

## Physician 4861

### Chapter 4861

Ye Chen's face sank. Suddenly, he felt something and looked at annihilating Jianling:

"it's wordy. There's so much nonsense. You can do it if you have the seed!"

Ye Chen hums coldly, in the dark, from the space-time outside, has already captured any extraordinary natural mechanism breath!

"What are you talking about? How dare you disobey me

Annihilation Jianling is shocked. Unexpectedly, ye Chen really dares to resist.

"Do you think there is a guy named Ren behind you who can fight against me? I tell you, although his blood moon slaughters the sky, although fierce, but also can not defeat my annihilation Tianwei, you have the ability to ask him to come out now! "

Last time Ren Feifan cut off Hong Tianjing's finger with a sword. Annihilation Jianling also knew about it, but he didn't care.

Now he came in person, not a finger, but a Heavenly Sword. It was enough to crush all existence. He didn't believe Ren Fanfan could stop him.

"Senior Ren, this guy says he wants to see you!"

Ye Chen sneers and takes a step back, but he clearly captures the extraordinary breath of Ren. He is still in the time and space of thousands of miles away, but at this moment, he has been killed.

"Do you dare to be presumptuous in front of me with a broken sword?"

A magnificent and majestic voice was heard from above the nine heavens.

Boom!

Thunder sound mighty, any extraordinary figure, from the sky.

"What!"

Annihilation Jianling is surprised. When Ren extraordinary came, he didn't find it at all.

If Ren Feifan had sneaked in, he had just died.

"Thunder seal of Xihuang, break it for me!"

Ren Feifei was standing high in the sky. He was as majestic as a God. His palms were constantly printed. Layers of fingerprints flipped and exploded golden thunder. Countless thunder waves were interwoven and rolling in his fingerprints. Finally, with the ancient god like heavenly power, he killed him fiercely.

"This is Nine gods, Xihuang thunder seal! Who are you and how can you master the thunder seal of Xihuang? "

Annihilation Jianling screamed, and could hardly believe his eyes. His eyes widened.

Boom!

Ren extraordinary Xihuang's thunder seal, mingled with the dignity of nine days of thunder, exploded wildly. That heavy sword shadow was all broken, and the whole annihilation sky sword was also submerged in the rolling thunder, constantly shaking and beating.

But annihilated Jianling itself was also struck by lightning, paralyzed and convulsed. Just now, it was like a dead dog, which was suppressed on the ground.

"What a terrible breath of thunder!"

Ye Chen is completely stunned. He has seen the strongest thunder attack, which should be the "ten thousand thunder extermination" that broke out at the butcher's meeting.

However, the power of wanlei's extermination of the world is a piece of cake compared with Ren extraordinary's Xihuang's thunder seal, which is not in a state at all.

Ren extraordinary thunder seal of Xihuang, with the supreme god thunder majesty, as well as the towering killing of the ancient emperor Xi, and even the vicissitudes of ancient times.

This is the secret of the nine heavenly divinity!

Jiutian Shenshu was not born in this era, but originated from an older era. In the older years, the creators have no way to study it. Anyway, in the supreme world, the nine heaven divinity is also a top-level supernatural power.

At the beginning, ye lu'er awakened to the Dragon God's breaking Tianjue, which directly threatened Hong Tianjing. He thought that ye lu'er was a heresy and even threatened the plan of wanxu.

It can be imagined that the value of the nine heavenly divinity is so powerful and its power is so terrible.

And Ren extraordinary, obviously also master a nine heaven divine art.

The thunder seal of Xihuang is one of the nine divinities!

"Get out of here!"

Ren Feifan coldly looks at the annihilated Jianling. With a wave of his big hand, he tears the void. He exiles the annihilated Jianling out of the territory and into the space-time cracks of remote ignorance.

"Ha ha, very good. You scruple the rules and dare not kill me. You just banish me to the chaos of time and space. But one day, I will come back. When the time comes, Hong Tianwang will wake up, and he will break the seal and kill all of you!"

Annihilation Jianling looks up to the sky and laughs. His body is finally knocked out of the country. I don't know where it has gone.

Sobbing

The weather, sword spirit, storm, thunder, Buddha light, evil Qi and so on, were all extinguished.

The sky of the blessed land is calm again.

"Senior Ren, thank you for your help

Ye Chen looks at Ren extraordinary figure, heart big joy, arch hand thanks.

Last time and Ren extraordinary meet, not long ago, now met again, is really very pleased.

"Don't thank me. That guy breaks the rules. I can't let him do it."

The tone of double responsibility is extraordinary.

"Master Ren, why don't you kill him?"

Ye Chen asked, if you kill annihilation sword spirit, you can get annihilation sky sword body directly, and eliminate Hong Tianjing's confidant, which is of great benefit.

Ren fan shook his head and said, "I can't do this, or I'll offend the rules and the consequences will be extremely serious. You can have a look over there." Finish saying, Ren extraordinary then stretched out a finger to point to the horizon.

Ye Chen looked at the horizon, and saw the extremely distant sky, faintly floating with a layer of golden light, the golden light surging with a trace of samsara breath.

Feel the breath of reincarnation, ye Chen's reincarnation road bones, actually have a burning feeling.

"What is that? The breath of reincarnation? I didn't release that! "

Ye Chen is surprised, that wisp of reincarnation golden light, very shallow, and almost integrated with the sun, if not for any extraordinary guidance, ye Chen did not pay attention.

Now notice that ye Chen immediately has a feeling of blood connection.

Ren extraordinary way: "that is the will of reincarnation Heavenly Sword."

Ye Chen suddenly startled: "reincarnation sword?"

Ren Feifan nodded and said: "yes, among the eight heavenly swords, the most mysterious and terrifying is reincarnation sky sword."

"As you know, the raw materials for casting the eight heavenly swords were originally the remains of the celestial sky. However, in the raw materials, many earth shaking materials and earth shaking treasures were mixed into the raw materials to cast the brilliance of the eight heavenly swords."

"The most precious material of reincarnation Heavenly Sword is a piece of Tiandi bone."

"The emperor's bone?"

Ye Chen a burst of doubt, heard the three words, but the heart is a violent jump.

Ren Feidao said: "the Tiandi bone is the most precious Dao bone in front of the reincarnation master's chest. It is born with the supreme martial arts pattern. However, when the reincarnation master was very young, his Tiandi bone was taken away by people, and finally it was cast into the legendary reincarnation Heavenly Sword."

"The loss of Tiandi bone actually led to the cultivation journey of the reincarnation master in the previous life. It was very bumpy and the Qi could not support it. This is one of the reasons why you were reborn in the previous life. After rebirth, your muscles and bones were remolded, and you in this life were flying into the sky."

"Digging bones and casting swords? Who is so cruel

When ye Chen hears Ren extraordinary words, he is shocked.

I didn't expect that among the eight heavenly swords, one was called reincarnation Heavenly Sword, which was cast from the bones of the emperor of heaven in his previous life.

Chapter 4862

Who is the man who dug bones and cast swords?

It's impossible for the goddess of heaven. She is a dignified and upright person. Although she wants to kill Ye Chen, she will not use such mean means.

Hong Tianjing, should not be, after all, he can not even beat the Empress Dowager.

It seems that there should be someone else.

The water of wanxu is very deep.

Ye Chen's scalp felt numb.

Ren fan shook his head and said, "you don't have enough cultivation now. You know too much. It's not good for you. Anyway, as long as you know that there are rules in heaven and earth, and the guys behind the chess game, you can't make any random moves. Otherwise, the reincarnation Sky Sword is one of the big killers to maintain the rules."

"The big killer to keep the rules..."

Ye Chen a burst of consternation, always allow extraordinary mention of rules, but he has not been clear, what consequences will be caused by violating the rules, but now vaguely know.

Ren Feifan said: "if I just move a killer and kill annihilation Jianling, the murderous spirit of the reincarnation Heavenly Sword will be launched, which will destroy the time and space of 100 million trillion and directly come to punish me."

"Annihilate Jianling, if you dare to kill you and destroy the chess game, the samsara Heavenly Sword will come and kill him, so he dare not start."

"Among the eight heavenly swords, the reincarnation Heavenly Sword is the most powerful one. It is more powerful than the other seven swords. After all, the sword was cast with your emperor's bone. No one in the world can control it except you."

"And if you want to take charge of the reincarnation sky sword, your blood will also develop to the peak. Those who are at the top can't watch you rise, so you have to be careful. I can't help you for long."

Ye Chen was shocked, but he saw the light of reincarnation sword in the distant sky, which had completely faded away.

Obviously, Ren Feifan only banished annihilated Jianling, without killing and triggering rules, so he did not trigger the punishment of reincarnation Heavenly Sword.

