

Physician 461

Chapter 461

"Ye Chen, what are you whispering about? By the way, those three men just now..."

After all, this is the first time she has seen a dead person so clearly.

The key person died in front of her.

Ye Chen was the one who started.

Although Ye Chen used to fight in her mother's martial arts school last time, the man didn't seem to be dead, and the challenge arena was too far away from her to see the details clearly.

Ye Chen patted Wei Ying on the shoulder: "let's go, you know my identity is special, I'm self-defense."

"Well."

Wei Ying believes Ye Chen, he will not kill people indiscriminately.

They left the Lin family, took a taxi and went directly to the teacher's apartment.

Because the Lin family lost their array, they were completely exposed in the capital.

After a while, a vagrant who came out of the park naturally found the Lin family who suddenly appeared.

He looked surprised and even rubbed his eyes.

The blood on the ground did not surprise him.

He walked towards the broken gate of the Lin family, but he had not yet reached it. He stopped and looked up at the ferocious and bleeding heads hanging on it.

He sat down on the ground in terror, and then went to the nearest police station.

Ten minutes later, the Lin family was completely sealed off.

Lei Shuwei and Bai Lixiong arrived one after another.

Bai Li Xiong took a look at the row of heads, his eyes locked to the extreme.

Set off a storm in the heart!

The Lin family was destroyed.

Naturally, he knew who did it. He didn't have to think about it.

Dare to destroy the Lin family, it is today, only one person.

Ye Chen.

He knew that ye Chen was bound to be angry, but he did not expect that this anger would directly destroy a family.

Madman!

A complete madman!

As a top family, once the Lin family was destroyed, the situation in China's martial arts circle would be completely chaotic.

It will even cause panic. It is estimated that countless forces and departments will participate in Ye Chen's one book!

It's too expensive.

"General, three bodies have also been found, but their identities and origins cannot be found."

"Take me."

More than ten seconds later, bailixiong came to a courtyard of the Lin family. A soldier from the iron and blood camp lifted the white cloth and glanced at it.

I don't know the origin.

But when he saw the Taoist clothes on these people and the symbol on their chest, his eyes suddenly shrunk.

These three people are actually Fang Zhenye's disciples!

Damn it!

It's a complete mess!

"Grass, does Ye Chen really want to fight against the guardian of China?"

"What's wrong with him? This time he is not facing a family, but an existence that is superior to the Chinese system."

Bai Li Xiong's palms are full of sweat. After thinking for several seconds, he sighs deeply that the stagnant water is completely disturbed by Ye Chen.

He picked up the phone and dialed an office in Zhongnanhai.

"No. 1, something big happened. The Lin family was destroyed by Ye Chen."

"What! I beg your pardon? Is the source of information identified? " There was a sound of shock on the other end of the phone.

"Sure, I'll be there. In addition, the three disciples of Fang Zhenye were also killed by Ye Chen. "

There was a full ten second pause at the other end of the phone, and then he said, "you come here and have an emergency meeting immediately! This son of a bitch! If you really want to pierce the genius of China, are you willing to give up? "

.....

China, Xiangjiang Special Administrative Region.

Located in South China, east of the Pearl River Estuary.

Xiangjiang, together with New York and London in M country, is called "Newland port". It is one of the three major financial centers in the world, and also a first tier city in the world.

There is a mountain named jiangdao mountain in Jiangxi Province, which is one of the sacred mountains in China.

At this moment, on the Jiangdaoshan mountain, an old man sitting cross-legged suddenly opened his eyes!

Because at the moment, there are three pieces of jade in front of him!

This jade card is life jade card!

The three jade plates bear the names of Fang Yuanji, Fang Yuanfeng and Fang Yuanhai respectively!

Once broken, it means that these three people are dead and their spirits are all gone! Unable to return to heaven!

The old man suddenly stood up, eyes all over the blood!

An invisible anger swept over him!

All the precious antiques around are broken!

Even the ground has a terrible crack after another!

"No way! My three apprentices are dead! Ye Chen, you little beast, dare to move our people! I want him dead! I want him to be buried with my disciples! "

Fang Zhenye's hysterical roar resounded through the hall.

Who could have thought that he sent a few people hours ago, but he was sent to the netherworld!

The key is that three people understand the array. As long as three people work together, ordinary Chinese masters can't bear it! But now, why is this the result!

He can't accept it!

Fang Zhenye hits an old stone in the house, and the stone is directly cracked.

He tried to suppress his anger, only to find that he could not.

No one dares to stand on the opposite side of Zhenye, and no one dares to move his people!

He couldn't help it any longer. He took out a machine from a cabinet and pressed a few numbers on it.

In an instant, eighteen old faces appeared on the screen.

"Lao Fang, what do you do with this emergency device in the evening?"

"Lao Fang, you don't look good."

However, his face was more and more funny.

For a long time, Fang Zhenye said: "start the guardian trial meeting. Today I want to judge one person. This son is named Ye Chen! From Jiangcheng, Huaxia, this son ignored the laws of China and slaughtered many families with cruel methods. I sent three disciples to obstruct him, but he killed him directly! This son can't be left!

I started this trial meeting to kill all the nine clans and anyone related to this son. "

Hearing the cold words, there was silence.

A few seconds later, someone nodded and angry!

Some people did not hesitate to stand on the position of Fang Zhenye.

"How dare you, little beast! It's time to kill! I agree! "

"I agree!"

But soon, some people also raised their objection: "I don't agree. Things need to be investigated. Fang Zhenye's words are not enough!"

"I'm neutral, too. There's something wrong with it."

Fang Zhenye took a look at the group of people who opposed and neutral opinions and snorted: "do you think it necessary for me to lie? As a guardian of China, I want to frame a younger generation? "

An old man touched his beard and said, "Fang Zhenye, there are too many doubts about this matter. First, why did this son kill other families without any reason? Second, why do your three disciples stop this son? Third, you're holding a trial meeting for a kid, isn't that a little over the top? You can let the official power of China do it, but you didn't do it! "

Fang Zhenye stares at the old man who raises the objection in the picture and says angrily: "in this case, after three days, all the people will rush to the Xiangjiang River in Huaxia, and we will vote for it!"

His eyes were cold and murderous.

No matter what, he will let Ye Chen pay a great price.

