

Physician 4631

Chapter 4631

At the moment, the statue of the beast God also launched another attack. It gave out a loud roar, and the sword whirled in its hands. It turned into a pure black sword blade storm and swept towards Ye Chen!

It's not the face of the statue. It's hard to face the God!

This is his confidence, his confidence in the destructive Shinto he has mastered!

In the sea of knowledge, Daogu's imprint is shining. Ye Chen concentrates his whole spirit on the Sha sword in his hand. The next moment, the chaotic sun in the sky suddenly sets a dark sun on the Sha sword. The whole sword turns into pure black color, and the blade trembles slightly. It seems that all of them can't bear the power!

At the moment when the blade storm was about to hit Ye Chen, a sword came out!

An amazing sword!

This sword is like destruction itself!

As if, contains some will chaos, will be nihilism, will annihilate the supreme meaning!

A sword like a thin line of black light flash, it did not enter the blade storm, the world seems to freeze at this moment!

With a loud bang, the pure black blade storm started to disintegrate quickly under Ye Chen's attack!

The strong destructive force is surging in this cemetery. When the storm disintegrates, the whole space will be filled with destruction sword spirit!

In this sword Qi, ye Chen's blood is surging on his body, and countless sword wounds are constantly emerging. However, with the new words of the six extermination secrets and the strong vitality that makes people's scalp numb, the sword Qi can't cause any real damage to him!

On the other side, the statue of the beast God roared, and then retreated one after another. The stone with black light fell from its body. The chest part of the statue was hit by Ye Chen's sword directly!

The statue of the beast God, which can't even be hurt by star soul cutting, is directly damaged by Ye Chen's sword of destroying Shinto!

Although not through, but according to this speed, ye Chen defeated the statue is only a matter of time!

Ye Chen's mouth appeared a smile, a big drink, once again raised the evil sword, the whole body destroyed, Dao Yun stirred, and this statue, fight together!

With the continuous roar, the injuries on the statue became more and more serious. Although Ye Chen also shed a lot of blood in the battle, he even hit the key points several times. If he were an ordinary orc, he would have died long ago!

Can, with that thrilling vitality, ye Chen is more tenacious than this statue countless times!

This statue is completely suppressed by Ye Chen!

Even ye Chen was a little surprised. It seems that the seventh test is too simple!

In fact, the strength of this statue is not weak. If the warrior who destroys Daoyun does not exceed the triple heaven, he will not be able to hurt him at all. However, with his terrifying destructive power, even ye Chen can only be defeated after a long war. What's more, there is a three-day time limit!

Even the owner of the triple seal of heaven will be extremely difficult to defeat this statue of beast God!

However, ye Chen's destruction of Daoyun has broken through to the fourth heaven. What's more, he also has many blessings, such as Daogu imprint, chaotic black sun, Hongmeng big star sky, reincarnation xuanbei and so on, which makes his destruction of Daoyun far more powerful than the four heaven should have!

Therefore, it is not that the statue is too weak, but ye Chen is too strong!

However, when ye Chen thought that he could win easily, the red light in the statue's eyes suddenly flourished, and he threw his sword towards Ye Chen!

The seemingly extremely heavy sword suddenly turned into a very thick black light and chopped towards Ye Chen!

In the face of this sword, ye Chen's eyes flashed a dignified color, and cut it out with all his strength. The black thin line was incomparably concise, and the sword light roared out, and collided with the big sword!

There was a huge bang, and the strong wave of destruction rushed around. Ye Chen's sword was extremely reluctantly blocking the sword thrown by the statue. However, the sword seemed to have run out of power and broke apart inch by inch!

Ye Chen in that burst of destructive power, was blown out, blood mist rolling all over, but, it is steadily fell on the ground, the injury also quickly recovered.

He took a breath, and the statue even gave up his sword. It seems that the battle is coming to an end

Thinking of the upcoming top animal eggs, ye Chen's eyes also showed a touch of excitement and expectation!

But at this time, a sudden change!

The statue, which has been scarred and seems to be broken soon, suddenly glows with runes all over the body. A breath of restlessness is emitted from the body of the statue!

"Shit!"

Ye Chen pupil shrinks crazily, can't help but low scold, this animal God is also too ungrateful!

The flying sword blow just now is not the last resort of the statue of the beast God. It's just a cover!

This is the real purpose of the statue!!!

At present, ye Chen wants to stop too late!

He put away the evil sword, and turned the blood god yarn and the soul moon treasure dress to the extreme!"Zhentian imperial city sword, guard!"

Ye Chen presents Wutu Yuan Fu and nine huge Wutu Epee swords. The town falls down!

Not enough!

At the same time, a black light just like substance covered the body!

Ye Chen is very clear, since it is the test most need to guard against or that destructive power!

Therefore, he put the focus of his defense on the new words of the six exterminations

The next moment, a round of black sun, as if rising in this cemetery, extremely terrifying, seems to burst the universe of energy fluctuations, instantly drowning Ye Chen!

At the moment, a very strong wave of destruction surged out of the gate. All the people of the eight families outside changed their faces. What happened in the cemetery?

At the same time, the beast God cemetery.

After that, the whole black fog disappeared.

When the destructive force reaches a certain level, it will not only form a dead space, but also can not completely recover the damage caused after the annihilation of the space by the law of heaven. The law, space, etc., which have been completely destroyed, will form this black fog representing death

If ordinary warriors are exposed to this trace of black fog, they may be melted by the power of death!

In the cemetery, a quiet, as if there is no breath of life.

In the black fog, empty, no shadow.

Did ye Chen disappear completely and become nothing in the self explosion of the animal god statue?

At this time, the earth issued a huge bang, a very embarrassed figure from the bottom of the ground, this figure is naturally Ye Chen!

At the moment, ye Chen's body is full of scars. Even with his vitality, he can't recover immediately. His breath is also weakened. His face is a little ugly.

Chapter 4632

The only blow almost wiped out the whole space. The reason why he appeared from the bottom of the earth was that after the space was rebuilt by the law of heaven, he was buried in the ground

Even with his current constitution, the self explosion of the statue still hurt him!

We can see how powerful it is!

However, very soon, ye Chen's eyes are emerging a happy color!

Because, he passed the trial!

Ye Chen moved, then through the black fog, came to the end of the cemetery, here, empty, only placed a square stone table.

On the stone table, there are three eggs of different colors!

Ye Chen saw the three eggs of the moment, pupil, is also a touch of shock color!

I saw that these three eggs were covered with countless extremely mysterious runes!

This rune is not carved by the day after tomorrow, but by nature!

Anything born with a higher rune, absolutely, is extraordinary!

It's like the stele of tongtianming in the sea!

Of course, these runes are not as good as the rune little yellow in the samsara cemetery.

For a moment, ye Chen's breath is a little bit short!

These three eggs are extremely high!

Even old Shuo couldn't help saying, "boy, you made it. Although the statue of the beast God exploded at last, it was a bit dangerous. If you can't make it right, you may capsize in the gutter, but it's worth the risk!

Even I feel a kind of blood pressure on these three animal eggs. Their potential is absolutely beyond imagination. At least, it is superior to the real world. "

Ye Chen smell speech, feel the blood is boiling!

Shuo Lao came from a very long time ago. Originally, he was a dragon clan with extremely pure blood. Even he felt that his blood was suppressed. How strong are these three animal eggs?

Ye Chen's eyes, one by one, swept over the three eggs. Although they are all top-level blood, there are also strong and weak points. He can only choose one to take away!

Think of here, ye Chen's heart beat slightly faster, he has a kind of lucky draw pleasure!

The same is the grand prize, 10 million and 15 million, even 20 million, the gap is not small!

Ye Chen licked his lips. What he wanted was the grand prize in the grand prize!

