

## Physician 4961

### Chapter 4961

With a roar, it is clear that he is invisible and immaterial. However, the impact of the meaning and martial arts makes Ye Chen feel that he was hit by 100000 heavy hammers at the same time. His whole body is going to be broken, and his blood is flowing wildly. In an instant, he takes three steps backward and spits out a big mouthful of fresh blood!

King Wu's eyes flashed, and he was more satisfied with Ye Chen. Even, he had the heart to let Ye Chen accept the inheritance!

But, in order to repay Ye Chen's sincerity, he will have no reservation this time!

This is likely to kill Ye Chen, kill a good seedling, and make him lose his descendants. However, he must do the same!

This is the respect for a warrior. It has nothing to do with identity, strength and so on!

At this time, ye Chen made a move!

He drank a lot, and his whole body was destroyed. Dao Yun was agitated. The martial spirit of Lingxiao was endless. The evil sword in his hand suddenly burst out a black light!

There is no other means, pure Daoyun and martial arts attack!

The next moment, a sword light, then toward the king of Wu Xuying quickly cut!

"Destroy the four heaven of Daoyun? What's more, there is something unique about the martial arts... "

In the eyes of King Wu's empty shadow, a touch of amazing color appeared!

To be able to get the admiration of King Wu, even to make him feel amazing, is a great honor to others, but not to Ye Chen!

His expression suddenly sank down, because although King Wu was appreciating him, he knew that his Daoyun and martial arts were intended for King Wu, and there was no threat

The virtual shadow of the Martial Arts Road, facing Ye Chen's attack, looks flat, and points at the sword light!

The next moment, a thrilling scene appeared!

I saw that in the king of Wu's rolling martial sense, Dao Yun, ye Chen cut out the sword is an instant stagnation, can not move forward!

Ye Chen's face suddenly changed. What he couldn't believe was that the connection between himself and the sword disappeared

It seemed that the sword was instantly assimilated by King Wu's martial intention and Daoyun. His own strength turned into martial power!

Then, a gust of wind surging between, is actually driving this force to fly back in a more violent posture, toward Ye Chen bombarded away!

With a loud bang, ye Chen's body was instantly blown away by this terrible force. The whole human body was almost fragmented, with bone fragments, blood and flesh scattered and splashed. His abdomen seemed to be melted by something, even his spine was broken!

In the eyes of King Wu, there was a look of regret. This kind of injury is very difficult for the martial arts in heaven and earth to survive

However, the next moment, he is light Yi, some unexpected looking at Ye Chen!

I saw that although Ye Chen seemed impossible to be alive, at least he was seriously injured, but he was slowly standing up from the ground!

Although Ye Chen was injured, but his eyes are extremely bright!

From the attack of King Wu just now, he realized too much!

Even if it is just this strike, the Taoist rhyme and martial spirit, which have been stagnant for a long time, have a little looseness and need to be improved!

If you try martial arts with King Wu, you can get great benefits. But why have you never heard of anyone dare to do so?

The reason is very simple, not that these people are not crazy enough, but those who are so crazy are dead!

The biggest reason why Ye Chen chose to try martial arts is his vitality!

He has incomparable vitality of other warriors!

Even if it will be injured, extremely serious injury, as long as it can not be killed completely, he will recover!

Of course, there are risks in doing so. After all, even a wisp of will of King Wu is unimaginable. However, for ye Chen, the risk is undoubtedly countless times lower than that of other warriors.

It can be said that he was in the desperate situation of King Wu! Vitality is the biggest dependence on which he entered the desperate situation of King Wu!

The king of Wu laughed and said, "yes, boy, what did you feel just now from this king's attack?"

After thinking for a moment, ye Chen opened his mouth and said, "wind! Ever changing, rolling, urgent use! "

When the king of Wu heard the speech, his face really brightened. He nodded his head and said, "good boy, you don't have bad understanding. Do you call your name Ye Chen? It's true that the way of the king's martial arts is the way of heavenly wind and martial arts, and this king was also known as the king of heavenly winds and martial arts in those years!

Ye Chen, you are good to recover. When you recover, I can pass on the martial arts to you! "

The inheritance of the martial arts of King Wu is not so simple. Only when they meet the most suitable candidates, will they inherit it. Because inheriting the martial arts is to entrust all their own things to the successors. Moreover, their will will no longer exist and will be completely lost in this world!

It can be seen that the king of Tianfeng is optimistic about ye Chen!

However, ye Chen shook his head and said, "thank you for your kindness, but I want to go my own way of martial arts."

As soon as he said this, the king of Fengwu was surprised and said, "so, you want to try martial arts with me, not to get the inheritance of this king, but simply want to challenge, and want to get insight from this king's martial arts?"Ye Chen nodded and said, "not bad."

This is actually a little disrespectful, as if looking down on the martial arts of King Tianfeng!

However, the king of Tianfeng Wu was not angry, on the contrary, he looked at Ye Chen's eyes more and more close and appreciated it!

Although it's a pity to lose a descendant, to be honest, ye Chen's answer is the most in line with the will of the king of Tianfeng!

This is the heart of the warrior, the heart of the martial arts!

He exclaimed: "Ye Xiaoxiao, I haven't seen you such an excellent warrior for a long time. In the future, you may become a legend that we all need to look forward to?"

Ye Chen said: "master Tianfeng, Liao Zan."

On that day, the king of Fengwu said regretfully, "I'm not arrogant, I'm not discouraged. I'm more and more satisfied with you.

Ye Xiaozi, after you recover, are you going to challenge other tombs of King Wu? "

Ye Chen nodded and said, "not bad."

"Good."

That day, the king of Fengwu said with a smile: "although you didn't inherit my martial arts rhyme, you should have gained something from just one attack. If you integrate into your own martial arts, you will be regarded as half of my descendants. I will help you."

"Help me?"

Ye Chen's face moved when he heard the speech.

King Tianfeng Wu said: "you know, these guys at the top of the sky are very strange. If you challenge like this, the end will not be very good. However, I can say hello for you in advance. Haha, how to mention these guys' interest in you? I still know very well how to get along with them for so many years.

There will be more King Wu who are interested in you and willing to accept your challenge. "

Chapter 4962

Ye Chen heard the speech and said happily: "thank you for your success

Originally, he was also very clear that he tried martial arts with King Wu. Even if he could resist the attack of King Wu without dying, it did not mean that these King Wu would really like to fight with him.

After all, with his current martial arts, it is not worth mentioning in front of these King Wu, and can not make them interested.

It's like flying fast with the sparrow.

However, with the help of King Tianfeng, the situation is very different!

I'm afraid the king of Tianfeng is a rare good man among these kings of Wu!

He's really lucky!

On that day, the king of Fengwu, with his eyes lit up, could see countless strong winds and rhymes rushing towards the tombs.

Then, the king of Tianfeng Wu said with a smile: "well, boy, you must walk out of the top of this day alive. Don't let me down."

"Yes

That day, the king of Fengwu nodded his head, and once again integrated into the tomb.

And ye Chen is in place to restore the injury, an hour later, he will return to the peak state, toward the graves and go.

Although, with the help of Tianfeng Wuwang, not all the King Wu bought it.

He passed two tombs of King Wu in succession, but there was no response.

When ye Chen came to the Third Tomb, his eyes were suddenly bright!

There are some similarities between the martial spirit and Daoyun, especially Daoyun!

It is also a kind of destruction taste, but it is different from ye Chen's destruction!

Even if it is the destruction of Shinto, the practice to the back is not the same!

But from the same source!

Ye Chen can be sure that if you try martial arts with King Wu in this tomb, it will have unimaginable benefits to enhance his Taoist rhyme!

