

Physician 4581

Chapter 4581

The greedy wolf emperor glanced at Ye Chen with a sneer and said, "sister, who are you brother and me? If the reincarnation master has the strength in his peak period, I may follow him. But now, he only has to mend the nine layers of heaven, so he is not qualified for me to follow. "

"Brother, what do you want

The greedy wolf emperor said: "I still want to practice in the emptiness and turbulence. Don't worry. I will come back to you when my cultivation is restored to the peak! In this period of time, I can only aggrieve you

Looking at Ye Chen, he said in a cold voice: "boy, be nice to my sister. If you dare to bully her, I won't let you go! The magic stele you want is occupied by the demon spirit palace in the dark and dry land. If you want to capture the magic tablet, you just need to destroy the demon spirit palace

"The dark and dry land, the magic spirit palace..."

Ye Chen's eyes lit up and immediately caught the heavy cause and effect.

This dark and dry magic land is at the junction of Yangzhen and Tianren. The palace master of the magic spirit palace, named Fengxing meteor, has enough strength to reach the six levels of heaven of Huanzhen realm!

"It's really six layers of heaven. It's a little tricky..."

Ye Chen frowned. He didn't expect that the master of the magic spirit palace was so powerful.

If he wants to capture the magic stele, he must first kill the palace master fengxingqiu. However, fengxingqiu's cultivation has reached the level of six layers of the true state. With his current strength, it is still difficult to deal with it.

The greedy wolf emperor said: "boy, the whereabouts of the magic tablet, I have told you, we have no cause and effect, goodbye."

Looking at Tianyou Chan girl, she said, "sister, I'm going to leave now. I'm not going to let you suffer for a long time. If xuanjiyue dares to hurt you, I'll let her pay the price."

After that, the greedy wolf emperor wanted to leave, but all of a sudden, nine days of void hissed, there was a purple light around the Fu Zhao, flying from the sky.

"It's the Queen's Fuzhao!"

Ye Chen a look, immediately heart a startle.

The greedy wolf emperor's eyes became angry and said, "why did Xuanji moon send Fu imperial edict to come here?"

The greedy wolf emperor copied the Fu Zhao in his hand and crushed it. Suddenly, the will contained in the Fu Zhao was passed on.

Ye Chen and Tianyou Zen woman feel the will of xuanjiyue.

"Greedy wolf emperor, come to the upper world and follow me. I can release your sister."

The message from Xuanji moon is actually trying to attract the greedy wolf emperor!

Her condition is to release the real body of Tianyou Zen woman!

Hearing this, the greedy wolf emperor's heart beat violently. If the real body of Tianyou Zen woman can be released immediately, the two brothers and sisters can be reunited.

But the next moment, greedy wolf emperor's heart, turned into anger, Fu Zhao in his hand broken into streamer.

"Xuanjiyue, you cunt, want to take my sister as a chip!"

"I warn you, let them go at once!"

"Otherwise, sooner or later, I will kill you to the upper limit and tear you to pieces!"

The greedy wolf emperor roared up to the sky, his voice mixed with martial arts will, rolling to the upper bound.

He adheres to the Enlightenment of saints, so he can't trade with evil spirits and traitors. Xuan Jiyue wants to take Tianyou Chan woman as a bargaining chip. It's humiliating for him, and he can't agree.

"Brother."

Tianyou Chan woman took the greedy wolf emperor's arm and wept silently.

She was imprisoned by xuanjiyue. Where can she get out of trouble so easily?

Xuanjiyue is not a kind person, so it is impossible to be threatened by the greedy wolf emperor.

The greedy wolf emperor said: "sister, don't worry. I'm here. Xuanjiyue doesn't dare to hurt you."

Ye Chen looks at these two brothers and sisters, so deep friendship, face a burst of moving.

The greedy wolf emperor is absolutely a hero of his generation, but he is not willing to use it for him.

"Greedy wolf emperor, Emperor Shi wants to see you."

The empress's Fu Zhao completely drifted away with the wind. However, at this time, there was a faint, eerie and deep voice, which sounded slowly.

I saw a man coming slowly from the grassland outside.

This man has empty eyes and no spiritual wisdom. His facial features are as dull as a statue. He has no expression. He even walks very rigid, like a walking corpse.

"Heart demon zombie! The puppet of the emperor

Ye Chen's heart vibrates, from this man's body, caught a wisp of heart demon's breath.

Obviously, this man, already brainwashed by the heart demon, has become a zombie puppet like existence, fully obeying the emperor's orders.

"Where are you from? Get out of here

The man was in a state of shock when he stepped on the spot.

"The emperor will not be angry."

The man stood up unsteadily and said, "Qin Shangyang, a disciple of Tianzong sect of lower Lieyang, has now joined the emperor's yuan hall. He is the most loyal servant of emperor Shi. I heard that the greedy wolf emperor lived in seclusion here. I'd like to invite you out of the mountain

The tone of Qin Shangyang's speech is so cold and insipid that it doesn't bring any emotion. It's a zombie alive and creepy. Ye Chen is frightened. This is what happens to the people controlled by the heart

demons. Fortunately, he was protected by the great star sky at the butcher's meeting on that day. Otherwise, he, together with Zha Tianmo Di, Xia Ruoxue, Wei Ying and others, would certainly become this ghost.

The greedy wolf emperor said: "the emperor's interpretation of heaven is a big cancer of the universe. I'm not interested in seeing him. Go back and tell him that he dares to abandon the cultivation of saints and violate the holy way. One day, I will personally hold his neck on his head and worship his master!"

Just after ye Chen's explanation, the greedy wolf emperor has realized clearly the difference between tools and cancer, so he mercilessly reprimands the emperor Shitian.

Qin Shangyang's expression was still indifferent, like a zombie for ten thousand years. He said, "emperor Shi said that as long as you are willing to go to the palace of emperor yuan, he can tell you who the traitor is."

"At that time, the Seven Saints of you came out of the religion. Each of you had his own ambition. There was nothing wrong with it. But one of you betrayed the former Lord Yan Changsong."

"It is impossible for you to avenge the former Lord, but it is also a great merit to kill the traitor, which can comfort the spirit of the former Lord."

The greedy wolf emperor looked crazy and said, "who is the traitor?"

There was a traitor among the Seven Saints at that time. The greedy wolf emperor was always worried about this matter. Unfortunately, his accomplishments were completely destroyed and no one could find out who the traitor was.

Now that ye Chen has cured his meridians, he naturally has the thought of revenge.

It is absolutely impossible to seek revenge from the superior. However, it is possible to find out the traitor and take the traitor's head to worship Yan Changsong.

Qin Shangyang said: "you want to know who the traitor is. Come back with me. The emperor will tell you personally."

Hearing this, the greedy wolf emperor's face sank and said, "What Does emperor Shitian want me to do? He is a big cancer in the sky. I can't do anything for a tiger

Chapter 4582

Qin Shangyang said: "the emperor doesn't have to worry. The emperor's request is very simple. He is injured now. As long as you are willing to help him block the threat from the Imperial Palace, you can leave naturally when he is well."

The greedy wolf emperor sneered and said, "emperor Shitian wants to use me as a shield? tell some fantastic tales! He's not qualified! I can't help him unless he gives up the plan of the heart demon trial and returns to the sage road. "

Qin Shangyang said: "the great emperor is determined to ignore the affection of his fellow disciples and mercilessly watch the emperor's suffering?"

The greedy wolf emperor said, "he fell down and suffered. It's for himself. What's the matter with me? Get out of here now, or don't blame me for being ruthless

Between the words, the greedy wolf big emperor clenched his hands and his bones crackled. Actually, there were wisps of gray and deep evil spirit, which constantly burst out.

Among the rolling evil spirits, the wolf's roar, the sky and the earth move, and the heart and spleen of people are miserable, and there is the breath of supreme Taoism.

"It's the way of the supreme god! The strongest evil spirit in the world

Ye Chen sees this scene, pupil slightly shrinks.

The evil spirit of the greedy wolf emperor's palm is actually the supreme heaven evil spirit Road, one of the thirty-six ways of the supreme emperor.

Each of them is comparable to the supreme source technique, and its lethality is terrible.

If this is too evil spirit, burst out, ye Chen is not absolutely sure, can resist.

