

Physician 4571

Chapter 4571

This is obviously the work of emperor Shitian. He can master the intelligence of the whole heaven and release a little secret, which can play a role in disturbing the forces of various sects and triggering internal strife.

The families of the major sects had originally planned to unite to form an alliance to attack the emperor and release the heaven and save the controlled disciples. However, due to the constant internal strife in the scandal, all the plans for alliance were shelved.

This time, Emperor Shi Tian was completely safe.

Even if the time is short, his identity can be announced.

Palace of emperor yuan, endless abyss.

In this month, many people have come to the palace of emperor yuan. As everyone knows, the heaven of the emperor is hidden in the bottom of the endless abyss. However, when you see the endless picture of the abyss, people are completely desperate.

In the past, the gate of emperor yuan hall has disappeared completely, leaving only this endless abyss. Even the sky has been swallowed up by the abyss. Here, it seems to be a doomsday world. The cold wind from the endless abyss is blowing constantly.

These abysses, with the rules of the supreme law, it is impossible to find out the emperor's interpretation of heaven here.

At this moment, at the bottom of the abyss, a purple and gold palace, surrounded by layers of flame, stands quietly.

At the bottom of the abyss, there was darkness. This palace was the only light.

This palace, of course, is the red lotus and Purple Palace.

A month ago, the palace was also severely impacted by the battle between Emperor Shitian and Xuanji yuejing. However, it has been rooted in the Diyuan palace all the year round, and it has a good fortune and has not been destroyed.

After a month of recovery, the smell of red lotus and Purple Palace has basically recovered to its peak.

Deep in the palace, an old man with pale face, white hair and wrinkled hair was lying in bed, coughing violently. Every time he coughed, he vomited a mouthful of blood. It was very sad.

"Xuanjiyue, you have made me suffer so much!"

The old man with white hair held two pieces of broken pure sun bronze mirrors, reflecting his face, full of sorrow, and uttering the curse of hatred and resentment.

"Emperor Shi, don't be sad. It's time to take medicine."

An old man with heart evil breath stood beside the old man with white hair holding a medicine bowl and sighed gently.

This old man with white hair is actually emperor Shitian!

In the past, the emperor Shitian was beautiful and handsome, and he was unable to argue between male and female. But now, he is old and decadent, full of wrinkles, and even exudes a unique flavor of the elderly. He no longer has the natural appearance of the past.

Xuanjiyue offered sacrifices to countless living creatures. With a sword that startled the sky, she cut it on the emperor Shitian. The lethality was unimaginable.

Emperor Shitian was seriously injured and even in danger of falling down. During this period, relying on a large number of panacea, he was able to recover his life, but he was completely aging.

The heart demon trial plan was successful, and the heart demon's sermon was also successful. Originally, he should have had great luck. But now emperor Shitian was injured too much, and the atmospheric luck did not come, which made him miserable.

If you want to gain the Qi of the testimony, you should at least cure the injury.

"Emperor Shi, this Jiuyang Huishen powder is the supreme source pill, which is the secret pill of Lieyang Tianzong. Take it every day after being boiled into soup. You can recover completely in less than ten years."

The heart demon elder Jia Zhongshu handed the medicine bowl to the emperor Shitian.

Inside the medicine bowl, there are golden color and fragrant medicine soup.

This medicine soup is made by Jiuyang Huishen powder.

And Jiuyang Huishen powder is a secret inheritance pill of a force called Lieyang Tianzong.

The emperor Shitian controlled a large number of puppets, including the high-level of Lieyang Tianzong. The eight heart demons sent people to the forbidden area and treasury of Lieyang Tianzong to steal the Dan prescription of Jiuyang Huishen powder and a large number of medicinal materials, which are enough to treat emperor Shitian.

However, it will take time.

If emperor Shitian wants to recover completely, it will take at least ten years.

"Ten years? How can Xuanji moon and reincarnation Lord give me ten years

"If I can't make a comeback in three years, xuanjiyue's Shenluo Tianjian and the reincarnation master's six ways of reincarnation will completely kill us!"

Emperor Shi Tian's voice was so excited that he threw two pieces of broken bronze mirrors on the ground.

These two bronze mirrors are fragments of the emperor's Chunyang mirror. They were cut in half by xuanjiyue in the first battle of the slaughtering ceremony.

A month ago, the emperor Shitian lost a lot of money, the emperor's pure sun mirror was destroyed, and the eight mantra keel lock was also exhausted because of the second round of heart demon trial.

These two magic weapons are the real treasures of the supreme emperor. There are opportunities left by the heavenly daughter of the supreme emperor.

The emperor's pure Yang mirror contains the way of the heavenly sun of the supreme emperor.

The eight mantra keel lock contains the mantra of heaven.

Each of them is extremely precious, and its value is unimaginable. The Taoist methods of these two magic weapons have not been excavated yet, so the emperor Shitian is not willing to discard them.

Although the emperor's pure Yang mirror and eight mantra keel lock have lost their aura and can no longer spy on the chance of the supreme Taoist Dharma, as long as we can find a way to restore the radiance of the magic weapon, we can re understand the mystery of the supreme Taoism. Jia Zhongshu said: "emperor Shi, we have the intelligence of the heaven, and the secrets of all the major sects outside the country are in our hands. We have harvested a large number of natural materials and earth treasures in this month. It may not be impossible to support it for ten years."

In the red lotus Purple Palace warehouse, all kinds of natural materials and earth treasures are almost full. In this month, the Treasury of all major sects in the foreign countries has been harvested by the emperor yuan palace.

Although the gate of the temple of emperor yuan was destroyed, the palace of red lotus and purple gold is still there. It is not too difficult to support for ten years by harvesting the resources of various sects.

"No! I will send someone to the land of wrath and ask my elder martial brother to come back! "

Emperor Shi Tian's white hair drooped and he was very excited.

In the past, the emperor Shitian was graceful, gentle and gentle, and the city was very deep.

But today, he was hurt too much by Xuan Jiyue and became an old man. He hid in the ruins of the abyss like a mouse. His temper changed greatly. He was surly and fierce. He was worried about gains and losses. He was no longer calm in the past.

"Di Shi, you have changed. You were not like this before."

"Can't you afford to lose?"

"I told you long ago that it would not come to a good end to launch a heart demon trial so early."

Jia Zhongshu's tone is indifferent, put down the medicine bowl, such as examining a loser, coldly looking at the emperor Shitian.

Although in the eyes of outsiders, the emperor Shitian is still a nightmare like existence. If he makes a comeback, the universe will tremble.

However, in the eyes of the eight old heart demons, Emperor Shitian was already a failure, and he could not even afford the cost of failure, and was on the verge of collapse.

"Jia Zhongshu, you eight old demons, you should join hands at the beginning of the slaughtering ceremony to surround and kill the reincarnation Lord."

"In this way, to solve the threat of future trouble, I will attack xuanjiyue ahead of time. The Tianyuan array will be launched and countless abysses will be devoured. If she is not given the opportunity to sacrifice her life, how can she fight against the heaven and kill her?"

"Our emperor yuan hall will not be reduced to this level."

Chapter 4572

The emperor Shi Tianyu was deep and even gnashing his teeth. He looked at Jia Zhongshu.

At the beginning of the massacre, ye Chen was killed in the palace of emperor yuan. Among the eight evil spirits, only Jia Zhongshu disguised himself as the eternal holy king and waited for the opportunity to attack. The other seven elders did not take part in the encirclement.

After listening to Emperor Shitian's complaint, Jia Zhongshu sneered and stood up with his hands on his back and said, "emperor Shitian, you have great skills. Do you want to order us?"

"If it's really like what you said, we have eight old demons in our hearts, and we'll kill the world by wanlei, the reincarnation master, and sacrifice the ten source soldiers. Do you want to resist for us?"

"As soon as we are injured, you may have to make an immediate attack to seize the heart demon Fu Zhao?"

The character of the eight old men is very cautious.

Although, they want to kill Ye Chen and seize the six samsara law.

But at the beginning, when ye Chen broke into the gate of emperor yuan hall, they didn't start immediately. They were afraid of emperor Shitian.

Once they are wounded by counterattack in the process of encircling and killing Ye Chen, they will never have the slightest kindness with the emperor's character. They will definitely take advantage of their injuries and forcibly brainwash them into puppets!

In order to avoid this irreparable situation, the eight old men of the heart were extremely restrained. When the emperor Shitian and the two old swordsmen started to attack them, they finally went out to chase Ye Chen.

Just did not expect, ye Chen has the chart of the yellow spring, forcefully blocked their eight people's joint attack.

Emperor Shitian's face twitched, and his face was very ugly. He said, "Jia Zhongshu, you are eight old people with evil heart. You rely on the old and sell the old. You are not willing to submit to me. Knowing that the palace of emperor yuan is in danger of being destroyed, you should be on guard against calculation. Today, when our palace of emperor yuan is reduced to this place, you should bear the responsibility of sin!"

