

Physician 471

Chapter 471

Qian Jianzhong and other powerful men in the dark hall looked at Ye Chen's back in a trance.

The first force in Xiangjiang?

It's too big for the master of this hall.

But they don't think it's impossible. After all, the strength of the temple master is here.

If the dark hall really became the first force of Xiangjiang, it would not happen today.

Everyone looked at each other, and then nodded solemnly. It seemed that everyone thought the same.

.....

The Ritz Carlton Hotel in Xiangjiang.

Ye Chen goes back to the hotel room and does not find Wei Ying in the living room.

Just as he was about to look for it, he heard the sound of water splashing from the bathroom.

Not only that, but also a pink bra on the sofa.

The extreme of ambiguity.

He subconsciously glanced at the bathroom, his expression was a little frozen.

Because the bathroom of the hotel is frosted glass, you can see Wei Ying's concave and convex figure.

Now Wei Ying has nothing to wear.

Although the curve is not so clear, but it gives people imagination!

Ye Chen in order to avoid danger, just ready to go to the hotel downstairs to have a look, "creak!" One sound!

The glass door of the bathroom door is open!

I saw a pair of jade feet stepped out, followed by slender and white thighs.

It shows her round and smooth pearl shoulders, her figure is exquisite and protruding; her huge waves show her without reservation; her two slender and white lotus like arms are naturally hanging on her slender waist like a water snake.

A head of wet long hair, like a waterfall inclined down, just the right to spread on the fragrant shoulder.

The water drops fall.

It's haunting everywhere.

Wei Ying came out of the bathroom directly!

He was in a good mood.

It is estimated that it is to take the towel outside, show a hook, just ready to wipe the water on her body, she suddenly noticed something.

A dark shadow was seen in the light.

She turns her neck rigidly. The next second, her eyes are facing each other.

The whole room seemed to sink into silence.

Wei Ying's breath was held, and a trace of red haze climbed up her neck and then to her cheek.

After a few seconds, Wei Ying completely reacts and blocks her chest with a towel!

But blocked the chest, the lower body is still nothing to wear ah.

"Ye Chen! You don't turn around yet

This is the first time Wei Ying exposed her body so candidly!

The key is to be seen by Ye Chen!

How can she see people in the future!

It's very late for ye to come back!

I didn't take a shower.

Ye Chen hears Wei Ying's voice, this just reacts to come over, turn round, just the telephone rings.

He could only turn his back, back to the dead corner of the living room, embarrassed to connect the phone.

Wei Ying exhaled a breath and quickly wiped her body. After drying, she covered her chest and came to the living room to pick up clothes.

Her face grew redder and redder, as if bleeding.

She peeped at Ye Chen several times and found that ye Chen did not peek.

But don't know why, her heart but expect Ye Chen can peep, if ye Chen peep, at least show his body attractive.

And ye Chen at the moment, of course, does not know what Wei Ying thinks in his heart. What he receives is a call from Bao Xinhe.

On the phone, Bao Xinhe has already met the Bao family's ancestors, and has agreed to meet at 8:00 p.m. at the Jiulong tea house in Xiangjiang.

This time, the guardians of China gather in Xiangjiang, which shows how serious the situation is.

Hang up the phone, ye Chen's line of sight falls on Wei Ying, who is well dressed.

Wei Ying is biting her lips, blushing cheek, looking at Ye Chen with shame.

"That..." Ye Chen just wanted to talk, but Wei Ying took the lead in saying, "you don't know anything about this. Nothing happened just now, right?"

"Also, ye Chen, I'm a little hungry now. Take me to eat something."

Wei Ying changed the topic, she can feel her face is still very hot.

"Well, there's a revolving restaurant downstairs. Let's go and have some."

.....

At the same time, jiangdaoshan.

In front of Fang Zhenye kneels a man in a robe.

"How did you make an investigation?" Fang Zhenye wiped a sword and asked.

The man in the robe handed the tablet in his hand.

"Master Fang, please have a look."

Fang Zhenye glanced at the tablet and snorted coldly: "I don't like this kind of modern thing. You can just say it directly."

The man in the robe was stunned and said with a smile: "yes, yes, master Fang, the boy you asked me to pay attention to left the capital this morning." Fang Zhenye stopped and inserted his sword into the scabbard: "hum! The boy is still trying to run away! Even if he escapes abroad, I can get him back! This is the only cowardly act of the arrogant

"Master Fang, you misunderstood me. The boy didn't run away, on the contrary..."

"But what! If you falter again, I'll cut you off" Fang Zhenye angrily said.

Hearing this, the man in robe did not dare to take a breath. He even said, "master Fang, according to the latest news, the boy came to Xiangjiang by private plane, that is to say, he is near jiangdaoshan!"

Hearing this sentence, Fang Zhenye's eyes are slightly narrowed up.

Instead of looking for him, he came to Xiangjiang to die!

"Do you know where this son is? What's more, is there any master or old man to accompany him? "

This is what Fang Zhenye is most worried about.

Ye Chen can't master a strong cultivation without any reason. There must be a strong sect behind it.

His only fear is the people behind Ye Chen!

If ye Chen brought the family members this time, he would have to think about other countermeasures.

The man in robe shook his head: "the specific information has not been obtained yet. I am sending someone to investigate. As for the others, this son is really accompanied. However, according to the investigation, he is a beautiful girl with no martial arts background. His identity is an English internship teacher of Beijing Normal University."

Hearing this, Fang Zhenye's mouth was wearing a funny smile: "it seems that ye Chen wants to be a romantic ghost. Ha ha, since he can't wait, we will make him a success! You take Jiang daoshan's disciples to the foot of the mountain, link up with Xiangjiang police office and various forces, and let go. Anyone who takes down Ye Chen's head can get the protection of Jiang daoshan!

This shelter is permanent!

I'd like to see how long this boy can last

The man's eyes shrank to the extreme.

This master Fang has paid a lot of money!

Jiangdaoshan is the holy mountain of Xiangjiang, and it is also the belief of countless local people.

Sacred and inviolable.

Ordinary people can't climb and dare not climb.

Countless forces fear Jiangdaoshan. It is said that the reason why the Li family has become a rich and invincible country from a small family is that there is a shadow of Jiang daoshan behind it.

Now master Fang, with a shield, will definitely detonate the whole Xiangjiang River!

Numerous forces and families must take ye Chen's head as their primary task.

The whole Xiangjiang assassinates a boy!

It's crazy.

Even if the boy does not die, he must not be at peace!

Chapter 472

.....

At eight o'clock in the evening, the cool wind is blowing.

Jiulong teahouse.

Soon, Bao Xinhe, who had been guarding the door, saw two people. He was excited and came over and held out his hand: "Mr. Ye, you are here at last. Lao Zu and his friends are drinking tea in it."

"Long time?"

"We have just arrived. This teahouse is opened by a friend of mine, and the taste is absolutely authentic."

"Good."

Bao Xinhe leads Ye Chen into a box.

In the box, there were two men of immortality.

One of them is similar to baoxinhe. It should be Bao Peimin, the ancestor of Bao family.

As for the other, judging from the ethereal breath, he must also be one of the guardians.

Ye Chen just stepped into a step, then feel two eyes on him, not only so, the trend of strong pressure swept.

Two old people's mouth showed a trace of fun smile.

They are very curious about ye Chen!

I wonder why Ye Chen is just a young man in his twenties. Why can he kill a guardian standing at the top of the mountain!

Ye Chen feels that there are two huge mountains on his shoulders. If he is an ordinary person, he must turn into a blood mist on the spot.

He snorted coldly, his shoulder trembled, and the blood dragon in his body surged! A strong evil spirit seems to have formed a sharp blade, and cut mercilessly towards the pressure on the shoulder!

"Boom A sound, the box behind Ye Chen is broken directly!

The eyes of the two old men shrunk to the extreme and regained their authority.

"It's a hero out of youth, sit down!"

