ye Chen and Ji Siqing with her sword. The will of martial arts and reincarnation star flame are combined with the edge of Tianjian. It's so powerful that she almost wants to crush everything.

When ye Chen and Ji Siqing see this scene, their faces are heavy. Xuan Jiyue's martial arts cultivation is really powerful. Even at the critical moment of weakness, they can also break out with such great power.

But at this juncture, they will not shrink back.

Ye Chen's six samsara fists and Ji Siqing's flaming sky rosefinch sword still forge ahead, killing Xiang xuanjiyue fiercely.

Boom!

Three people's amazing skills, hard collision together.

Around the abyss, there are a huge crack, even the law of space, were hit by three people, directly exploded into pieces.

Xuanjiyue's reincarnation star flame, just like magma, mixed with the will of martial arts at the top of Huanzhen realm, exploded wildly.

Puff!

Ye Chen crazily spurts out a mouthful of blood, and the reincarnation disk behind, as well as the virtual shadow of the reincarnation Lord, are all shattered alive.

His internal organs are also in a violent shock, almost to smash.

The huge anti shock force is constantly coming and suffocating.

"Xuanjiyue How strong is it? "

Ye Chen stares at xuanjiyue's body and feels numb on her scalp.

He thought that his six samsara broke out, and Ji Siqing's angel blessing, even if he could not defeat xuanjiyue, at least he could shake her foundation.

But unexpectedly, Xuanji's body is like Mount Tai, and she has no appearance of being shaken at all. Even if she is weak, she can easily crush Ye Chen.

"Ha ha ha, see, this is the gap of realm!"

Xuanjiyue looks up at the sky and laughs, looking at Ye Chen's eyes, as if looking at a corpse.

Under the huge realm gap, ye Chen is not her opponent at all.

Ye Chen's strength, said that the sky only mends the sky, seven layers of heaven, how can we defeat her?

Ye Chen takes a deep breath and is shocked to the point of despair. The gap between himself and xuanjiyue is so big.

This collision, ye Chen instant serious injury, the body fell to the abyss.

And this abyss, everywhere is broken space cracks, endless space turbulence, whirring.

Ye Chen's body is involuntarily involved in a space turbulence, and is about to be involved in the space cracks.

"Ye Chen!"

Ji Siqing sees this, looks a change, wings flutter, want to go to save Ye Chen.

Ji Siqing was also severely impacted by the collision just now, but she has become too passionate in the heaven and protected by the heavenly way, so her injury is not serious.

Seeing that ye Chen is going to be involved in the space crack, Ji Siqing only wants to rescue him in the past.

"Don't go there, run!"

At this time, there was a voice in the void above the nine days, which was introduced into Ji Siqing's mind.

It's Ren extraordinary.

At the moment of hearing Ren extraordinary's voice, Ji Siqing suddenly wakes up, but he feels the sound of sword Qi breaking through the air behind his back, and quickly attacks and kills him.

When she stopped, she turned back.

The one who stealthily attacks is the heavenly heart sword butterfly.

"If you offend the queen, die for me!"

Tianxin jian die stealthily fails to hit. The murderous spirit appears in her eyes and stabs out again.

At this time, xuanjiyue, with her chest constantly fluctuating and panting, fought with emperor Shitian. She sacrificed countless creatures. The edge of Tianjian broke out, which had consumed a lot of energy and fell into weakness.

Now fighting Ye Chen and Ji Siqing again, their energy is completely exhausted and they can only barely stand. So the person who attacked Ji Siqing was not Xuanjiyue, but Tianxin Jiandie.

"Sword butterfly, we will help you!"

Huang GuDi, Mandrill, Dizang Wuqi and Laofo Jinpeng also rushed to kill Ji Siqing.

"A group of rubbish, kill the reincarnation first!"

Xuanji Yueda was angry and roared.

The land of heaven and earth is stupefied, but feel the space turbulent flow rotation, and then in their eyes of astonishment and surprise, Ye Chen is completely involved in the space crack, disappeared.

"This Damn it

"The Lord of reincarnation has run away!"

Time and earth suddenly scalp numbness, they did not expect Ye Chen hurt so seriously, even the strength to resist the turbulence of space.

