

Physician 4751

Chapter 4751

Mr. Lei looked a little ugly when he heard the speech. He seemed to want to say something.

However, Mo Fei's eyes are against me

Lei laowen's face was awe inspiring. Even though he was against the heaven, he did not dare to disobey the son of God

Disobeying the son, to some extent, is equivalent to treason!

He sighed and fell silent.

Xuanjiuji smiles and looks at Ye Chen, who is still silent and stands still, and says, "Ye Chen, I'll give you a choice. If you quit this demon heaven ceremony, I will think that everything has not happened. I don't want to target you, but to protect the holy land of sages' rest and not to be defiled.

Within three breaths, tell me, are you going to take me three moves? "

For a moment, all people's eyes are focused on Ye Chen's body, and their eyes are constantly flashing. What kind of choice will the invincible man make in terms of blood strength?

Xuan Jiuji, however, seems to be extremely confident at the moment, as if he had already anticipated Ye Chen's answer.

The first breath

Ye Chen did not speak.

The second breath

Ye Chen still did not speak.

The third breath!

The hearts of the people were raised in an instant!

At this time, ye Chen moved!

To be precise, he shook his head

Ye Chen looked at Xuan Jiuji indifferently and said, "I don't want to accept your three moves."

Hearing Ye Chen's reply, a large audience, including Xuan qincang, is disappointed

After all, ye Chen is still afraid, and he is!

It's not what they want

Even xuanlei and other strong men shake their heads. Ye Chen's choice is rational, but they are not satisfied with

Xuan Jiuji is confident smile, ye Chen's reaction is completely in his expectation!

He said faintly: "your choice is very right, ye Chen, maybe you can have some achievements in the future."

With that, he turned to leave.

But at this time, ye Chen is again open a way: "wait."

Xuan Jiuji turned around, glanced at him and said, "what's the matter?"

Ye Chen looks at Xuan Jiuji and turns his wrist. A dark sword falls into his hands!

People see this, can't help but pupil shrink, ye Chen this is to do what?

Has not the son's offer been rejected?

Why take a sword?

Xuan Jiuji also frowned and his eyes returned to cold.

"What are you doing?" he said, without expression

Ye Chen slowly raised the long sword in his hand and pointed to Xuan Jiuji. Suddenly, a very strong sense of war broke out in his eyes and said, "take your three moves? You really look up to yourself. I don't want to take your three moves. If I can defeat you, why should I take you three moves?"

If you want to fight, fight! "

Crazy

Totally crazy!

At the moment, ye Chen is simply arrogant to break through the sky!

The reason why he refused xuanjiuji's condition was that he wanted to defeat xuanjiuji!

This is not provocation. What is it?

The level of xuanjiuji is not high, and it may be a layer of heaven, but its ability to fight beyond the level can be called terror. Once one person killed three people, and the three layers of heaven still exist! The real strength is unfathomable!

Is Ye Chen really afraid of death?

The domineering words almost shocked people to get out of their bodies!

In the audience, almost all the people of the Holy Spirit clan couldn't help but shout out a cheer!

What Xuanyao people appreciate most is that they are arrogant and dare to fight!

Such a warrior can be called a warrior!

"Ye Chen! Ye Chen! Ye Chen

Countless holy demon families are shouting Ye Chen's name!

Even old Lei and other people have a bright eye!

Xuan Jiuji listened to the people's cry, and his face was completely gloomy!

He stares at Ye Chen, his eyes are bloodshot, he is very angry and says with a smile: "ha ha, defeat me? You are more stupid than I thought

As soon as the voice fell, a strange evil spirit suddenly burst out from xuanjiuji's body. At the center of his eyebrows, the mark seemed to have come alive, flashing a strange blood light!

All the people present have the blood of the demon, but the moment of feeling this evil spirit still can't help showing the color of horror!

The sound of cheering stopped suddenly!

It seems that they are involved in a whirlpool of time!

Rolling evil spirit almost filled the whole world!

Dark blood heart beauty eyes can not help but emerge a touch of worry color!

At the moment, xuanjiuji looks like a demon coming again!

Don't say it's a fight. It's just this pressure that they can't bear!

At the moment, all people almost instinctively want to kneel down to xuanjiuji. The suppression on the blood is too strong!The face of Qin is full of joy!

He didn't expect that he underestimated Ye Chen's ability to die!

Originally, ye Chen could be safe as long as he gave up the demon heaven ceremony. He even took the initiative to challenge Xuan Jiuji and utter wild words?

Now, Xuan nine pole obviously moved really angry, ye Chen is dead!

Even Lei Lao and others, in their eyes, also appeared a touch of shock color, why the son of God in the saint heaven demon family incomparably noble?

One of the reasons is that he inherited that day's demon seal reporter, and he was born with a strong ruling power over Xuanyao people!

Any demon blood will be afraid of this mark, will be suppressed!

The son is the born king!

Xuanjiu looked down at Ye Chen coldly and said with a sarcastic smile: "now, do you still think you can defeat me?"

Ye Chen and Xuan Jiuji look at each other, facing the xuanjiuji at the moment, his answer is very simple!

The answer to xuanjiuji is a brilliant sword light!

The fierce sword light, the moment of the outbreak, people can't help but feel a chill in their hearts. Even the pressure from xuanjiuji seems to have weakened one point!

Even Xuan Jiuji saw that the light of the sword was a tiny pupil. His wrist turned over and a big sword shining with silver rays all over his body fell into his hand and hit the sword cut by Ye Chen!

With a loud bang, the laws of heaven and earth seem to be distorted under this blow!

A strong wind carrying the power of the law roared out. In the wind, a number of holy demon clans were screaming one after another. The wind pressure alone almost crushed their lungs!

It can be imagined that what a terrible power the two hands strike contains!

In a flash, the light converges, and the sword awn cut by Ye Chen is completely broken under xuanjiuji sword!

However, the sword power of xuanjiuji also dissipated after breaking the sword light of Ye Chen!

Xuanjiuji slightly frowned, the power of Ye Chen is greatly beyond his expectation!

He looked ahead, and there was a flash of surprise in his eyes

I saw, at this moment, in front of him is a Hongmeng starry sky, the dragon spirit is compelling, the evil spirit is awe inspiring, all over the body is wrapped with rolling silver flame and surging devil gas existence!

Chapter 4752

Ye Chen's eyes are as bright as electricity. Facing xuanjiuji, he doesn't have any intention to keep his hands. As soon as he comes up, he uses the power of Shuo Lao!

In its present state, it is not afraid to exist in the early stage of any return to reality! Even if Xuanjiuji can jump the level and fight!

And Xuan Jiuji's expression is to sink down, at the moment, his sky demon blood seems to be warning him!

Even he couldn't accept it. Even though ye Chen showed his incomparably powerful heavenly demon blood, he still had some contemptuous young people. He was not affected by his TIANYAO mark at all, on the contrary, he felt pressure!

How could that be possible!?

The reason why he did not change his attitude after ye Chen showed the supreme blood is that he has the mark of the demon!

As long as he has this mark, no matter how powerful the Xuanyao people are, he can be said to have the advantage!

Even if it is Lei Laona and other strong people, under the suppression of their own mark, I am afraid they can only play 70% of their strength, right?

But what about ye Chen?

He ignored his greatest dependence!

For a time, xuanjiuji's mood was a little chaotic!

