Chapter 4711

Ye Chen's brows frown tightly, he knows that he can never say and Ren extraordinary relationship, otherwise it will only stimulate his rage, once he is completely enraged, the consequences are unimaginable.

However, at this critical juncture, the spatial anomaly mutated, the blood moon vision emerged, and a familiar breath suddenly came.

A black robed man's figure, light fell in front of Ye Chen.

He and the big devil four eyes relatively long silence, the whole palace fell into such a cold atmosphere.

After a long time, the big devil said, "it's really you, Ren extraordinary!"

Ren extraordinary hands negative in the back, a faint smile: "friend, long time no see, don't come all right."

In the face of Ren extraordinary's kind greetings, the big devil didn't buy it at all, and angrily rebuked: "you don't pretend to be here any more. What else do you come to me for? Is it to humiliate me

At the moment, the great devil is like a beast in a desperate situation. He looks at Ren Feifan with anger on his face. Even though he is not willing to do anything in his heart, he still doesn't do it, because he knows very well that once he was the defeated general of Ren extraordinary. If he can't cultivate the supreme demon body to the highest level, he will never have a chance to defeat Ren Feifan in this life. Yes.

Ren extraordinary gently smile, said: "you misunderstood, I come today is not to compete with you, but for him."

Finish saying this word, allow extraordinary stretch out a hand to point to Ye Chen, the expression between show sincerity.

The big devil couldn't help laughing and said, "this is your disciple. What do you want him to do with me?"

"Do you want him to learn from me and understand the supernatural powers I have cultivated? You are afraid of me, and you are afraid that I will threaten you after I become a supernatural devil?"

Ren extraordinary couldn't help laughing, and said calmly: "you can't help overestimating yourself, and don't say that you will never be able to cultivate to the highest level of heaven's demon body in this life. Even if you are possible, you will not be my opponent."

"You! You've come to humiliate me

The big devil was confused by the anger, and the endless evil Qi turned into a fist shadow and hit Ren fan in the past.

However, Ren Feifan just glanced at each other indifferently. With a slight wave of his sleeve robe, an unknown breath stirred up and broke the shadow of fist in an instant.

The big devil looked at Ren extraordinary with a dignified face and said: "I didn't expect that after so many years, your strength has gone further."

"I said you would never be my opponent. Now do you believe it?"

Ren extraordinary said this, and did not want to humiliate each other's meaning, seems to be just telling a common trivial matter.

A trace of loneliness flashed through the big devil's mind. At that time, he was not Ren extraordinary's opponent. At that time, the gap between them was not so big. At least in front of Ren extraordinary, he had a chance to resist.

But now again facing Ren extraordinary, he found himself in front of Ren extraordinary is so small, so insignificant, even has become a joke, he couldn't help laughing at himself, turned to leave.

Can be at this time Ren extraordinary suddenly called him.

"Wait a minute."

The big devil turned and looked at Ren fan and said, "what else do you want to do? Do you think it's fun to humiliate me? Forgive me for not being with you

Ren Feifan flashed to him and quickly explained, "you misunderstood me. I didn't want to humiliate you today. I just came to send you a fate."

This words a big devil can't help but slightly change color, curiously asked: "nature? Can you make me lucky? Can you make my supernatural body break through to the highest level

But unexpectedly any extraordinary language is not surprising, the words die endlessly: "I just have this meaning!"

Then he pulled Ye Chen to the big devil.

"This son is endowed with extraordinary talent. How about making him your apprentice? Have you not always dreamed of receiving such an apprentice? "

The big demon color looked at Ren extraordinary bewildered and said, "when did you become so kind? How can I believe your lies? Besides, he is your apprentice. Isn't it funny that you are going to let him be my apprentice again? Who knows what your wishful thinking is. "

Ren feizheng was trying to explain, but the big devil took the lead and said: "but you want him to be my apprentice, of course I won't refuse, but I can't guarantee that I will torture him to death one day. At that time, I hope you can be as calm as you are now."

Ren Feifan knew that he still had deep resentment for the events of that year, so he shook his head helplessly and told the whole story of the matter. He told the devil how ye Chen had let go of the master of the magic stele in the magic spirit palace, and told the devil how the Lord of the magic tablet made a big fuss outside the country.

After listening to this explanation, the big devil's heart was clear. It turned out that Ren Feifan wanted himself in this trip, but let his defeated general help him. Isn't it unrealistic? For a while, the big devil felt that he couldn't understand Ren extraordinary.

Ren extraordinary suddenly said with profound meaning: "I know what you are thinking, but I can tell you clearly that with your ability, you can never understand the highest level of heaven's demon body, but he can!"

Ren Fan said the second half of the sentence, the tone suddenly increased, like laughing at the big devil.

At this moment, the big devil finally couldn't help it. He said angrily, "get out of my territory. I'll never accept him as an apprentice. He doesn't want to learn too much from me. You can never repay the cause and effect you owe yourself!"

"So you really don't want to give me that face." Ren fan asked again.

The big devil couldn't help sneering: "give you face, what are you?"

Even if the devil said such ugly words, Ren fan didn't feel angry at all. Instead, he laughed:

"ha ha ha ha, I thought you were a generation of demon lord, but I didn't expect to be a cowardly rat. I used to treat you as a friend. It seems that I have lost my sight! "

Leaving this words, Ren fan pulls Ye Chen and turns around to go out, but this time he is stopped by the big devil,

"what do you mean by this? Make it clear to me, or you won't want to leave today. "

"Ha ha, you are just a coward who is afraid to face failure, because you know that such a trash like you, with such a poor qualification, how can you understand the highest level of heaven's demon body? To tell you the truth, the supernatural devil is in your hands. It's just a pearl and dust. If you can't understand the highest level, you are a sinner. "

Chapter 4712

"You You

The devil was so angry that he could not speak.

Seeing this, Ren extraordinary said with half truth and half falsehood: "to tell you the truth, ye Chen was the reincarnation of the supreme emperor in those years, and all the laws of crushing the heaven with endless force. If he came to practice the supreme spirit, he would be able to understand the highest realm in less than a year!"

"And when that day comes, where will your face go? So I can understand what you're thinking. It's just the excuse that cowards like you use to cover up your fear. "

Ye Chen's heart can't help laughing. It's really Ren. It's really a great magic to use the exciting method to such a high level!

To this end, he even does not hesitate to expose his identity, but Ren extraordinary to do so is certainly his intention, ye Chen from the beginning to the end is silent.

Ren extraordinary's exciting method also played a role very quickly, the big devil looked at Ye Chen crazily.

If ye Chen is the reincarnation of the strong man in the supreme world, then the talent must be able to cultivate the supernatural demon body as quickly as possible.

Once Ye Chen becomes famous, his master will be famous all over the world!

No longer thinking about it, he said with a smile, "OK, I can make you my disciple."

"But remember what you say! Within a year, if I can't understand it to the perfect state, I will kill him. "

Ye Chen hesitated for a moment. In fact, he was very confident in himself. However, the big devil only gave him one year. This was too short. He was not sure whether he could solve the problems that the devil could not solve in such a short time.

Can be at this time, Ren extraordinary but to Ye Chen transmission said: "the opportunity is placed in front of you, still Leng to do what, quickly promise him."

Ye Chen took a horizontal heart, bit his teeth and said, "OK, I promise you."

"Good! A word from a gentleman can never be recalled! You will be my disciple from today on. " The big devil has a dignified face.

"When can you teach me the supernatural body?"

Ye Chen some impatient inquiry asks a way.

big devil shook his head, and smiled with deep meaning. "Can you learn this too heavenly body has the final say?"

When he said this, ye Chen felt confused and asked, "Oh? Has the final say, then who has the final say?"

"Do you know where I learned this supernatural devil?"

