

Physician 4851

Chapter 4851

The emperor was dignified.

Taixuan's magic seeking array can find traces of the evil spirit in the world. But now the owner of the magic tablet is in the Queen's palace, and ye Chen visits him, it is a surprise to xuanjiyue.

Xuanjiyue's vigilance is too high.

"Reincarnation Lord, you want to spy on our plan, dream!"

As soon as xuanjiyue waved her hand, a piece of elegant talisman of Zhang Xianqi flew out and completely blocked the nature.

Whoa!

The array picture in front of Ye Chen suddenly collapses.

"The way of heaven Fu? Xuan Jiyue finally practiced this method. "

Ye Chen sees Xuan Ji Yue's means, and his face suddenly sinks.

In terms of power, taishangtian Fudao ranks the top five among the thirty-six taishangdao. It can conclude all kinds of powerful talismans, and has an unpredictable heavenly power.

The master of reincarnation in the previous life has also practiced this method.

However, ye Chen did not master it. Even if his memory was awakened, it would not be possible to master it in a short time, because the power of heaven's talisman was too great, and ye Chen's realm was not enough, at least to reach the original state.

Seeing that the array picture was broken, the emperor's face was also dignified. He said, "Xuanji moon and the Lord of the magic stele, what do they want to do? It seems that the ancient characters of the supreme world are engraved on the door of a nose."

Ye Chen said: "master, it was Hong Tianjing. In the past, the song of killing Yan was defeated by the emperor and sealed in heaven and man."

At the moment, I will simply tell you about Hong Tianjing.

"It's him

The emperor of taixuan array was shocked. Yan Changge was killed by the superior. In the past, there was a decisive battle. He knew all these things, but he heard the name of Hong Tianjing for the first time.

The real name of the superior has great cause and effect. If you know it, you will have a chance to deduce the trace of heaven.

"If they find Hong Tianjing by the Lord of the magic tablet, it's not good."

Taixuan array emperor also felt that the matter was serious. If a superior person intervened in the decisive battle between Ye Chen and the master of the magic tablet, the situation would be unpredictable.

"It's a pity that my taixuan magic seeking array has been seen through by xuanjiyue. Otherwise, we can see what the master of the magic tablet wants to play."

The emperor frowned.

"Don't worry, master. I can visit with the pupil of the devil."

Although the array is broken down, ye Chen is not discouraged because he has just seen the position of the master of the magic stele and has locked in the cause and effect.

Next, even if you don't need the taixuan magic array, ye Chen can use the pupil of the extreme devil to see everything behind.

Now ye Chen no longer hesitated, directly opened the pupil of the extreme devil, throughout the time and space, and his eyes fell on the Queen's palace.

If ye Chen spies xuanjiyue directly, he will surely be found out, but he is only spying on the master of the magic stele, and there is no danger of being found.

Although Xuanji moon cloth under the blockade ban, but ye Chen's extremely evil pupil, penetration is very strong, since has locked the position of the magic tablet master, can directly insight.

Finally, ye Chen saw the picture in the main hall of the Queen's palace.

However, xuanjiyue and the master of the magic stele are using their magic powers respectively. There are infinite rays of sunlight on their palms, which are poured into the door of a bi with the help of the emperor's heart demon Fu Zhao.

Hum!

A nose on the door of the three characters, on the blooming light, countless pictures flow.

That layer of pictures, are the battle between the supreme goddess and Hong Tianjing.

The two high-ranking people, the scene is extremely terrible, countless stars in the universe are collapsing, the law of the road is broken, and hundreds of millions of creatures are bleeding and lying dead.

There are countless weapons, countless magic weapons, countless magical powers, from the hands of the Empress Dowager and Hong Tianjing. They are like money.

A series of thunderbolt punishments exploded from the collision between two people. Each thunder penalty is comparable to the nine day thunder robbery.

There are all kinds of dragon, Tian Huang, poor and strange, Taotie, Kui Niu and so on. Countless wild animals roar and fight in the battle.

This picture is so terrible that it is indescribable powerful. If it breaks out in the universe, I'm afraid the universe will collapse.

In this battle, the most dazzling is two sword lights.

A sword light comes from the goddess of heaven.

In the hands of the empress dowager, she holds the ice Phoenix Sky Sword, which is the absolute supreme source soldier. Every sword is waved, there are rolling ice Phoenix fireworks flowing out and burning everything.

Another sword light comes from Hong Tianjing.

In Hong Tianjing's hand, there is also a supreme source soldier, named annihilation sky sword, which represents the supreme power of annihilation. Every sword is killed, there are countless stars annihilated, with great lethality.

The two heavenly swords, the most fierce collision, it is hard to describe how majestic the fighting picture is. The sword spirit is so vast that it can't be imagined.

Ye Chen watched the battle of the two men and was completely shocked.

He had seen the most majestic war before, that is, Ren Feifan fought with the master of samsara, one with nine rounds of blood moon, the other with the Supreme Master of heaven. That was a decisive battle to shake the world. But now, seeing the decisive battle between the Empress Dowager and Hong Tianjing, ye Chen feels that the battles he has experienced and seen before are all pediatrics.

The decisive battle between the two superiors is the real earth shaking battle.

Ye Chen never thought that the original supreme source soldiers' peak of sword Qi would be brilliant to this point. It was a sword sweeping everything, and the terror was incredible.

In the Imperial Palace, xuanjiyue and the master of the magic stele witnessed the fighting, which was also a complete shock.

"It turns out that this is the strength of the superiors. The gap between me and them is too big..."

Xuanji moon silver teeth clenched, only feel the gap against the sky as huge.

Her reelection extraordinary are not comparable to, of course, can not be compared with the supreme heavenly daughter, Hong Tianjing.

However, xuanjiyue did not despair, because she now has the supreme source soldiers, Shenluo Tianjian in hand, invincible.

Moreover, she has the great law of destiny, and her luck is very deep. As long as she can successfully establish the order of destiny, and then devour the heart demons and the law of reincarnation, she still has a chance to fly into the sky and kill the superior.

And the Lord of the magic stele was silent when he saw the battle picture.

At the beginning, with the power of reincarnation magic stele, he was lucky to have been to the supreme world, and even fought with the supreme goddess.

But now it seems that the Empress Dowager obviously did not use all her strength to deal with him at the beginning, and may not even use a successful force.

The power of the upper class is really extraordinary and indescribable.

The master of the magic stele is not fit. Even if you have been to the supreme world by chance, if you don't have enough strength, you can only fall.

"Damn it, are all those superior people so tough?"

The master of the magic tablet bit his teeth and felt that the gap was hard to make up.

Boom!!!

Chapter 4852

After the end of the battle, Hong Tianjing is sealed.

With a sword, the supreme emperor sealed Hong Tianjing in the heaven and man region, under a mountain peak.

"Heaven and man, sword peak!"

These pictures, ye Chen rely on the pupil of the extreme devil, also see, xuanjiyue did not find his existence.

In the final picture, ye Chen can clearly see that the seal of Hong Tianjing is in a place called shenjianfeng in Tianren area!

After seeing all the pictures, xuanjiyue and the master of the magic tablet looked at each other for a long time.

In the end, the two people spoke with one voice and slowly spat out three words:

"Hong Tianjing..."

Relying on the remnants of a Bi's gate, both of them can see clearly that the former master who fought against the empress dowager, Hong Tianjing, was sealed on the Shenjian peak.

The palace of emperor yuan, in the endless abyss, also peeped into all the pictures with the help of the heart demon Fu Zhao.

"It turns out that the real superior is so powerful. No wonder my master will be crushed to death by a finger."

Emperor Shi Tian's brow was deeply locked, and he began to reconsider the temple of wanxu.

In fact, some superior people from wanxu have asked emperor Shitian to serve as an agent for wanxu.

Emperor Shitian did agree, but later xuanjiyue took charge of Shenluo Tianjian, and he changed his mind.

A simple modern man, a dog of wanxu, can't rival xuanjiyue.

We must launch the trial of heart demons and dominate all living beings in order to obtain enough powerful Qi.

Otherwise, it can't be xuanjiyue's opponent.

Therefore, the emperor finally did not agree, but chose the lonely road of heart demon.

But now see the upper level of the Jingtian battle, the emperor is to reconsider the meaning.

Perhaps as an agent, expedient measures can also obtain many benefits.

After all, the superior is so powerful that he can't see any possibility of victory in a short time.

Click!

In the Queen's palace, the gate of a-nose was exhausted and broke into pieces.

All the pictures, too, disappeared.

Xuanjiyue and the master of the magic stele have a pale face. Obviously, they have just deduced the calculation and consumed a lot of energy.

"Emperor Shitian, the seal of the superior has been found. What should we do next?"

