

Physician 4881

Chapter 4881

"Master, what are we going to do now?"

Ye Chen laughs bitterly and wants to hear the advice of emperor taixuan.

The emperor of taixuan array frowned and said, "since the ghost girl of the moon asks you to decide when you arrive at the origin, you should practice first and then consider it when you break through the original realm."

Ye Chen moved in his heart and said, "master, what is the secret hidden behind Xuanji moon? Is Shenluo Tianjian not her card? "

"I can't say, don't ask. When the time comes, you will know."

Emperor taixuan did not answer Ye Chen's question. This question seems to be a taboo.

Ye Chen looked at taixuan array emperor's secretive appearance, and immediately frowned and thought, "is this secret related to the nine heavenly divinity?"

It's more powerful than the supreme source soldiers. It's only the nine heaven magic skill.

However, there are only nine kinds of Jiutian Shenshu in the world, each of which is of great value. If one practices it, others can't practice it any more. Even the reincarnation master of the previous life doesn't have the nine heaven divine skill. Does xuanjiyue have it?

Ye Chen can't imagine that the power of the nine heavenly divinity can only be described with two words against the sky. If Xuan Jiyue mastered the nine heaven divination technique, he would be in danger.

"That's it. Soldiers will block it. Water comes and earth covers it."

Ye Chen shakes his head and doesn't think about it any more. Now xuanjiyue is on the defensive, and he doesn't need to attack. Otherwise, if something goes wrong, the consequences will be unimaginable.

After all, many samsara powers are still in the hands of xuanjiyue.

The fight with xuanjiyue can be postponed for a while.

Now, ye Chen's mind, once again, returns to the Shenzu.

The protoss of Styra is the most murderous force and the most terrible threat.

Although ye Luo'er has been sent to the gate of taixuan array by Ye Chen, there will be no danger in a short time with the protection of Shura demon.

However, the God of Shura can only protect ye Luo'er for a few months. Once the dark dragon Protoss makes an in-depth investigation, sooner or later, it will be found out on the gate of the taixuan formation. At that time, the war will be inevitable.

You can't let ye Luo'er go.

Because ye Luo'er's blood contains a magic power, the Dragon God breaking the sky Jue, the legendary nine heaven magic!

It's impossible for the Ming dragon clan to let go of this kind of supernatural art against heaven.

"Come on, I'll join you in Tianyu! Take charge of taixuan array gate by the way

Ye Chen clenched his fist and made a decision in his heart.

The Sora demon God has been suffering for tens of thousands of years, and it is also time to let him free.

Ye Chen just wants to go to heaven and man quickly, so that the God of Shura is free. He takes over the gate of taixuan array and undertakes the responsibility of protecting ye lu'o'er.

.....

At the same time, heaven and man.

Ye lu'o'er is hidden in the gate of taixuan array. The God of Shura protects her with various arrays.

After repeated investigations, ye lu'o'er could not be found in the temple. He was anxious.

What's more, ye Chen's "don't talk about martial arts morality" severely frustrated fengwuji and the spirit of the hell dragon temple.

Now, I'd like to catch the hostage and kill the Shenye.

A copy of the wanted order was issued from the temple of the netherworld dragon and sent directly to the four regions.

The Ming dragon temple used its own relationship to contact up and down, and even issued a wanted order to hunt down ye lu'o'er.

Ye Chen in the Yang Zhen domain, also received ye lu'o'er's wanted order, immediately eyebrow deep lock.

"I can't wait any longer. I must go to heaven and man and meet lu'o'er at once."

Ye Chen bit his teeth. He only has three months at most. After three months, the gate of taixuan array will not be able to support it. It will definitely expose ye lu'o'er's position.

If you can go to heaven and man one day in advance, it's a good day in advance.

However, it seems that many secrets have been investigated in the hell dragon temple. It is inferred that ye Chen and ye lu'o'er have been separated, knowing that ye Chen has not yet entered the heaven and man realm.

Therefore, all the major forces outside the territory have received the post from the hell dragon temple.

The Ming dragon temple begged all the major forces to stop the rising of the talents in the real realm of Yang in the short term. It was stated that he wanted to cut off Ye Chen's way into the heaven and man realm, and wanted to break through them separately.

This face, of course, is to sell to the Ming dragon temple.

Therefore, ye Chen went to look for many friendly sects, hoping to get the chance to be introduced by feisheng. He was politely refused and ran into a wall everywhere.

"The hell Dragon Temple is trying to force me out!"

Ye Chen bit his teeth and naturally knows that it is the hell dragon temple that is making trouble.

With his qualifications and accomplishments, without ye lu'o'er's involvement, he can be promoted alone, and all the major sects will welcome him.

But now, because of the post of the Ming dragon temple, all the major forces have postponed the plan of introducing talents, and ye Chen naturally has no chance to fly smoothly.

"Master taixuan, do you have a solution?"

Ye Chen feels extremely tricky. If he doesn't fly to heaven and man soon, he won't have time to save ye luo'er. If there's something wrong with Chloe, it's going to be a problem.

Now the normal flight to heaven and man has been cut off by the hell dragon temple. Ye Chen has to find other ways.

After hearing Ye Chen's question, Emperor taixuan hesitated for a moment, and seemed to have some scruples. Finally, he said slowly, "the hell dragon temple can't cover the sky with one hand. It's impossible for all forces to postpone the introduction of talents. There should be other forces!"

"What's more, the hell Dragon Temple is mainly aimed at the Yangzhen region. Maybe other places may have opportunities!"

Ye Chen suddenly thought of a place, he immediately used the extremely evil pupil!

Instant discovery, opportunity in Guijia!

Does the GUI family have a way?

Ye Chen doesn't think much about it any more and goes straight to tear the void!

Soon, ye Chen stopped, just entered the Guijia, ye Chen is a look move, from the Guijia, feel a familiar breath!

He flashed, then came to the hall, saw a temperament elegant woman, is sitting in the hall tea, this woman, is the star Pavilion of Qin Ziwei!

Qin Ziwei see ye Chen return, smile way: "Ye childe."

Ye Chen nodded to Qin Ziwei: "Qin Xianzi, how did you come?"

Qin Ziwei's eyes flashed slightly: "Mr. Ye, in your present state, I think you should know something."

In a quiet room, Ye Chen and Qin Ziwei sit opposite each other.

Ye Chen looked at Qin Ziwei and asked, "Qin Xianzi, I should know something. What is it?"

Qin Ziwei said with a smile, "Mr. Ye, are you ready to enter heaven and man?"

Ye Chen's eyes suddenly brightened and said, "yes, but for some reasons, I don't have a clue yet. Can you give me some advice?"

Qin Ziwei, from tianxingge, is one of the largest intelligence organizations in Yangzhen region. She must have a way to let herself enter the heaven and man realm even if the hell Dragon God interferes.

Qin Ziwei said: "naturally, this is no problem. In fact, this time, I came here for this.

But before that, I need to explain something to Mr. Ye first. "

Chapter 4882

Ye Chen some curious way: "what's the matter?"

Qin Ziwei looked at Ye Chen, and her beautiful eyes flashed: "Mr. Ye, do you have any trouble with the forces of heaven and man?"

Ye Chen's pupils shrank. After a moment's silence, he nodded his head and said, "I have a problem with many forces in the heaven and human sphere. Among them, the hell dragon temple should be one of them."

In Ye Chen's heart, naturally think that Qin Ziwei is talking about the Shenzu!

However, Qin Ziwei shook her head mysteriously: "what I want to ask is not the ghost dragon, but the cold family."

Ye Chen looks stunned! Cold home!

Of course, he knew about Lengjia, who had many conflicts with the cold family coming from other countries in the kingdom of God!

However, when ye Chen entered foreign countries, there was little news of cold home!

Ye Chen still thinks that Leng family is just a small family in xingxuan domain and even Yangzhen domain. When he rises up, he doesn't dare to offend him, so ye Chen doesn't think much about it.

But at this moment, ye Chen suddenly feels that this cold home in foreign countries can not be underestimated!