Jia Zhongshu still held his hand and said, "emperor Shi, you have launched a heart demon trial, and even yourself have been affected. Your character has changed. Why do you complain about heaven and people?"

We will still help you to make a comeback, but when we pay off the cause and effect, we will not care about your life and death. You can do it yourself. "

After that, Jia Zhongshu turned around, walked to the door, stopped again, and said, "if you want to send someone to the land of wrath and ask your elder martial brother to come back, you should think about the consequences of leading the wolf into the house."

As the voice dropped, Jia Zhongshu left completely.

In the palace, only emperor Shi Tian is left.

Emperor Shitian picked up the broken mirror, looked at the aging appearance in the mirror, pitied himself, and murmured: "it seems that I was really bitten by heart demons."

At this moment, the emperor Shitian finally found that he used the eight heart demon Fu Zhao to launch the heart demon trial. Although it was earth shaking, he was more or less bitten.

Now the emperor Shitian, become impulsive and irritable, extremely irritable, completely lost the calm of the past, this is the consequence of the heart demon's counterattack!

"Calm down, I want to calm down."

"When I'm healed, all problems will be solved."

"But before that, I still have to ask my elder martial brother to come back and fight for me against the threat of the Queen's palace. Otherwise, Xuanji's moon will come and everything will be over."

The emperor took a deep breath, calmed down a little, and thought about the way forward.

In recent years, he developed the palace of emperor yuan and established overlord, which provided protection for the eight old men of heart demons without revealing their identity. This is a great kindness.

Although the eight old heart demons have also given him a lot of advice and strategies, but these strategies are not enough to make up for the kindness.

If you want to pay off the favor, you can't help him to make a comeback.

Before this cause and effect is paid off, Emperor Shitian has at least the help of the eight old heart demons.

However, relying on this help alone, it is difficult to resist the military front of the Queen's palace.

Emperor Shitian needed extra help. He thought of a man.

His senior brother, greedy wolf emperor.

At that time, Yan Changge, the first master of heart demons, established sage education and received seven disciples.

These seven disciples, known as saints' disciples, are also called the Seven Saints by outsiders. They are named after the Big Dipper, namely: greedy wolf emperor, Tumen great emperor, Lucun great emperor, Wenqu great emperor, Lianzhen great emperor, Wuqu emperor and army breaking emperor.

Later, the Seven Saints unexpectedly found that their respected Master, the great sage respected by the world, was actually the master of the evil spirit. Shocked, disappointed, disgusted and helpless, the Seven Saints all left their religion and fell to the end of the world.

However, they remembered Yan Changge's cultivation kindness and did not reveal Yan Changge's identity. Only one person betrayed Yan Changge and became a traitor, providing information to the superior. As a result, Yan Changge's Qi engine was locked by the superior and finally killed by a finger.

The emperor Shitian was Yan Changge's new disciple after the Seven Saints quit their religion.

On the day of his apprenticeship, Yan Changge frankly announced that he was the master of the heart demon and hoped that the emperor Shitian would inherit the mantle.

Emperor Shi Tian readily agreed, and Yan Changge began to build the foundation of emperor yuan temple, and secretly built the Wanjie Tianyuan array, ready to fight against the superior.

Unfortunately, not a few days later, the news came to light, Yan Changge was killed. In terms of seniority, the Seven Saints are all senior brothers of emperor Shitian.

The emperor Shitian knew that his seven elder martial brothers had kept a low profile for tens of thousands of years. They did not care about the affairs of the world. Their accomplishments had been successful in nature. If they could be invited back, they would certainly be able to resist the pressure from the Imperial Palace temporarily.

"Qin Shangyang, come in."

Emperor Shitian thought about it and called one of his men to come in.

"See the emperor."

A young man rushed in, with a look of joy and excitement on his face. It seemed that he felt extremely glorious for the call of emperor Shitian.

This young man, a disciple of the heavenly sect of Lieyang, is called Qin Shangyang. He has a part of his power to crack the Dan Fang of Jiuyang Huishen San.

This Qin Shangyang was naturally controlled by the emperor's mind demon.

Those who are controlled by heart demons are walking dead and will not have the slightest idea of their own.

The joy and excitement expressed by Qin Shangyang was that emperor Shitian controlled his joy and controlled his excitement.

Once there is no control of the emperor, he will become more wooden than wood.

At the bottom of the abyss, in this dark place, Emperor Shitian naturally wants to see vitality and vitality. If you look at a pile of walking corpses every day, no one can stand it.

"Go to the land of wrath and come back to my elder martial brother. His name is greedy wolf."

"You mean, I want to see him."

"If he will come, I will tell him a secret."

Emperor Shitian slowly opened his mouth and gave orders.

As a matter of fact, he controlled a group of walking corpses by using his heart demon. He didn't have to speak at all. If an idea was sent out, those puppets would know what he meant and would strictly carry out the orders at all costs.

But at the bottom of the abyss, he was too lonely and desolate. Emperor Shitian wanted to talk to someone. His temperament changed greatly. He had no city in the past and could not bear the loneliness of a lonely family.

"I don't know what's the secret, my lord?"

Qin Shangyang was also very cooperative with the performance and asked questions. In fact, the idea of emperor Shitian reached him, and he was already very clear.

"Tell him the secret is about the traitors of the past, and he will understand it."

Chapter 4573

Emperor Shi Tian pretends to be a secret, but behind him is deep loneliness and sadness.

"Yes."

Qin Shangyang accepted the order and turned out.

Emperor Shitian's face was bleak. Just now his conversation with Qin Shangyang was actually playing chess with his left hand and right hand. It was extremely boring because these puppets had no spiritual wisdom and were all a group of walking corpses.

"After a while, I recovered a little, and I had to recast the cold blooded ruthlessness as soon as possible."

In his heart, a drop of red blood essence appeared.

It's a pity that the second generation doesn't want to be cold-blooded immediately.

Xuanjiyue's sword was so terrible that even emperor Shitian almost fell.

.....

The upper world, the Queen's palace.

The palace of the empress, once beautiful and magnificent, has now been reduced to ruins. All the palaces have collapsed. Among the ruins, there are wisps of blood and evil, which are suffocating.

The disciples of the Queen's palace want to clean up the ruins and rebuild the palace, but there seems to be a torrent of karma that suppresses everything. The newly built palace is immediately destroyed and smashed by the invisible karma.

"I sacrifice too many creatures, but I still do too much evil."

Among the ruins, xuanjiyue looks at the sky in the distance.

The old man of heaven and earth stood by xuanjiyue, silent and silent.

During the first battle of the Tusheng assembly, xuanjiyue sacrificed ten billion living creatures. The cause of injustice was extremely serious. In this month, there were funerals and cries everywhere in the world of heaven and earth, with great resentment.

The sky in the upper world is always covered with a layer of bloody haze. Among the howls of the wind, there are innumerable howls and cries of life's pain. At night, there are even terrible pictures of ghosts walking at night and Demons raging.

These are the disaster weather of blood evil cause and effect!

Under the overwhelming suppression of natural disasters and karma, the imperial palace of the empress became a ruin like a natural calamity, and the geomantic omen accumulated for tens of thousands of years were destroyed.

It is conceivable that xuanjiyue lost a lot in the battle of Tu Sheng assembly.

However, xuanjiyue's heavy damage to the emperor Shitian was also a complete blow to all the heaven and earth. Everyone saw the edge of Shenluo Tianjian, and countless people were in awe of xuanjiyue.

"Little butterfly."

"What can I do for you, queen?"

"Send a Fu Zhao, go to the land of wrath, and ask the greedy wolf emperor to come out of the mountain. I want to talk to him."

Xuanjiyue looked at the ruins in front of her eyes, her eyes flashed, and she seemed to have a decision in her heart.

"Greedy wolf emperor? It is said that he is one of the Seven Saints in ancient times and a disciple of Yan Changge, the former master of heart demons. His majesty, we have a deep feud with the emperor yuan palace. What do you want him to do

Tianxin jiandie was puzzled. Naturally, she had heard the name of greedy wolf emperor. She was the disciple of ancient saints, the disciple of the former master of heart demons, and the elder martial brother of emperor Shitian.

"The Seven Saints in ancient times have already left the religion and have nothing to do with the emperor yuan hall. We need not worry. The greedy wolf emperor has the virtue and Enlightenment of saints, and has a deep vitality, which can resist the karma. If he is willing to help me out of the mountain, then we can rebuild the Queen's palace!"

The biggest problem xuanjiyue is facing now is that the imperial palace is destroyed, and because of the existence of karma, she can't even rebuild the palace.