Chapter 462

Beijing Normal University, classroom apartment.

Ye Chen poured a cup of boiled water to Wei Ying and asked, "did you feel anything when you used the ice sword just now?"

Wei Ying shook her head: "I don't know. It's a delicate feeling. It's like I don't know. "

She scratched her head, a little agitated.

"What? I feel like I have some problems, like schizophrenia. Do you want me to see a doctor

"I always feel that a voice and a person control me. She can talk to me, even say that she is evil blood and cold body..."

Finally, she said the doubts in her heart.

It was absolutely impossible for her to talk to her parents or even her best friend.

Those people will definitely think of her as a madman.

At present, ye Chen is undoubtedly the best object to talk to.

Ye Chen frowned. He guessed it was right. The Xuanshi could not hold down the evil blood and cold body in Wei Ying's body.

"It's not schizophrenia, it's the power of your blood, or another you."

Ye Chen can only explain that.

"The other me? If one day, I'm controlled by this guy? Will she devour me? Will I die? " Wei Ying asked several questions in succession.

Some things, she does not understand, but does not mean that she is stupid.

"This is also the reason why I asked you to practice. Now you can control the evil blood cold body, but in the future, the evil blood cold experience will become more and more powerful. She represents an extreme of you, and it is possible to become a demon by bloodthirsty. The only thing you can do is practice. The stronger you are, the stronger your consciousness and spirit will be. In this way, you can suppress the evil blood cold body and even use the evil blood cold body to strengthen yourself

Hearing Ye Chen's words, Wei Ying frowns and looks pale.

She doesn't want to be controlled.

That's the only way to practice.

The living room was quiet for a few minutes. Suddenly, she thought of something. Her eyes were firm: "I will definitely practice well."

With that, Wei Ying stood up and went to her apartment.

But soon, she came back, spit out her tongue, and wryly said, "Ye Chen, I'm a little scared. Can I stay here a little longer Just a moment. "

Ye Chen looked at Wei Ying's appearance, or nodded.

He still has to blame for this. He killed someone in front of Wei Ying, which is enough to become the girl's nightmare.

The key means are so brutal.

Wei Ying gets Ye Chen's reply and smiles. Then she sits on the side of her hair and begins to practice.

A meter around her, it was cold.

Ye Chen is no longer in charge of Wei Ying. He takes out a book that Bao Xinhe found from Lin's family from the samsara cemetery.

The book records extremely complicated symbols and characters.

Only he and ye Tianzheng can understand this.

For example, if the word "kill" is expressed in the common language between father and son, it is a symbol of steel fork.

However, because the matter is too long, ye Chen can not remember some things clearly.

Ye Chen can think of his father trapped, day and night in thinking of ways to leave.

But they don't have the ability.

Father knew that he would go to the Lin family to find him, but he was afraid of being transferred, so he used this way to express his feelings.

Lin's father didn't think he would spend his time in the family.

Ye Chen turns pages and pages, and each symbol is translated into Chinese characters.

For an hour, he finally understood the meaning.

"Chen'er, I know you should be reading this letter now. At this time, I think I should be transferred. Don't lose sight of me.

You can now have this strength, father is really happy, although the father is trapped, but there is no danger, don't worry.

Now you are the pillar of the family. You must protect your mother. Your mother is a kind-hearted woman. She has suffered too much with me over the years. All along, her wish is that our family can be recognized by the Jiang family. I try to help her realize it, but I find it impossible.

But now, I believe you can do it.

During my absence, I hope you must take good care of your mother. Your mother has contracted rheumatism in ghost prison in recent years. If you have the opportunity, take her to the best hospital.

.....

After a long hesitation, I decided to tell you that I still want to thank the Lin family. Without the Lin family, I would not be able to calm down and think about these things.

First, I'm safe for the time being. At least it seems very difficult for ordinary people to kill me. There seems to be a force in my body to protect me secretly. I don't know whether this understanding is right or not. But at least the Lin family tried to do it to me, but it still failed. Even the person who started the attack was seriously injured.

Secondly, during this period, I found that the Lin family took me away for something or some information left by your grandfather. At first, I thought the Lin family was interested in Peirong's family, but in the end, I found that the ghost prison or the Lin family seemed to be interested in some things about the ye family in Jiangcheng. I thought about it a lot. I sorted out all my experiences and found that the Ye family in Jiangcheng was full of doubts. Since your mother was pregnant with you, your grandfather seemed to be preparing something. He knew your gender and gave you a name early. Since you were one year old, your grandfather seemed to have a special ceremony every year. Before you were three years old, he took you to three places, one was Xiangjiang, one was Xiangjiang One is Kunlun Mountain, and the other one he didn't elaborate on.

He arranged everything for you in order, and even some gods nagged. Do you remember the stone sent to you on your birthday? This is what my grandfather asked me to give to you. Even the time point given to you must be extremely accurate.

If you have time and want to explore your life experience, you can go to Xiangjiang and Kunlun Mountains to have a look. Besides, your grandfather has a close contact with a person. I don't know his name, but he has a symbol on his neck, which is on the last page.

At this point, do not read. You must take good care of your mother. You can't hurt her at all. "

Ye Chen frowned and turned to the last page. There was a pattern.

This is ancient Sanskrit. Although my father painted it askew, it could be seen clearly.

Ye Chen finds things more and more complicated.

My grandfather took him to Xiangjiang and Kunlun Mountains.

If he didn't guess wrong, he should have been to Kunlun Xu when he was very young, but I don't know what to do.

There is also Xiangjiang. He doesn't think an old man will take a child who is not three years old to visit Xiangjiang.

There must be some amazing secrets in it.

It's about his life experience, his reincarnation graveyard and his blood.

Fangen?

He suddenly thought of killing Dao Jun, if he is the root of all, all the strong in the world are waste roots!

Ye Chen walked on the balcony, lit a cigarette, thoughts floating far.

Until a phone rings.

From Zhongnanhai, China.

Chapter 463

Ye Chen picked up the phone, put out the cigarette, hesitated for a few seconds, or connected the phone.

"Ye Chen, you should know what I am calling you for."

There was an old voice on the other end of the phone.

Ye Chen Mou son tiny Mi: "excuse me, I really don't know."

"If you destroy the Lin family, I can turn a blind eye, but why do you want to kill the three disciples of Fang Zhenye?"

