

Physician 4811

Chapter 4811

Ye Chen looks at ye lu'er's smile, but does not have the slightest sense of relaxation. He gently arranges her hair which is disordered by the wind, and then takes her pulse.

Suddenly, ye Chen found that ye lu'er's situation is not optimistic!

The poisonous insects are running around her body.

Ye Chen's holy water of the netherworld can not purify this insect. It can only cooperate with the immortal Koi to relieve ye lu'er's pain and make her free from torture.

However, this method is only a temporary cure, not a root cause. If we delay, ye lu'er's blood will be eaten away sooner or later.

At that time, her spirit will be completely occupied and become a puppet of yuwenji.

"Damn it!"

Ye Chen bit his teeth, but felt extremely difficult, holding ye lu'er in his arms, his body shook and he fled into the world of the yellow spring map.

In the world of the yellow spring, Chen Qingrou is bound to the trunk of the Alsophila spinulosa tea tree by the rattan.

The vines, tightly bound, like the tentacles of the devil, outline her excellent figure.

However, ye Chen did not have any appreciation of the meaning, eyes full of hatred and hatred.

"Reincarnation Lord, you killed me!"

Chen Qingrou has already known Ye Chen's identity, and immediately gritted his teeth and just wanted to die, so as not to be insulted.

"Shut up!"

"Bite the soul, seal, break!"

Ye Chen snorted coldly, waved out his big hand, released the soul biting road seal, and beat Chen Qingrou hard.

"Ah

Chen Qingrou immediately sent out a scream, the soul suffered a huge torture, the whole body convulsed, as if the whole pair of soul, were to be swallowed up and annihilated.

"Brother ye, forget it."

Ye Luo'er stands on the ground, holding Ye Chen's hand, with a trace of sigh in his eyes.

Originally, she also hated Chen Qingrou very much. But now that she sees Chen Qingrou suffering, she has no pleasure in revenge. Instead, she feels empty.

After all, Chen Qingrou is just a supporting role. Yu Wenji, the real culprit, is still hidden behind his back and does not show up.

Even if you kill Chen Qingrou, it will not affect Yuwen Ji Fen Fen Fen.

"Alsophila, bury her in the ground. I don't want to see her again."

Ye Chen hugs ye Luo'er's shoulder and looks at Chen Qingrou coldly.

"Yes."

The roots of the *Alsophila spinulosa* tea tree twitch, dragging Chen Qingrou's body and burying her to the ground.

"Lord of reincarnation, my father will take revenge for me one day! The little Lord will avenge me! You're dead! "

Chen Qingrou gave out a shrill roar, her eyes full of hate, and finally was buried in the ground.

Ye Chen did not kill her, after all, she is Chen Cangsheng's daughter, leaving her a life, later how much is worth.

Now, Chen Qingrou is suppressed to the bottom of the netherworld, suffering from darkness, which is also Ye Chen's revenge.

Ye Luo'er gently grasps Ye Chen's hand, does not say any more.

"Xuanxianzi, if I try my best to burn my own blood essence and burn my blood at any cost, will it be possible to get rid of the ghost dragon's venom by using all means, such as the six ways of reincarnation, eight Bu Fu Tu Qi, Bagua Tiandan technique, Tianxian Koi copy, Huangquan holy water, Sanyuan taiyigong, Xinghun chop, and so on

Ye Luo'er such situation, also let Ye Chen worry.

However, Ye Chen vaguely feels that if he tries his best, it is possible to kill the black dragon and save Ye Luo'er.

However, there is a huge price to pay.

Therefore, he wanted to ask xuanhanyu's opinion.

"Never!"

Xuanhanyu heard Ye Chen's words, but he opposed it directly.

"The black dragon's poison is entangled with her blood. Once it is stripped off, she will die!"

"Is there any other way?"

Ye Chen frowned.

Xuanhanyu said: "either you kill yuwenji, as long as yuwenji's master dies, the black dragon's poison will disappear instantly."

Ye Chen grinned bitterly and said, "Yu Wen Ji has returned to heaven and human domain. In a short time, it is impossible to come again. I have no chance to fight with him."

Yuwenji's character is also very cautious. Knowing that ye Chen is the master of reincarnation, he immediately went back to prepare, but he did not dare to fight alone.

Xuanhanyu said: "or you can find jinglongquan. I heard that there is a kind of holy thing called jinglongquan, which flows down from the supreme heaven. It has an adverse effect on the dragon people. After using it, it can keep the blood of the dragon people pure and clear and free from any evil influence."

"Jinglongquan?"

Ye Chen frowns and pinches his fingers. He immediately catches a trace of jinglongquan.

"These sacred things were cut off by the higher authorities tens of thousands of years ago. Where can I look for them?"

Under the insight of heaven, ye Chen suddenly saw the legend of jinglongquan.

It turns out that this kind of sacred thing, in ancient times, was flowing down from the supreme world. At that time, the quenching material for casting Longyuan Tianjian was jinglongquan.

Later, the upper authorities found that jinglongquan leaked, so they cut off the source and stopped the jinglongquan from flowing to the lower boundary.

Now this kind of sacred thing, only the supreme world can have, the human world no longer exists.

If you can get jinglongquan, ye lu'er's ghost dragon will be saved.

After all, the source of jinglongquan is from the supreme world. The material is very pure. If you get it, you can dissolve all kinds of poisonous insects.

However, the net dragon spring has already been cut off, and ye Chen does not know where to look.

Xuanhanyu said: "as far as I know, there is a power called Wolong hall in Yangzhen region, which keeps a trace of jinglongquan. If you can find the location of Wolong hall, you may be able to get jinglongquan to solve the problems in front of you."

"Wolong palace?"

Ye Chen's heart beat, quickly pinches the finger deduction, faintly saw the outline of a hall, on this hall, even has a piece of Hongmeng star sky shadow!

"Wolong hall, this force is also related to the Wolong Sutra of tianwu!"

Ye Chen was shocked.

Tianwu Wolong Sutra, since the fall of Wuzu, there is no trace of tianwu Wolong Sutra in the world. Even the superior has never seen the shadow of tianwu Wolong Sutra.

But vaguely, ye Chen realizes that the Wolong hall is not only related to jinglongquan, but also has a trace of connection with tianwu Wolong Sutra. It is definitely a mysterious force!

Under Ye Chen's deduction, he vaguely sees the gate of Wolong hall, but he can't see through the specific location.

"Master xuanhanyu, where is the Wolong hall?"

Ye Chen asked.

Xuanhanyu shook his head and said, "I don't know, but I heard that they have been guarding a page of tianwu Wolong Sutra for generations. You have understood the magic power of Hongmeng and the great starry sky. According to the heaven, they should be able to play their positions."

"I can see the gate of Wolong hall, but I can't see the specific location. It's just a little bit short! damn! If I have the cultivation of heaven and earth, I can definitely see it clearly! "

Ye Chen bit his teeth, and the picture of the natural mechanism in front of him is just a little bit close to being able to see it all clearly.

However, this little bit of nature, always covered with fog, can not be dispersed.

In the final analysis, ye Chen's cultivation is not enough. If he can make further breakthroughs in strength and realm, everything can be seen clearly.

Chapter 4812

"You should do it as soon as possible, and never delay."

"If we discuss the matter of jinglongquan here, it will also touch the heaven and attract the attention of Wolong hall."

"Once they are alert and move the mountain gate, you will never get jinglongquan again in your life."

Xuan Hanyu warned Ye Chen in a deep voice.

The current situation is not optimistic.

Jinglongquan is the thing of the supreme being, and the chance of heaven involves too much. If she and ye Chen discuss it, they will be detected by the Wolong palace far away from the horizon, which is very dangerous.

Ye Chen wants to capture jinglongquan, he must find out the location of Wolong hall as soon as possible, and discuss with them in the past, so as to save ye lu'er.

Ye Chen understands the great starry sky of Hongmeng and has the Taoist heart of Wuzu. He has more or less the origin of Wolong hall. He would like to come to the other side and not die.

However, the premise is that ye Chen must break through as soon as possible and upgrade to the four levels of heaven and earth, so as to have enough strength to push the position of Wolong hall.

"How can I break through in a short time?"

Ye Chen's eyes sank. His martial arts background is very rich. If you want to break through, it is a thousand times more difficult than ordinary people.

At present, ye Chen's cultivation has reached the three levels of heaven and earth. Although it is only one step away from the four layers of heaven and earth, it is extremely difficult to break through one step. He needs vast Qi and resources. Even if he has achieved three yuan Tai Yi Gong in the ancient battlefield, he can't make a breakthrough.

"You can do it yourself. I can only help you get here."

Xuanhanyu sighed, and the sound disappeared.

Ye Chen's face was dignified, and countless thoughts passed in his heart.

