Chapter 4641

He didn't know what ye Chen wanted to do to rob the dying horned bear, but he was very clear that ye Chen could not succeed!

At the next moment, the spirit power in Xiong Li's body was surging wildly and poured into the holy beast order!

Originally, the trembling order of the holy beast stabilized in an instant!

At the same time, ye Chen is also a face color change!

He felt that the bear had been gradually eroded and destroyed by its host mark in the sea, and there was an extra layer of protection. With the power of the heavenly demon, it was hard to break through for a time!

Sure enough, it's not so easy to rob the monster with its master!

Seeing ye Chen's look, Xiong Li gave a cold smile and said to the two elders again: "give me a hand! This kid, you can't fight back now

When the two elders heard the speech, they were both hesitant. Suddenly, they both felt cold and looked at Xiong Li. They saw that Xiong Li's face had already appeared the intention of killing!

Killing them!

The pupil of two people trembles. Although Ye Chen is terrible, Xiong Li is not a kind person either!

Even cruel to the extreme, even if they are relatives, Xiong Li for disobedient subordinates, has never been soft hearted!

And now, their spiritual power is also restored a few percent, enough to hand!

The next moment, the two swords fell on the back of Ye Chen again, blood splashed everywhere!

Ye Chen a gnash teeth, low drink way: "fly thunder Jiao, stop them!"

At the moment, ye Chen is exerting the spirit rope of the heavenly demon with all his strength. He can't use the beast to kill him. Therefore, he can only release the flying thunder Jiao to stop the two people

A dragon with blue body and two wings on its back appears behind Ye Chen. It gives out a roar of dragon, and spits out two thick thunder at the elder of two horned bears!

However, in the face of Fei Lei Jiao, the two elders are ironic. The magic power of animal transformation is indeed against the heaven and forcibly extracts the power from the blood of the demon beast. Even, it can burst out like the power of the monster's self explosion!

However, even so, in the normal state of the two elders, there is no way to hurt them.

As for the strength of Feilei Jiao itself?

How much strength is left now? Even if they are strong, they are not the best!

In the face of the thunder light emitted by the flying thunder Jiao, the two people each play a sword, and they will easily resolve it!

After that, he rushed to kill the flying thunder Jiao!

Fei Lei Jiao was able to transcend the racial limit and reach the present state. Naturally, he had something unique. Relying on his speed, he interacted with the two elder bearers. However, soon, he was scarred, and it was only a matter of time before he was defeated

What's more, the two elders intend to do it!

They don't want to spend too much strength in defeating the flying Thunder Dragon, so that ye Chen will not suddenly use any means to overturn the boat in the gutter!

This time, even ye Chen's eyes are a little dim

There was a wry smile on his mouth. He did everything he could, but this time, God didn't seem to be on his side

Ye Chen murmured: "is it going to end here..."

He took a deep breath and was ready to blow himself up. Even though there was little power left in his body, if he really blew himself up, he would definitely be able to pull Xiong Li into the water!

Want Ye Chen to die?

Hehe, then give me the burial

At the same time, Feilei Jiao uttered a sad cry and fell heavily on the ground. Several extremely frightening wounds appeared on his body

Seeing this, ye Chen sighed. He knew that there was no time left. In his present state, he could not bear the repeated attacks of the two elders. It was time to make a decision

The next moment, his eyes appeared a touch of ruthless color, a body of breath began to boil, restless up!

Ye Chen is about to explode!

When ye Chen is ready to explode and die with Xiong Li, no one notices that a young figure slowly climbs up from the ground.

Suddenly, a sudden change!

Originally, the horn bear saw the sea, built by the sacred beast order, the unbreakable cage, suddenly there is a trace of loose!

Ye Chen's pupil shrinks fiercely, the face appears inconceivable color!

And more shocking than him is Xiong Li!

He looked at the holy beast order in his hand in disbelief and exclaimed, "how could this happen?"

I don't know why, all of a sudden, his holy beast order seems to be out of order, and the control of diagonal bear is getting weaker and weaker?

And that bear, eyes in a flash of confused color, as if there is a voice in the heart to tell him, obey Ye Chen!

It was this will that made the defense constructed by the order of the beast disintegrated in an instant, and even the mark engraved in the horn bear's insight into the sea began to break itself!

Yes, it's just breaking itself!

Even, ye Chen's sky demon God rope has not begun to erode, that mark is broken! Why is this?

Suddenly, ye Chen's eyes fell on a figure.

A child like figure!

It's Xiong Qi!

At the moment, Xiong Qi got up from the ground, and in his eyes, there was a blood red light!

The light is falling on the body of the horned bear!

Xiong Li seems to have responded. While he is trying hard to infuse his spiritual power into the order of the holy beast to regain control of the bear, he suddenly turns back and looks at his half brother behind him and roars: "it's you!"

Xiong Qi glanced at Xiong Li indifferently and said, "Xiong Li, you are the genius of our horned bear family, but do you know why my father still insists on passing on the position of master to me? Do you really think it's because of your background? "

"You are wrong, Xiong Li. The reason why my father decided to pass on the position of master of the house to me is that I am better than you, because of my power...."

The red light in Xiong Qi's eyes almost turned into substance. He seemed to vent all the resentment in his heart and roared: "I am the closest one to my ancestors among all the generations of jiaoxiong family!

At the same time, the body's koala blood is extremely pure! You don't know, do you? I was born with the power to control the bear horn bear. I didn't even need the order of the beast!

Only under my control can the bear exert its most powerful power, and my future achievements must be above you

He said with a complicated smile, "Xiong Li, do you always think I'm rubbish? Ha ha, you know what? The reason why I am so useless is that I know very well that you want to be the master of the house, so I

don't want to compete with you and deliberately abandon my practice. Because, I don't want to become enemies with my brother because of the position of master. Now I think about it, it's ridiculous... "

Xiong Qi's eyes were suddenly cold, as if it were ten thousand years of ice, and his voice was very deep and cold: "from today, you and I are no longer brothers, but enemies! Life and death

Chapter 4642

In a flash, Xiong Qi broke out his blood to the extreme. In the eyes of the horned bear, a red light flashed in his mouth. He roared. Under the control of Xiong Qi, the mark engraved in the horn bear's sea of knowledge was smashed in an instant, and the rune on ye chentian demon's magic rope also occupied the horn bear's sea of knowledge in an instant!

At this moment, Xiong Li's eyes were ready to crack. After he saw this scene, he yelled to the two of them: "what are you doing? Kill that boy!"

After that, he turned around and looked at Xiong Qi, who had been regarded as a waste by himself!

He didn't expect to end up in the hands of this trash?

Xiong Li is full of spiritual strength, and a long sword appears in his hand. The destruction of Daoyun is stirring. He will kill Xiong Qi with a sword!

Xiong Qi closed his eyes and was ready to die. He murmured: "brother ye, I'll give it to you later..."

Compared with Xiong Li, this enemy, who has blood relationship with himself, has not known him for a long time, or even is not of the same clan. In his heart, he is more like his brother!

Xiong Qi is just a child, but he is a child who attaches great importance to family relationship. If he must die, he hopes to die for the brother from another race.