Ye Chen said with a cold smile: "what? No more? Now, do you think I can't beat you? "

The sword is so-called "the most powerful sword" in my hand. The more fierce he is, the more difficult it will be

Even if he is dead, how can he calm down? Depending on my strength, I can still crush it! "

At the next moment, Xuan Jiuji's body shape flashed, and he instantly appeared behind Ye Chen. The silver sword in his hand chopped off Ye Chen at a very fast speed!

The silver sword light is shining. In a flash, it seems that a world with only sword meaning is interwoven in the sword light. Endless Kendo rules flow in it, and it is an extreme demon God that dominates this law!

Ye Chen's eyes flashed. Even if he was under the impact of the sword, his spirit could not help being cold!

What an overbearing sword!

He turned his head slightly, the red light in his eyes flashed, and urged tongtianming stele and the six source talismans to find the flaw in this sword!

However, to Ye Chen's surprise

No!

Not at all!

It has to be said that the qualification of xuanjiuji is also extremely frightening. It not only has a strong and abnormal blood of the heavenly demon, but also has a unique talent in martial arts!

The power of the law contained in this sword is almost completely integrated with the way of heaven, and there is no flaw in it!

It can be said that this is the perfect state that can be achieved by the early existence of Huanzhen state!

Face this person, ye Chen does not have any chance to take advantage of!

He took a deep breath and recalled the master's control of power and body!

A huge force rises from ye Chen's body like the rising sun and pours on the sword in his hand. The cold light of the sword breaks out again. Ye Chen suddenly spins his body. When the sword light of xuanjiuji almost touches himself, a sword comes out!

For a moment, the two rays of light occupied people's vision and almost completely submerged the whole holy city!

It's like two universes have collided!

Everyone was staring at this scene

Shaking

They were shocked by the power of the attack!

After all, as the son of God, he has extremely strong strength, which was expected by everyone

It is Ye Chen who transcends their thinking!!!!

People are dreaming. They can't imagine why a man in his twenties can possess such terrifying power!

Ye Chen's sword can't be resisted even if it is the existence of most of the three layers of heaven!

The power contained in it almost makes people faint!

Two rays of light, impact each other, and finally, with the continuous breaking of space, the two lights are vanishing at the same time!

Equal share!

Ye Chen and Xuan Jiuji, this fight is a split!

At the same time, above the square, the two figures are flying backward towards the rear!

There were several ferocious wounds on the two people's bodies, and the blood was flowing!

Xuan Jiuji took a look at a sword mark on his chest, but he laughed wildly. The sword wound, which looked extremely serious, recovered quickly!

His constitution is very strong, even far beyond the ordinary Saint demon clan!

However, when he saw Ye Chen, his smile was stiff!

Ye Chen was also pierced by a sword of xuanjiuji, but the blood hole on his shoulder was restored at an incredible speed, and even faster than that of xuanjiuji!

Originally, Lei Lao and others who have already made plans to save people are also stupid eyesHow could they not believe that it was a close battle!?

Xuan Jiuji's look is completely gloomy!

Why is this?

Should not, he directly crush Ye Chen?

He is born king, born supreme, but why face Ye Chen, everything is different?

For the first time in his life, Xuan Jiuji felt the pressure of fighting!

On the contrary, ye Chen's eyes are filled with excitement!

He is very clear that this kind of fight is the best chance to break through himself!

If you want to understand the Dharma from the holy master Xuan, Xuan Jiuji is a very suitable opponent!

Just with that sword, ye Chen's control of the body and strength has been improved!

Two people look at each other, and at the same time, a roar, sword meaning sword, surging one after another!

Their bodies flashed, and in an instant, they collided again in the air!

With a roar, there was another violent collision. The whole holy city shook up in the attack of the two people, and bursts of light fell from the sky. That was the power of the big array that enveloped the holy city!

Without the blessing of this power, I'm afraid that this place will be wiped out as void by the aftereffect of the two men's battle!

Ye Chen and Xuan Jiuji touch and divide!

He looked at Xuan Jiuji with a gloomy look and said with a smile: "son of God, don't you say that let me take you three moves? Now, I've done three moves. I don't seem to have anything to do with it. Can I pass your test? "

Hearing this, Xuan Jiuji's face was angry, and he yelled: "shut up!"

The next moment, a silver sword rainbow roared out again!

"Good come!"

Facing this sword, ye Chen is happy and fearless, holding up his sword to meet him!

The surging sword light is dissolved by Ye Chen again!

Xuan Jiuji saw that the speed of the sword was getting faster and faster. The silver dragon was flying in the sky above the square, carrying the infinite sword meaning, and killing and cutting toward Ye Chen!

Chapter 4753

During the battle, ye Chen gradually turns to be defensive, which makes Xuan Jiuji very surprised. He seems that the reason why Ye Chen changes his defensive position is that he can't hold on to the attack any more!

For a moment, xuanjiuji completely suppressed Ye Chen!

Several times, ye Chen was seriously injured. However, ye Chen could not be defeated!

People see, are emotional ups and downs, do not know whether ye Chen can reverse the situation?

Soon, half an hour passed!

Two people do not know how much blood spilled, the whole square ground turned to blood red!

Xuan Jiuji's heart also gradually became agitated. He fought with a boy in the three layers of heaven and earth for half an hour?

Besides, this man is much younger than he is!

To Xuan Jiuji, who has always been extremely proud, this is the biggest stain in life!

Can't drag on any more!

At the moment, old Shuo also said: "boy, my strength is about to reach the limit."

In fact, ye Chen needs to end the battle more quickly than Xuan Jiuji!

Can, why did ye Chen choose to defend?

The reason is simple!

If you want to hone your control of your body and strength, first of all, you should push yourself to the limit!

The reason why he chose to be defensive is that ye Chen should take the initiative to create an unfavorable condition so that he can make a breakthrough in the battle!

How can such a good opponent not squeeze his value?

Although the situation of Ye Chen is much more urgent than that of Xuan Jiuji, ye Chen is still calm at the moment!

The strength of the two people at the moment may be in between, but!

In the mood, ye Chen has already surpassed Xuan Jiuji!

It's not a great influence on the general mood of people!

However, the more powerful a warrior is, the more attention he attaches to mood!

Because, the real master duel, the victory or defeat is likely to be in between!

One shake, one inner fluctuation, may bring fatal flaw!

At the moment, xuanjiuji himself seems not to notice his impatience, but ye Chen feels it!

He gazed at Xuan Jiuji, who was constantly making swords. His eyes flashed slightly and said to himself, "almost..."

Today's Ye Chen is not in a good state. He has been on the defensive all the time. He has left countless scars on his body under the attack. The whole person seems to have turned into a bloody man. Even with Ye Chen's vitality, he can't bear it!

But, in its eye God awn is not weakened at all, as if more confident up!

At this time, a sharp sword light swept, ye Chen's sword was blocked, but it could not completely eliminate the sword light. The blood light flashed suddenly, and ye Chen's body was bombarded to the ground like a meteorite, and a big pit was smashed out of the square!

Xuanjiuji and xuanqin Cang can't help but look happy!

Finally!

This damned boy, can't hold on at last!

Xuanjiuji roared, the sky demon mark in the center of his eyebrows was generous, and his whole person was more and more weird, and his whole body was almost boiling with Demon power!

His eyes flashed the color of fury. He pushed the mark of the heavenly demon to the extreme. Even for xuanjiuji, it was a heavy burden!

Moreover, it is very slow to use it, and there is a risk of being dodged and escaped by the other party!

Therefore, xuanjiuji has been waiting for an opportunity!

Now, the time has come!

This is his strongest sword!