Finally, ye Chen decided in his heart, bit his teeth and took out a piece of bone.

This section of bone is just one of the bones of the reincarnation master of the previous life!

This Duandao bone, ye Chen from the demon spirit palace hand recaptured, has not been fully refined fusion.

Because the Dao bone of the reincarnation master is too powerful to be borne by the body of heaven and earth.

If ye Chen is rashly refined, he is likely to suffer from reverse attack.

The killing of samsara's Tianwei is beyond the heaven, enough to blow out the world. If ye Chen is not careful, ye Chen will be buried under the pressure of samsara, which is very dangerous.

"This is the only way to break through."

Ye Chen clenched the bones of reincarnation and took a deep breath.

According to the plan, ye Chen placed ye lu'er in the yellow spring map to protect the Alsophila spinulosa tea tree.

The holy water of the yellow spring, together with the aura of the Alsophila spinulosa, is enough to temporarily suppress ye lu'er's ghost dragon, so that she will not be tortured.

Ye Chen, looking for a secluded mountain outside, began to practice.

To break through the cultivation, we need to understand the road. The atmosphere of the outside world is the most strong, which is naturally better than shrinking in the chart of the yellow spring.

"Soul body transformation, three yuan Tai Yi Gong, burning blood to decide Open it

"Reincarnation, Tianwei, Daogu recast!"

Ye chenshuang mastered the essence of reincarnation and began to refine it.

A huge samsara disk emerges from behind Ye Chen.

In the palm of Ye Chen, there is a pattern of reincarnation.

This silk reincarnation pattern is like a branch climbing up the samsara road bone. The whole bone is quickly wrapped with blood like veins, and gradually integrates with Ye Chen's Qi and blood.

Boom!

All of a sudden, ye Chen felt the majestic reincarnation of Tianwei, from that duandaogu upload.

His internal organs and meridians were impacted by Daogu Tianwei, and suddenly a violent vibration came out, and the pain was like being shattered.

"What a mighty pressure

Ye Chen bit his teeth. The spirit of the former reincarnation master is really strong. It is very difficult to absorb and refine it and cast it into the body.

"The heavenly demon holy body, the great wilderness sky thunder body, the supreme heavenly devil body, have been devoured by me!"

Ye Chen's sharp eyes, regardless of the impact of reincarnation, will be many of their own physique, all opened to the extreme.

Hum!

Suddenly, wisps of demon light, thunder light, magic light, burst out of Ye Chen's body, covering the entire reincarnation channel bone, and will this bone, forcibly devour!

Click!

This section of reincarnation road bone, into a wisp of divine light, escaped into Ye Chen's body.

All of a sudden, ye Chen's whole skeleton was like a bean, and it was like being recast. Every skeleton was surrounded by the breath of reincarnation, and every meridian was filled with six mysteries.

"It hurts..."

Ye Chen's forehead immediately permeated with perspiration, the sweat with black dirt, is the impurities in his body.

Severe pain, spread all over the body.

Ye Chen devoured the bones of the reincarnation Road, which directly remolded his body and recast all the bones, skin and veins of his whole body.

Like a Phoenix Nirvana!

The breath of samsara breaks out from ye Chen's body.

The six rays of light, converged into a rolling torrent, rose into the sky, vaguely, it has evolved into a vast heaven. In this kingdom of heaven, there are billions of trillions of creatures. Every living creature has the heart of good and evil. However, no one dares to make trouble.

Because, in this vast kingdom of heaven, the law of reincarnation is everywhere. There are gods three feet above the head. The Lord of reincarnation stands high in the sky, dominates the laws of heaven, rewards the good and punishes the evil.

This is the shadow of reincarnation in heaven!

Merging the Dao bone of the reincarnation master, ye Chen bathes in blood nirvana, and vaguely captures the law of reincarnation heaven!

This reincarnation kingdom is the first ranked Hongmeng Yuanshu. It is beyond the heaven and is very powerful. Even the reincarnation master of previous generations has not understood it.

However, ye Chen's talent and qualification in this life far surpass that of the previous life, and he has got a piece of bone in the past life. He has actually touched a threshold of reincarnation in heaven!

The reincarnation of heaven is much more powerful than the Utopia in the emperor's vision of heaven and the fate universe of xuanjiyue.

In the samsara Kingdom, everyone is competing. The whole world is full of vitality. All people control their own destiny and strive for a higher realm.

Under the shadow of the law of samsara, the competition of all people follows the laws and decrees of the great road. There is no fraud, no darkness, no killing. All the people are fighting for each other on the road, which is open and upright, magnificent and majestic.

This is the real world full of vitality. It is possible to transcend the heavens and achieve the supreme position!

The Utopia in emperor Shitian's fantasy was too small, and there was no struggle, which was no different from walking dead.

Xuanjiyue's destiny universe, the destiny order pressure is too big, the pressure is breathless, also difficult to break through and become stronger.

However, ye Chen's reincarnation in heaven, without these shortcomings, presents a solemn, vigorous and vast atmosphere.

Unfortunately, the reincarnation of heaven, only a moment, quickly disappeared.

Reincarnation in heaven is the highest art of hongmengyuan. If ye Chen could understand it, it would be enough to suppress xuanjiyue and Emperor Shitian.

However, with Ye Chen's current strength, it is obvious that ye Chen can not take charge of these miracles.

In order to establish the order of reincarnation, take charge of the laws and decrees of the world, reward the good and punish the evil, we need the strength close to against the heaven and have a large team to maintain the order.

For example, the reincarnation master in the previous life trained the six reincarnation demons to prepare for the establishment of reincarnation order.

And ye Chen of this life, more is fighting alone.

Chapter 4813

Boom!

In Ye Chen's body, a volcano like roar erupts, his muscles and bones are recast, Nirvana is reborn, and the whole person's golden light bursts out, just like the God of heaven.

Countless layers of emptiness are annihilated around Ye Chen.

The world is collapsing and destroying.

Heaven and earth four layers of heaven!

Ye Chen opens his eyes and finds that his cultivation has successfully broken through to the four layers of heaven and earth.

The energy of reincarnation Dao bone is very magnificent, almost all the muscles and bones of his body are recast and tempered once.

"The one in the previous life is gone."

Ye Chen is not very happy with his breakthrough in cultivation.

Because, he found that one of his own, in the impact of reincarnation, has collapsed and disappeared.

The three thousand worlds are in heaven and have been completely wiped out.

In addition to burning the sky before, ye Chen realized a new self-contained world, called the three thousand worlds. But now, all the three thousand worlds have been crushed.

Forcibly absorb reincarnation road bone, this is the price Ye Chen pays!

Lost a self-contained, ye Chen's foundation of qi movement, seriously damaged!

"Fortunately, my accomplishments have not been affected."

Ye Chen clenched his fist and felt full of strength without discomfort.

The loss of three thousand worlds in heaven only affects the foundation of qi movement, which is harmless to the cultivation of martial arts.

The influence of qi movement is very mysterious. It's hard to predict whether it's good or bad.

Ye Chen shook his head, also did not think too much, just want to grasp the things in front of him.

"Open your eyes to the devil's cave

Ye Chen must be a God. He directly opens the eye of the demon cave, peeps at the heaven's secrets, and searches for the location of Wolong hall.

Chuckle!

Ye Chen's eyes, a dark, magic light through the dense fog.

Finally, he saw the gate of Wolong hall again, and this time, there was no fog to block it.

Ye Chen clearly captured the location of Wolong hall!

"It turns out that it's near the Wild Magic sea area!"

Ye Chen eyes a bright, lock the position of Wolong hall, immediately tear the void, quickly rushed away.

After being promoted to four levels of heaven and earth, ye Chen's ability to calculate the natural mechanism was greatly improved. He was no longer confused, and he was accurately locked in.

"It turns out that the Wolong hall in the Yangzhen region is just a branch, and the branch is in the heaven and man region."

Ye Chen is constantly tearing the void. The closer he is to the Wolong palace, the more information he sees.

The original legend of the Wolong hall, the general hall in the heaven and man region, generation after generation guarding a page of Wolong scriptures.

That page of Wolong Sutra is full of seals. Before the seal is opened, no one can see the trace of tianwu Wolong Sutra.

The Lord of Wolong hall, named Wolong deity, is one of the twelve deities under the throne of the supreme goddess. When he came to the temple, he wanted to break the seal of Wolong Scripture by the means of the goddess.

Unfortunately, because of the limitation of the rules, the real body of the supreme goddess could not come, and the seal of the Sutra could not be broken.

If the seal can be broken, relying on the breath of that page of Scripture, we can trace back the mystery of heaven and deduce the complete version of tianwu Wolong Sutra. Where is it.