With a loud bang, two elder bearers of the horned bear family bravely took action. They also knew that it was a matter of life and death. Therefore, they did not reserve the slightest bit!

Strong aura, will ye Chen shrouded in dust and smoke!

The two elders saw this, and their eyes flashed with joy. They seemed to catch up!

Just now, two people see clearly, their attack did not enter ye Chen's body!

With Ye Chen's present limit state, ate two people's attack again, I'm afraid, already fell into the brink of death?

At the moment, Xiong Li is also a sword cut out, the sword light in the blink of an eye will bear Qi devour!

Two female orcs from the eight major families, who were watching the scene, all had the color of intolerance in their eyes

To be honest, they want Xiong Qi and ye Chen to survive

However, they dare not intervene, because in case of failure, they will bear the craziest Revenge of Xiong Li who is about to rise!

Now it seems that even though ye Chen and Xiong Qi have almost achieved the ultimate goal, in the end, it seems that they have failed

Bear Bear looked at Bear's swallowed up by the sword. The corner of his mouth appeared a cold smile. "Waste, always waste, ha ha, dare to resist Lao Tzu? Do you really think you can turn that guy around with you

As soon as the voice fell, Xiong Li turned around and fixed his eyes on Ye Chen's original place. Suddenly, Xiong Li, who was still sneering at him a moment ago, was still smiling. His face changed wildly and his eyes trembled. It seemed that he felt something

At this time, a cold man's voice sounded behind it: "you say, let who turn the plate?"

For a moment, everyone looked at the center of the sword light that Xiong Li cut out. Two figures appeared in the light!

In an instant, the light dissipated, and the two blurred figures became clear!

It is Ye Chen and Xiong Qi!

At the moment, Xiong Qi's eyes were dull, some Leng Leng looked at Ye Chen and said, "brother ye, are we dead?"

A moment ago, it was like a corpse. It seemed that ye Chen would be blown away by a gust of wind at any time. At this moment, his whole body was full of flesh and blood. Although he looked weak, pale and weak, his state was obviously better than his dying appearance!

And the original horn bear's body like a hill has disappeared in place!

Where's the horned bear?

Nature is Ye Chen into the body!

Just now, at the moment of life and death, ye Chen successfully practiced the horned bear into his body. With the effect of the combination of animal blood, the power of the angular bear blood suddenly poured into Ye Chen's body!

To Ye Chen's surprise, the strength of the horned bear's blood matches with that of himself. Not only the strength of the horned bear, but also the vitality and so on, have been improved at the same time!

This is like a spring pouring into the already exhausted land!

What we bring is that everything grows in clusters!

With the blessing of the horn bear, ye Chen, who has recovered part of his strength, immediately breaks the void and appears in front of Xiong Qi to block Xiong Li's attack for him!

When he heard Xiong Qi's words, he raised a smile and said, "we are still alive, but someone is going to die."

As soon as the voice fell, ye Chen didn't have any nonsense. He stepped on the void directly and appeared in front of Xiong Li. The huge force in his body surged wildly, which was to blow out a fist at Xiong Li!

If you want to say that after this horn bear blood blessing, ye Chen's biggest promotion is strength!

The horned bear, however, has the terrible power to shoot Ye Chen to death!

The horned bear family is a unique creature in power!

Therefore, ye Chen did not hesitate to choose melee!

After all, although he got some blessings, in fact, most of his strength now comes from the horned bear, not himself, so he can only rely on the strengths of the bear to fight! However, it is enough to deal with Xiong Li!

At this moment, Xiong Li's face, twisted, crazy twisted!

That's the ultimate fear!

Xiong Li is ruthless and deep-seated, but he is actually a man who is extremely afraid of death!

He screamed and cut out a sword crazily, praying that this sword could repel Ye Chen!

However, ye Chen's eyes are showing a look of disdain, a fist toward bear Li cut out of the sword boom!

Destroy Daoyun, surging above his fist, the next moment, this fist collides with that sword light!

With a roar, the strong wind sprang up, and the sword, which looked incomparably sharp, was suddenly broken under Ye Chen's fist!

Different people can exert the same power in different hands!

Relying on this quarter of the strength of the angular bear blood, ye Chen's martial road is enough to crush Xiong Li!

Xiong Li saw this, and he was scared to death. He tried his best to chop out a sword light and struggled to death. However, in front of Ye Chen's heavy fists, everything was in vain!

In a flash, ye Chen smashed all the sword light and hit Xiong Li's chest with a hard blow!

"Poof!"

Xiong Li's eyes protruded, suddenly protruding a blood mixed with visceral debris. Ye Chen's fist directly smashed his chest!

Bear Li's body in that huge force, fly upside down, hit a hill heavily, he struggled to get up.

However, a figure appeared in front of him in an instant. With a fierce foot, he stepped on his head with a roar. This foot directly made Xiong Li's face contact with the earth. On the ground, countless spider web cracks appeared, and Xiong Li's face was completely broken and blood flowed

Chapter 4643

In the pain, Xiong li felt the coming of death. He begged vaguely: "Mr. Ye, let me go. From now on, I will help Xiong Qi well..."

He even pleaded with Xiong Qi and said, "brother, we are brothers. My brother knows that he is wrong. Please forgive him this time..."

Xiong Qi was indifferent.

Now, he's clear about the rules of life in this world, and, as he said.

From now on, they will no longer be brothers, but enemies, the great hatred of life and death!

Ye Chen's eyes flashed a look of disgust. He said coldly, "you are the real waste, the most disgusting waste, Xiong Li, do you know? In fact, you have many chances to kill me, but why, it's you who died now?"

The reason is simple. You're a waste, understand? A garbage that can never stand up, for a lifetime, can only be trampled on by the strong

The next moment, his feet suddenly force, Bang will bear Li's head, like watermelon general trample to pieces.

The spirit of Xiong Li is naturally engulfed in an instant.

At this time, PATA, PATA, two voices sounded.

Ye Chen looked in the direction of the sound, and saw that it was the sound of kneeling.

The two bearded elders knelt heavily in front of Ye Chen's body. Their bodies were shaking!

Ye Chen looks down at two people, eyes slightly flash, according to his character, is absolutely will kill two people thoroughly.

But he didn't do it

Because, he knew, because of his relationship, the horned bear family lost the sacred beast, a genius and two elders. If you kill these two people again, the horned bear family, let alone decline, or even directly lose its foothold, may

After all, today's horned bear family is a big piece of fat, and today's Xiongqi is far from capable of guarding the family.

So, for the sake of Xiong Qi, he didn't start.

But at this time, behind Ye Chen came a child's voice: "Ye elder brother, kill them."

Ye Chen turned his head and looked at Xiong Qi, a little surprised.

And the two elders, even more pale, kowtow to Xiong Qi crazily: "second young master, we are forced by Xiong Li, and we don't want to do this. We are loyal to the family all the time."

"Please, second young master, for the sake of the master, let us go once! We are willing to be cattle and horses

However, Xiong Qi was indifferent. He looked at Ye Chen calmly and said, "brother ye, please kill them for me."

Ye Chen slightly frowned and said, "if they die, the horned bear family will not be able to maintain its present status."

Hearing this, Xiong Qi said with a smile: "brother ye, don't worry. I still have some details of the family of jiaoxiong. After I go back this time, I will let some of my father's elders open the battle and Hibernate from now on..."