Xuanjiyue sits on the throne with her eyebrows locked and asks the emperor Shitian through the heart demon Fu Zhao.

Now she knows the name of the superior, and the location of the seal.

Next, consider planning.

It is absolutely impossible to murder the superior. The fighting picture just now has completely shocked them.

Even if Hong Tianjing is sealed and his strength is not one, they can not easily murder.

If you do it by force, you may be in danger.

"It's a big deal. We'd better ask someone to explore the way first."

Emperor Shi Tian's voice is solemn, and the superior is unpredictable. If he approaches rashly, no one knows what the consequences will be.

He needs to be explored.

Xuanjiyue also means the same thing. Squinting his eyes, he looked at the master of the magic stele and said, "Lord of the magic tablet, please help me."

The master of the magic tablet changed his face and said, "do you want me to explore the way?"

In the mind of the master of the magic stele, he had the idea of murdering the superior, but he had just seen the decisive battle between the Empress Dowager and Hong Tianjing, and all his thoughts were extinguished.

The realm of the superior is really unimaginable and indescribable. It's impossible to murder them. It's just wishful thinking. Only by courting and asking for gifts can they get real benefits.

But the superior is unpredictable, once they are accidentally angered, 10000 lives are not enough to fill.

Now the master of the magic tablet dare not explore the way alone.

Xuanjiyue said: "the Lord of the magic stele, you can only explore the way. We can't ask the emperor and me to go. Our subordinates don't have a strong one at your level."

Although Hong Tianjing's combat effectiveness is not as good as that of the empress dowager, it is also extremely powerful. No one in the palace of emperor yuan and the palace of empress can bear Hong Tianjing's majesty. Therefore, he can only be the master of the magic tablet to explore the way.

The master of the magic tablet immediately stepped back and his scalp was numb.

It's too dangerous for him to find his way alone.

Xuanjiyue laughed and said, "why, are you afraid? How high spirited you were when you challenged the emperor, how could you be reduced to this level today? "

"Ha ha, this time, that time, you don't have to run on me. If you have the ability, you can go."

The master of the magic tablet gave a cold smile. Now he has deeply felt the horror of the superior. Naturally, he is not so arrogant.

And he and ye Chen battle, the injury is too serious, even the backbone of martial road are broken, the spirit is completely eliminated.

At present, the plan of the master of the magic tablet is to collect enough benefits from Hong Tianjing, and then to kill Ye Chen. Finally, he plans to devour the evil spirit of fate, accumulate enough great fortune and foundation, and then fly to the supreme world to become a real superior. This is an extremely long plan, almost impossible to achieve, but at least a little vague ideas.

However, it would be too dangerous to ask him to explore the road alone now. In case of any accident, this idea will be extinguished and completely destroyed.

Although Hong Tianjing is sealed, he still has the supreme source soldiers in his hand, which is the legendary annihilation sky sword. The sword spirit of the annihilation Sky Sword is likely to guard Hong Tianjing and kill anyone who dares to approach.

Otherwise, no one will guard Hong Tianjing's seal. The secret of Hong Tianjing's seal would have been discovered for tens of thousands of years.

"Well, Lord of the magic stele, I'll give you the way to kill heaven, when you are the reward for exploring the way."

Xuanjiyue also knows the power of the annihilation sky sword. Nine times out of ten, the annihilation Sky Sword is beside Hong Tianjing.

Once the sky sword is annihilated, this supreme source soldier's sharp edge erupts completely, the consequence is unimaginable.

Therefore, someone must go to explore the way to find out the details of the Shenjian peak, at least to find out what Hong Tianjing said.

Hong Tianjing has been sealed for tens of thousands of years. He has never been able to get out of trouble. There are always places where people need help.

Since you need help, there is the possibility of negotiation. You can create a big cause and effect and plot a return.

The cause and effect reward of the superior is no more than a drop of rain and dew.

When Xuan Jiyue spoke, she waved her slender hand and condensed countless sword lights. Finally, she turned into a sword scroll.

What is recorded in this scroll is the formula of Zhutian Shenjian, and the 33rd Tianhong Mongolian law ranks fourth.

In those years, when in the kingdom of God, Xuanji moon gave it to Mo Xueming.

Later, Mo Xueming harmed Xuanyuan moxie again, disorganized the order of Zhutian Shenjian Jue. As a result, Xuanyuan moxie practiced Hongmeng against him, and he almost killed Tian with a hundred thousand flying swords.

Recalling the past, xuanjiyue's eyes narrowed slightly, as if a bit of nostalgia.

Chapter 4853

Hum!

The scroll of Zhutian Shenjian formula fell to the master of the magic stele.

"Zhutian Shenjian Jue?"

The master of the magic stele took the scroll and naturally heard of the power of this sword technique. It can cast all his blood into a flying sword. It is a rare anti Heaven Sword Skill in the world. It is very fierce.

He has the spirit of magic stele and can be used to forge flying swords. Once one hundred thousand evil swords are killed, the sharpness will be far higher than that of Xuanyuan ink evil.

"I also give you something as a reward. It is a magic weapon refined by the Empress Dowager in those years. It is a five fire seven poison fan."

The voice of the emperor's interpretation of heaven, also through the heart demon Fu Zhao, vibrated in the Queen's palace.

Then, a flame, tearing the void, came down, trickling and spinning, showing the appearance of a fan inside.

The whole body of this fan is gray. If there is smoke around it, there are layers of fire on it. It is composed of five kinds of fire: air fire, stone fire, wood fire, Sanwei fire and human fire.

Above the five kinds of flames, there are seven ancient totems of poison, namely, centipede, spider, ghost bee, poisonous mosquito in blood pool, ladybird beetle, six winged demon silkworm and star devil butterfly.

Five fires and seven poisons, the breath is constantly intertwined, a slight rotation, the wind is like an arrow, crying and howling.

This magic weapon is the magic weapon of the heartless spider in the "cold-blooded and merciless" before. It is one of the twelve true treasures of the supreme emperor. It is the true treasure of Gu Dao, and there is the supreme poisonous Gu rule in it.

At the butcher's assembly, the emperor's pure sun mirror and eight mantra keel locks were destroyed, but the five fire and seven poison fans were not damaged and were still in good condition.

Now the emperor Shitian gave the five fire and seven poison fans to the master of the magic tablet, expressing his great sincerity.

The master of the magic stele looked at xuanjiyue and Emperor Shitian. He seemed to see a sentence on their faces:

"I will pay, you will die!"

It's obvious that they can only go to explore the magic stele.

No matter what the result is, as long as the master of the magic stele is willing to go, the Zhutian Shenjian Jue and the five fire seven poison fan will be his.

Relying on these two treasures, the fortune of the master of the magic tablet has been greatly improved. He will not be so embarrassed when he faces Ye Chen again.

"Hehe, it seems that I can't help it if I don't go."

The master of the magic stele kept flashing his eyes. After weighing and weighing, he finally accepted the gifts from xuanjiyue and Emperor Shitian.

If he doesn't go, then no one will go to explore the way, wasting the chance to make friends with the superior.

Once he doesn't do anything, he will be killed by Ye Chen sooner or later. It's better to fight hard.

"Good luck."

Xuanjiyue smiles when he sees that the master of the magic tablet is willing to accept it.

"Good luck to us."

Emperor Shitian corrected xuanjiyue's statement that if Hong Tianjing could really get any benefits, all three of them could be transformed.

The master of the magic stele did not speak any more. He put away the five fire and seven poison fans, and then unfolded the sword scroll, and directly practiced the Zhutian divine sword formula.

Chuckle!

In the next moment, the evil spirit was rolling, and a hundred thousand dark magic swords broke out from the main body of the magic tablet, rolling like a torrent.

The master of the magic tablet, with a hundred thousand flying swords, smashed the void, blasted out of the Empress' palace and headed for Hong Tianjing's seal.

"They're going to do it at last!"

Ye Chen has witnessed all the pictures. He has now opened up the pupil of the extreme devil. He has surpassed the two emperors in terms of deducing the natural mechanism and insight and prying.

Ye Chen can see clearly the plot in the imperial palace.

The Qi machine of the Lord of the magic tablet is also completely locked by him.

"Hong Tianjing, the legendary superior? Do they want to rescue Hong Tianjing? Once the superior is born, it is unimaginable! "

With the breath of Ye Chen, the emperor of taixuan array also saw the whole process, and his face was dignified.

Hong Tianjing is a superior person. Once he breaks the seal and gets out of trouble, God knows what will happen.

"Keep tracking!"

Ye Chen's eyes coagulate and continues to lock the position of the master of the enchanted stele.

The master of the magic stele flew to a very remote place in the heaven and man region. There stood a steep mountain, the shape of which was like a huge sword.

It is the seal of Hong Tianjing.

Shenjian peak!

