

Physician 5011

Chapter 5011

After leaving wanbaoge, ye Chen goes straight to the location of miemo peak. At this time, another news is that it detonates the whole temple.

Today, countless disciples of tiandian are discussing the failure of Murong Yanyu, the goddess of tianbang, who pasted a man from heaven and earth in taijue temple!

Countless people were shocked by the news, and ye Chen's news was soon announced.

At the age of more than 20 years, the cultivation of heaven and earth became a disciple of the Heaven Temple, and was directly brought into the door by the Lord of the temple. The youth with the identity of nine grade disciple suddenly became the focus of Beiling Heaven Temple!

The fact that ye Chen was able to enter the temple of heaven with such strength has aroused countless conjectures. Even the rumors that ye Chen might be the descendant of an ancestor in the royal family of Beiling have appeared!

Therefore, as soon as ye Chen left Wanbao Pavilion, he got the attention of many disciples of tiandian temple. Behind him, there was a tail, which was growing

Soon, ye Chen came to miemo peak and stopped.

And as soon as the other side stopped, there was a cry of surprise behind him.

"Ye Chen, what are you doing here?"

"Don't you want to challenge miemo peak?"

"No way? With his strength, what's the difference between entering miemo peak and seeking death? "

"Don't say it's him. Even those demons, they don't dare to challenge miemo peak by themselves."

Ye Chen looked in front of him and saw that the miemo peak looked rather ordinary. It was not high or low, but a dark stone peak with no grass.

But when he saw the moment of miemo peak, he couldn't help shrinking his pupils!

In his eyes, the miemo peak is just like a world of demons. It emits extremely strong fluctuation of demonic Qi. However, these demonic Qi are completely introverted and can't be seen on the surface.

It seems that the miemo peak is more difficult than he thought

But even so, he did not flinch. His eyes soon fell in front of a drum wrapped in some kind of blood skin at the foot of the mountain.

And looking at Ye Chen step by step toward the beast skin war drum, those who follow the warrior, the eyes are emerging with incredible color!

Is Ye Chen going to knock out the devil drum?

You know, when the demon elimination drum rings and the inspection messenger comes, you can't go back!

In the full view of the public, ye Chen picked up the drumstick made of animal bones. In an instant, the breathing of the disciples in the temple stopped!

The next moment, the sound of Dong, incomparably vast, melodious drums reverberated in the hall of heaven, and instantly resounded through the hall of the East emperor!

For a time, several pairs of eyes in Beiling tiandian opened at the same time!

At the moment, in the hall of Beiling, a middle-aged man with silver eyes scattered all over his body, his eyes twinkled slightly, and frowned: "is the war drum going? Who's going to kill the devil at this time? "

As soon as his idea came out, he fell in front of miemo mountain, and the figure of a indifferent young man appeared in his mind.

"Isn't this the child ChiYin brought back?" The middle-aged man's pupils shrank and gave a slight exclamation.

Then, a faint look of disappointment appeared in his eyes, and he said to himself, "listen to Chi Yin, this child is the hope for the rise of Beiling Temple of heaven, and the only evil of martial arts in thousands of years. But now he wants to kill the demons alone?

It's too reckless... "

In this middle-aged man's opinion, a demon who can really lead the rise of Beiling Temple of heaven not only needs to have incomparable martial arts talent, but also needs to be superior in mind, intelligence and so on. However, regardless of Ye Chen's martial arts talent, ye Chen is so rash to carry out demon killing. In his eyes, at least in mind, intelligence and so on, ye Chen is not qualified

Ye Chen doesn't seem as good as Ning ChiYin said.

However, the middle-aged man sighed and said, "ChiYin is just going out to deal with a difficult matter now. If she comes back and finds out that the child has something wrong, I'm afraid the whole Beiling temple will be turned upside down."

He is very clear about Ning ChiYin's character. She has a very high vision. Generally, she doesn't look up to anyone, but once she looks at someone, she will give everything to them and protect them to the extreme.

After that, the middle-aged man stood up and disappeared from the original place.

This hall is the place where the emperor of Beiling Temple practices. This middle-aged man is naturally Beiling emperor beilingsheng!

At the same time, in taijue hall, Li Wuwang's eyes sank, and his face was a little surprised and angry. He said: "Damn it, ye Chen, how did he beat the war drum? A person to carry out the demons? Does the boy think his life is too long? "

Li Wuwang, like a cannonball, shot out of the temple and headed for miemo mountain!

Taixuan hall, Wuhua Pavilion, Murong Yanyu, is sitting on the bed, staring at something in his hand.

At the moment, she was holding a doll like villain in her hand. On the villain, the word "Ye Chen" was engraved. Murong Yanyu stares at the villain. Her beautiful eyes are cold, angry and aggrieved. She grits her teeth at the villain and says: "smelly man, I've lost such a big girl! I, I, I will make you look good! "

At the moment, she is angry and helpless, although, ye Chen let her lose face, but in fact, she is very clear that ye Chen did nothing wrong!

Everything is caused by her own self righteousness

Looking at the more and more hateful villain, Murong Yanyu's mind, somehow, always comes up with Ye Chen's indifferent face. It's the first time that she has lost so thoroughly

All of a sudden, a sense of powerlessness came to me.

At this moment, a sudden knock on the door, sounded outside the door!

Murong Yanyu frowned, quickly put the villain away and said, "what's the matter?"

She knew that it was her younger martial sister, named Zhou Qin. Zhou Qin's martial arts talent and appearance were pretty good. She ranked 73rd in the Beiling tianbang. Of course, she was much worse than her in both aspects.

However, they came from the same school, and Zhou Qin was smart and had a good personality. Therefore, even with Murong Yanyu's arrogant personality, they became friends.

At the moment, I heard that the disciple of moyejue temple was too excited to challenge

Murong misty rain smell speech, look a sink way: "don't mention that guy's name with me!"

Zhou Qin smelled the speech and said in a hurry: "sorry, Yanyu, I thought you might want to know..."

Chapter 5012

Murong Yanyu snorted coldly: "I don't want to! I don't know this boy at all! "

Zhou Qin said: "well, I went to see Yanyu myself. To tell you the truth, I'm still curious about this young man. I heard that It's said that he looks pretty good... "

Then he left the door.

Murong Yanyu frowned, inexplicably had a kind of uncomfortable feeling, she murmured: "the demons challenge? He doesn't want to do it alone, does he

After hesitating for a moment, Murong Yanyu stood up and said to himself, "hum, I just want to see how this guy died..."

Having said that, his body movement also disappeared from the no Flower Pavilion.

.....

Before exterminating the demon mountain, ye Chen turned his back with both hands, quietly waiting for the arrival of the emissary, and the disciples around him had gathered more and more.

Ye Chen originally because Murong Yanyu stood in the storm, this is to become the focus of attention.

There is no other reason. It's a crazy thing to challenge demons alone!

Every time the demons are killed, the tiandian metropolis will wait for the new disciples to reach a certain number before they are unified. Why?

Because, this evil spirit is not a soft persimmon that can be kneaded by others. On the contrary, it is extremely dangerous!

A single evil spirit may not be much for those who are still in the real world, but there are hundreds of millions of evil spirits lurking in the demon mountain!

And the devil, the main devour, these demons can not only devour the spirit of the warrior, and even devour the vitality of the warrior!

Therefore, we need to send a large number of disciples at one time to challenge together, so as to ensure certain safety!

But, even so, every year, there are still a few geniuses who join the temple of heaven and fall on the miemo mountain. Their death is extremely miserable!