Once you find the complete version of tianwu Wolong Sutra, it is absolutely earth shaking.

After all, among the 33 Tianhong Mongolian dharmas, tianwu Wolong Sutra is the most mysterious one, which was practiced by Wuzu in the past. Although it ranks the last, it pays attention to accumulation and thin hair. Once accumulated and broken out, its power will not be inferior to that of the six samsara Dharma!

Moreover, the wuwolong Sutra is the key to understand the great starry sky, which naturally attracts countless people.

The headquarters of Wolong hall is located in the heaven and man area. For tens of thousands of years, I don't know how many people covet to spy, but no one dares to start.

Because, behind the Wolong hall, there is the figure of the supreme goddess, and no one dares to offend her.

"It seems that there will be a war sooner or later," he said

Ye Chen's eyes are slightly dignified. He confronts Yuwen Ji and saves ye luo'er. This kind of thing that cannot be done by eight poles is actually connected with the supreme goddess.

This mysterious cause and effect fate is really shocking.

Hiss!

The void is torn, and ye Chen first appears in the sea area of demons.

Lin's family was slaughtered, and the wild magic sword was taken away by Ye Chen. Now, the whole desolate magic sea area has lost its foundation of air transportation, collapsed everywhere, everywhere is the sea water like cliffs and waterfalls, everywhere are black holes, whirlpools, strong winds and tsunamis, and a picture of natural disasters at the end of the day.

Ye Chen's body flickers, skimming the sea area, but see the end of the sea area, is a vast fog, can not see anything.

Fortunately, ye Chen has locked the position of Wolong hall, and immediately flies forward to break through the dense fog.

Finally, ye Chen in the boundless fog, saw a continuous palace.

The palace community is simple and elegant. There is a plaque on the main hall with the words "Wolong Palace" printed on it. At the moment, the whole Wolong hall, decorated with lights, seems to be celebrating something.

Ye Chen's son congeals, come down, change appearance by the way, this trip is not so simple, so had better not let true appearance expose.

The disciple guarding the gate of the hall, seeing ye Chen's figure, was shocked and said, "who are you? How can you break into the territory of my Wolong hall?"

In the Yangzhen area, the location of Wolong hall is very secret, no one knows it, and no one can push the performance of heaven.

Therefore, the disciple was shocked when he saw an outsider coming.

"I am Huang Chen, I want to see the master of Wolong hall. I have something important to discuss. "

Ye Chen arched his hands, and others could not find out the location of Wolong hall. However, ye Chen understood the great starry sky of Hongmeng. With the causal existence of Wu Zu, he could naturally deduce the track of Wolong hall.

"You wait."

The disciple frowned and saw that ye Chen's accomplishments were only heaven and earth in the four layers of heaven and earth, which was not a strong one. However, since Ye Chen was able to find this place, he must have an amazing origin. He did not dare to be careless and went back to report it.

After a while, an old man in a blue robe came out of the Wolong hall.

This old man achieved four layers of heaven in his cultivation. His breath was very strong. His face was brave, but he didn't show aging.

"Li Qingyun, the master of Wolong hall, I don't know who you are. How can I find my Wolong hall?"

The old man called Li Qingyun also frowned and looked at Ye Chen.

The head of the headquarters of Wolong hall is the servant of the Empress Dowager. The one standing in front of Ye Chen is only the master of the branch of yangzhenyu.

"I've met the leader of Li hall in xiahuang dust. I have a matter to ask and I want to discuss with him."

Ye Chen bowed to Li Qingyun and secretly practiced the eight trigrams heavenly elixir. Using the leaves of *Alsophila spinulosa* as materials, he refined a batch of Tiancha pills, which were then combined with the holy water of huangquan as a gift to Li Qingyun.

"Tianchadan, the holy water of the yellow spring!"

When Li Qingyun saw such a great ceremony, he was shocked and secretly guessed Ye Chen's identity and said:

"master Huang Chen, how did you find me in the Wolong hall?"

Li Qingyun did not receive a gift from ye Chen, but asked again to find out the details.

After all, the location of Wolong hall is extremely hidden, such as a place out of the world. It is impossible for outsiders to find it, but ye Chen is here.

Chapter 4814

Li Qingyun suddenly feels alert. After all, the Wolong palace is related to tianwu Wolong Sutra.

During these years, Li Qingyun has been investigating the whereabouts of tianwu Wolong Sutra in Yangzhen region, and has collected a large number of clues. If these clues and information are taken away by outsiders, the consequences will be unimaginable.

Although Ye Chen's cultivation only has four layers of heaven and earth, Li Qingyun has no general idea and still has a thorough investigation.

"Lord Li, in fact, I have a deep relationship with you in the Wolong palace."

Ye Chen does not hide, the aura moves, releases the Hongmeng big star sky.

Boom!

All of a sudden, the world shook.

The majestic starry sky, supported and filled with all kinds of Hongmeng ancient atmosphere, dispelled the fog around Wolong hall, and the sky was one of the clear.

"This is Great stars! Have you ever seen tianwu Wolong Sutra

Li Qingyun was shocked. Only when he had seen the tianwu Wolong Sutra could he understand the starry sky.

The purpose of the Wolong palace is to find the tianwu Wolong Sutra. Seeing ye Chen support the sky, Li Qingyun is shocked. He thinks that the tianwu Wolong Sutra is in Ye Chen's hands.

Ye Chen said with a smile: "I have never seen tianwu Wolong Sutra, but I inherited a trace of Wuzu's cause and effect, so I can open up Hongmeng starry sky, and you Wolong hall is also homologous. We are all friends."

Ye Chen was very polite because he asked for help.

Jinglongquan is in the hands of Wolong hall, which is the key to save ye Luo'er. Ye Chen naturally dare not be careless.

Ye Chen has the Taoist heart of Wuzu, and Wolong palace has been pursuing the Wuzu Wolong Sutra for generations to revive the glory of Wuzu.

Therefore, ye Chen and Wolong hall have a long history, and can establish causal relationship.

"It turns out that child Huang Chen inherited the cause and effect of Wu Zu. He was so young that he made such achievements. It's really amazing."

Li Qingyun touched his beard, but his voice was sour and jealous.

After all, their Wolong palace has existed for so many years, and they have not found tianwu Wolong Scripture, let alone a trace of inheritance from Wuzu.

But ye Chen, who has the flavor of Wu Zu, is really enviable for opening up the big starry sky.

People are more than people. They are very angry.

"Master Li, I heard that there is a sacred object in your hall, called jinglongquan."

"I have a friend of the dragon people. His blood is polluted by poisonous insects and poison. He needs to be treated by jinglongquan. I wonder if Lord Li can give up a little? Thank you very much. "

"If the leader of Li hall is willing to cede, I am willing to offer the cultivation method of Hongmeng and big star sky."

Ye Chen's tone is sincere. In order to get jinglongquan and save ye lu'er, he will do anything.

Even ye Chen is willing to give up the cultivation method in exchange for jinglongquan.

We can imagine how important ye lu'er is in Ye Chen's hands.

He would rather take out the magic formula of Hongmeng big star sky, but also exchange it for jinglongquan!

Smell speech, Li Qingyun facial expression suddenly changes, step back, did not expect Ye Chen so generous and straightforward.

Although jinglongquan is precious, it is absolutely not as precious as the cultivation method of Hongmeng starry sky.

If you can train into a big starry sky, Wolong hall can take the starry sky as the foundation, push back tianwu, and trace the whereabouts of tianwu Wolong Sutra!

After all, the Wolong hall has been rooted for tens of thousands of years. I don't know how many investigations have been done and a large amount of information has been accumulated in the hands. As long as there is a suitable opportunity, all the performances can be successfully promoted.

And Hongmeng big star sky, is this perfect opportunity!

"Mr. Huang Chen is so generous. I promise you, Mr. Huang Chen, now you give me the cultivation method of Hongmeng big star sky, and I will give you jinglongquan immediately."

Li Qingyun smiles and says that if he can get the cultivation formula of Hongmeng big star sky, he is willing to hand over jinglongquan.

"I don't know where jinglongquan is. Please take it out and let me have a look first."

Ye Chen did not immediately hand over the formula, because this is the site of Wolong hall. Li Qingyun is a master of the four layers of heaven in the real world. There must be many strong men in the hall.

In case Ye Chen hands in the Dharma formula and the other party doesn't recognize the account, it will be troublesome.

"Jinglongquan is in the forbidden area of my hall. It's not convenient to extract it for a moment. Childe Huang Chen, you should first practice the Dharma formula for me. Within three days, I will definitely deliver jinglongquan to you."

Li Qingyun vowed to make a promise.

Ye Chen frowned tightly and said, "Master Li, I'll give you a general outline first. When you take out the jinglongquan, we'll trade again."