"At last

Ye Chen's heart is pounding, thinking that he is about to see Hong Tianjing, he can't help but blood turbulence.

"Be careful! Don't expose it

At this time, the emperor of taixuan array was very dignified. Unexpectedly, he suddenly flashed into Ye Chen's body and instilled all his strength into him.

Boom!

With the power of taixuan array emperor, ye Chen's breath suddenly rises, and the use of the extremely evil pupil becomes more mysterious and subtle.

"Master..."

Ye Chen was stunned. Before he faced the wind, the emperor of taixuan array didn't borrow any help. He said that he wanted to reduce his dependence on the reincarnation cemetery. But now, the emperor of taixuan array is directly attached to the body, showing great caution. Whoa

The wind whimpered.

Ye Chen at this time, also through the pupil of the extreme devil, saw the picture of the divine sword peak.

When the master of the magic stele came down, all of the 100000 flying swords were restrained, showing a very devout look. He bowed his head and arched his hands and said, "the younger generation is reincarnated in the magic stele. Please see the Supreme God Hong Tianjing!"

There are many other names for the superior, such as the supreme gods, the heavenly king, the Supreme God, the emperor of heaven, the God King, the supreme supreme, etc. all the lofty Praise Words in the world can be used in the superior person. They are the absolute dominating God, superior to all living things.

Chuckle!

At the moment when the master of the magic stele falls, the void around Shenjian peak sends out the extremely sharp sound of sword Qi tearing.

Even if ye Chen looked at it with the pupil of extreme evil, he felt extremely fierce sword spirit, as if to kill everything.

It's the sword spirit of the supreme source soldier level. It's fierce, sharp, domineering, sharp and sharp. It's breaking and killing the world. It's lawless!

"Stranger, don't disturb the rest of Hong Tianwang!"

Endless sword light floating, revealed a incomparably thin figure.

This figure, hazy and hazy, can not see the virtual and real, is not a living person, as if it is not within the six realms of the world. It exists between the real and the unreal. It flickers with a series of terrible swords, and the terrible atmosphere of annihilation sweeps out.

"You are the sword spirit of annihilation sky sword?"

The master of the magic stele stepped back and was shocked. He felt that the figure in front of him was so powerful that his breath was beyond description. He was not an enemy at all.

"Since you know me, leave me as soon as possible. Don't disturb the king of Hong."

The sword spirit of annihilating Tianjian has a kind of lofty momentum in his speech, but he is not aggressive. This is not the supreme world, not his territory. He is obviously afraid of it, and dare not take it easily.

"Well? Wait... "

Suddenly, annihilated Jianling looks at the sky and seems to notice something strange.

Ye Chen's pupil shrinks suddenly. He peeps with the pupil of the extreme devil. This time, it seems that he is just looking at annihilating Jianling!

For a moment, ye Chen's hair was all up.

"Don't be nervous."

Taixuan array emperor light voice.

Chapter 4854

"Well."

Ye Chen nodded and calmed down.

Now he has the emperor's body of taixuan array, and the method of extremely evil pupil is greatly improved. Unless Hong Tianjing climbs out of the earth, no one can find his insight.

Fortunately, Emperor taixuan was cautious and attached himself to Ye Chen in advance. Otherwise, ye Chen would be exposed.

"Mr. Jianling, what's the matter?"

The master of the magic stele saw the strange appearance of annihilating Jianling and asked.

"Nothing..."

Annihilation Jianling waved his hand, but he didn't find Ye Chen's prying. After all, ye Chen didn't spy on him directly, he just peeped at the master of the magic stele.

"I don't know what conditions are needed to untie the seal of Hong Tianwang if I want to rescue him?"

The master of the magic stele felt a terrible smell lurking under the ground. It was obviously Hong Tianjing. But now this breath is completely dormant. I think Hong Tianjing has fallen asleep.

"Ha ha, Lord of the magic stele, I know you. You are a arrogant and ignorant villain. You are not qualified to rescue Hong Tianwang. Get out of here."

Annihilation Jianling glanced at the master of the magic tablet and recognized it.

At that time, the master of the magic stele tried to challenge the empress dowager, but he was beaten down and miserable. Now he is unable to protect himself. He even wants to rescue Hong Tianjing. Naturally, he ignores the sword spirit.

If Hong Tianjing hadn't been sleeping, I'm afraid the Lord of the magic tablet would have been crushed to death by a finger.

"What happened in the past is just a misunderstanding. I come here today with the support of the Lord of destiny and the Lord of the heart demon."

The master of the magic stele didn't care much about the past, but he still spoke faintly, holding out the names of xuanjiyue and Emperor Shitian.

"Xuanji moon and Emperor Shitian? They also want to save Hong Tianwang? "

Annihilation Jianling's eyes changed, obviously did not expect these two people will also enter the game.

It is impossible to untie the seal simply because he is the master of a magic tablet. However, with the support of xuanjiyue and Emperor Shitian, it is different.

The main way of the magic stele: "exactly! It is said that Hong Tianwang has been sealed and tortured. We want to express our feelings and rescue him from the sea of misery. "

After hearing the words, annihilated Jianling's eyes flashed for a moment. Then he laughed and said, "you have unclean ideas. The evil spirit is too heavy. You are just trying to make profits by saving the king of Hong Tian!"

"There's no need to sound so bad. We're just helping each other."

The master of the magic tablet is still calm and has no taboo.

Their goal is very clear, that is to rescue Hong Tianjing and plot the reward of the superior.

"I have my own way to untie the seal of Hong Tianwang. I don't have to worry about it. You'd better not force me to do it!"

When the sword spirit was silent, the murderous spirit of his eyes was cold. A beam of sword light burst out of his body and rose into the sky like a straight pillar of heaven.

"Mr. Jianling, if you really have a way to rescue, you don't have to delay tens of thousands of years."

The master of the magic stele was upright, and with a word, he stabbed the pain of annihilating the sword spirit.

"Looking for death!"

The sword spirit is angry and the sword light explodes. It falls from the sky like a star river and kills the master of the magic tablet.

The master of the magic stele stood still and said, "it's easy for you to kill me, but I'm afraid no one will be able to rescue Hong Tianwang from now on."

"Well?"

As soon as the sword spirit's look changed, he finally stopped the sword light and didn't really kill him.

After a pause, the sword spirit was silent, and his eyes were meditating. He seemed to be thinking about something.

Finally, he slowly opened his mouth and said, "Hong Tianwang naturally has me to rescue you. It's not so easy for you to seek cause and effect and seek benefits."

"Have you ever thought of murder before? Ha ha, ridiculous, a group of snake scorpion wolf heart generation, how dare I use you? "

"The most I can do is to make a deal with you to help me kill the reincarnation master of this life. He is very lucky. The king of Hong Tianwang has once personally tried to kill him, but he can't kill him. Now Hong Tianwang consumes too much and has fallen asleep."

"What? Has Hong Tianwang done it? "

Hearing this, the master of the magic tablet was shocked and couldn't believe it.

Hong Tianjing's method is earth shaking. In the past, he was able to kill Yan Changge. Now ye Chen, obviously, can't compare with Yan Changge. However, he has evaded the pursuit. It's really incredible.

A character like Hong Tianjing is sure to be killed if he doesn't do it. Since even Hong Tianjing has failed in Kyoto, the fate of the reincarnation master is unimaginable. No one can kill him.

"Well."

Annihilation Jianling nodded gently and said, "Ye Chen is a son with deep Qi, and it is not easy to kill him. However, he has something in his heart, so it is possible to kill him."

While speaking, the sword spirit repeatedly pinched and calculated, as if judging the auspicious or ominous behind.

The master of the magic tablet's face sank and said, "do you want me to do it?"

He now has a psychological shadow on Ye Chen. Unless Hong Tianjing personally blesses him and changes his fate, he does not have the courage to do so."Yes! I reckon that ye Chen wants to capture the reincarnation magic tablet. Since he wants something, he has shortcomings. He seems to be eager to go to heaven and man. He will definitely issue a contract of war in the near future and invite you to make a final decisive battle. "

"The final battle..."

The master of the magic tablet has a heavy face and is obviously not ready for a decisive battle.

And ye Chen, quietly peeping at all these pictures, is also shocked.

"This silent sword spirit is worthy of being a strong man around Hong Tianjing. His means are so powerful that I have a plan to fight a decisive battle."

Taixuan array emperor said: "that is nature. The higher the realm is, the more sensitive you will be to the mystery of heaven. There is no conspiracy between the real masters, and there is no possibility of any sneak attack. You can only fight a decisive battle in an open and upright manner. If you move your mind to kill, others can calculate that both sides are almost transparent."

Ye Chen nodded. He also knew that the higher the realm, the more complex the battle would be. It was not just a contest of combat effectiveness, but also a series of things, such as Qi, Feng Shui, the foundation of Daoism, the cause and effect of heaven and so on.