These three eggs, the first on the left, are all blood red. They have thorny lines on the surface, and some dark blue runes are dotted on the thorn lines! Ye Chenguang has a look at the thorn lines, the vitality of the body, there is a sense of arousing for it, can't help but face the color of horror!

He can be sure that the first egg hatched out of the exterminator, together with life, is absolutely unique!

The second in the middle, gold and silver intersect. On the animal's egg, there are some protuberances like bone spines. There are 108 spines in total, which coincide with the number of Tiangang Disha. There is a rune on each bone thorn!

The 108 runes actually formed a kind of formation. Just by looking at it, ye Chen felt dizzy. His eyes flashed, and the big array was so terrible that he couldn't resist the power of his spirit?

If it is used, it will destroy the heaven and the earth!

Even, he can improve his martial arts!

In fact, to choose this life monster, we should not only consider the blood, match with our own martial arts, but also, ability!

This life monster can bring some of his own innate ability to the master. It is also important whether the talent ability matches with himself or not!

Soon, ye Chen moved his eyes away from the second egg and landed on the third.

The last egg, which looks the least impressive, is pure black. Even the runes on it are black, almost indistinguishable!

However, ye Chen's eyes were immediately attracted by the black animal eggs!

He looked at the egg, his eyes gradually excited! Breathing is extremely fast!

Almost have to dance!!!

Even Shuo Lao and Xuan Hanyu are all in a state of mind, unable to speak, but even if they don't speak, ye Chen can clearly feel their meaning!

Even seen before the two extreme blood of the beast's eggs are a pair of calm color of Ye Chen, why, at this time will be so disrespectful?

The reason is simple!

This dark animal egg has a similar breath with the black sun in Ye Chen's burning sky!!!

At the beginning of the world, what is the similar concept of chaos?

According to the legend, before the birth of all things, some creatures were bred in the chaos. Each of these creatures is extremely powerful and mysterious. No one knows them, but they all have one common characteristic

That is, they all have the breath of primitive chaos!

Naturally, this egg could not have existed at the beginning of heaven and earth. However, since it was contaminated with the smell of chaos, it was enough to prove that the egg was extraordinary!

Ye Chen almost did not have any hesitation, so he directly reached out and picked up the animal egg. At the same time, he couldn't wait to bite his fingertip and wrote a mysterious Rune on the animal egg! At the next moment, ye Chen's body trembled, and vaguely, he had a trace of contact with the creatures that had not yet been fully conceived in the animal eggs!

At this time, a very terrible breath suddenly fell on the tomb of the beast!

As soon as ye Chen's face changed, he immediately put the animal egg away and looked into the sky. He saw a figure almost transparent, which appeared in the sky. Behind it, there was also a strong spatial fluctuation, as well as a kind of energy collision that was excluded by the heaven and earth!

Ye Chen looks at that figure, eyes crazy trembling!

He can't see through the figure!

Really can't see through!

What's more, it's not an entity, it's just a mental separation

But, even so, ye Chen is very clear, if the other side wants to kill himself, he has no ability to resist at all!

A spirit of separation has such a terrible power!?

How the master of this figure exists!

The great powers beyond the samsara cemetery?

Beyond the existence of Xuanhan jade?

Even more than Ren Feifan?

Ye Chen is not sure.

For a while, he was sweating all over. Originally, after taking the eggs, he should be transported directly away from the animal God's tomb

However, the whole cemetery seems to be completely fixed by that figure!

Ye Chen is biting his teeth, destroying Dao Yun and reincarnation in his body. He seems to want to try to tear up the space and leave!

However, at this time, xuanhanyu said in a deep voice: "boy, don't act rashly. This is the super strong, you can't escape! Don't worry, even if the super strong want to fight you here, they have to pay a lot of price. First of all, see what he wants to do! "

If the strength of the people in the world exceeds a certain level, they will be strongly countered by the way of heaven!

At this time, ye Chen also slightly calmed down, staring at the figure, without saying a word
Chapter 4633

The figure, looking at Ye Chen, finally said, "you are not an orc?"

Ye Chen's eyes flashed: "yes, who is the elder?"

That figure hears speech, lightly sighed a way: "I am the animal God."

Ye Chen hears the speech a startle, the beast God unexpectedly did not die?

It seems that the graveyard of the beast God is not the graveyard of the beast God himself!

Ye Chen is to ask again: "elder generation comes suddenly, what matter?"

"I came here for the egg. I wanted to give some advice to the people who got the egg. After all, the egg is actually the most important treasure of our Orc family!

Those who get this beast's eggs will never be under me in the future!

Unfortunately... "

He shook his head and said, "it seems that our orcs still have nothing to do with this beast's egg At the end of the day, it's the foreigners who get the eggs. "

Ye Chen heard the speech and was shocked in his heart. However, he quickly frowned and said, "since the beast's egg is so rebellious that the elder is not dead, why not take it away?"

The beast God sighed: "boy, do you think anyone can make a contract with this animal egg? In fact, in the history of the orcs, there are a total of 13 people who have come to the seven storey cemetery. Seven of them have chosen the animal egg in your hand for contract, but

Without exception, all of them failed. You are the only one who succeeded

Ye Chen opens his eyes slightly, which is unbelievable

Generally speaking, the unborn creature has no ability to resist the contract, which is why it is necessary to subdue the monster while the opponent is still in the egg.

But the dark animal egg in his hand is still in the egg, and can resist the contract of others?

What's more, what he resists is the strong among the strong!

The orc who can defeat the statue is absolutely amazing!

Even so, it failed?

This beast's egg is too bad!

At this time, the beast God said: "boy, I asked you to hand over the animal egg. I guess you won't agree with me, will you? In that case, I want you to promise me a condition

Ye Chen smell speech, slightly frown.

The beast God snorted coldly: "you don't think that you can pat your buttocks and walk away after getting such great benefits from my beast God clan?"

Ye Chen's eyes flickered slightly. After a moment, he still nodded his head and said, "master, please speak."

To tell you the truth, because of his character, he was unwilling to accept any conditions. He did not play any tricks when he entered the beast God tomb. Why should he accept the conditions?

However, the beast God specially broke the boundary, and I'm afraid he won't let him leave. Therefore, ye Chen decides to listen to the beast God first.

The beast God said: "now you've got the best treasure of our orcs. In the future, if the orcs encounter the extermination disaster, would you like to fight for the orcs once?"

Ye Chen smell speech, the vision twinkles a way: "good, however, can only be allowed in my strength under the circumstances."

This condition is acceptable to him.

The beast God did not embarrass Ye Chen, and nodded his head and said, "OK, boy, leave."

But at this time, ye Chen did not leave immediately!

The beast God's expression is also strange. His strength, even his mind, should be able to completely control the world.

One second.

Two seconds.

When the third second, a huge egg suddenly burst out of the samsara cemetery, suspended in the air.

"Xiao Huang!"

Chen, why doesn't he get the pupil dilated!

Is Xiaohuang going to hatch?

But when ye Chen sees the state of Xiaohuang, he shakes his head, it seems not so fast.

What is Xiaohuang going to do?

The giant egg stares at the beast God one eye, the next second, unexpectedly rushed down, directly devoured the remaining two giant eggs!

It's swallowing!

"Lying trough!"

Ye Chen is a little confused!

The level of the remaining two eggs is not low! Because of the rules here, it's impossible to be taken away! Not to mention swallowing!

And in front of the beast God!

Xiaohuang, this is too crazy!

Sure enough, the beast God's eyes were angry: "evil animal, you dare!"

The next second, the violent destructive power towards Xiao Huang!

The power of the beast God, everything will disappear!

Ye Chen's heart mentioned to the throat!

It's not easy for Xiao Huang to gather together three drops of blood to recover her former glory! But unexpectedly because of a stupid thing, facing destruction!!!

