

Physician 4821

Chapter 4821

"The Lord of the magic tablet, should not cooperate with yuwenji?"

Ye Chen frowned slightly. The last time he fought with the master of the magic tablet in Hongmeng blessed land, he completely broke the backbone of the master of the magic tablet. He was exhausted and could not stir up any waves. However, ye Chen was afraid that he was dying and would not hesitate to reveal his position regardless of cause and effect.

"The evil spirit of the Wild Magic Sword must be solved immediately!"

Ye Chen's eyes congealed and pinned his hope on the enemy, which was irrational.

As long as you get rid of the evil Qi of the wild magic sword, ye Chen will no longer be afraid to be exposed.

Now, he has a solution.

That is jinglongquan!

Jinglongquan, can cultivate the Wild Magic Sword seed, let this seed grow, convergence of evil spirit.

As long as the evil spirit does not spread, the master of the magic tablet will not find Ye Chen's trace.

Ye Chen immediately flew to the top of the wild magic sword. This seed, as huge as a mountain, stands on the earth. It is a wonder.

"Clean the dragon spring, nourish the sword seeds, keep the evil Qi restrained, consolidate the foundation and cultivate the yuan."

Ye Chen recited in his mouth and offered a jade pot to pour a large amount of jinglongquan from the sky.

Boom!

Jinglong spring, as vast as the Star River, rolled out of the jade pot, and instantly formed a waterfall in the air, which flew down 3000 feet and poured down.

Hum!

The whole wild magic sword was nourished by jinglongquan water, and immediately vibrated.

The original cast iron seed epidermis, click click, appear a trace of cracks, there are wisps of dazzling light, burst out from inside.

That's the sword light of the wild devil sword!

This seed, which is about to burst and sprout, releases the bright sword light.

The magic Qi around the seeds was fast and introverted, and returned to the interior of the wild magic sword and began to brew the sword light.

When all the evil Qi is restrained and all of them are brewed into sword light, it is the time when the Wild Magic Sword seeds germinate completely and the Tianjian is born.

However, the process is very long and requires a lot of resources.

Ye Chen's jinglongquan, a huge amount of Star River, gushes down, and constantly nourishes the wild magic sword.

However, there are only a few cracks in the wild magic sword, which is far away from the real and complete germination.

The wisps of evil Qi are being restrained. Ye Chen estimates that it will take a day for the evil Qi to stop spreading and completely converge to the interior.

Then the next step is to brew sword light, which also needs tremendous resources. It is far from enough to rely on jinglongquan.

Ye Chen just wants to restrain the evil Qi and wipe out all the threats.

The water of Jinglong spring is just like this, watering the wild magic sword.

Ye Chen returns to ye lu'er again. The operation of the eight trigrams furnace needs Ye Chen's constant efforts to maintain it. During this period of time, he can't fight with people, otherwise the whole furnace will fall apart when the eight trigrams are scattered, and ye lu'er will be completely involved in the collapse of the void, and there will be no corpse left.

Now what ye Chen has to do is to wait. As long as the five days are over and the black dragon's poison is removed, all the problems can be solved.

.....

At this time, the heaven and man realm, a side hall of the Dragon God family.

This is the headquarters of the Shenzu of the Ming dragon. There are many ancient palaces. There are countless dark, deep, dark, and majestic Ming Qi. There are many crystal Ming dragons patrolling in the sky. The whole palace shows a vast atmosphere.

Deep in the hall, a man in a Golden Dragon Robe is sitting on the throne. It is Yuwenji.

In front of Yuwen Ji, there are powerful men in the Hell Dragon Temple, under his control.

Minglong Shenzu is a big race, including Yuwen clan, Chen Clan, Yantian clan, Tang clan and so on. Among them, the two largest clans are Yuwen clan and Chen Clan.

Since he knew that he was the reincarnation master, Yu Wenji rushed back to Tianren domain and contacted the family forces he could mobilize. In a short time, he gathered a large number of powerful people.

"Gentlemen, the descendant of the reincarnation master is in the Yangzhen region. He is extremely lucky. If he grows up, the consequences will be unimaginable. We must kill him while he is still weak and cut off all future troubles!"

Yuwenji looked at the experts of many clans and made a voice of fighting spirit.

Everyone looks different. Unexpectedly, the enemy Yuwenji is facing is actually the Lord of Reincarnation. No wonder he is so serious and calls all the people together.

You know, at the beginning of the massacre, Xuanjiyue and Emperor Shitian broke out, but they failed to kill the reincarnation master.

It can be imagined that the reincarnation Lord's luck is so deep that it is really a difficult thing to kill him.

"Please rest assured that this reincarnation master has only three or four layers of heaven and earth. He is really a mole ant and can not pose a threat to us."

"At the beginning, the master of fate and the master of the heart demon, these two people belittled the enemy's carelessness, and were finally escaped by the reincarnation master."

"As long as we don't underestimate the enemy and attack the killer as soon as we meet, the reincarnation Lord will surely die." Yu Wenji's tone is sonorous and powerful.

Everyone looked at each other. Most of the experts in each department had the worst strength. Most of them were the strong ones in the early and middle stages of Huanzhen. If so many people united, they might be enough to sweep the Yangzhen area. It is easy to deal with a mole ant in the heaven and earth.

At the thought of this, the hearts of the people suddenly settled down, and then their faces showed a burning expectation.

As long as you kill the reincarnation master, seize the reincarnation blood, and the heaven material and earth treasures accumulated by the reincarnation master, various magic skills and so on, you will definitely become rich overnight.

"Obey the orders of the young master!"

Everyone shouts with their hands in succession, waiting for Yuwenji's order, they will pour out their nests and kill Ye Chen.

Yu Wen Ji said: "you first step back and get ready. In these days, we will start."

"Yes

The crowd bowed to their promise and retreated.

Yu Wenji's eyebrows were locked. When the crowd left, he opened a secret door and walked down the secret path to the underground.

Underground world, ghosts cry and howl, everywhere filled with a head of ghost, a head of fierce ghost, as if the world of hell.

In the middle of the underground world stands a huge gate.

This huge door, which seems to be a living thing, wriggles with countless flesh and blood demons. The cry of thousands of evil spirits comes out. It is the crying door of a nose ghost in the twelve treasures of the supreme emperor!

In front of the door of a Bi, there was an old figure sitting cross legged, like a king of ghosts, surrounded by ghost Qi, and seemed to be practicing something.

"Uncle Chen."

Yu Wenji saluted the old man respectfully.

This old man is the Supreme Master of the Chen family. In the legend, the servant of the supreme goddess, the God of life respects Chen cangsheng!

"Little Lord, I'm feeling the magic way of heaven and ghost. Please don't disturb me again."

Chen cangsheng opened his eyes. If there were thousands of evil spirits in his eyes, they were very fierce and frightening.

Chapter 4822

The way of heaven and ghost is hidden in the door of a Bi, and it is also left by the goddess of heaven.

If you succeed in cultivation, it will be as powerful as the hungry ghost road in the six samsara Dharma. It can incarnate as the king of ghosts and drive away thousands of fierce ghosts. It is very powerful.

"Uncle Chen, Qingrou, she was captured by the Lord of reincarnation and was devastated. We should hurry to rescue her."

Yu Wen Ji is deeply afraid of the fate of the reincarnation master. Even though his strength is superior on the surface, he does not dare to be careless.

Now, yuwenji just wants to ask Chen cangsheng to come out of the mountain. As long as Chen cangsheng is willing to do so, the reincarnation master will surely die.

"The Lord of reincarnation is a great man valued by the supreme goddess. I dare not fight against him unless I have to. Otherwise, I will disobey the wishes of the heavenly daughter, and I will be guilty."

Chen cangsheng spoke faintly. He would not dare to touch the killer unless he had to, because the will of the emperor's heavenly daughter had not been worn away.

At the beginning, the God of heaven prison repeatedly targeted Ye Chen, and finally fell down miserably. This is karma. As the servants of the supreme heavenly daughter, they must not destroy the plan of the heavenly daughter, or there will be great punishment.

"Uncle Chen, even if Qingrou had an accident, would you not save it?"

Yu Wenji's voice is heavy. Now Chen cangsheng's daughter, Chen Qingrou, is still in the hands of Ye Chen.

On hearing this, Chen cangsheng's body trembled. He was such a daughter. He fell into the hands of Ye Chen. Naturally, he was extremely worried and even angry.

"Qingrou followed you and offended the Lord of reincarnation. Being tortured by the Lord of reincarnation is also a natural cycle. I feel sad, but I can't do anything about it."

Chen cangsheng's tone is still plain. Obviously, the city is very deep. In order not to offend the emperor's will, even if his daughter is tortured, he can put up with it.

