Chapter 4871

Thank you very much

Ye Chen smiles and puts away the ghost sword. With the protection of Qiu Ruoshan, he doesn't have to waste aura and save a lot of trouble.

Qiu ruoshang said: "it's OK."

Ye Chen, Xuelong and Qiu ruoshang walk together to the center of the henggu region, where there is a mountain range stretching for thousands of miles.

The fluctuation of the prohibition law has stopped here. It seems that there is a huge force against the ancient prohibition law.

In the mountains, the landscape environment is beautiful, which is similar to that of the outside world. However, outside the mountains, there are still scenes of thunder and lightning storms raging, which is very strange.

Obviously, there is a big man guarding this mountain, which blocks the impact of the eternal ancient forbidden law.

"Childe of dust night, is the great gate here?"

Qiu ruoshang urges the gold of Geng and Qianyuan beads, which is quite nervous.

If the duel is open and upright, she has the cultivation of returning to the real world with five layers of heaven, and she is not afraid of anyone.

However, the king of great gate is a saint of ancient heart demons. He may master the magic power of heart demons. Once the heart demons explode, they will be hard to resist.

Therefore, Qiu ruoshang is naturally nervous. I'm afraid that she will be attacked and killed by heart demons.

At present, the Taoist scriptures of limitless deity have been occupied by the great gate emperor. If you want to take it back, you have to solve it first.

"Emperor of the great gate, why don't you show up and see each other when your friends visit?"

Ye Chen looks around, and the voice spreads out loud.

Although Ye Chen had never met the great emperor before, ye Chen and greedy wolf emperor were friends. Moreover, he spared the life of emperor Wuqu in the magic spirit palace. He had a good relationship with the Seven Saints.

Boom!

When ye Chen's voice fell, the mountains around him rumbled and vibrated, and a majestic and majestic voice strode out of the void.

This is a big man with a huge sword on his back. His eyes are mellow and clear. He has the piety and belief of ancient saints, and his will is extremely firm.

"Reincarnation Lord, how did you come here?"

The king of great gate gazes at Ye Chen. From ye Chen, he can see the cause and effect of greedy wolf emperor and Wuqu emperor. Under the insight of heaven, he also knows Ye Chen's identity.

In ancient times, the Seven Saints shared the same spirit. They could share all the intelligence and information as long as they wore the natural secrets all the time. Therefore, ye Chen's identity could not be concealed from him.

"The Lord of reincarnation? You are the Lord of reincarnation

Qiu ruoshang looks at Ye Chen with consternation, and suddenly explodes, as if encountering a thunderbolt from the blue. Unexpectedly, ye Chen is the Lord of reincarnation!

You should know that the reincarnation master is the character that the goddess of heaven named to cultivate. The existence of boundless deity also helps Ye Chen.

Qiu ruoshang is a descendant of limitless deity. One of her family's great missions is to help the Empress Dowager raise pigs.

Now the target characters of the family and the goddess of heaven are in front of their eyes. Qiu ruoshang is naturally extremely shocked and can't speak.

"I should have guessed earlier..."

Qiu ruoshang took a deep breath and her chest heaved. In this world, the deduction method is so powerful, besides the legendary reincarnation master, who else can there be?

The legend of reincarnation is superior to the heaven, and it can also increase the divination power.

Therefore, ye Chen's deduction magic power is extremely powerful, far superior to others. In the final analysis, it is the powerful reincarnation blood.

Ye Chen smiles, looks at the giant gate emperor, way: "I come to ask you to take one thing."

The great emperor said, "the avalanche way of limitless God?"

Ye Chen nodded and pointed to Qiu ruoshang and said, "it is, that Taoist method is the ancestral property of this girl. Please return it."

The great emperor laughed and said, "I'm sorry, the boundless God is the running dog of the superior. I've collected his things, and no one wants to take them back!"

In the past, Yan Changge was killed by the superior, so the great emperor hated the superior.

The boundless deity is the servant of the superior, and the great gate will not have any compromise.

Seeing this attitude of the great emperor, Qiu ruoshang's face changed and he said, "what do you say?"

The strength of the great emperor of the great gate has reached the five levels of heaven in the real state. Like Qiu ruoshang, if the battle really starts, Qiu ruoshang may not be the enemy.

But now, the great emperor insults the boundless deity, saying that the latter is the superior's running dog. Qiu ruoshang is naturally angry. He pulls out his sword and wants to fight.

With a cold smile, the emperor said, "isn't it? A good person should not kneel down in front of the superior. What is not a lackey? Your ancestor, boundless God, knows that he is not an enemy of the emperor henggu, but he dares not to violate the orders of the Empress Dowager. He has to come and die, saying that he is a dog. I think he is just a timid maggot. "

When Qiu ruoshang heard this, she was so angry that she said, "shut up! You are also worthy to comment on my ancestors

As the words fell, Qiu ruoshang's sword went out, and the vast and bright sword light broke out like a burning sun and stabbed the emperor's heart."Little skills."

The emperor of the great gate snorted coldly and pulled out his sword. With a thump, he easily blocked Qiu Ruoshan's sword. With another violent blow from his left hand, he burst through the void, and countless black hole whirlpools burst out, killing Qiu ruoshang's head with one blow.

Two masters of the five layers of the real world collide with each other, and the momentum is very great.

Ye Chen's face sank and retreated with the blood dragon.

Qiu ruoshang saw that the great emperor was powerful, and he was also in a hurry to retreat.

The emperor of the great gate missed a blow, but he bombarded the void, such as throughout the world. His power was extremely powerful and showed his absolute power. His strength was obviously above Qiu Ruoshan.

"Did you steal my ancestor's Taoism?"

Qiu ruoshang's face changed greatly, and she was furious. She could see that there was a breath of collapsing Taoist Dharma in the fist of the great emperor of the great gate. She was extremely powerful, so she was able to suppress her.

"What's so bad to learn secretly? Heaven and earth's Tao Dharma is where the virtuous live. Do I have to ask you to practice Taoism?"

The emperor of the great gate hummed, and then hit it with a fist. He cried out: "the great collapse!"

Boom!

A sudden burst of air of destruction and destruction exploded from the fists of the great emperor. The space of tens of millions of weight collapsed in an instant. A hole was collapsed in the sky. All kinds of lightning, wind, rain, hail, miasma and other impacts outside rushed in.

Around the world, suddenly fell into the eternal ancient region of the forbidden law storm, thunder rolling, torrential rain, the atmosphere is myriad.

The fist of the emperor of the great gate, however, is the legendary way of collapse in the heaven. Once it is used, it will crack the earth and smash everything.

Boom, boom, boom!

Under the shock of kunwei, mountains of thousands of miles around collapsed, and the trees became ruins. The scene was very terrible.

"A sword in the net!"

Qiu ruoshang's pretty face turned white, and he quickly waved his sword wildly. Each sword Qi was killed, forming a net of heaven and earth, trying to resist the great collapse and extermination fist of the great emperor.

"Break it for me!"

The great emperor of the great gate despised him, and his fist was like the avalanche of heaven. All of a sudden, he killed him.

Hiss!

The sword Qi of Qiu ruoshang was smashed in an instant and dissipated directly. There was no trace left.

And the big door emperor's fist, is also overwhelming, continues to hit her head.

Qiu ruoshang's eyes were startled. The experts fought against each other. She saw life and death in one move. She had never learned the supreme Taoism. Her martial arts background was not comparable to that of the great emperor. She was about to be killed immediately after her defeat. She closed her eyes in despair.

"Why are you so angry

When Qiu ruoshang closed his eyes and waited for death, ye Chen's gentle voice came out.

Chapter 4872

In a split second of ten thousand, ye Chen rode a blood dragon and rode a Royal Dragon. The unity of man and dragon, the opening of the Holy Spirit vein, the transformation of soul and body, was also a fist, and collided with the emperor.

Bang!

When the two fists collide, ye Chen's body is still, but he is the emperor of the great gate, who is shaken back for a long distance.

"What!"

The great emperor was shocked. He was a master of five layers of heaven. He was shocked back by Ye Chen's fist. It was incredible.

Qiu ruoshang opened his eyes and saw Ye Chen's powerful figure, which was also completely shocked.

You know, ye Chen's cultivation is only five layers of heaven and earth. It's really incredible that ye Chen can shake back the great emperor.

Ye Chen smiles, no accident.

On the skin of his arm, there is a layer of magic lines.

At this moment, ye Chen used the three yuan Tai Yi Gong to transform the soul and spirit, and then combined with the Holy Spirit pulse of the magic tablet, the power of his fist was naturally earth shaking.