In the eyes of these warriors, ye Chen may have some background, which makes him become the master of the temple, a nine grade disciple, and join the temple with weak cultivation. But what's the use of these in the face of demons?

Their own strength is already the bottom of the bottom, but also take the initiative to increase the difficulty, challenge hell mode, a person to kill the devil?

In addition to seeking death, they can't think of a second word to describe Ye Chen's behavior.

At this time, with a roar, a figure, like a meteor, fell heavily in front of miemo mountain, and the earth seemed to shake!

Visible this person, the strength is strong!

Everyone looked at this man with a flash of vision. It was the master of taijue hall, Li Wuwang!

Although taijue hall is weak, no one will think that Li is hopeless!

Even, rumor has it that among the seven main hall owners, Li Wuwang's strength belongs to the top, and the only one who can slightly surpass him is the master of the sun hall.

Ye Chen is tiny a Leng, toward Li Wu Wang, salute a way: "see a teacher."

Li Wuwang had some expression that he couldn't wake up. At this moment, he had already swept away and looked at Ye Chen very seriously. He said: "boy, do you know how dangerous the demon killer is, so he came to challenge alone?"

Don't say it's you. Even I dare not say that I can walk out of miemo mountain 100% alive. Now, before the inspection emissary comes, come back to taijue temple with me as soon as possible! "

He is really angry. He hates the anger of iron but not steel. Li Wuwang has regarded Ye Chen as the hope of the rise of taijue temple and his favorite disciple. He plans to do everything to cultivate Ye Chen. But who would have thought that this boy doesn't take his life seriously?

Li Wuwang appreciates Ye Chen's arrogance, but arrogance is not equal to infinite death, which can not show a person's bravery, only show a person's stupidity!

He decided to get rid of Ye Chen this time, otherwise, ye Chen will definitely suffer losses in the future!

But ye Chen didn't mean to leave at all. Instead, he said, "master, don't worry. I'm sure."

He is sure that although his cultivation seems to be a little lower, the quality and quantity of aura are definitely not inferior to the general existence of the true realm, but the vitality?

It's incomparable to those who are still in the real world.

The most important thing is, his blood, his reincarnation xuanbei, his trump card!

It can be said that all things do not bite. Since this demon spirit can refine things, ye Chen has nothing to be afraid of, which is better than swallowing?

He's the one who devoured us.

But other people don't know that!

Li Wuwang looks at Ye Chen strangely. What's in his mind?

Don't you really think you are immortal and invincible?

In history, many disciples had plans for ye Chen!

But these disciples, without exception, have been hit hard!

Even death!

He Li Wuwang will never allow Ye Chen to take this road of no return!

And the presence of a group of martial arts, is full of shock color! Looking at Ye Chen is like looking at a madman, a monster

For a moment, they all believed in those rumorsYe Chen is not really a royal descendant, is he?

You know, as the Lord of the temple, I don't want to stop a disciple just because he died

And let them jaw all want to startle more is, leaf Chen even dare to disobey the order of the temple Lord?

Or in front of so many people?

Li Wuwang didn't shoot him on the spot. Everyone thought it was a miracle

Li Wuwang takes a deep breath, his eyes are sharp, and he is ready to take ye Chen away. No matter how arrogant and naive Ye Chen is, he is still his disciple, or the one he likes best!

He will never let Ye Chen die like this!

Just as Li Wuwang was about to start, a middle-aged man's voice rang out in his ear and said, "Wuwang, since this boy is so confident, give him a chance. With the help of the emperor, this boy won't have any accidents."

Li Dijun said: "no hope!"

He didn't expect that ye Chen even startled the emperor!

This time, even he began to doubt, is Ye Chen really what Royal descendants, or emperor illegitimate son and so on?

However, in this way, Li Wuwang was relieved and said to Ye Chen seriously: "since you insist on this, I will not stop you. However, you must be careful of the demons. They don't seem to be a threat, but they are extremely dangerous when they appear in groups!"

Ye Chen had some accidents. He thought it would take him a long time to persuade Li Wuwang. However, it's OK. He immediately nodded and said, "thank you for your advice."

The disciples of the temple of heaven already felt that Li Wuwang was abandoning Ye Chen and wanted to let him die.

A woman with a hood and a slightly lowered head frowned and said, "what can this guy do! Hall Master Li has been so kind as to persuade you. Do you still have to go your own way? I don't know what to do

Chapter 5013

This woman is Murong Yanyu!

At the moment, her beautiful eyes are also with a trace of disappointment and unhappiness, ye Chen is not so stupid in her eyes, right?

At this time, another ray of light came. After the light dispersed, a graceful young woman appeared in front of everyone.

This woman looks a little weak, but no one will really believe that she is a weak woman!

His whole body breath, extremely surging, is a true realm of existence!

This woman is the investigator of this challenge!

The inspector took a look at Ye Chen and frowned: "are you sure you want to challenge? Alone? "

Ye Chen didn't hesitate to say: "sure."

"Good."

Without expression, the woman took out a pair of ink and a volume of books and said, "you can start climbing, but I remind you that it's better to challenge at the foot of the mountain."

"Oh?"

Ye Chen's vision a Shan way: "why?"

The woman looked a little strange and said, "you don't even know this, so you come to challenge? The most concentrated place of these demons is at the peak of the mountain, while near the foot of the mountain, there are fewer demons, so it's safer. The top of the mountain is the most dangerous. Do you know? "

Ye Chen nods a way: "know."

The next moment, he went to the miemo peak.

The investigation woman shook her head. She thought Ye Chen was dead.

In a flash, ye Chen has come to the foot of the mountain, and people's eyes are also dignified. As long as you stay at the foot of the mountain for a moment, the demon spirit will feel the human breath and appear!

Although they didn't believe that ye Chen would have any outstanding performance, the indifferent attitude still aroused people's curiosity.

After all, what kind of performance will ye Chen have in the face of demons?

People can't help but talk up and say: "you say, what kind of achievements will ye Chen have?"

"Oh, no more than 15 Ordinary tiandian disciples, the result is about 30, this boy can have half thank God

"I think it's just a single digit."

Murong misty rain beautiful eyes micro flash, she as a day list of evildoers, destroy the evil spirit result, is 593.

In the crowd, there were several people with a sneer on their faces. They were Xu shaotian, Zhang Zimei, Zhang Qingtan and others. They also came.

The reason why I come here is just to see ye Chen's jokes.

In their opinion, ye Chen is a disgrace. After that, I'm afraid he will be a waste all his life.

But just when everyone thinks that ye Chen is going to kill the devil, an incredible scene appears!

Only see, leaf Chen body shape a flash, unexpectedly is directly rushed over the foot of the mountain, all the way fast forward!

All of you are completely stupid!

What is Ye Chen doing?

Even the beautiful woman in charge of the investigation had her mouth wide open for a moment, completely dull

She looks young. In fact, she has already lived a long life. In her life, she has inspected countless challenges of the demon exterminator. However, she has never seen such a death seeking challenger as ye Chen!

A person challenges to destroy evil spirit, itself is hell difficulty, now, ye Chen this is to add fuel to the fire, prison on prison, don't think oneself die fast enough?

Moreover, with the progress of Ye Chen, the trembling of the pupils is more and more intense!

I see, in a moment, ye Chen is about to reach the top of miemo peak!!!

The woman's hand with the pen is shaking. Does this boy want to scare people to death?

In the history of the temple of heaven, the one who destroys the demons, there are!

If they can survive successfully, none of these evils can grow into the existence of extraterritorial super giants!

Now the most familiar person is Ning ChiYin!

It's true that Ning ChiYin was also the one who challenged the demons!