"Uncle Chen, there is only a little trace of the will left by the supreme goddess in the world. As long as you become the ghost of the heaven and break through your cultivation, you will not be afraid of the goddess. You can take revenge, kill the Lord of reincarnation, and save Qingrou."

Yuwenji's eyes are fierce, and he can see the problem at once.

What Chen Cangsheng was worried about was Yu Wei, the goddess of heaven, who was afraid of being tortured by heaven.

However, as long as their own strength is strong enough, it is not afraid of all threats.

If Chen Cangsheng can become a ghost, he can get rid of the threat completely.

Chen Cangsheng frowned and said, "the way of heaven and ghost is so complicated and mysterious that it is extremely difficult to practice. Where can it be so easy to practice?"

Yuwenji laughed and said, "I heard that there is the magic power of hungry ghost in the six ways of reincarnation. As long as we kill the reincarnation master and share the samsara law, all problems can be solved easily."

Hearing this, Chen Cangsheng sneered and said, "in the final analysis, you still want me to do it first. In case of any accident, you will block the punishment of tiannv for me?"

Yu Wenji said: "Uncle Chen, we are not weak in the heaven and man realm. It's easy to kill a kid from the heaven and earth. Where will there be any accident?"

Chen Cangsheng sneered again and said, "if you are so sure, you won't come and invite me again and again."

Yu Wen Ji's face sank, and his words suddenly stopped.

Chen Cangsheng is right. He is not absolutely sure.

The master of samsara is so lucky that if Chen Cangsheng refuses to make a move, Yuwenji will not be sure of winning.

"Uncle Chen, think about it again."

Yuwen Ji left a word and turned to leave.

For the next three days, yuwenji did not set out, and he kept persuading Chen cangsheng that he could come out of the mountain.

Chen cangsheng was so upset that he could only say, "it's impossible for me to go out of the mountain. I'll lend you my magic weapon at most!"

"Uncle Chen, would you like to lend me the door of a nose?"

Yu Wen Ji's eyes lit up as soon as he heard it.

The door of a nose can be said to be a magic weapon at the bottom card level in the Shenzu of the Ming dragon. Chen cangsheng did not know how many years he had tempered it. He used countless living creatures and blood souls to sacrifice and refine it, which was very powerful.

70% of Chen cangsheng's accomplishments are all in the door of a nose. If you can get the door of a nose, even if you don't have Chen cangsheng personally, your chances of success will be greatly improved.

"Take it!"

With a wave of his hand, Chen cangsheng's whole door, which was constantly shrinking, finally turned into the size of a palm and suspended in front of Yuwen Ji.

Hiss!

Chen cangsheng once again waved his hand and condensed a Fu Zhao to control the magic weapon. He also handed it to Yu Wenji, saying, "if my daughter is not dead, remember to save her."

"Yes, thank you very much, Uncle Chen."

Yuwenji got the magic weapon, and was immediately overjoyed. He immediately left the ground and summoned the strong men under his command to prepare for departure.

A strong figure, once again gathered.

"Kill the reincarnation Lord, today!"

Yuwen Ji is in high spirits, pinches the finger to calculate, captures the position of the black dragon's Gu, and is ready to take people to kill it.

But at this time, Yu Wenji was surprised to find that the breath of the ghost dragon was covered up without any trace."What's going on?"

Aware of this scene, Yu Wen Ji was shocked.

He planted the ghost dragon on ye luo'er, and he could sense it no matter where ye luo'er was.

But now, he was surprised to find that the breath of the ghost dragon was completely covered up by people with very clever means.

"It's impossible! It's impossible for me to cover it up even if it's a poisonous insect

Yuwenji couldn't believe it, but he didn't know that there was a Alsophila tea tree in the picture of the yellow spring, which completely cut off all the natural secrets and blocked all capture.

Many strong people, see yuwenji look different, are looking at each other, greatly shocked, is there an accident?

Yu Wenji's face is also very ugly. It's hard to borrow a Bi's door and prepare to open a killing expedition. Unexpectedly, he suddenly stops the breath of the ghost dragon's poison, which is troublesome.

Even in the dark, Yu Wenji felt that the life breath of the ghost dragon was about to be wiped out.

In two days at most, the black dragon's poison will be removed. At that time, he will no longer be able to control ye Luo'er.

"Damn it, the reincarnation master, what means did he use to pull out the black dragon's poison?"

Yu Wenji was very angry. The black dragon's poison was mixed with his essence and blood. His foundation was very deep. He didn't know what means Ye Chen used. He was so rebellious that he could pull out the poisonous insects in a few days. It's incredible.

People see Yu Wenji's face, more and more ugly, immediately feel uneasy, is it really an accident?

Is the legendary reincarnation Lord really so strong?

Just three or four layers of heaven and earth can make Yuwenji so afraid?

"Newspaper!"

When Yu Wenji was extremely dignified, a subordinate came in and handed a letter, saying:

"little master, there is a letter sent to you by flying sword."

Chapter 4823

"Oh? Who sent it? "

Yu Wen Ji frowned slightly and opened the letter, but he saw the specific position of Ye Chen painted on it.

The inscription is the master of the magic stele.

"The Lord of the magic tablet sent me a letter?"

Yu Wenji was surprised and looked at the painting on the letter and suddenly understood the position of Ye Chen.

"This guy has been severely damaged by the reincarnation master. His backbone has been cut off, and his breath has been exhausted. Now he wants to use my hand to kill the reincarnation master."

With a sneer, Yu Wenji instantly understands the intention of the master of the magic tablet, and he obviously uses the knife to kill people.

Even, the master of the magic tablet may want to play the game of Mantis catching cicadas and yellow finches in the back.

"Why struggle when you are exhausted

"Come to my dragon family, and you will be safe for the rest of your life."

Yuwenji flicks his fingers and pops up a dragon scale. He replies to the master of the magic tablet, which means to solicit.

This time, the master of the magic tablet sent a letter to provide him with the specific location of Ye Chen, which can be said to be a great help.

This cause and effect, yuwenji naturally want to return.

It is his kindness to take in the Lord of the magic tablet.

"Go

Now that the location is known, Yuwen Ji is determined to take the strong men of each department and set out bravely.

Countless Ming dragons flew out of the hall and came to the Yangzhen area.

At this time, the master of the magic tablet, in a very dark corner, received a reply from Yu Wenji.

"Ha ha, may I be safe for the rest of my life?"

"I didn't expect that my generation of demons should be reduced to such a level."

The Lord of the magic tablet looked at the content of the letter, and gave a sad, helpless, angry smile.

Last time, he and ye Chen had a decisive battle in Hongmeng.

As a result, ye Chen relies on the strength of Tongtian, and then joins hands with Lin Qingzhu to use the magic blood stone to severely hurt him.

Now the master of the magic stele, the backbone of Wudao has been broken, and his Qi has been exhausted, and he has reached the end of his way.

In those days, he was also a character who had fought with the emperor's heavenly daughter. It is hard to reconcile himself to such a situation today.

"I still have a chance to turn it over!"

"This time, yuwenji will fight against that boy with all his strength. Maybe I will have a chance to fish in troubled waters."

The master of the magic stele thought, and his body shook and disappeared into the void.

.....

Ye Chen at this time is in the picture of the yellow spring.

At the same time, he treated ye lu'o'er with jinglongquan and Bagua Dan stove.

On the other side, it irrigates the Wild Magic Sword seeds, cultivating this seed to grow.

After three days, the main part of Ye lu'o'er's ghost dragon has been removed, and the next step is to eradicate the remaining poison scattered in the meridians. As long as ye Chen is given another two days, he will be finished.

Ye lu'o'er is immersed in the Danlu spring water, has no pain at the beginning.

With the black dragon's poison removed, she has completely recovered. Her cheeks are ruddy and her breath is mellow. Only when the remaining poison is eliminated can she recover completely.

"Thank you, brother Ye."

Ye Luo Er looks at Ye Chen, revealing a grateful, gentle smile.

"Luo'er, there are two days left. When the remaining poison is cleared, you will stay with me and never leave me in this life."

Ye Chen is also warm smile, ZuLong Temple want to take her as a chess piece, he decisively turned over the chessboard, did not give ZuLong Temple any chance to use.

What ye Chen wants now is to keep ye lu'o'er by his side forever.

"Brother ye..."

Listening to Ye Chen's words, ye lu'o'er is suddenly in a state of mind. Excited, the remaining poison of the Ming dragon's venom churns, stimulates the viscera, and coughs violently, and almost vomites blood.

"Lol, don't get too excited. Let's get rid of the poison first."

The Gu of the Ming dragon is a poisonous insect planted by yuwenji himself. It is very poisonous. If a little bit of residual poison, it may explode again and become a stubborn poisonous insect again.