If you want to completely kill the emperor Shitian and crush the emperor yuan palace, you must first rebuild the Queen's palace and accumulate strength. Otherwise, if you don't have the foundation of geomantic omen, you will surely lose if you use the sword and sword recklessly.

For experts like xuanjiyue and Emperor Shitian, the success or failure of the battle depends not only on their own strength, but also on the foundation of Qi and the destiny of heaven and earth. The causes and effects involved are very complicated. If you don't, you will have to do it. Once you do, you will affect the general trend of heaven and earth and the way of the universe. Therefore, you must not rashly advance.

At the butcher's meeting a month ago, Emperor Shitian occupied Fengshui and geographical advantages. Even if xuanjiyue offered sacrifices to countless living creatures, she could not completely kill them, leaving a huge disaster.

Now, xuanjiyue only wants to invite the greedy wolf emperor out of the mountain.

Because the greedy wolf emperor, who has the merits and virtues of saints, can resist the karma in the world and help her rebuild the Queen's palace.

Tianxin sword butterfly said: "Your Majesty, I heard that the greedy wolf emperor failed to challenge the way of heaven, and all his accomplishments and legs were abandoned. In his despondency, he had already lived in seclusion and did not ask about the affairs of the world. How can we ask him out of the mountain?"

Xuanji Yue laughed and said, "he has a younger sister named Tianyou channu. She is a strong man in ancient times. I've been imprisoned in Xuantian sword tomb. If you send Fuzhao, you can release his sister as long as he is willing to help me out of the mountain."

"Yes

Tianxin jiandie was ordered to retreat and immediately drew up a Fu Zhao and sent it to the land of wrath.

There is a magic power in the Imperial Palace called Tianfu Daofa, which is one of the thirty-six ways of the supreme emperor.

After practicing, they can refine Fuzhao at will, infuse their own will and transmit them to the heaven and the world. All the living creatures in the heaven and universe will be subject to their own will, which is very powerful. If you practice to the peak level, you can also kill people with Taishang Tianfu, one to suppress the sea, one to subvert the starry sky, extremely overbearing.

It's just that it's too high for heaven's rune. Xuanjiyue has only practiced half a move. She can't use it to fight. However, it's very useful to convey will and send messages across the air.

"What's more, continue to search for the whereabouts of the reincarnation Lord, to see people alive and dead to see corpses!"

Xuanjiyue issued an order again. This month, she searched for the trace of the reincarnation Lord, but she didn't find it at all.

The reincarnation of the Lord is like the evaporation of the world, no trace left.

"Yes

Huang GuDi and others took orders and continued to take people to search for ye Chen. However, the universe was so large that it was difficult to find a needle in a haystack.

Now the Queen's palace, the eternal king and others, are using all their strength to find Ye Chen.

There is also a person, she is also using their own way, want to find the trace of Ye Chen.

This man is Ji Lin!

After hearing about the overseas butcher's meeting, Ji Lin suddenly returns. She is very worried when she knows that ye Chen is involved in the space crack and has no trace.

"Ye Baowang, you must not have an accident, I will find you!"

Ji Lin prays in her heart. In the dark, she feels Ye Chen is not dead, because there is a special media connection between her and ye Chen, which is poison tablet!

Ji Lin feels that the smell of the poison tablet is still there, and ye Chen is not dead.

She went to the land of anger. In the dark, she felt that ye Chen would appear there!

.....

At the same time.

After ye Chen was involved in the space crack, what he saw in his eyes was a dark chaotic world with no light. He only heard the wind whistling in his ears. The turbulent flow of space was like a sharp blade of a sword, constantly cutting and killing.

Chapter 4574

If ye Chen is not afraid at ordinary times, but now, he is hurt by Xuanji moon sword Qi, and his internal organs are almost broken. Even the turbulent flow of space is hard to deal with.

Once involved in the turbulent flow of space, I am afraid it will be broken to pieces.

"Wu Tu Yuan Fu, guard!"

In the crisis, ye Chen offers the Wutu source talisman and opens up a world of Wutu. He slightly resists the killing of the disorderly blade in space, and sits on his knees to heal his wounds.

"Koi blessing, Bagua Tiandan skill!"

Ye Chen pinches a formula, uses the immortal brocade carp to copy, and then uses the eight trigrams Tiandan technique.

Suddenly, the shadow of a golden carp floats around Ye Chen, dispelling the darkness.

A wisp of eight trigrams Dan Qi is also shrouded in Ye Chen's body, constantly treating his injury.

If it is a general injury, ye Chen can be cured in an instant with his attainments in Bagua Tiandan. However, the problem is that he was hurt by xuanjiyue's sword Qi. This is the sword Qi of Shenluo Tianjian. Even the Bagua Tiandan skill can not be cured immediately.

"Damn it, it may take some time for me to recover completely with such terrible vitality. Even during this time, the average martial artist is enough to threaten me

Ye Chen bit his teeth and roughly found out the situation in front of him.

He is surrounded by the turbulent flow of space, helpless, and can only rely on his own strength to survive these days.

If you can make it through, you can get out of trouble.

If you can't make it, it's over.

During this period of time, people from outside have been looking for ye Chen.

He can't be trapped in the space.

"Reincarnation xuanbei, imperial edict!"

Ye Chen released all the steles of reincarnation, such as dust stele, wind stele and burning stele, and suspended in the world of Wutu to protect himself.

With the protection of the reincarnation xuanbei, ye Chen has a lot of peace in his mind. It should not be a problem to support the next time.

"I don't know what happened to the outside world?"

Ye Chen is a little calm and wants to deduce the cause and effect of the outside world. Unfortunately, surrounded by layers of space turbulence, nothing can be deduced.

This assembly will certainly overturn the waves in the world.

Emperor Shitian launched a trial of heart demons, and xuanjiyue offered sacrifices to countless living creatures. All these are great works, and the consequences are unimaginable.

After the meeting, ye Chen deeply felt that there was still a big gap between his accomplishments and the emperor's interpretation of heaven and Xuanji moon.

For example, ye Chen can't play much of the power of the yellow spring map.

You should know that the painting of blue falling and yellow spring is the most precious treasure among the heaven. If ye Chen's cultivation is more powerful and can exert the power of the chart of the yellow spring, it will not be destroyed so easily.

Now the chart of the yellow spring is destroyed. In the final analysis, ye Chen's strength is too weak, which is not a magic weapon.

"This chart of the yellow spring is the foundation of my qi movement. It must not be destroyed."

Ye Chen takes out the picture of the yellow spring and looks at the picture, which is full of aura and gloomy. Ye Chen frowns tightly.

This picture of blue falling and yellow spring can never be destroyed, otherwise ye Chen's basic Qi will be greatly damaged.

In the future, if we want to have a decisive battle with emperor Shitian and xuanjiyue, we should not only look at the combat effectiveness on the surface, but also look at the influence of geomantic omen and the foundation of qi movement.

The foundation of qi movement is not stable, and Daoxin is easy to collapse, and the consequences are unimaginable.

Therefore, ye Chen only wants to repair the chart of the yellow spring as soon as possible. He must not watch the chart destroyed.

However, the top priority is to recuperate the injury first and then leave the shackles of the turbulent flow of space.

Ye Chenshu took a breath of turbid Qi, took up the picture of the yellow spring and began to heal his wounds with all his strength.

As time goes by, there are still ten days left for ye Chen to fully recover his strength.

During this period of time, ye Chen had the protection of Wu Tu Yuan Fu and samsara Xuan stele, but there was no accident.

"There's still time left."

Ye Chen bit his teeth, but he felt uneasy.

Now it's the last moment of healing. His wounds are scabby and itchy. It's very painful for him to bite the heart.

If there is any accident at this time, ye Chen will be in danger.

Whoosh! Whoosh!

Endless space turbulence, wrapped in Ye Chen's body, constantly transmit, do not know where to transfer.

Ye Chen sits in the world of Wutu with his knees crossed. Although he has not been attacked and killed by the turbulent flow of space, he feels that the rules of space around him fluctuate and become more and more violent. It seems that he has come to some strange place.

Even, vaguely, ye Chen felt a breath of natural calamity, as if there were some natural calamities brewing here.

Boom!

All of a sudden, a burst of violent disaster breath broke the rules of space around, and a broken space hole appeared in front of Ye Chen.

The next moment, the space turbulence rotation, ye Chen's body, directly thrown out. Ye Chen hums, the man has left the space turbulence, came to the outside world, the light suddenly prosperous in front of his eyes, stabbed him to open his eyes.

Bang!

Then, ye Chen fell from high altitude and fell to the ground severely. He was still injured and fell into the eye.

"It hurts..."

Ye Chen bit his teeth, only feel the muscles and bones all over the body, are in pain, almost to faint.