The reason why the cold family didn't fight against themselves may be because the influence of heaven and man comes to other domains and will be suppressed by rules!

Ye Chen calmed down, or nodded: "good, I have hatred with cold family."

On that day, the star Pavilion, as expected, had a good command of the sky. It was even possible to find out the hatred between him and the cold family. Since Qin Ziwei has mentioned the cold family, it is meaningless to hide it.

Qin Ziwei said with a smile: "you don't have to misunderstand me. We have no interest in the Tianxing Pavilion about ye Gongzi and Lengjia. The reason why we mention Lengjia is very simple

Do you know why the cold family hasn't dealt with him yet? "

Ye Chen hears speech, in the eye also appeared a touch of doubt color, shook his head.

Now, he can be said to be some famous in foreign countries, how can the cold family not know his existence?

However, until now, he still did not encounter the cold family to his hand.

Qin Ziwei said: "because the cold family is trying to take over a Yuanling mountain these years! And it's not too much to call this Yuanling mountain the most important resource outside the country. Compared with Yuanling mountain, any hatred is not important!"

Do you know what Yuanling mountain is

Ye Chen's eyes flashed slightly: "it is said that it is a kind of spiritual mountain with wisdom? Can it produce Yuanling breath and Yuanling seeds

He had heard xuanhanyu explain, but he didn't understand the specific.

Qin Ziwei was a little surprised, but she still nodded: "yes, but the biggest value of yuanlingshan is to make Daojing!"

"Daojing? What is this? "

Qin Ziwei said, "look, Mr. Ye."

Then, her wrist turned, a colorful, extremely gorgeous crystal appeared in her hand!

Ye Chen looks at the crystal stone and can't help but look surprised. There is a very pure spiritual power in the crystal. The most important thing is that not only the spiritual power, but also the rolling atmosphere of heaven!

Just take a look, he will know that this crystal is unimaginable good thing for the warrior!

Even for the irrigation of the wild devil sword, it also has a great effect!

In the last World War I, the wild devil Sky Sword began to be in a state of deep sleep. If you get enough Daojing, it will be greatly changed!

This crystal is a treasure of Ye Chenwu's thinking!

Qin Ziwei looked at Dao Jing in her hand and said, "master ye, once a warrior enters the real world, no matter how bad his talent is, his cultivation speed will be greatly reduced!

The so-called "return true" is in harmony with the way of heaven. This requires not only the extremely pure aura, but also the most important thing is to have the breath of heaven to assist!

Therefore, Daojing is indispensable to those who return to the real world!

For example, if our body is a piece of jade, cultivation is the process of carving our body into shape, and Daojing is a sharp carving sword!

Without Daojing, we are just carving our bodies by hand, and the gap can be imagined! "

Qin Ziwei asked again: "Mr. Ye, you have been to the holy land of Xuan demon clan before?"

"Not bad."

Qin Ziwei said: "Xuanyao clan is unique, but in terms of overall strength, there is a big gap with our people. Can you know why it is?"

Ye Chen looks at the Dao Jing in Qin Ziwei's hand and says: "is it because of this Dao Jing?"

"Not bad!"

Qin Ziwei said: "with this Yuanling mountain, the Terrans can perfectly make up for the gap between the cultivation speed of the Xuanyao and the Huanzhen realm. Even the Xuanyao people have to pay a very high price to trade Daojing with our people!

Yuanling mountain, in essence, is the thing born by the way of heaven. The seed of Yuanling is the necessary material for refining Daojing!

This Dao Jing is also a must for ye Gongzi's future practice

Ye Chen's face is more and more shocking. This small Daojing is a treasure that can subvert the whole world pattern of martial arts!

It is no wonder that the cold family will take over yuanlingshan for the time being. However, for Qin crape myrtle said, this crystal is a must, ye Chen is some disapproval.

Daojing is very important to ordinary martial arts, but it is dispensable to Ye Chen.

Why?

Just imagine that a person can have the mark of refining the path and the supreme source soldiers when he has not entered the true state, or even when he is not. How sharp is his sword carving?

And ye Chen is such existence!

With his physique, refining everything can be said to be a matter of easy capture, and far from being like other warriors, losing Daojing is like carving jade by hand.

It can be said that he was born with a carving sword that is even sharper than zhidaojing!

Daojing may be able to speed up his cultivation, but for him, it is more like a whetstone than a necessity.

But at this time, xuanhanyu's voice rang out in Ye Chen's mind: "Ye Chen, do you think you can't use this crystal?"

"Not bad..."

"It's reasonable for you to think so. After all, your physique is so abnormal that Daojing is dispensable to you, but this Dao Jing is by no means useless."

"Oh?" Ye Chen immediately came to interest way: "Xuan fairy, how to say this word?"

Xuanhanyu said: "you forgot your wild magic sword? You should be very clear about the terrible resources needed by the wild devil sky sword. Don't you forget the little black in your body? Although Xiaohei is against the weather, it is not a simple thing to let him improve his strength. Do you want to search for the top demon blood for him all over the world? Even if you want to, the demon clan will not agree. To some extent, the demon beast is half of the same clan of the demon clan!

Therefore, this crystal is absolutely the best thing to improve the strength of Xiaohei and Huangmo Tianjian! "

Chapter 4883

Ye Chen smell speech, eyes suddenly bright!

The wild devil sword needs resources! The stronger the sword, the stronger he will be!

The benefits brought to him after he was transformed into a monster of his own life can be said to be too great!

If Xiaohei's strength can soar, or even, evolve and so on, then his strength, I'm afraid, will have a qualitative change!

At the same time, his evaluation of Xiaohei was raised again!

Dao Jing is good, but not everyone can use it!

If you want to refine Daojing, you need to have the cultivation of Huanzhen state at the beginning. Even some extremely evil spirits need to return to the real state to use it!

The breath of heaven can't be tolerated by everyone!

As for ye Chen's existence beyond common sense, it will be a different matter.

What about Xiaohei?

As soon as you are born, can you take the breath of heaven as your nourishment?

In a sense, it may even be the same rank as ye Chen!

They're all super perverts out of common sense!

And now, Xiaohei is Ye Chen's original monster. Xiaohei's potential is equal to Ye Chen's potential!

Beyond the common sense?

You can imagine the future!

Even ye Chen himself is a little excited, this crystal, he is determined to get!

From the purple myrtle, see the purple Myrtle leaf of strange appearance for a while, what kind of appearance does the leaf of God of leaf of extremely excited

Ye Chen smell speech, light cough a way: "nothing, this Dao Jing, I am very interested, Qin Xianzi, please continue to talk about."

With his nature of mind, he has just lost his temper.

Qin Ziwei put the Daojing away and said: "Daojing is a treasure, but it is extremely difficult to make Daojing. The most important thing is that there are only five Yuanling mountains which have been successfully captured in foreign countries!

That is to say, the Daojing is actually completely in the hands of five forces, and these five forces are called tiandian by the people in the heaven and man domain!

Although the forces of heaven and man are extremely complex, each of the five Heaven halls is extremely powerful!

In order to get Daojing, all the clans and clans in Tianren domain must show their favor and deal with the five heavenly halls!

Even the hell Dragon Temple is no exception!

Ye Chen eyebrow tip a pick a way: "than the hell dragon temple also strong?"

Qin Ziwei nodded: "the hell Dragon Temple is indeed very powerful, but it is only relative to the general forces, and there is no comparison with the five Heaven halls!

What is tiandian? The temple of heaven is just those forces that want to dominate all living beings. No matter how strong the hell Dragon Temple is, it is one of the sentient beings. As long as it still depends

on Daojing, it is still in a weak position in front of the five Heaven halls. This time, the hell dragon temple does not allow people to fly to heaven and man. Naturally, they can't say anything about it. The five heavenly halls will not listen to the Hades. Of course, there is another exception, Lengjia

If Leng family can really take over the Yuanling mountain this time, it will become the sixth heaven hall, and its status abroad will change qualitatively! "

Ye Chen's eyes are constantly flashing, and he has a new understanding of the situation outside the territory!

