Chapter 4671

"Master!"

The mysterious female demon God's face trembled, and then he saw the figure of the stele keeper, which was constantly weakening.

The body of the God of blood and shadow disappeared in an instant.

Whoa!

The shadow of the reincarnation magic stele also exhausted all energy and disappeared completely.

"Slave, what other means do you have?"

Ye Chen Mou son a congealing, cold smile, leaning on the sword to support the ground, do not let himself fall.

Just after fighting with the stele keeper, ye Chen was seriously injured. With his constitution and even with the eight trigrams Tiandan technique, he could not be treated immediately. We can imagine how much the injury was.

But even though he was seriously injured, ye Chen's fighting spirit was still boiling. Looking at the mysterious female demon, he was full of murderous spirit.

The mysterious female demon God was in complete panic. He had just urged the magic stele. He also spent a great deal of spiritual power. His strength was no more than one in ten. Moreover, as the magic stele was dispersed, he lost his protection, and his blood was suppressed by Ye Chen again. He was full of fear.

"Lord, forgive me!"

The mysterious female demon God knelt down and shivered.

Although Ye Chen was seriously injured at the moment, in the eyes of the mysterious female devil, he was still a man like being in heaven, totally unmatched.

Ye Chen takes a deep breath. The eight trigrams aura surrounds the whole body and recovers slightly. The dragon Yuan Sky Sword is in hand, ready to kill.

"Lord, forgive me! If you want to take back Daogu and the magic stele, I can help you! "

"Fengxingmeteor lives in seclusion underground and has arranged many forbidden arrays. If no one leads the way, you can't get close to him."

"Even the Seven Saints of the past, the great emperor of Wuqu, are also working for Fengxing meteorite."

"Lord, you are alone. You are not their enemy."

"As long as you spare me, I can join hands with you to kill Fengxing meteorite, the great emperor of Wuqu, the demon spirit palace, and the magic stele and Daogu!"

Seeing ye Chen really wanted to kill her, the mysterious female demon was scared out of her wits and kept kowtowing to beg for mercy.

As long as ye Chen is willing to let him go, he is willing to surrender again, serve ye Chen, go through fire and water, at all costs.

You know, ye Chen's situation is not optimistic.

Fengxing meteorite is a master of Huanzhen six layers of heaven. There is also a great emperor of Wuqu.

What's more, they live in seclusion under the earth, avoiding the punishment of causality, and they have arranged countless forbidden array to protect themselves. If ye Chen wants to break through, it is absolutely impossible to climb into the sky.

In this situation, ye Chen and the mysterious female demon God join hands, is the best choice.

"Traitor, you have no right to talk nonsense in front of me!"

Ye Chen's voice was cold. With a sharp sword, he cut off the head of the mysterious female devil.

The sharp sword spirit, together with the spirit of the mysterious female demon, was completely crushed and killed with one sword.

Although it is the best choice to cooperate with the mysterious female devil, ye Chen's heart is strong and sharp, and can not tolerate any grievances.

What ye Chen wants is to have a clear mind and never trade with a traitor.

At that time, when the Tu Sheng assembly was faced with such a big threat from emperor Shitian, xuanjiyue wanted to cooperate with Ye Chen, but they were all rejected.

Now, a servant of the mysterious female demon God, she even wants to cooperate. It's a fool's dream.

What's more, no matter how severe the Fengxing meteorite is, it's impossible to compare with emperor Shitian. Ye Chen naturally has no reason to be afraid.

Therefore, ye Chen did not hesitate to kill the mysterious female demon.

"Reincarnation, return to me!"

Ye Chen, waving his hand, draws out the law of reincarnation in the body of the mysterious female devil, and reintegrates it into his own blood.

Ye Chen of the previous life left some energy of the law of reincarnation in the body of the six reincarnation demons. The law of the mysterious female demon God belongs to the animal way.

This part of the law returns to Ye Chen's body.

Whoa.

On Ye Chen's body, the light suddenly blooms, integrates the law of previous life, blood and energy progress, and quickly recovers from the injury.

"Now the laws of the hungry ghost road and the animal road have been collected again. If we can collect all the laws of the six ways of reincarnation, my six ways of reincarnation will have a qualitative transformation."

Ye Chen thinks that the six ways of reincarnation, among the thirty-three Tianhong Mongolian laws, ranks first and is very difficult to practice. Even if ye Chen has learned it, it is difficult to make progress before stepping into the realyland.

In general, only when we break through the realms and the roads are real, can the six ways of reincarnation have the possibility of breaking through.

But now, with the law of previous life, ye Chen may have the chance to change!

Now that he has collected the laws of the hungry ghost road and the animal Road, ye Chen feels that his strength is doubled and his spirit is full. If he gathers all the laws of the other heaven's humanity, humanity, hell road and Asura Road, ye Chen will be invincible.

Once the six heavenly powers break out, the destructive power will be enough to shake the sharp edges of emperor Shitian and xuanjiyue.

"Lord devil!"

Seeing the death of the mysterious female demon, all the disciples in Xuanmu's house were frightened.

They did not expect that ye Chen could kill the mysterious female demon. You know, the mysterious female demon God was a master in the early stage of the real world, and this time, with the help of fengxingxiao, he borrowed the power of a magic tablet, but he was not ye Chen's opponent.

"Are you really the master of the demon lord? In the legend

One by one, looking at Ye Chen's figure, their eyes were full of shock. Before the word "reincarnation Lord" was spoken, endless blood moon sword spirit had fallen from the sky and killed them all.

Boom!

Ye Chen killed all the people with one sword, and destroyed Xuanwu's house, cutting off all causes and effects.

"Brother, you Are you really the reincarnation master? "

Su Chenyu witnessed the battle all the way, and saw the mysterious female demon who recognized herself as a slave. She was shocked. She did not expect Ye Chen to be the master of reincarnation.

"My sister has such a great face that she can ask the reincarnation master to save me."

In Su Chenyu's heart, she thought Ye Chen had stepped into the dark and dry land to save her.

"I'll take you out first."

Ye Chen smiles, puts away his sword, takes Su Chenyu and leaves here quickly.

The battle just now, no doubt, has attracted the attention of Fengxing meteorite and the ghost palace.

But strangely, there is no strong man in the magic spirit palace.

The wind star meteor did not come, and only gave a wisp of magic stele spirit to the mysterious female demon God. It seemed that there was something to fear.

Ye Chen secretly guessed that the amount of business caused by tomb theft and Fengxing meteorite was too large, so he didn't dare to show up. He was afraid of being punished by God, so he could only live in the ground.

You should know that the law of reincarnation is superior to the heaven. If you dare to dig the tomb of the reincarnation master, it is an act of great disrespect. Ye Chen doesn't even have to do it, and the heaven and earth will have disasters and punishments to kill Fengxing meteorite.

It's called Tianfa killing machine. It's terrible.

Therefore, Fengxing meteorite did not dare to appear.

Ye Chen takes Su Chenyu to the exit of the dark magic land and sends her out.

Along the way, the two met no obstacles.

Chapter 4672

The spirit palace, absolutely found the existence of Ye Chen, but they did not dare to fight head-on. It was obvious that they were afraid of reincarnation and the number of karma.

If ye Chen wants to go, he can go now without any obstacles.

But the problem is that the stone tablet of reincarnation, as well as a section of bones of the reincarnation master, are all in the hands of the magic spirit palace. How can ye Chen return empty handed?

However, fengxingmeteor hid in the ground, he did not dare to confront Ye Chen head-on, trying to hide Ye Chen underground.

In the underground world, fengxingmeteor has arranged many large arrays, which are enough to kill all enemies.

Ye Chen is naturally aware of this. The current situation is very difficult.

Fengxingqiu did not dare to fight head-on. If ye chenzhen went to the bottom of the earth, he would be too passive. He was restricted everywhere, even in danger of falling down. He had no assurance of winning.

"Brother, thank you for saving me. Shall we go back together?"

Dry dark magic exit, Su Chenyu blinked, looking at Ye Chen, want to return to the land of anger with him.

This time ye Chen saved her, she is very grateful, just want to repay Ye Chen.

Ye Chen laughed and shook his head: "I still have something to do. You can go back by yourself."

With that, ye Chen tears the void, creating a space tunnel, directly connecting to the land of anger.

At the beginning, Su Huazheng gave Ye Chen the sword spirit Fu Zhao of Longyuan Tianjian. Now ye Chen rescued Su Chenyu. This cause and effect has been paid off.

Now, ye Chen has more important things to deal with. Naturally, he can't go back with Su Chenyu.

The reincarnation magic stele, as well as a section of bones of the reincarnation master in the past, are all in the hands of the demon spirit palace. Ye Chen must find a way to seize it, otherwise it will be delayed, and fengxingmeteor will really refine the magic stele, and ye Chen will have no chance.

Ye Chen has seen the power of the magic stele just after the battle with the mysterious female demon God. In the hands of those who are strong in the real world, the magic stele is almost invincible to the sky. The figure of the person guarding the monument, and the towering blood shadow demon God, still make ye Chen afraid.