The great devil's mind is lost, it seems that he is recalling a past.

Ye Chen shook his head, and the Ren extraordinary on one side, but open a way: "destroy."

Just a simple word, has let Ye Chen's heart incomparably shocked.

This man's name, he once heard from the emperor Zha Tianmo. It is said that this is the real supreme figure with the name of chaos demon. Even in the supreme world, it is also an extremely precious existence.

At the moment, "Mie", although living in the supreme world, but he is not a native figure of the supreme world, but a retrograde cutting heaven!

Once upon a time, Mie was also a mortal in the lower world.

But that's too far away.

Like every new practitioner, he embarked on this road of no return in order to seek long life!

Since then, in his incarnation as a devil, in the three thousand world, the name of the devil runs through the ages!

In the three thousand world, no one has never heard of his fame.

"Your supernatural demon body was learned by he Mie. No wonder it is so powerful." Ye Chen can't help feeling.

"How about it? Now do you want to learn from me

"I have made up my mind to die!" Ye Chen looks awe inspiring to say.

"Well, follow me."

The big devil took them to an altar and explained, "before you go to destroy the heaven magic tower left behind, you must get the approval of the chaos demon God, otherwise everything will be empty talk."

Ye Chen looked firm and said, "good! I am willing to accept all challenges! "

This is a huge altar, about 100 Zhang high, with all kinds of runes flying around, emitting a strange light!

The big devil looked at Ye Chen and led him to a statue on the altar. He said with a sneer, "this is the statue of chaos demon God. You can get his approval as long as you drop blood essence into it. However, I need to remind you that if you want to get the approval of chaos God, you are not gifted."

"One more thing, if chaos doesn't approve of you, go back where you come from."

Ye Chen did not say a word, directly forward, bite his fingertip, a drop of blood fell, dropped on the statue.

A second passed, and there was no reaction from the statue!

Ten seconds passed, and there was no movement at all.

In a blink of an eye, half incense passed, and the statue was still dead. The devil couldn't help laughing: "ha ha! Ren Fanfan, is this what you call genius? It's ridiculous that you can cultivate yourself to the highest level of heaven's demon body within one year. It's ridiculous that people who can't even pass the first step dare to say such big words

Any extraordinary look also changed, ye Chen body with reincarnation blood, how can not get the approval of chaos demon God?

Is it that the statue of the chaotic demon is out of order?

Ren Feifan would rather believe that there is a problem with the statue than that it is Ye Chen's own fault.

The big devil was still merciless and sneered: "you'd better go back home, don't be disgraced here!"

"Even if you are the worst one, you can't say that the image of chaos demon will not react at all. It seems that you still have too much hope for him!"

Big devil now feel too cool, he himself is Ren Feifan's defeated general, but as long as see Ren extraordinary eat shriveled, his heart has a kind of unspeakable cool feeling.

"No way! Is it because your statue is in disrepair for a long time and there is something wrong with it? " Any extraordinary incredible asked.

"Ren Feifan! What are you talking about? This statue has the spirit of a chaotic demon, and the eternal years will not be damaged. If he can't do it, how can he blame my statue for something? " The devil quickly explained!

However, when the big devil was laughing happily, he suddenly appeared!

A turbulent evil spirit suddenly appeared and fell from heaven, and the statue trembled slightly.

Big devil body is stiff, pupil enlarges!

What the hell is going on here?

Isn't Ye Chen a waste that can't get the approval of chaos?

After a loud hum, the statue of the chaotic devil moved as if it had become a living man.

"This is Is chaos coming? " The big devil was completely muddled. He never thought that a drop of blood from ye Chen could cause such a big stir.

Chapter 4713

"I am the devil of chaos. Who was it before to drop blood here?"

The devil slowly opened his mouth and asked.

Ye Chen should not let go, step forward, way: "it is the younger generation!"

The demon God looked at Ye Chen, then showed a satisfied expression, and exclaimed: "good! You're qualified to enter the pagoda

After hearing this, the big devil only felt that he was mercilessly beaten in the face, and his face was burning with pain!

He just insisted that ye Chen could not get the approval of the chaos demon God. He didn't think that this slap would come so fast.

What's more, the evaluation of Ye Chen is too high, isn't it? "Rare in ancient times" is used to describe Ye Chen.

You know, when I was bleeding here, I couldn't summon the chaos demon. Is this boy really better than himself?

Just as the devil was thinking, the real body of the chaos demon God said:

"you, take him to the tower!"

According to the will of the demon God, the great devil did not dare to disobey him. He could only bow his hand and respectfully said, "OK, I will go now."

On the way to the chaos heaven magic tower, the big devil's heart was filled with emotion. Ye Chen was approved by the chaos demon. It seems that he will have a good chance to cultivate the supreme heaven demon body to the highest level. It is good to do so, at least it is a long cherished wish in his heart.

Soon, the big devil with Ye Chen came to the door of chaos heaven magic tower: "Ye Chen, this tower is the chaos demon God moved down from the supreme world in those years, even chaos demon God himself also broke through the tower!"

"It took me a month to break into the tower, and the chaos demon only took half a month. I will give you half a year. If you can get out of the tower within half a year, you will succeed in breaking the tower!"

Huge tower, straight up to the clouds.

It's in the depths of the palace of blood.

It is said that the tower was listed as a "forbidden area" when it was still in the supreme world.

There are countless powerful people in the supreme world who want to break into the tower, but most of them died in it. From ancient times to the present, countless people have broken into the tower, but none of them can survive from it, and the big devil in front of him is one of them.

This is what he is proud of. He has set a new record for everyone except chaos!

Now, he vaguely felt that a new record was about to appear.

Ye Chen lingered in front of the giant pagoda gate for a moment, then was told by the big devil and went in.

At the door, a virtual shadow becomes apparent, and ye Chen sees an old figure.

"Dare you ask me if you are..."

Ye Chen cautiously asked.

The old man raised his head, looked at Ye Chen, and said faintly: "young man, I am the watcher of this chaotic heaven magic tower. I have been waiting here for tens of thousands of years. I am waiting for the next demon to appear here under the command of chaos demon."

Ye Chen's look became strange. He couldn't understand why a tower should be arranged with a watchman. Is this tower really so terrible?

The old man who guarded the tower seemed to see through Ye Chen's inner thoughts, and could not help stroking his beard and saying with a long smile: "young man, more than one million years ago, I killed ten thousand demons in the demon Kingdom, and nearly died in the hands of the demon emperor. It was the chaos demon God who saved the old man's life. Since then, I have been the chaos demon."

"In fact, not everyone who breaks the tower here will meet them, but you are an exception."

The old tower keeper explained calmly.

"Am I an exception?"

Ye Chen frowned. He didn't understand the meaning of the old man's words. He then asked, "master! Please tell me the truth

The old tower keeper sighed, as if he was recalling something. After a long time, he said, "in fact, from the moment when the shadow of the chaotic Demon Lord is summoned by you, you are doomed to this life, which has nothing to do with the word" magic. "

Ye Chenzheng was about to ask, and the old man's eyes suddenly darkened and said without expression: "go up, you just need to know that chaos demon has high expectations for you. I hope you don't let him down!"

Ye Chen didn't understand what the old man said, but he didn't know what he said. He didn't ask much, so he nodded to him and walked into the first layer of chaotic heaven magic tower.

The chaotic heaven magic tower is divided into five layers. Each layer has different test for the tower runner. Moreover, each layer is more difficult than the other. Only when all the five layers are completed can you get out of the tower.

The space on the first floor is not very large, but it is very open. There is no other decoration in this space. Besides Ye Chen himself, there is no other thing to see.

But in the next moment, a shadow, very suddenly appeared in front of Ye Chen, when the shadow slowly solidified, ye Chen was also surprised!

because he appeared as like as two peas in front of him, and this man looked exactly like his own twin. "You are..."