Wei Ying also followed in, just wanted to sit down, another guard said: "idle people, wait, or go out."

Wei Ying's expression is stiff. Naturally, she knows that the two old people are talking about themselves. Just as she is about to stand up and leave, ye Chen grabs her hand.

"She's my friend, and if she's a bum, I don't have to be here."

"Wei Ying, sit down."

Ye Chen uses an indisputable way of speaking.

Wei Ying took a look at them and sat down obediently.

Bao Peimin, the ancestor of the Bao family, had no opinion. However, another Guardian looked a little ugly.

He heard that ye Chen was extremely arrogant. He thought it was exaggeration. Now it seems, it is true!

Baoxinhe played a role in it, and then said to Bao Peimin, "Laozu, this time you ask Ye Chen to come here, you should not just drink tea."

Bao Peimin nodded and said to Ye Chen, "during this period of time, I have learned about what happened. Although the contradiction is not caused by you, it is not your responsibility to kill the guardian. You can seriously injure him, but you should not kill him.

What's more, you should not even cut off the heads of the three disciples of Fang Zhenye.

Fang Zhenye will judge you by name and name at the round table meeting! "

"This time, there are only 19 guardians, which means that it is impossible to even the votes. I asked several guardians for their opinions this time, which is extremely unfavorable to you. At least most of the guardians who know the whole story intend to suppress you. "

"If it wasn't for your strong relationship with Xinhe, I might have been shaken."

What did ye Chen think of, he said curiously: "I wonder, with the strength of Fang Zhenye, why don't you take the initiative to kill me, but to hold a round table meeting? Even the remaining 18 of you? Isn't it more troublesome? "

Bao Peimin touched his beard and said, "Fang Zhenye is not only not stupid, but also very smart. The only thing you can benefit from is the mysterious background. After five years of disappearance, there is no place to trace. What he fears is not you, but the power behind you "

" this time, with the power of all the guardians, even if something happens, the power behind you can't say anything, and it's not qualified to investigate the other side's body. "

"If I were you, I would send out a strong signal to tell everyone that there is power behind you. This power should be enough for Fang Zhenye to fear. In this way, it will end well. "

"So, do you have this power behind you?"

Bao Peimin looked at Ye Chen with burning eyes, which is also the purpose of his trip.

He won't be kind to Ye Chen without any reason, and he can't stand in line at will because of the words of Bao's children.

If ye Chen really has great power behind him, he is looking for opportunities!

As long as this line is set up, his martial arts road can go further.

According to his investigation, ye Chen has strong martial arts and skills.

There are only two possibilities: either Ye Chen has been passed on by accident, or there is a master behind Ye Chen!

According to the information revealed in Bao Xinhe's words, the person behind Ye Chen is likely to come from Kunlun Xu!

Two old people and even Bao Xinhe are staring at Ye Chen, waiting to reveal the secret, but unexpectedly, ye Chen shrugged: "sorry, I am alone."

Naturally, he would not say that there were hundreds of great powers standing behind him, and no one would believe him. I will not say the reputation of old man Kunlun Xu, who is used to seclusion and doesn't like to be disturbed.

As for the judgment of this guardian, it comes, and he is fearless.

According to Wan Daojian Zun's words before he left, he should be back almost as well.

Even if Wan Dao Jian Zun doesn't come back, there are several tombstones in the samsara cemetery.

Fang Zhenye or those guardians want to take him, but also weigh themselves first!

Hearing this answer, another Guardian stood up and said, "Ye Chen, you'd better figure out one thing. We're saving you."

Can a single family be separated and separated in five years?

Ye Chen is deliberately concealing, in his eyes, is to tease them!

Bao Peimin sighed. In fact, he had already guessed the result, but he still said: "Ye Chen, don't tell me, Every warrior has his own secret. I will still reveal to the outside that there are powerful sects behind you, which can at least confuse some people."

"Originally I wanted to help you. Now it seems that we are redundant. Next, it's up to you. Also, I will vote against the round table. That's it. You go first. See you off, Xinhe. "

There is no doubt that Bao Peimin's tone is full of no doubt. This is the only thing he can do. He should make a good relationship.

At this time, a middle-aged man rushed in and said a few words in the ear of another guardian.

The next second, the guardian's mouth will show a cold smile.

Chapter 473

He looked at Ye Chen and said interestingly, "Ye Chen, there is one thing I think you have the right to know. You and your friends have now become the prey of the major forces and families in Xiangjiang. If you are willing to explain the things behind you, Mr. Bao and I may be able to help you. Otherwise, it is not certain whether you can live to the round table meeting."

Ye Chen doesn't pay attention to it. He takes Wei Ying's hand and goes outside.

Since the talks have collapsed, what else is necessary to stay?

After ye Chen left, Bao Peimin frowned and asked, "what do you mean by what you just said?"

The guardian of China snorted coldly: "this boy is asking for his own trouble. Fang Zhenye plans to kill people with a knife this time. He has issued a killing order in the whole Xiangjiang River with the protection of Jiang daoshan!

It's good that he can kill the guardian of China, but can he face hundreds of forces? The water of Xiangjiang River is very deep. Without our protection, I'm afraid the boy will sink! "

"It's a pity that the girl beside him, so young, is going to die."

Bao Peimin frowned and thought for a long time, but he still said to Baoxin River: "Xinhe, pay attention to Ye Chen during this period. If he is in danger, let me know at the first time."

Hearing this, the Chinese guardian was stunned: "baolao, are you going to protect this boy? This son doesn't even have basic honesty. Is it worth it? It's not sure if he'll survive tonight! "

Bao Peimin took a sip of tea, and his voice sounded: "I see something different from my son. For so many years, my cultivation has not increased. It seems to be the sky of China. But I know very well that there are strong people in some parts of China. We pursue the end of martial Arts and have a comfortable life. We might as well gamble once today, and I bet on this leaf Chen

Another Guardian shook his head. He felt that Bao Peimin was too old to see the facts before him.

The boy is arrogant and ignorant, and will be killed in a few days.

.....

Ye Chen and Wei Ying get out of the teahouse, stop a taxi and go straight to the hotel.

After a long time, ye Chen suddenly opened his eyes and took a look at the driver.

And the driver was looking at him through the rearview mirror!

His eyes dodged, and the driver turned his attention to the front.

Ye Chen mouth corner outlines a curve, this road is not the road to the hotel.

Not only that, but also to remote places.

Wei Ying is also aware of something, just want to ask, but found Ye Chen's hand holding her.

She looked at Ye Chen in surprise, but found Ye Chen winked at her.

She stopped talking.

When the car drove to a quiet beach in Xiangjiang, it finally stopped.

The driver is very surprised, can't the two people behind find anything?

"Here it is?" Chen mountain, not moving.

The driver didn't think much, nodded, and then said darkly, "here we are, it's not a hotel, it's The netherworld

The driver got out of the car and closed the door.

At the same time, dozens of people appeared in the dark.

The blade of the sword is so powerful that it's full of shiver!

The cold killing intention is sweeping the taxi.

Ye Chen calmly got off the car, but also to Wei Ying: "you stay in the car, play with your mobile phone, a cigarette time, I will take you back to the hotel."

Wei Ying's face was pale, just wanted to say something, ye Chen pinched her finger and pointed it on the top of the taxi.

In a flash, a golden light flickered, as if enveloping the taxi.

Later, ye Chen leaned against the taxi and lit a cigarette.

There was a cloud of smoke.

In the dark, out of a pair of glasses, look very gentle man.

However, under this style of writing, there is a strong spirit and killing intention all over the body.

No less than 100 people died in this man's hands!

The man with a picture in his hand, looked at Ye Chen, his eyes instantly appeared a color of excitement.

Even scarlet and fanatical!

"You are ye Chen?"