Qin Ziwei continued: "childe ye, it's a unique advantage for the martial arts of Yangzhen region to enter the heaven and man realm. Most of them are not qualified to choose what kind of forces they want to join! Even in the realm of heaven and man, nothing has been achieved, and it has already surpassed other martial arts in Yangzhen region a thousand times!

But, you are not the same, ye childe's qualification, can be said to be the most frightening existence among the demons I know since the establishment of Tianxing Pavilion! Even in heaven and man, it is the top of the top!

Therefore, what ye needs is a starting point enough for you to develop your potential! Instead of working hard for a piece or two of Daojing, you may not be able to improve several realms in your whole life

Ye Chen smell speech, look is also solemn up, good starting point is too important for his future development!

What's more, ye Chen is short of time now! Ye lu'o'er may be discovered by the hell Dragon Temple in three months!

He said to Qin Ziwei in a deep voice: "please give me some advice."

Among the myrtle myrtle, the divine awn said in a flash:

"can Mr. Ye protect himself in heaven and man?"

Ye Chen thought about it and said truthfully, "if I go to heaven and man, I should go to the gate of taixuan array!"

Qin Ziwei frowns slightly when she hears the taixuan array gate: "there is a lot of gap between the taixuan array gate and the Ming dragon Protoss. If it was tens of thousands of years ago, it might still be strong. Now the taixuan array gate is just lingering."

"If Mr. Ye wants to get this crystal most efficiently, then it is the best choice for you to join the five heavenly halls directly!"

Ye Chen slightly startled: "five heaven hall?"

According to Qin Ziwei, the five heavenly halls are very powerful in the heaven and human realm. If we take the ancient earthly world as an analogy, they are the royal family.

In general, this kind of force will rarely recruit new ones.

Because, as long as they have Daojing, they can be proud of everything. There is no need to cultivate a new generation of strong people. They may even fly to the world. And to be able to win over yuanlingshan and control Daojing, its details, in fact, can be imagined!

Qin Ziwei seemed to see ye Chen's idea and said, "yes, the five Heaven halls seldom accept new things. Originally, they would only accept new things every 100000 years. Even so, the evil spirits in the heaven and man domain will still crush their heads in order to join the five Heaven halls!"

What does that mean?

That is to say, only one hundred thousand years of talent at this level can be qualified to join the five heavenly halls!

However, the situation has changed a little recently. The rise of Leng family has made the five tiandian realize that no force can be truly prosperous. In order to consolidate its position, recently, the five tiandian began to absorb fresh blood frequently!

The purpose is to seize all the demons in heaven and man before the cold family ascends the heaven hall

Ye Chen nodded his head and said, "tell me about the five heavenly halls."

Qin Ziwei said: "each of the five heavenly halls occupies a position in the heaven and man realm. Therefore, they are named after the five major directions in the southeast, northwest and northwest. They are divided into the Eastern Emperor's hall, the West pole heaven hall, the North Ling Temple, the South sky Hall, and the Zhongyuan temple!

And now, I have received news that the emperor's temple will begin to recruit disciples in the whole heaven and man realm soon!

Although the other halls of heaven will also absorb fresh blood, they will not use this public way, but will be selected by the envoys in the temple. "

Ye Chen said: "what form is used in this open recruitment?"

He likes to control his fate in his own hands, rather than waiting for others to see him.

Qin Ziwei's voice, instantly dignified and said: "Ye Chen, even if you want to join the emperor's tiandian, it's not easy. You have to know that the martial arts in Tianren domain are superior to those in other regions. Even if you take a person randomly, you can say that you are a strong one in the Yangzhen area!

And the number of martial arts in heaven and man is extremely large! Everyone, in order to join the tiandian, can be said to be squeezed out of the head, the emperor tiandian naturally can not give them a test, assessment!

So, they have a threshold!

This threshold must have been heard of by Mr. Ye. One is the God Star list, and the other is the God cangbang! "

Chapter 4884

"God cangbang?"

God Star list, he knows, but what is God cangbang?

Qin Ziwei said: "the Shenxing list is the ranking of talents under the age of 1000, while the shencang list is more comprehensive. Age is only one of the factors. It can be said that the quality is higher, and those who can be on the list are the real strong ones!

This time, there are 100000 new places. Among them, the top 100 talents in the Shenxing list and the top 10000 days in the shencang list can automatically be eligible to participate. The rest will be recommended by various major forces and invited by the emperor's tiandian. "

With a wry smile on her face, she said, "I have several places in Tianxing Pavilion, but it's a pity that it has been set. All the top ten thousand talents on the list of gods and gods are all in the heaven and man realm, so..."

Mr. Ye, if you want to join the recruitment of the emperor's heaven hall, the first step is to become the top 100 talents in the list of God stars

Ye Chen's eyes flashed slightly: "how should I do it?"

He knew that tianxingge had done enough, and he had no hope. He even asked the other party to prepare for him.

Qin Ziwei said: "it's very simple to beat the top 100 talents on the Shenxing list. In fact, most of the top 100 talents in the Shenxing list are in the heaven and human realm. However, we have received the news that Zhong Xing, who is ranked in 99, will go to Yangzhen region. This is your opportunity!

I'll let you know where Zhong Xing is. This is probably the most effective way for you to go to heaven and man! "

Then, Qin Ziwei raised her hand and threw the previous Dao Jing to Ye Chen. She said with a smile, "this Dao Jing is a gift from my Tianxing Pavilion. I wish you success in joining the emperor's temple."

Ye Chen's eyes flashed slightly: "thank you very much."

He did not ask what strength Zhong Xing is, no matter what strength the other side is, he will choose the first World War!

Because ye Chen will not let go of the opportunity to join tiandian this time, so there is no difference in the strength of the other side.

Qin Ziwei nodded and left Gujia in a flash.

And ye Chen, then began to shut down, he wants to enhance strength as much as possible!

First of all, ye Chen devours Daojing. He doesn't choose to use Daojing to improve Xiaohei's strength, because there is still a lot of room for him to improve his cultivation, and his income may be greater. Moreover, as long as he joins the temple of heaven, there will be no lack of Daojing, and then he will give Xiaohei more!

The effect of this Dao crystal did not disappoint Ye Chen. In just three days, ye Chen's body had a great change!! Even the five layers of sky just entered are extremely solid! Towards the six layers of sky!

Lingli and so on, have been greatly improved!

After that, ye Chen began to study Sanyuan Taiyi Gong, Taishang Tianmo body, Shengti Xuangong, Huabing Shentong, hunti Wudao, and the use of chaos and flame

There was no time for practice. Half a month passed by in a twinkling of an eye. On this day, ye Chen's face moved and he took out a jade amulet from his arms.

Qin Ziwei's voice soon sounded in his mind.

Ye Chen slowly stood up and disappeared from the chamber.

.....

Yangzhenyu is a poor family.

A young man, dressed in a green robe, with narrow eyes and fair complexion, was sitting in the hall, enjoying the spirit tea.

And in front of it, stand a group of cold family high-rise!

In the past, even in the face of Yangzhen's thirty-six mansion, they were commanding and commanding, and they were extremely domineering. At the moment, they completely changed their faces, smiling and kowtowing!

If you let anyone in the realm of Yang Zhen see this scene, I'm afraid, you can't believe your eyes!

Why?

Because, behind the poor family, the one standing is Han Ziyong!

And Han Ziyong is a demon who has entered the heaven and man realm. Who is qualified to let the cold family treat him so seriously?

The young man, as if he didn't care about all the people who were making amends, didn't put down the cup until he had finished the pot of tea and looked at the people of the poor family.

Touching the eyes of the youth, the people of the cold family actually lowered their heads one after another, and did not dare to look at them at all.

The young man seemed to enjoy the manner in which they were regarded as gods and said with a smile, "well, you don't have to be so stiff. I have something good to tell you this time."

"Good thing?" Han Xiangkun, the master of the Han family, looked moved and asked carefully, "dare to ask Mr. Zhong to make it clear!"

This young man is the ninetieth evil spirit in the list of God stars, Zhong Xing!