Ye Chen asked tentatively.

But unexpectedly, that guy said a let Ye Chen scalp numb answer.

He opened his mouth calmly and said, "my name is Ye Chen. Who are you?"

After reporting his family, he did not forget to ask Ye Chen.

Ye Chen sneered and said, "I am Ye Chen, too."

Ye Chen can see that from the moment the shadow appears, the test of the first level should have begun.

"Oh, really? Are you ye Chen, too? But there should be only one ye Chen in this world! You're fake, and I'm real! "

The shadow of the road said that he swore, as if he really believed it.

"Yes! There can only be one ye Chen in this world! So there is only one between you and me! "

At that time, ye Chen took the first step and started. The evil sword in his hand came out of the scabbard, and a sword spirit was chopped towards the head of the shadow.

But unexpectedly, the shadow also offered a sword and chopped it towards Ye Chen. The momentum and power were not under Ye Chen's sword. What surprised Ye Chen most was that the sword in his hand was the same as that in his hand, which was also a Sha sword!

"How could that be possible?"

Ye Chen is completely shocked to know that this is a Sha sword. There is only one in the world. Why does the other party have it?

What's more, it seems that the Sha sword in this man's hand is extremely powerful, and it doesn't look like a fake one at all!

Of course, it's nothing! Until this person displays the sword skill time, ye Chen is frightened a big jump!

Chapter 4714

"This This is my master swordsmanship and star soul chop. How can you? " Ye Chen looked at each other with an incredible face and was shocked to the extreme!

This dominating sword technique is the supreme sword technique deduced by the master of reincarnation and the master of destiny! The power is incomparable!

If you can cultivate this sword technique to the highest level, you can summon the two original powers of immortal and devil with one sword, and incarnate as the master of heaven and earth!

After all, the master of reincarnation and the Lord of destiny created this sword technique in the past years to deal with the master of heart demons. It can be imagined that the power of this sword technique is not under the supreme source skill!

But now, why does the opponent master this sword technique?

The shadow sneered at Ye Chen and said, "boy, now you should know who is the real Ye Chen?"

's leaves were as like as two peas, and he was caught in a deep thought. After a long time, he said, "it seems that the first level of the Chaos Tower is to duplicate a similar one. But do you think it will stop me? "

Ye Chen sneered!

Even if this shadow can really copy all ye Chen's abilities!

But he still has essential difference with Ye Chen!

Ye Chen's Wuzu Daoxin has been tenacious for a long time. Along the way, the willpower of being a man of two generations can not be mastered by a replica. Therefore, ye Chen has absolute assurance that he can defeat the fake in front of him!

Thinking of this, ye Chen's expression also became dignified and said with a smile: "this sword condenses the reincarnation power of my two generations. It's incomparably pure. It's also the supreme law to crush the sky. It depends on whether you can catch this fake!"

As the voice fell, ye Chen chopped out with a sword. The terrible sword spirit tore the void and roared toward the shadow.

The power of reincarnation is also the biggest card on Ye Chen's body, which is also the supreme power among the three thousand roads!

Any law must bow before the power of reincarnation!

Ye Chen saw fear from the other side's eyes, the shadow wanted to avoid, but it was still a step too late after all!

The domineering sword Qi directly split his body into two parts. Soon, the shadow disappeared in the void.

Ye Chen looks at everything in front of him and returns to the silence, and the bottom of his heart is incomparably calm.

If ye Chen does not have the power of reincarnation, it will not be so easy to kill each other.

It is indeed the chaotic heaven magic tower that has trapped countless heroes. The test of the first level alone is so terrible. I don't know what ye Chen will encounter next, but he becomes a little expectant.

When ye Chen cut out the shadow, the surrounding landscape also changed dramatically. Ye Chen appeared directly on the second layer of chaos heaven magic tower.

Compared with the first floor, the space on the second floor has changed tremendously!

The chaotic circulation of the Zhou Dynasty, a strong breath in this layer of space to and fro, ye Chen in which, only feel his own body has a tearing pain!

Such a state did not last long, a more vast breath came over, and blocked Ye Chen's retreat in all directions!

Ye Chen's face changed greatly, and he murmured to himself, "this is the legendary array of stars!"

Ye Chen had heard about this big array from the dark emperor before. It is said that this array was handed down from ancient times. It is extremely powerful and can summon the stars of the sky to be used by those who set up the array.

If you practice this great array to the highest level, it will be powerful and can be blasted to the highest level!

It can be seen that the second level test should be related to the array!

The corner of Ye Chen's mouth rises slightly. If it's really a formation, it's not a big problem for ye Chen. After all, ye Chen has learned a lot of skills, and the array is exactly what ye Chen is good at!

In addition, there is a trace of connection between his star soul chopping and the stars, so his understanding of the big array of stars naturally surpasses others.

The most important thing is to know that ye Chen's magic power in the sky is through array practice. This is one of the most powerful magical powers in Ye Chen's hands. You can imagine how highly Ye Chen has achieved in array.

The stars in the sky are constantly changing, and ye Chen's eyes are also a little more dignified.

It seems that the second layer of the array is more terrible than he imagined. Ye Chen has been floating in the sky, looking for array eyes in this space, but he still has no clue.

You know, if you want to break the big array, the simplest and direct way is to find the eye of the array!

Array eye is also the key of an array. Basically all arrays have array eyes!

However, it is often a very difficult thing for those who enter the array to find the eye of the array. Just like playing chess, the spectators can see clearly!

Only those masters who really have a high understanding of array can crack a big array from the inside out!

For several days, ye Chen sat in the same place and did not move! Three days later, ye Chen still stays on the second floor of the chaotic heaven magic tower.

Ye Chen is just waiting for an opportunity. Since he can't find the eye of the array, he can't find it. After all, if he wants to crack a big array, looking for the eye of the array is indeed the best way, but not the only way!

There are many problems in this world, which can not be solved without effort!

Ye Chen is accumulating strength! The power of Xuanling! Destroy Shinto!

Destroy the acme of Shinto, can break everything!

But if the destruction Shinto wants to be stronger, the perfection of the body is the key!

Although he is already the body of the heavenly demon, there is still a distance from the immortal body of the legend!

At the moment, ye Chen suddenly thought of Gu Beixing's explanation when he left.

"Ye Chen, you must go here, because it is said that the ancestor of shengxuandao palace was a king who became holy in flesh! Moreover, this old ancestor left a legacy in the Taoist palace, where you may have the chance you want

Ye Chen Mou son a congealing: "it seems that after finishing all this, I should also go to the Holy xuandao palace."

.....

At the same time, the outside world, chaos day magic tower entrance, Ren extraordinary and the big devil two people also did not leave.

Every time you cross the tower, you can see changes in the outside world. For example, when ye Chen successfully breaks through the first floor, you can see a wisp of fire rising slightly.

However, the fire has stayed in the second floor for several days, and there is still no movement at all. Is it true that ye Chen wants to be stuck in this layer?

Ren fan can't help worrying.

Chapter 4715

One side of the big devil also can't help laughing, "Ren extraordinary, it seems that we still have too high expectations for him, he is impossible to break through the test of chaos heaven magic tower."

Ren extraordinary looks dignified, also does not speak, I do not know why, his heart is very uneasy, perhaps Ye Chen really encountered some problems in the day's magic tower.

Seeing Ren Feifan's appearance, the devil thought Ren Feifan was speechless and even more proud to laugh: "Ren Feifan, I thought you were a smart person, but I didn't expect that you had such a bad eye for selecting disciples!"

Ren extraordinary light glanced at the big devil, calmly said: "I said, he is not my disciple."