Also do not know how long, the pain subsided slightly, ye Chen slowly opened his eyes, first saw the blue sky in the daytime, there is a round of sun, high in the sky.

Obviously, this is no longer the world of emperor yuan temple.

You know, because of the influence of the Wanjie Tianyuan array and the heart demon trial, the mountains and rivers tens of thousands of miles around the palace of emperor yuan have been reduced to ruins and can not be seen in the sun.

Now seeing the sun again, ye Chen feels warm all over his body and his meridians are smooth.

Take a deep breath, ye Chen looks around. This is a vast grassland. You can't see the end at a glance. The grass is as green as the wind blows. It's a peaceful scene.

"Where is this?"

Ye Chen struggled and wanted to sit up, but his muscles and bones hurt so much that he couldn't even sit up. He could only lie on the ground.

"This is The land of wrath? Ancient saints' disciples, greedy wolf emperor? "

Ye Chen pinched his fingers and realized that there was a strong sense of causality on the grassland. He could see countless historical origins by extrapolating the natural mechanism.

Originally, this grassland was called tiannu land because it was close to the sky and the way of heaven. In ancient times, it was called "near sky Grassland".

One day, a unique strong man appeared on the grassland. This strong man, seemingly determined to die, challenged the way of heaven and forced his hand. As a result, he triggered natural anger and great calamity came.

The disaster of heaven and Earth destroyed all the accomplishments and legs of the strong man. He could not practice for ever. Moreover, he would be trapped here forever, just like a seal.

This near sky grassland is also cursed by the heaven. Every month, there will be natural calamities coming, which will make people suffer a lot, and the corpses will bleed. Therefore, later generations will call it "the land of Wrath".

After tens of thousands of years of vicissitudes, only a few hundred people survive in the land of wrath. They form a tribe called Gujian village, which adheres to the teachings of ancient sages. In order to protect the holy way, even if they suffer from natural calamities every month, they never move.

Chapter 4575

"That peerless strong, is the former generation of heart demon lord, Yan Changge's first apprentice, greedy wolf emperor?"

Ye chentui's performance is full of cause and effect, which makes him feel very surprised.

Greedy wolf emperor is one of the Seven Saints in ancient times. He was the first disciple of Yan Changge. He was also the elder brother of emperor Shitian.

Between Ye Chen and the emperor Shitian, it's hard to break the grudge between them. In the dark, they fall into the land of wrath, and they even have a relationship with the emperor.

Now the emperor Shitian is sinking into the abyss, just like a mouse. He can't see the sun. He has to bear the pressure of xuanjiyue's revenge.

In order to protect himself, Emperor Shitian wants to invite the greedy wolf emperor out of the mountain to help him.

During the battle between Ye Chen and xuanjiyue at the butcher's Congress, the heart of Taoism was obviously stabilized. Even the means of deducing the natural mechanism also made rapid progress. With only a few fingers, he could see through the dense fog and see many secret things.

But even if the road is clear, ye Chen is still unable to move under serious injury. He falls alone in the land of wrath, which is very dangerous.

"No, I have to leave quickly. The land of wrath will not accept outsiders. If the people of Gujian stronghold find me, I will die."

"What's more, the emperor Shitian seems to have sent someone to ask the greedy wolf emperor to come out of the mountain. If they find me, it's even more inevitable."

Ye Chen bit his teeth and felt great danger. He struggled to get up, but he didn't even have the strength to move a finger.

Sand, sand, sand.

At this time, ye Chen heard the sound of footsteps, and saw a nutmeg girl grazing on the grassland, holding a sheep, holding a yak stick, came to Ye Chen.

"Hello, are you all right?"

The girl blinked, looked at Ye Chen, and stabbed Ye Chen's body with a yak stick.

Ye Chen was sweating with pain. Xuanjiyue's sword almost destroyed his meridians. Even after some time of treatment, the meridians had not been completely healed. Being touched by an outsider, it was painful.

"Are you from outside?"

The girl stepped back, a little wary.

The land of wrath does not accept outsiders and is hostile to outsiders.

This girl, pure eyes, although there is no hostility, but also can not be said to be friendly, see ye Chen seriously injured in the body, also did not mean to save.

Ye Chen's heart suddenly a cool, tiannu place exclusion so serious, even if the girl does not hurt him, others will not let him go.

Under his serious injury, he would be hard to resist any accident.

"My name is Huang Chen. I'm a friend of the greedy wolf emperor. Find me a place to rest. I won't treat you badly."

Ye Chen is so lucky to his heart that he makes up an identity and uses Bagua Tiandan technique to refine some pills on the spot and give them to the girl.

"Oh, you can make alchemy out of thin air?"

When she saw that ye Chen didn't have any medicinal materials, she was stunned. Was Ye Chen really a friend of the greedy wolf emperor?

The greedy wolf emperor is a saint worshipped by the ancient sword stronghold.

In ancient times, the ancient sword stronghold was not opened. It was the greedy wolf emperor who inherited the sage's education and taught them the principles of writing, farming, refining, martial arts, language, textile and so on.

Therefore, for the greedy wolf emperor, the ancient sword stronghold has great respect.

In the past, the greedy wolf emperor failed to challenge the way of heaven. His accomplishments and legs were destroyed and he lived in seclusion in the land of wrath. In order to take care of the greedy wolf emperor, Gujian stronghold had never moved for tens of thousands of years, just to repay the enlightenment.

Now the girl heard that ye Chen claimed to be a friend of the greedy wolf emperor. Naturally, she was extremely shocked.

If it was not ye Chenlu's ability to make alchemy out of thin air, the girl would not believe it at all.

"I need a place to rest."

Ye Chen didn't say too much, so as not to reveal the truth. If he didn't put out the name of greedy wolf emperor, he would fall into the land of natural anger, and he would die.

"Are you really a friend of the emperor?"

The girl's face was full of doubts and doubts.

Ye Chen is silent and does not speak. Under his serious injury, he is even struggling to speak.

The girl turned her eyes and thought again and again. She bit her teeth and said, "well, I'll take you back to the tribe first. If you're found out by the stronghold leader, you'll be dead!"

With that, the girl helped Ye Chen up and put him on the back of the sheep and called, "good sheep, let's go home."

She waved a yak stick and drove the sheep home, followed by a group of cattle and sheep.

Along the way, ye Chen learns that the girl's name is suhuazheng. She is a shepherd girl of Gujian village. She is responsible for herding.

Now, in the whole land of wrath, only one ancient sword stronghold is left. There are three or four hundred people living there.

In the ancient sword stronghold, there is a stone sword. This stone sword, which has been standing here since the ancient times, is a fragment of the former Longyuan sky sword.

The dragon Yuan Sky Sword is one of the eight supreme source soldiers, also known as the Seven Star Dragon yuan sword. It is as famous as Shenluo Tianjian!

The sharpness of the supreme source soldiers is so powerful that you can see xuanjiyue.

Even xuanjiyue can't give full play to the power of the supreme source army. It needs to sacrifice 10 billion living creatures to make full use of it. It is conceivable that the value of supreme source soldiers is so great.

"It turns out that the fragments of Longyuan Tianjian are worshipped in the ancient sword stronghold!"

It's no wonder that Juchen looks at juechen.

Supreme source soldier, even if it's just a fragment, it's amazing.

Every month in the land of wrath, there are natural disasters, but the ancient sword stronghold still exists, obviously because of the protection of Longyuan Tianjian.

Ye Chen has just deduced the Tianji, but he didn't push the existence of Longyuan Tianjian. Naturally, the reason is that the supreme source soldiers are too powerful, and the nature can not accommodate them.

"I tell you, if you want to play the dragon Yuan sky sword, you will die."

Su Hua Zheng curls her mouth and sends out a serious warning to Ye Chen.

Ye Chen nodded, indicating that he knew.

Along the way, finally, in the vast grassland, ye Chen saw the shadow of a tribe, building hundreds of simple wooden houses. At dusk, the sun was shining, and every family in the tribe had raised smoke.

Most of the tribes on the grassland live by water and grass and live in tents. However, this ancient sword stronghold is different. The wooden houses take root and do not mean to move.

A huge stone sword, standing in the middle of the village, is almost a hundred Zhang high, towering into the clouds.

The stone sword is carved with ancient and simple textures. These textures are connected into a piece, and they are in the shape of a dragon. From a distance, it seems that there is a dragon flying from the sword. It is very spectacular.

"That's the fragment of Longyuan sky sword!"

Ye Chen rode on the back of the sheep and saw the huge stone sword from a distance. He felt the blood surging. It seemed that there was a tremendous sword spirit coming to his face.

"Huazheng, you're back."

The villagers in Gujian village say hello to Su Huazheng when they see her coming back.

Then, when they saw Ye Chen, they were shocked and exclaimed:

"Huazheng, how did you bring an outsider back?"

