Chapter 4701

He can clearly feel that the energy contained in the thunder is absolutely fatal, which can not be countered by the real world, let alone his disciples.

Huo Laozu pulled Chu Xiao away, but he was still slow!

Lei Guang tore Chu Xiao's clothes, his pupils stare big!

At that moment, it was like he had gone through hell.

Cold ice old ancestor sees the situation is not good, hastily big drink a way: "quick! It's terrible to rob the cloud! Get away from this land of thunder

The powerful thunder represents the power of extreme destruction, which makes the three ancestors feel afraid. In particular, the ancestor of fire grabbed his disciple Chu Xiao and retreated dozens of miles away!

After the three ancestors left, Ren fan was still in the sea of thunder. He took a look at Ye Chen and said faintly:

"Ye Chen! Keep Lingtai a clear and bright place. It is at this time that we can impact the state and thunder robbery

After getting Ren extraordinary's prompt, ye Chen's eyes suddenly open and shine brilliantly!

His body rose from the ground, rushed to rob cloud, the whole person was bathed in the baptism of thunder sea!

Ye Chen is in the sea of thunder, such as entering the no man's land. The terror of Lei mang explodes on his body, but can't cause any damage to him.

Ye Chen's body surface slowly emerges a layer of precious light. Under the bath of the light, ye Chen's whole body becomes indestructible. However, ye Chen easily plays with the thunder that can make the three ancestors and chuxiao escape.

The thunder splits on Ye Chen's body, but soon disappears.

After seeing this terrible scene, the three ancestors all changed their faces!

"This How could that be possible! He is not counteracting the power of thunder, he is swallowing the power of thunder

The star ancestor's face is white!

Ye Chen is doing a feat that every warrior dreams of, but no one really dares to do it!

You know, this thunder robbery is not ordinary!

Every warrior's thunder robbery is the most terrible power for the warrior. He is often buried in the thunder sea!

Throughout the ages, there are countless talented people who died in the thunder robbery.

Because, the cultivation of martial arts is a process of going against the heaven, and thunder is Tianwei!

The way of heaven is angry, no matter what you are, whether you are the favored son of heaven or the beautiful girl of heaven, you have to bow down and submit to the throne under the thunder robbery, but ye Chen has refreshed their cognition!

As ye Chen devours more and more thunder, the thunder on his body is also more and more violent, just like the God of thunder.

This crossing robbery lasted for three days. Ren Feifan had been protecting the Dharma for ye Chen for three days, while the other three ancestors and Chu Xiao did not leave.

They want to witness the miracle here, want to see how the people who can cause such a thunder robbery can be so rebellious.

Especially standing beside the fire ancestor, Chu Xiao's eyes are full of fire, just like a beast seeing its own prey!

Ye Chen's cultivation is very low, which is much lower than his true state.

But I don't know why, at the moment, Chu Xiao's heart has never had an impulse, that is to fight with Ye Chen!

.....

Finally, the thunder sea all over the sky tends to die out, and the world returns to tranquility.

Ye Chen's skin is dark and purple, just like the Thor's upper body. His majesty has also reached an unprecedented peak!

The ancestor of the stars was staring at Ye Chen in the sky and said in horror: "he He succeeded

"What is his cultivation now?" The star ancestor whispered to himself.

He can't see through, because ye Chen's whole body is now wrapped in this tyrannical and destructive atmosphere.

Soon, ye Chen appeared on the body of a new vision, but this time too sudden, let people be caught off guard!

Fire ancestor is the first of the three ancestors to detect the person, quickly roared: "back!"

However, they are still a step late, the sky and the earth lose color, the sun and the moon soar in the sky!

A new vision appeared, and they were all shrouded in this strange space, as if to see the end of the world.

And ye Chen's whole body actually appeared a virtual shadow.

That is the shadow of the reincarnation Lord!

The past and the present seem to coincide!

Ye Chen seems to be surrounded by endless flames!

That's burning the sky!

Endless flame, as if there is a round of black sun, and the golden sky!

Mysterious!

But ye Chen's level of being in heaven is lower after all.

That reincarnation Lord virtual shadow's self being is released at this moment!

From this, the previous life's self is revealed!

"Two of them are in heaven. What is this?"

One side of the ice ancestor look panic, can not help but ask.

"There seems to be another man in him." "It seems to be a previous life, one belongs to his own life, and the other seems to be his other life's self." The star ancestor swallowed a mouthful of saliva, some of the frightened said.

"This boy has a lot of talent."

The fire ancestor also said solemnly.

At this moment, the shadow of the reincarnation master on Ye Chen's body is brewing a self-reliance!

One side of the three ancestors also wait and see, they are very curious, ye Chen once opened up what kind of self-contained.

Chu Xiao clenched his fist, and he had made up his mind. When the vision was over, he would go up and fight with him!

"Xiao Er, although this son is gifted, his realm is too low, and his achievements will never catch up with yours!" he said with a smile

At the thought of this place, the ancestor of fire could not help laughing.

Before in Ren extraordinary's hand ate turtle, let him feel very have no face, but this also does not matter, after all, like Ren extraordinary such natural talent, lost to him is not what shady matter!

What's more, even if he's not an extraordinary opponent himself?

He also has a good apprentice, Chu Xiao is the most proud disciple of the fire ancestor, and his future achievements will definitely surpass that of his master.

If you don't want to wait for him to grow up in the future?

At the thought of this, the fire ancestor's heart is a burst of pride.

Ren Fanfan! I am not your opponent, but one day my disciples will surpass you and even crush you!

At this time, the shadow of the reincarnation master on Ye Chen is still releasing his own self-consciousness.

It's a very long process.

However, Ren extraordinary at the moment has some worries, he never thought that ye Chen this time would trigger the reincarnation in the body.

The shadow on Ye Chen's body is the former reincarnation master.

What did the samsara do?

A warrior in heaven and earth can only wake up to the heaven. Ye Chen's life has already awakened to burn the sky in advance, which is enough against the heaven.

Is it necessary to awaken the self being of the reincarnation Lord?

Double in the sky?

This is unheard of!

Chapter 4702

There are advantages and disadvantages in this matter!!

Ye Chen's responsibility is too heavy, and his identity is extraordinary. He is the reincarnation of the reincarnation Lord. Before he has absolute power, he must not reveal his real identity.

Moreover, these three ancestors are all great powers of heaven and man, and they are well-informed. In a word, people in the whole world may know that ye Chen was the reincarnation master of that year. It would be too bad to be true.

Fortunately, the reincarnation master seldom uses his own nature, and the world hardly knows it.

Even if the reincarnation of the Lord is legendary level!

Of course, the problem that Ren extraordinary considers, leaf Chen already thought of.

But now, the arrow is on the line, and I have to send it!

Now ye Chen has stepped into the free world of the shadow of the reincarnation master with one foot. If it stops at this time, the layout of the previous life may have an impact!

So this time, he is determined to get it and go ahead!

Even at the expense of revealing his identity, ye Chen will never regret it!

Whoa!

The shadow of the reincarnation Lord seems to merge with Ye Chen!!

Ye Chen big sleeve a wave, a majestic force gushing out, tearing the space in front of, after the void crack appears, the breath of riot is more terrible than before, within that space, the thunder is surging ceaselessly.

"What on earth is this? There was only a thunderbolt, which didn't seem to be very powerful... "

Standing on one side of Chu Xiao looked at this scene, murmured to himself.

Now it seems that I think too much and overestimate this guy.

The three ancestors were also relieved.

The founder of the stars was more direct and impolite, and said, "this son's talent is ordinary. It's not a demon's talent at all."

Only Ren extraordinary still looks very calm, as if he can predict, this is not the limit of Ye Chen.

"It's better to be weak than to be in heaven with endless flame, like burning the sky!"

Chu Xiao's face showed a strange color and whispered to himself that something was wrong with him.

After all, before ye Chen's thunder disaster was too terrible, people subconsciously thought Ye Chen was a talent of heaven. But now, this guy's previous life was actually this kind of mediocrity. Such a contrast is really too big, let Chu Xiao feel a kind of unreal illusion!

With a thunder in Ye Chen's self in the sky after the explosion, soon, a new vision appeared!

The seeds under the Loess take root and sprout, and a gust of wind also appears in this world.

When the strong wind passes through, the grass also faces the storm. It soon forms a prairie, which looks like a piece of green oil and full of vitality.

That's right. This thunder is the mine of destruction and creation.

Of course, the vision has just begun here!