"If I really face Fengxing meteorite and the body of magic stele, do I still have a chance to win?"

Ye Chen's mind is dignified, thinking secretly.

"Well, brother, I'll go back first."

Su Chenyu also knows that ye Chen has something important to do and can't accompany her any more.

"Brother, take this bag."

Su Chenyu took out a brocade bag and handed it to Ye Chen.

Ye Chen received down, weigh a moment, suddenly feel heavy incomparable, way: "what is this?"

Su Chenyu said: "it's the tea of Taishang tea tree, which can resist the evil spirit."

"Tea from Taishang tea tree?"

Ye Chen is stunned and opens the brocade bag. There are more than ten pieces of green tea in the brocade bag. Each piece of tea has a heavy weight. It seems elegant and elegant, and actually contains the power of the world law.

Su Chenyu said: "a long time ago, it was said that the stars of the supreme heaven collapsed and a seed fell down. This seed took root and sprouted in the dark and dry land and grew into a tea tree."

"This Taishang tea tree is the key to support the dark and dry earth. It has a strong aura. When you make tea with Taishang tea, you can resist the evil spirit after drinking it."

"In this year, I have not been eroded by the smell of magic stele. Half of it is because my blood and the blessing of Longyuan sword spirit are not easy to pollute. The other half is because I secretly picked these Taishang tea and made tea to keep myself healthy, so I was not affected."

Ye Chen said, "so it is."

In Su Chenyu's meridians, there is a wisp of evil Qi, but it is not deep. When she leaves the dark and dry land, she can refine and solve it by herself.

Trapped in qiandark magic land for a year, Su Chenyu didn't fall into the enemy's hands, which was attributed to the Taishang tea.

Su Chenyu said: "brother, if you really want to go underground, make good use of these tea, you can fight against the forbidden law of the magic spirit palace."

Ye Chen eyes a bright, way: "good, thank you, I will pay attention to."

These Taishang tea leaves have a strong aura. Ye Chen has a feeling that if there are enough tea leaves, they can even fight against the heart demons!

The magic sword of emperor Shitian's heart demon really makes the head ache. It's just a big cancer. Ye Chen has no absolute control.

The best way to deal with heart demons is to use taishangyuan Dao, but it is the secret of emperor yuan hall that can't be mastered by outsiders.

But now, these tea leaves, aura is extremely pure, if brewed into tea, enough to resist the attack of heart demons.

After all, this is a spiritual object from the supreme world, which is precious and hard to estimate.

As long as you haven't mastered the Ninth level, there is room to resist.

If the emperor Shitian practices to the Ninth level, then there is no way. This is the real end of the heavens, the gods at dusk, the superior can not stop.

"Brother, be careful. I'll go first."

Su Chenyu is a little reluctant to give up. After a look at Ye Chen, he finally steps into the space tunnel and leaves.

And ye Chen get along with time, although short, but ye Chen Jing Tian strength, has left an indelible impression in her heart. When Su Chenyu leaves, the space tunnel disappears, and the evil spirit of the dry and dark magic land is closed again. Ye Chen's face is dignified, thinking about how to capture the magic tablet.

"Fengxingqiu wants to be a turtle with a shrinking head, which is troublesome."

Ye Chen brows locked, he is not stupid to a person to drill into the ground, it is simply to die.

But the Fengxing meteorite does not come out, the situation falls into a standoff, which is greatly disadvantageous to Ye Chen.

After all, the dark magic land is the territory of the magic spirit palace. If it is delayed, there will be more ways for Fengxing to fall than ye Chen.

"If you want to be a shrinking turtle, I'll smash your shell!"

Thinking over and over, ye Chen's eyes are in vain and fierce, and he has made a decision in his heart.

He offered a sacrifice to Longyuan Heavenly Sword. A wisp of sword spirit condensed into essence and sent a message back to Yuantian yuan.

"Xuelong, xiaoshuihan and the devil emperor, please come and help me

The message of Ye Chen's flying sword is very simple. It's a helper!

Since it's hard to break through the blockade of Fengxing meteorite alone, call someone!

Ye Chen's martial arts are used to fighting alone, but this time, it's really important for the reincarnation monument.

Therefore, ye Chen did not hesitate what, at all costs, but also to seize the magic monument!

Next, ye Chen hid himself in the dark and dry land. He didn't show up easily and didn't have any impulse, waiting for the best time.

At this time, the earth is deep.

A huge dark underground palace stands quietly.

Outside the gate of the underground palace, there is a huge tea tree. I don't know how many thousands of feet high. Every branch is as thick as a dragon, with an ancient and vicissitudes of life.

There are also pieces of green tea, emitting a fragrance, diffuse in the underground world, washing the air.

Even in the deep underground world, the air is very fresh and refreshing. It's because of the existence of this tea tree.

This tea tree is the key to support the whole dark and dry magic land.

At the bottom of Taishang tea tree, there are two figures, one sitting cross legged, the other standing guard.

The figure sitting cross legged was an old man with a rolling body of evil spirit and a blue purple face. It was obvious that he was in a state of breaking down after practicing martial arts.

Next to the old man, the man standing was a middle-aged man with majestic martial posture, the legacy of ancient sages, and his eyes were dignified and upright.

"Damn it, the retribution of the law of reincarnation and the reverse of the magic stele are getting more and more serious. Even the supreme tea tree can't resolve it."

The old man's face was restless and restless.

Chapter 4673

"Lord, please don't be impatient. The Lord of reincarnation in this world is in the dark and dry land. If you kill him, you can swallow the blood of reincarnation, and all problems can be solved easily."

The middle-aged man said calmly.

"The reincarnation master is not so stupid. He can't come to the underground to die. I can't go out. If I drag on like this, sooner or later, I'll die of a devil!"

The old man was even more agitated. His face was blue and purple, lingering. The whole face seemed to be a pig liver, which was very ugly.

This old man is the master of the magic spirit palace, Fengxing meteorite!

The cultivation of Fengxing meteorite is enough to reach the six levels of heaven of Huanzhen.

But now, this wind star meteorite, actually does not have what strong person's big charm, on the contrary is embarrassed, one face manic appearance.

Because, at the moment, Fengxing meteorite is facing a huge threat.

At that time, in order to urge the reincarnation magic stele, fengxingqiu sent someone to dig the tomb of the reincarnation Lord. Although he did not do it himself, the crime of offending Tianwei was still counted on his head.

He offended the reincarnation master, accumulated a lot of karma, and did not disperse for tens of thousands of years.

With the arrival of Ye Chen, this industry number, broke out more strongly, let Fengxing meteorite be possessed at any time.

Even if there is the digestion of Taishang tea, it is difficult to calm down.

On the other hand, Fengxing meteor tried to refine the magic stele, but his Qi was not enough and his blood was not strong enough. Even though he had worked hard for tens of thousands of years and sacrificed countless creatures, he could not completely refine the magic tablet, let alone pass the test of the tablet keeper.

The strength of the stele keeper depends on the strength of the challenger.

The strength of the meteorite stele is so strong that it can't defend the sky directly.

The magic stele can't be recovered for a long time. Fengxing meteorite has suffered from the evil Qi, and the number of blood sacrifice to the living creatures has also poured in layer by layer. The Fengxing meteorite can hardly support it.

The situation facing Ye Chen is very difficult.

The situation that fengxingqiu is facing is also thorny.

The middle-aged man said coldly: "since the reincarnation master dare not step into the ground, we will drag him down!"

Fengxing meteorite coagulation heavy way: "where is so easy, I offend the reincarnation Tianwei, today's reincarnation master kills the door, I am doomed."

"At present, I can only pray to the Lord of the magic stele, or I will die."

"The reincarnation master is so lucky that he can't be killed by Tu Sheng assembly, nor can he be killed by mysterious female demons. I can't kill him unless he is really stupid enough to come to my territory."

Although fengxingmeteor's accomplishments have reached the six levels of heaven in the real world, he still has too much karma and dare not face Ye Chen directly. Otherwise, Tianfa will kill Ye Chen, and ye Chen will be killed by Tianxun thunder.

This is the price of stealing Ye Chen Dao bone and offending reincarnation Tianwei!

Even the Xuanji moon and the emperor Shitian didn't want to dig graves and steal tombs. It's disrespectful to plot the reincarnation Lord secretly. It's terrible to dig graves again. Once the punishment comes, no one can stop it.

This is the power of reincarnation!

The samsara blood is superior to the heaven. If you offend the reincarnation master, you will be punished by heaven.

Now fengxingqiu wants to defeat Ye Chen, unless ye Chen breaks into the ground and steps into the territory of the demon spirit palace. In this way, fengxingqiu can reverse the cause and effect and kill Ye Chen with the help of countless magic arrays, the power of the earth's veins, and the power of the reincarnation magic stele.

If ye Chen doesn't come, then Fengxing meteorite has no choice but to ask the master of the magic stele to make a move.