His eyes suddenly brightened and said, "I have learned a truth that everything can only be done by myself. Even if there are these two people, how can we maintain our status for a while? If you don't have the strength, in the end, it's just a wedding dress for others!

Therefore, before I break through the real world, the horned bear family will not come out of the world. The most important thing is that... "

Xiong Qi's face was cold and said, "I don't need a traitor by Xiong Qi's side."

When the two elders heard the speech, they were both heartbroken. They did not expect that Xiong Qi, who was once weak in their eyes, was so determined at the moment!

Ye Chen's eyes, emerged a touch of appreciation of the color, he knows, this experience let Xiong Qi metamorphosis.

It's a good thing for him!

When he turned his wrist, the evil sword fell into the chopping, and his whole body surged wildly. The two elders tried to resist, but even Xiong Li was easily killed by Ye Chen, not to mention them?

Two screams were heard, and the head rolled to the ground!

Even the soul is devoured by Ye Chen.

After finishing all this, ye Chen looks at the two female orcs who have not left yet. To be exact, he dare not leave!

At the moment, the two female orcs' faces changed in the eyes of Shangye Chen, and a look of fear appeared in their big eyes.

Ye Chen light way: "later, if diagonal Bear house hand, is to my Ye Chen hand, pass this sentence out."

Xiong Qi smell speech, eyes flash, look to Ye Chen face show gratitude color.

He is very clear, ye Chen this sentence, diagonally bear family help how much!

Ye Chen didn't say anything more. This time, he was saved by Xiong Qi. He has always been a man of deep gratitude and resentment.

Moreover, to Xiong Qi this child, ye Chen is also quite appreciative, the bottom of the heart regards it as half younger brother.

After that, ye Chen returns to the home of the horned bear first with the injured Feilei Jiao to heal and recover.

Three days later, ye Chen adjusted to his best condition and was ready to leave the beast killing area.

Xiong Qi all the way to Ye Chen to the door, some do not give up the tunnel: "Ye elder brother, take care!" Ye Chen nodded his head and said, "you really don't need me to leave the horned bear?"

Xiong Qi said with a smile: "now the horned bear has planted the mark of elder brother Ye. Even with the power of my blood, it may not be able to control it very well. Moreover, with the opening of the array, our horned bear's family will not come out of the world for the time being. It's useless to stay here."

After a moment's silence, ye Chen said, "if you have anything, you can go outside to find me. If you don't know my position, you can leave a message at the star moon refining peak in the moon soul realm or the six Taoism sect."

"Good!"

The next moment, a dragon roar rings, flying thunder Jiao falls in front of Ye Chen.

Ye Chen body shape move, then ride flying thunder Jiao, toward the distance.

.....

A burst of space fluctuations, in the sky somewhere, suddenly surged up, turned into a black channel, a figure suddenly flew out of that channel, it was Fei Lei Jiao!

Ye Chen glanced around. This is where he entered the field of killing animals!

He sat on Fei Lei Jiao's back, slightly recognized the direction, and then continued to fly away towards some place.

Now, the flying centipede has fallen into the hands, and the next step is to go to the dark area.

During the flight, ye Chen took out the animal's egg, and a thick look of expectation appeared in his eyes.

Even he began to wonder what kind of existence this animal egg with chaotic breath would hatch out!

This trip to exterminate the beast domain, can be said to have gained a lot!

Even if we don't say the animal eggs, the strength of the horned bear to Ye Chen is also improved!

And there is Xiao Huang Xiaohuang will definitely help her in the future.

However, although Xiao Huang has made a move, and ye Chen knows that Xiao Huang is not small, but this guy does not break the shell, so he doesn't care about anything.

A day later, a piece of barren land, a lightning flash away, and soon, the thunder came to a bridge in front of.

Thunder light scattered, a person a Jiao from the sky!

Chapter 4644

Before the bridge, a young man who was drinking and eating vegetables looked at the scene foolishly. Whether it was the youth in front of him or the dragon with wings on his back, he felt like a god!

At the moment, his life is like the weakest candle, ye Chen a breath seems to be able to extinguish it!

Ye Chen didn't pay attention to the young man, but looked at the void somewhere. He knew that the real bridge keeper was hiding there.

At this time, in the void, a beautiful young woman in black came to Ye Chen with a look of excitement and saluted: "Ye Mr. Ye

Ye Chen eyebrow tip a pick, this woman, he is actually know, it is the governor of Liangzhou Yu Hongying who gave him a treasure coat at the beginning!

And the young man who was guarding the gate was completely scared to death

Well, it's Yu Hongying, governor of Liangzhou!

Always known as iceberg, the status of the existence of incomparable dignity, but in front of Ye Chen, it is such a courteous attitude?

Who is the man with a cool look in front of him?

He felt like his brain was running out!

Ye Chen took out the token of entering and leaving the dark area, handed it to Yu Hongying and said, "Governor Yu, I want to enter the dark area."

Yu Hongying takes the token and glances at it casually. Her hands tremble slightly and returns it to Ye Chen. In her beautiful eyes, there are both respect and excitement!

She guessed, and there was no mistake!

Ye Chen's growth is really superior to the supreme existence!

Although today's Ye Chen, to her feeling, has not completely entered the realm of heaven and earth, but the monster Ye Chen rides on is unpredictable and dangerous to the extreme!

Feeling the fear in her heart, Yu Hongying can be sure that this monster is definitely the existence of the real world!

And these monsters can only become Ye Chen's mount. Ye Chen's real strength may be even more terrible than she had imagined!

Now, Yu Yingchen's position is more and more red in her heart!

Yu Hongying lowered her head and said, "Mr. Ye, there is no problem with the token. Please come in."

Ye Chen nods, controls the flying thunder Jiao, then enters the dark domain, flies directly toward the place where the six islands of extinction are located!

In the dark city, a young man suddenly looked up and looked up into the sky. He saw an incredible color in his eyes. However, he quickly took out a message jade Rune and said to the jade Fu, "inform the Lord, ye Chen is back!"

At the same time, Jingzhou, home.

A handsome and steady middle-aged man in a black robe is sitting in the hall.

In front of him was a servant kneeling.

This man is the contemporary owner of the Gu family in Jingzhou, and also the father of Gu Xuan and Gu Jun, Gu Beixing!

Gu Beixing gazed at the servant with indescribable dignity. He said in a deep voice, "are you sure that the boy named Ye Chen is really back?"

The servant nodded his head and said, "it's true. Since you sent out the order, the spies in the family have remembered Ye Chen's breath, appearance, and even the fluctuation of spirit and soul. It is absolutely impossible to admit that he is wrong!"

In an instant, Gu Beixing's breath became restless, and the servant's face changed slightly. Even if the breath leaked, he had the illusion that he would die immediately!

At the next moment, Gu Beixing stood up and said, "boy, I want to see where you have hidden my daughter!"

As soon as the voice dropped, Gu Beixing's figure flashed and disappeared directly from the hall!

.....

Feilei Jiao's escape speed is very fast. After a few hours, ye Chen comes to the secret place where Gu Xuan took him to practice the six extermination secrets and exterminate the six islands!