What's more, ye Chen has the power of blood dragon. It's not a difficult thing to shake back the emperor.

The heavenly avalanche method of the great emperor of the great gate can destroy Qiu Ruoshan, but it can't shake Ye Chen.

Because ye Chen's Taoism foundation is also very deep, which is not easily shaken.

"We'd better discuss and discuss again and return the matter of tianbeng Daofa."

Ye Chen smiles and stares at the great gate with a peaceful tone.

Now ye Chen has made sure that the great emperor will not hurt Xiao Huang, so he is relieved.

However, this matter needs to be solved.

Ye Chen wants to take back the tianbengdao method and return it to Qiu ruoshang. In this way, he can repay the cause and effect.

Along the way, ye Chen owes too much to the emperor, and the great cause and effect adds to his body. I'm afraid there will be some unexpected disaster in the future.

So, now that there is a chance to repay, ye Chen naturally wants to repay a little.

After all, Qiu ruoshang also belongs to the power of the supreme goddess.

If you can help her, it's a little compensation. Even if she gets the help of her family in the future, the causal debt will not be too large.

"Reincarnation Lord, you are so powerful

The great emperor of the great gate only felt fantastic. His cultivation level was far beyond Ye Chen's. moreover, he just broke out the tianbeng Daofa, which was extremely overbearing. He was still retreated by Ye Chen.

It is conceivable that ye Chen's real combat effectiveness is so ridiculous.

"If you want to get back the Taoist Scripture, you can, but you have to help me solve a threat."

The great emperor pondered for a while and offered the conditions.

"What threat?"

Ye Chen frowned and asked.

"Do you know the secret of the ancient world?" said the emperor

Ye Chen said, "what's the secret? Isn't this the place where the immortal emperor ascended? "

The great emperor shook his head and said, "no, it's not so simple. In those days, Emperor henggu wanted to fly up and was stopped by wanxu. Wanxu issued a hunting order. Besides the emperor, there was one who received the order."

Ye Chen's eyes changed slightly and said, "Hong Tianjing?"

The emperor said, "yes! Wanxu knew that the Empress Dowager would be perfunctory, so he sent Hong Tianjing to kill henggu Shengdi and never let him fly up. "

"Because henggu Shengdi didn't want to yield to wanxu or be a dog, wanxu couldn't let him go."

"At that time, Hong Tianjing, who killed my master, had already offended the rules and was avoiding the punishment of heaven. Instead of doing it himself, he sent his own servants to do it."

"If we can prevent the rising of henggu Shengdi, he will make great contributions and get the support of the high-level of wanxu, which can solve any problems and even kill the goddess of heaven."

Ye Chen said, "but he failed?"

Ye Chen naturally knows the outcome of henggu Shengdi.

This henggu Shengdi, has been flying to the supreme world, Hong Tianjing failed to stop it, of course, it was a failure.

"Yes, Hong Tianjing's servant failed to stop henggu Shengdi. Instead, he was suppressed and sealed here."

"Reincarnation Lord, if you are willing to help me out of Hong Tianjing's servants, I will obey your orders no matter what I am told to do!"

At the end of the day, the king's voice was stern, showing great determination, and the sadness and despair hidden behind it.

Ye Chen said: "are you lurking here to deal with Hong Tianjing's servant?"

The emperor said, "yes! Hong Tianjing killed my master. If I don't get revenge, I will be a man in vain! I know Hong Tianjing has been sealed, but I don't know where it is. But as long as I kill his servant and get his blood essence, I can deduce the mystery of heaven and find out Hong Tianjing's position! "

In the tone of the great emperor, there is a sense of war, hatred and anger.

At that time, his master, Yan Changge, was killed by Hong Tianjing. This hatred and humiliation were too great. Even if he left the school, he would never forget to revenge. Ye Chen was shocked and said, "do you want to revenge Hong Tianjing? Do you know Hong Tianjing's strength? "

The great emperor said: "I naturally know that the superior's strength is earth shaking and unfathomable. However, how can we not avenge the Revenge of the master? Master often taught me that I knew I could not do it. This is the sage's way. As long as the Tao is in place, even if I knew I was dead, I would not shrink back! "

"I know that when I see Hong Tianjing, it is impossible to really kill him, but I still have a little chance to kill him! Even if I just bit off his skin, I can comfort the master's spirit! "

At the end of the day, the king's eyes were weeping with blood, which was obviously a deep hatred.

Ye Chen, Qiu ruoshang and Xuelong are shocked by the will of the emperor.

"You've lost your mind..."

Ye Chen takes a step back. Now the great emperor is covered by hatred, and there are signs of being possessed by the devil.

Knowing that he was not Hong Tianjing's enemy, he still wanted to die, and was satisfied with even biting off a bit of flesh. Obviously, he was possessed by the devil. He wanted to get some achievements and prove his heart. He did not fail Yan Changge.

"Whatever you say, as long as I don't die, I won't let Hong Tianjing go! His servant, sealed here, has been sleeping for tens of thousands of years! Unfortunately, I am not strong enough to kill him with one blow! If you don't die with a blow, the guy will wake up with a fright, and the consequences are unimaginable! "

The great emperor approached Ye Chen, staring at Ye Chen with bloody eyes, and even his breath became thick and turbid, and said, "but, Lord of reincarnation, you can! You are a big man against the sky. My master also appreciates you! As long as you do, that guy will die! "

At the moment, the giant gate emperor is completely red eyed. He wants to ask Ye Chen to attack and kill Hong Tianjing's servants, help him kill people, and trace Hong Tianjing's position.

Chapter 4873

Ye Chen's face sank and his insight into the nature revealed that a man was still sealed in the deepest part of the henggu region.

Hong Tianjing's servant, Wuwei sword slave!

Among the eight heavenly swords, there is a sword named Wuwei Tianjian.

This Wuwei sword slave was the slave who served the superior when casting Wuwei Tianjian. Later, he followed Hong Tianjing.

At that time, Wuwei JianNu was ordered by Hong Tianjing to kill henggu Shengdi, but failed. Instead, he was suppressed and sealed by henggu Shengdi.

"You want me to kill Wuwei sword slave?"

This Wuwei sword slave is a character around Hong Tianjing. If ye Chen kills him, Hong Tianjing's arrogance will be weakened.

However, on the other hand, Wuwei sword slave is also a slave of wanxu. If ye Chen moves the killer randomly, it is likely to break the balance of the chess game.

It is hard to predict the cause and effect of misfortune and fortune.

Even the emperor of henggu didn't kill him. He just sealed it.

Under the insight of heaven, ye Chen feels that he can still kill the sword slave of Wuwei with all his strength. The blood base of the latter has been damaged by the emperor henggu for a long time.

However, the problem is that ye Chen can't predict the consequences of killing Wuwei JianNu.

"Yes! Reincarnation Lord, I caught Hong Tianjing's pressure in you. Maybe you will face it before long? If you kill Wuwei sword slave, you can suppress Hong Tianjing's luck. Why not

Holding on to the door of the great emperor.

Ye Chen frowns tightly, does not speak, weighing the auspicious and ominous behind.

Boom!

But at this time, the depths of the henggu region, came a surprising change.

"No, Xiao Huang!"

Ye Chen's face suddenly changed, and instantly felt that the abnormal movement was related to Xiao Huang.

Xiao Huang is going to have an accident!

Almost aware of the danger, ye Chen left behind the giant gate emperor and Qiu Ruoshan, and flew to the depths of henggu region like thunder and lightning.

Xiao Huang's huge egg and the seal of Wuwei JianNu are all over there!

Qiu ruoshang and the great emperor look at each other, but also a change in face, quickly followed up.

Soon, ye Chen came to the depth of the henggu domain, but he saw a huge whirlpool above the firmament of henggu domain. In the whirlpool, it was Xiao Huang's giant egg!

Xiao Huang's giant egg, crazy absorption of energy.

The aura of the eternal realm, as well as the residual law fluctuations of the ancient era, all poured into Xiao Huang's Rune dome.

The whole Rune dome, burst out of thousands of rays, countless rules surging, tearing the void, shaking people's mind.

"This is The legend of archaic heritage, double pupil nightmare

Qiu ruoshang sees the rune giant egg, but recognizes the smell of Shuangtong's nightmare. She is very surprised to see ye Chen, but she doesn't expect Ye Chen to have such a kind of war pet.

"Is this your pet?"

The great emperor is also surprised to see ye Chen.

Boom!

At this time, Huang's Rune giant egg, but also sent out a shock.

Xiaohuang's eggshell is shaking. It seems that she is fighting against something. It is extremely difficult and hard.