Therefore, it is not the time to relax, we must concentrate on it and get rid of all poisonous insects. Otherwise, if we fail, we will be in trouble.

"Well."

Ye lu'o'er calms down a little, and her cheeks are red. She thinks that after the poison is solved, she can always be with elder brother Ye. She is very happy in her heart.

Ye Chen plays a magic formula in his palm to keep the aura of the eight trigrams furnace. Then he turns to fly to the wild magic sword to watch the seed.

After three days of watering, the evil spirit of the wild magic sword has been completely restrained, and there is no more magic gas emitted. Only a few wisps of ancient and bright sword light can be seen through the cracks of the seeds.

If you look at the sharp edge of the sword light, I'm afraid it's enough to cut off mountains and sea.

"Very good, all the evil Qi has been restrained. It is impossible for the master of the magic tablet to capture my trace in the future."

The last hidden danger is also solved, and ye Chen is happy.

Hum!

At this time, ye Chen also feels that Wu Dao's mood is sprouting. The bright eyes of the Tianmo cave and the big devil sky at Yongye show signs of upgrading. In the past three days, ye Chen watered the wild magic swords and observed the magic qi movement. His understanding of the magic way was further deepened.

The magic Qi penetrates the source Qi and evolves into Hongmeng Yuanshu.

Click!

Ye Chen's eyebrows suddenly appear a dark golden pupil, which is surrounded by layers of evil Qi, as if to penetrate hundreds of millions of time and space, insight into all the mystery of heaven.

However, it soon dissipated and everything returned to normal.

"The pupil of the devil!"

This dark golden eye pupil, named Jimo's pupil, is the hongmengyuan technique evolved after the upgrade of the bright eye of the Tianmo cave. It has the effect of deduction, calculation and divination of good and evil. It is more powerful than the ordinary bright eye of Tianmo cave. Moreover, it also has a strong battle killing effect. If combined with the terrifying extinction light! That power will be more terrifying!

Hiss!

As soon as ye Chen's magic pupil turned, a ray of dark light came out, which instantly shattered a towering mountain thousands of steps away.

"Very good, the bright eye of the demon cave has also been upgraded. My ability to deduce the secrets of heaven will definitely advance by leaps and bounds."

"Even strengthened the light of extinction!"

Ye Chen was elated.

But in the next moment, ye Chen's joyful face became stiff in an instant.

Because, in this moment, he caught the great danger, the terrible disaster!

News from the Lord of the magic tablet!

The door of the nose!

Yuwenji is coming!

"This is My tracks are leaking out? "

Ye Chen's face suddenly changes, and he catches a picture. Under the insight of the extremely evil pupil, the master of the magic stele reports that Yu Wenji leads the masters of the Ming dragon clan to fight, and Chen cangsheng borrows the door of a nose, all of which vaguely appear in Ye Chen's eyes.

This extremely evil pupil has a very powerful insight effect. Ye Chen's ability to deduce the secrets of heaven is more than ten times higher than before. Almost instantly, he can see all the dangers and threats clearly.

"Damn it, the Lord of the magic tablet has really exposed my whereabouts!"

Ye Chen bit his teeth, the most worried thing or happened.

Chapter 4824

Although, through the cover of the yellow spring map and Alsophila spinulosa tea tree, he was not discovered by yuwenji.

But because of the existence of the wild magic sword, his trace was still known by the Lord of the magic tablet.

And the master of the magic tablet obviously won't give ye Chen any chance to breathe. He directly sends a letter to tell Yuwen Ji.

Now yuwenji leads many strong men to come down from heaven and man and rush to Ye Chen in a murderous manner.

Even if the strong of heaven and man come to Yangzhen, they will be suppressed by the rules! Ye Chen's situation is also very dangerous!

Although the evil spirit of the wild magic sword has been restrained, and the master of the magic tablet can't find Ye Chen in the future, the master of the magic tablet has reported to him that he wants to take advantage of the battle between Ye Chen and Yu Wenji to fish in troubled waters.

"Withdraw!"

Ye Chen immediately returns to ye luo'er and prepares to evacuate.

At present, ye luo'er is still at the critical point of treatment. If you move the chart of the yellow spring and shake the foundation, it is easy to lead to treatment failure.

But ye Chen also can't care so much, must evacuate as soon as possible, otherwise wait for Yu Wen Ji to kill, then everything is over.

You should know that ye Chen can't fight for ye Luo'er with the eight trigrams furnace now, otherwise the furnace will explode immediately, and the consequences will be unimaginable.

"Brother ye, what's the matter?"

Ye Luo'er looks at Ye Chen's gloomy face, suddenly a burst of worry and fear.

There are still two days to go before she can be with elder brother Ye forever. Is there an accident at this time?

"Yuwen machine is coming. We must go at once."

Although Ye Chen was promoted to the four levels of heaven and earth, he lost his own world and his Qi foundation was damaged.

Now he is at the most difficult moment, and Yuwen Ji's killing is coming, which is really a great misfortune.

The negative impact of the damage of Qi has appeared. If you fight, ye Chen will even have the risk of falling down!

"Yuwen machine..."

Ye Luo'er's face suddenly turned white, but he didn't expect Yu Wen to find here.

"Go

Ye Chen was trying to drive the picture of the yellow spring to leave, but the Alsophila spinulosa tea tree not far away made a solemn voice and said:

"Lord, I'm afraid we can't go. The void around us is blocked by people."

"What?"

Ye chenlue sensed that the layers of space outside the map were as solid and heavy as steel, and the void of millions was blocked. Even a fly could not fly out of the sky and the earth.

He wants to leave. It's just a dream.

"Ha ha ha, reincarnation Lord, where can you run?"

Far away from the sky, came a burst of crazy laughter.

I saw a young man wearing a Gold Dragon Robe, leading a crystal Ming dragon, black scale Ming dragon, falling from the sky.

It's Yuwen machine!

The emptiness of heaven and earth is completely blocked by yuwenji and many dark dragon masters.

"Little Lord, look there. The chart of the yellow spring is over there."

A Ming dragon's eyes narrowed slightly, and its claws pointed to the mountains ahead.

In the hidden mountains, there is a picture scroll, on which the weather of mountains, rivers and cities emerges, which is the picture of the yellow spring.

"Come on, let's go into the world of the yellow spring map! I heard that the chart of the yellow spring is the most precious treasure of Hongmeng in the world of heaven and earth. I'd like to see if this magic weapon can suppress me

Yuwenji is full of arrogance. In order to deal with Ye Chen, he has made 120000 preparations. This time, he borrowed Chen cangsheng's a-nose door. There is no reason to lose.

Therefore, yuwenji was full of vigor, with a face of war, and his body shook. He immediately wiped out the void like a meteor. He actually directly tore the law of the chart of the yellow spring and rushed into the world of the yellow spring.

"Follow the little Lord and kill the reincarnation master!"

Many powerful men of the Ming dragon clan are also fierce and murderous. They follow Yuwen Ji and rush into the netherworld.

Boom!

All of a sudden, the world was shaking violently.

Ye Chen's face changed greatly. However, his original magic weapon was forced to break in. This is a great shame!

"Bullying too much!"

Ye Chen was furious. He could see the sky of the netherworld. There were dark dragons everywhere. The most dazzling one was yuwenji, which was brilliant as heaven and man.

"Ha ha ha, reincarnation Lord, I will kill you in your world. What will you say?"

Yuwenji looked around, feeling the deep foundation of the yellow spring map, Fengshui and Qiyun. He felt a burst of praise in his heart.

There are Alsophila spinulosa tea trees, wild magic sword species, which make yuwenji extremely coveted.

As long as you kill Ye Chen, everything here is his.

Yuwenji felt that he had entered the realms of Yang and the chart of Huangquan, and his accomplishments were suppressed.

After all, this is the world of Ye Chen's life. If he breaks in by force, he naturally has to pay a price.

However, Yuwenji doesn't care. His current power is really too hot. The victory is in hand. A little weakening is nothing. If you fight alone, Yuwenji's accomplishments are suppressed, and you are in Ye Chen's magic weapon world. I'm afraid you will capsize in the gutter.

But now, under Yuwenji's command, there are so many masters, so powerful that they can crush all existence.

And Ye Chen, only alone.

Yuwen machine saw a furnace, suspended in the air, rumbling and burning.

At the moment of Yuwenji's arrival, Ye Chen has already made a layer of pent up soil to block the furnace, so Yuwen Ji can't see Ye Luo'er, but he also feels Ye Luo'er's breath.

"You have the ability to pull out my ghost dragon."

Yu Wen Ji's concentration induction, found that the black dragon's Gu has disappeared, leaving only some residual poison.