Chapter 4576

Su Huazheng said: "he said his name is Huang Chen. He is a friend of the emperor. He was hurt accidentally. He needs to find a place to recuperate."

"Is he a friend of the emperor?"

"Damn it! Huazheng, you have been cheated. How can this boy just mend the sky? How can he be a friend of the emperor

"Boy, this is the dragon sword

When they heard Su Huazheng's words, their faces changed greatly. Some were frightened, some were angry, and some appeared to be killing.

For tens of thousands of years, the ancient sword village has not been relocated. One is to take care of the greedy wolf emperor and repay his kindness. The other is to offer sacrifices to the fragments of Longyuan sky sword, hoping that one day, the supreme gods can be influenced to deduce the real Longyuan Heavenly Sword. Where is the real Longyuan Heavenly Sword.

If anyone dares to touch Longyuan Tianjian, the villagers of Gujian village will kill them at any cost.

What's more, they'd rather not let a thousand people go wrong!

Ye Chen suddenly feels all kinds of hostile eyes and converges on himself.

He looked at the distance. Under the Longyuan stone sword, there were many white bones and skeletons. It was obvious that for tens of thousands of years, outsiders intruded into the ancient sword stronghold, and all of them were killed and their heads were cut off to sacrifice the sword spirit.

Ye Chen suddenly has a kind of creepy feeling, as if his head, also want to be cut off.

"What's going on?"

Just then, an old man came out of the village on crutches.

"Stronghold leader."

"See the stronghold leader."

"The stronghold leader, the boy said he was a friend of the emperor!"

When they saw the old man coming, they said hello.

This old man is the leader of Gujian stronghold. His name is Su yunkong.

"What's going on

Su yunkong looked at Su Huazheng and asked in a deep voice.

Su Huazheng said: "the stronghold leader grandfather, this man was seriously injured. He said he was a friend of the great emperor. I don't know whether it is true or not. I'll bring it back to show you."

"Friend of the emperor?"

Su yunkong frowned, went to Ye Chen, explored Ye Chen's pulse, "eh" a, way: "strange blood, I can't see the source."

After a pause, he asked, "what's your name, boy?"

Ye Chen said with difficulty, "my name is Huang Chen."

Su Yun said in a deep voice: "what school are you from? The breath of cause and effect on you is very strange. You have the hatred of emperor yuan palace and Queen's palace at the same time. Who are you and why do you offend emperor yuan palace and Queen's palace at the same time

Obviously, Su yunkong is proficient in deduction and can see the cause and effect of hatred behind Ye Chen.

However, the land of wrath is isolated from the world, and the news of the end of the massacre has not yet reached here.

If Su yunkong knew the process of the Tu Sheng assembly, he would have guessed that ye Chen was the Lord of reincarnation.

Because, only the reincarnation of the Lord, can cause the emperor yuan palace and the Queen's palace, such a big hatred.

Ye Chen thought about it and said, "I am The disciples of the six schools outside the country. "

"Liudaozong?"

Su yunkong pinches a finger to calculate, seem to want to deduce something, but ye Chen's blood vein is too strange, cover up the sky, he also can't deduce what.

"You say you are a friend of the emperor?"

Su yunkong asked again, with a trace of vigilance in his eyes.

Ye Chen's heart sank, knowing that his situation is extremely dangerous, if the answer is slightly poor, that is the situation of irreparable.

"Yes, I admired the holy name of the greedy wolf emperor since I was a child. I heard that he lived in seclusion in the land of wrath and wanted to visit him."

After thinking for a while, ye Chen answered.

"Shenjiao? It turns out that you haven't even seen the face of the emperor, and you dare to call yourself a friend? "

Su yunkong, a crutch, disdains to sneer.

Around the villagers, also issued a roar of laughter, only feel Ye Chen do not know the height of the earth, actually want to make friends with the greedy wolf emperor.

You know, the greedy wolf emperor was a disciple of the ancient saints. In the past, he was an expert at the top of the real world. Even if his accomplishments are completely destroyed and his legs are completely destroyed, he can crush yechen countless times with the help of his own will.

"So you are not a friend of the emperor. You cheated me!"

Su Huazheng glared at Ye Chen.

Ye Chen grinned bitterly and did not speak.

Su yunkong said: "boy, I don't care who you are, but the ancient sword stronghold doesn't welcome outsiders. Get out of here!"

As the voice fell, two strong men came out of Su yunkong's back. One left and one right raised Ye Chen and said, "stronghold leader, do you want to cut off his head?"

Su Yun thought for a long time and said: "forget it, he has the hatred of emperor yuan hall and the queen. If outsiders kill people indiscriminately, I'm afraid they will offend the empress and throw him out. Tomorrow's natural calamity will come. Let God chop him to death."

Every month in the land of wrath, the punishment of heaven will come, and tomorrow is the day of the advent of natural calamity.

Treat outsiders, Su yunkong will not have the slightest softness, intends to borrow the hand of God, kill Ye Chen."Grandfather, this You don't have to kill? "

Su Huazheng's face turned white when she heard about the murder.

Although she doesn't like Ye Chen, she doesn't want to see ye Chen die.

Once the disaster comes, there is no doubt that he will die without the protection of Longyuan stone sword.

"Hua Zheng, you don't have to say much. You dare to bring outsiders back. If you break the rules, I will punish you for a month when the disaster ends tomorrow."

Su yunkong hummed, and did not let Ye Chen off.

In order to protect Longyuan Tianjian from outsiders, he made a mistake and didn't let it go.

"The village leader's grandfather..."

Su Huazheng looks at Ye Chen, but doesn't know what to do.

"Boy, get out of here

The two strong men, holding Ye Chen, threw him outside the ancient sword stronghold.

Bang!

Ye Chen fell on the ground firmly and was in pain again.

"The boy is dead."

Must wait for his ashes to come

"With him, he wants to make friends with the emperor. It's just a dream!"

"This boy must have come for the fragments of Longyuan sky sword. He can't run away."

The villagers looked at Ye Chen, one by one gave out hostile laughter, waiting to see ye Chen killed by the Tianjie.

The girl named Su Huazheng was worried and wanted to save Ye Chen, but she didn't dare.

After all, the ancient sword stronghold has strict rules. In order to protect the fragments of Longyuan Tianjian, any outsider who dares to break in can't leave alive.

In people's eyes, ye Chen is already a corpse. When the disaster comes down, he will die without the protection of Longyuan Tianjian.

"Tomorrow's disaster may be my turning point."

Ye Chen in the dark, actually caught a trace of chance.

The so-called natural calamity is not a disaster, perhaps, it will be his chance!

Time is in a hurry, tomorrow will come soon.

In the early morning, the villagers of Gujian village wake up early and begin to prepare the sacrifice of fruits and melons.

Ye Chen lay out all night outside the village. He was still seriously injured. Several people guarded him to avoid his escape. However, ye Chen had no strength to escape.

"Disaster is coming. Come back."

Su yunkong, the leader of the stockade, appeared on crutches and told the villagers to come back.

"Yes, stronghold leader."

Chapter 4577

Several villagers went back immediately and helped prepare the sacrifice.

Ye Chen saw Su Huazheng, holding a fruit basket, looking at him with a little worry.

However, Su Huazheng couldn't help him at this point.

Ye Chen doesn't care, because he feels the breath of luck and luck, more and more strong, and his turning point is coming.

Boom!

At this time, the wind and cloud changed, nine days of the sky, suddenly emerged a layer of thunder clouds, each layer of thunder clouds, there are terrible thunder light, in the faint beat.

In addition, there is a strong smell of curse, rolling.

The impending disaster is not only thunder robbery, but also has a strong curse. Even if ye Chen opens the thunder body of the great famine, it is impossible to absorb it.

"The disaster is here, the sacrifice begins!"

Su yunkong, with a heavy face, gave orders.

"Yes, stronghold leader!"

One by one, the villagers moved their offerings to Longyuan stone sword.

These offerings are not sacrificing to heaven, but worshipping the dragon Yuan stone sword and praying for the protection of the sword spirit.

In ancient times, the greedy wolf emperor challenged the law of heaven. Heaven was the enemy of the ancient sword stronghold, and it was impossible for the villagers to offer sacrifices.

Boom!

With the wind and clouds surging, the terrible calamity finally came down.

The thunder and lightning with curses fell on the ancient sword stronghold.

Hum!

At this time, the dragon Yuan stone sword burst out a burst of green light. The light turned into a green dragon, surrounding the whole village to protect the people.

The whole ancient sword stronghold seems to be shrouded in a barrier. That day, the thunder and lightning fell on the shield without any shaking. It was totally impossible to break the defense.

"Thank you for your protection."

Su yunkong knelt respectfully in front of Longyuan stone sword and prayed to thank him.

One by one, the villagers knelt down and prayed silently.