At present, his method of deduction is a big difference, which is only four layers of heaven and earth. However, with the pupil of extreme demons, his deduction method has surpassed that of emperor Xuandi.

Picture rotation

Annihilation Jianling continued: "I give you taishangtiangang Dao, which is not only one of the thirty-six ways of Taishang, but also the source of Hongmeng Yuanshu. The source is the Haoran Qi of the star emperor."

Hum!

A blue jade slips emerge from the hands of the silent swordsman.

This piece of jade slips is printed with five words of Taishang Tiangang road. Endless vigorous Qi is emitted from it, and the breath is very vast.

"Xingdi Haoran Qi, this is the magic power of Xuanyuan moxie. After upgrading, it will be Taishang Tiangang Dao. If you master the formula of killing heaven, then you can understand my taishangtiangang Dao, and you can evolve 100000 Tiangang flying swords and kill everything."

Annihilate Jianling throws Tiangang jade slips to the master of the magic tablet.

Chapter 4855

Among the thirty-six Taishang Taoism, Taishang Tiangang Taoism is quite special, because since taishangdao is also Hongmeng Yuanshu, it is derived from the upgrading of Xingdi Haoran Qi.

"In those days, Xuanyuan ink evil, against practice Hongmeng, the king of Hong marveled at this man's madness. Unfortunately, the reincarnation master's luck was too adverse to the heaven. Otherwise, Xuanyuan's 100000 star emperor flying sword might not have no chance to destroy the world."

"If it wasn't for the reincarnation master, Xuanyuan moxie might have the opportunity to kill Hongmeng's heart demon, fly to the supreme emperor, and fight with wanxu. Unfortunately, these masters of this generation still fall in the hands of Ye Chen. It's really a great hidden danger if he doesn't get rid of him."

Annihilation Jianling sighed, the rise of Xuanyuan ink evil at the beginning, even caused the attention of the superior.

Many strong men in wanxu even thought that Xuanyuan moxie wanted to kill the reincarnation master, which became a new threat to wanxu.

But in the end, the reincarnation blood is better. Xuanyuan ink evil finally fell. Now the biggest enemy of wanxu is still the Lord of reincarnation!

"Mr. Jianling, since Ye Chen is such a terrible boy, are you too hasty to call me a decisive battle now?"

The master of the magic stele catches the jade slips of Tiangang Taoist method, and only feels that it is heavy.

Annihilation sword spirit way: "even if you don't want to fight a decisive battle, he can't let you go. This battle is inevitable, but fortunately, he has something in mind, and there is room for the growth of heart demons. You can ask the emperor Shitian to borrow some heart demons Fu Zhao and cooperate with 100000 Tiangang flying sword to ensure that everything is safe."

The master of the magic tablet has a dignified face, but he doesn't agree easily. What he wants is Hong Tianjing's support.

But now, Hong Tianjing is sleeping, relying on the support of annihilating Jianling, he has no assurance of victory.

"Don't worry, I'll help you swallow the five fire and seven poison fans, so that you can understand the magic way of the supreme heaven that the goddess of heaven has left in it. If you can't defeat the reincarnation master like this, I will come to kill the reincarnation Lord at the expense of rules and regulations."

At the end of the day, his eyes are full of murderous spirit.

Ye Chen, who is far away, feels a chill on his back.

However, in the back cool at the same time, ye Chen also feel a sense of warmth and security.

If annihilation Jianling ignores the rules and forcibly attacks, Ren Feifan will also do so. Ye Chen doesn't have to worry about being killed, as long as he has all his energy to deal with the master of the magic tablet.

Other higher realm of confrontation, have Ren extraordinary processing, do not need him to worry about.

"Well, go back and tell xuanjiyue and Emperor Shitian that the emperor hongtianwang has me to rescue him. Don't worry about it. Don't send any more people. The king is still sleeping and can't be disturbed."

"This time, if you can successfully kill the reincarnation master and wait for the emperor Hong to wake up, he may be very happy and reward you with something, but I can't guarantee it."

"I'll give you what you deserve."

"It's just a meeting gift. When you kill the reincarnation Lord, I'll help you dig out the buried dragon Yuan sky sword as the final reward."

Annihilation Jianling looks at the master of the magic tablet and makes a real chip.

Taishang Tiangang road is just a gift to meet. If he can really kill Ye Chen, he can give Longyuan Tianjian to the master of the magic tablet and others.

Longyuan sky sword, but one of the eight supreme source soldiers, is as famous as Shenluo Tianjian.

At that time, xuanjiyue was in charge of Shenluo Tianjian, and she was very aggressive. If anyone could get the dragon Yuan sky sword, he would change his life against the heaven, destroy the world and dominate the universe.

The pupil of the main eye of the magic tablet shrinks, and the heart suddenly moves.

Longyuan sky sword, if you can get such magic weapons, the reward will be rich enough.

Annihilation silence sword spirit way: "but dragon Yuan sky sword, how to distribute, it is up to you three people to decide."

There is only one supreme source soldier, but there are three people working together on the side of the Lord of the magic tablet, which is obviously not enough.

"We will deal with it naturally. Don't worry about it."

With a grin on his face, the master of the magic stele can already imagine that he is in charge of the dragon Yuan Sky Sword and kills xuanjiyue and Emperor Shitian.

When ye Chen heard the words of annihilation Jianling, he was also shocked. He thought, "it seems that this sword spirit also knows the essence of Longyuan Tianjian. I will go to heaven and man's domain and try to capture Longyuan Tianjian, but it will not be so easy."

Now ye Chen has a fragment of Longyuan Tianjian and a lingfu imperial edict of Longyuan sword in his hand.

With this sword spirit Fu Zhao, when ye Chen goes to heaven and man domain, you can sense the position of Longyuan Tianjian.

But now, annihilation Jianling also knows where the dragon Yuan Sky Sword is. It is obviously extremely difficult for ye Chen to capture it.

Annihilation Jianling nodded and said, "good. Then, you go back to prepare for the war. I'll wait for your news."

Finish saying, annihilate sword spirit finger a bit, a ray of blood light escapes into the main body of the magic stele.

Hum!

The five fire and seven poison fans floated out of the main body of the magic tablet, and was swept by layers of blood light. Finally, the Tiangu Taoist method contained in it was directly swallowed up and poured into the head of the master of the magic tablet. The master of the magic stele closed his eyes and felt the new understanding of Taoist Dharma. Then he crushed the jade slips of taishangtiangang road and understood the Taoist method.

The master of the magic tablet opened his eyes and was ecstatic and excited.

He got many adventures today, such as Zhutian Shenjian Jue, Wuhuo Qidu fan, Taishang Tiangang Dao and taishangtian Gu Dao. They are just incredible opportunities.

At this moment, the master of the magic tablet even thought that he was the protagonist of the world.

Annihilated the sword spirit way: "don't be too proud. In those days, Xuanyuan Mo Xie thought the same as you, but died under the reincarnation master's hand. Go back and prepare well. With the support of emperor Shitian and xuanjiyue, you can't lose as long as you are careful."

"Yes, Mr. Jianling, goodbye!"

As soon as the master of the magic tablet arched his hand, countless flying insects floated out all over his body. At last, his whole body was submerged by the tide like insects and disappeared directly in the original place.

This is the magic method of the God's poisonous way. It can easily summon hundreds of millions of insects and kill the enemy by biting them.

"Boy, you're in trouble."

Emperor taixuan went back to the tomb of samsara, his face was very solemn.

Now the master of the magic tablet is no longer fighting alone, but has become the agent of annihilating Jianling, Emperor Shitian and xuanjiyue.

Ye Chen wants to kill people and seize the stele, so it is difficult to compare it to heaven.

After the master of the magic tablet goes back, he will definitely ask for the heart demon Fu Zhao from the emperor Shitian, and xuanjiyue will also bless him. As a result, ye Chen is under great pressure.

Ye Chen asked, "master, what's your plan? Will this decisive battle be fought? "

Ye Chen breathed a breath. He had just limited his use of the extremely evil pupil. Now he consumes a lot of aura, and his eyes ache. He loses the breath of the master of the magic tablet.

Taixuan array emperor did not feel any discomfort. He was still calm and calm. He laughed and said, "naturally, you want to fight. If you don't solve the master of the magic stele, you will eventually have problems when you go to heaven and man domain. However, it is difficult to win this battle by relying on brute force. It is better to use my array."

Chapter 4856

"Formation?"

Ye Chen frowned.

"I have an array called Zhenwu destroying Buddha array..."

The emperor of taixuan array whispered in a whisper, as if afraid of being perceived, and quietly told ye Chen the plan.