In Ye Chen's self-consciousness, cranes and Dragons roar in the sky, and new creatures appear, all of which have self-consciousness, as if they belong here.

All things burst into life, wind and rain, lightning, everything, like the real world.

Besides the grassland, there are deserts, rivers, valleys, snow fields and swamps!

Any terrain that may appear in the world can be found here.

Some places are as full of vitality as this grassland, and some places are full of poisonous fog and lifeless.

There is also unknown place, fire in the sky, cold wind whistling.

All this gives people a sense of deja vu!

The ancestors of the stars are stupefied. Are they opening themselves up or being the creator?

He also looked down on Ye Chen before, but he didn't expect to be beaten so soon. It turns out that ye Chen's self-reliance is more terrible than he imagined!

The faces of cold ice and fire ancestors are blue and purple. They have never seen such a self-consciousness. Today, they have learned a lot when they see ye Chen open up his own sky.

"Three thousand worlds! All roads lead to the same goal! "

Ye Chen, who is in the sky and the shadow of the reincarnation master, completely coincide, as if drinking at the same time. He stands on the cloud, looks awe inspiring and looks at the distance with a smile. He can have a panoramic view of every scene in the sky.

It can be seen that the six source symbols are suspended around Ye Chen, bursting out the terrible power of origin, as if changing the rules of the world.

Endless reincarnation, in this side of self in the sky!

"This What complex energy

The star ancestor was shocked and looked at everything in front of him, only felt that it was too unreal.

You should know that the power of being in heaven is often very pure. How can it contain so many rules at the same time, and they are not exclusive to each other, which is even more ridiculous!

"Three thousand worlds are in heaven, open up!"

Ye Chen stopped drinking, and the whole world trembled, as if in response to his call.

The three ancestors were surprised to see ye Chen in front of them, unable to hide their fear."Here It was 3000 worlds

It's amazing that the eyes of the star ancestors are almost falling on the ground.

He actually saw the legendary 3000 world in the sky!

The power of this person can no longer be described in any language, too faint!

But now, everyone can't believe that 3000 world is so close to themselves!

Ren extraordinary eyes slightly narrow, this is the reincarnation of the Lord in the sky, but seems to have some changes.

He can't say exactly what it is.

Why does the reincarnation Lord do this?

Ren extraordinary eyes fall in the other side of the burning sky in the sky, he can feel, if the burning sky grows up, absolutely not lose 3000 world in the sky!

For a long time, the talents came back to God from shock.

The breath of Ye Chen is gathered, and the cultivation of one body has entered the heaven and earth two layers!

The cold ice ancestors and the stars were surprised to say nothing!

Only the old man in red is the father of fire, smiled softly, and his eyes fell on Ye Chen. The tone was quite admirable: "it is really a dreadful future!"

Ye Chen also did not show his way, smiled and said, "the elder has been praised!"

At this time, I saw all chuxiao was jealous and crazy. His eyes were full of congestion and he was shaking.

He was angry!

Isn't you really the strongest?

From small to big, Chu Xiao lived in the praise of others and grew up. Few of the same level opponents he met were enemies of his unity. He always boasted himself as the first genius in the world!

But until today, the appearance of Ye Chen, even let Chu Xiao's heart have been shaken!

He doesn't understand, is this God unfair, but he does not accept!

He doesn't think he's worse than anyone!

As a teacher, the fire ancestor naturally saw the thoughts of his disciples. He also knew that from this moment, the mind demon had sprouted in chuxiao's heart, and ye Chen would become the biggest nightmare in chuxiao's life. There are only two ways to eliminate this nightmare!

Chapter 4703

The first is that the hall of Chu Xiaotang defeated Ye Chen, and then trampled him to death under his feet!

Another way is to let Ye Chen die. As long as ye Chen is dead, the heart demon in Chu Xiao's heart will naturally disappear.

Ye Chen looks extremely calm!

Although he didn't know why the reincarnation master of the previous life wanted to do so.

But there must be a reason!

in this way, he not only has the ability to evolve, but also has the self-reliance of the previous life.

Maybe it's the first person from abroad.

At the same time, Chu Xiao stepped forward and went to Ye Chen. His face became solemn and said, "Ye Chen! Do you dare to fight with me? "

Ye Chen frowns. In fact, when this guy just appeared, ye Chen felt a strong hostility from him. Ye Chen admitted that he had never had anything to do with this person before. This guy was also very funny.

"I have no deep hatred with you. Why should I fight you?" Ye Chen Mou son a congealing, light way.

Chu Xiao has not yet spoken, the fire ancestor will take the lead, smile and say: "Ye Chen little friend, you misunderstand his meaning, he is this temper, see your natural endowment, it is hard to avoid itching, want to fight with you, have a hand addiction."

Ren Fanfan frowned and said, "no! Ye Chen, you have just succeeded in breaking through the realm and have not yet stabilized. You can't fight with people at this moment

Ye Chen knows that Ren fan is saying this for his own good. Moreover, Ren fan is here. As long as he refuses, Chu Xiao can't really do anything about himself.

However, ye Chen feels that this is not a chance for him. To be able to fight with the so-called genius is what ye Chen has been looking forward to for a long time!

"Mr Ren, thank you for your kindness, but I just want to try the power of self-reliance!"

Ye Chen seemed to have made up his mind and said with a smile.

Ren fan also knows that once Ye Chen decides something, no one can change it.

When he was about to say something, Laozu Huo said again: "brother Ren, you don't have to worry about it. It's just a contest between the younger generation. There will be no accident at all!"

"What's more, their exchanges are also helpful for their own martial arts and Taoism. Why not

Fire ancestor added another sentence.

"This OK, but I have one condition. I have to suppress your apprentice's accomplishments to three levels of reality. In this way, this competition will be fair! "

Ren fan was very tough when he said this, and didn't seem to give Huo Laozu a chance to bargain.

After all, Chu Xiaoji is very young, and his talent is very rare in heaven and man domain, and he has the strength of leapfrog combat!

After thinking for a while, Huo Laozu nodded and said, "it's natural. My disciple's cultivation is much higher than ye Chen's little friend. If you don't suppress the realm, you will deceive the small by the big. Don't worry. You can do it yourself if you suppress my disciple's cultivation!"

"So good!" Allow extraordinary facial expression dignified nodded to say.

And Chu Xiao on one side seems to have been unable to wait, stride forward, came to Ren extraordinary body, not humble or arrogant said: "please let me do it!"

Any extraordinary facial expression coagulates, gently raises a hand, a misty breath was poured into Chu Xiao's body.

In an instant, Chu Xiao's cultivation fell from six layers of heaven to three layers of heaven.

However, such a fall in cultivation is only temporary. After the end of the war, Chu Xiao's accomplishments can naturally be restored.

Chu Xiao doesn't care about all this. How about blocking his cultivation? What he wants is a fight with Ye Chen. If he bullies the weak with the strong, he won't like it!

"Are you ready? I'm not going to stop! "

Chu Xiao looks at Ye Chen's eyes fanatically incomparable, is already eager to try.

Ye Chen sneered and said, "why do we cherish a war? Let your horse come here! "

As soon as ye Chen's voice fell, Chu Xiao's figure rushed out like an arrow leaving the string. The speed was so fast that he appeared behind Ye Chen in an instant. He jumped up and hit Ye Chen with an endless fist!

He is not only terrifying in strength, but also in flesh and strength!

Chu Xiao has absolute self-confidence and can defeat Ye Chen in a short time!

Even if you can't compare with Ye Chen, what can you do?

He is a genius in the realm of heaven and man. In his twenties, he stepped into the real world! Crush countless strong enemies!

Ren extraordinary can temporarily seal his own cultivation realm, but his martial arts perception and strength can't be blocked, which is the biggest dependence of Chu Xiao!

When Chu Xiao's fist can leave Ye Chen's scalp and square inch, ye Chen's body suddenly disappears!

In the next moment, the voice of "extraordinary" appeared in his head"Ye Chen, please remember, this war must not use the power of reincarnation, never expose your identity!"

Ren Fanfan had to Tell ye Chen so. After all, the identity of the three ancestors in front of him was extraordinary. If they knew that ye Chen was the reincarnation of the reincarnation master, it would be a big trouble.

Ye Chen also secretly to Ren extraordinary voice: "Ren senior, you can rest assured, I will never reveal their identity!"

War is on the verge of a war!

Chu Xiao is not vague. It's a killing move!