At that time, it also shocked the whole Beiling temple. Ning ChiYin's pride was beyond the limit of people's thinking!

However, even the amazing pride of Yining ChiYin didn't choose to reach the top of miemo mountain!

One person, at the peak of Mie Mo mountain, carrying out Mie Mo Ling?

Ye Chen, this is the first person in history!

Ning ChiYin has enough nerve, but in her eyes, this kind of behavior still belongs to the category of seeking death

What about ye Chen?

Bining ChiYin, even more crazy!

For a moment, the whole mount miemo was silent, and everyone had fallen into dullness!

Shocked!

After Xu shaotian and others were stunned, they all showed great joy!

Xu shaotian said with a sneer: "waste things, how can you find your own death? It saves me some trouble. "

And Zhang Qingtan and Zhang Zimei, eyes full of pleasure.

Ye Chen should offend the authority of their sister and brother in taijue hall. This is what he deserves! Beilingsheng saw this, his face changed slightly, and frowned: "the emperor still underestimated this boy, let alone the madness, he is really the best of all time..."

He slightly hesitated for a moment, and he was ready to appear to stop Ye Chen's challenge. After all, when he reached the peak to kill the demon, even he was not 100% sure that he could save Ye Chen in time.

But at this time, a figure was blocked in front of beilingsheng!

Beilingsheng said with a look: "Ren Lao, you are..."

In front of beilingsheng is a white haired man with broad bones and dark complexion. He looks like an old farmer in the countryside. This man is the one who told ye Chen about the demons in wanbaoge before!

And even as the emperor of Beiling, beilingsheng spoke to the old man with three points of respect!

It can be seen that the old man's position in the temple of heaven is absolutely beyond imagination!

This man is one of the oldest elders in Beiling temple. His name is Ren Changsheng. He seldom appears in the temple. The people who know his existence are usually the royal family and high-level officials of Beiling temple. These people call him Ren Changsheng.

Ren Lao said with a smile to beilingsheng, "emperor, do you want to stop this boy from destroying the demon?"

Beilingsheng nodded and said: "yes, Ren Lao, you may not know that his name is Ye Chen, the child brought back by ChiYin."

Ren Lao was silent for a moment, and said again, "emperor, do you know what the price ChiYin paid for bringing this boy back to Beiling temple?"

North Ling Sheng eyebrow head a wrinkly way: "Ren old what meaning?"

What's the price?

It's the first time that he heard that there is still a price to pay for recruiting disciples in tiandian

What's more, it's an exception to recruit disciples. What's more, it's just a heaven and earth existence

He was puzzled.

Ren Lao said with a bitter smile: "this boy is not old, and his cultivation is not high, but he is not timid. Moreover, he is so arrogant that he can't describe it. Presumably, the emperor has already realized it..."

Chapter 5014

"But what the emperor doesn't know is that this boy has formed a dead feud with the East emperor's temple. When ChiYin saves him, it means that for him, we will be enemies with the East emperor's temple!"

"What Beilingsheng exclaimed, with unbelievable color on his face!

He is not afraid of the East emperor's temple, the overall strength, Beiling Temple above the East emperor's temple!

However, there is no denying that the East emperor's temple is also a giant!

If we say that Beiling tiandian is a Siberian tiger, donghuangtiandian is a black bear!

The Amur tiger has the ability to hunt black bears, but the crazy black bears can also make the Amur tiger seriously injured!

What kind of disciples are valuable for Beiling temple to defend Donghuang temple?

However, it's not over yet. Mr. Ren continued: "moreover, he killed Lu Bing's cousin, Lu Changfeng, the disciple of the emperor of Nanxiao temple. The emperor should know that Lu Bing has recently been inherited by the legendary Xiao Huang family, and his potential has increased greatly. He is likely to be the leader of Nanxiao temple in the future. What does that mean? Don't tell me more?"

Beilingsheng looks a little ugly and says, "in the future, beilingtian hall will probably be opposite to donghuangtian hall and nanxiaotian Hall..."

"Yes, and it's only now. I don't know what kind of enemies this boy will provoke in the future because of his character. Moreover, it seems that he may become the cold home of the sixth day temple and the hell Dragon Temple, and have a festival with this boy."

Ren sighed. He admitted that ye Chen was excellent. However, in terms of the potential Ye Chen has now shown, he is not so good that Beiling tiandian is willing to face such a huge risk!

This time, beilingsheng's face is a little cloudy and sunny

Generally speaking, he believed in Ning ChiYin's judgment, but this time, Ning ChiYin bet too much!

"So..."

Ren Lao's eyes flashed and said: "if Beiling tiandian really wants to keep this boy, then he must show more extreme potential!"

Originally, beilingsheng, who is ready to appear, is also standing in the same place.

And at the moment, ye Chen has climbed to the top of miemo peak!

Ren turned around and looked at Ye Chen at the peak with Beiling Sheng. He said faintly, "if you can't survive from the top of miemo peak alone, it means that ChiYin is wrong. Then, maybe it's a better result for Beiling temple to bury him in miemo peak."

It sounds cruel, but this is the reality. The world of martial arts is so cruel!

Beilingsheng frowns tightly. Generally speaking, he is still reluctant to let Ye Chen fall

Ye Chen's martial arts potential is absolutely top-notch. Even if it's no worse than Lu Bing, who has been inherited by Xiao Huang's family, it's even more than that. Let him take risks just to test his potential. It's a pity

But he can't ignore the potential risks.

Just like, when you buy a stock, no matter how well it goes up, you can't ignore the impact when it plummets!

He sighed: "then according to what Ren said, but if this boy is really dead, the girl of red sound will go crazy."

Ren Lao said with a smile: "emperor, to tell you the truth, I have great confidence in this boy."

Between the two people's words, the warrior before the demon killing peak sent out bursts of startled voices again!

"This What is Ye Chen doing? "

"Crazy, really crazy..."

"I don't think he's here to kill the demons. He's here to commit suicide in public."

"I can't imagine, wait a minute, what will happen..."

Beilingsheng and Ren laowen look at the peak of miemo peak. The next moment, even these two people are stunned!

At this moment, ye Chen is sitting on a big stone at the top of the mountain, overlooking the scenery at the foot of the mountain, enjoying himself, and even taking out a pot of wine to drink

Beilingsheng and Ren are going to curse each other

Did the boy take the miemo peak as a place for an outing?

Does he know that the most taboo thing for the demon killer is to stay in the same place for a long time!

Why?

Because the evil spirit has a weakness, that is, its perception of breath is a little slow. If the warrior moves at a high speed, it is difficult for the evil spirit to rush up and surround the warrior

Encirclement means death!

Think about countless demons, the power of swallowing at the same time, do you still have time to refine demons?

Just like, if a mosquito bites you, you may not hurt or itch. How about 100000 mosquitoes biting you together?

In an instant, you can suck up your blood!

However, ye Chen seems to have nothing to do with him. He is still drinking!

Does he think it's a game?

Beilingsheng and Ren Lao are a little angry!

Those who don't respect their own lives can never achieve anything!

Ye Chen let them down! At the moment, ye Chen drinks all the wine in the cup, smiles and asks Xiao Hei, "Xiao Hei, are you sure?"

Small black way: "yes, master, but for a while, master must not move, must let these demons, surrounded us!"

Ye Chen's vision is tiny to flash a way: "we can swallow of limit number, is how many?"

"Three million! When the demons reach three million, the host can start to devour them. If we start too early, these demons will be hidden in the demon killing peak and dare not show up. In that case, we can't do anything with them. "

"Good!"

Ye Chen's eyes, suddenly God awn big open!

Just now, Xiao Hei woke up, and the first news Xiao Hei told ye Chen was that it could devour these demons!