"Zhenwu destroys Buddha array? The legendary hongmengyuan technique? Upgraded version of fahua and mietian

Ye Chen's eyes brightened, but he was worried. He said, "master, using the array can ensure that everything is safe?"

Taixuan array emperor said: "there is no infallible truth in the world, but there are people behind the master of the magic tablet. You also have people. What are you afraid of? If you want to fight, you will be against the heaven when you get the reincarnation magic stele. At least the wild magic sword can germinate initially

After ye Chen's death, there is the support of emperor taixuan array, and there is Ren extraordinary!

Even if annihilated Jianling starts to do it by force, ye Chen has no reason to be afraid.

As long as you kill the master of the magic tablet and get the reincarnation magic tablet, ye Chen can not only solve the future problems, but also cultivate the Wild Magic Sword species, which has the opportunity to germinate initially.

"Well, then there will be a big fight. It's time for a decisive battle."

"If you can kill the master of the magic tablet, all the Taoist methods on him will belong to me!"

Ye Chen's eyes were sharp, and he had a decision in his heart. He immediately used taixuan to search for the devil's array, locked the position of the master of the magic tablet again, and sent out a message directly:

"Lord of the magic tablet, I will wait for you in Hongmeng blessed land at noon tomorrow."

The master of the magic stele Received ye Chen's engagement and immediately sneered: "annihilation Jianling is right. This boy has come to me for a decisive battle. You should not know that there is so much support behind me?"

Ye Chen looks at the response of the Lord of the magic tablet, but he laughs.

The master of this magic tablet obviously doesn't know that he is already a transparent man. Ye Chen sees through all the plots.

Even emperor Shitian and xuanjiyue would not have thought that ye Chen's insight was so powerful.

Although the means of insight into the natural mechanism can not directly improve the combat effectiveness, at least, it can let Ye Chen see through all the conspiracy plans in advance, make layout preparation in advance, and pursue good fortune and avoid evil.

At present, ye Chen went back to Yuan Tian Yuan and asked Lin Qingzhu to borrow the Zhenmo blood stone to prepare for tomorrow's decisive battle.

The master of the magic stele also got the heart demon Fu Zhao from the emperor Shitian, and then went to the imperial palace to seek the support of xuanjiyue.

Hearing what happened in Shenjian peak, xuanjiyue naturally supported her and said, "if you want to fight against the reincarnation master, I can't be stingy."

While speaking, xuanjiyue gave the master of the magic stele with countless talismans.

The master of the magic tablet has a smile on his mouth. Now, with the support of annihilation Jianling, xuanjiyue and Emperor Shitian, he is absolutely sure that he can kill Ye Chen.

Because even annihilation Jianling has agreed. If he can't beat him, he will come directly and do it himself.

At that time, as long as ye Chen is killed and the great merit of reincarnation is exterminated, he will be able to occupy the greatest credit, which is beyond imagination in the future.

"Lord of the magic stele, I want to plant a wisp of divinity on your reincarnation magic stele, so that even if you fail, I will at least be able to kill the reincarnation Lord."

For one month, she asked.

"Do you want to leave your mind on my magic tablet?"

The master of the magic stele is on guard. Once Xuanji moon's spirit is left behind, it will be hard to deal with it.

Xuanjiyue said faintly, "don't get me wrong. I'm not trying to rob your magic stele. I'm just trying to make sure everything is safe. I can't leave too deep a mind. I can only let me do it once."

The main way of the magic tablet is: "empress, your martial arts foundation has been cut off. You have sacrificed hundreds of millions of lives and suffered criticism from the heaven. The emperor Shitian also has the idea of killing you. If you come to attack, I'm afraid that the luck of the empress's heavenly Palace will be shaken, and you will be invaded and killed by foreign enemies, and the consequences will be unimaginable."

Xuanjiyue said: "naturally I know this layer, but in order to kill the reincarnation master, no matter how big the risk is worth taking." There was great determination in speaking.

The master of the magic stele laughed and said, "Your Majesty, I don't want you to do it yourself. If I fail, there will be annihilated sword spirit. He will come at all costs."

Xuanjiyue said: "if he comes, it will break the rules of the chess game. Behind the reincarnation master, there are also big people supporting him. He won't easily see him killed. So be careful, you still leave me a divinity. I won't harm you."

The master of the magic stele frowned. From xuanjiyue's eyes, he did not feel the murderous spirit against him.

Xuanjiyue's murderous spirit is aimed at the reincarnation master, and has no idea of harming him for the time being.

"Yes, I promise you."

The master of the magic tablet released the reincarnation magic tablet, and finally agreed.

If xuanjiyue really has the idea of murder, he can't be unaware of it now.

Thank you very much

Xuanjiyue nodded and immediately planted a divinity on the reincarnation magic stele.

This divinity is not deep, so she can only let her do it once. After all, the owner of the magic stele can't agree to it. Although the master of the magic stele was a little discontented, he still accepted it.

He could also see that xuanjiyue really wanted to kill the reincarnation master, so she was not afraid to shake the foundation of the Queen's palace.

The master of the magic tablet and the Lord of reincarnation are all officially ready for the final decisive battle.

In the early morning of the next day, ye Chen came to Hongmeng blessed land early.

The closer we get to the decisive battle, the more dangerous Ye Chen feels.

"Xuanjiyue also wants to kill me?"

In the dark, ye Chen catches it. Xuanjiyue leaves a divinity on the reincarnation magic stele and wants to wait for the opportunity to start.

Fortunately, ye Chen now has insight into the supernatural power against the sky, so even if he did not see it with his own eyes, he also felt the conspiracy.

"Don't worry about xuanjiyue for the time being. She may not really have the courage to make a move, because the foundation of the imperial palace is very unstable and needs her guarding. Once she leaves rashly, something goes wrong in the Imperial Palace, and the consequences are unimaginable."

In the samsara cemetery, the emperor taixuan made a voice.

Now ye Chen's most important enemy is the Lord of the magic tablet!

"Yes."

Ye Chen nods and calms down completely.

Buzz!

At this time, ye Chen hears the hum of insects in Hongmeng blessed land, and then he sees the overwhelming army of Zerg people rushing out from Hongmeng mountain forest.

There are many corpse turtles, centipedes, poisonous insects and ants, just like the tide. In the sky, there are countless Zerg armies. One by one is huge and has tentacles. They explode and kill them crazily.

"The Lord of the magic stele, why didn't he say hello when he came?"

Ye Chen laughs and sees the Zerg army attack, but there is no accident. Under the insight of heaven, everything is under control.

"Eight puffs!"

When ye Chen waved his hand, the endless light of Buddha was overwhelming. A pagoda of ten thousand feet high fell from the sky and roared down.

Countless Zerg armies, climbing up to this pagoda, are shocked by the light of Buddha, unable to get close to Ye Chen's body.

"The Lord of reincarnation is indeed a good method."

Under the shadow of numerous Zerg armies, the grim figure of the Lord of the magic tablet emerges.

Chapter 4857

At the moment, the master of the magic stele is full of poison, and the void behind him is torn. Countless Zerg are rolling out to kill him.

After mastering the magic way of heaven, the master of the magic tablet can summon hundreds of millions of Zerg from the void.

If ordinary people are attacked and killed by the Zerg army, they will surely die. They will be bitten to death by countless insects. They will not leave any residue.

But ye Chen, with the protection of the pagoda and the reincarnation poison tablet, easily defends the attack of the Zerg army. Even if there are Zerg lucky break in, they are killed directly by Ye Chen's immortal Koi and terror spirit.

"The black dragon's poison, explode!"

The master of the magic tablet suddenly clenches his fist and stares at Ye Chen.

Ye Chen feels that under the spirit of the master of the magic stele, a poisonous insect in the shape of a ghost dragon suddenly breaks through the defense of the pagoda and the immortal Koi, and explodes in front of Ye Chen.

Heaven's magic way, master all the methods of poisonous insects in the world, and the black dragon's poison is also one of them.

Although the master of the magic stele was far inferior to yuwenji, it suddenly exploded, but there was an infinite amount of poisonous insects and poisonous gas.

Naturally, ye Chen can't do anything about it.

However, the target of the magic tablet is not ye Chen himself. The explosion of the ghost dragon and poisonous gas is to break through the defense of the eight Fu Tu Qi and the immortal brocade carp copy!

No matter how strong the fortress is, it can not withstand the explosion from inside.

With a bang, ye Chen's pagoda was suddenly torn open by the explosion of the ghost dragon, and all the immortal Koi were scattered.

Hiss! Hiss!

As soon as the pagoda was blasted out of the hole, an army of Zerg swarmed in like a black tide, drowning Ye Chen in an instant.

Hundreds of millions of insects, open sharp teeth, crazy bite Ye Chen's skin, want to tear Ye Chen alive.