Although Ye Chen respects the old man, he still says: "even if Fang Zhenye is in front of me personally, I will try my best to kill this person. If you call me for these things, I will hang up."

Ye Chen is about to hang up the phone when a voice rings from the other end of the phone: "you leave for a period of time, the sooner the better, and start tonight, or I'm not sure what will happen next."

Words have not finished, ye Chen then hang up.

He went back to the living room and took a look at Wei Ying, who was practicing. Without saying much, he closed his eyes and began to move the nine day xuanyang Jue.

At present, father and injured Lin Juelong must be transferred to the side of Fang Zhenye.

Where is the key to Fang Zhenye?

"Well, I can only take a step and see a step."

.....

There was no word all night.

The next day, ye Chen opens her eyes and finds that Wei Ying has woken up and looks good.

"Ye Chen, you wake up. I've made some breakfast for you. You can try it."

"Thank you."

After breakfast, ye Chen wanted to go out and heard a knock on the door.

It's Baoxin river.

"Mr. Ye, don't disturb you to have a rest. I came to this place all morning because of my grandfather's business."

Hearing this, ye Chen's eyes brightened. Did the guardian ancestor of the Bao family come in advance?

"Has he arrived yet?"

Bao Xinhe, with some regret on his face, said, "Mr. Ye, because of some things, he wants to go to Xiangjiang first."

"Xiangjiang?"

Ye Chen heard this place a little sensitive, after all, yesterday's father's letter also mentioned this place.

Isn't that weird?

Bao Xinhe nodded: "Mr. Ye, this time the guardians meet there and discuss the content It is to vote for you. Once the number of votes is enough, not only will Mr. Ye have an accident, but also... "

"And what!"

Bao Xinhe hesitated for a few seconds, forced by the pressure of Ye Chen, he still said: "and your family and all the friends around you are not immune."

Hearing this sentence, ye Chen's eyes suddenly filled with anger!

This is the enmity between him and Fang Zhenye. Why involve his friends and family?

All of a sudden, he thought of something and asked Bao Xinhe, "is this meeting everyone going to be there, and Fang Zhenye is no exception."

"It should be."

Suddenly, Bao Xinhe thought of something, raised his head and stared at Ye Chen, "Mr. Ye, you are not going to go there? If you go, you will die. "

The corner of Ye Chen's mouth outlines a cold radiance: "I don't have the patience to wait for Fang Zhenye to come to my door. In this case, I'd better go to see him! Besides, I have another important thing to deal with. "

Finish saying, Ye Chen suddenly realized what, the cold eye son shoots to shoot toward the gate!

"Bang!"

The gate was blown open.

At the same time, dozens of strong people with terrible breath came in.

These hands hold weapons, eyes cold!

If you look at the breath, this group of people is above the separation and separation realm.

Not only that, Ye Chen recognized the weapons in the hands of these people and specialized in suppressing the high-tech of practitioners and ancient warriors.

At the beginning, he had seen the Dragon veins in Qinling Mountains, but the things on his hands were obviously more perfect and complete.

Wei Ying and Bao Xinhe are ready for battle.

At the time of the sword drawing and crossbow drawing, a middle-aged man came out of the crowd!

The middle-aged man's face, breath terror, came to Ye Chen.

"Please go with us! If there is resistance, the consequences will be at your own risk! "

Hearing this sentence, ye Chen is sitting on the sofa quietly with his legs up and his fingers tapping on his knees. A faint voice rings out: "I like this door, but you destroy it. Give you ten minutes to let it change back to its original appearance."

The words stopped.

Ye Chen raised his head and his eyes were like cold stars: "if you don't do this, you will be responsible for the consequences!"

This is the strongest return!

Chapter 464

The man with Chinese character face hears the cold threat of Ye Chen, and his eyes shrink.

The above comments on this son are just a few words - arrogance and danger!

He dare not to take care of it, and used dozens of people in the dark!

Even each person is equipped with special weapons. It is specially for the existence like Ye Chen!

But who can think that so many weapons point to him, ye Chen actually has no fear of the appearance!

"Ye Chen, I don't want to suppress you violently. You just need to go with us. This is cooperation."

Ye Chen looked at his watch, and he said, "there are eight minutes left."

If the group knocks at the door and asks him, he may also cooperate.

Break the door directly, do you have to forgive yourself?

The man with the Chinese character face saw Ye Chen not move, and said angrily: "since that, then only offended!"

"Do it!"

The words fell, and ten of them shot out.

It was not directed at the leaf Chen, but on the walls in all directions.

At the same time, countless laser flashes, dense.

The laser blocked all the exits of the classroom apartment, and an invisible force suddenly contracted.

Baoxin River originally wanted to do it, but found an invisible force to control his dandian!

I can't use the real gas!

He changed his face and looked at Ye Chen: "Mr. Ye, these things can not be used here!"

Wei Ying was pale, and she felt a little bit sad, as if she was about to suffocate.

Ye Chen also naturally detected the wrong, these people shoot strange laser, as if it is a formation!

And there is still such a means?

The man of the Chinese character face saw the surprise of the three people, and the corner of his mouth showed a cold meaning: "Ye Chen, can not use the true Qi, now it can always cooperate."

He just wanted to take ye Chen forward, but he said, "there are five minutes left."

This is a place, the Chinese character face men eyes flash a little angry, change the fist into claw, hard to leaf Chen shoulder to beat.

Without the spirit, there will be no combat capability!

He wants to deal with Ye Chen, easy!

Look at the five fingers tear the air, you will touch the leaf Chen, the eyes of the leaf Chen a coagulation, right hand suddenly out, draw an elegant curve!

Next second, the man's wrist was directly clasped.

Power burst!

"Click!" A sound, the wrist of the man with the Chinese character face is broken directly!

The fierce pain made his face ferocious, then, the dagger in his waist pulled out, and cut it towards the hand Ye Chen did!

But before the dagger is waved, ye Chen's hand is already on the dagger!

Spirit around!

"Click!" Once, the dagger is broken!

"There are two minutes left."

The sound of indifference sounded in his ear!

Ye Chen has stood up, as long as he a little bit of force, a head must be mercilessly removed! Blood is raging!

The soldiers were horrified at the sight of this scene!