Just now, the greedy wolf emperor's meridians have not been restored, and his legs are still disabled. This is too much evil Qi to make it come out. But now his meridians are cured and his cultivation is slightly restored. As soon as the evil spirit comes out, it makes people suffocate.

Qin Shangyang's face trembled, revealing a trace of fear.

He's a zombie with a heart demon. He doesn't have intelligent thoughts. This fear is an instinctive reaction.

The evil spirit of the supreme heaven was so strong that even his instinct was aroused.

"In that case, I'm off."

Qin Shangyang had no choice but to turn around and leave.

The greedy wolf emperor took a step forward and wanted to ask something, but he still resisted.

Although he wanted to know who the traitor was, he didn't want to serve the emperor.

"Master, if I can get the magic tablet, then my blood will recover further. Maybe I can help you to perform. Who is the traitor?"

Ye Chen tries to deduce, vaguely deduces to the traitor's back, but always can't see the positive.

If you want to see the positive, unless you get the magic stele, the blood will recover further.

"Oh?"

The greedy wolf emperor's eyes brightened and said, "it's so good. If you can help me find out who the traitor is, I'm very grateful."

During the talk, the greedy wolf emperor's evil spirit coagulated and turned into a black crystal stone and handed it to Ye Chen:

"this is the keepsake of the supreme heavenly evil spirit. You can take it easily. If you encounter any emergency danger in the future, you can crush it and call me. I will help you once, as a reward."

"Remember, don't use it until the moment of life and death!"

The greedy wolf emperor attached great importance to cause and effect. Since ye Chen promised to help him find a traitor, he was not stingy and left a keepsake. In this way, he would help Ye Chen when he was in danger.

"Master, you said that the magic tablet was occupied by the demon spirit palace, but please tell me where the magic spirit palace is in the dark and dry land."

In the shadow of heaven and earth, there is no place in the dark.

The greedy wolf emperor shook his head and said, "I don't know. I only know that the magic tablet is in the hand of fengxingmeteor, the master of the magic spirit palace."

"Fengxing meteorite is born with a wild devil holy body. He is born for the devil. He is an expert in restoring the six layers of heaven in the real world."

"This magic stele was found by accident in the Archaean ruins. Later, he used all his resources and even paid a large price to hire my younger martial brother, Emperor Wuqu, to steal and dig the tomb of the reincarnation Lord."

"Because it needs the breath of samsara law to give full play to the power of the reincarnation xuanbei. Therefore, fengxingqiu sent someone to steal the tomb to seize the relic of the reincarnation master and use it to urge the reincarnation xuanbei."

"After the fall of the reincarnation Lord, many tombs were set up in various places to confuse people's sight. In every cemetery, more or less, some keepsakes were left."

"My younger martial brother, Emperor Wuqu, took advantage of Fengxing meteorite and robbed his tomb for him."

"Fengxingxiao got some keepsakes from the reincarnation Lord, and finally was able to use the magic stele. Finally, in order to avoid cause and effect, he kept shrinking in the magic spirit palace."

Ye Chen after listening to the greedy wolf emperor's words, immediately eye pupil a shrink, way: "Wind Star meteorite also dug my grave?"

The greedy wolf emperor said, "it was dug by my younger martial brother emperor Wuqu."

Ye Chen said: "your younger martial brother is only employed by others, and this wind star meteor is behind the scenes!"

The greedy wolf emperor said: "it is true. I don't know where the magic spirit palace is located, but I know about the stolen tomb. I can tell you that if you go and have a look, you may be able to catch some natural cause and effect, so as to trace the location of the magic spirit palace."

Ye Chen waved his hand and said, "no, I already know." Just heard the greedy wolf emperor mention the tomb theft, ye Chen on the hole broken Tianji, lock the location of the mausoleum.

Vaguely, we even saw the scene of emperor Wuqu robbing the tomb.

The figure of emperor Wuqu gives Ye Chen a very familiar feeling, which is very consistent with the traitor's figure he deduces.

"Is emperor Wuqu a traitor?"

Ye Chen heart a Lin, but did not see the traitor's positive, not sure.

The greedy wolf emperor said, "since you know where the mausoleum is, it would be better."

"Take care of my sister. I'm leaving."

The greedy wolf emperor took a look at Tianyou Zen woman and reluctantly refused to give up. Now that his meridians have recovered, he needs to seize the time to restore his cultivation as soon as possible and to reach the peak again.

Tianyou Zen woman is also reluctant to give up, called: "brother."

Ye Chen micro arched his hand and said, "master, take your time."

The greedy wolf emperor nodded, but suddenly his face changed and said, "someone is coming! What a heavy gas

The greedy wolf emperor's voice just fell, ye Chen also felt, there is a familiar and friendly atmosphere, is flying towards here.

"Ji Lin!"

Ye Chen's pupil shrinks, but he feels the change of the poison tablet in his body, which resonates with Ji Lin's deep poison body.

This poison tablet is a special medium between Ye Chen and Ji Lin. as long as Ji Lin appears nearby, the poison tablet will vibrate.

Ye Chen looked up and saw a little girl flying from afar.

This little girl, born with pink carving and jade carving, is delicate and smart. It is Ji Lin!

"Where is the evil spirit? The poison gas is so heavy that even heaven and earth have to be changed."

The greedy wolf emperor was surprised to find that the rules of heaven and earth did not hurt Ji Lin.

You know, in the land of wrath, the rules of heaven and earth are extremely heavy, and there are natural disasters every month.

Ye Chen is not affected by the rules of heaven and earth, because he has the samsara blood. But now, Ji Lin is not affected by heaven and earth. It is really incredible.

Chapter 4583

"It's the effect of Shen Yuan poison body!"

Ye Chen is very clear that Ji Lin's constitution is a deep poison. The poison gas is very strong enough to change the world. Even the rules of heaven and earth must be avoided.

"Demons die!"

The greedy wolf emperor's face was murderous. When he raised his hand, his evil spirit burst out and he wanted to kill Ji Lin with one hand.

But as soon as he approached Ji Lin, it was as if the fish saw the water and the bee saw the petals, which showed a kind and gentle meaning and could not bear to kill.

Ji Lin saw greedy wolf emperor's murderous palm, but "ouch" a cry, scared.

"Master, don't do it. This is my friend!"

Ye Chen quickly blocked the greedy wolf emperor and pulled Jilin over.

"Ye Baowang, you are not dead yet!"

Ji Lin saw Ye Chen. He was so happy that he wanted to jump up and hold Ye Chen's body tightly.

Relying on the medium of poison stele, she found the land of wrath and finally found Ye Chen.

"Jilin, why are you here?"

Ye Chen rubbed Ji Lin's small head and felt warm in his heart. He was very happy.

Ji Lin said, "I'm worried about you. I heard that you were beaten into a pig's head by Emperor Shitian and xuanjiyue. People outside said you were dead, but I know you must still be alive. You are not dead as expected."

Ye Chen is dumbfounded to laugh, scraped blow Ji Lin's nose, way: "I am not so easy to die."

"Who is this uncle? How can he want to kill me as soon as he meets?"

Ji Lin looked at the greedy wolf emperor and curled his lips. Just now the greedy wolf emperor wanted to kill her with one hand, which really scared her a lot.

"I'm sorry, little girl. It was my impulse."

The greedy wolf emperor put down his hand and looked at Ji Lin curiously.

He found that Ji Lin's Shen Yuan poison body has a very special constitution, which is very suitable for cultivating evil spirit.

If Ji Lin can be accepted as a disciple, he will have a successor.

Along the way of martial arts, it is very important to have a breath and light a lamp.

Today, the greedy wolf emperor has rejected the invitation of xuanjiyue and Emperor Shitian, and life will never be easy in the future.

He is ready to die, but before he falls, he wants to pass on his own Taoism.

Ye Chen said: "this elder is the greedy wolf emperor. He was the first disciple of the ancient sages. Please come and see him."

"Greedy wolf emperor? Oh, are you the elder martial brother of emperor Shitian? "

Ji Lin's tone is cold and alert.

Obviously, she has heard of the name of the greedy wolf emperor. In terms of seniority, the greedy wolf emperor is still the elder martial brother of emperor Shitian.