However, at the next moment, they found that ye Chen's skin and flesh were tens of thousands of times harder than steel, and could not hurt at all.

"The body of the heavenly devil, the formula of burning blood, the transformation of soul and body, open!"

Ye Chen suddenly drinks, explodes a lot of magic light all over his body, countless magic lines emerge, directly opens up the God's demon body.

The vast spirit of the devil suddenly rushed up into the sky, and a giant demon with thousands of hands and thousands of eyes emerged from behind Ye Chen.

"How could you hurt me? Come out with real Kung Fu

Ye Chen grinned fiercely, and the evil spirit was rolling. The evil sword was in his hand. The sword was wielded wildly. The endless sword spirit exploded and destroyed thousands of miles. Under the strangling of the sword spirit, the overwhelming Zerg army sent out a scream and broke up and annihilated one after another.

Even the Taoist cause and effect of summoning the Zerg was cut off by Ye Chen's sword, and no more insects jumped out.

"What a strong breath. I was defeated by you before. It's not too unjust."

The master of the magic tablet retreated repeatedly. He was defeated by Ye Chen last time. Although it was the restraint of the demon blood stone, he might not be Ye Chen's opponent if he really fought for life and death.

"I also know that you are not so easy to be killed, but Tiangu Daofa can't kill you. What about the heart demon curse sword?"

The master of the magic tablet suddenly looks cold and murderous, and a heart demon Fu Zhao burns soundlessly.

Hum!

Behind Ye Chen, immediately appeared a sharp and shining, pure to the extreme flying sword.

This flying sword does not kill people, only kills the heart!

It's the heart demon curse sword!

Originally, the Zerg army just now is just the empty move of the master of the magic tablet. The real killing move is the heart demon curse sword!

This heart demon sword is pure and clear without any blood, just like the emperor Shitian's hand.

Obviously, in order to deal with Ye Chen, the emperor Shitian also spent a lot of aura to create this heart demon Fu Zhao. As soon as it burned, the sword light rolled and the soul of people was hooked.

All of a sudden, ye Chen felt his heart was ready to move, and all kinds of heart demons would be triggered out.

"Boy, die for me!"

The master of the magic stele grinned grimly and waved his big hand. Five fires and seven poisons were bombarded out. The poisonous insects were surging. He wanted to mix the heart demon's curse sword and kill Ye Chen in one fell swoop.

"Do you want to kill me for this sneak attack?"

Ye Chen hummed, his whole body burst out a vast starlight, and instantly held up a majestic starry sky, endless Hongmeng aura broke out.

Great stars!

If in the past, ye Chen is likely to be cheated, confused by the virtual move, and finally attacked.

But now, ye Chen has understood the pupil of the extremely evil, and his insight is very powerful. Almost at the moment when the master of the magic tablet wants to attack, ye Chen catches the good and evil and senses the danger in advance.

This time, the heart demon sword Qi wrapped over, ye Chen immediately opened the Hongmeng big star sky, blocked all the heart demons attack and kill.

"So fast?"

Company, the magic of the retreat from the sky.

However, he did not expect that ye Chen's reaction speed was so fast that this piece of Hongmeng starry sky was like an absolute boundary of the realm, protecting Ye Chen, and no evil spirit could rush in. If the emperor Shitian comes and meets Ye Chen hard, it is still possible to crush the guardian of the starry sky, but the master of the magic tablet does not have this ability.

"Xingdi Haoran, Taishang Tiangang!"

After a short period of shock, the master of the magic tablet quickly regained his composure. Since the sneak attack was not good, he would fight with real kung fu. He was not afraid.

Boom!

A series of vigorous Qi burst out from the main body of the magic tablet. The vigorous Qi rolled and cracked, and it was actually looming behind him, forming a star emperor figure with a height of ten thousand feet!

Seeing this star emperor's figure, ye Chen's pupil shrinks and reminds him of his former enemy:

Xuanyuan moxie!

At the beginning, Xuanyuan ink evil's original magic power was the star emperor's Haoran gas!

At this moment, Shi, the master of the magic stele, displayed the legendary taishangtiangang Road, the top Hongmeng Yuanshu, and the upgraded version of Xingdi Haoran Qi!

The majestic vigorous Qi immediately covered the whole body of the master of the magic stele, and then with the rolling imperial power, the craziness diffused out.

Ye Chen's big starry sky is shocked by Haoran Gang Qi, which shows signs of shaking.

"Star fingerprints!"

The master of the magic stele slapped with infinite stars, floating in the palm and covering the sky with one hand. He wanted to smash Ye Chen completely.

Ye Chen was shocked for a moment, as if to see the return of Xuanyuan Mo evil. Fortunately, he had seen through all the secrets of heaven last night, and had already known that the master of the magic stele had obtained taishangtiangang road.

"In the world of the netherworld, virtue carries things."

Ye Chen quickly defends himself. When the map of the yellow spring is presented and the big hand is opened, the world of huangquan is supported. Numerous mountains and rivers present a thick terrain and contain treasures.

Bang!

The hand print of the master of the magic stele, smashed into the world of the yellow spring, suddenly dissolved than the boundless land, and could not hurt Ye Chen at all.

Terrain Kunning, huangquan Houde.

Taishang Tiangang road is invincible. If you touch it hard, ye Chen may not be able to take advantage of it. However, if you use the chart of the yellow spring to resist, it can resolve all fierce attacks.

Chapter 4858

The terrain of the yellow spring map is most suitable for dissolving the fierce attack of vigorous Qi.

Especially in the last few months, ye Chen's reincarnation blood vessels have recovered a lot, and the details of the chart of the yellow spring have also been improved, and the defense capacity has been greatly enhanced.

Even in the face of such an attack, ye Chen will not be as embarrassed as the previous Tu Sheng assembly, and has the capital to protect himself.

"Ha ha ha, reincarnation master, good skill."

"I knew it wasn't that easy to kill you."

The master of the magic tablet laughs coldly when he sees Ye Chen's means.

He mixed too much sky Gang Road's one hand, the prestige how terrifying, but ye Chen unexpectedly easily caught.

This scene made the Lord of the magic tablet a little surprised, but not too surprised.

Because, he also knows, ye Chen's momentum is magnificent, martial arts profound, not so easy to fall.

"Well, let you see directly, my real means!"

The master of the magic tablet no longer talks nonsense. With a wave of his hand, an ancient stone tablet rises from his back.

The stone tablet, printed with a huge "magic" word, is the legendary reincarnation magic monument!

Chuckle!

On the stone tablet of reincarnation, the rolling evil gas burst out and quickly cast into a flying sword.

In an instant, a hundred thousand flying swords were suspended in the sky and broke out a thousand magic lights. The vast evil Qi covered the sky and made people shocked.

"Zhutian Shenjian Jue!"

The master of the magic stele roared, and the spirit of Taishang gang was like a torrent, pouring into the 100000 flying swords.

All of a sudden, one hundred thousand magic Qi flying swords were infused by Taishang Tiangang. Each sword became fierce, fierce and sharp. Its edge swept the sky and hissed.

Ye Chen looks at the hundred thousand flying swords across the sky, and suddenly takes a breath of cool air. It seems that he feels the pressure of the torrent of flying swords when facing Xuanyuan ink evil.

At present, the master of the magic stele is naturally much more powerful than Xuanyuan's Mo Xie. There are hundreds of thousands of magic swords rolling around. Each sword has the domineering power of Taishang Tiangang, and the killing and cutting is extremely fierce.

Moreover, these magic swords also have the original flavor of reincarnation magic stele.

Even, ye Chen feels that the master of the magic tablet has hidden several heart demons in the torrent of flying swords, mixing all the Fu Zhao given to him by the emperor Shi Tian.

"You want to sneak on me?"

Ye Chen's eyes are cold. The master of the magic stele is really vicious. The 100000 magic swords are already earth shaking. If you want to destroy a piece of earth, even if ye Chen's chart of the yellow spring can't be blocked.

However, the master of the magic stele is not satisfied, and he stealthily mixes the heart demon curse sword into it to kill Ye Chen.

"Xuanmen nine robbers array, up!"

Ye Chen's palm repeatedly pinches the Jue, a wisp of array light, flows out from his hand, and quickly condenses into a large array.

As soon as it was set out, it immediately covered thousands of miles, and countless natural disasters rolled and cracked, bombarding people's mind.

"This is Ancient strong, taixuan array emperor's magic power! Where did you learn that? "

The main idea of the magic tablet is that the pupil shrinks.

Ye Chen's magic power now is an array, which is taught by the emperor of taixuan array!

This Xuanmen nine robbers array is very complicated. On the surface, there are nine natural disasters, but one after another interweaves with each other. Ninety eighty one is ever-changing and dazzling.