Moreover, ye Chen's constitution is also very suitable for swallowing these demons!

Ye Chen can devour one million demons, and Xiao Hei is two million!

All in all, it's three million terrible figures!

However, in order to maximize revenue, before that, there is a requirement.

These spirits and leaves are his life!

According to Xiao Hei's estimation, ye Chen is able to support three million demons and devour them at the same time. At that time, it is the time to start fighting back!

Ye Chen licked his lips, excited!

Not to mention the benefits of swallowing demons, the three million Daojing alone is a number against the sky!

Immediately, ye Chen continued to drink with a smile on his face, completely ignoring the exclamations and sarcasm of the people at the foot of the mountain, as well as Li Wuwang's reprimands and reminders

At this time, a strange wave came out of the whole demon elimination peak. At the next moment, a dark light and shadow like a ghost fire appeared in front of Ye Chen. Ye Chen's eyes narrowed, and the light and shadow looked like a burning black flame. However, between the twists and turns of the fire and shadow, it turned into a terrible face!

It looks very strange!

This is the spirit!

Chapter 5015

At the moment, these demons are springing up like bamboo shoots after a spring rain. They are constantly coming out from under the earth and stone. They are all in a dense mass. Looking at the people at the foot of the mountain, they are terrified!

One by one, their eyes tremble. How many demons are there?

In the twinkling of an eye, thousands have passed, right?

This is a terrible number!

Ye Chen is dead in their eyes

But, until now, ye Chen still has no intention of any action!

As if, completely can't see these demons in general!

Beilingsheng's face was a little ugly, and he said, "let me be an old man, what's the record of miemoling spirit set by ChiYin in those years?"

Looking at Ye Chen at the moment, Ren Lao was also full of disappointment and said, "three thousand seven..."

"Three thousand seven..."

Beilingsheng repeated, looking at the top of the mountain and said: "now, the number of demons has exceeded 6000. Even ChiYin can't survive under the siege of 6000 demons, can it?"

Ye Chen, even if he is evil enough, can he be evil to twice as much as ChiYin? "

Ning ChiYin is one of the top demons in foreign countries for thousands of years. It's not impossible to surpass her, but, twice?

I can't imagine

Ren Lao stares at Ye Chen and says again, "emperor, with this boy's character, it must not be just luck to be here today. Let's have a look again."

North Ling Sheng smell speech, but can't help shaking his head, Ren has not given up, still struggling?

Sheng Ye Chen seems to have no hope in the north.

Ye Chen's death has eliminated the risk of donghuangtiandian and Nanxiao tiandian. However, the seeds of conflict have been planted between Ning ChiYin and donghuangtiandian. It has to be said that this time, Beiling tiandian is still at a loss.

But soon, the scream sounded again!

Why?

Because, at the moment, more and more demons appear one after another, and in a twinkling of an eye, there will be more than 10000!

These evil spirits rush to Ye Chen's side, but until now, ye Chen is still like a wooden man, motionless!

Renlao and beilingsheng are both shrinking pupils!

There's a chance for them to turn up!

Because, until now, ye Chen's look is still keeping calm!

But this time they were wrong. In an instant, the ten thousand evil spirits surrounded Ye Chen

Seeing this scene, many people have withdrawn their eyes, and no one can survive the devouring of tens of thousands of demons

At the moment, the evil spirits were in full bloom, and the evil spirit was surging. Obviously, they were devouring happily!

Li Wuwang is full of despair, it seems that some can not accept!

Xu shaotian, Zhang Zimei and others laugh and laugh cruelly. They don't want Ye Chen to die too soon. They should let this stupid boy suffer more!

Murong Yanyu looks complicated. Although she is angry and wronged because of Ye Chen, she doesn't feel happy at the moment. On the contrary, she is in a very low mood!

And Beilingsheng, is also a gloomy face, Confucius: "old, still need to see it?"

In his words, it is hard to avoid a sense of resentment, because Ye Chen died of Ren Lao

Beilingsheng's heart is still looking forward to Ye Chen.

When Ren laowen heard the speech, he was silent. He looked a little complicated

Beiling Sheng shakes his head, has determined the death of Ye Chen, a turn to leave.

But at this time, Ren said again: "wait a minute!"

"Why?"

Beilingsheng frowns slightly and looks at Ren Lao. Does Ren Lao not give up? Don't want to admit your mistake?

Ren's eyes flashed slightly, looking at the top of the miemo peak that seemed to be lit by the magic fire, and said, "do you think it's a little strange?"

"Strange? What do you mean

Mr. Ren pointed to the miemo peak and said, "tens of thousands of demons should be able to drain a warrior in heaven and earth in an instant. But, look..."

Beilingsheng looks at the top of the mountain, but his pupils shrink!

At the moment, more and more demons gathered at the top of miemo peak!

These evil spirits, have already exceeded the quantity of 100000, in succession, toward Ye Chen's place to rush to!

At this time, many tiandian disciples also found out about it. Looking at those demons for a moment, they looked a little suspicious again!

Why is Ye Chen still alive?

For a moment, people are a little nervous again. Will there be a turn for the better?

In the twinkling of an eye, the number of demons reached 300000!

At the moment, ye Chen is wrapped by the rolling magic fire. His eyes are slightly closed, sensing the number of demons around him. At the moment, his spiritual power has been swallowed up, and his life force is constantly pouring towards those demons!

However, ye Chen's look is extremely calm, as if, the devouring of these hundreds of thousands of demons, for him, it's just so!

And the people at the foot of miemo peak are completely shockedThe whole mountain top of exterminator peak has turned into black, and millions of demons have appeared on the mountain top!

This is a scene that has never appeared before!

And the devil will not leave

It just shows that ye Chen is not dead yet!

However, at the moment, Ren and Beilingsheng's eyes are dim again.

Beilingsheng sighed: "It's terrible vitality, but now it's covered by millions of demons. No matter how strong his vitality is, it won't last long..."

Ren also regretted and said, "This time, I'm wrong. When the girl ChiYin comes back, I'll take care of it all by myself..."

Ye Chen has proved his potential to resist millions of demons, but now Beilingsheng and Ren Lao are helpless!

These demons can only be absorbed into the body for refining. They can hardly be eliminated by other means, and they can't save Ye Chen

However, at the moment, they did not leave immediately

They want to see when Ye Chen can hold on!

Countless disciples of Beiling temple are all looking at the demon killing peak with a look of horror. It's a scene of extermination. Compared with this time's demon killing spirit, it's not worth mentioning!

What they can't believe is that the number of demons continues to rise!

In the twinkling of an eye, break through two million!

This time, even the smiles of Xu Shaotian and others are frozen

There is an incredible color on their faces

Two million spirits devour together, not dead?

I'm afraid that the existence of the real world may not be able to resist, right?

And ye Chen in the magic fire, complexion is also some pale, feel a pressure, but, still insist on!

One million to go!

Zhang Qingtan frowned and asked a woman with a sharp chin, a coquettish face, cold eyes and deep purple pupils: "elder sister, why is this boy still alive? He won't..."

Chapter 5016

This girl is Zhang Zimei!

Zhang Zimei hummed coldly: "hum, this guy's vitality is really beyond my expectation, but what about vitality? You see, up to now, he can't be swallowed by a demon, can he? At this speed, no matter how strong the vitality is, can it withstand consumption? These millions of demons, let him devour a hundred years, he can't finish it?"

The boy is dead already

At the moment, the demons from the bottom of the earth are endless, as if they found a wine pool and meat forest. They rush to Ye Chen crazily. In a twinkling of an eye, the number of demons is more than three million, and it is still increasing!