"Ye Baowang, why are you with such bad people? Are you not afraid to die

"Don't be afraid. I'll protect you."

Ji Lin hums, palm gray poisonous fog condenses, strict God guard.

She saw that the greedy wolf emperor was powerful, but his accomplishments did not seem to have recovered. If she fought, he might not have won.

"No, Ji Lin, the elder is not a bad man."

Ye Chen is also angry and funny. When he sees Ji Lin defending himself, he feels warm again.

The greedy wolf emperor also couldn't laugh or cry, and said, "no, little girl, I'm not a bad man."

After a pause, the greedy wolf emperor whispered to Ye Chen: "reincarnation Lord, who is this little girl?"

Ye Chen heart a Lin, the voice goes back a way: "is my friend's younger sister, how?"

The greedy wolf emperor said, "I think she has excellent qualifications and is very suitable for practicing my Taoism. I want to take her as a disciple. What do you think?"

Smell speech, ye Chen suddenly surprised, way: "elder, do you want to accept her as a disciple?"

The greedy wolf emperor said: "yes, I offended the emperor Shitian and xuanjiyue today, and I will be in danger of falling down at any time in the future. I need a successor to inherit my mantle in order to avoid the end of orthodoxy."

Ye Chen brow a frown, way: "you want to accept apprentice, this wants to ask her opinion, I can't do Lord."

The greedy wolf emperor said: "she doesn't seem to like me very much. I don't know how to open my mouth. Please help me to persuade you."

Ye Chen's heart flashed countless ideas, greedy wolf emperor want to accept Ji Lin as a disciple, which is absolutely a great opportunity for Ji Lin.

After all, the greedy wolf emperor in his peak period was not inferior to the emperor Shitian in his cultivation, and he was also a strong one. In terms of seniority, he was even the senior brother of emperor Shitian.

Ji Lin's practice with the greedy wolf emperor naturally has great benefits.

Ye Chen said, "don't worry, I'll talk to her carefully."

"Thank you very much," said the greedy wolf emperor

When they spoke, they communicated with spirits. Everything was in the room of electric light and flint, which Ji Lin could not hear.

Ji Lin took Ye Chen's hand and said, "Ye forced Wang, let's go. Elder sister, she must be very worried about you. Let's go back quickly."

Greedy wolf emperor to Ye Chen made a wink, ye Chen will, cough a, way: "let's rest a night before going."

Ji Lin curled his lips and said, "well, let's go tomorrow." That night, ye Chen and Ji Lin return to Gujian village and live there.

Tianyou Chan woman returned to the samsara cemetery. The greedy wolf emperor stayed in the desert for a while. He did not leave immediately. He also wanted to take Ji Lin as his disciple.

.....

Back mountain and top of Gujian village.

The night was as cool as water. Ye Chen and Ji Lin sat side by side, looking up at the stars and telling the story of the Tu Sheng assembly.

Ye Chen added some details about the process of the massacre, and heard Ji Lin's heart stirring and shaking.

"Ye forced the king, you are brave enough. You are worthy of forcing the king. You dare to go to such a dangerous meeting. It's really killing you."

Ji Lin patted his chest, but his mood was still fluctuating.

The gap between Ye Chen and the emperor Shitian and xuanjiyue is so large that it is unimaginable to be able to leave alive under the dignity of these two people. It is extremely dangerous and hard to compare it to heaven.

Ye Chen said with a smile: "don't worry, I'm very lucky, not so easy to fall."

"Brag, if it wasn't for the end, my sister came out to help you, you would have been killed by the queen."

Ji Lin skimmed his lips, and ye Chen finally survived. Ji Siqing's contribution is indispensable.

If Ji Siqing hadn't come, ye Chen alone would have been killed on the spot in the face of xuanjiyue's sword Qi, and there would have been no chance to live.

Chen, I want to thank you

Ji Lin said: "we'll hurry back tomorrow, and I'd like to see my sister, too."

Ye Chen shook his head and said, "no, actually I have contacted your sister. She said you are too naughty to see you."

Ji Lin said, "what, have you contacted my sister?"

Ye Chen said, "it is, your sister said that you are so naughty and need to be disciplined. She wants you to worship the greedy wolf emperor as a teacher, practice for a period of time, and then go back to see her."

Ye Chen is very clear about Ji Lin's character. If she asks her to become a teacher, she will never accept it. Only when she raises Ji Siqing can she bow her head.

Ji Lin said: "you cheat me, you must be lying to me!"

Ye Chen one face innocent way: "I didn't cheat you, is your elder sister to call you to learn."

Chapter 4584

Ji Lin said: "you cheat, do you dare to swear, cheating is a dog."

Ye Chen said: "well, I swear, cheating is a dog, your sister said, you obedient, otherwise she will not see you."

I thought, "well, just be a dog once."

If Ji Lin can be worshipped under the throne of greedy wolf, it will be a great chance for her. Ye Chen also wants to see this little girl and have a bright future.

Ji Lin's eyes were red, and he said, "well, I'm a master. Where is that uncle going to take me? When will I be back? "

Ye Chen said: "the greedy wolf emperor accepted you as a disciple, and he will take you to the void to experience and teach you all about Taoism. As for when will he be able to come back..."

Ye Chen pinches the finger to calculate, "long is a year, short is 35 months, won't be too long."

Ji Lin said: "that uncle is a disciple of the former Lord of the heart demon. He can't eat people, can he?"

Ye Chen was dumb and said with a smile: "the greedy wolf emperor has already quit his education. He is no longer a heart demon disciple. You can rest assured to follow him. In addition to the magic arts, he will also pass on the sage road to you. You should remember that the magic arts can be learned, and you don't have to worry about the sage road. You are not a child any more. You can understand it and you don't need to be taught by others."

Speaking of the end, ye Chen's tone is dignified. First, plant a little cause and effect in Ji Lin's heart, so as not to be influenced by the sage's way.

The biggest problem of the sage road is that it is too absolute. It is neither black nor white, and there is no room for maneuver.

If we completely inherit the saints' orthodoxy, we may fall into extremes.

For example, in those days, the greedy wolf emperor knew that Yan Changge was the master of heart demons, and he had no communication at all, so he directly quit teaching. This was his extreme personality. The emperor Shitian wanted to launch the trial of heart demons, but in fact, it had the influence of sage's road.

However, the emperor's plan to interpret heaven was more extreme and unreasonable than that of sages.

Ye Chen naturally doesn't want to see Ji Lin become such a person.

"OK, I see. You can chat with me until dawn tonight. I'll leave tomorrow."

Ji Lin took Ye Chen's arm and thought that he was going to learn from the greedy wolf emperor. He followed the greedy wolf emperor to practice. In his heart, he was reluctant to give up.

However, she is not afraid of heaven and earth, but is afraid of Ji Siqing.

Since it was Ji Siqing's order, she did not dare to violate it.

"Good."

Ye Chen couldn't laugh or cry. He felt relieved. At last, he fooled him. He only hoped that Ji Lin would know the truth and would not beat himself with his fist.

This night, Ji Lin and ye Chen looked up at the stars and talked a lot.

"Ye Baowang, I haven't eaten Chinese potato chips for a long time, spicy chips..."

"Ye Baowang, I think Kunlun is empty."

"Ye forced Wang, when I have experienced and become stronger, we will go back together."

"How about introducing Huaxia's snack processing factory here..."

"Ye Baowang, why don't you talk? Are you asleep?"

"Ye Baowang, I always want to ask you a question. Why do you always pretend to be forced? If you pretend to be forced, you will be struck by thunder. "

Ye Chen one Zheng, white one eye Ji Lin: "where do I have?"

But as soon as the voice fell, thunder flashed on the sky.

Ji Lin showed a smile: "you see!"

Ye Chen:

.....

The next morning, ye Chen took Ji Lin early to see the greedy wolf emperor.

Greedy wolf emperor see two people come, suddenly a little nervous, do not know how the result.

Ye Chen patted Ji Lin's shoulder and said, "girl, please learn from me."

Ji Lin said, "Oh," and Ji Siqing's figure appeared in his mind. Helpless, he could only kneel down and say, "master, please accept the disciple's worship."