At the moment, there is still a phalanx outside the six extinct islands. However, ye Chen looks calm in the face of the big array that once made him feel frightened.

With its current strength, it has been enough to break the big array easily!

A dark long sword appears in Ye Chen's hand. On the sword, the destruction of Daoyun is surging out. In an instant, the big array is torn open with a crack!

Ye Chen's body shape twinkled, then entered the crack, and flew directly to the island where the strange beast of heaven and humanity was located.

On the island, a little golden dragon was rolling on the ground in boredom. Suddenly, his eyes flashed with color and looked at the sky.

I saw, a thunder light suddenly fell, turned into a blue dragon, and a cool looking youth.

Seeing this, the golden dragon was slightly stunned. It seemed that some of them couldn't believe their eyes. After a while, they reacted and exclaimed with great joy: "Ye Chen, is it you? Your breath is much stronger... "

Ye Chen smiles, and then for a while, a golden bead falls in front of the Golden Dragon.

Xiao Long looks at the gold bead that he once handed to Ye Chen. Then, he seems to think of something. His eyes twinkle like the sun!His voice, some trembling asked: "Ye Chen, in this bead..."

Ye Chen said: "at the beginning, what I promised you has been done. What is in the bead is not to destroy the flying centipede!"

The Golden Dragon heard the speech and immediately sent out a very happy Dragon roar!

So many years of wish finally come true!

He can leave this prison!

The Golden Dragon breathed out a breath of dragon breath and sprayed it on the golden master. Among the golden beads, a dazzling golden light suddenly bloomed. At the next moment, a huge centipede with 12 pairs of wings appeared in front of him!

Looking at the scarred centipede, the golden dragon became more and more excited and said, "sure enough, the flying centipede is immortal!"

He took a deep breath, and the spirit power in his body moved and poured into the array. His whole body was full of dragon power. Several rays of light fell from the sky and fell on the body of the immortal flying centipede!

It has been countless years since he lived in this array. For so many years, Golden Dragon has been looking for a way to leave here. Although he has failed basically, he is very familiar with this array and can even manipulate some of its forces!

Now, he will control the array and leave a mark in the immortal flying centipede to become a new strange beast of heaven and man. In this way, the fetters of the array on him will be greatly weakened!

The flying centipede instinctively felt that something bad was going to happen

However, the flying centipede did not dare to resist

It has been scared by Ye Chen!

How dare you act rashly when the killing God is around?

As time goes by, more and more light falls on the immortal flying centipede!

One day later, the great array's binding power on the golden dragon was completely transferred to the immortal flying centipede!

Chapter 4645

The eyes of Bu Mie Fei's mung bean trembled. Although he was still mentally retarded, he also vaguely knew that he was trapped on this island!

After all this, the Golden Dragon and ye Chen are ready to leave the six extinct islands.

The Golden Dragon will return to his hometown, and ye Chen plans to deal with the matter of the reincarnation xuanbei.

But just as one man and one dragon just broke through the battle, a big drink came from the sky!

"Boy! Your courage is not small. You dare to enter the test place of my family! "

The next moment, a tall figure appeared in front of Ye Chen.

Ye Chen's eyes flashed and looked at the figure. He saw that the man was a handsome middle-aged man in a black robe. It was Gu Beixing!

Although Ye Chen doesn't know Gu Beixing, seeing that Gu Beixing is somewhat similar to Gu Xuan, he vaguely understands his identity!

Therefore, ye Chen politely said: "sorry, I am Gu Xuan's friend, the reason why forced into the battle has a reason."

Gu Beixing seems calm at the moment, but his eyes are constantly flashing, full of suspicion!

He was very clear about the horror of the battle, but ye Chen was very easy to get into it?

How did the boy who didn't seem to be in heaven and earth do it?

And the golden dragon flying beside Ye Chen, his eyes are dignified: "Ye Chen, be careful, this guy is very powerful!"

When ye Chen hears the speech, he looks the same. Naturally, he knows that Gu Beixing is very powerful.

Gu Beixing is a real strong man of two layers of heaven!

It's not like orcs here.

Ye Chen can kill the orc strongmen of Huanzhen two layers of heaven and even three layers of heaven there. It's not easy to face the orcs of Huanzhen level two days!

On martial arts, the human race is too strong.

What's more, the other side is the patriarch of the family!

The other side is proficient in the God of destruction and does not lose himself at all! The bottom card is extremely terrible! Even if he kills by leaps, ye Chen can understand!

Dark region, indeed crouching tiger, hidden dragon!

Gu Beixing stares at Ye Chen. Suddenly, his voice says coldly: "boy, is it because of you that xuan'er girl ran to the Ming region just to see you!

Tell me where you hid my daughter! "

Ye Chen smell speech, eyes a quiver, a moment later, or shake his head: "I don't know where Gu Xuan is now."

When Gu Beixing heard this sentence, he seemed to be stimulated by something. He suddenly flashed a sharp look on his face and said, "boy, don't try to cheat me! You'd better bring Xuaner back, otherwise, I promise, you can't leave here today! "

After Gu Xuan entered the Ming Dynasty without permission, Gu Beixing sent spies to look for it, but he never got anything!

Therefore, he is sure that Gu Xuan must have been hidden by Ye Chen!

After all, Gu Xuan didn't know many people in the Ming Dynasty, did he?

Of course, there is also a possibility that Gu Xuan had an accident, but Gu Beixing is not willing to accept this possibility!

Therefore, in his heart, Gu Xuan is definitely hidden by this damned boy!

There is a saying that care is chaos!

Although Gu Xuan ran away from home because she was not satisfied with the family's arrangement for her marriage, she still loved her daughter very much in the heart of Gu Beixing. Otherwise, the Gu family would not let Gu Xuan do this

But now, his daughter is missing, he has been looking forward to finding Ye Chen, ye Chen can bring Gu Xuan back

However, ye Chen said he didn't know where Gu Xuan was?

This sentence, let Gu Beixing completely lose his mind!

With a roar, the breath of Gu Beixing's real situation broke out completely. He stared at Ye Chen with bloodshot eyes and roared: "damn boy, cheat me? Hehe, since you won't tell me, I'll call until you tell the truth! "

At the moment, Gu's sword fell into the hands of the sword, and the sword fell into his hands!

Gu Beixing's sudden attack on Ye Chen is actually due to his resentment towards Ye Chen!

If it is not ye Chen, Gu Xuan will never leave the dark area easily!

Therefore, even if ye Chen is true, Gu Beixing doesn't want to let him go!

Ye Chen saw this, his face sank, and instantly held the evil sword!

Gu Beixing deserves to be the strong one in the real world. This sword puts great pressure on Ye Chen!

That sharp shot from the sword, like an abyss of destruction, to swallow up everything!

Ye Chen takes a deep breath, turning beast magic power, the body of celestial demon, burning blood formula and so on, all work to the extreme!

Vaguely, ye Chen's body seems to have a bear roar ring!

The next moment, a sword!

It's the star soul chop!

Bright starlight, shot out, and Gu Beixing cut out the destruction of the sword, just like two universes, collision!At the moment of the collision of the two attacks, a terrifying wave swept through the whole

world. Even on the big array of six extinct islands behind Ye Chen, there were countless cracks in the spider web version!