At this time, the rolling magic fire finally dimmed.

Seeing this scene, both Beilingsheng and Ren Lao are pale, and the light of the fire is dim. It shows that Ye Chen's vitality is almost gone

After all, ye Chen is still unable to escape the fate of death!

And Zhang Qingtan, Zhang Zimei, Xu shaotian and others, are laughing, can't wait to see ye Chen become a man.

But in this moment

That constantly flashing rolling magic fire, as if suddenly solidified!

Millions of demons seem to have been frozen!

When people saw this, they couldn't help showing their doubts. What happened?

Without waiting for them to respond, an incredible scene appeared!

I saw that thousands of demons turned into magic fire, which suddenly contracted at a very fast speed!

Countless demons appeared on their illusory faces. The next moment, these demons shrank into a flame vortex. Under the traction of inexplicable gravity, they surged towards the center of the vortex!

At this moment, people can finally see the scene under the fire!

I saw a young man standing in the same place, in addition to a little pale, there is no abnormal!

But at the moment, those disciples of tiandian Temple didn't notice this

Instead, in front of them, the young man opened his mouth and sucked a stream of black flame into his mouth!

Everyone's mind is shaking wildly!

Is this an illusion?

Looking at the millions of demons disappearing in Ye Chen's mouth, they all have a feeling of seeing ghosts!

And those evil spirits, who had been swarming towards Ye Chen, were now frantically fleeing towards the mountain

The disciples of Beiling Temple didn't know until today that these almost immortal demons were afraid sometimes!

Ye Chen has a look of great joy in his eyes. As the evil spirit is swallowed into his body, a stream of energy rushes in his body. It turns directly into the most pure evil Qi and melts into the Dantian!

And the breath of Ye Chen is also in the process of swallowing, climbing fast!

Soon, a million demons will be swallowed up by Ye Chen, and his body has reached a saturated state!

But it's not over yet!

The remaining two million demons are still rushing towards Ye Chen's body, vanishing at an incredible speed

In the twinkling of an eye, the top of miemo peak was empty. Three million demons were swallowed up by Ye Chen!

All the disciples of the temple of heaven felt dizzy and couldn't think

But Xu shaotian, Zhang Qingtan and Zhang Zimei are hard to see their faces. At the same time, they have some fear in their eyes!

Anyone who is against an existence that can swallow three million demons will be afraid, right?

You know, Beiling Temple of heaven, the record of demon killers in history, is just over 10000!

What about ye Chen?

Directly increased by 300 times!

How rebellious is his talent for cultivating martial arts, which is beyond the limit of imagination!

And North Ling Sheng and Ren Lao looked at each other, are to see each other's eyes, incomparably surprised look!

Ning ChiYin brought them a treasure, a great treasure!

As long as ye Chen can live, it will be difficult for Beiling temple to rise in the future?

Ren Lao said with a smile: "emperor, now it seems that for ye Chen to go up to the East emperor's temple and the South Xiao's temple, it's also worth it. It's not only worth it, but also a big profit!"

Beilingsheng was obviously in a good mood. He said with a smile: "big profit? For ye Chen's sake, even if the emperor is now fighting with the other four heavenly halls, he will not hesitate to do so! "

At this moment, with a roar, a strong wind suddenly swept out from the top of miemo peak. Even those real scenes at the foot of the mountain were in the strong wind, and their bodies shook uncontrollably!

We can see how strong the wind pressure is!

And the center of this storm is exactly where ye Chen is!

Rolling aura, gathered from, into a aura vortex, toward Ye Chen perfusion and go!

And his breath, breaking through with the speed of lightning, suddenly, ye Chen opened his eyes, there are two runes flashing in his eyes, a very frightening power, poured into people's minds! At the moment, ye Chen's realm has broken through to the six levels of heaven and earth!

The energy brought by the million demons broke through the bottleneck in an instant!

Ye Chen's eyes are in full bloom, and his whole body is full of surging destruction rhymes!

Ye Chen can be sure that now, if he attacks again with the power of destruction and the Supreme Master's way, his power will be at least doubled!

A moment later, he slowly breathed and fell from the air.

But at the moment, in front of the miemo peak, there was a complete silence. The group of disciples of tiandian Temple seemed to have turned into stone carvings, and they had not yet come to their senses from the shock.

Even Li Wuwang is like this!

From almost being sentenced to death, to instantly devouring three million demons, this reversal is too strong!

Murong misty rain, her pretty face is also a dull color, she gazed at the road slowly descending from the top of the mountain, surrounded by the aura of the youth, beautiful eyes do not know why gradually bright up, but soon, this bright will turn into anger!

She stares at Ye Chen mercilessly, this time, oneself unexpectedly lost again?

I can't imagine the difference!

Originally, she thought that ye Chen could never surpass her achievements

In retrospect, I feel ashamed

She is hundreds, and ye Chen?

It's millions!

What is the comparability?

Ye Chen went to the woman who didn't even notice that she had fallen to the ground and asked, "the emissary, can you tell me my achievements?"

At the moment, the woman seemed to have recovered. Her jade hand trembled and held the scroll on her hand, saying: "Ye Chen Taijue Temple disciple, the result of Mie Mo Ling Three Three hundred and ten thousand, five hundred and forty-three... "

The disciples of the temple of heaven almost fainted when they heard this number

The leaf Chen tiny smile, the body shape moves, then directly disappears from the original place.

Chapter 5017

A moment later, ye Chen came to Wanbao Pavilion and went up to the ninth floor.

Sure enough, Mr. Ren has been waiting here.

Ye Chen looks at Ren Lao and smiles a little. However, there is a kind of indifference in his smile. He says slowly: "master, I should have passed your test now? Then, it's time for tiandian to fulfill its promise.

If I remember correctly, if the demon killer is more than 20, he will get a piece of Taoist crystal? I don't want any change. Now, should tiandian pay me three million Daojing? "

He can probably guess the purpose of Ren Lao.

Mr. Ren sniffed at the words and said: "ye Xiaozhi, when making this rule, those ancestors never thought that someone would devour three million demons..."

Ye Chen's eyes narrowed and said, "it's none of my business, master. Do you want to break the debt?"

Then Lai Chen threw a bag to me? It's just that there are not so many excellent Taoist crystals in tiandian for the time being So, first

Ye Chen pondered and said: "I remember that the elder told me that wanbaoge is not a tavern, but it will not be allowed to pay on credit."

Ren Laomian said with a bitter smile: "you boy In that bag, there is a hundred thousand Daojing. Take it. As for the remaining Daojing, you come here to collect materials. In the future, if you want any resources in the temple of heaven, you can use them by yourself, it will be regarded as debt repayment. "

When ye Chen heard the words, his eyes lit up. He would not be polite to the old man. He said with a smile: "in that case, master, first give me all the Xingling stones in the Wanbao Pavilion! There should be more than 100 attributes! "

Even with Ren Lao's heart, he was startled by Ye Chen's lion's big mouth. He looked at Ye Chen and said, "boy, what's the use of so many star spirit stones?"

All the star spirit stones in the whole Marlborough?

The star spirit stone, originally rare, leaf Chen also one breath wanted all?

This is not a small asset!

What's more, the most important thing is that some time ago, Beiling Temple just introduced a batch of Xingling stones. Now they haven't been delivered yet, and they are going to fall directly into Ye Chen's pocket?

Even if there is such a level of Ren Lao, you can't help but have a pain. Ye Chen is really good at choosing!

Ye Chen says with a smile: "this has nothing to do with the elder generation, I have my own use."