The power of ordinary sky sword has already swept all over the world. However, the reincarnation Sky Sword is more terrible than the other Tianjian combined. How fierce the edge will be? Ye Chen's scalp is numb. I can't imagine it.

Ren extraordinary way: "well, annihilate the sword spirit, I have been banished, he can't find the way back in a short time, you can at least be quiet for half a year, in this half year time, Hong Tianjing also sleeps, won't have the superior person to hurt you, I also should go."

Finish saying, Ren extraordinary wants to leave.

"Master Ren, wait!"

Ye Chen quickly stops him, he knows that Ren extraordinary god dragon sees the head but does not see the end, next time appears again, and does not know when to wait, he still has a question to answer in his heart.

"What's the matter? Do you want to ask about your previous life, the sorcerer? "

Ren extraordinary insight, seems to see through Ye Chen's mind.

Ye Chen gave a "um", nodded and said, "master, why didn't you appear in your previous life as planned? Without your blessing, my subordinates can't bear the chance of the emperor and suffer for tens of thousands of years. "

Ren extraordinary way: "fight with the superior, don't you still want to suffer a bit? At that time, it was not easy for me to take charge of the game

At last, Ren Feifan sighed and patted Ye Chen on the shoulder.

"Thunder seal of Xihuang..."

Ye Chen a Leng, but did not expect this reason.

Ren Feiyue said: "the thunder seal of Xihuang is a legendary nine heavenly divinity technique with great power. If I could understand it earlier, I would have enough means to avoid the punishment of the rules and directly kill xuanjiyue and the emperor Shitian. You don't have to suffer so many disasters in this life."

"It's a pity Nature makes a fool of people... "

"I got this nine heaven divinity skill only when you decided to lay out and fall down in your previous life. When I got out of the pass, your six reincarnation demons had scattered all over the world. I was also watched by the people behind me, so I could only act in a low-key manner."

"I see..."

Ye Chen sighs, makes clear the reason, also can only sigh a creation to make a person.

However, things have passed, now it is useless to think more, or think about the things in front of you.

This time, Ren Feifan banishes annihilated Jianling. Ye Chen is clean. As long as he does not face wanxu directly and simply confronts xuanjiyue and Emperor Shitian, ye Chen naturally has confidence.

Now ye Chen, compared with the butcher's assembly, is already the sun and the moon changing into a new sky. Even if Emperor Xuan and Emperor Xuan were there in person, they might not be able to kill him easily.

"I'm waiting for you to cultivate and break through as soon as possible, and strive to restore the strength of previous lives."

Any extraordinary wave of sleeves, the body tears the void, gone away.

"Elder Ren!"

Ye Chen called out and watched the figure of Ren Feifan go far away, disappointed.

For a long time, ye Chen came back to God, and his eyes fell on the master of the magic tablet.

Just now ye Chen and Ren extraordinary had a conversation, but the master of the magic tablet didn't hear it. Even the emperor of taixuan array didn't know.

Ren Feifan is extremely cautious and will not reveal any trace of himself. He understands the nine heaven magic, which is also a big variable in the chess game. Once those guys behind him find him, they can't let him go."It's time to deal with you."

Ye Chen Mou son a congeals, grin a smile, in the eyes is full of the cold killing thought.

The pupil of the master of the magic tablet shrinks. Although he has not heard the conversation between Ren Feifan and ye Chen, he has just defeated annihilated Jianling with one move of Ren extraordinary, and then he is released from the outside world. What a bully.

Ye Chen has Ren extraordinary support behind him. He is simply invincible. He has no trace of arrogance.

"Give me a good time."

The master of the magic stele recognized the situation and remained silent. Finally, he looked up at the distant sky and stopped talking.

He is also a generation of demon lord, naturally will not beg for mercy.

However, when I think of the ambition and hegemony in my heart, all of them will fall into a bubble, but in the heart of the master of the magic tablet, it is full of sadness.

He also wants to return to the supreme emperor and become a real superior, but obviously, he is far from qualified and has no such luck.

"Go on the road with peace of mind."

Ye Chen is silent for a while. Originally, he wanted to torture the master of the magic tablet, but there is no need to think about it. The battle is over. Now the most important thing is to take over the reincarnation magic stele!

"Star soul chop!"

Hiss!

Bright starlight from the sword, burst out, into a star river, toward the chairman of the enchanted stele roll away!

A light of destruction swept by, and immediately cut the body of the master of the magic tablet.

The body of the master of the magic tablet collapsed on the spot, turned into a little bit of magic light, completely dispersed and disappeared between heaven and earth.

Hum!

Samsara magic tablet, floating out, suspended in the air, slowly rotating.

With the fall of the master of the magic tablet, this magic tablet no longer has any independent consciousness. It seems to be a piece of white paper, and anyone can accept it.

"Finally got the magic tablet!"

Ye Chen a burst of excitement, a big hand shot, will reincarnation magic tablet in his hand.

Chapter 4863

At the moment of getting the hand, ye Chen felt the breath of Xuanji moon.

Xuanjiyue planted a divinity in the magic stele. Although it was very obscure, ye Chen's insight into the devil's pupil was very powerful and could be seen clearly for a long time.

Now close contact, ye Chen feels the terror of Xuanji moon.

However, xuanjiyue seems to have scruples, did not rashly come to start.

The spirit she left was not deep enough to let her do it once.

If you kill the immortal Ye Chen, the consequences will be very serious, absolutely shake the foundation of the Queen's palace.

"Xuanjiyue, do you want to start

Ye Chen smiles coldly, thinking silently in his heart, takes back the reincarnation magic stele in his hand, pretending not to find the appearance of xuanjiyue.

If the peak duel, ye Chen is not xuanjiyue's opponent, but if only a fight, ye Chen is still confident.

Now xuanjiyue has no change and is obviously afraid of Ye Chen's strength.

Just after the battle with the master of the magic tablet, ye Chen's aura was not much consumed. He was only bitten by Zhenwu's killing Buddha array, and his muscles and bones were particularly painful.

And this pain, under his strong vitality, has now recovered.

Just Ren extraordinary presence, Xuanji month did not have the opportunity to hand, now want to hand, also too late.

In two days at most, xuanjiyue's divinity on the reincarnation magic stele will be extinguished.

"It's better to get her."

Ye Chen thinks that as long as he can block xuanjiyue's attack, he can let xuanjiyue eat the evil result and shake the foundation of the Queen's palace.

In this way, ye Chen's experience in heaven and man will be less troublesome. Without xuanjiyue's disturbance, he will be much more relaxed.

Ye Chen makes up his mind and returns to Yuantian yuan. The Zhenmo blood stone is still in his hand for the time being, but he doesn't return it to Lin Qingzhu, because there are still places to use for refining the magic blood stone.

XUELONG, xiaoshuihan, Yankun, yongshengwang and others are all very happy to see ye Chen return safely.

Ye Chen didn't ask them for help in the decisive battle between Ye Chen and the master of the magic stele, because it was Ye Chen's robbery. If you can solve it yourself, you can get the greatest growth and luck.

Now that the disaster has passed safely, it's time for ye Chen to refine the stone tablet of reincarnation.

"Blood dragon, protect the Dharma for me!"

"I got a stone tablet of reincarnation again. It's not far away from all of them."

Happy, ye Chen came to the back mountain of Yuantian courtyard, sat down quietly, sacrificed the magic stele, let the blood Dragon Guard by his side, and then went directly into the world of magic stele.

Although there is a divinity of xuanjiyue left on the magic tablet, ye Chen is not too worried. He is confident that he can resist xuanjiyue's attack.

Now xuanjiyue is obviously incomparably contradictory. On the one hand, she wants to kill Ye Chen, but on the other hand, she has no absolute assurance. Her divinity remains on the magic stele. As time goes by, it will fade away if she doesn't do it again.

The decision is in xuanjiyue's hands. Ye Chen is not in a hurry. The soldiers will block it, and the water and the earth will cover it.

Moreover, he has the protection of the blood dragon, and is not afraid of xuanjiyue's sneak attack.

Boom!

As soon as ye Chen enters the world of the magic stele, he suddenly sees the vast mountains and rivers, full of evil Qi, in which there are countless skeletons and ghosts, constantly floating.

"Demon blood stone, I've suppressed it!"

Ye Chen is not in a hurry to sacrifice the town demon blood stone.

As soon as the demon blood stone came out, the evil Qi around him was immediately suppressed and all the rage stopped.

"All in!"

With a big wave of his hand, ye Chen gathered up all the evil Qi here, and then sacrificed the eight trigrams cauldron and refined them into pure magic pills on the spot.

