

## **Physician 4731**

### Chapter 4731

Other disciples of shengxuandao Palace are in the same state!

At this time, Li zushang's pupil shrank suddenly, vomited a big mouthful of blood, his whole body trembled violently, and there was also a crack on the token in front of him!

The next moment, there was a big bang, and the array composed of golden thunder exploded!

A bloody figure like from hell was approaching them slowly!

All the disciples of shengxuandao palace collapsed on the ground, and their spiritual powers tended to be exhausted. Now, they have to wait for death

Tan Tian and others see the situation, is the face of irony!

Ha ha, life, sometimes is to know how to choose!

Red crazy moved his body for a moment. It seemed that he was paralyzed by the golden thunder light. He walked towards the crowd rigidly

The disciples of shengxuandao palace saw that their breath would stop!

Although, red crazy walk not fast, but brought them incomparably huge fear!

Red crazy every step forward, it seems that there is a killing hell towards themselves!

All of us are subconsciously looking at Ye Chen

But, until now, ye Chen's eyes are still closed!

It's over, it's over

One step, two steps, three steps

See, red crazy almost came to the public's eyes!

Li zushang gnawed his teeth and tried his best to condense the last trace of strength in his body. He suddenly bit the token that fell to the ground and yelled: "tie me down!"

On the token, a golden light broke out, which turned into a rope and twined on the red maniac instantly!

Seeing this, he flashed a gloomy look in his eyes. He said with a ferocious smile at Li zushang: "damn thing, you have successfully angered me. Do you think this kind of thing can really bind me? Ha ha, soon, I will let you know, what is the taste of life is not like death

The next moment, the bones inside his body, a click, surging strength, roaring in the muscles, he drank a sound, his hands suddenly support, will the gold rope, from the body surface!

Then, the red crazy is hard to carry the binding force toward Li zushang!

Li zushang's eyes trembled. There is a power left by the past Taoist master in this token. It is said that this power has been inherited since ancient times and is one of the ultimate cards of shengxuandao palace. However, in front of this madness, it has no meaning!

Just, let him walk a minute slower?

Soon, red crazy came to Li zushang in front of, mouth appeared a touch of cruel color, slowly toward Li zushang, out of hand!

But Li zushang can only control the power in the token crazily. When he controls this power, he can't move at all!

As for abandoning the bondage and choosing to escape?

Then, it will only die faster!

Looking at his eyes, when he was about to touch his thin, pale palm, Li zushang had already smelled the breath of death, and his blood was going to flow backwards, and his heart was going to stop beating!

He was sure that a slight touch of the hand would blow his body to pieces!

And at the moment, the finger of red crazy is less than an inch away from his eyes!

Many of the disciples of shengxuandao palace lowered their heads and gnawed their teeth. They couldn't bear to see this scene

They know that the Taoist master of shengxuandao palace will fall here!

Even Li zushang is the face of despair, that shackles the red crazy power also gradually began to fade!

The smile on the red crazy face is more and more thick, as long as this binding force disappears, he can easily kill this group of waste with a finger!

In everyone's opinion, the end has been doomed, critical moment, a black light suddenly appeared in this underground palace!

The moment the black light appears, the whole underground palace seems to be frozen for it!

A very close to the vanishing charm, almost will melt the spirits of people one after another!

Even originally prepared to Li zushang red crazy are pupil crazy contraction, on the surface, finally appeared a touch of panic color!

When the physical cultivation reaches a certain level, the martial arts' intuition will be extremely powerful!

And this touch of black light, let red crazy feel the breath of death!

The next moment, everyone can't help but look in the direction of the black light!

I see, I do not know when, ye Chen has opened his eyes, endless destructive power in its fingertips, as if there, opened a black hole that can swallow everything!

He made it!

Now, ye Chen has completely tamed the violent destruction Shinto in his body, and condensed it at the fingertip!

Red crazy face is extremely ugly, subconsciously will retreat, that black light gives him too much pressure, even if he is extremely confident in his vitality, he does not think he can resist the black light!

But at this time, Tan Tian, who was standing behind the red maniac, suddenly said: "master Chi, the boy's state seems not quite right, and it seems that he can't completely control this magic power!""Well?"

Red crazy smell speech, eyes a coagulation, see, ye Chen at the moment fingers slightly tremble, the face is also showing a very reluctant look, even the breath is suddenly strong and weak!

This kind of state is very similar to being possessed by the devil when practicing martial arts!

In a flash, his face was full of ecstasy!

He no longer paid attention to what Li zushang, body move, then toward ye Chenfei rushed away!

Originally, he thought that all the people in the underground palace were just prey for him to move his muscles and bones. But now, ye Chen has the strength that really threatens his life!

The top priority is to solve Ye Chen! Now, ye Chen can't control the power of the magic power. It's the best time!

Ye Chen sees form, complexion is also gloomy come down!

The light of extinction is too strong, even ye Chen can't make it stable in a moment after condensing it in a little bit!

If at this time, by the red crazy attack, the extinction God light will be completely out of control, causing great damage to it!

At the moment, ye Chen in addition to crazy control of the extinction of divine light, there is no way ah!

The black light in his hands is getting deeper and more stable. He is about to condense and form completely, but

At this time, a bloody figure has appeared in front of him!

It's madness!

Red crazy eyes, there is a touch of ecstasy!

Catch up!

Before ye Chen condenses this magic power, catch up!

Only in close combat can the power of physical training break out! In order to attack Chen, Ye is to give him a fatal blow!

He showed a ferocious smile to Ye Chen and said, "boy, you are indeed beyond my expectation. Unfortunately, luck seems to be on my side."

As soon as the voice fell, a bloody bear shadow reappeared. One of his arms expanded instantly. The muscles on the arm were cast like steel, full of explosive power!

Chapter 4732

Red crazily stares at Ye Chen, Li drinks a way: "day bear collapse fist!"

In an instant, the whole body strength of red mania seemed to gather on the fist, and the whole arm was ejected like a bullet, aiming at Ye Chen's Dantian!

He wants to smash Ye Chen's elixir field with a fist, and then he will destroy the Shinto. Even if the boy's vitality is extremely terrible, he can't stand up again, right?

Think of here, red crazy eyes more and more bright up!

In the end, he was crazy!

Ye Chen's face is as heavy as water. At the moment, he is very clear that he will be able to make this extinction divine light completely stable in a short time!

Can, red crazy fist, ahead of time, hit!

If he is hit by this blow, he will surely lose!

Now what he can think of is to explode himself before he dies, and then try to be reborn through some flesh and blood

But you can imagine the risks in doing so!

Just when everyone thought Ye Chen was going to lose and they were going to die, a sudden change happened!

I saw, red crazy fist suddenly stopped in the air, unable to move forward!

Why is this?

Even the red crazy himself, are dull!

And there was a golden chain around his arm!

Originally, the disappeared bondage appears again!

In his eyes, he suddenly turned his head and looked behind him. The middle-aged man, who was breathing heavily and fighting all the operation tokens, roared: "dare you

Li zushang urged the power of the token again!

At this time, ye Chen's voice rang out: "of course he dares, because you are going to die."

Red crazy suddenly turned around and saw a indifferent young man looking at him with a smile: "it seems that luck is not on your side."

This moment of bondage, gave Ye Chen the most needed time!

This one thousandth of a second is less than the time, but it has immeasurable value!

Because, at this moment, ye Chen's extinction God light, finally completely fell into its grasp!

Red crazy look suddenly changed, he opened his mouth, as if to say something, but without waiting for him to say, a black light suddenly shot from ye Chen's fingertips, penetrating his eyebrows!

The whole underground palace seems to be fixed

Everyone was watching this in disbelief

This time, the vitality is extremely terrible, and the ancient strong people who have crossed the threshold of sanctification have not been restored again!

His eyes, quickly dim down

Die!

This red crazy is so dead!!!

