

Physician 4981

Chapter 4981

Nanxiaoli was surprised. You should know that no one can pass through Zifeng Death Valley in all kinds of records!

This kind of probability, too small!

However, she still nodded and trusted Ye Chen incomparably!

Ye Chen said: "hold me tight for a while, don't leave me half step!"

Although Xiaohei can swallow the purple black wind, it is only effective in a very small range. In case, Nanxiao glass is far away from himself and accidentally contaminated with the purple wind, it will be dangerous!

Nanxiaoli's pretty face turned red and her heart beat faster, but she didn't refuse. She came to Ye Chen's back and held Ye Chen's waist tightly. She felt the body temperature of Ye Chen's back. Nan Xiaoli felt a strange feeling in her body.

And ye Chen can't help but feel helpless at the moment. He didn't expect Nanxiao glass to hold so tightly!

That delicate body is just like to squeeze into Ye Chen's body, especially that pair of soft!

.....

At the same time, Donghuang tiandian!

The emperor forgets the opportunity, Xu Yanling and WAN Wuguang are still sitting in the hall.

All of a sudden, the Eastern Emperor forgot, but his face moved. With a wave of his hand, a crystal screen fell in front of the three people. On the screen, the picture changed for a while, and two vague figures appeared!

When the emperor forgets the opportunity to see these two figures, he can't help it. His pupils shrink and his breath gets restless!

Wanwuguang asked curiously, "emperor, is this?"

"Long, long time ago, I caught a baby of six winged God shark in the Starry Sea of the void," he said in a deep voice

Two people smell speech, the vision a flash, but didn't say what, they all know this matter!

Forgetting the opportunity, the Eastern Emperor continued: "if the six winged God shark was young, it would be very difficult to survive if it was separated from the empty star sea, unless it was raised in some special sacred water!

Among them, there is a kind of divine water named dark Yao real water, which is extremely difficult to use. Therefore, I can only raise the six winged God shark in the place with many dark Yao real water!

What's more, this space is separated by treasure, forming a different space

When they heard this, they looked at each other and said, "is this the picture of that strange space?"

The Eastern Emperor forgot the opportunity and said, "not bad!"

Then, his look was gloomy and said: "did someone break into this strange space? Look who I am! Dare to beat my six winged Shark

Soon, the picture on the crystal screen became clear.

But after the three people saw the two figures clearly, they were all slightly stunned, and then the face showed an incredible color!

These two figures are Ye Chen and Nanxiao Li!

Xu Yanling exclaimed, "how could it be them? How did they enter this strange space with their strength?"

She is very clear, the emperor forgot the opportunity to lay a layer of defense outside the space!

Only in the later period and even in the peak stage, more than ten people were employed!

Wan Wuguang also anxiously said: "emperor, if you let Ye Chen this boy get the shark's fin of the six winged God shark, it's bad!"

Ye Chen this incomparable against the sky, and then get such a treasure, its progress speed will be faster!

But, who knows, at the moment, the emperor forgot the opportunity and suddenly burst into laughter!

It seems that not only did not worry at all, on the contrary, I was extremely happy!

Wan Wuguang and Xu Yanling are both stunned. What's wrong with emperor?

Is it too much stimulation?

At this time, the emperor forgets the opportunity and points to the canyon in front of Ye Chen and says to the two people, "what is this?"

Wanwuguang and his wife looked at the canyon. They just focused on Ye Chen. They didn't notice the canyon at all. At the same time, they changed their faces and said: "is this Purple wind dead valley

"Not bad!" The Eastern Emperor forgot the opportunity and nodded, "to be exact, it is not the purple wind Death Valley in the records, but the purple black strong wind is the same thing as the purple wind in the purple wind Death Valley!

Because we found the existence of the purple wind, we didn't set up a guard in this place at the beginning, because no one could cross the purple wind

"You see, ye Chen and the Nanxiao girl look like they are going to cross the purple wind!" Xu Yanling said

The Eastern Emperor forgot the opportunity and said with a smile, "that's why I'm happy! What's the use of martial arts? Hehe, he has no brain, even if he dares to cross the purple wind Death Valley, even if he has strong vitality, he can't walk out of it alive! "

Wan Wuguang and Xu Yanling both laughed when they heard the speech, and they were very proud to smile!

At the moment, the dead leaves are watching the dark wind in their hearts and praying for death!

But at this time, Xu Yanling was a little uneasy and said, "emperor, if It's just that if this guy breaks through the purple wind Death Valley, then it's possible for us to lose the shark's fin? It's a big loss! "The fins of the six winged God shark are very useful to them!

The Eastern Emperor forgot to hear the words, but he shook his head with a smile and said, "Yan Ling, do you remember, elder martial brother ghost?"

Xu Yanling's eyes flashed and said, "brother ghost? I, of course

Ghost surname is an extremely rare surname in the realm of heaven and man. As long as the surname is ghost, it will make a deep impression!

Xu Yan Lingdao: "a million years ago, there was an extreme genius named guixiong in the East emperor's temple. At that time, the emperor of the temple was still your father, and guixiong was his only disciple under the old man's seat!

Its qualifications can be imagined, but the most famous thing about guixiong is his constitution, which is known as the immortal ghost body!

This constitution makes him almost immortal. Even if he is a strong man whose realm is far higher than his, it is extremely difficult to kill him. However, for some reason, GUI Xiong disappeared for no reason

Moreover, not only he, many demons in the heaven and man domain disappeared at the same time!

At that time, there was a lot of commotion in the whole universe of heaven and man! "

The Eastern Emperor forgot the opportunity to see a complex color in his eyes. Looking at the purple wind valley of death, he said: "a strange treasure appeared in a remote place in the heaven and man kingdom a million years ago. At that time, many demons in the whole heaven and man Kingdom participated in the fight for the strange treasure..."

"But, who knows, where the treasure is, there is a gust of purple and black wind. Many demons have entered the purple black wind in order to get the treasure, but no one comes out of it alive..."

Chapter 4982

Wan Wuguang and Xu Yanling could not help but take a breath of cold air when they heard this!

The Eastern Emperor forgot the opportunity and said in a deep voice: "elder martial brother ghost, he died in the canyon that year! What's more, everyone didn't even hold on to a breathing time!

Now, you should know how terrible this purple black gale is! "

Xu Yanling's eyes trembled slightly. You know, Guixiong was at the top of the real world at that time. Coupled with his immortal ghost body, his vitality was so strong that he couldn't even hold on to a breath?

No matter how strong Ye Chen's vitality is, it's useless!

"And..."

Forgetting the opportunity, the emperor said with a smile: "even if he can cross the purple wind Valley, it's useless. The six winged God shark has grown up, and its strength is not weak. Its nature is ferocious and bloodthirsty. Moreover, after being captured by me, he hates human beings very much. Ha ha, Ye Chen and the daughter of Nanxiao Fengqing want to fight the six winged God shark?"

It's just the result of being swallowed up. "

Wan Wuguang and Xu Yanling smile, completely smile, everything is safe, this potential huge threat is about to disappear, even if Ye Chen's background is no longer useful, this is not their hand, it is Ye Chen's own death, who is to blame?

As for Nanxiao glass, it's her own death. Even if Nanxiao Fengqing knows about it, she can only blame herself, not the head of the emperor's heaven hall!

Ha ha, this stupid girl likes to stay with Ye Chen?

Then die together!

At this time, Ye Chen moved, he suspended in the air, stepped in the air, toward the purple black wind, went!

The eyes of the three of them were shining in an instant, and the smile on their faces would be grinning to the root of their ears!

Stupid thing!

Really stupid thing!

I really want to go through the purple wind Valley!

Now, they don't have to worry about ye Chen any more!

