Chapter 4991

Such a number of dark Yao real water, light weight has reached an extremely frightening point, even if the emperor forgets the machine and others see, are unable to help but slightly frown!

The power of dark Yao real water is powerful. It uses the whole sea of dark Yao to attack?

Even they feel a little bit threatened!

And what can do this, apart from what they previously thought of as fleeing starfish, such as the six winged God shark?

The Eastern Emperor forgets the opportunity and so on are all pale. The six winged God shark is not running away. On the contrary, it obviously uses some fighting means!

At this moment, the center of the whole dark sea is a huge shark surrounded by Lavender starlight. If you have ever been to the empty sea, you will find that the starlight is very similar to the star energy in the empty sea!

With the starlight, more and more bright up, the vitality of the six winged God shark is also madly declining!

At the same time, the Obsidian water essence in its body is also burning rapidly!

Even if the six winged shark wants to stir up this dark sea, it is by no means easy. Just when ye Chen faced Xu Sha, it was time for the six winged shark to burn everything!

At the next moment, the infinite sea water was shrinking and condensing rapidly. In the blink of an eye, it turned into a lavender chain full of the power of stars, shooting towards Xu Sha!

The speed of the chain is extremely fast, and at the moment, Xu Sha is preparing to shoot Ye Chen, there is no time to dodge!

Dark Yao sea, can block the gods, let alone Xu killed, even the Eastern Emperor forgetting the machine and others just did not find the six winged God shark's counterattack!

Almost in an instant, the chain will be ready to hand Xu Sha, bound tightly!

Xu Sha's face changed slightly. The moment when the chain wound around his body, there was a terrible force, which immediately suppressed him. At the same time, the star energy poured into his body, which actually suppressed the spiritual power in his body!

His realm is falling!!

For a moment, Xu Sha seemed to be imprisoned in the air, unable to move!

Seeing this, Xu Yanling snorted coldly: "it's just tenacious resistance. The six winged shark can only force the sea of dark Yao by burning everything. It's estimated that it can only force one breath of time, and the imprisonment will break itself?"

Ha ha, it's just a stubborn struggle. It's just a breath longer for them. "

Wanwuguang also nodded: "although the six winged shark is a strange animal, the animal is an animal after all. Its intelligence is not as good as that of human beings. The boy surnamed Ye has been seriously injured and even lost his hand. At this time, what's the use of imprisoning Xu Sha?"

No threat at all

But, in the moment of its voice falling, suddenly there is a kind of extreme vanishing flavor between heaven and earth!

The moment of this fluctuation, the East emperor forgets the opportunity three people are pupil a shrink, instant toward Ye Chen to see!

I see, at this moment Ye Chen's hands, although not yet recovered, but in his eyes, a very deep black light, is rapidly condensing!

The light of extinction!

And it's an enhanced version of the extinction light!

However, although the seal of Tao broke through the realm of the five heavens, the extinction of the divine light could not be sent out in an instant!

However, it seems that it takes a short time for the master to avoid!

Moreover, after the breakthrough of its seal, the use of the light of extinction is not limited to hands!

Feeling the power of extinction, the three of them looked at each other and their faces changed!

They are careless!

Think ye Chen has no hand, even if Xu Sha is bound, also can't lift what storm just!

Otherwise, just now, as long as they put their hands, they can definitely break the chain for Xu Sha!

But now it's too late!

At the moment, the light of extinction has been shooting towards Xu Sha as black thunder!

In Ye Chen's eyes, the God awn explodes to flash, what he needs is this breathing time!

A breath that decides life and death!

Even in the Jedi, it doesn't mean he can't turn the tables!

Almost instantly, the light of extinction pierced Xu Sha's eyebrows!

Nanxiao glass see shape, the face on the emergence of a thick joy!

But the Eastern Emperor forgets the opportunity and so on, the complexion is difficult to see the extreme!

Just a little bit, Xu Sha can kill Ye Chen thoroughly!

However, it is still in the last minute failure?

At the same time, the eyes of the three people are cold and sharp. At this time, only three people join hands to kill Ye Chen. Ye Chen may have some followers who are against the weather, but even if they are at risk, today they have to kill Ye Chen!

It's a kind of torture for them!

But, at this time, a very sad scream suddenly sounded in this strange space!

I saw that Xu Sha's face melted like a candle under the erosion of the destructive power, but it was frightening that he didn't die! Moreover, at this time, there was a roar, and a strong breath rose from the sky. The strong spiritual pressure almost shook Xu Sha's whole body into nothingness!

Xu Sha broke through at the moment when he was hit by the extinction light!

Not only that, but the strength of his whole body was instantly boiling. For a moment, the whole person seemed to be shining back. Although the vitality in his body was rapidly consumed, it broke out a shocking effect, as if it was playing at 200%. For a time, although the body could not melt into shape, it just relied on the vitality in the burning, Survived!

Of course, if you keep burning like this, Xu Sha will die soon!

However, at the moment, Xu Sha didn't mean to stop burning at all. It seemed that he had been completely killed and turned into a monster who only knew how to kill. There was no more reason to speak of!

He only needs strength now, the power to kill!

With a roar, the chains of the Obsidian sea finally burst into pieces and turned into infinite Obsidian water again, falling onto the seabed!

The six winged shark, with blood all over his body, was extremely weak and almost exhausted. He fell heavily on the sea and completely lost his fighting power. Whether he can survive or not is a question!

And ye Chen appeared in front of an incomparably terrible monster!

Xu Sha, who originally had a beautiful face, was constantly festering and melting under the impact of destructive force. However, his body did not collapse. On the contrary, his vitality became stronger and stronger!

In addition, the murderous Qi originally sent out mixed with extremely pure magic Qi!

Kill the devil!

At the moment, although Xu Sha is only temporary, before it burns everything, it almost has immortal vitality!

Xu Sha, who was supposed to be in great pain under the erosion of the destructive power, seemed to feel no pain in his body at all. He grinned a ferocious smile and murmured: "kill, kill, kill!"

Chapter 4992

"Shit!"

Ye Chen can't help but scold a low, make to kill unexpectedly is in the last moment to kill the devil to enter the body?

As long as one ten thousandth of a breath later, he's dead, isn't he?

Ye Chen's body moves, and he is about to flash to the rear. He is very clear that there is a time limit for Xu Sha's outbreak. As long as he can delay it, it will be Xu Sha who will die!

The flame behind him moves, and the blood burning formula runs with all its strength. Its speed increases sharply. It flies away towards Nanxiao glass with the speed of lightning!

He wants to take Nanxiao glass and walk with him. Xu Sha, who kills the devil into the body, doesn't care whether Nanxiao glass is the daughter of emperor of Nanxiao tiandian!

But, at this time, Xu Sha's figure is a strange flash, disappeared from his eyes!

Ye Chen pupil a shrink, a kind of extremely dangerous feeling, diffuse in the heart!

At the next moment, there was a devil in front of him, roaring with killing intention. It was Xu Sha who was melting like a monster!

Its speed is far beyond the current Ye Chen!

That pair of blood eyes, staring at Ye Chen, burst out a very excited light!

"Kill!"

Xu Sha roared and killed the evil long sword in the air!

Boom, endless blood light flashing, the whole alien space are blowing a bloody wind, space cracks, constantly appear, cliffs broken, the sea turned upside down, the sky dim, a scene of doomsday!

If it wasn't for the Eastern Emperor's forgetting to use the treasure to reinforce this strange space, I'm afraid it would have completely collapsed under the power of Xu Sha's sword!

Ye Chen's pupil shrinks wildly in the face of this sword. Although the sword is not as introverted as just now, its strength is several times stronger!

Xu Sha, who kills demons into the body, may not be as powerful as Xu Sha, who has reason. However, his own strength is far beyond Xu Sha's normal state!

It's not on the same level at all!

It's as if a three-year-old boy can't fight in front of a strong adult!