Killed by Ye Chen?

Many people, in their eyes, are the color of shame

Just now, they also thought that ye Chen had no combat talent, and that ye Chen wasted a good opportunity to consume Chikuang

Now, ye Chen has proved that it is not him who is wrong, but the frogs at the bottom of the well!

The next moment, the underground palace will ring out like a tsunami of cheers!

All people are extremely excited to shout Ye Chen's name!

Besides, a few people

Tan Tian, brother and sister, have been thoroughly, sluggish!

They did not dream that even the ancient strongmen like red mania were not ye Chen's opponents!?

What level is Ye Chen going against the sky?

However, it has nothing to do with them

Because, Li zushang has already said, if you don't fight with Ye Chen, you will be treated as treason!

For a moment, their bodies trembled, and the traitors would be tortured with terror!

Ye Chen came to Li zushang's side and couldn't help frowning slightly.

Li zushang is as old as a mummy at the moment

He suddenly took out a blood red pill and put it into his body. It was a healing pill. However, it was contaminated with Ye Chen's blood essence, which was good for Li zushang!

Ye Chen's eyes flicker slightly, which is what Li zushang deserves. If it wasn't for his persistence at the last moment, ye Chen might have died!

After taking the pill, Li zushang's face softened a minute, he coldly glanced at Tan Tian and other humanitarians: "take these traitors down!"

"Yes

For a while, Tan Tian and others were imprisoned for cultivation. Facing Ye Chen, they did not dare to resist at all. After the death of Chikuang, the gate was no longer closed and opened slowly. Li zushang led the people to take Tan Tian and others out of the underground palace.

He smiles at Ye Chen and says, "Mr. Ye, I won't disturb you to understand the inheritance of ancestors."

Ye Chen nodded and looked at Yang Zixin, who was still worried. He said with a smile, "don't worry, I'll come out soon."

Yang Zixin pouted and pouted. Just now she was almost worried to death!

However, still nodded, followed the crowd, left the underground palace, do not want to affect Ye Chen's understanding. In the twinkling of an eye, ye Chen was left in the underground palace.

With a roar, the gate was closed again, and at the moment when the gate was closed, ye Chen fell to the ground.

A wry smile appeared on his face

Although, at last, the light of extinction played on the red maniac directly killed the red maniac, but this war is definitely not easy!

Almost exhausted all the strength in Ye Chen's body!

Ye Chen took a look at the red crazy corpse, and his eyes flashed slightly. He was worthy of being a strong man who stepped into the threshold of sanctification. Even though he died under the light of his extinction, his body did not die!

With a wave of his hand, his body suddenly began to shrink and turned into a ball of blood essence in a twinkling of an eye!

that is the flesh and blood essence.

Ye Chen nodded with satisfaction and put it into a jade vase.

Every drop of blood is a treasure if you can cultivate the body to this level!

What's more, he knows that the real strength of red maniac is far more than that!

It is very likely that he is the peak of the true state, even beyond the real existence, but he has been imprisoned for too long and his strength has declined!

this flesh essence may not be used for ye Chen, but now it is extremely difficult to improve his body.

However, it can still be called a treasure, and may be useful in the future.

At this time, xuanhanyu's voice sounded in Ye Chen's mind: "Ye Chen, this war is too dangerous. Although the God of extinction is strong, you can't completely control it now. Try not to use it in the future, or you may not be as lucky as this one. "

Ye Chen looks a congealed, nodded.

Although the light of extinction is strong, there is no one who can help him to hold the enemy for a moment

If ye Chen is attacked in the process of condensing the extinction light, it will cause great harm to him!

If you want to solve this problem, you have to upgrade the destruction seal!

If the destruction seal breaks through to the five levels of heaven, maybe he will be able to completely control the magic power!

One day later, ye Chen's state finally recovered. In his eyes, the God mang was full, and he went to the altar in front of him.

Chapter 4733

Soon, ye Chen set foot on the altar and gazed at the round stone ball in front of him. The rhyme on the stone ball accelerated Ye Chen's heart and was deeply attracted by it. He could not help reaching out and touching the stone ball.

Can, in the moment Ye Chen touched the stone ball, the scene in front of him suddenly changed!

In front of him, there appeared a huge stone, which is so high that you can't see the end. It's more appropriate to describe it as a stone mountain!

At the same time, a man's back reflects into Ye Chen's eyes.

A tall young man in a black robe with broad shoulders is standing in front of the stone mountain!

This person's breath is incomparably surging, even today's Ye Chen, just looked at the man's back, then had a kind of feeling of looking up at the stars!

He is undoubtedly the founder of the Holy xuandao palace!

At this time, the man moved!

The extremely shocking power gushed from his body, and he gave a blow to the stone mountain in front of him!

With a loud bang, heaven and earth seem to be in turmoil, but on the surface of the stone mountain, only a shallow fist seal is left!

In Ye Chen's eyes, there is an incredible color

He could feel how powerful the punch was, but even so, it only left a stamp?

The stone mountain's resistance to the physical force is too terrible!

The tall man, it seems, is not unexpected, even, no mood fluctuations, but, one punch, one punch, another, constantly bombarding the stone mountain!

Ye Chen looks at that young man's movement, the eyes are more and more bright!

All the actions of the founder of the Holy xuandao Palace are incisively and vividly controlled in terms of strength control, physical control, and how to make the law and body conform to each other!

Just looking at it like this, ye Chen's understanding of body cultivation is going crazy!

I don't know how long after that, the stone mountain that could not be seen was also getting smaller and smaller. Finally, under the constant bombardment of the sage Xuan, the stone mountain that connected the sky turned into a stone the size of a human head!

But!

The stone is uneven!

This time, the master did not move. After standing in front of the stone for a long time, he did it again!

At the moment, when he made a move, there was no such earth shaking power. However, ye Chen's eyes became more and more bright, just like seeing the treasure!

Why?

Because, the control of the power of the holy master Xuan has reached a height he has never imagined!

It is as if every cell of his body is under the control of his will and can exert force perfectly!

Ye Chen's brain, as if there is a light, lit up an unknown field!

He's excited!

This understanding, the harvest is too big!

One punch, one punch, another. Finally, the stone becomes a stone ball!

That is to say, at the moment when the stone ball was formed, the whole person of the holy Master seemed to have been trained, and sent out a breath of incomparable holiness!

Ye Chen's eyes trembled, and the spirit was boiling!

It was at this moment that the holy master Xuan reached the realm of sanctification of the flesh!

Just as he was about to have a better understanding of it, the scene in front of him suddenly disappeared

Ye Chenning stands on the altar with a look of reverence in his eyes. He has witnessed the whole process of master Shengxuan's rock beating. In a sense, ye Chen can be said to have obtained the complete inheritance of master Shengxuan's body refining!

There are so many things he needs to digest and understand!

Ye Chen can be sure that if he can fully understand it, the supreme demon body will definitely be perfect, and even the actual force can even surpass the true state!

Not only that, this inheritance also points out the way to sanctify the body!

Ye Chen stretched his muscles and bones for a while, and asked Shuo Lao, "how long has it been since I realized?"

Old Shuo said: "boy, this understanding of you has passed for a month."

Ye Chen smell speech, in the eye flash a touch of surprised color, time than he imagined to be a lot longer!

Not a month!

Its body refining, strength, body control and other aspects have been qualitatively improved!

The next moment, he moved, he came to the gate of the underground palace, pushed the door out.

As soon as the door opened, he saw a middle-aged man and a beautiful woman standing outside.

They are Li zushang and Yang Zixin.

Ye Chen tiny a Leng way: "how are you here?"

Yang Zixin heard the speech and said angrily, "who told you to understand for such a long time? In the process of enlightenment, the underground palace is closed, and the Taoist master cannot enter it. Therefore, we do not know your situation, so we have been waiting here... "

Ye Chen has some unexpected way: "long?"