For a moment, the emperor forgets the opportunity, and the three people are breathless. Some can't wait to see ye Chen swallowed by the purple wind and send out a scene of scream!

At the moment, before the purple wind Death Valley, ye Chen looks slightly dignified and confirms to Xiao Hei: "Xiao Hei, are you ready?"

"Yes, master!"

At this moment, the black mark reappears in Ye Chen's eyebrows, and his white eyes are instantly stained with black, which looks a little strange. This is a sign that ye Chen has turned the beast transforming magic to the extreme and perfectly integrated with Xiaohei!

Ye Chen took a deep breath, and then, a head into the purple wind dead valley!

.....

In the East emperor's temple, on the screen, ye Chen's figure disappears and is replaced by endless purple wind!

Donghuang forgets the opportunity three people, silent for a second, then, is laughing!

Laugh like crazy!

It's a success. It's a real success!

The damned boy finally entered the purple wind Death Valley. He is a dead man now!

Forgetting the opportunity, the emperor said with great joy: "tonight, a large banquet will be held in the temple of heaven. All the people in the temple will give rewards! The boy is dead, and our threat is gone. We need to celebrate! "

Xu Yanling is also satisfied, and nodded his head.

They tried their best to kill Ye Chen. When ye Chen killed Bai xuqi, to tell you the truth, they were all flustered. The pressure Ye Chen brought to them was surprisingly great!

But who could have thought that ye Chen died of his own folly in the end?

This time, the emperor's Hall of heaven is really at ease.

As soon as the emperor reaches out his hand, he will put away the crystal screen. After all, it is useless. Everyone knows that ye Chen is a dead man. What else is good to see?

Can, at this time, wanwuguang is a flash of vision, the rest of the corner of the eye glimpsed what!

His eyes suddenly opened and said, "emperor, wait!"

"Well?"

"What's the matter?" he said

Wan Wuguang frowned and pointed to the position where ye Chen had just entered the valley of purple wind. He said, "you see, the purple wind in this position looks much thinner?"

Dong Huang forgets the opportunity and Xu Yanling look at that position, really weak several points.

However, both of them did not pay attention to it, because ye Chen's figure has disappeared, that is to say, basically, we can conclude that he is dead!

However, wanwuguang frowned slightly and said, "let's have a look."

.....

At the same time, ye Chen had already dived into the bottom of the canyon. He looked at a huge purple black storm whirlpool at his feet. He raised a smile and said: "is this the eye of the wind?"

Nanxiao glass is holding Ye Chen tightly at the moment. Her body is shaking. She feels how strange and terrible the purple black wind is when she is near the eye of the wind!

However, the wonderful thing is that no matter how strong the wind blows, it can't infect Ye Chen's whole body!

This is so shocking to Nanxiao glass!

Ye Chen can't even do what countless martial artists can't do, but he can do it easily! This man is really a wife, his wife is special!

Only holding Ye Chen tightly can she have a sense of security!

Nan Xiao Li asked in a trembling voice, "Ye Chen, why do you want to get close to the eye of the wind?"

Don't they just have to cross the Canyon?

Ye Chen's eyes flashed: "I will swallow up the wind in this Canyon!"

When Nanxiao Li hears the speech, the whole person is confused

What others avoid, ye Chen will swallow?

At this time, ye Chen suddenly turned his head and said with a smile to Nanxiao glass: "glass son, don't be afraid. Just hold me tight."

Nanxiao glass got nervous and asked, "what are you going to do?"

Ye Chen did not answer, just showed a brilliant smile, the next moment, he moved, then a head into the eye of the wind!

"Ah, ah, ah, ah, ah!"

Nanxiaoli screamed like a girl on the earth on a roller coaster. She held Ye Chen in her arms. Even, two slender legs were coiled around Ye Chen's waist, like an octopus. She wrapped Ye Chen to death!

Ye Chen's face appeared a touch of excitement. He was in the center of the eye of the wind. He tried his best to transform the beast's magic power. With the power of Xiaohei, he devoured the purple black wind wildly!

.....

The emperor's temple.

The Eastern Emperor forgets the opportunity and others are staring at the crystal screen at the moment, but ye Chen's figure still does not appear in the screen.

People were slightly relieved. Even GUI Xiong couldn't hold on to a breathing time in the purple wind Death Valley. It's impossible for ye Chen to stay in it for a long time.

That is to say, ye Chen is dead, ten thousand percent dead.

I should have just lost my sight.

The Eastern Emperor was about to put the screen away again when Xu Yanling exclaimed: "look! The purple wind Valley seems a little strange! "

"Well?"

The Eastern Emperor forgot the opportunity and wanwuguang frowned and looked at the screen. Soon, their looks changed!

Chapter 4983

Just now, has been paying attention to the position of Ye Chen disappeared, did not find, at the moment, in Xu Yanling's reminder, two people immediately see out!

At the moment, all the purple and black winds in the valley of death are moving towards one place, gathering and leaving. Moreover, with the effort of a incense stick, the purple wind in the whole valley has been weakened by the naked eye!

This can't be explained by looking away!

"What happened in the purple wind Valley?" the emperor said with a gloomy look

.....

Nanxiaoli has been silly. Looking at the purple and black wind that is constantly disappearing around Ye Chen, her brain will not work

In this legend, the murder is invisible, and the most terrible purple black wind seems to be being devoured by Ye Chen madly!?

In fact, Nanxiao Li has been shocked by Ye Chen many times. She knows that ye Chen is by no means a warrior who can be measured by common sense. Originally, she thought that she would never be surprised at what ye Chen did

But she was wrong!

She underestimated Ye Chen's adversity again!

Half an hour later, the purple black gale in the whole purple wind Death Valley has been almost swallowed up by Ye Chen!

In the sky Hall of the Eastern Emperor, the emperor forgets the opportunity and so on. Looking at the empty gorge at the moment, they are all in an incredible appearance. In the canyon, a young man with a cool look is sitting. Beside the young man, a series of purple black winds roll by, but they are mysteriously missing when they are close to him!

This young man is Ye Chen who they thought had died in the valley of purple wind!

They did not dream that ye Chen really survived, and what's more frightening is that he swallowed up the purple wind of the whole purple wind Death Valley!

The whole hall is in dead silence!

Donghuang forgets the opportunity and wanwuguang, Xu Yanling, the three top strong men in the heaven and man realm, look at Ye Chen, and feel great pressure in their hearts!

Even ye Chen can swallow up the strange purple wind. It can be imagined that what a terrible potential it is. If he is allowed to live, maybe it will be a hundred years, not even ten years, and it will pose a huge threat to the emperor's temple of heaven!

The emperor forgets the opportunity, and now he regrets it beyond description. If he could protect Ye Chen and stop Xu Yanling on that day, the ultimate evil spirit would have joined him!

However, it is useless to regret again. Now, the emperor tiandian and ye Chen are immortal!

He took a deep breath and said, "it's really weird that this boy can swallow purple wind, but you two can rest assured that ye Chen will die when he faces the six winged Shark

When Xu Yanling and WAN Wuguang heard the words, their faces softened.

Yes, there are six winged shark, ye Chen again against the sky, it is impossible to defeat the adult six winged shark, right?

As for ye Chen's sudden rise in strength when he faced Xu Yanling that day, it was obvious that ye Chen used some one-time means to protect his life. Otherwise, if ye Chen could continue to use that secret skill, he would have overturned the East emperor's temple long ago!

At the moment, in the valley of purple wind death, ye Chen opened his eyes.

His face appeared thick joy, Xiaohei is refining the purple wind energy, as he said, it is very consistent with the energy attribute, refining speed is very fast, ye Chen can clearly feel that his chaotic flame is rapidly strengthening!

Ye Chen is preparing to leave the canyon with nanxiaoli, but suddenly he gives a light cry and looks at the bottom of the canyon.