"No, Wuwei sword slave will be awakened

When the emperor saw this scene, he suddenly found something wrong and showed a look of horror.

Wuwei sword slave, also sealed here, is under the ground, sleeping all the time.

However, Xiao Huang's crazy absorption of the energy of henggu is to wake up Wuwei JianNu.

What's more, when Xiaohuang absorbed energy, she also swallowed up a large number of laws in the henggu region, which led to the weakening of the pressure here.

Without the suppression of the law, the seal of Wuwei JianNu must be loosened. Even the suppressed strength should be restored. Once awakened, the consequences would be unimaginable.

As you know, Wuwei sword slave is Hong Tianjing's servant. He himself came from the supreme world. He once witnessed the casting of the eight heavenly swords and witnessed the vicissitudes of time. His martial arts are very profound.

Once the man regained his strength, it would be an unthinkable disaster.

"Damn it! What a change

Ye Chen is also shocked, and feels that there is a terrible force under the ground, which is constantly recovering.

If the Wuwei sword slave is in a sealed and sleeping state, ye Chen can naturally kill him with one sword. However, if the Wuwei JianNu wakes up and recovers everything, ye Chen will never be an opponent.

Even, he is in danger of being killed by Wuwei sword slave!

It is a great humiliation to be killed by Hong Tianjing's servants before meeting Hong Tianjing!

"The wild devil sky sword, break!"

Ye Chen drinks violently. Naturally, he will not allow this kind of thing to happen. Once he is awakened by Wuwei sword slave, it will be troublesome. Therefore, we must take advantage of his seal to sleep and directly kill him.

Now Xiao Huang is also fighting against the will of Wuwei JianNu, who is about to revive. Once Wuwei JianNu really breaks free, Xiaohuang will die.Boom!

Ye Chen's fierce sword directly broke the earth.

The earth burst, and a mysterious altar appeared.

This altar, there are countless blockades, bound a decadent figure.

This figure is very thin, like a skeleton. I don't know how many years of suffering, it is Wuwei sword slave.

At this time, the chain of Wuwei sword slave was greatly weakened, because the energy here was being devoured by Xiao Huang.

Xiao Huang's treatment of trauma, recovery of the original, but also weakened the seal of Wuwei JianNu, leading to his recovery.

"It's so bloody..."

"Reincarnation blood, ancient heritage blood Hey, hey, God treats me well... "

A cold laugh came out of the altar under the ground. The eyes of Wuwei sword slave were closed, but they opened slowly, revealing a solemn smile.

"Damn it!"

Ye Chen bit his teeth, but he didn't expect Wuwei JianNu to wake up.

He felt that the breath of Wuwei JianNu was soaring wildly, the seal balance was broken, the prohibition was weakened, and the blood strength of Wuwei JianNu was recovering at a terrible speed.

"Star soul chop!"

Ye Chen gives a violent drink, runs Sanyuan Taiyi Gong, and keeps transforming. He holds the wild devil sky sword, a wisp of magic sword Qi which is extremely shocking to the sky, mixed with the rolling star light, and mercilessly cuts at the swordsman of Wuwei.

However, Qiu ruoshang and the great emperor were shocked by the suddenly revived Wuwei sword slaves, and were stunned and did not take any action.

This time, you can clearly see the difference in the mood of Wudao.

Although Qiu ruoshang and the great emperor of the great gate have higher accomplishments than ye Chen, their martial spirit is not as solid as ye Chen. As soon as they encounter a sudden change, they fall into shock and lose the best opportunity to make a move.

Ye Chen breaks out with all his strength. If the wild demon Sky Sword wants to destroy everything, the light of the endless evil way sword will pour down.

"Reincarnation Lord, when did you get the demon sword?"

"And why is your blood so weak?"

"Why is your cultivation so low?"

In one thousandth of a second, Wuwei sword slave raised his head and made a cold voice. With a little finger, the spirit burst out and condensed into a virtual shadow of a huge hammer, which smashed into Ye Chen across the air.

Chapter 4874

Bang!

Ye Chen's sword Qi collides with the huge hammer, and is suddenly shattered. The wild devil's sword almost gets rid of. The huge force shakes back, and ye Chen almost spits blood.

The power of the sword is very powerful.

At that time, the superior cast eight heavenly swords, and Wuwei JianNu was present. His huge hammer represented the will of the supreme emperor to strike the Heavenly Sword and beat the supreme source soldiers. His Majesty was terrible.

Even ye Chen almost vomited blood.

"It's a pity..."

Ye Chen bit his teeth. It's a pity that he was just alone. If Qiu ruoshang, the great emperor of the gate, and the blood dragon can all react to it, the four of them will join hands to fight for the sword slave of Wuwei.

But now, it's too late.

Wuwei JianNu wakes up completely, and his breath is climbing. Just a few breathing time, he has reached the later stage of Huanzhen!

Fortunately, when he reached the later stage of Huanzhen state, his breath stopped and there was no sign of breaking through again. Obviously, his blood vessels were damaged too seriously and could not be completely recovered in a short time.

However, in the later period of Zhenjing, with his superior means, he could kill everything.

"I'm sorry, master."

The blood dragon recovers from shock and flies to Ye Chen with an apologetic face.

Wuwei JianNu's recovery, he was shocked just now, did not cooperate with Ye Chen.

Ye Chen fought alone, obviously not the enemy of Wuwei JianNu.

"It's a legacy of ancient times, double pupil nightmare, your blood is mine!"

Wuwei JianNu glanced at the whole scene and locked Xiao Huang.

Xiaohuang's Rune giant egg, suspended in the sky, the eggshell has layers of cracks, a trace of blood gas diffused out.

As long as you swallow this rune, the blood of Wuwei sword slave can be restored to its peak in an instant. When the time comes, his strength will be fully recovered. It will be easy to kill Ye Chen and others.

Whoa!

As soon as the swordsman's arms were shaken, a few chains broke out of the air and ran towards the rune.

He is a slave of the Supreme Master. He has lived for many years and his mind is naturally clear.

He can see at a glance that Xiaohuang is the most critical link in this situation!

As long as he devours the rune egg, he can get rid of all the chain seals and kill Ye Chen and others.

But if, at this time, to attack Ye Chen and other people, for a while, it will not have a good effect, in case Xiaohuang suddenly breaks the egg and comes out, then he is finished.

"Dare you

When ye Chen sees that Wuwei sword slave wants to hurt Xiao Huang, he is furious. He grabs the wild devil sword and kills him with one sword.

Zheng!

The wild devil sword was cut on the chain and burst out a series of sparks.

"Reincarnation Lord, your cultivation is still too weak. How can you be my opponent?"

The swordsman of Wuwei laughs. When the chain shakes, a powerful force rushes out. He directly shakes Ye Chen's sword and continues to shoot at the rune.

Ye Chen's viscera vibrated and he almost vomited blood.

At present, the strength of Wuwei sword slave has been restored to the later stage of Huanzhen state, which is extremely terrifying and powerful. Moreover, he also has great luck. His foundation is very deep. He can't resist with a single attack.

"Master, I will help you!"

"Taishang Tianlong road!"

The blood dragon shakes its body and turns into a dragon of tens of thousands of feet in length, occupying countless heavy space and time. It directly incarnates into the supreme Heavenly Dragon, showing the incomparably brilliant momentum of the dragon.

A piece of bloody scales, flapping open, such as iron and steel like flashing bright cold light.

The blood dragon's body is crouching, and directly protects Xiao Huang's Rune giant egg inside.

Wuwei sword slave chain burst to kill, blood dragon immediately a paw, hard block.

Dang!

The dragon claw collides with the chain, which makes a sound of gold and iron.

The chain of Wuwei sword slave was shaken out, but the claws of the blood dragon were violently torn by the strength of the chain. The scales of the Dragon fell one by one, and the flesh turned out to be bloody.

"Why struggle? Why should you join us? Why should I be afraid?"

Wuwei sword slave is arrogant and his old hair is floating. Although he is sealed in the altar under the ground and bound by countless chains, he is full of vigor and vitality.

Now that the seal is completely loose, he has fully recovered to the strength of the later stage of Huanzhen. Even if one person challenges Ye Chen, Xuelong, Qiu ruoshang, and jumen Dadi, he has no fear at all.

"Geng gold Qianyuan pearl, shining!"

When Qiu ruoshang bit her silver teeth, she sacrificed her blood to offer a golden pearl of Qianyuan. With a touch of bright golden light, mixed with the vitality of the eight trigrams, it instantly condensed

into a golden sun of Geng, which hung on the top of the swordsman of Wuwei, and the sun of Qianyuan continued to shine.