Li zushang said with a wry smile: "childe ye, in the records of our holy xuandao palace, the longest record is 17 hours, even less than a day But you have been directly understanding for a month, which is unbelievable. Therefore, it is normal for Zixin to worry about you. "After a pause, he asked curiously, "Mr. Ye, how many fists did you see in the inheritance?"

To understand the ancestral inheritance is actually to watch the process of master Shengxuan's rock beating. However, most Taoist masters can only see a few fists, so they can't continue to understand.

However, this is enough to make these Taoists benefit all their lives!

However, ye Chen stayed in the underground palace for a month. What delayed him so long?

Ye Chen pondered for a moment, then opened his mouth and said, "one billion 596.227030 punches."

This is the total number of fists that master Shengxuan played!

The whole world seems to be quiet as soon as this is said!

Li zushang the whole person, like a stone statue general, motionless looking at Ye Chen, the soul is going out of the body!

What does Ye Chen say?

Billion!?

In the history of shengxuandao palace, only the 110th fist was seen at most!

Even so, the Taoist master also created a golden age belonging to the Holy xuandao palace!

At that time, the original decline of the shengxuandao palace, again counter attack, became the first force in the Yangzhen domain!

But ye Chen, direct billion!

I'm afraid that Taoist master knew that he was going to vomit blood with anger?

This gap is too big!!!

There is no comparison at all!

If it was not from ye Chen's mouth and killed Li zushang, he would not believe it!

You know, how many fists you can see is determined by the talent of body building!

The higher the talent, the more fists you can see!

After all, it's not enough to count, but it's not good if you see it!

It's better to get through the fist!

But ye Chen has reincarnation blood vessels, hundred evil bodies, and the supreme heaven demon body, the qualification of refining body, enough to win the foreign!

Li zushang swallowed his saliva and asked, "Mr. Ye Have you seen the whole process of the founder's rock breaking? "

Ye Chen nods a head way: "good."

This time, Li zushang was completely demented

Why?

Because, according to the records of shengxuandao palace, people who can see the whole process of rock drilling have more talent of body refining than the founder of Shengxuan!

Originally, everyone thought that this kind of person could not appear

But now, he knew, he was wrong!

Compared with Ye Chen, he is the Taoist master of the Taoist palace. He is really embarrassed

I'm afraid that all the talents of the shengxuandao palace in the past dynasties are not worthy to carry shoes for ye Chen

In addition to the word "demon", he did not know how to describe it!

At this time, ye Chen's expression suddenly moved and took out a message jade Fu.

He sank his mind into the jade talisman, and a seductive woman's voice rang out in his head.

The master of this voice is the Xuanyao woman, xuanxuexin!

Chapter 4734

Xuanxuexin's voice sounded very angry and said, "Ye Chen! Do you mean to pit me? "

Ye Chen smell speech, some strange way: "blood heart miss, what are you talking about?"

He doesn't remember what I'm sorry about xuanxuexin?

Xuanxuexin clenched his teeth and said, "you boy, what is the origin of the animal egg you brought me? Do you know that animal egg sucked up my whole demon pool! And even so, there is no sign of hatching! "

Ye Chen slightly a Leng, the face appears unexpected color, he also did not think of this result!

However, it seems to be expected

Is an egg contaminated with chaos so good to hatch?

Xuanxue Xinjiao said: "now, come to the holy city at once!"

Then he cut off the communication.

Ye Chen smiles bitterly and shakes his head. It seems that he will go again.

Yang Zixin looks at Ye Chen's look, some aggrieved way: "you won't leave so soon?"

Ye Chen was embarrassed when he heard the speech. Originally, he wanted to accompany Yang Zixin in the Taoist palace for a period of time. On the one hand, it took too long to understand. Secondly, there was a problem with the chaotic animal egg, and he had to solve it.

He had a feeling that the eggs were of great help to him!

Ye Chen looks at Yang Zixin's appearance, in the heart is also some can't bear, suddenly, Yang Zixin's Jiao body moves, unexpectedly is directly pours into Ye Chen's bosom, tightly hugs Ye Chen.

Seeing the scene, Li zushang laughed and left consciously.

Ye Chen sighed, just want to say something, but Yang Zixin let go of her hand.

She looked up at Ye Chen and said, "Ye Chen, I know that I can't follow you now..."

With her strength, she can only be a drag on Ye Chen

However, all of a sudden, Yang Zixin's beautiful eyes showed a bright light: "however, I will work hard, one day, I will be able to stand by your side, at least, to protect myself!"

Ye Chen hears the speech, the vision twinkles for a while, the corner of the mouth raised a soft smile.

He reached out his hand, rubbed Yang Zixin's cerebellar bag and said, "OK, I'll wait for you."

Yang Zixin looked at Ye Chen with some reluctance, then turned around and said, "well, I went back to practice. Outside, pay attention to safety."

Ye Chen raised his head, looked at the sky, flew up, and went towards the distance. However, in his eyes, there was a decisive color and said: "Zixin, even if you don't have enough strength, I will treat you like I once met!"

A Blue Dragon flew up from the Taoist palace and fell under Ye Chen's body. With the flash of thunder, he disappeared in the sky with Ye Chen.

.....

A mountain full of evil spirit, a thunder light, flash away.

Here is a hundred barren mountains.

Ye Chen flies to the GUI family, but he can't help frowning.

There seems to be something wrong with the situation of the hundred barren mountains

In the past, those noisy demon clans were quiet down, even in the mountains there was no demon clan walking around!

It seems that everyone is avoiding something!

Ye Chen's eyes flashed slightly and patted the flying thunder Jiao under his body. The flying thunder Jiao sent out a dragon roar, speeding up the speed and heading for the GUI family!

Before long, ye Chen had already arrived before GUI Fu.

Close to the Guifu, ye Chen's pupil suddenly shrinks!

In this Guifu, there are three strong breath which obviously do not belong to Yangzhen domain!

Moreover, these three breath, not demon clan, but Terran!

These three people are still in the real world!

What's going on?

Soon, ye Chen landed in the Guifu.

He moved and headed for the living room.

Those three breath are concentrated here!

Soon, ye Chen came to the living room!

On the main seat of the living room sat a young man with a noble bearing and a handsome face. However, he looked very proud and wore a jade belt purple robe.

However, he does have proud capital!

This man, less than a thousand years old, is already a real existence of four layers of heaven! Even from the five layers of the sky is extremely close!

However, the strong man in the heaven and man domain will be suppressed in the Yangzhen region. At the moment, this man has been suppressed in the three layers of the true world!

At the bottom of the man's head, there were two men who were equally proud, with ordinary faces and sharp eyes.

The strength of these two men is not vulgar, the realm is suppressed in the real two or three days, but they are a little older!

And they have always been extremely respectful to the young man.

At the moment, the young man was carrying a cup of spirit tea, tasted it, then frowned, dropped the cup on the ground, and looked at the only person standing in the living room. This person is the GUI puLong who is the leader of GUI family!

The young man scolded GUI puLong, "do you take this kind of garbage to entertain guests?"

Like a servant, GUI puLong shivered and said, "yes I'm sorry, Master Chu. This is already the best spirit tea in Gui family... "

The young man, named Chu Jue, was followed by his servants, named Chu Zhi and Chu ye, all from the Chu family.

Which Chu family?

Heaven and man, Chu family!

According to Chu Jue, the reason why they came to Yangzhen is to take ye Chen to fly up!

This was a great good thing. GUI puLong was very happy to hear it!

Ye Chen is one of his own, and now, ye Chen will be taken to heaven and man!

What's more, it's the forces of heaven and man who come to our door in person!

This treatment is expected to make 99.9% of the martial arts practitioners in the Yangzhen region envy them!

Unfortunately, ye Chen is not in Guifu!

Therefore, Chu Jue and others stayed in Guifu for the time being until ye Chen came back.