His eyes fell on an inconspicuous corner, where there was a heap of stones.

Ye Chen body shape move, then came to the disorderly stone pile before, with a wave, those disorderly stones then turn to smash, and under the stone pile, bury a small bead.

Nanxiao glass, some unexpected way: "there is something in this Canyon?"

Ye Chen's eyes flashed, just before the God was blocked by the purple wind, did not find the existence of this bead, now the purple wind has been swallowed up by him, immediately found!

I'm afraid that he is the only one in the world who can get this bead. If anyone comes here, let alone enter the valley shrouded by purple wind, I'm afraid he can't even find this bead!

The next moment, ye Chen picked up the bead, took it in his hand and looked at it. The bead is very beautiful. It seems that there is a nebula inside the bead!

At this time, xuanhanyu said excitedly, "Ye Chen, you've made a lot of money. This bead is the most precious treasure."

"Treasure?" Ye Chen's eyes brightened.

Xuanhanyu said: "this bead is called dark Yao pearl. A kind of divine water can be produced in the dark Yao pearl, which is called dark Yao real water!

Even, can condense the dark shining water essence!

This dark Yao water essence is a treasure. One of its functions is to refine weapons!

The weight of Sha sword is too light for you to use now? Just in time, you can add some dark shining water essence. In this way, the weight of Sha sword will be greatly increased

Even if the Pearl of blood is about to start, it will make you happy!Then, he left the canyon with Nanxiao glass and continued to move forward.

The emperor forgets the machine and others frown slightly. From the crystal screen, they can't see what ye Chen gets.

After crossing the canyon, ye Chen and nanxiaoli came to a narrow mountain road. After walking for a moment, they heard loud noises in their ears!

When they looked at each other, they all looked at each other. The loud noise was very similar to the roar of the waves pounding the shore!

Two people's pace, accelerated a minute, soon walked to the end of the mountain road!

Gusts of wind blowing, two people's pupil slightly contracted, at the moment, appeared in front of them is a vast ocean!

Now, they are standing on a high cliff, and below is the endless sea water, but it is not an ordinary sea!

This sea water is very special, showing light purple, among them, twinkling a little star light, endless, looks, beautiful!

And the breath of the sea water is very similar to that of the Obsidian Pearl!

Xuanhanyu was surprised and said, "the sea is formed by the dark and shining water! No wonder If the six winged shark wants to grow up outside the Starry Sea, it has to rely on this kind of water!

Ye Chen, don't underestimate the dark shining divine water. Such a large amount of divine water is extremely heavy. Only the powerful creature like the six winged God shark can swim freely in it

At this time, the whole purple sea was boiling up in an instant. A breath of terror surged up from the bottom of the sea. At the moment of this breath, a huge wave surged out!

Ye Chen's face changed slightly. The dark Yao water was so heavy, but now it was set off a huge wave?

We can imagine how terrifying the power of the huge wave!

Chapter 4984

In a flash, the huge wave hit the cliff with a bang. The whole space seemed to collapse!

The rock on the cliff is also a very hard type, but now, it has been covered with cracks!

As if, at any time will be broken down!

But now, ye Chen and Nanxiao Li have no mind to meet the cliff. Their eyes are all focused on the sea, and there is a shadow as big as a hill rising rapidly from the bottom of the sea!

And the breath that makes people chill is more and more obvious, shaking their nerves!

Nanxiaoli said in a panic: "Ye Ye Chen, the strength of the six winged God shark is like... "

Ye Chen is also full of dignified color at the moment. Although it is impossible to judge its specific strength, the strength of the six winged God shark seems to be far beyond their imagination!

At the moment, Xiaohei hasn't finished refining Kaitian aura, that is to say, his biggest card activating reincarnation blood can't be used for the time being. If he really plays against the six winged shark, I'm afraid it will be very dangerous!

The Eastern Emperor forgets the machine and so on to look at Ye Chen's facial expression, on the face all emerged the incomparable joyful smile, looked like, this time ye Chen can't be unexpected again?

At this time, the clouds changed color, the air was filled with rolling evil spirit, a huge shadow came to the position near the water, six silver white dorsal fins with blue lines, just like a huge silver moon rising from the sea bottom, jumped into the vision of Ye Chen and Nanxiao glass!

The next moment, a huge bang, the water broke, a huge silver white shark from the bottom of the water, toward Ye Chen two people with a very fast speed!

The shark's eyes twinkled with blood red light. The shark's kiss was wide open and the cold light flashed. In the big mouth, there were huge teeth like sword mountain!

The disgusting smell of blood gushed out from the shark's kiss. Even Nanxiao li felt dizzy Just smelling the smell, and there were scenes of monsters howling and wailing in his eyes!

The six winged God shark has devoured many monsters!

However, these are not the point, ye Chen two people at the moment most care about is the strength of the six winged God Shark!

Ye Chen's look was instantly ugly. The six winged God shark is too rare, and the adult body is even less pitiful. Moreover, the strength gap between individuals is very large. Before facing the six winged God shark, it is impossible to judge its strength. Now the situation is not good!

If you can use Kaitian spirit, you can still rely on reincarnation to fight with him. But now, ye Chen and nanxiaoli are not enough to make appetizers for the six winged God shark!

In order to avoid the whirlpool of silver leaf, the cloud shark suddenly grabbed the silver wing, which was a whirlpool of silver!

Ye Chen's pupil shrinks. Under the constraint of this suction, even with his strength, he can only barely maintain his body and is not inhaled into the mouth of the six winged God shark. He has no time to escape!

Seeing the six winged God shark getting closer and closer to them, ye Chen and nanxiaoli can even feel the burning breath from the bloody mouth!

Ye Chen turns his wrist, and the Sha sword falls into his hand. He stares at the six winged God shark, his eyes are bloodshot, and he seems to be a beast forced to die. If he is really devoured by the six winged God shark, he may not survive with his vitality!

Not to mention, he also has nanxiaoli. Even if he is lucky enough to live, nanxiaoli will surely die under the sharp teeth in an instant!

At present, we can only fight to death!

And want to fight with the six winged God shark, it seems that only once again burning Xuan demon blood!

The emperor of the East Chen looked at the action of the six shark's wings, and they were so excited that they couldn't forget to eat the six shark's wings!

Hum, if you have talent, why don't you laugh?

Ha ha, this kind of people, even if they join the East emperor temple, can't live to grow up, and even cause a lot of trouble to the temple! "

She can conclude that ye Chen is a dead man. A miracle can be created once, but it is impossible to create infinitely. It is indeed inconceivable that ye Chen has broken through Zifeng's death valley. However, can such an impossible thing happen twice in a row?

But, as if in answer to Xu Yanling general, on the crystal screen, at the moment there is a very strange scene!

I saw that it was almost an inch short of killing Ye Chen and nanxiaoli. The six winged God shark, who was devoured, suddenly stopped and suspended in front of Ye Chen. A pair of bloody eyes were staring at him!

East emperor forgets the opportunity three people, instantaneous petrification!

What about the cruel bloodthirsty and the hatred of human beings?

The six winged God shark, why is it so quiet? It's just like a cute little dog!

Don't say it is the Eastern Emperor forget the opportunity, even ye Chen himself is slightly a Leng, incomparably surprised to see the six winged God shark. Just when ye Chen was about to burn Xuanyao blood, xuanhanyu suddenly said, "Ye Chen, try dark Yao bead!"

When ye Chen hears the speech, he instantly reacts. The sea is made up of dark Yao real water. How does the dark Yao real water come from here?

It's probably related to the Obsidian bead in his hand!

In other words, the dark Yao water is very important to the six winged shark!

But ye Chen has a higher level of dark Yao water essence than the dark Yao real water!