Ren shook his head helplessly and said, "OK, I know. There are still a number of Xingling stones that haven't been delivered. You can go back and wait for a few days. Besides, my name is Ren. In the future, you can call me Ren Lao."

Ye Chen nodded and said, "thank you very much

After that, he left wanbaoge and headed for taijue hall.

There was a tinge of excitement in his eyes. He and Xiao Hei devoured three million demons in total, which not only made his cultivation breakthrough directly, but also had an unexpected joy waiting for him!

Even with Ye Chen's temperament, he can't help but secretly clench his fist. This time, his strength will be greatly improved!

Looking at Ye Chen's back, Ren Lao murmured: "with this boy's talent, he is worthy of Caixia..."

After returning to the Lingxing Pavilion of taijue palace, ye Chen closed the Lingxing Pavilion directly and began to close it!

The reason why Ye Chen was so anxious to close the door was that he didn't even say hello to Li Wuwang, Wu Xinshan and others. It was because ye Chen was too urgent now!

Now, in addition to the vast amount of pure magic Qi obtained by swallowing one million evil spirits, there is also the pure magic Qi possessed by two million evil spirits obtained by Xiaohei. The three million magic Qi is condensed in the Dantian. Even ye Chen can't bear it if he doesn't refine it in time!

How to refine?

Do you still remember that ye Chen got the inheritance of demon emperor Taiyi in Wuji tomb palace?

This demon emperor's inheritance, called sanyuantaiyigong, is a method to condense three kinds of energy into a higher energy!

Before, ye Chen had only Demon power and spirit power in his body, and he could not practice the complete Sanyuan Taiyi skill. He had already integrated the Demon power and spirit power into Tianhe spirit.

Although taishangtian magic body is a magic body, it is not integrated with sanyuantaiyigong. What's more, sanyuantaiyigong needs too much magic Qi.

And now, after having a large amount of pure magic Qi, ye Chen has the qualification to cultivate Sanyuan Taiyi, which once shocked the whole demon clan!

Sanyuan Taiyi skill stresses not only the fusion of energy, but also the transformation of Dantian. In this way, the aura absorbed into Ye Chen's body will be transformed into Taiyi aura.

However, not everyone is like the demon emperor Taiyi. He is born with the blood of the three ethnic groups.

Therefore, the inheritance of sanyuantaiyigong also recorded some methods to achieve the same effect as the blood of the demon emperor through external forces.

One of them is a kind of devil!

This kind of magic method is improved through the magic method. It can make the martial arts demonize by washing the body with a large amount of pure magic Qi, which is similar to having part of the blood of the demons! Ye Chen is now a demon. If it contains the blood of the demon family, it will be really terrible!

Even it fits better with the monument.

It's the same with the method of planting demons. It's just that it doesn't completely demonize the warrior, but it just enables the warrior to produce evil Qi in his body.

Generally speaking, it's easy for low-level warriors to demonize, but it's extremely difficult to change once their accomplishments reach a certain level.

Therefore, the requirements of this magic method are extremely harsh.

The first is to have a huge amount of magic Qi! Moreover, must be incomparably pure, can not have a cent of impurities!

The second is the warrior himself. He has a very strong constitution. It's better for some kind of demon body to be able to withstand the damage caused by planting demons!

Evil Qi is a kind of extremely violent energy. If the martial arts are not strong enough, they will explode and die in the process of planting evil!

However, for today's Ye Chen, these are no longer a problem!

The next moment, Ye Chen's eyes closed, and he began to operate the magic method. A huge amount of evil Qi suddenly surged up in Ye Chen's elixir field, and a black fog gushed out of Ye Chen's body, completely enveloping him!

On the contrary, ye Chen's face became more and more painful

At the same time, the magic lines are surging all over the body, and the supernatural magic body is activated!

Not only that, the magic tablet, one of the ten xuanbei, rushed out and suspended on the top of Ye Chen's head!

One special Rune after another surrounds Ye Chen!

Chapter 5018

In a few days.

At the moment, the whole Lingxing pavilion has been completely submerged by the evil spirit, and a frightening figure can be seen in the evil spirit.

All of a sudden, the rolling evil spirit was rushing towards the figure and disappeared in his body.

Ye Chen slowly opened his eyes, his eyes became more and more dark, at the same time, the whole person's temperament is also indifferent, adding a trace of hegemony, fierce taste.

At the moment, the corner of his mouth was raised, and the color of ecstasy appeared on his face!

In his elixir field, the infinite evil Qi has been integrated with the aura, and turned into a kind of energy, which is as concise as dark golden jade, and almost solid!

This is Taiyi Aura!

Its quality is ten times higher than that of normal aura, and it is hundreds of times lower than that of ordinary martial arts!

Although Ye Chen is only cultivating in the realm of heaven and earth, he is definitely not inferior to the later existence of a true realm in terms of the quality and quantity of aura!

Ye Chen's total amount of aura, even if there are three kinds of energy blessings, but it has not reached the level of the true late stage. The most important thing is the quality!

The quality of Taiyi aura is really terrible!

Ye Chen murmured to himself: "today's me, it should not be so difficult for me to face up to the seventh heaven. If you add the power of Shuo Lao and Xuanxian Zi, even in the face of the extreme of the seventh heaven, and even the existence of some eighth heaven, I may not have the power of the first World War..."

With the continuous improvement of his strength, the more reincarnation breath, the more powerful shuolao's strength will be, and xuanhanyu's seal he can also unlock more!

This time, the trip of the demon killer has gained a lot!

Not only solved the problem of Dao Jing, but also let him break through, and practiced Taiyi aura.

Moreover, after that, when he activates the hidden vein and cultivates Xingtian's physical power, his strength will increase, right?

Not only that, but also the one hundred thousand Daojing. If they are devoured by the wild devil Tianjian and Xiaohei, the chaos flame can be promoted at least one level, or even two!

And the wild devil Sky Sword may be able to use again!

His strength, will once again usher in a surge!

It seems that joining Beiling tiandian is the right choice.

Ye Chen stretches, and is not in a hurry to devour Daojing. Even he can't finish it for a while. He decides to go out for a walk and say hello to elder martial brother Wu, master and others.

At this time, ye Chen's look moved, and his figure flashed, and he came to the outside of Lingxing Pavilion.

At this time, there are two escape lights coming, showing the figure of two men. They are Wu Xinshan and Xin Lei!

Wu Xinshan saw Ye Chen appear, face a happy way: "ye younger martial brother, you finally pass, elder martial brother Qu, they have come several times."

"Elder martial brother Qu?"

Wu Xinshan said excitedly: "Ye Chen, your performance on miemo mountain has caused a complete sensation in Beiling tiandian. Many demons on Beiling tianbang want to know you. Moreover, I am so unique because your position in tiandian is also rising. Even we, who were not qualified to participate in Caixia tiannv celebration ceremony, were invited!

What's more, there are two places left! "

Ye Chen doesn't like it when he hears the words. Wu Xinshan and others seem to respect Ning Caixia very much, but ye Chen doesn't have this feeling. In his eyes, Ning Caixia is a naive, kind girl with a sad fate.

At this time, Xinlei said: "younger martial brother ye, let's go to the reception building first and meet elder martial brother qu. we can talk about the details as we walk along the road."

Ye Chen smell speech, ordered to nod, then follow two people, toward the reception building but go.

Ye Chen asked Wu Xinshan curiously, "who is this elder martial brother? Who else is coming? "

Wu Xinshan said: "elder martial brother Qu Mingshi is one of the disciples of the master of the sun hall. He is a sword cultivator. He is extremely powerful. He is the eighth in the list of beilingtian. He is also one of the demons who are likely to succeed in the next Taoist casting ceremony."