Ye Chen wants to stop him, but he can't do it at all!

See that the extremely violent destructive power to destroy Xiao Huang, suddenly, suddenly, suddenly, suddenly, suddenly, suddenly, suddenly!

The Ancient Runes outside Xiaohuang's giant egg shine brilliantly!

The rune is circulating!then! The power of destruction is gone!

The animal God was also stunned. He looked at his hands in surprise and said, "how could this be..."

The beast God's eyes suddenly and tightly stare at the rune on the huge egg, as if to find something! Extremely strange expression change!

"That clan was not destroyed..."

"I'm afraid the rules of the world will change."

The beast God's eyes fall on Ye Chen.

That look is very complicated!!

Ten seconds later, he continued to say, "do you know the origin of the huge egg?"

Ye Chen did not dare to lie and said directly: "before, his name was Shuangtong mengyan."

"Double pupil nightmare?" The beast God repeated and said to himself, "it's estimated that someone in later generations named him after his double pupil. The word" nightmare "is also true."

"But Boy, this guy has a different name

"I can't name it, but you'll understand it in the future."

"This guy suddenly came out to devour the two eggs. He was afraid that the one you chose would take his place."

"It seems that he cares about you."

"However, the so-called double pupil nightmare can't be used to refine my life, or it will be a tyranny."

"If you want to practice that skill, you'd better choose the dark egg."

"Well, it's time to leave."

With that, the beast God looked at Xiao Huang with some complexity, and Xiao Huang also returned to the reincarnation cemetery.

As soon as the sound of animal mythology falls, it disappears out of thin air. With the disappearance of the beast God, the whole graveyard vibrates!

The next moment, a flash of light, ye Chen disappeared, again appeared outside the cemetery!

It came from eight families. Except for the horned bear family, the others all looked at Ye Chen in shock

They didn't expect that the boy actually passed the test!

Ye Chen looks at Xiong Li, and a smile appears on his face. This time, he can get this mysterious animal egg. Thanks to Xiong Li, he is still quite fond of Xiong Li, but soon, he just looks and notices Xiong Qi's eyes.

Although Xiong Qi didn't speak, his eyes seemed to remind him to be careful!

At this time, wolf Yin and others exchanged a look, vaguely surrounded Ye Chen in the middle!

Chapter 4634

And Xiong Li is the same with a smile at Ye Chen, as if to wolf Yin and other people's behavior blind!

Ye Chen's eyes sank and asked Xiong Li, "what do you mean, Mr. bear?"

In Xiong Li's eyes, there was a look of sarcasm: "what do you mean? Ye Chen, you don't really think that I will let you, a foreigner, get the killing eggs in the animal God cemetery? Now, hand in the eggs, and I can let you go, otherwise... "

His voice fell, wolf Yin and other five people have a body breath burst, face ferocious staring at Ye Chen!

Ye Chen looked at Xiong Li faintly and said, "Oh? Are you really going to let me go? Did you not forget that I killed one of your men? "

Xiong Li said with a cold smile: "do you already know? Hehe, ye Chen, if you want to blame, you should be meddling. Do it! "

At the next moment, wolf Yin, tiger letter, Eagle sky, lion flying, ape Xing and several other people, all of them work to the extreme. All of them are the strong men in the second and third layers of the real

world. With a move, it can be said that the world is moving, the law is sad, the space is broken, and the momentum is extremely frightening!

Wolf shadow, tiger shape and so on, emerged one after another, carrying the energy against the sky, roaring toward Ye Chen one after another!

For a moment, it seems that there are five planets to explode around Ye Chen, and blow them to pieces!

They all know very well that the lion fights the rabbit with all one's strength!

Even if the boy can't reach the heaven and earth realm, but his passing the test of animal God is enough to show his strangeness!

Therefore, the five did not keep their hands!

Xiong Qi was completely despaired when he saw this scene

These five people, can be said to be the strongest among the orcs today. At the same time, they attack Ye Chen, and the consequences can be imagined!

Even ye Chen himself is extremely dignified!

The attack of these five people is really fierce. What's more, he is not in full swing now!

The statue of the beast God blew itself up. It was so strong that even he was injured. Now he has not recovered completely!

The strength is only about 80%!

The next moment, there was a big bang, and the whole mountain seemed to collapse!

In the earthquake, Xiong Qi's face changed wildly, his mouth vomited blood, and he fell to the ground. Even though he had stood far away, and the attack of wolf Yin and others was also very restrained, but a wisp of residual power sent out directly injured him!

Xiong Li is staring at the center of the dust, intuition tells him, ye Chen is not so easy to die!

Just then, a dragon roar burst out!

Just after a full blow, some of the eagle's pupils suddenly shrank, and a figure like a man like a dragon was flying towards him!

The master of this figure is Ye Chen!

At the moment, he is full of dragon power, just like the reincarnation of heaven dragon. When facing the five people joint attack, ye Chen does not hesitate to use Shuo Lao's power!

However, even with Shuo Lao's blessing, ye Chen's body is still covered with blood, covered with ferocious wounds of large and small sizes. It can be seen that the power of that blow just now is so terrible!

"Damn it! Kill the boy Hawk day big drink, behind the wings spread, toward the rear, swept away, at the moment Ye Chen actually gave him a very dangerous feeling!

He can't imagine that a celebrity boy actually survived the joint attack of five of them!

Is this still human?

Is it more appropriate to describe it as a monster?

These five people join hands, even if the strong in the early stage of the real world can only fall?

Even stronger existence, a careless, there is a risk of injury!

But what about ye Chen?

How can we fight against it?

And it's coming!

Hawk day's attack power is among the three orcs who really exist. However, one weakness is that after taking a shot, there will be a short-term loss of power!

Under normal circumstances, he would not try his best, but he never dreamed that ye Chen could survive and fight back!

The other four people saw the situation, all look a Lin, ye Chen's strong, let them feel the pressure!

Now that they have already made a move, they will never die. Once again, they will start again!

Axe shadow, sword Qi and so on, cross each other, toward Ye Chen's unprepared back, roaring!

Yingtian, who is retreating quickly, looks loose. His strength in his body has gradually begun to recover. However, in the face of the joint attack of the four people, ye Chen will defend first, dodge and give up the attack on himself, right?

That is to say, he is safe for the time being. After five people join hands, they will not give ye Chen any breakthrough and suppress him until he is completely killed!

Several others thought the same thing.

Wolf Yin, tiger letter and others, at the same time raised a cruel smile, ha ha, even if ye Chen stopped to defend, is also dead!

Can, the next moment, all people's blood is slightly solidified! They all underestimated Ye Chen's madness!

Ye Chen has a bloody smile on his mouth. His eyes are full of viscous killing intention. On top of the Sha sword in his hand, the stars flash, and there is a shadow of black sun and golden sky around the Sha Jian. Then, he ignores the attack behind him and cuts down the eagle in front of him!

In the face of group warfare, ye Chen has a principle of holding on to one person and fighting to the death! No matter how others attack, he identified this person. After killing, he chased the next one until all of them were killed and crushed to death!!!

Like group attack?

Ha ha, good, very good, even if dead, also want to pull you to bury with you!

This kind of fierce, chilling!

Especially the one that ye Chen stares at!

Yingtian, the owner of the white eagle's family, is going to stand up with all his feathers!

In front of me, it's clearly killing demons!

Hawk sky mouth issued a long cry, is also used the means of fighting, he knows, life and death in this moment!

In a flash, his whole body feathers, cold light flashing, as if turned into a sword, a short sharp sound sounded, tens of thousands of plumes, burst out in an instant, like a rainstorm pear needle covered Ye Chen!