At the moment, the dark Yao bead has not been really finished, but ye Chen has been able to mobilize part of its energy!

Just as the sharp teeth of the six winged God shark were about to pierce Ye Chen's body, their bloody eyes suddenly fluctuated for a moment and stopped the attack!

His eyes appear a very strong color of desire!

Ye Chen gently vomited a breath, slightly relieved in the heart, he bet right!

Ye Chen's eyes narrowed, and the six winged God shark's intelligence seemed quite powerful. After all, it was a living creature in the empty sky and star sea, not an ordinary monster, and it was normal to have intelligence.

Ye Chen to six wings God shark, sent out a spirit message, asked: "do you want this dark Yao water essence?"

The six winged God shark gazed at Ye Chen, without any reaction, but the fierce light in his eyes was once again strong!

Obviously, it wants to rob!

Ye Chen's eyes narrowed and laughed coldly. Immediately, a very bright pearl appeared in his hand!

Seeing this bead, a greedy look appeared in the eyes of the six winged shark! It's full of breath, as if to Ye Chen again!

Chapter 4985

But all of a sudden, an extremely unstable energy burst out of the bead, which seemed to burst!

Ye Chen has refined some of the dark Yao beads. If he wants to, he can detonate this treasure!

For a moment, a touch of human panic appeared in the eyes of the six winged Shark! Hastily converged the breath, did not dare to have the slightest change.

Seeing this, ye Chen turned his wrist, collected the dark Yao pearl, and said: "I can give you some dark Yao water essence, and only I can do it. If you want this dark Yao water essence, you can only trade with me, OK?"

If you have any more wrong thoughts, I will detonate the dark pearl immediately

Dark Yao bead can automatically generate dark Yao water essence and give it to six winged God shark, which is not a loss at all!

And his goal, of course, is the six fins on the back of the six winged God Shark!

The six winged God shark hesitated for a moment, and finally, he sent out a divine thought to Ye Chen, and both sides began to communicate!

The Eastern Emperor forgets the opportunity and so on all looked silly!

Does the six winged shark really have no plan to attack Ye Chen?

How did this guy do it!?

In a flash, the atmosphere in the hall of the Eastern Emperor's heaven hall was extremely dignified and cold!

East emperor forgets machine three people facial expressions are extremely ugly!

The emperor's expression is more ferocious, especially when he wants to eat!

If ye Chen really got the shark's fin of the six winged God shark, his efforts for so many years were in vain!

Moreover, also gave the fruit with the white to Ye Chen!

You know, it is very difficult to feed a six winged God shark. The emperor has no idea how much money he has put into it just because of the natural materials, the earth treasures and all kinds of monsters as food!

What happened?

Do you work for ye Chen?

How can he bear it!

What worries him more is that ye Chen gets the shark's fin of the six winged shark, and his strength will be improved faster!

At this time, a disciple of tiandian Temple suddenly came to the hall, forgot the opportunity to the East emperor, and said respectfully: "emperor, according to your command, the seal and injection of Xu Sha have been stopped. Now, he is about to wake up!"

The Eastern Emperor's forgetful eyes trembled, and then said, "I know. Let's go down."

At this time, Xu Yanling asked: "emperor, are you going to..."

The Eastern Emperor forgot the opportunity to take a deep breath, and a look of loneliness appeared in his eyes. He said, "it's time to end it. If Xu Sha can solve a serious problem for the Eastern Emperor's temple before he dies, it's not in vain for the emperor to suppress that demon for so many years."

Then he looked at Wan Wuguang and Xu Yanling and said, "you are ready. When the emperor releases Xu Sha, we will take him to another space."

In the eyes of the emperor forgetting the opportunity, there appeared a cruel color: "this time, we must completely kill Ye Chen!"

"Yes

As soon as the voice fell, the emperor forgot the opportunity, and his body flashed and disappeared from the hall.

The next moment, he appeared in a very gloomy dungeon, this dungeon in the East emperor's temple, only a few people know its existence!

The Eastern Emperor forgot the opportunity and walked towards the depth of the dungeon. A bloody gate appeared in front of him. He sighed and pushed the gate open. Behind the gate was a hall. There was nothing but one person in the hall!

A man locked on an iron pillar!

The man was all wrapped in chains, and several seals were laid under him!

However, the grand array, which should have been shining with spirit, has now faded.

The young man looked as if he were no different from ordinary people, but rather pretty.

Indistinctly, actually is and the Eastern Emperor forgets the machine to have some similarity!

The man above the iron pillar, looking over 20 years old, has red hair, all over the body, and is vaguely engraved with the Taoist runes. At this time, the man frowned and slowly opened his eyes

Frightening is that the man's eyes are actually a piece of blood color, like, two huge blood whirlpool!

When the man opened his eyes, the air in the hall became thick and sticky. The breath of blood floated in the air, sending out a strong smell of blood, as if this place had been submerged by blood!

This man is a man who has been sealed for countless years by the emperor, Xu Sha!

After Xu Sha woke up, a huge breath of determination came out of his body!

This breath is extremely dangerous!

What's more, it's been sealed for countless years and its strength has been greatly reduced!

We can imagine how terrible Xu Sha was in his heyday!

Xu killed a pair of blood eyes, looked at the Eastern Emperor forget, mouth, raised a smile and said: "brother, long time no see, this time I sleep how long?"

Xu Sha is the younger brother of the emperor! Exactly, half brother!

Donghuang forgetting Ji was not called this name in his youth, but was called Xu forgetting Ji!

The surname Xu is the surname of his mother.

But the Eastern Emperor forgets the opportunity, originally is only an illegitimate son!

At that time, the father of the emperor's forgetting the opportunity met his mother because of an accident. However, they soon left because of their different identities. After that, his mother married another person and gave birth to Xu Sha.

At that time, the emperor's father had not yet succeeded to the throne.

Many years later, the emperor's forgetfulness and Xu Sha gradually emerged in the realm of heaven and man. At this time, his father had become one of the five emperors in tiandian and had brought his forgetfulness back to Donghuang tiandian.

At the request of the emperor, Xu Sha also joined the emperor's temple.

Although the Eastern Emperor forgets the opportunity is the emperor's son, but in the temple of heaven, it is not smooth sailing!

In the royal family, the same disputes continue, the East emperor Jun is not only his son, all princes in order to get the throne, fight openly and secretly!

And the situation is even more difficult for the East emperor to forget that he was born out of wedlock!

The emperor forgets the opportunity to know that if he wants to survive, he must get the throne, and Xu Sha is very grateful to his brother for bringing himself into the temple of heaven and becoming his confidant.

If you want to get the throne, you must do everything you want. Xu Sha is the best person to carry out those things you can't see!

Xu Sha can be called a demon in martial arts, but in this demon infested temple, he gradually finds that his strength is not enough to help elder brother

In order to continue to help the emperor forget the opportunity, Xu Sha made a decision.

Practice the magic formula!

Xu Sha's father is also quite extraordinary, from a very rare ancient family, this family, inherits the blood of killing demons!

The magic formula is to wake up the blood.

Chapter 4986

Arousing the blood of killing demons can bring great power, but the cost is also huge

That is, once the practitioners use too much power to kill demons, they will be swallowed by the demons and become demons!

At that time, he was not him, but a monster who only knew how to kill. Moreover, before long, he would exhaust his essence and die!

Finally, although Xu Sha helped the emperor to forget the opportunity to ascend the throne, he himself was possessed by it.

Since then, the Eastern Emperor forgot the opportunity and tried his best to prolong his life for Xu, and he was imprisoned in this dungeon!

The Eastern Emperor forgot the opportunity to smell the speech, looked at Xu Sha and said: "more than ten thousand years."