Greedy wolf emperor Leng Leng Leng, immediately ecstatic, help Ji Lin, way: "don't be too polite, get up quickly."

After a pause, he flipped his palm, took out a jade shuttle, handed it to Ji Lin, and said:

"this flying feather Xunfeng shuttle is one of the most precious treasures in the past thirty-three days. I'll give it to you today as a gift to meet you. You can take it as a gift."

"Thirty three days of chaos, flying feather Xun wind shuttle?"

Ji Lin took over the jade shuttle. He saw that the jade shuttle was green and dark. It seemed that it was made of jade from the imperial palace. There were pieces of feather ornaments carved on it, and there were layers of eight diagrams and Xun wind array. The spirit of the jade shuttle was very strong.

The greedy wolf emperor said: "the chaos treasure is a magic weapon cast by the gods of the supreme people. It is more powerful than the ordinary Hongmeng treasure. In a very distant time, the sky of the

supreme heaven collapsed, and 33 pieces of chaotic magic treasure fell down. These 33 pieces of chaotic magic treasure are said to be the most precious treasure of chaos in the thirty-three days. Each of them has the power to sweep the mountains and rivers."

"Uncle Ji Lin No, master, it's very generous of you to give me such a heavy gift as soon as you meet? "

Greedy wolf emperor smile, way: "you are my disciple, I naturally love you in every way."

Ji Lin took the jade shuttle and said, "thank you very much, master."Ye Chen sees this, and is also a burst of relief in his heart. He asks Ji Lin to become a master and greedy wolf emperor. As expected, she will get the best chance.

"Girl, then you can follow the greedy wolf emperor and stop being mischievous."

Ye Chen rubbed Ji Lin's head and told him.

Ji Lin spat out his tongue and said, "I know. I don't need to say hello to my sister."

Ye Chen laughed and said, "this is natural."

Greedy wolf big emperor way: "reincarnation Lord, thank you this time, my orthodoxy, finally has a successor."

Ye Chen said: "it doesn't matter. It's her luck that you will take this girl."

The greedy wolf emperor said, "the green mountains will not change and the green water will flow forever. We should also say goodbye and let me meet my sister."

Ye Chen called out Tianyou Zen woman immediately.

Tianyou Chan woman appeared and called: "brother!"

The greedy wolf emperor said, "sister, I have to go."

"Brother, do you really want to fight against emperor Shitian and the empress?"

The greedy wolf emperor said in a sharp voice: "these two people, one abandons the sage Road, the other attempts to hurt you, I will not let them go!"

Tianyou Zen woman said: "be careful. If you offend these two people, life will never be easy."

"Don't worry, they want to kill me, it's not so easy."

Tianyou Zen woman is silent and looks at the greedy wolf emperor silently with a gentle sigh.

The greedy wolf emperor looked at Ye Chen and said, "Lord of reincarnation, take good care of my sister. We are destined to see you again."

Ye Chen nodded and said, "elder, please walk slowly. I will certainly live up to my trust."

"Good!" said the greedy wolf emperor He took Jilin's hand and turned to tear the void away.

Ji Lin turned back: "Ye forced Wang, don't forget me, remember to think of me!"

Ye Chen is dumbfounded to laugh, waved and watched two people leave.

Tianyou Chan woman also silently watched the greedy wolf emperor leave, and after a long time, she returned to the samsara cemetery.

In fact, Tianyou Chan woman doesn't need Ye Chen to take care of her. She goes into martial arts with Zen Taoism, and her noumenon cultivation is at the peak of Huanzhen realm, which is extremely powerful.

Even now, there is only a wisp of spirit left, but also has the strength of the early stage of the true state, which can not be underestimated. Ye Chen may have to rely on her strength.

"Reincarnation Lord, you are still too weak in your cultivation. I will try my best to help you grow up as soon as possible and save me from my brother's adventure."

Tianyou Chan's female body in the samsara cemetery sends out a message to Ye Chen.

In her heart, the greedy wolf emperor's weight is naturally much heavier than ye Chen.

Saving her real body is too risky. It will definitely cause the hostility of xuanjiyue, and there is a danger of falling down at any time.

Chapter 4585

Ye Chen takes a look at the sky. Ji Lin and they have left completely. Maybe they should leave this place.

he could not return to the source courtyard and the six Zong Zong in a short time.

This time, Tu Sheng assembly shook them with the idea of mending the heaven, and their hearts must have a killing heart.

The only good news is that xuanjiyue and Emperor Shitian restrict each other and are both injured.

As long as they don't show up, they won't go any further.

At present, at the node where both emperor Shitian and xuanjiyue think that they have fallen, the key is to hibernate strong stool.

Fengxing meteorite, he can not fight for a short time, is unable to take back that reincarnation magic tablet.

You can go to the former mausoleum.

Ye Chen no longer thinks much, summoning the sky fire eagle.

He hasn't returned to xuankun, the chief of Xuanyao clan in the secret place. The tomb is too far away from here, so it is undoubtedly the fastest way to use the sky fire eagle.

Just when ye Chen was ready to mount the sky fire eagle, suddenly, a sound of Eagle rang in his ear. That day, the fire god eagle suddenly broke away from ye Chen. In a pair of golden eyes, it was full of anxiety!

What's going on?

How can Skyfire resist itself?

Ye Chen brows a frown, see, this sky fire god eagle unexpectedly is a pair of eager to fly and rise of appearance!

"Xiaohong, do you want to go back? But what happened in the holy land? "

The sky fire hawk heard the speech and nodded, apparently sensing something.

The key appeared on the back of the stone.

"Go

The sky fire god hawk chirps for a long time, a flash then toward the direction of the holy land.

I don't know how long it took. After a flash of light and a whirl of the earth, ye Chen returned to the holy land of Xuanyao clan. Xiaohong's wings shook again and came to the village.

As soon as he entered the village, ye Chen frowned. He saw that there were many Xuanyao people in the village. His breath was dispirited, as if he had been injured.

With a flash of his figure, he came to xuankun's house and pushed the door to ask the truth.

Can, step in the moment, ye Chen is a pupil shrink, see an old man lying on the bed, unconscious, is injured not light appearance!

Xuankun is really a strong man!

Unexpectedly, someone can hurt him like this?

A young girl is standing by the bed worried, boiling some herbs. This daughter is not xuanya, xuankun's granddaughter, but xuanxi, who used to tease xuanya about ye Chen.

At the moment, xuanxi saw Ye Chen come to the house. Her eyes were red, and she rushed directly to Ye Chen and held him tightly.

Xuanxi cried: "Ye Chen, Xiaoya was captured by them, and even injured grandfather Kun. Wuwu, Wuwu, you must bring Xiaoya back..."

Xuanxi's figure in the Xuanyao clan is also considered petite, but, compared with Ye Chen, it is still higher. The most important thing is that her figure is extremely hot!

Especially, the curve on the chest is extremely proud!

At the moment, ye Chen is tightly held by it, feeling the soft squeeze, as if trapped in the sweet marshmallow.

He suppressed the restlessness in his heart, patted xuanxi on the back and comforted him: "don't worry, tell me carefully what happened!"

Xuanxi Lihua said with rain: "xuanqu, the son of the Lord of SHENGRI City, got the news from nowhere. He knew that there was a demon named in the first place of the demon God column in our holy land. Therefore, he came to our village to see you. But when he saw xuanya, he fell in love at first sight and wanted to propose marriage to xuanya!"

Ye Chen's eyes are cold, and there is a look of anger on his face. Is it because of himself?

"Go on," he said in a deep voice

Xuanxi said: "xuanya likes you. Naturally, you can't agree. But xuanqu wants to rob people directly!

The villagers in our village fought to protect xuanya, but they couldn't stop xuanqu and others. Even grandfather Kun was beaten seriously by them! "

Ye Chen frowned tightly and said, "is the strength of the xuanqu so good? Even Kun is not his opponent?"

Is this xuanqu a master superior to the real world?

One of the most brilliant gods in the city is Xuancheng! Even though I feel disgusted with his conduct, I have to admit that he has extremely rebellious talent in blood and martial arts!