The legend of the reincarnation magic tablet, has been born human wisdom, can be transformed into human form, is the master of the magic tablet.

The middle-aged man said, "the Lord of the palace, it's impossible to ask the master of the magic tablet to make a move, unless you can find the tianwu Wolong Sutra."

Fengxing meteor said with a bitter smile: "tianwu Wolong Sutra, this is the most mysterious existence in the 33 Tianhong Mongolian Dharma. Where can I find it?"

The middle-aged man said: "the life form of the master of the magic tablet is completely different from that of the human warrior. Only by practicing the tianwu Wolong Sutra can he have a breakthrough. If he can't find this skill, he can't help us."

Fengxing said: "of course I know that, but tianwu Wolong Sutra has been completely lost since Wuzu fell behind. Nobody in the world has ever seen this skill again. I can't bring it out, but the master of the magic tablet must ask for it, or else the reincarnation will come, and you and I will turn into dust!"

The middle-aged man said: "the master of the magic tablet is extremely rebellious. It's hard to ask him to fight. It's better to invite my younger martial brother, Lord of the palace."

Fengxing meteorite's eyes brightened and said, "your younger martial brother? Is emperor Shitian willing to help us? "

This middle-aged man turned out to be the emperor of Wuqu, one of the Seven Saints in ancient times. He was also the elder martial brother of emperor Shitian.

At that time, the great emperor of Wuqu was hired by Fengxing meteor to steal the tomb of the reincarnation master, snatched Daogu, and was also implicated in the cause and effect of reincarnation. He had to hide in the bottom of the magic spirit palace to escape the natural punishment.

In the past tens of thousands of years, Emperor Wuqu sent letters many times, hoping that emperor Shitian could save himself, but no reply was received. Now, the great emperor of Wuqu said that he would ask the emperor Shitian to fight against the reincarnation master. Fengxing meteorite only felt fantastic and impossible.

In these years, the emperor Shitian didn't want to get involved in the samsara cause and effect, and he didn't want to help even though the emperor of Wuqu was suffering.

Fengxingqiu heard that the emperor Shitian was badly hurt at the butcher's meeting some time ago. Now he is in danger. How can he spare no effort to help?

The great emperor of Wuqu laughed and said: "at the butcher's meeting, my younger martial brother launched a heart demon trial, which completely tore up all disguises. He no longer fears reincarnation and wants to kill the reincarnation master. As long as we make enough chips, my younger martial brother is willing to help."

Fengxingqiu frowned and said, "chips? What kind of chips should I offer to help

The great emperor of Wuqu said, "palace master, this is for you to consider."

It's not easy for Xiangdi to help him, but it's not easy for him to understand his strength.

Moreover, Emperor Shitian launched a trial of heart demons, which has become a notorious big devil. Everyone in the universe would like to kill him. If he cooperated with emperor Shitian, he might be implicated.

"If the emperor wants to solve the situation, he has to help."

"Emperor Wuqu, if your younger martial brother is really willing to help me, I am willing to share the reincarnation magic tablet with him!"

Weighing again and again, Fengxingmeteor bit his teeth and made a decision in his heart.

Now the Lord of reincarnation has come to the dark and dry devil land, with the heavenly power of reincarnation and the anger of previous generations. Fengxingqiu doesn't dare to fight head-on. He just wants to ask emperor Shitian for help.

"Share samsara magic stele?"

As soon as emperor Wuqu's eyes brightened, Fengxing meteorite's chips were almost cut off. He even took out the stone tablet of reincarnation, which was regarded as the lifeblood, and was willing to share it with emperor Shitian.

Chapter 4674

"Palace master, if you are willing to cut meat and share the reincarnation magic stele with my younger martial brother, he will definitely do it!"

"Samsara magic stele contains archaic evil Qi. If my younger martial brother gets it, he will devour refining, and the heart demon curse sword can at least break through to the sixth level!"

Samsara magic stele, the most precious treasure of heaven and earth, is so precious that it can be said to be the source of all the demons in the universe, and even can strengthen the heart demons!

If the emperor Shitian gets it, his heart demon's curse sword will advance by leaps and bounds.

"The emperor of Wuqu, then send a letter of flying sword and ask the emperor Shitian to help. After the event is completed, I am willing to share the reincarnation magic stele with him!"

Fengxingmeteor bit his teeth and felt very painful, but now the situation is critical, he can't think too much.

"In addition, this bottle of Tiancha pill is also given to Emperor Shitian as a gift for meeting."

After a pause, fengxingqiu took out a bottle of pills. Inside the bottle, there were more than ten round and green wushangyuan pills, called tianchadan. They were refined from the tea leaves and stems of Taishang tea tree.

Taishang tea tree has the aura of the supreme world. The elixir refined from the branches and stems of Taishang tea has a very good healing effect. It can also dispel the evil Qi, clear the heart and nourish the soul. It is of high value.

"Palace master, you even want to give it to my younger martial brother?"

The emperor of Wuqu was surprised. It was very difficult to refine Tiancha pill. There were only three or five bottles of Tiancha pill in the whole magic spirit palace. It was a miraculous elixir that fengxingqiu used to dissolve the evil tablet and dispel the evil Qi. It was extremely precious.

Fengxing meteorite said: "if you don't show sincerity, how can emperor Shitian cooperate with me? Time is urgent. Send a letter to ask the emperor to help him

"Good!"

Wuqu emperor's eyes twinkled, and immediately drew up a flying sword letter, together with Tiancha Dan, sent it to emperor yuan hall.

He and fengxingxiao are already grasshoppers on the same rope. If Fengxing meteorite has an accident, he will be in danger. Therefore, he will kill Ye Chen at all costs to protect Fengxing meteorite.

.....

To the north of the dark land, in a secluded mountain range.

Ye Chen sits cross legged, breathing convergence, waiting in silence.

"Calculate the time, my flying sword message should be sent to Yuantian yuan. Just wait for Xiao shuihan, the devil emperor and the blood dragon to come, I will have enough strength to break into the magic spirit palace!"

Ye Chen clenched his fist. The headquarters of the magic spirit palace was arranged underground, surrounded by countless magic arrays. Naturally, he could not have been so stupid and ran to the ground to die alone.

Now what ye Chen wants to do is to wait for Xiao shuihan to come over.

Hiss!

At this time, a sword spirit burst into the air, suddenly sounded.

Ye Chen looked up, but he saw a flying sword directly into the sky, breaking through the prohibition of the dark and dry land, tearing the void and flying away to the distance.

"Flying sword to pass the message? Share samsara magic tablet? Tianchadan

"Fengxing meteorite, you also want to call a helper!"

Ye Chen pinches a finger to calculate, immediately peep at the numerous natural machine, a burst of huge danger, attacking his mind.

It turns out that fengxingqiu didn't dare to fight head-on, but he wanted to ask emperor Shitian to help him. He also made a big chip and was willing to share the reincarnation magic stele!

"This guy is crazy. He wants to share the reincarnation magic tablet with emperor Shitian. Doesn't he know that emperor Shitian is the master of the heart demon?"

Ye Chen takes a breath of cool air and suddenly feels the seriousness of the matter.

If the stone tablet of reincarnation falls into the hands of emperor Shitian, the consequences will be unimaginable. The great curse sword of emperor Shitian's heart demon will definitely soar to the sky!

This magic tablet, however, is the source of all kinds of demons. Its value is unimaginable. Even the heart demon can grow stronger.

Ye Chen looks at the far away flying sword to pass the letter, the face is dignified to the extreme.

It seems that he and the emperor Shitian are doomed to be enemies. In a place isolated from the world like the dark and dry land, they still have a cause and effect, and they can kill and fight endlessly.

"Well, let's see who is the winner."

Ye Chen bit his teeth and ignited his fighting spirit.

Now that he has come to the dark land, ye Chen can't go back empty handed.

Reincarnation, capture him.

A piece of bone from the past life should also be taken back.

Even if emperor Shitian comes, he can't be stopped!

.....

Yuantianyuan, surface.

The former ruins of the earth's surface have been rejuvenated. After the completion of the slaughtering ceremony, Yuantian courtyard was moved back to the ground to rebuild its former glory and was no longer hidden in the underground city.

Because of this slaughtering meeting, Yuantian court and emperor yuan hall have already torn their faces, so there is no need to hide them.

However, no one knows the secret of the yin-yang temple, except for Yu Si ye, vice president Qin Zhennan, and elder Qin Xingyun.

Yuan Tian Yuan, on the surface, is to fight against the emperor yuan temple. In fact, it is a move of the reincarnation master, aiming to cultivate elites for the yin-yang temple and fight against the legendary wanxu temple!

At this moment, the Council Hall of Yuantian yuan.

Yu Si ye, the eternal holy king, Yan Kun, Zha Tian Mo Di, Xue long, Xia Ruoxue, Xiao shuihan and others all gathered together. All of them looked dignified and looked at a letter. This letter is from ye Chen!

"I knew that the boy was very lucky and did not die."