"Ha ha! Of course, your self-reliance is great, but mine is not necessarily worse than yours! "

After saying that, Chu Xiao then released his own freedom.

It was a red space, but it was different from his master's fire world!

In the crimson world, you can see several remnant souls coming and going, and their voice is shocking!

Ye Chen looks dignified. He can see that this is the ancient martial spirit. Every soul contains endless martial arts essence!

Looking at Ren Feifan with a smile, he said, "brother Ren, this is my disciple's self-respect and martial spirit space. Please give me some advice."

Ren Feifan looked the same, and said: "it is said that in ancient times, there were eight great martial masters practicing martial arts in foreign countries. They were boundless in nature and opened up the world of martial arts. I didn't expect that this opportunity would be given to you by your disciples."

"Well, it's just luck." The fire ancestor said with a smile.

As we all know, a strong warrior always has the air to help him. This is what people often say is a man of exceptional advantages. From the moment he was born, he has been doomed to be extraordinary in his life.

Obviously, chuxiao is such a person.

Wu Shen space, Chu Xiao laughed: "boy, you are not my opponent at all!"

"Ye Chen sneers," is the opponent, also has to wait for the war to know! "

"Hum! If you insult yourself, I'll help you! " Chuxiao drank a lot and urged a spirit of martial arts to attack Ye Chen. The strong momentum of martial arts brought great pressure to Ye Chen!

Chapter 4704

It has to be said that Chu Xiao's talent and martial arts are extremely terrible!

If you don't die young, you will become a giant in ten thousand years!

"What a terrible momentum!"

Ye Chen's heart can not help feeling up.

He has met too many powerful opponents in his life, and leapfrog challenge is a common thing for ye Chen.

However, he can't help but feel pressure when he suppresses his martial arts to the same level as himself. Chu Xiao is the first one. He is indeed a rare opponent. Ye Chen can't help but look at him with a new look.

This person may even be more powerful than the dark son of the moon!

Ye Chen's falling dust dragon sword comes out of its scabbard and bursts out a terrible sword. It is just about to tear the world apart!

It's a pity that when the sword Qi collides with the spirit, it doesn't cause any damage to the soul!

"What a strong defense Ye Chen was frightened.

Chuxiao soared in the air and looked at Ye Chen from above with a sneer, "boy, even if you understand the three thousand worlds, what's the use of being in heaven? You are doomed to be my defeated general! "

Chu Xiao lived all his life without failure. He would never allow any so-called genius to stop him! There is only one end to block one's way of preaching, that is, death!

"Now, as long as you kneel on the ground and kowtow to me and admit defeat, you can avoid the pain of skin and flesh!" Chu Xiao faint threat way.

In his view, this war is no longer necessary to fight, because ye Chen can not be his opponent.

Ren fan is here, and he can't kill Ye Chen, but he can make ye Chen humiliated. He wants to let Ren extraordinary see that the so-called genius you value is just a wild dog fawning in front of him!

Ye Chen was also thoroughly infuriated by Chu Xiao's words.

Ye Chen has always been pursuing the principle that people do not offend me and I do not commit crimes. However, Chu Xiao has repeatedly provoked himself, which is simply unforgivable! Clay figurines still have three points of anger, let alone Ye Chen?

Ye Chen pulled out his sword and began to use his master sword technique!

The whole man is like a sword God in the dust. Every time he wields a sword, a large sword light slants out, and he almost wants to devour heaven and earth.

"Ha ha! Is that your card? Ridiculous

Chu Xiao showed great disdain.

He knew that ye Chen could bear the word genius, but he was still too young, and young people would inevitably be young.

As long as Chu Xiao strangles Ye Chen in his cradle, or before ye Chen grows up, he will never be a threat to himself.

"Pan Wu Kaitian style!"

Chu Xiao hissed and roared and rushed up. This move was also understood by him from the space of martial god. It was extremely powerful!

It is said that in ancient times, there was a warrior named panwu, whose martial arts were connected with gods and could create the world. One of the top ten martial spirits in the space of martial spirit was transformed after his death!

Pan Wu became the patron saint of Chu Xiao after his death!

Ye Chen's falling dust sword trembles slightly.

It seems that the sword has been channeled and felt that the powerful opponent wants to drink blood.

Ye Chen plays the sword and sings, "if I have a sword, I can open the sky."

The fierce sword spirit swept over and tore up the space!

In the space of martial god, although Panwu God only has a remnant soul, it seems that under the blessing of Chuxiao, it has formed the flesh body and condensed into the essence.

It was a man of real martial arts. His muscles were like a dragon, full of sense of explosion.

His fists are waving with endless strength, which is irresistible!

After a while, the falling dust and dragon sword in Ye Chen's hand fell to the ground.

See this scene, the fire ancestor also showed a happy face, the heart is dark and cheerful!

Chu Xiao really did not let himself down, although he lost to Ren extraordinary, but now the apprentice seems to be looking for the field back.

In the space of martial god, Chu Xiaoman looked at Ye Chen carelessly and said contemptuously: "boy, your sword has fallen off. What else do you want to fight with me? Don't you get down on your knees

"Go away!" Ye Chen's soul congeals, endless kill idea covers whole body! Soul body transformation!

In a moment, the six source symbols came out together! The power of the source of terror breaks the void!

Chu Xiao couldn't help but be shocked. This force was so powerful that he didn't dare to be taken lightly. He immediately offered three martial spirits to fight against Ye Chen's six source talismans. It happened that one martial spirit could hold down two source symbols.

Ye Chen's eyes are slightly heavy. He is recalling the scene of his predecessor's extraordinary battle!

After an instant, Ye Chen's eyes suddenly open, a wisp of fishy smell burst out from his pupil.

"Blood moon in the sky!"

Ye Chen finally realized what Ren extraordinary said!

This is the artistic conception of Ye Chen!

A round of blood moon slowly rose to the sky! With Ye Chen's breakthrough in cultivation, the power of his blood moon butchering the sky is getting better. Now he can release nearly six rounds of blood moon. With the blessing of artistic conception, the power of Ye Chen's blood moon butchering sky chopping is no longer what it used to be!

Chu Xiao's face changed a lot too!

This unexpectedly is Ren extraordinary elder's blood month Tu Tian cut, why Ye Chen also learned?

It seems that Ren Fanfan has really cultivated Ye Chen as a disciple!

"Ha ha! The shape of the sixth blood moon is not complete. You are still far from it!" Chuxiao disdained with a smile, jumped up, and with the blessing of martial arts, his body shape also increased several times.

"Is it?" Ye Chen sneered and said, "all things in the world belong to me, and the starry sky is the only one."

"Great stars, now!"

In an instant, a huge net of stars covered the space.

"Little skills! Show off, too

Even under the pressure of Hongmeng star sky, it can not shake Chu Xiao's surging fighting spirit.

Because the more powerful Ye Chen is, the more excited he is.

He jumped to his feet and laughed: "holding the sun and moon to pick the stars, there is no one like me in the world!"

"Today, I will take your star and tear your moon!"

Chu Xiao is very arrogant and domineering, and begins to fight against the stars and moon all over the sky.

At the moment, he has launched ten martial spirits, and the ten spirits perform martial arts at the same time. It seems that he wants to recreate heaven and earth.

"Die! Die

Chu Xiao has killed red eyes, today he must let Ye Chen be his defeated general.

Ye Chen saw that the stars and blood moon all over the sky became more and more dim, and he also knew that the event was not good.

This Chu Xiao's inside information is really too powerful, is Ye Chen's most powerful opponent in the same level. For such a person, if he does not display the magic power of reincarnation, he can only make use of the 3000 big world he has just understood!

But if the three thousand worlds are the masters of reincarnation in the past, will there be any risk of exposure?

As for Shuo Lao, Xuan Hanyu and the power of reincarnation cemetery, ye Chen does not intend to use it at all!

Those old monsters who watch the war are from heaven and man. If they are found, the consequences will be unimaginable!

Chapter 4705

When Ye Chen hesitates, Ren's extraordinary voice appears in Ye Chen's ear.

"Ye Chen, since you have realized the selfishness of the previous life, you may as well try it."

"I have seen only one of the samsara."

"Of course they don't know."

"What's more, it seems that the three thousand worlds you understand are different from those of the reincarnation Lord at that time."

"I don't know where the difference is."

Ye Chen hears, eyes bright.

In this case, he will do his best!

"Three thousand worlds, all roads lead to the same goal!" Ye Chen cheered coldly.