"Well, you don't have to make excuses for yourself. If you can't, you can't! Do you think it will cover up your anxiety? "

At the moment, the great devil was extremely proud. On that day, he became the defeated general of Ren extraordinary, and took it as a shame for his whole life. Unexpectedly, he could find his face when he came.

"Ren Feifan! In terms of strength, I'm not as good as you, and you're not as good as I am in terms of accepting apprentices! "

The big devil laughed frivolously, went to Ren extraordinary, and said with a smile: "Ren extraordinary, it seems that he can't live to come out of this chaotic heaven magic tower. Do you want to go in and save him?"

Ren extraordinary's heart wavered, and his body swayed slightly. He wanted to break into the magic tower of the day.

Ren Fanfan knows that, in any case, only let Ye Chen live is the most important thing. It's not a big deal that this too God demon body doesn't want.

But at this time, the devil stopped him:

"Ren extraordinary! I want to remind you, you go in to save him, I will never stop you, but once you go, it means that he failed to break through the barrier. He will never learn too much from me

Any extraordinary step stopped, he looked at the big devil angrily, he was forcing himself!

After pondering for a while, Ren Feifan suddenly came out and went to the big devil. He said with a dignified face:

"OK! Since you won't let me in, I won't go in! "

This word a, big demon is moved slightly, "you don't go in? Aren't you afraid that he will die in it? This is your precious disciple. I can't afford to die in such a short time

"Hum!" Ren Feileng snorted, "do you think he will die in it so easily? Do you think ye Chen too little? "

To tell you the truth, Ren fan just wanted to go in and save Ye Chen. But when he thought about it, ye Chen came all the way. What kind of crisis had not been encountered, which was even more dangerous than today. Didn't Ye Chen also carry it? How could he be hindered by this difficulty?

Ren Feifan believes that ye Chen, this kind of trust is from the bone, does not need any reason.

Now, what Ren extraordinary wants to do is to wait quietly!

Waiting for ye Chen to come out of this chaotic demon tower, the whole world will be eclipsed by it!

However, the big devil can't understand Ren Feifan's mood at the moment. He feels that Ren Feifan is just trying to be brave. The matter has come to this point. Ye Chen is doomed to fail. Now Ren fan's hope for ye Chen is higher, and he will suffer more and more later!

I really don't know, any extraordinary pain will show what kind of expression?

The big devil thought so.

The big devil stood aside with his hands behind him, looking at Ren extraordinary with a complicated look on his face.

However, in his pride, terrible things happened!

On the chaotic tower, a terrible sword suddenly soared to the sky!

This sword Qi is different from any sword Qi seen by the great devil in the past, because it is too pure, as if it should not belong to this world.

However, all of this is not over. After the sword Qi soared to the sky, the original chaotic heaven magic tower trembled endlessly, as if it had just experienced some catastrophe.

After the sword burst out, it didn't dissipate for a long time. It roared across the sky like a dragon. It was extremely magical, as if it was the most perfect creation of the emperor.

"This What is this... "

The great devil was stunned. He had never seen such a terrible vision!

"No way!"

The devil roared at the top of his voice. He didn't want to believe it.

Ren Feifan on one side, with a bright eye in his eyes, said with a sneer: "I told you that ye Chen has always been a man who transforms corruption into magic, but you just watch the sky by yourself."

In an instant, the whole chaotic tower collapsed!

Between heaven and earth, there is only a piece of ruins and a figure standing in the ruins, and this figure is not ye Chen, who can it be?

Eight days!

In only eight days, ye Chen successfully broke through the shackles of the chaotic heaven magic tower!

Ye Chen is undoubtedly the highest record in history!

You know, before that, among the people who broke into the sky magic tower, the fastest record was that the chaos demon God was "destroyed". It took 15 days, and the second largest one was the big

devil in front of me, which also took a month! Today, ye Chen has proved with his actions what is a real miracle! What is to make the impossible possible!

This speed, even the "out" records are compressed by half!

If this matter spread to the supreme world, it will definitely cause unprecedented sensation!

The big devil looked at all the things in front of him. He still didn't want to believe it for a long time, because he was really shocked!

Ye Chen is too terrible. It is inhuman. It is not enough to describe Ye Chen with evil spirits.

In fact, the big devil didn't want Ye Chen to break the record. He just didn't expect Ye Chen to brush the record to this extent. Compared with Ye Chen, what was his record of one month? It's even worse than bullshit!

At this moment, the great devil's self-esteem was greatly hit!

But soon he came back to his senses!

He looked at Ye Chen with joy on his face, as if he had got the treasure!

He went to Ye Chen and said with a feigned gesture: "Ye Chen! Would you like to be my disciple? "

Ye Chen nodded slightly and said, "I can't get it!"

"So good! Now that you have passed the test of chaos heaven magic tower, you don't have to do any more worship ceremony. From today on, you are my disciple

Although Ye Chen is not allowed to salute by the great devil, ye Chen has always had his own rules. Since he wants to learn from the great devil, he is his teacher anyway.

Ye Chen or respectfully toward the big devil, bow to a worship, very sincere said: "students see the teacher!"

The big devil was very happy, because he saw the sincerity in Ye Chen's eyes. He rushed to hold Ye Chen and said happily, "OK, don't be so polite."

Chapter 4716

And this time, Ren extraordinary also came over, looked at the big devil, seemed to be waiting for what he said.

The big devil scratched his head and said with a smile, "Ren extraordinary! Don't worry, I've always been willing to take a gamble and admit defeat. Since even chaos heaven magic tower has recognized him, I naturally have nothing to say. I will try my best to teach him all my skills. As for how much he can learn, it depends on his own nature! "

In fact, Damon's heart is very clear that he is not qualified to be ye Chen's teacher. After all, people like Ye Chen, who are gifted with supernatural powers, even if they are placed in the supreme world, are bound to shine brilliantly. One day, ye Chen's strength will be superior to himself. At that time, all the worlds will be in him Crawling and shaking under your feet!

The devil has foreseen this day!

But he also knew that it was a great opportunity for him!

Even if you and ye Chen only have one year of apprenticeship, this chance is enough to surpass everything!

After talking with Ren fan for a few more words, Ren fan left here. Before leaving, he did not forget to Tell ye Chen:

"Ye Chen, next you will follow your teacher to practice hard in xuejue magic palace. When the time is up, I will pick you up again!"

"Well The master of the magic stele... "

Ye Chen is still a little worried.

Ren Feifan comforted him: "don't worry. With me, the Lord of the magic tablet will never dare to kill again. When you leave here, you will have the possibility of subduing him!"

"Well, thank you very much, Mr. Ren!"

After Ren Feifan left, ye Chen followed the big devil and came to the cave where he usually practiced.

In fact, it was Ye Chen's hot idea to break through this chaotic heaven magic tower. Unexpectedly, he succeeded. It seems that there is some power to help him secretly.

Inside the cave, the big devil looked at Ye Chen and said: "Ye Chen! Now the chaotic heaven magic tower has been broken by you. You can only repair it when the chaos demon comes over. Recently, you can practice in my cave. When do you practice this heavenly demon to the first level, you can leave! "

Ye Chen looked at the big devil suspiciously and said, "teacher, do you want to teach me this too God demon body now?"

The big devil laughed and said, "if you don't pass it now, when will you wait? Don't forget that you promised me that you would cultivate the supernatural devil to the highest level in one year

Ye Chen nodded and said with a smile, "I will do my best."

The big devil took out an ancient scroll under his bed and handed it to Ye Chen's hand. He said, "this is the body of the supreme heavenly devil. This is the scroll I copied from the chaos demon God in those years. You can understand it!"

Ye Chen holds the hand copy volume in his hand, and instantly there is a burning feeling, which spreads all over his body from his palm!

"What a strong demonic nature!"

Ye Chen couldn't help feeling up, holding the long scroll in his hand, and soon a wisp of runes floated out and fell in front of Ye Chen.