"It's a pity that your power is too weak after all. If your servant in the previous life, the legendary reincarnation of the six demons, I may be a little afraid, but you only have one person, and you will die today!"

"Ye Luo Er, it's destined to be my plaything. You can't touch it!"

Yuwen Ji hands like electricity, big hand hanging upside down, such as the Star River hanging scroll, five fingers, like the prime of the sky, oppresses thousands of empty space, the net of heaven is vast, and it suppresses Ye Chen.

For a moment, ye Chen feels the overwhelming pressure, which is impossible to avoid.

He also needs to maintain the operation of the eight trigrams cauldron. He must not fight, otherwise the furnace will collapse in an instant, and ye Luo'er will be involved in the lost time and space by the explosion.

"Damn it!"

Ye Chen listens to Yu Wenji's words, and his heart explodes with rage.

He is very clear that once he is killed, ye Luo'er will really become Yu Wenji's plaything and will never turn over.

He wanted to fight, but he couldn't get away from the eight trigrams furnace.

"Xuanxianzi, Shuo Lao, borrow my strength!"

Ye Chen said.

However, Xuan Hanyu said: "I'm really sorry, we are restricted by the rules in the chart of the yellow spring, so we can't do it..."

Chapter 4825

"As well as in the yellow spring, you can't help a little bit in the yellow spring

"Boy, everything depends on you..."

Ye Chen's eyes congealed, not a bit discouraged, direct way:

"eternal night magic shield, guard!"

Seeing the palm of yuwenji's hand, the momentum was overwhelming. Ye Chen burst out with a sudden burst of dark source talisman. Countless source Qi gushed from his body, and Hongmeng ancient Qi burst out from his body. Finally, he condensed and turned into a magic shield.

This magic shield, called the eternal night magic shield, is a kind of Hongmeng Yuanshu evolved from the great magic heaven of Yongye. Ye Chen saw Lin Xize, a strong man in the Yin and Yang Temple, who had done it before.

Now, ye Chen also understands the art of hongmengyuan. As soon as he comes out, thousands of dark shields emerge in an instant, building a shield wall in front of Ye Chen.

Bang!

Yuwenji's palm exploded and killed him. As soon as he touched the wall of the magic shield, he immediately made a huge noise. The explosion of each layer hit the void, and the whole shield wall shook.

"Ha ha, it's a bit of a way."

Yuwenji smiles, but feels a dull pain in the palm of his hand, and is obviously shocked.

The wall of the magic shield built by Ye Chen is like an eternal night turning into a wall. As soon as a man's attack goes up, it will be swallowed up by the night and shaken by the steel like wall.

Even if ordinary people learn the magic shield of eternal night, they can only unfold one or two shields, such as Lin Xize.

However, ye Chenwu road has a deep foundation, and the source of darkness is in his hand. His shield is thousands of layers, which can build a huge wall and greatly enhance the defense.

Click, click, click!

One side of the dark steel shield, constantly emerging cohesion, heaven and earth, eight sides close, an instant, from a huge wall, into a steel fortress.

Ye Chen and ye lu'o'er are all hiding in the iron fortress.

In order to maintain the operation of the eight trigrams cauldron, ye Chen is unable to fight, but it is more than enough to launch defense.

"Little Lord, this boy wants to hide in the turtle shell."

A powerful Ming dragon warrior, the dragon claw blows away, hits the magic shield fortress, but it seems to hit the iron wall, and almost all the claws are broken. You can imagine how terrible the magic shield defense is.

"I'll try."

There are also several strong men, valiantly, a lot of magic weapons and magic, bang in the magic shield fortress above.

The magic shield fortress is vaguely shaken, and the defense is not invincible.

"Elder brother ye, I feel terrible..."

Inside the fort, yelor groaned in pain.

Although she was not really hurt by the attack of the powerful Ming dragon Protoss, she was not well affected by the concussion of the aftershock. The residual poison broke out in an instant and tormented her heart and lung.

"Hold on, lol."

Ye Chen gnaws his teeth, and the Eight Trigram heaven elixir keeps running, increasing the heat of the Eight Trigram elixir, and stabilizing ye lu'o'er's safety.

But we are outnumbered by many enemies, and a large number of powerful dark dragon Protoss outside are covetous.

The situation of Ye Chen and ye lu'o'er is extremely dangerous.

"Wu Tu Yuan Fu, Chi!"

Ye Chen once again offered Wutu Yuanfu to strengthen the defense of the magic shield fortress. Now his plan is to hold on for two days.

At the end of two days, ye lu'o'er's remaining poison is completely eliminated, and ye Chen can draw out his hand to fight. Even if he can't defeat Yuwen Ji, he can at least retreat.

However, if you want to rely on the eternal night magic shield and Wutu source Rune to hold on for two days, it's really hard to compare with climbing to heaven.

"Lord, I'll buy you time!"

At this time, the sound of *Alsophila spinulosa* tea tree reached Ye Chen's ear.

The branches and leaves of *Alsophila spinulosa*, like a long dragon, spread out one by one, blocking out the sky and the sun, surrounded by layers of yellow spring breath, six breath.

Rooted in the chart of the yellow spring, the *Alsophila spinulosa* tea tree is nourished by the breath of the yellow spring, and it also absorbs part of the energy of Ye Chen's six ways of reincarnation. In the world of *huangquan*, its strength can be exerted to the utmost.

Boom, boom, boom!

The roots of *Alsophila spinulosa* tea tree, with a heavy step, appeared in front of *yuwenji* and other strong men.

"*Yuwenji*, it's inconvenient for my master to make a move. It's better for you to wait for two days. After two days, you can have a decisive battle."

Alsophila spinulosa faced *yuwenji* in a resolute tone.

It was not a character that would rather die than surrender, but with Ye Chen, he was contaminated by the breath of *samsara* blood, and became loyal, resolute and brave.

The *samsara* blood is superior to the heaven. It is very powerful, mysterious and infectious.

Even a coward, as long as he follows the reincarnation Lord, will become brave, decisive and full of fighting spirit.

This is the infectious power of reincarnation, which can change people's temperament.

Therefore, in the past life, countless people want to follow the reincarnation Lord.

This is also the reincarnation Lord, more powerful than the heart Demon Lord. It is necessary for the emperor to release heaven to control people, but it is not necessary for the reincarnation master to use such means and deliberately control.

As long as the breath of samsara blood is released, anyone will be willing to follow the reincarnation Lord. Under the nourishment of samsara breath, even an ant has the chance to transform into a beast.

Now the *Alsophila spinulosa* tea tree, following Ye Chen for a period of time, is much better than before in terms of cultivation, mood and fighting spirit.

"Ha ha ha, you told me to wait for two days and talk about my dream!"

Yuwenji laughs. He is very clear headed. He has seen that Ye Chen is treating Ye Luo'er, dispelling the remaining poison and unable to fight. It is a good time for him to crush and kill at one stroke. Will he miss it?

He is not the goddess of heaven. The hall is waiting for Ye Chen to rise and fight again. If he can take advantage of his weakness, he is the best to attack the drowning dog.

"*Alsophila* tree demon, your fighting effectiveness is ordinary, but your aura is really deep. I think it is not easy for you to cultivate. If you don't kill me today, you will be obedient to me and I will spare you."

Yu Wenji waved out his big hand and turned into a dragon claw. With a hard grasp, the branches of the *Alsophila spinulosa* tea tree were cut off one by one, and the roots were shaken. A figure emerged from the package of the tree roots.

It's Chen Qingrou.

Chen Qingrou was buried in the ground by the *Alsophila spinulosa* tea tree. However, as soon as Yuwenji made a move, he immediately forced the *Alsophila* tree to fight back. Chen Qingrou was also rescued by Yuwenji.

"Little Lord!"

Chen Qingrou got out of her predicament and was pleasantly surprised.

"Qingrou, I've come to save you. Are you ok?"

Yuwen Ji smiles.

"Little Lord, I'm fine."

Chen Qingrou was so happy that she immediately lifted her spirits and flew back to yuwenji.

A heart of *Alsophila spinulosa* tea tree suddenly sank down.

Yuwen machine's strength is really too strong. It can't fight back easily. If it wants to delay time for ye Chen, I'm afraid it's hard to compare it to heaven.

"Huangquan Tianhe!"

The *Alsophila spinulosa* tea tree was unwilling to accept it. The branches moved and rolled up the towering yellow spring holy water, mixed with the shadow of dragon soul, and killed yuwenji fiercely.

Chapter 4826

Occupying the main venue of the yellow spring map, I am afraid that any strong player in the early stage of the real world will not be easily blocked.

However, the cultivation of Yuwen machine is far more than that.

