

## Physician 4841

### Chapter 4841

He can't find Ye Chen, but he can trace ye lu'o'er's breath and find out Ye Chen's position.

Hearing the speech, ye Chen's face changed. Ye lu'o'er awakened to the Dragon God's breaking Tianjue. The cause and effect involved was too big, and it was really easy for the enemy to find out.

Feng Wuji was born in the ancestral temple of the dragon. The blood of the dragon family is pure. His sense of the Dragon God's breaking Tianjue can be traced to ye lu'o'er.

"Brother ye, I'm sorry..."

Ye lu'o'er is quite apologetic. He looks at Ye Chen with a look of remorse. If it were not for her, ye Chen would not be exposed.

"It's OK, lol, I'll protect you."

Ye Chen gently grasps ye lu'o'er's hand and does not blame her.

"Ha ha, the reincarnation master, you really attach importance to love and righteousness. There is indeed her reason why the goddess of heaven values you so much."

"It's a pity that you have to die today. If you want to fly to the top, wait for the next life."

Wind Wuji talks between, has locked Ye Chen's Qi machine, no matter how ye Chen moves and jumps, can't escape from his palm.

"It's too much for me to suppress!"

Wind Wuji suddenly burst out a terrible breath of cutting, as if to smash the starry sky, strangle heaven and earth, a black saw tooth ripple jumped out and killed everywhere.

Heaven's remnant path, this Taoist method, when applied to the extreme, will have a sharp cutting breath to release, to cut everything.

Chuckle!

The zigzag blade lines cut the whole sky into pieces in an instant. Even the sunlight from the sky was cut into pieces by the method of tiancandao.

It's so weird that even light can be cut and smashed.

As soon as ye Chen's pupil shrinks, he will see a zigzag ripple, like a ripple. Once he is killed by these sawtooth, even if ye Chen's constitution is amazing, he will be cut into pieces of meat in an instant, and there is no possibility of recovery at all.

Obviously, in order to kill Ye Chen, Feng Wuji moves his hand to death when he meets, leaving no leeway.

"Eight puffs!"

At the critical moment, ye Chen's whole body glows with radiance, and layers of Buddhist light explode and condense into a towering Pagoda with various heavenly dragons roaring around to resist the killing of the remnant path of heaven.

"Eight putu Qi? Ha ha, your magic power is very good. Unfortunately, the gap between our realms is too big. All your struggles are in vain. "

In one tenth of an hour, the wind Wuji makes a proud voice like that of the world. With a click, the pagoda of yechen's pagoda is cut into pieces, and countless golden lights are scattered. In the void, the desolate chant of Buddha's death is heard.

"Puff!"

Ye Chen on the spot blood spurt, visceral concussion.

These eight Fu Tu Qi are not the real magic weapon, but the supernatural power of Ye Chen. Once the pagoda is destroyed, ye Chen will suffer great trauma.

"How? Don't waste your energy. You can do it yourself. I think for the sake of the emperor, I will leave you a whole body. "

When ye Chen was hit hard by the wind Wuji, he stopped fighting. The sky curtain behind him was cut into pieces by his broken teeth. Countless space turbulence and black hole vortices emerged.

In this way, he was suspended in the sky, behind the background of the deep and strange curtain of the sky, it seemed that he was towering above the world.

Ye Chen's face was suddenly dignified. He only felt that the gap between the two realms could not be made up. Even if he incarnated as the dragon and tiger master, opened the heaven demon body, the heaven demon holy body, the Sanyuan Taiyi Gong, the star soul chop, the Hongmeng star sky, and then the blood moon butcher sky chop, etc., could not defeat fengwuji.

The gap between the two realms is too great to be made up by any means.

Now the samsara cemetery is also sleeping. When Tianyou Chan girl fought with Yuwen Ji, she had already dissipated. Ye Chen could not borrow from the samsara power, let alone be an enemy of fengwuji.

The situation has fallen into a dead end.

"Hehe, reincarnation Lord, since you are not willing to be decent, I have to help you to be decent."

With a smile from the wind and a wave of his big hand, the remnant road of taishangtian erupts to the extreme. Tens of thousands of black serrated waves, mixed with the terrifying and murderous spirit of cutting the world, are sweeping towards Ye Chen.

Whew!

Ye Chen's pupil shrinks and pushes away ye lu'o'er. His body twinkles continuously to avoid being killed. However, he is extremely embarrassed.

The realm of wind limitless is too high. Ye Chen is not an opponent at all. If he delays, he will be cut into a pile of diced meat sooner or later.

"Brother ye..."

Ye lu'o'er looks at Ye Chen so embarrassed appearance, the heart is incomparably painful.

Feng Wuji's magic power is perfect. The zigzag blade pattern all over the sky only pursues Ye Chen and does not hurt her.

But to see ye Chen in distress, ye lu'o'er is naturally extremely distressed.

Puff, puff, puff! Ye Chen dodged again and again, but the number of serrated waves was too much. He was still cut by several black serrations. There were ferocious wounds on his arms and shoulders. Blood was dripping and bones were visible. Severe pain spread all over the body.

Even the life force of terror is useless at this moment!

"Hiss..."

Ye Chen takes a breath of cool air. The wound caused by the remnant path of heaven can't be alleviated by Bagua Tiandan technique or Tianxian Koi, and it can't be cured.

"am I really going to be cut into pieces today?"

Ye Chen's heart sank.

Boom.

At this time, ye Chen suddenly felt that the reincarnation cemetery was shaking!

When ye Chen gathered the essence and blood of Chongguang Shenxia palace and Xuanyuan moxie, Chongguang Shenxia palace did not open at the first time, but continued to explode. At the same time, after the samsara cemetery gathered the stars from Chongguang Shenxia palace, it seemed that they were in a sleeping stage. All the tombstones were dim, but now, the reincarnation cemeteries are shaking violently!

Every tombstone is shining brilliantly.

Seems to be upgrading transformation! And Chongguang Shenxia palace seems to be open!!!

And that mysterious stone also flies at this time, suspended in the top of Ye Chen, blooming strange light and vision.

"What is this?"

Wind Wuji saw this scene and was shocked.

See ye Chen's body, brilliant, shining through the ages, throughout all time and space, all the universe.

This light seems to be with the ultimate reincarnation of the heavenly power, condensing in the sky one after another on behalf of the destruction of the yellow spring demon flowers, thousands of miles of void have been frozen, the air seems to have become steel, extremely heavy, the animals and beasts in the mountain forest below are bleeding from seven orifices, all blood has been squeezed out, plants and trees have withered.

This is the reincarnation of Tianwei, suppress everything, kill everything, just a vibrant world, suddenly became a desert, even the sun in the sky has lost color.

"A samsara song, playing the world."

"In an instant, the boundless and indistinct world is scattered."

"Control reincarnation, surpass the heavens, and fix the universe."

"The tomb of reincarnation is an eternal taboo."

"When reincarnation is hanging high in the sky, ten thousand dharmas will be subject to."

Chapter 4842

In Ye Chen's body, there are grand and magnificent epic poems, which are constantly sung out. At this moment, the samsara cemetery is changed unexpectedly and seems to be upgraded.

"Reincarnation graveyard upgraded?"

"Is it because that part of the great energy body and the tombstone appear in the samsara cemetery at the same time?"

Ye Chen opened his eyes wide, but he felt strange. His divine sense glanced at him. Suddenly, he found that the aura in the tomb of samsara had become extremely terrifying. It was so rich that it almost dripped out of the water. There was tremendous energy everywhere.

"Boy, your blood is completely awake?"

Wind Wuji saw the vision on Ye Chen's body, and was shocked beyond measure.

He didn't know the secret of the reincarnation cemetery. Seeing the epic of praise flowing from ye Chen, he only thought that ye Chen's blood had been completely recovered, so that the terrible reincarnation heavenly power broke out.

The powerful reincarnation of heaven and earth shakes the universe. The majestic epic of praise, mixed with the light of reincarnation, radiates to the universe.

Such a big weather also shocked the empress and Emperor Shi Tian.

"This is Hymn of reincarnation! Is his blood fully recovered? "

The sky of the upper world, surging with the reincarnation of the rays, the vast praise epic, shocking people's mind.

Xuanjiyue looks up to see this scene, her face suddenly becomes very ugly.

She did not know the secret of the reincarnation cemetery, but thought that ye Chen's blood had completely revived.

"It's impossible! He can't wake up so soon

Xuanjiyue was deeply shocked. The reincarnation master of the previous life was extremely powerful enough to kill her and the emperor Shitian.

If ye Chen really recovers completely, then her doomsday will come.

"Your Majesty."