Soon Ye Chen's line of sight appeared a floating text, very clear, this is the essence of the supernatural devil.

Ye Chen is also shocked, he did not think that the hand copied version of the ancient volume should be so spiritual!

Ye Chen immediately sat down on his knees and kneaded a secret formula with both hands, and began to practice taishangtian devil body.

It is said that the God of chaos is the supernatural power of refining body after observing the skyscraper magic way.

The supernatural devil's way, understood by the demon emperor, belongs to the Taoist method, which is both mysterious and mysterious, and has the mystery of the change of ten thousand demons.

However, there is no fancy change in the supernatural body. It is a pure magic power, representing pure magic, power, barbarism and hegemony.

One is Taoism and the other is physique. There is a big difference between one word and another.

Boom!

As soon as ye Chen cultivates the supernatural demon body, it seems that he has opened the door of all kinds of demons. The boundless starry sky and the endless eight wasteland, the rolling evil spirit is pouring into his body crazily.

"What a domineering evil spirit

Ye Chen's pupil shrinks, and he suddenly feels the magic Qi pouring into his body. His strength is very pure. With a savage bully, he keeps refining his muscles and bones.

In a flash, every inch of his skin and muscle seemed to have been killed by tens of millions of demons. There was a tearing pain.

The endless evil Qi was rolling, and even evolved into the howling of demons, the flying night fork, the raging Shura, and so on.

"It hurts I can't imagine that this is too much of a supernatural demon body, and that the cultivation backfire is so huge. "

Ye Chen bit his teeth, and his body seems to be torn up by the demons. Even if he has the foundation of heavenly demon body and endless vitality, he feels very uncomfortable. If he goes on like this, he is afraid that his whole body will be swallowed up by the endless evil Qi.

"The seal of destruction, the seal of devouring the soul, the seal of soul of heaven, the six source symbols, come out! Turn the soul into heaven, open it"Reincarnation road bone, give me suppress!"

At the critical moment, ye Chen sacrificed a section of the bones of his previous life.

As soon as the Dao bone came out, a bright golden light rolled and diffused, and there were endless reincarnation lines, which were spreading.

Ye Chen has not yet fully integrated the Dao bone of previous life, but has been able to play a part of its power.

As soon as Dao Gu comes out, the evil Qi on Ye Chen's body is suppressed.

No matter how fierce the devil is, it can't be rampant under the influence of reincarnation.

"Hoo..."

Looking at the suppressed evil Qi, ye Chen breathed a sigh of relief. Fortunately, he recaptured the reincarnation Taoist bone of the previous life. Now he cultivates the supernatural demon body, which is just playing a role.

Under the suppression of reincarnation Dao bone, all kinds of evil Qi are obedient, and can no longer turn up a trace of waves.

Continuously, the heart will be absorbed by the supernatural energy.

These evil Qi, with the law of the supreme world, is obviously originated in the supreme world.

The heavenly devil body is just a kind of anti heaven skill that can arouse the supernatural evil Qi and refine the constitution!

"Come down to me

"Demons dominate the body, suppress forever!"

Ye Chen suddenly opened his eyes, surrounded by the demons of the sky, and behind him appeared a figure of the supreme devil just like the essence.

The shadow of the Supreme God is majestic, majestic, heavy in steel, ferocious in appearance, with thousands of hands and thousands of eyes. Each arm has infinite power, as if to suppress the eternal starry sky. Each eye has a vast heavenly power, as if to run through the whole world.

Above the void of the nine days, thunder rumbled and dark clouds gathered.

Among the rolling clouds, there was a vision of archaic demons.

A head of archaic demons, with a look of piety, reverence and fear on his face, worshipped Ye Chen from afar, as if he were the most loyal believer.

Chapter 4717

At this moment, ye Chen is initially trained as a supernatural devil. He is born with a strange vision. He actually brings out a vast picture of a thousand hands and thousands of eyes. The trolls come and worship the ancient demons!

Ye Chen, as if the real incarnation of the supreme devil, under the command of hundreds of millions of demon believers, threatening the universe!

The astonishing atmosphere of the worship of demons has also caused the shock of numerous great figures outside the country. Many people are wondering where the breakthrough can be made, which actually leads to the worship of countless demons.

.....

A secret valley, a black robed young man, looking at the weather of the demons in the sky, his face was completely moved.

"It's said that someone has succeeded in cultivating the supernatural devil."

"The Lord of reincarnation!"

The young man was shocked. He was the master of the magic stele.

In the first battle of the dark devil, he and ye Chen were tied and wounded.

After leaving the dark and dry magic land, the Lord of the magic tablet hides and heals in silence.

At this moment, the master of the magic tablet has recovered from his injury, but looking at the terrible weather of demons in the sky, he can't keep calm.

Under the insight of heaven, the master of the magic tablet captured Ye Chen's cause and effect almost instantly!

Two people, as if destined to be enemies.

This time, the master of the magic tablet felt a great threat!

Once Ye Chen's supernatural and supernatural body is cultivated to the state of great perfection, the evil spirit will soar to the sky and cross the ages. No matter how powerful the devil is, he will kneel down at the feet of Ye Chen.

Even the master of his magic stele will be suppressed again, and there is no room for him to turn over.

In the past, the Lord of the magic tablet led the Archean group of demons to attack the temple of wanxu, but he was defeated by the Empress Dowager.

Today, the situation facing the Lord of the magic tablet is more dangerous.

The archaic demons of the past actually worship ye Chen today, which is equivalent to betraying the master of the magic tablet.

He's a loner!

"No, we must take advantage of the reincarnation master, when his cultivation is not complete, completely kill him, or there will be endless trouble in the future."

The master of the magic stele glanced a little cold. He didn't want to repeat the mistake. He just wanted to kill Ye Chen as soon as possible to solve the disaster.

"It seems that I will go to the upper bound and meet xuanjiyue."

"After tens of thousands of years of vicissitudes, I don't know if my old friend can be well today..."

After pondering for a while, the master of the magic stele made a decision in his heart. His body flashed and turned into a wisp of evil Qi, which curled up to the upper world.

Upper bound, ruins of the Queen's palace.

Above the ruins, there is a world of self.

This piece of heaven in the world, surrounded by a layer of fatalistic purple light, inside the mountains and rivers, forest land, cities and pavilions, all have a magnificent flavor of destiny.

This is the fate of xuanjiyue.

The Queen's palace was reduced to ruins, and the karma from the sacrifice of hundreds of millions of creatures was shrouded in eternity and could not be rebuilt.

In desperation, xuanjiyue released her own self-reliance, suspended in the void, and served as a temporary training ground to maintain the orthodoxy of the upper world.

Even though the Imperial Palace was reduced to ruins, xuanjiyue was still the Queen's supreme authority in the upper world, and the dignity of the destiny order was still not to be challenged.

The elders and disciples of the empress's palace all perform their duties and practice in silence in xuanjiyue's free world.

Xuanjiyue, high in the sky, practices the fatalism of Lagerstroemia in silence and dissolves her karma.

Suddenly, a wisp of evil spirit, like ghosts, floated into the world of heaven.

"Who are you?"

Heaven and earth are the first to detect, issued a roar, is trying to intercept.

Xuanjiyue opened her eyes, and her expression was as cool as water. She waved her hand and said, "don't panic. It's my friend. Please step back."

"Yes

In the end of the day, take orders, turn and leave.

That wisp of evil spirit floated in front of xuanjiyue. His body shook and turned into a young man in black. His appearance was similar to that of the reincarnation master. He was the master of the magic stele.

"Lord of the magic tablet, long time no see."

Xuanjiyue's tone was light. She looked at the master of the magic stele and noticed that the latter's breath was not as good as before. She could not help frowning.