However, there is still a big gap between xuanqu's strength and that of grandfather Kun. It is not xuanqu who seriously injures him, but a sacrifice from the Lord's office of holy day city! "

Ye Chen's eyes flashed a look of doubt: "you say, Xuan demon clan? Is it not only this place, but also other places

Xuanxi nodded: "in fact, not only the territory is vast, but also the sacred sites of our Xuanyao clan on the foreign land are not small. They are divided into ten places, which are called sun, moon and seven stars! These ten sacred places have passages between each other. The holy land we are in is called Red Star holy land, and we are also called Red Star Xuan demon clan... "

Speaking of this, xuanxi's pretty face turned red and bowed his head and said, "the Red Star demon clan, which ranks at the end of the seven stars, is the weakest of the ten holy places. Although both holy places are holy places, there is a big gap between them and holy day city, which ranks first. It is impossible to compare them at all!

That's why the xuanqu dare to be unscrupulous

"Seven stars on the sun and the moon? Isn't it just nine? "

"There is also a holy land called holy heaven city. This holy city is the most special one. It is said that it has existed since the ancient times of the Honghuang period. Moreover, the holy heaven demon family is extremely mysterious and rarely appears. No one knows how powerful it is, but no one dares to violate its majesty!

Therefore, holy city is not in the list of holy places. Among the top ten holy places, only nine are ranked. Holy day city is the first!

Moreover, only the top three holy places have built cities, which are holy city, holy day city and holy moon city! Our Xuanyao clan, according to the regulations handed down by our ancestors, only when the strength of our clansmen reaches a certain level can we build a city. Being able to build a city in the holy land is a symbol of strength! "

Ye Chen nods, it is understood that although they are of the same clan, the ten sacred sites can be regarded as the top ten countries of the Xuanyao clan, and the holy city is similar to the administrator.

If you fall behind, you will be beaten. It is the same truth everywhere!

At this time, ye Chen was suddenly moved. He glanced at the door and said coldly, "since it's here, why be furtive? Come out

The next moment, the space fluctuates together, a man of Xuan demon clan with golden hair appears in front of Ye Chen and xuanxi.

Dressed in a strange gray long dress, he looked at Ye Chen and xuanxi with a sneer on his face. In his eyes, there was no hidden irony, arrogance and contempt.

Chapter 4586

This young man with golden hair is not very old. He is about 300 years old. His strength is not bad. He started from six layers of heaven.

"Xuanping!"

Xuanxi's pretty face turned white and exclaimed, "what are you doing here? Have you been watching us all the time

On hearing this, Xuanping sneered and said, "xuanxi, you are really big minded and brainless. The purpose of young master coming to your remote country is to have a look at the so-called evil spirit of Red Star demon pillar ranking first. However, this guy doesn't know whether he has heard any wind and even hid himself?

Young master is impatient to wait. Well, naturally, I will continue to wait. "

With that, he glanced at Ye Chen, and the disdain in his eyes became more intense, as if he had seen some kind of joke. Ha ha Da Dao:

"this is your red star holy land, the first genius of demon God column? Only the cultivation of nine layers of heaven? Ha ha ha ha, fortunately, the young master is not here. Otherwise, he will be too disappointed and may directly crush this mole ant to death!

You red star demon family again rubbish, also can't let a mending the sky realm waste to be listed in the demon God column? Or first? Whether this kind of waste can pass the trial in holy day city is a question!

It can only be said that although the same for trial, but the level of trial is not the same, garbage has the way of trial

In his opinion, ye Chen has become the first genius of demon God column, which does not mean that ye Chen is strong. It can only be said that the trial of Red Star holy land is too rubbish and the record created is too rubbish!

"You When xuanxi heard the words, his beautiful eyes were filled with fury and his delicate body trembled slightly!

The warriors on the demon God column are all the glory of Red Star demon family, but when they come to Xuanping, they are so unbearable and insulted into rubbish!

Xuanxi is not angry, it's strange!

Just imagine if your national hero is belittled, ridiculed, angry?

This is even more unacceptable than insulting her directly!

In fact, xuanxi is confident that her own strength should not be under Xuanping, but at the moment, she can only bear it and dare not do it!

Xuanping looked at xuanxi's face and became more and more proud. He went to xuanxi, and his eyes swept over xuanxi's delicate body. He sneered and said, "xuanxi, I advise you not to make unnecessary struggle. Do you still want to rely on this small garbage with low strength to rescue xuanya?

Ha ha, it's just a dream. I can tell you that our childe is not able to rub sand in his eyes. You are disrespectful to him and want to ruin his good deeds?

Although, you can not pose a threat to the childe, but if I report this matter to the childe, xuanxi, I'm afraid it's hard to imagine the fate of you and this boy?

Of course, I can't hide it for you. After all, I still like you, as long as you Hey, hey, I don't need to say more about it, right? "

At the moment, xuanxi's beautiful eyes are going to burn up, and the blood is boiling!

Xuan Yao people are brave and brave. What they can't stand is that they are disgusted. They tease and coerce!

Xuanping makes her want to vomit. She would rather be interrupted by a hand than endure that disgusting look. She almost burst out, but

Xuanxi is still tolerant!

At this time, a figure, but suddenly flash, block in front of xuanxi, xuanxi slightly stunned, looking at the back, eyes gradually softened down.

This person, of course, is Ye Chen!

Xuanping saw this, his eyes were cold, and a killing idea flashed over his face!

A piece of rubbish that mends the sky gets on the lower demon pillar of the Red Star holy land, and doesn't know who he is? Do you really think you can?

How dare you stand in front of him?

Ha ha, rubbish also like to play hero to save beauty?

Ye Chen's face was light. He didn't care about Xuanping's killing intention. He said calmly, "xuanxi, what's this man?"

Xuanxi forced down his anger and said, "he is the servant of xuanqu, named Xuanping!"

Why, xuanxi Mingming strength in Xuanping above, but have to endure?

Because Xuanping is a person of xuanqu!

As long as Xuanping blows his breath in xuanqu's ear, the whole Xuanyao clan will be in danger!

So, again humiliate, Xuan Xi also can endure!

"Oh?"

Ye Chen eyebrow tip a pick, chuckle way: "no wonder, dog eye is to see people low."

When this was said, both xuanxi and Xuanping were unbelievable!

They didn't expect that ye Chen scolded Xuanping directly?

At the next moment, an extremely surging evil spirit broke out in the wooden house. Xuanping's eyes turned red and his veins jumped violently. He never dreamed that a dead dog would insult himself!

He gazed at Ye Chen and said with a very angry smile, "boy, do you know that the strength of a dog raised by the Lord's house of holy day city is above the sky mending realm?"

But a thing like you that's not even as good as a dog, and you have to put it in front of a woman? What do you think the Red Star demon pillar can prove? Think you're invincible? Ha ha, I'll give you another chance. What did you say about me? You'd better think clearly, because if you answer wrong, you have to pay a price, the price of life. "

As soon as the voice fell, the rolling pressure of the first six layers of heaven rolled towards Ye Chen. However, to Xuanping's surprise, ye Chen was not moved by his pressure?

Ye Chen glanced at Xuanping and said, "I said, you look down on others. What's the matter? Is there a mistake? Are you not a dog of xuanqu? Well, now, I'm more sure of what I think. After all, dogs can't spit Ivory out of their mouths. "

When Xuanping heard the words, his eyes were killing, and the whole wooden house seemed to come to the North Pole in an instant. It was extremely cold and cold!

He stares at Ye Chen and says, "boy, even if I'm the dog of master xuanqu, I'm not what people like you can say, understand? Even if I'm a dog, I'm a dog you can't afford. If you don't want to die, kneel down now and apologize to me! "

However, ye Chen is still standing in the same place quietly, as if he did not hear Xuanping's words.

Xuanping's patience finally reached the limit. He yelled, "you didn't hear me!"

Ye Chen light way: "dog barks, I generally ignore."

This sentence completely smashed Xuanping's reason. He had a ferocious look on his face. The evil spirit in his body was rampant. The whole person was like a whirlpool of evil spirit and wanted to devour everything around him!

His whole body muscle, a burst of contraction, a vast force, an instant burst out!

Its tall body, like a deep mountain in general, with endless wind, toward Ye Chen!

Chapter 4587

Xuanping only took one step, but this step made the whole village tremble wildly, the space was broken and the hurricane was howling!