This Qianyuan sun is enough to melt all steel. As soon as it shines down, it will immediately bake a seal chain. The whole body is red, hissing and bursting out a vast white smoke."Thirty three days of chaos is the treasure, Geng gold Qianyuan pearl? Are you the descendant of the old man who respected the boundless God

The chain was burned red, and Wuwei sword slave was bound by the chain all over his body, and was immediately implicated. His skin hissed and his flesh was scalded by the chain, and the pain spread.

However, the expression of Wuwei sword slave is still plain, as if there is nothing in the world that can shake his mind.

He has been a slave for many years. What has he suffered? At that time, the superior cast eight heavenly swords. He often tried his body and soul. He suffered a lot of killing.

He didn't pay any attention to the burning at the moment.

"It's a pity, little girl, if you want to play the power of chaos, you need to transcend the true state of cultivation. Your Kung Fu is not home yet."

Wuwei sword slave grinned. He grabbed the red chain and shot back at Qiu Ruoshan.

The temperature released by qiuruoshang's Geng gold Qianyuan bead is much hotter than that of the Xiri Tianshu, but it is still not threatening the Wuwei sword slaves.

Even, the Wuwei sword slave also turned against the guest and gained the benefit. The chain became intense and the lethality was even greater.

Chuckle!

The burning chains sweep through the void, and make a terrible sound, like the whip of the gods, and sweep them out.

Qiu Ruoshan's face suddenly changed. She only felt that the chains contained the majesty of the supreme will, which was hard to resist. She wanted to avoid it, but even her spirit was locked, and her hands and feet were unable to move.

"Blood dragon, one with me!"

"Demon dragon claw, kill!"

Ye Chen screamed and immediately became one with the blood dragon. The palm of his hand turned into a dragon's claw, and the Supreme God's body was completely opened. A dragon claw was recorded, and the evil Qi rolled out and hit the chain of Wuwei sword slave.

Zheng!

That a red chain, immediately by Ye Chen hit fly out.

Combined with the power of the blood dragon, ye Chenwei can be doubled, and all his actions and actions have a startling explosion of dragon power.

Chapter 4875

Thank you very much

Qiu ruoshang looks pale. Fortunately, ye Chen is quick, otherwise she has been killed.

At present, Wuwei sword slave is too powerful for anyone to resist.

"Hey, Lord of reincarnation, is your pet no longer a waste of time? But this blood dragon, a double pupil nightmare? "

Wuwei JianNu's eyes were spinning, peeping at Ye Chen's details.

"Hum!"

Ye Chen didn't speak. He snorted coldly, and the Dragon claws shot out. The Buddha light of the stupa bloomed out and turned into a pagoda in an instant.

This pagoda is no longer golden, but turned black.

At this moment, ye Chen's supernatural body and Holy Spirit pulse were all opened to the extreme, and he also held the wild devil sword in his hand. His whole body was full of evil Qi, and even his magic power became a powerful and powerful one.

There is no Buddha like atmosphere on the dark pagoda. There are only infinite demons singing blessings and making a very sharp and harsh sound.

"The pagoda of futu is suppressed by me!"

Ye Chen shouts and cooperates with the blood dragon. His whole body strength breaks out to the extreme. The wild devil sword also flies up and inserts upside down on the top of the futu tower.

Boom!

The town of jianta will be closed down again.

This is Ye Chen's strongest strike. His strength and blood dragon merge and break out against the sky. Moreover, even the wild devil's sword is brought out. This Fu Tu pagoda is completely transformed into a magic tower, mixed with the rolling edge of the devil's road, and it's smashed down.

"Lord of samsara, I will help you too!"

On the other side, the great gate emperor saw Ye Chen's fierce appearance, which was also shocking.

Now ye Chen and the blood dragon are integrated, and the man and the dragon are in one. In addition, the power of the pagoda is just earth shaking.

The emperor asked himself that if it was him, he would be dead in the face of Ye Chen's attack, and there was absolutely no room for fluke.

That is to say, ye Chen, the pagoda of futu, can be easily killed by even the strong in the five layers of the real world. You can imagine how powerful it is.

But even so, it is still difficult to suppress Wuwei sword slaves.

Because, the strength of Wuwei JianNu is enough to reach the later stage of Huanzhen state!

Even, there is a strong will and a strong spirit from the supreme world!

Buzz!

In the sky, Xiao Huang seems to be aware of Ye Chen's danger, and the rune dome is constantly shaking. She seems to want to break the shell to help.

However, before Xiaohuang breaks the shell, he still needs to absorb more energy. Even if he has the determination to fight, he can't come out.

"A sword in the sky, kill!"

The emperor of the great gate gave a violent drink and pulled out the huge sword. The collapse road of taishangtian broke out to the peak. A vast and majestic sword spirit exploded from his sword body. It was just like the sky and the earth, and the surrounding void was constantly collapsing and collapsing.

The pagoda of futu is a sword that breaks the sky. Let's kill them together to give a fatal blow to the swordsman of Wuwei.

"Ha ha..."

Looking at Ye Chen and the attack of the great emperor, Wuwei sword slave is a light sneer.

"Young people are still too impulsive, do not know the gap between the realm."

"Today I'll show you what the real supreme law is."

"Forge heaven and earth, cast stars, break them for me!"

The sword slave of Wuwei roared up to the sky, and the Taoist method was surging. The will of martial arts and Taoism was rolling, and a huge hammer was developed.

This huge hammer is a virtual shadow evolved from the supreme Taoism. However, the severity of the weather is about to condense into essence. A hammer across the sky seems to be about to beat everything and suppress everything.

"It's heaven's way!"

With a wave of a huge hammer, the swordsman of Wuwei bombarded him like a disorderly cloak.

Bang!

This huge hammer blows to Ye Chen's pagoda.

The whole magic tower burst and smashed in an instant, turning into countless demonic Qi and collapsing. All the atmosphere of the demons singing disappeared in an instant.

Puff!

Ye Chen and Xuelong were shocked. They spat blood on the spot, and their faces were pale. They felt that the heart, liver, spleen, lung and kidney were all smashed by a huge hammer.

This is actually the way to forge the heaven, which is said to be enough to forge the sky!

At that time, Wuwei JianNu watched the superior cast the eight heavenly swords, and also participated in the process of forging corner materials.

Even if it's just a small step, it's a wonderful creation. After all, if you want to forge the eight heavenly swords, you don't know how much effort it will take and how many creatures will be sacrificed.

That is to say, he had been involved in the casting of the eight heavenly swords.

The casting raw materials of the eight heavenly swords are the remains of the celestial sky!

This heavenly forging method has the terrible power of forging the sky and beating the world. It is easy to forge the human body, attack and kill the enemy.

As soon as ye Chen was beaten by Tianjian Daofa, not only the magic tower burst, but also his internal organs were seriously injured. He even appeared to have illusions about his spirit. It seems that he saw the brilliant picture of Wuwei JianNu participating in casting the eight heavenly swords. His spiritual will, however, showed signs of submission to the Wuwei sword slave. It seemed that he was afraid of the power of the heaven forging method.

"You deserve a servant?"

Ye Chen's heart is full of blood, and Wuzu's Taoist heart breaks out. Hongmeng's big starry sky supports Ye Chen's heart and protects him from the erosion of Wuwei's sword slaves.

At the same time, ye Chen quickly applied Bagua Tiandan technique to treat himself and Xuelong's injuries.

Bang!

The swordsman of Wuwei was invincible. After another bombardment by the huge hammer, the power of the heavenly forging method was as powerful as a prison. With one stroke, it broke the giant sword of the great emperor.

"What!"

The blood of the emperor was smashed into two pieces, and the sword was smashed with blood.

Even though he had broken the sky and cracked the earth, his magic power of Wuwei sword slave was still like paper paste and broke up at once.

There's no way. The gap is too big.

There is still room to make up for the pure realm of martial arts and Taoism. However, the realm of Taoism, the will to fight and the spirit and spirit are far from being made up for.

Although Wuwei sword slave was only a slave, it was an old monster who lived from the ancient times to the present. He lived in the supreme world for many years and followed Hong Tianjing to fight in all directions.

Now the seal is loose, and his realm recovers a little bit. All of a sudden, he crushed Ye Chen and the great emperor.

Qiu ruoshang is on the side. Seeing that ye Chen and the great emperor are defeated, she is shocked. She never expected that Wuwei JianNu would be so powerful.

Buzz!

In the sky, Xiao Huang's Rune giant egg shakes violently and absorbs the aura around her. She wants to accumulate enough energy and break the shell immediately.

"Xiao Huang, don't be impulsive!"