"More than ten thousand years?" Xu Sha murmured and then said with a smile, "brother, what's the matter with me this time

The emperor forgot the opportunity to smell the speech, and his eyes showed a touch of hesitation. However, at last, he said, "I want you to do it once."

Xu will kill him once more. He will be killed once more!

At that time, Xu Sha's essence will be completely exhausted!

Xu Sha knows that the emperor has been better than himself now, and he has only one chance to strike.

But he didn't ask anything.

From the beginning to the end, he was willing to become the big brother's pawn.

Xu Sha said without hesitation, "good!"

The Eastern Emperor forgot the opportunity to wave his hand, untied the chain on Xu Sha's body and said, "follow me."

After that, he took Xu Sha back to the hall where Xu Yanling and Xu Yanling were.

As soon as they appeared, Xu Yanling pointed to the crystal screen anxiously and exclaimed, "emperor, it's not good!"

"Well?" The Eastern Emperor forgot the opportunity and frowned slightly. With a flash of body shape, he came to the front of the crystal screen and looked at the picture.

In a flash, the pupil is crazy contraction, eyes are about to stare explosion!

I saw that in the picture, the six winged God shark actually separated the six shark fins on its back from the body, and handed them to Ye Chen respectfully!!!

Seeing this scene, the emperor could not help forgetting the opportunity any longer, and immediately cried out in anger: "let's go to that strange space! Today, I want him dead

In the direction of Donghuang hall, the light flashed from the next day.

.....

Nanxiaoli, seeing that the most powerful shark in front of her has unloaded her most precious shark fins one by one, the shark fins are shining in front of Ye Chen. Her pretty face is full of incredible colors, and her brain feels like melting

Ye Chen feels that she is omnipotent now!

Even the terrible God shark obeyed in front of him!

Ye Chen is also full of joy, he took the six shark fins, and then, to the shark, even a few points, his fingertips, emerged three drops of crystal clear purple liquid, toward the shark flew into its body.

The result of just trading is three drops of dark shining water essence!

There are only ten drops stored in this dark Yao bead, but fortunately, it can be regenerated.

The six winged shark's eyes flashed with ecstasy!

In fact, for this shark, it's not a loss to give the shark's fin to Ye Chen!

After all, he knew that even if ye Chen didn't get the shark's fin, the man who captured it would take it!

It's better to exchange it for dark water essence!

Although the six winged God shark is powerful, it has one weakness, that is, it can play its full strength in the Starry Sea!

Once you leave Xinghai, the strength of the six winged shark will be greatly reduced! Even in the sea formed by the dark shining water, it is the same!

However, with these three drops of water, it will be different!

After absorbing it, he will not only improve his strength, but also, most importantly, this dark Yao water essence can make him play his full strength outside the star sea!

In this way, it will increase the possibility of escaping from this strange space!

It can be said that everyone is happy!

Just as ye Chen is ready to leave here with Nanxiao glass, his pupils suddenly shrink and look into the distance.

I saw, at the edge of the sky, a bloody light was shooting towards him!

Donghuang forgets the opportunity and Xu Yanling, without any light, hiding in the void, looking at Ye Chen in the distance.

Why don't we move our eyes together

The Eastern Emperor forgot the opportunity to shake his head and said: "we'll wait and see here for a while. If there's no accident, ye Chen will be killed by Xu. It's better!

According to the experiments conducted with Chen qusu, it is likely that the three strongest ones have been unable to make a move. However, they are not afraid of 10000 yuan. They are afraid that in case of any accident, Xu Sha will be allowed to start his work. If Xu Sha really fails, I will not be too late to do so. "

Xu Yanling and WAN Wuguang nodded, but they all had a sneer on their faces. Although, there are some worries, but in their view, ye Chen is basically impossible to survive from Xu Sha's hand!

At this moment, the blood light also finally arrived in front of Ye Chen and Nan Xiao Li. As soon as the blood light was collected, it turned into a young man with blood red eyes. The young man was Xu Sha!

At the moment of Xu Sha's appearance, with a roar, the Jue strong breath burst out of Ye Chen's body. The body of the heavenly demon, the formula of burning blood, the body of hundred evils, the chaotic flame, the Supreme Master of heaven and so on, were all used. They did not leave a trace of their hands. They chopped at Xu Sha with a sword!

At the moment, ye Chen's eyes are extremely dignified, even as for the look of madness!

Nanxiao glass's face changes slightly, and she looks at Ye Chen in astonishment. She knows Ye Chen's character very well. Generally speaking, ye Chen doesn't start so suddenly as soon as she sees someone!

Visible, this Xu kills to Ye Chen how much pressure!

That's the truth!

Ye Chen saw Xu Sha's moment, and his heart was a warning. Although the young man with red hair and blood eyes had a faint look, and even with a smile, he didn't show any hostility to himself, but ye Chen had an extremely dangerous feeling, as if he had been surrounded by 100000 strong men with infinite killing intention at the moment!

Almost subconsciously and directly!

Xu kill see form, blood Mou flashed for a while, smile way: "intuition, pour is good."

Then, with a wave of his hand, a rune appeared in front of Ye Chen's sword, which was the seal of Dao!

Ye Chen's pupil contracts slightly!

This seal gave him a sense of familiarity. It was the seal condensed from the killing God he had practiced!

Although killing Shinto is not as good as destroying Shinto, it has the potential to advance to destroy Shinto. You can see that it is also a very powerful way of heaven!

What's more, this person's seal is the same as himself, which is the quintuple heaven level!

At the moment, the light of the seal flashed and turned into a palm print, which collided with the sword light cut by Ye Chen!

There was no earthshaking noise, no collision with each other. The sword light cut by Ye Chen was almost directly broken at the moment of contact with the palmprint!

Although both of them have five levels of heaven, in terms of the power of Shinto, destroying Shinto is completely superior to killing Shinto!

However, the realm of Ye Chen and Xu Sha is too different!

Ye Chen's face was suddenly ugly. When the blood red palm print was suppressed towards him, he felt like a hundred thousand huge mountains. He could not dodge and was locked to death!

Chapter 4987

Ye Chen fiercely bit his teeth and roared: "give me a break!"

The soul body transforms and operates, and the rolling soul power turns into the physical power in an instant. The violent giant power surges in the body, and its whole body is shocked, and a violent wave breaks out in the whole body space, setting off a strong wind!

Xu Sha's eyes flashed, and an unexpected color appeared in his blood eyes. Ye Chen actually broke the lock of his palm?

Although, this is just a palm of one's own, but it is not the existence of a heaven and earth can break open!

Even in his opinion, the warrior in the middle of the real state had no chance to break free from his own suppression!

But ye Chen did it!

But at the moment, ye Chen did not seize this fleeting opportunity to dodge, but exhausted all his strength to step out of a step, blocking in front of Nanxiao glass!

Although, this palm is not aimed at Nanxiao glass, but standing by Ye Chen's side, Nanxiao glass is also affected, unable to move!

If this palm falls, the light is the aftershock, at least can let nanxiaoli seriously injured!

Seeing this, Nanxiao glass changed her face and exclaimed, "Ye Chen! what are you doing!?! Get out of the way! Don't worry about me, I have a way to save my life

However, ye Chen seems to be unable to hear it, staring at the palm print in front of him!

Nan Xiao Li's heart is hard to draw!

She was worried and regretted. Her eyes were red, and there was mist in them!

She is worried, is Ye Chen unexpectedly is to fight hard this terror a palm, regret, is regret oneself why want to pester Ye Chen, insist to seek the shark's fin of this six wings God shark with him!

Ridiculous, she still wants to protect Ye Chen with her own identity, to be a shield for ye Chen, but now, it has become a burden, dragging down Ye Chen!