Immediately, he saluted the tomb sincerely and said, "younger Ye Chen, please have a try of martial arts with the master of King Wu!"

However, the tomb did not respond

Ye Chen slightly frowned, some trouble, other King Wu can give up, but this king of Wu is absolutely can not miss the existence!

The martial spirit and rhyme of Wudao must have greatly inspired him. Maybe they could be worth years of hard work!

That kind of promotion is unimaginable!

After opening his mouth three times in succession, the tomb is still quiet. Ye Chen can't help but feel anxious.

All of a sudden, his eyes flashed and he took a deep breath: "since the elder didn't want to do it, the younger generation had to offend!"

Voice a fall, ye Chen made a shocking move!

His whole body was destroyed, and the Taoist rhyme was stirring. He destroyed himself in the sky, and the black sun was revealed. The destruction mark in the Dao bone was also full of light. He exerted the six extermination secrets to the extreme. Moreover, his body was completely integrated with the destructive power, without any rejection!

At the moment, ye Chen seems to be destroying a demon. His sword is aimed at the tombstone. It seems that he is going to destroy the tombstone!

It's just looking for death!

King Wu's temper is very bad. Even if his breath breaks out occasionally, he may take the life of those who have walked before. Now, ye Chen even takes the initiative to attack the tombstone?

This is a great disrespect to King Wu!

In fact, even if ye Chen is facing other King Wu, he will not be so extreme, because it is too dangerous

If one is not good, the will of King Wu will not die with him. Although he can bear the attack of King Tianfeng, in fact, although the king of Tianfeng is trying his best, he doesn't really want to kill him!

If the king of Tianfeng Wu moves to kill his heart, unless ye Chen burns Xuanyao's blood and is lucky to activate the reincarnation blood vessel again, he will surely die

However, ye Chen can't miss the inheritance of the king of Wu!

Willing to take risks!

It's a big deal. Let's burn the blood of Xuanyao again!

If you can get the chance to fight with King Wu, it's worth burning one thousandth of Xuan demon blood!

Ye Chen thinks that this time, after a trial of martial arts, his destruction of Daoyun will usher in a qualitative change!

The next moment, ye Chen's eyes appear a touch of decisive color, a low drink, suddenly on the tombstone cut out a sword!

A dark sword light instantly towards the tombstone, rippling away, all kinds of destructive power blessing, the sword light contains the destructive power, can not be described as powerful!

In the twinkling of an eye, that sword light, then cut to the tombstone!

At this time, a kind of extreme destruction, extreme killing intention, extreme broken terror martial intention and Daoyun stirred out, ye Chen's mind again trembled, good match of martial arts and Daoyun!

His Lingxiao martial sense and destruction of Daoyun, can be regarded as a very good fit. The more the martial sense and the Taoist rhyme fit, the more powerful they can play! However, this king of Wu's degree of fit, vaguely also higher than ye Chen line!

If ye Chen's degree of agreement is about 91%, this king of Wu's fit is at the level of 94%!Ninety five is a Fengshui mountain. The degree of fit of King Wu is not higher than that of Ye Chen. However, there is still a big gap!

At the next moment, a dark figure suddenly appeared in front of the tombstone. When ye Chen looked at the figure, he seemed to be younger than the king of Tianfeng. The king of Tianfeng gave him the feeling of middle age, and the king of Wu was about to enter middle age.

However, its prestige is even more terrible than the king of Tianfeng!

Obviously, this king of Wu also belongs to the extremely powerful existence among many King Wu!

The sword light has been cut in front of King Wu at the moment. To his surprise, the king of Wu did nothing. He just looked at Ye Chen and said coldly, "boy, are you so bold?"

As soon as the voice fell, the light of the sword of destruction was condensed in the way of Ye Chen, which was smashed and dissipated directly

At the same time, ye Chen sends out a cry of pain, and his brain is buzzing with a sound, like a nuclear bomb exploding in his mind, and the blood in his ears is rolling out. Even if the king of Wu didn't make a deliberate move, his words and deeds have already contained the ultimate destructive power. A question makes Ye Chen hurt!

He only felt the violent and incomparable destructive power surging in his body!

However, relying on taishangtian magic body, destroying heiyang, Hongmeng ancient Dharma, four kinds of Tiandao rhyme, destroying Daogu, six kinds of Zhenjue, and the body perfectly matched with the destruction Shinto, this power was forcibly suppressed!

At this time, the king of Wu's eyes finally flickered.

He said faintly: "originally, the king thought that Tianfeng was just looking for the king to be happy. I didn't expect that there was a boy who was not afraid of death? Are you ye Chen

Ye Chen gasped heavily and nodded his head and said, "yes, master, my name is Ye Chen."

Although he was seriously injured by the king of Wu, there was no resentment and so on. To destroy the tombstone was to force King Wu to do something. It can be said that he was responsible for it.

However, there was no way, otherwise, the king of Wu ignored him at all.

Chapter 4963

The king of Wu said again, "you are really the same as the wind said that day. You are blessed with the spirit of destruction. You are in heaven. You have the scene of original transformation, the body that perfectly matches the power of destruction, the charm of the destruction of the four heavens, and Your martial spirit is quite consistent with the destruction of Daoyun. Finally... "

Speaking of this, the king of Wu's eyes seemed to bloom with a faint light: "is this Hongmeng big star sky and Wuzu Daoxin? Well, I haven't seen you for a long time However, I have lost sight. I admit that you are qualified to try martial arts with me!

However, I would like to remind you that even with your physique, you are likely to die under the attack of the king. Rao, are you willing to try martial arts with me? "

Ye Chen did not hesitate to say: "please enlighten me

The king of Wu gazed at Ye Chen and said, "remember the name of this king. I was called the king of great destruction at that time."

Great destruction!

Ye Chen pupil shrinks, these two words are enough to explain everything!

He concentrated his mind and was ready for 120000!

This time, instead of taking the lead, he waited and waited for the king of extermination to strike. Then, he tried his best to survive under the attack of King exterminator!

This kind of harvest is also the biggest!

Of course, only the king of Wu who destroys Daoyun can do this. What other king of Wu?

Even if he was a backhand, how could he understand the attack of King Wu in a flash?

Only he himself is practicing the destruction of Daoyun. He has commonality and opportunity!

In a flash, the black aura of the king of extermination soared. The black air was like a black dragon. He roared in the sky and the sky, and ye Chen's face changed wildly. Was Rao with the power to destroy Daoyun, or was he shocked by the martial spirit and Daoyun that he burst into blood fog and fell back madly. His injury seemed even more serious than when he was facing the heavenly wind King Wu!

At the moment, he really felt that king wumie said that he might die under his attack, which is not exaggeration at all!

At this moment, the great extermination of King Wu, let's go!

A black sword shadow, instantly condensed, with the power of breaking heaven and earth, rushed towards Ye Chen!

In the face of this supreme blow, ye Chen's mind and spirit began to turbulence, and his whole body spirit power seemed to be out of his control!

If ordinary martial arts practitioners don't have to react at this time, their minds will be crushed by the destructive power pouring towards them!

Ye Chen sends out a crazy roar, and Wuzu's Taoist heart runs faintly. A kind of spiritual strength breaking through all constraints breaks out in an instant. The black and red light in his eyes explodes. That is to destroy Daoyun, tongtianming stele and Hongmeng big star sky!

He gazed at the shadow of the sword, countless combinations of destruction laws, changes, into his mind!

Although, at this time the situation is dangerous to the extreme, a bad, ye Chen really want to be annihilated to the slag is not left!

However, ye Chen's face is full of joy!

That countless changes in the law of destruction, built up the destruction of the Shinto, simply, make him infatuated, this is completely art!