Ye Chen's eyes flashed and said: "the great ceremony of casting Tao?"

Wu Xinshan said: "younger martial brother ye, don't you know? In a short time, there will be a ceremony of casting Taoism in the temple of heaven. Have you heard of the grade of the disciples in the temple of heaven, younger martial brother

Ye Chen nodded and said, "it's divided into 12 grades."

"Not bad!"

In his eyes, Wu Xinshan said with a trace of complexity: "generally, the disciples who can have the tianbang can pass the assessment of ten grades. However, the assessment methods of the following eleven grades and twelve grades are special

That's the ceremony of casting road!

The ceremony can only be held once in one's life. All the disciples who have not participated in the ceremony can participate in it. In the ceremony, those who succeed in casting will be promoted to the 11th grade!

This identity is already very noble in Beiling temple

In addition, when the grade exceeds 10, it will be removed from the list. However, what is more terrifying is the twelve grade disciples. These people are real immortals who are highly expected by the Heaven Temple!

If you want to be a twelve grade disciple, there is only one requirement, that is

Be the one who performs best in the casting ceremony

Ye Chen nodded and became interested in the ceremony.

They arrived at the reception building very soon.

Enter among them, sitting in the living room, a total of three people, two of them, ye Chen also met.

It's Xu shaotian and Murong Yanyu!

At this time, Wu Xinshan introduced to Ye Chen with a smile: "this is Mr. Xu shaotian, Mr. Xu, this is Murong Yanyu, Murong girl."

Then he looked at a young man who was tasting tea and said, "this is Qu Mingshi, Mr. Qu."

Ye Chen looked at Qu Mingshi. He was tall and thin with sunken eyes. He had a friendly smile on his face. His complexion was very pale. It was almost like a corpse. He had no blood!

Ye Chen's eyes narrowed slightly. Qu Mingshi didn't carry a sword. Moreover, his temperament was completely different from that of other sword practitioners!

Although swords can be put in the storage bag, generally speaking, swordsmen always carry them with them, so that they can accompany them all the year round, enhance their swordsmanship, cultivate their connection with swords, and so on.

Although the qumingshi is from the Sun Temple, it doesn't look like a sword repair at all.

However, ye Chen felt a sharp smell from the quming stone

At this time, Murong Yanyu coldly looked at Ye Chen and said, "Ye Chen, this time, elder martial brother Qu has something to discuss with you. It's good for you."

After ye Chen created a miracle in the history of exterminating demons in exterminating demons peak, the story between Ye Chen and Murong Yanyu has been thoroughly spread, and the more it spreads, the more bizarre it becomes!

Even, many people have believed that there is something between Murong Yanyu and ye Chen!

Chapter 5019

This makes Murong Yanyu angry. At the same time, she also cares more about ye Chen. After all, everyone connects her with Ye Chen

Ye Chen looked at her and said, "what are you doing here?"

Around a few people smell speech, in addition to Xu shaotian, are some stunned looking at Ye Chen.

Did ye Chen and Murong Yanyu tell some stories?

How now it seems that ye Chen is just like a stranger to Murong Yanyu, even worse than a stranger!

Ye Chen does not like Murong Yanyu and Xu shaotian.

Murong misty rain slightly a Leng, beautiful eyes more ice cold a minute, at the same time, the fundus of the eyes loomed angry and aggrieved look!

In fact, ye Chen misunderstands Ye Chen, and she thinks that ye Chen is the one who made the mistake

With Ye Chen's incredible martial arts talent, he was on the mountain road that day. Maybe he was really understanding!

While I disturb others' understanding and still accuse others with self righteousness, Murong Yanyu feels ashamed

So, after hesitating again and again, or determined to apologize, just in time, Qu Mingshi also have something to find Ye Chen, came together.

But who thought!

Ye Chen feels that she wants to apologize?

But this kind of cold attitude!

When was Murong Yanyu treated like this by men?

Even if I'm wrong, is this guy ice? I don't know how to pity jade at all!

Seeing that the atmosphere was not right, Qu Mingshi laughed and stood up and said to Ye Chen, "Congratulations, young master Ye. You've made a great success in miemo mountain. I'm sure you'll be appreciated by the high level of the heaven hall."

Ye Chen didn't mean to be polite to Qu Mingshi. He said faintly, "what can I do for you, Mr. Qu

Qu Mingshi, looking at Ye Chen with a gentle face, said, "young master ye, are you going to attend the celebration banquet of Caixia tiannv?"

Ye Chen nods a way: "not bad."

Qu Mingshi's eyes, over Ye Chen, looked at Wu Xinshan and Xin Lei, and said again, "are you ready for the wedding banquet

Wu Xinshan and Xin Lei's face changed in an instant when they heard the speech!

Originally, they didn't have the qualification to attend the wedding banquet. Naturally, they didn't consider this issue. Now, it's a good thing to be invited, but the current conditions of taijue hall can't offer any decent gifts at all!

Don't say it's them, even Li Wuwang can't get anything!

First, physical training, the biggest dependence is his own body. Li Wuwang is strong, but there are few treasures in his hand

Second, the practice of physical training is not only hard, but also expensive. We often need to collect all kinds of miraculous drugs and animal bones to boil the soup and polish the body. Therefore, Li Wuwang is not only poor but also without treasures!

The cold sweat of Wu Xinshan and Xin Lei came down in an instant

Just think, because can't take out the right gift, didn't show enough respect, caused Caixia tiannv anger, what kind of consequences, they are about to suffocate!

If it arouses the disgust of Caixia tiannv, I'm afraid taijue hall will never come out again?

Ye Chen is the facial expression light, completely didn't put on the heart.

He's not going to give any presents at all.

He is a little strange, isn't Ning Caixia's character very good?

Elder martial brother Wu, why are they so afraid?

Seeing the look of Wu Xinshan and others, Qu Mingshi smiles and knows the situation of Ye Chen and others like the back of his hand.

Immediately, he took out a brocade box and handed it to Ye Chen, saying, "young master ye, I have prepared a small thing. Please accept it."

Ye Chen took the brocade box and opened it. There was a pearl in the box. It was not an ordinary pearl. It was not only round to the extreme, but also glittering with silver. It looked like a bright moon. What's more, the shadow of the sun, moon, mountains and rivers appeared on the Pearl!

His eyes flashed. On the Pearl, there were waves of spirits. It was a kind of magic weapon for defending spirits. When it was worn on his body, it had the functions of concentration, meditation, breaking illusions and so on.

It's a good baby.

However, it is useless to Ye Chen.

But Wu Xinshan and Xin Lei's eyes brightened when they saw the Pearl!

This pearl is absolutely suitable for Caixia tiannv!

First of all, pearls belong to the category of jewelry, beautiful, girls generally will not hate, and, this pearl also has a special effect, can protect the soul, even if Ning Caixia can't use it, presumably will not produce disgust?

No merit, no fault!

If they had the Pearl, they would have been saved!

Sure enough, then Qu Mingshi said with a smile: "Mr. Ye, this river moon pearl can be regarded as a gift at the wedding banquet. I'm willing to give it to Mr. Ye, just need Mr. Ye to do me a favor..." With that, he looked at Ye Chen and said, "I want to know how ye made history on miemo mountain."

People smell speech, eyes are flashing for a while!

They are also curious about how ye Chen accomplished this feat!

Three million spirits

This is not a number that can be explained only by qualification!

Just when people think that ye Chen will hesitate and decide whether to tell Qu Mingshi about it.