However, after waiting for many days, I didn't even see ye Chen's shadow!

In the eyes of Chu Jue and others, the aura is too thin and the martial arts are too backward! It's just a backwater among the backwoods!

Stay one more second, all feel that is a waste of life, and ye Chen is delayed to appear ah!

Therefore, the Chu family three people will vent this resentment on the GUI family people!

GUI puLong, the owner of the GUI family, became their slave instead!

At the same time ye Chen appears, in the living room, four eyes at the same time toward Ye Chen!

Guipu long spirit of a vibration, as if to see a savior in general!

But Chu Jue swept Ye Chen one eye, in the eye essence light flickers, to Ye Chen asked: "you are ye Chen?"

Ye Chen nodded and said faintly, "a few, who is it?"

Chu Jue stood up and said faintly, "I come from the Chu family of heaven and man domain. Ye Chen, you are very lucky to be taken in by the Chu family."

When ye Chen hears the speech, his look moves, and there is a flash of unexpected color in his eyes

He didn't expect that these people were from heaven and man?

Chapter 4735

It seems that his news has finally reached the heaven and man domain. After all, there is no airtight wall in the world. Even if the sky star Pavilion helps him to cover it up, there is naturally more than this intelligence channel outside the territory.

Some of Ye Chen's performance in the Yangzhen area is too frightening, and it will be noticed sooner or later.

Just as Tong Xuanzong discovered Yang Zhixian, the Chu family seems to have come to attract him.

However, at this time, the Chu branch sitting there gave Ye Chen a look of disdain and said coldly, "young master, is this guy really the Ye Chen who survived in the hands of the deacon of Tong Xuanzong? Hehe, the three layers of heaven and earth exist? Are there any mistakes in those legends? "

Chu ye also said with a sneer: "ha ha, if he can survive from the deacon of Tong Xuanzong, I'm afraid that our guard dog of Chu family can directly bite the deacon of Tong Xuanzong to death? If I remember correctly, that watchdog is the nine layers of heaven and earth? "

With that, they burst into laughter.

Even Chu Jue, looking at the corner of Ye Chen's mouth, is with a smile of suspicion, as if, looking at a clown.

Ye Chen smell speech, eyes slightly cold, but, did not say much.

Chu Jue waved his hand at will and said, "well, since those old guys in the family are interested in him, we will take him back to the Chu family. As for whether it is a dragon or a worm, sooner or later we will know the result. After all, Tianren domain is not a place where all kinds of cats and dogs can stay."

Chu branch and Chu leaf smell speech, this just stopped to laugh, but, look at Ye Chen's look or incomparably contemptuous.

Chu Jue gazed at Ye Chen and said, "Ye Chen, now, follow us."

Finish not wait for ye Chen to answer, Chu Jue will walk toward the door, and Chu branch two people, also stood up.

This is not so much a notice to Ye Chen as an order!

Chu Jue used the tone of command, not to be refused by Ye Chen!

Of course, he didn't think ye Chen would refuse. A low-level person in the Yangzhen domain could be taken in by the Chu family in Tianren domain. Would he still refuse?

Unless it's brain drain.

Can, and ye Chen is motionless to stand in place, light way: "I can't go with you to heaven and man domain now."

As soon as this speech came out, the whole Guifu seemed to be quiet down!

GUI puLong's eyes were wide open. The teapot in his hand fell to the ground and was smashed to pieces. He looked incredible!

What is Ye Chen doing!?

Such a once-in-a-lifetime opportunity, we must not blow it up!

Anyone will immediately follow Chu Jue and others to the heaven and man domain, so as not to dream too much at night!

But ye Chen refused Chu Jue's request at this time?

Let's not say whether it has any influence on the trip to heaven and man. These days, when he entertained Chu Jue and others down, GUI puLong knew very well that their temperaments were not good at all!

In case of anger, Chu Jue

After that, just think about it, Guipu dragon will suffocate!

Chu Jue three people are also a heavy complexion!

And Chu branch and Chu leaf, is more directly about to curse!

This kid, don't know good or bad?

However, Chu Jue is a hand to stop two people, he looked at Ye Chen, asked: "why?"

Ye Chen looked indifferent, as if he had not noticed the three people's looks at all. He opened his mouth and said, "I still have something to do now. You can stay in Guifu for a long time."

He had discovered that there was something wrong with the hundred barren mountain, so he just went back to Guifu to have a look. Now, the top priority is to go to Shengtian city to solve the problem of chaotic animal eggs.

Therefore, ye Chen cannot follow them now.

Can, ye Chen this sentence finish saying, Chu Jue's vision is completely cold!

In the past few days, he is not happy to stay in such a place as the hundred barren mountains!

Just like a person who is used to the modern city, suddenly, forced to live in the countryside!

He has been waiting for so many days. He has been kind enough to Ye Chen. But now, a lower class of Yang Zhen region is going to kick his nose and face?

Chu Jue looked at Ye Chen without expression and said, "you mean, you want me to wait for you?"

Ye Chen nodded and said, "not bad."

To tell you the truth, he was already a little upset. It was the Chu family who came to find him, not he begged the Chu family, but what attitude did these people have?

However, his current strength, even if he went to heaven and man domain, should be able to make a foothold. With the inheritance of sage Xuan, his strength still has a lot of room for improvement. Therefore, since he has the opportunity to go to the heaven and man domain, he does not want to let go.

After all, he has another responsibility. It's a good thing to find Gu Xuan and get to the heaven and man region earlier!

Otherwise, he won't speak so quietly now. Even, he can't speak, but he will do it directly!

In front of him?

What ye Chen dislikes most is the attitude!

Chu Jue's eyes, flashed a cold flame, his mouth covered with a sneer: "do you think, I am asking your opinion?" Ye Chen smell speech, did not speak, but the eyes are also Sen cold down.

For a moment, the air of Guifu is extremely heavy!

At this time, a middle-aged man, laughing, walked to the middle of the two, nodded and bowed at Chu Jue and said, "childe Chu, you misunderstood me. Ye Chen just wanted to say goodbye to Miss Jin and the little girl. It only takes a moment to come back..."

Say, he looked at Ye Chen quietly one eye, make eye continuously, let Ye Chen follow Chu Jue to leave!

Ye Chen frowns. He knows that Gui puLong is here to round the field, in a sense, for his good. However, this is not the result Ye Chen wants. He doesn't speak.

But Chu Jue smell speech, in the eye is flashed a playful color, to Gui Pu long smile way: "Miss Jin and your daughter are ye Chen's women?"

Seeing the change of Chu Jue's attitude, GUI puLong could only nod his head and say, "Suan Yes

Chu Jue's smile was stronger. He suddenly turned his head and looked at Ye Chen and said, "you want me to wait for you. It's not impossible..."

Ye Chen's eyes flashed. He didn't expect that this seemingly arrogant young man of the Chu family was so easy that he agreed?

However, at this time, Chu Jue was quite smiling at Ye Chen and said, "however, there is one condition, that is, during the period when I am waiting for you, let your woman come to serve me. As long as I wait for you, your woman will serve me as long as three people. What do you think?"

After saying this, Chu branch and Chu leaf have bright eyes!

They all said with a smile: "childe, if so, it's not impossible to wait for him, ha ha ha!"

"Ye Chen, you'd better go a little longer, let's enjoy your woman's service more!"

After hearing the speech, Guipu dragon's face turned pale, and his mouth seemed to want to say something. However, at this time, a breath burst out in an instant, which made Guipu dragon spit blood and fly upside down!

Chu Jue received his breath and coldly looked at him and said, "I don't seem to let you speak?"

Chapter 4736

His move, obviously, is to make a strong impression!

Then, he looked at Ye Chen with a smile and said, "how are you thinking?"

At the moment, there is no expression on Ye Chen's face, as if there is no mood fluctuation, but Guipu long is a little chilly at the bottom of his heart

Although his strength is not strong, he is very accurate in judging people!