In the meantime, a dark looking young man in black appears, but he is the master of the magic stele.

"Lord of the magic tablet, why are you here?"

Xuanjiyue's eyes are cold. In the battle of Hongmeng and Fudi, the master of the magic stele holds her master's way of destiny, but she is still defeated by Ye Chen.

In xuanjiyue's heart, the master of the magic stele has no value for cooperation.

This man is exhausted and can't turn over any waves. Sooner or later, the reincarnation magic stele will be taken away.

Xuanjiyue didn't snatch it because she was worried about cause and effect. When the owner of the magic tablet died, she couldn't miss the reincarnation magic tablet.

"I'll show you something."

With a faint smile, the master of the magic stele offered a clean and refreshing stone gate.

On the stone gate, there are three ancient and obscure characters.

"The door of a nose? How is it purified? "

When Xuanji Yue saw it, she immediately recognized it. Then she pinched her fingers and immediately captured the picture of Ye Chen and Yuwen Ji fighting.

"The Lord of reincarnation."

"Wait a minute. These three words are strange!"

Xuanjiyue looks at the inscriptions on the door of a-bi, and her face turns pale.

From these three characters, she felt the extremely terrible cause and effect, and hidden behind her was the supernatural machine of the superior!

"These three words should be the name of the superior. I heard that there was a superior person who was suppressed in the heaven and man domain by the supreme goddess."

"It's a pity that I can't decipher the name, your majesty. Take a look."

The master of the magic stele has a deep voice. Now he has lost his vigor. The superior who was sealed and suppressed is his only chance to turn over.

"This is the character of the supreme world. There are some unexpected things that nobody can understand except the reincarnation master."

Xuanji moon suddenly moved. If you can decipher these three words and know the name of the superior, you can trace back to the heaven and find out the position of the superior.

Once you find the person who has been sealed, it will definitely be of great benefit.

"Your Majesty, you are so magical that you can't understand it?"

Asked the master of the magic tablet.

Xuanjiyue did not speak, but pointed out that a ray of purple light shrouded the door of a-nose, and kept searching and investigating.

"It's him!"

At the next moment, xuanjiyue seems to have found something out. The whole person is startled. She actually takes a step back, showing incomparable fear and shock.

"Queen, have you cracked it?"

The master of the magic stele asked in a hurry when he saw that xuanjiyue was so impolite.

"No, but I feel that the sealed superior is the one who killed Yan Changsong in the past."

Xuanjiyue's eyes turned and seemed to be thinking about something.

The Lord of the swallow: the stele of the devil

Xuanjiyue nodded and said, "well, if you want to find this superior person, you should cooperate with emperor Shitian and deduce the natural mechanism with the breath of heart demons."

"Cooperate with emperor Shitian?"

The eyes of the master of the magic tablet suddenly brightened.

Xuanji Yue laughed and said, "the superior in the legend must also be interested in the emperor Shitian. You can go to the palace of emperor yuan to discuss with emperor Shitian."

In the last two days, the emperor and Xuanji split their skin completely. However, for the absolute interests, they still have the possibility of cooperation!

If cooperation, can find out behind the seal of the superior, the two people have the advantages of adversity.

As long as you get a little blessing from the superior, you will benefit immensely.

"OK, I'll go to the palace of emperor yuan."

The master of the magic stele narrowed his eyes and quickly agreed.

He is very clear that the cause and effect involved by the superior is very terrible, which he can not bear alone.

After entering the Bureau, La Xuan Ji Yue and Emperor Shi Tian first find the superior, and the specific interests can be gradually divided up.

Whew!

The body of the master of the magic tablet flashed, turned into a wisp of black fog and disappeared.

At this time, the palace of emperor yuan, the bottom of the abyss of calamity.

In the dark abyss, the epic hymn of samsara also reverberates. It seems that there are countless gods praying and blessing and making a magnificent voice to suppress all evils.

Ye Chen reincarnation cemetery upgrade, the vision has been spread here, you can imagine how terrible the momentum is.

"Well Cough The Lord of reincarnation has completely recovered? "

In the palace of red lotus and purple gold, Emperor Shitian felt such a vision, his face was also discolored, which affected the wound and coughed violently.

He was cut and wounded by xuanjiyue sword, but he has not recovered. The sharpness of Shenluo Tianjian is too powerful.

"If the reincarnation master really fully recovers strength, then xuanjiyue and I will fall."

Emperor Shitian is dignified and unusual. He is the reincarnation master of the previous life. His strength stabilizes him and xuanjiyue.

Once Ye Chen really recovers his strength, he is dead and will not have any chance to make a comeback.

If he wants to fight against the reincarnation master at the peak level, he must at least practice the heart demon curse sword to the eighth level, but it is obviously impossible to achieve this in a short time.

"Who? Get out of here

Emperor Shi Tianzheng worried, suddenly caught a trace of evil gas, quietly sneaked into the red lotus Purple Palace, and immediately yelled.

Hiss!

A wisp of black gas came out of thin air, and the figure of the master of the magic stele emerged. Standing in front of the emperor Shitian with his negative hand, he said, "the Lord of the temple of emperor Buddhism, long time no see."

"You are the master of the magic tablet."

Emperor Shi Tian ha ha smile, eyes pass a trace of blazing heat.

Last time, he and eight old heart demons supported the magic spirit palace. They wanted to kill Ye Chen by Fengxing meteor's hand, but they failed.

At that time, fengxingqiu also said that he would share the samsara magic stele with him.

Once you get the reincarnation magic tablet, the emperor's heart demon cultivation will definitely advance by leaps and bounds.

Therefore, when you see the master of the magic tablet, there is a murderous spirit in the eyes of the emperor.

However, Emperor Shitian's injury is too serious. If he starts to do it carelessly, he will probably eat himself back. Therefore, he does not move. He looks at the master of the magic tablet lightly and guesses his intention.

This is the site of the emperor yuan hall. Since the master of the magic tablet dares to come, he must rely on him. Otherwise, even if the emperor Shitian doesn't make a move, the eight old inner demons can kill him.

"Emperor Shitian, the empress and I want to cooperate with you. What do you think?"

The master of the magic stele is straight to the point, and his words are like thunder and lightning exploding in the silent red lotus Purple Palace!

Chapter 4843

"Cooperation?"

Hearing this, the emperor Shitian smiles and doesn't speak. He just looks at the master of the magic tablet coldly.

He and xuanjiyue have broken up. If xuanjiyue wants to cooperate, he must put forward enough chips.

"We found the secret of a superior. This is the clue."

The three ancient and mysterious characters on the gate of a-bi, which is worshipped by the Lord of the magic stele, seem to have unexpected magic power and attract people's attention.

"This is Who killed my master? "

Emperor Shitian's face suddenly changed. As soon as he saw the three words, he immediately captured the infinite mystery and peeped into the picture of Yan Changsong being killed in the past.

Yan Changge, his master, was the master of the former generation of heart demons. He was killed by a finger of the superior.

Now, in front of emperor Shitian, the picture of killing and cutting in those years appeared.

The sky is dark and the sky is dark.

A finger, pierced through a world, from the time and space of thousands of miles away, hit Yan Changge to death.

Facing that finger, Yan Changge doesn't even have the ability to resist.

In the eyes of real superiors, what ancient sages and masters of heart demons exist like ants, which will be killed by seconds at the flick of a finger.

The strength of the superior is simply ridiculous and indescribable.

Now when Emperor Shitian saw the characters on the door of a-nose, he realized the breath of the superior!

In the past, the superior who killed Yan Changsong was sealed in heaven and man!

"Yes! The queen and I want to find the one in charge

"As long as we get the blessing of the superior, it is enough to go against the heaven."

"Even if we work together, there's a chance that we'll fall apart."

In the eyes of the master of the magic stele, a trace of fierce light flashed in his eyes. He surrendered to the superior and obtained blessings. His income was absolutely rich.

But if you kill the superior and devour the aura law of the superior, the benefits will be even greater. Even if the three people share equally, they will be able to dominate the universe.

Hearing the words of the master of the magic stele, the emperor Shitian also took a deep breath and almost choked.

Murder the superior, this plan is too crazy, more crazy than the heart demon trial!

"Emperor Shitian, we need your help."

The master of the magic stele opened his mouth. Now, if you want to trace the position of the superior, you must rely on the emperor to explain the heaven, use the spirit of the heart and the devil, and trace back to the heaven's secrets, so as to see all the possibilities.

"Do you really want to murder the superior? Is it all over? "

Emperor Shitian laughs. He has been in contact with the will of the superior in the back of the palace of emperor yuan, but it is an ethereal spiritual will, not a substantive contact.

