

Physician 5031

Chapter 5031

"The supreme beast?"

Ye Chen how tongue, unexpectedly in this piece of desert, incredibly exist supreme source beast.

You know, the power of the supreme beast is more powerful than that of the ten great beasts. Even the emperor of taixuan array is so powerful that he has to suffer a loss.

Ye Chen wakes up his spirit, pulls out his evil sword, and walks step by step, leaving deep footprints in the desert, and lines of sweat dripping down.

In this desolate and fierce desert, the laws of space, time and the aura of heaven and earth are much more strange than those of the outside world. With Ye Chen's martial arts background, it's incredible that he can sweat and work hard in this place.

WOW!

Just as he was walking, there was a loud noise from the bottom of the desert, but a claw full of dark scales suddenly came out from under the ground.

Whoa!

The claw is like a ghost, grabbing Ye Chen's heart, and the way is very fierce.

"Be careful, this is the black scale wolf in the desert!"

Taixuan array emperor loudly remind, but see that claw, unexpectedly is a wolf.

Ye Chen was startled, and quickly struck with the wolf's claw, which burst out a dazzling spark.

"Roar..."

The black scale wolf roared, but a bloodstain appeared on his paw.

"What a strange monster."

Ye Chen looks at the black scale demon wolf in front of him. He feels that his appearance is very strange. He can't help looking at it more.

This black scale wolf, about three meters tall, stands like a man. Although it is a wolf, it is covered with a layer of scales like steel. It is metallic black and shining in the light of the death star.

What's more strange is that the black scale devil wolf can escape. It seems that ye Chen has great strength and is quite scared. He doesn't succeed in one blow, so he goes underground and disappears in the blink of an eye.

Ye Chen stayed for a while, but had a kind of dreamlike feeling, more cautious.

As you move on, most of the monsters in the desert are strange in appearance, which is very different from ordinary monsters. The bad environment has caused many monsters to look strange. Fortunately, ye Chen has accepted the magic tablet and awakened the spirit of the holy devil. His strength has been greatly improved, so he can barely fight against it, not too embarrassed.

Brush!

When you come to the depths of the desert, ye Chen is the only one from the beginning to the end, and there is no second person. However, a big scorpion suddenly comes out of the sand and stabs Ye Chen with its fierce iron tail.

"Star soul chop!"

Ye Chen had been on guard for a long time. With a wave of the evil sword, the road seal full of the smell of destruction suddenly exploded from the sword, and the last matchless light of the sword slashed the scorpion's body.

Bang!

The sword in the scorpion's body is as hard as iron, and its body splits. It flows with green blood and gives off a smell of fishy smell.

Ye Chen frowned and sucked the body of the scorpion into the picture of the yellow spring to cultivate the wild devil sky sword.

The wild demon sword is buried under the Alsophila tree. It has just sprouted into a young sword. It's just the time to develop. The strange monsters in the wild sky are just suitable for feeding the sword.

Absorbed the Qi and blood of the desert monster, the wild demon Sky Sword burst out a little strange light, and the sword Qi obviously improved a little.

Ye Chen nodded with satisfaction and went on alone. Suddenly, under the cover of yellow sand, he saw a figure.

It was a young man, tall and straight, ye Chen only saw his handsome face.

The young man dragged a huge ice coffin and waddled along in the desert, panting for breath, but his eyes were still full of unyielding firmness.

Brush... Brush

The chain used by the young man to pull the coffin was dragged on the ground, making bursts of sound, and his shoulder had been deeply bloodstained by the chain.

Barren sky, desert, ice coffin, youth, iron chain, constitute a very soul stirring picture.

Ye Chen secretly surprised, did not expect that in addition to him, there are others here!

What's more, the young man's behavior was also very strange. He actually pulled a coffin in the desert. He didn't know the origin or where he wanted to go.

"Roar!"

A roar.

However, a desert Python suddenly flew out from a huge desert tree nearby and rushed towards the ice coffin pulled by the young man. It seemed that there was something attractive in the ice coffin.

"To hurt my sister? I want to die

When the young man's eyes were cold, he suddenly clapped his hand, and the wind of his hand was blowing, and the light of five elements came out. The five colors of gold, wood, water, fire and earth turned into waves, and hit the desert python with a heavy hand,

bang!