In a flash, a terrible atmosphere enveloped most of the sky!

A larger world will cover the space of martial god!

But the corner of Chu Xiao's mouth rose slightly and said to himself with a smile: "will you finally use that legendary self-reliance?"

Chu Xiao is very excited. He wants to see how powerful this legendary 3000 world is!

A large area of the world fell from the sky, the purest force towards Chu Xiao impact.

A world represents a kind of rule, there are light and dark, there are five elements, there are also storms and thunder.

I saw the ten martial spirits turned into shadows and disappeared into Chu Xiao's body. At this moment, he seemed to become the God of war, and his whole body was boiling with fighting spirit. He was extremely furious!

"Ten martial spirits, all belong to me!"

"I'll tear you up!"

Chu Xiao roared forward, breaking through the void only by the strength of his body. With a wave of his big hand, the power of martial arts was surging out, and a large area of the world was crushed to pieces!

Ye Chen is not afraid at all, and fight with it up!

Three thousand worlds, three thousand in heaven!

Bang!

Destructive power fills the Canyon!

A large amount of dust and smoke rose, and everything around became hazy.

I can't see anything clearly.

After a long time, in the dust and smoke, two fuzzy figures become more and more clear.

One of them was standing, while the other was half kneeling.

The man standing, of course, is Ye Chen. He has just tried his best to win Chu Xiao's half move with three thousand worlds!

Chu Xiao mouth bleeding, eyes full of unwilling, the arm's skin has split, bloody gas is very heavy.

Everything happened between the electric light and the stone fire. He made a high judgment, but in the end, he lost

"I don't accept it!"

Chu Xiao got up from the ground and roared.

Fire ancestor rushed to pull him up and comforted him: "enough, let's go!"

He can't let his disciples act impulsively any more. If he goes on like this, chuxiao is likely to be here.

As the saying goes, Chu Xiao's strength is far better than ye Chen, and there will be opportunities to fight again.

This war is really Chu Xiao lost, and lost very thoroughly!

Lose to lose in Chu Xiaomu nobody, arrogant, he is too confident, also too underestimate Ye Chen's strength.

On the contrary, the ancestor of fire could see clearly that he knew Chu Xiao had lost. When his accomplishments were suppressed, he could not be the opponent of Ye Chen. If he continued to fight, he would suffer.

He forcibly grabbed Chu Xiao and left here.

After the three ancestors left, ye Chen couldn't help it any longer. A mouthful of red blood gushed out, and his feet were a little staggering. If Ren fan hadn't helped him in time, he would have fallen to the ground.

In this war, ye Chen was not hurt lightly, but just in front of the three ancestors and chuxiao, he was not too good to show it.

Ren Feifan looked at Ye Chen with a dignified face and said faintly:

"you have been seriously injured."

Ye Chen wiped the bloodstain on the corner of his mouth, waved his hand, and said: "it doesn't matter if you fight, but it doesn't matter. It's just some minor injuries."

"With my vitality, I will soon recover."

Ren Feiyi was stunned and found that the life force of terror was breaking out in Ye Chen's body. He felt relieved and said, "Ye Chen, this chuxiao is special. You should always pay attention to this person in the future."

Ye Chen very solemnly nodded his head and said, "you can rest assured that I will never despise any enemy."

"By the way, you're here for something."

Ren Feizheng asked.

Although he roughly guessed what, but still to listen to Ye Chen himself said to be sure.

Ren Feifan said that, Ye Chen also wanted to remember, almost forgot the event!

Ye Chen quickly explained: "Ren senior! I'm here for the Lord of the magic tablet. "

Ye Chen tells Ren Feifan everything he has experienced in the magic spirit palace.

Ren Feifan looked dignified and thought for a while and then said, "you even let go the master of the magic tablet?" Ye Chen is very ashamed of the low head: "it is my negligence!"

Ye Chen has never been a person who likes to make excuses for himself. It is his fault that he failed to grasp the master of the magic tablet. In this regard, Ye Chen does not want to make any explanation.

Ren Feifan shook his head and said: "well, it can't be blamed on you. The master of the magic tablet is not ordinary. It's not easy to catch him. Besides, his strength is not under you. It's understandable that you can't hold him."

Ye Chen is also very worried about this. He knows that his failure to win the master of the magic tablet is not a problem of insufficient cultivation, but that the magic tablet is too weird!

The master of the magic tablet is based on the xuanbei of reincarnation. No matter how high Ye Chen's cultivation is, as long as he can't completely subdue the magic tablet, he can't really kill the master of the magic tablet.

Now, the master of the magic tablet has broken through the cage and committed crimes outside. Ye Chen can't wait for a moment! Then he said to the point:

"master Ren, before he came, master Su told me that the only way to really subdue the magic stele is for the Supreme Master to be possessed by the devil. I am ready to be possessed by the devil. I hope you can show me a clear way

Looking at Ye Chen's indomitable eyes, Ren extraordinary couldn't help but slightly moved: "have you really thought about it? Do you know how much it costs to be possessed? "

Ye Chen's expression is firm and resolute, say without thinking: "no matter how expensive this price is, I have no second choice!"

The master of the magic stele has been released now. The cause and effect should be counted on Ye Chen's head. Now there are so many innocent lives in foreign countries who have died in the hands of the Lord of the magic stele. Every time the master of the magic tablet kills one more person, the cause and effect of Ye Chen will be heavier! This is his mission, he will never turn back!

However, Ren fan seems to have his own worries, and he still persuades him: "Ye Chen, since Su Mohan has told you, you should know that if you want to be possessed, you can only cultivate the legendary supernatural demon body. The master of this magic power must have introduced it to you by Su Mohan?"

Ye Chen nodded slightly, Ren Feifan said again: "Ye Chen, this person has great cause and effect. I don't want you to be infected with this person if you have to."

Chapter 4706

"Mr. Ren! It's no use saying more. I've made up my mind. Take me to see him. "

Ye Chen did not have the slightest hesitation, said directly.

Seeing this, Ren Feifan had to nod his head. The obligation he should do has been done. Next, it depends on Ye Chen's own. After all, the road is Ye Chen's own. Ren fan is equivalent to Ye Chen's protector, but he can't make any decisions instead of Ye Chen!

"Good! Then follow me

Ren extraordinary lightly jumped, pulled up Ye Chen's arm, big hand waved to tear a piece of space.

As time goes by, in the void space, ye Chen does not know how long he has traveled with Ren extraordinary. Until the light appears in front of him, ye Chen realizes that his destination has arrived.

In front of him was a barren land, with nothing to see but dark brown stones.

Ye Chen still remembers that master Su Mohan said to himself that after the failure of the big devil's duel with Ren extraordinary, he had been hiding in his cave and could not get out. Is this the place where the great devil practices?

Ren Feifan slowly put Ye Chen down and said calmly, "Ye Chen, I can only send you here. It depends on your nature whether you can practice into the supernatural devil body!"

Before leaving, Ren fan did not forget to Tell ye Chen, "this place is called the heaven devil Kingdom, which is also the Holy Land in the mind of countless magic practitioners. Have you seen the palace in the distance? It's called Tianmo palace. The great devil is the master of the demon palace. If you can pass the test, become a disciple of the temple and get the appreciation of the devil, he may pass on the body of the heavenly devil to you! "

"But you have to remember that even if you get too much supernatural demon body, you may not be able to practice it successfully. Moreover, the cultivation of the great devil is unpredictable, only slightly inferior to me. He is surly and unpredictable, and is not a good person to get along with."

Ren extraordinary light way.

Ye Chen nodded slightly, said goodbye to Ren extraordinary, and flew toward the sky demon palace. On the vast land, there are few lives to see. Ye Chen finds that the closer he is to the palace, the more powerful the demonic atmosphere of the violent uprising will be. If ye Chen's cultivation has not been promoted to heaven and earth, he may not be able to stay here for half a second, and he will be torn up by the evil spirit all over the sky!

However, when ye Chen walked into some places, he found that there were a large number of martial artists gathered in the outer area of the heavenly demon palace. From the extreme view, there was a sea of people and people, which was extremely spectacular. Ye Chen found that all of them were magic practitioners!

Among them, there are a few, the evil spirit is turbulent, it is frightening, even if it is put in the heaven and man domain, it can be regarded as a great power!

What ye Chen can't understand is why so many magic practitioners appear here. Don't they know that this is the territory of the great devil?