In the cave, ye Chen slowly stood up, facing the mysterious nine poles in the sky, which was brewing a terrible sword, and raised a smile at the corners of his mouth.

At the next moment, to everyone's surprise, ye Chen slowly closed his eyes?

All the people of the saint heaven demon family were surprised. Xuan Jiuji's sword against the heaven is coming!

Ye Chen closes his eyes at this time, what to do?

And Xuan Qin Cang is to smile, happy to smile!

In his opinion, ye Chen gave up resistance!

But at this time, ye Chen is moving, he slowly waved the sword in his hand, the action seems to be incomparably random!

However, I don't know why, this random and extreme action actually gave everyone a feeling of merging Ye Chen's whole heart and mind!

In fact, it is!

The reason why Ye Chen closed his eyes is to put all his attention on the control of his body!

For a moment, a mysterious and incomparable rhythm poured out from ye Chen's movements!

Countless Hongmeng breath, even Hongmeng big star sky contain it!

Around the square, some of the martial arts of average strength have not felt much, but those who are still in the middle of the real world, and even those who are gifted to see this scene, all hold their breath in an instant!

Xuan Qin Cang was more directly exclaimed: "impossible!"

Why do these strong men with great strength and talent react like this? There is a special state of being above the way of heaven! It is said that only the ultimate realms can do it.

In that state, the way of heaven is thoroughly refined and controlled. The warrior who enters this realm can even transcend the law and is no longer bound by it, but has the power to bind it!

Ye Chen is far from reaching this level, but

At this moment, Ye Chen's body is filled with an almost invisible rhythm. This strange rhythm turns into a rune from time to time, and penetrates into Ye Chen's body

Ordinary people don't know what this strange scene represents!

However, some well-informed existence is no longer familiar!

This is the trace of heaven melting!

Generally, only when you step into the middle and later stages of Huanzhen, and even the existence of the peak, will the traces appear on your body!

Although, the trace on Ye Chen's body is very thin, but it really exists!

How could that be possible?

Is there a trace of the path of practice on the existence of heaven and earth?

For them, this scene is more incredible than ye Chen's blood directly exploding the crystal ball!

Even xuanhanyu and Shuo Lao couldn't help exclaiming

Old Shuo secretly felt: "the holy master Xuan is really a genius with the body. I'm afraid that even if he soars to a higher world, it will be an amazing existence."

Xuanhanyu also said: "however, ye Chen's martial arts talent is a bit against the sky, which is dozens of times more terrifying than the reincarnation master of the previous life! Unexpectedly, he reached this realm through the inheritance of the sage Xuan, which laid an excellent foundation for his future! "

For those who have entered the ancient world, it is very possible that they could not have the mark of evil in the ancient world.

However, even so, none of these people are really favored by heaven!

There are two ways to do this.

First, Daoyin breaks through jiuchongtian!

In this way, even if you don't step into it, you can use the power of Tao Yin to completely control a certain way of heaven, so as to achieve the purpose of melting the heavenly way.

Chapter 4754

And the second is that in a certain way has been superior to the strong in the later stage of the true state, and get the chance of Epiphany!

Ye Chen's physical strength has completely exceeded the early stage of the return to reality!

In addition, under the inheritance of the holy master Xuan, the terrible power has been brought out!

This power is so powerful that it has gone beyond the limit of the law, and only then can it form a trail mark!

It can be said that if you want to have the mark of practicing Taoism in advance, ye Chen's rebellious constitution is indispensable to the inheritance of Shengxuan founder's against heaven!

And this mark is of great benefit to the foundation of the warrior!

The earlier you have the trail marks, the better the effect!

Today, ye Chen only exists in heaven and earth, and he already has the mark of refining the path. I'm afraid it's hard to find out a few in the universe. It can be said that he now has the mark of refining Tao and can completely absorb its effect!

In this way, when he really stepped into the real situation, the gap between him and ordinary martial arts can be described as a profound difference!

Seeing this scene, Xuan Jiuji's pupil shrinks wildly, and his face changes suddenly. If it is normal, he will not hesitate to run away and dodge. However, his sword with all his strength has reached a critical moment, and he can't stop it at all!

This is not luck, everything can be said to be in the control of Ye Chen!

Xuanjiuji's fierce eyes flashed, and he knew that there was no way out at the moment. He drank so much that his demon power ran faster. The mark of the demon in the center of his eyebrow was almost turned into a bloody sun!

The rolling evil spirit and the sword idea blend together. A towering sword dragon suddenly appears in the sky above the square, gives out a roar, and carries the power of annihilation and roars towards Ye Chen!

When people's eyes touched the sword, they felt a burst of pain on the spirit!

A scream was heard around the square. It was not because of the residual power of the sword light. The sword was extremely introverted and locked all the strength in the sword!

The reason why people feel such pain is that the sword light has become a law of its own, and even the spirits are affected by this law!

At the moment, people just feel as if they are in a world of swords!

Xuanxue's heart and beautiful eyes are constantly shaking. Although Ye Chen's body appears the mark of refining path, which can be regarded as a horror, it is still unknown whether it can resist such a terrible sword!

Just as the light of the sword fell like a meteorite and was about to completely submerge Ye Chen in the cave, ye Chen's sword was finally completely cut off!

The black blade touched the silver sword light!

At this moment, the whole world is like a freeze frame!

And under the gaze of the public, the silver sword light which seems to call itself the law is actually broken rapidly under the blade

The pupil of all people contracts instantaneously, the blood must flow backward for it!

A roar of earth shaking sound, a bright star river suddenly rises from the sky!

Under the impact of the Star River, the silver sword light has disappeared directly!?

What Kendo law, what heavenly demon charm, under the star river which can split heaven and earth into two, is nothing!

After chopping out a sword, Xuan Jiuji, who was pale and weak, looked at the cold starlight coming to him. A kind of unspeakable fear spread rapidly in his heart!

At this moment, Xuan Jiuji finally trembled!

That feeling, he has never felt since he was born, but he knows what it is

That is the fear of death!

For Xuan Jiuji, this seemingly gorgeous Star River is just like the sickle sword of the God of death, which is extremely frightening!

"No! I don't want to die

At last, there was a crack in xuanjiuji's heart. His face changed wildly and he screamed in terror. Several bright treasures flew out of his arms and surrounded him. Each of these treasures was extraordinary, and it was a treasure prepared for him by the holy heaven!

However, even in the aura of these treasures, Xuan Jiuji's expression was not calm at all. Even if he was covered with treasures, he could not feel safe before the starlight!

In a flash, the starlight will completely submerge the figure of xuanjiuji!

After three breaths, the starlight gradually subsided. All the people couldn't help swallowing their saliva and looking into the sky

The son of the Holy Spirit family, the supreme existence, how is it now?

I saw that there is a white browed old man, it is xuanlei!

At the moment, xuanlei is also full of shock, and in his hands is still holding a bruised, fainted teenager

That young man is xuanjiuji naturally!

Silence

Like the end of a black hole

Everyone's eyes are dark, the brain blood supply will be insufficient!

What do they see?

Xuan Jiuji, this amazing son of an era, so defeated?Ye Chen said he wanted to defeat Xuan Jiuji, but he didn't pretend. He really did it!!!

For a time, the blood of these holy demon clan was speeding up. In the field, the cry of shaking the heaven and earth was suddenly sounded!

The blood is surging!

All of them are full of blood because of Ye Chen's wonderful battle!

And Xuan Qin Cang is the complexion is difficult to see the extreme!