GUI puLong knows that ye Chen's look means that he is really angry!

However, if he doesn't touch the bottom line, he will not be too arrogant!

"Ye Ye Chen, calm down... "

"Calm down?"

Chu Ye smelled the speech, but disdained to snort: "I would like to know, he is not calm, what will happen?"

Both Chu ye and Chu Zhi are the cultivation of the true state. Although they are not as good as Chu Jue, looking at the whole Yangzhen realm, they can also sweep a region. In their opinion, ye Chen may be able to make an appearance in such a small place, but in front of them, they are just the bottom garbage!

Even, ye Chen was taken in the eyes of the Chu family's high-level officials, and let them feel some injustice!

At this time, ye Chen, but indifferently opened his mouth: "you don't have to wait."

Chu Jue three people smell the speech, are wearing disdain color, ha ha, this trash, just now not pretend to be very similar?

And keep them waiting?

Now, no, still?

Even GUI puLong was an accident. Was he wrong?

Ye Chen is not angry?

Or is Ye Chen tolerant?

He nodded in secret. Everyone's pride is limited. Ye Chen, though extremely arrogant, was restrained in the face of the people of the Chu family in the heaven and man domain. It's human nature to be restrained!

However, at this time, a strong sense of killing suddenly broke out from ye Chen's body. He said with a heavy complexion: "because you can roll or die!"

GUI puLong guessed right, ye Chen is a person who can't stand the bottom line and be touched!

And his women, his friends, the people he cares about and so on, is his bottom line!

Chu Yue three people smell speech is pupil a shrink, face appears shock color, completely did not expect, ye Chen actually dare to resist them?

Not only did they resist, but they even wanted to kill?

But soon, the three people are laughing, incomparably cruel smile!

Chu Yue sneered and said, "this boy, do you want to kill us? In that case, it's not too much for us to teach him a lesson, right? Chuye, Chuzhi, doesn't he want to go with us? Then, break his limbs and take him away by force. "

With that, he raised his hand and released a flying boat with glittering gold. It seemed that he was ready to leave.

Chu Zhi and Chu ye are of average strength in the Chu family. However, they can't be compared with this kind of waste of Yang Zhen domain. What's more, for the sake of safety, he let the two of them fight together!

In this way, it is invincible!

Chu Zhi two people smell speech, face, instantly ferocious rise!

Chu Zhi licked his lips, and his face was bloodthirsty and said, "ha ha, little trash, I really think that if I dominate in this country, I will be invincible? Now, let's let you experience the power of the martial arts in heaven and man

As soon as the voice fell, the body shape of Chu branch and Chu leaf disappeared from the original place, and two extremely terrible laws came to Gui Fu!

In an instant, it seems that the God of terror who is in charge of the way of heaven appears in the world. The two people's bodies are covered with the surging power of the law and appear in front of Ye Chen!

Looking at Ye Chen, who didn't even move, the scorn in Chu Zhi and Chu Ye's eyes became more and more intense. They seemed to have seen Ye Chen's hands and feet interrupted!

The next moment, Chu branch and Chu leaf's hand, then toward Ye Chen's limbs to grasp!

In this grasp, there was a very strong fluctuation. The whole hundred barren mountains seemed to be shaking!

The light in their eyes became more bloodthirsty, and the victory was in hand!

This kid really has his name. He can't even react to our attack!

How could he join the Chu family so easily?

Chu Jue also sneered, the pace of a pulse, will directly board the boat.

Can, in this moment, time, as if static!

The three faces of Chu family changed at the same time!

Why?

Because, at the moment, an extremely frightening fluctuation of soul power covers the whole mountain in an instant!

Countless demon clans in the hundred barren mountains are pale and clinging to their heads. Just this wave will make their brains swell and ache almost burst!

Ye Chen didn't even look at the Chu branch that was facing him. The two of them just spit out a word "Go away."

The next moment, two screams, burst out at the same time!

After ye Chen's strength soared, he used his soul body transformation. Now his soul power is enough to kill all the weak beings in the real world! Even in the state of being suppressed!

With the scream, the attack of Chu branch and Chu Ye suddenly collapsed. In the seven orifices, blood gushed wildly, and they went back and forth crazily. They were holding their heads in agony and rolling on the ground. It seemed that they were extremely miserable!

The reason why they didn't die is that ye Chen kept his hand.

Both GUI puLong and Chu Jue watched this scene in disbelief!

A moment ago, they were extremely brave. Now, they are rolling on the ground like dead dogs?

What's more, it seems that it's more painful than death!

Chu Jue moved his eyes from the two people, staring at Ye Chen with a very ugly face, and roared: "boy, do you dare to attack my Chu family? Good, very good. Today, I'm going to let you know what it means to have someone out of people. There is a heaven out of the sky! "

With a roar, the wind blows, and the world changes color. The breath of Chu Jue's real environment breaks out completely!

Just this breath, then set off a terrible storm, for a time, the hundred barren mountains seem to usher in the end!

Although, at the moment, Chu Jue's strength has been suppressed by the law, but it is still extremely frightening!

One side of the osmanthus continued to sacrifice a variety of defense tools, just reluctantly resist the pressure, the whole person is constantly shaking, fear!

In this pressure, his spirit will melt!

Ye Chen saw this, but he looked indifferent. He said with a sneer: "is there someone outside? Someone out of the sky? I agree, but you? Not worthy of it

This speech, completely infuriated Chu Jue!

His eyes were full of rage and red, and his veins would burst!

Chu Jue is the son of the Chu family. Even in the realm of heaven and man, he still has a high status!

Moreover, his martial arts talent is extremely high, from childhood to everywhere is like the existence of the stars!

Even the children of many families in tianrenyu dare not disrespect him!

Chapter 4737

But now, a waste with no background in the Yangzhen region can say that he is absolutely unworthy of Chu?

How can he bear it with his pride!

The next moment, Chu Jue's wrist turned, and a long sword full of purple thunder light appeared in his hand!

The thunder breath on the long sword is very strong. Moreover, the sword spirit and the thunder match very well. It's almost a blend!

Chu Jue's face was incomparably fierce and roared: "I will let you know if I deserve this sword! It's just a frog at the bottom of a well in Yangzhen area. I dare to pretend in front of me! Your indifference is just because of your ignorance. You don't know how powerful I am

As soon as the voice fell, Chu Jue was able to hit it with a sword, and he said, "the purple thunder sword!"

All of a sudden, the nine thunders soared from the long sword, carrying the power of extermination, and beheaded toward ye Chenji!

GUI puLong's heart felt broken and his pupils trembled wildly. The nine thunder sword was used to stir up the sky!

Originally cloudless situation, flash of lightning and thunder!

As if the thunder and lightning in the sky salute it!

For a while, his nerves were tense. Although Ye Chen was very strong and rebellious, it was almost impossible to take on such a terrible sword!

At the moment, his clothes have been thoroughly wet by cold sweat!

Ye Chen looked at the nine thunderbolts and his eyes flashed. This sword was really amazing!

Moreover, Chu Jue is also highly accomplished in the way of thunder!

The martial arts of heaven and man are really not simple!

Although, Chu Jue's strength was suppressed in the three layers of heaven or so, but, this sword, extremely terrible!

Chu Jue Yin cold smile, in fact, this kind of battle is beneficial to him!

He is not much suppressed!

Ye Chen gazed at the thunder, and a smile appeared in the corner of his mouth.

However, he did not take out the evil sword!

The reason is very simple, Chu has not yet qualified to let him out of the sword!

And

Ye Chen gains a lot in shengxuandao palace. He fights with his body and consolidates what he has learned!

At the next moment, his whole body muscle, a burst of movement, he drank a low, double fists, toward the nine thunder!

GUI Pu long saw this and his face changed wildly. He was going crazy!

What is Ye Chen doing?