What's more, the devil's personality is very strange. If they don't agree, they will start to kill. Aren't they afraid to bear the anger of the devil?

Ye Chen has been standing on the cloud and observing quietly, but as time goes on, there are more and more people gathered here. Each person is more or less contaminated with a trace of evil spirit. They gather from all directions, dusty and in a hurry.

Simply, ye Chen also changed his appearance and jumped into the crowd. When he came to a casual practitioner, he asked with a smile:

"brother, don't you know what kind of grand party is held here today? Why are so many people coming at once? "

The monk looked at Ye Chen with a strange look and said, "don't you know? Today is the day when xuejue Palace once recruited disciples for a hundred years

The more San Xiu looks at Ye Chen, he feels strange. Since he comes here, how can he not know the recent grand gathering?

He exchanged a few words with Ye Chen and then left. Ye Chen suddenly realized that there were so many magic practitioners gathered here to recruit disciples, which makes sense. The blood Jue magic

palace is famous outside. The palace master is the strong one in the legend. He can become a disciple here. I don't know how many magic practitioners dream of it.

However, ye Chen also knows that this is just an opportunity for him. If he can stand out from these practitioners and become a disciple of xuejue magic palace, or even attract the attention of the great devil, he will soon be able to learn the supreme demon body.

Wandering in the crowd, ye Chen chatted up a few monks and got a clearer understanding of the situation here.

It turns out that what Su Mohan knew had already become Chen sesame rotten millet. After the big devil became Ren Feifan's defeated general, he was not willing to do so. He was shut up in his cave for less than a thousand years, and then he was born again.

After he came out, he recruited many disciples. Of course, he did so for only one purpose, that is, to realize the supreme level of the supernatural demon body. During his thousands of years of seclusion, he had a new understanding. However, he knew that his martial arts talent had come to an end, so he no longer buried his head in dead kowtow, hoping to find a disciple with outstanding talent as his successor.

This is the only way that he can understand the highest level of heaven's demon body!

However, as the endless years passed, he did not find a satisfied disciple. Ye Chen seems very anxious, the people around him are bustling, he finally rushed to the front, and at this time, a shout broke the atmosphere of the scene.

I saw a man in armor standing behind Ye Chen, a face angry rebuke: "where the stinky boy, just heaven and earth, dare to block our young master's road, are you tired of living?"

The man stood in front of Ye Chen, arrogant and domineering, quite domineering. He didn't put Ye Chen in his eyes. It seemed to him that ye Chen was just an ant at will.

Little did he know that this remark also angered Ye Chen. What ye Chen hated most in his life was this bullying watchdog. Now he dared to bully himself, which was a disgrace to himself.

Ye Chen looked indifferent and said: "the road of the world is the way of the people of the world. Standing here, I have long admired the master of xuejue magic palace. If I want to find a chance for myself, how can I block your way?"

Ye Chen's words can be said to be neither humble nor arrogant, so that many people on the scene were impressed by him, but the bodyguard obviously didn't take ye Chen's words seriously.

He was even more angry. He couldn't help shouting: "you little beast, you blocked our young master's way, and dare to lie here. Now kneel down and spare you a dog's life. Otherwise, don't blame me for being rude to you!"

Ye Chen's hands were negative behind him, and he said faintly, "it's really arrogant! But you are not in charge of them, master

After listening to Ye Chen's words, the bodyguard flew into a rage and went towards Ye Chen.

Ye Chen's expression did not change in the slightest. He just waved his hand gently, and a powerful force surged out. In an instant, the bodyguard flew out. The other side's body flew tens of meters in the air, and then he fell heavily on the ground. For a moment, there were dust and smoke everywhere. His whole body was shaking and his mouth was spitting blood. Obviously, he had suffered severe internal injury.

The power of one move is so terrible!

Everyone else in the room was also stunned!

Because they can see that the bodyguard who just started with Ye Chen has achieved extraordinary accomplishments and has reached the original state.

But ye Chen can defeat him so easily. It can be imagined that ye Chen's cultivation is crushing him!

Everyone for a time had a strong interest in Ye Chen, this looks so young people unexpectedly have such courage.

However, it can be imagined that a bodyguard has the cultivation of the original state, so as the master of the young master naturally can not be underestimated!

Soon, the so-called young master appeared.

This is a man in gorgeous clothes. He looks graceful and rich, and his beautiful clothes show his lofty momentum. He swept around the audience coldly, and his eyes were full of deep meaning. Finally, his eyes fell on Ye Chen and said:

"I'll give you a chance to kneel down and then make your own decision! Or I'll see you on the road with my own hands

Arrogant! overbearing! Arrogant!

This is the momentum that only when used to the superior.

The crowd was also frightened, but only Ye Chen was still so indifferent, but he looked at the so-called young master with a trace of sadness in his eyes.

Ye Chen cold mouth said: "people do not attack me, I do not prisoners, if you come to me, there is only one way to die!"

"You want to die!"

With a big wave of his hand, the White Tiger Mount behind him suddenly rushed up and opened his mouth. For a moment, the smell of blood filled the land for miles, and everyone was in deep fear.

At this time, there was a murmur among the crowd, and some monks were whispering about something.

"This is a monster Decepticon! This is the mountain protection beast of the world of mortals

"This man is the young master of the world of mortals! I'm afraid this guy is going to have a bad day today. He even dares to offend such a big man! "

"What!"

"Is it the world of mortals?"

Around the other people, heard the word "the world of evil", also have changed color.

The name of this sect is like a thunderclap to them, especially to those who practice magic like them.

It is said that the leader of the sect has already reached the peak of Huanzhen realm, which is enough to be called a big man.

Moreover, the background of the red world devil sect is extremely deep, which has been passed down for tens of thousands of years. Besides the patriarch, the elders and Dharma protectors in the sect have also achieved excellent accomplishments. If they are gathered together, it can be said that it is a fighting force that cannot be underestimated!

Everyone will not believe that ye Chen alone can fight against such a huge sect?

Everyone is deeply pinched a sweat for ye Chen.

Hearing the comments of the people around him, ye Chen's face remained unchanged, and the sword in his hand was suddenly scabbard!

Between the whistling of the sword, the wind blows out in an instant!

The sword falls, that red world evil clan's little patriarch Duan boundless one head long hair to cut down most half!

Chapter 4707

Duan Wuyuan was caught off guard by this blow, and immediately felt that his face was dim and angry. He dishevelled his head and roared at Ye Chen, "you beast! How dare you commit the following crimes? I will kill you today

"Ha ha! You want to kill me? Just try it

Ye Chen is not afraid at all. From the beginning, ye Chen can see it.

At the moment, Duan's boundless cultivation is exposed in front of Ye Chen, only half a step is true.

Just as the sword was drawn and the crossbow was drawn, a young man in a black Taoist robe came out of the crowd.

He looked at Duan boundless and ye Chen with a bad look, and said in a cold voice, "how can you wait for this private fight in front of my blood Jue demon palace? Don't you put my blood Jue demon palace in my eyes?"

The man spoke with a strong threatening tone, very overbearing.

But Duan Wuyuan was still holding a breath in his heart, and then he began to argue: "this elder, it was the ants who provoked me first. I was just a normal counterattack."

However, the young man in black directly ignored Duan Wuyuan's words and said with a cold smile: "I don't care about the hatred between you two. It's no good to start in front of me. If you disturb today's gathering of disciples, you will be at your own risk!"

On hearing this, Duan Wuyuan was even more unhappy. He immediately reported to his family and said, "you don't know something about this elder. I'm the little patriarch of the world of mortals. My father is..."

Duan Wuyuan is trying to report his father's name, but he only said half of what he said. He was mercilessly interrupted by the young man in black. He scolded fiercely: "I care who your father is. If you dare to say one more word, your father will know that today next year is your death day!"

Duan boundless is in a moment. Although the red dust palace is well-known and respected by countless warriors, it would be ridiculous to compare the red dust devil's palace with that of xuejue palace, which is no different from hitting a stone with an egg.

After all, the master of xuejue magic palace is the legendary figure. Even if his father sees the master here, he has to kowtow and kneel. What kind of thing is he?

After thinking through this point, Duan Wuyuan dare not continue to make trouble, but he still stares at Ye Chen with resentment on his face.

From the beginning to the end, ye Chen just calmly looked at the young man in black without saying a word. After he severely reprimanded Duan Wuyuan, he said: "this elder, I have long admired the reputation of xuejue magic palace. Today, I come to visit the mountain gate to find a chance."