Originally, he thought that although Ye Chen's strength was beyond his expectation, the so-called invincible in the early stage of the real world was just exaggeration

But now it seems that this sentence is a fact!

I'm afraid no one can beat this damned boy under the real situation!

The most important thing is that ye Chen has been noticed by Saint Tianfu, and it is even more difficult to start with him!

And cangxuan family is crazy, happy crazy!

They have found a treasure!

Even, the emergence of Ye Chen may directly lead to the status of cangxuan family!

Xuanxue heart is not too happy at the moment, but more at ease.

She cares more about ye Chen's safety.

Ye Chen looked at Xuan Lei calmly and said, "master, now, can I participate in the demon heaven ceremony?"

Xuanlei nodded his head a little stupidly: "since Of course, boy. Are you interested in joining the holy mansion

A son of God who can defeat Huanzhen boundary in heaven and earth, has a strong ability to cross the level, and also has the trace of refining the path, as well as the extremely strong blood of the heavenly demon. He is only 20 years old

This is a living treasure!

But ye Chen shook his head and said, "master, now, I want to concentrate on the demon heaven ceremony."

Xuanlei smell speech some regret, but, do not force, he knows, ye Chen this kind of character, you force him will only backfire!

The examination of the demon ceremony ended with the defeat of shengzixuan Jiuji!

After today, ye Chen's name will completely shake the whole holy city!

Chapter 4755

.....

In the holy city, in a fortress like mansion, a hand-held feather fan has a pure and delicate face. The corners of her mouth always have a touch of smiling girl. Her beautiful eyes twinkle with a trace of interest.

She looked at the servant kneeling not far away and said, "so, is xuanjiuji really defeated? What's more, it was defeated by a young man in his twenties

The servant nodded respectfully and said, "yes, madam."

The girl's eyes became more and more bright and said, "it seems that this demon ceremony will not be boring..."

This fortress is the residence of Yuxuan family, and Yuxuan family is the second family in Shengtian city!

On the other side, in the center of the holy city, there are two young men sitting and playing chess. The older man, who looks nearly 30 years old, is dressed in white. He is elegant and indifferent. Every time he falls down, he looks calm and calm. He looks like a scholar of letters who has learned a lot.

The man sitting opposite him was a man in a black robe with a rebellious face and a murderous spirit in his eyebrows.

The young man in black, who was a few years younger, looked in his early twenties, and their looks were quite similar.

At the moment, the young man in black seems a little impatient. Obviously, he has no great interest in the chess game.

At this time, an old servant stepped into the room, saluted them and said, "young master, Xuan Jiuji is defeated."

"Oh?"

The white shirt man heard the speech, his eyes flashed, and put down the chess pieces.

The black robed youth, however, turned pale and said coldly, "hum, this waste has been defeated by a hybrid with human blood. It's really a shame to my holy demon family!

If he didn't have the mark of demon, it would be just like this. What son of God? In vain

The man in white shirt, however, shook his head at his younger brother and said, "Zilong, don't be careless. Although your talent is good, you are not calm enough. Since this person can defeat Xuan Jiuji at such an age and level, there must be something extraordinary."

With that, he picked up the pieces again, but his face was chilly. He said, "this demon ceremony is very important. Our Tianxuan family has prepared tens of thousands of years for this. This young man named Ye Chen may be the biggest variable in your trip. Don't be careless

If you have a chance, kill them, but don't try to force them to do so. Focus on big things. "

Xuanzilong heard the speech, and a bloody smile appeared on his face and said: "Xuan Jiuji, look at a friend, your revenge, I will take it for you!"

As soon as the voice fell, an extremely tyrannical pressure burst out of xuanzi dragon's body. The citizens in the whole holy city felt cold in their hearts for some reason!

However, the most frightening thing is not the power of the power, but at this moment, xuanzilong's body is flowing with mysterious rhythm of Taoism, turning into a red gold rune, flickering on its body surface, which contains some power beyond the shackles of the law!

This rune is the mark of trail!

The Xuan family is the first family of the holy city!

.....

In a quiet room of cangxuan's family, a young man with a cool look is practicing with his eyes closed. The breath of his whole body is constantly changing, and a strong evil spirit is escaping!

This young man, of course, is Ye Chen!

At this time, ye Chen suddenly opened his eyes, and his eyes burst out with an almost substantial divine awn. On his chest, a mark seemed to have come alive. It bloomed with red light and kept wriggling. It was the mark of the demon that day!

For a moment, the demon's mark was shining, and an extremely strong blood pressure suddenly covered the whole cangxuan family!

Xuanluyuan, who was sitting in the hall drinking tea, suddenly changed his face. The teacup in his hand was crushed by it!

There was a look of horror in his eyes!

I don't know why, at the moment, he felt an inexplicable horror, his body was almost out of his control, and his strength was not even able to play out!

What the hell is going on here?

Even xuanluyuan is like this, let alone others!

For a time, all the cangxuan family were frightened. Anyone who suddenly suffered from a sudden drop in strength and felt the indescribable pressure would not feel better!

Fortunately, the pressure soon dissipated

Xuanluyuan wiped the sweat on his forehead. His face was unbelievable and murmured: "is it..."

At the moment, in the quiet room, a touch of excitement appeared on Ye Chen's face and said: "I can't believe that I can really do it..."

Even Shuo Lao and Xuan Hanyu are shocked by it!

Now, it has been three days since Ye Chen and Xuan Jiuji first battle.

In the past three days, ye Chen didn't understand the inheritance of Shengxuan, instead, he began to study the seal of heavenly demon!

Now he has entered a small bottleneck in his understanding of the inheritance of the holy master Xuan. However, in a short period of time, it is impossible for him to improve greatly, but he will soon enter the ancient battlefield. Ye Chen still wants to improve his strength before entering the battlefield! Soon, he focused on the demon mark!

On that day, xuanjiuji used the TIANYAO seal to burst out a terrible pressure. Although it was not effective to Ye Chen, it was obvious that the TIANYAO seal actually had a very strong suppression force against Xuanyao people!

Xuanjiuji has the mark of heaven demon, ye Chen also has it!

Moreover, this day demon mark is likely to be directly planted by the sky demon in the chaos!

If he can master this method, then he will have the advantage in the face of Xuanyao people!

Therefore, in the past three days, ye Chen constantly recalled the fluctuation of the law and the operation of Demon power when Xuan Jiuji displayed the mark of the demon on that day

However, xuanhanyu and Shuo Lao did not hold much hope for this.

First, there is no inheritance!

Even with Ye Chen's talent, it's very difficult to learn this kind of secret arts just by looking at it once, let alone mastering it in three days! Of course, if it can be inherited, everything will be much simpler.

Second, although they all have the seal of the spirit of the sky, it is still a problem whether they can produce the same effect.

In short, the uncertainty is too big!

However, at present Ye Chen also does not have other too good promotion strength method.

Can ten thousand did not expect is, ye Chen actually succeeded!?

What's more, the effect is not bad. It can even be said that the effect is much more powerful than when xuanjiuji is used!

It's just a little weird!

Chapter 4756

However, on second thought, ye Chen's TIANYAO blood is more powerful than xuanjiuji, and there is more TIANYAO holy body. The most important thing is that he still has a trace of real Xuan demon blood in his body. It seems reasonable to produce such a suppression force!

Ye Chen stood up with satisfaction. As a result, he took part in the demon day ceremony and added a little confidence. Today is the day of the ceremony!

He moved, then left the door, the door stood a very beautiful woman, it is xuanxuexin!