"It's too small to be attacked."

Looking at the attack of *Alsophila spinulosa* tea tree, yuwenji dismisses it. With a wave of dragon claws, it is as powerful as a bamboo. It tears and smashes the yellow spring Tianhe, which is sweeping across the sky. Countless drops of water fall down, and a rainstorm, mixed with strong winds, is like crying in despair.

"Burn my body, the supreme guard!"

Seeing the appearance of the *Alsophila spinulosa* tea tree, the old and turbid eyes passed by a trace of determination, and actually burned up its own tree body, trying to release the original supreme aura, guard Ye Chen, and delay time.

"Ha ha, *Alsophila* tree demon, what good is the reincarnation master? It's worth your hard work."

"You're very valuable. You're covered in treasure. You can't just die like this."

Yu Wenji's great hand was shrouded, and the towering Majesty was like a prison, which was suppressed on the *Alsophila spinulosa* tea tree.

All of a sudden, the fire burning on the *Alsophila spinulosa* tree was extinguished.

Yuwenji naturally won't give the *Alsophila* tree a chance to protect its owner. Besides, the tree is full of treasures. Whether it is branches, leaves, or tree roots, it can refine pills and magic weapons. If you die like this, it would be a pity.

Yuwenji just wanted to suppress the harvest and transplant the *Alsophila* tea tree to the temple of *stylosaurus* to protect Fengshui.

"Lord, I tried my best..."

The *Alsophila spinulosa* tea tree sighed in despair, only to feel that the branches were restrained, as if they were bound by an invisible big hand, unable to move at all.

Yuwen machine's means are so powerful that even if it wants to protect the owner, it is impossible.

Ye Chen naturally also clearly aware of the outside situation, heart suddenly incomparably gloomy.

"Am I really going to fall here today?"

Ye Chen suddenly felt serious danger, all over the hair inverted.

At present, if ye Chen wants to extricate himself from the predicament, he may have to sacrifice all the magic weapons, such as the falling dust falling dragon sword, the wild devil sword, the fragments of Longyuan sky sword, and other treasures, such as the thunder source rune, the dark source rune, and the Wutu source rune. Only by using the sacrificial energy, can ye Chen have a chance of life.

But if you do so, the loss will be too heavy. Ye Chen's foundation of Qi will certainly collapse. Even if he can survive by chance, there will be no possibility of turning the tables in the future.

"Lord of reincarnation, you must die today!"

"The hand of the devil, I have suppressed it!"

Yuwen Ji suddenly drinks, looks at that magic shield fortress, the dragon claw explodes to kill.

At this moment, the body of Yuwen's fuselage appears a touch of terrible ghost spirit. The air flow of thousands of miles is spinning and roaring, evolving the illusion of thousands of Ghost Dragons.

Yuwenji's Dragon claws burst out strong Hongmeng source gas, as if to suppress everything.

This move of "the hand of the devil" is actually the thirty-three days of Hongmeng Yuanshu, which evolved from the ancient Hongmeng method and the seal of demons subduing the dragon.

As soon as the hand of the underworld was put into practice, the sky and the earth were in a state of wildness, and the air of hell was blowing up. There was infinite magic light in the sky. The fierce hand of the devil seemed to be able to smash hundreds of stars with one blow, reaching the extreme of hegemony.

Bang!

Yu Wen Ji a palm, mercilessly bang in Ye Chen's magic shield fortress.

Boom

All of a sudden, thousands of magic shields of eternal night burst into pieces in an instant, just like paper paste, and could not stop Yu Wenji's "hand of the devil".

"The little Lord is mighty!"

Chen Qingrou and many powerful men of the dark dragon clan cheered and cheered.

Yuwenji's strength is really too strong. The magic shield of eternal night, which is hard to shake by ordinary people, is vulnerable under his palm.

Ye Chen's figure is completely exposed.

"Lord of reincarnation, give you a chance to give ye Luo Er to me, I will not kill her."

Yuwen Ji stares at Ye Chen coldly, and at a glance, he can see that ye Chen wants to maintain the operation of the eight trigrams furnace and can't fight.

If he started, he could naturally kill Ye Chen, but he would also involve ye luo'er and kill ye luo'er.

Yuwenji doesn't want ye luo'er to die at this moment. He doesn't even touch a finger of Ye luo'er. How can he be reconciled?

What he wanted most was to kill the reincarnation Lord and take ye luo'er as his plaything and play with it slowly.

"You dream!"

Ye Chenda was angry, his fist clenched, and his Qi and blood were boiling. He already had the idea of desperate. As long as he sacrificed all his magic weapons, weapons and materials, he would still have the power of World War I.

"Brother ye..."

Although ye luo'er in the cauldron could not see anything, he also felt the danger of the outside world. His heart was worried, sad, despairing and angry.

Originally, as long as wait for another two days, she can completely stay by Ye Chen's side. Who would have thought that Yu Wenji would kill her at this time.

"Yuwenji, do you want more people and bully less?"

At this time, a cold and proud voice suddenly sounded. I saw the sky of the yellow spring world, suddenly the golden light burst out, heard the Dragon roar, there are nine dragon, pull a Tiandi chariot, from the sky suddenly fell up.

A woman with a unique veil, standing on the chariot, is Wei Ying!

"Wei Ying, how did you come here?"

When ye Chen sees Wei Ying's figure, he is suddenly surprised.

"Who is it?"

Yu Wenji's face sank, and he only felt Wei Ying's cultivation breath. Although he was not comparable to him, he had a sharp edge, which was not to be underestimated.

"It's too much of a sword!"

Wei Ying snapped and waved her hand. The light of the sword exploded. A huge sword fell from the sky and killed Yuwen Ji with a rolling Taishang Dao Qi.

The majestic sword power pervaded the audience. The powerful men of the Ming dragon around Yu Wenji felt the impact of the sword power and could not help but retreat.

"Little skills."

Yuwenji is not alarmed. The dragon claw surrounded by the ghost and devil breath is actually a huge sword that goes into the white blade empty handed and hits Wei Ying.

Bang!

One claw, a sword.

Yu Wenji's paw is not hurt at all, but shakes back Wei Ying's giant sword.

Wei Ying's taishangtian Jiandao is strong enough to open the sky and crack the earth, but it can't hurt yuwenji. Instead, it is shaken back.

It can be imagined that the cultivation of Yuwen machine is so powerful.

"I'll buy you time!"

Wei Ying naturally knows that Yuwen machine repair is too strong, and she is not an opponent.

What she wants to do is to delay time and fight for opportunities for ye Chen!

As long as ye Chen hands, and then cooperate with her, two people join hands, no matter how powerful the enemy, there are ways to defeat.

"Absolutely cold sword world!"

Wei Ying's delicate hands repeatedly pinched the formula, and a continuous cold breath of ice spread out rapidly, and formed a huge boundary in the sky.

This border is a forest white color. Countless cold air floats. Among the cold air, the sword spirit evolves one after another, constantly cutting and killing.

Chapter 4827

Yuwenji and many masters of the Ming dragon clan were suddenly covered by juehan sword world, and were slashed by thousands of sword Qi.

"The Hongmeng Yuanshu of Jue Han Emperor's palace? Why show off in front of me

Yuwenji dismissive, the dragon claw swings, will be chopped over a wisp of cold sword, all without effort.

However, the strong men of the Ming dragon clan under him were in a bit of a mess when they were facing the sword spirit of juechan sword world. They used their magic weapons to resist, and they were not as relaxed and casual as Yu Wenji.

After all, not everyone is as powerful as Yuwen machine.

Wei Ying's "Jueshan sword world" is a hongmengyuan skill deduced from juechan emperor's beheading. It condenses boundaries, explodes sword Qi and kills the enemy. It is an extremely sharp magic power.

"Wei Ying, your accomplishments have improved again."

Ye Chen exclaimed, Wei Ying's cultivation progress is too fast, there are breakthroughs every time we meet.

This time, Wei Ying's understanding of "Jue Han Jian Jie" has opened Ye Chen's eyes.

If it was an ordinary enemy, I'm afraid it would have been a long time ago.

But unfortunately, what Wei Ying has to face is Yuwen Ji!

Ye Chen's admiration is still declining. Yuwenji has already burst out a series of ghosts and demons. The Dragon claws keep catching and photographing, smashing Wei Ying's sword spirit and breaking through the boundary to rush out.

Wei Ying's face, suddenly pale, obviously unable to trap yuwenji.

In this extremely cold sword world, Yu Wenji was trapped for two quarters of an hour at most, and he wanted to delay it for two days. That was just a dream.

"Break it for me!"

Yuwen Ji suddenly drinks, and the light of the dragon claw is flashing, and he is ready to kill him.