The magic Qi in the world of magic stele is very rich, which is a good material for refining pills. Ye Chen captures the evil Qi in the palm of his hand. The pure magic pills fly out of the eight trigrams Dan furnace and are all received by Ye Chen.

The spirit of the magic tablet can infuse the Wild Magic Sword seeds and make them germinate. These pure magic pills contain the purest spirit of the magic tablet!

However, ye Chen is not busy cultivating the Wild Magic Sword species, but is constantly flying in the world of magic tablet, collecting the aura here.

In the past, there was always a stele keeper in the world of reincarnation. If you want to conquer xuanbei, you need to pass the test of the watcher.

However, the stone tablet of reincarnation is special. The owner of the stele is actually a watcher, but he has been killed by Ye Chen. Therefore, ye Chen is completely free and at ease, and no one stops him.

Finally, ye Chen will be magic stele world, the surface of the evil gas, all convergence clean.

The earth of the magic stele presents a dark soil. In the depths of the earth, there is an older and more terrifying evil spirit.

However, the evil Qi is the foundation of the magic stele, and it is the breath that exists from ancient times. Ye Chen can not accept it.

"That's enough."

Ye Chen clapped his hands and nodded with satisfaction. It was just the evil Qi on the surface that was enough for him to refine millions of pure magic pills. Hum!

At the moment of the completion of the collection of the evil Qi, the whole world of the magic stele was shaken up, and a picture of the worship of the demons appeared in the sky, and a stream of blessing from the demons landed on Ye Chen.

Suddenly, a magic robe appeared on Ye Chen's body, which was embroidered with thousands of bright moon and ten thousand suns. Between the moon and the sun, there were countless magnificent demons roaring, as if to devour the sun, the moon and the stars, showing an incomparably domineering atmosphere.

"Magic pulse..."

In the dark, ye Chen felt the heat in his meridians and gave birth to another divine pulse.

This divine vein, originated from the magic stele, is called the holy magic pulse. After opening, it can mobilize the magic of ancient times.

Click!

With the wake-up of the saint devil pulse, ye Chen's muscles and bones are also like explosive beans, and the aura soars violently.

"Heaven and earth are five layers of heaven and earth!"

Ye Chen's cultivation reached the five levels of heaven and earth at this moment.

"It's hard to get promoted at last."

Ye Chen breathed a sigh of relief. His martial arts background is very deep, and his promotion is a thousand times more difficult than ordinary people. Now he has got the magic stele and awakened the Holy Spirit vein. Finally, he has made a breakthrough.

And awakened a god vein, ye Chen's reincarnation blood, naturally also followed the recovery of many.

When the blood vessel recovers completely, ye Chen can try to open up the reincarnation heaven!

Reincarnation to heaven is the most powerful art of hongmengyuan. If it can be opened up, it will be no surprise to crush emperor Shitian and xuanjiyue.

As long as you kill these two people, devour the fate of the heart demon, ye Chen is qualified to compete with the superior behind.

This is Ye Chen's ultimate goal!

Although the superior is extremely powerful, ye Chen is still confident that one day, he can stand on the chess game and compete with them!

Whoosh!

After breaking through the five layers of heaven and earth, ye Chen flies out of the world of magic stele.

"Master, congratulations on the breakthrough!"

When he saw the Dragon outside, he was happy.

"Continue to protect the Dharma. I have more important things to deal with."

Ye Chen didn't mean to celebrate the victory. After giving an order, he directly opened the chart of the netherworld and entered the world of the netherworld!

Chapter 4864

"Yes

Blood dragon continues to protect Dharma, but he doesn't know what ye Chen wants to do.

"Lord, you have refined so many pure magic pills! So many pills can be used to irrigate the Wild Magic Sword seeds! "

As soon as ye Chen stepped into the world of the yellow spring, he heard the excited sound of *Alsophila spinulosa*.

Now, in the world of the netherworld, there are millions of pure magic pills, all of which were made by Ye Chen with the spirit of magic stele.

"Hehe, *Alsophila spinulosa*, help me to water the sword seeds with me!"

Ye Chen smiles and naturally has the idea of watering the wild magic sword.

If you can make this seed germinate, ye Chen will have a big harvest. Once he gets the wild devil sword and cooperates with the holy devil's pulse, he will definitely sweep everything. As long as Hong Tianjing doesn't wake up, even xuanjiyue and Emperor Shitian can't suppress Ye Chen's rise!

At present, ye Chen flies to the place near the wild magic sword. With a wave of his big hand, the pure magic elixir spreads out like water. Under the scouring of the yellow spring water, it directly melts into a mass of magic liquid, which is poured into the wild magic sword.

Chuckle!

The wild magic sword was nourished by the evil Qi, and suddenly burst out an abnormal black light. The endless magic light rolled and exploded, which seemed to tear the void and sweep the heaven and earth.

Sobbing

There are also bursts of demons howling and crying, from the wild magic sword.

The weather is even stronger than what ye Chen just heard in the world of magic stele.

Whoa, whoa, whoa!

Countless evil Qi could not be covered up completely. It flowed out of the sword and even dyed the yellow spring water black.

"Demon blood stone!"

Ye Chen secretly surprised, quickly with the town magic blood stone, suppress the evil Qi.

"The pure spirit of the supreme being nourishes the soul."

Alsophila spinulosa also waves its branches to purify the spread of evil Qi and protect Ye Chen's mind from being attacked and killed.

Under the suppression of Zhenmo Xueshi and Alsophila spinulosa tea tree, the evil Qi of the wild magic sword was slightly relieved.

"Go on."

Ye Chen calmed down and continued to irrigate the seeds with a large number of pure magic pills.

These pure magic pills contain the aura of the magic stele and are very abundant. They are good materials for watering sword seeds.

Under the infusion of pure magic elixir, the Wild Magic Sword crackled and cracked, and the bright black sword light burst out.

Ye Chen widens his eyes and releases the reincarnation magic tablet. It seems that he wants to use the energy of the magic tablet to protect himself.

But in fact, ye Chen was deliberately exposed to xuanjiyue.

On the magic stele, there is still a trace of Xuanji moon's divinity.

But xuanjiyue, who is reluctant to do so, obviously has scruples.

Therefore, ye Chen's plan is to lead xuanjiyue to take action.

Click, click, click.

The crack of the wild magic sword is getting bigger and bigger. It seems that a sword is about to be born!

"Xuanjiyue, can you bear it?"

Ye Chen smiles in his heart. He doesn't believe that xuanjiyue can bear it, because if he continues to endure, he will get the young sword of the wild devil sky sword.

Once the young sword is in hand, ye Chen's Qi will soar again, which is not good news for xuanjiyue.

"Reincarnation Lord, you are not qualified to hold the sky sword!"

Sure enough, at this time, the distant sky, came a burst of angry voice.

It's Xuanji moon!

Boom

The voice of xuanjiyue reverberates in yuantianyuan.

Xiao shuihan, Yan Kun, Xia Ruoxue, eternal king and others are all facing great enemies.

The blood dragon guarding beside the picture of the yellow spring is even more frightening, thinking to himself:

"is the moon of Xuanji coming?"

This is the territory of Yuantian courtyard. Since the end of the slaughtering ceremony, Xiao shuihan has reorganized Yuantian Shenjun. President Yu Siye, vice president Qin Zhennan, elder Qin Xingyun, etc. are not weak. Besides, there are also big fierce animals such as golden jiaotie, jueyan Huolong, qingjiayuan, jinjingsuan and so on.

If the empress's heavenly palace invites all the people to invade, it may be possible to capture the gate of Yuantian yuan, but if Xuan Jiyue is alone, it is absolutely impossible to destroy the whole Yuantian yuan.

Whoa, whoa, whoa!

The purple light of fate floats over Yuantian courtyard.

Between the rolling purple light, Xuanji moon is extremely proud and graceful figure, holding Shenluo Sky Sword and falling in the air.

"Xuanji moon is coming!"

Yuantian courtyard, all are shocked, did not expect Xuanji moon really came, and only one person.

Xuanjiyue's eyes are like electricity. She doesn't look at the people around her at all. She just stares at the location of the yellow spring map behind the mountain!

She knew very well that she could not kill the whole Yuan Tian Yuan by herself. She only wanted to kill Ye Chen and not let Ye Chen get the wild devil sky sword.

Hiss!

The sword of Shenluo heaven is waving, and the terrible sword spirit of supreme source soldiers sweeps the whole Yuantian courtyard.

"Xuanjiyue, dare you!" Xiao Shuihan roars loudly and incarnates as a Buddha. He resists the impact of sword Qi. At the same time, he wants to rush up and fight with Xuanjiyue.