"It seems that heaven has helped me. As long as you take your head, the protection of jiangdaoshan will surely belong to Qiu Heng! When the time comes, there will be no Li family in Xiangjiang. It must be my Qiu family! "

Ye Chen takes the cigarette from his mouth and stands on the taxi.

The sea breeze is howling, and the fire light is particularly dazzling in the dark,

"I only have one cigarette time, you can go together."

Hearing this, Qiu Heng's expression was stifled. He didn't expect that this boy should be so arrogant!

Together?

These people are the elite of his xiangjiangqiu family. Who can resist them?

However, since it was the will of Jiang daoshan, he did not dare to take it lightly.

He took a look at Qiu Jiaqiang and said, "I only want this boy's head. Who can take this son's head will be rewarded." "Yes, young master!"

The next second, dozens of dark shadows toward Ye Chen surging away.

Very fast!

The cold knife light sword shadow is like a pair of hands full of blood, mercilessly toward Ye Chen's chest.

Ye Chen knocked on the window and said to Wei Ying, "close your eyes."

Wei Ying wanted to say something, but she did it obediently.

When she closed her eyes, ye Chen moved.

There was a strong wind all over his body, and the strong wind was surging towards those dozens of people!

Ye Chen can clearly feel that not only these people are on the beach!

At least there are other strong men in the dark!

These people want to sit and reap the benefits and observe everything all the time. Once they are injured or have an accident, they must be the first to take their own heads!

This should be one of Fang Zhenye's means!

Now that it's crushed!

The best way to deal with this is to let everyone fear!

Hum!

In response to that terrible sword, ye Chen stretched out two fingers!

Two fingers for the sword, is the real Kendo!

Qiu Heng and the people in the dark frowned. Who could have imagined that in the face of such a crisis, the boy had no intention to move his sword?

Just two fingers?

You're kidding!

But! The next second, the terror of the sword. The silver light pours out like a scorching sun.

"No way!"

Those who had already appeared within two meters of Ye Chen's eyes widened when they saw such a scene.

Terrified! Terrified! Still shocked!

Who could have thought that at this moment, this little boy like mole ant broke out with such amazing momentum?

I don't know why the terrible sword spirit made them feel a little chilly.

The key is that the sword Qi comes from two fingers!

"Chop!"

It's not enough time for these people to think about it.

The meaning of these two swords is to kill Dao Jun once taught him. If you can practice it to the extreme, it is enough to change the color of heaven and earth, and to open the sky and split the earth.

Although Ye Chen just touched the skin, but at this moment this move has already let the world lose color.

Even those in the dark, after feeling the murderous spirit of the blow, they could not help changing their faces.

"Boom!"

the air waves roll like thunder!

At this moment, ye Chen's eyes are firm. At this moment, his clothes are dancing in the wind. At this moment, his two fingers of sword fall down, and one sword is full of elegance.

Stab!

Vaguely, in the silver light all over the sky, the sound of sword Qi tearing came.

Woo Hoo Hoo!

In that tearing sound, accompanied by the extremely shrill scream.

Touch!

At the same time, there seemed to be a dull roar.

In the silver light, blood blooms, dozens of people burst, and the powerful sword meaning directly turns all people close to them into bursts of blood mist!

Chapter 474

This scene appeared in front of everyone.

It happened!

As if to explode the eyeball!

When ye Chen stretched out two fingers, there was only a sneer in everyone's heart.

But I can't imagine that these two fingers really have such terrible power!

The idea of the Heavenly Sword can't even be used by ordinary spirit swords!

Those who turn into blood fog even more unexpected!

"Hiss!"

Everyone who saw this took a breath!

Kill dozens of martial arts experts with two fingers!

Is this still a man!

How many people in Huaxia can do it!

Some people hiding in the dark even subconsciously step back!

They want the snipe and mussel to compete for profits, but in the face of this powerful existence, who is the fisherman?

Maybe they are snipe clams!

Qiu Heng watched all the people he brought into the blood mist. He sat on the ground in fear and wanted to speak, but he found an invisible airflow blocked in his mouth.

He even took a big breath.

Just then, a dark shadow appeared in his sight.

"You can't --"

before he finished his words, he felt a light flash through his neck!

Blood gradually dyed, he fell in a pool of blood in an instant.

It's neat.

Finish all this, ye Chen returned to the taxi nearby, that cigarette only burned half.

His eyes fell on a few breath in the dark: "this time, it's just a warning. If you dare to trouble me again, or follow me, I promise you'll die even worse."

"I only say that once."

Language down, ye Chen will be on the roof of that cigarette down, and then a flick, that half of the smoke with Mars toward a direction!

Speed to the limit!

"Puff!" With a sound, another man fell to the ground.

It was the driver who drove the car.

After all this, ye Chen opened the door of the taxi driver's seat and drove directly in the direction of the hotel.

After ye Chen left, the shadows appeared in the dark.

Any of these figures can shake Xiangjiang.

"Master, should ye Chen continue to track down?" A young man with eyes like an eagle said to an old man.

The old man was staring at the blood mist, and his body trembled slightly. Finally, he said, "I am Xiangjiang Luo family. From then on, I will quit this matter. Don't worry about the protection of jiangdaoshan! If you're dead, what else do you need

Not only the Luo family, but all the forces and families around have the same meaning!

Ye Chen, don't move!

They are not qualified to move!

Meanwhile, Xiangjiang Jiulong tea house.

It was late. After drinking tea with the Chinese guardian, Bao Peimin also talked about some cultivation, and were ready to leave.

At this time, the Chinese guardian's men and Bao Xinhe came in a hurry.

Both of them had a look of horror on their faces, as if they had seen something terrible.

The guardian of China took a look at their expressions and suddenly thought of something. He said with a smile, "if I'm not wrong, there's something wrong with Ye Chen."

They both nodded together.

Bao Peimin's face changed slightly. Didn't Ye Chen last a night?

It shouldn't be!

However, if we really face the siege of all the forces in Xiangjiang, it's not impossible to fold in the hands of those people.

After all, no matter how to say, ye Chen has only one person, and there is an ordinary woman to take care of.

The Chinese guardian's mouth with a funny smile: "baolao, what did I say just now? This boy can't last a night, he just can't last a night! It's ridiculous of you to bet your future on this boy

"It seems that for so many years, Bao Lao, you see people's ability more and more backward."

At this time, the Chinese guardian's hand couldn't help but open his mouth: "my Lord, you misunderstood, this is not the case."

"Just now, the boy killed dozens of people with his fingers as his sword! The whole force of Xiangjiang is shaking! "

"Look at the posture of that group of people, all of them are not ready to fight ye Chen!"

As soon as he said this, Bao Peimin and the Chinese Guardian turned pale and exclaimed: "what!"

Cut dozens of people with two fingers?

What a joke!

Bao Xinhe knew that the two adults would not believe it, so he quickly took out his mobile phone!

The video above is the picture of Ye Chen's hand!

Because in the distance, some fuzzy, but the impact of Ye Chen's hand is actually recorded!

The scene is shocking to the extreme! Seeing the image in the mobile phone, the eye of the guardian of China seems to explode!

His cheek feels hot!

Two fingers for a sword, but also caused such a powerful blow, even if they are not able to do ah!

"Impossible, this son should hold what secret arts, only the secret arts can break out this kind of power!"

"This time, this son will show his secret arts, but he won't have this chance next time!"

The guardian of China can only comfort himself in this way.

But his heart is very clear, this comfort is how feeble!

Bao Peimin touched his beard. Although he was shocked, it didn't matter to him.

More importantly, he was right this time.

.....

Ye Chen and Wei Ying return to the hotel.

After that, he did not feel that there was a killing opportunity behind him.

If this kind of awe can't scare those people off, then he really thinks about taking the initiative.

Because ye Chen planned to come to Xiangjiang by himself this time, so he only ordered a big bed in the dark hall. Now it was at night that he realized that something was wrong.

Wei Ying is also looking at the big bed, her eyes full of hesitation.