The tens of thousands of feathers are the flying feathers of his own life, which has been refined for tens of thousands of years by Yingtian with blood essence. Its power is amazing. However, this blow cost tens of thousands of years of hard work!

And ye Chen, even in the face of this dense plume, does not have the slightest pause and hesitation, the cold starlight burst out in an instant, and slashed down toward the eagle sky!

Eagle sky eye is also emerging in the color of fierce Jue, hissing: "boy, die

Before there are flying feathers, after the four strong bombardment, ye Chen's situation can be called despair!

The next moment, it is a earth shaking bang, burst out!

Two times in a row, wolf Yin and others are breathing a little bit fast, and everyone's eyes are staring at the center of the attack light!

Chapter 4635

At this time, there was a light click, which spread into the people's ears, as if something was falling to the ground.

People's attention, attracted by the light noise, can't help but look at the position where the light noise comes from

All people's eyes are trembling

What appeared in front of them was a corpse

One, the corpse!

No skull remains!

The body is quite bald, and it looks like a pair of bare wings!

It's the chief of the White Eagle clan, Yingtian!

And its head has been completely smashed by Ye Chen's sword!

Everyone's breath is a little bit short

No one can believe it, do you?

In the twinkling of an eye, five strong men in the early stage of Huanzhen state joined hands and were killed by one who had not yet completely entered the realm of heaven and earth?

Even these big men who destroy the animal kingdom can't help but feel cold at the bottom of their hearts!

Ye Chen is too cruel, too extreme, too spicy!

With this kind of person life and death, pressure, incomparable!

At the same time, a blood shadow suddenly appeared in front of the lion flying!

The blood shadow was directly blasted from the back, and the bones and internal organs were all broken, and there were thousands of blood holes all over the body. It seemed that it was extremely frightening and could not understand at all. Why can a guy who seems to be able to kill and injure thousands of times still be able to move his hand?

Ye Chen has been attacked by five people twice in a row and is still alive!

Lion flying's brain is also a mess, but, before he had time to think, he roared, and his axe was horizontal. Behind him, a shadow of a golden lion appeared. In his eyes, there was a red light emitting a violent breath. The strength in his body rose again!

This is the talent of the mad lion clan, crazy!

For a moment, what fear, what shock, all disappeared from the brain of lion flying, he gazed at Ye Chen with only one idea, that is to kill!!!

This lion flies to pour is also a cruel person, should fight for life without hesitation, facing Ye Chen is an axe, cut down crazily!

The power of this axe makes the rules of heaven and earth tremble!

Can, in the face of the lion fly this crazy tyrant incomparable axe, ye Chen mouth corner actually raised a smile of a strange! At the same time, a strange wave surges around Ye Chen!

If Shifei is in a normal state of mind, he will find something and be on guard. However, Shifei has lost his mind now!

Wolf Yin's face changed slightly: "lion fly, stop it! Something's wrong

But where can the lion fly hear it now?

He had no choice but to kill!

Just before this axe is about to hit Ye Chen, ye Chen murmured: "soul swallowing to the sky!"

In an instant, the soul force is like the sea, surging out!

Directly submerge the lion!

A giant shadow behind the flying stone, a flash and appear, the sword in the hands of the lion flying into the sea of knowledge!

The lion's action solidified, and the infinite power on the axe dissipated. Then, it uttered a scream. In the seven orifices, blood gushed wildly and fell directly to the ground!

Shifei is still a real state. Originally, even if you don't pay attention to it, you won't be hurt by Ye Chen's soul skill!

However, he used crazy!

After madness, the strength will be improved, but the defense of the spirit will also be weakened because of the loss of reason!

This is not a lion flying stupid, but people really did not think that ye Chen was still a very rare soul cultivation under the extremely adverse vitality and terrifying martial arts!

Or that kind of powerful soul cultivation!

This strike makes the lion fly to the brink of death. The cold light in Ye Chen's eyes flickers without any intention of keeping his hand. Then he cuts out with a sword, which will completely lose his fighting power and can't even defend him. He will directly kill him!

Originally, wolf Yin and others who were preparing to make a move were all stiff

What's the situation with this kid?

In this short period of time, they killed two people who were really strong!?

Moreover, they are very clear that this is still the case when ye Chen is injured

The wolf couldn't help it. He yelled at the bear who was standing on the side watching the battle: "what the hell are you waiting for? Let's go!"

Xiong Li was calm and said: "in the contract, I didn't ask me to join the war. Of course, you can choose to stop now. However, first of all, it will be backfired by the contract. Well, the beast God contract is not good. Second, who do you think will be the first one to look for when ye Chen recovers his strength after he has left? "

Wolf Yin and others, face color is completely changed!

Now they understand that they and others are being calculated by this damned bear!!!

This guy is not only to let them help him deal with Ye Chen, but also to use Ye Chen. This guy just wants to let people curse the ultimate monster of heaven to deal with them! If a few of them die, five of the eight families will decline at once, and the horned bear family will get new exterminator eggs and really rise?

At the same time, when they die, the promised resources don't have to pay!

They thought they had made a lot of money, but actually they fell into Xiong Li's trap!

The real beneficiary is Xiong Li!!!

This bear Li's mind is too terrible!

Can, at the moment, the wolf hidden several people also already in a dilemma, can only fight!

Wolf Yin and others again, toward Ye Chen attack, only one person, back, that is ape Xing!

He had a chance to fight, his wrist turned over, and a huge stone fell into his hand. This is not an ordinary stone, but a magic weapon, similar to the giant stone Ye Chen once got, but it is much higher!

The more power the user injects into it, not only the weight, but also the impact force, etc., will increase exponentially!

And, after you get rid of it, it still works!

And ape Xing, the best is strength! To be exact, the power of the flesh!

The shadow of a black haired giant ape flashed away behind it and integrated into his body. The muscles of his whole body swelled in an instant. His originally tall body was enlarged by two or three circles!

That muscle is like a giant dragon around the bone. Just looking at it, you can feel the endless physical force contained in it!

Ape Xing grinned grimly on his face. Although he had developed limbs, he was not stupid. Ye Chen had two real warriors. At the next moment, he must be aiming at himself. Therefore, he did not approach Ye Chen, but chose to attack in a long distance. He used the huge stone magic weapon. He had many boulders in his hand, which was enough to grind Ye Chen to death with wolf Yin and tiger letter!

With a wolf and a tiger, two swords, ape Xing, is also the hands of the boulder, toward Ye Chen!

These three attacks almost blocked all the hiding places of Ye Chen!

All eyes are flashing, ye Chen, this time planted it?

As long as ye Chen has nothing to do and is controlled and a few people dominate the battle situation, even if ye Chen goes against the weather, he can only be defeated!

Moreover, they can see that ye Chen is not easy!

He has suffered several people's all-out blows in succession, and is in a wounded state. If not relying on Shuo Lao's strength, ye Chen would have been seriously injured and collapsed at this time

Chapter 4636

Even if the power of Shuo Lao has not dissipated, ye Chen's vitality has obviously declined.

If you consume it like this, it is possible that ye Chen will be defeated without waiting for Shuo Lao's strength to retreat!

However, ye Chen's eyes did not waver in the slightest. This time, although he tried to protect his body with the help of huaxue shensha, Lingyue Baoshang and liumie Zhenjue, he didn't try to counteract the sword Qi cut by Tiger letter and wolf Yin with attack, but locked his eyes on the flying boulder!

Looking at Ye Chen a pair of want to take the shape of that boulder, ape Xing surface showed the color of ecstasy!

Stonehenge is not his strongest long-range attack, but why does he use it?

Because, he can see, ye Chen's martial arts, soul skills, are the top of the existence, so, the effect of his martial arts on Ye Chen is not very good!

However, the boulder is not an ordinary Boulder, it has its own uniqueness!