Between the words, ye Chen's aura condenses and condenses into a piece of jade slips. He prints his own understanding of the great starry sky and a general outline of cultivation on the jade slips.

"Hongmeng Avenue, the original secret, star opening, Weizhen Wanjie."

"Hongmeng is chaotic, primitive, primitive, boundless, and invisible."

"In the dark, starry sky."

"In an instant, establish eternity."

"The twilight of the gods holds up the eternity of Hongmeng." "The fall of the gods, their bones turned into stars."

.....

This general outline of cultivation is very mysterious, profound and magnificent.

Hongmeng big star sky, cultivate to the peak state, can suppress the superior, drag the supreme gods into the end of the evening, cast the bones of the gods into Hongmeng stars.

These secret methods, which are as powerful as the heaven, are also the few things that the superior people are extremely afraid of.

Although Ye Chen's Hongmeng starry sky is only a little bit of training, but he is very clear that once the cultivation reaches the peak, even the superior can suppress it!

When Li Qingyun got the jade slips, he scanned his mind and saw the general principles of cultivation inside. He was shocked and completely stunned, as if he had been struck by lightning.

This general outline of cultivation is so vast and grand that he feels the lofty feelings of Ye Chen.

That's the determination of even the supreme gods to bury!

Even the superior in the legend must be killed!

As soon as Li Qingyun got the general outline, he was shocked beyond measure.

After the shock, Li Qingyun's face became very ugly, thinking: "this big starry sky is so domineering. I'm afraid no one can practice it."

Ye Chen is a big star sky, which contains great courage, determination, and the heart of Wu Zu. Even the superior should be killed.

No one in the Wolong hall has such a determination. Even if they get a complete set of cultivation methods, no one can practice them.

Ye Chen saw Li Qingyun's face changed again and again, and asked, "Li Dian Zhu, how?"

Li Qingyun took up the jade slips and said with a smile, "master Huang Chen is bold and generous. Naturally, I can't be stingy in Wolong hall. Please come to gather in the palace. Within three days, I'll take jinglongquan to you."

"Ha ha..."

Ye Chen listened to Li Qingyun's words, but caught the murderer behind him. On the surface, he said quietly, "thank you very much."

Later, he followed Li Qingyun into the Wolong palace.

According to Ye Chen's current cultivation, as long as other people are in front of him, he can immediately catch danger no matter how deep it is hidden.

Chapter 4815

Now, ye Chen clearly feels that Li Qingyun has taken the opportunity to kill.

"This old guy, I don't think his talent is good. He can't practice my big star sky. He wants to kill me and swallow up the mystery of the starry sky."

Ye Chen's mind instantly calculated Li Qingyun's plan.

If you haven't seen all the 33 Tianhong Mongolian dharmas, you must have great courage and determination, and have the will to kill gods. Otherwise, you can't succeed.

But Li Qingyun, obviously does not have this kind of determination.

Therefore, even if ye Chen sent all the cultivation methods, no one could succeed in the whole Wolong hall.

Therefore, Li Qingyun directly moved to kill his heart.

I want to kill Ye Chen and devour the starry sky, so as to understand the mystery of Hongmeng.

Jinglongquan has not yet got the hand, ye Chen is naturally silent, directly step into the Wolong palace.

With Ye Chen's current cultivation, even if Li Qingyun is strong, he can't be killed.

Therefore, ye Chen has the courage to enter the Wolong palace.

Wolong hall everywhere, decorated, a lively scene.

"Lord Li, I don't know what festival it is today. It's so festive."

Ye Chen carries his hands behind him, pretending to be ignorant on the surface, as if he had not found Li Qingyun's ambition.

With a smile, Li Qingyun said, "I have an apprentice named Li Ruochen. Fortunately, he was favored by the clan branch and was ready to fly to heaven and man. Today is the celebration. It is the right time for master Huang Chen to come."

"I see. Congratulations to the leader of Li hall."

Ye Chen arched his hands and congratulated him that the Wolong hall was only a branch, and the branch was in the heaven and man domain.

Now that Li Qingyun's apprentice has the chance to fly to heaven and man, it's a great celebration.

With Ye Chen, Li Qingyun steps into the hall of Wolong hall, where a large number of banquets have been arranged. Senior elders and many disciples of Wolong hall are busy.

Ye Chen was the only foreign guest. As soon as he came in, he immediately attracted the attention of the whole audience.

"This child Huang Chen, a descendant of Wuzu, has a deep relationship with Wolong hall. Today, master Huang Chen also comes to congratulate us on his ascent to the banquet."

Li Qingyun, with a smile on his face, introduced him to the public.

All of them were surprised. Unexpectedly, ye Chen was a descendant of Wuzu, so he bowed his hands in a hurry.

Ye Chen bowed his hands and said, "I've met you."

"Mr. Huang Chen, please wait here, and the banquet will begin immediately."

Li Qingyun settled in Ye Chen and walked out of the hall with a wink at many high-level elders in the Wolong hall.

The elders were puzzled and walked out of the hall.

There are more than a dozen elders in Wolong hall, all of them are masters of real state.

"Temple master, what's the name of Huang Chen? Is he really a descendant of Wuzu?"

Out of the hall, an elder can't wait to ask.

With a cold smile, Li Qingyun said, "Wuzu has fallen for a long time. How could there be a descendant left behind? That boy is just lucky. He has inherited a trace of Wuzu's cause and effect from somewhere, and has become a great star sky."

"Great starry sky!"

"Has that boy seen tianwu Wolong Sutra?"

All the elders were shocked.

From ancient times to the present, only Wu Zu has practiced the magic power of Hongmeng and Da XingKong. No one else has successfully practiced it, because no one has ever seen the mystery of tianwu Wolong Sutra.

"No, the boy has never seen the Scriptures, but he inherited a trace of the cause and effect of Wu Zu. He was so lucky that he practiced it for him."

"This is the general training program of Hongmeng and big starry sky. Take a look."

Li Qingyun offered the jade slips that ye Chen gave him.

All the elders looked around and felt the majestic starry sky.

"The legendary starry sky is really magnificent and vast

"If these supernatural powers are forced to practice, they will not come to a good end, and they will be eaten back!"

"It's a pity that if one of us can practice the great starry sky, we will be able to deduce the whereabouts of tianwu Wolong Sutra on the basis of the starry sky!"

The elders are sorry again.

Li Qingyun gave a gloomy smile and said: "Hongmeng big starry sky is of great importance. Since we can't practice it, the only active killer is."

"Lord, do you want to..."

The elders felt a chill.

Li Qingyun said: "yes, swallow up the starry sky, today! If that boy dares to break into my Wolong hall, he is looking for death. If we kill him, we can devour the laws of Hongmeng starry sky, and then we can understand these peerless miracles! If we can finally find the tianwu Wolong Sutra, we can even offer sacrifices to the heavenly goddess and ask her to take us to the world of the superior! "

"The world of the superior!"

The elders took a breath and their hearts were pounding.

It's so tempting to fly to the top!

As long as they find the tianwu Wolong Sutra and make great contributions to the heaven, they will have a chance to get the favor of the emperor and the goddess of heaven, fly up to the supreme emperor and enjoy the immortal blessing forever."It's settled. You go back and stabilize the boy. Don't let him run away. I'll tell Ruo Chen to find an excuse to fight and then take the opportunity to kill."

Li Qingyun's eyes twinkled with cold light and made a decision soon.

"Yes

All the elders went back to the hall and pretended to chat with Ye Chen.

Ye Chen is in a clear mood and has already pushed all the dangers. He smiles and doesn't speak.

And Li Qingyun came to the depth of Wolong palace.

Here, there is a clear spring.

Above the spring, there is a piece of ice, and inside the ice, there is a dragon shadow.

A trace of cold air, from this cold dragon ice cone continuously emanates, condenses into water mist, dense for thousands of years, and finally turns into this clear spring.

Obviously, this cold dragon ice cone is the pure dragon spring that ye Chen has been pursuing. As long as it is melted into spring water and used by Ye Luo'er, the poisonous gas of the black dragon's poison can be eliminated.

At the moment, in the cold spring, a young man sits cross legged, surrounded by water mist, and evolves into a pattern of yin and Yang and eight trigrams.

This young man, unexpectedly, has mastered the taishangjidao, and his whole body is filled with the aura of Tianji Bagua. His cultivation has reached the second level of the true state.

"Ruochen, your Tianji Daofa is more and more profound."

Li Qingyun narrowed his eyes and began to smile.

This young man is his proud apprentice, Li Ruochen. At a young age, he has reached the second level of heaven in Huanzhen state. He has mastered Tianji Daofa and won the favor of the branch of Tianren domain. He is about to ascend and has a bright future.