Zhong Xing said with a smile: "I'm going to marry Ziyang soon. However, as Ziyang's mother's family, your humble family's status is too low. Ziyang focuses on martial arts and has no time to take care of this matter. Therefore, I decided to promote the status of your poor family. Well, let's make you the first force in Yangzhen region."

At first, they were stunned, and then, they all showed the color of ecstasy!

If other people say such words, they can't believe it, but Zhong Xing's words are absolutely credible!

Why? Because, according to Han Ziyang's news, Zhong Xing is a real world with five layers of heaven!

Such existence is simply a legend in the legend!

At such an age, it's not too much to say that they are the supreme in the Yangzhen region. It's just a matter of words to let them upgrade their status in the poor family!

If it is impossible for Han Ziyang to achieve this, it is absolutely easy for Zhong Xing!

However, at this time, Zhong Xing said again: "but before that, I have something to tell you to do."

Han Xiangkun extremely respectful way: "childe, please say, my humble family will go all out, go through fire and water, do not say goodbye!"

In Zhong Xing's eyes, Han mang slightly flashed: "you are the first evil spirit in Yang Zhen domain, named Ye Chen? Go and help me find this boy. "

Zhong Xing fell in love with Han Ziyong a long time ago. However, Han Ziyong never agreed. This time, Zhong Xing learned of the news that Han Ziyong was injured accidentally, which was very helpful to her. Finally, she finally influenced Han Ziyong and made her agree to her marriage.

However, one condition is to kill Ye Chen!

But what makes Zhong Xing a little depressed is that he can't find the information about ye Chen?

The forces behind Han Ziyong have many news channels, but Zhong Xing does not!

The people of the cold family were shocked and embarrassed. Ye Chen was the first demon and the strongest one in the Yangzhen area. However, compared with Zhong Xing, ye Chen was just a mole ant in their eyes.

However, it is not easy to find Ye Chen!

But at this time, a cool man's voice suddenly sounded out of the hall: "why, what do you want me to do?"

When they heard the speech, they were all surprised and looked behind them in an instant.

I saw a young man walking slowly into the hall. All the defense of the cold family was useless to him.

This man is Ye Chen!

Chapter 4885

All the people in the cold family were shocked at this moment. They didn't expect that ye Chen would appear here at this time!

Han Xiangkun immediately said to Zhong Xing, "Mr. Zhong, he is Ye Chen!"

And Zhong Xing, at the moment, has stood up excitedly and looks at Ye Chen. He doesn't know why Ye Chen appears here. However, one thing he can be sure of is that ye Chen is dead!

Zhong Xing sneered: "boy, did you hurt Ziyang

Ye Chen light way: "good."

"Ha ha, you are very brave. You still have this attitude in front of me?"

Ye Chen looks at Zhong Xing, but his eyes are filled with disappointment. To tell the truth, he is well prepared for this battle, but Zhong Xing's strength is too weak for him now!

Zhong Xing, who is 900 years old, is just a real world with five layers of heaven. Moreover, his foundation is still a little unstable. For ordinary people, this kind of qualification is extremely adverse to heaven!

However, with Ye Chen's strength now, he has confidence to crush!

Ye Chen light mouth way: "you this kind of strength, what attitude do you hope me?"

When Zhong Xing heard the speech, his anger flashed through his eyes. All the people in the cold family were even more unbelievable!

When can you describe the five layers of heaven?

However, to their surprise, Zhong Xing didn't get angry. On the contrary, he said with a sneer: "boy, are you confident? In this case, do you dare to follow me into the void war? Don't you dare to look down on me just after I've finished talking about it? "

Why enter the void?

In the realm of Yang Zhen, the strength of a warrior will be suppressed. He has heard Han Ziyang say that ye Chen's strength is far beyond the realm!

In his opinion, this is Ye Chen's greatest confidence!

After all, as long as the strength reaches a certain degree, it is almost invincible in the Yangzhen region!

But the void is different!

There are no rules in the void!

Although Zhong Xing is proud, he is also very cautious!

However, he didn't expect Ye Chen to agree. Even if ye Chen didn't fight in the void, Zhong Xing was sure to defeat Ye Chen. After all, there was a huge gap between the martial arts of Yangzhen and Tianren, and there was no comparable strength between them!

Sure enough, ye Chen shook his head and said, "I advise you not to."

When his strength is suppressed, he is confident that the clock is gone, not to mention in the void?

Zhong Li Wen Yan, a pair of expression that I expected, in his opinion, ye Chen is afraid!

Immediately, Zhong Li said with a sneer: "ha ha, is this the so-called evil spirit of Yang Zhen domain? Not even a real all-out fight? Are you still a warrior? One Man? I ask you again, do you dare to fight against me in vain

When they heard Ye Chen's refusal, they were more sure that ye Chen's strength was not as good as Zhong Xing's. They all laughed and said, "is this the most powerful Yang Zhen? It's not worth carrying shoes for Mr. Zhong? "

"Don't you even dare to do your best without seeing others?"

"Ha ha, you can only hide under the protection of the law, but you are also a martial arts person?"

Ye Chen in the eye cold awn flash, gaze at Zhong Xing way: "if you want, then in the void a war."

He doesn't want to bully people, but it's different if someone wants to die.

Zhong Xing was about to sneer at Ye Chen, but suddenly he swallowed it. Even he looked at Ye Chen with some dullness

Even CHEN Ye didn't agree with him!

Immediately, the color of ecstasy appeared in his eyes!

He originally thought that ye Chen was just pretending, but he didn't expect to be really stupid!

Immediately, with a wave of his hand, he burst out a space crack. He opened his mouth to Ye Chen and said, "good, Mr. Ye, you are really the model of our generation of martial arts. Please!"

Now, he is afraid that ye Chen will repent or run away suddenly!

Ye Chen is a random step into the space channel.

When Zhong Xing saw this, he laughed and immediately stepped into the void.

In their view, the end of this battle is doomed!

In the void.

Ye Chen looked at Zhong Xing faintly and said, "I'll give you a chance to shoot first."

"Ha ha."

Zhong Xing said with a smile: "it seems that you are really used to pretending. You can't even distinguish between delusion and reality? Boy, you are just a martial arts man with five levels of heaven and earth. Do you really think you can surpass the level infinitely? Well, today, I will help you to understand the terrifying nature of the martial arts in Chutian area! "

As soon as the voice fell, the cold light in Zhong Xing's eyes flashed, and there was a gun with two heads in his hand!

The spirit power in his body is surging wildly, running at 200% speed. Meanwhile, the mark of refining path is floating on the surface of his body!

Although, Zhong Xing mouth in ridicule, but, its hand completely did not reserve, in the full strength!

He knew very well that the lion should do his best to fight the rabbit!To avoid capsizing in the gutter!

In his opinion, ye Chen's attire, madness, is the performance of stupidity!

The next moment, Zhong Xing roared: "heaven and earth destroy the magic gun!"

The two dazzling lights, which were surging from the two spear tips of the two spears, were filled with endless force of law. It seemed that the whole day would be practiced by Zhong Xing!

It's Zhong Xing's strongest move to smash the magic gun!

At the next moment, Zhong Xing shoots at Ye Chen. The terrible spear suddenly covers the whole void. The space storm in the void seems to be completely suppressed by this force!

A head happened to pass by here. The giant space beast, whose strength was in the early stage of the real situation, suddenly gave out a frightened roar and turned to escape. However, it was still one point late!

Just by the brush of gun awn, this space giant will instantly turn into blood mist to dissipate!

Even ye Chen looked at the spear, and there was a touch of appreciation in his eyes. The martial arts of heaven and man were good. Zhong Xing's shot was amazing!

Two extremely fierce spears are hanging towards Ye Chen, almost instantly locking all the Dodge routes of Ye Chen. In the void, the silenced space is constantly spreading, turning Ye Chen's whole body into pure darkness!

And ye Chen, until now still did not have any action, as if to do not respond to the attack in front of you!

Zhong Xing saw this and raised a ferocious smile at the corner of his mouth. It was almost certain that ye Chen would die miserably under his own attack!