That is, if you want to dissolve the power in the boulder, you can only use the physical force to resist it!

Otherwise, you have to dodge!

Ye Chen now has no way back, how to resolve the bombardment of this boulder?

Ha ha, you can use martial arts, but you have to use at least one hundred times the destructive power of the physical body contained in this huge stone, in order to barely block the stone!

Ye Chen's star soul chop is very strong, but it can't be done yet!

Therefore, ye Chen's best choice is to attack tiger letter and wolf Yin's sword Qi with star soul chop, and then, resist his own boulder!

In this way, although it is impossible to break the game, the least damage will be suffered!

But now, ye Chen's wrong judgment is over!

He has to take the full attack of three again!

Tiger letter and wolf Yin also know this, three people are laughing!

They are the ones who win this battle!

Ape Xing is a happy face, ha ha, think my attack is the weakest, want to resolve?

Die in your own stupidity!

As for ye Chen's power?

They didn't think about it. Why?

Because, a person's talent can not be unlimited, ye Chen in martial arts, spirit, vitality, has been unique, physical strength is also incomparably strong?

Hehe, do you really think it's God coming?

Even the ancestors of the orcs, who were known as the beast gods in those days, did not have such a rebellious talent!

Therefore, it seems to them that ye Chen is dead.

However, he was not careless, and immediately took out another Boulder, and tiger letter and wolf Yin are also the spiritual power in the brewing body, ready to hand again!

At this time, ye Chen suddenly put away the long sword, and then, regardless of the two swords, his hands toward the boulder which came as fast as a shell, and pushed away!

A few people are pupil a shrink, accident.

They thought that ye Chen was wrong in judgment and would attack the boulder with his martial arts skills, trying to resolve it. However, they were wrong

Ye Chen seems to understand that the stone can only be countered with the strength of the body!

For a time, several people's hearts are filled with a bad premonition!

But reason tells them it's impossible!

In Ye Chen's eyes, the divine awn, the body of the heavenly demon, the formula of burning blood, the body of hundred evils, the formula of reincarnation of gods and demons, the xuanbei of reincarnation, the source rune, the power of the dragon, etc., were all used. Finally, he murmured: "transformation of soul and body!"

The power of the rolling spirit, in an instant, into the body into the incomparable surging force of the body!

All the people present were buzzing in their brains!

At the moment, ye Chen seems to be no different, but somehow there is a kind of Tao rhythm that belongs to the body and strength around him!

Everyone's eyes are big, big and big again!

For a long time, many people have heard of the sanctification of the flesh, but it is just a concept. Now they suddenly understand what it is called sanctification of the flesh!

The next moment, ye Chen's two palms touched the oncoming Boulder, which belongs to the power of ape Xing, instantly melts!

Then, the boulder with an incredible speed, like a meteor general fly out!

Through the place, the space is constantly fragmented, which contains what a huge force can be imagined!!!

Ape Xing pupil crazy contraction, he can not think, also has no time to think, at present, he can do is throw the boulder in his hand!

On his arm, the muscle moved, and the boulder in his hand hit the falling boulder. Ape Xing prayed that the strength of the two boulders could offset each other! At least offset part of the power!

However, it was almost the moment when the giant stone thrown by ape came into contact with the boulder flying upside down

He threw the stone at himself faster!

Don't say it is offset, the power of the two is very different, just a touch, the power of ape Xing into the boulder, it was melted again!!!

Ape Xing's eyes appear extremely frightened look, he opened his mouth, seems to want to shout, but this cry has not been issued is a roar! Ape Xing was directly smashed into a burst of blood mist!

At the same time, a spirit waves up, swallowing the black ape soul fleeing in the blood fog!

At the same time, the attacks of Huxin and Langyin have also hit Ye Chen. These two attacks directly penetrate Ye Chen's body and open two blood holes in his chest. Is it so easy to resist the attack of Huanzhen?

Besides, Ye Chen's body has already been injured.

Rolling blood gushes out like a fountain, but Ye Chen is smiling, that smile makes blood freeze!

Huxin and the wolf became pale, and another one died

Ape Xing died is not what, the most important thing is, Ye Chen is even the physical strength is incomparable terror?

The pores of both of them stood up. What kind of monsters did they meet!

Now, they even have the heart to bite Xiong Li!

However, the two men were cruel enough. Wolf Yin roared: "brother tiger, fight with this boy. He is in poor condition now. If you want to kill him, this is the only chance."

If let Ye Chen run away, the consequence is unimaginable!

How terrifying Ye Chen is in full bloom, they dare not think

A howl of wolf and roar of tiger were heard at the same time. These two Orc strongmen instantly used some means of fighting. The speed of wolf Yin was greatly improved, almost like a ghost without a trace, flashing around Ye Chen!

On the surface of Huxin's body, there is a great deal of green light. In the blue light, there is a very strong vitality. With his body moving, he also comes to Ye Chen and wants to fight against Ye Chen with his surging vitality!

Ye Chen's eyes are deep. He knows that wolf Yin and tiger letter are the real threats. It's hard to defeat them!

This is not an opponent who can kill in seconds. What he can do is to fight hard!

The next moment, bursts of destruction of Daoyun, surging out, the three fight in one place!

Blood splashing, body broken flying!

Tiger letter, pure to injury for injury, resisted Ye Chen's attack, while wolf Yin, relying on superb speed, stealthily attacked on the side. This combination is very simple, but also very effective!

Less than a incense time, ye Chen did not know how much blood shed!

Chapter 4637

What's worse, Shuo Lao's strength is showing signs of decline, leaving him little time!

However, tiger letter and wolf hidden is not easy!

Huxin is panting at the moment. His hands have been cut off by Ye Chen. Although, in the surging of green light, those hands are gradually regenerating, but the blue light of Huxin is becoming more and more dim

But langyin is also gloomy. His chest is sunken and seems to have broken a lot of ribs. Although it is much better than Huxin, he does not have the strong vitality of Huxin!

It's hard for him to recover his life just by invading his body!

Ye Chen coldly swept the tiger letter and the wolf hidden one eye, suddenly in the heart mouth way: "Xuan fairy, hand!"

Ye Chen has not used the power of Xuanhan jade until now!

Because the duration of xuanhanyu's power is shorter than that of Shuo Lao, ye Chen is ready to use xuanhanyu's power to kill Huxin and langyin. These two stronger realms exist!

Now, tiger letter and wolf Yin have been hurt, it is the best time!

At the beginning, the two orcs who are preparing to rebuild their situation and attack again are both pupils shaking and looking at the evil sword in Ye Chen's hand!

I saw that a sharp sword spirit which was several times stronger than before was blooming on the evil sword!

This time, the two eyes are completely changed!

What's going on?

Does Ye Chen have a second hand!?

It's incredible!

From the power of the real dragon to the vitality against the sky, to the shocking martial arts, to the frightening soul skill, and then to the terror force, ye Chen's bottom cards are so many as to make people's nerves burst!

Originally, both of them thought Ye Chen's cards were exhausted

Can, in this critical moment, ye Chen took out a new card ah!!!

Before ye Chen did not take out the card, the two of them fought Ye Chen together, and they were not sure that they could defeat each other. Now, ye Chen's strength increases again, and the situation is reversed in an instant!

Danger is tiger letter and wolf hidden!

Ye Chen has no nonsense, his eyes instantly lock tiger letter, he knows that the green light is about to run out, the tiger letter is at the end of its tether!

In a flash, a sword came out, the bright stars turned into pure black color, and with the rolling destructive force, they chopped towards the tiger letter!

This sword has the power of Xuanhan jade. Its light is sharp and its power has been increased several times!

The tiger believes that the tiger's body trembles wildly. With the green light in his body, he can't resist Ye Chen's sword at all!