A long time of understanding of the desert, like irrigation!

The original barren land, gradually gave birth to a bud!

Although the bud is far away from flowering and fruiting, it is undoubtedly a qualitative breakthrough!

Almost, it is in the extreme moment, ye Chen hands!

A sword light, the most profound sword light, was cut from the blade of Sha sword!

It collided with the shadow of the sword!

King Wuwang's eyes flashed a look of surprise, even his existence, seems to be shocked by Ye Chen!

The sword light of Ye Chen is broken, without accident

At the next moment, his body was completely submerged by the rolling martial spirit and the destruction of Daoyun

A black strong wind, in this world, spring up, ye Chen's body in that gale, constantly decomposition, reorganization, its vitality is also rapid decline, but, until now, has almost fallen into the land of death, ye Chen is still laughing!

What's more, I'm still laughing!

in his eyes, the red mane exploded like a sponge, and it was like a hungry ghost. It was absorbed madly and fused with the king of destruction, which contained all the nutrients in the blow of the life's martial arts essence, and turned it into a force to resist the destruction and destruction of the storm.

I don't know how long, when ye Chen wakes up again, the eye is a black figure.

The figure swept a leaf Chen one eye, light way: "did not expect your boy still really to come over, life, pour is hard enough."

This shadow is the king of great destruction!

Ye Chen's face moved, and he was about to get up and salute the king of great destruction. However, at this time, a sharp pain came from his body. He looked down with some doubts, but a bitter smile appeared in the corner of his mouth

Well, he's not in a good condition now, so to speak, his whole body has been completely fragmentedDon't mention the salute. His hands and feet can't move, and his body is extremely broken. The only intact head is his head. However, ye Chen knows that the head has just been repaired, and his brain is still a little dizzy now

However, these are not important, as long as his life source is not completely broken, then, he is still him.

At this time, xuanhanyu also had some lingering fear to open his mouth: "Ye Chen, you have been lying for a day and a night, this time, you almost died, relying on the reincarnation blood, but even so, it is extremely dangerous, even I and old Shuo are not sure whether you can survive, fortunately, you finally survived..."

Ye Chen is also a little scared. If he does something worse, for example, the sword that he cut has not reached the extreme. For example, he has not been constantly comprehended in the storm, and then integrated into his own Shinto of destruction, then he is a dead man now

However, xuanhanyu said with a smile: "very dangerous, but, the harvest is also very big, you feel the destruction of their own rhyme."

When ye Chen heard the words, his mind moved. Then, he was overjoyed and said, "Dao Yun's five fold heaven, my destruction Dao Yun has broken through Dao Yun's five fold heaven!"

It's worth the risk to have such a breakthrough just by the great extermination of King Wu!

To tell you the truth, during this period of time, he could not find the clue to break through the five fold heaven of Daoyun, and now he has succeeded unintentionally!

Moreover, he vaguely felt that he had gained more than these benefits. His destruction of Daoyun seemed to have some essential change!

Old Shuo said: "boy, you're not really a breakthrough now. It can only be said that it's half a path and five levels of heaven. However, when you challenge a few more kings of martial arts, it's estimated that you can make a breakthrough."

Rao is so, is also a huge harvest, with Ye Chen's calm mind is unable to help but laugh up!

Chapter 4964

Seeing that ye Chen was all right, the king of great extermination had to return to the tomb.

Ye Chen said seriously to the king of Extermination: "great master Mie, thank you for your advice!"

Although, this time, King Wuwang almost killed him, but he was still very grateful to him!

Not only because of the harvest from his destruction Shinto, but also because when he was in a coma, the king of extermination was obviously guarding his side.

King exterminator waved his hand at will and said, "you let me see something very interesting. For the first time in these years, I realized the feeling of shock again. Don't die, boy. In those years, I didn't go to the end of the destruction Shinto and then fell here. It's my lifelong regret. If you really want to thank me, please do it for me."

Ye Chen's eyes twinkle. Is not Dao Yun the ultimate?

Generally speaking, only when one reaches the extreme of his martial arts, can he be called the king of Wu. However, destroying Daoyun is obviously special. Even if it does not reach the extreme, it also makes the great extermination of King Wu win the name of King Wu, and his strength is even higher than many King Wu!

In addition to the breakthrough of Daoyun, ye Chen also felt that he had some more martial arts ideas, and the essence had not changed. However, it was more consistent with his own destruction of Daoyun. Now the degree of agreement has reached about 92.5!

Don't underestimate, this point five points of promotion!

At this level, every increase in the degree of fit will bring great power!

After half a day, ye Chen's body finally recovered completely. The destruction of Daoyun is too powerful, and the injury caused is too difficult to recover

This is still under the condition that his Taoist rhyme has been improved a little, and after one strike, the great extermination king of Wu has obviously recovered most of the strength remaining in him.

Next, ye Chen is constantly challenging the tombs of King Wu in the top of the sky!

Many martial artists have seen the king of Wu in Ye Chen's tomb and tried martial arts!

At the beginning, these warriors were simply frightened by Ye Chen's crazy behavior!

In the end, the crowd turned into a sarcastic attitude

Because, in their opinion, ye Chen's crazy behavior is to get the inheritance of King Wu!

After all, if it was not for the recognition and inheritance of King Wu, who would like to go to death?

You know, they have seen with their own eyes, several times, ye Chen is very dangerous!

At the moment, ye Chen is standing in front of the tomb to salute. A moment later, he is struck by a virtual shadow of the king of Wu. He is wounded and barely recovered. Many martial artists have gathered around him and are watching.

On their faces, each with a scornful smile, whispered sarcasm: "ha ha, this ye Chen, it seems that there is not so evil ah? How many tombs of King Wu have been madly challenged, but they have never been handed down? "

"Hehe, do you think that you can win the favor of King Wu by relying on its strong vitality? It's naive. It's just suffering for nothing

"What's the use of trying so hard? People, sometimes have to believe in life, think they have a little talent, can really amazing forever? It seems that ye Chen is just a mediocre person, and his future achievements are not so good? "

At this time, a young man said: "I heard that Bai xuqi was about to be passed on by King Wu. Do you think ye Chen is afraid to work so hard? After all, if Bai xuqi really gets the inheritance of King Wu, ye Chen will be in bad luck? "

When people heard the words, their faces suddenly appeared!

Ye Chen is absolutely afraid!

Afraid of crazy challenges, with this near suicide way, also want to get the inheritance of King Wu!

Otherwise, after Bai xuqi's inheritance is over, he will surely die!

For a moment, everyone looked at Ye Chen with pity. He was a genius, but unfortunately he got into the emperor's temple. Now he can only struggle like a clown here.

Ye Chen is pale, even, with a smile on the corner of his mouth, he got too much benefit!

When he recovered from his injury, he moved on towards some of the graves that had not yet been challenged.

Soon, a tomb appeared in front of his eyes. Ye Chen looked at the tomb, but there was a flash of color in his eyes. Before the tomb, there was a figure, which looked like a little girl in a light red dress.

However, at the moment, the girl's situation is obviously not very good!

It seems that she is understanding the martial arts and Daoyun in the tomb. However, her delicate body has already been completely wet with sweat and clings tightly to her body. Her long hair is also wet. The most important thing is that her whole body is full of terrible energy fluctuations, which are extremely violent, and the girl's delicate body is shaking slightly, which is obviously going to be out of control!

At the moment, she seems to feel someone approaching, suddenly look back at Ye Chen!