At that time, ye Chen stepped into Xuanyun mountain. When he met this array, it was extremely difficult. Without the guidance of taixuan array emperor, ye Chen might not be able to break through the array.

That hundred thousand magic swords are powerful in killing and cutting. If you only rely on martial arts, ye Chen may not be an opponent.

After all, there is still a big gap between Ye Chen's cultivation and the master of the magic tablet.

But it's different with the formation.

The nine robberies array of Xuanmen shrouded the heaven and earth in an instant, enveloping all the 100000 magic swords.

The master of the magic tablet changes his face. The way of the array communicates with heaven and earth.

Now what he has to face is not ye Chen alone, but the power of heaven and earth behind him!

"Very good. I'd like to see if it's your array or my martial arts."

The master of the magic stele drank violently and waved 100000 magic swords. He broke into the big array and killed Ye Chen fiercely.

This is the final decisive moment, and the master of the magic tablet has no way to retreat. He knows that ye Chen's array is powerful, but he can only be brave enough to rush in.

Puff, puff, puff!

The flying sword mixed with Taishang Gang Qi has great lethality. One hundred thousand magic swords were killed in the Xuanmen nine robberies array.

There are natural disasters and array patterns everywhere. Under the flying sword of the master of the magic stele, it suddenly collapses and collapses.

"Taixuan's spirit of killing and attacking the heart!"

Ye Chen is suspended in the middle of the array, guarding the eye of the array. He is as firm as a rock. He chants a mantra in his mouth, and directly opens the "soul robbery" array in the Xuanmen Jiuji array. In the nine robberies array of Xuanmen, there are many murderers, such as water and fire, thunder and lightning, wind and rain, etc. but the most serious is the last "soul robbery", which can shock people's spirit and kill their souls.

Hum!

As soon as ye Chen opens the ghost robbery, a strong wind blows in the array, and the sound of ghosts crying and Howling comes out. There are countless ghost like ghosts and shadows, which explode and kill wildly, and pounce on the master of the enchanted stele.

In a way, the spirit of soul robbery and invasion is similar to the attack of heart demons!

The face of the master of the magic stele changed a little. His flying sword can break most of the doom, but he can't solve the spiritual disaster.

Because this "soul robbery" is a pure spiritual killing, not a physical body.

"Sword of heart demon, Yu!"

As a result, the master of the magic stele pulls out all the swords from the heart and surrounds the whole body.

All kinds of ghost robbers and ghosts are killed on the master of the magic stele. They are blocked by the sword of the heart demon. The shadow and sword collide and disappear.

"Good means!"

The master of the magic stele had to admire him. He also wanted to hide some swords of heart demons secretly to attack Ye Chen. But now ye Chen has a soul attack, forcing his cards out directly for self-protection.

If he doesn't protect himself, he can't resist the spiritual impact of the Xuanmen Jiujie array.

"Although you have forced out my card, my flying sword has broken through the sky. I see how you can resist it!"

The master of the magic stele is not alarmed. He controls 100000 Tiangang magic Qi flying swords and kills him in the void.

Ye Chen's layout of the Xuanmen nine robbers array suddenly burst out one after another, and it is difficult to maintain it.

The most powerful soul robbing and killing battle has been dissolved by the master of the magic tablet, and the remaining Xuanmen robbery is not enough.

One hundred thousand flying swords of the master of the magic stele are infused by the reincarnation magic stele and taishangtiangang road. They are extremely powerful. It is not ye Chen who can fight against them.

Boom!

Finally, ye Chen's Xuanmen Jiujie array is completely broken.

All the light of the array is extinguished.

Under the sword of the master of the magic stele, the void of thousands of miles is constantly tearing and collapsing. The world is full of dead space, and the vision is fierce.

Chapter 4859

"Die for me!"

The master of the magic stele is full of high spirits, and one hundred thousand flying swords roll like a tide, killing Ye Chen.

Now he is not the same as he was before. Behind him are the support of annihilated Jianling, Emperor Shitian and xuanjiyue. He is extremely powerful and has a profound foundation. His flying sword is so powerful that it is clear that he is going to crush Ye Chen.

"Demon blood stone, I've suppressed it!"

Ye Chen is not in a hurry to sacrifice the town demon blood stone.

Hum!

The whole stone suddenly burst out blood light, and the blood gas of scarlet continuously gushed out. The energy inside was like a star explosion, constantly bombarding and tumbling, with a strong atmosphere of repression, which was suppressed towards the Lord of the magic stele.

Last time, in Hongmeng blessed land, ye Chen relied on the demon blood stone to control the devil stele, and finally won the victory.

"This old way, you still want to cheat me?"

The master of the magic stele sneered. The torrent of the flying sword still thundered and killed. With a violent wave of his left hand, more than a dozen talismans like stars suddenly flew out.

These more than ten talismans are floating like stars. They are surrounded by layers of Ancient Runes. They have a powerful aura of the supreme emperor. They are the ones made by xuanjiyue himself.

"The way of heaven talisman?"

Ye Chen recognized it at a glance. It was the supernatural power of the heaven Fu Dao!

There are more than ten talismans with different attributes and great power, such as Zhenyuan thunder talisman, beheading immortal and destroying talisman, undeniable electric talisman, great chaos sword talisman and void bursting talisman. They are constantly shaking in the void and making a terrible sound.

Taishangtian rundao, which ranks the top five of the thirty-six Taoism, is extremely powerful. It can absorb the supreme aura of the supreme heaven and refine it into various kinds of counter heaven talismans.

Now ye Chen's eyes, the dozens of talismans are the existence of incomparable adversity. Each of them can destroy the earth, destroy the mountains and rivers, and have extremely strong lethality.

Boom!

The one by one, they exploded wildly, exploding into a series of violent waves, overturning Ye Chen's body on the spot.

Ye Chen almost can't hold the magic blood stone in his hand. All his blood has been dissipated, so he can no longer suppress the master of the magic tablet.

"Is this xuanjiyue's method? It's great. "

Ye Chen was shocked by the explosion of all kinds of talismans. He felt his chest Qi and blood churning, and he almost vomited blood. His head was also buzzing.

Xuanjiyue's strength improved rapidly after she became a talisman. If xuanjiyue came in person, ye Chen might have been seriously injured. Fortunately, it was the master of the magic stele, and only the Fuzhao of Taishang Fudao was used.

But even so, ye Chen also felt the huge impact.

In today's war, if only relying on brute force, he is obviously not an opponent of the master of the magic tablet, because Xuan Jiyue and Emperor Shitian are standing behind the master of the magic tablet, and ye Chen is under too much pressure.

"Boy, it's time for you to fall."

The Lord of the magic stele thunders and drinks, and one hundred thousand flying swords explode to kill.

Having solved the threat of the demon blood stone, he is now completely relieved that all the evil Qi has exploded, and each magic sword has turned into a mountain like giant, which can't be resisted.

Before ye Chen's eyes, the weather of ten thousand swords cutting the sky is not only the killing of Zhutian Shenjian Jue, but also the aftereffect of the explosion of Taishang rundao.

Just now that more than a dozen talismans exploded, Yu Wei was still there, and even a trace of xuanjiyue's will.

Ye Chen is facing great pressure. No matter what magic power he uses, he can't resist it.

"Boy, can I help you?"

In the samsara cemetery, the emperor taixuan made a voice.

"No

Ye Chen grinned. He didn't want to rely too much on the energy of the reincarnation cemetery, because there was a taboo behind it. If he relied too much, it would be bad for his own growth.

"Buddha said, " I will not go to hell, who will go to hell... "

"The majesty of the Buddhas has cleared away evil spirits..."

"Zhenwu's boundary, the great array of destroying Buddha!"

Ye Chen's mouth, suddenly sang out loud and clear Buddhist singing.

A trace of Buddha light burst out of Ye Chen's body and quickly filled the void, forming a huge boundary formation.

In this boundary formation, there are huge Buddha figures everywhere. These Buddha figures have a solemn atmosphere of great compassion, great determination and great destruction on their faces. There is a kind of fearless spirit of sacrificing oneself for the sake of breaking away evil spirits.

"Zhenwu destroys the Buddha array, open!"

Ye Chen's eyes suddenly Ling, he seems to have become a giant Buddha, sitting in the sky, the treasure is solemn and invincible.

Chuck!e!

One hundred thousand flying swords of the master of the magic stele cut them hard, but before they were cut on Ye Chen, they were shocked by a magnificent light of Buddha.

"This is Zhenwu destroys the Buddha array? "

The master of the magic stele was shocked, but he recognized the array of Ye Chen's release.

Ye Chen's array, called Zhenwu miefo array, is a Hongmeng Yuanshu evolved from the silence of fahua.

Ye Chen didn't understand this skill, but yesterday, the emperor taixuan had taught him secretly!Although the Emperor didn't do it himself, he would not see what happened to Ye Chen.