The eternal King narrowed his eyes and nodded with relief.

At the end of the butcher's meeting, they pursued Ye Chen painstakingly, but did not get any news. A few days ago, Yan Kun returned and said that ye Chen was still alive and ready to search for the reincarnation magic stele. People were still skeptical.

Now, after receiving the letter from ye Chen, people can finally confirm that ye Chen is still alive.

"I said, big brother is still alive, don't you believe it?"

Yan Kun came back a few days ago. Now that the butcher's meeting is over, Wei Ying returns to the cold and secret place to practice again. Ji Siqing also has a very important thing to do and goes abroad to experience.

"Master sent a letter for help. Let's go and help! That Fengxing meteorite dare to dig the bones of master's Tao. I want him to be broken into pieces! I have already understood the Buddha's way. It's easy to kill that wind star

Xiao shuihan clenched his fists. His eyes were full of anger. His bones crackled. His eyes were full of anger. His hair was shining like a Buddha. His breath was magnificent.

Now Xiao shuihan can't see the evil spirit, only pure Buddha light.

He practiced the master magic sword and practiced in the heaven prison for tens of thousands of years. He accumulated a lot of evil Qi on his body, but now he can't see it all and is replaced by Buddha light.

In his eye pupil, there is the noble and righteous spirit of Buddhism lighting lamp. The cultivation of the whole person has actually reached the four levels of the true state!

It turns out that after the completion of the assembly, Xiao shuihan had some understanding, thoroughly mastered the Buddhism hidden in the Maha limitless lamp, washed out the evil Qi, and incarnated as an ancient Buddha burning lamp.

Maha limitless lamp, one of the twelve true treasures of the Supreme God, represents the magic weapon of Buddhism. There is a Taoist method left by the supreme goddess, called the supreme Buddha. After understanding, it can incarnate as the ancient saint of heaven Buddha and suppress all demons. It is very powerful.

Today's Xiao shuihan clearly understands the heaven's Buddhism and Taoism, and the evil spirit of the past has been washed away.

Chapter 4675

"The master said clearly in the letter that fengxingmeteor is hiding in the ground, relying on countless magic array to fight against the punishment of reincarnation Tianwei. We must go over as soon as possible, and kill with the master, crush the demon spirit palace, take back the master's Daogu, and reincarnation magic stele!"

The blood dragon sat on one side and became a majestic young man, holding the imperial Scepter in his hand. On the scepter, an Emperor Dragon bead twinkled with brilliant breath.

There's a dragon in the dragon's gate, but there's no dragon's way.

The blood dragon felt that he was short of an opportunity and a battle.

If he experiences another decisive battle of life and death, his spiritual breakthrough may be able to understand the way of the supreme Heavenly Dragon, incarnate the supreme dragon, and oppress forever!

Now ye Chen has to face the magic spirit palace. It's the time to fight life and death!

"Reincarnation magic stele is very important. These treasures can't fall into the hands of outsiders. I'm going to help the boy. Who are you going with me?"

The devil emperor stood up. His clothes were covered with layers of evil Qi. The evil Qi turned into crows and kept flying. When the evil Qi turned, it even involved hundreds of layers of space and pulled out black holes.

The whole person of the dark emperor is more terrible than the master of the demons. He is surrounded by the black holes of the universe and is constantly swallowing the evil spirit of the universe.

This is the breath of the gods, the majesty of the gods!

The seven evil thousand crow pot, which contains the mysteries of the heaven's magic way, is a magic treasure.

Obviously, after the end of the butcher's meeting, the demon emperor of zheten also had an insight into the magic method of heaven's evil way, and his accomplishments and promotion were multiple!

"Master devil, I will go."

The blood Dragon said in a deep voice. He looked at the dark emperor and Xiao shuihan. Both of them understood the supreme Taoism, but he did not.

XUELONG deeply felt that his strength was not enough. He only wanted to rely on a real life and death fight to improve his strength and understand the way of the supreme Heavenly Dragon!

"Big brother is in trouble. Of course I will go."

Yan Kun also stood up, his life was saved by Ye Chen, now ye Chen is in trouble, he naturally will not sit idly by.

"That fengxingqiu dares to dig his master's bones. I'll kill him myself!"

Xiao shuihan also stood up, a little bit of Buddha's light lit lamp, heroic dry cloud.

The eternal king also said, "I will go with you. The magic spirit palace has arranged many forbidden arrays under the ground. I may be able to help you in the array way."

Xia Ruoxue said: "take me! I can't watch ye Chen go wrong"

"If snow girl, you don't have to go. Xuanjiyue, the empress of the upper world, regards you as a sinful girl. If you leave the protection of yuantianyuan and expose it rashly, it will easily arouse the hostility of xuanjiyue."

Smell speech, summer if snow, beautiful eyes a shock.

The God of covering the sky is right. If she is exposed and chased by Xuanji moon, it will only drag Ye Chen down.

Now ye Chen has to face the power of the magic spirit palace, which is extremely difficult. If even Xuanji moon also comes, it will be difficult to deal with the situation.

Xia Ruoxue bit her silver teeth and said, "well, I'll stay. You should pay attention to your safety. You must not let Ye Chen have an accident."

"Don't worry," he said

Then, his eyes congealed and looked around the audience: "gentlemen, it should not be too late, we immediately set out to go to the dry dark devil land!"

"Good!"

The people responded in unison, and the battle spirit was uplifted.

At that time, the blood dragon appeared in the shape of a dragon, carrying four people, namely, the God of heaven, Yan Kun, the eternal holy king, and Xiao shuihan, tearing up the void and going to the dark and dry land.

.....

At the same time, the palace of emperor yuan, the bottom of endless abyss.

In the palace of red lotus and purple gold, Emperor Shitian has received a message from emperor Wuqu and the bottle of Tiancha pill.

"The reincarnation master of this life is still alive indeed!"

"Is he in the dark land?"

"Fengxingqiu wants to cooperate with me to kill the reincarnation master. After the event, share the reincarnation magic stele?"

After reading the contents of the letter, Emperor Shitian's eyes flickered and he thought about it in his heart.

Eight old heart demons, all under the throne of the emperor, also know the news of the message.

"The great emperor of Wuqu, a despicable villain, helped Fengxing to steal the tomb of the reincarnation master and steal the bones of the reincarnation master. It is simply not allowed to do so!"

"Such despicable people are against the sage's way!"

"Emperor Shi, don't help him, just let him live and die by himself."

Seeing that it was a letter sent by the emperor of Wuqu, the eight old men were filled with indignation and angry.

The great emperor of Wuqu was a disciple of Yan Changge in the past. However, after Yan Changge's fall, he betrayed the sage's road, and actually committed grave robbing and grave digging, which was against the sage's education.

Although the eight old heart demons all want to kill Ye Chen, they have principles, and they can't dig graves.

"Elder martial brother Wuqu is only employed by others. It's not his business that he's behind the scenes. It's none of his business. Please don't get angry." Emperor Shitian smiles and weighs the bottle of Tiancha pill in his hand. In his old and turbid eyes, there is a glimmer of light.

An old heart demon said, "emperor Shi, even if the emperor of Wuqu is innocent, but the wind star has dug up a human tomb. How can you cooperate with him?"

Emperor Shitian shook his head and said, "the chips he made out are qualified to let me do it. If I can get the reincarnation magic tablet, my heart demon cultivation will be able to advance by leaps and bounds."

The chip given by Fengxing meteorite is to share the samsara magic stele, which is a huge temptation for emperor Shitian!

If you can get the reincarnation stele, the heart demon curse sword of emperor Shitian, you can definitely break through!

In addition, Fengxing meteorite also sent a bottle of tianchadan to express the great sincerity of cooperation.

Bang!

Emperor Shitian pulled out the lid of the medicine bottle and poured out a Tiancha pill. Suddenly, the whole palace was filled with a faint fragrance of tea, refreshing.

It's not only used to cure the tea tree, but also to make the tea powder

Emperor Shi Tian "Gudong" and directly swallow Tiancha Dan.

At that time, the emperor Shitian launched the heart demon trial at the butcher's Congress, which led to his own suffering from a little bit of revenge. The martial arts mood almost collapsed, and his mind became extremely frivolous and restless, which was not conducive to cultivation.

And this Tiancha pill has the effect of dispelling evil Qi and nourishing soul.

Chuckle!

With emperor Shi Tian taking Tiancha pill, wisps of smoke and white fog curled up from his head.

The wrinkles on his face disappeared one by one, and his face gradually returned to its former ruddy, lustrous, handsome and indistinguishable.

A head of white hair, a root to restore white crystal.

The mania between the eyebrows, completely faded down, and restored to the old days, calm as Mount Tai.

"Emperor Shi, your martial spirit has been restored?"

Eight old heart demons saw the change of emperor Shitian, and was shocked.

Chapter 4676

"The mood is recovered, but the injury is still serious."

The emperor Shitian had white hair and indifferent eyes. He felt that his injury was still very serious. The wound caused by Shenluo Tianjian could not be completely recovered in a short time.