Xuanxuexin looked at Ye Chen and said, "Ye Chen, just that pressure..."

This pressure is very similar to the one she burst out of xuanjiuji when ye Chen and xuanjiuji fight each other. She even thinks that it is xuanjiuji. However, xuanjiuji is deeply hit by the battle with Ye Chen, so it will not appear here now.

Ye Chen smiles and doesn't say anything. However, she has already guessed the source of the pressure with her intelligence of dark blood heart. She looks at the shock in Ye Chen's beautiful eyes, and there is also a trace of pride.

But soon, she is a look a Su, will give a jade Jane to Ye Chen.

Ye Chen asked, "is this?"

"This is the map of the ancient battlefield, which should be helpful to you. Moreover, I marked the place where the ice fell on the map."

Ye Chen's expression moved, and he put away the jade slips solemnly and said, "I will try my best to find her bones."

Xuanxuexin nodded, looked up at the sun and said, "it's almost time for us to go to the place where the demon ceremony was held, and it's also the entrance of the ancient battlefield."

Soon, ye Chen and Xuan Xuexin, Xuan Luyuan and others boarded a boat and galloped toward the distance.

The boat stopped in the middle of the valley.

Ye Chen and others, from the boat down, fell in the valley, the valley seems to be flat.

Under the leadership of xuanxuexin, people continue to walk out of the valley. After a stick of incense, they are suddenly enlightened and come to an open place.

Ye Chen looked at the people in front of him, and his eyes flashed!

There are as many as a dozen talented people to participate in this festival!

Xuan Jiuji is also in it!

Now, his injury has almost recovered, but his look is extremely gloomy. He stands in the corner without contacting anyone else. When ye Chen enters the valley, Xuan Jiuji's eyes flash obviously. However, without any action, he still stands in the same place quietly.

And the rest of the people, one by one breath is very powerful, obviously the strength is incomparably frightening!

At this time, a dragon car came down from the sky. On the bus, a girl with elegant appearance and beautiful face in a lavender skirt walked slowly down from the Dragon cart with a smile on her face. For a time, the eyes of the people in the valley were attracted by the beautiful girl!

Many people, are obsessed with the color, obviously, the girl is extremely adored!

But, strangely, no one came forward to say hello to the girl

Dare to say, no one is accurate!

Ye Chen is a little surprised, but there is no too much reaction. Although the girl's appearance is top-notch, she is still a little worse than her dark blood heart.

Suddenly, the girl's eyes turned towards the purple skirt, and then the girl's mouth was more beautiful.

When they looked at the girl's behavior, they could not help but feel a little stunned. Then, they looked unbelievable!

I saw that the girl was walking towards Ye Chen at the moment!

A gentle female voice rings out in Ye Chen's ear: "my wife, Xuan Lanyin of Yuxuan's family, has seen Mr. Ye."

Ye Chen eyebrow tip a pick, nodded.

At the same time, a faint look of surprise appeared in the fundus of her eyes. The xuanlanyin was not only extremely beautiful, but also extremely extraordinary in her accomplishments!

It's the same as xuanjiuji!

Even his age is no bigger than Xuanjiu. He is also more than 100 years old!

What's more, he heard xuanxuexin say that Yuxuan's family is the second family in holy city!

This greeting, ye Chen does not feel what, but other people do not think so!

Many young talents are flashing eyes, not only did not show any envious color to Ye Chen, but was schadenfreude!

There is a reason why they dare not get close to xuanlanyin!

At this time, there was a roar of tiger in the sky. There was a big tiger with black whole body and rolling fire. On the tiger, there was a young man with extremely rebellious face!

As soon as this young man appeared, everyone's looks could not help but be one of the awe inspiring!

Even if these are more than a proud of Tianjiao, they can not help but lower their heads!

Come on, is the saint day demon clan, the first genius of this generation, xuanzilong!

Even the moment Ye Chen saw xuanzilong, he couldn't help but shrink his pupils!

This man is over 200 years old, and his cultivation is even more terrifying! Far beyond xuanjiuji!A breath, surging to indescribable!

As soon as xuanzi dragon appeared, her eyes fell on Xuan Lanyin's body. She could not help but brighten her eyes, and her mouth also subconsciously brought up a smile!

Obviously, xuanzilong's idea of xuanlanyin is not simple!

However, soon, xuanzilong's smile was a little coagulation, and a frost rose on his handsome face!

Because, he found that the woman he liked actually stood very close to other men!

When people saw xuanzilong's look, they could not help but raise a funny smile.

Why don't they dare to get close to xuanlanyin?

Because of the existence of xuanzilong!

Xuan Zilong is extremely careful about women!

Ye Chen, the rising star who is in the limelight recently, I'm afraid it will be bad luck!

Xuanzi Dragon flew down and fell in front of xuanlanyin. He said with a smile, "Lanyin, long time no see."

Compared with xuanzilong's gentle attitude, xuanlanyin just nodded slightly coldly.

Seeing this, xuanzilong was embarrassed. He glanced at Ye Chen coldly and said to Xuan Lanyin again: "Lanyin, why are you standing here? My Tianxuan family has built an attic in this valley. Follow me to the attic to rest and wait for the start of the demon ceremony?"

With that, he pointed to the only attic not far away.

It's not any family that has the ability to build attic in the place where the demon ceremony is held!

People shake their heads when they see this. We have to say that xuanzi dragon's conditions are really excellent. Strength, background and talent are all top-level existence!

Let them have no desire to compete with xuanzilong.

However, Xuan Lanyin shook her head faintly and said, "no, Zilong childe, if you are OK, can you leave? I have something else to say to Mr. Ye. "

Chapter 4757

The whole valley was silent for a moment!

Everyone didn't expect that Xuan Lanyin would let Xuan Zilong leave for ye Chen

Even if the general man is treated like this by a beloved woman, I'm afraid he will become angry?

What's more, it's like xuanzilong. Tianjiao in Tianjiao is extremely confident!

This time, ye Chen is really miserable!

Sure enough, almost in an instant, xuanzilong's face turned black. His breath of terror was faintly flowing, and his eyes, like tigers, locked Ye Chen in an instant. His eyes were extremely fierce!

Ye Chen saw the appearance, slightly frowned, but, to everyone's surprise, ye Chen still kept a cool look even in the face of xuanzilong!

In their opinion, the pressure of a first day is enough to make ye Chen soft, shrink back, apologize and so on

But what about ye Chen?

Actually, he stood still and said nothing!

Everyone at the scene can't help shaking their heads. Ye Chen is too blind to see

At this time, leave xuanlanyin side, please xuanzilong is the best way!

Seeing ye Chen's attitude, Xuan Zilong was even more blinded. A sneer appeared on his face and said, "boy, are you ye Chen? Hehe, do you think that if you defeat a worthy son, you will be invincible? You can be arrogant and presumptuous to everyone? "

After hearing this, Xuan Jiuji's face sank, but he didn't say anything. Obviously, even he was afraid of xuanzilong!

Xuanzilong is not one of those old guys in the holy heaven mansion. He is extremely tyrannical, bloodthirsty, rebellious and demon like. Even if he has the status of a son of God, he really annoys him. I'm afraid that this guy will really go out of his way!

Even with the suppression of the sky demon mark, xuanjiuji doesn't think he has any chance to defeat xuanzilong!

The gap between each small realm is too big!

Even Xuan nine pole all endure, visible, Xuan purple dragon has how adverse day!