Their leadership can be in Ye Chen's hands. The key Ye Chen moves too fast, and they have no reaction time, otherwise, they will definitely shoot Ye Chen in the first time.

At this moment, the Chinese character face man can clearly feel that he is covered by a sense of death!

"Ye Chen, you don't go wrong again!"

"You let go now, there is room for all to maneuver. I am just ordered to do it!"

Ye Chen eyes cold: "I gave you a chance, but you did not cherish."

His five fingers are more and more powerful, and they are carrying the Chinese character face man hard. Just want to hand, leishuwei appears at the door.

"Mr. Ye, take care of you! You just need to take a form together. "

"Please also ask Mr. Ye to look on my face and let this man go!"

Ye Chen eyes a glance at leishuwei, violent eyes eased a few points.

Next second, directly fell the man in his hand out!

The other party hit the ground on the twisted anti-theft door.

"Huh!"

The burglar door is split directly and split.

Strong anti shock force makes the Chinese character face man spit out a blood, face pale!

"Ye Chen, you --"

the man with the Chinese character face just wanted to say what he wanted to say. When he saw a cold eyes, he swallowed the words.

Leishuwei came to Ye Chen and respectfully said, "Mr. Ye, because of the forest house and guardian yesterday, those people intend to ask you to know about it."

"I don't know what is specific, but I should have no loss to Mr. Ye. I hope Mr. Ye can go for a while, otherwise the one and bailixiong will be more difficult to do..."

Ye Chen hesitated for a few seconds, and finally nodded: "take the way."He didn't look at the face of that and bailixiong, but was curious about what these people would do to him!

Chapter 465

Ye Chen took a few steps toward the outside, and suddenly thought of something. The step stopped. His eyes glanced at the injured Chinese character face man behind him: "I hope that when I come back, this door can be restored to its original appearance, otherwise, the consequences will be at your own risk!"

Threat!

Chinese character face man's face is iron blue, want to refute, but dare not at all!

It's so fucked up!

The key is that he doesn't even dare to vent his anger in his heart!

"What's more, those restrictive things may be useful to others, but they don't work for me at all. Don't put them in disgrace next time."

Ye Chen finally threw out this sentence, and Lei Shuwei toward the elevator.

After ye Chen left, the Chinese character face man stepped on the broken anti-theft door on the ground!

One of his men took a look at the iron face of the Chinese character man, or opened his mouth: "this What to do next? "

as like as two peas, he clenched his fists and loosened his anger. "What else can he do? I'll switch to a door that looks exactly the same!"

.....

Ye Chen and Lei Shuwei come downstairs. In a hurry, Lei Shuwei drives his own car.

It's an Infiniti business car.

About twenty minutes later, the car drove into a magnificent temple.

There are hundreds of strong men on patrol outside.

In all directions of southeast and northwest, ye Chen can feel a pair of cold eyes peeping in the dark.

These people are strong.

Even let Ye Chen have a sense of threat.

"It doesn't look so simple here."

Ye Chen murmured.

However, it is also true that if there is no such hidden power, will those extremely strong beings be able to do whatever they like?

Lei Shuwei and ye Chen came to a gate. The door had not been opened. He told ye Chen: "Mr. Ye, please keep it, no matter how."

Ye Chen said, "don't worry, I'm not the kind of person who likes to make trouble."

Hearing this, Lei Shuwei almost spewed out a mouthful of old blood!

Are you ashamed to say that?

There's nothing more troubling than you!

"Creak."

The gate opens and ye Chen and Lei Shuwei walk in.

Inside is a conference hall, which can hold thousands of people. At the moment, it is full of seats.

Ye Chen sees a lot of acquaintances, Ying Qing and others are inside, straight body. When he sees Ye Chen, he stands up one after another.

"Drillmaster!"

Ye Chen nodded and walked towards the central stage.

Lei Shuwei did not follow, but quietly sat in an empty seat beside Ying Qing.

This long ladder, ye Chen can feel countless cold eyes together!

The whole hall is even a little noisy!

Abuse, ridicule, advice, swept over!

If the eyes could be turned into sharp blades, ye Chen's body would be full of holes.

Even the expression of Lei Shuwei in the back is not right.

He thought he was just looking for ye Chen to investigate. Now it seems that things are not so simple.

Ye Chen comes to the middle stage.

There are ten people sitting on it.

The one in the middle, Bai Lixiong, is sitting on the far right. Apart from these two people, he has never seen the other eight people.

Ye Chen does not have the habit of watching news, and naturally does not know the most true identity of these people.

But he can feel a bit of bad in the eyes of the other eight people!

The old man in the middle sighed and looked at Ye Chen and said with his lips, "you shouldn't have come. You really shouldn't have come."

At this time, an old man with gray hair and Zhongshan suit stood up and said in a cold voice, "Ye Chen, you really dare to come here! Good! Very good! "

"I ask you, you admitted that you caused hundreds of casualties in the first world war yesterday?"

The words of the old man with white hair are full of anger and aloofness!

Ye Chen frowned and sat down with a chair. Looking up at the old man, he said faintly, "I don't admit it. Do you know the cause of this? Who started first? Are you blind? "

His words were not polite at all.

As soon as this was said, the crowd was talking.

It was Pang Yong who asked!

Once one of the strong! After retiring, the status is noble!

Pang's courage was not good, and his face was crimson: "Stinky boy, let's not talk about this matter, but you did it for the Lin family!"

"And the Chinese protector who you killed?"

Ye Chen lit a cigarette, stood up and sneered: "if the guardians are like this, I will kill one when I see one! Are you satisfied with my answer? "

"Hiss!"

People under the stage take a breath!

It's the first time in many years that someone dares to confront a guardian like this. Is Ye Chen crazy!

Besides, some people on the stage are puppets of guardians!

Originally, I wanted to investigate the opinions of the party concerned. Now the so-called party is like a bomb, which is directly ignited!

Pang Yong's face was pale and angry: "Ye Chen, you are lawless. You don't even care about the identity of the guardian. I suggest that you directly suppress and erase it!"

Ye Chen sneers and looks at that one. Pang Yong's opinion is a fart.

At this time, Bai Lixiong said: "I don't agree with Comrade Pang Yong. First, according to the whole incident, ye Chen killed people passively. Second, ye Chen has saved the Dragon veins of Qinling Mountains, and he has done more than he has done! "

Chapter 466

Pang Yong said: "it's only one day. Ye Chen did this kind of thing. In addition to withdrawing, he can only suppress it! Otherwise, there will be endless troubles

"I agree."