Seeing the girl's face, ye Chen can't help but blink her eyes. The girl is very beautiful, but it's not that delicate and charming beauty, nor that kind of sick and cold beauty, but a kind of pure and lovely, just like a neighbor's sister, giving people a sense of innocence and lovable beauty!The girl saw Ye Chen, and her look suddenly panicked. Her big eyes were full of anxious color and she drank to Ye Chen: "go! Get out of here! I I'm not going to be able to... "

Ye Chen frowned slightly and looked at the girl. He asked xuanhanyu, "what's wrong with her?"

Xuanhanyu said: "it's estimated that she was possessed by demons when practicing Daoyun. Now, the power in her body has been out of control and is about to explode. Once it breaks out, she will be very dangerous, ranging from serious injury to death

However, this woman is kind. She seems more worried about hurting others because of her energy explosion than herself

Ye Chen smell speech, nodded, the next moment directly toward the woman rushed past.

Why?

Because he wants to save people.

There was no special reason, but the woman's behavior won Ye Chen's favor, so he wanted to save her.

However, the woman did not know, she was still biting her teeth, struggling to suppress the strength in her body, and cried: "what are you doing here! Let's go! I really can't control it... "

This woman came to the Lingshan mountain of Hanbei only after ye Chen entered the top of heaven. She didn't know that ye Chen had defeated Zhang Xun and others by means of opposing the heaven. In her eyes, ye Chen was just a heaven and earth existence. If she got close to herself, she would die!

In the blink of an eye, ye Chen came to the woman's side. At this time, the woman's pretty face was already pale, and her whole body fluctuated and became manic in an instant, like a volcano about to erupt!

"You Why do you... " The woman panted heavily, fighting all her strength to suppress the spirit power in her body. Looking at Ye Chen's beautiful eyes, she was full of doubts.

Before that, some martial artists found her abnormal, but without exception, all of them were far away from her, only Ye Chen, who seemed to be the existence of heaven and earth, was close to her

Ye Chen light way: "I come to save people."

Chapter 4965

Saving people?

The woman's eyes trembled suddenly, and the doubts in her eyes turned into unbelievable color

Ye Chen is actually in order to save himself just close?

In an instant, she was more anxious!

This woman was born in a special family, and the last thing she wanted to see was that she had implicated others, especially those who wanted to help her!

She wanted to say something more to keep Ye Chen away from herself, but at this moment, her face suddenly changed, and her eyes showed despair

It's too late!

That uncontrollable psychic power is about to explode completely!

With his accomplishments, let alone Ye Chen, those who are really strong in the six layers of heaven may be seriously injured or even fall down at such a distance?

Her face appeared a sad color, did not expect, in the end, even death will drag on others, perhaps, she is the legendary Tianshan lonely star

Just after the woman thought everything was over, ye Chen had already pressed his hand on his soft abdomen.

Feeling the warmth of Ye Chen's palm, the woman was slightly stunned. Although it was a matter of life and death, her heart was still filled with a very strange feeling. This is the first time that she has this kind of physical contact with the opposite sex

What's more, what ye Chen touches is still this kind of part!

The original sadness has been replaced by shame and anger!

What else does this guy say to save people?

Will not be to take advantage of their own, not even life!

But, all of a sudden, a very powerful force suddenly poured into her abdomen elixir field, as if there was a torrent bumping into her delicate body!

It seems that the whole person will be split in two under the impact of that power!

Under such stimulation, the woman could not help but utter a cry. A heat poured into her meridians along her elixir field. She was numb, her pretty face was flushed, and she was panting in a hurry. Her delicate body was already dripping with sweat

What she couldn't believe was that the restless spiritual power in her body had been suppressed by force!

How could that be possible?

She is a six level heavenly warrior in Huanzhen state. Moreover, she has an extraordinary background. All the skills she practices are the top among the top. Even the seven level tianwu person may not be able to press her hand on her elixir field, thus suppressing her spiritual power. How can a heaven and earth realm exist?

The girl's red lips seemed to want to ask something, but, before she made a voice, her face suddenly turned white, and her delicate body became weak and paralyzed in Ye Chen's arms.

Ye Chen held the woman in her arms and said faintly, "don't talk. You have suppressed the spiritual power in your body for too long, and your physical strength has been overdrawn. Moreover, although I have suppressed your spiritual power, you still have injuries. Please recover well."

Although the strength of this woman is not bad, ye Chen's spiritual power, Hongmeng, big starry sky, chaotic flame and so on, are extremely powerful energy, which is one level higher than the spiritual power and Demon power of ordinary martial arts. This woman's spiritual power in front of Ye Chen's spiritual power is like a child seeing an adult.

How can a child, no matter how crazy, resist an adult?

The woman's pale face was red with blood in an instant. She had no real reaction until now. What happened just now!

Since I was touched by a man, and I was held in my arms!

Although, all this can't blame Ye Chen, but her heart still felt a burst of grievances!

Always feel as if be bullied by Ye Chen!

"You are You let me go! I can do it myself! "

"Oh."

Ye Chen looked at her faintly, then put the woman on the ground, and then, a turn around to leave.

The woman saw Ye Chen to go, but she was flustered again. In her present state, if someone wanted to do something to her, she couldn't resist at all!

She hesitated to yell at Ye Chen: "where are you going..."

Ye Chen doesn't pay attention to it, and continues to move forward. He is not related to this woman. Saving people is just a matter of nature. There is no idea of belittling this woman. Since this woman thinks that she has taken advantage of her, he has no need to stay.

Seeing ye Chen really wanted to go, the woman was also afraid and said in a low voice, "don't go..."

There was even a hint of pleading in the tone.

But ye Chen's steps still did not have any pause.

The woman's beautiful eyes are dim, and she has some regrets. In fact, ye Chen did nothing wrong, and even saved her life, but she just treated Ye Chen with that attitude

She bit her lip and said nothing more. It was her fault.

But at this time, the woman suddenly felt that someone was coming to her side.

She looked up and saw a young man standing in front of her, who was the indifferent man just now!

I do not know why, the woman's heart inexplicably filled with a burst of joy!"Just I'm sorry... "

She wanted to apologize to Ye Chen, but before she finished speaking, she was interrupted by Ye Chen.

Ye Chen light way: "I still have something to do, can't guard you here."

That woman hears speech a Leng, immediately, complexion some gloomy place nodded.

But at this time, she felt, delicate body light, was actually held up!

Ye Chen held the woman in both hands and said: "if you feel that I have taken advantage of you, I can put you down at any time."

The woman buried her head low, not only her face, but also the white skin on her jade neck had already turned red. She gently shook her head and let Ye Chen embrace herself.

The next moment, ye Chen moved, and continued to move towards the tombs of King Wu. Most of the tombs on the top of the day had been challenged. Some agreed, some did not respond, and there were only a few left.

Soon, ye Chen will visit these tombs one by one.

However, unfortunately, his luck was not so good. These tombs, including the one that let the girl in his arms go mad, did not respond.

Ye Chen stopped and sat down at will. Although the last few tombs are a pity, the harvest this time is very good!

Over the past few days, he has challenged dozens of tombs. Among them, two-thirds of the King Wu accepted his challenge, which made his martial spirit and Taoist rhyme advance by leaps and bounds, and his destruction of Daoyun has now completely broken through to the five fold heaven realm!

It's a terrible thing to say that the five levels of heaven and Taoism can be achieved in this era. Even among the top martial artists in the real world, there are very few of them!

Don't underestimate the promotion of this heavy heaven. Although there are not many warriors in the heaven man domain, there are still some of them. However, the five fold heaven is a watershed, which is extremely rare!

What's more, when Daoyun reaches this level, its power will soar by dozens of times every time it is upgraded!

Chapter 4966

What's more, what ye Chen cultivates is to destroy Daoyun, which is extremely powerful in itself!