For the first time in his life, Nanxiao glass hates his own powerlessness, and he is not strong enough!

There is a burst of red light in Ye Chen's eyes. Hongmeng's big star sky and tongtianming stele display to find the flaw in Xu Sha's palmprint, but

The more you look down, the deeper Ye Chen's heart will be!

Even Xu Sha's hand seemed to be seamless!

As soon as he bit his teeth, he had no choice but to fight hard!

In a flash, the destruction of Daoyin, the destruction of heiyang, the chaos and flame, many reincarnation xuanbei, and so on, broke out 200 percent. The extreme in the extreme, the only Xuanling power in the body, also poured into the Sha sword!

Yan xuan'er also knows that at the critical moment of life and death, the gold and silver flame around Ye Chen's body is shining in a flash, and the power of the fire of the Taoist spirit pours out unreservedly!

"Star soul chop!" Ye Chen drinks suddenly and cuts down with a sword. The most frightening sword light roars away towards the bloody palm print with the power of thunder!

There's a big bang!

This time, the sword light stood on the palm print, and finally, it was not broken in an instant. The rolling sound waves were surging in this strange space, countless mountains and rocks were falling apart, and the dark sea of obscurity was also frantically surging!

But just a breath later, this sword light is vanishing again, that bloody palm print mercilessly bombards on the body of Ye Chen!

Ye Chen's body was almost blown to pieces. The cliff on which he stood was completely turned into dust. A gust of wind lifted Ye Chen and Nanxiao glass and flew backward, knocking a huge hole out of a mountain wall!

Nanxiao glass spits out a mouthful of blood, and the injury is not light. But at the moment, she doesn't care about her injury at all. Instead, she looks at Ye Chen with panic and worry, exclaiming: "Ye Chen, how are you?"

At the moment, ye Chen has completely turned into a blood man, and his whole body is broken, his bones are broken, his internal organs are broken, his muscles are broken, and even his hands are on the edge of the broken, just relying on a little bit of flesh and blood, barely connecting!

Almost out of shape!

Nanxiao glass's heart suddenly sank to the bottom of the valley, ye Chen seems to have a breath, a very weak breath, but, in this state, no one can live, right?

But the emperor forgets the opportunity and so on is joyful!

It's amazing!

Hehe, as they expected, ye Chen is the end of the poor crossbow!

There's no way to save your life!

And those supreme powers, it seems, can't do it!

The three people's eyes are the emergence of a ferocious color, can't wait to see ye Chen's throat, even, their whole body spirit power surging, it seems that they can't help themselves!

However, they still forced this impulse to suppress!

Who knows what else this weird kid can do?

What if they were dragged into the water before they died?

It's not worth the loss.

Anyway, under the current situation, it is more than enough to rely on Xu Sha to solve Ye Chen!

Originally all prepare to leave of Xu kill, in the blood Mou flashed a touch of surprised color, he didn't expect, ye Chen unexpectedly still left a breath?

It's unbelievable that a boy in heaven and earth can withstand his own attack. However, he didn't pay attention to it. No matter how strange it is, he can't make up the gap between them.

The end of Ye Chen is doomed.

Xu Sha raised his hand and wanted to know ye Chen thoroughly. But at this time, ye Chen, who seemed to have been living in an instant, suddenly emerged a kind of inexplicable energy in his body. Under the nourishment of this energy, the broken body recovered at an incredible speed!

This time, nanxiaoli, Donghuang forgetting the machine, and Xu Sha were all shocked!

Can you recover?

Is this guy really immortal?

For a time, the Eastern Emperor forgets the opportunity and others are a little nervous, for fear that ye Chen will create a miracle again!

At the moment, ye Chen's face is gloomy. The reason why he can recover is that he used the six ways of reincarnation and the breath of reincarnation!

But now, samsara is exhausted!

With a flash of blood in Xu Sha's eyes, he wants to take advantage of Ye Chen's not fully recovered, but at this time, ye Chen is facing the dark Yao sea and yells: "six winged God shark, if you want to get out of trouble, help me, and I will give you three drops of dark Yao water essence!"

At this moment, the six winged shark lurking under the water, with red bean like eyes flashing, a look of incomparable hatred emerged in the depth of its pupil, and the rolling anger surged into his heart!

Under normal circumstances, the six winged shark with high intelligence may not be able to fight with Xu Sha's strength. However, in addition to the East emperor's forgetting the opportunity, the other one he captured was Xu Sha!

You can imagine the killing intention of Xu Sha!

Just, at the beginning, I was afraid of Xu Sha's power and restrained it by force!

At the moment, ye Chen's words are like the last straw of the camel. In an instant, the six winged God shark broke out completely!

With a roar, ten thousand tons of dark Yao real water rolled up at the same time, turned into a water shaped shark, opened its mouth, and tore at Xu Sha!

Chapter 4988

Ye Chen sees this, the corner of his mouth raises a silk of smile, originally tight heart also has a silk of relaxation

Xu Sha is really terrible. If he does it again, even ye Chen has no confidence to take the next move

Unless you burn the blood of Xuanyao!

In fact, just now he was ready to burn, but suddenly, his powerful idea caught a wave of hatred under the sea!

That's why we'll talk about the six winged God Shark!

Fortunately, it was successful!

Ye Chen's eyes flashed, and the six winged shark was very powerful. As a creature in the Starry Sea of void, he got three drops of dark Yao water essence, which helped him a lot. Even in the face of Xu Sha's existence, he should have the power to fight!

No matter how bad it is, it should be enough to support for a while!

Now, what ye Chen needs most is time!

Until, little black will that purple wind refining completed!

If its strength is improved for a short time, it may have a chance to defeat xusha with the six winged God Shark!

At the same time

Yinchen slowly clenched some of the pieces in his hand

Now, he seems to have been forced into a desperate situation, not because he grudged the blood of the mysterious demon, but because burning the blood of the Xuan demon can not guarantee 100% of his survival

At the moment, Xu Sha looks at the water-shaped shark that pours at him. With a slight frown, he slaps the shark. The next moment, there is a loud noise, and the shark is directly smashed by this palm!

However, behind the water shaped shark, there is a huge object hidden. It is the six winged God Shark!

At this moment, the six winged shark opened its mouth again, and the silvery light in its mouth was surging. This time, it was no longer a suction vortex, but turned into a light column and bombarded xusha directly!

Xu Sha looked at the light column. His face was very flat. When his wrist turned over, he saw a monstrous red sword in his hand.

At the next moment, a terrible wave of killing intention erupted from the body of self-made killing, and instantly enveloped the whole alien space. The sea of dark Yao seemed to be frozen under the killing intention!

The seal of killing God in wuchongtian realm reappears, and an extremely sharp sword is sweeping towards the six winged God Shark!

The red sword, and the silver white light column, suddenly collided, the whole world seems to freeze in this moment!

What followed was a scene of chilling at the bottom of my heart!

I saw that after the two rays of light impinged on each other for a moment, the silver white light column was like the sword awn of Ye Chen, and it was broken!

The six winged shark saw this, and its pupils shrank in an instant. At the same time, the bloody sword light had already cut into the sound of its huge body!

A very sad roar sounded!

A large amount of silver white blood was scattered in the air, and the huge body flew back heavily. It fell into the dark sea and exploded the sea water!

Ye Chen's face changed. Looking at the bloody man holding the sword, a touch of shock appeared in his eyes

The six winged shark was seriously injured by this man's sword!?

Obviously, he underestimated the gap between the two sides

Can't even the six winged shark resist Xu Sha?

Xu Sha turned his head again and looked at Ye Chen. The color of blood in his eyes seemed to be stronger. He put away his sword and raised his hand. He was about to fight against Ye Chen!