Among the thirty-six ways of the supreme emperor, Tianji Taoism stresses the circulation of eight trigrams, which has the mystery of natural principles and is very mysterious.

"Master, is there someone else coming?"

"Waste dust?"

"This guy has become a star in the sky?"

Li Ruochen swept his body and came out of the cold spring, frowning.

As long as it is in the Wolong hall, he can deduce clearly what happened in the Wolong hall, and immediately know the arrival of Ye Chen.

Li Qingyun said: "that's right. It's very important for that boy to become a great star."

Chapter 4816

"Master, do you want to kill and devour the starry sky?"

Li Ruochen lowered his voice and felt that Li Qingyun's plan was too difficult for Hongmeng to practice in the starry sky. It's better to kill Ye Chen directly and devour the rules of the starry sky.

Li Qingyun said with a smile: "Ruochen, it depends on you this time. If I make a move, it is easy to arouse the boy's vigilance. In case he explodes in the starry sky, it will be troublesome."

Li Ruochen's eyes flashed and said, "master, please don't worry. I'll take advantage of the boy's unprepared to kill him directly without giving him any chance to blow himself up."

Li Qingyun laughed, nodded with satisfaction, and said, "very good, Ruochen, you are intelligent. You have swallowed up the starry sky, and your future achievements will be more limitless."

Li Ruochen also smiles and nods. Ye Chen's accomplishments are only four layers of heaven and earth, and his accomplishments are enough to reach the second level of the true state.

Under the absolute state gap, Li Ruochen is confident that he can kill Ye Chen.

At present, Li Qingyun and Li Ruochen returned to the hall.

Ye Chen sees these two masters and apprentices come back, smile in the heart but do not speak, already know all conspiracy.

Li Qingyun said with a smile: "child Huang Chen, I'd like to introduce to you that this is my apprentice, Li Ruochen."

Li Ruochen arched his hand and said: "when I met for the first time, please give me more advice. Mr. Huang Chen is so young that he has become a star in the sky. It's really amazing."

Ye Chen also smiles and bows his hand and says, "young master Li, you are laughing. How dare you compete with Mr. Li for glory?"

Li Ruochen's realm is the two layers of heaven, which is far beyond Ye Chen.

Ye Chen naturally did not expose the real combat effectiveness, just bow his hands and smile.

Li Ruochen said: "I heard that Hongmeng's big starry sky is enough to bury the superior. I want to have a discussion with Mr. Huang Chen and see the mystery of Hongmeng's starry sky. Please give me your advice."

Ye Chen thought to himself, "here we are at last!"

What kind of competition is just an excuse.

Once he started fighting, ye Chen could be sure that Li Ruochen would definitely die.

"I only have four levels of cultivation in heaven and earth. I'm not the enemy of Mr. Li. How dare I make a fool of myself?"

Ye Chen did not immediately agree, pretending to be modest.

Li Ruochen said: "let's just exchange views, so long as we can, childe Huang Chen doesn't have to worry. Besides, if you become a big star, I may not be able to hurt you."

Li Ruochen said that, in the hall, many elder disciples of Wolong hall all laughed.

In their eyes, Li Ruochen has won. If he wants to kill ye chenru, he will kill a pig or a dog. Even if Hongmeng's star sky is stronger, he will not be able to play a role in such an absurd gap.

Ye Chen a smile, way: "that good, also ask Li childe to instruct." Then he stood up and agreed to exchange views.

Li Qingyun and many elders looked at each other with ecstasy.

Li Ruochen was also excited and ecstatic in his heart, but on the surface, he made an invitation gesture and said, "please!"

As soon as the voice fell, Li Ruochen grabbed the void with his palm. The rules of space in the hall suddenly opened up, and an empty battlefield evolved in an instant.

Li Ruochen swept his body and jumped into the empty battlefield.

Ye Chen did not talk nonsense, swept into the empty battlefield.

Li Ruochen said: "master Huang Chen is a guest from afar. Please come first."

"You are welcome."

Ye Chen smiles and suddenly pulls out the evil sword and stabs it out with a sword.

This sword, ye Chen did not use all his strength, or even the three yuan Tai Yi Gong and the transformation of soul and body. He just offered a little dark source rune, a touch of dark sword light, and tentatively chopped Li Ruochen.

"The source of darkness, it turns out that Huang Chen has such treasures."

Li Ruochen a smile, see ye Chen brandish sword thorn, also pull out long sword lattice block.

Dang!

The two swords intersected and made a clear sound.

Ye Chen's body, directly shaken back more than ten steps, seems to be invincible, said with a smile: "the realm gap between me and Mr. Li is still too big."

Li Ruochen said with a smile: "it doesn't matter. As long as master Huang Chen releases the great starry sky, I may not be your enemy."

"In that case, I will offend you."

Once again, the sword was suddenly cut.

Li Ruochen's face suddenly changed. He only felt that ye Chen was like a changed person. He was still harmless to human beings and animals. In a blink of an eye, he became fierce and fierce.

Hiss!

The sword light is surging.

When ye Chen moved his sword, a vast sky of stars sprang up behind him, directly covering the entire empty battlefield. Countless huge stars were hanging, and the rolling stars were constantly exploding.

"Star soul chop!"

Ye Chen is so murderous that he cuts Li Ruochen's shoulder.

"What a strong sword spirit!"

Li Ruochen looks pale with horror. Ye Chen's sword is so terrible that he suffocates in an instant. His palms are shaking. It seems that his spirit and will have been crushed and he dare not have the slightest idea of resistance. This is not the strength of heaven and earth!

The master of Wolong hall, Li Qingyun, and many elders were shocked to see ye Chen's terrible sword Qi. Everyone stood up and felt numb.

"This boy, is it really the four layers of heaven and earth?"

"How can his breath be more powerful than Ruochen?"

"It's impossible. A heaven and earth state has four layers of heaven and earth, and the breath actually surpasses the ordinary reality."

People can't believe that ye Chen's strength is far beyond their imagination. This is definitely not the four layers of heaven and earth. In terms of real combat effectiveness, ye Chen even surpasses Li Ruochen!

You know, Li Ruochen is really a master of the second layer of heaven. Ye Chen can surpass him. You can imagine how terrible it is.

"The supreme heaven's way!"

At the critical moment, Li Ruochen burst into a drink, and behind him appeared a picture of eight trigrams totem, such as the heaven and earth Kanli, zhenduxungen and other star positions, constantly blooming the mysterious light of pure nature and the integration of heaven and earth.

"Broken!"

Li Ruochen waved his sword again, and the light of eight trigrams flickered. With a flick of a thousand catties, he swung the star soul of Ye Chen and chopped the sword Qi.

"It turns out to be the supreme law."

Ye Chen ha ha smile, Li Ruochen this one hand magic power, is too the heaven extremely way.

This kind of Taoist method is very mysterious.

After a while, ye Chen feels that Li Ruochen's sword not only opens his sword spirit, but also takes advantage of his strength to make his star soul cut and cut to his own body.

"Bagua Daofa, I can do it too!"

Ye Chen's eyes were cold. He used the eight trigrams Tiandan technique to stabilize his body movements. He instantly mobilized the breath of Alsophila spinulosa tea tree and refined hundreds of Tiancha pills, all of which were sacrificed together.

Boom!

All the tianchadan offerings immediately gathered into a powerful energy, poured into Ye Chen's long sword. A wisp of eight trigrams sword spirit mixed with the rolling stars, chopped Li Ruochen again.

Chapter 4817

Bagua heavenly elixir is not only alchemy, but also can be used for fighting. By sacrificing elixir, the eight trigrams sword Qi will explode instantly and kill the enemy.

In the face of Ye Chen's eight trigrams sword light, Li Ruochen's Tianji Daofa suddenly lost its effect. No matter he wanted to use his strength to fight, or he could not do anything about it.

Because, what he has to face is the mystery of gossip, and he doesn't know where the weakness is.

"Not good!"

Li Ruochen was shocked. In such a loss of mind, ye Chen's eight trigrams sword light killed him and cut his clothes, making a shallow wound and blood flowing.

"Yield."

Ye Chen stepped back, hung his sword and arched his hands. According to the principle of martial arts, he had won.

In this competition, ye Chen is simple and does not need any cards. Within two moves, he easily defeated Li Ruochen, showing his absolute and strong martial arts.

Ye Chen believes that Li Qingyun and others are not fools and should be aware of the strength he shows.

As long as Li Qingyun is willing to hand over jinglongquan obediently, ye Chen is willing to leave a little leeway and will not move and kill.

After all, the one who wants to save ye'er is chen'er!

Li Qingyun and many elders of Wolong hall looked at each other, and could not believe that Li Ruochen would lose so quickly.