"I agree."

"I'm neutral."

Bai Lixiong's face was livid, so he was almost to take the case. He looked at Pan Guohua and Pang Yong and said, "what happened to the guardians of the dragon vein last time? No! "

"Pan Guohua and you Pang Yong, you are for the people behind you, don't think I don't know!"

Two hundred Li, pointing to the cold voice.

.....

The above nine people have a lot of discussion. Bai Lixiong argues for ye Chen, but almost all of them are on the opposite side of Ye Chen.

Bai Li Xiong has already felt a trace of anger surging on Ye Chen's body.

If it goes on like this, ye Chen's treatment is likely to be extreme.

"All right."

Just then, the old man in the middle, who had been silent, spoke.

Looking at Ye Chen, he said faintly: "I've learned about this matter from the beginning to the end. Ye Chen's handling method is indeed a bit too much, but the starting point is correct. Even if I am in the situation of Ye Chen, I may do the same!

Don't forget, the biggest difference between Ye Chen and us is that he is a young man, in love, ye Chen's practice is not wrong. Yu Li, ye Chen's means are extreme. "

"There is no need to discuss this matter any more. All economic losses will be borne by Ye Chen."

Hearing this, everyone's expression is frozen, obviously, that is to protect Ye Chen!

The scene was silent for a time.

After a few seconds, Pan Guohua stood up and said seriously: "Is it too simple to compensate for economic losses alone? There is Tianzheng Group under Ye Chen's banner. What does money mean to him? "

One of them glanced at Pan Guohua: "What do you think we should do?"

Pan Guohua turned, he is very clear, erasing Ye Chen is impossible at all!

Mr. Fang Zhenye called him this morning very clearly. Even if Ye Chen is not dead, he should pay a great price!

All of a sudden, Pan Guohua thought of something, and his eyes were cold: "I suggest to cancel Ye Chen's military rank and take away the position of chief instructor! Such a tainted person will only defile these two posts! "

As soon as this remark was made, the crowd was in uproar!

It is a great shame to deprive Ye Chen of this honor in front of thousands of people!

Bai Lixiong couldn't help it any longer. He patted the table and stood up: "Pan Guohua, what the hell do you mean! I'm the first to object

Pan Guohua has the final say: "Bai Lixiong, this is not your final say. Even if it's decided by voting, most people mean it! "

At this moment, the one hesitated.

His position, can't have selfish heart, this is inevitable, he sighed, still way: "vote to decide."

Obviously, except for Bai Lixiong who voted against it, all the other eight people agreed.

When Lei Shuwei saw this, he clenched his fists!

Green tendons burst out!

At the beginning, the chief drillmaster invited Ye Chen!

Now this group of people deprive Ye Chen of these things with a few words. Isn't it embarrassing for ye Chen!

Lei Shuwei slapped his fist on the armrest nearby! The handrail broke directly.

It's not only him, but all the strong people here are very angry!

Ye Chen's strength is obvious to all! Ye Chen had taken the risk to save Ying Qing and others. They remember this kindness!

Pan Guohua on the stage looked down at Ye Chen: "Ye Chen, hand over those two things. We will not investigate this matter, but if there is another time, we will bear the consequences!"

Ye Chen looks at Pan Guohua and others on the stage and smiles.

Are these people trying to embarrass him?

But do you really think he cares about these two things?

After all, they are just mortals, and they will turn into dust after a hundred years. And he Ye Chen thousand years later, even ten thousand years, still there!

At that time, he can only overlook the Loess and tombstone from the top of the mountain, and feel the things happened thousands of years ago!

Ye Chen took out those two books from his pocket and threw them directly on the stool and left smartly.

In the future, he will not interfere in their affairs.

I just hope these people don't ask for themselves!

In Ye Chen strides out a few steps, below a voice of scolding rings out!

"Since we want to erase the chief instructor Ye Chen, I ask Lei Shuwei to leave!"

Nobody thought that Lei Shuwei would stand up at this time!

As the person in charge, he actually stood up for ye Chen!

Chapter 467

Pan Guohua's smile is stiff. Lei Shuwei's action is undoubtedly a blow to his face!

Pan Guohua, who responded, snorted coldly: "good! Lei Shuwei, you asked for it

Lei Shuwei doesn't pay attention to him. He goes to Ye Chen!

He doesn't regret it!

In his eyes, ye Chen's value far exceeds everything!

But at this time, a sudden change appeared!

Ying Qing stood up and said in righteous words: "Ying Qing asks to leave! I hope it will be approved! "

The words fall, his side 100 strong person all stand up!

Straight body!

"I'm worried about Zhou Qi's injury, please leave!"

"I Liu long asked to leave!"

.....

All the strong are ready to leave!

This scene directly shocked everyone!

Even ye Chen was shocked.

Without Lei Shuwei, the dragon spirit can work naturally!

Pan Guohua's face turned red!

He just felt slaps in his face!

In his eyes, this group of people is undoubtedly standing opposite to him!

He wanted to embarrass Ye Chen!

Now it turns out that he is embarrassed!

What the hell is this!

Nonsense!

It's all nonsense!

Pang Yong's expression was bright and dark, and it was hard to see the extreme.

At this moment, not only all the people under the stage were stunned, but the faces of ten people on the stage all changed!

The key who could have thought that ye Chen would have such a great ability!

Pan Guohua couldn't help it. Trembling with anger, he pointed to Lei Shuwei and said, "you know what you're doing. You're living with a tainted person! Do you think you are very loyal? "

Bai Lixiong also stood up and said, "Pan Guohua, what qualifications do you have to make such a decision?"

Pan Guohua did not dare to speak!

Ye Chen went to Lei Shuwei and Ying Qing and said, "you don't have to be like this. Although I'm your chief instructor, I don't go to the dragon soul many times. Without me, you can still be very good."

Ye Chen's heart is actually a little moved, very grateful to these people this time to stand up.

Lei Shuwei said seriously: "Mr. Ye, it's true that you don't come to the dragon soul many times, but your pills and martial arts have saved many lives! We must remember this kindness

"Without Mr. Ye, there would be no us!"