However, Xuanjiyue didn't mean to fight him. The source of sword Qi was not to attack Yuantianyuan, but to Huangquan.

"Go away!"

Xuanjiyue looks at Xiao Shuihan and snorts coldly. A huge "burst thunder Rune" explodes from her palm, which directly reverses Xiao Shuihan by three steps.

In the next moment, Xuanjiyue kills the back mountain with her sword to enter the world of the yellow spring map.

"Xuanjiyue, don't hurt my master!"

As soon as the body of the blood dragon shakes, it immediately turns into a dragon Kingdom, and forms a dragon kingdom. Under his breath, all the plants and trees around him turn into dragons. They roar and tear their claws and kill Xuanji moon.

The blood dragon saw that Xuanjiyue's spirit was very weak. Obviously, she could only fight once and could not fight for a long time, because her spirit source was to maintain the Queen's palace and could not stay here for a long time.

"Inilong, you are not qualified to fight with me, ask your master to come out to see me!"

Xuanji Yueda was very angry and showed off the talisman of the heaven. Tens of thousands of talismans burst out of her body and surrounded layer by layer, forming a very spectacular picture.

"Xuanjiyue, do you call me?"

Ye Chen sneers and flies out of the chart.

He didn't want xuanjiyue to be killed in his own world. It would be bad if the foundation of Qi was affected.

"Do you know I will come?"

Xuanjiyue looks at Ye Chen's calm appearance, and suddenly his face changes.

"Sorry, your plot is still too low-end."

Ye Chen shrugs his shoulders and smiles.

With the advent of Xuanji moon, the fluctuation of deities remaining on the magic stele is also completely dispersed.

"You design to seduce me?"

Xuanjiyue finally finds out that she has been cheated. Ye Chen has long discovered her divinity left on the magic tablet.

"You shouldn't be so impulsive. This is my territory. Can you kill me with one blow?"

Ye Chen smiles and looks at the blood dragon. He has a tacit understanding and flies to the sky together.

Ye Chen, with a sword in his hand, is like a big devil in the sky.

"Magic pulse, open!"

Chapter 4865

With a burst of drinking, ye Chen directly opened the holy and evil pulse, and the endless evil gas exploded. He put on a suit of demon king's robe. The thousand round bright moon, the ten thousand round sun, the countless demons roared and ravaged, and the magic devoured the sun and the moon, which was brilliant to the extreme.

The evil sword in his hand suddenly ignited a black flame!

This flame is the chaotic flame of Xiaohei in Ye Chen's body!

In a flash, a sword!

A dark shadow of Yang emptiness, a flash, bright starlight, from the sword, burst out, into a star river, toward the Xuanji moon swept away!

However, at this moment, the star soul chopping is far more powerful than before, which combines the chaotic flame, the power of destruction and the Holy Spirit pulse!

At present, xuanjiyue's spirit source is in the Empress' palace. Even if she comes, she can't fight for a long time. Ye Chen just wants to grasp the opportunity and shake the foundation of xuanjiyue's Qi.

As for killing xuanjiyue, it's impossible. The gap is too big. What ye Chen wants is just to shake her luck and make her end up in a mess.

One man, one sword, one dragon, flying into the sky, the devil power and tyrant reached the extreme.

"Ha ha ha, reincarnation master, your wings are hard! They even know that the design is harmful to me!"

Xuanjiyue looks up at the sky and laughs. She was the only one who calculated Ye Chen before. Unexpectedly, she was put together by Ye Chen today.

"Well, you have succeeded in angering me! I'll show you today the true power of taishangtianfu!"

Boom!

Xuanjiyue had hundreds of thousands of talismans all over her body. All of them were blown up, and their breath was rolling. All of them were transformed into stars and suspended in the sky above Yuantian courtyard.

Boom

The rolling roar came down from the sky. These hundreds of thousands of talismans, including everything, such as thunder, darkness, strong wind, fire, natural disasters and so on, were constantly intertwined and impacted, shaking the sky. It was raining heavily, as if the heaven were crying.

"Yes, your wings are hard. I can't kill you with one move, but it's easy to abandon your cultivation!"

Xuanjiyue stares at Ye Chen. With a wave of Shenluo Tianjian, the power of more than 100000 talismans is poured into her sword.

Boom!

Shenluo Tianjian is infused with a piece of Zhang Tianfu. When the front is mundun, it becomes vast and boundless, and is ready to kill heaven and earth.

The specially reinforced space law of Yuantian academy collapsed in a flash under the influence of xuanjiyue, and countless college buildings burst into pieces.

Fortunately, the ordinary students have quickly retreated to the ground under the leadership of the dean. Otherwise, xuanjiyue's sword Qi will be enough to kill them.

Ye Chen's eye pupil suddenly shrinks. He didn't expect that xuanjiyue broke out like this, and the sword power was so terrible.

At this moment, ye Chen found that he underestimated the power of taishangfu.

Although he has calculated that xuanjiyue's strength has greatly broken through after he understands the way of taishangfu, he thinks that his breakthrough is bigger and should be able to resist.

But I didn't expect that the lethality of the heavenly talisman was still unreasonably strong. When all the heavenly talismans broke out, and then combined with Shenluo Tianjian, it was invincible.

"Kill!"

Xuanjiyue rebukes her sword and stabs Ye Chen's elixir field.

This sword can't kill Ye Chen.

Since the end of the butcher's meeting, ye Chen has encountered countless adventures and has been completely transformed.

Unless Xuan Jiyue sacrificed hundreds of millions of creatures again, it would be impossible to kill him with one sword.

However, with xuanjiyue's sword power, it is more than enough to destroy his elixir field and cut off his foundation of martial arts!

Hiss!

Under the sword Qi tears, the space explodes.

The body of the blood dragon was suddenly shaken down by xuanjiyue's sword, leaving Ye Chen alone, like a leaf in the tsunami, facing xuanjiyue's assassination.

"Master

The blood dragon exclaimed, but he could not stop it. Unless he borrowed all the power of the archaic ancestor dragon, but now the time is urgent, ye Chen is about to be stabbed into the elixir field with a sword. Even if he wants to use the power, he can't stop it.

"Master!"

In the distance, Xiao shuihan saw that ye Chen was in danger, but he could not help.

All of a sudden, ye Chen fell into the crisis of life and death, and his face was hard to see.

He knew very well that Xuan Jiyue was extremely powerful. Even if he tried his best, he could not block xuanjiyue's sword. He was still going to be abandoned by one sword and become a complete loser. Even the foundation of martial arts would be cut off, and there would be no possibility of rising again.

"Master taixuan! Xuanxianzi! Shuo Lao! Use my strength

At the critical moment of life and death, ye Chen exclaimed in his heart that although he did not want to rely on the reincarnation graveyard and xuanxianzi, he could resist the killing of xuanjiyue only by relying on the power of taixuan array emperor.

"Don't panic. We're here."

Taixuanzhen emperor, xuanhanyu and Shuo Lao look dignified, and they are also ready to give all their strength to Ye Chen. But at this time, to everyone's surprise, a huge egg full of runes rushed out of the reincarnation cemetery and stood in front of Ye Chen to resist a blow for him."Xiao Huang!"

Ye Chen exclaimed, this huge egg, surrounded by layers of mysterious runes, is Xiaohuang's giant egg, has not hatched.

"Double pupil nightmare, it's him!"

Xuanjiyue's eyes changed, and she felt the breath of Xiaohuang. She didn't expect that Xiaohuang would suddenly rush out to block the sword for ye Chen.

Obviously, Xiaohuang has already hatched successfully. She has wisdom and can sense external events. As soon as she realizes that ye Chen is in danger, she rushes out immediately.

Xuanji moon sword is as fast as thunder. Naturally, it is impossible to stop it. She stabs Xiao Huang's huge egg with a sharp sword.

Karala!

Suddenly, the giant egg is full of cracks, as if to break, a continuous red and blue light, from inside burst out.

"If you take my sword, you won't die!"

Xuanjiyue's face suddenly changed. She tried her best to stab even the sun and stars.

However, Xiaohuang suffered her sword, the eggshell was not completely broken, and there was no sign of falling.

"The nightmare of double pupils is really amazing and earth shaking. It's a pity that there will be unlimited achievements in the future..."

Xuanjiyue sighs mildly, but Xiaohuang can't be used by her.

The nightmare of a pair of pupils has already surpassed that of heaven and earth, but it is not her favorite.

However, xuanjiyue is also a big man. She makes a quick decision. She does not hurt Ye Chen with one sword. She immediately tears the void and flies back to the upper bound.