Ye Chen immediately drinks it. Now Xiaohuang is obviously not ready to break the shell. It is useless to absorb aura crazily. It is too big to digest in a moment. On the contrary, it weakens the prohibition here and makes the seal of Wuwei sword slave more loose. The gain is not worth the loss.

Chapter 4876

Hum!

Xiao Huang seems to have noticed this and stopped absorbing, but he can't break the shell. He can't help.

"Ha ha, Lord of reincarnation, it seems that your favorite hasn't matured yet? That's just right. Why don't you just swallow it up for me

Wuwei JianNu licked his lips, looked at Ye Chen and Xuelong, and then looked at the great emperor. His face was relaxed.

"In the world of the superior, I am just a dog, but in front of you, I am like a king of heaven, and you are just ants."

Wuwei JianNu narrowed his eyes and did not immediately move the killer. He seemed to enjoy the mood.

In any case, the collision just now, his way of forging heaven, has already severely damaged Ye Chen and the great emperor. Now he has the qualification to play cat and mouse.

"Heart demon curse sword, kill!"

All of a sudden, the king of great gate gnawed his teeth, and a pure and shining flying sword came out violently.

It's a heart demon curse sword!

As a disciple of the ancient sage Yan Changge, the great emperor of the great gate has always been a disciple of the ancient sage Yan Changge. After learning that Yan Changge was the master of heart demons, he was disheartened and left the religion.

However, later, he understood Yan Changge's good intentions. He knew that the heart demon's sword was only a tool. The sword itself was not evil, but the person in charge had the difference between good and evil.

Therefore, later, he also carefully understood the magic method of the heart demon curse sword.

However, he did not get the true story of Yan Changge's heart demons, only to understand a trace of heart demon atmosphere.

Ye Chen was surprised and saw that the heart demon sword released by the great gate emperor was just a shadow, not a substance.

The magic power and profound meaning of the real heart demon sword is too complicated. It is impossible to fully understand it without Yan Changge's teaching.

In this world, the only one who can really master the profound meaning of the heart demon's great curse sword is the emperor Shitian.

"Ha ha, you want to attack me, too?"

The swordsman of Wuwei smiles coldly when he sees the shadow of the sword. His eyes run through the void. He actually opens up an abyss and devours the shadow of the sword.

"Don't say that you are just a wisp of sword shadow. Even if the Lord of the heart demon comes, you can't hurt me."

Wuwei JianNu despised it. The way he opened up the abyss just now was just the way to heaven!

In the world of the supreme, all the superior, including the slaves, hold the taishangtian Yuandao.

This Taoist method is specially used to restrain the heart demons. It can open up the abyss and void and devour all the heart demons.

If the enemy's heart demon curse sword is too strong, it can also open up a small abyss space in his body to hide his soul.

As long as the mind is hidden, and it is not aroused by the heart demon, all the means of the heart demon will no longer have an effect.

Therefore, there are innumerable evil spirits in the upper level.

In the end, with the efforts of one superior person, Taishang Tianyuan Dao was created and promoted to the whole supreme world. It was like a vaccine against virus, which almost killed the anger of heart demons. Even if it was Yan Changge's mind evil method, there was no way to deal with it.

The killing of heart demons has caused too much fear to the superiors. They are afraid that their heart demons will explode, so they specially created this Tianyuan Taoist method.

This is the nemesis of the heart demon!

If you want to break the Tianyuan Daofa, you have to cultivate the heart demon curse sword to the Ninth level.

However, this is a difficult thing.

Therefore, even if the emperor Shitian launched the heart demon trial, but in the eyes of the superior, the threat is not as good as the reincarnation Lord.

After all, heart demons can be restrained by Tianyuan Taoism, but there is no way to suppress the rise of reincarnation master.

The heart demon stealthily attacks the defeat, the giant gate big emperor's facial expression immediately becomes incomparably ugly.

"If you have any other means, do it."

Wuwei JianNu smiles faintly, still like a cat and mouse. Now he has the absolute initiative, he is not in a hurry, nor is he busy swallowing Xiaohuang's Rune giant.

Hearing this, ye Chen's face suddenly sank and wanted to call for emperor taixuan. However, Emperor taixuan was deeply dormant in the tombstone and did not mean to appear.

Obviously, Emperor taixuan can fight against the common enemy, but he can't do it in the face of the power of the superior. Otherwise, the secret of the reincarnation cemetery will be revealed, which is worse than death.

"Damn it!"

Ye Chen gnaws his teeth. He can't even borrow the energy of the reincarnation cemetery. Facing the Wuwei sword slave, what else can I do? I'll sacrifice to the Lord of Hui. "

At the moment of Ye Chen's hesitation, he heard the voice of the God of the great gate, full of sadness.

"You want to blow yourself up?"

Ye Chen looks at the eyes of the great emperor, and his heart vibrates.

"No, it's useless to blow yourself up. This guy has so much information that I can't even kill him."

With a sigh, the emperor's eyes became more and more sad."What do you mean..."

Ye Chen faintly between, insight to the nature, suddenly eyes a shrink.

The great emperor nodded and said, "you take my life and sacrifice my blood to the wild devil sky sword. But the heavenly power of this sword can break out for a short time, which is enough to seal the dog slave again."

In this world, the only weapon that can damage the lives of the superior is the supreme source soldier.

And ye Chen's hand, there is a supreme source of soldiers, the wild devil sword!

Ye Chen's wild magic sword is not a fragment, but a real thing, although it has only an embryonic form.

However, if you get the blood sacrifice of the great emperor, this young sword will be able to break out the most powerful evil way, sweep the world and kill everything.

Even the Wuwei sword slave may not be able to resist.

You know, the king of great gate is the master of the five layers of heaven. He sacrificed his life, and the energy of Qi and blood burst out, which is enough to temporarily enhance the power of the wild devil sky sword.

As long as this sword can reveal the true power of the supreme army, there is still a chance to kill Wuwei sword slaves.

Ye Chen eyes a bright, this method, obviously feasible!

But the price is too high!

To sacrifice a strong man with five layers of heaven, this cause and effect should be counted on Ye Chen's head.

"The only way, Lord, is to refuse."

For fear of Ye Chen's refusal, the great emperor solemnly requested.

"Well!"

Ye Chen nods heavily. Although there is a big cause and effect account, this is the last way and has to be implemented.

Otherwise, Wuwei sword slaves are rampant, and everyone will die. Even Xiao Huang will not survive.

With Ye Chen's Qi Yun, although the cause and effect is great, it is still within the scope of bearing.

"When I die, you will tell my younger martial brother emperor Shitian about my death, and ask him to avenge me and master. Hong Tianjing must be killed! Only by killing Hong Tianjing can we comfort my master and me

The voice of the great emperor of the great gate weeps blood. At the critical moment of his death, he entrusts Ye Chen.

However, he did not ask Ye Chen to revenge, but asked Ye Chen to report the news.

In the heart of the great emperor, the status of emperor Shitian is obviously much more important than ye Chen. After all, he is the same door.

Chapter 4877

"Well, if I can leave alive, I will."

Ye Chen promised to come down. The emperor Shitian is still thinking about the heart demon trial and dare not fight with the superior for the time being. But now, with the dying entrustment of the great emperor, he has the opportunity to pull the emperor Shitian into the water.

To Ye Chen alone, facing Hong Tianjing, the pressure is still too big. Dragging emperor Shitian into the water can undoubtedly share part of the pressure.

After the negotiation, the emperor closed his eyes and murmured in his mouth, and his body began to release a wisp of blood.

"What do you want to do?"

Seeing this, Wuwei JianNu suddenly realized that something was wrong. He had an idea, and immediately got insight into the nature and saw Ye Chen's plan.

"Damn it! Do you want to sacrifice yourself to sacrifice the ghost sword

Wuwei JianNu was completely flustered. He had been plain looking just now, but now he found out the plan of the two men and was immediately flustered.

Because, once the power of the supreme source soldier breaks out, it is enough to kill the superior. He is just a slave, and it is absolutely impossible to block it.

"Dare you

The swordsman of Wuwei was furious, and the huge hammer exploded to kill him. The heavenly forging method was used. His divine power was like a prison, and he was smashed to the emperor to make meat sauce.

"Yunlei Emperor Dragon ball, Yu!"

Knowing the importance of the plan, the blood dragon immediately flew out to sacrifice the emperor's Dragon beads and stood in front of the great emperor.

Bang!

The sword slave of Wuwei smashed it down with a hammer, and the emperor's Dragon beads suddenly cracked, and countless pearls flowed out.

Poof!