It is because of the protection of Longyuan stone sword that the ancient sword village has not been destroyed by natural disasters for tens of thousands of years.

Su Huazheng is also kneeling on the ground, but her heart is full of uneasiness. Remembering Ye Chen's safety, she raises her head and looks outside the village. Then, she sees an unforgettable scene in her life.

Ye Chen's body was shining, and a magnificent figure appeared. The figure stood at the top of the sky, and the way of heaven did not dare to bring disaster. All the thunder clouds in the sky above Ye Chen's head disappeared, and a clear blue color emerged.

"Village leader, look!"

Su Huazheng was shocked and stood up, staring at the scene outside the village.

Su yunkong and the villagers also raised their heads. When they saw the shadow of Wei'an behind Ye Chen, everyone was shocked.

"This What's going on? "

"This is the figure of the reincarnation Lord! Is this boy the reincarnation of reincarnation

"Reincarnation Lord, that is the character that even the greedy wolf emperor respects!"

"The great emperor once said that the Lord of reincarnation wanted to establish the order of reincarnation, to rule the world by virtue of good and evil, which coincided with the Enlightenment of saints. He always wanted to know about it, but he didn't have a chance."

"The reincarnation blood is superior to the heaven, and even the way of heaven dare not bring disaster. This boy is really the master of reincarnation!"

"No wonder he has the hatred of the emperor yuan palace and the queen!"

People's eyes, with a huge shock color.

The shadow behind Ye Chen is the legendary reincarnation master.

Samsara blood, above the heavens, heaven dare not land disaster.

Now ye Chenren is outside, and his blood is constantly breaking out. The curse of heaven and the calamity quickly break away. He is obviously impacted by the law of reincarnation, and he dare not be rampant again.

In a twinkling of an eye, the sky emptied, and all the clouds and shadows of the curse of Tianjie disappeared, and the whole sky was blue again.

The sun shines on the earth, the grassland breeze bursts, refreshing.

"Sure enough, a turnaround has come."

Ye Chen looks at the disaster cloud that dissipates all over the sky, breathes a sigh of relief, can't help but smile.

At the critical moment, ye Chen's reincarnation played a role in successfully dispersing the disaster of Tiandao.

The people of the whole ancient sword village were shocked.

The reincarnation Lord, that is even the greedy wolf emperor, should respect the character, they naturally dare not despise.

Su yunkong's face turned pale. Yesterday, he even wanted to kill Ye Chen. It was really disrespectful. He violated the reincarnation of Tianwei, and the consequences were unimaginable.

"Go and save the Lord of samsara

Su yunkong, leaning on crutches, ran out in a hurry. Respectfully, he helped Ye Chen up and brought him back to the stockade.

"My Lord, you are the Lord of reincarnation. Please forgive me for your offence."

"This nine turn clear elixir is the supreme source pill. It has excellent healing effect. Please take it."

Su yunkong kneels in front of Ye Chen. He confesses his guilt, then takes out a pill and hands it to Ye Chen.

Ye Chen took the pill, and immediately felt a burst of fragrance, the spirit of a vibration."It's all right. Those who don't know are not guilty."

Ye Chen immediately took the pill and took it directly. He also forgave Su yunkong.

Gulu.

After swallowing the nine turn clear elixir, ye Chen suddenly feels a burst of cool liquid medicine, which turns open in the body.

He slowly used the eight trigrams heavenly elixir to refine the power of the nine turn clear elixir and nourish his meridians.

Under the treatment of jiuzhuan Qingling pill, ye Chen suddenly felt that all his muscles and bones were recovering rapidly. It would have taken some time before he could completely recover from the internal injury. It is estimated that he can completely recover within three days.

"You are the Lord of reincarnation. Why didn't you say it earlier?"

Su Hua Zheng stares at Ye Chen with a trace of anger in her eyes.

Ye Chen said with a smile, "even if I said it, would you believe it?"

"Er..."

Su Hua Zheng's voice stopped suddenly.

Indeed, even if ye Chen publicly identified, she could not believe it.

She had heard many stories about reincarnation when she was very young.

There are too many rules of reincarnation.

The four words of reincarnation Lord, even for her, are high-ranking existence.

"Lord of samsara, can you come and get together?"

At this time, the voice of heaven and earth was shaking.

"It's really a top player! Is it the greedy wolf emperor? "

Ye Chen one hears this sound, immediately vision a change.

According to legend, the greedy wolf emperor was destroyed and his cultivation and legs were destroyed, but his martial spirit was still there. As soon as he spoke, ye Chen felt his former momentum.

The greedy wolf emperor in the past, but he is really a master at the top of the world!

Ye Chen's appearance, obviously also caused the greedy wolf emperor's attention.

Su yunkong said happily: "the reincarnation Lord, the great emperor wants to see you. Don't you say that you have been making friends with the great emperor for a long time? Today is a good day. If you can make friends, it will be a great event. "

Ye Chen pondered for a while and said, "well, it's said that the greedy wolf emperor was the first disciple of ancient sages. I also want to pay a visit to him and say goodbye."

With that, ye Chen stood up and arched his hands toward the people. He left the ancient sword stronghold and went to the depth of the land of wrath.

Chapter 4578

Su Huazheng looks at the back of Ye Chen's leaving, feeling disappointed.

Ye Chen went to the depth of the land of wrath, and thought: "the greedy wolf emperor is the elder martial brother of emperor Shitian. If I can recruit him, it will be better."

At that time, the greedy wolf emperor was the first disciple of Yan Changge. He was disillusioned to find that Yan Changge was the master of heart demons. However, in terms of seniority, he was still the elder brother of emperor Shitian.

If you can recruit him, just rely on the suppression of seniority, ye Chen can stabilize the emperor's flame!

The realm of emperor Shitian and xuanjiyue is too vast. Ye Chen wants to defeat them and avenge the two old men of Jianfen. It is not enough to improve their combat effectiveness alone. We also need to start from many aspects, such as the cause and effect of Qi, the foundation of human relations, the fate of the road and so on.

If we can attract the greedy wolf emperor, we can at least suppress the emperor's luck.

Along the way, ye Chen came to the depth of the grassland. On the vigorous grassland, there was a desert, full of desolate and dead breath. A dead tree stood quietly. Under the dead tree, there was a man sitting cross legged, covered with withered yellow grass roots and wind dust. It was like a sculpture, never moving.

"Is this the greedy wolf emperor?"

Ye Chen was frightened. The sculptural man in front of him was an old man, stiff and motionless, with only a pair of sharp eyes like a wild wolf blinking and looking at Ye Chen.

"Lord of samsara, you are here."

The old man made a loud voice, which looked decadent and decadent on the surface, but his voice was full of vitality, showing his incomparably strong will of martial arts.

"The elder is the legendary sage's first disciple, greedy wolf emperor? Good to meet you

Ye Chen arched his hand.

"I've been out of the church for a long time, and I have nothing to do with the ancient saints."

The greedy wolf emperor is still like a sculpture. His whole body does not move, and his mouth does not move. His will to fight against the void, and his voice is sent out from the void, which is shocking.

"It's a saint's spirit to challenge the way of heaven. Although it failed, it's also admirable."

Ye Chen held the palm of his hand slightly, and there was eight trigrams and Dan Qi lingering in the palm. He said, "my meridians are completely destroyed now, and my legs are useless. I am proficient in medical skills, and I may be able to help you with the treatment."

"No need!"

"I'm greedy for the wolf emperor, and I don't want any favor from others."

In the eyes of the greedy wolf emperor, the murderous spirit suddenly passes by. The will of martial arts is released, and ye Chen's eight trigrams Dan Qi is crushed.

Ye Chen heart a Lin, step back.

The greedy wolf emperor's tone slowed down and said, "I have heard of the reincarnation Lord. I have a doubt in my heart, which can not be solved for tens of thousands of years. Please enlighten the reincarnation Lord."

"If you can solve my doubts, I can give you this piece of Longyuan sky sword."

With that, the greedy wolf emperor's eyes coagulated, and the empty space in front of him twisted and a fragment emerged.

This fragment, carved with dragon patterns, is surrounded by stars and even extremely sharp. It is comparable to the sharp edge of Shenluo Tianjian, which is constantly diffused out.

"Longyuan sky sword?"

Ye Chen took a breath of cool air and hurriedly stepped back three steps. The sword spirit on the fragment was very fierce. A little breath could cut off a person's head.

Ye Chen suddenly feels that the invisible sword Qi is constantly attacking. Fortunately, he responds quickly and avoids in advance, otherwise he will be injured.

The greedy wolf emperor said, "the stone sword in the ancient sword stronghold is actually a shadow of the dragon Yuan sky sword. The real fragments of the dragon Yuan are here."

"I see."