"I'll book another room and you'll sleep here."

Ye Chen orders, after all, the family is a big girl with yellow flowers, and it is impossible for two people to sleep in the same bed.

Just as ye Chen was about to go to the front desk, Wei Ying made up her mind and said, "Ye Chen, you don't have to go down and book. This bed is very big. Half of us are just fine. What's more, I'm really afraid of what happened today. In case we separate, what should the group of people come back to me?"

Ye Chen pondered for a few seconds, and Wei Ying was really thinking about a problem.

They live together and have some care.

"In that case, sleep in bed, and I will practice beside you." Ye Chen ordered.

Then, they quietly cross legged practice on the sofa.

Breaking through another realm, it is estimated that several tombstones in the samsara cemetery can be completely moved.

He has suppressed the power of Xiangjiang, but the real problem lies in Fang Zhenye and the guardian of Huaxia.

It seems that I should go to jiangdaoshan.

What does Ye Chen think of, take out a tablet from the samsara cemetery and log in to the mailbox.

People in the dark hall have integrated the data of jiangdaoshan.

To his surprise, jiangdaoshan is not only the holy mountain of Xiangjiang Special Administrative Region, but also a forbidden mountain!

Chapter 475

Before 1999, this mountain was standing on the surface of xiangjiangxi, and it has always been normal.

But after 1999, a lot of great things happened in jiangdaoshan.

Hundreds of people are missing for no reason. The mountain top is ablaze at night, and thunder and lightning surge all the year round.

In such a strange situation, Xiangjiang government and police department have no intention of doing anything.

I don't know if it's because I can't control it or I'm afraid of trouble.

As a result, jiangdaoshan was cordoned off by the government, and a wall was built at the foot of the mountain, and soldiers were stationed all year round.

As long as no one goes up the mountain, no one will get hurt. This is the most direct way.

In recent years, some people have tried to go up the mountain to peep at the vision. But just stepped out a few steps, but both legs are broken together.

Terrible!

No one has dared to approach since then.

Today, more than ten years later, it has gradually become a holy mountain.

Countless citizens always pray for peace when they see the strange phenomena of jiangdaoshan.

Ye Chen finished reading these, but the corners of his mouth outlined a smile. These so-called mysterious visions are too simple in the eyes of practitioners.

However, there must be a huge array in jiangdaoshan, otherwise it would not have such an effect.

Ye Chen just wanted to close the plate, suddenly, he found something! Eyes filled with a trace of panic.

He's short of breath! Staring at a picture of jiangdaoshan.

The picture is taken by air, and it looks no different from the ordinary mountain.

Ye Chen enlarges the picture infinitely. When it is almost blurred, a stone tablet on the mountain shows up!

Above the stone tablet is an ancient Sanskrit.

Later, ye Chen took out the book left by his father in the Lin family.

Turn to the last page!

he was as like as two peas in his Sanskrit and Sanskrit.

If you find this Sanskrit, you can find your grandfather's friend!

It's about his life experience and the Ye family's secret!

"Was it that my grandfather brought me to Xiangjiang and went to jiangdaoshan?"

"Why did grandfather do that? What's the secret of jiangdaoshan

"Or is the samsara cemetery also related to jiangdaoshan?"

Ye Chen's eyes fell into deep meditation.

He had a feeling of pushing through the clouds, but in the blink of an eye he fell into the clouds again.

Ye Chen throws the tablet into the samsara cemetery and takes a look at the time and finds that it is already two o'clock in the morning unconsciously.

Wei Ying is asleep.

Maybe because of the bad sleep, the quilt has been kicked off most of the time. The slender thighs hold the side of the quilt, and both hands hold the pillow.

The fullness of the chest appeared a little bit.

In order not to disturb Wei Ying, ye Chen leaves a ban at the door of the room, and then leaves for the roof of the hotel.

Once the prohibition is broken, he can detect it at the first time.

The hotel building is the third building in Xiangjiang. Standing on the rooftop, you can almost overlook the whole Xiangjiang.

Naturally, you can have a panoramic view of the rivers and mountains.

Ye Chen comes to the rooftop and stares at a mountain in the West.

Although the haze is still the same, but as a practitioner, still can see a little bit.

Ye Chen picked up the map of Xiangjiang Special Administrative Region and glanced at it. He found that the tall buildings and mountains near jiangdao mountain were all array trends.

"Ancient spirit gathering array!"

Ye Chen exclaimed.

As the land of China, Xiangjiang can become the four little dragons in Asia and one of the first tier cities in the world.

Apart from politics and history, what is more important is the gathering of spirits!

The spirit of heaven and earth is gathered on jiangdaoshan, where there is a fragrant river of blessing, so it circulates!

Ye Chen is more and more excited, all of a sudden, he feels the black stone of pocket shake violently!

The next second came straight out of his pocket, suspended in the air.

Blooming bright light!

At the same time, the distant jiangdaoshan seems to be covered with a layer of holy light, rising from the sky!

A golden beam of light pierces the sky!

It's just that it's all coming and going fast!

Seeing that the black stone is about to rush towards jiangdaoshan, ye Chen quickly holds the black stone tightly!

In a flash, the reincarnation graveyard appeared completely on the roof!

It seems that nearly a hundred tombstones stand on the roof.

A strong sense of desolation covers it.

All of a sudden, the tombstones shook!

"You must take the thing down the river!"

When ye Chen looks at the scene in front of him some trance, an old voice suddenly rings out!

The voice is familiar to him!

The first time I opened the reincarnation cemetery, it was this voice that drove him out!

At the moment, the voice is full of excitement, as if jiangdaoshan has what big baby attracted him!"What the hell?"

Ye Chen opened his mouth.

He guessed right, jiangdaoshan absolutely has something to do with the reincarnation cemetery!

As for the specific relationship, he did not know!

The old voice stopped for a few seconds, as if entangled in something.

Suddenly, he opened his mouth again and said, "the soul breaks the Yang..."

But before he finished his words, the reincarnation graveyard on the rooftop completely disappeared!

The light of black stone is also completely dim!

Everything returned to calm.

Black stone is also drilled into Ye Chen's pocket.

As if an invisible force bound something!

Ye Chen raised his head and looked at jiangdaoshan in the distance. His eyes coagulated: "it seems that tomorrow will be a trip to jiangdaoshan. I would like to know what things in jiangdaoshan can trigger such a vision!"

At the moment, ye Chen didn't notice at all that he was on a high-rise building about kilometers north of him.

An old man stood proud, his hands behind him, standing in the corner of the roof.

The breath is ethereal, just like a fairy.

100 meters high, but there is no fear, and even only the tip of the foot falls on the most edge of the ground.

The old man was dressed in a white robe, with a pot of wine at his waist, and his white hair seemed to be a trace of time. His deep and wise eyes were staring at Ye Chen's direction.

Only the world and exist, not for the world, not for the suffering of cold, left behind a body of cold, like the soul wrapped in a heavy snow, not a trace of warmth.

His eyes seemed to see through the haze.

"The boy of Ye family has come to Xiangjiang? How could it be? "

"After so many years, the old man has turned to dust. It is said that ye Tianzheng and Jiang Peirong are both trapped in the ghost prison, and the boy has been missing for a long time. Is it possible that this boy has come back?"

"I thought it was over. At the moment, it seems that they are walking according to the old man Ye's chessboard!"

"At that time, old man ye took heaven and earth as the battle line and bet everything on his grandson. This bureau has been for decades."

"He used his own destiny and the fate of his wife's son to cover the investigation of the way of heaven, just for the belief and protection of the Ye family."

"I laugh that he is not worth it, but he laughs that I can't see through it."

"I'm very curious, that boy called Ye Chen can really break through this eternal situation."

The old man took the pot of wine from his waist and took a sip. The next second, he fell directly from the height of 100 meters!

In the blink of an eye, but dissipated in the haze and fog!

Chapter 476

ooftop.