The blood dragon spurted blood on the spot, and Emperor Longzhu suffered heavy damage. He was also seriously impacted. The scales of the Dragon split one by one, which was obviously very serious.

What's more, his dragon ball of Yunlei emperor was also cracked by a hammer, and his aura was released. All the divine lights were lost in an instant and became extremely dim.

"Blood dragon!"

Ye Chen shouts, the blood dragon this time resists, the price is huge, not only is seriously injured, even the magic weapon has been destroyed.

"Master, leave me alone."

The blood dragon bit his teeth and still blocked in front of the emperor, protecting him.

"Evil animal, go away!"

The swordsman of Wuwei drank violently, his eyes were startled and angry, and he almost burst out fire. His strength was above the blood dragon. The magic weapon of the blood dragon was destroyed with one hammer of the tianjindao method, which was very powerful.

However, no matter how powerful it is, the Wuwei sword slave has missed the last opportunity to be blocked by the blood dragon.

Chuckle!

On the body of the great emperor, his skin was broken, and countless Qi and blood seeped out. The wisps of Qi and blood condensed into a dragon, and they poured madly into Ye Chen's wild devil sword.

"Burn me, mortal!"

The emperor of the great gate gave out his last roar of life. His whole body was withered and his Qi and blood were all released and poured into the wild devil sky sword.

Hum!

The wild magic sword in Ye Chen's hand was poured into the Qi and blood of the great emperor. In an instant, it broke out a terrible sword with a length of thousands of Li. The unspeakable dark air was exposed, and it was almost penetrating the sky.

Boom!

The sword is blazing out from the sky, and the sword is blazing through the sky.

Hoo Hoo Hoo Hoo!

All over the body, the wind whirled, and hundreds of millions of demons appeared, flying, roaring, roaring, blocking the sky and the sun.

The rolling evil spirit permeated the whole henggu region. The sky and the earth were dark. Only countless demons were dancing and worshipping Ye Chen.

Ye Chen is in charge of the wild devil sword, as if he dominates hundreds of millions of demons. He is extremely powerful and domineering. His majestic spirit condenses into a battle robe, which is draped on Ye Chen. Ye Chen seems to become the legendary supreme demon king.

"No!"

Wuwei sword slave saw this scene and was completely shocked.

The wild magic sword in Ye Chen's hand was infused with Qi and blood from the great emperor, and its edge soared a million times. It almost swept the sky, and the evil spirit was overwhelming and shocking.

"Reincarnation Lord, don't forget our agreement..."

The emperor murmured in a low voice with a faint smile. His Qi and blood withered, and his body disappeared like ashes in the wind.

A piece of jade slips, falling out of the ashes, with the words "Da Beng Tian" printed on it, is the cultivation secret of taishangtian avalanche Road, which is left over by the boundless God Zun.

Qiu ruoshang saw the ancestral relics, but did not dare to take it, the whole person was in absolute shock.

It was completely shocked by the edge of the wild devil sky sword.

He sacrificed a master of the five layers of heaven. The edge of the wild devil's sword almost soared to an invincible level. The sword's breath roared and whirled, forming a violent storm, sweeping through thousands of miles of space and time. The universe and sky also cracked everywhere, and tens of millions of black hole eddies appeared, which seemed to sweep human soul.

"I've suppressed the demon sword!"

Ye Chen's eyes were cracked. Under the impact of the evil spirit, his whole body was suddenly blue and his strength was surging. He grasped the sword handle tightly and cut down at the Wuwei sword slave. "Damn it!"

Wuwei sword slave breathes and suffocates. He quickly waves hundreds of iron chains across the void and breaks out to resist Ye Chen's sword spirit.

However, the fierce edge of the wild devil Heavenly Sword is so fierce that no one can resist it. Even the swordsman of Wuwei can not resist it, unless he recovers all his strength.

Ding Ding Ding!

A series of dense explosions, sparks flying in all directions.

Ye Chen's wild demon sky sword, mercilessly cut down, all the iron chains were instantly cut off.

These chains were left by the emperor Henggu and were specially used to seal the swordsmen of Wuwei. The material was very special and it was very difficult to cut them off. However, the edge of Ye Chen's magic sky sword broke out and was as powerful as breaking the sky. Nothing could stop it.

The pupil of Wuwei JianNu shrank, and he saw thousands of dark sword Qi converging into a billowing sword tide. After cutting off a layer of iron chain, he was severely chopped on his body.

Puff!

Blood spatter.

The body of Wuwei sword slave was suddenly cut out with a ferocious wound, and the internal organs almost turned out.

"Still alive?"

Ye Chen is shocked. He is so fierce that the sky can be destroyed. He can't kill Wuwei sword slave, but he is just a heavy blow.

We can imagine how terrible the body strength of this Wuwei sword slave is, and it also contains the laws of the supreme world. It is no small matter.

This Wuwei sword slave is a half superior.

"Reincarnation Lord, I will die with you!"

Wuwei sword slave looked at the seriously injured body, and his eyes were full of vigilance, anger and resentment. He actually killed him like a wild animal and rushed to Ye Chen. He wanted to kill himself and die together!

He has already seen that ye Chen's luck is too deep. There are ways to fight against his death today. If ye Chen grows up again, he is afraid that his master, Hong Tianjing, will not be able to compete with him.

Therefore, even if Wuwei sword slave had a chance to live, he didn't want it. He just wanted to burn the jade and stone with Ye Chen to solve a threat for Hong Tianjing.

Chapter 4878

Ye Chen sees that Wuwei JianNu wants to blow himself up, but his face changes. He quickly dodges his attack.

"Eternal prohibition, seal!"

After that, ye Chen opened the altar under the ground and opened the seal of forbidden method. All of a sudden, a layer of forbidden runes came out crazily and burst into a dazzling light.

"Ah

Wuwei sword slave uttered a scream and was bound by numerous prohibitions. His body fell down and fell again to the altar, bound by chains.

"Reincarnation Lord, you either kill me, or you will die when I break through the seal!"

The swordsman of Wuwei made a voice of bitterness, but his body was shackled by chains, which made him fall into the seal sleep again.

Boom!

The energy of the underground altar surged, the cracks of the earth closed, all the visions disappeared, and the heaven and earth returned to peace.

Ye Chen's face was silent, holding the wild demon sword, standing on the ground.

Qiu ruoshang was shocked and speechless, standing beside Ye Chen.

It seems that the ancient aura has stopped absorbing.

"Master..."

The blood dragon shows its human form, barely supporting itself from falling down. Recalling the battle just now, it is still in fear.

At the end of the battle, ye Chen won, but it was a narrow victory.

The great emperor died, but the swordsman of Wuwei was not really killed, but was sealed again.

With Ye Chen's current strength, he can't kill Wuwei sword slave at most.

Before the seal was loose, Wuwei sword slave had recovered part of his strength and was very fierce. Now it is a great blessing to be able to seal him again. It is not so easy to kill him.

"It's all right. That guy's been hit hard. It's impossible to recover in three or five years."

Ye Chen took up the ghost sword, but he was relieved.

Although he failed to kill Wuwei JianNu, he was sealed again. In the next three or five years, ye Chen was clean.

It's a pity that we can't use the ghost sword in a short time!

The original form of the wild devil sword is still used in this way. It can only be seen by chance and piled up with resources.

But he still has the evil sword in his hand.

In fact, the strength of Sha sword is not inferior to that of the wild devil sky sword. Moreover, for ye Chen, it is more suitable to play the power of star soul chop!

"That little yellow..."

The blood dragon looked up at Xiao Huang's Rune dome, which was assiduously absorbing the aura of henggu region.

Ye Chen said: "I intend to let Xiao Huang stay here, slowly absorb energy, and then wait for its shell to break, and then pick him up."

"Is this safe?" the blood dragon frowned

"No matter what, the sword slave has been sealed. No one will disturb Xiao Huang. He is very safe."

Ye Chen smile, under the insight of natural mechanism, did not catch any danger.

Obviously, Xiaohuang is absolutely safe and there will be no more accidents.

When Xiaohuang absorbs enough energy, that is, when it breaks out of its shell, ye Chen plans to pick him up again.

Blood dragon way: "how about I stay to guard?"

Ye Chen shook his head and said, "no, Xiao Huang is about to break the shell. He needs to feel the chance of Taoism alone. If there is an outsider, he will be disturbed. Let him be clean."

Ye Chen plans to settle the rune dome here alone. In fact, it also means to consider Xiaohuang.

Xiao Huang's breakthrough in strength requires a quiet understanding of the road. It's better not to disturb him.

"Yes, master, I see."

The blood Dragon nodded and agreed to come down.