However, at this time, a man's voice of indifference is ringing in the valley.

I saw, ye Chen glanced at Xuan Zilong at random, and said, "it's your business that you want to bubble a woman. Don't pull me up, and don't use me to foil you."

When people heard this, their chin would fall to the ground

Ye Chen, is this swelling?

Not only did not and Xuan Zilong please, apology, but directly contradict?

What's more, tell xuanzilong not to pretend?

Do you really think of yourself as a God?

Xuanzilong is not a strong man of Xuanjiu level!

Xuanzilong heard the words, and the anger in his eyes almost ignited the air!

Originally, he looked down on this boy with human blood. Even after entering the ancient battlefield, he would solve Ye Chen directly!

And now, ye Chen is actually directly provoking him?

This makes xuanzilong's killing intention rise to the extreme in an instant!

A roar, a strong pressure, covered the whole valley, xuanzilong looks fierce, it seems to be directly to Ye Chen!

Xuanxue heart see, beautiful eyes a sink, is about to block in front of Ye Chen, but at this time, an old man's voice is in the valley above the ring: "OK, don't monkey."

This old man's voice is very plain, without any special place, just like the ordinary old man's whispering. But, strangely, when people hear this voice, they can't help but feel a sense of no disobedience!

And xuanzilong's prestige is also instant elimination invisible!

Xuanzilong frowned slightly. Although there was a look of unhappiness in his eyes, he did not dare to violate the old man's words and slowly took back his hand.

People looked up and looked at the sky. A tall and thin old man with white eyebrows fell down from the sky. Behind him was an old man with white eyebrows. It was xuanlei!

With the strength of xuanlei, they can only follow this person!

The old man fell into the valley and said, "I am the master of the holy heaven mansion. Xuansuming will preside over the demon heaven ceremony for you."

People are all in a state of mind when they hear the speech!

The look of incomparable expectation appeared in the eyes!

As long as you can survive from the ancient battlefield where the demon heaven ceremony was held, you can get great benefits!

Xuansuming's wrist turned, and a piece of animal bone appeared in his palm. It seemed that some kind of Rune was engraved on the animal bone. He said something in his mouth, and the light on the animal bone became more and more bright. Suddenly, an extremely strong spatial fluctuation covered the whole valley!

At the next moment, a large array covering the mountains suddenly emerged, and the place where the people were located was the center of the array!

Xuansuming took a deep breath. Even with his strength, he seemed to feel a bit of strain. His eyes were fixed on the animal bone in his hand. The animal bone suddenly flew up and joined the big array. A door of space was opened in front of everyone in an instant! Xuansuming said: "now, entering the door, the door of space is quite unstable. After you enter, you will be transported to different places in the battlefield! The opening time of the battlefield is uncertain. How long can you stay in it? Every demon day ceremony is different. When the battlefield is about to close, I will inform you! "

When they heard the speech, they all looked at each other, and a figure flew to the door of the space first. All of them fixed their eyes on it. They were astonished that it was xuanjiuji!

Xuan Jiuji's eyes showed a certain color, and the battle with Ye Chen made his heart crack. This time he attended the demon ceremony, besides looking for opportunities, the more important thing was to sharpen his heart and make up for the flaw in his heart!

Therefore, he did not hesitate to enter the door of space, in order to no longer retreat, fear!

And Xuan nine pole this move, a group of demons on the scene are also toward the door of the space, no one wants to let others take the lead!

Xuanzilong showed a cruel smile to Ye Chen and said: "boy, you are lucky. However, in this ancient battlefield, you will not have such good luck again. Ha ha, I advise you to find a hole in the ground. If you let me see you, I promise you will pay for what you said!"

With that, xuanzi dragon also entered the door of space.

Soon, only Ye Chen was left in the field and had not entered it.

"Ye Chen, be careful, although I hope you can find the remains of ice, but everything must be safety first!"

Ye Chen nodded and said with a smile, "I know."

After that, it was also a flash of body shape, which disappeared behind the door of space, which seemed to lead to endless darkness in the channel.

After a while, when ye Chen opened his eyes again, what appeared to him was a desolate and dead world, both the sky and the earth, immersed in the ashes.

In addition, there is a very strong evil spirit between heaven and earth!

This is the ancient battlefield!

Please remember to vote monthly after watching!]

Chapter 4758

Ye Chen twists his wrist and takes out the map that xuanxuexin gave him. He moves and runs on the earth, confirming the surrounding environment. Soon, ye Chen stops his steps, and a touch of shock appears in his eyes.

I saw a huge skeleton in front of him!

This skeleton only has the skull part, but this one skull is to let people look up!

It can be imagined what a terrible beast it was!

Generally speaking, this kind of animal bone can be called a treasure. However, ye Chen did not intend to put it away because he knew very well that the energy in the animal bone had been completely dissipated. Although the bone itself had certain value, ye Chen could not see it.

This skull in this piece of ancient battlefield, can be regarded as a landmark, through this skull, ye Chen is also to find out where he is.

Today, he is in the southeast corner of the ancient battlefield, a place called animal head ridge by the Holy Spirit clan!

Ye Chen slightly frowns, here is quite far away from the place where the ice falls!

It seems that his luck is not very good.

At the next moment, ye Chen's body moves and goes in a certain direction. This ancient battlefield will be closed at any time. He must seize every minute!

This time he entered the battlefield, he not only had to retrieve the remains of xuanbing ice, but also collected enough demon blood to hatch that chaotic animal egg!

Not long after ye Chen left, the huge skull suddenly turned and gushed a burst of black gas. A figure covered with black gas suddenly appeared. There were two white lights in the black air, which looked like a pair of eyes!

The two white lights swept to the direction of Ye Chen's departure. At the next moment, the black shadow moved, and it actually followed Ye Chen's tail. Its figure seemed real and illusory, constantly flashing in the space, as if in a flash, extremely fast!

.....

On the gray ground, a figure is running at full speed. If you look carefully, it is a man with a indifferent look. It is Ye Chen.

As he moved on, his eyes flashed and he looked around, only to feel that the evil spirit of this place was getting stronger and stronger.

Ye Chen murmured: "it seems that we have entered the main battle area..."

In fact, the ancient battlefield is divided into different areas, and the danger degree of each area is also different!

At the beginning of the battle, the three million head range is called the ancient mountain!

The peripheral area, as the name implies, is the periphery of the ancient battlefield. The number of monsters and Terrans who once died in the peripheral area is the least. Therefore, the peripheral area is also the safest place in the whole ancient battlefield. The existence of the general strength above half a step can protect itself in the peripheral area!

The range of 3 million to 5 million Li is called the main battle area. Here, it can be regarded as a dangerous area. The real environment exists in the early stage and may even encounter danger.

Five million miles to seven million miles. It's called the death zone!

It used to be the place where the two clans fought each other in ancient times. The evil spirit was so strong that even if it existed in the middle period of the real world, it was impossible to bear the danger!

Even if ye Chen is such a leapfrog genius, it is not easy to enter the death zone and want to survive!

After seven million miles, it is an unknown area, where no one has ever set foot in!

Of course, the more dangerous the area is, the greater the chance. The genius who can participate in the demon ceremony will at least enter the main battle area near the periphery!

If you don't have this courage, you don't have to come to the demon ceremony!

And ye Chen, now has entered the main battle area!

At this moment, ye Chen, who was running, suddenly stopped his pace and looked at the earth in front of him. Suddenly, a cold and strong evil spirit rushed out from the bottom of the ground. He saw a pale skeleton slowly emerging from the ground!