Ye Chen's eyes flashed, this Xu Sha is obviously not a person who likes to keep his hand. Even in the face of himself, he should do his best, but why did he take the sword?

Although this kill is powerful, I'm afraid it can't be done at will!

However, very soon, the corner of the mouth of Ye Chen is to emerge a wry smile, even if know how?

Even if it's Xu Sha's hand, he can't take it

It seems that there is no possibility of turning the tables

Do you really want to die here?

Ye Chen's eyes in the emergence of thick unwilling color!

There was a flash of Madness on his face. Then, his body moved. He flew towards Xu Sha with a long sword in his hand. He roared like a beast in his mouth and attacked Xu Sha on his own initiative!

At this moment, Nanxiao glass can barely stand up and watch ye Chen's suicidal behavior. Tears burst out of her beautiful eyes in an instant. She cried out anxiously, "Ye Chen, don't!"

Donghuang forgets the opportunity and so on, excited!

This stupid boy, want to fight?

Hehe, with it?

Can only accelerate their own death!

Their heart beat faster, as if they had seen Ye Chen being blown into a blood mist!

Xu Sha's face looks at Ye Chen, who comes here with no expression!

At the same time, ye Chen is also a sword cut down!

The next moment, the bloody Palmprint and ye Chen's sword light collide again!Nanxiao glass Jiao body a soft, directly paralyzed on the ground.

And the smile of the emperor forgetting the opportunity and others is to grin to the root of the ear, the eyes are rich to the extreme ferocity and joy!

It's a serious problem. It's going to be eradicated at last!

This feeling is so cool!

It's like, there's a fishbone stuck in your throat, and you're going to pull it out!

Can, just at this time, a fantastic scene, appeared!

The smile on the face of the emperor forgetting the machine, instantly solidified, his eyes trembled faintly, and his face was full of amazement to the extreme!

In their hearts, there was a faint but real sense of horror

Is that the kind of situation that day in Yan true domain appeared again?

Ye Chen wants to create a miracle again!?

And nanxiaoli is dull, stupidly watching this scene in disbelief

What did they see?

I saw that bloody palm print was frozen in the air with Ye Chen's sword light for a time!

Although, the bloody palm print seems to be constantly suppressing the sword light of Ye Chen, the sword light is constantly flashing and seems to be on the verge of breaking!

However, the palmprint itself is also consuming a huge amount of energy, more and more dim up!

Ye Chen is actually reluctantly blocking Xu Sha's attack?

Is there a fight in heaven and earth to block Xu Sha?

Even if Xu Sha is a casual hit, it's enough to make people scared!

Speaking out, I'm afraid it will frighten the ordinary warriors to death, right?

At this moment, in the deep sea, a silver light burst out again and hit the bloody palmprint. The next moment, with a roar, the three attacks disappeared at the same time!

A huge figure rushed out of the sea, suspended behind Ye Chen, and cut a huge hole in his abdomen. The internal organs were clearly visible!

It's the injured six winged Shark!

However, obviously, it still chose to fight!

At the moment, ye Chen is surrounded by black air, and two mysterious runes appear in his eyes. A kind of aura that seems to make the way of heaven submit to it surges out of his body!

As if, he is the real master of this world!

Chapter 4989

This appearance is similar to that when the samsara blood vessels are activated in the burning realms on that day, it is like a retreat!

What's different is that this time, the black air is indifferent, and the power is weakened. However, ye Chen's eyes are still clear and bright!

All of a sudden, ye Chen's mind rang out a divine idea, said: "master, how do you feel?"

Ye Chen's eyes, flashing extremely dazzling God Mang, said with a smile: "not bad, but only once!"

At the moment, his body is surging with explosive force!

This power, let him both familiar and unfamiliar!

Today's Ye Chen, there is a wave of the hand can be the entire space to smooth the general illusion!

This is the first time for him to feel the power of this reincarnation in a sober state!

This kind of feeling, too good!

Originally, ye Chen rushed to Xu Sha to prepare to get close to him and burn the mysterious spirit blood. Even if he could not activate the reincarnation blood, he would also explode and die with Xu sha

But, just at this time, Xiaohei woke up!

In a flash, an unknown, powerful, and extremely close to the energy instantly into his blood, that sleeping in his body of reincarnation blood, the moment is awakened by this ancient power!

Reincarnation blood once again temporarily activated! It's just weaker than the last activation of Xuanyao! But it's enough!

The next moment, ye Chen looked at the six winged God shark, his eyes flashed and his hands shook. Several rays of light flew towards the six winged God Shark!

It's the dark water spirit!

But, not three, but seven!

Ye Chen gave all the dark Yao water essence to the six winged Shark!

This water essence and the six winged shark's attributes are very similar. It should be able to help them repair part of their injuries!

It's no time to hide!

Even if he has temporarily activated the reincarnation blood and has a stronger power temporarily, he should try his best to improve his own strength, so as to have the capital to fight Xu Sha!

If you swallow all the six shark wings, you will like to swallow them!

For a time, the abdominal wound slowly recovered!

But Xu Sha, looking at Ye Chen and the six winged God shark, is a little dim

At the same time, a voice, a restless, angry, crazy voice, roared in his mind: "Xu Sha, use the magic formula to kill him with all his strength. At any cost, I will kill this boy completely!"

He was familiar with the sound and had been used to it since he was a child.

This voice comes from the supreme existence of the East emperor's temple

Donghuang, one of the five emperors, forgets the opportunity

At the same time, it is also the hand and foot of his half brother who killed his half father. His heart once cared for him and protected his elder brother everywhere

Xu Sha knows that Xu forgetting Ji in his heart is long gone, but even so, he is still willing to die for the present emperor!

An incomparably dazzling blood light burst out from his eyes, as if there were two bloody suns rising in his eyes!

As if from the general nine you, incomparably low, gloomy voice, echoed in this strange space: "kill magic formula, open!"

In a flash, the terror killing was intended to surge between heaven and earth, as if, as long as the big hand tearing this strange space into pieces, he clenched the hearts of Ye Chen and others!

The bloody sword reappeared in Xu Sha's hands again. Madness and reason flashed alternately in his eyes. He was staring at Ye Chen and the six winged God shark. His beautiful face twisted rapidly and showed a very abnormal color of desire!

He is eager to take the lives of Ye Chen and six winged Shark!

The emperor forgets the opportunity, looks ferocious and has a crazy smile on his mouth. He knows that the reason why Xu Sha has not really used all his strength is to prevent the killing demons in his body from waking up.

And after its display of the magic formula, there is no doubt that he will be completely possessed by the devil and die, but if you can kill Ye Chen, it is worth it!

If it wasn't for him, Xu Sha would have been devoured by the killing demons ten thousand years ago, wouldn't it?

Ye Chen's face became gloomy in an instant!

He thought that with his current strength and the six winged God shark, he might have a chance to fight Xu Sha!

But at the moment, just standing in front of Xu Sha, he felt a breath of death!

The young man with red hair in front of him is like a god of killing coming out of hell!

The most important thing is that the breath of Xu Sha is still climbing!

Ye Chen took a deep breath and drank heavily: "do it!"

At the next moment, his wrist turned and his sword chopped toward Xu Sha. At this moment, ye Chen's aura quality, physical strength, vitality, and spirit power have been greatly improved in all aspects!

Ye Chen did not fully grasp the power of today's first sword. At the moment, a pure black star river sword light burst out from the Sha sword and cut towards Xu Sha. Its power was even stronger! Ye Chen's eyes twinkle, now, although the reincarnation of his blood is only a short-term improvement of his strength, but, with his all-in-one means and so on, his strength has made a qualitative leap!

At the same time, the six winged shark also spits out a silver beam of light, and two attacks instantly envelop Xu Sha!

Xu Sha's whole body was killed and a bloody sword light burst out in an instant!