Hair nerve also did not send so!

Resist lightning with both hands?

Lei Dao, famous for destruction, is the most powerful!

Ye Chen is so reckless that both hands may be smashed directly!

And Chu Jue is a happy face, has seen the end!

In a flash, ye Chen made nine fists in a row, and his eyes were sharp. He integrated all the insights about strength and body control that he got when he watched master Shengxuan hit the rock!

Boom, boom, boom

Nine in a row, earth shaking, comparable to the explosion of weapons, burst out!

A strange scene, appeared!

GUI puLong and Chu Jue are both staring at this scene

The nine thunder dragons are actually under Ye Chen's fist, like loach, raw and ground into pieces!

Yes, is this loach?

This, but nine extremely powerful thunder sword light!

What's more, the nine fists directly blow out nine silenced spaces!

For a moment, both of them were shaken

They did not know how strong the young man was!

Even ye Chen himself was a little shocked. He looked at his fists in silence, and a touch of ecstasy appeared on his face!

The effect was still above his expectation!

It can only be said that the achievement of the founder of Shengxuan in the body is too adverse to heaven!

I'm afraid it's very helpful for the supernatural demon body!

The next moment, his steps move, a huge force rushed out, the earth appeared spider like cracks, ye Chen body shape a flash, then appeared in front of Chu Jue!

Chu Jue's face changed. In his eyes, he saw a cruel expression: "impossible! In this lower realm, there can never be a big gap between you and me

Ye Chen is how to instantly eliminate his nine thunder sword light!

Must be, this boy must have used some strange means to achieve, not real strength!

A burst of thunder broke out. The whole body of Chu Jue was suddenly surrounded by thunder light, just like the God of thunder. He roared, and then he chopped at Ye Chen with a sword!

Facing this sword, ye Chen did not dodge, but closed his eyes!

He focused all his attention on his body and recalled the almost perfect control of his body by the founder of Shengxuan!

The kind of precision that integrates control into almost every cell!

Chu Jue sees the appearance, flash in the eye a happy color!

He guessed it!?Ye Chen has closed his eyes in despair?

The heart of the sword was cut to the heart!

When the sword almost stabbed Ye Chen's heart, his eyes suddenly opened!

The eyes burst out as if the essence of the divine awn!

At the same time, a punch!

This fist, like a meteor that cuts through the night sky, lights up the whole world!

The fierce and incomparable power is contained in this fist. The fist is like a dragon and sets off an endless storm. It seems that the whole mountain is going to be lifted in this boxing style!

Chu Jue, stupid

Totally stupid

His eyes trembled wildly, and there was a look of incomparable fear!

What's the matter with this punch!?

The power contained in it has frozen his spirit!

Is this the attack that heaven and earth can exert?

Simply, subverted his cognition and smashed his martial arts thinking!

He never dreamed that the evil spirit in the Yangzhen region, which he even looked scornful of, was not a waste at all

It's the monster

A monster that can shake countless people even if it is put in the heaven and man domain!

At the moment, Chu Jue wants to retreat, to escape, and to be as far away from ye Chen as possible!

But the fist is like a black hole with the most powerful gravity, completely locking it!

In the blink of an eye, ye Chen's fist collided with Chu Jue's sword!

With a roar, the thunder was surging, and the purple thunder light dissipated in an instant. Even the sword in Chu Jue's hand was flying out of his hand!

And his whole person is like the shell general, flies upside down!

The sound of the impact is constantly sounded, Chu Jue is one after another smashed dozens of buildings, just barely stop the body!

Even so, he was covered with blood, bones, muscles, I don't know how many broken, vitality decay, seriously injured to even stand, can not stand up!

At the moment, what kind of pride and domineering appearance does he have?

On his face, only fear and confusion remain!

GUI puLong was so frightened that he even forgot to breathe

This is from the heaven and man domain, just like a Thor, extremely powerful. In front of Ye Chen, he is like a newborn child, and is easily crushed?

Chapter 4738

He felt that his brain was about to burn

At this time, Chu Jue's pupils shrank, and his face became more and more pale. In front of him, there was a figure approaching!

A demon like figure!

Step by step, ye Chen walked to Chu Jue's body and looked down coldly at the childe of Tianren domain, who was just so powerful. He had a wicked smile on his mouth.

Feel superior to others?

Well, if I break my leg, can I still be higher?

He said coldly, "you just said, let my woman serve you?"

Chu Jue teeth chatter, want to move out of Chu house, threaten Ye Chen!

However, he suddenly remembered those rumors about ye Chen

It is said that ye Chen is a madman

No matter what background, no matter what strength, just with their own likes and dislikes to kill a madman!

That is to say, his status as the son of Chu family can not protect himself at all!

Cold sweat, crazy dripping, and even, Chu Jue is afraid to be incontinent!

He suddenly to Ye Chen, heavily a low head, hit the ground!

At the moment, he can only move the neck!

BAM, BAM, BAM

I saw that Chu Jue actually kowtowed to Ye Chen crazily!

While kowtowing, he almost cried: "Mr. Ye, I was wrong, I didn't mean that, I just I just want to force you to return to the Chu family with me. Please forgive me this time. I don't have any idea about your woman that I shouldn't have! "

Ye Chen looks at Chu Jue, and the murderer in his eyes keeps climbing. Chu Jue's body trembles more and more violently. He feels that the breath of death is becoming more and more intense!

But at this time, GUI puLong came to Ye Chen's side and shook his head: "Ye Chen, let him go Although I've suffered a lot these days, they haven't embarrassed Ling Yun and Miss Jin. "

GUI puLong didn't want Ye Chen to have a life and death feud with his family before he entered the heaven and man realm!

If he really killed Chu Jue, he would never die!

Ye Chen hears the speech and is silent for a moment, and the killing intention gradually dissipates.

As soon as he turned around, he said coldly, "get out of here. Don't appear in front of me again. What's more, if you go back to heaven and man's domain, you are not allowed to reveal half a word about me. Otherwise, one day, I Ye Chen will step down on the Chu family!"

When Chu Jue heard this, he nodded his head again and again: "thank you for your kindness. I swear with my heart that I will never retaliate against Mr. Ye and will not reveal any information about him!"

He is really scared by Ye Chen. In order to survive, he is unscrupulous!

As for revenge

To be honest, Chu Jue didn't even dare to take revenge

From heaven and man, he is very clear, those real demons, how terrible!

Revenge on these demons?

Risk, too big!

If in case of failure, in the future, these demons grow up, waiting for the family, is completely destroyed!

And in the realm of heaven and man, there are many such stories!

The evil spirits in the heaven and man domain are not comparable to other realms!

Although Ye Chen is not a man of heaven and man, in Chu Jue's opinion, he is even more terrifying than those demons!

There is no such gap between heaven and man!

Ye Chen smelled the speech and nodded.

Chu Jue's face was ecstatic. He took a pill tremblingly. With the strength of the medicine, he barely supported his seriously injured body. He got up and dragged Chu ye, who had passed out. Chu Zhi got on the boat, steered the boat, and left the GUI family

Although, now he should first heal, so as to ensure that there will be no sequelae, but

Chu Jue really didn't want to stay with Ye Chen any more, so he ran away with the fastest speed!

This battle naturally attracted everyone's attention. GUI Lingyun and Jin Shuhui had already arrived.

It's just that this level of fighting is far beyond the scope of their intervention

The two women look at each other, and the color of their beautiful eyes is helpless

During this period, they have been practicing hard

I'm quite satisfied with the improvement of my own strength!

However, compared with Ye Chen, the confidence they just mentioned was broken again

But, fortunately, they're looking at it now.

Ye Chen is a pervert, who compared with him, is pure looking for abuse!

Besides, ye Chen is so excellent. As ye Chen's women and friends, they are more proud!

.....

An hour later, ye Chen left the GUI family and went to the Red Star holy land.