Ye Chen's pupils are shrinking. These skeletons look like a giant beast. There are scattered black and rotten flesh hanging on their bones. Their eyes are shining with pale blue light. They are full of unimaginable violent evil spirit. They are extremely frightening!

"Bone beast?"

Ye Chen's face sank. This bone beast was one of the dangers of the ancient battlefield!

At the same time, it is also an important source of demon blood essence!

What is a bone beast?

Bone beast is the ancient monster, which was infected by evil spirit after death. It has no sense but only kills!

Not all the corpses of monsters can be transformed into bone beasts. The first condition for them to become bone beasts is that they still have blood essence containing strong Demon power!

Therefore, after killing the bone beast, a certain amount of demon blood can be refined from its body!

But!

This bony beast is equally dangerous!

The warrior wants to capture the blood of the bone beast, and the bone beast is also eager to devour the flesh and blood of living creatures! Some bone beasts devour evil spirit all the year round, and their strength can even be restored to the peak state before they were alive!

Moreover, in front of Ye Chen, the bone beast is the most difficult herd!

Some bone animals have the habit of group action before they live, and they may form herds after death!

Dozens of tall bony beasts surrounded Ye Chen in the center in an instant. They looked like the remains of a giant wolf!

Ye Chen's eyes flashed and looked at the periphery of the wolves.

There, is a head of Unicorn, the skeleton of the wolf shaped beast with light golden light!

Every herd has a leader. The wolf shaped beast should be the leader of this herd!

At the next moment, ye Chen's body moved, and he was about to rush to the leading wolf. However, many bone beasts in front of him sent out a howl of wolf, and ran in front of the leader and rushed to Ye Chen!

Ye Chen snorted coldly, turned his wrist and held a long black sword. He gazed at the group of bone beasts, and felt a little dignified in his heart. The strength of these bone beasts is quite strong!

Moreover, although they have lost their senses, they were obviously very good at encirclement before their death, and they have formed instinct. The combination of dozens of skulls may pose a threat to themselves!

In the void, there are sharp claw awns, carrying boundless evil spirit. These claws are clearly from different bone beasts, but after they are caught, they are combined into one, forming a claw net that almost completely covers the sky, and is suppressed towards Ye Chen!

Ye Chen murmured, the transformation of soul and body, the body of celestial demon, and so on. The star soul was chopped and stirred out. The cold sword light immediately chopped the net of claws. His feet moved, and the six Mie real formula started to break through the void and flash through a number of bone beasts, and then he had to fight against the one horned wolf king!

Chapter 4759

However, to his surprise, the one horned wolf king was glittering with gold all over his body. He retreated back at a very fast speed and opened a distance with Ye Chen!

"Well?" Ye Chen frowned slightly, and a surprised color flashed in his eyes. Generally speaking, the bone beast not only has no intelligence, but also is infected by evil spirit. He is more bloodthirsty than other monsters. However, how can this bone beast seem to know how to retreat as if consciously?

At this time, the bones of the wolf again toward Ye Chen, at the same time, the distant one horned wolf king issued a roar, the golden light on the unicorn was in full swing, and a golden lightning flashed towards Ye Chen!

The one horned wolf king himself has the strength comparable to the existence of the three layers of the real world. With the wolves, even ye Chen feels a lot of pressure!

His eyes flickered slightly. At present, it seems that he can only solve the wolf pack first, and then do his best to deal with the one horned wolf king!

Otherwise, with the speed of the wolf king and the control of the wolves, even if ye Chen can step out of the void, it is very difficult to catch up with the wolf king.

At the next moment, ye Chen took a deep breath and transformed his soul into his body. At the same time, he concentrated his mind on the control of the physical body and exerted his internal strength to the greatest extent!

An extremely cold star river suddenly appears between heaven and earth. It cuts towards the golden thunder with a loud bang. The golden thunder disappears in an instant. Although the Star River is dim for a minute, it still cuts towards the wolf king!

However, after the resistance of the golden thunder, the speed of the sword light was one point slower, and the wolf king's body shape dodged the blow!

At the same time, the dozens of skulls of the wolf out of the claw awn has instantaneously submerged Ye Chen!

With a roar, blood splashed out, a group of bone wolves instinctively gave out a happy long howl, frantically fighting for the blood gushing out!

These blood for the bone beast to restore strength, even beyond the body has a very important role!

But at this time, a bone wolf who was absorbing blood suddenly exploded to smash!

The plain was quiet for a moment. A group of bone wolves, who were originally absorbing blood, blinked in their eyes and stopped moving one after another!

I saw that in the original position of the smashed bone wolf, a indifferent young man stood with a sword!

Its whole body is covered with countless wounds, but these wounds are rapidly recovering!

Ye Chen's evil smile appeared in the corner of his mouth, and his eyes were full of murders. The next moment, he threw himself into the wolves and fought wildly!

This group of bone wolves also completely do not know what death is, and ye Chen fight in the same place!

The one horned wolf king in the distance sends out a golden lightning from time to time, aggravating Ye Chen's injury!

After a short time of three incense sticks, ye Chen's body was scorched black and covered with blood. It looked quite miserable!

However, at the moment, the dozens of wolves were also smashed under Ye Chen's sword!

Ye Chen panted slightly, his eyes flashed a touch of excitement, his God's body and refining body together have been trapped in a bottleneck, and this life and death fight is the best way to break through the bottleneck!

As a matter of fact, if ye Chen's cards are all given out, they can easily sweep away the beasts. However, in this way, they can't help themselves to break through the bottleneck through experience. Secondly, in this ancient battlefield, there are many dangers. It's not a wise decision to play the cards so early!

That sharp wolf claw is constantly tearing Ye Chen's body, frightening thunder light, and frying Ye Chen's flesh and blood again and again. However, relying on the vitality against heaven, ye Chen at the moment seems to be an immortal victory, fighting madly!

Soon, the dozens of wolves were swept away by Ye Chen!

He spewed out a heavy breath, turned his head and looked at the golden wolf king in the distance. At the moment, his body was full of scars, and the blood flowing out dyed blood red to the hundred meters around his feet, just like the Shura coming out of the sea of blood. It was extremely terrifying!

In Ye Chen's eyes, his body flashed one after another, and rushed toward the wolf king. The wolf king seemed to want to escape, but without the control of the wolves, his speed was not enough to escape from ye Chen's hand!

In a twinkling of an eye, ye Chen appeared in front of the wolf king. With a long sword in his hand, the endless Star River surged towards the wolf king!

The wolf king roared, and his whole body was covered with golden lightning. At such a close distance, he had no chance to dodge the star soul chop. He could only resist it!

There is a huge noise, and there are cracks in the space!

It has to be said that the space intensity of this ancient battlefield is much higher than that of the holy city. Ye Chen's fight with the wolf king did not completely break the void!

The wolf king let out a wail, and his whole body suddenly flew back out. Cracks appeared on the golden skeleton!

Ye Chen murmured and swung his sword again. He didn't give the wolf king any chance to breathe!

Within the time of a stick of incense, the wolf king was attacked by Ye Chen, and his bones tended to be broken!

There was another earth shaking sound. The wolf king was crushed to the ground by Ye Chen's sword. He was dying and his leg bone was broken. It seemed that he had completely lost the ability to fight! It only needs the last strike, and it can be completely destroyed!

The cold light in Ye Chen's eyes grew stronger and stronger, and a victory smile appeared in the corner of his mouth. His spiritual power and medicinal power were running at full speed, and the extremely cold sword light burst out on the Sha sword!