This time, Ye Chen was involved in the space cracks, I am afraid it is a life of death, to be endless space chaos blade, cut into pieces alive.

However, living to see people, death to see the body, although Ye Chen was involved in the space cracks, mostly dead, but did not see the body, how can they feel at ease?

"Lord of reincarnation!"

Ji Siqing saw this scene, and his face turned white with fright.

Ye Chen is injured so heavily, be involved in the space crack, where still have survival reason?

"Don't worry, that boy is not full of vigor. Run quickly and don't die."

At this time, Ji Siqing heard the voice of Ren extraordinary again. He passed it down from the space, and his heart was suddenly determined.

Since the second term is extraordinary, they all say that ye Chen's Qi is not exhausted. This time, ye Chen is involved in the space crack, and there may be a chance to survive.

Thinking of this, Ji Siqing quickly calmed down and left.

It's not suitable to stay here for a long time. The strength of the eternal land can't be underestimated. Moreover, Xuan Jiyue's strength is incredible. Although she seems to be completely weak now, Ji Siqing still dare not underestimate the enemy.

Just now she wanted to kill xuanjiyue, but she was blessed by an angel and lost her head.

Between her and xuanjiyue, the realm gap is too big, now there is no possibility of confrontation.

Moreover, it is full of the breath of the Wanjie Tianyuan array. There are countless deep abysses and endless layers. Once they fall into the abyss, the consequences will be unimaginable.

"Go

Ji Siqing made a decision and quickly flew out of the abyss.

Wei Ying, Xia Ruoxue, Xuelong, Zha Tianmo Di and others are all outside.

Ji Siqing pulls out the Qixia jade hairpin, shakes it, turns into a flying boat, and flies away towards the distance with all the people.

Chapter 4570

"Queen, do we want to chase?"

Heaven and earth wake up like a dream. Now ye Chen is engulfed by the turbulent flow of space. Ji Siqing takes the opportunity to run. They just feel that the sky is falling down and they don't know what to do.

"Don't chase."

"You four wastes, the reincarnation Lord and Qu Chenyan's adulterers, can all run away under your eyes. You are really talented people!"

Xuanjiyue was shaking with anger. The second generation was cast at the beginning of the age of heaven and earth, and its strength was stronger. However, the brain mechanism became too slow and was simply stupid. It was not as easy to use as the first generation. It still needs to be adjusted.

Heaven and earth keep their heads down and dare not speak.

"Help me to go back and tell the world. Today, the emperor Shitian launched a heart demon trial to clean up the heaven. I stopped him. This is a great merit of heaven. I must tell the world."

Xuanjiyue felt uneasy when she thought that she had sacrificed countless creatures and caused the blood evil cause and effect.

Fortunately, she defeated emperor Shitian, which is also a great merit, which can be made up for more or less.

"Yes

Heaven and earth, holding xuanjiyue, left the abyss of emperor yuan hall and returned to the upper world.

Ji Siqing, carrying people away from the palace of emperor yuan, saw along the way, tens of thousands of miles of mountains and rivers have been reduced to ruins, countless lives have been destroyed, a bleak scene, shocking.

Emperor Shitian launched the heart demon trial, which caused too much damage. Fortunately, it was only a small-scale trial, covering only tens of thousands of miles.

If the emperor Shitian's own strength really reaches the eighth level of heart demons, the consequences will be unimaginable. At that time, the trial of the heart demons of emperor Shitian will completely cover the whole universe.

In the whole world, no one can escape. All of them will be attacked and killed by heart demons. They will either die or become slaves of emperor Shitian. There is no way to live.

They were silent and did not speak.

Just after the heart demon trial came, if ye Chen hadn't summoned Hongmeng big star sky to protect the people, I'm afraid that all the people in the hall would have died. Even if they didn't die, they would have been reduced to dead bodies and worked for the emperor's release of heaven.

"Is my master still alive?"

Xiao shuihan mouth, voice with a trace of sadness, just Ye Chen was involved in the space turbulence, now do not know.

"He is the Lord of reincarnation. He will not fall. He is still alive. Don't worry."

Ji Siqing stood on the bow of the boat, looking at the ruins of thousands of miles, with a long and deep vision.

After the last division killing meeting, people also took her boat to leave Tiandao palace.