Ye Chen's hand has recovered a little bit. He roared and tried his best. All means were used to the extreme. He chopped Xu Sha with a sword!

Sword light and sword shadow collide in an instant, and heaven and earth seem to freeze in this moment!

A terrible energy wave, towards the surrounding, diffuse and go, where the space is broken!

Even the endless Obsidian sea, the sea water is rapid evaporation, this, in an instant, the sea level will drop an inch!

However, this state only lasted less than half a breath, and then, ye Chen's sword was rapidly broken, and even his evil sword had already flown out of his hand, and his body was turned into a bloody meteor, falling towards the only earth!

Why blood color?

Because, at the moment Ye Chen's body, nearly disintegrated, blood dripping a piece!

It looks more miserable than when Xu was attacked for the first time!

In the blink of an eye, a roar, ye Chen will hit the ground, the whole earth is covered with countless cracks, nearly broken, ye Chen fall is a huge hole!

It lies in the hole, biting his teeth, relying on the power of reincarnation blood to recover quickly!

Kill the devil into the body, the breakthrough of Xu Sha, the strength is frightening to an unimaginable level, with Ye Chen's reincarnation power, he was still seriously injured to such a degree!

But at the moment, Xu Sha didn't stop at all. As soon as his body flashed, he rushed towards Ye Chen, as if the means against heaven didn't consume much at all!

Ye Chen's eyes flashed a fierce color, the blood in the body, tends to boil, he wants to burn the Xuan demon blood!

But suddenly, a figure is in front of Ye Chen!

Ye Chen's eyes, mercilessly turbulent for a while, this figure looks incomparably graceful, beautiful, awe inspiring is the Nanxiao glass!

Ye Chen used all his strength to roar: "glass son, get out of the way! Now this person has lost his mind and won't care about your identity! "

But Nanxiao glass didn't move. She stood firmly in front of yechen. There was a sword light around her. It was very special. It looked like a colorful silk thread. It was very thin, but it was very flexible.

Nanxiaoli didn't flinch when he faced the strong man who was beyond the real world. His inner spirit was surging. He stretched out his hand a little, and the silk like sword light turned into a rainbow and shot at Xu Sha!

"Damn it!"

Ye Chen suddenly drinks, the breath is endless and irritable, the Xuan demon blood essence in the body begins to burn!

Can, even now burning blood also some time is too late!

See, Xu Sha in the face of South Xiao Li sent out a roar of laughter, hand blood sword, without hesitation toward south Xiao Li cut!

The blood colored sword light surged, and the rainbow melted by the thin sword light broke in an instant. Even the silk thread sword itself was dim and spiritually damaged, and this sword swallowed up Nanxiao glass in an instant!Ye chenmu is ready to crack. His eyes are covered with blood. He is biting his teeth. His teeth are going to be broken!

The last thing he wants to see is people who care about him, his friends and relatives die for him!

At this moment, after all, the blood of the spirit is about to burn one percent!

However, all of a sudden, ye Chen's eyes flashed, and a strong spiritual light burst out from the bloody sword light. The aura actually contains a kind of extremely powerful divine meaning, which obviously comes from a strong person who transcends the real world!

At the same time, nanxiaoli's figure retreated one after another, and her pretty face turned pale and the corners of her mouth gushed with blood. As she retreated, an emerald bracelet that looked quite impressive broke quickly on her wrist and finally turned into a smash!

However, Nanxiao glass successfully blocked Xu Sha's attack!

Ye Chen breathed a sigh of relief. It seems that what Nanxiao Glass said is true. There is a treasure in his hand. Unfortunately, it seems that the treasure has been damaged.

However, it's enough for ye Chen. He will finish the blood burning before Xu Sha's next shot. Even if he can't succeed, he will rush to Xu Sha with his temporary explosive power and die with him!

In Ye Chen's eyes, when the blood boiling degree of Xuan demon reached 99%, a breath of incomparable majesty suddenly came to this strange space!

Dong Huang forgets the opportunity, Xu Yanling, and WAN Wuguang. When they feel the breath, their faces suddenly change!

"How did he come?" said the emperor

Almost in an instant, a flying rainbow directly broke the space and fell in front of Xu Sha. At the same time, a golden cloud flew out of the rainbow and flowed towards Xu Sha!

Chapter 4993

In the face of Changhong, Xu Sha is still laughing, whistling with evil spirit all over his body, and he cuts out a sword of Zhiqiang again!

Bloody sword light swept out!

However, this time, this seemingly indomitable sword that can destroy everything is solidified before the golden clouds

At the next moment, the bloody sword was crushed directly by the seemingly soft and powerless golden cloud. At the same time, the golden cloud and haze lightly hit Xu Sha's body!

It's unbelievable that Xu Sha broke through and killed the devil into the body, burning to the extreme. Xu Sha's strength increased dramatically. He was hit by this seemingly soft bump, which directly broke his bones and filled with blood mist. The whole person also flew backward like an arrow and fell into the dark sea!

Boom, as if a missile explosion, a huge amount of sea water, was blasted into the air, the whole space as if from the general downpour!

At this time, the Golden Rainbow dispersed and showed a man's figure. The man was dressed in a gorgeous robe with cloud pattern on it. His face was white, his face was clean, his face was clear and he looked like he was in his forties. However, his eyes were extremely vicissitudes, and his breath was even more majestic!

Moreover, this person's realm far surpasses Xu Sha who just broke through!

At this time, Nanxiao glass is extremely happy to say: "Dad, you finally come!"

This man is the master of Nanxiao tiandian, the emperor of Nanxiao!

Invisible in the void of the East emperor forgetting the machine and others, see, look is gloomy down!

The emperor of the South Xiao intervenes. Relying on this, he has no chance to kill Ye Chen!

Even if the three of them can't really fight with Nanxiao emperor, even if the three of them fight together, they may not be able to keep Nanxiao emperor, and they will have a complete feud with Nanxiao tiandian. The most important thing is

The Donghuang clock is damaged and can't be used for the time being, but the Zhentian treasure of Nanxiao emperor is not damaged

If he used the treasure of Zhentian, he might have forgotten the opportunity of the emperor, and the three of them would have told him that they were here

For a moment, the East emperor forgot the opportunity, and they were all extremely depressed. They almost killed Ye Chen. But at this time, Nanxiao Fengqing came?

The reason why Nanxiao emperor appeared here is that from the beginning, when he met Xu Sha, Nanxiao glass informed his father!

Until now, Nanxiao glass finally relieved, her father came, she and ye Chen safe.

And ye Chen, also at the last moment, forced to stop the burning of blood. Even he could not help smiling. He reluctantly supported the body that had just recovered. He stood up and saluted emperor Nanxiao: "younger Ye Chen, I have seen the emperor."

South Xiao emperor smell speech, slightly turn back, looked at Ye Chen one eye, but did not have any reaction.

South Xiao glass see shape, in the heart cluttered for a while, faint have a kind of extremely bad premonition!

She quickly pulls Ye Chen and introduces him to Emperor Nanxiao: "father, don't underestimate Ye Chen because of his cultivation! Although Ye Chen only exists in the heaven and earth, but just now, ye Chen has received the number of moves from the guy who was beaten by you!

His qualification is the most amazing and incredible I have ever seen!

If the South sky temple, can get Ye Chen to join, not long, will be able to strong rise! Become the most powerful force in heaven and man

She is really frightened by Ye Chen again and again. Nanxiao Li is an extreme genius, but in her opinion, compared with Ye Chen, she is only pitiful and inferior!

If ye Chen joined the Nanxiao temple, they would have no chance to kill Ye Chen

Moreover, Nanxiao tiandian will rise strongly, and ye Chen will be more relaxed if he wants to destroy the emperor's temple!

This is not what they want to see!

However, when the emperor heard the words, he didn't show any surprise on his face. He seemed to have known this for a long time. Suddenly, he said faintly, "Li Er, do you know what it means to let him join the temple of heaven?"