"Good luck, Lord of samsara! I've been set up by you. Sooner or later I'll settle with you! "

Xuanjiyue's eyes are killing. This time the thunder comes, but she doesn't receive any results. Her heart is full of anger.

But no matter how angry she was, she could not stay any longer.

In the dark, xuanjiyue has already felt that the foundation of the Queen's palace has been shaken.

Chapter 4866

"Wolong God, flying Thunder God? Good, good. You dare to offend my territory while I'm away. Sooner or later, I'll take care of you together! "

Between pinching her fingers, xuanjiyue figured out that during the time when she came to yuantianyuan, two people killed the Queen's palace, which severely damaged her Taoist temple and severely hit her luck.

Many people were killed and injured in the Queen's palace.

These two people, however, are the Lord of Wolong Temple and the master of Huanglei temple. Both of them are servants of the goddess of heaven, and they maintain Ye Chen everywhere.

Taking advantage of xuanjiyue's negligence, they set out to destroy the foundation of xuanjiyue.

In the first battle of Tu Sheng assembly, xuanjiyue lost too much, and the Phoenix was so depressed that even the crows wanted to bully her.

In the past, she didn't dare to change her position with the moon god, but now it's a pity that Lei Ji didn't dare to change her position.

Ye Chen, looking at Xuanji's moon away, also catches the mystery of heaven. He knows that it was just now that the empress's palace has changed, and was severely damaged by the two gods.

"That's great. Xuanjiyue's stealing chicken won't make me lose rice this time. I'll have less trouble later."

Ye Chen is very happy. The foundation of the imperial palace is shaken again. Xuanjiyue is busy.

Next, ye Chen is expected not to be disturbed by Xuanji moon any more, and can concentrate on fighting the hell dragon Protoss.

At present, the dark dragon Protoss is the most powerful, and there are signs of challenging the Queen's palace. If they are in power, the consequences will be unimaginable.

Click!

At this time, Xiaohuang's giant egg, cracks more densely, seems to really want to completely rupture.

"What's the matter with you, Xiao Huang?"

Ye Chen strides forward, in the heart a burst of sigh.

This time Xiaohuang is impulsive. In fact, ye Chen is under the protection of the emperor taixuan array, and he may not be hurt by xuanjiyue.

But Xiaohuang, loyal to protect the Lord, saw that ye Chen was in danger, but rushed out at the first time, which made Ye Chen very grateful.

Now ye Chen is only afraid of Xiao Huang's accident.

Xiaohuang's giant egg is still suspended in the air. Although it is on the verge of breaking its shell, it still has not completely hatched.

Ye Chen calculated a little, and found that now is not the time for the double pupil nightmare to come out, and the day of breaking the shell has not really come.

Chuckling

At this time, ye Chen is surprised to find that Xiaohuang is actually devouring the energy of the reincarnation cemetery and the chart of the yellow spring!

Just now xuanjiyue's sword didn't kill Xiao Huang, but it obviously hurt Xiao Huang. Now Xiao Huang is devouring wildly to recuperate.

However, the aura of the reincarnation cemetery and the aura of the yellow spring map are all related to Ye Chen's foundation. If he is swallowed up for a long time, ye Chen will certainly be seriously affected.

Xiaohuang seems to be aware of this. After swallowing for a while, she no longer swallows it. There is a whining sound inside the eggshell.

"Xiao Huang, it's OK. Just swallow it."

Ye Chen gently caresses Xiaohuang's eggshell. In his eyes, Xiaohuang is obviously more important, sacrificing a little bit of the foundation of the reincarnation cemetery and the map of the yellow spring, and there is a possibility of recovery.

But if Xiaohuang falls, everything will be over.

"Wuwu..."

Xiaohuang's eggshell was shaking, but there was no fluctuation.

Obviously, Xiao Huang doesn't want to hurt Ye Chen. Even if she is injured, she will no longer swallow the aura of the reincarnation cemetery and the chart of the yellow spring.

"What's the matter, master?"

Seeing this, the blood dragon asked.

"Xiaohuang blocked Xuanji's sword for me. I should have been traumatized, so before breaking the shell, I need to absorb enough external energy, which is the instinct of survival."

Although Xiaohuang did not break the shell, his consciousness was confused and he could not speak, but Ye Chen had a deep insight into the nature of nature and could not hide anything from him.

Xuanjiyue's strength is still too powerful. Although she didn't kill Xiao Huang with a sword, she has already hurt her origin.

But Xiao Huang, in order not to affect Ye Chen, would rather be injured, disobeying the instinct of survival, and would not swallow the energy in the chart of the yellow spring and the reincarnation cemetery.

Ye Chen is very grateful, he did not persuade Xiaohuang, because he knows that now no matter how to persuade, Xiaohuang will not listen.

"I need to find a place with plenty of aura to put Xiao Huang through the crisis."

Ye Chen takes a look at the blood dragon and talks about it in a deep voice.

Although Xiao Huang is facing a crisis, ye Chen is very calm in his heart and does not panic.

As the means of deducing the natural mechanism become more and more powerful, ye Chen is very sensitive to the fate and good fortune in the world.

He felt that Xiao Huang had not yet reached the point of exhaustion, and there was naturally room for rescue.

And the way to save it seems to be in the blood dragon.

"A land of abundance?"

The blood dragon frowned slightly, but his head was filled with memories of Archaean ancestors. He pondered for a while and said:

"master, I know that there is an area suitable for Xiaohuang, which is the henggu region." "According to the memory of the Archaean ancestor dragon, this henggu region is one of the secret places outside the territory. It has existed since the ancient times. It was originally a part of the heaven and man domain. Later, it was separated from the heaven and man realm by a peerless strong man named henggu Shengdi, and became his own practice ground."

"This henggu holy emperor, later, has flown to the supreme world. This henggu area has become a forbidden area. Countless people in the world have forced to break through, and all of them are blown to death by the fury aura."

"The henggu area may be suitable for Xiaohuang."

"Henggu region, henggu Shengdi..."

After listening to Xuelong's words, ye Chen immediately got insight into the nature, and immediately captured the location of the henggu area, even in the dark, and saw the picture of henggu Shengdi flying into the world of heaven!

Henggu Shengdi is a great man of the last era, not a master of this era. Therefore, there are very few legends about him in the world. Only old antiques like Taigu ZuLong can know the legend of henggu Shengdi.

The blood dragon inherited the cultivation of the Archaean ancestor dragon, and naturally inherited the memory. Now he recalled the legend of the eternal ancient region.

Although the henggu area is a forbidden area, it is full of aura. It is very suitable to place Xiao Huang's giant egg and let him recuperate.

Ye Chen's insight into the natural mechanism reveals that if you go to henggu region, the risk accounts for 60% of the total, and only 40% of the lucky luck!

Obviously, that place is extremely dangerous. It is a real forbidden area. If you go there rashly, there will be a great disaster and even the danger of falling.

"It's not easy to settle down in this ancient area."

Ye Chen frowns tightly. With his current strength, he wants to go to henggu region, but there is still 60% danger.

We can imagine how unsafe this ancient region is.

"Master, that place is the forbidden area of henggu Shengdi, which is naturally dangerous."

Blood dragon road.

Ye Chen is a little hesitant, he can't let Xiaohuang take risks, in case of Xiaohuang's accident, it will be in trouble.

Buzz!

However, at this time, Xiao Huang's giant egg was violently shaken up, showing a huge desire.

Chapter 4867

Obviously, Xiaohuang is eager to go to the henggu region. As long as he absorbs the aura of that place, he will have enough energy to completely recuperate and completely break out of his shell!

"Xiao Huang, do you really want to go?"

Ye Chen frowns, and Xiao Huang is stabbed by xuanjiyue's sword. The wound must be recuperated as soon as possible, and can't be delayed for a day. Now Xiao Huang's will is so fierce that it seems that she still needs to go to the henggu region.

After all, it's no way to spend it here. Xiao Huang refuses to swallow the energy of samsara and the spring of the netherworld. If we delay, there will be a real danger of falling.

Buzz!

Xiao Huang's big egg is more violent. She is obviously determined to take a risk in henggu rather than drag Ye Chen down.

Ye Chen weigh again and again, although want to go, but feel the risk is too big.

After pondering for a while, ye Chen looked at the blood dragon and said, "blood dragon, you also follow me."

"Master, shall I go too?"

The blood dragon was shocked. Ye Chen was used to being alone and seldom took him to fight. Because a person can gain the most luck and opportunity by experience, but it is not good to take people around.

"Well."

Ye Chen nods. The risk of henggu region is still too big. He decides to take the blood dragon. If he has the help of blood dragon, he can solve any crisis at least by one more person.

The blood dragon now understands the way of the Heavenly Dragon. Its strength is much stronger than before, and it is worth relying on.