This big array inherited from ancient times, even because of the two people's attack, the aftereffect has a trend of breaking?

It can be seen that ye Chen and Gu Beixing's strike are so strong!

Even the golden dragon, who had a good history, changed his complexion. He ran with all his strength and flew back to the rear!

The next moment, ye Chen cut out the Star River began to break!

Ye Chen's pupil shrinks. He didn't expect that Gu Beixing's sword was sharper than he imagined!

Gu Beixing, with the destruction of Shinto, and high attainments, has the strength to transcend the realm!

His actual strength, even more terrible than imagined!

Fortunately, Gu Beixing's sword is also a lot of dim!

In a flash, the sword fell on Ye Chen's body!

Ye Chen's whole body is bombarded by this sword and sword, and flies backward and fiercely bumps into the light curtain behind him. The crack on the big array is more profound!

Gu Beixing gasped slightly. Obviously, the sword cost a lot!

At the moment, he looked at Ye Chen coldly. To tell the truth, such a result has been greatly beyond his expectation

Just now, although he didn't use all his strength, he used 80% of his strength because of his rage. He didn't think it strange that ye Chen was directly killed by his sword!

It is a miracle that ye Chen is still alive!

When Gu Beixing is ready to question Gu Xuan's whereabouts again, his face is suddenly stiff and his pupil shrinks!

I saw that ye Chen, who was almost inlaid on the large array of light screens, was dyed red with blood. His chest was a shocking wound, and even his internal organs were clearly visible!

However, it is incredible that such a terrible wound has healed quickly!

In the blink of an eye, it recovered as before!

Even the vitality doesn't have much influence!

Chapter 4646

If not ye Chen behind that big array of light screen, full of cracks, he even thought that everything was just an illusion!

Ye Chen's vitality is too against the sky!

Gu Beixing snorted coldly. His whole body was destroyed. The rhyme of Dao was surging. The space and rules were constantly broken. His sword was dancing in his hand. The Dao Dao Dao was dark. He actually formed a destruction sword array, which was suppressed towards Ye Chen!

Ye Chen looks at that destruction sword array, in the eye also appeared a touch of anger! He's not in the habit of being beaten down!

Ye Chen roared: "star soul chop!"

This time, the star light on the Sha sword is several times brighter than before. Seeing Gu Beixing display the destruction sword array, ye Chen also infuses a trace of mysterious spirit power accumulated in his body into the Sha sword!

In a twinkling of an eye, a dazzling star river hit the destruction sword array!

In an earth shaking sound, I can see that the Star River and the sword array are both dead!

This time, Gu Beixing was completely sluggish, and his face looked unbelievable. Just now, the destruction sword array has been a blow of 90% of his strength!

I don't know how many strong people fell under his attack!

If ye Chen's vitality was not far beyond his expectation, he would not display it!

However, such a powerful blow is not as good as ye Chen's sword light?

That is to say, the young man who has not achieved the level of heaven and earth has reached the real state?

Gu Beixing only felt that his brain was shaking wildly and could not think!

At this time, a figure suddenly appeared in front of him. Ye Chen gazed at him coldly with his long sword in his hand and beheaded him!

Gu Beixing's face changed slightly, but his fighting experience was also extremely rich. He did not panic at all. On the contrary, he was full of spiritual power and ran wild. A very concise sword of destruction broke out on the edge of the sword. When he moved his wrist, the sword was slashed towards Ye Chen's heart!

Gu Beixing knows that attack is the best defense!

If you attack it, you will be saved. Isn't it that you can defuse the opponent's attack?

There is nothing wrong with his idea, but it is a pity that

What appeared in front of him was Ye Chen, and ye Chen could not be measured by common sense!

In the face of Gu Beixing's most powerful sword aimed at his heart, ye Chen did not care and did not mean to defend himself at all!

Gu Beixing's eyes trembled and his face looked unbelievable!

Ye Chen did bear his sword just now, but the power of that sword has been greatly offset by Ye Chen's star soul chop!

And now?

In the face of the destruction sword which contains all the power, ye Chen even chooses to resist with the flesh?

This, can only be described with two words crazy!

You should know that Gu Beixing's road seal of destruction is the same as the four levels of heaven. If it is invaded by too much destructive force, even ye Chen can't easily erase it. It's very dangerous!

It's all about fighting!

However, Gu Beixing was also a ruthless man. His eyes flashed fiercely, and he didn't mean to stop his hand. On the contrary, his sword speed was faster by one point!

The next moment, two loud sounds, at the same time, endless blood splashed down!

Gu Beixing is a powerful sword! Directly pierce Ye Chen's chest!

Ye Chen's body now has stepped into the threshold of sanctification, extremely tough, but under this sword, it is still extremely fragile!

Ye Chen's face is white, his vitality is falling madly, and his body is retreating. Obviously, he is hurt badly under this sword!

But

Ye Chen is not the only one injured!

Gu Beixing's body, like a shell, flew upside down and hit the sea!

With a loud bang, a large amount of sea water was rocked to the sky. The impact force was so strong that it directly turned the sea water into water mist!

At the moment, Gu Beixing fell on the sea bed with blood all over his body. He was dying. A very ferocious wound extended from his shoulder to the position of Dantian. It seemed that he was about to cut his whole body in half!

If ye Chen is seriously injured, Gu Beixing is dying!

He gasped violently, his eyes full of complexity

He knows that ye Chen has left his hand

If this sword had stood on his head, he would have been dead now

At the last moment, ye Chen changed the landing point of the blade!

To tell you the truth, Gu Beixing has a killing heart on Ye Chen!

In fact, he himself is very clear, Gu Xuan is likely to have an accident, and all this is because of the existence of Ye Chen!

Therefore, he wants to vent his resentment!

If you can't find Gu Xuan, then let this boy bury Gu Xuan with him!

A figure fell in front of Gu Beixing. Ye Chen looked down at the embarrassed middle-aged man. After a moment's silence, he said, "Gu Xuan, not dead." The reason why he did not kill Gu Beixing was that Gu Beixing was Gu Xuan's father.

And ye Chen's heart is really full of guilt for Gu Xuan

Gu Beixing heard the speech, and his breath was in a hurry. His eyes trembled and looked at Ye Chen, and a thick joy appeared on his face!

Ye Chen said: "I don't know where she is yet, but I will find her. I promise you that I will bring her back."

Then he turned around and left.

When Gu Beixing heard the speech, his eyes darkened for a minute. However, he soon recovered his calm. He suddenly said, "boy, wait a minute."

Ye Chen slightly frowned, he all let go of Gu Beixing, Gu Beixing still entangled?

However, he turned slowly.

Gu Beixing said with a bitter smile: "boy, you are not going to leave me here to die? I don't have the life force that you have. Send me back home... "

Ye Chen hears the speech and is silent for a moment. After that, he goes to Gu Beixing's side. First, he takes out a healing pill and asks him to take it. Then, he supports him and sits in Feilei Jiao and goes towards Gu's home.

Along the way, Gu Beixing seems to have untied the knot, and ye Chen also tells Gu Beixing about Gu Xuan's awakening and extinction of the divine body, the capture of Daogu's bones, and his rescue by mysterious men.