Ye Chen is once again beyond everyone's expectation. He returns the brocade box to Qu Mingshi very casually and says, "Mr. Qu, I can't tell you about this. It's useless to tell you. No one can do it except me. As for the Pearl, you can keep it and send it yourself. I don't need it."

Wu Xinshan and Xin Lei look unbelievable. If they don't have the river moon pearl, they are really helpless! And ye Chen even refused?

Qu Mingshi's face also changed in a flash. His face was cold for a minute. He looked at the brocade box in his hand and frowned: "Mr. Ye, do you have a better gift in your hand?"

Ye Chen light way: "have no."

"No?"

Qu Mingshi became more and more puzzled. He gazed at Ye Chen strangely and said, "what is that young master Ye going to send to Caixia tiannv?"

Everyone is concentrating and looking forward to Ye Chen's answer!

Why on earth did he have the courage to refuse Heyue pearl?

Ye Chen says casually: "I don't give anything."

He's a little speechless. It's just a wedding banquet. Do you have to give gifts?

With this remark, the whole Reception Hall fell into a dead silence!

Everyone in the hall looks at Ye Chen like a madman

Then Xu shaotian burst out laughing!

Thanks to him, he took the boy as a threat. Now it seems that there is no need.

Chapter 5020

What if this guy's martial arts talent is against heaven?

If you have no brain, you will die sooner or later.

To attend the wedding banquet of Caixia tiannv, I didn't give anything. Can I say that?

Don't you know what position Caixia tiannv has in tiandian?

Qu Mingshi is also some funny way: "young master ye, you should not know Caixia tiannv, will you say these words?"

Wu Xinshan and Xin Lei said anxiously: "yes, younger martial brother ye, it must not be so!"

"Younger martial brother ye, even if you don't want to accept the gift from master Qu, we have to prepare some other gifts."

Ye Chen smell speech, some impatient way: "well, needless to say, I understand ningcaixia."

Although two people, get along with time is not long, but, ye Chen also can be regarded as the root of Ning Caixia.

On the contrary, from the attitude of these tiandian disciples towards Ning Caixia, he can see that these people can't understand Ning Caixia.

When Qu Mingshi heard the speech, he laughed, ironically.

You know that?

A boy who has just started and has never been on the tianbang has no chance to meet Caixia tiannv. How dare he know her?

In his opinion, ye Chen is just pretending.

Murong Yanyu's beautiful eyes are also a touch of disappointment. Unexpectedly, ye Chen is a man who speaks freely. If he really knew Caixia tiannv, he would not tell such a lie that is easy to be exposed.

And Xu shaotian is mercilessly ridicule way: "don't know, ye childe to Caixia tiannv understand what degree?"? How dare you call him by his first name? "

Even Wu Xinshan and Xin Lei can't listen any more. Ye Chen, you can be proud, but you can make fun of Caixia tiannv. I'm afraid the whole taijue hall can't afford it!

At the moment, ye Chen glanced at Xu shaotian and said faintly, "I am friends with Ning Caixia."

This time, even Qu Mingshi couldn't hold his breath. He burst out laughing!

Wu Xinshan and others' eyes darken. They want to believe Ye Chen, but they have to admit that ye Chen is lying

Is it a friend who can say that?

Not to mention Ye Chen, even those disciples who have successfully cast the eleventh grade or even the twelfth grade in the temple of heaven may not be able to become the friends of Caixia tiannv, right?

Ye Chen goes against the sky again, and now he has no qualification to meet Caixia tiannv, let alone become a friend

In the face of the sarcasm of Xu shaotian and Qu Mingshi, ye Chen turns around and wants to leave the living room directly. But at this time, Qu Mingshi suddenly drinks a low voice: "stop!"

Ye Chen slightly frowned, coldly looked at him and said, "what else do you want to say?"

At the moment, Qu Mingshi said with a sneer: "young master ye, I said, I want to know, what method do you use to devour three million demons."

Ye Chen, complexion a sink way: "I also said, I don't want to tell you."

Qu Mingshi's eyes flashed fiercely and said: "it's not up to you..."

The smile on the corner of his mouth suddenly closed, and he said with a fierce face: "Mr. Ye, if you don't tell me, I can't guarantee that the words you just call yourself Caixia Tian's girlfriend will spread to Tian's ears."

When Wu Xinshan and Xin Lei heard the speech, they had a look of great fear in their eyes. They were going to be paralyzed!

They hastened to say: "Mr. Qu, it's too much for you..."

"Mr. Qu, why? Younger martial brother Ye is not serious... "

If you are really known by Caixia tiannv, younger martial brother ye will be destroyed!

Murong Yanyu is also slightly frowning, although Ye Chen is to blame, but Qu Mingshi's behavior is somewhat inferior.

Xu shaotian is full of smile, eager to see ye Chen bad luck.

Qu Mingshi confidently said again: "now, can you say it?"

Who knows, after listening to Ye Chen, he turned around at random and said, "if you want to say it, go and say it."

As soon as his voice fell, he ignored Qu Mingshi and left the reception hall directly!

Only left the crowd, standing in the same place

They have learned Ye Chen's madness, but unexpectedly, ye Chen is so crazy!

Not even Caixia tiannv?

Wu Xinshan and Xinlei chase Ye Chen.

There are only three people left in the meeting hall.

Qu Mingshi looks very gloomy, biting his teeth, obviously angry.

How dare a guy who just broke through the six levels of heaven and earth dare to ignore him?

At this time, Xu shaotian asked Qu Mingshi, "elder martial brother Qu, this boy just left. What should I do?"

When Qu Mingshi heard the speech, a very cold smile appeared in the corner of his mouth and said, "let's go, too. Ha ha, young master Ye is smart enough. Tonight, I will teach him a profound lesson." At the moment, ye Chen has come to the main hall of taijue hall.

Sitting on the ground, Li Wuwang slowly opens his eyes and looks at Ye Chen walking into the hall, but his brows are slightly wrinkled

Just now, he has heard the dialogue between Ye Chen and Qu Mingshi.

Ye Chen saluted Li Wuwang and said, "master."

Li Wuwang nodded and stood up, staring at Ye Chen and said, "Ye Chen, do you know what tiannv means?"

Ye Chen hears speech, the vision a Shan, shake head way: "don't know."

He is also a little curious. Why is Ning Caixia called tiannv?

Li Wuwang said: "tiannv means the daughter of tiandian. Caixia tiannv has lived in Beiling tiandian since she was a child, but the emperor has no children. Therefore, Caixia tiannv is treated as a daughter. It can be said that most of the high-rise buildings in Beiling tiandian, as well as the oldest ones, love Caixia tiannv very much."

Ye Chen smell speech, face dew a trace of surprised color, it seems that the position of Ning Caixia in Beiling tiandian is still above his estimate.

Do you understand now? Caixia tiannv, in a sense, is the last person to offend the whole tiandian temple. Moreover, Caixia tiannv is indifferent, and few people can figure out her character clearly.

Recently, Caixia tiannv has got rid of her stubborn illness, awakened her blood and made great progress. However, I heard that recently, because her blood is not very comfortable, I'm afraid she won't be in a good mood. At the wedding banquet in the evening, you must pay attention to it and don't offend her. "

Ye Chen some doubts, Ning Caixia in the eyes of the people of Beiling Temple how can be a cold existence?

At this time, xuanhanyu said: "Caixia has been suffering from Baicai qingsui Gu since she was a child. She has been suffering all the time. Naturally, she will not show her feelings. Therefore, in the eyes of people who have not really contacted her, it is estimated that she is indifferent."

Ye Chen's eyes flashed a sudden color. He said to Li Wuwang with a smile: "master, don't worry. Caixia and I are friends."