The real superior, the emperor Shitian, has never seen him. He only knows that his strength is so unreasonable that he can't speculate with common sense. Even if he is sealed and in a weak state, he may not be so easy to kill.

The main way of the magic tablet: "find people first. As long as you find people, everything can be planned again. You can consider it."

Hearing this, Emperor Shitian is calm. He is seriously injured now. It is impossible for him to recover completely without a few years.

Once he really wants to delay for a few years, he will be completely closed, completely separated by xuanjiyue and the reincarnation master. It is very difficult for him to have a chance to turn over.

However, if you can find the superior person and get a little blessing from the superior person, you can recover the injury instantly, which is of great benefit.

However, the master of emperor Shitian was killed by the superior and asked him to bow to the superior. He would rather die than surrender.

The murder of a superior person is even more uncertain.

"Emperor Shitian, the hymn of reincarnation has spread all over the world. The reincarnation master may have completely recovered his strength. You have no time to hesitate."

The master of the magic stele sees the emperor Shitian, who doesn't speak, and makes the way.

If the reincarnation master of this world really recovers everything, then his doomsday will come.

Want to overturn, can only seek the support of the superior!

"Well, I promise you, cooperate."

Finally, the emperor Shitian nodded and offered a heart demon Fu Zhao to the master of the magic tablet.

"With my Fu Zhao, you can trace the cause and effect of heart demons. If you cooperate with xuanjiyue and your magical powers, you should be able to find out the position of the superior."

"Good, quick enough! When we find the superior, we will change our lives against the heaven! "

The master of the magic stele accepted the Fu Zhao. He was very excited. He seemed to have seen the bright future and waved to himself.

.....

At this time, ye Chen still confronts with the wind.

The vision caused by the upgrading of the samsara cemetery gradually dissipated.

Feng Wuji was shocked at the same place, but still shocked. The epic of reincarnation was so vast that even he felt extremely moved.

Ye Chen scans the samsara cemetery and finds that after the upgrade of the samsara cemetery, it is not only full of aura, but also has some healing effects!

Under the nourishment of the samsara cemetery, ye Chen's wound caused by the remnant path of heaven quickly heals, and soon recovers without leaving any trace. This is completely to make their own vitality more terrifying ah!

Ye Chen gazed at the palace of Xuan Yuan Mo Xie. He wanted to see if there was a reincarnation cemetery that could come out of it!

At this time, the change bulge!

Boom!

In the samsara cemetery, there are three tombstones, flashing the light of the sun, which can be obviously moved!

These three tombstones, containing a very strong breath, and with the ancient Daofa Miao Yun, it seems that they are proficient in the existence of the supreme 36 Taoism.

"Reincarnation tombstone upgrade, can reincarnate the power of reincarnation?"

Ye Chen saw this scene and was immediately overjoyed.

This reincarnation graveyard, is his core card, now can arouse again, his heart naturally incomparably excited.

Hum!

Ye Chen releases a wisp of divinity, trying to communicate with a tombstone.

Suddenly, the tombstone concussion, an old man's shadow, slowly floating out.

This old man is full of runes, and his whole body is full of rays. His breath is very majestic. His strength may be unfathomable!

"Xuanhuang, XuanZhen!"

When ye Chen saw the old man, he couldn't help exclaiming, his voice full of joy.

"Ha ha, are you the reincarnation master of this life? It's a good way to deduce. "

The old man squinted and gazed at Ye Chen, as if satisfied.

Ye Chen had never seen the old man before, and he did not get any information from the tombstone. However, after he realized the pupil of the extremely evil, he greatly improved the means of deduction of the natural mechanism. As soon as he saw the appearance and demeanor of the old man, he immediately calculated the origin of the old man's identity.

This is the founder of Xuanyu, the emperor XuanZhen.

"Ye Chen, I've met master taixuan!"

Ye Chen bowed his hands in a hurry.

He felt that after the upgrading of the samsara cemetery, the great power that came out was stronger, and it should have existed for a longer time.

"Please give me strength to fight against the endless wind!"

Ye Chen's heart is full of blood and turbulence. This taixuan array emperor's strength is very strong. If you can get his power infusion, you may be able to fight against the wind!

Chapter 4844

"Don't rely too much on the power of the samsara cemetery. You have to go your own way."

The emperor of taixuan array stood with a negative hand and gazed at Ye Chen, but he did not give him the strength. Instead, he said faintly, "I will not lend you any strength unless I have to."

Ye Chen said: "master, now is the time of last resort!"

If there is another way, ye Chen will not use the reincarnation graveyard card, but now the wind is too strong, in the absolute realm gap, ye Chen's magic power is completely useless.

The emperor of taixuan array laughed and said, "it's not necessarily. I can set up the taixuan dragon killing array to suppress the strong of the dragon clan and suppress the wind to your realm."

"Taixuan's Dragon killing array? Repressive state? "

Smell speech, ye Chen suddenly a burst of shock, just feel strange.

You know, Feng Wuji's strength surpasses himself too much, and there is blessing from wanxu behind him. It's not easy to suppress his strength?

However, the emperor of taixuan array is confident, and seems to have a way.

Taixuan array emperor said with a faint smile: "my taixuan dragon killing array is the supreme source technique. Although it is not as powerful as the legendary nine heavenly divinity technique, it has a strong suppression effect against the dragon clan. Although the wind is strong, it is a thorough dragon clan. It is bound. The effect should be very obvious. I will set up a large array immediately, and you will fight him squarely."

While speaking, the old hands of the emperor taixuan array, with successive seals, have a wisp of aura spread out and spread to the outside of the reincarnation cemetery.

After the upgrading of the samsara cemetery, the effect is obviously more powerful. In the past, the Da Neng in the samsara cemetery needed to borrow Ye Chen's body if he wanted to make a move. But now, taixuan array emperor can set up the array by himself.

Hum!

Ye Chen opens his eyes, but he sees a layer of array light emerging all over his body, and countless array patterns and totems are constantly emerging.

The communication between him and Emperor taixuan was based on divine thoughts. It seemed like a long time, but the actual time in the past was only one thousandth of an hour.

Roar!

The formation of the formation, there is an ancient sound of dragon chanting.

The taixuan dragon killing array is thousands of miles round, covering heaven and earth, showing an ancient formation, including all the sun, moon and stars. The terrible breath of killing comes out, and the mountains, rivers and trees are shaking.

Ye Chen and Feng Wuji's body, of course, was dragged into the taixuan dragon killing array.

The two men were facing each other.

Chuckle!

Wind endless body, but transpiration out of white smoke, blood as if by something suppressed.

"This is In ancient times, taixuan's Dragon killing array? impossible! How can you do that! "

Seeing this array, Feng Wuji was shocked.

Taixuan dragon killing array is an ancient supreme art in the legend. Although it is not comparable to the nine heavenly divinities, its power is also very terrifying. Especially for the dragon clan, it has a strong restraining effect and can suppress the blood of all the dragon people.

"The wind is endless. It seems that my life should not be cut off!"

Ye Chen laughs and feels the breath of endless wind, which is declining, and has already fallen to the five layers of heaven!

This scene is really terrible. The long-standing strong men of the dragon clan will be suppressed when they enter the taixuan dragon killing array.

From here, we can also see the difference between wind Wuji and fate mind devil.

On the surface combat effectiveness, although Feng Wuji is very strong, even at the peak state, and can compete with xuanjiyue and Emperor Shitian, his Qi foundation is too shallow, and he does not have his own road belief. He only relies on the wanxu temple. Once his blood is suppressed, he can't turn over immediately, and his accomplishments can only continue to fall.

"Break it for me!"

Wind Wuji felt his own cultivation and was constantly suppressed. He was immediately flustered. The dragon claw waved fiercely and wanted to break the shackles of the big array.

Hum!

However, this large array seems to be an independent world, surrounded by a layer of crystal wall system, which is bombarded by the wind endless dragon claws, and even the crystal wall system can not be broken and can not be broken out at all.

"Damn it, there's someone behind you! With your strength, it's impossible to use these arrays! "

Wind endless roar, suddenly felt the crisis of falling.

If the fight is normal, ye Chen is definitely not his opponent. However, in the taixuan dragon killing array, his accomplishments are constantly suppressed and the situation is reversed. It is his turn to be beaten by Ye Chen.

Chuckle!

Layers of white smoke, constantly from the wind Wuji body evaporation.

Finally, his cultivation was suppressed to about three levels of the true state.

"It's really the third layer of heaven..."

Ye Chen is reincarnated as the reincarnation of reincarnation. He is a demon with the same level of fighting power. He can even fight across two great realms. His martial arts background is incredible.