However, his martial arts state of mind recovered, the whole person calm terrible, even in the face of such a serious injury, also did not panic, but consider how to treat.

"Elders, I decided to cooperate with fengxingqiu."

"As long as I kill the reincarnation Lord, add the atmosphere to my body, and cooperate with the reincarnation magic tablet, my injury can recover instantly."

"At that time, my emperor yuan hall will have a chance to make a comeback!"

Emperor Shi Tian's eyes were calm and made a decision in an instant.

As long as you kill Ye Chen and get the nourishment of reincarnation, his injury can recover instantly.

Moreover, Feng Xingqiu also promised to share the samsara magic stele with him. As long as he gets the magic tablet, he can not only recover from his injury, but also upgrade his heart demon cultivation.

The benefits are too great.

As long as the cultivation of heart demons is improved, the power will be even more terrible if the emperor releases the heaven and launches the trial of heart demons!

The eight old faces of heart demons look at each other. Although they disdain to cooperate with fengxingmeteor, the chips offered by the other side are really rich.

If you can kill Ye Chen and seize the six samsara methods, they will have a chance to revive the former Lord Yan Changsong!

"Well, cooperate! But Fengxing is a despicable villain. We only cooperate with his interests and never make friends with him! "

Eight old heart demons gnawed their teeth and agreed to cooperate, but on the premise that they could not make friends with Fengxing meteorite, but only maintained interest relations.

"Naturally, I know that. It should not be too late to prepare the Fu Zhao for the battle and send it to the demon spirit palace!"

The emperor interpreted heaven and pointed out that he made a sword and cut off a wisp of white hair. Each hair evolved a Fu Zhao, and each Fu Zhao contained a world of self-reliance.

He was seriously injured. Naturally, it was impossible for him to come to the dark and dry land in person. These white haired Fu Zhao had his own world breath inside. If he came in person, it would be enough to deal with the reincarnation Lord of this world.

Eight old heart demons also sacrificed a drop of blood essence, evolved into Fuzhao, on which there are layers of deep breath.

They integrated all the supernatural powers of the supreme heaven into the Fu Zhao.

A large number of Fuzhao flew out of the endless abyss, tearing up the void and flying to the dark and dry land.

After all this, whether it is emperor Shitian, or eight old heart demons, his face has a trace of weak pale.

Those Fuzhao just now consumed their great spiritual power.

Although they couldn't come to qiandark devil's land in person, they refined so many battle Fu Zhao, which was enough to help Fengxing meteor and kill Ye Chen.

"The boy's chart of the golden spring has been destroyed by us. This time, he will face the impact of the abyss again. How can he die?"

In the eyes of the eight old heart demons, they all have a murderous spirit.

They are very good at Tianyuan Daofa. The suppression of Tianyuan is enough to kill all enemies.

.....

To the north of the dark land, in the mountains.

Ye Chen was practicing with his knees crossed. Before his eyes, a golden light bloomed, but he saw a ray of golden light, breaking through the barrier of the dark and dry land, only penetrating into the ground.

"The support of emperor yuan hall has arrived!"

As soon as ye Chen's face changed, he saw that there were countless battle runes in the golden light, with the breath of emperor's release of heaven and eight old heart demons.

Obviously, fengxingmeteor to share the samsara magic tablet as a chip, implore the emperor yuan hall to hand, the emperor yuan hall really agreed!

"The emperor yuan temple is also involved in this chess game, which is even more difficult!"

Ye Chen bit his teeth. If it was simply the magic spirit palace, he would still be sure to seize the reincarnation magic stele. But now, even the emperor yuan palace has joined in, the situation will be difficult.

"The ancient Buddha lights up the lamp and resists all kinds of demons!"

At this time, ye Chen heard the sky shaking sound coming from outside the dark and dry devil's land. In the distant sky, there were wisps of Buddhist light rolling.

"My men are here too!"

Ye Chen was immediately overjoyed. The light of Buddha was obviously the breath of Xiao shuihan.

In addition to Xiao shuihan, ye Chen also felt the breath of the blood dragon, the dark emperor, Yan Kun, and the eternal holy king.

Ye Chen flew away along the breath. Sure enough, in the distant sky, he saw Xiao shuihan, Xuelong and others.

The sky of the dark and dry devil land is covered with a special prohibition, which is like a shield to isolate the feet of outsiders.

At the moment, Xiao shuihan is a fist, fiercely bombarding the shield.

Behind Xiao shuihan, there is a Buddha's shadow, flickering.

Xiao shuihan looks like the legendary ancient Buddha. He is just like a Buddha in ancient times. His fist is as powerful as a mountain. His fist makes the forbidden shield roar.

Bang!

Finally, the shield of the dark and dry devil is completely smashed by Xiao shuihan. People fly in and join Ye Chen.

"Big brother!" "Master "Master!"

Yan Kun, Xuelong and Xiao shuihan are excited and overjoyed to see ye Chen again."Blood dragon, long time no see."

"Xiao, you've improved your cultivation, and you've even understood the Buddha's way!"

Ye Chen looked at the blood dragon and Xiao shuihan. He was very excited.

After a period of time, Xiao shuihan broke through quickly and had already reached the level of four layers of heaven. He also understood the Buddhism and Taoism of heaven, washed away the evil spirit of the past and incarnated as a pure Holy Buddha.

Xiao shuihan said: "it's all the instruction of master."

One side of the eternal king, looking at Ye Chen, old eyes with joy, said: "Ye Chen, butcher Saint assembly, thank you for saving me."

Ye Chen said with a smile, "yonglao, you have already thank you before."

The eternal King smiles and says, "in any case, thank you for saving my old bone. This time, when you encounter a difficult situation, I will certainly make a contribution."

Ye Chen said, "thank you very much."

"I just seem to see a large number of battle Fuzhao of emperor yuan palace coming here. Is there any accident?" he said in a deep voice

Ye Chen said: "master devil, you guessed it right. Fengxingqiu takes the sharing of the reincarnation magic stele as the chip, and asks the emperor yuan palace to do something. It's not so easy for us to capture the magic stele."

Ye Chen looked at Zha Tian Mo Di, and saw that he had made a lot of breakthroughs in his cultivation, and his whole body was full of demonic breath. In the meantime, he even crushed a layer of void, causing a layer of black hole whirlpool. The weather was really vast, and he had clearly understood the supernatural devil's way.

If there is no emperor yuan hall to intervene, ye Chen, together with the dark evil emperor, Xiao shuihan, and the blood dragon, will definitely be able to level down the magic spirit palace, and many magic array secrets can't be blocked.

But now, with the emperor yuan Temple intervening, things are not so simple.

"What are you going to do? We all listen to you. "

Ye Chen pondered for a while and said in a deep voice: "the magic spirit palace just got the Fuzhao of emperor yuan hall. Maybe we are not familiar with it. We can kill them by surprise at this time."

Chapter 4677

"Do you want to start now?" he said

On the other side of the magic spirit palace, I have just got the battle Fu Zhao of the emperor yuan hall. I am not familiar with it. But the problem is that ye Chen and other people have just arrived, and they are not familiar with the cause and effect here.

Now, both sides are in a hurry and may not be beneficial.

Ye Chen gave a cold smile and said, "at the beginning, Fengxing meteor was mean and shameless. He stole my tomb. His cause and effect was not correct. Once we fight, when we occupy the sky, we will win more than him!"

"Don't be too late, just follow me!"

Ye Chen Yufeng flies to the magic spirit palace. He knows very well that if Fengxing is in charge of the battle Fu Zhao of the emperor yuan temple, he will fight again with the emperor yuan palace, which is very dangerous.

We must fight and make a quick decision. Before Fengxing meteorite is familiar with the usage of Fu Zhao, he will be killed in the magic spirit Palace at one fell swoop, so as to have a chance to win!

"If you want to fight, fight!"

Cover the sky evil emperor also does not hesitate, follow Ye Chen to fly past.

XUELONG, Yankun, xiaoshuihan and the eternal holy King were also quick to keep up.

They believe in CHEN Ye's decision!

Soon, ye Chen with the crowd, came to the underground entrance.

"The headquarters of the magic spirit palace is just under the ground. There are many magic arrays in it. Let's work together to crush all the arrays, kill Fengxing meteorite and seize the magic stele."

Ye Chen clenched his fist, pulled out his sword and stepped into the ground first.

The underground world is in the middle of a mountain, which seems to be a plain. At a glance, it is boundless.

In this world, there are endless demons, beasts and so on.

Ye Chen stepped on the earth of the underground world and found that there was no big difference between here and the world on the ground. There was fertile black soil under his feet. There were many streams and some tall plants in front of him.

This world, not dark, there are many umbrella like plants, emitting a little bit of light.

Ye Chen and others are walking through a huge luminous forest.

"Hide the good breath. Don't expose it."

Ye Chen will whole body Qi machine, all convergence, in order to avoid being detected by the spirit palace.