Hearing this, Nanxiao Li's pretty face flushed slightly. She lowered her head and said, "I know, but However, with Ye Chen's qualifications, I think it's worth breaking the tradition And, and... "

Speaking of this, Nanxiao glass's voice has become like a mosquito. Even the white jade neck has been stained with red clouds. He said, "if you have to do that, ye Chen can join the Nanxiao temple I also Willing to... "

What this is willing to refer to, can not be clearer. To join the temple of heaven, in addition to passing the examination of the temple of heaven, or accepting the 100 year inspection of the envoys of God, one can only associate with the royal family.

Of course, it is not impossible for the emperor to break the tradition.

When the emperor heard this, his face suddenly sank. Instead of paying attention to Nanxiao glass, he looked down at Ye Chen coldly and said, "boy, do you think that you and Qin Ziwei are united and deliberately pretending to be an accident and approaching Li'er, the emperor can't find out? You can cheat lil, but you can't cheat Ben Di!

The emperor admits that you are very talented. However, in order to join the temple of heaven, he uses such inferior means and uses the emperor's daughter. Now I tell you that you and Li'er will never be allowed to join Nanxiao tiandian! You don't deserve it

As soon as this speech was said, the whole different space seemed to be silent!

Ye Chen is slightly stunned. He looks at the emperor of Nanxiao, and his eyes flash slightly. Then, he smiles and laughs with disdain

He knew that emperor Nanxiao looked down on him.

That does not deserve three words, ye Chen deeply in the heart.

Originally, because of Nanxiao glass, he was ready to join Nanxiao tiandian, but now he won't.

Nanxiao emperor looked down on him. Did he have to kneel down and beg him to join?

Now even if the emperor of Nanxiao kneels down, he won't join Nanxiao tiandian!

Don't you look up to me?

Good, very good, today you look down on me, see me as dust, in the future, I will let you regret, let you even to me bow to the opportunity, is a kind of extravagant hope!

At this moment, the East emperor forgets the opportunity and so on is the face to show the color of great joy!

Now it seems that the emperor is not planning to save Ye Chen!

Nanxiao Li widens her eyes and looks at her father. Her eyes are full of disbelief. She doesn't know how her wise father could be confused like this?

Ye Chen deliberately approached her?

Perhaps, at the beginning of the two people's meeting is not pure coincidence, but, she can guarantee, ye Chen never have any such idea!

Even, all the way, she was holding Ye Chen and had to follow him

How could it be ye Chen's fault?

Since father has investigated Ye Chen, how could he not even know these things?

Chapter 4994

All of a sudden, Nanxiao glass's eyes congealed and cried: "father, did Lu Bing say something to you? You don't believe him! He's a liar! He is the one who is really despicable

Nanxiao Fengqing heard the speech, but he yelled: "Li'er, Lu Bing is the disciple of the emperor, and can be counted as half of your elders. How can you speak ill of him?"

At this time, a rainbow appeared in the sky. It fell on the side of the south wind. The light converged, showing a handsome man. It was Lu Bing!

At the moment, he looked at Nanxiao Li and said with concern: "Xiao Li, are you ok? I've brought some treasures for healing. Come on, take them."

With that, he was about to walk towards Nanxiao glass.

Can, at the moment, Lu Bing's face but let Nanxiao glass disgust to the extreme!

"Get out of here!" she growled

Said, the South Xiao glass toward the South Xiao breeze clear look to say: "father, you believe me! This Lu Bing is a villain with different appearances. He even wants to kill Ye Chen secretly on my back! Don't be fooled by him!

He is the one who has been deliberately approaching me and wants to take advantage of me! If you don't believe what your daughter said, you can ask Mr. Yun! "

Lu Bing smell speech, but with a smile, completely indifferent to the appearance.

But the South Xiao emperor, although the vision flickers for a while, but, is immediately scolds a way: "shut up!"

This reprimand made Nanxiao Lijiao tremble. She looked at the middle-aged man in the air. She was so cold that she didn't know her father.

"The South Xiao breeze light way:" Lu Bing discovered this boy to plot an evil plan, therefore can to its next killer, is excusable, but is you, don't be stubborn. "

Nanxiao glass's beautiful eyes have completely lost their light. Facing Nanxiao Fengqing, she asks, "father, would you rather believe him than your daughter?"

She didn't know why her father was suddenly so unreasonable?

Is Lu Bing really so important in his heart?

Ye Chen at the moment, but to the South Xiao glass way: "glass son, don't have to say more."

He looked scornfully at the wind in the south, and a sneer rose from his mouth.

Nanxiao breeze really does not know everything, is Lu Bingmeng in the drum?

Absolutely not. How can people who can see through Qin Ziwei's arrangement be deceived by Lu Bing?

The reason why, South Xiao breeze Qing decided to stand on the side of Lu Bing, in the final analysis or not optimistic about his Ye Chen?

In fact, it is.

on the same day, Lu told himself about the existence of Ye Chen, and he secretly investigated his background. Soon, even the southern Heavenly Emperor could not believe it.

What he saw was not only Ye Chen's extremely frightening martial arts talent, but also ye Chen's arrogant and incomparable personality!

Ye Chen seems to be a member of other realms, but he has already offended tianrenyu family a long time ago, and may even be promoted to the cold family of the sixth heaven hall?

Not only that, but also a dragon temple!

Crazy, unbelievable!

After he entered foreign countries, he provoked strength all the way. Even if he could survive with his martial arts talent, it was a miracle!

The most important thing is, even in the face of one of the four tiandian Donghuang tiandian, ye Chen still for the so-called dignity and not die?

Not even the four heavenly halls?

God knows, what will ye Chen provoke in the future!

This kind of person is a time bomb in Nanxiao Fengqing's eyes!

I don't know when it will cause great disaster!

Even nanxiaotian hall may not be able to afford the disaster!

One bad thing is to lose everything. The whole temple of heaven may be destroyed because of it!

Even if the talent of this kind of person is terrible and rebellious, Nanxiao Fengqing would not want him to join Nanxiao tiandian.

Let alone become the son-in-law of my daughter!

Even if ye Chen is not wrong! Even if it is the despicable of the emperor's temple!

But the rules of the world, no one will care about your right or wrong!

In fact, he is very clear that ye Chen did not really deliberately approach nanxiaoli and plot against it. At most, Qin Ziwei created an opportunity. Moreover, from the perspective of truth, ye Chen did not seem to have done anything wrong along the way.

However, he still chose to support Lu Bing

On the one hand, it's because Lu Bing is his disciple. Even if Lu Bing is really a scum, Nanxiao Fengqing still has feelings for him. It's like the parents will forgive their children for their mistakes, even though they are angry.

On the other hand, compared with Ye Chen, Lu Bing's martial arts talent is not as good as ye Chen's, but he is not as crazy as ye Chen. He is proud to break through the sky!

Moreover, he really likes Nanxiao glass. Therefore, in the eyes of Nanxiao Fengqing, Lu Bing is more suitable for Nanxiao glass.

If you have to say, ye Chen did something wrong, that is, ye Chen is too proud. It's a good thing to be proud of martial arts. However, it should be limited. Once it exceeds the limit, it can't be accepted.

At that time, pride will become crazy.

At the moment, Lu Bing looks at Ye Chen with a ridiculed smile on his face, as if to say: "damn waste, how about nanxiaoli like you? Not to be a woman of Laozi? Hehe, and you? The talent of martial arts is so bad. I'm scared to pee by you. Unfortunately, I'm going to die here today!

Ha ha, is it not reconciled to anger to the extreme? "

However, at this time, Nanxiao glass was staring at Nanxiao Fengqing and yelled: "father, what's the matter with you? Why not see the facts clearly?