That sword light surging up of moment, leaf Chen's complexion mercilessly a change!

This sword doesn't seem to be as powerful as Xu Sha's previous attack on the six winged shark!

But ye Chen has a very dangerous feeling!

He knew that the reason why this sword didn't cause the awe inspiring power was that Xu Sha Ba's power was completely condensed in the light of the sword without any leakage!

The more powerful the power is, the more difficult it is to control. It can be seen that Xu Sha has reached a terrible level on the control of killing Shinto!

The next moment, the lacquer black sword awn and the silver light column were as if they were made of sand. Under the erosion of the bloody sword light, they were quickly weathering and breaking. In the blink of an eye, the sword light turned into a bloody wave, rolling towards Ye Chen and the six winged shark!

"Damn it!"

Ye Chen yelled at him, such as huaxue shensha, liudao reincarnation, liumiezhenjue, etc. the ultimate operation was achieved. After the power of huaxue shensha soared, the power of huaxue shensha also followed the surge!

And the six winged God shark has a burst of water light on its body surface. There is a kind of star breath in the water light, which is the dark Yao water essence!

Dark Yao water essence, and its attribute is extremely consistent, that ten drops of obsidian water essence, now has been absorbed by the six winged God shark, and it also has some more powerful magical powers!

Soon, the bloody wave will be ye Chen and the figure of the six winged God shark submerged!

In the different space, everyone's eyes are focused on the location of Ye Chen and the six winged God Shark!

After a moment, the blood light dissipated, and two figures appeared in place, namely Ye Chen and six winged God Shark!

Chapter 4990

The emperor forgets the opportunity and others see this, and in an instant they smile.

Ye Chen and the six winged God shark, though not dead, are in extremely bad condition at the moment!

The two figures are covered with blood!

Skin and flesh, bone and tendon broken!

Ye Chen is better, relying on the reincarnation blood and terror body, the injury quickly recovered, but what about the six winged God shark?

Originally had been seriously injured, has not fully recovered, now, a body of flesh and blood is a large piece of falling down!

It looks like it's going to be a shark skeleton!

If it had not been for his being a strange animal, his vitality would have been terrifying. At this moment, he would have died long ago!

Xu Yanling sneered: "ha ha, it seems that this time, this strange boy can't create any miracle any more. We don't need to take risks and rely on Xu Sha to solve it!"

Wan Wuguang also nodded with satisfaction.

As for Xu Sha's death, they didn't take it seriously. In fact, Xu Sha is a time bomb. In case the seal and potion can't suppress the killing demons in his body, he will be killed and become a threat to the temple of heaven.

It's better to let him kill the devil here and die in this strange space. He can also solve the disaster of Ye Chen. The emperor's decision is really killing two birds with one stone. It's extremely wise!

At the moment, ye Chen looked at the six winged shark, and his face was gloomy to the extreme!

All of a sudden, his eyes flashed and he said to the six winged God shark, "God shark, can you restrain this person temporarily? Just one breath time

At the moment, the six winged shark is breathing heavily and repairing itself by rapidly refining the energy of the dark water essence. Hearing what ye Chen said, he looks at Ye Chen with a pair of red eyes. Although Ye Chen seems to be the most disgusted human, he has a kind of inexplicable trust in Ye Chen!

At the next moment, his eyes appeared a kind of fierce color full of animality and nodded to Ye Chen.

He knows that if he does this, he may die. But it is also a good choice to take the enemy who has captured him and imprisoned him for countless years before he dies, isn't it?

Xu Sha's face appears a struggle color, it seems that he is still trying to suppress the evil's back bite. Even if he wants to be eroded by the demon, he must also kill Ye Chen!

Because, if you kill the devil into the body, it will attack all the living creatures without reason, that is to say, it may also attack the hidden Donghuang and others!

This is obviously not what the emperor wanted to see.

At this time, the six winged God shark moved and suddenly dived toward the bottom of the sea. The dark Yao real water, for ordinary martial arts people, will feel extremely huge gravity when entering it, which makes its strength drop. However, the six winged God shark is like a fish in water and can move freely!

Seeing this, Xu Yanling burst out laughing and said, "it seems that the six winged God shark is smart. After being seriously injured, he knows that he is afraid to die. Now, he abandoned the boy and hid. Ha ha, without the six winged God shark, this little waste is expected to be killed in seconds?"

Wan Wuguang also said with a smile: "Ye Chen and the six winged God shark can work together to get Xu Sha's attack. Now? The fragile balance has been broken. Within three moves, ye Chen will be defeated! "

The emperor forgot the opportunity to smile and not speak, but the gratifying color in his eyes was already obvious.

Sure enough, my judgment is not wrong!

Now, even if the boy still has some means to fight for his life, he can't make a comeback, can he?

At most, it's just taking Xu Sha to die together.

The East emperor forgets the opportunity to guess is not bad, now, facing Xu Sha alone, ye Chen seems to have to burn Xuan demon blood this road can go!

At this time, Xu Sha made another move, and a bloody sword light, like lightning, shot out of the endless space!

This is still under the condition that this sword is extremely restrained!

If the energy is released, I'm afraid the whole space is in danger of collapse!

With the operation of the power of the kill may also be more terrifying!

In the face of this sword, which exudes the extreme dangerous breath, ye Chen roars wildly, and cuts down the sword light with another sword. He still doesn't burn the blood of Xuanyao!

Seeing this scene, the emperor forgets the opportunity and others look at each other, and they are completely relieved. Well, ye Chen seems to have no backhand. He can be relieved to die.

The dark star like sword light, before the bloody sword light, broke through the dark star river again. Xu Sha's sword light instantly bombarded Ye Chen's body!

At this moment, ye Chen's blood melting God yarn, dust stele and Wutu yuan talisman have reached the extreme. It seems that the whole person is wrapped in a layer of blood and water and walls. However, even with the protection of the blood god yarn and other things, ye Chen still burst out a burst of blood mist after he hit the sword!

His sword holding hands were constantly broken, and his whole body flew backward like a missile, hitting the mountain wall heavily, which made a huge hole in the whole mountain wall!

Nanxiao glass pretty face a pale, body flash, then appeared in Ye Chen's side, incomparably heartbroken looking at Ye Chen said: "Ye Chen, are you ok?" Ye Chen nodded with difficulty, and his eyes flashed: "I can't die, lil. You are the daughter of Nanxiao emperor. If you leave, he won't stop you While you can still leave... "

He can see that Xu Sha seems to be losing his mind

However, Nanxiao glass shook his head firmly, blocked Ye Chen's body, gazed at Xu Sha and said, "I don't care who you are, now, stop it for me! I am the daughter of Nanxiao emperor. If you kill Ye Chen, I swear that even if I use the power of the whole Nanxiao temple, I will kill you! "

Xu Sha, who managed to maintain his rationality, laughed at Wen Yan, slightly sarcastic. However, the irony seemed not to nanxiaoli, but to himself.

He said faintly: "kill me? Don't bother. I will die after killing this boy. "

Nanxiao glass hears the speech, and his heart sinks to the bottom of the valley in an instant!

This kind of person who is determined to die has no effect of any threat

Xu Sha looked at Ye Chen, who was still recovering, and raised his sword. The crazy color in his eyes became more and more strong and rational, and almost disappeared completely!

Maybe, after cutting out this sword, he will be completely engulfed by the demon killer, right?

Then, after killing like crazy, I will die.

However, at the moment when Xu Sha was about to take out his sword, there was a sudden change!

The whole sea of dark Yao is boiling up in an instant. The rolling sea is stirring wildly. Next moment, an incredible scene appears!

I saw that the whole sea actually left the seabed in an instant, suspended in the air!

That's an unimaginable amount of dark Yao water!