Although he is still far ahead of him in this realm, he will be defeated by confrontation!

"Boy, I can only help you to get here, and then it's up to you."

In the samsara cemetery, the weak emperor taixuan gazed at everything silently. Seeing that fengwuji was suppressed, he nodded with satisfaction. Even if the reincarnation graveyard is upgraded, he can only use this method several times.

The power of taixuan dragon killing array is very powerful. The restraining effect against the dragon clan is shown at this moment.

If Feng Wuji had sensed the wind ahead of time and had not been shrouded by taixuan's Dragon killing array, he would not have been in such a mess. Unfortunately, the cemetery had just been upgraded, and the weather was too big, and his mind was shaken. If he didn't observe it, he finally caused a disaster.

"The pupil of the devil! Silence

Ye Chen's eyes burst, and two dark and deep lights like the universe stars burst out from his pupils, directly killing the wind.

Hiss!

Wind Wuji looked at the two magic light, and quickly turned the dragon claw, quite a bit embarrassed block.

If it is the peak state, this attack, he does not need to defend, it is impossible to hurt him.

But now, his cultivation has been suppressed to such an extent that ye Chen can kill him with a little means!

"I'll give you a good time."

Ye Chen grinned, fearing that there would be an accident, he just wanted to make a quick decision, and said:

"taishangtianmo body, open up!"

Ye Chen immediately opened the body of the supernatural devil, and a layer of magic lines appeared on his skin. The momentum of the whole person became extremely fierce and ferocious, just like a scabbard magic sword, to pierce the sky.

On the top of the evil sword, there was a very strange, frightening, emitting the flame of vanishing and fluctuating!

In a flash, a sword!

A virtual shadow flashed by. The bright starlight burst out from the sword and turned into a star river. It was the star soul that swept away towards the wind!

At this moment, the star soul chopping, combined with the power of the supreme devil, is far more powerful than before!

In a flash, the Star River and the wind are endless, crashing into each other!

However, this is not enough. Ye Chen even used the method of six samsara, and the shadow of the circle of samsara emerged behind him. The majestic breath of the six paths converged on his evil sword, forming a dark and chaotic mist filled with terrifying energy.

Chapter 4845

With a sword, the space is smashed like glass.

One by one, the dead space emerges!

"Boy, if you don't talk about martial arts, I won't accept it!"

Wind Wuji saw Ye Chen's sword intention to kill, only felt the towering crisis, the inner resentment to the extreme.

Ye Chen this time, directly used the strongest fighting power, said is to kill.

If the summit duel, he can't lose, but now the cultivation is suppressed, there is no means of resistance, naturally he is angry and spit blood and scold.

"Your current strength is not much different from mine. How can you blame me for your incompetence?"

Ye Chen sneers. Feng Wuji has just been in a peak state to pursue and kill him. However, he doesn't say anything about martial arts. It's ridiculous to accuse him of winning.

Boom!

Ye Chen's star soul cuts, the remaining power is not reduced!

Wind infinite life and death only in a thought!

One side of Ye Luo'er, see ye Chen so powerful appearance, also startled to drop chin.

The situation reversed too fast, just Ye Chen is still facing the danger of falling down, but now it is a comprehensive suppression of wind Wuji, which is really amazing.

"It's too high to be broken!"

Wind Wuji saw the star soul cut to kill, and quickly spread the Taoist method, a black saw tooth blade pattern, crazy cut out.

"Broken!"

Ye Chen fearless, Sha sword forward to kill, that black saw tooth, he was shocked to break, all annihilated.

It's just cutting the sky and smashing everything. It's so overbearing. But now, the wind Wuji cultivation has been suppressed and can't exert its power. Ye Chen's powerful sword directly breaks it.

Puff!

Daofa was broken, wind Wuji vomited blood on the spot, and his face was pale.

"Die for me!"

Ye Chen did not continue to use the star soul chop, but a fierce fist, overwhelming.

Seeing the wind Wuji, ye Chen's fist will directly blow his head, but at this time, Feng Wuji's body is emitting a green oil luster, but it is a jade talisman.

This jade talisman is printed with the word "wanxu"!

It's a jade talisman given to him by the temple of wanxu!

As soon as the jade amulet emerges, there is a layer of green light, forming a light shield to protect the wind.

Boo!

Ye Chen's fist, hit in this layer of light mask, as if hit cotton, light floating without effort.

"Blessing from the fairs, live in harmony with the light!"

Wind Wuji sends out singing, the green body shield, on the flow out of a layer of Ancient Runes, and a continuous flow of fairy light, very mysterious.

Layers of Green Fairy Light, as if with the breath of the road, with its light, with its dust, dispelling all attacks, disintegrating all disasters.

"It's actually a blessing Fu Zhao from the temple of wanxu!"

In the samsara cemetery, Emperor taixuan also made a surprised voice when he saw the jade symbol offered by Feng Wuji.

The jade talisman is actually a blessing Fu edict from the temple of wanxu. It contains a trace of power of the superior, and has the great mystery of being in the same world with light. No matter what kind of magic power is attacked on this jade amulet, it will not have any effect at all. All the damages are attributed to the nature of heaven and earth.

"Can even my six samsara laws be blocked?"

Ye Chen is startled. Even if it is Yu Wenji's supreme guardian of heaven, he can't stop his six ways of reincarnation. However, this jade amulet blocks it!

"Boy, you are proud to be able to force me to this point."

Wind Wuji bit his teeth, but the light of the jade talisman was dim.

Obviously, this jade Rune can't be used permanently. Every time you use it, the aura will be thin. Once the aura is exhausted, the jade Rune will become a waste and will not have any effect at all.

The blessing of the superior is not so easy to get.

Fengwuji is only a registered disciple and a running dog of wanxu temple. Naturally, it is impossible to attract the attention of wanxu temple.

At the beginning, ye Chen cut off the love of the goddess of heaven, and almost got the blessing of the superior. Unfortunately, he was destroyed by the emperor Shitian.

Now in fengwuji, when you really see the jade Amulet of wanxu, ye Chen is more aware of the horror of the superior. A simple Fu Zhao is more powerful than the heaven's guarding the Tao. Even his six samsara methods can't be broken.

"Kill!!"

Ye Chen didn't mean to give up. He could see that the aura of the wanxu jade talisman was very shallow and could not be used for a long time, let alone used frequently.

As long as he goes on fighting and forces the wind Wuji jade talisman to go out, it is a good time to kill him.

"Master the sword technique!"

Ye Chen pulls out the dragon Yuan Sky Sword and swings it out.

Boo!

Ye Chen's long sword, cut on the shield of the jade Amulet of wanxu, also made a soft sound, as if touching a sponge.

The whole jade Amulet of wanxu, with its wonderful implication of the great way, can break down all attacks. However, the power of the jade talisman can not last long. As long as ye Chen cuts more swords, the jade Rune will be extinguished.

"Boy, you won't win!"

Wind Wuji doesn't want to love war, and with the protection of wanxu Yufu, he directly rushes out of the taixuan dragon killing array.

"Today you sneak on me with your formation. Next time, you won't be so lucky!"

"You have succeeded in making me angry! I will pursue you to the ends of the earth even if the hell dragon doesn't say so

Wind Wuji looked at the dim many jade Fu, heart pain, hate Ye Chen.

If ye Chen didn't use the array, he would not be in such a mess today.

Hiss!

After putting down two cruel words, Feng Wuji quickly tears the void and leaves, but he dares not stay any longer. He is afraid that the master behind Ye Chen will pull him into the array again, which will be troublesome.

"Brother ye, you win

When ye Luo'er sees the wind leaving, he feels happy.

Ye Chen smile slightly, way: "fluke just, let's go."

Finish saying, then prepare to take ye Luo Er to leave.

It was thanks to Emperor taixuan that he was able to defeat fengwuji this time.

"Thank you very much, sir."

Ye Chen's spirit, into the samsara cemetery, to thank the emperor taixuan array.

The emperor of taixuan array was standing aloof, and had the momentum of a peerless expert. It was only a little dimmer than when it was just triggered. Obviously, today's array arrangement with such means can not be used too much.

Taixuan array emperor took a deep look at Ye Chen and said, "don't thank me. It's your strength to be able to defeat fengwuji."

"You are joking."

Ye Chen knows very well that if the summit duels, he is not the enemy of fengwuji. This time, it is thanks to taixuan array emperor that he suppressed the cultivation of fengwuji to his own level.

Otherwise, ye Chen has no possibility of victory at all.

The gap is too big!