Oh!

But just then, in the distant sky, there was a call of rosefinch.

It's just a juelie figure, with a flying rosefinch sword at the foot and a flowing fire sky awn. It's Ji Siqing!

"Siqing!"

Ye Chen saw Ji Siqing appear, immediately happy to call.

These two women treat him so well that they seem to have a sense of each other and give him great help at the critical moment of his life and death.

"Rosefinch sword array!"

Ji Siqing is extremely graceful and graceful. With a wave of his slender hand, the rosefinch flying sword falls into an array, which turns into a boundary like array and covers it.

This "rosefinch sword array" is a Hongmeng yuan technique which is derived from the thirty-three Tianhong Mongolian method and the fiery sky Zhuque sword.

As soon as the rosefinch sword array fell, it immediately merged with Wei Ying's Jue Han sword world. Ice and fire interweaved, and the sword spirit suddenly soared.

One after another, Zhuque sword Qi, Jue Han Jian Qi, ice and fire double sky, ruthlessly kill in the border.

Some strong men of the Ming dragon, who were weak in cultivation, screamed on the spot and were cut into serious injuries by sword Qi.

Ji Siqing and Wei Ying are suspended in the sky side by side. They are two peerless graceful figures, looking down on the mortal world like a goddess.

A series of magic formula, from the hands of the two people, a wisp of aura, constantly poured into the boundary sword array, countless terrible ice and fire sword Qi, rolling and killing.

Although the powerful men of the Ming dragon clan are strong and powerful, they can't really kill them with the accomplishments of Ji Siqing and Wei Ying, but what they have to do is not kill people, but to use the bondage of the boundary to gain time for ye Chen.

"Are you all women of the Lord of transmigration?"

Yu Wenji stares at Ji Siqing and Wei Ying, his eyes showing anger and jealousy.

He didn't expect that when the reincarnation master was dying, two amazing women came forward.

No matter Wei Ying or Ji Siqing, their appearance, posture, cultivation and temperament are all top-notch and impressive.

Such women are all the women around the reincarnation master. Yuwenji is naturally extremely envious.

Wei Ying and Ji Siqing did not speak. They had a tacit understanding. They tried their best to mobilize their aura and maintain the bondage of the boundary.

A lot of ice and fire sword Qi was also cut towards yuwenji. Yuwenji did not launch an absolute defense. He was cut by several wisps of sword Qi, and his skin was cut and his blood flowed out.

"Very good, I will plant the black dragon's poison on you two, let you become my plaything!"

Yuwen Ji Sen Sen smile, powerful cultivation breath circulation, vitality burst, wound healing instantly.

"The devil opens the sky, breaks!"

At the next moment, yuwenji's terrible atmosphere of cultivation broke out. The Dragon claws held up the sky, and the vast spirit of the underworld and Demons exploded. It was a "boom", which broke the boundary between Wei Ying and Ji Siqing.

"Not good!"

Ji Siqing changed her pretty face and pulled Wei Ying back quickly.

She knew that yuwenji was powerful, but she didn't expect to be so powerful that she broke through the boundary formation created by her and Wei Ying.

Sobbing

All the rosefinch sword Qi, Jue Han sword Qi, all collapsed.

Yuwenji's step was shocked and the world was in turmoil. It seemed that there was nothing that could counter his majesty. "The little Lord is mighty!"

A group of powerful men of the Styx Protoss cheered and cheered again.

In their eyes, yuwenji is simply like the God of war, invincible.

"Reincarnation Lord, I want you to watch, your woman, will become my plaything."

Yuwenji looks at Ye Chen, Wei Ying and Ji Siqing, and takes a step forward.

Boom!

It's just a step. The space of ten thousand miles seems to solidify in an instant. The air stops flowing. It seems that even time is still.

The aura of Ji Siqing and Wei Ying seems to have been suppressed, and they feel suffocated.

Bang!

Yuwenji's bun on top of his head exploded, and his black hair was flying. His Majesty was like prison, and he was like the king of archaic gods. He came to the earth and took charge of the eternal truth in the world.

"Kill with me, suppress these two women!"

Yuwen Ji drank a lot like the emperor's law.

"Yes

All the powerful men of the Ming dragon clan, shouting in unison, followed Yuwen Ji and killed Ji Siqing and Wei Ying.

Yuwenji maintains a human like state, such as a king on the top, while the powerful men of the Ming dragon under his command all manifest the real body of the dragon.

He alone, as if dominating the ten thousand dragons, countless dragon breath magic light, dark gas rolling, covering the earth, the whole world of the netherworld, everywhere is the breath of the dark dragon, the breath of the magic flame, the breath of blood.

Ji Siqing and Wei Ying, looking at yuwenji and a lot of Ghost Dragons, are all discolored.

They didn't expect that yuwenji was so fierce that even if the cultivation occupied the absolute advantage, they didn't mean to fight alone.

A move, is the king's campaign, under the command of tens of millions of military horses, towering, momentum like a rainbow, huff and puff thousands of miles.

If only facing yuwenji alone, with the strength of Ji Siqing and Wei Ying, they may be able to compete one or two. However, facing all the powerful men of the Ming dragon clan, they have no chance to resist.

Chapter 4828

"The power of martial god, come!"

At the critical moment, Ji Siqing's blood was surging, and behind him appeared a virtual image of an ancient female martial god.

The goddess of martial arts holds a huge sword of rosefinch. She is majestic. The sky is blazing. Countless ancient fairies with wings are flying. One sword kills yuwenji's rolling dragon.

"So you are the ancient goddess of martial arts, Qu Chenyan!"

As soon as Yu Wenji saw the virtual shadow of the female warrior God, he suddenly woke up.

In the last life, Qu Chenyan was the guardian of reincarnation.

In this life, Ji Siqing also guarded Ye Chen.

"It's good. I've seen many women in my life, but it's the first time I've seen a female martial god."

Yuwenji licked his lips, and a trace of heat was revealed in his eyes. The dragon claw came out and faced Ji Siqing.

His claw is not a man's power. Many powerful men under his command are full of momentum and poured into his body.

At this moment, Yuwen Ji, the dragon claw expands to a terrible level, as if even a star can be easily crushed.

Click!

Ji Siqing behind the female martial god virtual shadow, Zhuque giant sword was yuwenji dragon claw grasp, it was all at once, was crushed.

The figure of the whole female warrior God, in yuwenji's vast dragon power, is also an instant collapse.

"Back!"

Ji Siqing clenched his teeth and quickly pulled Wei Ying back. At the same time, he pulled out the Qixia jade hairpin. With a stroke forward, he broke through the void and instantly drew a galaxy like light.

Bang!

Yuwenji and a group of powerful Ming dragons collide with the Milky way, and their bodies are suddenly stunned.

"Qixia jade hairpin? Good magic weapon. "

Yuwenji laughs, this Qixia jade hairpin is the most precious treasure in the past thirty-three days. It can easily break through the void and even draw a star river to block the enemy's pursuit.

Taking advantage of Yu Wen Ji's body blocked, Ji Siqing and Wei Ying quickly came to Ye Chen's side.

"Are you all right?"

Ye Chen looks at two women, in the heart a burst of gratitude, a burst of shame.

"I'm fine, and you?"

Wei Ying looks at Ye Chen with a trace of worry.

Ye Chen said, "I'm ok, too."

"Ye Chen, you and Wei Ying will leave here immediately. I will stop Yuwen Ji."

Ji Siqing's eyes are plain. He has a decision in his heart. His whole body glows with light. He evolves the wings like a rosefinch. He is ready to go all out.

If she really tried her best to burn all the blood energy of the ancient female warrior God and pay the price of her life, she would have a chance to hold down Yuwen Ji and fight for ye Chen's chance to escape.

"Siqing, no more."

Ye Chen gently holds Ji Siqing's hand, but his eyes are full of fighting spirit. He looks at Wei Ying and says:

"you take care of Luo'er for me, and I will deal with Yuwenji."

Ji Siqing's eyes sank and said, "do you want to deal with Yuwenji yourself?"

Ye Chen clenched his fist, and the war and hatred in his eyes burned more fiercely. He said, "Yuwenji has directly broken into my world and stepped on my head. If you don't wash away, you will be in vain! You're here just in time. You take care of Luo'er for me. I can spare my hands to fight! "

Ye Chen looked at the eight trigrams furnace. Before, his biggest problem was to maintain the operation of the eight trigrams furnace. He couldn't get out of the fight. As a result, he was trampled on by Yuwen Ji and could not fight a decisive battle.

Now Wei Ying and Ji Siqing are here at the right time. They are enough to keep the eight trigrams furnace running.