It's a card given by the emperor ye zhengmie!

Ye Chen can't defeat the master of the magic tablet only by his martial arts and magic power, but he can fight with the array!

As soon as the Zhenwu battle array was released, ye Chen immediately felt great pain, and his muscles and bones began to ache, as if he had been cut down by thousands of butcher knives.

I don't go to hell, who goes to hell!

Zhenwu destroys the Buddha array. It is very powerful to annihilate the heaven. But before killing people, they will kill themselves first.

If you use this array, you will be tortured to death if you are not careful.

Ye Chen's constitution is incomparably strong. However, under the torture of Zhenwu destroying Buddha array, he also feels colic all over his body. You can imagine how powerful the counterattack of this array is.

Boom!

A heavy Buddhist light, such as the sun and stars burst, golden light.

One hundred thousand flying swords of the master of the magic stele, almost immediately, were completely dispersed and became invisible.

"My flying sword!"

The master of the magic stele was shocked. He looked at Ye Chen in disbelief, retreated and said:

"impossible, this is impossible! How can you withstand the slaughter of Zhenwu butcher's knife

Zhenwu exterminates the Buddha by relying on Zhenwu's butcher's knife to kill people. However, before killing the enemy, this butcher's knife will first bite itself. Even a master in the real world may not be able to withstand the attack.

But now, ye Chen has withstood it, and has not collapsed. He sits like a giant Buddha, holding a silent handprint, as if to blow out the world.

"Suppressed by me!"

Ye Chen's eyes are sharp, and his palm falls from the sky, killing the Lord of the magic tablet.

Of course, ye Chen can't suppress the master of the magic tablet by relying on martial arts and Taoism. But now, when the array is opened and ye Chen is protected by tens of millions of deities and Buddhas, his power is extremely fierce, and he can't resist it at all.

The pupil of the master of the magic tablet shrinks, and his body "whoosh" sounds. He shuttles through the void in an instant and wants to escape.

But ye Chen's huge palm covers all the time and space around him. Even if the master of the magic tablet escapes to the corner of the world, he cannot escape Ye Chen's pursuit.

Chapter 4860

Bang!

Finally, ye Chen mercilessly slapped down the master of the magic tablet.

The master of the magic tablet is like a monkey. He is suppressed at the foot of Wuzhi Mountain and can't move at all.

"Boy, do you dare to suppress me?"

"Do you know that behind me, there is the will of the superior!"

The Lord of the magic stele was oppressed, but he was hoarse and roared, unable to accept failure.

If Wu Dao duels, he may not lose. However, ye Chen uses array means, which is totally beyond his expectation. Zhenwu butcher's knife is raised and even the Buddha is killed. How can he resist it?

"Boy, you've done a good job. I didn't expect that you could exert such great power by using this real weapon to destroy Buddha array."

Emperor taixuan appreciated the suppression of the master of the magic tablet.

Yesterday, he taught Ye Chen the Zhenwu miefo array, but today, ye Chen has completely mastered it, and has the demeanor of a great master.

"Master, I'm just lucky that I have the foundation of Buddhism."

Ye Chen smiles. This Zhenwu battle array is actually a hongmengyuan skill that has evolved from the sky of fahua's extinction. Ye Chen has the foundation of fahua's extinction of heaven, so it's easy to understand it.

"It should not be too late. Refine the devil quickly, seize the magic tablet and leave here."

The emperor of taixuan array didn't want to stay. After all, the water behind the master of the magic tablet was very deep, and even the influence of Hong Tianjing was involved.

"Good."

Ye Chen nodded and wanted to refine the master of the magic stele. But at this time, an indescribable terrible sword spirit was brewing in the sky.

This sword spirit, with the breath of annihilation, seems to be able to annihilate everything, destroy everything, destroy everything.

Ye Chen's Zhenwu destroying Buddha array, the destructive breath of the array, compared with this sword Qi, is nothing to mention.

Boom!

The sky of nine days, also in this moment, became the color of darkness.

A long sword, breaking out of thousands of miles of time and space, mixed with the atmosphere of rolling annihilation, blew out the stars, penetrated the universe, and blasted down in the sky.

"It's annihilation sword! Hong Tianjing's weapon

Ye Chen's pupil shrinks, and he can see it at a glance. This is one of the eight legendary heavenly swords, the weapon of Hong Tianjing. It's annihilation sword!

"Ha ha, boy, you're dead! I said, I have the will of the superior behind me, you can't defeat me

The master of the magic stele saw the annihilation sword coming, and made a wild laugh.

The sword spirit of annihilation Tianjian had already discussed with him. If he was defeated, Annie Jianling would kill Ye Chen directly, regardless of the rules of the chess game.

Now, annihilation Sky Sword is coming!

"You are so lucky that I am forced to do it myself."

Annihilation Sky Sword came down, the air was rolling, and a thin figure appeared on the sword. It was the spirit of the sword.

"Lord Jianling, kill him!"

The master of the magic tablet yelled. Today, he was defeated by Ye Chen, which was completely angry and completely disheartened.

He knew very well that he could not kill Ye Chen by his own strength. Only the forces from wanxu could kill Ye Chen.

The annihilation Sky Sword is a famous weapon in wanxu, which has accompanied Hong Tianjing's sword of many ages.

"No nonsense."

Annihilation Jianling glances at the master of the magic tablet. His strong eyes run through the void, forcing the master of the magic tablet to breathe and suffocate, unable to speak any more.

"Reincarnation Lord, you abandon your meridians and give me all your blood essence. I can spare your life."

The spirit of the sword fell into silence. The body shook and turned into a thousand billion sword shadows, which formed a terrible sword array. The swords were whirling and killing.

Ye Chen is surrounded by billions of sword shadows, as if isolated, isolated from the world, facing the annihilated sword spirit alone.

Annie Jianling didn't start immediately, obviously afraid of the rules.

Although he had said that he wanted to solve Ye Chen, when it really came, he still had some scruples and even wanted to negotiate with Ye Chen.

"Do you want me to stop my meridians?"

Any one in my heart calls for extraordinary opportunity, but I hope to touch the sky.

Now the people behind the chess game have come regardless of the rules. Naturally, ye Chen has no reason to die.

This annihilation sword spirit, of course, is to be handed over to Ren extraordinary to deal with.

"That's right. I'll leave you a way to live. You'll waste your meridians and donate all your blood essence."

Anning Ji's sword spirit licked his lips and said, "your blood essence has great energy, which can open the prohibition of Longyuan sky sword. When I get the dragon Yuan sky sword, Hong Tianwang will be able to get out of the predicament."

If you want to break the seal of Hong Tianjing, you can only use the supreme source soldiers. In the battle of ancient times, the annihilation sky sword was also disabled by the supreme goddess. Therefore, there is not enough edge to solve the seal. If you ask xuanjiyue for help, you will be in debt for cause and effect, so the best way is to use Longyuan Tianjian.

"Why should I help you?"

Ye Chen's face is indifferent, and he also sees the plan of annihilating the sword spirit.

According to the original plan, annihilation Jianling wanted to kill Ye Chen and capture the blood of reincarnation by using the hand of the master of the magic tablet, and then to untie the prohibition of the dragon Yuan sky sword. Finally, he broke the seal of Hong Tianjing by relying on Longyuan's sharp edge.

In this way, after the dragon Yuan Heavenly Sword plays a role, it can be transferred to the master of the magic tablet to solve all the causal debts.

But unexpectedly, the master of the magic stele was defeated by Ye Chen, and annihilation sky sword had to come in person.

"You don't have a choice. You abandon your meridians. At least you still have a way to live. You may turn the tables later. But if you dare to disobey me, I will kill you immediately!"

The sword spirit is silent, and his eyes are fierce. There are countless sword shadows around him, and his murderous spirit is rolling.

Even though he was severely damaged by the empress dowager, his sword spirit was not lost to xuanjiyue's Shenluo Tianjian.

Obviously, his martial arts realm has reached a very terrible level, completely beyond the imagination of ordinary people.

If we really fight, ye Chen will definitely be killed by him with one sword. There is no possibility of survival at all.

After all, this silent sword spirit is one of the guys behind the game of chess and the last enemy. Ye Chen's current strength is naturally impossible to match the figures on the wanxu side.

"Xuanxianzi, what do you do to him?" Ye Chen opened his mouth.

Xuanhanyu has been in a state of deep sleep since the last time.

It is not a good thing for ye Chen to borrow the power of xuanxianzi and Shuo Lao.

But for now, Xuanxian is the key!

Soon, xuanhanyu's voice suddenly came: "Ye Chen, the cause and effect of Shuo Lao and I are involved in the upper level, so it's better not to do it unless you have to!"