At this time, in the face of these two gun awns, ye Chen slowly raised his fists and shot out at the same time. Each fist locked one of the spears!

Zhong Xing couldn't help but sneer and said: "boy, how can you fight against my heaven and earth with your flesh and smash your magic gun? I can only say that I admire your courage

But almost at the moment of the irony, Zhong Xing's smile was frozen

It's as if, in a flash, you enter the ice cave of 100000 degrees below zero

That cold comes from bone marrow!

Chapter 4886

Why?

I saw that the two Zhong Xing had absolute self-confidence. Their extremely powerful spears were broken like paper paste under Ye Chen's fists!

And ye Chen's hands, at the moment, are intact, even without a trace of scars, the only strange thing is that his hands are wrapped with light black flame and magic lines!

His eyes trembled, for a time, all feel whether because of the impact of space storm, there are hallucinations!

It can't be a reality!

Heaven and earth exist in the five layers of heaven and earth. They defend their strongest attack with their flesh. They not only do not get hurt, but also crush their own attacks?

Even in his dream, there would be no such absurd thing!

Ye Chen, with a smile on his face, is quite satisfied with the first actual combat of taishangtian's magic body and chaotic flame. It seems that the chaotic flame and magic pattern can not only improve their attack power, but also have certain protection for the body!

As for Zhong Xing's shot, it was amazing for ye Chen, but that was all. The gap between the two sides was too big!

At the next moment, ye Chen appeared in front of Zhong Xing. Until now, Zhong Xing seemed to return to reality. Feeling the tremendous pressure from the youth in front of him, he realized that he had kicked the iron plate this time!

Zhong Xing's eyes trembled wildly, and his face showed a frightful color. As soon as his figure flashed, he was about to flee into the void. However, at the moment, a indifferent voice sounded again: "I'll take your ranking."

As soon as the voice fell, ye Chen hit Zhong Xing, who was struggling to escape. In the face of the fist that had just wiped out his killing moves, where did Zhong Xing have the slightest sense of resistance?

He urged all his defensive weapons, turned them into rays of light, and enveloped himself in the center!

But it's useless.

Completely useless!

The light of those defensive magic weapons disappeared in a moment under Ye Chen's fist, which hit Zhong Xing's body hard!

It has to be said that Zhong Xing is one of the top 100 talents in the list of God stars. Just like his shooting skills, Zhong Xing also has some unique skills in body protection. When the fist seal hit his chest, a blue ghost suddenly emerged from his chest, offsetting most of the power of the seal!

However, even so, Zhong Xing's sternum was broken and seriously injured in an instant. He fell into a coma and was on the verge of death.

Ye Chen waves his hand at will and takes Zhong Xing's body into his hand. With a flash of his body, he escapes from the void again.

The whole battle lasted less than two breaths.

This is still in the case of Ye Chen giving Zhong Xing a move.

When they saw someone coming back from the space crack, they were surprised and said, "Mr. Zhong, you are back!"

"Just two breaths, you win. You can't be as strong as Yang Zhenyu, or as good as bullshit!"

"Mr. Zhong is the real God. My humble family has risen completely!"

"My humble family, it's not a dream to join heaven and man in the future?"

"Ziying, it's a good fortune to be a woman of Mr. Zhong!"

But soon, everyone is dull!

In front of them, there are two figures, ye Chen and Zhong Xing.

However, contrary to their expectation, ye Chen is safe and sound at the moment!

In contrast, Zhong Xing is seriously injured and dying!

These people are even more surprised and unacceptable than Zhong Xing himself. Their blood will be frozen into ice!

What's the feeling of a god falling in front of himself?

And ye Chen, just now they look down on it as a waste, not worthy of the existence of shoes, unexpectedly, won, but also won very thoroughly!?

For a moment, a fear from the depths of the soul surged out!

These cold families, one by one, kneel, kowtow, desperately beg for mercy, apology, posture, how humble, how humble!

Ye Chen looks at these people without expression. With his present strength and vision, he has disdained to argue with these clowns. These people even have no qualification to die in his hands.

He just casually threw Zhong Xing's body on the ground and said, "tell Han Ziyang that maybe I will come to find her soon."

On that day, Han Ziyang almost killed him. He didn't forget his hatred.

At the next moment, ye Chen's figure flashed and he left the poor family. Now, the event that he defeated Zhong Xing should soon be spread. Then, the number of people to take part in the examination of the Eastern Emperor's tiandian can be regarded as a success.

In the assessment, his competitors should be far more powerful than Zhong Xing. After all, Zhong Xing is at the bottom of the list of these demons.

The gold content of God Star list is not as high as that of God cangbang, and Zhong Xing is still the ninety ninth.

He has no time to waste!

After returning to the GUI family, ye Chen continued to practice and practice crazily. His attainments in the supreme heavenly demon body, the holy body Xuangong, the Sanyuan Taiyi skill, the magical power of transforming animals, and the star soul chopping have been improved again!"It turns out that the control of the body can still do this

It turns out that there is such an explanation for the coincidence with animals

It turns out that the effect of soul transformation is better

However, these days of crazy practice, it seems, also let him reach the bottleneck.

This period of time, he also tried to refine the blood of Xuan demon, but failed, his physical strength is still not enough!

On this day, Qin Ziwei's message came again.

Ye Chen looks excited and finally comes!

This is the day he has been looking forward to!

He can go to heaven and man!

Qin Ziwei's voice sounded in Ye Chen's mind: "Mr. Ye, I have arranged for the people of Tianxing pavilion to meet you and take you to the place of assessment. On the way, someone will explain to you the rules of this assessment."

Just then, in the sky, a lion roared and roared like thunder, shaking the whole hundred barren mountains, almost collapsed!

The next moment, a huge black lion came to GUI's residence! Endless air wave swept away!

On the back of the lion, there are three people, two men and one woman. Among them, a man and a woman are young people. The last one with a gentle smile is a middle-aged man.

A man and a woman, a man, about 1600 years old, and a woman, only 700 years old.

Seeing this woman, ye Chen can't help blinking his eyes. Although the woman's appearance is very beautiful, and can reach the level of 9.3 points, which can hardly be regarded as the posture of Qing Cheng, it is much worse than many of his women.

However, the reason why Ye Chen is attracted by it is not because of her appearance, but because of her strength!

Ye Chen can't see through the strength of the other side, but there is one thing you can be sure of!

If the other side is shooting, he can't insist on ten moves!

Even if the other side if the full force, they may be a move to lose the battle!

Heaven and man are indeed crouching tigers, hidden dragons!

Chapter 4887

Just when ye Chen shocked the talent of a woman, Xuan Hanyu's voice came:

"Ye Chen, you think too much. This girl's realm is just five layers of heaven, but she has a hidden breath of treasure."

Ye Chen one Zheng, this woman is only five layers of sky?

Is it not easy to crush yourself?

Feeling is the treasure that covers the breath on the other side, let oneself see wrong?

Xuanhanyu continued:

"this person should have a lot of connection with heaven and man, and his aura is really good. With the baby who covers his breath, it's really bluffing, but his fundamental strength is not as strong as you think."

"She should have taken something special. She may not know it herself."

"You have to know that your inside story may be the most terrifying in foreign countries."

Ye Chen's eyes congealed, and his eyes changed from high to plain.

It's just a black dragon!

However, Qin Ziwei to his God Star list list, it seems that there is no such woman.

This can only be said that the woman rarely shot, or, specially blocked the intelligence.

It seems that the Tianxing Pavilion is not only extremely mysterious in the Yangzhen area, but also can not be underestimated in the Tianren domain.

As for the man, dressed in a blue robe, his face is handsome, his outline is clear and his facial features are profound. In fact, his strength is weaker than that of a woman. However, his foundation is much more stable than that of Zhong Xing!

However, when he looked at the woman, he could not help but smile like a servant.

The last old man is very ordinary. His eyes are kind, but his strength is the most terrifying.