The voice of this sentence is not loud, but because it is quiet, it spreads far away!

Even spread to pan Guohua's ears!

Pan Guohua's eyes are red and his face is black! You can't control your emotions.

Presumptuous!

He just wanted to stand up and walk toward Lei Shuwei, but the man said, "this matter is still controversial. Let's put it on hold, and then discuss the specific situation."

There was an unquestionable meaning in his tone.

Because this is the only choice.

"I agree."

"I agree."

Everyone agreed.

Pang Yong and pan Guohua want to say something, or hard swallow.

Ye Chen and Ying Qing and others talked about a few words, there is no need to stay in this place more.

As for the honor.

It doesn't matter.

Who wants it.

At present, the most important thing is Xiangjiang. Fang Zhenye and baoxinhe's ancestors are there.

His father and Lin Juelong may also be here!

And why did grandfather take him there? Most likely, there is a mystery of his life experience there!

Even with the samsara cemetery!

He walked directly to the outside, came outside, took a breath of fresh air, and then took out his new mobile phone and dialed Lu Lingfeng's phone.

At present, the power of dark hall and Tianzheng Group is enough.

"What about my mother and those girls? Did you ask about me? "

The phone is connected, ye Chen asks.

Lu Lingfeng replied: "Qi, on the first day, they asked me several times about you. They even planned to leave the dark hall. Later, they all chose to enter the training room for practice. There are often some breakthroughs in the practice room these days."

Ye Chen nodded, no matter how to say, these days to find a way to bring back his father, or can't explain with his mother.

Immediately, he said, "Lu Lingfeng, do you know anything about Xiangjiang? Is there any power out there? "

Lu Lingfeng at the other end of the phone was stunned and immediately replied, "the temple master, there is a branch that can be used, and the blood plum hall is relatively weak there."

"Well, help me arrange a private plane to get there as soon as possible."

"Yes, Lord!"

Chapter 468

.....

Because the private plane took off about an hour later, ye Chen went back to the teachers' apartment of Normal University.

The door of the apartment has been repaired. The lock is still the original one.

Ye Chen is still satisfied. He calls baoxinhe, but he finds that baoxinhe is already in Xiangjiang.

It seems that this guy should have gone to meet the ancestors of the Bao family in advance.

Ye Chen can only give up, tidy up the things in the house, then close the door, ready to leave.

When they come back from there, they will take their mother, Sun Yi and Xia Ruoxue to the New Ye family and set up a protective clan array. They should also tell everyone that the Ye family has been established since then.

As soon as the gate was closed, Wei Ying's door opened.

The next second, ye Chen found that Wei Ying came out with her suitcase.

To yechen's surprise, Wei Ying changed a suit of dress, with nine point jeans and a White Chiffon shirt, setting off her concave and convex figure vividly and vividly.

Chiffon shirt to the chest is a pair of sunglasses.

It's like traveling.

"Wei Ying, you're not going to class. Are you going to travel?" Ye Chen has a wonderful way.

Wei Ying showed a shallow smile, quietly came to Ye Chen's side, and then said: "that Can you go out and play with me? "

"I want beauty and beauty, figure and figure, and know English. Maybe you need an interpreter."

"Besides, if you go with beautiful women, you should not suffer a loss."

Seeing that ye Chen didn't respond, Wei Ying pretended to be innocent and said, "Ye Chen, I just took the annual leave from the teaching and research group. If you don't take me, I'll have to go by myself."

Ye Chen looked at Wei Ying's pitiful appearance and shook her head helplessly: "Wei Ying, do you really want to go? First of all, I'm not going to play. I have important things to do. When you get there, you must listen to me. "

The reason why Ye Chen said this is completely because Wei Ying has been unable to suppress the evil blood cold body.

If Wei Ying is not taken with her, she is likely to have an accident.

Later, when he arrived on the plane, he would have to find a way to re refine a diabolith to suppress the power in Wei Ying's body.

When Wei Ying sees Ye Chen's promise, the whole person jumps up and down, and then presses the elevator.

Chen, I love you so much

To Ye Chen's surprise, Wei Ying's red lips even kiss directly on his cheek.

Wei Ying realized her gaffe and laughed awkwardly Hee hee... "

.....

Huayuan airport.

Ye Chen and Wei Ying get on a small private plane.

Wei Ying was really surprised by the luxury of the private plane.

She knew Ye Chen was very powerful, but she didn't know ye Chen was so rich.

After a while, ye Chen came to Wei Ying's face with the refined Earth Spirit Xuanshi: "take off the necklace on your neck for a while."

Wei Ying was stunned: "will that thing in my body run out?"

"No

Wei Ying takes off the necklace and puts it in Ye Chen's palm.

The next second, ye Chen pinched his finger, the light flashed, and a bright basaltic rock steadily inlaid among them.

Now the necklace and the original gap is too much, and even a person can feel the necklace flowing with a line of brilliance.

"Here you are."

Wei Ying took the necklace and was so excited that she exclaimed: "how could it be Ye Chen, what kind of technique can't you do? "

"Now this necklace is not only beautiful, but also simple. There is a talisman in it, which can help you resist at least one damage. And it's still the old rule. Don't take off the necklace until you have to. Your current cultivation can't suppress the evil blood cold body. Maybe you will be hurt by the evil blood cold body rushing out of the body. "

Ye Chen admonished.

"I see. Thank you."

Wei Ying's face is slightly red, as if this necklace gives a sense of ceremony.

.....

Three hours later, the International Airport.

Ye Chen and Wei Ying get off the plane, the sky is a little hazy.

Then, I saw a man with a cap to pick up the plane. The sign in his hand resolutely wrote the name of Ye Chen.

At the same time, a bright plum blossom is painted in the lower right corner of the name.

Ye Chen and Wei Ying come forward, the cap man see is Ye Chen, quickly take off the hat, light voice way: "Hall Lord."

"Well, go back to the hotel first."

"Yes."

Cap man with Ye Chen on a black car, car ride dust, directly to the Ritz Carlton Hotel.

The hotel is located on the top of the World Trade Plaza from 103 to 118 floors. It is operated by Ritz Carlton Hotel Group, a luxury hotel brand in M country.

Along the way, ye Chen also learned that the name of the cap man was Qian Jianzhong, who was in charge of the killer business of Xuemei hall. He tried to ask about the guardians, but to his disappointment, Qian didn't know much about the guardians.