"Master, it would be better if you would take me."

XUELONG was overjoyed. Since the first World War in the magic spirit palace, he has not experienced with Ye Chen. Now he has the opportunity to experience, which is naturally desirable.

"Well, let's go."

Ye Chen smiles and decides to take Xiao shuihan's egg back to the cemetery, and then bid farewell to Xiao shuihan, Yankun and the eternal holy king. He takes the blood dragon, tears the void, and leaves Yuantian yuan to drive toward the eternal ancient region.

"Master, I'll lead the way."

The blood dragon leads the way in front of him. He is ready to take ye Chen to the gate of henggu region according to his memory.

"No

Ye Chen waved his hand, but he had already locked the coordinates of the constant ancient domain and directly tore the void to catch up.

Now ye Chen's insight into the natural mechanism is very clever. When he hears the words "henggu", he accurately captures the position.

XUELONG was surprised, but he didn't know what means Ye Chen used to deduce the location of the henggu region.

From yuantianyuan to henggu area, there are many obstacles of void and space. Even if the void is torn, it will take half a day.

Ye Chen is not in a hurry, because he knows that if you want to be quick, you will not be able to achieve it. The more critical it is, the more calm and calm he must be.

Hiss!

While on his way, ye Chen offered a picture of the yellow spring, but he returned to the world of the netherworld again.

At this time, 70% of the million pure magic pills in the world of netherworld have been consumed.

Under the irrigation of a large number of pure magic pills, a large number of cracks have appeared in the seeds of the wild devil sky sword.

"Venerable Lord, the wild magic sword will sprout."

"I know."

Ye Chen took a deep breath and looked at the Wild Magic Sword seeds. However, he saw that the seeds had already sprouted and a small sword was born.

The whole body of this sword is dark and full of evil spirit. It is only the size of a little thumb. It is the young sword of the wild devil sky sword.

"That's great. The baby sword is born! I'm so lucky that xuanjiyue can't stop me! "

Ye Chen is overjoyed and takes a photo of his palm and grabs the young sword.

Chuckle!

Ye Chen gently holds the sword of the wild devil, and a series of strong demonic sword Qi erupts, cutting the surrounding layers of space-time into pieces, and countless space cracks emerge.

This is the rudimentary sword of the wild devil sky sword. It has only an embryonic form. If you want to really grow to the peak, it still needs a lot of resources. However, the birth of the young sword is a very good omen, which shows ye Chen's great fortune. As long as you give him enough time, there will be a time for him to cultivate and succeed.

"Magic pulse, open!"

Ye Chen suddenly drinks, opens the holy devil's pulse, and pours the evil Qi in the meridian into the wild devil's young sword.

Hum!

With the help of Ye Chen's magic spirit, the sword suddenly becomes large and becomes a three foot long sword. It is dark and has no mottled trace. It is as smooth as a mirror and can reflect human's face.

If you take a closer look, you can see something deeper from the mirror like sword body. It seems that there is a magic prison hidden in the sword body. There are mountains of corpses and blood, the worship of ten thousand demons, and the night fork flying into the sky. The evil spirit is rolling, which is very strange.

"The dark God cuts!"

Ye Chen wields the wild magic sword. A dark sword like a long river burst out in an instant. It seems that he is going to destroy time and space. The devil's sword is very sharp and sweeping everything.

"What a fierce sword! Although it's just the beginning, it should be able to kill the masters of the real world in seconds. Ye Chen was very happy. If it was just a young sword of the wild devil sky sword, its lethality would be extremely limited. It was similar to the fragments of Longyuan sky sword, and it would not have such great power.

However, ye Chen merges the magic stele and opens up the holy and magic pulse. Moreover, his body is also a supernatural demon body. He has a very deep devil Qi. When he uses the wild devil's young sword, he suddenly has more than ten times the power.

Now ye Chen's magic pulse is fully opened, and a small young sword bursts out the sword spirit sweeping thousands of miles, which is absolutely invincible.

It seems that this sword is specially designed for ye Chen. It is very handy and easy to use.

"Very good, very good. Although I have no resources to cultivate Tianjian in a short period of time, relying on the energy of the magic stele, it can increase the power of the young sword by more than ten times, and can instantly kill the strong in the early stage of the real world!"

Ye Chenda was overjoyed and buried the ghost sword in the root of *Alsophila spinulosa*.

Now the wild magic sword has sprouted, and the young sword fruit is born. Next, what ye Chen needs to do is take good care of the fruit, and don't let it wither.

Relying on the aura of the yellow spring map and the remaining pure magic pill, it is enough to keep the rudimentary sword from withering. However, if you want to make the young sword grow, you need to find additional resources.

Ye Chen calmed down. In a short period of time, he couldn't find enough resources. After all, it was not easy to cultivate the wild devil sky sword.

However, ye Chen is not in a hurry. The urgent task now is to solve the problem of Xiao Huang.

Xiaohuang is hurt by xuanjiyue. She needs to absorb aura and recuperate. The henggu area is the target of Ye Chen!

After a long time, ye Chen finally saw an ancient gate in a hidden space!

"Master, this is the beginning of the eternal world."

Chapter 4868

The blood dragon narrowed his eyes and looked at the front gate. The gate was simple and vicissitudes. There were wisps of obscure breath from the Archaean era, with layers of forbidden Dharma array patterns on it.

"Go, go in!"

Ye Chen pulls out the dragon Yuan Sky Sword and inserts a sword into the crack of the door of henggu region, and pries the gate open directly.

The eight heavenly swords in the legend can be used as the key to open the secret array, the forbidden door and the secret place. This is the unique feature of the eight heavenly swords. There is a legend that "the sword opens the heavenly gate" in the cultivation world, which means that the edge of the eight heavenly swords can break out to the extreme, and even the gate of the supreme emperor can be opened.

Ye Chen pries open the gate of henggu region, and suddenly there is a force coming out from inside, and sucks Ye Chen and blood Dragon into it.

Hoo Hoo Hoo Hoo!

At the next moment, ye Chen and Xuelong have come to a desolate world, where thousands of skeletons are piled up. The sky is gloomy and bloody, and there are gales and thunder and lightning everywhere. There are endless hailstones and rainstorms. The climate and environment are extremely bad.

"Is this the henggu region?"

Ye Chen was surprised, but he saw the desolation everywhere. The earth was a desolate desert, full of broken walls and ruins, full of violent miasma and blood gas. No matter how violent the rainstorm and the wind were, they could not be relieved.

But vaguely, ye Chen feels that in the deepest part of the henggu region, there seems to be a very powerful energy and a lot of Aura!

If the hidden Reiki energy is absorbed by Xiaohuang, she can definitely recover, and even have a chance to break the shell completely.

Boom!

In the samsara cemetery, there was a shock.

Xiaohuang's huge egg, directly rushed out, seems to be aware of the spirit hidden in the depths of the henggu domain.

"Xiao Huang!"

Ye Chen saw Xiao Huang's huge egg and was shocked.

The henggu region is full of miasma, rainstorms and strong winds, and the environment is extremely bad. Ye Chen is a bit unstable. However, Xiao Huang's huge egg flies out and floats in the air. It is stable and steady without any sign of being shaken.

Obviously, the bad environment here can't hurt Xiao Huang.

Whoa!

If Xiaohuang is intelligent, he can not wait for ye Chen's orders, and directly breaks through the heavy miasma storm and flies directly to the deepest place in the henggu region.

There is no doubt that Xiao Huang directly wants to absorb the aura from the depths of the ancient world. It was originally created. Now his instinct for survival drives him to set out directly without waiting for ye Chen.

"Xiao Huang!"

Ye Chen is a cry, did not expect Xiaohuang so impulsive.

In the twinkling of an eye, Xiao Huang's huge egg, in the void, swept out a gorgeous track, flew into the depths of the eternal ancient domain, and disappeared in an instant.

This time, ye Chen is scared not light, only worried about Xiao Huang, want to catch up.

However, in this eternal region, Fengshui aura is very violent, with miasma, poisonous gas, thunderstorms and hail raging everywhere. The law of space is stronger and heavier than steel, and it is difficult to move forward.

Ye Chen took two steps and was forced back by the thunderstorm and hail.

"Master, be careful."

Blood dragon quickly hold Ye Chen.

On the blood dragon, however, there is a layer of ancient vicissitudes of life, covering his skin, which seems to turn into a layer of cuticle to resist the attack of thunderstorm and miasma.

The blood dragon is as stable as Mount Tai and has not been shaken.

"Blood dragon, what is your technique?"

Ye Chen is slightly surprised. He can't stand such a bad environment in henggu region, but the blood dragon can resist it.