The young man in black glanced at Ye Chen faintly, then said with a smile: "everyone here today wants to join my xuejue magic palace, but I can tell you clearly that among you, there is no one among you who can really become a disciple of my great magic palace."

As soon as this remark was made, all the people present changed their faces!

None of them? It's too unlikely.

Even if there are millions of people here who want to become the disciples of xuejue magic palace, under such screening, it means that only a few hundred people can eventually become disciples of xuejue palace.

At a time when everyone was unhappy, the young man in Black said: "you don't have to be discouraged. After all, my blood Jue magic palace is not a place where everyone can come. If you are not gifted, you are not qualified to be my disciple. So I would like to advise you that it is still time to leave now, otherwise I will not die on the road The palace is not responsible. "

After all, there are very few talented people in this world. More people are mediocre. How can they not know?

Most of the people who came here today just want to take a chance. But now the young people in black have put out such cruel words. They know that if they want to become the disciples of the blood Jue magic palace, they can't rely on luck alone.

Therefore, some people have already started to play the retreat drum, and some even left here directly. They are still very self-conscious. After all, there is hope to live. It would be a pity if they lost their lives in order to join the xuejue magic Palace by force.

Soon half of the people present had chosen to leave.

The young man in black glanced at the crowd and said solemnly, "if you want to be a disciple of my blood Jue magic palace, you must go through many examinations. I warn you once again that these examinations are very dangerous. If you are careless, you will lose your life. It is up to you to decide whether to go or stay."

With the words of the youth in black falling behind, there is no doubt that many people have been dissuaded. At the moment, those who continue to have the courage to stay and break through the barrier are no longer left, and ye Chen is one of them.

Looking at the few people left, the young man in black gave a smile and said, "yes, you can still stand here now, which is enough to show that you are all people with great courage. The courage of a demon cultivator is indispensable. Therefore, as long as you can come out of it alive today, you can get the reward from my bloody palace, which is not to let you come here in vain It is. "

After hearing this, one tenth of the people who stayed behind all showed a burning look, and they finally saw hope!Even if you can't succeed in breaking through the barrier, you can still get the reward from the

blood breaking devil's palace. That's a beautiful thing. So many people who retreated before regretted it.

"Well, you guys, come with me." The young man in black threw down the words, jumped up and took the people into the palace of blood Jue. Before they came to a high mountain, this was the gate of the palace.

The mountain gate is as high as ten thousand feet. When you look up, you can't see the peak at all. It's just hazy clouds. It looks magnificent.

"What is this?" Duan Wuyuan, who had a conflict with Ye Chen, was the first to ask.

Even if the warriors like them saw the mountain in front of them, they could not help feeling small because they had never seen such a high mountain, as if they did not belong to this world.

"This is the ladder to the heaven of my bloody palace. It is also the first test you will face."

The young man in black slowly explained.

"Test? I don't know how to pass the first test? "

Someone in the crowd asked again.

The young man in Black said with a smile: "the first level is very simple. If any of you can climb the top of the mountain, you will pass it. But sometimes, you only have one day and one night. If, after a day and a night, you still fail to reach the top, then you will be considered as a failure. "

"Is it so simple?"

"Yes, it's just climbing a mountain. It's the first level to test us. It's too contemptuous of us, isn't it?"

"Originally, I thought it would be very difficult to become a disciple of xuejue palace? I didn't expect it to be so simple. "

Although the mountain is very high, they can come here, at least their own cultivation has reached the realm of mending the sky, and even reaching the mirror of heaven and earth and the realm of origin.

It's just a mountain. They can reach the top of the mountain in no time. It's just like eating and drinking water.

Seeing the casual appearance of the crowd, the young man in black involuntarily raised his mouth slightly. He knew that most of the people who had such thoughts could not pass the first level.

The climbing ladder seems to be just a mountain peak, but in fact, there is a mystery inside. It is impossible to be as simple as they think. You know, there is the power of the law set by the Lord of the blood Jue demon palace in person. So everyone here must be down-to-earth and climb up step by step. Any magic power has no effect, so this is a test It is the perseverance of the disciples.

As the so-called road is merciless, perseverance is more important than courage on the road of practice, which is also the basic condition for a qualified devil cultivator.

Ye Chen's face changed slightly. It seems that the test of xuejue demon palace has a lot of methods. However, he did not think much about it. He was the first one to walk towards the mountain. He was confident about this level, because he knew that this level was not only a test of perseverance, but also a test of the physical body. Those who had practiced the physical training of the flesh body or had acquired the power of body refining were in the Through this level, it will have more advantages.

When ye Chen stepped on the ladder for the first time, he already felt a strong force coming out from the ground, and his legs were bound by death. At this time, every step he took seemed to use more than ten times the strength before.

But even so, he still walked very leisurely, as if climbing the mountain as usual, but the other people were not easy. They stood behind Ye Chen, and each step was very difficult. What's more, they found their legs were deeply immersed in the mud and could not be pulled out any more.

Some people began to cry out in panic. Unfortunately, the young man in black on the side would not care about their life or death at all, because he had instructed these people from the very beginning. Life and death depended on their thoughts. After they made the decision to stay, their fate could only be in their own hands.

Of course, there are also some strange people with extraordinary talent. Although they can't walk around as easily as ye Chen, they are still climbing up step by step.

Duan Wuyuan appears to be very hard, but he looks at the leaf Chen in front of him, a fire without fire in his heart erupts out.

He didn't expect Ye Chen to be so powerful. He was very unconvinced in his heart. Anyway, he must join the xuejue magic palace. Only in this way can he be ashamed. If ye Chen becomes a disciple of xuejue demon palace, but he can't pass the examination, then he will have no chance of revenge.

Time is slowly passing by, half a day's scenery is fleeting, and at this time ye Chen has come to the hillside, behind already can't see other people's figure.

Ye Chen has tried his best to slow down the speed, as calm as possible, but did not expect or dumped a large section of other people.

Even the young man in black changed his face. He pinched a magic spell in his hand and sent it to the high-level people in the magic palace with the power of transmission, because he found a peerless genius, a genius enough to set a new record in the history of xuejue palace.

Chapter 4708

Of course, ye Chen is not a high-profile person. He has his own consideration in doing so, because he must make himself stand out in this test. Only in this way can he have a chance to make the palace master of xuejue magic palace notice him.

Just a few hours later, ye Chen was about to climb to the top of the mountain.

The color of surprise on the face of the young man in black became more intense. He locked Ye Chen tightly with his surprised eyes. Every movement of his reflected in the eyes of the young man in black seemed to be telling some kind of miracle!

The young man in black can't believe his eyes. He has never seen a genius who can do this.

He still remembers how difficult it was when he joined the magic palace when he passed this level. He is still unwilling to recall this dark and painful experience.

But now, looking at Ye Chen in front of him, he seems to be walking, and he doesn't feel too much pressure.

However, the young man in black was not too jealous of Ye Chen. On the contrary, he was very happy. He was selected by the sect as the person in charge of recruiting disciples. Therefore, he knew better than anyone that the palace master's purpose of recruiting new disciples was to select talents and let them help him overcome the problem of too much supernatural evil body.

And now, does this man finally show up?

You know ye Chen is the first one to discover this genius. If he can really help the palace master to solve the problem of the supernatural demon body, then he is also a meritorious person. At that time, as long as the palace master can give him a little reward at will, his future will not rise to the sky one step at a time?

The time limit given by the young man in black is one day and one night, but ye Chen has completed the first examination in less than one day. Standing on the top of the mountain overlooking the sea of clouds, he is surprisingly calm.

The young man in black jumped to the top of the mountain. Looking at Ye Chen, he said with a smile: "very good. I haven't met such a genius as you for a long time. I wonder if you are interested in becoming the disciple of our palace master?"

Ye Chen nodded his head and said calmly, "you can't get it."

Ye Chen's heart steals joy, finally he has achieved his own goal.

At this time, many other disciples climbed to the top of the mountain.

However, most of them were out of breath. Even more, at the moment when they reached the summit, they collapsed on the ground and were unconscious. No one else could be as calm as ye Chen.

After climbing to the top of the mountain, Duan Wuyuan looks at Ye Chen with an incredible face. Suddenly, he becomes confused and roars:

"Dharma protector! This little beast must have cheated! It is impossible for him to pass the first level examination so easily. Please check it carefully and kick this opportunistic animal out of the devil's palace! "

Ye Chen frowns slightly, looked at the eye segment boundless.