"Your Majesty, after tens of thousands of years of vicissitudes, you have made great progress in your strength. Today, you are in charge of the Shenluo Heavenly Sword, and you have reached all the heavenly realms. Congratulations."

The master of the magic stele smiles and bows his hands.

However, his smile is filled with endless sadness and vicissitudes.

Xuanjiyue said: "in those years, you opened the tunnel of the world of the Supreme People, which shocked us for ages. Your strength is far above me. How could it be reduced to this level today? Even the people under my command can easily see your trace. "

The master of the magic stele sighed and said, "I went to the temple and saw the queen mother."

"Heaven's daughter!"

When xuanjiyue heard the name, she immediately moved, gave a little deduction, frowned deeply, and said:

"have you been defeated by the Empress Dowager? Falling into the dust? "

Relying on the great power of the reincarnation magic stele, the former master of the magic stele broke through the rules of the supreme world, opened a space tunnel, and successfully stepped into the supreme world, shaking the sky, and envied countless powerful people. But the master of the magic stele, after all, is not relying on his own strength to fly up to the world. There is a very big gap between him and the real superiors.

Therefore, the Lord of the magic stele was defeated by the supreme goddess and fell into the mortal world again.

Superior, where is so easy to be?

If morality does not match, it will fall.

"That's right. I'm not worthy of the position. After all, I'm cut off by the emperor."

"In this life, I want to cooperate with you. Let's kill the reincarnation Lord, share the samsara blood, and both of us will soar to the supreme emperor. What do you think?"

The master of the magic stele stood with his hands on his back. Although he was cut off by the supreme goddess, he spoke out with a straight face and did not avoid taboo.

After all, the goddess of heaven is the real superior and famous. The twelve servants under her seat are the twelve gods who are famous in the world.

It can be imagined that the supreme goddess itself is a terrible existence.

To be defeated by such a great man, the master of the magic stele naturally has no need to be ashamed, on the contrary, it is enough to glory.

The master of the magic stele is very clear. If you want to become a superior person, you can break through the space tunnel and sneak into the supreme world. This kind of trick will never work.

Germany does not match the end, can only fall.

Only by relying on their own strength, suppressing all the rules of the world, can we become the real superior, enjoy the immortals and happiness forever.

"Ha ha ha, do you want to cooperate with me to kill the reincarnation master and share the samsara blood?"

Xuanjiyue looks up at the sky and laughs with a trace of disdain and indifference in her eyes.

"No, I'm xuanjiyue. I'm a Heavenly Sword in my hand. I'm powerful enough to suppress the reincarnation Lord. I don't need to cooperate with you. I'm a part of you."

Xuanjiyue refused on the spot. The samsara blood is the only one between heaven and earth. If you divide it up with others, the energy of reincarnation law will be greatly weakened.

Therefore, she has no interest in cooperation. She believes that with her own strength, she can kill Ye Chen.

"Oh, my majesty, I advise you to reconsider."

"The reincarnation master of this life has a deep foundation of Qi. You can't kill him so easily."

"Can you see the picture of the ancient demons worshiping the sky?"

Chapter 4718

"That's the Lord of reincarnation. It's the weather of the supernatural devil's body!"

"The reincarnation Lord is doomed to rise against the heaven. You can't kill him by yourself alone."

"What's more, don't forget that emperor Shitian is not dead, he is still hiding in the dark abyss."

The master of the magic stele is still standing with his hands on his hands, looking out into the distance with a trace of depth.

"It turns out that the worship of ancient demons is the weather of the reincarnation Lord?"

Xuanji moon slightly shakes, eyebrows locked up.

If what the Lord of the magic tablet says is true, then the reincarnation master of this life has a deep fortune, and his rise is too fast.

Now, it is not long before the butcher's meeting. The reincarnation master has got a new adventure so quickly.

Moreover, in the dark abyss, there is also an emperor Shitian.

This is a terrible variable!

The legendary sword of the heart demon, even the reincarnation masters in the peak period, as well as those superior people, are extremely afraid, and no one dares to ignore it.

Once the emperor Shitian returns, it is also a great threat.

It is not an easy thing for xuanjiyue to kill Ye Chen and capture the reincarnation blood.

"Promise me, empress, let's work together to kill the Lord of reincarnation, share the samsara blood, and then join hands to kill the emperor, release heaven, seize the law of the mind, and both of us will soar."

The master of the magic stele smiles faintly and looks down at the ruins of the Queen's palace and says:

"your Tiangong Daochang is shrouded in karma and will not be scattered forever. If you are willing to cooperate, I can use the magic stele energy to dissolve the karma for you and rebuild the empress palace!"

Hearing this, Xuanji Yue's eyes shrank and said, "rebuild the empress's palace?"

The Queen's palace is the training ground of xuanjiyue. The foundation of qi movement should not be lost.

Previously, xuanjiyue wanted to call the greedy wolf emperor to help rebuild the Queen's palace, but she was rejected.

Now, the master of the magic stele has promised to help xuanjiyue rebuild and restore the foundation of her Qi. This is the great help of Tianda, which can solve the urgent need of xuanjiyue.

"Yes, you should consider it," said the master of the magic tablet

Xuanji's beautiful eyes twinkled and pondered for a while, as if weighing.

Finally, Xuanji moon sighed and said, "OK, I promise to cooperate with you, but after the event, I will take 60% of the reincarnation blood, and you can only take 40%

"40%"

Hearing xuanjiyue's conditions, the master of the magic stele pondered a little, and then said with a cool smile, "well, 40% of the achievements have been made, but the reincarnation master is not dead, so we are talking about dividing up the blood, which is too fantastic."

Xuanjiyue said: "ha ha, if you and I cooperate, can the reincarnation master still live? Deal with me immediately, and restore the foundation of heaven

"Good!"

As soon as the master of the magic tablet fixed his eyes, he immediately sacrificed the reincarnation magic tablet.

The black and cold stele of reincarnation is suspended in the sky, releasing a continuous stream of ancient magic Qi.

Endless evil Qi is rampant. In the dark, it actually devours the karma between heaven and earth.

Seeing this scene, Xuanji moon suddenly moved.

She sacrificed hundreds of millions of creatures, and the karma was doomed. I don't know how terrible it is. But now, the samsara magic tablet can swallow it.

The legend of the reincarnation magic stele, worthy of being one of the ten reincarnation xuanbei, magic swallow the sun and moon, sweep the world, is simply invincible.

Under the influence of the reincarnation magic stele, the karmic disaster that haunts the ruins of the Imperial Palace quickly dissipates, and the deep veins of crape myrtle are gradually blooming.

"Cough..."

The Lord of the stele made a cough, and his face was pallid.

The karmic disaster that engulfed the Queen's palace clearly put him under tremendous pressure.

"Crape myrtle Fu Zhao, go!"

As soon as xuanjiyue waved her hand, a ray of purple light condensed and turned into a Fu Zhao and shot to the master of the magic stele.

The master of the magic stele was slightly relieved, and his pressure was relieved. He urged the reincarnation magic stele with one hand, and the Fu Zhao of crape myrtle fatalism with the other hand, and said:

"the magic swallows the sun and the moon, and the heavenly palace is rebuilt!"

"Order of fate, another nine days!"

Hum!

Reincarnation magic light, fatalistic purple light, both burst out, converging into a rolling torrent, covering the entire ruins of the heavenly palace.

In the ruins of Tiangong, all the karma disaster Qi dissipates, and there are wisps of dense purple gas. The destiny is rosy, and the golden light and flame are very beautiful.

Endless purple light floating between, the sky, a continuous stream of vitality.

Gold, wood, water, fire, earth, wind, thunder, rain, electricity, fog and so on, all kinds of vitality were constantly stirred and solidified, and finally built into palaces.