Ye Chen gave a "um" sound and waved to release the eight trigrams Dan light to cure the wound of Xuelong.

However, the blood dragon was injured by Tianjian Daofa. Even if ye Chen was treated, he would have to rest for a while if he wanted to recover completely.

And his magic beads, also destroyed, want to repair, also need additional resources.

In this war, ye Chen's loss is not small, but it is worth the effort to seal the swordsman of Wuwei and settle Xiaohuang.

"Miss Qiu, take the relics of your ancestors."

Ye Chen takes a picture of his palm and hands the jade slips of the way of collapse from heaven to Qiu ruoshang.

However, at the moment of contact with the jade slips, ye Chen found that the breath of this Taoist method had been leaked out. He felt his divine sense and immediately understood the mystery of tianbeng Daofa.

At present, ye Chen's foundation of martial arts is simply transcendent, and his talent is terrible. If he catches a little bit of Taoist spirit, he can understand the cultivation.

This time, ye Chen is to understand all the secrets of the collapse of heaven.

Thank you very much

When Qiu ruoshang took back the jade slips, she was in a mood of ups and downs. She took a look at Ye Chen, but found that ye Chen's face was a little different. Then she asked, "Lord of reincarnation, did you learn my ancestors' Taoism secretly?"

Ye Chen touched his nose and said, "sorry, I didn't mean to. If you mind, I can erase this part of the memory." Qiu ruoshang sighed and said, "no, you are the master of reincarnation. You are a great person named by the supreme heavenly daughter to cultivate. If you want to learn the Taoism of my family, you can learn it at will. It's my offense to learn the two characters secretly. It's too offensive."

Ye Chen is silent. Although she and Qiu ruoshang have experienced a battle of life and death together, they are still unfamiliar and estranged.

Ye Chen is the most important link in the layout of the supreme goddess.

Whether Qiu ruoshang is a master of the five layers of heaven or the daughter of the family, as long as the Empress Dowager has not turned over, she will absolutely submit to Ye Chen.

Two people, have a huge identity gap, there is no possibility of being friends.

"Lord of reincarnation, when you come to the heaven and man realm, if you need help, you can come to me at any time."

Qiu ruoshang left a jade contact card, showing a very complex smile.

Thank you very much

Ye Chen accepted her jade card, and many thoughts flashed in his mind.

I don't know how many haughty beings there are in the layout of the supreme goddess. They all have to bow their heads.

Qiu ruoshang left henggu region. Ye Chen and Xuelong stayed one night to accompany Xiao Huang. On the next day, they were reluctant to leave.

"Xiao Huang, when you break the shell, I will come back to pick you up."

Ye Chen left the henggu region completely, said goodbye to the blood dragon, and then sent a letter to the emperor yuan hall, explaining the great gate emperor's Revenge wish, and then he wandered alone.

"With my current strength, maybe I can go to Xuantian sword tomb again to save the trapped Neng!"

Ye Chen thinks that since the end of the Tusheng meeting, he has encountered many adventures. Now he is a completely new master who can fight against the five or six layers of heaven in the real world.

If you go to Xuantian sword tomb again, ye Chen may have a great chance to save the great power trapped there!

Ye Chen was deeply cared by the reincarnation powers along the way. Although he has been able to take charge of it, he will not forget the teaching grace of the reincarnation powers before.

Trapped reincarnation power, nature is to save, life can not forget the origin!

"Go to Xuantian sword tomb again. Last time xuanjiyue was set up by me. It was just when I took advantage of the opportunity to enter."

Chapter 4879

Ye Chen's eyes turn. Last time xuanjiyue attacked Xiaohuang's giant egg, but she left the Imperial Palace rashly, and was stolen from her home, causing serious losses.

Now xuanjiyue is busy consolidating the imperial palace. Ye Chen has a chance to sneak into Xuantian sword tomb to save the trapped talents!

After pinching his fingers, ye Chen found out that he might encounter an ambush when he went to Xuantian sword tomb, but there would be no danger to his life.

With his current strength, any ambush plot can be broken.

In the past, it was simply unthinkable!

If you go deep into Xuantian sword tomb, your life will not be in danger. Even if you are ambushed, you can easily solve it!

It can be imagined that ye Chen's current strength, how powerful, how ridiculous.

Now the whole empress palace, in addition to xuanjiyue, no one can hurt Ye Chen.

"If I can save all the real bodies of many reincarnation powers, my reincarnation graveyard may be upgraded again!"

Ye Chen thinks in his mind, immediately tears the void, and rushes to Xuantian sword tomb.

Xuantian sword tomb, the scenery is the same as before, a huge sword is inserted upside down, the scene is ancient and grand.

However, the two old men guarding Xuantian sword tomb are no longer there.

When he thought of Jianfen Er Lao, who fell down at the butcher's meeting, even his blood essence would be plundered by xuanjiyue and Emperor Shitian. He took them to recast the land of heaven and earth and was cold-blooded and merciless. Ye Chen was filled with hatred.

Now, the time from ye Chen's revenge is getting closer and closer!

Ye Chen walked in Xuantian sword tomb, and soon came to the central altar area, opened the altar, and ye Chen was transported to the bottom of the earth.

Underground, but a labyrinth of the world, there are countless channels staggered.

"Boy, go and save me first!"

In the samsara cemetery, the emperor of taixuan array floated out of the tombstone, and was extremely excited.

This is Xuantian sword tomb. His real body is trapped here. When he thinks that he will be able to get out of the trap, he is naturally excited and his body can't help shaking.

"Good."

Ye Chen did not hesitate, almost with intuition, ran along a channel.

He felt that the real body of emperor taixuan was being held at the end of the passage.

"Remember to help me out of trouble. I'll wait for your news! I can't bear the pressure here. I'm going to sleep

The emperor of taixuan array sighed, and the spirit body was hidden into the tombstone and fell asleep temporarily.

Xuantian sword tomb has xuanjiyue's will and pressure. In the past, some reincarnation talents fell under xuanjiyue's control and were suppressed by accumulated power. They could not exert their strength in Xuantian sword tomb, and even the spirits could not bear the pressure, so they should sleep deeply.

We can imagine how terrible xuanjiyue's strength is. The peak of her real state is only her surface level, and her deep-seated strength is far more than that. It should be the limit that ordinary people can practice. Further, it is the upper level realm, which is indescribable.

"Master!"

Ye Chen called, but the emperor was asleep.

Click.

Ye Chen stopped his pace, cautiously, and calculated again. He felt that there was an ambush in front of him, but he could not be threatened.

Because now ye Chen is too powerful. Xuanjiyue can't hurt Ye Chen any more when she wants to use conspiracy.

"Xuanjiyue, I'd like to see what kind of tricks you want to play."

Ye Chen strode to the end of the passage. Here is a cell. There are many chains in the cell, which binds an old figure. It looks like the emperor of taixuan array.

"Master taixuan!"

Ye Chen calls for a surprise.

In the cell, Emperor taixuan raised his head and looked at Ye Chen. His eyes were blank and muddy.

"No!"

Suddenly, ye Chen is aware of the danger.

The emperor of taixuan array is fake!

"Roar!"

A startling roar.

Sure enough, the eyes of the emperor taixuan array suddenly became murderous and fierce. With a flash of his body, he showed his original shape. It turned out to be a mandrill like a gorilla, and it was the old emperor mandrill in the end of the world.

"Reincarnation Lord, you are in a trap!"

The mandrills roared loudly with a fierce smile and teeth as sharp as a sword halberd, which broke out the ferocity of the five layers of heaven.

Since the end of the massacre meeting, the second generation has been in deep crisis. They have been practicing all the time. Their strength is much stronger than before.

Now the strength of the mandrill has reached the five levels of the real state. It is very fierce. It suddenly attacks and kills with one blow. The whole underground palace seems to be shaking and the space is bursting.

"Hehe, xuanjiyue sent you to ambush me, also want to kill me?"

Ye Chen calmed down and laughed. He had long guessed that there would be ambush here, but he didn't expect it was the old emperor mandrill.

In order to attack and kill him, xuanjiyue actually used the wasteland of heaven and earth, which seems to be the blood of the emperor. "Just me, enough!"

The ancient emperor's mandrills were thundering and killing.

"Big collapse of the sky!"

Ye Chen hums coldly, not in a hurry, but also with a fist. He shows his understanding of the collapse of the heaven not long ago.

All of a sudden, the violent breath of collapsing and destroying Taoist Dharma burst out on Ye Chen's fist. The air collapsed layer by layer, and the chains in the dungeon were swept by the breath of collapse and extinguishment, and all of a sudden they turned into powder.