Why do you slander Ye Chen? Father, ye Chen's joining the nanxiaotian temple is a blessing to the whole nanxiaotian temple. Maybe it is the biggest opportunity in the history of Nanxiao tiandian. Even if you don't believe your daughter, you should protect Ye Chen and let Ye Chen join Nanxiao tiandian for the future of tiandian! "

She did not understand, really did not understand, why the father would make such a stupid choice!

"That's enough."

Nanxiao Fengqing whispered: "Li'er, you've been out for so long. This time, you almost died because of this boy. Now come back to the temple with me."

Nanxiao glass, suddenly hugged Ye Chen tightly, beautiful eyes in the slide of the crystal clear tears, roared: "I don't go! If you don't take ye Chen, I will not go with you even if I die here today! "

Ye Chen looked at the girl in his arms. His eyes softened. He stroked Nanxiao glass's small head and said with a smile: "glass son, don't worry, I'll be OK."

Nanxiao glass, however, sobbed: "Ye Ye Chen, I don't want to leave Leave you... "

She always feels, this time leaves really can't see ye Chen again!

Seeing this, Nanxiao Fengqing's eyes sank and said coldly, "nonsense!"

The next moment, a golden cloud suddenly poured into the body of Nanxiao glass!

As soon as her complexion changed and she didn't even have the chance to react, the spiritual power in her body was completely sealed. At the same time, even her consciousness gradually dissipated and she fell asleep.

Then, as soon as Nanxiao Fengqing waved his hand, a very luxurious sedan chair appeared in front of him, and Nanxiao glass's delicate body fell in the sedan chair.

Then, the wind in the south of the sky was clear, and he looked at some void and said, "emperor of the East, can you come out and see it?"

At this time, in the void, wave together, the East emperor forgets the opportunity three people then appeared in front of the South Xiao Feng Qing.

Three people face, are with a smile, to the South Xiao Feng Qing say hello: "South Xiao emperor, don't you come all right?"

Nanxiao breeze said quietly: "you and this boy's gratitude and resentment, I will not interfere in the Nanxiao tiandian, now, I take glass to leave, you have no opinion?"

Chapter 4995

The Eastern Emperor immediately nodded his head and said, "of course not. Please help yourself, Nanxiao emperor!"

If Nanxiao Fengqing doesn't know what happened, and now he knows, then they can't really kill Nanxiao Li and make a feud with Nanxiao tiandian.

at this time, there was a bloody bubble on the bottom of the sea. At the next moment, a rumble broke out, and a figure flew away from the bottom of the water.

The figure looks terrible, almost melting, and most of the bones are broken, but, strangely, it is this pair of seriously injured and dying appearance, the breath of the figure is more and more powerful!

It's Xu Sha!

With his nearly immortal state, Nanxiao Fengqing wants to kill him. He can do it, but he absolutely needs to do it more than once.

Just as Nanxiao Fengqing was about to leave, Lu Bing said excitedly, "master, can you wait?"

His blood began to boil, if you can see the scene of Ye Chen's death, it is a kind of supreme enjoyment for him!

This damned rubbish killed Lu Changfeng and almost killed himself. The worse he died, the better!

Nanxiao Fengqing frowned and said, "why, do you want to watch him die?"

In his opinion, Lu Bing is really a little narrow-minded. To tell you the truth, ye Chen didn't do anything worthy of his resentment, and Lu Changfeng's death is just his own fault.

But Lu Bing resents Ye Chen to this extent?

The most important thing is that he doesn't dare to fight Ye Chen himself. Instead, he is watching

This kind of disposition is not good

This makes Nanxiao Fengqing disappointed by Lu Bing.

Seeing Nanxiao Fengqing's look, Lu Bing quickly gathered his joy and said, "no, master, I just want to see this kind of strong hand. Maybe I can understand it..."

South Xiao breeze clear smell speech, didn't open mouth to say what, stood in the same place.

In fact, he is also a little curious. Is there anything that Ye Chen can do?

Such demons are of interest to any strong man. Even if Nanxiao Fengqing doesn't think much of Ye Chen, he thinks Ye Chen can't live to the day when he grows up, and he doesn't want this kind of person to join his own power and become his daughter's husband.

Ye Chen's eyes are gloomy, and the East emperor's three men also appear. Now, even if he burns the blood of the mysterious demon and successfully activates the blood of the gods and demons, he may not be able to survive

After all, he knew that TIANYAO and others could only save him once.

However, Ye Chen still chose the first World War, and his mysterious demon blood began to boil again. Even if he was destined to die here today, he also wanted to pull the Eastern Emperor into the water. Even if he could not kill them, he would bite off a piece of their meat!

But, at this time, Xu Sha is suddenly body shape move, appeared in front of the leaf Chen!

The remnant of a trace of reason, it seems that he still chose Ye Chen, as the target of his killing, a sword toward Ye Chen cut!

Ye Chen clenched his teeth and forced his hand to block Xu Sha's attack!

His Sha sword has fallen into the sea and has not been retrieved!

With a loud bang, ye Chen's body was blown away again. Blood gushed out like a fountain and dyed the earth red. Half of his body was completely broken and looked miserable to the extreme!

Seeing this, Lu Bing would have cheered if it had not been for Nanxiao Fengqing!

This scene is so cool!

Ye Chen doesn't even want to be tortured so soon!

Nanxiao Fengqing also shook his head, it seems that ye Chen to the extreme, this is the proud end.

He didn't choose Ye Chen. It's right. Otherwise, even if ye Chen can't be killed in the East emperor's temple today, ye Chen will definitely fall into such a dangerous situation again in the future. Can he escape then?

The Eastern Emperor forgets the opportunity and others are also smiling. Well, it seems that the end has been doomed, and even they have no need to do it.

Ye Chen is biting his teeth, and his eyes begin to fade. This blow makes him hurt too much, and even his consciousness seems to dissipate

However, what is most difficult for him to accept is that the power of reincarnation is beginning to recede

It's time to activate this short blood vessel

In this way, I'm afraid he can't even burn the blood of the dark goblin. He will be killed completely by Xu

His vision is a little fuzzy, looking at Xu Sha, who is flashing towards him at full speed, he is extremely unwilling in his heart!

There are still many promises he has not fulfilled. He must not die here!

However, everything seems to have been decided

Even Shuo Lao and Xuan Hanyu sighed deeply

Xu Sha comes, stands in front of Ye Chen, raises his bloody sword, and his body is on the verge of collapse. It seems that killing demons into the body has reached the extreme and is about to die.

But before he died, he could do it again

This time, it is a blow that brings death to Ye Chen! Ye Chen is biting his teeth. He tries his best to stir up the remaining spiritual power in his body. He wants to explode himself and make a final struggle. Maybe, with good luck, he killed Xu Sha by exploding himself. He can still leave some body parts, waiting for the elder Ren to come and have a chance to revive

Of course, the probability is very low, because there are Donghuang forgetting machine and others, with their strong mind, it is impossible to ignore the remaining part of yechen's body!

After having deeply experienced Ye Chen's adversity, will they let go of these remains?

Basically, it's impossible.

Moreover, Xu Sha's last blow seemed to come faster than his self explosion!

Ye Chen exhausted the means, still can't seem to reverse his own death.

Just when everyone thought that ye Chen was dead, at this moment, a voice full of evil spirit rang out in this strange space: "Ye Chen, I didn't expect that we would meet again so soon."

The sound of the moment, the presence of everyone is a tremble!

At the same time, the sword light of Xu Sha almost drowns Ye Chen!

But, in this moment, all things freeze!

A beautiful figure came from the outside world and landed in front of Ye Chen. Facing the sword cut by Xu Sha, he just stretched out his hand a little. The next moment, there was a loud bang, and the sword was broken in an instant!

and Xu Sha's body seemed to be hit by a 100000 ton heavy hammer, flying backward. This time, his life finally burned to the extreme, and he did not bear the fear any more The power of a terrible blow, the whole person exploded, turned into a blood fog.

Xu Sha, die!