For a moment, it seemed that there was a God with golden hair and fell in front of Ye Chen. His eyes were full of Sen Han, and he snapped: "I gave you a chance. Since you want to die so much, I will help you!"

At the next moment, Xuanping suddenly raised his sharp claw. A golden thunderbolt curled around the sharp claw. Between the flashes of thunder, there was a breath of death. Just lifting the claw, there were cracks on the wall of the wooden house!

This wooden house is not an ordinary wooden house, but is made of some kind of extremely hard spiritual wood. It can be seen that how terrible Xuanping's claw is!

"Thunder demon claw!"

This thunder demon claw not only contains the power of terrible thunder, but also is as fast as thunder. Moreover, when it is used at such a close distance, it is almost unavoidable to avoid it!

In the face of this claw, ye Chen seems to have no reaction to the general, quietly standing in place, there is no sign of want to resist!

In Xuanping's eyes, a cruel color appeared, as if he had already seen the scene of Ye Chen turning into blood mist under this claw!

Ha ha, rubbish, even Lao Tzu's claw can't react to it. How dare you be crazy?

However, in Xuanping's claw, he was about to touch Ye Chen's head. A breath of incomparable depression suddenly came out of Ye Chen's body. A cold light flashed in his eyes. Somehow, Xuanping's heart shook violently!

In this instant, no one can see clearly how ye Chen moves. At the next moment, Xuanping's wrist has already been firmly grasped by Ye Chen!

Xuanping see shape, face color slightly change, whole body huge force erupts, but, ye Chen's hand is as if cast iron general, motionless!

Xuanping's look is more and more ugly. The boy who mends the sky has such terrible physical power?

Ye Chen said faintly: "do you want me to die? Unfortunately, I have experience in beating dogs. Dogs can't bite me

However, Xuanping also understood why the holy day city was so powerful. It was not only the gap between the martial arts and Taoism, but also Xuanping's heavenly demon blood was more pure.

Although, not as xuanxi, but Xuanping is just a servant, can xuanxi?

In the Red Star demon clan, even if it is not compared with xuanya, it can be regarded as a genius.

When Xuanping heard this, he suddenly raised a ferocious smile and said: "boy, I underestimate you, but sometimes it's dangerous to pretend that you have grasped my hand. It's not me, but you who are really caught!

The most terrible thing about Laozi's thunder demon claw is not claw, but thunder! "

His face color, suddenly a cold way: "Jinyang demon thunder, give me outbreak!"

The golden thunder light on Xuanping's claws suddenly filled up. The dazzling light curtain covered the whole wooden house. The endless breath of silence surged in the sky and the earth!

Xuanxi could not help but exclaimed: "Ye Chen!"

I saw that the thunder seemed to turn into an ocean, and completely submerged Ye Chen!

After a moment, the thunder stopped and Xuanping gasped slightly. The thunder burst out, which obviously consumed him a lot.

However, his face is full of joy!

In front of him, filled with a burst of smoke, ye Chen, the whole person was covered by that smoke!

Ha ha, like to grasp other people's hands? This arrogant boy has eaten all the power of thunder in this claw. Now, it has become coke?

Xuanping waved his hand at will, and he would shake Ye Chen's hand away from his wrist

But at this time, his face changed again

Can't get rid of it!?

Why is this?

Isn't this guy already burnt?

Why can't I get rid of his hand?

Suddenly, a indifferent man's voice sounded in the cabin: "is this your strength? If so, then you can die. "

That rolling smoke, suddenly scattered, see, ye Chen in Xuanping demon thunder under a blow, actually is not damaged, not even a trace of scars!

Don't talk about the thunder, even if it comes from Taigu, ye Chen has seen it!

When Xuanping saw this, he was also dull

He is not a fool. Although Ye Chen only has the cultivation of mending the sky, he can see that ye Chen's strength is far above himself!

However, Xuanping is laughing.

He said scornfully, "little trash, well, yes, you are better than me, but what about that? Yeah? You don't know, I come from the Lord's house of holy day! After killing me, can you afford the consequences? Can't the whole red star demon clan afford it?

Ha ha, I have said that even though I am the dog of master xuanqu, I am also the dog that you can't afford. Do you remember? There is a saying, call beat dog, also want to see Master, have not heard?

I can assure you that if I die, not only you will be buried with me, but the whole red star demon clan will be buried with me! Do you understand? Now, do you want to let go of Laozi's hand? What kind of outfit? How dare you kill me, you bastard? "For a moment, the atmosphere in the cabin became very dignified!

On xuanxi's pretty face, there was also a look of anxiety and worry: "Ye Chen! Calm down. You can't do anything to him. He's not an ordinary servant... "

Although, this Xuanping does not want to face to the extreme, the dog is strong, the fox pretends to be a tiger, but what he said is not wrong!

The story of the genius xuanqu in SHENGRI city has been heard of by Xuanyao people who are in the Red Star holy land. It is said that xuanqu once met with an accident and almost fell down. It was a servant around him who helped him to the death that he recovered his life!

From then on, the slave was completely on the top. Xuanqu treated him even closer than his brother!

And this person is Xuanping!

If you kill Xuanping, it is really unthinkable after that!

"Ha ha..."

On hearing this, Xuanping became more and more proud. He glanced at xuanxi and said, "xuanxi, if you offend me so much today, what will happen if you are known about it? Later, do you want to make a good apology to me? If I'm satisfied, maybe I can let go of it..."

However, before Xuanping finished speaking, ye Chen began to say: "dog barking, I'm tired of hearing it. Xuanqu? One thing I want to tell you is that..."

"I, ye Chen, beat a dog, never look at my master and die for me!"

The shadow of death, instantly shrouded in Xuanping's heart, he looked at Ye Chen, brain, a mess

Is this kid a motherfucker who can't understand people?

He is a confidant of xuanqu. He is a red star demon family!

However, when he looked at Shangye Chen, the shock in his eyes gradually turned into a strong fear

Chapter 4588

Until now, Xuanping finally realized that ye Chen was not loading

From the beginning to the end, every word he said came from the heart!

At the moment, Xuanping, regret!

If you had known that ye Chen was such a reckless madman, he would never have stimulated Ye Chen so much!

Can, now regret, already too late!

A huge force suddenly burst out from the hand of Ye Chen holding Xuanping, and poured into Xuanping's body!

Xuanping didn't even scream, but with a bang, his body burst and turned into blood mist. Even the spirit was devoured by Ye Chen!

Ye Chen's look, the slightest change, cloud light, kill Xuanping, for him, even a silk burden, all.

But xuanxi's pretty face is completely pale and bloodless. Her beautiful eyes are empty, and the whole person seems to be petrified. She still can't believe what happened just now

"Ye Ye Chen, you... "

Ye Chen light way: "don't worry, xuanqu, I will deal with."

He gazed at xuanxi and said, "a warrior should not be timid."

When he was still on the land of Lingwu, he even dared to fight against the cold family. Now, he even offended the emperor Shitian and xuanjiyue. By the way, he also had the power of heaven and man!

How could he be afraid of a xuanqu?

And he is able to walk to today, but also because of this character!

Otherwise, how can he overcome all difficulties and step by step from the earth to the outside world?

If he was afraid of everything and tolerated everything, on the contrary, he would have died.

This is also the most taboo of martial arts practitioners.

What martial arts stresses is to be indomitable and fearless, that is to say, if you don't move, you will have to do it. If you move, you will be able to move!

Xuanxi, as a Xuanyao people, was born brave. However, in this red star holy land, she experienced too little to make a correct judgment. Therefore, ye Chen asked her a simple sentence, which may completely change xuanxi's martial road.

However, it depends on xuanxi himself whether he can fully understand.

Sure enough, when xuanxi heard the speech, his beautiful eyes brightened, and on his pretty face, a touch of thoughtful color appeared.

Ye Chen suddenly asked, "xuanxi, now, xuanqu and xuanya are in the holy day city?"

"Ye Chen, are you willing to save xuanya?"

Ye Chen is excellent, but with his current strength, he can't compete with the Lord's house of holy day city. However, for some reason, xuanxi thinks that ye Chen is extremely reliable!

Ye Chen nodded his head and said, "I said, xuanqu, I will deal with it."