Actually Duan Wuyuan is not sure whether ye Chen cheated, but he firmly believes in one point. The test of the first level is so difficult, why can ye Chen come up so easily?

Every one of them is so hard, only Ye Chen is light and easy. This is not fair at all, so he subconsciously judges that ye Chen must have cheated!

As soon as this word came out, it aroused the resonance of other people!

For a while, the public was hard to adjust. The spearhead pointed at Ye Chen and criticized Ye Chen one after another.

Because their ideas are the same as Duan Wuyuan, they always feel that they are unfair, and they all join in saying:

"that's right! Dharma protector! This boy is ordinary, only the cultivation of heaven and earth. He can't reach the summit faster than us! He must have used some shady means

In fact, ye Chen exposed his real accomplishments from the first moment after he entered the magic palace. This also gave many other martial artists who took part in the test an opportunity to take advantage of them. They felt that their cultivation had reached the origin and even true, and could not even compare with a warrior in heaven and earth. How could this be possible?

But unexpectedly, the next moment, the young man in black reprimanded these people loudly, "you are presumptuous, your skills are not as good as others, but you should find these excuses here!"

However, even though the young man in black was talking for ye Chen, Duan Wuyuan and others were still unconvinced, especially Duan Wuyuan, who was full of anger, retorted:

"Dharma protector! You must be aware that you must not let this little beast muddle through! "

At this time, several figures in the sky suddenly fell, carrying the extremely terrible pressure!

One of the old men with white hair was full of evil spirit. He glanced at the crowd and said coldly, "you bastards! Is it questioning the test of my palace? "

As soon as the two old men appeared, the scene was completely silent.

The evil spirit of terror is surging and the whole mountain peak is surrounded by wind!

It turns out that they are two strong men who are at the top of the real world. Even if they are placed in the blood Jue magic palace, they are at least at the level of elders!

How could they speak for ye Chen?

Duan Wuyuan only felt the burning pain on his face!

The head of the white haired old man's eyes fell on Ye Chen's body, and then said aloud: "you come with me, the rest of the people continue to break through the barrier!" Under the leadership of the old man, ye Chen directly enters the interior of xuejue magic palace, where pavilions and pavilions are wrongly erected, white cranes are flying in the sky, and flowers and plants are flourishing. If ye Chen hadn't known for a long time, ye Chen would have thought that this was some kind of Fairy home.

I don't know how long it took to walk. There was a huge palace in front of me, surrounded by a thick magic atmosphere, which was incompatible with the scene Ye Chen had seen before.

All of a sudden, the two old men also stopped. The white haired old man first said with a smile: "I am xiuqianluo, the law enforcement elder of xuejue magic palace. Do you know why I want to bring you here?"

Ye Chen looked calm and shook his head and said, "I don't know."

"Your previous performance in climbing the ladder was too dazzling, so the next test is totally unnecessary for you."

In fact, this answer is expected by Ye Chen. After all, this is the purpose of Ye Chen, but he still pretends to be confused and asks, "what does the elder mean?"

"Everyone who comes to my blood Jue magic palace has the same purpose, but he wants to be a disciple of my blood Jue magic palace!" Xiuqianluo suddenly said meaningfully.

Ye Chen nodded his head slightly and said with a smile, "the younger generation has this meaning."

"Those successful disciples will decide what kind of identity they will get after they enter the bloody Forbidden Palace because of their performance in the breakthrough."

After pondering for a moment, xiuqianluo explained: "either an ordinary disciple, or a disciple of the elder, or just a minor servant disciple."

You should know that even if you are selected as the servant disciple of xuejue demon palace, countless practitioners are eager to do it. After all, if you hang the word "disciple of xuejue demon Palace", it will be a great honor. Within the clan, you are a worker, but outside, that is the existence of human beings! "

"But you are different!"

Chapter 4709

Xiuqianluo's words turned, and suddenly said: "in our blood Jue magic palace, no one is qualified to accept you as a disciple except the Lord of the palace!"

"But before you go to see the Lord of the palace, you must pass the test here. The test here is thousands of times more difficult than that of entering the mountain gate!"

Xiuqianluo's words have a vague meaning of threat.

However, ye Chen just laughed and said, "OK! To be a disciple of the palace master is always the pursuit of the younger generation! "

"Well, go in and walk through the palace, and you will see the Lord of the palace."

Ye Chen did not hesitate to jump into the palace.

From the outside, the palace is not very large, but after entering it, ye Chen found out that it contained mystery.

This is supposed to be blessed with the power of the law of space, which envelops the whole palace.

The palace was so dark that nothing could be seen clearly.

With the deepening of Ye Chen, he found that the dark color became more and more strong. He did not know when the earth had been invisible under his feet, only a piece of dark, as if to come to the end of the end.

Previously, huqianluo had warned himself that there are dangers everywhere. If ordinary people come here, they will surely die.

Soon, ye Chen saw something else in the dark, which was white bone.

Yes, it's the white bones of human beings, and there are more than one white bones. They seem to die at different times.

Some are even mixed with a trace of rotten meat, while others are completely worn out by the years.

It can be imagined that ye Chen is not the first person to come here, and most of the people who came here before have already died.

The evil spirit is more and more heavy, ye Chen's heart also has a kind of uneasy feeling!

"Who is it! Disturbing my long sleep

In the void, suddenly came a sound.

That's a man's voice, it sounds very vicissitudes.

Ye Chen looked around, but could not see a trace of a person, light way: "who is talking? Come and see you

But ye Chen's cry can't get a response, only a magic spirit behind him comes!

Fortunately, ye Chen's perception ability is very strong, and when the evil Qi is fast hitting Ye Chen's back, ye Chen jumps gently and avoids the blow.

The evil spirit bumped into a white bone. In a moment, a white bone turned into powder and slowly floated into the air.

"What a terrible evil spirit!"

Ye Chen took a deep breath and looked at the scene in front of him with lingering fear.

Fortunately, his reaction is fast enough. If the evil spirit just hit him, even if he didn't die, he would die half of his life.

This time, the person who secretly attacked himself was definitely the most terrifying one among the many magic practitioners Ye Chen met. Even when he was in the magic spirit palace, the magic Qi inspired by the master of the magic tablet could not be compared with the evil spirit in front of him.

But who is the one who stealthily attacks himself?

Is this the test that xiuqianluo said?

"Where are the rats? Are they just hiding their heads and exposing their tails?" Ye Chen's voice and color awe inspiring way!

At this moment, the voice of the man in the void rang again!

"No one has been here for a long time. Is it 103561 or 103562?"

Ye Chen can only hear the voice, but he can't tell where the other party is. He follows the front of each other's words and asks, "before this, have many people come here?"

"A lot of I can't remember how many people there were, but they were all dead and only one survived. "

"Is there a man alive? Who is it? " Ye Chen is very curious about this.

"Ren Feifan."

That voice is not surprising, die endlessly, ye Chen also breathed a sigh of relief, no wonder, after all, in addition to such evil spirits as Ren Feifan, other people want to escape from here, it is really not so easy.

"Who the hell are you?" Ye Chen asked again.

The shadow appeared in the next moment.

The shadow condensed, more and more real, and finally formed a person's appearance.

It was a man in a gray Taoist robe. He looked like a man in great vicissitudes, but there was an indescribable smell on his body, which made people very uncomfortable, such as demonic nature and evil Qi, but it was quite different from all the magic practitioners Ye Chen met before!

"Oh, I remember!"

The man in grey showed a surprise and said, "over the past ten thousand years, there have been a total of 9999 people here! There are only nine people who can pick me up for my first sneak attack, and you are the tenth. "

"Before you, the only person who survived was Ren Feifan. I don't know if you can become the second person."The man in grey took a look at Ye Chen with great interest, as if he were looking at some treasure.

A person stay for a long time, it is inevitable to be lonely, but he can not suppress the restless intention of killing, he is eager to kill more people.

He thought Ye Chen would be killed easily like most people, but he didn't expect that ye Chen easily avoided this move, which was better than Ren Feifan.

Ye Chen can see that the gray man's consciousness is very empty, after all, he is just a remnant.

"What's the relationship between you and the master of xuejue palace?" Ye Chen asked again.

"Where is the master of xuejue magic palace? I don't know. " Said the man, shaking his head.

Ye Chen can't help sneering. It seems that this guy is still in prison now, but it's OK. It's just a puppet without consciousness. Ye Chen will not have any psychological burden to kill him.