Ye Chen suddenly looked at the Chongguang Shenxia palace in the samsara cemetery and asked taixuan array emperor, "master, can the great energy in Chongguang Shenxia palace get out of trouble? Why are you so late? "

Chapter 4846

The emperor's eyes narrowed slightly and said, "I'll see them soon, but not now. They've been trapped for too long. Their will and body have been devastated by endless years. Only in Chongguang Shenxia palace can they recover with the help of the aura of the reincarnation cemetery and wake up completely before they can get out of it."

"More importantly, they need to combine with the weak will that remains here."

"Although each power dissipates, it leaves cause and effect and extremely weak will in the samsara cemetery."

"It will take time."

"But fortunately, they are in the samsara cemetery, which is undoubtedly the safest."

Ye Chen thought a little, no more.

"It's a pity that I was run away by the wind."

Ye Chen sighed, but failed to kill the wind.

Taixuan array emperor said: "he is a registered disciple of wanxu. With the blessing of the superior, it is not so easy to kill him. You should be careful not to expose it again, or he will chase you again, and you will not be able to bear it."

Feng Wuji, such a master, is very alert. Once cheated, he won't be cheated next time.

The next time, he was on guard. If the emperor of taixuan array set up another battle, he could not be trapped.

Ye Chen's heart sank. If it's just his personal cause and effect, it's easy to cover it up. But with ye lu'o'er, it's not necessarily.

The emperor of taixuan array also knew Ye Chen's mind and said, "do you want to seek the influence of heaven and man domain and protect that girl?"

Ye Chen said, "exactly

Ye lu'o'er wakes up the Dragon God's broken Tianjue, which has attracted the covet of the Ming dragon god. Fengwuji is just the beginning. There will be a steady stream of Ming dragon masters who want to capture ye lu'o'er and capture the Dragon God's breaking Tianjue.

Only by finding a strong enough force can we protect yelol.

Moreover, ye Chen can only separate from ye lu'o'er in order to avoid the exploration of Feng Wuji and Hong Tianjing, because ye lu'o'er has awakened the nine heavenly divinity, and the qi movement is really too powerful to hide.

Taixuan array emperor pondered for a while and said, "I used to establish a sect called taixuan array gate, which is a force in heaven and man domain. It was enough to fight against the Ming dragon Protoss in those years, but I don't know how it is today. You can try your luck."

Ye Chen moved in his heart and said, "master, is your school still there?"

With the insight of the extremely evil pupil, ye Chen naturally knows the identity of taixuan array emperor.

At that time, the emperor of taixuan array was the leader of a school, and his influence was very strong. The gate of taixuan array created by him was one of the powerful forces in heaven and man.

But now tens of thousands of years have passed, and the orthodoxy of emperor taixuan may have already declined.

Taixuan array emperor said: "I don't know, so I'm going to ask you to take a chance. I set up a place in the Yangzhen area to receive the lead. There are envoys in it. You can go and have a look. The location should be Well, tens of thousands of years of vicissitudes have changed. I'm not sure. You'd better deduce the calculation first. "

"Good!"

Ye Chen nodded and immediately opened the pupil of the extreme devil to spy on the cause and effect behind it.

All of a sudden, ye Chen found that this place was still there, but in tens of thousands of years, he moved several times, and is now in a Taoist temple.

Emperor taixuan asked, "how?"

Ye Chen said: "master, the place where you are still leading is still there, but I can't see clearly the specific situation of your school."

The gate of taixuan array, founded by Emperor taixuan array, is in the heaven man domain. If ye Chen wants to spy on all the heavenly secrets, he must go to the heaven and man realm.

Now he is in the Yangzhen region. He can't see clearly. He can only make sure that the place where he receives leads still exists.

Taixuan array emperor pondered for a while and said, "in this case, you can go to the place where you can receive the guide. If my sect is still there, it would be better to protect the girl."

Ye Chen said: "just so."

Taixuanzhen emperor is a great power in the reincarnation cemetery, and can be absolutely trusted. Instead of entrusting ye lu'er to an outsider, it is better to arrange to go to the gate of taixuan array.

However, the premise is that the gate of taixuan array still exists, and don't decline too much. Otherwise, ye lu'er will not be protected at all.

Ye Chen takes ye lu'er to tear up the void and goes to a place called "Xuanyun mountain". There is a Xuanyun temple on Xuanyun mountain, which is the place where the gate of taixuan array is connected.

If anyone wants to join the taixuan array gate, they can report to Xuanyun temple first and accept a series of examinations such as martial arts, talent, blood and magic power. Finally, they can fly to the heaven and man area and become the disciples of the taixuan array gate.

When ye Chen comes to Xuanyun mountain, he sees a big array covering the whole mountain.

The great array, shrouded, seems to have suppressed the Qi of heaven and earth. There are layers of runes representing disasters around it. Endless chaotic elements are constantly changing.

"Xiao shuihan, the disciple of Yuantian courtyard, is here to worship the mountain. Please open the array to meet you."

Ye Chen roared loudly, but pretended to use Xiao shuihan's name, and did not directly use his own identity.

Ye lu'er on one side, gaping and funny.

However, after ye Chen's voice dropped, no one answered in Xuanyun mountain. The whole mountain was silent, only the sound of air flow and hum of array operation. "Xiaoshui cold worship mountain, please come to see you

Ye Chen called again, but no one answered.

"Master, what to do?"

Ye Chen's face sank and asked emperor taixuan.

The emperor of taixuan array said: "don't worry, just break in. The protecting array in the mountain is called Xuanmen Jiuji array. I'll teach you how to break the array."

After a pause, the emperor of taixuan array tells Ye Chen in detail about the mystery of the nine robbers array of Xuanmen.

There are nine disasters, water and fire, thunder and rain, as well as a soul calling robbery, which can hurt people's spirits.

Taixuan array emperor taught Ye Chen all the wonderful skills of this array, such as the strange star position, the circulation of Qi, the change of dunjia, the conversion of good and bad luck, and so on.

The two communicate with each other through the spirit. Many secret principles are taught in one breath time.

"Master, I see."

Ye Chen nods and has mastered the mystery of the Xuanmen Jiuji array.

The emperor of taixuan array said: "the nine robberies of Xuanmen are easy, the first eight robberies are easy, but the final soul robbery is very dangerous. If you are not careful, you will damage the spirit and directly fall. Fortunately, your soul power is very strong, and you should be able to cope with it."

Taixuan array emperor felt that ye Chen was not only physically strong, but also terrifying in spirit and soul. I'm afraid there is nothing in the Yang Zhen region that can hurt Ye Chen's spirit.

"Lol, let's go in."

Ye Chen takes ye lu'o'er's hand and steps into Xuanyun mountain.

Boom!

As soon as ye Chen entered the mountain, the whole Xuanmen Jiuji array began to vibrate wildly.

The chaotic airflow, constantly changing, has evolved into the sky, the earth, the flames, the flood, the thunder and so on amazing weather, attacks from all directions, as if a piece of counter heaven magic weapon, want to kill people alive.

Hoo Hoo Hoo Hoo!

The fire is fierce. In the array, it is the first to rush to Ye Chen. There are countless flames burning wildly, showing the appearance of one after another. It is burning in the sky with great power.

Chapter 4847

"If you step on the ridge in case of fire, you can eliminate the disaster and report safety."

Ye Chen read in a low voice the Dharma formula taught by the emperor taixuan, discerns the direction of the eight trigrams on the ground, and takes ye lu'o'er forward.

The innumerable flames in front of Ye Chen are the "Tianhuo" in the nine robberies of Xuanmen. The temperature is extremely high, such as the real fire of the sun, which is enough to burn people to ashes.

In the face of this kind of "natural fire disaster", you can step into the position of eight trigrams to eliminate disasters and avoid fire.

In the eight trigrams, Kan belongs to water, which means to restrain fire.

Sure enough, ye Chen and ye Luo'er, as soon as they walked on the ridge, those sky fires would not be close to each other and did not hurt them.

In the sky, there are meteors falling, which is "star robbery".

In the earth, there is a ghost claw with white bones, a giant hand of demons, ghosts and ghosts. They come out from the bottom of the earth to kill two people. This is the "ghost robbery".

There are also all kinds of chaotic robberies, such as "water robbery", "Shuofeng robbery", "Tianlei robbery", etc., which are constantly breaking out and killing, shocking.

In the nine robberies array of Xuanmen, there are eight disasters in front of us. They are intertwined and changeable. Even if the experts in the early stage of the real world step in, I'm afraid they will have to drink a pot.