When he heard that Gu xuandao's bones were dug out, Gu Beixing was almost ignited with anger!

Finally, he looked lonely to Ye Chen: "boy, thank you, for Xuan son that girl revenge."

What if you're angry?

With his identity, if he leaves the dark area easily, it may even lead to a war between the bright and the dark!

He was suddenly a little sad. As one of the most powerful families in Jingzhou, the patriarch of Gu's family also had a good status in the dark area, but he could not even protect his daughter?

What's the use of this identity?

After this conversation, the misunderstanding was completely solved, and Gu Beixing's attitude towards Ye Chen was also 180 degrees. It seems that he has treated Ye Chen as a son!

A day later, a huge mansion appeared in front of Ye Chen. It was Gu Fu!

They have come to Jingzhou!

After the flying thunder Jiao falls in Gu Fu, a group of Gu Fu Wu men surround it in the middle.

When they saw Gu Beixing injured, they all exclaimed: "master! What's the matter with you? "

At the next moment, all people are looking at Ye Chen in a murderous manner!

"All right."

Gu Beixing lightly waved his hand and said, "all back down."

People heard the words, a little puzzled, but no one disobeyed Gu Beixing's order and immediately retreated.

It can be seen that Gu Beixing enjoys high prestige in his family!

Chapter 4647

Gu Beixing said to Ye Chen, "ye Xiaozhi, your injury has not been completely recovered. For the time being, you should stay at home."

The leaf Chen hears speech, nodded a head way: "that is below then respectful, inferior obedience."

Gu Beixing's destructive power, even ye Chen, is quite troublesome. For a day, he has been healing and dissolving the residual destructive power in his body, but it has not been completely eliminated.

Although he is the same as the four levels of heaven, Gu Beixing's attainments in destroying the divine way are much higher than ye Chen's.

Under the guidance of the servants, ye Chen came to a wing room.

He closed the door, arranged a simple array, then crossed his knees on the futon in the room, ready to heal.

But as soon as he sat down, there was a knock on the door.

"Well?"

Ye Chen's eyes appeared a puzzled color, he just clearly told the servant not to let people disturb him.

However, ye Chen still came to the door and opened the door.

The moment the door opened, ye Chen's pupil was suddenly contracted, and a touch of surprise appeared in his eyes!

I saw a bloody young man fall in front of him!

This young man, with dark complexion, bald head and long pointed ears, is obviously not a human race!

His expression moved, and he remembered that Gu Xuan had mentioned with him before that there was a place called "dark region" in the dark region, and the dark spirit clan living in the dark region seemed to be this appearance!

Ye Chen slightly frowns, but how can this dark spirit youth appear here?

Besides, he was seriously injured and fell in front of his door?

At the moment, the dark spirit youth has fallen into a coma. When ye Chen hesitates whether to inform the family members to deal with it, he suddenly looks a little bit!

His eyes fell on the young man's finger. He wrote two words with blood.

This is a person's name.

This person's name is Gu Han!

Ye Chen's eyes twinkle and his face is a little cold. Gu Han once sent someone to assassinate him, and he also wants to calculate this account.

However, on his way to Gu's home, he once asked Gu Beixing whether Gu Han was in Gu Fu.

Gu Han tells him that he is missing!

Almost after ye Chen defeated Cui lien, Gu Han disappeared.

After pondering for a moment, ye Chen still brought the young man into the room, and with a wave of his hand, he scattered the blood on the ground.

This bareheaded dark spirit youth is the head of the Mosuo assassination regiment, Jia Lei!

.....

In the dark, in an underground palace.

On the throne carved from black jade, a young man with white hair was sitting lazily, with one hand on his chin, overlooking the man kneeling in front of him.

This young man, pale in color, is obviously not the dark spirit clan. He is the missing Gu Han from Gu's family!

However, I don't know why she had a white hair.

It is similar to Emperor Shitian.

And kneeling in front of him is a man of the dark spirit clan in the middle of the origin.

In front of Gu Han, this powerful dark spirit man shivers like a lamb to be slaughtered. Obviously, he is extremely scared!

Gu Han looked at him, and his voice was slightly cold: "I heard that you are the first killer of the Mosuo assassination regiment?"

The man, just hearing Gu Han's voice, shivered for a moment, nodded his head and said, "yes."

Gu Han said: "in this case, why did you still not find Jia Lei after such a long time? Yeah? The first killer of the Mosuo assassin regiment is this kind of rubbish? "

The man's clothes had been wet with cold sweat. His voice trembled and said, "tell the master, Najia Lei is too cunning, and he knows our methods of collecting intelligence..."

"What?"

Gu Han's eyes flashed a wisp of cold and said, "are you contradicting me?"

He raised his hand as if to reach for the man

This time, the man who was originally the first assassin of Mosuo's assassin regiment and made countless people tremble at the sight of him is almost scared out of his wits!

Gu Han is really terrible!

A month ago, Gu Han suddenly broke into the Mosuo assassin group. On the spot, he killed most of the members of the Mosuo assassin group and took it into his pocket with extremely terrifying strength

However, it is not Gu Han's strength that scares the man of the dark spirit clan!

But everyone who died in Gu Han's hands was extremely miserable, as if he had been sucked dry by Gu Hansheng!

Those who used to be companions, dying before the wail, scream, still linger in their minds!

Even if he doesn't blink like that!

In the whole Mosuo assassin group, the only one who escaped is Jia Lei!

Seeing that Gu Han's hand was about to fall on himself, the man quickly called out: "master, wait a minute! Although, I did not find Jia Lei, but I got another message! The man you brought our attention to is back in the dark" "What?"

Gu Han heard the speech, and his eyes were shining. He took back his hand and said, "do you mean ye Chen is back? Are you sure? "

The man exhaled heavily and said, "I'm sure! What's more, his subordinates have found out that ye Chen is looking after his family now! "

Gu Han asked: "you can find out, what strength is this boy now?"

The man of the dark spirit clan said: "the top of the nine layers of heaven in Butian realm is only a little distance away from heaven and earth. However, he is riding a demon beast. It seems that he is very powerful. With my strength, I can't judge the specific state of the monster..."

Gu Han was silent when he heard his speech.

In the silence, the man felt a little uneasy. He summoned up his courage and raised his head slightly. He looked at Gu Han, but his eyes trembled

See, Gu Han's face showed a very ferocious, evil, cruel smile!

However, soon, he restrained his smile, waved his hand and said, "go on, give you another half a month. If you still can't find Jia Lei, you will know the end."

"Yes

Hearing this, the man stepped back in a hurry.

After the man left, a group of black gas suddenly gushed from Gu Han's eyebrows and fell in front of him, turning into a vague old man's shadow.

Gu Han looked respectfully at the old man and said, "evil old man, my chance of revenge has finally come! However, the boy is very strange. I'm afraid there will be accidents... "

The evil old man, who was called the evil old man, said with a smile: "boy, what can happen to you if you have my help? Hum, your hatred is just a small matter.

Although it is not my original intention, I can only co-exist with you now. I will be prosperous and lose everything. Now the most important thing is to take you to the world!

In this dark area, there are so few evils that it is impossible for me to restore my strength. "

Gu Han heard the speech, and his face was full of excitement and said, "what the evil old man said is very true!"