But at this moment, a sudden change, a dark shadow from the wolf king's skeleton, issued a very sad ghost cry, and rushed towards Ye Chen!

At the moment, ye Chen seems to have concentrated all his strength on the evil sword, unable to respond at all!

Seeing, this black shadow is about to pounce on Ye Chen's body!

But, all of a sudden, the corner of the mouth of Ye Chen is to emerge a smile, light way: "wait so long, finally appeared."

The black shadow seemed to understand Ye Chen's words, and the white light in his eyes trembled for a moment, as if he wanted to stop his body, but it was too late!

The sword light on the evil sword dissipated in an instant. The sword was just an empty move. In fact, ye Chen had no intention to cut the sword out!

He seemed to have foreseen the appearance of the shadow!

In the ancient battlefield, in addition to the bone beast, another kind of evil spirit was born in the evil spirit. It was called the ghost demon!

But, after the death, it's the blood demon!

Compared with the bone beast which only depends on killing desire, the demon is more dangerous!

Bone beast is bloodthirsty and thirsty for flesh and blood. However, most of them fight head-on by instinct. However, the ghost demon is different from the bone beast and has certain wisdom!

And, after the demon stares at you, will not immediately start, but has been lurking around you, waiting for the opportunity to move!

Chapter 4760

In addition, the demon is good at concealment. Even with Ye Chen's powerful mind, he didn't find himself being watched by this demon at the beginning!

In addition, they have the ability to attach themselves to bone animals and manipulate them to a certain extent!

At the same time, once they are penetrated into the body by this demon, they will plunder the blood essence in your body. No matter how powerful the warrior or the demon clan, as long as they successfully invade the body, they will almost die!

Compared with the bone beast, this strange and incomparable demon is the real nightmare of the geniuses of the Holy Spirit clan in the ancient battlefield!

The ghost demon had already been staring at Ye Chen in the animal head ridge, and was salivating for his body full of flesh and blood. However, he didn't rush out and waited for the right time!

Until entering the main battle area, he manipulated the wolf king and launched an attack on Ye Chen!

Moreover, the battle between the wolves and ye Chen is just the preparation for his sneak attack at the most careless moment of Ye Chen!

However, what he didn't think of was that he thought he was calculating Ye Chen, but actually he had fallen into Ye Chen's calculation!

Although Ye Chen didn't find any trace of the demon at the beginning, he still felt a little strange. When he was attacked by the herds in the main battle area, he was alert!

Why?

Because, here is only the edge of the main battle area. It's not impossible to meet the wolf king of three levels in the real world here, but the probability is not very big!

Coupled with the strange feeling before, ye Chen thought that the wolves might be brought by the demon of the underworld!

The demon's escape speed is extremely fast, and it can control the bone beast. It is possible to lead the herds hundreds of thousands of miles away, even millions of miles away, to ambush here in advance!

However, ye Chen was not sure at that time!

The reason why we found the existence of this demon is that the wolf king dodged his attack!

The demon is a very unique existence, and his perception is extremely strong. After he feels the threat of Ye Chen to himself, he is very clear that if he wants to defeat Ye Chen, he must weaken it to the greatest extent and start when he is most careless!

If the wolf king and ye Chen fight directly, obviously, this result can not be achieved!

Therefore, he had to control the wolf king to retreat!

However, he did not expect that ye Chen had already become suspicious!

Just as he gradually layout, he thought he would lead Ye Chen into the trap, but actually fell into the control of Ye Chen!

The demon is waiting for ye Chen's general idea. Why isn't Ye Chen waiting for the general idea of the demon?

Although the demon is weird, it has a fatal weakness, that is, soul attack can cause great damage to it!

But when it lurks in the wolf king's body, ye Chen is not sure to use his soul skills to kill him, and with the speed of the ghost demon, once escaped, it will become a very difficult problem to deal with!

Therefore, he cooperated with the performance of the ghost demon, the purpose is to draw the snake out of the cave and kill it at one fell swoop!

At the moment, ye Chen's plan is successful!

All of a sudden, the transformation of soul and body was launched. Ye Chen's body power, which was extremely frightening and incomparable, was instantly transformed into a surging soul force. His eyes were staring at the shadow in front of him, and he murmured: "devouring the soul and connecting the sky!"

The extremely strong soul power, whistling out, turned into a towering god man. Holding an ancient sword, he locked the whole world and chopped it down against the black shadow!

The ghost demon seemed to be extremely afraid of the sudden giant, and sent out a miserable scream, and wanted to escape. However, how could he escape this soul attack when ye Chen had been prepared?

The next moment, the black shadow was cut by the ancient sword, and the scream turned into a black spirit

In the middle of the black gas, a drop of blood was kept in the center of the stone!

Ye Chen hands a wave, then will that crystal stone income in the palm, at the same time, a sword cut down, the wolf king completely end!

Ye Chen raised a sneer at the corner of his mouth and said, "play tricks with me? You can't

Although the demon has some wisdom, it still has a big gap with the living people!

And ye Chen has already experienced countless battles of life and death, want to defeat him in this psychological game?

Hehe, it's too far away!

Ye Chen took a look at the broken bones all over the ground and the crystal stones in his hands. A satisfied color appeared in his eyes.

The strength of this demon is not weak. The ancient Terrans are different from today's Terrans. Even ordinary warriors' physique is incomparable. The blood essence in this crystal is also useful to the chaotic animal eggs!

At the next moment, with a wave of his hand, he gathered the bones of the animals all over the place. At the same time, he bent his fingers and flicked them. A silver flame fell on the bones of the animals and burned up, refining them all!

Soon, the blood essence in the animal bones was completely extracted!

Looking at the fist size of a group of blood, ye Chen mouth corner of the smile more and more rich!

Don't underestimate this fist sized blood essence. In fact, with the crystal stone in his hand, it is enough to create a demon pool, and it is higher than the demon pool with xuanxuexin! However, ye Chen's eyes flashed slightly and murmured: "it seems that after recovering the remains, we still have to enter the death zone..."

Although, this war gains a lot, but if you want to hatch chaotic animal eggs, it is still far from enough!

If you want to collect enough demon blood essence during the opening of the ancient battlefield, you have to enter the death zone!

The stronger the blood vessels of bone beasts are, the higher the concentration of refined blood will be. However, most of the bone beasts in the death zone are high blood vessels!

Generally speaking, even if it is the same as the true environment, the blood essence content of bone beasts in the death zone will be far higher than that in the main battle area!

Of course, the risk of entering the death zone is also very great, because there are more dangerous animals in the area!

Even with Ye Chen's strength, it will be extremely dangerous to meet this class of bone beast!

After collecting the blood essence, ye Chen continued to set out, heading for the place where the ice fell.

Along the way, ye Chen also encountered several bone beast attacks, among them, there are some powerful bone beasts whose strength is comparable with him!

In the end, with the help of the strength of xuanchen, he still survived several times with the help of his strength!

One day later, ye Chen finally arrived at a position five million miles away from the edge of the ancient battlefield, which is also the junction of the main battle area and the death zone!

At the moment, he was standing in front of a huge cave, which seemed to be another world at the bottom. The extremely strong evil spirit filled it and turned into a rolling fog. In the fog, we could see that many strange plants were growing on the wall of the lower layer. These plants gave off a kind of light blue light, which dyed the fog in the cave with a layer of green light. The hole looks weird!

This crater is called Qingwu cave, which is the place where the ice fell in those years!