What's more, ye Chen's benefits are not only that. He has not yet fully digested the martial arts Daoyun of the kings of Wu. If he successfully melts these top-level martial arts Daoyun into his own things, then ye Chen's strength will be greatly improved.

However, when he tried martial arts with King Wu, the benefits were more than that. He had already realized that his Taoist rhyme and martial sense seemed to have improved in some essence, but it had not yet blossomed.

Overall, the benefits are too great.

Ye Chen said in secret: "now, my strength should be able to compete with the seven layers of heaven in the real world. If with the help of Shuo Lao, Xuan Xianzi, and even the great power of the reincarnation cemetery, even those powerful demons who overstep the level, I also have the power of world War II!"

At this time, the woman sitting beside Ye Chen, with her eyes closed and breathing, seems to have recovered after this period of adjustment. She opened her eyes, looked at Ye Chen, and said timidly, "thank you for saving me. My name is Ning Caixia. Can you tell me your name?"

"Ye Chen."

Ningcaixia smell words, secretly will this name in the heart.

Ye Chen swept her one eye, but open a way: "since you have recovered, then I left."

Ning Caixia is stunned and looks at the back of Ye Chen's leaving. She is inexplicably reluctant to give up, but she doesn't know what to say. In the end, they are just strangers who meet by chance.

Can be at this time, ye Chen and Ning Caixia are all facial expressions move, suddenly toward a certain direction in the top of the sky.

In the center of the light ball, a young man with white hair is sitting in the light ball. At the moment, he is sitting in the light ball, and the rolling Daoyun is rushing into his body crazily!

The young man was Bai xuqi!

At this time, Bai xuqi suddenly emerged behind a very huge figure, but could not see the face clearly!

People can only feel that the figure exudes infinite power, as if to crush the earth!

Obviously, this figure is one of the kings of Wu!

At the moment, however, the figure suddenly stretched out his finger and pointed to Bai xuqi, who was absorbing martial arts and Daoyun in the light ball!

In a flash, an extremely pure martial spirit was integrated into Bai xuqi's body from the virtual shadow of King Wu, and the virtual image of King Wu gradually disappeared between heaven and earth.

At the same time, Bai xuqi's breath is also crazy expansion!

Countless warriors, looking at this scene are full of shock color!

Almost in an instant, Bai xuqi absorbed all his martial arts and Taoist rhymes. There was a mark on his eyebrows. The most important thing was that his breath was extremely terrifying!

Even if there is no breakthrough, but that kind of breath fluctuations, and before, a thousand different!

The light ball gradually darkened. Soon, Bai xuqi opened his eyes, and his face was full of ecstasy. He stood aloof between heaven and earth, exuding boundless domineering power. The terrifying martial spirit and Taoist rhyme surged around him, and the whole top of heaven seemed to shake slightly!

What's more frightening is that in the rolling martial arts, the bluestones on the Earth actually appear in this rhyme. The cracks take the ground under Bai xuqi as the center and spread around, which looks startling!

Countless warriors saw this scene, most of them were shocked and crazy!

You know, the bluestone on the top of this day is not an ordinary stone. It is extremely hard. A warrior has attacked the bluestone. It's true that the attack of six layers of heaven can only leave a shallow trace on the surface of the bluestone!

But what about Bai xuqi?

Can the bluestone be cracked just by its martial spirit and Taoist rhyme?

It's incredible!

However, Bai xuqisan's terrifying power is extremely fierce. It seems that he is the reincarnation of King Wu. Many warriors even feel like they want to worship him!

The inheritance of King Wu is really powerful!

A lot of martial artists are envious

Bai xuqi is the son of heaven!

The inheritance of King Wu in the legend has been obtained by him!

But ye Chen looked at the cracks on the earth, but his eyes narrowed slightly: "this rhyme is The king of shediwu

At that time, when he challenged the king of seclusion, the other side did not respond, but there was a faint light shining in the tomb. It seems that this is the reason why Bai xuqi accepted the inheritance in the tomb.

However, soon, ye Chen is laughing

If Bai xuqi had been inherited by other kings of Wu, especially if there were several especially powerful ones, he might have been threatened

However, if there is any king of Wu that he is least afraid of, it is probably the king of split land

The most important thing for the king of Wu is his low strengthThe Taoist rhyme practiced by the king of shedi is the Shendao of shedi. What is it?

In essence, it is also a kind of extermination, similar to Raytheon, broken Shinto and so on.

The Daoyun mastered by Ye Chen is one of the original three ways of destruction!

It is the root of many Shinto whose main attribute is destruction!

In other words, ye Chen's destruction of Daoyun is the ancestor of this cracked authentic rhyme!

That is to say, although Bai xuqi got the inheritance of shidiwu king and his strength soared, he was completely suppressed by Ye Chen in terms of the attribute of Daoyun

At the same time, Bai xuqi's violent breath finally stopped. With a proud smile on his face, he suddenly raised his hand, and there was a thin fragrance in front of him. Bai xuqi bent his finger and flicked it, and the fragrance was instantly ignited.

With his hands on his back, he said coldly, "Ye Chen, now, I'll give you a time for a stick of incense to lead you to die in front of me. In this way, I can allow you to die painlessly..."

With that, Bai xuqi's eyes suddenly became sharp, and his face was somewhat ferocious. He said, "but if you don't listen to me and let me go to look for you in person, I can promise you that I will let you have a taste of what is life like death!

For you, it's a luxury for you

At the top of the day, the mind was partially suppressed and there was some trouble finding people. Bai xuqi was not interested in anything other than martial arts. Therefore, ye Chen had better get out by himself. If he wants to waste his time and energy to look for it, ha ha

He will make ye Chen pay an unimaginable price.

As soon as this was said, most of the warriors showed pity, sarcasm and schadenfreude

Think about ye Chen's miserable appearance of fighting against King Wu's tomb these days, but he was injured and got nothing. Now, he is so powerful that he looks like a God

This contrast, too strong!

Chapter 4967

Originally they thought Ye Chen was a monster, but now it seems that compared with the real evil spirit in the emperor's temple, it is a waste among the waste!

But there are two women in the white xuqi death declaration, look changed!

These two women are naturally nanxiaoli and ningcaixia!

Nanxiao glass instantly stood up from the ground, and her beautiful eyes were full of worry.

The Taoist rhyme and martial meaning of nanxiaoli came from the king of Shenyun.

But this God cloud Wu King, is actually many many King Wu, one of the few women!

The king of Shenyun took care of the female martial artists, but he had some affinity with nanxiaoli. Although he didn't hand over the inheritance to nanxiaoli, he also personally showed up to give advice to nanxiaoli, and even told nanxiaoli a secret about the top of the sky in the process of conversation!

God cloud King Wu's guidance made Nanxiao glass's strength a little better, but Bai xuqi, who had been passed on, was far behind!

The inheritance of King Wu is indeed extremely powerful. Originally, nanxiaoli's strength and Bai xuqi were between Bozhong. But now, nanxiaoli feels that he can't support Bai xuqi in ten moves

Even if she is so, let alone Ye Chen?

Although Ye Chen shows the strength that is not weaker than that of Huanzhen's six layer heavenly warrior, there is still some gap between Ye Chen and his own strength in the view of nanxiaoli

That is to say, to Bai xuqi, ye Chen will surely die!

Her breath was in a hurry, and her figure flashed, but she could not continue to understand. She was flashing in the top of the sky, looking for the trace of Ye Chen!

But Ning Caixia was very nervous and said to Ye Chen, "Ye Chen, hide quickly. Bai xuqi has been inherited by King Wu. His strength is too terrible. Fortunately, in the top of the sky, his mind has been suppressed. If you are good at hiding, you can escape from him!"