Chapter 4648

The evil old man suddenly said with a smile: "however, I'm also curious about this boy named Ye Chen. If he really like what you said, his martial arts talent is extremely amazing and his physical body is extremely powerful

Hey, it must be delicious, right? "

Gu Han smelled the speech and licked his lips. His heart was beating wildly. He couldn't wait to hear the scream of Ye Chen before he died!

However, Gu Han did not immediately go to his home, but with a cruel smile, came to the underground of the palace.

Under the ground, there are many warriors of the dark spirit clan, most of them are women, and they are beautiful!

However, in addition, all of these women are above the origin of the existence!

They are all powerful women in the dark spirit clan. In the past, they were in high status, but now they are prisoners. Their beautiful eyes are full of fear!

All of a sudden, a burst of footstep sound sounded, those women heard the footstep sound, delicate body is slightly trembling!

The demon like Terran man is coming!

Gu Han licked and licked his lips. These are all the preys he collected these days. Isn't it a pity to throw them away like this?

Before swallowing Ye Chen, it's good to have an appetizer, isn't it?

Soon, there was a scream in the dark!

.....

Home care in Jingzhou.

Jia Lei frowned and slowly opened his eyes. When he saw that he was lying on the bed, he did not show any surprise.

"You are awake."

At this time, there is a man's voice beside Jia Lei.

Jia Lei took a look at the gradually healing wound on his body, turned his head and said with a smile: "thank you, Mr. Ye, for healing me."

Ye Chen's eyes flashed slightly: "do you know me?"

The reason why he saved Jia Lei was simple. He wanted to know about Gu Han.

Ye Chen has never been a "tolerant" person, he has let Gu Han go once, but Gu Han still wants to kill him?

Then, ye Chen must kill Gu Han!

He will take revenge!

With Ye Chen's current strength, to crush Jia Lei, you just need to move your finger. Even if you don't say his real strength, it's easy to kill Jia Lei, who is still seriously injured, relying on his physical strength alone.

However, even so, when Jia Lei faced Ye Chen, he was still very calm. He kept a smile and said, "I not only know Mr. Ye, do you still remember the killer who chased you? Don't you think he looks like me

Ye Chen smell speech, eyes flash for a while, did not speak.

Jia Lei suddenly said, "to be honest, I was the head of the assassin regiment who sent out the killers at the beginning."

Jia Lei is a smart man, otherwise, he will not live to the present. He knows that he wants to live now. Ye Chen is his only hope. He can't hide Gu Han all his life!

Lying in front of Ye Chen is definitely not a good choice, so he decided to confess everything from the beginning!

Ye Chen smell speech, eyes a narrow way: "you are not afraid that I kill you?"

Jia Lei said with a smile, "I'm not afraid."

"Why?"

Jia Lei stares at Ye Chen and says: "first, I don't have a grudge against Mr. Ye. The reason why I sent the killer is because of business. Second, Mr. Ye's real enemy is Gu Han. I have important information about him."

Ye Chen is silent for a moment. Jia Lei is really smart, or has a good vision. Ye Chen is not the type who is easy to be angry with others. He has a head for injustice and a master for debt.

Moreover, with Ye Chen's current strength, there is no need to argue with an origin.

In contrast, he is more concerned about Gu Han's news.

However, ye Chen still asked curiously, "why do you appear at home? Why betray your guests? And seriously injured? "

On hearing this, Jia Lei said with a bitter smile: "the reason why I appear at home is that I am avoiding Gu Han, so I have introduced myself to Gu's home through some relations..."

Although Gu Han's strength has increased sharply, the strength is not clean, and there will be some reluctance to face the family members.

This is like, some criminals have gained a lot of wealth, but dare not go home

So he chose to stay at home!

And coincidentally, that day, he saw Gu Beixing come back with Ye Chen!

At that time, Jia Lei's injury could not be suppressed. Originally, he had planned to wait for his death, but the arrival of Ye Chen was like a straw from the sky!

He must seize this opportunity!

Jia Lei's eyes flashed slightly and continued: "as for the betrayal of Gu Han, as well as the injuries on his body..."

When he said this, his face was slightly chilly: "that's because Gu Han is chasing me. Most of the Mosuo assassins have been killed by him. Only I escaped. Mr. Ye, now Gu Han is not the old Gu Han. To tell the truth, even I don't know what level of strength he has reached. However, if I guess it's correct, Gu Han is no longer the former Gu Han At least, on the top of the real world Not eating pork does not mean that

he has never seen a pig run. Jia Lei has been in contact with the real world. Even if he can't see through Gu Han's cultivation, he can have a rough judgment on his strength through his sharp eyes!

This time, it's Ye Chen's turn to be shocked!

On the real world?

You know, ye Chen's speed of promotion is unprecedented. Not long ago, his combat strength broke through the real situation

Although Gu Han has some martial arts talent, he can't reach this level!

Ye Chen couldn't help asking, "what's going on?"

There must be another secret!

Jia Lei frowned and said: "in fact, at the beginning, after ye killed Cui li'en, Gu Han was afraid of your revenge, so he left Gu's house and went to hide in the dark area. In the dark area, Gu Han should have some adventures! I have mastered a terrible evil skill! "

At this point, his eyes flashed a thick color of fear!

"Evil work?"

jalie sank his voice: "that evil work can swallow up the flesh and blood essence of a warrior and transform it into its own strength. This also makes Gu Han's strength skyrocketing. Maybe he did not finish his task and grudges against me when I collected his money that year, so I found the Mosuo assassination regiment...

But I was lucky to escape from his hand. What happened later, Mr. ye should know. "

When ye Chen hears the speech, he can't help but flash a touch of appreciation in his eyes. If Jia Lei doesn't lie, how hard it is to escape from Gu Han with his strength of origin!

This is by no means a fluke can be summed up!

And a person's rapid growth may only be achieved by evil power.

Isn't that the case of Lin Juelong in China?

Is there any evil power in the kingdom of God?

Ye Chen asked again, "do you know where Gu Han is now?"

Chapter 4649

On hearing this, Jia Lei's eyes flashed slightly: "it's in the palace of the Mosuo assassin regiment, but if I guess well, he will come to take care of his family soon."

Ye Chen has some unexpected way: "to care for home?"

Jia Lei said, "come and kill you

The corner of Ye Chen's mouth floated with a smile. Well, it saved him a trip.

However, at this time, xuanhanyu said: "Ye Chen, be careful. According to Jia Lei, Gu Han's evil skill is not simple. It can't be practiced without the help of the most powerful."

"Well?"

leaf Chen some puzzled, is not devouring flesh essence?

This kind of evil work is very common.

Old Shuo also said: "boy, according to Jia Lei's words, Gu Han devours the martial arts in the source area. What's the meaning of cultivating to reach the original state? That, but the existence of the flavor of Shiyuan road is so easy to swallow? Do you think everyone is as rebellious as you are? "

And ye Chen is only through the soul of the sky, swallowing each other's breath.

For a time, ye Chen's look is also some dignified down.

Jia Lei also said at this time: "Mr. Ye, my suggestion is to leave Gu's home first. I will help you avoid the exploration of those killers who have taken refuge in Gu Han. Then, take a long-term view and wait until you have enough strength to fight against one of them!"