Ye Chen is ready to go back to the hotel room. When he turns around, Yu Guang seems to find something.

He vaguely felt a pair of eyes staring at himself in the distance.

His eyes shot towards that direction fiercely, he saw a dark shadow, but the shadow disappeared in an instant.

As if it never existed.

Ye Chen Mou son tiny Mi: "did someone peep at me in the dark just now? Fortunately, only one can feel the vision of samsara cemetery, otherwise the consequences will be disastrous.

The city of Xiangjiang is not as simple as imagined. It seems that we should be more careful. "

Ye Chen goes back to the hotel room and intends to continue to practice. However, Wei Ying suddenly sits up and her pajamas are full and can't cover everything.

Spring is endless.

She rubbed her sleepy eyes and said, "Ye Chen, where did you go so late? I was almost going to see you."
"

Ye Chen shrugged and explained, "I'm a little hungry. Go downstairs and have a look."

Wei Ying nodded, then twisted to sleep to the left, and then patted the right: "Ye Chen, there are two quilts here. If you want to sleep, you can sleep on it. The relationship between us is nothing to watch out for. I believe you."

Wei Ying thought of something and said with a smile: "if you don't sleep, you won't be afraid that I will take advantage of you."

Ye Chen did not speak, but quietly returned to the sofa, cross legged practice.

For practitioners, a small amount of sleep is enough.

Jiangdaoshan and Xiangjiang are not so simple. At present, wandaojianzun has not come back, so it is the key to strengthen his strength.

Wei Ying's eyes are a little lost, so she doesn't want to go to bed.

The cold heart was determined to move, and a rolling chill appeared all over her.

Between her heart, a faint ice appeared.

.....

At the same time, Xiangjiang jinzung coast.

Li family.

The Li family is the top family of the southeast coastal generation, and even more a giant of Xiangjiang.

It has been handed down for thousands of years.

The Li family had always been silent in China until Li Yuntian, the eldest son of the Li family, was selected by the sect in the depth of Kunlun mountain with a posture against the sky. The status of the Li family rose and the strength of martial arts increased in a straight line.

In terms of economic strength or military strength, the Li family is definitely entitled to the throne of Xiangjiang first family.

At the moment, Li family villa, indignant dignified.

The living room is a huge screen, on which is playing a picture repeatedly.

And this picture is exactly the scene of Ye Chen's two fingers killing dozens of people and suppressing everything on the spot.

"What do you think of this son?" An old man with golden glasses and gray hair said.

The old man is the patriarch of the Li family, Li Jiacheng.

He just sat there quietly, and there was a sense of pressure coming from via.

So the general outsider will call Li Lao respectfully.

On the surface, he is a top Chinese businessman, but few people know that he once killed a hundred powerful people in Xiangjiang with one sword!

Without him and the eldest son chosen by the clan, the Li family would be watched by countless forces.

Li Lao's words let the people of the Li family present fall into a short silence.

A few seconds later, a middle-aged man in a shirt stood up: "Dad, if this picture is true, then the boy's strength is bound to be towering, worthy of our attention."

With a sneer, Mr. Li photographed a document on the table: "this video can't be fake. Those guys in Xiangjiang are very skilled. They are willing to quit unconditionally. They must be shocked. Not only that, this document is the information of Ye Chen in mainland China.

This son just half a year time, from a small place to rush out. It is said that a few days ago, he defeated Lin Juelong in wudaotai, which is almost the first person in China.

That day, wudaotai was classified as a SSS classified document by the mainland.

According to the grapevine, the boy killed a guardian of China that day, and even killed a top family in Beijing.

This son's endurance is greater than we think. "

Hearing Li Lao's words, all the people present took a breath.

This kid actually killed a Chinese guardian?

What the hell is this strength!

The bottom began to whisper.

"What's more, the strong man we sent today wanted to destroy the dark hall of Xiangjiang and kill people. But I never came back. If I guess correctly, the strong man of Kunlun mountain will die. "

Li's eyes slightly narrowed, as if full of interest in this matter.

The middle-aged man was surprised: "Dad, what is the relationship between the dark hall and this matter?"

Old Li snorted coldly and said: "the master of the dark hall is Ye Chen. We don't want to start in the future. It is estimated that ye Chen also knows something about jiangdaoshan. It is very likely that our Li family's plan will be known by the other party." Yu Luo, a 60-70-year-old Li jiakeqing said: "clan chief, ye Chen is always a variable. Since he and those people in the dark hall know our plan, do you need to send someone to erase it?"

Old Li's fingers tapped on the table top and said, "I've thought about this for a long time. Judging from the hunting order of Jiang daoshan, Jiang daoshan and ye Chen are the opposite. In business, the enemy's enemy is a friend. The same is true of martial arts and Taoism. Our Li family is bound to win that thing. Instead of setting up an enemy, we should pull Ye Chen to the same camp. "

"Yuncheng, tomorrow, you go to meet with this son and have a friendly attitude. If you can make friends with each other, it's better to talk about it. If you can't, don't offend him. This kind of strong person must be arrogant and arrogant. It needs to be done slowly and not be tough. "

The middle-aged man was stunned. Although he was not happy in his heart, he still nodded: "Dad, I will take this matter."

Li laofeng finished everything, and his eyes fell on the youth on the screen.

"After a while, the clan of that place is expected to come out again to choose talents. This son is so gifted that once selected, the Chinese Ye family will surely become a top family from nobody. If you really go inside, you will be better than anyone who enters Kunlun from China. "

.....

In the morning, Wei Ying wakes up from the hotel and finds that she is covered by the temperature of her room.

If it wasn't for the nine days xuanyang he practiced, he would have been affected.

Not only that, he also found that Wei Ying's breath was much stronger.

Evil blood cold body is really suitable for cultivation.

Wei Ying seems to be aware of something, opened her eyes, a trace of blood evil in her eyes bloom, but soon dissipated.

Chapter 477

"Ye Chen, don't mention that I don't feel tired at all when I practice this cold heart. Don't I need to sleep now?"

Ye Chen smile: "sleep or sleep, one or two hours a day is almost the same, now it's eight o'clock, we go to wash, and then go downstairs to have breakfast, later, I plan to go to jiangdaoshan to have a look."

"Well, I'll go with you."

An hour later, they came downstairs after breakfast. To his surprise, a group of Xiangjiang police were actually investigating something.

I heard something about the roof.

Ye Chen frowned. Just as he and Wei Ying were about to leave, the four Xiangjiang law enforcement officers noticed Ye Chen and surrounded him.

"You are ye Chen." The head of a middle-aged law enforcement officer said.

"I am." Ye Chen glanced at the four people and found that there was no martial arts breath.

The middle-aged man showed a certificate and then said, "Mr. Ye, we are Xiangjiang police station. I saw from the surveillance that you have been to the rooftop in the early morning. Is there such a thing?"

Ye Chen Mou son tiny congeals, difficult not become reincarnation graveyard thing was detected?

"Mr. Ye, please cooperate with our investigation."

"I've been there. What's the matter?"

Hearing Ye Chen admit, the middle-aged man said: "in this case, take it back to the police station! We found a man's body on the rooftop. According to the time point, it coincides with the time when you went to the rooftop. Please cooperate with the investigation of Xiangjiang police station. "

Ye Chen naturally can not cooperate, he has been to the roof is really good, but the body can have nothing to do with him!

Even if he killed, he would not leave the body on the roof.

This is nonsense!

The first thing I thought about was that someone had received the news from Fang Zhenye and wanted to use this official means to deal with him.

The second is that some people deliberately embarrass him.

Ye Chen looked at several people in front of him and said, "I still have something to do today. I will send a lawyer to contact you."

With that, he and Wei Ying went outside the hotel.

He didn't want to do anything to these people.

This group of people have no martial arts strength. Once they start, they will not be laughed off.

But to ye Chen's surprise, he did not take a few steps, and the four people came to Ye Chen again.