And appear in front of Ye Chen body, is a woman, a eyebrow has a cinnabar mole, looks, beautiful with awe inspiring heroine woman.

The Eastern Emperor forgot the opportunity, and now he was full of anger. He yelled at the woman and said, "Ning ChiYin!? What are you doing! "

Chapter 4996

This woman is Ning Caixia's elder sister. She is called Ning ChiYin of Shura Juesha!

At the beginning, when fighting with Xu Sha, the debris in Ye Chen's hand was the debris of Tianyin Shenluo!

He saved Ning Caixia, got Ning ChiYin's promise, for its shot, but, ye Chen did not expect, so quickly used.

Fortunately, he did not hesitate to inform Ning ChiYin. Now, she can arrive in time

Ye Chen stopped restless aura, this time, really light breath, it seems that his life is saved.

At the same time, he looked at the look of the Eastern Emperor forgetting the opportunity and others, sinking to the extreme. Today's account, he will get it back.

Hearing this, Ning ChiYin sneered at the emperor and said, "what are you doing? Don't you understand? I'll protect Ye Chen's life. If any of you want to kill him, you can try to kill me! "

The face of the East emperor forgetting the opportunity and others can hardly see the extreme moment!

Just a little bit can completely wipe out Ye Chen, at this time how to run out of a rather red sound to join in the fun?

But, a few people still really don't dare to make a move casually, although this Ning ChiYin is young, the actual strength goes against the sky extremely, moreover, and ye Chen some similar is, this Ning ChiYin is also a crazy woman!

Fight and be desperate!

The Eastern Emperor forgot the opportunity and looked at Ning ChiYin ferociously. He threatened: "Ning ChiYin, do you know that the boy surnamed Ye has already formed a death feud with our Eastern Emperor's temple, and we will kill him!

If you want to protect him, even the Beiling temple will be dragged into the water by you, and become hostile to the East emperor temple. Are you sure it's worth it for this boy

For a moment, everyone quietly looks at Ning ChiYin, especially Nanxiao Fengqing. He has made a choice. In his opinion, as long as Ning ChiYin has a little sense, he will make the same decision as himself.

But at this time, Ning ChiYin said with a smile, "well, I think it's worth it. Now, what do you want? You want to kill me? You don't sacrifice that broken turtle shell? "

People smell speech, the face is to emerge a touch of incredible color!

This rather red sound, unexpectedly is not hesitant, for ye Chen bet on the whole North Ling Temple?

For a time, the Eastern Emperor forgot the opportunity and others were almost out of breath!

Can, but helpless!

Even if they are stronger than Ning ChiYin, they can't stop Ning ChiYin from leaving

Moreover, if this crazy woman starts to go crazy, the three of them may get hurt.

Seeing the look of the Eastern Emperor forgetting the opportunity and others, Ning ChiYin has a look of sarcasm in her eyes. She looks at Nanxiao Fengqing and the unconscious Nanxiao glass in the sedan chair, and then she can roughly understand what happened.

Ning ChiYin said with a smile to Nanxiao wind: "it seems that Nanxiao emperor chose to give up yechen? Ha ha, in the face of such demons, I don't even have the courage to accept them. I deserve it. However, the foundation of Nanxiao tiandian can't escape the fate of decline.

It's your daughter. She seems to have more eyes than you. However, I'd like to thank you. If it wasn't for you, how could I get such a monster in Beiling temple? "

The South Xiao breeze is clear to smell speech, the facial expression already gradually gloomy come down.

Nanxiao Fengqing, no matter in intelligence or strength, is the best choice, but he is too rational and lack of blood. For those who are in charge of martial arts, especially those who are in charge of a big force, this is not a disadvantage, but it is by no means an advantage!

Therefore, Nanxiao tiandian has been neither warm nor hot, and will not fall into a huge crisis, but it will not be able to seize the huge opportunity!

In the martial arts world, if you don't advance, you will retreat. Therefore, Nanxiao tiandian has a declining trend!

At this moment, Ning ChiYin suddenly said: "from now on, ye Chen is my disciple of Beiling temple. If anyone wants to fight against him, ask me first. Do you agree with me!

Donghuang forget the opportunity, you, fight or not? If you don't fight, I don't have time to stare at you.
"

The East emperor forgot to listen to the words and his face was distorted!

He even sacrificed his brother's life, but he didn't kill Ye Chen?

In the heart unwilling, the anger, may imagine!

At the moment, he looked like a ghost and threatened Ning ChiYin: "Ning ChiYin, I promise you, you will regret. Not only you, but the whole Beiling temple will regret your decision!"

Ning ChiYin smiles. She doesn't pay attention to the threat to the emperor. The next moment, she takes Ye Chen and leaves the strange space. Meanwhile, she takes the seriously injured six winged shark away.

Ye Chen asked her for help.

The six winged shark has lost its six wings, which is of little value. The Eastern Emperor forgets the opportunity and others don't need to stop it.

But, at the moment, they helplessly watch Ning ChiYin, take ye Chen, is also the extreme resentment!

Once again, ye Chen escaped from death!

And in the future, ye Chen is the person of the North Ling Temple, want to kill Ye Chen, I'm afraid there is no chance. Seeing this, Nanxiao Fengqing, with a cold hum, leaves with Nanxiao glass and Lu Bing.

At this moment, the Eastern Emperor forgets the opportunity, and Xu Yanling stands in a different space, silent for a long time.

Xu Yanling frowned and said, "emperor, what should we do now?"

This time, they really suffered a heavy loss. Xu killed the shark. The shark's six wings were taken away, and ye Chen hasn't been killed yet

Donghuangtian temple, has not suffered such a big loss for a long time!

The Eastern Emperor forgot the opportunity, and his eyes flashed slightly. Suddenly, he showed a sneer and said, "this boy thinks he got the six wings of the six winged shark and picked up a big bargain? He's in trouble

"Trouble?"

Wanwuguang's eyes flashed and said, "what does the emperor mean?"

The Eastern Emperor forgot the opportunity and said, "do you know that the six wings of the six winged shark actually do not belong to the emperor?"

Wanwuguang and Xu Yanling are moving when they hear the words!

In fact, thanks to one person's help, he took the lead in finding the six winged shark, and I just knew where the sea of dark Yao was. So, I reached an agreement with the other party. After I caught the six winged shark, I kept the six winged shark in captivity. Finally, I got the double shark Divide the six wings equally

Say, his eyes cold awn twinkle a way: "can, now, ye Chen seized these six wings?"? Ha ha, that provoked this person, and you are familiar with his name, that is

Zhongyuan emperor, Zhongyuan butcher

Wanwuguang and Xu Yanling's face changed when they heard the words!

Zhongyuan tiandian is the most powerful one among the five tiandian, and Zhongyuan Tu, even among the strong in heaven and man, can be regarded as famous!

Chapter 4997

It seems that Tu Zhongyuan will make a breakthrough recently!

At that time, it may even become the first step of heaven and man!

What's more, the most important thing is that zhongyuantu can't rub sand in his eyes. He will pay for it!

Ye Chen grabs Zhongyuan Tu's six wings. He won't give up at all. But with Ye Chen's character, can he give them up?

At that time, ha ha

Even Beiling temple may not be able to protect Ye Chen, right?

Soon, all three of them laughed!

They want to know, when Ning ChiYin faces Zhongyuan Tu, how dare she be so strong?

The Eastern Emperor forgot the opportunity and said with a smile, "when Zhongyuan Tu is out of the pass, I will tell him the news. This time, maybe we can solve this damned boy without a single soldier from the Eastern Emperor's temple!"

.....

In the sky, Ning ChiYin flies with Ye Chen, and the six winged shark has been put back into the void by her.

Although the status of the six winged shark is not good, void can be said to be the hometown of the six winged shark. He can find a safe place to cultivate.

And ye Chen, relying on the vitality of that adverse day, the broken body is also slowly recovering.

Ye Chen's eyes flashed and said to Ning ChiYin, "thank you, sister ChiYin."