He roared and danced wildly with his sword, trying to struggle, but

Everything is in vain. Huxin's body is submerged by the cold sword light and turns into nothingness

Finally, the strong man in the real situation died under the sword of Ye Chen!

Ye Chen's eyes flicker. The reason why he has endured so long is that he is constantly weakening Huxin and waiting for the opportunity to kill!

Then the wolf is hidden!

As soon as he turned his head, he was flying towards the distance. The speed was so fast that he could see the figure!

In Ye Chen to tiger letter out of the sword moment, wolf Yin began to escape!

He completely lost the courage to face Ye Chen. Even if he ran away, he would suffer the reverse of the beast God contract and Bear ye Chen's revenge. He didn't care. Now, it is the most important to survive!

Can, ye Chen also can let him leave?

Wolf Yin's speed is really fast, even if ye Chen takes the Feilei Jiao, I'm afraid he can't catch up with him. But, what?

Ye Chen raised a cold smile at the corner of his mouth, and said faintly: "the sky demon God rope."

In a flash, a red chain shot out at a fantastic speed, and instantly fell on the wolf's invisibility. The wolf, who was running wildly, suddenly solidified and could not take another step!

He took a look at the red chain around his waist, and ye Chen even had the magic power to trap the enemy!?

At this time, a sword light also swept towards the wolf hidden!

This sword can't even resist tiger letter, let alone wolf hidden!

After ye Chen's TIANYAO blood has been improved, TIANYAO Shensuo can not only trap the enemy, but also reduce some movement speed!

Today's wolf hidden has no way to avoid!

In his eyes, a look of despair emerged. In vain, he raised his sword in his hand, and with one sword he struck

If he was in his prime, he might have the strength to fight against him. At least he would not be killed. Unfortunately, he is seriously injured and his strength has been reduced by a few points

It's a little hurt. It's fatal!

In the blink of an eye, the wolf also disappears under Ye Chen's sword!

At the moment of the wolf's invisible death, ye Chen is also in a flash, half kneeling on the ground, Shuo Lao's strength subsides, making him feel a burst of weakness, the originally suppressed injury is also beginning to break out!

At this time, a burst of applause. Ye Chen looked in the direction of applause, his eyes were cold, and the one who clapped was Xiong Li!

Ye Chen killed five strong families, Xiong Li not only did not have the slightest panic, fear, but a face of satisfaction!

This is the result he wants to see most!

From today on, the koala family is bound to rise!

He said with a smile: "brother Ye's strength is really admirable. It's a pity that such a demon will fall here."

Ye Chenqiang stood up and said coldly, "Xiong Li, do you think you have won? Even in my present state, it's easy to kill you! "

As soon as the voice falls, ye Chen is about to make a move!

But at this time, Xiong Li took out a token which depicts the design of a giant beast with two horns on its head!

The white beast of the fox's body is like a white beast! Did you take this treasure out of the family? "

Holy beast order, as the name implies, is the token to control the holy beast. The most important thing is spirituality!

The level of spirituality determines the extent to which the holy beast can be controlled!

After all, the sacred beast was left by the ancestors of the eight families. Therefore, it is conditional for future generations to manipulate the holy beast to fight.

1、 With the same blood as the owner of the holy beast, the second is to rely on the order of the holy beast to assist!

2、 In order to keep the spirit of the token, the eight families put the holy beast order in the family, special spiritual spring or spiritual land for maintenance!

It will not be taken out until the last resort, especially outside the family!

Every time you take the beast order out of the family, it means a lot of spiritual loss!

Xiong Li looked at Ye Chen with sarcasm on his face and said: "Ye Chen, with my strength, you may not be killed. However, today, you will still die!"

His whole body spirit power instantly poured into the holy beast order in his hand, and cried out: "the holy beast comes!"

There is another use of the order of holy beasts, which is to summon holy beasts!

Suddenly, a purple light fell from the sky and fell in front of Xiong Li's body in an instant!

Chapter 4638

A very fierce breath, full of heaven and earth in the purple light sounded a shocking animal roar!

The next moment, a giant white haired bear with a single horn and a huge body, surrounded by the smell of destruction, appeared in front of everyone. It was the sacred beast of the horned bear family, the horned bear!

Orcs are the races that inherit part of the monster blood. When selecting the animal eggs in the cemetery, basically all orcs will choose the animal eggs closest to their own blood!

Because, this is not only convenient to cultivate, but also can play a more powerful force in combat!

Therefore, the ancestors of the horned bear clan chose this horned bear!

Ye Chen's look completely gloomy down, the strength of this horn bear can crush himself now!

It's not unreasonable to be a holy beast!

There was a touch of excitement on Xiong Li's face. Through the order of the holy beast, he and the horned bear had a feeling of mind and spirit connected!

Feeling the surging power of the horned bear, he has an illusion that he can smash the sky at will!

However, Xiong Li didn't immerse himself in this kind of powerful, but grinned grimly and cried: "please kill this damned alien boy by the holy beast!"

When the horn bear heard the speech, he glanced at Ye Chen, and a look of fear appeared in the depth of his pupil. However, he still roared at Ye Chen without hesitation. A bear claw full of great power, with a strong and almost real destruction Dao Yun, pressed down on Ye Chen's head!

A shadow instantly shrouded in Ye Chen's head, as if, the sky fell down in general!

Ye Chen is biting his teeth. This palm gives him a feeling of danger!

He gave a violent drink, forced his body, and flew back to the rear. Ye Chen's body method was very fast, but still a little slower

The huge nails of the horned bear, like a giant sword, have passed through Ye Chen's body, which can't help but cut open Ye Chen's chest, and beat his body out of the sky!

With a loud bang, ye Chen smashed a hill into pieces just like a human shell.

This time, ye Chen finally fell to the ground, his chest was completely torn, it seems that the whole body is almost torn in two!

Infinite blood, dyed red earth, in Ye Chen body as if formed a Wang blood pool!

Xiong Li saw this and burst out laughing. His eyes were full of ecstasy and joy!

This bad boy is going to die at last!

To tell you the truth, he hates people who are better than themselves!

Only by this, he must kill Ye Chen!

Ye Chen's eyes gradually darkened down, but at this time, his chest and the two marks of the Dantian, at the same time, a burst of distortion, as if alive in general!

It's the mark of the heaven demon and the Xuan demon!

Two surging vitality gushed from the imprint. The power of the two ancestors of the demon clan has thoroughly activated the potential of the blood vessels of the heavenly demons and the mysterious demons in Ye Chen's body!

At the next moment, ye Chen's eyes are full of magic, and the wound on his chest heals in an instant. He stands up slowly, and his face is awe inspiring!

All people are some can't believe their eyes, the first second, as if dying people, the next second, directly stand up?

Is this an illusion?

Xiong Li was also shocked, but soon, he said with a ferocious smile: "stand up? So what? Ye Chen, the moment I call the holy beast, your death is doomed! "

The order of the holy beast in his hand flashed with gold, and he whispered, "holy beast, kill me!"

The horned bear looks up to the sky and roars. On its single horn, the destructive power condenses. A dark lightning appears out of thin air and is about to shoot out towards Ye Chen!

Lightning, contains a palpable energy, this blow, obviously more terrible than that bear's paw!

This time, can ye Chen survive?

In fact, it is a miracle among the miracles that ye Chen can live up to now

But miracles are not infinite.

Even under this blow, ye Chen survived, but what about the next one?

What about the next shot?

Ye Chen stares at that horn bear, slowly raises the Sha sword in the hand, the body spirit power, starts to run!

At the moment, ye Chen and the horned bear are like two duels. They want to decide the outcome with one move and divide the life and death!

Ye Chen takes a deep breath. The star light on the Sha sword is getting brighter and brighter. Your hand is coming soon!