The blood Dragon said: "master, this is the protection of the will of the Archaean dragon. In the past, the Archaean dragon had a contract with the henggu emperor. The aura here will not attack me."

"I see..."

Ye Chen suddenly realized that Taigu ZuLong was indeed a strange man. He had friendship with henggu Shengdi, and even left a contract protection, so the blood dragon was not affected.

But ye Chen, facing the impact of the storm miasma, is struggling.

"What flew by..."

Suddenly, in the depths of the henggu area, it seems that there is a voice of surprise, as if to see Xiao Huang's giant egg flying past, but also shocked.

"Is there anyone else in henggu?"

Ye Chen hears this voice, immediately face a change.

"What's the matter, master?"

The blood dragon frowned.

"Blood dragon, did you hear anything?"

Ye Chen asked.

"No, what's the matter?"

XUELONG looks puzzled. He doesn't hear anything.

"There are still people in henggu area, let me calculate..."

Ye Chen opens the pupil of the extreme devil, pinches a formula and deduces the operation.

"What, there are still people in henggu? It's impossible. This is a forbidden area. After the ascension of henggu Shengdi, it is impossible for outsiders to step in. If anyone comes in, he will definitely be banned by the rules here and crushed alive. "

The blood dragon only felt incredible. The prohibition of the henggu region was very strong, and there were countless aura riots. Even ye Chen, such a strong character, was struggling. If he were to be someone else, it would be absolutely smashed to pieces, and even the dregs would not be left. "The Lord of the former generation of heart demons!"

Ye Chen deduces under, immediately caught a trace of astonishing cause and effect, scared.

"The former master of the heart demon? Master, don't scare me. Isn't Yan Changge dead? "

The blood dragon was also shocked. Yan Changge was killed by Hong Tianjing. There was no body left. There was no trace left in the world. How could there be a chance of heaven appearing here?

"Not Yan Changge, maybe his disciple. Be careful."

Ye Chen was suddenly dignified. Unfortunately, the Reiki uprising here was so fierce that he could not see it clearly. He could only make a vague judgment. There was a big man hidden in the depths of henggu area, which was related to Yan Changge.

In the past, Yan Changge had seven saints under his command: greedy wolf emperor, Wuqu emperor, Wenqu emperor and so on. None of them were ordinary people. The greedy wolf emperor even became Ji Lin's master.

If you meet the Seven Saints here, it is hard to predict.

"Well, master, what shall we do now?"

XUELONG nods and asks Ye Chen about the next plan.

"Nature is to continue to deepen, and meet Xiao Huang."

Ye Chen looks at the rainstorm and miasma in front of him. He is worried.

Driven by his survival instinct, Xiaohuang rushed to the depths of the henggu region alone without waiting for him to join him. He did not know whether it was a blessing or a disaster.

Now, ye Chen just wants to find Xiao Huang quickly to avoid accidents.

"Master, but here The Reiki uprising is so fierce that I'm afraid it will not be easy to move forward. "

Blood dragon is hesitant. He has the contract protection of Archaean ancestor dragon, so he has no worries. However, ye Chen has nothing to protect. It is not easy for him to break into the henggu region by relying on his own strength.

The forbidden law in henggu region is very powerful. There are endless thunder and lightning storms, heavy rain, strong wind, poisonous fog and miasma. The deeper you go, the more violent the forbidden law will be. Even if ye Chen goes in, there will be a danger of falling down.

Chapter 4869

"It's OK. This prohibition can't stop me."

"However, be careful of Yan Changge's disciples behind her. I don't know which of the Seven Saints is."

Ye Chen pulls out the sword from the yellow spring. Although the sword is in its embryonic form, it is safe to hold it in your hand.

Hiss!

With a wave of his hand, the sword of the devil's way swept out. Tens of thousands of raindrops broke, the miasma broke, the thunder storm was shaken, and the forbidden method was severely suppressed.

"Good weapons!"

When the blood dragon saw the edge of the demon sword, his eyes lit up and he was amazed.

The wild devil Sky Sword is worthy of representing the highest edge of the evil way. Even if it is just a young sword, it has incomparably fierce killing and cutting. When a sword is wielded, the laws of henggu region are suppressed, and the signs of rebellion of aura are also weakened.

With this sword, ye Chen is able to fight against the forbidden law of the henggu region, but the crisis still exists. Behind him are Yan Changge's disciples, who are dormant.

"Let's go."

Ye Chen took the wild devil sword and strode forward, accurately catching the breath of Xiao Huang's giant egg and finding the right position.

The blood dragon nods and follows Ye Chen in a hurry.

"Two Taoist friends, wait a minute."

At this time, a woman's voice came from behind them.

Ye Chen looks back and sees a graceful and graceful woman flying in from the gate of the ancient world.

This woman is surrounded by a golden pearl, which has a strong breath of Geng gold and the subtle implication of the eight trigrams. It spins, layers by layers of golden light, and resists the impact of the forbidden law storm in henggu region.

"Thirty three days of chaos treasure, Geng gold Qianyuan beads?"

Ye Chen's pupil shrinks, but he recognizes it. The woman's body protecting bead is actually a chaotic treasure called Gengjin Qianyuan pearl.

In terms of quality, chaos spirit treasure is still above Hongmeng's treasure. Although it can't be compared with Hongmeng's treasure against the sky such as the yellow spring map, it is still much more powerful than ordinary Hongmeng magic weapons.

It takes a lot of resources to build a chaotic treasure. Ye Chen has not seen many chaotic Lingbao before, and its value is very precious.

The most powerful 33 pieces of chaotic Lingbao are called the best treasure of the thirty-three days.

Among the three hundred and thirty days of chaos, there is the saying of "eight trigrams chaos", which refers to eight magic weapons with the attribute of eight trigrams. Ye Chen has seen one before, which is a gift from greedy wolf emperor to Ji Lin, flying feather Xun Fengsuo.

Now this woman, with the gold of Geng and Qianyuan beads on her body, is obviously also the magic weapon of the eight trigrams. As soon as Qian Yuan and Jin Guang were released, she formed a strong guard and easily resisted the impact of prohibitions from the eternal ancient region.

Ye Chen's eyes are slightly narrowed. This woman has a chaotic spirit treasure, which is obviously extraordinary.

After a closer look, ye Chen finds that the woman's cultivation has reached the astonishing level of five layers of heaven. Unfortunately, the nature of her identity is hidden by Qianyuan pearl, and ye Chen can't see through it.

"Two Taoist friends, are you here to experience in henggu

The woman flies to Ye Chen and the blood dragon in front of, gentle smile, try to inquire, pour is very polite.

Ye Chen's insight into the natural mechanism shows that although he can't see through the identity of the woman, he also sees that she has no malice and is not the enemy. At the moment, he slowly says, "yes, girl is?"

The woman said, "my name is Qiu ruoshang. I come from Tianren domain. I want to look for a treasure from my ancestors in henggu area. Before I went out today, the elder of my family said that I would meet two noble people. I was really glad to see two Taoist friends."

"It turned out to be qiuruoshang, a girl of autumn."

Ye Chen bowed his hand politely and said, "I am Dust night, this is my friend, you can call him blood dragon, autumn girl, Wu Dao Tong God, we two cultivation is flat, what noble person

"You have all the demons and swords in your hands. Are you a common man?"

Qiu ruoshang gently smiles and glances at Ye Chen's wild magic sword.

Ye Chen's wild devil sword is just a young sword, but the edge of the evil way has begun to appear. It has a strong sense of killing and cutting, which is more powerful than any big source soldiers.

"Ha ha, the girl has such a fierce eye."

Ye Chen smiles without trace, but his heart is heavy.

When it was still in its embryonic form, it looked like an ordinary magic sword, without the heavenly power of the supreme source soldiers. Ordinary people could not see the details.

But now, Qiu ruoshang is wearing it at a glance. It is obvious that she has seen people before, and her eyes are extremely poisonous. She can't be underestimated.

However, even after seeing through the details of the wild devil sword, Qiu Ruoshan's face is still calm and gentle, and obviously has no greedy covetous heart.

Ye Chen is also a little relieved, but there is no carelessness, after all, the supreme source of soldiers, important, if someone snatched it, it will be troublesome.

This qiuruoshan has the cultivation of returning to the real world with five layers of cultivation. Moreover, he also has a Qianyuan pearl of Geng gold on his body. The combat effectiveness is very important. Ye Chen naturally needs to be on guard.

"Young master of dust night, how about our company?"

Qiuruoshang is still gentle smile, put forward the request, hope to be able to partner with Ye Chen. Ye Chen looked at the blood dragon. The blood Dragon nodded and said, "master, this man really has no malice. I rely on the contract protection of the Archaean ancestor dragon. If she has malice, I can sense it at the first time."