You know, Li Ruochen is a genius of Wolong hall. He has even been favored by the clan branch and is ready to fly to heaven and man. But now, he is defeated by Ye Chen within a few rounds.

Ye Chen or calm appearance, obviously did not use all one's strength.

"I'm not defeated yet!"

Li Ruochen gritted his teeth and held the sword tightly, but he was not willing to admit defeat.

He is a master of the second layer of heaven. If he is defeated by this stranger named Huang Chen, the blow will be too great, and he will definitely become a martial evil, which will never be eradicated in his life.

"Tianwu dragon, a sword is really martial!"

Li Ruochen roared, and suddenly the golden light floated behind his back, and evolved into a peerless Heavenly Dragon. It was perched on his long sword, and the murderous spirit of martial arts erupted and killed Ye Chen's head.

This sword is the secret skill of pressing the bottom of the box in Wolong hall!

The Wolong palace has investigated the tianwu Wolong Sutra for tens of thousands of years. Although the whereabouts of the Scriptures have not been found, after tens of thousands of years of

accumulation, they still have a magic power called "tianwu dragon Teng method", which can be regarded as a little causal fur of tianwu Wolong Sutra.

This tianwu dragon rising method condenses aura and evolves into Tianlong. It has the atmosphere of true martial arts and is powerful and powerful.

"Mr. Li, it's not a good contest. How do you move the killer?"

Ye Chen sneers coldly. Li Ruochen cuts his head with this sword. He shows that he does not leave any leeway and wants to kill with one sword.

Under the influence of tianwu Longteng method, Li Ruochen's sword is brilliant, and even ye Chen's starry sky is reflected in golden.

"Boy, don't be wild, die for me!"

Li Ruochen's eyes are broken. He already knows that ye Chen is a hidden strength. The real combat effectiveness is definitely not the four layers of heaven and earth. This sword is mixed with towering anger, which is likely to tear Ye Chen into pieces.

"Hehe, Mr. Li, since you start the killer, don't blame me for being ruthless."

Ye Chen disdains a smile, palm waves out, the light of the Buddha rolls and explodes, and the whole Hongmeng starry sky booms and vibrates.

Click.

When the stars split, a thousand story pagoda fell from the sky and fell down on Li Ruochen.

It's just eight of them!

"What!"

Li Ruochen looks at the pagoda falling from the sky. He is shocked. He has no idea that Ye Chen still has this method.

This pagoda is brilliant, and the weather of the eight divisions is rolling and floating. I don't know how terrible it is. It seems that it can suppress all enemies in the world.

Boom.

When the huge pagoda was suppressed, Li Ruochen's sword spirit was suppressed in an instant.

The real martial spirit of the dragon on his sword also broke up in an instant.

Under the influence of Ye Chen's pagoda, there are dust and clouds, which are vulnerable to attack.

Bang!

In the end, the extremely heavy pagoda pressed on Li Ruochen.

Puff!

Li Ruochen vomited blood on the spot. The blood was even mixed with visceral fragments. The whole person was crushed to the ground and struggled desperately. However, under the suppression of the pagoda, he could not move at all.

"Master, help me!"

Li Ruochen panicked, completely flustered, looking at Li Qingyun, with begging and fear.

"If dust!"

Li Qingyun was shocked. He didn't expect Ye Chen to be so powerful. He was dazzled by a series of methods, such as Hongmeng starry sky, dark source talisman, eight trigrams sword spirit, futu pagoda and so on.

Li Qingyun's five fingers clasped together, he wanted to fight into the empty battlefield to save people.

However, ye Chen was quick and quick-sighted. He sacrificed the Wutu source talisman and created a pure land. He put Li Ruochen into the pure land world of the Wutu source talisman and sealed it completely. "Boy, what are you doing?"

Li Qingyun was furious, and his hands were full of murderous spirit. He patted Ye Chen.

Ye Chen is surrounded by Buddha Qi in his palm, and the eight heavenly dragons have a dense atmosphere. He easily blocks Li Qingyun's palm and retreats. He laughs and says, "Master Li, I'll give you two sticks of incense. If you take the clean dragon spring out, I'll release your apprentice."

With that, ye Chen withdrew from the empty battlefield, withdrew from the hall, and flew directly to the outside of Wolong hall.

Now it's time to see the poor, ye Chen naturally will not have mercy.

Li Ruochen is his hostage and chip.

Li Qingyun wants to save people unless he takes jinglongquan out.

Ye Chen only gives him two sticks of incense.

It is not ye Chen's original intention to make things this far.

He wanted to solve the problem peacefully and exchange various resources for jinglongquan.

But unfortunately, Wolong hall wants to kill people and devour the starry sky. He has no choice but to take Li Ruochen as a chip.

"You dare to threaten me!"

Li Qingyun looked at the figure of Ye Chen's far away, and was immediately furious.

"The Lord of the temple is not angry."

"That boy's strength is terrible. He can catch you so easily. If he really tears his face, I'm afraid we can't get any benefits."

"Master, please calm down."

The elders of the Wolong hall, one after another, exhorted.

Just now ye Chen lightly blocked Li Qingyun's palm, which shocked them completely and cut off the idea of using force again.

After all, Li Qingyun is a master of the four layers of heaven. He is so angry that ye Chen can take over easily. It can be imagined that ye Chen's martial arts background is so terrible.

"What kind of identity is that boy?"

Li Qingyun also calmed down, gnashing his teeth, did not expect Ye Chen to be so powerful.

His heart was full of jealousy at the same time.

If ye Chen is his apprentice, it will be perfect.

It's amazing that such a talented person can compete with the master of the real world.

Chapter 4818

"Lord, give him jinglongquan as soon as possible. Although jinglongquan is precious, it is not as precious as Ruochen's life."

The elder persuades him.

Ye Chen only gives them two incense sticks. Once the time limit is over, God knows what the consequences will be.

Li Qingyun bit his teeth and was not willing to fail. He said in a deep voice, "no, jinglongquan is such a holy thing. How can it be so simple to give it to someone else? Tell the clan that they will come at once and say that there is a strong enemy coming and they want to capture jinglongquan."

Today, it's time for Li Ruochen to fly into the human realm. The master of the clan branch of Wolong hall will come tonight and take people away.

But now, the situation is critical, and Li Qingyun can't wait for the night. We must call on the strong members of the clan to kill Ye Chen and rescue Li Ruochen. In this way, we don't have to hand over jinglongquan.

"This method is feasible. When the strong branch arrives, the boy will die!"

The elders looked at each other and felt that Li Qingyun's plan was feasible.

After all, the branch of Wolong hall is in the realm of heaven and man.

The strength of the experts in the heaven and man domain is not small, and they have great powers.

There is no doubt that ye Chen will die.

At that time, all the elders and Li Qingyun came to the altar of Wolong hall to offer sacrifices to heaven and man, and asked those with strong lineage to come immediately.

They want to kill Ye Chen and devour the starry sky. Naturally, they dare not expose this kind of activity. They only say that ye Chen is despicable and wants to murder the whole gate of Wolong hall and seize jinglongquan.

Boom!

As soon as the ceremony was over, the sky began to rumble.

"Here comes the strong man of heaven and man."

Ye Chen squints his eyes and looks at the sky, pushing everything in an instant.

However, ye Chen did not panic, because he felt that he was lucky and lucky. Now that the strong man in the heaven and man domain came, he could get jinglongquan more smoothly.

The sky split, more than a dozen figures, slowly came down.

Each of these dozens of figures is extremely powerful. All of them are masters of the real world, especially the leader. If he is in charge of the general situation, his whole body is hunting and hunting like an eternal king. He is suspended in the void, his eyes are sharp as electricity, piercing the sky. As soon as the air machine rotates, the law of the road turns, and the momentum is very majestic.

"The Lord Wolong is coming. The boy is dead!"

"I didn't expect the Wolong God to come in person."

Inside the Wolong hall, Li Qingyun and the old men were surprised to see the figures falling from the sky.

Those people are the strong branch of Wolong hall!

The one who takes the lead is the legendary Wolong deity, one of the twelve deities, the servant under the throne of the Empress Dowager in the past, and has a sealed page of tianwu Wolong Sutra in his hand!

However, Li Qingyun and others did not expect that the Wolong deity would come to heaven and man in person this time. This is really great luck.

You should know that the strength of Wolong deity is comparable to that of the Lord of fate and the Lord of heart demons. If he does, ye Chen may not be able to match it.

Li Qingyun and others are extremely excited to go outside the hall. In their eyes, ye Chen is already a corpse.

"Boy, Wolong God is here. You can't run away today!"

Some elders sneer directly and think ye Chen is dead.

Ye Chen narrowed his eyes, but did not speak. He looked at the figure like an eternal king, and as expected, he caught the cause and effect of the supreme goddess.