However, the black lightning on the horn of the horned bear is condensed in advance, and it will bombard Ye Chen!

Xiong Li had already laughed wildly and said, "poor fellow, luck is not on your side any more. If you don't have a chance to fight, you will die!"

The two orcs shook their heads as if they had seen the end.

The elders of the horned bear family also sneered.

Only Xiong Qi, the child, was staring at Ye Chen intently. There was light in his eyes. He was full of expectation for ye Chen!

At this time, the black lightning will not hair, sudden changes! A very frightening evil spirit, instantly from Ye Chen body, burst out, swept the whole world!

Ye Chen has been hiding before, suppress his evil spirit, but now, it is without reservation to break out!

And those orcs who have the blood of demon beasts, no matter how they look at Ye Chen, are filled with a feeling that they want to submit to Ye Chen!

Bear Li eyebrows a wrinkle, how strong the evil spirit! It's the only thing he's ever seen!

Living in the field of exterminating beasts, he has seen many high-level monsters. However, he has never seen such a pure existence of demons!

However, Xiong Li some unknown, so, why do ye Chen break out at this moment?

All of a sudden, Xiong Li's face changed, as if he thought of something. He looked at the holy beast horn bear. Sure enough, at the moment, the horned bear was completely awed by Ye Chen's evil spirit!

It's eyes emerged with a thick color of horror, that is from the instinctive fear!

Even the orcs who have part of the blood of demons are still in awe, let alone pure monsters?

Even if this horn bear, blood is not vulgar, but in front of the spirit of the ancestors of the demon family, such as the sky demon Xuan demon, still can only submit!

For a time, the horn bear was frozen in place, unable to move to Ye Chen!

However, after a brief shock, Xiong Li was sarcastic and sneered: "Ye Chen, why struggle with death? Even if rely on the evil spirit to frighten the holy beast for a while, what? This kind of awe will always fail, and you are just delaying your own death. It's meaningless, isn't it? "

In his opinion, ye Chen has no chance to turn the plate!

But, at the moment, ye Chen did not pay attention to Xiong Li. His eyes locked the horn bear, and then the sword in his hand moved!

Bear Li pupil shrinks, ye Chen unexpectedly still has fighting ability?

The next moment, he murmured, "do it!"

This time, not only is the holy beast order, but also the elder of the horned bear family!

In a flash, three middle-aged men who have cultivated in the true state appear beside Ye Chen at the same time!

Chapter 4639

In the face of these people's attacks, ye Chen does not care, a bright star river shines on the blade of Sha sword.

At the same time, the evil spirit was awed, and it seemed to have reached the limit. The horned bear finally recovered. With a roar, the black light reappeared on one horn, and it was about to bombard Ye Chen!

Bear Li on the corner of his mouth, raised a sneer, originally some nervous mood, again relaxed.

Just now, ye Chen's attack has been suppressed by the horn bear's electric light. Although he doesn't know how ye Chen recovers from the injury caused by that blow, it still can't change the fact that ye Chen's sword light is not equal to the horn bear's electric light!

That is to say, this time, the injured is still Ye Chen, and he can not recover endlessly?

To win, it's still him!

At this time, a bright star river, instantly emerged, everyone's pupil is a burst of pain!

I don't know why, this time, the star light that ye Chen cut out is extremely dazzling, which is several times brighter than before!

Almost at the same time, black lightning, the same outbreak, the two attacks, suddenly collided!

As if the two universes collide with each other!

But, soon, Xiong Li and those elders who are attacking Ye Chen crazily, the complexion, are all instant changes!

Xiong Li roared directly: "impossible! How can this happen? "

As a result, it was beyond all people's expectation. This time, the star soul chopping actually smashed the flash of the horned bear and roared towards the horned bear!

The pupil of the horned bear trembled. It seemed that he wanted to avoid it. However fast he was, how could he pass the sword light in front of him?

This sword, mercilessly cut in the corner bear's eyebrows!

There was a loud noise, and the shrill roar of the beast rang through the sky, and a shower of blood was splashed in the air!

It's the blood of the horned bear!

The huge body, like a fallen hill in general, decadent to the end, only to see its eyebrows, blood dripping, that single horn, was directly chopped by Ye Chen, the skull was broken, even the brain was flowing out!

At the moment, the holy beast of incomparable Majesty was lying on the ground, dying. His eyes swept over the young man standing in front of him and looking down on him. His whole body was covered with blood, just like walking out of the sea of blood. Among the beast's eyes was fear!

Ye Chen's sword actually defeated the beast in an instant!

The crowd at the scene, simply can't understand, how does Ye Chen do it!?

Xiong Li, this time is really frightened. Even, looking at Ye Chen, he can't help but step back

What's going on?

Does Ye Chen have a second hand?

For a while, he was afraid, and the holy beast was his greatest reliance. Now this reliance has fallen under the sword of Ye Chen. How can he defeat this demon like existence?

Cold sweat, instantly soaked Xiong Li's clothes, the idea of running away like bamboo shoots after a spring rain, in his mind crazy out!

Xiong Li guesses well, ye Chen has a card.

That is, the pure energy refined by xuanlingzhu, Xuanling!

However, the Xuanling that has been accumulated up to now is just enough for ye Chen to perform a star soul chop. In fact, he does not know what the actual power of the star soul chopping with Xuanling is. But now, ye Chen has no choice but to gamble!

Fortunately, he bet right!

But, at this moment, ye Chen is really out of oil, the lamp is dry!

His state has reached the limit. The star soul chopping just now has exhausted his best power

At the same time, the attack of those elders fell on Ye Chen's body, and the blood gushed out again!

Even if the blood god gauze, offset most of the power, but to Ye Chen today's injury, but still some can not stand!

He spat out a mouthful of blood. He was half kneeling!

Bear Li, who is preparing to escape, is slightly stunned when he sees this scene, and then he looks ecstatic!

He couldn't help laughing and said, "ha ha ha ha, ye Chen, you are really beyond my expectation, but in the end, what? Do you have any cards left? Keep taking it out? Yeah? Kill me

Xiong Li knows that this time, ye Chen is really the end of his tether!

However, he is a cautious person, still dare not rashly close to Ye Chen, even, to Ye Chen, he just watched from a distance, watching the elder of the horn bear family attacking Ye Chen madly!

Ye Chen's blood is like a vast ocean, I don't know how much, the whole body up and down, the scars are numerous, those long faces with ferocious color, more fierce than once!

At first, they were still afraid of Ye Chen, so they kept their hands and were ready to withdraw at any time. But when they found out that ye Chen could only be beaten, they completely let go!

Xiong Qi lowered his head, and the water in his eyes fell

He saw that ye Chen finally fell to the ground

Ye Chen has created miracles again and again, but in the end, is he going to die here? It seems that their fate is doomed, even ye Chen such an ultimate evil can not be changed!

At the moment, ye Chen, who was almost blasted into the ground and lying in the pool of blood, secretly took out an ancient book

Time, minute by second, the vitality of Ye Chen is getting weaker and weaker

At the moment, the three elders who attack Ye Chen look a little ugly. No matter how they attack, ye Chen seems to be made of iron, and they can't fight to death!

But even so, the outcome of the battle seems to be doomed.

Ye Chen was roared by three elders continuously for half an hour. His body had turned into a corpse, and his vitality was almost exhausted, leaving only one breath!

Seeing this scene, Xiong Li finally showed a winning smile, and those elders, looking at each other, were also happy. Their spiritual power in their bodies was going to be empty, and now it is finally over.

But at this moment, the vigilance in the hearts of all the people fell at the same time. In the huge hole that was blasted out, ye Chen, like a corpse, suddenly raised his head. His eyes instantly locked on an elder, and his eyes flashed with cold light, and he roared: "the beast is destroyed!"