This time, the boat is still the same, but ye Chen is not there.

Although she believes that ye Chen is still alive, Ren fan will not cheat her, but the universe is so big, where does Ye Chen go, who knows?

.....

The news of the assembly soon spread outside the territory, and quickly spread to all the heaven and earth.

No one thought that such a big disturbance would be caused by this slaughtering meeting.

All the guests who went to the temple of emperor yuan to observe the ceremony were reduced to puppets of emperor Shitian, and the plan of heart demon trial was greatly successful.

These guests come from various sects outside the country. They hold many secrets, such as their own sect, where they collect natural materials and earth treasures, where they have elixirs, and some dirty things at the top of the sect.

There are even a few from the heaven and man domain, although it is not strong in the heaven and man domain, but the power of many people can not be ignored.

Through these puppets, Emperor Shitian could indirectly master the core intelligence of the major sects. The value of this information was unimaginable.

Although the gate of emperor yuan hall has been completely reduced to the ruins of the abyss, it is only a matter of time before the emperor interprets heaven to rise again.

All of us didn't expect that emperor Shitian was actually the master of heart demons.

Everyone wants to kill this heart evil tumor. But now, the emperor yuan hall is covered by the Wanjie Tianyuan array, which is used to counter the superior. If outsiders want to kill emperor Shitian, they must first break the array.

However, the Wanjie Tianyuan array is not so easy to break. Even if the Shenluo Tianjian all erupts, it is impossible to break all the abysses in an instant.

It can be imagined that the Wanjie Tianyuan array is so powerful.

Although emperor Shitian announced his identity, he only had to hide in the bottom of the abyss, and no one could hurt him in a short time.

Once the emperor Shitian rises again, he will become the nightmare of the universe!

And xuanjiyue, who sacrificed countless living creatures, caused terrible blood evils. Countless people lost their close relatives and howled all over the country. This injustice was too heavy. Even if Xuan Jiyue defeated the emperor Shitian, publicized the world, and showed off his military exploits, he could not make up for it.

The heart evil trial of emperor Shitian was originally a small scale, and it did not cover all the heavenly realms. Even if there was no Xuanji moon, people outside would not be affected.

Therefore, xuanjiyue told the world to show off her merits and virtues, but not many people recognized her. Instead, she accused her of offering sacrifices to countless living creatures, too much evil.

There is also the reincarnation of the Lord, was involved in the turbulent flow of space, life or death do not know, this matter, also triggered a huge discussion. Many people are speculating that the reincarnation master is dead or alive, and most people think that the reincarnation master has fallen.

No more legend.

In short, there was no winner in this massacre, and everyone suffered heavy losses.

However, he lost the foundation of the palace of emperor yuan, and his own serious injury may cause the fear of the superior. If he wants to make a comeback in the future, there will be many difficulties.

The foundation of Xuanji's YUEWU road was cut off, and the magic Moon Star flame palace was sacrificed, killing countless living creatures and committing a monstrous blood sin. I don't know when to wait until I want to clear the cause and effect.

There is also the Lord of samsara, who is seriously injured by xuanjiyue. Even if he can avoid the attack and killing of the turbulent flow of space, he is likely to die.

In addition, various schools and factions outside the country have lost a large number of high-level figures, and their vitality has been greatly damaged, and their future is uncertain.

In a hurry, a month passed quickly.

In this month, Ji Siqing, Xiao shuihan, Xuelong, Xia Ruoxue and others have never forgotten to look for ye Chen.

But unfortunately, there is no Ye Chen news in the world, as if he really fell.

This month, the terrible fluctuation caused by the slaughtering meeting has not been diluted, but has become more and more intense.

There have been serious thefts in various sects and sects outside the country. The treasures of Tiancai, Dibao, panacea and secret arts in the forbidden areas of many sects have been stolen.

Obviously, it was written by Emperor Shitian.

Emperor Shitian controlled the powerful men of various schools. He had so many slave puppets and mastered the intelligence of Tongtian. No one could hide his treasure collection.

There are also many scandals in the families of foreign sects, such as whose headmaster is having an affair with female disciples, whose disciples want to imitate Xuanyuan moxie, whose disciples are spies from other sects, and so on.

One scandal after another broke out.