With Wei Ying and Ji Siqing's accomplishments, naturally, they have mastered some principles of the eight trigrams. It may be difficult to apply the eight trigrams Dan technique to save people, but it is not a difficult thing to maintain the operation of the furnace.

Wei Ying and Ji Siqing look at each other, but they haven't agreed, but ye Chen takes a quick step and suddenly comes out.

"Ye Chen!"

The two women were scared. They knew that Yuwen machine was powerful. Ye Chen was alone. How could he be an enemy?

Karala.

As soon as ye Chen left, his whole body was pumped away, and the eight trigrams furnace suddenly vibrated, showing signs of rupture.

Once the furnace is broken, ye lu'er inside will be affected in an instant, and there is a danger of falling.

Wei Ying and Ji Siqing quickly played out a formula, barely maintaining the operation of the furnace.

And ye Chen over there has been a storm in front of Yuwen machine.

Finally, ye Chen's eyes are full of boiling fighting spirit, cold murderous spirit and towering anger.

"Yuwenji, dare to break into my world, I want you to take your life to fill it in!"

Ye Chen's voice, rolling like thunder, instantly spread all over the world.

"Elder Tianyou cicada, borrow my strength

At the same time, ye Chen calls Tianyou Zen woman in his heart.

The power of Shuo Lao and Xuanxian can not be used, but the great power in the reincarnation cemetery is an exception!

What's more, there is a reason why Ye Chen didn't use the power of Tianyou cicada girl during this period of time. Tianyou cicada girl is entering the Zen path. At the moment, the state of Zen and Tianyou cicada girl has reached the extreme!

If borrow a force, even stronger than Shuo Lao and Xuan Hanyu's power!!!

In the samsara cemetery, a tombstone vibrates, and the figure of Tianyou Zen woman emerges, pouring her own cultivation breath into Ye Chen's body.

"Yuwenji's strength is too strong, the reincarnation master, you must defeat him, my Zen Art has been brewing to the extreme!"

The power of Tianyou Zen woman is poured out without reservation, but her body shows signs of fading away.

Boom!

With the power of Tianyou Zen woman, ye Chen's body burst out, Qi and blood soared to the sky, and his cultivation advanced by leaps and bounds. In a flash, he broke out his strength beyond the early stage of Huanzhen, and even kept rising!

We can see how deep the inside story of Tianyou cicada girl is!

"How could that be possible?"

At this time, Yuwen Ji also took people to break Ji Siqing's Galaxy and face Ye Chen.

When feel Ye Chen crazy soaring breath, yuwenji is completely shocked.

The powerful men of the Ming dragon clan were also shocked on the spot. They only felt that ye Chen at this moment was an indomitable God of killing, dominating everything, despising everything and destroying everything.

"Even if this is the world of the netherworld, the growth of his accomplishments can't be so outrageous!"

Yuwen Ji stepped back and was shocked.

As a genius demon of heaven and man, he has experienced too many battles and battles, but it is the first time to see such a strange situation.

Although this is the world of the chart of the yellow spring, ye Chen's accomplishments have increased slightly in his own territory, but no matter how much he grows, it is impossible to soar from the four layers of heaven and earth to such a level, which is so ridiculous.

"The legendary reincarnation master is really extraordinary. Is this the function of your blood?"

Yuwenji stares at Ye Chen and guesses that ye Chen is powerful in an instant. It may be the reincarnation blood that plays a role. However, he doesn't expect the blessing of reincarnation graveyard behind Ye Chen!

Reincarnation cemetery, there are taboos in the world! But it is the strongest taboo in the world!

Chapter 4829

"Die for me!"

Ye Chen snorted coldly, but he didn't talk nonsense with Yu Wen Ji. His whole body was full of dragon breath, and all of a sudden, he burst out eight butcher spirits.

A towering, towering, towering Stupa, suddenly emerged from the void, the weather of countless dragon, God, Yasha, Shura, constantly intertwined and turbulent.

The infinite golden light blocks the sky and blocks the sun and the earth, the sun and the moon are extinguished, and the violent force is pounding around to destroy the whole world.

"What a terrible breath!"

Yuwen Ji's face changed greatly.

At present, ye Chen's cultivation is not the four layers of heaven and earth. He borrows the power of reincarnation. His strength is not only ordinary but also in the middle of the real state. Under the overwhelming anger, he has eight putu Qi. The light of Buddha sweeps across thousands of Li. He is fierce and overbearing. He is simply invincible.

Many of the powerful men of the Ming dragon clan retreated in panic, only to feel that ye Chen was completely like a changed person, becoming extremely violent and terrifying.

The breath of Buddha light explodes in the void. Every explosion seems to fall stars and crush all the immortal materials in the world. It seems that there is nothing that can stop the killing of the eight stupas.

Yu Wen Ji and ye Chen are not far away from each other, and they clearly feel the horror of the eight Fu Tu Qi.

Such a violent energy, as if even separated by the stars, ye Chen could have a palm in the air, transmit power, ignore the distance between the sky, and smash everything on the other shore to pieces.

Boom!

Ye Chen kills with one hand. Under the influence of the eight Fu Tu Qi, the Buddha's light is like a vast sea, killing Xiang Yuwen Ji.

Yu Wenji's face is dignified. Although his cultivation is still much higher than ye Chen's, he can catch the palm, but ye Chen's momentum at this moment is really terrible. His fighting spirit is suppressed, and he dare not meet him, so he can only retreat.

Yuwen machine a retreat, his side of the Dark Dragon strong people, immediately exposed in the palm of Ye Chen.

"No!"

The strong were shocked and fled.

However, there are still a few Ming dragons, too late to retreat. They are beaten by Ye Chen, and the rules are broken. In an instant, they are all dead and lose all their vitality.

The people looked dignified and frightened. Wei Ying and Ji Siqing over there also took a breath of cold air.

At this moment, ye Chen's murderous spirit is too terrible. It's just that the God blocks the killing God, and the Buddha blocks and kills the Buddha. In addition to Yu Wenji, I'm afraid no one is his opponent.

"If you dare to break into my world, you are looking for death!"

Ye Chen's eyes are cracked, a wave of his big hand, the pagoda of the pagoda is killed, and several slow dodging Ming dragons are crushed into meat paste directly.

A group of strong men of the netherworld dragon trembled suddenly.

Chen Qingrou is shaking.

At the beginning, she was caught by Ye Chen, and now she can live, which is her luck.

If ye Chen wants to kill a killer, I'm afraid her 10000 lives are not enough.

"Well, the reincarnation master is really earth shaking and extremely strong. No wonder even the master of fate and the master of heart demons can't kill you."

"It's a pleasure to fight you today!"

Aware that his spirit has been suppressed, and ye Chen's killing is so ferocious, Yu Wenji's eyes, is also the essence of fire, showing a fanatical fighting spirit.

Hum!

A layer of silvery white light burst out of Yuwen's fuselage. He instantly released the supreme heaven to guard the way and launched absolute defense. A light ball shield protected himself.

Reincarnation of the majestic impact of blood, ye Chen to his mental pressure, all of a sudden to resist.

This protective light shield seems to be able to resist any attack means, mental shock and blood suppression. It's very powerful.

Ye Chen sees this scene, also quickly calm down.

Yuwenji, the shield, is the legendary heaven guarding the road. It is said that all evils do not invade, and all dharmas can not be broken. Its defense is very powerful.

"Everybody, use my strength!"

Yuwen machine hands high, such as the Lord of the world, black hair flying root by root.

Facing Ye Chen, he will not be careless.

Many powerful men of the Ming dragon clan immediately gathered behind Yuwen Ji, and Qi Qi sent out an ancient and resonant chant.

With their singing sound, wisps of pure aura floated out of their bodies and poured into the body of Yuwen.

Karala!

All of a sudden, yuwenji's muscles and bones skyrocketed, and his muscles became tangled up one by one. The whole person's breath soared, and his cultivation broke through for a short time, becoming more and more unfathomable!

Of course, it's just the surface.

"Reincarnation Lord, although this is your world, you are weak after all. Today I will let you see and see the mighty power of the Ming dragon clan!"

Yu Wenji roared and shook his body. He finally showed the real body of the dragon. His claws were mixed with the breath of ghost and killed Ye Chen fiercely.

He is a dragon like real body, surrounded by layers of guardian light, as well as ancient earthworm like runes, and the heaven has played to the extreme.Boom!

Ye Chen killed the dragon with his hands in a frenzy. The light of the Buddha was surging and the God palmed the sky. He took the lead to attack yuwenji's dragon body.

Yu Wen Ji does not dodge, hard by Ye Chen's palm, the whole body guard holy light is solid and firm, has not been shaken appearance.

"The supreme heaven defends the Tao. It is true that all dharmas do not invade and all evils do not break through. They are absolutely defensive."