The three people jumped down from the lion's body. The woman immediately glanced at Ye Chen in disgust and said, "hum, the guy who goes through the back door doesn't know what crape myrtle likes about you, and even divulges the information to you. After defeating a garbage whose strength is at the bottom of this assessment, she can get on the boat of Tianxing Pavilion and go to the examination room together!

Boy, don't expect me to help you in the examination! "

Ye Chen smell speech, lightly glanced at her one eye, lazy to answer.

The blue robed youth was expressionless. Only the middle-aged man said to Ye Chen with a smile: "I met Mr. Ye in Qingshu next week. You can call me uncle Zhou. As for the two examinees recommended by Tianxing Pavilion, they are Li Zhenwu and Qin Xiuyue from tianrenyu."

Ye Chen replied: "Ye Chen, I've met uncle Zhou."

This attitude of Ye Chen makes Qin Xiuyue more angry!

To tell you the truth, although Ye Chen does not occupy the space of Tianxing Pavilion, it does not mean that ye Chen has nothing to do with Tianxing Pavilion!

Qin Ziwei arranges Ye Chen to go to the examination room with the person recommended by Tianxing Pavilion, which has already indicated her position. If ye Chen is disgraced, it will be the person of Tianxing Pavilion!

Although Ye Chen defeated Zhong Xing, he was still at the bottom of the list of gods and stars. People like Qin Xiuyue and Li Zhenwu who were born in heaven and man were quite disdained!

Because, in order to lay a good foundation, the martial arts of heaven and man always deliberately suppress the cultivation when they are young. Therefore, the early cultivation may even be slower than those in other regions!

And those who have been on the list of gods and stars are those who are eager for quick success and instant benefit, or have used pills in order to break through!

Their martial arts root base than ordinary people can also be regarded as outstanding, but compared with the demons of heaven and man domain, it is insufficient!

And God Star list, the standard of ranking, the most important is cultivation and age!

Second, it's real combat!

Unless, you can really crush each other, otherwise, even if you beat each other, ranking may not be able to surpass each other!

Therefore, Qin Xiuyue despises Ye Chen!

And now, ye Chen does not have a proper attitude of garbage?

She has no opinion on Uncle Zhou, but Uncle Zhou is a servant after all, and ye Chen greets uncle Zhou, but does not greet himself?

This is offensive and disrespectful to Qin Xiuyue!

Uncle Zhou said with a smile, "Mr. Ye, now, let's go."

At the moment, Jin Shuhui and GUI Lingyun have already come out and look at Ye Chen. Their pretty faces are full of reluctant and worried color!

They have heard Ye Chen say that this assessment is difficult!

Ye Chen saw the look of the two girls, and his eyes flashed. He said to Uncle Zhou, "please give me some more time."

He didn't want the two women to spend the next day in fear, and wanted to comfort them.

Zhou Shudao is quite approachable, without any objection, he said: "please, Mr. Ye, just try not to spend more than half a stick of incense. The black cloud lion escapes quickly, but the place of assessment is also far away."

Ye Chen nodded and comforted two girls. He wanted half a column of incense at most.

Then, he said to Uncle Zhou and other humanitarians: "please come into the hall and sit for a while. Wait a moment. Please."

Although, Qin Xiuyue just very impolite, but, he looked at Qin Ziwei's face, or did the courtesy. But at this time, Qin Xiuyue snorted coldly: "sit? This kind of place is so disgusting that I can suffocate. What kind of rubbish is the furniture in that hall, and it is worthy of sitting? "

Hearing this, all the people of GUI family changed their faces, especially GUI Lingyun!

She looked at Ye Chen in some confusion. This is her home. She was humiliated. However, she didn't want Ye Chen to get angry with the woman who seemed to have strong strength before she took part in the examination!

GUI Lingyun hesitated for a moment and seemed to want to come forward and apologize to Qin Xiuyue.

However, a hand was in front of her.

Ye Chen looks at Qin Xiuyue coldly and gets angry.

Do you really treat yourself as a person?

To tell the truth, with Ye Chen's bottom card, he has no fear of this woman!

But, after all, said only the family, if she insulted GUI Lingyun, ye Chen will not hesitate to hand.

Or that sentence, to Qin Ziwei face, Qin Lagerstroemia to his great help.

Ye Chen did not speak, but the meaning in his eyes was already obvious.

Qin Xiuyue did not seem to notice Ye Chen's look at all. Instead, she was more and more proud because she mocked Ye Chen, but ye Chen didn't answer back. She said:

"ha ha, anyway, they are all going to die. What else can be said? Now, no matter how much and how nice it sounds, it can only make them more painful in the future. Don't say it, let's go now!"

She thought Ye Chen would bow her head at once, but he was wrong. Ye Chen gave a cold smile, as if he were looking at a clown. Then she went to the two girls. One side of Qin Xiuyue saw this scene, first a Leng, a moment later, is showing a very angry look, this damned boy, to face shameless?

Her complexion gradually darkened, and her spiritual power surged wildly in her body, and the trace marks of refining path appeared faintly. It seemed that she was about to make a move!

The atmosphere of GUI family was very tense for a time!

Chapter 4888

However, at this time, uncle Zhou was in front of Qin Xiuyue. He frowned slightly and said in a low voice: "miss Xiuyue, please calm down. Miss crape myrtle has explained that this young master Ye is a distinguished guest. If you offend him You should know more about Miss Lagerstroemia's character than I do... "

Qin Xiuyue hears the speech, Jiao body gently trembles for a while, she hums coldly, still dispersed aura eventually.

Ye Chen and the two girls whispered something. The two girls, who had some uneasiness, soon showed a smile. The time just happened to be half a column of incense.

Although Qin Xiuyue didn't make a move, the anger in her beautiful eyes became more and more vigorous!

He shook his head, but he didn't shake his head.

He is also one of the demons in heaven and man domain. Although, it is only the lowest kind, the evil spirit is evil after all. Isn't he arrogant?

But, didn't you see his attitude towards Qin Xiuyue?

He knew that, offending Qin Xiuyue, ye Chen wanted to survive in the tiandian examination, the possibility was almost zero.

Even if Qin Xiuyue didn't kill him and lost Qin Xiuyue's protection, ye Chen would die in the hands of other examinees.

Soon, ye Chen went to Zhou Shu and said, "Uncle Zhou, I've been waiting for a long time."

Uncle Zhou said with a smile, "let's start now."

Then he took them to the huge body of the black cloud lion.

It has to be said that the star pavilion has a lot of writing on this day. The black cloud lion is a monster in the middle of the Huanzhen realm. This monster of the same rank is used to feed Xiaohei, which is helpful to improve his strength.

In addition, the black cloud lion specializes in flying and running, with extremely fast speed. In terms of the earth's car, it is the top super running. Moreover, it is extremely comfortable to sit. The softness and temperature of the fur are not comparable to the leather sofa on earth.

The next moment, the black cloud lion issued a lion roar, it is soaring to the sky, turned into a black cloud, toward the distance fly away.

Ye Chen is a little surprised. The speed of the black cloud lion is tens of thousands of times faster than the flying thunder Jiao he took in at the beginning. It can be said that in an instant, he can cross a small area in the Yangzhen region!

At the moment, Li Zhenwu and Qin Xiuyue obviously disdain Ye Chen. They sit directly on the head of the black cloud lion and open a distance from ye Chen. Only uncle Zhou sits beside Ye Chen.

Uncle Zhou said with a smile: "Ye Chen, miss Xiuyue has just offended her. Please don't blame her too much. In fact, miss Xiuyue is Miss crape myrtle's half sister. Although her identity is far inferior to that of Ms. Lagerstroemia, she has always been a star studded existence since childhood. It is hard to avoid being rude. However, her martial arts talent is beyond doubt. If you get her help I think Mr. Ye will be more successful in the assessment. "

Ye Chen hears the speech, did not respond, in the heart is actually secretly sneer.

Hehe, born delicate? Do you really think you are a princess?

Maybe, other people will hold her because of her identity, appearance and so on, say hard, lick the dog.

However, ye Chen is not such a character.

Don't provoke such a woman to him. If you do, kill one.