"Mr. Ye, this is the order above. Please cooperate, or you will make it difficult for us to do it."

That law enforcement officer's expression is a little chilly, the above explained, no matter how, must bring back Ye Chen.

You can even apply a false charge.

As for the rooftop bodies, there are no bodies.

It's just that according to the monitoring, it's not a good thing that the boy went to the rooftop so long in the middle of the night.

What's more, ye Chen is from the mainland. Although they don't have any contempt on the surface, they still have some contempt for people from the mainland.

It's too easy for them to take ye Chen.

They just wanted them to take ye Chen away. They even said that this son might use violence. Once they started, they could use stronger force to suppress him.

Ye chensi ignores, hugs Wei Ying and continues to face the outside.

Wei Ying was afraid. After all, they were policemen. It would be bad to offend them.

She looked up at Ye Chen to say what she wanted to say, and immediately gave up. She believed that ye Chen should have ideas in his heart.

Just as soon as they stepped out of the room, the four men stepped forward and captured Ye Chen directly.

But the hand has not touched Ye Chen, the whole hotel suddenly surges a storm!

The next second, the four people seem to be directly hit by a powerful momentum! Fly out!

"How dare you attack the police!"

One of the middle-aged men a roar, the entire hotel outside the instant influx of a group of armed personnel.

Ye Chen is surrounded by Tuan Tuan.

As long as ye Chen dares to move, thermal weapons will surely explode!

Anyone can be a hornet's nest.

All the hotel guests and waiters were obviously frightened.

For so many years, Xiangjiang police station can't do it here. But what's the situation now?

Are that boy and girl some kind of heinous fugitive?

Wei Ying looks a little frosty, subconsciously grabs Ye Chen's clothes.

"Ye Chen."

Ye Chen's heart sneers repeatedly, if only these four people, he may really think that he was accidentally involved in a case.

But this group of armed forces is enough to illustrate the problem.

Obviously, some people really want to move themselves, and they are determined to eat themselves!

It's just that the other party obviously doesn't know enough about his information.

Yes, Xiangjiang is a special administrative region of China, but its internal system and some information cannot be shared naturally.

What's more, his identity is encrypted. If you want to investigate something about him, you can't find anything unless you have high authority. If it was in the past, he might have taken out the identity of a major general.

But he didn't use this thing to prove himself after fighting with those guys before he came.

"Are you sure you want to stop me?" Ye Chen's body surging with a strong killing machine, as long as he wants, these people will die!

The middle-aged law enforcement officer came to Ye Chen and said extremely seriously: "you are not only the suspect of this murder, but now you attack the police. We have reason to arrest you. If you do not cooperate, we will take coercive measures against you, and the consequences will be very serious."

"Oh."

Ye Chen step out!

"Shua!" At the moment when everyone was going to pull the trigger, a man in a stiff suit came in a hurry.

"Stop it!"

Hearing this sound, the law enforcement officers were a little upset, glanced at a few people coming towards this side.

When the middle-aged law enforcement officers saw the face of a man in a suit, his expression was almost frozen.

Li Yuancheng!

The son of Li Jiacheng in Xiangjiang!

The power of the Li family has penetrated into all aspects of Xiangjiang, and its authority and strength far surpass that of Xiangjiang police station!

Middle aged law enforcement officers quickly smile to the man in suit: "Mr. Li, how did you come?"

"Ah! I remember that you also have shares in this hotel. I'm sorry to disturb you. I'll take the suspect away immediately! "

In his eyes, it was obviously their actions that shocked the Li family. After all, the Li family in this building also had some shares.

But Li Yuancheng didn't pay any attention to the man. Instead, he came to Ye Chen and said, "Mr. Ye, I'm really sorry. I'll deal with this matter."

After saying that, before ye Chen reacts, Li Yuancheng looks at the law enforcement officer, his face suddenly chills, and even looks a little angry!

"Mr. Ye is one of the most important guests of our Li family. In any case, you can't move Mr. Ye. Besides, no matter what happens, the Li family will bear all the consequences. When I came, I already called the top person in charge of the police station!"

"I'll give you 10 seconds to remove everyone. If it affects Mr. Ye's mood, you can't afford to be responsible for the consequences!"

Chapter 478

The middle-aged law enforcement officer in the lead was confused.

He met Li Yuancheng several times!

The other side was reticent, and even when facing the president of M country last time, he did not say a few words.

But now, Li Yuancheng has said so much for that boy!

Every sentence is a naked threat!

Sleeping trough!

He looked at Ye Chen and realized that something was wrong.

As far as he knows, capturing Ye Chen is the meaning of his superiors, but Li Yuancheng's words directly awarded the highest responsible person out!

How the hell are you doing this?

As for Mr. Li, Mr. Li will not be involved in my work any more. It is natural that Mr. Li will not be involved in this case!

I apologize to Mr. Ye for my carelessness

Then, he looked at everyone, made a gesture, and in the blink of an eye, he completely dispersed.

The hotel regained calm.

All of these come fast. To everyone's surprise, it's fast to go!

After all, Li Yuancheng and the energy of the Li family behind him are too terrible!

The businessman in the hotel hall takes a look at Ye Chen and tries to write it down.

After all, what can let the Li family serve with care is not ordinary.

Ye Chen does not have any fluctuation from beginning to end, but he has some accidents in his heart, and the Li family will make a move.

The person who moved Xiangjiang dark hall last time was also the Li family.

In principle, he and the Li family should be enemies. How can they treat him like this?

With a warm smile on his lips, Li Yuancheng held out his hand to Ye Chen and said, "Mr. Ye, before I can introduce myself, my name is Li Yuancheng. When you first came to Xiangjiang, you were surprised. It was my fault."

He remembered what his father had taught him last night!

Spare no effort to attract Ye Chen!

At least Ye Chen is too important for their plan.

Seeing that Ye Chen didn't speak, Li Yuancheng glanced at Wei Ying and said, "Mr. Ye should be out. I'm fine today. Otherwise, I'll ask my driver to see you off. He's very familiar with Xiangjiang."

"No need."

Ye Chen only left these three words, and then went to the hotel.

In his opinion, the Li family is not good at stubbornness. There is absolutely something wrong with such courtship.

Knowing Ye Chen as a strong man, Li Yuancheng asked, "Mr. Ye, are you going to Jiangdaoshan this time?"

"If Mr. Ye wants to go to Jiangdaoshan, I can give you an opinion. The round table meeting of the guardians of China will open tomorrow. Jiangdaoshan has already launched a mountain protection battle last night. Except for those Chinese guardians, no one can enter the mountain now. If Mr. Ye wants to go here, he may have to go for nothing. However, my Li family has a way to take Mr. Ye up the mountain."

He thought Ye Chen would be interested in Jiang daoshan, but this time, he was obviously wrong.

Ye Chen, as if he did not hear what he said, stopped a taxi and went directly in a direction.

Li Yuancheng's expression is a little ugly, he is very clear, the direction of the taxi is Jiangdaoshan.

But the other party did not pay any attention to his meaning, and he even felt a sense of frustration.

His identity and status, everyone should talk to him with his head up!

But Ye Chen didn't give him any chance at all!

Even in Ye Chen's eyes, he seems to have nothing to do with the air.

With a long sigh, he took out his mobile phone and dialed his father's phone.

"Dad, Ye Chen refused me and went to Jiangdaoshan."

There was a pause at the other end of the phone for a moment, and then he said, "if Ye Chen needs anything, you can do it. As for the invitation, I don't need to mention it for the moment."

.....

Jiangdaoshan.

A taxi pulled up slowly.

Ye Chen and Wei Ying got out of the car. When they were on the bus, the driver's uncle reminded him many times that Jiangdaoshan could only take a look nearby and stressed many times that he should never go up the mountain!

At the foot of Jiangdaoshan, Ye Chen can feel that there are countless air currents flowing towards Jiangdaoshan.