Ning ChiYin said with a smile: "I said, I owe you a life. What can I thank you for? However, there is one thing I want to remind you. After joining Beiling tiandian, it's better to stay in tiandian and improve your strength. Don't leave easily. "

"Oh? Why? "

Ning ChiYin said: "originally, the Eastern Emperor forgot the opportunity and others did not dare to attack you, because they were afraid of you? But now, I'm afraid the fear has been eliminated, and another point is that you know that their existence at this level will be restricted by the way of heaven, because the stronger the power, the more restricted the way of heaven and man, and even the way of heaven outside.

This is the reason why you can persist in the hands of the warrior who kills demons and enters the body for so long. The gap between the real realm and the later realm is far beyond your imagination. "

Ye Chen hears speech, can't help a burst of chilly!

Ning ChiYin continued with a dignified face: "but now, somehow, the restriction of heaven seems to be weakening. It's probably related to the supreme world and the word" wanxu "in the legend. It's a secret. You may not have heard of it.

If things go on like this, I'm afraid those old people's strength will be greatly improved, and the balance between heaven and man may be broken

And if you meet Xu Yanling and others again under the condition of insufficient strength, you will never have a chance to survive. "

Ye Chen nodded and said: "I know."

He looks at Ning ChiYin, and a touch of gratitude appears in his eyes. He knows how much risk Ning ChiYin has taken to protect him in this situation.

To say, things are really changeable. Unexpectedly, what he finally joined was Beiling temple, which he refused at the beginning.

However, ye Chen has decided that since Ning ChiYin has saved his life, as long as Beiling tiandian doesn't abandon him, he will take Beiling tiandian as his home!

Ning ChiYin is not satisfied, in her opinion, don't say that he owes Ye Chen a life, is not, ye Chen is also worth her doing!

The difference between her and Nanxiao Fengqing is that she dares to gamble on the whole heaven temple for the sake of a demon. If she can't even do this, how can she let her disciples really join the Heaven Temple?

It has to be said that Ning ChiYin's personality is very good for ye Chen's taste.

Ning ChiYin's escape speed is extremely fast. In a short time, it has crossed thousands of mountains and rivers. Soon, ye Chen and Ning ChiYin come to the end of the sky, which gives Ye Chen a strange feeling. The white clouds float, and there is a faint streamer flickering. It looks ordinary, but it seems that there is some kind of big weather. You can feel it carefully, even with his mind, there is nothing special What we found.

It can only be vaguely perceived that this place is quite extraordinary, not as simple as it seems.

After this period of recovery, although he has not yet reached the peak state, but his body is also complete again.

At this time, Ning ChiYin said to Ye Chen: "there are seven halls in Beiling temple, namely, Taiyang hall, Taiyin hall, taixuan hall, Taizhen hall, Taihao hall, Taiqing hall, and taijue hall.

Each hall has its own specialized direction. For example, Taiyang hall, majored in Sabre sword, with extraordinary combat power, taixuan hall, majored in internal cultivation of martial arts, Lingli Ruhai, Taihao hall, with thousands of martial arts skills, and so on Among them, the sun hall is the most powerful in the heaven hall, while the taijue hall is the weakest, but If you are, in my opinion, joining taijue temple is the best choice. "

Ye Chen's expression moves a way: "too absolute temple"? Why? "

Ning Chi Yinmei's eyes flashed slightly and said: "in ancient times, taijue hall was the most powerful one in Beiling tiandian. Now, the reasons for its decline are very complicated

However, what I can tell you is that zhenzhan Gongfa in taijue hall is the most advanced existence in Beiling tiandian hall, and it is very suitable for you! "If Chen stares at the threshold of the holy way, she should have seen the way of cultivation

Ye Chen's vision moves, nods a way: "not bad."

The holy body Xuangong he practiced has now entered a bottleneck period.

Ning ChiYin said, "well, I'm sure this skill is absolutely useful to you."

Ye Chen didn't hesitate and said immediately, "then I'll join the taijue temple."

Ning ChiYin reminded him: "however, I want to remind you that taijue hall is the weakest one. Beilingtian hall is a big force. The fight between the halls is very serious. Therefore, I'm afraid the disciples of taijue hall have a lot of trouble. Basically, they are the bottom of beilingtian hall. They are bullied by other disciples. Do you think about it?"

Ye Chen nods a way: "no harm."

What he doesn't care about most is these, the weakest and most oppressed hall?

So what?

Anyway, in the other halls, his character will also cause trouble. Ye Chen has always been. If people don't offend me, I don't offend. If people offend me, they will pay back ten thousand times.

So, it doesn't matter which hall you join. If someone wants to die, it's suppression.

Ning ChiYin nodded, then took out a jade talisman and gave it to Ye Chen, saying: "take this jade talisman and go to taijue hall. Find the master of taijue hall. Li Wuwang will take you as his disciple.

In our Beiling temple, there are twelve grades of disciples. The higher the grade, the more martial arts resources and Daojing you can get. For example, a grade disciple is equivalent to a worker. Every month, there is only one Daojing, and the quality is very low.

However, shipin disciples are different. They are already elites in the temple of heaven. Every month, there are 1000 Daojing, and there are many extra opportunities to obtain Daojing! "

Chapter 4998

However, I made an exception to let you join the temple of heaven this time. It's already the limit. I'm afraid there are still many troubles to deal with. I can't open the back door for you any more. After you join the temple of heaven, everything is up to you

At most, let the hall Master Li take care of you, and each hall master can only upgrade his disciples to nine grades.

If you want to be a disciple of Jiupin, you need to accept the examination held by tiandian.

So, you should start with Jiupin disciple first, and then slowly improve. Jiupin disciple, one month, has 600 Daojing, top quality, and access to a certain number of resources and so on

Ye Chen hears the words, and his eyes shine!

Want to enhance the strength of a shortcut, is to let small black devour Dao Jing ah!

And the wild devil Sky Sword also needs energy!

It seems that he will become a disciple of the twelve grades as soon as possible.

After Ning ChiYin finished, he took out a token and made a decision in the empty place. The next moment, a very strong spatial fluctuation surged up, and a picture like Tianfu gradually emerged in front of Ye Chen's eyes.

This picture, like a mirage, can't really be seen, but the incomparably beautiful pavilions, the floating clouds, the beautiful mountain scenery and so on, make ye Chen's eyes flash a color of surprise!

This scene is exactly the same as what he saw when he was a child, the fairy house on TV!

The next moment, Ning ChiYin takes Ye Chen into Beiling tiandian.

Put Ye Chen behind the gate of taijue temple, Ning ChiYin said to him: "you shouldn't leave recently?"

Ye Chen looks a coagulation, Zhu Yuan is safe, but he has an important thing!

That is to go to taixuan array gate to find ye lu'er and meet his former subordinates!

I was delayed because of something before, but now it's safe, so I have to take time to go.

Ye Chen doesn't talk nonsense either, and says directly: "sister ChiYin, I may go to taixuan array gate recently."

Ning ChiYin frowned: "taixuan array gate is just a declining clan gate. Its strength is not strong. What are you going to do there? Besides, it's a little bit far from here. "

Ye Chen a Zheng, then way: "can there be transmission array or shortcut?"

Ning ChiYin thought about it and said, "yes, but you have to cross the desert!"

"There are some things that I can't help you any more. If you really want to go to taixuan array gate, it may be more dangerous."

"if you have made up your mind, let me know through this jade pendant."

With that, Ning ChiYin lost a special jade pendant to Ye Chen.

"By the way, you should have got the six wings of the six winged shark, right? That thing has a great effect on the realm behind you. You'd better not absorb it now, otherwise, it will be wasted. "

Ye Chen's eyes flashed and nodded. Just as he wanted to ask the reason, Ning ChiYin suddenly looked as if he had received some news and left in a hurry.

Soon, there was only Ye Chen left.