The evil emperor and others all restrained their breath. This action was a sneak attack.

Along the way, ye Chen saw in his eyes a lot of rich mineral resources, such as Wannian cold iron, ink Feather Crystal, secret silver, purple gold, sky crack steel, blue sea jade and so on. The rare natural materials and treasures on the ground are all materials for making weapons and magic weapons.

"There are so many resources here. Fengxing meteorite has been hiding here for tens of thousands of years. You don't have to worry about the exhaustion of aura."

Xiao shuihan looked around the surrounding mineral deposits, a piece of Tiancai Dibao, deeply felt the extraordinary terrain here.

With so many resources, Fengxing meteorite is hiding underground, enough to be self-sufficient.

"The stone tablet of reincarnation is also buried under the ground. Let's continue!"

Ye Chen's eyes coagulate, and vaguely captures the cause and effect of the reincarnation magic stele, under the very deep underground.

"Be careful. I'd better let my crow explore the way first."

The evil Emperor didn't pay attention to it. He was full of evil Qi and evolved several crows. He flew out and explored the way ahead.

"Well."

Ye Chen nods, of course, there is no carelessness, carefully through a layer of underground world, continue to deepen.

Roar!

Is marching, suddenly the side of the trees, a few demon wolves, open teeth and claws, toward Ye Chen and others.

Ye Chen hasn't started yet. Yan Kun has pulled out Jue Xian sword and killed those demon wolves.

The underground world is full of monsters, but it is not a threat to Ye Chen and others.

The real threat to Ye Chen and them is the array and killing prohibition arranged in the depths of the earth. At present, people have not yet thoroughly penetrated into it, and they haven't met them yet.

In the process of marching, suddenly came the screams of several crows.

"Be careful! There's someone in front of you

The dark emperor's face sank, and the Pathfinder crow he released was killed, apparently discovered by the enemy.

Woo Hoo Hoo!

At the end of the road, there is a towering ancient tree, which is thousands of feet high. Its roots run through a lot of time and space, and countless branches and leaves float. It seems that the ancient dragon is absorbing the spirit of heaven and earth here.

A leaf, send out a quiet aura, actually have tea fragrance diffuse out, with the law of the supreme world majesty.

This is Taishang tea tree!

Branches and leaves like a dragon in the sky!

Yan Kun looks stunned, obviously did not expect this "enemy", actually is a tea tree!

This tea tree is so huge that its branches are as thick as a dragon. On the trunk, a face emerges. The vicissitudes of life are ancient, and they are dignified. If you want to overturn the universe and disobey time and space.

"Ants like invaders, this is not the place you can come to. Get back quickly."

That face, issued a stern warning, eyes showed a murderous spirit. "Just a tree demon!"

Ye Chen suddenly drinks, instead of using the evil sword, he pulls out the dragon Yuan sky sword. The symbol of Geng Jin Yuan is revealed. A ray of Blazing Sword light is mixed with the breath of destroying the Shinto. The green air around him is shaken open, and numerous branches and leaves of Taishang tea tree vibrate.

"Hehe, young man, how dare you fight with me?"

The face on the tea tree of the supreme emperor sneered, and a branch and leaf, like a green dragon, swept fiercely, and hissed to kill Ye Chen.

"Broken!"

When ye Chen wields his sword, Geng jinlongyuan cuts off the sword and cuts off the branches like a green dragon, and leaves of Taishang tea fly in disorder.

"Take it

Ye Chen palms a move, will float open tea, all close up.

The tea plant is covered with treasure, leaves and branches, which are good materials for making pills.

Before Su Chenyu left, he gave Ye Chen a brocade bag containing more than ten pieces of Taishang tea, which had the effect of dispelling evil Qi.

Now ye Chen has collected these tea leaves. You can use them when you go deep into the ground and encounter the magic array sniper.

Ye Chen is still the first time to see the tea tree of Taishang. He is worthy of being a plant of the world. He is so tall and magnificent. Fortunately, ye Chen is powerful enough. In his eyes, this tea tree is also a tree demon.

"Boy, do you dare to hurt me?"

Taishang tea tree was cut off a branch by Ye Chen, the pain came, and he was suddenly angry.

Ye Chen's Geng Jinyuan Rune and Longyuan Tianjian are extremely sharp. They are very easy to use against this kind of tree demon.

Among the five elements, gold conquers wood.

"Give you a chance. Get out of here. I won't kill you."

Ye Chen stands with a sword in his eyes.

He could see that the Taishang tea plant might have some strength. At the early stage, if it was hard to meet, he could kill it, but it would take a lot of effort.

"I am worshipped by the magic spirit palace. I will guard this place and will never allow outsiders to enter. Now the magic spirit palace has been blessed by the emperor yuan palace. You are not enemies. Leave quickly. Don't be stubborn!"

"Master, what are you talking about with this tree demon? Just kill it."

Xiao shuihan frowns, the palm of the Buddha rolling, ready to hand.

Chapter 4678

"Xiao, don't be impulsive. If you kill this tree demon, you will surely attract the attention of the demon spirit palace and frighten the snake."

Ye Chen quickly stops Xiao shuihan and quickly thinks of a good decision.

"Yong Lao, Yan Kun, you two stay and drag the tree demon."

"Other people continue to follow me down, attack and kill the spirit palace!"

Ye Chen uses the divinity to transmit the sound, orders to go down.

When they got to know each other, they immediately divided into two ways.

Yan Kun and the eternal King stay, dragging the steps of the tree demon.

Ye Chen, Xuelong, Zha Tianmo Di and Xiao shuihan continue to go deep into the earth to attack the magic spirit palace.

"You will regret it. This is the territory of the magic spirit palace. If you want to die, don't blame me for not reminding you."

Taishang tea tree looks at Ye Chen's far away back and makes a cold voice.

If ye Chen does not smell, continue to take people deep underground.

Soon, ye Chen and others came to the deepest underground world, where there were thousands of feet away from the ground, but the air was still fresh, wafting with the fragrance of plants and tea, which was refreshing.

Underground world, because of the root of the supreme tea tree, so the breath is very pure, there is no sense of depression, people breathe, feel refreshing spirit.

"The Taishang tea tree, though not high in combat effectiveness, has a very powerful auxiliary gain effect. If it can be taken down and transplanted into my chart of the netherworld, it may be able to restore my world of the netherworld."

Ye Chen's eyes brightened and his mind was invigorated.

The Taishang tea plant is full of vitality and has the effect of clearing spirit air and nourishing the earth. If it is transplanted into the yellow spring map, it is likely to restore the damaged map of the yellow spring, rebuild the foundation of the yellow spring and revive the qi movement.

"Master, be careful!"

Ye Chen is thinking, Xiao shuihan issued a warning, staring at the front.

Ye Chen's mind is awe inspiring, and his steps stop, but he sees a wisp of evil Qi emerging from the front. The evil spirit lingers around and evolves into a seven pointed star magic array, which blocks people's steps.

On the seven pointed star magic array, there is a majestic shadow on display. It is floating silently, and the wind is blowing. Ye Chen even feels the breath of the magic stele!

Obviously, this magic array is inspired by the magic stele, and its power can not be underestimated. If you step into it rashly, it is easy to be attacked by evil Qi.

"Maha immeasurable, ancient Buddha lights the lamp, break it for me!"

Xiao shuihan raised his hand and exploded with the light of Buddha. He was ready to blow through the magic array.

"Don't be impulsive. Don't make a fuss."

Ye Chen holds down Xiao shuihan's palm and stops him. Now he has come to the underground world. He is very close to the headquarters of the magic spirit palace. If he breaks the battle at this time, it is easy to arouse the vigilance of the magic spirit palace.

"Master."

Xiao shuihan looks at Ye Chen and his face sinks slightly. If he doesn't break the magic array, how can he go on?

"I have a way."

"Eight trigrams make tea, guard the true spirit!"

Ye Chen offered a slice of Taishang tea, as well as the tea that Su Chenyu gave him, and all of them were offered.

The Taoist light of the eight trigrams heavenly alchemy surges out of Ye Chen's hand. The ridge is water, and the separation is fire. Water and fire blend together. It is actually boiling tea in the air.

Chuckle!

A piece of tea, by the Bagua Tiandan technique of cooking, immediately turned into a torrent.

This torrent, a green and quiet, fragrance filled, in fact, all tea!

Ye Chen's palm pinches Jue to move, this surging torrent, turned into a water dragon, around his body, also around the blood dragon, Zha Tian Mo Di, Xiao shuihan's body.

Surrounded by water dragons, ye Chen and others can't erode the surrounding evil Qi if they have the help of God.

"Go

Ye Chen strides out and directly steps on the magic array. Under the protection of the supreme water dragon, the magic array is not triggered, and the wisps of evil Qi around are easy to disperse, and there is no intention of harming Ye Chen.

Xiao shuihan was overjoyed. He quickly followed him and said, "master, your magic power is becoming more and more mysterious."