The new Queen's palace, beautiful, finally emerged!

Xuanjiyue looked at the outline of the heavenly palace with a trace of joy in her eyes. She only felt that her Qi foundation was recovering.

However, it is impossible to restore her martial arts foundation. In the first battle of Tu Sheng assembly, her martial arts foundation has been completely destroyed. In the future, if you want to break through, you can only rely on the establishment of the order of destiny and constantly testify to the truth before you can be promoted.

Now that the Queen's palace is rebuilt, it will be much easier for xuanjiyue to establish a destiny orthodoxy in the universe.

Since in the world of heaven, the old man of the land of heaven and others, to see the reappearance of the Queen's palace, is also with a color of surprise.

The legendary stone tablet of reincarnation is indeed powerful enough to devour all the karma of heaven. With the reconstruction of the Queen's palace, people can rely on the Taoist temple, and their Qi is greatly stable, so they will not fall down easily. At least in the aspect of Qi Yun Feng Shui, it can cover one end of the Di Yuan temple.

"Lord of the magic tablet, thank you very much."

Xuanjiyue smiles, and the imperial palace is restored. She can rely on the traditional Qi to practice taishangfu as soon as possible.

When taishangtian Fudao is practiced, the master of killing reincarnation and the emperor's interpretation of heaven will be greatly improved.

"No harm. Next, I hope the queen can abide by the contract of cooperation."

The master of the magic stele put it away, his face was pale and his breath was weak.

Obviously, it cost him a lot of aura to devour the karma and rebuild the Queen's palace.

However, he was also very satisfied with xuanjiyue's cooperation contract.

With the help of Xuan Ji Yue, the reincarnation master of this life, it is only a matter of time before it is destroyed.

"Don't worry, but it's not now. When the time is right, the blood of the reincarnation Lord will naturally be ours!"

.....

Blood out of the devil's palace.

The evil spirit of the heaven and the worship of the ancient demons gradually disappeared.

Ye Chen opened his eyes, but he felt his muscles burst and his magic Qi flowed. He had evolved a piece of dark magic symbols, and the magic light flickered, which was very beautiful.

"Three layers of heaven and earth!"

Ye Chen clenched his fist and felt a lot of strong muscles and blood. He couldn't help but be overjoyed.

Ye Chen's cultivation also broke through from the two layers of heaven and earth to the three layers of heaven and earth.

It's a pity, it's only a preliminary grasp. It's too far from the perfection of the supernatural body.

Chapter 4719

Ye Chen found that the body of the heavenly devil was extremely dependent on the body.

Even if his physical strength is not enough to support the supernatural demon body.

"It seems that I have to go to the place Gu Beixing said."

"Otherwise, it is difficult for the supernatural devil to step into a higher realm."

"Only the God's demon body is stronger, and the more chance I have to suppress the reincarnation demon stele!"

"However, this time, my breakthrough is not small, which may attract the attention of the Lord of the magic tablet."

After a brief promotion, ye Chen quickly calmed down and thought of the Lord of the magic tablet.

If you want to capture the reincarnation magic stele, you must first suppress the master of the magic stele. Ye Chen has become a god demon body, which is more magical than the master of the magic stele. It is possible that ye Chen needs to be refined to have the qualification to suppress.

But the problem is that the master of the magic stele is not an ordinary person. He is a strong man of Archaean level. He knows many masters, such as the Twelve Gods, the emperor Shitian, xuanjiyue and so on. All of them are the ancient friends of the master of the magic tablet.

The master of the magic stele can't wait to die.

Once he did not hesitate to seek cooperation from xuanjiyue and Emperor Shitian, ye Chen still had great trouble.

"It is estimated that the Lord of the magic tablet will come to me soon."

"What's more, he can't be a man, there must be a big man behind him!"

Ye Chen's eyes slightly coagulated, and instantly caught the extremely dangerous nature.

Ye Chen deduces that before long, the Lord of the magic stele will come to him in person and make trouble to him.

And behind the master of the magic tablet, there will definitely be big people to support!

But for a while, ye Chen can't deduce whether the great man behind this is xuanjiyue, or emperor Shitian, or the Twelve Gods.

"Boy, you've become a supernatural devil?"

At this time, the big devil came in, looking at Ye Chen's skin circulation of a layer of towering evil Qi, suddenly moved.

It's the same level skill as the heaven's magic way. It's extremely difficult to practice.

At that time, even the great devil himself spent an extremely long time and painstaking efforts to cultivate successfully.

But I didn't expect that ye Chen could touch the threshold of the heaven demon body so quickly. Maybe in a few years, he could really cultivate to the great perfection!

Ye Chen smile slightly, arch hand way: "thanks for the teacher's instruction, I initially learned a little fur."

Now ye Chen, who has been preliminarily trained as a supernatural demon, has a weak qualification to suppress the Lord of the magic tablet.

"How do you feel about your meridians? Do you have any discomfort?"

Hearing the speech, ye Chen smiles and solidifies. He carefully senses the meridians. However, he finds that a wisp of evil Qi precipitates in the elixir field, which is like a pool of ink that never changes. Instead, it will explode at any time.

Looking at Ye Chen's look, the big devil immediately noticed the problem and said, "the supreme god demon body has high requirements for the state of the physical body. If the physical body and cultivation are not strong, the self-cultivation reaction is very serious, which can easily lead to being possessed by the devil. Once you get into the state of being possessed, you will become a blood thirsty devil, and it is difficult to control your spirit."

"It will be no different from the master of the magic tablet."

"In the final analysis, it's still that your cultivation level is too low. There are only three levels of heaven and earth, and you can't even reach the original state. Without enough state support, it's easy to get lost."

When ye Chen's face sank, he also realized that a wisp of precipitated evil Qi could not be dispersed, and even the reincarnation blood vessels could not be dissolved. Obviously, the accumulation of magic was very deep, and he could not reach his realm and could not be resolved.

"Teacher, do you have a solution?" Ye chenlian asked.

"The big devil said slowly:" first, your body and vitality are terrible, but you need to be stronger, and your body should be holy completely. Second, there is a thing in the world that is demon blood stone. If you can refine it, you may be able to solve the problem of evil body's reverse. "

Ye Chen's eyes congealed and said: "the magic blood stone..."

The big devil said: "the magic blood stone is the treasure handed down by the Lin family in Tianren domain. Later, for some reason, the Lin family was expelled from the heaven and man domain and completely disappeared in the world."

"It's said that some people have met the people of the Lin family in the far west of Yangzhen region, on the wild and evil sea area. Maybe you can take a chance."

"Wild Magic sea area, Lin family members..."

Ye Chen slightly deduces, suddenly catches a burst of strong natural mechanism.

About the mystery of yin and Yang Temple!

This Lin family may be related to the Yin and Yang Temple!

"Can I see the strong one of yin and Yang Temple again?"

Ye Chen's heart vibrates.

The yin-yang temple is the Lord of reincarnation in the past, and the key to fight against wanxu temple.

For such a long time, ye Chen has only seen a few of them.

One is Qi Yunshu, one is Li Shiyue, the other is Yinling painting Saint Tianziyan.

The more behind the Yin and Yang Temple, the more terrifying!

It's time to catch the fourth heaven leaf!

Maybe you can meet the fourth strong man of yin and Yang Temple by going to the wild devil sea area and looking for the magic blood stone!Thinking of this, ye Chen's heart can't help but thump.

If we can meet the strong one of the Yin and Yang temples again, we may be able to have more assurance against the wanxu temple.

"Good, teacher, I will go to the wild devil sea area, looking for the magic blood stone, to resolve the reverse of the body of the God."

"But before that, I plan to go to the shengxuandao palace in Yangzhen region. Someone once told me that there is a secret of sanctification of the body. Only when the body is strong can everything be suppressed, including the evil Qi in the body!"