Then, through the Red Star holy land transmission array, came to the holy city.

Soon, ye Chen entered the attic above the battlefield of blood heart. A very graceful figure of a woman appeared at the door. Xuanxuexin seemed to have been waiting here for a long time!

When she saw Ye Chen, there was a faint shock in her beautiful eyes. She could see that ye Chen's strength had been greatly improved compared with the last meeting!

As a saint of the demon family, she has a very high vision, but ye Chen's speed of promotion, even she felt a thrill!

However, soon, xuanxuexin left this matter behind, but on her pretty face, she showed a angry look and said, "Ye Chen! You're coming! You guy, do you know how much I paid to prepare this demon pool! It's ruined

With that, even the rich and powerful Xuanxue heart could not help but feel the pain in his face

It's a big loss for her this time!

Hearing this, ye Chen said with a smile of embarrassment: "this I will try my best to compensate... "

Xuanxuexin pouted and said, "hum, can you make up for it? Forget it, I can only blame myself for agreeing to you. However, under the current situation, it's not very good. I'll settle with you later. Now, come with me! "

Say, then take ye Chen, walk toward that chamber of secrets.

Ye Chen looks moved, two people quickly came to the demon pool before.

I saw, originally full of a side demon pool, at the moment, but has almost dried up

At the bottom of the pool is a black animal egg!

Even when ye Chen saw this scene, he couldn't help but smoke from the corners of his mouth

Before he was born, he exhausted the demon pool. What is the origin of the creatures in the chaotic animal eggs?

But, soon, ye Chen is a frown, he found that the smell of the animal eggs seems to be something wrong!

Xuanxuexin also said with a heavy complexion: "you should have found that the animal's eggs are not in good condition."

Ye Chen asked, "how can this happen?"

This animal egg has been stored in the animal God's tomb for many years without any problems?

Xuanxue said in a deep voice: "this animal egg was originally in a state of deep sleep. You can understand it as freezing!

For example, if you put food in an ice cave, it can be stored for a long time without deterioration. But what if you put it in a hot environment? "

Chapter 4739

"The power of the demon pool has completely awakened this animal egg and let it enter the hatching state!

However, what I didn't think of was that the energy of this demon pool was not enough to let the eggs hatch!

And half of the hatching, lost the energy support, on the contrary, led to the life in the animal eggs, began to be weak!

In the best case, it will fall into a deep sleep again, unable to hatch in a short time, but it may also become a dead egg directly! "

Ye Chen smell speech, complexion is also heavy rise, ask a way: "how should do now?"

Xuanxuexin's beautiful eyes twinkled and said: "the urgent task now is to let the animal eggs recover to a stable state. Do you know what is the main material of the demon pool?"

Ye Chen recalled the smell of the demon pool, his eyes lit up and said, "blood?"

"Not bad!"

Xuanxuexin nodded his head and said, "the demon pool is actually made of the blood essence of various powerful demons! I've tried some natural materials and earth treasures. The animal eggs can't be absorbed, but the blood of powerful creatures can!

So, the first step is to collect the blood of powerful creatures

Ye Chen's brain, a flash of light!

His mouth, raised a smile, the blood of powerful creatures?

His own blood is extremely strong!

At the next moment, his figure flashed, and he appeared in front of the animal's egg. Xuanxue heart saw it and said curiously, "Ye Chen, what are you going to do?"

Ye Chen said with a smile, "feed it!"

With that, he suddenly scratched his wrist, and the blood gushed out and slowly dropped onto the dark animal egg!

Xuanxue heart beautiful eyes flash, she can feel, although Ye Chen's blood seems some complex, but also is incomparably high!

Even now, she and ye Chen stay together, will feel a lot of pressure!

Maybe, ye Chen's blood is really effective!

Two people gaze at the blood on the animal's egg, on the surface, are emerging the color of expectation!

But, soon, they are slightly stunned

Looking at the blood on the animal's egg

The time of a stick of incense has passed. The animal egg has no intention of absorbing Ye Chen's blood?

Xuanxuexin disdained to say, "hum, I thought your blood was so powerful that it seemed that it was not enough to feed the animal's eggs!"

Ye Chen looks strange. I can't accept it!

Even if he did not mention his own mysterious blood, just the dragon blood, the blood of the heavenly demon, the blood of the mysterious demon, the blood of the devil had already gone against the heaven!

To tell you the truth, it's not a simple thing to find a stronger existence than ye Chen's blood!

Can, this animal egg unexpectedly picky food?

Don't absorb his blood?

This makes him, a little bit unable to accept

At this time, Shuo Lao's voice sounded in Ye Chen's mind: "boy, don't lose. The reason why the animal egg can't absorb your blood is not because your blood force is not strong, but probably because your blood force is too strong, especially the reincarnation blood, so the animal egg can't be absorbed!"

Ye Chen smell speech, face dew suddenly color, yes, want to absorb higher than their own blood, very difficult!

He was a little excited. He was higher than the existence of chaos in the animal eggs?

This, too bad!

Looking at Ye Chen's look, xuanxuexin is a little disappointed

Originally, want to hit Ye Chen, how this guy, but the more hit more happy appearance?

All of a sudden, ye Chen's expression moved, his wrist turned and took out a jade bottle.

This jade bottle is the jade bottle that he prepared when collecting the blood of red maniac!

His eyes, slightly flashing, although red crazy is not a monster, but its physical strength, is absolutely beyond doubt!

This blood essence should be helpful to the dark animal eggs!

The next moment, he opened the lid of the jade bottle without hesitation, and poured all the blood in the bottle, not a drop left, on the dark animal egg!

Ye Chen and xuanxuexin are both eyes flashing, staring at the blood on the animal egg. At the next moment, the black light of the animal egg flickers, and the blood on it instantly melts into the animal egg!

And the smell of the whole animal egg gradually strengthened, not as weak as just now!

Ye Chen looks happy, the red crazy blood, the effect is really extraordinary!

Xuanxue heart is also a little surprised, ye Chen out of this blood than many of the top monster blood effect is much better!

Ye Chen looked at Xuanxue heart and said: "now the state of this animal egg is recovered?"

Xuanxuexin gazed at the animal egg, then nodded his head and said, "for the time being, there is no danger."

Ye Chen smell speech, can't help but slightly relieved.

However, soon, xuanxuexin said again: "however, this is just a strategy to slow down the war. Sooner or later, the animal egg will enter a weak state." Ye Chen frowned: "that, how to do?"

Xuanxue heart gazed at Ye Chen and said, "Ye Chen, do you know where the demon blood in my demon pool comes from?"

When ye Chen heard the speech, he was also a little curious.

You know, building a demon pool requires the blood of countless powerful monsters. Even if you search all over the country, you may not be able to find so many high-level demon blood. Where did Xuanxue heart get it?

In the beautiful eyes of Xuanxue heart, a trace of reminiscence appeared and said: "among our holy heaven demon families, we hold a demon heaven ceremony every 300 years, and select the most outstanding talents among them to participate.

There are two conditions for you to participate in the ceremony. First, you should be no more than 300 years old. Second, you should have the blood of the demon! "

Ye Chen's expression moved: "that is to say, those demon blood is the blood heart fairy got in the demon heaven ceremony?"

Xuanxuexin nodded his head and said, "the place where the so-called demon heaven ceremony is held is actually a foreign world, which is a battlefield!

Once upon a time, in this battlefield, there was a battle between the two clans. Countless powerful demon clans were buried here forever

Because the death and injury were too heavy, the evil spirit was so strong that it could even erode the whole territory. Therefore, a group of great powers at that time joined hands to divide the battlefield into an alien world. And our ancestors of the holy heaven demon family just mastered the method of entering this alien world. Therefore, every 300 years when the seal of the alien world was most fragile, a demon heaven ceremony would be held among the saint heaven demon clan! Let the evil spirits of the clan enter the ancient battlefield and look for opportunities. "

Ye Chen smelled the color of surprise in his eyes, but he didn't expect to have such a secret.