When he got to the room, Qian Jianzhong put down his luggage. What did ye Chen think of, he asked, "how about the rest of the people here?"

Qian Jianzhong's expression was frozen, and he immediately said with a wry smile: "Lord, since the blood plum hall was changed into a dark hall, the hunting task has been cut off. Most people here can only take private jobs. To be honest, most people have quite big opinions about you."

"We have been hit hard by many forces. If we can't get along with it, we won't be stationed here. Some people even plan to go back to the headquarters."

Ye Chen heard Qian Jianzhong's words, but he didn't expect that the dark hall would be so miserable here.

But on second thought, it's true that hunting is the source of all people's interests.

Cut off the source of interest, this group of people will have difficulty in life, let alone other things.

At this time, Qian Jianzhong's mobile phone rang. He took a look at the content of the text message and his face changed slightly. Then he said to Ye Chen, "Lord, you just got off the plane and have a good rest. I have some urgent matters to deal with now. If you have any problems, you can call me."

After that, Qian Jianzhong went out in a hurry.

Chapter 469

In Qian Jianzhong's eyes, ye Chen is the master of the hall.

But it is the most controversial existence.

If it wasn't for this man, they wouldn't have been in this situation.

Most people scoff at Ye Chen.

Even Qian Jianzhong, at first the headquarters asked him to pick up Ye Chen, but he refused at the first time.

But under pressure from headquarters, he did.

The message just now is that something happened in the dark hall.

He didn't intend to look forward to the Lord.

If ye Chen could not trouble him, he would burn high incense.

Ye Chen looks at Qian Jianzhong's hasty departure and frowns slightly. He can vaguely feel that something has happened.

Anyway, he was also the Lord of the dark temple.

"Wei Ying, you can have a rest in the hotel. I'll come when I go." Ye Chen ordered.

Wei Ying naturally guessed what ye Chen was going to do. Knowing that she had gone, she might have done a disservice, so she nodded and quietly tidied up her luggage in her room.

.....

47 Yuquan villa, Kowloon.

This is the base camp that the dark hall rented five years ago.

Now that there is no mission, everyone is in a muddle.

At the moment, the atmosphere in the villa is dignified to the extreme, even accompanied by a strong smell of blood.

A man in a suit stood by the window, overlooking the landscape outside, his hands covered with blood.

But behind him is a dozen dark hall killers.

However, these more than ten people were injured in different degrees, and their eyes were full of fear.

Suddenly, the man in the suit turned around with a long scar on his face.

"Who the hell are you and why do you do it to us! We have no enmity with you

A strong man in the dark hall said.

The corner of the man's mouth showed a cold smile, five fingers a grip, the hand shot out a very strong airflow!

In an instant, the strong man who spoke was cut off an arm.

"No injustice, no hatred? Not now. "

The faces of the people changed and their eyes were filled with deep fear.

Although they want to resist, but the strength of the man in front of them is too terrible!

They don't even have the right to struggle!

"Do you know why I didn't kill you?" The man in the suit said.

"Because I like to wait for everyone to do it."

"Now, it's full."

"From now on, there will be no dark hall here."

The next second, the suit man in situ into a shadow, five fingers for claws, toward the door and go!

"Tear

The steel gate was directly torn, and Qian Jianzhong, who was about to step in, shrunk his eyes and felt the intention of killing. He swept away with a fist!

"Bang!"

The two forces suddenly collided. Qian Jianzhong only felt Qi and blood surging up, and his internal organs were hit with terror.

"Who are you?"

Before he could react, the man in suit appeared behind Qian Jianzhong and shot it with one hand!

A false shadow falls, Qian Jianzhong spits out a mouthful of blood, his body flies out like a broken kite! In the end, he fell steadily on the side of the strong.

Strength is crushing!

How can we fight this!

"Who am I?" The man in suit sneered, "I come from Kunlun mountain. As for why I killed you, the dead really have the right to know. Someone wants to buy all your lives."

"Well, it's time to send you on the road, and you should feel honored to die under me."

Language down, suit man's palm appeared a long sword, sword with cold light, swept out rolling sword meaning, let people palpitation.

Although there are more than a dozen of them, the strength of more than a dozen of them is no better than one of them!

"Tear

A terrible cold light falls directly, and it will cut off the heads of all people with a sword!

At this time, a sudden change appeared.

Under the sword idea, unexpectedly appeared a young man in casual clothes.

So the young man stood still.

In front of the crowd.

Youth Mou son tiny congeals, light way: "excuse me, they are my person, you have no qualification to move."

Hear this voice, Qian Jianzhong Meng raised his head! He looks like a ghost!

Why did the Lord come!

You can't die!

He just wanted to talk, but found Ye Chen indifferent hand out!

Five fingers open, so toward the terrible sword to grasp!

At this moment, not only Qian Jianzhong is confused!

The faces of the strong changed.

This suit man's strength they have experienced, appalling.

But how could a fool grasp the sword like this?

Crazy?

"Lord, no!" Qian Jianzhong exclaimed. Hearing the sound, everyone's face became strange!

This kid is the new Lord?

When did the dark hall headquarters degenerate to this level, unexpectedly looking for such a hairy boy to be the hall master?

The suit man saw Ye Chen's crazy move, but also sneered: "something that doesn't know how to live or die!"

Some pride and cruelty came to his face.

The sword fell on Ye Chen's hand!

Nobody thought of it!

"Click

Clear voice, suddenly ring.

Everything is still!

In all people's frightened eyes, ye Chen's arm burst out a red light!

Like a blood dragon!

The fury of the sword completely dissipated!

Not only that, the spirit sword of man in suit was also caught by Ye Chen!

Grab it!

Then the sword broke!

Into a pile of useless debris, fell on the ground!

"How could it be!" The man in suit has a ferocious expression and almost stares out his eyes!

How could his sword idea be caught out of thin air! What is the red light! Why do you seem to hear the Dragon chant!

"You Who the hell are you? "

"Me?" Ye Chen sneered, "as you said, the dead have the right to know. Introduce yourself. I'm Ye Chen!"

Language down, ye Chen moved!

"Boom

In the sound of cracking!

Ye Chen, one punch!

This one, too fast! Fast to suit man, even the power of blocking!