Although Ye Chen has not been in contact with xuanya for a long time, he has promised xuanya for whatever reason.

He has always been a person who pays attention to commitment. Naturally, he will not ignore xuanya.

Xuanxi said with a bright smile: "now, xuanqu should be in the holy city. Although he comes from the holy day city, the seven stars of the sun and the moon, the great forces among the nine holy places, will live in the holy city as long as their strength permits, because the cultivation conditions of the holy city are much higher than those of the nine holy places!

It's a pity that our red stars have not the strength to settle down in the Holy Land yet... "

Ye Chen's eyes flashed: "then, we will go to the holy city now!"

"But before that, treat kunlao first."

Later, ye Chen used Bagua Tiandan technique to treat xuankun and fed him a pill.

As for when xuankun could wake up, he had to refine the pills himself.

After finishing all this, ye Chen said, "xuanxi, can we prepare to go there?"

On hearing the speech, xuanxi took out a crystal stone. With a wave of his hand, the crystal stone gave off a light, and it did not enter the wooden house floor. The next moment, a passage opened on the floor of the wooden house and extended towards the ground.

Xuanxi took Ye Chen to the ground, where a huge transmission array was arranged!

There was also a treasure chest beside it. Xuanxi made several decisions and opened the treasure chest. In the box, there were bright crystal stones, which were filled with pure spirit spirit.

Xuanxi explained to Ye Chen: "this is the demon crystal, which is much more refined than ordinary Spirit Crystal. Moreover, it is very suitable for the use of demon clan. It is the currency circulating among our Xuanyao clan."

After that, a touch of flesh pain appeared on her pretty face. She took out one third of the goblin crystal from the box, and continued: "this box of demon crystal is our family's savings in the past ten years. It will cost so much just for us to use this array to transmit it to the holy city..."

Ye Chen could not help but smile bitterly. It seems that the conditions of the Red Star holy land are too poor. No wonder, as the patriarch, xuankun can't live in the holy city with xuanya. I'm afraid that when they get there, they even have to pay the rent

Soon, xuanxi arranged the goblin crystals in his hands in the transmission array according to the law. At the same time, he collected all the remaining goblin crystals in the box and stepped into the array together with Ye Chen. A burst of bright light, the next moment, the two figures will disappear in the array.

.....

A very prosperous street, came a man and a woman, two figures are ye Chen and xuanxi.

Now they have come to the holy city, which is called Dongsheng Avenue.

Ye Chen's eyes swept over all kinds of buildings on the street, and his face was surprised.

These buildings are incomparably exquisite. They are not like the ones that can be built by the demon clan. Even among the Terrans, it is very difficult to see such exquisite buildings!

As he walked, xuanxi explained: "the holy city, surrounded by the nine sacred sites of the sun and the moon, is the holy city that all the Xuanyao people of the nine holy places can go to! The martial arts of the holy city are far more developed than ours. There are many new things we have never seen. However, the Red Star holy land is the farthest away from the holy city. Every time it is transmitted to the holy city, it will cost a lot of money. Therefore, in general, only grandfather Kun will go to the holy city every once in a while..."

Xuanxi looked at the street, all kinds of strange demon utensils, food, a little overwhelmed, this is her first time to come to the holy city, if not because of xuanya things, she would enjoy some fun, but now, it is not in the mood.

Xuanxi asked Ye Chen, "Ye Chen, what are we going to do now?"

Ye Chen pondered for a moment and said, "tell me first, how strong is the Lord's house of holy day city?"

On xuanxi's pretty face, there appeared a very dignified color and said: "specifically, I don't know, but even if the ten red star holy places are added up, I'm afraid they are not rivals of the Lord's office of holy day city!

On that day, xuanqu brought two worshippers to come, and only one of them fought with grandfather Kun!

The strength of another one's sacrifice is even above the one that defeated grandfather Kun! "

Ye Chen's eyes twinkled. The Lord's house of holy day city is definitely not what he can fight with his own strength now.

He asked again, "talk about xuanqu."

Chapter 4589

Xuanxi said: "xuanqu, on the holy day demon column, ranked seventh. I don't know the specific strength. On that day, he concealed his accomplishments, but there are two things for sure. First, xuanqu's strength is at the level of half step. Second, xuanqu's age is no more than 150 years old! It may not even be more than 100 years old! "

Ye Chen hears the speech and his eyes are slightly narrowed.

Today, ye Chen's realm has broken through the nine layers of heaven, and the great star sky of Hongmeng and many hongmongolian methods have also been strengthened. The destruction of Daoyin has broken through the four layers of heaven, and the power of burning the sky has also been improved.

Before that, ye Chen has devoured the Dao bone and got a mark of destruction blessing. His own strength has reached the level of half step return.

Xuanhanyu and Shuo Lao also woke up not long ago.

If so, with the power of Tianyou Zen woman, xuanhanyu and Shuo Lao, he has the confidence to crush most of them.

He is confident in beating xuanqu.

However, the key lies not in xuanqu, but in the forces behind xuanqu!

Ye Chen said: "holy day city Lord's house, so powerful, then, relying on the Red Star Holy Land's strength, face to face with it, is undoubtedly a dead end."

Xuanxi sighed: "how to do that?"

Ye Chen's eyes flashed slightly and asked, "what's wrong with xuanqu, or SHENGRI city?"

Now, what he needs is a breakthrough!

After pondering for a moment, xuanxi replied: "grandfather Kun once said that since ancient times, there has been a contradiction between SHENGRI city and Shengyue city. Even after the rise of xuanqu, the contradiction has become more intense."

"Oh?"

The corner of Ye Chen's mouth appears a smile, the breakthrough has been found.

"Why?"

Xuanxi said: "originally, the existence of our nine sacred places that attracted the attention of the public was not xuanqu, but the most evil spirit of Shengyue City, Xuanyuan!

Xuanyuan, also the genius of Saint moon city's demon pillar, ranked eighth. People in Shengyue city had high hopes for him and regarded him as a hope to lead Shengyue city and surpass holy Sun City!

For a time, Xuanyuan also had unlimited scenery, which made a lot of talents in SHENGRI City unable to raise their heads, until xuanqu passed the demon God test! Everything has changed!

Xuanqu seems to be revenge for Xuanyuan's suppression of the evils of the holy day city. After making a surprise, xuanqu also severely attacked the talents of Shengyue city. Therefore, there are more and more conflicts between the two holy places. "

Ye Chen smile way: "the next step action, decided."

When xuanxi heard the speech, his pretty face was full of expectation and asked, "what is it?"

Ye Chen suddenly stopped and pointed to a wine hall beside him: "have a meal! I just smelled the food in the holy city. It's delicious

Xuanxi smell speech, almost fell to the ground, when is it, ye Chen still want to eat!

She couldn't help being disappointed with Ye Chen. Did ye Chen retreat after knowing the power of holy day city?

At this time, ye Chen has gone to the restaurant.

Looking at Ye Chen's back, xuanxi quickly shook his head. She believed that ye Chen was not such a person! Her footstep move, then follow Ye Chen, entered the restaurant.

Smelling the gusts of rice in the restaurant, xuanqu couldn't help swallowing!

However, when she saw the price on the menu, she couldn't help shaking her eyes!

These food and wine are too expensive!

After entering the restaurant, many people cast curious eyes at Ye Chen and Xuanxi, because Ye Chen's appearance is different from that of other Xuanyao people, but he looks like human beings.

However, no one doubts Ye Chen's identity.

Because, want to enter the holy city, there is one of the most basic conditions, that is to have a demon blood.

Xuanxi said cautiously, "Ye Chen, I Let's have less... "

Although, they still have a lot of goblins, but considering the accommodation and expenses in the holy city, they must be thrifty.

This restaurant, obviously, is also a high-end place in holy city.

Ye Chen said with a smile, "do you know where Xuanyuan is now?"

Xuanxi was stunned, shook his head and said, "I don't know. However, it should be in this holy city. Xuanyuan is the young master of the master's office of the city of Shengyue. In terms of the background, it is almost the same as Xuanqu. However, what do you want to do with this

Ye Chen's eyes flashed slightly: "I want to see Xuanyuan."

"What!"