Fortunately, ye Chen was taught by the emperor of taixuan array. He knew that all changes could not be separated from his sect. No matter how the robbery array changed, he always followed the principle of mutual generation and mutual restraint. When he met with fire, water level, electricity, and other ghosts, he recited the precepts to break all evils.

Ye Chen ascends the mountain step by step, getting closer and closer to Xuanyun temple.

Although every step is full of Xuanmen catastrophe, ye Chen skilfully avoids it without any harm.

Ye Luo'er follows Ye Chen and is shocked to death. Unexpectedly, ye Chen's array is so powerful.

She didn't know that it was the emperor taixuan who taught her temporarily. Otherwise, if she met such a powerful array, ye Chen would have to be tricky.

The last robbery, the soul robbery, is also difficult to defeat Ye Chen, directly relying on the powerful soul force, hard to break through.

Finally, ye Chen and ye luo'er come to Xuanyun temple.

The gate of the Taoist temple was closed, and there was no one inside. Ye Chen was trying to knock on the door, but the gate of the Taoist temple suddenly creaked and was pushed open.

The one who pushed away was a blind old man with a crutch.

"You broke through the gate of nine

Looking at Ye Chen, the old man felt strange.

You know, the Xuanmen nine robberies array is enough to kill the masters in the middle of the real world. Ye Chen is only four layers of heaven and earth. It's incredible that ye Chen can break through the robbery array.

"Yes, sir. Are you in charge here?"

Ye Chen arched his hands and looked into the Taoist temple. On the square of the Taoist temple, there stood a statue of the emperor taixuan array. There were several Taoist children practicing. There were men and women. They were young and had good physique.

"What's your name? Now that you have found it, you must know where it is. "

The old man looked at Ye Chen and said slowly.

"I admire the reputation of taixuan array emperor and want to practice the ancient array."

Ye Chen still pretended to use Xiao shuihan's name and didn't reveal his identity in order to avoid touching the heaven.

The old man said: "our taixuan array gate has been inherited for tens of thousands of years and has a deep foundation. However, since the emperor of taixuan array was backward, he has always kept a low profile and rarely accepted apprentices publicly. You have proved your strength by breaking through the Xuanmen nine robbery array."

"If you want to, I can recommend you to heaven and man."

Hearing the speech, ye Chen's heart was filled with joy. He didn't expect that the old man was so cheerful that he was allowed to go to heaven and man without any assessment.

Ye chenlian said: "master, I want to bring more people, do not know if it is OK?"

The old man's face sank. He looked at ye lu'er and said, "no, I can't. If I want to join my taixuan array gate, I'm not allowed to bring family members. Moreover, the girl's disaster is so heavy that I'm afraid there will be a big disaster soon. I'm the leader of the taixuan array gate. I can't damage the interests of the branch."

Ye Chen's heart sank and he was rejected.

Ye Luo Er's eyes, also dim down.

Boom!

Ye Chen is about to ask again, but all of a sudden, there is an abnormal vibration in the Taoist temple.

"Master, the grandmaster has come to light!"

One by one, the children cried out in horror.

"What?"

Then the emissary was surprised and turned around to see the amazing scene.

On the Taoist temple square, the stone carving, which has been standing for many years, is now in full bloom. What's more, the eyes of the stone carving actually turn!

The whole stone carving seems to come alive!

Ye Chen saw this scene, and was immediately overjoyed, knowing that it was the method of emperor taixuan array.

This stone carving is the emperor of taixuan array. Now it appears. Naturally, it is written by Emperor taixuan.

Ye Chen looks at the reincarnation cemetery and finds that the emperor of taixuan array has disappeared, apparently attached to the stone carving."Master taixuan is very clever."

Ye Chen was surprised. When did the emperor of taixuan array leave? He didn't find it at all. We can imagine how terrible the power of the emperor taixuan array was.

Then the emissary ran to the square in a hurry, looking at the stone carvings in full bloom, trembling and speechless.

Ye Chen and ye luo'er also stepped into the Taoist temple.

Ye luo'er didn't know the existence of emperor taixuan, so he was shocked to see the stone carving "appearing".

Only Ye Chen knows everything behind.

"I am the emperor of taixuan array. Are you my disciples of taixuan array gate?"

The stone sculptures of emperor taixuan show the shadow of the spirit and make a majestic sound.

"I'm the guide of the branch of Yangzhen. I've met my grandmaster!"

The emissary also knelt down. He didn't expect that the emperor would appear.

It is said that in ancient times, Emperor taixuan disappeared mysteriously. Today, he has appeared. Is it possible to solve the great cause and effect?

"Now, who is the leader of taixuan array?"

The emperor asked in a deep voice.

"The leader of today is the God of Shura under the throne of reincarnation."

"The sorcerer?"

The emperor was surprised and looked at Ye Chen.

The God of Shura is the servant of Ye Chen in the past. He is one of the six reincarnation demons. He is in charge of the existence of Asura.

The guide said: "it is, since the fall of the reincarnation master, the six reincarnation demons have fallen into the world, but this Shura demon, I heard, has been favored by a superior person, called the supreme heavenly daughter, and made rapid progress overnight."

"He came to the gate of taixuan array and wanted to take charge of taixuan Taoism."

"At that time, grandmaster, you had already fallen down, and my taixuan array door was in trouble both at home and abroad, and faced with the crisis of life and death, so I had to accept the command of the Sora demon."

"Now, compared with the peak time, the gate of taixuan array is naturally declining, but the presence of Shura demon is enough to occupy a place in heaven and man."

The emperor of taixuan array murmured: "the God of Shura, the goddess of heaven I can't imagine that there is such a cause and effect behind this. "

After hearing the words of the emissary, ye Chen had a sharp pain in his head. He awakened part of the memory of his previous life. He quickly passed on the voice of his spirit and said to the Emperor: "master taixuan, this may be the layout of my previous life!"

Chapter 4848

The emperor of taixuan array was startled and said, "the layout of your previous life?"

Ye Chen nodded and said: "yes, the reincarnation master of the past life, in order to let me have a foothold in the heaven and man domain, he made the layout in advance. The taixuan array gate of the elder is just a base. With the foundation of the taixuan array gate, I can at least rely on it if I go to the heaven and man domain."

Taixuan array emperor said: "so it is That ye Luo Er, also is your previous life layout? "

Ye Chen frowned and said, "no, luo'er's affair is an accident."

The reincarnation master of the past life, in the taixuan array gate layout, just for the sake of Ye Chen, hope that he will go to the heaven and man domain in the future and have a place to settle down.

But ye Luo Er, is obviously a variable, an outlier.

Even if he is the reincarnation master, it is impossible to predict that ye lu'er will awaken the nine heavenly divinity and become a key link in the chess game.

"Boy, what are you going to do now

Even the emperor of taixuan array did not expect that his own orthodoxy would be in the hands of the Sora devil.

Now he wants to hear ye Chen's thoughts. After all, ye Chen is the existence that dominates the chess game.

Ye Chen said, "master taixuan, I want to see my former servant."

"Good."

Emperor taixuan promised to come down, and the spirit continued to appear. Looking at the usher, he said, "this young man and this girl are both peerless and arrogant. They are the hope of the rise of taixuan array gate. You can't make up your mind. Ask the leader of this generation to come down!"

The emissary knelt on the ground and said, "grandmaster, the leader is suffering from aging. I'm afraid the real body can't come. At most, it can only come down to a spirit projection."

"Spirit projection..."

The emperor looked at Ye Chen.

Ye Chen is shocked when he hears that the Shura demon God is suffering from aging. It seems that things are not so simple. However, he always wants to see him, find out the context of the matter, and then nods.

Taixuan array emperor will understand, toward that receive emissary way: "spirit projection also can, ask him to come down."

"Yes

Then the emissary stood up trembling, took out a Fu Zhao, bit the fingertip, blood ignited, a wisp of crystal awn on the sky.

Straight beam of light seems to pierce the sky.

Boom!

On the ninth day, however, it was shaken up. There were wisps of Shura evil spirit continuously gushing out, and the sky became a strange blood color, as if stained with blood.

"Who is calling this seat?"

A voice of incomparable majesty came down from the sky.

In the sky, countless blood gas condenses into red clouds. A very old figure, dressed in Shura blood robe, appears from the red cloud.

When ye Chen saw this figure, he immediately felt shocked and recognized that he was his servant in his previous life, the God of Shura.

"Old slave, see the leader!"

Then the emissary knelt down, kowtow to the God of Shura, and said, "the grandmaster shows his spirit. Please meet the headmaster."

"Grandmaster?"

The sorcerer frowned, his eyes fell from the high sky, and saw the brilliant taixuan stone carvings, slightly surprised.