Ye Chen is frightened. The legendary supreme source soldier is really extraordinary. A wisp of sword shadow can withstand the disaster of natural calamity. The value of this fragment is even more terrible.

Greedy wolf big emperor way: "I have one matter not solved, also please reincarnation the Lord to see teaches."

Ye Chen sat down with his knees crossed, and sat opposite the greedy wolf emperor, looking at him flat, and saying, "please say so."

In the eyes of the greedy wolf emperor, a trace of painful struggle was revealed, and he said, "is the heart demon curse sword the biggest cancer in the world of heaven, and everyone will kill it?"

Ye Chen nodded and said, "of course, this is the external butcher's meeting. If the elder deduces the natural mechanism, you can see the end."

The greedy wolf emperor said: "I naturally saw that my younger martial brother launched a heart demon trial to harm the living beings. Death is not worth cherishing."

Ye Chen said: "since the predecessors all said that the emperor's death is not worth cherishing, the heart demon's big curse sword is a cancer thing, still need to question?"

The greedy wolf emperor said, "since the heart demon is a cancer, my master is also a bad man, isn't he? But my master is benevolent, righteous and loving. He wants to build up a saint's education. How can he be a bad man? Was it right or wrong for me to leave school

Speaking of the end, greedy wolf emperor's tone, with painful regret.

Obviously, he left Yan Changge, cut off the relationship between master and apprentice, and left the education. He regretted that he was wrong.

"I not only quit teaching, but also encouraged other younger martial brothers to quit together. As a result, my master became a lonely family and lost his fortune. Finally, he was betrayed by a traitor and killed by a superior. I am unforgivable!"

"Master said that the heart demon's curse sword is just a tool to help him build up saints' Enlightenment and punish traitors. He may be right. I was too young at that time. Maybe I misunderstood him!"The statue like body of the greedy wolf emperor finally moved and trembled violently. It was very painful and even shed two lines of tears.

Ye Chen was silent for a moment and said, "you are right. The heart demon curse sword is really just a tool, which can be used to punish traitors and establish saints' enlightenment. If I hold the sword, I will also use it to establish the order of reincarnation and rule the world with good and evil merits and virtues."

The greedy wolf emperor trembled: "since it is a tool, why do you say it is a cancer?"

Ye Chen said: "because of this tool, it is now in the hands of emperor Shitian! Emperor Shitian wants to launch a trial of heart demons, clear all the heaven and the world, kill all people, and build a new world. What is this not a cancer

If the heart demon's sword is still in Yan Chang's hand, ye Chen may not think it is a cancer. After all, Yan Changge has great ambition. He wants to establish the sage's orthodoxy, open up the barbarians, and educate the world, which is also a brilliant path.

But emperor Shitian, the trial plan is too extreme, a madman alive, the heart demon curse sword in his hand, naturally became a cancer.

The sword is innocent, but the person who holds the sword can be divided into good and evil.

The greedy wolf emperor struggled for a while, shook his head and said, "you are too complicated. I don't understand. I only ask you, is my master a good man? Am I a bad person when I leave school? "

Hearing this, ye Chen gave a bitter smile, shook his head and said, "master, in this world, there are no absolute good people or absolute bad people. How can we distinguish good from evil so easily?

In ancient times, the biggest problem with the sage road was that it was too absolute. It was either black or white, or saint or beast. However, things in the world were not so easy to distinguish. "

Chapter 4579

The greedy wolf emperor was at a loss and said, "my younger martial brother wants to create a heart demon trial and clean up the world. Is he always a bad man?"

Ye Chen shook his head and said: "it can't be said so simply. Emperor Shitian wants to build a new world, but his plan is too extreme to simply say that he is a bad man. I fight with him, but the position is different. He wants to launch a trial of heart demons, which is destined to be the enemy of the world."

The greedy wolf emperor murmured: "different positions..."

Ye Chen's words made the greedy wolf emperor ponder. He had always accepted the Enlightenment of saints and simply divided the world into black and white. Therefore, after knowing that Yan Changge was the master of the heart demons, he was completely disillusioned.

But after listening to Ye Chen's words, the greedy wolf emperor found that things in the world are not black or white. Sometimes, the so-called good people and bad people, good and evil, good and evil, sometimes just take different positions.

Ye Chen did not speak any more, just looked at the greedy wolf emperor silently.

For a long time, the greedy wolf was relieved and seemed to have figured out something. He said, "listening to your words is better than reading ten years' books, the Lord of reincarnation. Thank you for your advice. I think I have understood it."

"The heart demon sword is a tool in my master's hands."

"But in my younger brother's hand, it becomes a cancer."

"I was really impulsive when I left school. If I didn't, the curse sword of heart demon would spread to me sooner or later, and now the world will not face the disaster of heart demon trial."

Ye Chen arched his hand and said, "congratulations on untying the knot."

The greedy wolf emperor smiles and waves his hand. The fragment of Longyuan Sky Sword falls in front of Ye Chen and says, "I'll give you this piece. Thank you for your advice."

Ye Chen accepted the fragments, and suddenly felt that the sword was fierce. The sharp sword was cutting his palm, and the blood was gurgling.

"The supreme source of soldiers, indeed, the edge of the sky!"

Ye Chen is surprised. He collects the fragments of Longyuan sky sword. It's just a fragment. It has such a terrible edge. If it's a real dragon Yuan sky sword, I don't know how powerful it will be.

"Master, since you have untied your heart knot, you might as well come out of the mountain and follow me to exterminate the heart evil tumor. When the heart evil tumor is eliminated, the heart evil curse sword will become a common tool again. You can inherit and control it and recreate the cultivation of saints."

After calming down, ye Chen sent out an invitation to the greedy wolf emperor.

If the greedy wolf emperor can follow him, his grasp of killing emperor Shitian will be greatly improved.

Eight old heart demons are just the servants of Yan Changsong.

The greedy wolf emperor is the real apprentice of Yan Changge. In terms of seniority, it can suppress the emperor's interpretation of heaven, which is definitely a great help.

The greedy wolf emperor shook his head and said, "I've done my best to destroy my legs. I've become a waste man. I can't help you."

Ye Chen said: "the damaged meridians, as well as the disabled limbs, I can treat them."

The greedy wolf emperor said coldly, "no, my master is dead. I don't care about the world for a long time, and I'm not interested in going out of the mountain. Today, you untie my heart knot. I'll send you pieces of sky sword. We don't owe each other. We don't leave any cause and effect. You can go."

Ye Chen's face sank and said, "Yan Changge died. Don't you want revenge? In those years, the elder challenged the way of heaven, and his martial arts will was full of vigor. Today, they are not extinguished. Are you willing to be a coward all your life and not seek revenge from the superior? "

Hearing the speech, the greedy wolf emperor's face changed greatly.

Ye Chen's words, like a sword, pierced his heart deeply.

He does want revenge, but the question is, how can he be an opponent when the superior is so powerful?

"Boy, it's none of your business! Stop talking nonsense and get out of here now

"Do you know how powerful the superior is?"

"I can't even defeat the way of heaven. How can I get revenge?"

The greedy wolf emperor's attitude suddenly became fierce, angry and scolded Ye Chen.

"Master, we can't defeat the superior today, but we may not be the superior's opponent when we exterminate the heart evil tumor and the atmosphere is added to our body."

Ye Chen still doesn't mean to leave. The identity of greedy wolf emperor is very important. If he is willing to go out of the mountain, ye Chen will be much more relaxed in the face of the pressure from the emperor to release heaven.

"Boy, don't blame me for my ruthlessness if you don't want to roll away!"

Greedy wolf emperor a burst of anger, martial arts will suddenly burst, the surrounding space distortion, actually evolved into a self-contained.

"The sage is in heaven, open up!"

The greedy wolf emperor drank a lot. His accomplishments were completely destroyed, but he could be released by will.

All of a sudden, a sacred, vast, magnificent and natural world rolled out, enveloping the land more than ten miles around.

This self-contained, full of holy light everywhere, there are scholars in the shape of heaven and man, singing poems and reciting the laws of sages in the sky, and all kinds of mighty enlightenment will be suppressed from all directions.

There are also a series of poems, evolved into gorgeous weather, or romantic, or iron horse glaciers, or frontier killing, or rivers and mountains, all kinds of visions, mixed with Saint Tianwei, crazy suppression of Ye Chen.

"Not good!"

Ye Chen's face changed, only felt bursts of pressure, constantly shrouded. His injury, has not been completely recovered, now in the face of greedy wolf emperor's self suppression, immediately suffocated.

"Seven Star Dragon abyss, Heaven Sword comes, urgent as a law!"

At the critical moment, ye Chen sacrificed the fragments of Longyuan Tianjian, bit his fingertips, and wiped it with a drop of blood. He even wanted to refine the fragments of Tianjian on the spot.

"What!"