Straight through!

Chapter 470

Quiet.

At this moment, the whole villa is quiet.

Those strong men in the dark hall of Xiangjiang are staring at the man in suit who flies backward.

The blood hole in the chest was shocking.

The key is that they did not expect that the strong man who crushed them was defeated by the young man in front of him.

What's more ridiculous is that this young man is the existence that they despise most in this period of time.

The master who pushed the blood plum hall into the dark hall abyss!

"Bang!"

A big bang!

The man in the suit smashed on the toughened glass.

Large pieces of toughened glass were broken.

The man in suit can clearly see that his chest is constantly flowing with blood, and his whole skeleton is almost broken! The cold sense of death covered.

His eyes suddenly shrink, trying to prop up the body, want to leave, but found that the devil like youth has appeared in front of him.

"Who sent you?"

Ye Chen's indifferent voice rings out.

The man in the suit is stunned. His fingertips just want to shoot out a hidden weapon. Ye Chen's hand clasps his wrist like lightning.

"I'm impatient. I'll give you one last chance."

Language down, only heard a click, he wanted to use the secret weapon hand directly broken!

The pain of tearing heart and lung made him gnash his teeth.

Then a pair of big hands directly seized his throat, and the red evil spirit coiled between the big hands.

The man in suit stares at Ye Chen. He knows very well that in front of this young man, he has no chance of winning!

When did Xiangjiang come into being?

Feeling the suffocation from his neck, he said, "I'm from the Li family in Xiangjiang. You can't move me! Besides, my clan is deep in Kunlun mountain. If you dare to kill me, I promise you will... "

Suit man's words have not finished, ye Chen directly twisted the other side's neck.

Xiangjiang Li family is the answer.

Besides, this man has no use for anything.

After all this, ye Chen looked at the group of strong dark hall.

A look, the more than ten people knelt down one after another!

"See the Lord!"

At this moment, they are convinced!

The hall master with such strength and determination is the object they are looking for!

Ye Chen is used to this kind of scene, and says directly:

"when I come to Xiangjiang for the first time, I don't know your present situation, but I will stay here for a few days. If you have any trouble, you can call me."

"What's more, who can tell me why the Li family used this kind of expert to deal with you? Did you assassinate the Li family? "

Qian Jianzhong quickly stood up and said seriously: "to the master of the temple, the Li family is the top family of Xiangjiang. The capital and martial power of the Li family are extremely strong. Even the Li family has a certain reputation in the world. We can't assassinate such people. Isn't that the same as seeking death?"

Ye Chen brows a frown: "that why does Li family want to send this kind of expert to erase you?"

Qian Jianzhong shook his head. He was not clear about it.

Just then, a pale woman in a fur suit stood up: "Lord, I think this matter may have something to do with me."

Qian Jianzhong looked at the girl in leather and said in a cold voice, "you've been in the dark hall all this time, and you haven't received the task. How could it be related to you?"

The girl in leather took a look at Ye Chen, knelt down in front of Ye Chen and explained, "Lord, I made a mistake. Last night, I took a private job and didn't tell you. Please punish me

This words a, all dark hall strong person's facial expression slightly changes!

The killers in the dark hall take private jobs outside, which is a very serious matter!

Qian Jianzhong would like to slap him in the face!

Just because of a private job, I almost hurt the whole Xiangjiang dark hall!

Seeing a slap is about to fall, or be stopped by Ye Chen.

"Listen to her."

Qian Jianzhong glared at the woman in leather and suppressed his anger: "yes, the Lord."

The leather clad woman swallowed her saliva and continued: "someone contacted me yesterday and asked me to assassinate a Xiangjiang Quangui. The reward is a purple cloud and dark stone. Before the assassination, I had seen the eldest son of the Li family talking about jiangdaoshan with this person. I can't hear the specific details clearly. It seems that I'm talking about the guardian of Shimo Huaxia I felt something was wrong at that time. After all, jiangdaoshan is the holy mountain of Xiangjiang, and no one dares to enter. It is one of the top secrets of Xiangjiang. The big families almost dare not mention Jiang daoshan, but why did the Li family and the dignitary mention it many times, as if they were preparing something secretly.

I guess the Li family has found that the death of the dignitary is related to the dark hall, so they use their strength to wipe out our dark hall. "

"This thing started because of me, and it should be finished by me. I can only apologize for my mistake, Lord!" Language down, leather woman from their own leather boots in a dagger, without hesitation toward the chest stab.

But before stabbing, ye Chen's two fingers caught the dagger.

"Click!" The dagger breaks directly.

"You don't have to die." The corner of Ye Chen's mouth showed a smile.

The woman in leather was stunned: "but I almost hurt everyone. If there is no hall master, I will be a sinner in the dark hall of Xiangjiang River!"

Ye Chen Mou son tiny Mi: "you have provided me with a very important information, this information is enough to make up for your fault."

For ye Chen, he had no place to start with the guardian of China.

Now it seems that jiangdaoshan is the breakthrough.

If he guessed correctly, the place where the guardians of China met this time is the jiangdaoshan that countless people in Xiangjiang fear!

What the leather clad woman and Qian Jianzhong wanted to say, ye Chen has taken out more than a dozen pills.

With a flick, these ten pills seem to be controlled by people, suspended in front of everyone.

These strong people in the dark hall of Xiangjiang were shocked to see this scene!

This is a means that only gods can have!

"These pills are good for your injuries. This place is no longer safe. Next you change places."

Ye Chen shoots out a bank card in his hand and is firmly grasped by Qian Jianzhong.

"This bank card is enough for you to choose the best place to hide in Xiangjiang. After stability, you can contact Lu Lingfeng in the capital. You should participate in the next reform of the dark hall."

" Also, Qian Jianzhong, you can sort out the most detailed information about jiangdaoshan and send it to my email address before evening. "

Qian Jianzhong nodded and said, "Lord, I will handle this matter for you. However, the capital flow in the dark hall is abundant. We don't need this card..."

"Take it. Xiangjiang dark hall needs money now. I don't want the people in the dark hall to be so miserable."

"Before I leave, I also hope that the dark hall can become the first force in Xiangjiang."

After giving an account of everything, ye Chen went out to the outside.

After all, Wei Ying is alone in the hotel, so he is not at ease.