Ye Chen's eyes change. Yuwenji is too high to defend the way. His defense is really strong. He kills with one hand, and even the stars can be destroyed. He can't break yuwenji's defense.

It can be imagined that it is too high to defend the way, how terrible the defense is.

"Reincarnation Lord, it's a pity that your blood has not been completely restored. Otherwise, I may not be able to block the heavenly power of the six reincarnations. Today I won't win, but don't blame me. Who said your potential is so terrible."

In the moment, the voice of the moment reaches the mind.

It seems that Yu Wenji feels that he has won the victory and has issued a declaration of victory.

Hiss!

At the next moment, yuwenji's dragon claw is torn, and the infinite void is broken. A claw kills Ye Chen in front of him, which is actually stabbing Ye Chen's heart.

If you are hit by the paw of Yuwen Ji, ye Chen's body and spirit will collapse instantly, and there is no possibility of survival at all.

Even if ye Chen's vitality and physical body are against heaven!

"The Supreme Master's way, the heavenly demon holy body, the supreme heavenly devil body, open!"

In the room of electric light and flint, ye Chen drinks violently, and the purple ribbon thousand machine seals appear, and a continuous stream of immortal Qi comes upon him, and evolves into a Taoist robe of the dragon and tiger Heavenly Master.

At this moment, ye Chen directly opened the way of the Supreme Master of heaven, incarnated as the master of dragon and tiger, and his eyes were also full of evil Qi. Layers of magic lines appeared on his skin, which actually opened the body of the Supreme God at the same time.

One immortal and one demon, two breath, in Ye Chen's body gallop flow, mutual fusion, not a bit of exclusion, but like Yin and Yang eight trigrams, perfect fusion to the extreme.

Ye Chen's cultivation is violent and violent. The sword is pulled out, and the light of the sword is like prison. The dragon claw of Yuwen Ji is blocked by the grid.

Yuwenji's dragon claw gathers the breath of many powerful men of the underworld dragon. Originally, he wanted to kill with one blow, but unexpectedly, ye Chen blocked it with a sharp sword.

Chapter 4830

"The confluence of immortals and demons, good means, good powers, how many cards do you have in the end?"

Yuwenji saw the breath of Ye Chen, but he was even more domineering than just now. He couldn't help admiring him.

Yuwenji was surprised to find that the two different flavors could blend perfectly.

If ye Chen can be killed and all the spirits and blood vessels of Ye Chen can be swallowed up, all the supernatural powers against heaven will belong to him.

Thinking of this, Yu Wen Ji's eyes suddenly showed a blazing look.

"The blood moon slays the sky!"

Ye Chen gave a cold drink, but there was no nonsense. The immortal spirit of the Dragon Tiger master and the evil spirit of the demon overlord broke out to the extreme. At the moment when the breath reached the peak, he waved his sword wildly, and the blood light on the sword floated. He directly used the blood moon to kill the sky.

Boom!

In an instant, five blood red moons appeared in the sky of the yellow spring world.

Endless blood moon shining, scattered on the earth.

Ye Chen flies into the sky with a sword, with the sky's blood and moonlight, as well as the majestic power of subduing dragons and cutting down yuwenji.

Ye Chen is very clear, although the star soul chop is strong, but with Sha Jian is not necessarily the most suitable to deal with yuwenji!

The sword of falling dust and subduing the dragon has the effect of restraining the dragon clan.

Although the sword is not as good as the dragon Yuan sky sword, it has a strong suppression effect.

Yu Wenji saw the light of blood moon sword all over the sky. In addition, he also caught the pressure of falling dust and descending dragon sword. His eyes were calm and there was not much fear.

"It's no use, Lord of reincarnation, my protective magic power, crown the heaven and the world. Unless you completely restore the reincarnation blood, you can't break my defense and die for me!"

Yuwenji grinned grimly, but he didn't avoid Ye Chen's blood moon butchering the sky. The Dragon claws were killed in a rage. The ghost spirit broke out and killed Ye Chen again.

He has absolute confidence in his protective magic power, which is too high to guard against the fate of the gear, unless ye Chen's reincarnation is restored, it cannot be broken.

"Ha ha."

The corner of Ye Chen's mouth, however, showed a sneer.

Hiss!

Blood moon sword light, mercilessly cut down, first fell on Yu Wen Ji's dragon body.

The holy light of yuwenji's body protection was instantly torn by the sword spirit.

The terrifying blood moon sword Qi cut yuwenji's body and cut out a deep wound. The blood gushed out like a fountain and the Dragon scales splashed.

"This How could that be possible! "

Aware of the fragmentation of the guardian light, yuwenji looks shocked.

Blood moon sword light explosion cut, severe pain, quickly spread throughout the body.

Yuwenji is full of aura, almost torn to pieces by pain, and his eyes are full of horror.

Ye Chen's sword hurt him so much that he could almost see the bone.

Yuwen Ji has never been hurt and has not shed a drop of blood since he was trained to be a supreme guardian.

Because of his protective power, he is almost invincible, and no one can break it.

But this time, Ye Chen's sword, but annihilated all the guardian light, severely hit him.

He was so confused that he couldn't understand what was going on.

This is impossible. No matter how powerful his bodyguard is, no matter how powerful he is, no matter how powerful he is, it is impossible to hurt him. Only by reincarnation, heavenly power, and heart demon attacking and killing, can he be injured.

"You are still careless."

Ye Chen smiles coldly, but there is a huge plate of reincarnation behind him. He rises slowly and rises, and there are also lines of reincarnation on his skin.

It turns out that Ye Chen had secretly used the six ways of reincarnation when he just performed the blood moon Tu Tian chop. He used the sabbath of samsara Tianwei to tear up Yuwenji's defense and directly inflict heavy damage.

It can't be! Your six ways of reincarnation should not be so strong! "

Yu Wen Ji's pupil shrinks, looking at the wheel of reincarnation suspended behind Ye Chen, I just feel fantastic.

Last time, ye Chen took ye Luo'er away from the ancestral temple. There was a breath of six samsara methods in the air. Yu Wenji clearly caught Ye Chen. At that time, the power of the six samsara was limited and could not hurt him.

But now, the power of Ye Chen's six ways of reincarnation is more powerful than that of the last time in ZuLong temple. He directly breaks through Yuwenji's defense.

"Can you understand my realm?"

Ye Chen grinned, his eyes were full of opportunities, and he didn't explain too much.

In fact, when he left the ancestral temple, he devoured the bones of samsara. Since then, the power of the six ways of reincarnation has been raised to a higher level. Although it is still very weak, it should be almost the same to deal with the current situation!

Yuwen machine did not expect this, suddenly capsized in the gutter, suffered a great loss.

Yuwenji was shocked. He had already awakened 120000 spirit. Before leaving, he repeatedly reminded himself that he should not be careless. But unfortunately, at the moment of battle, he had the advantage and was still careless.

This time, Ye Chen's reincarnation and Tianwei erupted, tearing his defense directly. One sword almost cut him in the waist, and he was seriously injured.

"Little Lord!"

A group of strong men of the Styx Protoss were completely shocked.

Yuwen machine how powerful, unexpectedly will be Ye Chen heavy damage, this is simply incredible things.

Wei Ying and Ji Siqing, seeing the defeat of Yuwen Ji, were also surprised.

They did not expect that ye Chen really had a chance to defeat yuwenji.

Ye Chen looks at Yu Wen Ji's embarrassed appearance, in the heart, is incomparably happy, has the revenge excitement.

However, ye Chen has a clear mind.

He is very clear, this time can hit Yuwen machine, is completely fluke.

If Yuwen Ji is not so careless, ye Chen may not be able to win.

After all, yuwenji's strength is much higher than ye Chen's. Ye Chen can seize the opportunity and make heavy losses at one stroke. It is because he has rich combat experience and perseverance, and finally finds a trace of vitality in the desperate situation.

But next time, it may not be so lucky.

"Reincarnation Lord, congratulations on defeating yuwenji."

In the samsara cemetery, Tianyou Zen woman also issued a joyful voice to congratulate Ye Chen.

To defeat such a strong enemy, ye Chen's martial spirit will be able to further break through.

But after finishing this sentence, the figure of Tianyou Zen woman gradually faded down.

"Master!"

Ye Chen calls out, but finds that Tianyou Zen woman has poured all her energy to help herself. Now the spirit can't support it and is about to disappear.

"Save me as soon as possible. Don't let my brother take risks."

"Next time you see my brother, remember to say hello to him for me."

Tianyou Chan woman smiles, her body gradually fades away, and finally disappears completely.

Before she disappeared, she was still thinking about her brother, the greedy wolf emperor.