Xuanxi was a little flustered and said in a hurry: "Ye Chen, Xuanyuan's identity is extremely noble, and his temperament is arrogant, let alone us. Even some of the genius in Shengyue city want to see Xuanyuan, it's hard to do it. Besides, what can you do when you see Xuanyuan?"

Ye Chen said: "relying on the power of the Red Star holy land, we can't resist the holy day city. Then, we have to find an ally, Xuanyuan, which is just right."

Xuanxi was a little silly when he heard the speech, and shook his head repeatedly: "our Red Star holy land is not qualified to join hands with Xuanyuan. It's too difficult to succeed in this matter..."Ye Chen said with a smile: "don't worry, I'm here. As long as he is not a fool, he will join hands with me! But before that, give me some goblin crystal first, eh Just give half of it first..."

Xuanxi pursed her lips, but she still obediently took out the demon crystal. Since she decided to believe in Ye Chen, everything will be dominated by Ye Chen.

But soon, xuanxi regretted it!

After taking the money, ye Chen immediately ordered a table of rich food and wine. Not only that, but also toasted and entertained many people!

For a moment, in the tavern, there were laughter and laughter, but the Spirit Crystal given by xuanxi to Ye Chen was spent less than an hour!

After a full meal, ye Chen and xuanxi left the restaurant, but there was a young man beside them.

The young man, with purple hair and a frivolous face, was holding a toothpick and smiling at Ye Chen: "Hey, brother ye, if you want to know where Xuanyuan is, you are looking for the right person. You have not invited this meal for nothing. In this holy city, there is nothing that xuanjue does not know!"

However, soon xuanxi's pretty face was full of sorrow. Ye Chen spent half of their money to inquire about Xuanyuan's information!

But this xuanjue, after a big meal, made a package ticket and could find Xuanyuan himself. But after spending nearly an hour in the holy city, the three men still got nothing!

Even ye Chen could not help frowning.

Xuanjue seemed a little embarrassed. He scratched his head and said, "Hey, you don't have to worry. Since Xuanyuan is not in these places, he must have gone to the bloody heart battlefield!"

"Blood heart battlefield? What is it? " Ye Chen asked curiously.

Chapter 4590

Xuanjue explained: "blood heart battlefield is the favorite entertainment place for young people with status in holy city! Its most important function is to let the people who enter the bloody heart battlefield experience the most incisive and unreserved crazy fighting when their lives are guaranteed! "

"Oh?"

Ye Chen came to a trace of interest and said, "why is this?"

Generally speaking, it is very dangerous to fight without reservation. If it is not done well, people will be killed. However, this kind of fighting method is also the biggest improvement for the warrior!

Many warriors, in order to enhance their strength, are constantly fighting!

Of course, many people actually die in the process.

Ye Chen is the best example of this, even if his vitality has experienced countless life and death crises.

If there is a safe place to fight, it is a good place to enhance our strength!

Xuanjue said: "because Xuanyao people who enter the blood heart battlefield will plant a kind of strange insect in their bodies, which is called blood heart insect!

The blood heart insect almost disappeared in the four regions outside, and the heaven and man domain is extremely rare. Only the owner of the blood heart battlefield can cultivate it. However, the effect of the blood heart insect is extremely adverse to the sky!

If the warrior is injured, the blood heart worm can help the warrior recover from the injury with great speed, even to the point of immortality! "

Ye Chen smell speech, flash in the eye extremely surprised look, still have this kind of thing?

Well, this blood heart worm is a real treasure. How can someone offer it to others?

Seeing ye Chen's doubts, xuanjue continued: "however, the living conditions of the blood heart insect are extremely harsh. In order to let the blood heart insect survive in the Xuanyao people, the owner of the blood heart battlefield spent a lot of money to create a super array. In this array, the blood heart insect can survive. If it leaves the blood heart battlefield, it will soon die."

Ye Chen nodded, which was reasonable. He was also full of interest in the bloody heart battlefield. He looked at xuanjue slightly and asked, "in that case, why didn't you take us to the bloody heart battlefield in the beginning?"

On hearing this, xuanjue lowered his head somewhat embarrassed and said, "brother ye, the guests of the bloody heart battlefield are not easy to provoke. To tell you the truth, brother, your appearance is likely to cause some trouble, and the most terrible is the master of the bloody heart battlefield!

Its identity is extremely mysterious. However, even the evil spirits in holy day city or holy moon city must be obedient when they come to the battlefield of blood heart. If they violate any rules, no one can afford to... "

Ye Chen said with a smile: "don't worry, I'm just going to see Xuanyuan. I'm not going to smash the court. Let's go."

He knew that xuanjue was afraid that he would cause trouble and implicate himself.

Xuanjue sighed, who called the mouth of cannibalism soft? He had to take ye Chen to the battlefield of blood heart.

Soon, the three people came to a huge building. Ye Chen looked at the wall that looked like the Great Wall in front of him. They were all a little dull

You know, if you want to open a shop or set up a stall in the holy heaven City, you have to pay the rent to the Holy Spirit clan!

And the holy city is a real land for gold!

Here, can manage such a big place unexpectedly, this blood heart battlefield master's background, strength can be seen!

Even standing outside the door, the two Xuanyao clansmen who guard the gate are extraordinary. They exist in the six layers of heaven from the source, and they can only watch the door in front of the bloody battlefield!

The two guards glanced at three people and stayed on Ye Chen for a moment, but they didn't stop them.

Soon, the three people entered the building. As soon as Fang stepped into the building, there were thunderous shouts and violent blasts!

I saw, in front of them, is a very vast, simulated replication of various terrain battlefield, can not see the end!

At the moment, dozens of Xuanyao people are fighting in the battlefield!

Ye Chen looked at these people and saw that under their skin, there seemed to be something black and red under their skin. They were wriggling and swimming. It looked quite frightening!

Must be, that is the blood heart insect!

All of a sudden, ye Chen's pupil shrank, and a young man of Xuanyao nationality, who was from the sixth floor of the sky, screamed and was cut by a long sword!

The whole body was cut in two!

Intestines, internal organs and other things all flow all over the floor!

Even if it is Xuanyao clan, its vitality is excellent. If you are attacked like this, you will not die, but you will be seriously injured!

But at this time, a strange scene appeared!

I saw that the internal organs, even blood and so on, all seemed to have life. They were wriggling rapidly. Soon, under the traction of some mysterious force, their broken bodies were actually re fused together, and even the wounds were quickly healed!

And that Xuan demon youth, slowly stood up, the whole person in addition to a little pale, even the vitality has not been much fluctuations! However, just then, a light came down from the sky and sent the young man out of the battlefield.

Xuanjue explained: "according to the rules of blood heart battlefield, if you get extremely serious fatal injury in the battlefield, you will be out of the game. If you want to enter the arena again, you must pay again and plant the blood heart insect again."

Ye Chen and xuanxi looked at each other's eyes and saw the shock in each other's eyes. The power of the blood heart worm is too strong!

For a moment, even ye Chen was interested in it. He asked xuanjue, "if you want to plant the blood heart insect and enter the battlefield, how much will it cost?"

Xuanjue said: "two thousand goblin crystal."

"What?"

Ye Chen picks eyebrow tip, this time ye Chen and Xuan Xi come out, also took a total of 15 demon Spirit Crystal only, still spent fast half.

This bloody battlefield is really not something that ordinary people can afford to play.

Ye Chen asked again, "can Xuanyuan be in the battlefield?"

After searching for a while, xuanjue's eyes lit up and pointed to a certain humanity: "you see, that person is Xuanyuan!"

Ye Chen looked in the direction pointed out by xuanjue, and his face was moving. He saw a beautiful face. It could even be said that some young men with silver hair were rushing to kill on the battlefield!

On the contrary to his feminine face, he was extremely fierce in fighting!

Even if the blood heart worm was planted, the Xuanyao people in other battlefields, as soon as they saw the young man with silver hair approaching, they were afraid and ran away quickly!

The young man with silver hair, however, laughed wildly and pursued those Xuanyao youth without mercy. After a few breaths, two men "fell" in their hands.

One of them broke his head with one blow, and the other, even worse, was nearly crushed into meat sauce by him!

Fortunately, under the action of blood heart insect, these two people all recovered peacefully!