There is no doubt that the man is the Wolong deity among the twelve deities.

"What's going on?"

The God of Wolong is extremely majestic, and many powerful clans of Wolong palace have fallen down.

Li Qingyun quickly stepped forward and arched his hands and said, "Lord God, there's a boy who doesn't know how to live or die. He tried to make trouble in our Wolong hall and snatch jinglongquan. Even Ruochen was taken away by him. Please do come out for us!"

All the elders also said in unison: "please Lord God, stop the traitors and kill this son!"

"Hongmeng big star sky..."

Wolong deity's eyes narrowed slightly and looked at Ye Chen. His sharp eyes were like swords, which seemed to penetrate Ye Chen in an instant.

Ye Chen's talent, physical body, the strong foundation, let Wolong God, also feel a burst of surprise.

Ye Chen's qualification is much more powerful than Li Ruochen.

If Li Ruochen is a genius like stars, ye Chen is the most dazzling Tianjiao like the sun. The two are not the same level.

What's more surprising is that the Wolong deity captures a familiar breath.

A breath of samsara.

Ye Chen is at ease, standing in the same place.

With a smile, Wolong God looked at Li Qingyun and said, "do you know who he is?"

Li Qingyun was stunned and vaguely felt something was wrong. He said, "this This boy, who claims to be a descendant of Wuzu, is vicious, greedy and shameless, and deserves to die. He asked the LORD God to kill him. "

Wolong God Reverend coldly: "enough! What's the point of your slander? Don't ruin the reputation of tiannu, he is the reincarnation masterAs soon as Wolong deity opened his mouth, he directly broke Ye Chen's identity.

Ye Chen is a figure highly valued by the Empress Dowager. Naturally, Wolong God Zun can feel the breath of reincarnation and understand Ye Chen's truth at a glance.

"What, this boy is the Lord of reincarnation? It's impossible! "

Li Qingyun's face was shocked, and the elders of Wolong hall were also scared to turn pale. They couldn't believe it.

The Lord of reincarnation is a person named by the goddess of heaven to cultivate. If they want to kill Ye Chen, they disobey the will of the goddess. This is a great sin.

"If you want to murder the reincarnation Lord and devour the starry sky, you are shameless, but you frame others. What's the use of me to keep you?"

The eyes of Wolong God are murderous, and the real martial atmosphere of tianwuteng dragon appears behind, and the killer will be moved.

As an expert like him, there is almost nothing in the world that can hide him.

It is impossible for Li Qingyun and others to slander Ye Chen. With a little calculation, Wolong deity can see the truth behind him and will not be deceived at all.

"Lord God, spare your life!"

Li Qingyun and others were completely flustered. They knelt down on the ground and kowtowed to Ye Chen. They slapped their ears and said, "master of reincarnation, spare your life! It's my fault that I don't know gold inlaid jade. Please don't argue with us because you have a lot of them

"Well, as long as you hand over jinglongquan, I won't blame you."

Ye Chen waved his hand and looked at Wolong God Zun. At a glance, he saw that the murderous appearance of Wolong God Zun was actually intended for ye Chen.

The real purpose of Wolong deity is not to kill Li Qingyun, but to frighten him. After all, to find the tianwu Wolong Sutra depends on Li Qingyun's investigation.

Such murderous, actually give ye Chen a face.

Ye Chen was naturally amused. When he saw that he was happy, he gave up Wu Tu Yuan Fu and released Li Ruochen.

"You Are you the Lord of reincarnation? "

Li Ruochen has heard everything. Looking at the figure of Ye Chen Wei'an, he is suddenly ashamed of himself. His talent and cultivation that he is proud of is just a joke in front of Ye Chen!

Chapter 4819

"Thank you very much, Lord of samsara

Li Qingyun was extremely grateful. With a move of his hand and a cold dragon ice cone, he flew out from the depths of Wolong palace. It was the frozen jinglongquan.

"Reincarnation Lord, this is jinglongquan, please accept it with a smile."

Li Qingyun is extremely respectful and presents the jinglongquan to Ye Chen.

"Jinglongquan, luo'er is saved!"

Ye Chen's heart is hot, is about to accept, Wolong God but a wave, way: "this little spring, you keep your own use."

He looked at Ye Chen, and with a smile, he offered a jade pot and said, "Lord of reincarnation, I have a large amount of Jinglong spring water here. In those years, the pure dragon spring was cut off. The Empress Dowager left me many ahead of time. He said that if he saw you in the future, he would give it to you as a gift."

"This jinglongquan is also a good material for watering the wild magic sword, and can cultivate the growth of the wild magic sword."

Ye Chen's face changed slightly. Taking the jade pot, he suddenly felt that it was very heavy. It seemed that there was a star river in it.

As soon as the divine consciousness glanced, ye Chen found that the jinglongquan in the jade pot was vast and endless, not to mention the purification of the demonic dragon's poison. Even if it was used to wash the land of thousands of miles and submerge one side of the world, it was enough!

"There are so many!"

Ye Chen is shocked. He just wanted to collect a trace of spring water to treat ye luo'er, but now he has got a huge amount of stars.

The Lord Wolong said with a smile: "this is left by the supreme goddess. The heavenly daughter is in the layout. I hope you can grow up as soon as possible. If you take it to irrigate the wild magic sword, it will be of great benefit."

Ye Chen's eyes sink, and the jinglongquan can also irrigate the wild magic sword, which is worthy of being a sacred thing from the supreme world.

However, the goddess of heaven knows the things about the wild magic sword. It seems that she is indeed a very terrible person. It seems that everything in the world has insight into her heart and is the Supreme God with omniscient knowledge and omnipotence.

Thank you very much

Ye Chen thanks, although finally got the net dragon spring, but ye Chen heart, but a little dignified.

After all, this jinglongquan is part of the layout of the Empress Dowager.

The master of reincarnation in the previous life is in the layout, and so is the goddess of heaven.

But now ye Chen, the cultivation realm is not enough, obviously does not have the ability to break the game.

At least for now, he needs jinglongquan, and can't give up.

The Lord Wolong laughed and said, "don't thank me. I'm just raising pigs for tiannv. We are enemies, not friends. Sooner or later, you will be killed by tiannu."

Ye Chen ha ha smile, way: "no matter how, this net dragon spring, still solved my urgent need, this thanks, still want to say."

Lord Wolong said: "whatever you want. In addition, I would like to remind you that you have offended the hell Dragon God family. Now yuwenji and the God of human beings are working hard to integrate many of the dark dragon forces in the heaven and man realm and prepare to deal with you. You should be careful."

Ye Chen looks a meal, way: "I know, thank you for reminding me, goodbye."

In the final analysis, ye Chen and Wolong deity are enemies, not friends. Now that they have obtained jinglongquan, ye Chen does not stay any longer and leaves Wolong hall directly.

"Reincarnation Lord, don't be killed by Yuwen Ji."

"Leave a little clean dragon spring, which can be used to dissolve the door of a nose of the Dragon God."

Wolong deity looks at Ye Chen's distant figure and reminds him again.

This time, the Shenzu of the Ming dragon wanted to kill Ye Chen, which was a catastrophe for ye Chen. Ye Chen was in danger of falling at any time. Naturally, Wolong God Zun did not want to see ye Chen killed.

Hiss!

Ye Chen tears the void and leaves completely. He finds a secluded mountain and prepares to cure ye lu'o'er.

But at this time, ye Chen suddenly felt his state of mind sprouting. In a vague way, Hongmeng penetrated the source Qi, and there was actually a sign of understanding Hongmeng Yuanshu!

Just in Wolong hall, ye Chen and Li Ruochen had a fight. They saw each other's supreme heaven and extreme way. They had a deeper understanding of the eight trigrams.

At this moment, ye Chen obviously feels that the eight trigrams are surrounded by Dao Qi, and his Bagua Tiandan skill is actually showing signs of upgrading!

After upgrading, the aura changes, and a "eight trigrams Dan stove" will condense in the body.

this Bagua Dan stove, legend can be refining everything, and even can directly swallow other people's life and blood, repair essence, nourish itself, the core of the stars, the beast's inner Dan, all kinds of heaven and earth treasure can be swallowed up.

At this time, ye Chen clearly understood the profound magic method of eight trigrams, and the eight trigrams heaven elixir was about to change.

Boom!

Ye Chen's air flow roared all over his body, spurting out wisps of immortal light, as if to run through a thousand times of time and space, countless auras rolling out, constantly condensed, and constantly transformed into substance.

"Incarnate in the eight trigrams, melt the stars, devour the sun and the moon, and the eight trigrams furnace, emerge!"

Ye Chen burst out a drink, the spirit of the whole body condensed, issued a whine sound, and finally on top of his head, condensed out a furnace like totem.