Not only that, but also the black stone in his pocket.

Jiangdaoshan is heavily guarded by soldiers, and there is a high fence to block everything.

When Ye Chen's appearance, a few bad eyes then shot over.

But when these people get a call, the bad look disappears.

"Let's go."

Ye Chen has long noticed Li Yuancheng, who is not far behind. Obviously, the Li family must have got through to these people.

He doesn't care about these things. If the Li family wants to do them, he will not feel that he owes them anything.

As he approached Jiangdaoshan, Ye Chen felt a sense of suffocation.

Wei Ying's face is very ugly. "Ye Chen, I can't walk, I feel a little uncomfortable."

"You rest in place, I'll go and have a look."

Ye Chen took a few steps, and he clearly felt that each step changed the magnetic field at the foot of the whole river.

Not only that, when he got to the sixth step, he was like a wall of gas in front of him!

The air wall blocks everything!

"It seems that this is the mountain protection array of Jiangdaoshan. The breath of this array is a little strange. I haven't seen it in Kunlun Xu or Huaxia."

Ye Chen murmured a word, and then the Dragon Sword appeared in the palm of his hand.

Qi surging, a sword without hesitation to cut down!

"Bloodthirsty!"

Under a sword, the array has not only no ripples! On the contrary, a powerful air wave came!

Ye Chen whole body shakes back three steps!

"Ancient spirit protecting array!" The leaves almost exclaimed.

Because he clearly felt that the wave was bloodthirsty, and it was three times stronger!

If he had not collected several layers of strength to display, the consequences would have been unimaginable!

The key is why there is such an array in China!

If he was in some secret places or places of residence in Kunlun, he could understand, but in Xiangjiang, it was impossible!

At least no one is qualified to gather such a large array!

"Good eye."

When ye Chen is frightened, two old men appear behind Ye Chen!

It was Bao Peimin and WAN Lao, another guardian of China in the teahouse!

Wan Lao glanced at Ye Chen and snorted coldly: "boy, if you look at the whole of China, you can rank in the top ten. You think that you can break through with just one sword. It's just wishful thinking!"

When Wan Lao saw Ye Chen, he was very angry. Yesterday, ye Chen's actions undoubtedly made him lose face in front of Bao Peimin! It's the palm of your face!

Bao Peimin, with his eyes slightly narrowed, came to Ye Chen and said seriously: "this ancient spirit guard array has existed for too long. As far as I know, it is not in jiangdaoshan, but a great power forcibly moved it from other places. If it is normal, you may want to go to this mountain, but now, it can't. the round table meeting of Chinese guardians is about to open, and the ancient spirit protecting array has already been established After starting, don't say it's you, even if it's any guardian of China

"Ye Chen, these two days you restrain a few minutes, as for that matter, I will try my best to stop Fang Zhenye."

Chapter 479

Ye Chen took a look at the ancient spirit protecting array and nodded to Bao Peimin. Then he said strangely, "how do you get up there?"

Bao Peimin was just about to speak when Wan Lao, who was beside him, waved his sleeve and took out a jade card.

The finger pinches, the jade card twinkles a ray of light instantly.

The light wrapped Wan Lao's whole body, and the ancient spirit protecting array generated a strong force, which instantly wrapped Wan Lao.

Wan looked at Ye Chen and said in a cold voice: "boy, there is a key to enter the ancient spirit guard array, and the jade card in my hand is a key. Only the guardians of China and some existing beings who have made outstanding contributions to China can have it. Without this jade card, do you still want to step into it? It's impossible! "

"No matter how strong you are, you are not qualified! This is the biggest difference between you and Fang Zhenye. "

"For the strong, you should have the heart of awe, or blindly arrogant and arrogant will only let you lose yourself."

Language down, Wan Lao then disappeared in front of Ye Chen.

Bao Peimin didn't want to talk nonsense with Ye Chen. He said, "I know Fang Zhenye. If you can't get to the mountain these two days, it may be a good thing for you. If you get lucky, it's the beginning of your nightmare.

At that time, you will face 19 guardians of China.

If you want to deal with the enmity between you and Fang Zhenye, in a few days' time, this is my advice to you. It is good for you to be honest with your ears. "

After explaining the last sentence, Bao Peimin, holding a jade card in his hand, disappeared into the ancient spirit protecting array.

After two people leave, ye Chen Mou son a congealing, no longer hesitates, displays the breaking Sky Sword idea!

"Qianlong cuts the sky!"

Ye Chen roared and rushed out, and the sword of cutting dragon was turned into swords.

The song of the Dragon resounds through the world!

At this moment, the sword is strong to the extreme, breaking everything!

"Boom!"

The place where the sword's meaning reaches, completely explodes, a burst of light chants, and the sword light soars to the sky in an instant!

This sword swept out, fast to the extreme, like thunder across the sky!

In a flash, the sky was full of sword Qi, and the cold was pressing!

The whirling wind, like the howling of evil spirits, takes people's heart and soul!

"Bang!"

The broken sky sword smashed into the ancient spirit protecting array!

This time, the array finally has a ripple! But there is no sign of cracking!

Let alone split a road!

The strong sword spirit is sweeping in again!

This time ye Chen has prepared, the body quickly withdraws!

It's even more a talisman to block your life!

The sword is counteracted, and ye Chen's blood is surging up.

Ye Chen sighs and takes back the dragon sword. He knows very well that even the second sword with the intention of breaking Heaven Sword will have the same effect.

Maybe I'll kill myself.

Although the battle of ancient times was damaged a lot, it was not the power of the separation and separation realm or the true Yuan state that could be broken at will.

Unless you get the jade card of the guardian of China!

Suddenly, ye Chen thought of what, eyes fell on a Rolls Royce in the distance.

It was Li Yuancheng who was sitting on the Rolls Royce.

He remembered what Li Yuancheng said just now. Did the Li family really have a way?

So ye Chen and Wei Ying came to the Rolls Royce and knocked on the window. Li Yuancheng hurriedly walked down: "Mr. Ye, i..."

"I don't want to know what I'm going to do for you, Li daoduo."

Li Yuancheng heard Ye Chen directly raise the matter and said excitedly, "Mr. Ye, do you know why jiangdaoshan has become the holy mountain and forbidden mountain of Xiangjiang?"

"Formation." Ye Chen spits out two words.

Li Yuan chengmeng nodded: "exactly! But Mr. Ye, do you know what is the core of jiangdaoshan? "

"What?" Ye Chen doesn't know much about jiangdaoshan and shakes his head.

Li Yuancheng was happy and continued: "Mr. Ye, I can tell you, because jiangdaoshan has two swords! A sword called zhenhun sword! The other is the broken Yang sword! "

These words were told by the old man and him last night. At the moment, Li Yuancheng does not say a word.

In fact, he did not understand, but since the old man asked him to say so, there must be his reason.

"Soul sword? Breaking Yang Sword

Ye Chen Mou son appears a deep shock!

Before the old voice of samsara cemetery disappeared, the four words were exactly the soul breaking Yang!

Are these two swords the eyes of the ancient spirit protecting array?

In other words, are these two swords closely related to the samsara cemetery and his own life experience?

Li Yuancheng could feel the excitement of Ye Chen's eyes and said, "Mr. Ye, if you have time, you may as well go to the Li's house with me. If you see that thing, you will know everything!"

"Good."

Ye Chen and Wei Ying get on the car, and 20 minutes later, the car drives into the Xiangjiang jinzung coast.

Even though Wei Ying guessed that the Li family was the richest Chinese family, she was shocked by the luxury of the Li family! Like a palace! wealthy, beautiful, grand, splendid and imposing!

Wei Ying can't think of any adjectives at all!

Her breathing is a little bit short of breath. Although she has been exposed to a lot of things during this period, her identity is ultimately an English teacher in a university.

The car drove into the internal garage, and then three people got off. Under the guidance of the attendants, they entered the Li family villa and came to an elevator.