"Sword

Ye Chen roared, and the fragments of Longyuan Sky Sword in his hand turned into a sword shadow and roared out. The terrible sword spirit tore the space.

"Ha ha! For a long time, I haven't met an opponent who makes me happy. I hope you don't let me down! Even if you can only take three moves from me, I'm enough comfort! " The man in grey showed an excited look, strode forward and pinched the formula with both hands.

A lot of evil Qi is surging, I wish I could tear Ye Chen apart.

Ye Chen's soul body transforms and displays the star soul chop. The sword shadow is in the vertical and horizontal direction, and the domineering sword Qi splits the sky.

The sound of the road is roaring! Ye Chen sacrificed his most satisfied sword and fought with the man in grey clothes!

For a moment, it was dark!

Soon, the war entered a white hot stage, and ye Chen was more and more difficult to resist the attack of the man in gray. Every move of his was too overbearing to prevent.

All of a sudden, the man in gray burst out laughing and said:

"do you dare to come here to die with your little tricks?"

It has to be said that ye Chen's strength is really outstanding. Compared with many people who have been to this palace before, ye Chen can be regarded as the best, but the man in gray is very clear that the person who can get out of here alive like Ren Feifan will never appear again.

Because it's insulting to let people leave here alive.

Chapter 4710

The war continued, and ye Chen could not hold on. His arms began to tremble slightly. The man in grey seemed never tired. Instead, he became more and more brave. His expression became more and more ferocious, just like a bloodthirsty devil. He never died!

Ye Chen felt a crisis in his heart, but soon he found a trace of strange.

He saw a trace of turbidity in the gray man's eyes.

And with the outbreak of the fight, the gray man's body has appeared signs of virtual, which is undoubtedly let Ye Chen see the hope of victory.

Just when the grey man's palm from the sky is about to be photographed on Ye Chen's heavenly cover!

"Xuanxianzi, borrow my strength!"

"The world is beginning to open, the original biochemistry!"

Ye Chen murmured and unfolded the burning sky. A dark sun was suspended in the golden sky. With the blessing of the sun, ye Chen only felt that his Daoyun was refined several times!

A rune appears in front of Ye Chen. It is the seal of destruction!

In the sea of knowledge, Daogu's mark is shining. Ye Chen concentrates his whole spirit on the sword in his hand. The next moment, the chaotic sun in the sky suddenly sets a dark sunlight on the sword!

A sword like a thin line of black light flash, the world seems to freeze at this moment!

With a loud bang, the man in grey began to disintegrate quickly!

The strong destructive force is surging here, and the sword of destruction will fill the whole space!

With the disappearance of the man, the surrounding landscape also changed dramatically.

The palace is still the original palace, but in the deepest part of the palace sits a man with white hair. Of course, he is not the same person as the man in grey clothes who appeared before, because he looks more bulky, more tall and more real. He is a living man with flesh and blood.

He sat there quietly, far away, and ye Chen could still feel the power of hegemony from him.

"I dare to ask you, is he the master of xuejue magic palace?" Ye Chen says directly to the point.

I saw that person's body swayed slightly. In a moment, he appeared in front of Ye Chen, showing a gratifying look. Looking at Ye Chen, he said:

"very good. You have survived, and it took such a short time to break away your inner vanity. You are indeed a creative talent."

The tone of the white haired man is full of admiration. It can be seen that he really likes Ye Chen.

The white haired man looked up and down at Ye Chen, and then his face changed slightly and asked, "you are not a pure demon cultivator. The evil spirit on you is too thin. How can you think of coming to my blood Jue magic palace?"

Ye Chen had an idea, then explained: "I have long heard of the name of the master of xuejue magic palace. I always want to worship you as a teacher. Today, I finally have such an opportunity. Please help me, elder."

The big devil's face instantly became ugly. His eyes tightly locked on Ye Chen and said in a rather bad tone: "in fact, a genius like you, if you can be my disciple, would be great, but you shouldn't cheat me."

In fact, when he saw Ye Chen from the beginning, he was very excited because he knew that his disciple, who had been waiting for a long time, was also the only one who could help him to solve the problem of the supernatural devil body finally appeared.

But now he found out that ye Chen's demonic nature was not authentic at all. It seemed that he was deliberately hiding something. This strong sense of difference made the big devil's heart most angry. However, he still tried to resist the impulse in his heart and didn't extinguish Ye Chen. He continued to question:

"I hate others to cheat me with lies in my life. You'd better recruit them truthfully. Why do you want to come here? What is the purpose? Otherwise, this is your burial place today. "

So far, ye Chen can only be brave enough to say: "what I said is true! Please help the younger generation

"Do you want to die?"

The big devil snorted coldly, surrounded by endless evil Qi, suddenly formed a big hand of evil Qi, and then directly grasped Ye Chen's neck.

As if as long as a read between, can destroy Ye Chen!

Ye Chen's eyes are dignified. When he saw this man at the first sight, ye Chen had already discerned the other party's cultivation realm, which was far beyond the true realm.

It is a very dangerous thing to deal with such a strong person.

Ye Chen also knows that those who have made great achievements since ancient times have been in danger.

But what he didn't expect was that the devil turned over faster than the book.

Ye Chen finally shook his head and could only explain: "I want to cultivate the supernatural devil body! This is the purpose of my coming to the bloody palace! "

After hearing this, the big devil's face moved slightly, and his strength in his hands was also reduced a lot. However, he still didn't let Ye Chen down. He just gave Ye Chen a chance to speak."Oh, the reason why I want to practice the supernatural devil body really surprised me."

The devil said with a sneer.

"I don't dare to deceive others with lies. I've heard that there is an extremely excellent skill called Taishang Tianmo body in xuejue magic palace. And as far as I know, the elder spent too much effort to understand the highest level of taishangtian's devil body, and so far it has failed. Maybe I can help you." Ye Chen said with good advice.

A lie appears, must use other innumerable lies to make up for, but ye Chen does not want to do so, since the big devil has begun to doubt himself, it is better to directly tell his real idea.

After hearing Ye Chen's explanation, the big devil is also skeptical.

He pondered for a moment and then said, "don't you know? What will happen if you can't reach the highest level

Ye Chen looks incomparably firm, shook his head, said: "I don't want to know, also do not need to know, because in my here only success, no failure."

"Well, there are not many people who are so confident as you are."

At this time, the big devil's eyes to Ye Chen became more and more amused. Then the magic hand's strength was released, and he put Ye Chen on the ground and said:

"since I got the body of the supernatural devil, I have received countless disciples, but no one can survive!"

"Because they all let me down, your talent is very good, I hope you can not let me down, otherwise you will end up like them."

Ye Chen's heart can not help a sigh of relief.

Fortunately, his life was almost explained here. The big devil's temper was really weird. Just like Ren Feifan said, he was lucky to adapt to circumstances and avoid a robbery.

However, as soon as ye Chen got up, the big devil's face suddenly changed. He looked at Ye Chen in surprise, and his eyes erupted with rage and roared: "no! You have his breath in you. "

As time went by, the big devil clapped it out, and the terrible evil spirit bombarded Ye Chen's chest, and in an instant he flew out.

Ye Chen's internal organs and six internal organs seem to be misplaced, and the general strong pain spreads all over Ye Chen's body. The big devil's hand is really too fast to give ye Chen any chance to react. Moreover, the state of the big devil is crushing Ye Chen.

In front of him, ye Chen didn't even have the chance to do it. Fortunately, ye Chen's physical strength was strong, otherwise he would have gone back to his soul for nine days.

Ye Chen struggled to get up from the ground, covered his chest, and asked: "what do you mean, master? Why do you hurt me? "

Big devil one face angry looking at Ye Chen, ask: "you and Ren special what relation, why can you have his breath on the body?"

Ye Chen said in a dark way!

I didn't expect that he could even see his extraordinary breath.

"If you don't give me an explanation today, I will make you more painful than death!" he asked

To know that Ren Feifan's three words have always been a nightmare in his heart that can never be erased, which is also the cause of his anger.

He ran into many opponents in his whole life, only Ren extraordinary, let him feel the taste of failure, which is enough to let him remember his life.

The reason why he hid here to understand the supernatural devil is to win an extraordinary one and wash away his past humiliation.

The despotic murderous spirit surged out, almost condensed into substance, turned into a circle of light, and wrapped Ye Chen's body in it.

"Give me an honest account that you came to my blood Jue magic palace. Did you give any special instructions? Why did he let you do this?"