Xuanxuexin looked dignified and said, "Ye Chen, if you want this animal egg to hatch successfully, it's your only chance to participate in the demon heaven ceremony!

Although the ancient battlefield was full of opportunities, it was also extremely dangerous. However, this is not the biggest problem you have to face... "

Ye Chen did not speak. Naturally, he knew that it was not so simple to want to participate in the once-in-a-hundred-year demon heaven ceremony.

Chapter 4740

Xuanxue said: "your luck is not bad. Seven days later, it will be the time for the demon ceremony. But now you are not qualified to participate in the ceremony! Although you joined the Red Star demon family, you are not a member of our holy demon family. You also know that the holy sky demon family has a very special status among the Xuan demon family, far from being comparable to the ordinary Xuan demon family!

If you want to join the divine demon clan, there is only one way, that is... "

Speaking of this, I don't know why, xuanxuexin's pretty face turned slightly red!

Ye Chen looked at the silent xuanxuexin, some puzzled asked: "blood heart fairy, how?"

Xuanxuexin looked at Ye Chen, and his breath suddenly became a little short. He seemed to have made up his mind and said, "foreigners, if you want to join the Holy Spirit clan, there is only one way, that is, intermarriage!

Therefore, you want to marry me, so that you can meet the most basic conditions for joining the Holy Spirit clan! "

"What?" This time, even ye Chen couldn't help but gape

However, he can also understand this condition, just as in the earth, some countries immigrate, one means is to marry the local residents!

Seeing ye Chen's surprised appearance, xuanxuexin's pretty face became even more red. She said in a hurry: "Ye Chen, don't misunderstand. Even if you get married, it's just nominal! I can help you fake marriage

Ye Chen said with a low smile, "I don't mind being famous and having real things."

"What do you say?"

Ye Chen did not answer, but stare at the beautiful eyes of Xuanxue heart and said: "blood heart fairy, why do you want to help me so?"

There is no good will for no reason, and what marriage means to girls, we can imagine that even if it is only a nominal marriage, it is enough to affect a woman's life!

Why did xuanxuexin help Ye Chen to participate in the demon ceremony even though he paid such a high price?

Xuanxue heart heard the words, and her face, which was slightly red, also recovered her calm. She said faintly: "it's not so much to help you as to help myself..."

She pointed to the empty demon pool and said, "first of all, now, I have no chance to enter the ancient battlefield. If I want to get enough demon blood to build the demon pool again, I can only help you to participate in the demon heaven ceremony.

Second, let's... "

Speaking of this, xuanxuexin's beautiful eyes are dim for a minute. Ye Chen looks at her unexpectedly. Unexpectedly, xuanxuexin, a seemingly casual woman, has such a sad side.

After half a column of incense, xuanxuexin said again: "at that time, I had a good friend who came with me into this ancient battlefield. In an accident, she died to save me, but until I left, I had no chance to take back her bones. This is my lifelong regret."

She gazed at Ye Chen and solemnly said: "if I help you to participate in this demon day ceremony, I hope you can find the remains of ice for me!"

Ye Chen's eyes flashed and nodded: "I promise you."

Xuanxuexin said with a smile: "well, the animal eggs will not be in danger for the time being. Now, you can go back home with me. Although the wedding is a fake marriage, it should be well prepared."

Then he walked out of the chamber.

Xuanxue heart's beautiful eyes, slightly flashing, in fact, she has a reason, did not say.

The best way to solve the trouble of arranging marriage for her once and for all is to get married!

But compared with the so-called talents who are arrogant and abnormal among the Holy Spirit clan, she is more fond of Ye Chen

Under the leadership of xuanxuexin, the two soon came to a barren mountain on the outskirts of Shengtian city.

Ye Chen asked, "what are we doing here?"

The so-called Holy Spirit clan, will not live in the barren mountains?

Xuan blood heart some mysterious smile way: "follow me, you will know."

They walked for another half an hour. Ye Chen's eyes flashed suddenly. He seemed to find something strange about his whole body. However, he couldn't say what it was.

Xuanxuexin looks at Ye Chen in shock. She knows that ye Chen is rebellious, but unexpectedly, she can vaguely perceive the special features of this place?

At this time, xuanxuexin's Footwork had some changes, which coincided with a certain rhythm of the road. At the same time, a small and delicate pearl appeared in her jade hand. With xuanxuexin's walking, the pearls bloomed with continuous brilliance, and the surrounding space seemed to be distorted!

Ye Chen's pupil shrinks and follows Xuanxue's heart forward. The scenery around him suddenly blurs out like a bubble shadow. The next moment, they appear in a strange place!

Ye Chen's eyes are wide open. At this moment, what appears in front of him is an incomparably luxurious and magnificent city!

In the huge city, countless towering pavilions are surrounded by colorful lights. Although it is night, it is as bright as day!

At the same time, an array with incomparable terror and endless ancient meaning is shrouded over the huge city. Even with Ye Chen's current strength, he feels palpitations in the face of this array! He was very sure that if he forced himself into this array, not to mention that he couldn't get in at all, he was afraid that he would turn into fly ash under the power of the array!

Xuanxuexin said with a smile: "Ye Chen, this is actually the real holy city! Let me in. "

All the way, ye Chen was dazzled!

Pedestrians on the road, one by one evil spirit is powerful to the point of horror, the concentration of the blood vessels of the sky demon in its body is far more than the ordinary Xuanyao people can match!

This day the demon clan, as expected, is unique!

Xuanxuexin also said: "even if you and I fake marriage, so that you can successfully join the saint heaven demon family, it is only through the first level of participating in the demon heaven ceremony. It is not easy to stand out in the holy sky demon family. The most important thing is blood!"

"Blood?"

Xuanxue heart said: "the genius who participates in the demon heaven ceremony needs to pass the blood test. Only when the blood vessel of the demon reaches a certain concentration, can he participate!"

Ye Chen hears speech, the vision flickers for a while, pour is did not care too much.

The blood vessels of the Xuanyao clan are actually imitations made by the ancestors of Xuanyao. After absorbing a whole blood pool in the holy land of Red Star demon clan, the concentration of the blood vessels has been greatly improved. What's more, there is a drop of real Xuan demon blood in his body!

Passing this blood test should not be a big problem.

Soon, ye Chen and Xuan Xuexin came to a mansion with incomparable style. On the plaque of the mansion, the two characters cangxuan were engraved in the book!

Xuanxuexin is the Cang Xuan clan who comes from the saint heaven demon family!

Xuanyao people are all surnamed Xuan, but there are also various branches among them.

In addition to the ten sacred sites, there are countless families within the saint heavenly demon family, and these families are distinguished by adding other characters before the Xuan family name!

Cangxuan clan is the ninth most famous clan among the saint heavenly demon clan!

Even if you want to join the family through marriage with the Holy Spirit clan, you can't do it with anyone. Only with Xuan Xuexin, an eminent person, can get married.

Standing outside the door, the two guards, seeing xuanxuexin coming, looked awe inspiring and saluted: "I've seen Miss seven!"

Xuanxuexin ranks seventh in cangxuan's family.

At the same time, they looked at Ye Chen behind xuanxuexin strangely.

Seven miss, has always been cold, almost not close to any heterosexual, with a man home is the first time.

Ye Chen's eyes twinkled. The strength of cangxuan's family was really extraordinary. Just a guard, they all existed in the original territory!

Walking into cangxuan's house, many people are pointing at Ye Chen all the way, that is, because of xuanxuexin's identity, they dare not talk loudly.

Ye Chen can't help but ask xuanxuexin: "where are we going now?"

Xuanxue heart light way: "to see my parents!"

"Ah?"

Ye Chen hears speech, can't help but smile bitterly, come up to see parents?

Even if it's fake, it's uncomfortable.