Ye Chen just lightly swept Ning Caixia one eye and shook his head: "hide? Why should I hide? "

Since Bai xuqi wants to kill him, he can't let Bai xuqi go and let the other party come and kill him. Isn't it better?

Ning Caixia is in a hurry. She knows that ye Chen is not an ordinary martial artist in heaven and earth. However, she can't be compared with Bai xuqi who returns the seven layers of heaven and earth?

Ning Caixia advised again: "Ye Chen, now is not the time to be emotional! If it goes on like this, it will be too late

However, ye Chen did not seem to have heard of him. He sat in the same place, closed his eyes and practiced. His Daoyun had some qualitative changes. What is the specific?

That is, now, it seems that their own destruction Daoyun can be more perfectly integrated with other energies.

In the past, ye Chen could only integrate the destruction of Daoyun into his martial arts, but the integration was not complete. After all, although the star soul chop is powerful, it is not a destructive martial art, which is not suitable for destroying Daoyun!

Therefore, the power of destroying Daoyun can not be exerted perfectly!

The fusion degree is only about 60%!

But now, after its destruction rhyme has changed, the fusion degree with star soul chop has reached 80%!

Moreover, it is possible to continue to improve!

Ye Chen is now feeling this change, trying to improve the degree of integration.

Ning Caixia looks at Ye Chen, but a look of disappointment flashed over her pretty face.

In fact, many of Ye Chen's people have the same sense of pride when they see her

In fact, Ning Caixia's life experience is special, especially her own. Therefore, she hates those who have a chance to live, but do not cherish life

However, she still stayed by Ye Chen's side and did not leave. A decisive color appeared in her eyes. She thought secretly: "Ye Chen has not really faced Bai xuqi now. Maybe, he can't realize Bai xuqi's terror. When Bai xuqi arrives, he will change his mind. At that time, no matter what, I will help Ye Chen win the chance to escape!"

After all, ye Chen is her savior.

Ye Chen slightly opened an eye and swept Ning Caixia. He seemed to see through Ning Caixia's idea and said with a smile in his heart: "this girl, it's kind..."

Soon, Bai xuqi ignited the column of incense has been burned half, Bai xuqi's face is also gloomy down, to now, ye Chen still did not appear?

At the top of that day, many warriors also laughed.

At that time, Lingye was very strong in the north? Now, in front of Mr. White, he becomes a turtle with a shrinking head

"I'm afraid I've dug a hole in the ground to hide now?"

"Ha ha, dare not appear, this can only show that ye Chen is really afraid of ah, in fact, the force, and white childe has no comparability."

"How about challenging the grave? Pheasant can't become a Phoenix. "At this time, Bai Xu moved!

The fragrance was still floating in front of him, but his whole body was turned into a shadow, flashing in the sky, searching for the trace of Ye Chen.

At the same time, his voice once again spread all over the top of the sky and said, "Ye Chen, you still have half a column of incense. I urge you to seize this last opportunity and roll out by yourself!"

Many martial artists follow Bai xuqi and want to see what happens to Ye Chen!

In fact, many people want to see the tragic death of Ye Chen!

Although these people have no enmity with Ye Chen, they are envious of Ye Chen's martial arts talent!

Better than their own excellent people, naturally, the less the better!

Although the mind in the top of heaven has been suppressed to a certain extent, it is not difficult to find someone with the strength of Bai xuqi when ye Chen did not deliberately hide himself!

Because it's not too big!

Ning Caixia's face became more and more nervous. She looked up at the air, and Bai xuqi was getting closer and closer to them!

Can, until now, ye Chen is still indifferent, just slowly stood up to just.

At this time, Bai xuqi in the air suddenly stopped his body. Then, he fell like a meteor. Looking at this scene, everyone's pupils shrank!

And Nanxiao glass is pale, with all his strength, toward the place where Bai xuqi fell!

With a huge bang, Bai xuqi fell on the ground, and the ground under his feet was frantically broken. The rolling rhyme instantly came out of his body, surging out, making the heaven and earth distorted!

At the same time, Bai xuqi's fragrance in front of him was finally burnt out.

But in front of him, stood a indifferent youth, not ye Chen, who else?

Bai xuqi looked at Ye Chen and said with a cruel smile: "incense, it's burnt out, and your life is over. Boy, I've given you a painless way to die, but why do you choose to live rather than die?"

Chapter 4968

At such a distance, Ning Caixia felt her body trembled faintly in the face of Bai xuqi, her heart pounded wildly, and her pressure was extremely huge. However, she still blocked Ye Chen's body with one bite of her teeth and yelled: "Ye Chen, leave here quickly, I will help you to block him!"

Around those who rushed to the nearby, surrounded by martial arts, smell speech is a Leng, ye Chen side when there is a woman?

Or a very pure and beautiful woman?

What's more, to resist Bai xuqi for ye Chen?

For a while, those martial arts people look at Ye Chen's eyes are a bit sinister, this boy woman fate is really good?

With Nanxiao glass, now, another one?

Martial arts talent against the sky, and many beautiful women accompanied?

Well, they were jealous.

Therefore, ye Chen must die!

The worse you die, the better!

Bai Xu heard of this, but he said with a cold smile: "woman, do you want to block me? Can you stop it? "

Ning Caixia is not in the mood to pay attention to Bai xuqi, but is extremely anxious to look at Ye Chen. She did not think that at this moment, ye Chen is still standing in place, motionless. Is it true that ye Chen does not even have this vision?

I can't see how powerful and terrifying Bai xuqi is?

She couldn't help shouting, "Ye Chen! Why don't you run away? "

Bai xuqi looked at Ye Chen's seemingly quiet appearance and said: "escape? Hehe, now, the martial spirit and Taoist rhyme of my son have covered it. Let alone escape, he can't even move, can he? "

When they heard the speech, they all burst into laughter. They were still a little strange. Why did ye Chen dare to face Bai xuqi

It turns out that you can't move?

It's so funny!

And Ning Caixia is also a surprise, looking back at Ye Chen, that motionless appearance, seems to be really unable to move

It seems that she has underestimated the strength gap between Ye Chen and Bai xuqi!

For a moment, Ning Caixia was a little desperate

What about this?

Ye Chen can't even escape

Bai xuqi's expression gradually became cruel. He slowly raised his hand, and the rolling rhyme in his hand seemed to be about to hit Ye Chen. The eyes of all around him were bright, expecting to see ye Chen crushed by Bai xuqi!

But at this time, a woman's big drink, like thunder, exploded in people's ears: "stop it!"

Bai xuqi's eyes flashed. He saw that a figure appeared in front of Ye Chen's body. He was also a beautiful woman. It was Nanxiao glass!

Nanxiaoli was sweating and panting violently. She said to Bai xuqi: "Bai xuqi! Do you know who I am? "

"Who are you?"

Bai xuqi's eyes flashed a touch of surprise. He was more than 100 years old, and he was really in the seventh heaven?

This woman's qualification is too terrible, and her background must not be simple!

Nanxiao Glass said in a deep voice: "I am the daughter of the emperor of Nanxiao tiandian, Nanxiao glass! I warn you, you'd better not to shoot Ye Chen, otherwise, I promise I will never let you go

Nanxiao glass can't control so much now. In order to protect Ye Chen, he is desperate.

It's a pity that the will of King Wu at the top of the day repels a warrior who is too old like Yun Lao. Therefore, yunlao doesn't follow her in. Now he can only use his identity to suppress Bai xuqi!

It was a thrill to all of you!

Nanxiao glass is the daughter of the emperor of Nanxiao tiandian?

This identity is so terrible!