The greedy wolf emperor saw this scene and was shocked.

Even if it's just a fragment, it's very difficult to refine, and it costs a lot of hard work.

But now, ye Chen is actually facing the battle of refining, which is simply incredible.

Hum!

I saw Ye Chen's blood smeared on the fragments of Longyuan sky sword. The whole fragment bloomed with bright stars, and a touch of illusory shadow of Sky Sword emerged.

Roar!

There was also a sound of dragon chanting.

In the shadow of the sky sword, a green dragon hovers, its teeth and claws are flailing. It is very spectacular.

Ye Chen's eyes are sharp and his spiritual power is constantly infused. On that day, the sword's shadow and breath are constantly solidified. It seems that it has become a solid substance, and there is no illusory appearance.

"Refining success!"

Ye Chen was overjoyed. If ordinary people want to refine the supreme source soldiers, it will be extremely difficult.

However, ye Chen's reincarnation is superior to the sky. This dragon Yuan Sky Sword is only a fragment, which can be easily refined by Ye Chen.

On the edge of the sword, I feel the sword of the sky.

"Mend the sky, nine layers of heaven!"

In a short period of time, ye Chen's cultivation has reached the level of nine layers of heaven.

"Star soul chop, break it for me!"

Looking at the world around him, ye Chen drinks wildly. The dragon Yuan Sky Sword swings and cuts it out. A touch of unimaginable startling sword spirit is mixed with the brilliance of stars. It seems that the Milky way suddenly falls from the nine days and kills all around.

Hiss!

With the sword, the free world summoned by the greedy wolf was suddenly destroyed.

Chapter 4580

The greedy wolf emperor looks terrible. He didn't expect Ye Chen to be so powerful. He spat out blood on the spot and his face turned white.

"Master, I don't want to hurt you, but the emperor Shitian wants to launch a trial of heart demons. All the heaven and the world are facing the end of the world. I need your help."

Ye Chen put away the dragon Yuan Sky Sword and said in a cold voice.

The greedy wolf emperor bit his teeth, but he couldn't speak.

"Don't push my brother."

At this time, a delicate woman's voice came out.

Boom!

Ye Chen suddenly feels that the tomb of samsara has changed. A new samsara power has come out at this moment!

I saw a black masked woman, slowly floating out of the samsara tombstone, surrounded by her Zen sound, all kinds of Zen sounds vibrated, giving out a more solemn and powerful heavenly power than the sound of Tianlong eight gods.

"Tianyou Zen girl!"

Ye Chenyi saw this woman, suddenly felt infinite opportunities rolling.

From this woman, he captured the cause and effect connected with the greedy wolf emperor.

This woman, named Tianyou Chan woman, is actually the sister of greedy wolf emperor!

Tianyou Zen girl floated out and came to the greedy wolf emperor. With affection and pity, she gently stroked the greedy wolf emperor's face and said, "brother, are you ok?"

"Sister, it's It's you. "

The greedy wolf emperor was completely stunned and didn't expect to see Tianyou Zen woman here.

"You How could you be like this

The greedy wolf emperor was greatly shocked when he saw that there was only a wisp of spirit left.

In ancient times, the greedy wolf emperor and Tianyou Zen woman came from the same family. In order to follow the steps of the sage, the greedy wolf emperor put himself into the door of Yan Changge and never went back home.

After the fall of Yan Changge, he once went back once, but when he saw that the family had been destroyed, he thought his sister was dead. He didn't expect to see each other today, and his sister had only a wisp of spirit left.

"Have you been detained

The greedy wolf emperor pinched his fingers and immediately pushed the cause and effect on the performance. He could not help but change his face.

Xuanjiyue's character is famous for her ferocity. The real body of Tianyou Zen woman is imprisoned, and I'm afraid she will suffer a lot.

"Brother, I'm fine."

"The reincarnation master of this life will save me sooner or later."

With tears in her eyes, Tianyou Chan looks at Ye Chen.

The greedy wolf emperor bit his teeth and said, "sister, you are in danger. I will save you with my own hands. I don't need to borrow someone else!"

Tianyou Zen woman still gently stroked the greedy wolf emperor's face and said, "brother, you are still so competitive."

Today's greedy wolf emperor is old and decadent, but his martial arts will is still strong. He seems to be a young man. Seeing that Tianyou Chan's daughter is in danger, he just wants to save it in person, not to owe Ye Chen's kindness.

Ye Chen grinned bitterly. It seems that the greedy wolf emperor is really stubborn.

The greedy wolf emperor looked at Ye Chen and said, "Lord of reincarnation, let's make a deal."

Ye Chen said, "Oh, what else do you want to do?"

The greedy wolf emperor said in a deep voice: "you treat me, and I will tell you the whereabouts of the reincarnation xuanbei."

"Reincarnation xuanbei!"

Ye Chen hears these four words, immediately heart constriction.

The greedy wolf emperor said: "if you want to activate your reincarnation blood, you need the help of the reincarnation xuanbei. I know that there is a reincarnation xuanbei, which takes the devil as the tablet. As long as you are willing to treat me, I can tell you the whereabouts of the magic tablet."

"Magic stele..."

Ye Chen is shocked. Now he has dust stele, wind stele, burning stele, spirit stele, poison stele and dark stele on hand. If he can get another magic stele, the reincarnation blood vessels will surely be activated again!

Even the xuanbei of Chinese reincarnation should not be difficult!

It's a pity that ye Lingtian has never heard anything since he went to China.

Because of the disturbance of the butcher's assembly, I have no time to care about ye Lingtian's affairs.

However, according to Ye Chen's understanding, ye Lingtian's strength is enough to sweep across China, even if the Chinese rules are suppressed, there will be no big problem.

But before several times I saw the picture, it seems that ye Lingtian is not good in China.

Has the change of Chinese aura begun?

"Master, I don't know where the magic stele is?"

Ye Chen asks quickly, just want to know the whereabouts of the magic tablet.

Greedy wolf big emperor way: "you treat for me first."

Tianyou Chan woman said: "brother!"

Ye Chen thought for a while and said, "no problem."

Finish saying, ye Chen is not nonsense, a wave of the palm, a wisp of gold, into a koi, around the body of the greedy wolf emperor.

"Immortal Koi, drive away disaster gas, protect your true spirit, Chi!"

Ye Chen drank softly and pointed a little. He displayed the immortal brocade carp copy, one by one, dispelling the disaster spirit of the greedy wolf emperor.

In the past, the greedy wolf emperor failed to challenge the way of heaven, and his meridians were destroyed. In addition, there were great disasters on his body. Therefore, if you want to cure the greedy wolf emperor, you must first dispel his disaster Qi.

Chuckle!

Under the protection of the immortal Koi, a continuous black breath comes out of the greedy wolf emperor, and then dissipates under the impact of Koi immortal Qi.

"Bagua Tiandan technique, treatment!"

After all this, ye Chen began to use the eight trigrams heavenly elixir to treat the damaged meridians of the greedy wolf emperor and his disabled legs.

Ye Chen has six source talismans. His cultivation of source skill is very exquisite. The power of Bagua Tiandan technique is greatly improved.

As long as people have one breath left, ye Chen can be cured.

Whoa.

Under the nourishment of the eight trigrams Dan Qi, greedy wolf emperor's meridians quickly healed.

And his crippled legs, too, regained consciousness and rose slowly.

"Brother!"

Tianyou Chan woman was surprised to see the greedy wolf emperor recover.

In his heyday, the greedy wolf emperor even surpassed the peak of huanzhenjing, because his strength was too strong to be understood by outsiders. He thought that his strength was only the peak of Zhenjing.

Now the damaged meridians of the greedy wolf emperor have been restored. Over time, he will always be able to return to his former state.

"Sister..."

The greedy wolf emperor's meridians recovered, his white hair turned into black hair, and the wrinkles gradually disappeared. Obviously, the disaster Qi was dispelled and the Qi was transported back. He should be young again.

In the twinkling of an eye, he has changed from a decadent old man to a fierce middle-aged man like a wild wolf. His eyes are surging, and he hugs Tianyou Zen woman tightly, but he seems to hold the air.

Tianyou Chan woman is just a wisp of spirit. She can't even embrace her body without her flesh and blood.

"Damn it!"

The greedy wolf emperor bit his teeth and looked with hate in his eyes. He said, "sister, don't worry. When I recover from my cultivation, I will kill xuanjiyue immediately and save your real body."

"Thank you very much, brother," she said in tears

The greedy wolf emperor took her illusory hand and said, "OK, sister, let's go together. I'm going to practice in the emptiness and turbulence."

Tianyou Zen woman said: "brother, my spirit relies on the samsara cemetery. I can't leave the samsara Lord too far away, or there is a danger of dissipation. I can't go with you. You can stay and help the samsara Lord."