Then, he saw Ye Chen's figure again. He just thought he was dazzled, and his mouth stuttered: "you You are... "

Then the emissary said: "this is the grandmaster taixuan array emperor."

He thought that the God of Shura was so shocked because he saw the emperor of taixuan array.

"Boy, you have a good talk."

Emperor taixuan took a deep look at Ye Chen. With a wave of his sleeve robe, the sky and the earth changed color, and the world became dark. He could hardly see any light, as if he had fallen into the eternal night.

Whoa!

Ye Chen felt a gust of wind, rolled up his body, sent to the sky.

The next moment, ye Chen has come to the Sora demon God.

In the darkness of eternal night, no one found this scene.

Everyone thought that it was Emperor taixuan who was talking to the God of Shura.

"Lord, it is It's you! Why are you here? "

The God of Shura saw Ye Chen, but he was very frightened. He knelt down directly, and tears almost flowed from his turbid eyes.

Ye Chen looked at the God of Shura, but found that his appearance was extremely old, wrinkles were very deep, and his whole body was filled with an extremely decadent breath. He had come to the end of his life. He was holding a breath and forced him to die. He seemed to be waiting for something.

"Shura, how did you become so old?"

Ye Chen is surprised. The old age of the Shura demon God is beyond the scope of martial arts.

The Sorcerer's eyes were bleak, as if he was remembering something, and his lips were humming.

Finally, the God of Shura didn't speak, just sighed and pointed, and then a picture came out and passed in front of Ye Chen.

First of all, ye Chen saw the reincarnation of the previous life.

The reincarnation Lord is on the Bank of the Huangquan River, talking with the six reincarnation demons. "I am about to fall, and I will be reborn in the future. Once I fall, you will lose my support, the source gas of samsara will be exhausted, and your vigor will be reduced. I'm afraid that I will be completely defeated."

The reincarnation Lord looked at the six servants under his command with a trace of solemnity.

"Serve the Lord, though you die!"

The reincarnation demons prostrate on the ground and shout in unison.

The reincarnation master nodded and said: "very good, Shura demon God, you come out."

"Yes

A man in red armor, with a sharp face and a long knife on his waist, stood up.

This is the appearance of Shura at its peak!

The God of Shura, who is in charge of the Asura way.

The legendary Asura is good at killing and fighting, so the Sora demon, also known as "Shura war god", is a fierce general under Ye Chen's command.

Ye Chen looks at the majestic Shura God of war in the picture, and then looks at the aging and decadent old man in front of him. The huge contrast is like a heavy hammer, which severely hits Ye Chen's heart.

The God of Shura also sighed, obviously encountered great changes, otherwise he would not be like this.

In the picture, the main way of reincarnation is: "among the six samsara demons, you are the most murderous and the most profound. After I fall, you go to the supreme heavenly daughter and use her attention to me to ask her to give you an opportunity. Then you go to the gate of taixuan array to inherit the orthodoxy of emperor taixuan and prepare for my rebirth."

On hearing this, the God of Shura was startled and said, "Lord, the goddess of heaven is so powerful that one of her feelings has a lot of calamities. My moral luck is shallow. Even if she gives me a chance, I may not be able to bear it."

The main way of reincarnation: "I also know that once I fall, you will lose the support of reincarnation source gas, and you may not be able to bear the cause and effect of the supreme goddess. Therefore, I have discussed with Ren Feifan. Once I fall, my friend Ren Feifan will give you a blessing to protect your body. In this way, you can take the chance of the supreme goddess."

Chapter 4849

The God of Shura said, "well, the Lord is thoughtful and thoughtful, and I admire him."

The reincarnation master nodded and said, "well, my friend Ren Feifan is a strange person. With his blessing, you won't be hurt by the Empress Dowager."

"Yes!" said the sorcerer

As the picture continues to flow, ye Chen can see that the layout is carried out according to the plan, and the reincarnation master is united by xuanjiyue and Emperor Shitian, and completely falls.

After the fall of the reincarnation master, the six reincarnation demons parted ways and each had its own tasks.

The mission of the sorcerer is naturally to seek the goddess of heaven and ask for her blessing.

But the goddess of heaven, invincible power, a little chance to bless, are shocking the universe, the value is unimaginable.

At the beginning, ye Chen, the God of heaven prison and the emperor Shi Tian, robbed the Empress Dowager's love story of robbery. I don't know how fierce the struggle is. I can see how terrible the blessing of this great man is.

Although the sorcerer is a master with great strength, he can't catch the chance of the Empress Dowager out of thin air, because the pressure of cause and effect is too great, unless he cuts off his love and passes the test.

However, the situation at that time, he obviously did not have the opportunity to cut off the feelings.

Therefore, ye Chen of previous life has also done a good layout, ready to call Ren extraordinary help to protect the Sora demon.

But the accident happened, the reincarnation of the main fall, Ren extraordinary did not appear.

The God of Shura had been waiting for several years without any news.

At that time, the war between the Empress Dowager tiannv and Hong Tianjing shocked the world of the supreme emperor. All traces of her existence, such as her body, soul shadow, cause and effect, were recalled to wanxu.

I can't wait for her to go down.

Ye Chen saw everything in the picture, secretly surprised, and said: "Ren senior didn't appear according to the plan?"

The God of Shura shook his head bitterly and said, "no, I can't get the blessing of extraordinary adults, and time does not wait for someone. I can only go to ask for the heavenly daughter alone."

Ye Chen's face trembled and said, "you don't have the blessing of any elder. How can you bear the cause and effect of the supreme heavenly daughter?"

With a sad smile, the God of Shura said, "yes, Lord, after I got the chance of the supreme goddess, my accomplishments improved by leaps and bounds. But after all, my virtue was shallow and I couldn't bear it. I was completely aging overnight, and I was in a state of exhaustion of oil and light."

"I hold a breath and support immortality, just for one day, Lord, you can come to heaven and man, and I will finish my mission and rest."

Ye Chen after listening to the process, suddenly shocked speechless.

Ren extraordinary did not appear according to the plan, resulting in a deviation in the layout. Although the Shura demon God got the chance, he had no luck to accept it. He was completely eaten back and the oil was exhausted.

Ye Chen is very clear, when he stepped into the heaven and man domain, it is when the Shura demon falls.

The God of Shura should have died a long time ago. He is not dead now. He is supported by a belief. As long as ye Chen enters the realm of heaven and man, his wish will come to an end and he will die immediately.

If the Shura demon is not old, according to the original plan, ye Chen should be able to get a strong general.

Unfortunately

Why didn't Ren Feifan appear as planned?

Ye Chen frowns tightly, and there is a secret behind this, but he doesn't allow extraordinary to say.

However, he is sure that Ren fan should have his reasons.

The God of Shura said, "Lord, with the blessing of the heavenly daughter, I have learned all the array magic of taixuan array gate. When you come to the heaven and man realm, my lifelong accomplishments will be dedicated to you."

All kinds of magical powers and mysteries of taixuan array gate are extremely exquisite and profound.

However, the means of the Empress Dowager is even more vast. With a little blessing, one can completely transform one's talent. One can understand even more complicated magical principles.

If Shura had not been bitten back, he might have dominated the universe now.

Ye Chen did not speak, just a silent sigh, holding the old hand of the Sora demon God.

He has already seen that the spirit of the Shura devil has been exhausted, which can not be saved by any means. When he enters the realm of heaven and man, it is the time when the God of Shura stops breathing and devoting himself.

The sorcerer said, "Lord, when will you come to heaven and man? I don't know how many years I've been waiting for you to show up, so that I can get free. "

The blessing of the goddess of heaven is of great value, but its return is also extraordinary. It is more terrible than any torture in the world.

Ye Chen's heart beat, from the eyes of the God of Shura, saw the eternal pain and sadness.

Obviously, during these tens of thousands of years, he suffered too much. If it was not for waiting for ye Chen, he would have chosen to die, and he would not have suffered so much.

"I can go to heaven and man now, but with a friend."

Ye Chen said Ye Luo'er's affairs briefly.

Now his plan is to take ye Luo'er to the heaven and man area and settle her in the gate of Taixuan array, while he will get out and wander alone. There are countless opportunities and adventures in heaven and man realm. The body of Longyuan Tianjian that ye Chen wants is also in Tianren domain. This is a big killing tool to deal with the Ming dragon god family. He dreams of it.

Moreover, go to the heaven and man domain, also can let the Shura demon God extricate.

He suffered too much. The blessing of the goddess of heaven is not easy to take, and the overwhelming reverse, such as the thunder punishment in the sky, is not human to bear.

Ye Chen also wants to let the Sora demon God, early release.