At the same time, they are even more jealous of Ye Chen!

This boy, even the emperor's daughter in the South Xiaotian hall has been coaxed?

To protect his identity?

It's so jealous that you're going crazy!

People, can't help but sneer: "ha ha, did not expect, ye childe is still a small white face?"

"Protection by women? Mr. Ye is so proud. He is really a model of martial arts in our generation! "

"It seems that Mr. Ye has a bad stomach and can only eat a soft meal."

Although Bai xuqi was also shocked, he did not mean to retreat at all. He said with a smile to nanxiaoli: "will you let me go? I'm curious. Why don't you let me go? Is it that Nanxiao Temple wants to declare war on the emperor's temple? "

If you want to kill nanxiaoli, he does have some scruples. However, ye Chen is the thorn in the eye of the emperor's tiandian. The Emperor himself ordered to kill the man!

How can nanxiaoli keep a word?

Even if Nanxiao glass really took Nanxiao tiandian against him afterwards, in this case, the Eastern Emperor's temple would never sit idly by!

Otherwise, the emperor's temple will be really disgraced.

Therefore, nanxiaoli's threat is meaningless to him.

Nanxiao glass secretly gnaws his teeth, and his whole body is full of spiritual power. It seems that he can only make a move!

Although, she is not Bai xuqi's opponent, but relying on her own identity, Bai xuqi dare not hurt her, should be able to hold each other for a moment and a half, let Ye Chen have a chance to escape!Can, at this time, everyone did not think of a scene, appeared!

Ye Chen to South Xiao glass, light mouth way: "small glass, get out of the way."

Nanxiao glass was a little stunned. He looked at Ye Chen anxiously and said, "but..."

Ye Chen stares at Bai xuqi and says only three words.

"Believe me."

The beautiful eyes of Nanxiao glass flashed for a moment, and I don't know why it was subconsciously let go.

Ye Chen moved, went to Bai xuqi's face, and said, "are you ready to die?"

People are first a Leng, ye Chen is not suppressed by Daoyun and martial arts can not move it?

But soon, a burst of laughter broke out at the top of the day!

What does Ye Chen say?

Ready to die?

Isn't this guy freaked out?

Still can't see the situation clearly, think oneself invincible?

Even Bai xuqi looks at Ye Chen with a strange look on his face. Ye Chen is still active, which is beyond his expectation. However, he doesn't pay attention to it. What can he do?

Can a boy in heaven and earth still defeat him?

Bai xuqi looked at Ye Chen and said with a smile: "I have to say that even I admire you for your courage. You are very lucky. I decided to let you become the first person to die under my cracked rhyme!"

As soon as the words fell, he immediately pulled out the long knife on his waist, and his look suddenly became fierce. The sword in his hand was so bright that it was just like the moonlight. Now it is so dazzling!

At the same time, bursts of terrifying martial arts burst out, a wave that will wipe out the earth, howling all over its body, and the bluestone under its feet is madly broken up!

Crack authentic rhyme, display to the extreme!

Feeling the power that broke the earth, many warriors retreated madly, their eyes were full of panic. Some of the warriors who retreated slowly and had weak strength screamed one after another. There were many cracks in their bodies, and blood flowed wildly!

Chapter 4969

Bai xuqi gazed at Ye Chen, and his expression gradually became ferocious. The mark on his brow was shining. He yelled at Ye Chen: "crack the ground, kill me!"

The rolling martial spirit and Daoyun infuse into Bai xuqi's long sword. A jade white sword light bursts out in an instant, towards Ye Chen and sweeps away!

The sword light is like smashing the earth into a smashed meteorite, carrying the power of exterminating all living beings, flashing wildly. Everywhere and in the space, there are cracks in Taoism. What's more, at the moment of the emergence of the sword light, a very deep crack was suddenly opened on the earth at the top of the sky!

He is a swordsman. His most famous unique skill is the crazy Sabre!

It is said that he once cut a boundary with this crazy sword!

Nanxiao glass and Ning Caixia, pretty face instantly no blood color, this knife is really too terrible!

It can't be matched at all!

I'm afraid that Bai xuqi is not ordinary among the strong people in the seven layers of heaven?

They can't stop them now, even if they want to!

Around that a crowd of retreating warriors are sneering, in their eyes, ye Chen is already a dead man!

Ye Chen stares at that Dao Dao Mang, the look is also some deep congealed, in the heart mouth way:  
"Shuo old, Xuan fairy, strength borrow me."

Although his destruction of Daoyun restrained the cracking of authentic rhyme, Bai xuqi's strength should be discounted in front of him, but today's Bai xuqi's breath is extremely terrible and should not be underestimated!

Only with all your strength can we defeat him!

At the next moment, a surging force poured into Ye Chen's body. At the same time, the extremely strong evil spirit surged from ye Chen's body, the flame behind it erupted, the power of the reincarnation xuanbei, the body of the heavenly demon, the formula of burning blood, the body of hundred evils, the transformation of soul and body, the ancient method of Hongmeng and so on, were applied to the extreme!

He did not hand, but in his eyes, red light exploding, waiting!

Just like when facing the extermination of King Wu at that time!

It has the same attribute of destruction. It has something in common with the destruction Shinto, but it is not as good as the destruction Shinto. Therefore, he can see through it!

Just when the blade awn of the crazy blade is about to swallow its body shape completely, ye Chen suddenly hands!

The black sun of destruction flashed over the evil sword, as well as the chaotic flame. The fierce sword light burst out!

"Star soul chop!"

The sword light of star soul chopping, originally, was like a bright star river, but now it has become a dark torrent!

The torrent is dotted with stars!

If the original Xinghun chop was Xinghe, now the Xinghun chop is a universe!

The universe full of endless destructive power!

In a flash, the two lights collided!

Black light and white light collide wildly, and the terrifying aftershock with destructive power surges around. The bluestone earth is constantly broken, and all the warriors do their best to resist the aftershock

But, at the moment, everyone's faces are full of incredible looks

Their eyes are almost out of their eyes!

What's the situation!?

Equal power?

Ye Chen is even with Bai xuqi?

That's Bai xuqi who has accepted the inheritance and cultivation of King Wu and the seven layers of heaven in the true state of cultivation!!!

In an instant, the spirits of all the people were about to explode!

However, a more frightening scene appeared!

See, that white light, the light that makes the earth crack is gradually began to break!?

Originally, but also full of ferocious smile of Bai xuqi, facial color instantly solidified!

His brain is going to stop working!

At the moment, he couldn't believe his eyes at all. He even doubted whether he had been hit by some magic!

Until the white light completely disappeared and felt the rolling destructive power contained in the dark sword just like the universe, Bai Xu finally came back to God!

His face suddenly appeared a look of panic, exclaimed: "the destruction of God! Dao Yun: the destruction of the five heavens!? It's impossible! If you are less than 100 years old, how can you have the destruction of the five Heaven rhyme? "

And, inexplicably, there seems to be something in the destruction Shinto that makes him feel afraid!

Bai xuqi clenched his teeth and held up his mind. He cut it again with a loud noise and blood splashed everywhere!

Bai xuqi repeatedly retreated, his waist was cut out a ferocious wound, blood crossflow!

It is actually by Ye Chen one sword, cut wound!

At the moment, Bai xuqi has already given birth to the idea of retreat!

He has just received the inheritance of King Wu. As long as he lives on, he will surely become one of the top powers in foreign countries. Even, it is not impossible to fly to the supreme world!

He must not die here!

Under the gaze of the public, Bai xuqi, who was originally regarded as an invincible existence and the favorite son of heaven who crushed everything, actually flashed his body and ran away towards the sky! Did Bai xuqi escape?