Ye Chen can be said to be a person who cherishes fragrance and cherishes jade. However, she is either a woman, or a fragrance or a jade. Even if some women are beautiful, they are just pink skeletons for ye Chen.

As for talent?

Compare talent with him, that is to ask for hardship.

However, from Uncle Zhou's words, ye Chen probably understands that Qin Ziwei is not as simple as she imagined. The hands of Tianxing pavilion are not only in the Yangzhen area, but the general hall is in the heaven and man domain.

Seeing ye Chen didn't respond, uncle Zhou couldn't help frowning. In fact, he didn't think highly of Ye Chen. First, it was because ye Chen's cultivation was too low in his opinion. Even if ye Chen was a monster, even if he could fight beyond the level, there was still a gap between him and the middle and later stages of the real world, let alone those demons in heaven and man.

Second, although Qin Ziwei said Ye Chen was a distinguished guest, she did not mention what was outstanding about ye Chen.

The reason why he took photos of Ye Chen three times is just because of the identity of Qin Ziwei. Qin Ziwei is kind to him. Qin Ziwei's words are the imperial edict. Even if he is asked to die, he will go.

But now, he felt a little worthless.

Ye Chen is too proud to persuade him so well. It is estimated that he will not be able to pass the examination alive.

Even, one in ten thousand, ye Chen passed the examination. This character is destined to bring trouble to Qin Ziwei in the future.

At the thought of this, Zhou Shu's face can't help but chill. In his opinion, he wants to correct Ye Chen's character, not only for ye Chen, but also for Qin Ziwei!

So, he said in a stern tone: "Mr. Ye, please don't take it for granted! Miss Xiuyue's strength is beyond your imagination. You should know that even in the face of the medium-term existence of the general reality, miss Xiuyue also has the power to fight. In this realm, you should know how difficult it is to cross the level and fight! "

Ye Chen still ignored.

However, there is no boasting in Uncle Zhou's words. Qin Xiuyue's breath is really concise. Obviously, the foundation of martial arts is extremely solid. In this case, it is good to have such accomplishments. However, regardless of talent and strength, and ye Chen are not comparable.

At this time, Qin Xiuyue, sitting on the lion's head, said with a sneer: "Uncle Zhou, you don't have to waste your breath. They are the big men of Yangzhen region. They are very proud. I only have a real world of heaven and man. Can I get into his eyes?"

As soon as Qin Xiuyue said this, ye Chen still had no response. Uncle Zhou saw this, and his face was completely cold. He drank in a low voice: "Mr. Ye! Didn't you hear me waiting? Now, you should apologize to miss Xiuyue! "

Ye Chen glanced at Zhou Shu, his face was expressionless, and without saying a word, he closed his eyes directly and began to practice.

He likes to lick the dog even if he doesn't like to do it?

No interest.

Simply ignore.

Seeing this scene, uncle Zhou's eyes trembled and his brain hummed with rage!

His strength is not very strong in the Tianxing Pavilion, but he is not in the Tianxing Pavilion in the Yangzhen region, but he has been in the Tianxing Pavilion in the Tianren domain!

More importantly, he followed Qin Ziwei side is also some identity, who dare to ignore him repeatedly?

What's more, ye Chen is such a boy who was born in Yang Zhenyu and has no real strength?

This kind of guy, simply, deserves to die!

He shook his head and ignored Ye Chen.

Li Zhenwu, on the other hand, is full of pleasure.

Originally, he had some resistance to Qin Xiuyue's licking dog, but now, this kind of emotion has turned into pride!

Ha ha, even if you want to lick, some people have no chance.

It's the hard truth to survive in this world. Even if you follow Qin Xiuyue, you can survive in the assessment. What about ye Chen?

It's a miracle that you can live through a stick of incense.

Chapter 4889

Dignity, life matters?

At the moment, ye Chen is in the sea of knowledge, evolving thousands of times.

His head is a golden sky, and a dark sun!

It is in the burning sky that the heaven and earth are beginning to open, and the original scene of transformation.

All of a sudden, he reached out a little, his hand raised a black flame, it was Xiaohei that chaotic flame!

And this flame, instantly shot to the destruction of the black sun!

Ye Chen found in these days of practice that his chaotic flame and destruction of black sun are extremely consistent!

If it's a combination of the two, it will increase the attack power by three times!

In this way, by surprise, he even has the opportunity to kill the strong man in the six layers of the real world!

However, ye Chen's face suddenly appears a touch of dignified color, and his fingers tremble slightly. It is extremely difficult to integrate these two kinds of similar energy. After all, these two kinds of energy are enough to be called one of the most powerful energy between heaven and earth!

.....

Uncle Zhou is right. The place of assessment is really very far away from the GUI family. It can even be said that it is quite far away from abroad, because it is an independent space!

Now, it has been two days since Ye Chen set out. In the past two days, ye Chen finally managed to integrate the chaotic flame with the energy of destroying black sun!

At the moment, the black cloud lion seems to be floating in the sky of a special area!

Even ye Chen can't help but look different.

Uncle Zhou glanced at Ye Chen. Although his look was still a little cold, he said: "this is the place where you are going to assess this time. It's called yanzhenyu. Next, I'd like to talk to you about the rules of this tiandian assessment."

Although, he is dissatisfied with Ye Chen in his heart, Qin Ziwei's responsibility will still be completed.

Uncle Zhou continued: "Yanzhen domain was not originally called Yanzhen domain, but I don't know exactly what it was called. I only know that it used to be a lower realm, and there were many warriors living in it.

However, a long time ago, an inexplicable catastrophe has come to the Yanzhen region, which has advanced countless creatures to extinction! Although the catastrophe was terrible, it also caused some changes in Yanzhen region. The most important one was the emergence of zhenhuo of the same rank among the veins of Yanzhen region!

Dimai zhenhuo is generally just the rank of Dihuo. However, many of the dimaizhenhuo in the Yanzhen region can even surpass the list of foreign Shenhuo, which is called yanzhenhuo!

Yan Zhenyu also got its name!

There are many Dihuo pits in Yanzhen area. The larger and higher underground fire pits are, the more genuine fire can be absorbed, and even the fire spirit of yanzhenhuo can be obtained!

This time, the content of the assessment is competition, who absorbed the most amount of fire!

Another point, the most important thing is that this time, the examination of tiandian is divided into ten examination rooms, each with 10000 people. Only the top ten can successfully enter the imperial palace of the emperor! "

Qin Xiuyue and Li Zhenwu were both frightened when they heard the news. Ten out of ten thousand people were chosen. This is one from a thousand miles!

Although it seems that it is not particularly difficult to pick one from a thousand miles, you should know that there is not a weak person who can come to participate in the examination of the temple of heaven!

The difficulty of passing the examination can be imagined!

And ye Chen's eyes are a touch of excitement!

He has Xuanyan and the formula of burning blood. The best way to make Xuanyan advance is to devour the flame. Now, the level of Xuanyan is very high. Even ordinary Shenhua may not be able to improve it. And this fire, which can even surpass Shenhua, is what it needs!

The most important thing is that there is a huge fire and even fire spirit in this area!

If it is all swallowed up, Xuanyan will rise to what extent, even ye Chen can not judge!

Then, in fact, the force will be greatly improved again!

This is a holy land for ye Chen!

Uncle Zhou continued: "this assessment sounds very simple, but in fact, it is much more difficult than on the surface countless times. After experiencing the catastrophe, yanzhenyu has undergone drastic changes and is full of numerous dangers. It is not easy to survive in it, let alone enter the fire pit!

Moreover, the ordinary underground fire pit obviously can't let you absorb enough fire, and those large-scale underground fire pit must be the place that all the examinees compete for!

As for how to compete, I don't have to say more. If only ten of the examiners can survive, then these ten will be qualified!

This seemingly mild assessment, in fact, bloody! If you want to join the temple of heaven, this is the price! "

People can't help but look awe at the words, but even so, they will never let go of such an opportunity!

At this time, a bell suddenly rang in the ears of several people. Zhou Shushen said in a deep voice: "the examination has officially started. You can enter the examination room from here.