When he takes charge of the six reincarnations again and opens up the reincarnation heaven, all the dead will have a chance to revive. Naturally, it is better to be liberated early.

The God of Shura frowned and said, "Lord, it's troublesome. My breath is too decadent. I can't take two people at the same time with one person every year."

"What?"

Ye Chen is stunned.

"I can only take you to heaven and man. I'm afraid I can't do anything about your friend named ye luo'er."

Ye Chen frowned, but he didn't expect that the body of Shura demon was so bad that he could only take one person to fly.

"My friend, who is of great importance, is an anomaly in the layout. Now it is also a key link. We must give her shelter and protect her from being chased by the hell dragon temple."

Ye Chen has a decision in mind.

"Lord, what do you mean..."

Ye Chen said: "you take luo'er to Tianren domain first, and protect her well. Don't let the hell Dragon Temple find out. I'll try to find another way to go to Tianren domain and meet you later."

The God of Shura hesitated for a while, and finally said, "well, everything depends on the arrangement of the Lord. Although I am decadent, I rely on the various large arrays of taixuan array gate, which is enough to cover all of Ye luo'er. Even if it is found that there is the orthodox protection of taixuan array gate, the hell Dragon Temple will not hurt her."

Today's taixuan array gate, although not as good as the peak, but also has not weak details, enough to fight the hell dragon temple.

Ye Chen nodded and said, "Shura, it's hard for you."

The sorcerer grinned bitterly and did not speak again.

If ye Chen could have come to heaven and man earlier, he would have been liberated earlier, but obviously not now.

His mission is not over!

Chapter 4850

After negotiation, ye Chen returns to the ground.

With a wave of his hand, taixuan dispelled the darkness.

The figure of the sorcerer reappeared in front of the public.

"I have discussed with my ancestors to take this girl to heaven and man."

The Sora demon God looked at the receiving emissary and many orthodoxy in Xuanyun temple, and restored his majestic voice.

"Yes, master!"

Naturally, the emissary did not dare to say much. He immediately agreed to go down and prepare a ceremony for the ascent, set up an incense table and offer sacrifices to heaven and earth, so as to reduce the obstacles to the ascent.

Ye Luo'er saw that he was about to fly to heaven, but he was full of discontent and uneasiness. Looking at Ye Chen, he said, "brother Ye, don't you want to go with me?"

Ye Chen said in a low voice: "Luo'er, the leader of the Taixuan array sect, is the servant of my previous life. I have just talked to him. He can only take one person to fly. You go to the heaven and man area first, and I will meet you later."

Speaking, Ye Chen gently stroked Ye Luo'er's hair, but also a little reluctant.

Fortunately, the Taixuan array gate was founded by Emperor Xuantaiqing.

Now, the person who is in charge of the gate of Taixuan array is Ye Chen's servant in his previous life. Both of them can be absolutely trusted.

When Ye Luo'er goes to the gate of Taixuan array, he can get the best care without suffering a trace of grievance.

Ye Luo'er was silent and did not speak any more.

She knew it was time to part.

If she insists on staying at Ye Chen's side again, their cause and effect will be superimposed. Once Hong Tianjing finds out, the consequences will be unimaginable.

Ye Luo'er is also frightened when he thinks of the picture that Hong Tianjing used to pierce the sky with a finger.

She does not want to implicate Ye Chen any more, leaving is the best choice.

After the ceremony of offering sacrifices to heaven, the God of Shura flew to heaven and man with ye luo'er.

Ye luo'er's eyes are always on Ye Chen's body, reluctant to give up.

"Lol, I'll see you soon."

Ye Chen said silently in his heart that he still has a problem to solve, that is, the Lord of the magic tablet.

The master of the magic stele had lost his strength and was not enough for trouble, but he had seized the door of a-bi before, and the situation changed again.

Only by killing the master of the magic tablet can ye Chen be completely relieved.

Moreover, only by killing the master of the magic tablet can you get the magic tablet.

The legend of the magic stele, but the reincarnation xuanbei in the deepest existence of evil Qi, such heaven and earth treasures, ye Chen naturally can not miss.

If we can collect all the xuanbei of reincarnation, ye Chen can definitely open up the reincarnation heaven and accomplish something that the reincarnation master can't do.

"Lord, I rely on the array of taixuan array gate to protect the girl for three months at most. After three months, the hell Dragon Temple will definitely be able to see through all the secrets of heaven. You must come to the heaven and man realm as soon as possible to ensure that everything is safe."

The spirit of the God of Shura sent a message to Ye Chen. Then he took ye luo'er and flew to heaven and man.

"Three months..."

Ye Chen murmurs in a low voice. In order to pursue ye lu'o'er, the hell Dragon Temple will definitely pay any price.

Ye lu'o'er is guarded by the gate of taixuan array. There will be no danger in a short time, but once the time goes on, it will be exposed for three months at most.

At that time, ye Luo Er will face the disaster of annihilation.

Ye Chen naturally will not let this happen. He must solve the master of the magic tablet as soon as possible, and go to heaven and man to meet ye lu'o'er.

When ye Chen gets the magic tablet, he will have a great means to dispel the cause and effect. Even if he is with ye lu'o'er, he will not have to worry about being discovered by Hong Tianjing.

"I don't know where the Lord of the magic tablet is..."

Ye Chen, frowning slightly, left Xuanyun mountain and constantly deduced the cause and effect of the master of the magic tablet. However, he was not in the six ways of the world. He was not a living creature, but a demon born from the reincarnation magic stele. The cause and effect did not stay between heaven and earth, and could not be captured at all.

Emperor taixuan asked: "boy, do you want to trace the whereabouts of the master of the magic tablet?"

Ye Chen said: "it is, only by solving this evil, can we get the magic tablet and go to the heaven and man domain safely."

The emperor of taixuan array laughed and said, "I have an array to find the whereabouts of this demon."

Ye Chen's eyes brightened and said, "master, do you have a way?"

Taixuan array emperor said: "I told you taixuan to seek the magic array. You should be able to capture the breath of the Lord of the magic tablet."

While speaking, taixuan array emperor made a series of Dharma formulas. All kinds of mysterious formulas were poured into Ye Chen's head.

"Taixuan magic seeking array..."

Ye Chen is quietly aware of the formula in his mind. The taixuan magic seeking array itself has no lethality and can not kill the enemy. However, it can trace the trace of the evil Qi in the world, which is a very excellent search and capture method.

Ye Chen immediately followed the magic method of taixuan's magic seeking array, dripping a drop of blood, pinching the formula, and silently chanting: "chase the devil in thousands of miles, and hunt the ghost!"

Hum!

At the foot of Ye Chen, the essence of blood changes into an array. However, the ancient breath of Xuanmen floats out of this array, and countless auras condense, which finally turns into a picture. In this picture, the master of the magic stele is taking the door of a nose, and there is a heart demon Fu Zhao, ready to enter the Queen's palace.

"The door of a nose, the heart demon, the imperial palace?"

"Does the master of the magic stele want to join hands with xuanjiyue and Emperor Shitian to track down the location of Hong Tianjing?"

Ye Chen saw this scene and was shocked.

Hong Tianjing's name is engraved on the door of the a-nose. as long as you can decipher it, you can trace back the mystery of heaven and find out where Hong Tianjing was sealed.

Judging from this picture, the master of the magic stele is not able to crack it, so he seeks the help of xuanjiyue and Emperor Shitian.

Xuandi and Emperor Xuandi had already broken up in the battle of killing the saints.

However, as long as they have absolutely enough interests, they can abandon any enmity and sit down again for negotiation.

Obviously, a sealed superior, represented by the Jingtian interests, has been able to let Xuandi and Xuandi down their prejudices and discuss cooperation.

The master of the magic tablet came to the Queen's palace and met xuanjiyue. He said, "Your Majesty, the emperor Shitian agreed to cooperate. I have brought back a heart demon Fu imperial edict."

After that, he presented the door of a-nose and Fu Zhao.

Xuanjiyue's eyes brightened and said, "good, good. When we find the superior, we can all change our lives against the heaven!"

After a pause, xuanjiyue seemed to notice something. Her face changed and she was very murderous. She said:

"the Lord of the magic stele, someone is using taixuan to search for the magic array and spy on you secretly! It must be the Lord of reincarnation

"Reincarnation Lord, what do you want to do

In the picture, xuanjiyue's eyes seem to run through Wanchong's time and space, staring at Ye Chen.

Ye Chen suddenly has a kind of chilly feeling all over his body, but he didn't expect to be found by xuanjiyue.

Even emperor taixuan was shocked and said, "Xuan Ji Yue is really extraordinary. He can find our exploration."