Ye Chen alone looks at the big mountain gate in front of him. He raises his eyebrows and exaggerates. The mountain gate is so big that it looks like a state. Where do you want to find Li Wuwang?

Now I have to grope by myself. I believe I will see the disciples of taijue hall soon, right?

Soon, ye Chen was in the taijue hall, touring up, let him some accident is, Nuo big taijue hall, unexpectedly can't see a person's shadow, unexpectedly is a pair of extremely cold appearance!

After walking for a long time, ye Chen's face suddenly moved. Beside a mountain road, there was a huge stone pillar, which was engraved with a fist seal.

This fist seal looks ordinary. It's not difficult for ordinary warriors to leave a fist seal on the stone pillar. However, some rhythm hidden in it has deeply attracted Ye Chen's mind!

For a moment, he stopped in the mountain road and gazed at the fist seal. He entered the practice state of forgetting both things and me!

I don't know how long it took. Suddenly, a woman came up on the mountain road. This woman's appearance can be called peerless. She is Ning Caixia's level. Moreover, although her figure is not too high, she is extremely irritating. Her skin is white with a touch of pink and incomparable water!

However, at this time, the woman is slightly frowning, obviously not in a good mood.

At this time Chen's appearance wiped the leaf's color in front of her quickly.

She said coldly, "get out of the way."

Although this woman can pass by Ye Chen's side, she has no plan to change her route for ye Chen.

But what this woman didn't think of was that at the moment, ye Chen didn't pay any attention to her at all. Instead, she was still staring at the fist seal, a pair of forgetful appearance!

The woman's look instantly gloomy down, once again said: "get out of the way."

But, again, ye Chen has no response. A touch of anger appeared in the woman's beautiful eyes. Suddenly, she yelled, "have you done enough? Can you understand this fist seal? Pretending you didn't hear me? Hehe, are you disciples of taijue Temple using this method to attract other people's attention?"

It's quite in line with your identity. If you don't have the strength, you'll play smart. I'll say it again. Get out of the way. Don't pretend to be a disgrace, OK? "

This scold, with aura and idea, ye Chen finally looks a move, from the comprehension was disturbed, he slightly frowned, looking at the woman in front of him, his eyes are not happy.

It's taboo for martial arts practitioners to disturb other people's understanding!

Fortunately, his understanding of this fist seal is basically over. This little fist seal has inspired him to practice his body, which makes the bottleneck of his holy body Xuangong and Taishang magic body slightly loose!

Ye Chen's eyes flashed a touch of joy. It seems that the taijue hall really has its unique features in refining body, which is worth joining!

Moreover, he is more and more looking forward to that mysterious skill!

However, after all, this woman's behavior still makes him sick, especially her attitude and words!

Ye Chen looked at the woman up and down, but her beauty was good, but it didn't really surprise him, and her cultivation was also not weak. Her age was just over 300 years old, and her talent was powerful even in the temple of heaven.

However, such strength is nothing in Ye Chen's eyes.

See ye Chen that kind of casual eyes, this woman more irritated, she low drinks a way: "what are you looking at?"? Don't you get out of my way? "

He said coldly: "this girl, you disturb my comprehension, don't you apologize? And I'm getting your attention? You're a little too amorous, aren't you?

As for, how to dress? I'm sorry, you don't seem qualified for me to pretend. "

Chapter 4999

This words a, that woman is a Leng at first, some incredibly looking at Ye Chen, afterward, her vision thoroughly overcast cold come down, the aura in the body all faintly starts to stir!

In her dream, she never thought that a waste of taijue temple, or this kind of power is so low as to make people laugh in heaven and earth, even dare to refute herself, moreover, the language is extremely fierce?

The woman sneered at Ye Chen and said, "enlightenment? Do you know what this is? To understand?"

It is said that in ancient times, there was a demon in the taijue temple, which surprised the whole heaven and human world. Even when he was 500 years old, he stepped over the legendary threshold of becoming a saint. After that, he left this fist seal. The way of refining body contained in it is as deep as the sea. Do you want to understand it based on your cultivation?

Don't talk nonsense! It's just offensive! "

Ye Chen's eyes sank when he heard the words. He was just about to say something. Suddenly, a man's voice rang out behind the woman and said: "Murong girl, which damned guy made you so angry. Please calm down, calm down..."

The sound was full of flattery.

Ye Chen looked behind the woman and saw two men coming along the road. They were full of Qi and blood. Obviously, they had some attainments in physical training. They should be the disciples of taijue hall.

But

Ye Chen frowns slightly, but their attainments in physical training are too low, and their strength is also weak

They are not new beginners. They are thousands of years old, but they only have this strength?

It seems that the strength of taijue hall is really not strong

The one who spoke between the two looks tall, handsome, with golden hair and eyes. He looks very sunny and handsome. At the moment, he is really flattering to this woman.

While talking, the man has seen Ye Chen

In an instant, there was a burst of anger in that word, which provoked Murong girl. How could it be such a waste?

Taijue temple, when did you close the heaven and earth?

Immediately, he then facial expression ferocious ground scolds a way to Ye Chen: "boy, are you deaf?"? Didn't you hear Murong's dissatisfaction with you? What are you doing? Slow response? Now give it to Murong girl, bow your head and apologize, and knock your head a hundred more times! "

The woman took a light look at the young man, slightly restrained her breath, and said: "Chu Jinhong, you disciples of taijue hall are really a big show, excuse enlightenment, get in my way?"

Well, it's just a waste of my time to worry about his existence. However, I advise you, as the eldest disciple of the master of taijue hall, to discipline and restrain the disciples of taijue hall. If there are more people like him, it's not impossible that you will be abandoned in the future! "

Said, her body shape a flash, then directly bypassed the leaf Chen, with extremely fast speed down the mountain and went.

Chu Jinhong looks a little ugly, because this damned boy, his impression in Murong girl's heart may have become worse!

For a moment, he looked at Ye Chen, with a ferocious look, and said: "when did taijue Temple come to you? Boy, who are you? How did you get into our taijue hall? Let me draw from the facts! "

Ye Chen frowned slightly, and a cold light flashed in his eyes. It seems that taijue hall is really in decline. Even this kind of dog like bullying can become the first disciple of the Lord?

If you don't want to give sister ChiYin some face, ye Chen wants to crush the Chu Jinhong to death.

He is an exception to join the North Ling Temple, but also a trouble on the words, it is not appropriate.

Seeing that Ye Chen didn't answer, Chu Jinhong's anger in his eyes was even more intense. This damned boy didn't have the strength to dare to violate his dignity as the first disciple of the hall master?

Don't want to live?

Immediately, his body breath a Sheng Li, seem to be coming towards Ye Chen!

But at this time, the slender and handsome young man next to him blocked him slightly and said with a smile, "elder martial brother Chu, don't be too impatient. First ask about the origin of this little brother. You know, ordinary people can't enter the Beiling temple at will."

Chu Jinhong's face changed slightly when he heard the words

For a moment, he looks at Ye Chen, and his eyes are a little scared. This boy is so self-cultivation and proud. He can't be the son of a big man

The young man, smiling at Ye Chen, said, "this little brother, my name is Wu Xinshan. Who are you? What do you want to do when you come to taijue hall?"

Ye Chen looked at the handsome young man Wu Xinshan and said, "my name is Ye Chen. I'm a new disciple of taijue hall. Can you tell me Li Wuwang, where is the leader of Li hall? I want to meet the Lord."
"

Hearing the words, Chu Jinhong immediately burst out laughing and said with sarcasm: "damn boy, you can't even tell a lie? Are you a new disciple of taijue hall? You are not even 100 years old. It is impossible for you to pass the inspection of the divine envoys. Moreover, in the past 100 years, there has been no examination of the tiandian temple in Beiling to recruit disciples. "

With that, he suddenly said with a playful smile, "don't tell me that you joined our Beiling Temple because you were married to the royal family? Well, as far as I know, except for a few married women, most of the royal family in Beiling are men? "Wu Xinshan looks at Ye Chen and frowns slightly. He is a little disappointed. He doesn't want to see the young man being bullied by Chu Jinhong and helping him. But who would have thought that he was talking nonsense?