The surface of this furnace is printed with a pattern of yin and Yang and eight trigrams. Inside, it flows with magma, with the smell of lava and sulfur. There are even gods and Demons howling and stars falling. It is very mysterious."My Bagua Tiandan skill has been upgraded into a Bagua cauldron. To cure Luo'er, I'm much more confident!"

Ye Chen was immediately overjoyed. The Bagua Tiandan technique was originally an extremely excellent alchemy and medical skill, and its medical effect was very strong. Now it has transformed into the eight trigrams Dan stove, and the effect of the technique has been improved by leaps and bounds.

"The Eight Diagrams fire, but you need a chance to save the dragon's life. It's only necessary for you to have a chance to save the dragon's life."

Xuanhanyu's voice is conveyed.

Now ye Chen gets jinglongquan and can cure ye luo'er.

However, if you want to give full play to the effect of jinglongquan, you need Ye Chen's blood as a guide.

Treatment time, enough to take five days!

"It's going to take five days."

Frowned.

It's good that the time of the five kinds of magic jade has been shortened, otherwise you have to reduce the time of five kinds of poison

Ye Chen nodded and said, "it's also five days. I'm afraid it's not easy to survive. Yuwen machine won't let me go."

"This game of chess is too much to lose!"

Vaguely, ye Chen caught the great danger.

Yuwenji is very vigorous and has integrated many forces in the heaven and man domain. It will come soon. Even the reclining Dragon God specially reminds Ye Chen that yuwenji is terrible.

Yuwenji is a genius evil spirit in heaven and man domain, and has a great reputation. Once he comes down with great power, ye Chen will be in trouble!

The crisis is spreading!

Chapter 4820

Now ye Chen has two choices. One is to go back to yuantianyuan and fight yuwenji with the help of the power of Zha Tianmo, Xuelong and Xiao shuihan.

However, the cost of this choice is too high. No matter whether it wins or loses, Yuantian courtyard will lose its vitality. In the future, it will no longer be able to compete with xuanjiyue and Emperor Shitian.

The second choice is to face Ye Chen alone. Although it is dangerous to do so, he can retain his strength.

"If I stay in the chart, yuwenji may not be able to find me."

Ye Chen's heart moved and quickly made a decision.

As long as he stays in the chart, yuwenji may not be able to find him under the cover of the chart.

As long as you delay for five days, when ye lu'er is completely cured and the black dragon's poison is removed, ye Chen will no longer have to worry about being discovered by yuwenji.

Ye Chen made a quick decision to sacrifice the picture of the yellow spring. His body shook and went into the world of the yellow spring.

In the world of huangquan, the scenery is still the same. A huge tea tree stands in the center of the world. Next to the tea tree, there is a mountain like iron and steel casting. It is full of trace veins like stars. It is the kind of wild magic sword.

"Now I have two threats. First, the black dragon's poison. This is a coordinate. Yuwen can track down my position by relying on the ghost dragon's Gu. Second, it's a kind of wild magic sword. If the evil Qi is too strong, it will be detected by the master of the magic tablet."

Ye Chen's mind is very clear, a moment to judge the hidden dangers facing.

The breath of the ghost dragon can be covered up with the chart of the yellow spring to avoid the pursuit of Yuwen Ji.

However, the evil spirit of wild magic sword is too strong to cover up.

What ye Chen is most worried about now is that the master of the magic tablet cooperates with yuwenji, and kills him by surprise.

"Brother Ye."

At this time, ye lu'o'er saw Ye Chen coming and called out with joy.

"Lol."

Ye Chen has a warm smile. Ye lu'o'er is standing under the Alsophila tree. The breeze is blowing and the green silk is fluttering. He looks graceful and elegant, which makes people love him.

Under the influence of Alsophila spinulosa tea tree, Bagua Tiandan technique, Tianxian Koi copying and other means, ye lu'o'er was planted with the black dragon's poison, but he was not tortured any more.

As long as the poison does not attack, she is still stable and safe.

But ye Chen knows that this is only the surface of the smooth, once the outbreak of poison, the consequences are unimaginable.

Therefore, we must treat Ye Luo Er as soon as possible!

"Lol, I found a cure for you."

Ye Chen smiles and offers a jade pot containing jinglongquan.

"This is Net Longquan? How can there be so many! "

Ye Luo'er felt a little, and found that the jade pot was full of spring water, such as the sea and the Star River, immeasurable, enough to wash away all the poisonous insects in her blood.

"It was left to me by my mother."

Ye Chen smiles and tells Ye Luo'er what he has experienced in Wolong Hall.

"Empress Dowager..."

Ye Luo'er was shocked. Naturally, he knew that the great man was terrible. His voice was quite shaking. He said, "I can't imagine that the dispute between us and the Hell Dragon God family will involve the supreme goddess."

"The cause and effect of heaven is endless. If I don't die, I will have a big war with heaven goddess sooner or later. I'm afraid the cause and effect layout along the way can't be avoided."

After a pause, Ye Chen gently took Ye Luo'er's hand and said, "forget it, don't say this. The most important thing at present is to treat your poison."

Ye Chen waved his hand, and the eight trigrams broke out. In the air, he condensed into a Dan stove and poured Jinglongquan into it.

Chuckle!

Jinglongquan falls into the furnace and makes a hissing sound. The white smoke is rolling, and the magnificent aura diffuses out. The smoke billows and turns into a dragon dancing atmosphere, which is quite spectacular.

"You go inside, soak in the furnace, can speed up the removal of poisonous insects."

Ye Luo'er's poison is very poisonous. It normally takes ten days to remove it. However, ye Chen has an eight trigrams Dan stove, which can shorten the time by half.

"Oh..."

Ye Luo'er's cheek was red, and she took off her clothes, revealing her white and smooth skin.

Ye Chen closed his eyes, but only for a moment, ye Luo'er's body was completely immersed in the furnace.

"It hurts..."

Ye Luo Er Bei teeth bite the lower lip, the skin suddenly a red, the forehead exudes the fragrant sweat.

The eight trigrams furnace has a very strong eight trigrams Dan fire, which can burn everything.

As soon as ye Luo'er was immersed in it, he suddenly felt the double sky of ice and fire. His skin was seriously stimulated and his pain was about to crack.

"Bear with me, lol."

Ye Chen's five fingers play continuously, continuously infusing the eight trigrams Dan Qi.

Later, ye Chen bit his fingertip and dropped his blood into the furnace.

Roar!

After absorbing Ye Chen's blood essence, the clean dragon spring in the furnace immediately boils up. The spring water gushes and the endless dragon Qi erupts. Thousands of smoke dragons appear and

roar up to the sky. The picture is very spectacular. The aura in the Jinglong spring officially enters ye lu'er's body and begins to dispel the poisonous insects in her body.

Roar!

Another roar of the dragon.

Ye lu'er's body of the ghost dragon's Gu, seems to have the spirit, aware of the disaster of destruction, issued a roar, and constantly struggling.

On ye lu'er's head, immediately there is a black Ming dragon, the wind is dense, and the sky is not scattered.

"Tianxian Koi copy, I suppressed it!"

Ye Chen waves his hand again, and countless immortal lights enter the furnace. The spring in the furnace jumps up one by one Koi, dispelling the dark dragon wind and protecting ye lu'er's mind.

One side of the Alsophila tea tree, also shake off a leaf, to help ye lu'er ease the pain.

Ye lu'er clenches her teeth. The black dragon's poison has penetrated into her meridians. If you want to remove it, it will hurt your muscles and bones, and it will be miserable.

"Hold on, lol, and you'll be back in five days."

Ye Chen voice with a trace of love, do not want to see ye lu'er suffer.

But this kind of pain is the only way to get rid of the black dragon's poison. He can only use Bagua Tiandan technique, Tianxian brocade carp copy, Alsophila spinulosa tea tree and many other means to reduce ye lu'er's pain as much as possible.

"Alsophila spinulosa, block the natural mechanism here, do not reveal any cause and effect!"

Ye Chen orders to go on, although the chart of the yellow spring has its own masking effect, it is always right to be cautious.

"Yes

The branches and leaves of Alsophila spinulosa immediately spread out their branches and leaves, covering the whole world like a dragon, completely shielding the yellow spring map and cutting off anyone's prying.

Now even if there is a ghost dragon, but yuwenji wants to trace ye luo'er, it is impossible in a short time.

In this world, the only one who can capture Ye Chen's position instantly is the master of the magic tablet.

The master of the magic stele has the reincarnation magic stele, and can see the trace of all the evil Qi in the world.

However, ye Chen can't get rid of the wild magic sword in the picture of the yellow spring.

Unless he throws away the wild magic sword, but this is even more impossible!