Bang!

The fists collide and blow up the weather wave.

Ye Chen is as stable as Mount Tai.

But the old emperor mandrill was shaken back two steps.

"It's impossible! How can your body be so strong? "

The mandrill of the ancient wasteland looked terrible. He only felt that ye Chen's body was more powerful than he was. It was just incredible.

You know, in the endless land, the ancient emperor mandrill is the best at close combat, and he is the strongest in flesh.

But now, in his strongest field, he is defeated by Ye Chen!

"I am your master. Can a traitor understand my realm?"

Ye Chen disdains to smile. He has practiced Taishang devil's body and Sanyuan taiyigong, and then combined with the holy devil's pulse. His constitution is so strong that it can't be compared with the ancient emperor's mandrill.

Between the words, ye Chen is also too lazy to talk nonsense, directly big collapse out a palm, pocket head patted to the ancient emperor mandrill, to kill with one hand.

Ye Chen's blood, originally suppressed the ancient emperor mandrill, but now he has taken the first opportunity, and his palm collapsed. His divine power is invincible. It's just ferocious.

The pupil of the ancient emperor was shrinking. He never expected Ye Chen to be so powerful. Although he had only five layers of heaven and earth, his real combat effectiveness was unfathomable. He was not an enemy at all.

"Withdraw!"

At the critical moment, the mandrill of the ancient wasteland tore through the void and broke through a space tunnel. He wanted to escape and withdraw to the upper heaven palace.

"Can you run?"

Ye Chen laughs coldly and grabs his palm in the air. The strength of the sky and the ground burst out. In an instant, it smashes the void, and all the surrounding space is blown to pieces, thus cutting off the escape space for the wild ancient emperor mandrills.

Chapter 4880

"What!"

The empty old emperor's mandrill was stunned, and the space tunnel collapsed in an instant, but there was no way to escape.

"Die for me!"

Ye Chen killed him with one hand, and his momentum startled the sky.

The wild old emperor mandrill was frightened and raised his big hairy hand in a hurry, trying to block it.

However, ye Chen smashes out a palm, the potential is like breaking the sky, plus the suppression of blood vessels, where can it resist?

Boo!

A dull sound.

The big hand of the old emperor mandrill, together with his head, collapsed with a palm of Ye Chen and was embedded in his abdominal cavity. The death was extremely tragic.

"One traitor, death is not worth dying for."

Ye Chen did not have any nostalgia. He took back his palm and threw the corpse of the wild ancient emperor mandrill into the yellow spring map, which was used as fertilizer to irrigate the wild devil sky sword.

Although the sword can't be used for a short time, the corpse of the ancient emperor mandrill is still a little nourishment.

This sword is just a young sword. It will take a long time to grow up.

Boom!

After killing the ancient emperor mandrill, the sky outside is shaking, as if fate is angry, blowing up the storm of doomsday.

"Xuanjiyue, you will come here in person, or whoever you send down will be sent to death."

Ye Chen coldly smile, will shake the universe, pass to the upper bound.

After solving the problem, ye Chen quickly searches in the underground palace for the trace of Da Neng's real body.

However, looking for the whole Xuantian sword tomb, ye Chen did not find a reincarnation power!

All the cells are empty. No one exists.

"Damn it, people have been transferred by xuanjiyue?"

Ye Chen bit his teeth, and his face suddenly became extremely ugly.

He felt that the spirit of the great powers remained in Xuantian sword tomb, which should not be transferred for a long time.

Obviously, Xuan Jiyue is also a sober minded figure with profound thinking.

Last time in yuantianyuan, xuanjiyue was put together by Ye Chen. She felt that ye Chen was powerful and growing fast. She could not hold him down. The momentum of host guest reversal and offensive and defensive transformation has become a foregone conclusion.

As a result, xuanjiyue transferred all the reincarnation powers to avoid greater losses.

In the past, xuanjiyue was on the offensive, making trouble for ye Chen everywhere.

But now, ye Chen rises too fast. At the butcher's meeting, Xuan Jiyue and Emperor Shitian kill each other, and ye Chen gains too much.

Now the attack is reversed, it's xuanjiyue's turn to defend. She needs time to recover.

Transfer reincarnation power, naturally is a good defensive move, let Ye Chen is very difficult.

"This bitch, where has the reincarnation power been transferred?"

Ye Chen opens the pupil of the extreme devil and has a deep insight into it. However, he only sees the end of the world. There stands a huge sword, which is the Shenluo Tianjian.

The brilliant sword light of Shenluo Tianjian reflects the universe, and almost blinds Ye Chen's eyes. Any natural cause and effect can't be seen through.

Obviously, xuanjiyue knows Ye Chen is powerful and defends with Shenluo Tianjian to stop Ye Chen's insight.

The eight heavenly swords in the legend all have the power against the heaven. The value is unimaginable. In addition to the fierce killing, it also has a very good effect in isolating the nature and cutting off the cause and effect.

Even ye Chen couldn't break through the defense line of Shenluo Tianjian and see the position of reincarnation powers.

Now the reincarnation power in Xuantian sword tomb has been transferred by xuanjiyue, but ye Chen doesn't know where to transfer.

Xuanjiyue's defense is impenetrable. Huang GuDi is her test player. She has tried to find out Ye Chen's strength. In the future, her defense will be more careful and will not give ye Chen any opportunities.

Ye Chen only felt that there was a wall lying in front of him.

Many reincarnation powers were held by xuanjiyue and became a deadly card.

As long as the reincarnation power has not been rescued, ye Chen will cast a mousetrap.

"Good, very good, xuanjiyue, good means, I still underestimate you."

Ye Chen's eyes are cold and cold, and his heart also quickly calms down.

Xuanjiyue can become the overlord of the upper world. Naturally, she has a unique place. Ye Chen is a little anxious and belittles the enemy.

Now the reincarnation powers are moved away by xuanjiyue, but they pour a basin of cold water on Ye Chen, making him wake up quickly.

The enemy he had to face was no ordinary man.

Once xuanjiyue recovers from the loss of the slaughtering ceremony, ye Chen will face the disaster of extinction again!

"There should be some clues left. There can't be no trace."

After calming down, ye Chen continues to explore in the Xuantian sword tomb, without missing a corner.

So many samsara powers, all transferred, there will always be a trace left.

Ye Chen doesn't give up. After searching, he doesn't know how long it takes. Finally, ye Chen finds a hair in the cell where the ghost girl was once imprisoned.

It's the hair left by the ghost of the moon! There is a light ban on this hair, which is very thin. Ye Chen can open it at any time.

But the moment she gets her hair, ye Chen captures the will of the ghost girl.

"Is there another secret hidden behind the moon? I must not save these samsara powers before I break through the original state? "

Ye Chen is shocked. The will left by the ghost girl of the moon is very weak. It seems that he is afraid of being discovered by the people in the imperial palace. Fortunately, ye Chen is perceptive and powerful, so he can barely capture it.

In this hair, the ghost girl of the moon left a hint, saying that there was a secret hidden behind the moon. This transfer was of great importance. She told ye Chen not to interfere easily.

At least, don't intervene before breaking through the original territory, otherwise there will be unexpected disasters.

This is about realm, not real strength.

Ye Chen's face was dignified, and he wanted to break the ban on the hair of the demon girl of the moon soul and directly peep into the secret behind him. However, after careful consideration, he still resisted.

"The old lady of the moon spirit left a clue. There is always a way to solve the problem. I'd better listen to her, and then I'll consider the matter of saving Da Neng after breaking through to the original state."

Ye Chen made up his mind and wrapped the hair of the ghost girl on his left index finger.

After breaking through to the original state, he can break the ban on his hair and follow this clue to see where the reincarnation powers are now being held!

But now, not yet.

Ye Chen's strength is only five layers of heaven and earth, and there is still a lot of distance from the origin.

"Gentlemen, wait for me!"

Ye Chen secretly swears in his heart and leaves Xuantian sword tomb immediately.

"What's up, boy?"

Out of Xuantian sword tomb, Emperor taixuan woke up and asked in a hurry.

"Alas..."

Ye Chen sighed, and simply told the emperor of taixuan array what happened in Xuantian sword tomb.

"Was he transferred? Xuanjiyue is so afraid of you that he doesn't even have the courage to fight head-on? "

Taixuan array emperor a burst of surprise, obviously did not expect, Xuan Ji month will take a step of defensive chess.

It seems that at present, the vitality of the empress palace is still too serious to get out of the shadow of the Tu Sheng assembly. Even such big people as Xuan Jiyue are forced to hide their talents and keep a low profile.