Even the real purpose, how to come in are not willing to say?

At this time, Chu Jinhong's eyes narrowed, and his whole body became restless again. Huge forces were swimming in his body. He said to Wu Xinshan, "younger martial brother Wu, you want to help him, but others don't appreciate it. In this case, as the leader of taijue temple, I have the responsibility to ask his true identity and purpose..."

With that, he glared at Ye Chen and said with a grim smile: "boy, you'd better come from the truth, otherwise, I'll make you suffer..."

In his opinion, ye Chen does not dare to tell his true identity. He must not be the son of a big man.

Wu Xinshan shakes his head. Since ye Chen refuses to tell the truth, he can't help him. At most, he can only pull Chu Jinhong when he is seriously injured. However, with Chu Jinhong's character, humiliation and physical pain, ye Chen can't escape. If he's not lucky, he may have to lie for ten days and a half months.

Ye Chen looks at Chu Jinhong and his face sinks. This guy is a little annoyed. In the face of those who are looking for death, ye Chen always treats them the same. Well, for Ning ChiYin's sake, he doesn't step on them directly. First, break his limbs and let him stop for a while.

Chapter 5000

Seeing that ye Chen was silent and motionless, Chu Jinhong's smile became more and more cruel. In his opinion, ye Chen was afraid. In this way, Chu Jinhong was more unscrupulous and wanted to catch Ye Chen. When he broke his hand bone first, a faint voice suddenly sounded in his ear: "Jinhong, what are you doing?"

Chu Jinhong and Wu Xinshan, at the same time, look in the direction of the sound.

There stood a middle-aged man in an old Taoist robe.

This middle-aged man looks a little thin, a little slovenly, his hair is messy, his jaw has some blue beard, his eyes seem to open and close, and he doesn't wake up!

But, this leaf Chen sees this man's instant is in the heart a startle!

This man gave him a similar feeling to Xu Sha, even stronger than Xu Sha!

What's more, what shocked Ye Chen is his Qi and blood!

Surging, just like a furnace of Qi and blood!

Its vitality has a tendency to connect with the earth!

Ye Chen's pupil contracts slightly, he can affirm, the other side is Li Wuwang!

Li Wuwang's physical strength is even above himself!

Of course, this is when ye Chen does not activate reincarnation.

At this time, Chu Jinhong and Wu Xinshan saluted the young man and said, "I've seen you, master!"

This person is the leader of taijue hall, Li Wuwang!

Chu Jinhong said to Li Wuwang, "please tell me, master. Just now my younger martial brother Wu and I found out that this boy was sneaking around in our taijue hall. They came forward to question me. But this boy was talking nonsense. He said that he was a new disciple in our taijue hall?

I suspect that he may be plotting something wrong! "

Li Wuwang heard the speech and shook his head. He didn't pay attention to Chu Jinhong. He seemed to be too lazy to say anything more. Instead, he went to Ye Chen and said, "are you ye Chen?"

Ye Chen nodded, respectfully made a ceremony and said, "I've seen Lord Li."

Li Wuwang looked up and down at Ye Chen. A touch of surprise and even shock appeared in his eyes and said: "this is Ha ha, ha ha. OK, we finally have something to make in taijue hall. Show me the jade talisman. "

He has been immersed in refining for many years, and his eyes can be said to be extremely vicious. Although Ye Chen just stood there quietly, he can still see that ye Chen's body is extremely powerful, and his blood is surging to an incredible level. Moreover, he seems to have crossed the threshold of sanctification of the body!

You know, ye Chen is only in his twenties!

When he was nine thousand years old, he crossed the threshold of becoming a saint of the body, and then he was called the evil of the body. Compared with Ye Chen, it was the gap between the dragon and the earthworm

Such qualifications, let Li Wuwang some can't believe his eyes!

Soon, ye Chen will hand over the jade Fu.

Li Wuwang glanced at Chu Jinhong and Wu Xinshan and said, "from today on, ye Chen is my disciple. Your younger martial brother. In the future, don't cry when you see someone. What's it like?"

Ye Chen salutes Li Wuwang again and says, "I've met your master."

Chu Jinhong and his disciples are unbelievable. They seem to have seen ghosts. Is Ye Chen really a new disciple of taijue temple?

What's more, they can't believe that this young man, who is just in heaven and earth, seems to be a genius?

But also directly accept as a disciple!?

This is unprecedented!

Although they are too unique, there are not many people in the temple, and their strength is also the worst. However, the hall master's disciples still have a lot of benefits. No one wants to be one of them!

Chu Jinhong and Wu Xinshan made great efforts to become the hall master.

But ye Chen was accepted as soon as he met?

But it's not over yet!

Li Wuwang suddenly said again: "by the way, from today on, ye Chen's identity is Jiupin disciple. After a while, you will take ye Chen to get this month's martial arts resources."

Chu Jinhong and Wu Xinshan are completely petrified this time

Are you the Jiupin disciple?

You know, Chu Jinhong has been a disciple of eight grades for more than 1000 years, and Wu Xinshan is just a disciple of seven grades

Wu Xinshan is very good. Except for some admiration, he doesn't have any difference. He knows that ye Chen can join the temple at this age, and is favored by the master. He must have something unique.

However, Chu Jinhong is so jealous that she is crazy. Her eyes are congested!

Just because of this boy, he was not only scolded by Murong Yanyu, but also admonished by the master. Now, this boy has directly climbed on his head and become a nine grade disciple?

Chu Jinhong was so angry that her body trembled slightly!

Isn't that a loser?

Why is the teacher so valued?

He won't accept it!

Is this damned boy the nephew of the master? It's said that the master was quite romantic when he was young. Maybe there were many illegitimate children outside

Soon, Ye Chen in Chu Jinhong's eyes has become an airborne garbage that relies on the relationship to enter the temple of heaven.

Li Wuwang glanced at Chu Jinhong. He was disappointed and asked, "Jinhong, do you have a problem?"

Hearing the words, Chu Jinhong's mind trembled and said, "I dare not."

Li Wu Wang no longer talks to him and says with a smile to Ye Chen: "this fist seal, have you just understood?"

Ye Chen nods a way: "have harvest."

Li Wuwang laughs. He knows very well that if he wants to understand this fist seal, he can only do it if his physical cultivation crosses the threshold of becoming a saint. Ye Chen is really a good seedling!

Immediately, Li Wuwang said to Wu Xinshan, "Xinshan, after you get the martial arts resources, take ye Chen to live in Lingxing Pavilion."

He took a satisfied look at Ye Chen and said, "Ye Chen, your body seems to have some injuries. Go back and have a good rest first. Come to the main hall of taijue hall to see me in the evening."

"Yes

After that, Li Wuwang flashed and left directly.

In situ, only yechen three people were left.

Chu Jinhong stared at Ye Chen and said, "don't think that you can get carried away if you are accepted as a disciple by the master. I'm still the first disciple of taijue hall. In the future, in taijue hall, you'd better respect my son. Do you understand me?"

Ye Chen directly ignored Chu Jinhong. He looked at Wu Xinshan and said, "elder martial brother Wu, can you go to get the resources?"

"You

Chu Jinhong grits his teeth and is almost furious. He knows very well that Li Wuwang has never let go of the little conflicts between the disciples in the temple. That is to say, even if he hurts Ye Chen, as long as he doesn't cause human life or the kind of serious injury that destroys the foundation of martial arts, he will basically be OK!

Li Wuwang has always been like this. Even if ye Chen is an airborne army, he can't get favoritism, can he?

Otherwise, it will be unfair to other disciples!

Think of here, Chu Jinhong whole body breath again manic rise, seem to want to move!