At the moment, ye Chen's physical strength is very little, but he has become a magic power to transform animals. He can use the power of flying thunder in his body!

The power of this strike is very powerful!

If ye Chen used to kill the beasts in the first place, it would be very easy for the elder of the horned bear family to avoid and block him. But now, everyone thinks Ye Chen is not far away from death!

Who did not expect, ye Chen at this time counter attack!

An empty shadow of thunder Jiao appears behind Ye Chen, turns into a blue thunder light and shoots towards one of the elders!

As soon as the old man's face changed, he wanted to hide, but there was no time. He subconsciously gathered the inner spiritual power of the collective to resist

However, at this time, he suddenly found that there was not much spiritual power left in his body because he attacked Ye Chen without reservation. He couldn't stop the powerful attack at all!

The next moment, the loud sound accompanied by the scream reverberated in the ears of all!

The scream, on top of the thunder, was scorched black, one hand, one foot, completely broken, the whole body also flew backward, fell heavily on the ground, was on the verge of death coma!

The other two elders saw this and saw a look of panic in their eyes, and they stepped back without hesitation!

At the moment, ye Chen is like a beast, a beast trapped in a desperate situation but on the verge of death!

This kind of beast is the most terrifying!

The most important thing is that, in their current state, if they are on guard against the attack just now, they can't guarantee their safety!

But bear Li sees form, is full of gloomy color, he is dead to bite a tooth, don't understand, why Ye Chen to now, haven't give up?

As an ordinary person, I have been waiting for death for a long time. I don't want to fight against it any more?

Chapter 4640

At the moment, ye Chen's state makes the atmosphere dignified.

Xiong Li is still a real state of existence, although the sky beast Mie is not weak, it is still unable to do anything about Xiong Li in full bloom!

But, unexpectedly, Xiong Li looks very ugly, but still chose to stand in place, did not move!

He was scared

I'm not afraid of the extermination of the beast, but I'm afraid of Ye Chen's other backhand, or the means of fighting for life!

Now, the most secure way is to let several elders recover. After the spiritual power of the remaining two elders is restored, ye Chen can't defeat them even if he has the tianwumie!

The two elders have also taken the top recovery pill of the horned bear family at the moment!

Within the time of a stick of incense, they will be able to fight ye Chen again!

At the moment, ye Chen is in the eyes of the divine light, body movement, directly jumped out of the hole, bear Li see, pupil a shrink, big drink: "follow him, don't let him run!"

He thinks, ye Chen is to escape!

But!

This time, ye Chen was unexpected again!

His eyes fell on the dying horned bear. Instead of escaping, he went directly to the bear!

The corner of Ye Chen's mouth rises suddenly and a smile appears.

His purpose has been achieved!

In fact, from the beginning, he endured the attack of four elders, until they were almost exhausted and relaxed their vigilance. Then he suddenly broke up and seriously injured one person.

All this is for this moment!

Ye Chen looked down at the horned bear that fell to the ground and said in a low voice, "the God rope of the heavenly demon!"

The next moment, a red chain, shot out, fell on the center of the bear's eyebrows!

The rune on the chain, in an instant, invades the sea of knowledge of the horned bear!

Bear Li tiny frown, leaf Chen this is to do what?

He is no stranger to the magic power of releasing the red chain. Ye Chen used it when he killed the wolf. It was a magic power to trap the enemy. But what was his intention of using it on the bear?

The two elders looked at each other, but they did not rush to approach.

Ye Chen's action they don't understand, it may just be ye Chen's trick to lure the enemy!

After ye Chen's violence, they have left a shadow in their hearts and become a little afraid of hands and feet!

And this is exactly what ye Chen wants to see!

His eyes are more and more bright!

Do you remember that ye Chen took out an ancient book in the cave?

That ancient book is the original book of animal transformation and supernatural power!

Why should ye Chen take it out when he is seriously injured?

Because ye Chen knows very well that he will die if he goes on like this!

He tried to call Tianyou Zen woman from the samsara cemetery, but since she met the greedy wolf emperor, she entered a state of Zen.

This can make her mind more solid!

So in a short period of time, naturally can't help Ye Chen.

At present, ye Chen, Hongmeng big star sky, dominates the sword skill to be unable to display, already did not have the opportunity to let him turn over the plate!

Ordinary people to this time, has chosen to give up, accept life!

But ye Chen is not an ordinary person!!!

He can walk to today, rely on the tenacity of the bone!

Rely on, is the spiritual strength!

What depends on is the will of Wuzu Daoxin!

Ye Chen believes in a word!

That sentence is called: "my life is up to me, not to heaven!"

If the fate has been doomed, rely on their own hands, will break it!

If there is no opportunity to turn over, then create your own opportunities!!!

Ye Chen is under the attack, the pain, and the danger of dying at any time, but he gives up the defense completely and concentrates all his mind and spirit on the understanding of the magical power of animals!

If ye Chen defends with all his strength, he may be able to persist for more than three hours under the siege of several people, but what is the significance of that?

What he wants is not to live a few more hours, but to win the battle!

Therefore, he did not defend, but gambled on his life and took the opportunity to break the game into his hands!

And he made it.

Ye Chen's magic power of transforming animals has successfully broken through to the third level, the state of the combination of animal blood!

This realm took xuanqu hundreds of years. Moreover, xuanqu is the ultimate genius of holy day city. For thousands of years, no one has been faster than xuanqu in cultivating animal magic power!

Can, ye Chen even less than a month to step into this realm!

If you let the Xuanyao clan know, it is estimated that they will vomit blood again

Ye Chen really crushed those so-called Xuanyao family talents to death!

However, why does Ye Chen have to work so hard to break through the third level: the combination of animal blood?

Remember?

After training, even if you are not taking the demon of your life, you can gain some of the power of the monster after you integrate it into your body, so that you can improve your strength. However, it is not as good as the effect of the original monster. If it is said that the original life monster can improve the third level beast magic skill practitioners by 100%, then the non life demon beast will increase the third level beast magic skill practitioners by 25%.

Only a quarter, but it's enough for ye Chen!!!

The blood of the horned bear is very strong, and its attribute is destruction, which is very consistent with Ye Chen's destruction Shinto!

If he succeeds in conquering the horned bear, relying on the power of the horn bear, he can instantly reverse the form!!!

Of course, this is also a big gamble!

Why?

Because, the sky demon God rope is able to take over the wild beast without owner, but the horned bear is under the control of the sacred beast order, which is not wild. It is hard to say whether ye Chen can take it in!

However, ye Chen can only choose gambling, he wants to win in this battle, there is no other way!!!

Do you expect some mysterious strong man to suddenly attack?

At this moment, the horned bear suddenly issued a painful roar, as if struggling, he felt that the mark left by the owner in his body began to break!

And ye Chen is the face of great joy, he bet right!

Heaven demon God rope is really against the heaven to the extreme, even has the master of the monster can be forced to accept!

Xiong Li, who had been watching, frowned and thinking about what ye Chen was going to do, suddenly changed his face and looked at the holy beast order in his hand in disbelief!

I saw that the holy beast order was shaking wildly. It seemed that he was gradually losing control of the diagonal bear!

Bear Li suddenly turned his head and looked at Ye Chen with horror. He was not stupid. He thought about everything in an instant. Ye Chen wanted to snatch the horned bear at this time!?

I've never heard that someone can subdue a monster with its master!

Is this a bit of a foul?

Of course, this is also because the real owner of the horned bear, the ancestor of the horned bear family, has already died. Otherwise, even if ye Chen has a heavenly demon, it is very difficult to do it!

However, even if the ancestors are dead, there is still the beast order!

Xiong Li said with a cruel smile: "Ye Chen, do you really think there is still room to turn over? Want to rob the beast? Fantastic