The elevator goes straight to the tenth floor!

When the elevator arrived at the moment, Ye Chen's expression showed some solidification!

Because he found that under the magnificent Li family villa is a huge ancient building!

"Mr. Ye, my father is practicing. It's not convenient to meet you, so I can only take you there."

"But I hope Mr. Ye can keep this secret for the Li family, who have guarded this ancient building for a century."

"This is the foundation of my Li family."

At the moment, Li Yuancheng has some helplessness in his heart. He can't understand why his father let him bring Ye Chen to this place.

This is a secret of the Li family!

It hasn't been shown to others yet!

Is father really so optimistic about ye Chen?

He only remembers that he left his father's room yesterday, and his father only murmured: "the identity of Ye Chen is not ordinary, he is worth our doing."

But in addition to the dark hall Lord and what happened in the mainland, what identity does this guy have for his father to be so afraid of?

Soon, ye Chen and Li Yuancheng stopped.

At the moment in front of Ye Chen is a huge mural!

The mural is five meters wide! Thirty meters long!

It's lifelike. To my surprise, it's even more carved by sword marks!

"Mr. Ye, this mural is the secret of jiangdaoshan." Li Yuancheng said.

Ye Chen doesn't pay attention to it. His eyes are staring at one of the murals!

Because it depicts hundreds of tombstones!

On top of the hundred tombstones, there is a young man!

Young people sit cross legged, surrounded by nine dragons!

One of them is the blood dragon in his body!

But the blood dragon in the picture seems to have ten thousand feet, sweeping the world! Flying in the sky!

Awe the mortals!

Chapter 480

Looking at the mural in front of him, ye Chen can feel the blood dragon in his body.

It's as if you're going to rush out of your body at any time.

He tried to suppress it, but the blood dragon in his body still exuded a violent breath.

Five minutes.

Li Yuancheng looked at Ye Chen for several times. He couldn't figure out why Mr. Ye had been staring at that place.

The meaning of Jiulong is only a part of the whole mural.

And it's not the most important thing.

"Mr. Ye?"

Li Yuancheng said softly, but ye Chen still did not respond.

"Ye..."

Li Yuancheng felt something was wrong. He was just going to stretch out his hand to remind Ye Chen. The next second, a furious sound of dragon chanting sounded!

Dragon chant frightens the whole earth!

At the same time, Ye Chen's body out of a blood dragon virtual shadow!

Powerful air wave swept around!

Li Yuancheng's face changed greatly. Looking at Ye Chen, he seemed to see something frightening!

But he has no chance to dodge!

An invisible opportunity to kill him!

The air waves ran into his internal organs wantonly!

He couldn't help but spit out a mouthful of blood!

The body is like a broken kite flying out!

But Wei Ying was not hurt. At the moment when the blood dragon burst out, the ice covered her all over her body, as if subconsciously protecting her!

Li Yuancheng is about to smash on a wall, and a figure is coming quickly!

It's Li Jiacheng, the head of the Li family!

Li Jiacheng's body shook, an invisible barrier in front of him, Li Yuancheng directly hit on the barrier!

Although eased a few points, but the strong force still let Li Jiacheng and Li Yuancheng back a full ten steps!

"Dad, why are you here?"

Li Yuancheng breathed out a breath and secretly congratulated him.

Ghost knows how ye Chen can be so suddenly.

Li Jiacheng did not say anything, staring at the blood dragon shadow on the top of Ye Chen's head!

Serious and afraid.

Then his eyes fell on the young man on the mural and murmured: "is it true that I have guessed that the youth in this mural is this ye Chen? Although the virtual shadow of the blood dragon is much smaller than the mural, it overlaps with one of the Nine Dragons..."

On the surface, he is calm, but in his heart, there are waves!

If so!

Then the implication behind this is too big!

This mural is at least a thousand years old! Thousands of years ago, someone expected Ye Chen's existence?

At the moment, ye Chen has come to his senses, and the blood dragon on his head returns to his body.

He has completely determined that the youth in the mural is himself, and the biggest doubt in his heart is why he appears in the mural.

Although he knows the art of deduction, the ancient people may not be able to do it for thousands of years!

Life experience, grandfather, Xiangjiang, jiangdaoshan, Lijia underground ancient city, these things intertwined together, as if forming a strange chess game.

It can't be broken, and it can't be seen through in a short time.

Ye Chen eased his mind, and his eyes fell on Li Yuancheng and Li Jiacheng.

Two pills were taken out just now. They are very good for me to take out

After taking the pill, they can naturally feel the strong fragrance contained in the pill.

Thank you, Mr. Ye

No more hesitation, just take it.

The pills were sent out in an instant. The two people with pale faces were ruddy.

They are more and more curious about ye Chen.

This pill is more powerful than Xiangjiang and even any pill of Huaxia!

This is too important for a warrior, and ye Chen gives it casually, which means that the pill is nothing to him!

Ye Chen turned and continued to look at the murals and said, "where does this mural come from?"

Li Jiacheng came to Ye Chen's side and took a look at Li Yuancheng and Wei Ying: "Yuancheng, or you can take Miss Wei to pick up a gift."

What did Li Yuancheng and Wei Ying understand and naturally went to one place.

Soon, there were only two people left here.

Li Jiacheng also said: "Mr. Ye, Xiangjiang belongs to the land of Nanman in Chinese history, and the land of Nanman is also the birthplace of ancient Chinese martial arts, or cultivation. According to my investigation over the years, Kunlun Xu often has strong people come to Xiangjiang to deal with affairs!

The guardian of China also held many meetings in Jiangdaoshan. This place must be extraordinary. Our ancestors of Li family realized that this place is extraordinary.

So for hundreds of years, I took all the people from the mainland to take root here.

A hundred years ago, my father found this place special in Xiangjiang, so he used all his relationship and money to buy this place and protect it! Until later, we built garden villas on it during the day to hide people's eyes, while at night we slowly dug out the city under the ground. "

"The more we know about this underground city, the more powerful our Li family will become. Even using this secret to let my eldest son embark on a path of cultivation, the eldest son is also taken away by the powerful clan of Kunlun Xu, which establishes the status of our Li family."

Li Jiacheng knows very well that the blood dragon in Ye Chen's body is destined not to be an ancient warrior, but to be a practitioner!

Must also know the existence of Kunlun Xu!

Ye Chen outlines a radian in the corner of his mouth and looks at the old man in front of him with interest.

He did not know how many times he had seen this old man in the news. He thought he was a top businessman in China. Now it seems that he underestimated each other.

"I'm an outsider to your Li family, even you don't know me. Why tell me this secret? You should know that if I pass on today's affairs, the inside story of your Li family is bound to collapse. "

Li Jiacheng chuckled: "Mr. Ye, I learned a lot from business, and I have a firm belief that luck and courage are the most important things for those who succeed."

"If Mr. Ye is really like this, then my Li family will be destroyed and I will recognize it."

"But now it seems that Mr. Ye is more interested in this mural than we in the Li family."

What Ye Chen wanted to say, Li Jiacheng came to the other side, pointed to one of the murals and said seriously: "Mr. Ye, I'm not sure that Mr. Ye has any connection with this mural, but the blood dragon proves it. What's more, Mr. Ye, please take a look here. This picture makes me sure that tomorrow, Mr. Ye will surely step into Jiangdaoshan mountain! "

Ye Chen a Zheng, along the direction of Li Jiacheng's finger, is to see another picture.

In the picture, a young man is holding a long sword, while there are ten old men standing opposite him.

Although the picture is still, the atmosphere of these ten old people is strong, and their eyes are full of strong and arrogant meaning.

But the youth is injured, the breath is weak, only the corner of the mouth showed a cruel smile, as if winning the victory.

Ye Chen knows very well that this painting is the picture of tomorrow's Jiangdaoshan.

And the ten old men must be the guardians of China.

World War I is inevitable.