Those martial arts people are just stupid

It was as if the world champion in their eyes was beaten to tears by a pupil

Can, at this time, a indifferent man's voice is in people's ears, light echo way: "can escape?"

In fact, with Bai xuqi's escape speed, ye Chen wants to catch up with him, but maybe he can't catch up with him

Unfortunately, ye Chen does not need to chase.

Bai xuqi, who was flying away crazily, suddenly felt his body tight. His face changed wildly. He looked at his waist strangely. He saw that there was a red chain in his waist!

It's just the sky demon God rope!

At the same time, his back suddenly felt a burst of hair inverted, a breath of death, in his body crazy surging!

He suddenly turned around and looked at Ye Chen.

At the entrance, it is a very cold smile that will never be forgotten!

Also, in the young man with a cold smile, the black light surging from his fingertips

The black light, as if the world after the collapse of nothingness

The power of the ultimate destruction!

Ye Chen faintly opened his mouth and said: "Donghuang tiandian, the hatred between you and me ye Chen has just begun!"

"Exterminate the light."

After destroying Daoyin and breaking through wuchongtian, ye Chen still has a huge harvest

That is, now, the light of extinction can be used normally.

Although, the speed of display is still slow, and powerful warriors can avoid it. However, as one of the cards, it is enough.

Bai xuqi just wanted to escape, did not pay attention to what ye Chen was doing. At the moment, he was suddenly controlled by the sky demon God rope, and the God of extinction had already shot at him!

Now it's too late to dodge!

In the face of this terrible black light, Bai xuqi's heart and courage will burst and his blood will coagulate!

Chapter 4970

He ran the spirit power in his body and poured it into the jade white sword in his hand. He roared wildly:  
"I am the descendant of the king of split land, and I will never die here, never will I! Split the ground  
crazy knife

The more crazy the swordsman is, the more powerful it will be!

At the moment, Bai xuqi was forced into a desperate situation, on the contrary, to a greater extent, he exerted the power of this crazy sword!

A sharper and more terrifying sword light burst out in an instant and rushed towards the light of Mie giant god!

After chopping out this knife, Bai xuqi's eyes also appeared the color of great joy!

This unexpected breakthrough may help him to reverse the situation!

In the blink of an eye, the two rays of light touch in an instant!

However, this time, a more shocking scene appeared in front of everyone!

I saw that it looked like an invincible knife that could cut the heaven and earth. Under the black light of Ye Chen, it was just like paper paste. It broke into a little light and dust and disappeared between the heaven and the earth!

It is not even a trace of resistance!

There is a sneer on Ye Chen's mouth. The God of extinction is the ultimate destructive power, which is extremely hard to resist. With the power of xuanhanyu and shuolao, maybe there are some anti heaven moves that can block the light of extinction.

Today, the skill of the Dao is not as strong as that of the outside world

The most important thing is that the schizophrenic Sabre is a kind of extermination skill. It has been completely restrained by the power of destruction. There is no hope to block the light of extinction!

"No

Looking at the black light in front of him, Bai xuqi uttered a heartrending scream. At this moment, he really realized what it was like to go from heaven to hell!

If he could go back to the past, he would never do anything to Ye Chen, even if he accepted the heavy punishment of the temple of heaven!

The next moment, the light of extinction pierced Bai xuqi's eyebrows, which was just the location of the mark of King Wu!

The vitality in his eyes faded away, and his body, who lost his life, fell from the air powerlessly, and even the spirits were completely destroyed under the force of destruction.

This is the evil spirit inherited by King Wu, so he died in Ye Chen's hands!

.....

At the same time, the emperor's temple.

Donghuang forgets the opportunity, wanwuguang, Xu Yanling three people, sitting in front of a crystal screen, their looks are incomparably gloomy!

On the crystal screen, what appears is a scene of Bai xuqi falling down!

When Bai xuqi was handed down by the king of Wu, the emperor and others were very happy!

In their eyes, ye Chen is dead!

But what about the result?

It was Bai xuqi who died!

Even Bai xuqi, who still lives in the seven layers of heaven, can't even kill Ye Chen?

To their dismay, ye Chen's progress is too fast

If it goes on like this, I'm afraid it won't be long before this young man who is less than 100 years old will become the biggest threat to the emperor's temple of heaven!

Xu Yanling couldn't help but look at the East emperor and asked, "emperor, what should I do now?"

After a moment's silence, the emperor said, "although Bai xuqi is dead, there is good news..."

Wanwuguang's eyes flashed slightly and said, "the emperor said the dead man Chen qusu?"

Forgetting the opportunity and nodding his head, "yes, Chen qusu is very old, but he is not awed by the three great powers. It seems that it is not a matter of age..."

Hearing the speech, Xu Yanling's eyes twinkled and said, "maybe, those three great powers can't do it now!"

Her eyes are surging with killing opportunities. If the three great powers can't make a move, then this time, the high-level of the Eastern Emperor's temple will surely be able to kill Ye Chen!

What she hopes most now is to let Ye Chen die, and let Ye Chen die at all costs!

Because, ye Chen already let her feel fear!

The emperor forgot the opportunity, shook his head and said, "it's not sure. Even if we really want to do something, we have to do more experiments..."

Last time, if there was no Donghuang bell, the three of them were dead. But now that the Donghuang bell is damaged, whether it can block the eyes of the three most powerful virtual shadows is a question. Therefore, we can not take risks

Wan Wuguang looked motionless and said, "What Does emperor mean?"

The emperor forgot the opportunity and said, "Xu Sha, how is it now?"

Xu was shocked to hear the emperor's eyes?

However, Xu Sha is really suitable for dealing with that weird boy!

Xu Yanling replied: "after Xu Sha was imprisoned, he was sealed and injected with medicine regularly. Now he is still sleeping..."

A complex color flashed in his eyes and sighed: "untie Xu Sha's seal, stop injecting medicine, and when Xu Sha wakes up, he orders him to kill Ye Chen..."Wan Wuguang and Xu Yanling looked at each other, nodded and said, "yes!"

.....

The top of the sky.

A group of martial artists are now extremely frightened and look at Ye Chen in awe

If ye Chen was just a monster in their eyes, now he is the reincarnation of the real devil

Even those who have just ridiculed Ye Chen just now kneel down to Ye Chen and kowtow wildly to ask Ye Chen's forgiveness, even if ye Chen doesn't take the initiative to pursue them.

With Ye Chen now's strength has disdained and such mole ants.

After all, ants can't be killed completely. Moreover, although these people ridicule a few words, they are still not to the extent that they have to die.

At this time, Ning Caixia and Nanxiao glass have also come up.

Ye Chen killed Bai xuqi, which shocked and delighted them. At the same time, their hearts were somewhat complicated.

Nanxiao glass was full of vitality. As soon as he came up, he was facing Ye Chen's chest. He lifted up a powder fist and smashed it hard. He said, "hum, you guy, you cheat me! Tell you to lie to me! You big liar

Ye Chen grabs nanxiaoli's hands. Although nanxiaoli looks like a beautiful girl, it doesn't really hurt Ye Chen with her accomplishments. However, it still hurts. Moreover, now Shuo Lao's strength has subsided, and ye Chen's state is a little weak

However, Nanxiao glass doesn't seem to want to let Ye Chen go like this. He even wants to break away from ye Chen's hands. Ye Chen can't help but look at Nanxiao glass innocently and say, "Xiao Li, don't beat me. I'm wronged. When did I become a big liar?"

Nanxiaoli youyou said: "you are much stronger than I am. Why do you hide all the time? You didn't use your real strength before? It's not lying to me what it is! Do you know how scared I was when I heard that Bai xuqi was going to kill you I... "