Ye Chen is his hope. If ye Chen died in Gu Han's hands, he would live soon.

He can see that ye Chen is very strong. Even when Gu Beixing and ye Chen returned to Gu's home, they were seriously injured. It was probably caused by Ye Chen. That is to say, ye Chen's strength is above the reality. However, even so, Jia Lei still thinks that ye Chen is not sure of winning in the face of Gu Han!

Ye Chen hears speech, but lightly shakes head a way: "do not need."

It's not his habit to run away without fighting.

He cultivates Lingxiao martial spirit. As long as he has the possibility to defeat his opponent, ye Chen will not retreat. Moreover, he does not know Gu Han's specific strength at all now!

At this time, there was a knock outside the door. Ye Chen opened the door and saw a maid standing outside the door. She saluted Ye Chen and said, "master ye, the master is waiting for you in the reception hall."

Ye Chen's eyes flashed, and immediately followed the maid, toward the reception hall.

Soon, ye Chen stepped into the hall.

Gu Beixing's sword wound has healed, but his face is still very pale and his breath is a little weak. He can't help but smile when he sees Ye Chen's face as usual.

People are more than people. I'm so angry!

Ye Chen's vitality is the power that countless warriors dream of. It is this terrible vitality that makes Gu Bei move some thoughts about that thing

Ye Chen made a courtesy and said, "Uncle Gu, what can I do for you?"

Gu Beixing said, "come with me. I have something to give you."

With that, he led Ye Chen to a certain direction of Gu's family.

Originally, ye Chen, who still looks as usual, looks more surprised as he walks away

On the way, Gu Beixing took him through many prohibitions and came to the secret place where no one except the owner of the family was allowed to approach!

What appears in front of Ye Chen is a seemingly ordinary attic.

Gu Beixing took out a token and shot a light at the attic. The next moment, the gate of the attic opened slowly, and a cloud of dust rose. Obviously, the attic has been closed for many years

Ye Chen's eyes flashed slightly: "is this?"

Gu Beixing takes Ye Chen into the attic. On a wooden platform in the middle of the attic, there is a jade box, which looks plain and plain.

However, ye Chen's eyes are a touch of shock color!

He knew that the attic was not as simple as he thought!

There are hundreds of arrays around the wooden platform, emitting a breath of prohibition and extinction. Even if he rashly takes away the seemingly ordinary jade box, he will suffer great damage!

The token in Gu Beixing's hand lights up again. In the light of the token, all the countless arrays are untied. With one move, he takes the jade box into his palm.

Gu Beixing opened the jade box. At the next moment, a strong breath of destruction filled the attic!

Ye Chen's face color changes slightly, at this moment, the whole attic will be that destruction breath, rendering into ink!

He was curious about the things in the jade box. What kind of treasure can emit such a strong smell of destruction?

What appeared in front of him was a black pill!

Even if ye Chen's heart is a little dull

Most of the pills are used to heal wounds, practice and restore spiritual power. But this pill is obviously different!

Call it poison, more appropriate!

Such a powerful destructive force is contained in it. If the general warrior takes it, he will be eroded to death in an instant! Gu Beixing gazed at Ye Chen and said, "Ye Chen, have you heard of mieti pill?"

"Mieti pill?"

Ye Chen shook his head.

Gu Beixing said: "the so-called body killing pill is actually a kind of pill to help the warrior practice and destroy the Shinto."

Ye Chen hears the speech, in the eye flashed a wipe of different color!

He didn't expect that there were pills that could help martial arts practitioners practice Shinto?

Especially the level of destruction Shinto, which is extremely powerful!

Gu Beixing said: "you should be very clear that the destruction of Shinto is a kind of destruction and the power of death, but we are living creatures. We can even say that ghost cultivation is still alive in essence! Since they are living creatures, whether we want to or not, there will be a slight conflict between us and the God of destruction! "

Ye Chen nodded, he found this problem very early, however, this is also unavoidable.

Life and death are always antagonistic. As a result, there will inevitably be a trace of stagnation when exerting the power of destruction!

In Gu Beixing's eyes, he suddenly said: "this body killing pill is refined to make the body of a warrior more compatible with the Shinto of destruction!

If someone can refine it, it will not only improve the Shinto of destruction, but also become more compatible with the power of destruction. When you do something, the destructive power will not be stagnant. You should know how much improvement this can bring to strength! "

Ye Chen hears the speech, the pupil shrinks, this mieti Dan is too against the sky!

If you can perfect and destroy Shinto, ye Chen has self-confidence, and his strength will be more than doubled!

However, let Ye Chen a little curious is that this body killing pill seems to have been put for a long time, but why has no one refined it?

It's impossible to keep this kind of treasure until today!

He knew very well that there would never be many of these treasures. Besides, Gu Beixing obviously did not take mieti pill, and his body was still incompatible with the destruction Shinto!

Chapter 4650

It seems that seeing ye Chen's doubts, Gu Beixing said with a wry smile: "boy, this mieti pill is one of the most precious treasures left by Gu's ancestors. However, even the old ancestor didn't take this elixir. Not only that, but also left a command

That is, unless there is an extremely amazing demon, otherwise, no one can try to refine the body killing pill

The reason is very simple, that is, if you want to refine mieti pill, 99.99% of the warriors will die! "

Is the power of destruction so bearable?

In order to make the warrior's body more compatible with the destruction of Shinto, it will first destroy the warrior's body to one side, and then leave a mark of destructive power in every cell in the warrior's body!

This is not what ordinary people can bear!

Therefore, although the elixir is a treasure, it has been preserved to this day.

After seeing ye Chen's extreme vitality against heaven, Gu Beixing's first thought was this elixir!

Maybe there is only one person outside the country who has the chance to refine the elixir. That person is Ye Chen!

Gu Beixing said: "boy, you can choose by yourself. Do you decide to refine this elixir or give up?"

Ye Chen took a deep breath: "I want to refine huamieti pill!"

He will go to heaven and man soon. He must be promoted and promoted again!

Gu Bei will give the jade box to Ye Chen, and solemnly says: "boy, don't die. You promised me to bring xuan'er back to me!"

Gu Beixing is willing to take out this body killing pill, on the one hand, it is also for Gu Xuan.

Looking for Gu Xuan is not so simple. The stronger Ye Chen is, the better!

Immediately, ye Chen took over the body killing pill and sat down directly in the attic.

Gu Beixing walked out of the attic, but he didn't leave. Instead, he sat at the gate of the attic to protect the Dharma for ye Chen!

Ye Chen stares at the elixir. At the next moment, he opens his mouth directly and swallows it into his abdomen. His whole body works with spiritual power and begins to refine!

In a flash, ye Chen's face color is a change, his Dantian seems to be burning up!

An incomparably violent destructive force, in its meridians, raging madly!

Even if ye Chen has been used to the pain, at the moment, or the pain of the whole body cold sweat straight out, stuffy hum a!

He was biting his teeth, wildly mobilizing the spiritual power and vitality in his body to consolidate his body, so as not to be directly destroyed by the destructive force!

Can, very quickly, the face of Ye Chen is a bit ugly!

Even with Ye Chen's vitality, all insist extremely reluctantly!