This is the northern end of Yanzhen region, and dihuokeng is mostly concentrated in the south end of Yanzhen domain. Your first pass is to cross over half of Yanzhen domain!The difficulties can be imagined. I hope you can work together!

More, I will not say, I wish you all a good result

Three people smell speech, after nodding to Zhou Shu, it is facial expression a congealing, toward inflammation true domain is in longitudinal!

Under the action of gravity, the three people fell down at a high speed, rubbing with the atmosphere, and instantly turned into three balls of fire. After flying half a column of incense, they finally landed on the ground!

Roaring, roaring, three loud sounds came, the ground suddenly appeared three huge holes, and in the caves, showed the three figures of Ye Chen!

Ye Chen looks as usual, looking at the surrounding orange red mountains and rocks, eyes slightly flash.

The first feeling he got was the heat!

Due to the influence of Yanzhen fire pulse, the whole Yanzhen area is filled with extremely strong fire element aura, which has both advantages and disadvantages!

The advantage is that it greatly improves the aura concentration of Yanzhen area, which can be called the holy land among the holy places for fire cultivation!

The disadvantage is that the aura of fire element is extremely burst. To this extent, it is a kind of damage to ordinary martial arts!

This place may be even more terrifying than the henggu region!

The fire spirit power of Yanzhen region is unusual. It is a burst in the process of bursting. In addition, the extremely violent fire element causes damage to the body. Even if the martial arts in the early stage of the real world are in general, they will not be able to stay for a long time!

This should also be the reason why no power is willing to stay in this burning realm!

I'm afraid that even if fire repair stays here for a long time, it will damage the foundation of martial arts!

However, with Ye Chen's constitution and Xuanyan, the heat naturally had no effect on him.

On the contrary, when he came here, Xuanyan was like a fish returning to the sea. He was very lively and crazily devouring the fire power in the air!

Ye Chen's second feeling is gravity!

The gravity of Yan Zhen domain is 100 times higher than that of Yang Zhen domain!

Chapter 4890

It has to be said that this is a huge test for the body of the warrior!

However, ye Chen's mouth corners instead raised a smile, which can be said to be favorable for him!

He slowly walked out of the pit and looked at Qin Xiuyue and Li Zhenwu in the other two caves beside him, but his face was blank.

At the moment, it seems that they have not recovered from the shock force!

The impact force brought by 100 times gravity, and the power of the heat generated by the friction under the increase of the fire power, can not be underestimated for the medium-term existence of the true environment!

Both of them were surprised to see ye Chen. Originally, they even thought that ye Chen was seriously injured and even dead!

But who would have thought that he had recovered a step earlier than the two of himself?

If you don't say anything else, ye Chen may be superior to them!

Of course, it may also be a coincidence, for example, the soil in the place where ye Chen fell is relatively soft, etc

Two people pour also did not have therefore to Ye Chen's appraisal how many enhancement!

Ye Chen did not say a word, and he was going to leave directly. He had no interest in cooperating with these two people.

This time, two people are really surprised, ye Chen actually is a little to seek the protection of Qin Xiuyue meaning are not?

He's going to make his own way to Yanzhen?

You know, even many demons in heaven and man are in groups!

Ye Chen, this is a madman!

But at this time, Qin Xiuyue is a flash of beautiful eyes, a bite of teeth, the spirit of the body surging wildly, forced to drive the body, jump out of the hole, to Ye Chen and said: "Ye Chen, where are you going?"

Ye Chen light way: "with you what relation?"

Qin Xiuyue heard the words, and her pretty face instantly turned cold and said, "didn't you hear uncle Zhou say that we should work together?"

Her mouth raised a playful smile, because of Qin Ziwei's reason, even if she entered this secret state, she did not dare to easily attack Ye Chen. In case she was found, she would be unlucky even if she joined the temple of heaven. Her sister's mind is too terrible!

Therefore, she wants to leave Ye Chen by her side, so that she can see with her own eyes that ye Chen's pride is completely shattered!

When he is trampled on by those real Tianjiao, the picture of asking for mercy and help must be very interesting, isn't it?

Think of here, Qin Xiuyue are a little excited, even the body began to slightly hot!

Well, it's one of her interests to watch men beg for mercy.

Li Zhenwu slightly a Leng, he did not expect Qin Xiuyue suddenly changed his mind.

However, as a qualified attendant, he still sneered and agreed: "boy, this is miss Xiuyue's house. You don't want to be shameless. You can be proud, but if the dead are proud, they are still dead!"

Ye Chen is completely unmoved and continues to move forward.

At this time, Qin Xiuyue suddenly said: "Ye Chen, I am the sister of Lagerstroemia indica sister. You can participate in the tiandian examination this time. Do you know how much crape myrtle sister paid for you? Zhong Xing is not a nobody in Tianren domain. However, it's a small matter that you defeated him. But you know that Zhong Xing's quota was originally intended to be given to others. She handed over the qualification to participate in the examination by losing to the other party. Sister Ziwei snatched the quota from that person for you!

That person's identity is far from Zhong Xing's!

Are you worthy of crape myrtle when you leave like this

Although Qin Xiuyue is rude and rude, it does not mean that she is stupid. After all, she was born in Tianxing Pavilion and is Qin Ziwei's sister. It is not easy to see people.

She has long seen that ye Chen is that kind of character with clear gratitude and resentment!

Ha ha, this kind of person is very difficult to control, but it is not completely without methods!

Ye Chen hears the speech, as expected, frowns, slightly pauses the foot.

But at this time, a sudden change!

In the sky was suddenly born three balls of fire, with a very fast speed towards Ye Chen where they are, falling down!

There were three more loud noises.

Ye Chen and others are all looking at the direction of the fireball falling!

Did other examinees fall to the same place with them?

In fact, although the examiners start from the north, the possibility of 10000 examiners falling in the same place is very small in the area of Yanzhen area!

Moreover, there is a lot of uncertainty about the location of the fall, including the wind direction, wind force, Reiki density, etc. almost no legal person is in charge of it. It can only be said that they are too predestined with these people!

The falling place instantly raised the dust all over the sky.

Almost instantaneously, the three figures loomed at the edge of the cave.

Ye Chen sees the situation and squints her eyes. The physical quality of these three people is obviously higher than that of Qin Xiuyue!

The three men also found them and walked towards Ye Chen and others.

And at this time, Nali Zhenwu finally some reluctantly climbed out of the hole. Soon, the dust dispersed, the figure of two men and a woman appeared in front of Ye Chen and others!

Ye Chen looks at three people, eyes slightly flash, the strength of these three people is not weak, it is estimated that, among the 10000 examiners, they all belong to the existence of the top ranking!

Among them, the woman with a slightly frivolous look and charming manner, wearing a lavender dress and holding a ruby pipe in her hand, and a young man with a handsome face and a white robe are all living in the six layers of the real world!

Moreover, the breath of both of them is extremely solid, obviously the foundation is incomparably stable!

And the most important thing is the last one. The last one is a man in yellow robe who looks rather arrogant and looks rough. This man has only five layers of heaven. However, according to Ye Chen, his strength is still above the other two!

This man is full of Qi and blood, and his spiritual power is rolling and his breath is special. Obviously, he has a special constitution. The most important thing is his age!

This existence is only 600 years old! For the other two, the women are more than 1000 years old, and the men are more than 1100 years old.

This age can have such strength, talent can be said to be the most extreme!

However, ye Chen's complexion is still indifferent. With his strength now, he has a way to deal with these people naturally!

But ye Chen doesn't care, it doesn't mean Qin Xiuyue doesn't care!

Qin Xiuyue and Li Zhenwu are pale now!

Qin Xiuyue exclaimed in disbelief: "you It's Zhou qiongyan, Zhou liebai, and Ancient spring

Originally, the unruly and willful Qin Xiuyue's voice was a little trembling, revealing a deep fear!

It's like a mouse meeting a cat!

But Li Zhenwu is more unbearable, the body began to shake!

He was about to cry. Why was he so unlucky?

As soon as I entered the examination room, I met these three murderers?

Now he began to regret taking part in the examination!