Ye Chen's skill of cooking tea with eight trigrams is a superb skill. It directly uses the pure spirit characteristics of Taishang tea to dispel evil Qi and avoid touching the magic array.

"It's nothing. When we get to the magic spirit palace, we'll have to use real swords and guns."

Ye Chen waved his hand. The eight trigrams cooking tea is only a temporary auxiliary magic power. If you want to really capture the magic tablet and destroy the magic spirit palace, it still depends on the hard power.

At present, ye Chen's four men, with the help of the eight trigrams, have evolved a water dragon to make tea. They have made their way through many magic circles and finally arrived at the core of the underground world.

Here, stands a huge underground palace. The palace stretches into a piece, which is the most prosperous of civil engineering. The whole is filled with dark, dark, strange and deep breath, and the evil spirit is very strong.

Chuckling

The water dragon on Ye Chen and others disappeared in an instant and could not be maintained under the impact of evil Qi.

"There is a strong evil spirit here!"

Xiao shuihan was startled. The underground palace was obviously the magic spirit palace. In the magic spirit palace, there are many big arrays arranged. These arrays are really powerful killing and killing magic formations. They are far more terrible than those outside. They can no longer resist the eight trigrams and boiling tea.

Just relying on the magic power of making tea in the eight trigrams, ye Chen and others can easily cross the magic array outside. However, facing the core killing and cutting magic array, they can not be so relaxed. They can only rely on their real skills.

"Who is it?"

"How dare you break into the magic spirit palace?"

"If the enemy attacks, open the killing and killing magic array!"

Outside the palace of the demon spirit, there are a group of patrolling disciples who find Ye Chen and other people's figures. They are immediately on guard and shout for the enemy's attack.

Hum!

At the feet of Ye Chen and others, a flurry of evil Qi suddenly erupted. Among the countless demonic Qi, a White Bone Demon claw broke out from under the ground, reaching out to grab Ye Chen and others' ankles, as if to drag them into hell.

This magic array, called "white bone swallowing sky array", can summon the skeletons and ghosts of hell, devour people and drag them into the endless hell world, suffering for ever.

"Six ways of reincarnation, the power of hell? This is an array inspired by my bones! "

Ye Chen's face is cold. On this white bone swallowing array, he catches a trace of the magic power of the six ways of reincarnation, as well as the breath of Dao Gu in the previous life.

This magic array is obviously created by the magic spirit palace, which uses the Dao bone of Ye Chen's previous life.

"Burn the sky, open it!"

"Transformation of soul and body, destruction of Dao Yin, soul swallowing seal, coming out!"

"Thunder source rune, explode!"

Ye Chen suddenly drinks a sound, a foot step, directly opens the burning sky in the sky, a flaming flame, mixed with rolling thunder, quickly explodes out.

The white bone claws, crushed by the sky fire and thunder, burst into pieces.

The whole white bone magic array has been completely destroyed.

At present, ye Chen's martial arts and Taoism supernatural powers have reached a state of harmony and wishful thinking. The source rune is at will and integrated with the free world. In burning the sky and being in the sky, it can easily evolve into Gengjin, thunder, darkness, poison and other heavenly powers, with great lethality.

Chapter 4679

"The Maha is boundless, and the willow God lashes it!"

At this time, Xiao shuihan also made a bold move. The green wood source symbol appeared in the palm of his hand, and the wisps of grass and wood source gas constantly turned into a jade willow branch, mixed with the Buddha light of the Maha ancient Buddha, which was like a whip of God and swept forward fiercely.

Puff, puff, puff!

One by one, the disciples of the magic spirit palace were whipped by the willow branches of Xiao shuihan, and were immediately whipped into a blood mist, and their bones were gone.

The jade willow tree is the mythical Guardian tree of the heaven Buddha world. It has the divine power of dispelling all kinds of demons and purifying various evils.

Xiao shuihan understood the Buddhism and Taoism of heaven, combined with the origin symbol of green wood, then he could evolve the weather of jade willow. With mercy, he would use thunder to sweep the world.

"The Lord of reincarnation is coming?"

The battle waves here also spread to the depths of the magic spirit palace.

At the moment, both fengxingxiao and Wuqu emperor are in the depths of the magic spirit palace. Inside a hall, they are pondering the usage of the battle Fu Zhao of emperor yuan hall.

These battle Fu Zhao, breath is very deep, the emperor yuan palace obviously paid a large sum of money, Fu Zhao has great lethality, but Fengxing meteorite is not completely familiar with it.

Boom!

At this time, outside came bursts of Jingtian sound, ye Chen and others have been attacking the gate of the demon spirit palace!

"No way. How can the reincarnation master kill so quickly? Can't the magic array I set out outside stop him? "

Fengxingqiu's face changes wildly. He has arranged many magic arrays outside the magic spirit palace. But now, ye Chen has arrived quietly without triggering the influence of the magic array. How did he do it.

"Not only the reincarnation master, but also three masters!"

In addition to Ye Chen, he also sensed three extremely powerful breath. The demons, the ancient Buddha and the dragon were standing in the air, making him suffocating.

"The reincarnation Lord has invited many helpers to kill me!"

Fengxing meteorite bit his teeth. Now he is not familiar with the battle Fu Zhao of emperor yuan palace. If he goes out to fight, he will be in danger of falling down at any time.

"Palace master, I'll go out and stop them."

There was a trace of solemnity in the eyes of emperor Wuqu: "but I can only hold off two sticks of incense. After two sticks of incense, if you can't master the usage of emperor yuan's Fu Zhao, we will die today."

Fengxing meteorite said: "two incense time, enough! You go

"Yes

The great emperor of Wuqu stepped out at his command. He had the great momentum of a sage going to death. He knew that he could not do it. Although thousands of people went there.

Boom!

The door of the magic spirit palace opened, and the emperor of Wuqu came.

Ye Chen and others can see that the light of the holy way lingers on the body of the great emperor of Wuqu. The whole person of emperor Wuqu seems to be the embodiment of ancient sages. It is vast, sacred and magnificent.

"Emperor Wuqu, disciple of ancient sages, are you a traitor who betrayed Yan Changge?"

As soon as ye Chen saw the figure of the great emperor of Wuqu, he had an insight into the nature and realized it in an instant.

In ancient times, there was a saint who betrayed Yan Changge. In the past, the greedy wolf emperor had also made a hard search for the traitor's whereabouts, but it was a pity that he could not find out.

Ye Chen also tried to deduce, but he only saw the traitor's back, but not the front.

But now, as soon as he saw the emperor of Wuqu, ye Chen understood that all causes and effects were penetrated in an instant. The person who betrayed Yan Changge was the emperor of Wuqu!

"How do you know that?"

Wuqu emperor's face changed. Unexpectedly, ye Chen said the biggest secret in his heart as soon as he met.

At the beginning, he betrayed Yan Changge and committed a heinous crime. In order to avoid being tracked and killed by the outside world, he took refuge in Fengxing meteorite.

Over the years, Emperor Shitian has not saved him. In fact, he knows that he is a traitor and has no value to save.

"Ha ha, so you are really a traitor."

"However, I have no interest in your gratitude and resentment. The greedy wolf emperor and other saints will deal with you naturally."

"My goal is just Fengxing meteorite."

"Get away from me. I'll give you a way to live."

Ye Chen smiles coldly, and has no interest in the affairs of emperor Wuqu.

The emperor of Wuqu betrayed Yan Changge. This matter has nothing to do with Ye Chen. He just wants to kill Fengxing meteorite, seize the magic stele and take back the Daogu of the previous life.

Although the great emperor of Wuqu used to dig the tomb of the reincarnation master, he was hired after all. Ye Chen would not care too much about it. He only cared about the behind the scenes.

And the wind star meteorite, is exactly all behind the scenes!

"Reincarnation Lord, you want to kill Fengxing meteorite and grab the magic stele, unless you step on my body first!"

Wu Qu emperor's eyes suddenly sharp, a step, a vast and sacred world, suddenly bloom.

"The road is on its own, the mountains and rivers are on the surface, civilization is prosperous, and the world is peaceful."

"The sword of mountain and river is too high for heaven, and the sage is in heaven, open it!"

In the mouth of the great emperor of Wuqu, there is a sonorous chant, like a long song of saints. His self-contained world, completely diffuse out, will ye Chen and others, all covered.

This world of being in heaven, called sage in heaven, represents the Enlightenment of ancient sages.

As soon as the sky opened, ye Chen suddenly saw that the surrounding areas had evolved such as the mountains and rivers, the heaven and earth road, the worship of all living beings, the peace of the world and so on. Thousands of layers of parallel space and time were booming and shaking, suppressing people's mind.

Hum!

A holy and bright sword rises slowly from the sage in the sky.

This long sword, however, is not a weapon, but a magic weapon. The sword's spirit is not murderous. It only evolves into the sacred glory of mountains and rivers.

Under the breath of this sword, the sages of the great emperor of Wuqu are in heaven and shine to the eye. Countless saints chant beautiful hymns, one piece of splendid chapter, one piece of poetry, one by one sage's words, flying and dancing in the whole world, such as dragon and Phoenix, which are very beautiful.