"Well, I see."

Ye Chen had an idea in his heart, and said to Qiu ruoshang with a smile, "OK, Miss Qiu, let's get together."

It's a good choice to go with qiuruoshang.

Because, the future is dangerous, there is a disciple of Yan Changge dormant, ye Chen also can't predict good or bad.

If you have Qiu ruoshang's help, it will be much safer.

Anyway, Qiu ruoshang has no malice.

At present, the three of them go on together.

Both Xuelong and qiuruoshang have means to protect themselves. However, ye Chen has to face the impact of the prohibition in the eternal ancient region alone. There are countless aura riots, thunder and lightning storms, and miasma attacks.

Ye Chen is carrying the wild devil sword. He can resist it at first, but the deeper he goes, the greater the resistance. There are even a lot of thunder and lightning, which directly kill Ye Chen.

Ye Chen gritted his teeth to support him. Fortunately, he had a good physique. These thunder and lightning prohibitions didn't really hurt him.

"Childe of dust night, are you ok?"

Qiu ruoshang looks at Ye Chen and is a little surprised at Ye Chen's physique. If he had been a warrior in the five layers of heaven and earth, he would have been destroyed by the thunder method of henggu region, but ye Chen could still hold on.

"It's OK. This impact will not kill people."

Ye Chen grinned, his body faintly numb. Fortunately, he was strong and strong, and had the foundation of reincarnation magic stele, and could bear it.

At present, there are many samsara steles in Ye Chen's body. The most powerful one is the magic stele.

Because this magic stele once gave birth to the master of the magic stele, and was tempered by Fengxing meteorite for tens of thousands of years. It has been nourished by countless living creatures, with the most abundant aura and the strongest foundation.

Under the influence of the magic stele, ye Chen's physique is better than before.

If there was no magic stele, ye Chen would be injured in the face of the thunder and lightning in henggu area.

Chapter 4870

"Dust night childe, if you can still hold on, I would like to ask you to help me explore the treasures left by my family ancestors here."

If Qiu Rushang opens her mouth, she and ye Chen are together. Naturally, she doesn't want anything. She also hopes to get Ye Chen's help.

"The treasure of your family?"

The brow frowns lightly.

Qiu ruoshang said: "yes, my family's ancestors wandered in the henggu region a long time ago, but unfortunately fell down. One of the Taoist Scriptures that he carried with him was also left here. The elder of my family said that there would be a noble person today who would deduce the secrets of heaven for me and find out the whereabouts of the secret script of Taoism. This is a clue, the weapon used by my ancestors."

Qiu ruoshang took out a rusty iron sword and handed it to Ye Chen.

Ye Chen's heart is shocked. It seems that the family behind Qiu ruoshang is not simple. He can even predict his existence.

Qiu ruoshang said, "if you can help me find the way left by my ancestors, I will be grateful for it!"

Hearing this, ye Chen feels that Qiu ruoshang is so young that she has reached the five levels of heaven. The influence of the family behind her is very important. If she can get a favor from her, she will go to the heaven and human realm and fight against the Ming dragon clan.

"I'll try."

Ye Chen nodded and immediately agreed to come down. He took over the broken sword of qiuruoshang, and continued to deduce the natural mechanism along the residual breath above.

In the dark, ye Chen saw an old figure, which was naturally the ancestor of Qiu ruoshang.

This old figure, with a clear face and a long sword on his waist, has an air of immortality.

But behind this figure, there is still a beautiful shadow of peerless grace.

Heaven's daughter!

"Heaven's daughter, boundless God! Your ancestors were the servants of the supreme goddess! "

Ye Chen saw a layer of heaven's machine picture, suddenly shocked.

"How do you know?"

Qiu ruoshang was surprised and stepped back and said, "can you deduce all the causes and effects of a broken sword and this little clue? See through the origins of my ancestors

"Ha ha, you are the descendant of boundless God."

Ye Chen's eyes sink and returns the broken sword to Qiu ruoshang.

Qiu ruoshang heart shock, looking at Ye Chen's unpredictable appearance, only feel incredible.

It's obvious that all the clues depend on the ancient ways.

This time, ye Chen can see that qiu ruoshang is actually a descendant of boundless God.

The boundless deity is just one of the twelve deities. At that time, under the order of the empress dowager, he came to the henggu region to attack henggu Shengdi in order to prevent him from ascending.

The supreme world is an extremely closed world. In order to maintain its position, the temple of wanxu forbids any outsider to fly up. Only when he kneels down to wanxu and becomes a dog, can he be accepted.

However, in those years, the emperor of henggu had no intention of kneeling down in wanxu.

Therefore, wanxu issued a hunting order.

The Empress Dowager also received a hunting order, which ordered her to solve the henggu emperor.

However, the Empress Dowager is a dignified and upright person. She doesn't want to bully the weak, so she perfunctorily. Instead of doing it herself, she only sends one of her servants.

This servant is the ancestor of Qiu ruoshang, boundless God.

In foreign countries, although boundless deity is strong, but in front of henggu Shengdi, a mole ant is just killed directly.

The Empress Dowager doesn't care. Anyway, it's OK to perfunctorily pass the matter. It's nothing for her to die a servant.

Ye Chen peeps into all kinds of pictures of the past from the broken sword left by the boundless God, and suddenly he has a cold sweat.

It's a mystery of nature. Nature makes people. Where did he think that he could make a cause and effect relationship with the Empress Dowager when he helped Xiaohuang recover his wounds. It was a destiny that he could not escape.

Ye Chen is really scalp numb, the layout of the supreme goddess is really everywhere, such a strong existence, really do not know how to overcome.

"Child of dust night, can you deduce the secret script left by my ancestors?"

The voice of Qiu ruoshang pulls Ye Chen's thoughts back.

After the shock, Qiu ruoshang is concerned about the whereabouts of the secret script of limitless deity.

At that time, limitless God Zun failed to assassinate henggu Shengdi, and his Taoist Scriptures also remained in henggu region.

In these countless years, Qiu ruoshang's family sent people to explore, but there was no result.

This time, the autumn family expected that there would be some valuable people to help, so they sent Qiu ruoshang again.

And ye Chen, is exactly what the autumn family expected.

However, Qiu ruoshang doesn't know ye Chen's identity. She is just shocked by Ye Chen's means. When she breaks her sword, she reverses all the old pictures. This penetrating method is absolutely invincible.

"The road left by your ancestors is too high to be buried in front of us, but it seems that it has been excavated by people Yeah? He is a disciple of Yan Changge, the great master of the Seven Saints! Ye Chen's eyes twinkle, and the mystery of nature opens one layer at a time, peeping into a broader picture.

First of all, ye Chen understands that the secret script left by the boundless God is called taishangtianbengdao. It is one of the thirty-six ways of Taishang. It has the domineering atmosphere of great collapse, great pressure and great crushing.

This is the secret of the cultivation of the Dharma.

Now the person who occupies tianbeng Taoism is the disciple of Yan Changge, the great emperor!

Just when he first came, ye Chen caught the clue of Yan Changsong, but he didn't know the details.

But now, with the clues provided by Qiu ruoshang, ye Chen has a thorough insight into the hidden people in the depths of the henggu region, who are the great men and great emperors among the Seven Saints!

"This great emperor has lived in seclusion here for many years. What does he want to do?"

Ye Chen murmured in his heart and vaguely felt that it was not simple. He looked at Qiu ruoshang and said:

"Miss Qiu, come with me."

Ye Chen strides forward, ready to talk to the emperor. He won't allow any hidden danger to happen. He must make clear all the causes and effects.

Under the insight of heaven, ye Chen has seen Xiao Huang's huge egg, flying to the deepest part of the henggu region, devouring the aura here and nourishing the origin.

Now Xiaohuang's giant egg is at the critical moment of restoring its origin and rebirth. No one can disturb her.

This giant gate emperor is a hidden danger, which should be dealt with naturally.

"Oh

Qiu ruoshang looks at Ye Chen with adoration on her face. Although there is only five layers of heaven and earth in her cultivation, there is a kind of domineering domineering power between her tone and manner, which makes her extremely convinced.

Pure Ye Chen's insight into the natural mechanism is enough to make Qiu ruoshang look up to it, which is totally incomparable.

At present, Qiu ruoshang followed Ye Chen closely and walked forward. The lightning storm was still raging around, and miasma was diffused in the desert, and the impact was very strong.

But at this moment, Qiu ruoshang bit through his fingertips and expended his own blood. The guard light of Zhuang Dageng's gold Qianyuan bead protects Ye Chen from being impacted.