Ye Chen stood up and made a decision in his heart.

The big devil whispered: "the Holy xuandao palace in the Yangzhen region? It seems you're talking about the old man

"That guy might be really helpful to you."

After thinking about it for a while, he said, "be careful. I feel that it's very dangerous. I'm afraid it's not peaceful for you to go to the shengxuandao palace or the wild devil sea area."

"Thank you for your advice. I'll be careful."

Ye Chen nodded, vaguely feeling extremely dangerous. However, since it was related to the powerful yin-yang temple, he could not ignore it.

"Don't thank me, I'm just training you for the emperor."

"The queen mother?"

Ye Chen heard these four words, jumped out of the big devil's mouth, and immediately his face vibrated.

The big devil's eyes twinkled with cold, and said: "yes, in fact, my name is actually Lanling devil, and I am the servant of the supreme heavenly daughter. The heavenly prison God is my elder martial brother, the devil God is my younger martial brother, and you are the master of reincarnation. Tiannu has always appreciated you, so I will try my best to help you break through."

Ye Chen's heart is shaking, step back and concentrate on alert.

Ye Chen didn't expect that this big devil, actually called Lanling devil, was one of the twelve deities, and was also the servant of the goddess of heaven.

The goddess of heaven is definitely Ye Chen's enemy.

In other words, the Lanling devil is also the enemy of Ye Chen!

Chapter 4720

"Ha ha, don't be so alert, the Lord and daughter appreciate you so much. I can't cultivate you so much, and I won't hurt you."

"I hope someday you can fly up to the top of the throne, become a real superior, and hand in hand with the heavenly lady."

"The heavenly lady is extremely proud and lonely, and the master is lonely. She always wants to seek the first World War. She hopes you can rise."

The magic statue of Lanling gazes at Ye Chen, and his eyes are full of appreciation and expectation.

Ye Chen was a little slow, indeed, the attitude of the supreme lady to him was "raising pigs", unlike other upper class, she would kill them as soon as they met.

That is to say, the Lord of Lanling will not only hurt the leaf Chen, but will try to cultivate it. Like the master of the once burning python, the evil god of the devil heaven, he helped the mother of heaven "raise pigs"

Although the word "raising pigs" sounds very harsh, it is a great gain for the present leaf Chen.

At least, with the help of the Lord of Lanling, ye Chen will break through faster.

"Good, my predecessor, thank you for your training. If one day, I can see the supreme lady, I will tell her your credit."

Ye Chen was indifferent, and he no longer called Lanling magic respect as a teacher, but a teacher.

They are still enemies, after all.

The eyes of the Lord of Lanling were bright and said, "so good. Thank you very much. Lord of reincarnation. I wish you Wu Yunchang long, and do not live up to the great expectations of the Lord of heaven and women."

"Sure."

Ye Chen arched his hand and left the blood absolute palace immediately.

Soon, ye Chen, then toward the real area of the sun, the Holy xuandao palace, forward!

The palace of the sacred xuandao, located in the nine heaven of the Yangzhen, is the first-class force of the Xuanfeng area.

However, it is not among the 36 governments and belongs to the second tier of forces.

Xuanfeng District, a peak of ten thousand Zhangqing mountain, is located in a grand Taoist palace, the whole road palace, all shrouded in various kinds of Taoist rhymes, looks very solemn!

This day, the Xuanfeng area has been boiling up and down, and everyone is discussing one thing!

That is, they heard that the first evil doer in the real area of Yang, ye Chen, ye Gongzi seems to be coming towards the Holy xuandao palace!

There are three palaces in the palace of the Holy xuandao, one is Xuan palace, one is female palace and the other is the holy palace.

Among them, Xuangong is the place for male disciples to cultivate, while the female palace is the place for female disciples.

As for the holy palace, it is the most exquisite and luxurious palace in the three palaces!

But, this holy palace, has not opened for hundreds of thousands of years!

Because, the holy palace is the palace of the sacred xuandao for the reception of the guests of great honor!

Before, there were four hall lords who visited the temple of the Holy xuandao, but even they were only met in Xuangong or Hei palace!

That is to say, the four halls in the Yangzhen area are not qualified to open the holy palace of the Holy xuandao palace!

But today, the holy palace is open, in order to meet the leaf Chen and open!

After all, ye Chen is too dazzling!

Before, ye Chen made a big noise in the dark valley, killed Yang Zhixian, the immortal who killed the immortal body, and even defeated a genius of tongxuanzong. The most important thing is, he survived from the messenger of tongxuanzong in a safe and sound way?

After this war, ye Chen is a famous man!

Only if ye Chen exists, can he be qualified to open the holy palace of the Holy xuandao palace!

According to the news they received, ye Chen should arrive at the Holy xuandao Palace tomorrow, and today, the palace of the Holy xuandao has begun to prepare for it!

In the female palace, countless female disciples, and their faces are full of excitement!

Ye Chen, this world evil spirit, has become the ideal Taoist partner of most female martial arts in the real area of Yang!

Even, many female martial arts people have been crazy about ye Chen after hearing the countless legends created by Ye Chen!

In the real area of Yang, there is a word that has begun to pop up, that is, "really when you are ye Chen?"

In the past, those very proud of the true world genius, hearing this sentence will be instantly bow

The evil that led to the whole Yangzhen area has been low-key countless times, can say, ye Chen a person covered up all the evil light!

It is difficult to have such a presence and not attract women!

The female disciple of the female palace is no exception!

In his twenties, he has no enemies in strength, creating numerous legends. Besides, he is also quite handsome in appearance!

Combined with the indifferent character and mysterious background, it can be said that it is full of lethal attraction to any woman!

All female students are looking forward to seeing ye Chen's brilliant posture tomorrow!

"You said, what kind of man is ye, son?"

"I'm looking forward to tomorrow. I really want to see ye Gongzi soon!"

"Hee hee, you said, will ye Gongzi love me at first sight?"

"Hum, love me at first sight!"

Among the female disciples, only one girl with great beauty was silent and did not participate in the discussion. If ye Chen is here, he will be very surprised, because he knows this girl!

Who is this girl?

She is Yang Zixin!

Before and after the meeting with Zichen, she had a chance to pursue her family together!

Even, there are some feelings!

Yang Zixin is one of the top families in the cold family.

In fact, the Yang family is one of the first-class families in yangzhenxuan. Compared with the cold family, it belongs to the top family. However, from ye Chen's perspective, it is just a common family.

Yang Zixin, however, soon after parting with Ye Chen, entered the Holy xuandao palace under the arrangement of her father Yang tianwu.

At the moment, she slightly lowered her head, the name of Ye Chen, let her think of the youth who met in the boundary city for the first time in her life.

He has the same name and surname as the first strong man in Yangzhen region.

Even, in many ways, they are very similar.

Such as

Indifferent look,

the martial arts qualification against the sky.

The life force of horror.

Indomitable character and so on

Even, Yang Zixin can't help but think that ye Chen is the young man she met in jieyucheng at the beginning!

But, reason told her, it's impossible

At that time, although Ye Chen was rebellious enough, after all, ye Chen at that time only had four layers of chaos at most

And now?

At least, it has reached the strength of the real situation, right?

Chaos, distance is real, the gap is too big to imagine!

But, how long has it been since they were separated?

Just a year or two

Even God can't get such a promotion in a year or two?

In the past two years, Yang Zixin has been greatly improved by virtue of the superior martial arts cultivation conditions of shengxuandao palace and the extremely rebellious martial arts talent!

Today, she is a source of six layers of tianwu, can be described as a day thousands of miles.

What about ye Chen?

The place where ye Chen is located must be much worse than the martial arts cultivation conditions of shengxuandao palace, right?

In that case, it is even more impossible to have such adverse ascension!