"Twelve swords on the mountain! This is the magic weapon given to you by the superior

Ye Chen looked at the sword, and his pupils shrank.

This sword, which is one of the most precious treasures of the emperor, has been tempered by the Empress Dowager. It is called the mountain, river and country sword. It represents the supreme holy way. It also contains a Taoist method left by the empress dowager, which is called the heavenly way.

"Yes, I admire the profound meaning of the sage road. Yan Changge didn't respect him as a teacher, so he left a hand and didn't teach me all the saints' methods. I had no choice but to betray him."

"This sword is a gift from the superior."

"I incarnate the supreme sage, the reincarnation Lord, you may resist?"

The great emperor of Wuqu stands high in the sky and floats in the sky above the heaven world. He becomes a saint thoroughly. He has the ultimate meaning of the holy way, showing the lotus flowers of the road. Each lotus flower has the wonderful connotations of order, civilization, peace and prosperity.

Chapter 4680

It turns out that the emperor of Wuqu betrayed Yan Changge in the past for the sake of the country's sword.

He betrayed Yan Changge, and the superior paid him the sword. Moreover, he helped him understand the sage and Dharma left by the Empress Dowager.

Simply speaking of the cultivation of the holy way, the great emperor of Wuqu at the moment is even comparable to the Yan Changge in the past. His holy way is so vast that he frightens the heaven and the world. He actually collapses a layer of parallel space and time, and the space around Ye Chen and others is constantly collapsing.

The terrifying space collapses and fluctuates, mixed with the majesty of the supreme holy way, constantly crushing the minds of Ye Chen and others, which is shocking and suffocating.

"If I was alone, I might be afraid of your holiness, but unfortunately, I'm not fighting alone."

Ye Chen looks around at the magnificent picture of the holy way around him. Although his mind is constantly suppressed, ye Chen is not flustered.

Because of his side, there are Xiao shuihan, Xuelong, Zha Tianmo Di!

The cultivation of the great emperor of Wuqu stayed in the three layers of the real world for years. Of course, it is true, but now he is exerting the sacred way of heaven, and the sage's noble spirit is added to his body. The overall combat effectiveness is probably a little stronger than that of Xiao shuihan.

This kind of existence, if fight alone, ye Chen's side, no matter who is thorny.

But if we work together, ye Chen is sure to win.

"Do you think that you can resist my holy way and heavenly power by relying on a large number of people? Wishful thinking

The emperor of Wuqu snorted coldly, and the sword of mountain and river suddenly flew out, and with the rolling spirit of mountains and rivers, he covered Ye Chen and others.

He knew that ye Chen and others would not be able to compete with each other. He could only support two sticks of incense at most, but his words were still sharp and did not mean to retreat.

This is the dignity of the sage's road, and it is impossible to retreat even if you know that you will not be defeated.

The sword spirit is surging, and there are many green lotus blossoming. On each green lotus, there are sacred heaven and man sitting around, holding poems and magnificent chapters, and directly killing Ye Chen with the dignity of Wenyuan Avenue.

The endless Holy Spirit revolves around the body of emperor Wuqu, and green lotus blossoms continuously. Each lotus flower is as huge as a water vat, producing the most terrifying power. It even evolves the pure world holy fire. It seems that it is beyond the world of heaven and is not in the five elements and six paths.

Ye Chen's six ways of reincarnation can control the heaven, but it can't control the sage's way, because the holy way is beyond the world and represents the supremacy of holiness, which is extremely powerful.

"Join hands to destroy the holy way and the great emperor of Wuqu!"

Ye Chen shouts violently, and the dragon Yuan sword is pulled out. The Seven Star Dragon yuan sword is surging and surging, and he is beheading the emperor of Wuqu.

Time is urgent, we must fight quickly. Now ye Chen and others are facing the greatest threat, not the great emperor of Wuqu, but Fengxing meteorite!

Fengxingxiao hasn't appeared yet. Obviously, he is trying to figure out the usage of Diyuan Fuzhao. If he can figure out clearly, he has so many battle Fuzhao in his hand. Once it breaks out, ye Chen and he will face the Diyuan palace directly and have no confidence to resist it.

Therefore, we must kill the emperor of Wuqu immediately to seize the opportunity to deal with Fengxing meteorite.

Xiao shuihan, Xuelong and Zha Tianmo Di look at each other with the same mind.

"Xiao shuihan, blood dragon, you leave some strength, I can do it."

"God's way, open it!"

The demon emperor stepped out with a big step, and the fiery evil Qi on his body broke out. One by one, crows soared up, adding endless power to him. It seemed that the supreme devil was reborn to dominate the whole world, dominate the heaven and earth, and seize the sun and moon.

"Master devil!"

The pupil of blood dragon eye shrinks, only to feel the sudden surge of heaven devil Qi, and the order of the holy way around him is constantly collapsing.

The whole man was full of evil spirits, surrounded by crows, like the legendary god of the Supreme God, and the wind burst.

"The devil? You've learned the magic of heaven

The emperor of Wuqu was also secretly shocked when he saw this scene.

In the world of heaven, there was a monstrous evil spirit rising, covered with magic fog, crying and howling, and the wind was miserable. Countless evil Qi condensed into smoke and stood like a pillar of heaven. A magic knife was cut out of it and killed the emperor of Wuqu.

"Master devil, what a powerful magic power!"

"The Supreme Master, come down!"

When Ye Chen saw the God covering the heaven, he became the supreme god demon. He did not hesitate to sacrifice the purple ribbon thousand machine seal. When he pinched the formula, he immediately showed the Dharma of the dragon and tiger master. He was surrounded by the immortal spirit, and all kinds of runes floated layer by layer. The dragon Yuan Sky Sword in his hand was even more like the roar of the dragon and tiger. The weather was magnificent to the extreme.

Ye Chen and Zha Tianmo Di, a dragon and tiger Heavenly Master, a celestial demon, an immortal and a demon, gathered together to point to the great emperor of Wuqu.

Under the oppression of Ye Chen and the God covering demon emperor, the holy light of emperor Wuqu broke away.

"You want to destroy my word? It's not that easy! "

"Heaven's holy chapter, the great way poetry, has been suppressed by me!"

The great emperor of Wuqu roared loudly, his whole body was full of holy light, and the green lotus blossomed layer by layer. The poems and the words of the road were manifested in his body. With the towering majesty, he fiercely fought against Ye Chen's Celestial Master's immortal spirit, as well as the demons' murderous spirit of covering the heaven and the devil. He would suppress all the immortals and demons with the dignity of saints and suppress all existence into mortals. The core of sage's road is the civilized order. If we want to establish the order, we can't have the strong.

The existence of the strong will inevitably lead to disputes, exploitation and injustice.

Therefore, what the sage road needs to do is to suppress the strong, make all people become ordinary people and abide by the laws and regulations set by the saints. In this way, everyone can live and work in peace and contentment.

At present, the great emperor of Wuqu's Holy Spirit burst out to suppress Ye Chen and the emperor of covering the heaven and demons, demoting them as mortals and turning them into ordinary people who have no power to bind a chicken.

This is the dread of the sage's way, to suppress all the strong, to establish the majesty of the law with the absolute laws and decrees of the saints.

Xiao shuihan and Xuelong stand aside, quite shocked, looking at the scene in front of them.

The picture in front of me is very spectacular.

The supreme sage, the supreme devil, the dragon and tiger Heavenly Master, and the three forces represent the most prosperous camp of the three schools of saints, demons and fairies. They compete fiercely, as if they want to compete for the world and establish the universe. The surrounding space is constantly collapsing, and the sun, moon and stars seem to be falling.

Boom!

The fierce struggle caused a terrible explosion. The whole saint's world was blown through, and the magnificent atmosphere of countless mountains and rivers was completely dissipated.

"Puff!"

Wuqu emperor opened his mouth and spurted blood. He was defeated by one enemy and two enemies.

All the holy light was completely annihilated by the endless immortal Qi and the endless evil Qi.

"You want to suppress us into mortals, but cultivation is not enough!"

Ye Chen snorted coldly, and felt the terrible suppression of the holy way just now. Fortunately, he joined hands with the emperor covering the heaven and possessed the absolute superiority, and was not really suppressed into a mortal.

"Ha ha..."

Although he was defeated, he didn't feel discouraged. On the contrary, he felt relieved.

Ye Chen faintly felt a little bad. His face sank and he said nothing. The dragon Yuan Heavenly Sword was cut out and the emperor's head was cut.

Since the great emperor of Wuqu insists on fighting against Ye Chen, ye Chen will never keep his hand.

The great emperor of Wuqu is about to be killed by Ye Chen's sword. Suddenly, a terrible evil spirit condenses into a sword and attacks and kills the emperor.

Ding!

This magic sword blocked Ye Chen's Longyuan Heavenly Sword, and even retreated ye chenzhen.

"Is it true? The wind star falls