The python got a slap and screamed. His huge body burst and his scales scattered. He was killed by the young man.

"What a strong strength!"

Ye Chen was surprised. He didn't expect that the boy's physique and martial arts talent were so strong that he killed the monster in the desert with one palm.

Looking at the breath of martial arts, the young man's cultivation is only in the original state, but his real combat effectiveness is obviously beyond the ordinary existence when he reaches the true state. Even in such a dangerous place as desert, teenagers can survive, and their strength is obviously not simple.

"Why does his five elements palm technique look so familiar?"

Ye Chen recalled the young man's just palm, the five elements reincarnation light burst out, and there was a shadow of six reincarnation methods!

There are six kinds of Dao Dharma with different attributes: Heaven humanity, humanity, animal way, Asura way, hell way, hungry ghost way.

Among them, humanity is the representative of the five elements, which stresses the circulation of the five elements and the five virtues all the time. The strong man in charge of humanity is called the five emperors demon God. He is one of the six reincarnation demon gods and the servant of Ye Chen in his previous life.

"Who is the master of the five elements? Is it the five emperors

Ye Chen is so surprised that he has a glimpse of the shadow of the five emperors. Unfortunately, the evil spirit of the wild sky is too violent, which limits the use of the extreme devil's pupil. Ye Chen can't really see it.

The young man killed the python with one hand. He was out of breath. It seemed that his strength was not shallow.

Along the way, he must have met a lot of monsters. Under repeated fighting, the consumption was very huge. Now he stood and rested, holding the iron chain tightly in his hand, and the end of the iron chain was connected with the ice coffin.

"Are you all right?"

Ye Chen's heart moves and walks up. This young man's palm wind has the shadow of the five emperors, which makes Ye Chen very surprised. He just wants to trace the final details.

Young see ye Chen appear, slightly a Leng, obviously also did not expect that there are people in the desert, subconsciously protect the ice coffin.

"These pills can nourish your qi and blood and restore your physical strength."

Ye Chen smiles and takes out some pills and hands them to the boy.

"No

Young but quite a bit indifferent, refused Ye Chen's good intention.

Ye Chen shrugged, also don't mind, eyes look at the ice coffin, but see ice coffin inside, unexpectedly ice sealed a woman!

The woman, dressed in white, was extremely pale. Although she was lying in the coffin, she did not die in a breath, but her meridians were broken and her condition was extremely bad.

Chapter 5032

"Is this your sister? She's seriously injured? "

Ye Chen looks at the ice coffin. With his knowledge, he can naturally see the woman's condition. It seems that she was injured, her meridians were broken, and she was seriously injured and unconscious. She can only temporarily seal in this special ice coffin and linger.

"It's none of your business."

The boy bit his teeth, still indifferent, seems to be a little vigilant.

"I mean no harm."

Ye Chen touched the nose, slightly wry smile for a while, just want to find out the connection between the youth and the five emperors, but didn't expect that the youth's vigilance is so heavy.

"Your sister is injured. Maybe I can treat her."

Ye Chen didn't explain much, so he just used his actions to prove it, and didn't need the young man's consent. He directly pinched a formula and said, "fairy Koi, gossip Tiandan, go!"

Words fall, a golden carp virtual shadow, with strands of bright Fairy Light, emerged from ye Chen's palm, poured into the ice coffin.

WOW!

Suddenly, in the ice coffin, there are carp swimming around the frozen woman, constantly nourishing her body. Vaguely, there is also the Taoist connotation of the eight trigrams' Heavenly elixir.

A magical scene happened. Under the treatment of Tianxian Koi and Bagua Tiandan, the woman's face was slightly ruddy, and even more beautiful.

The woman's eyelashes seemed to shake slightly, even slightly.

"Sister, you wake up!"

Seeing this scene, the boy was overjoyed and patted the ice coffin, thinking that his sister was going to wake up.

Hum!

However, the ice coffin has a layer of forbidden light, it seems that it is still sealed, there is no appearance to break.

Sure enough, the woman's eyelashes just vibrated a few times, and there was no reaction. Fortunately, her face had recovered a little ruddy, which was much more beautiful than her pale and bloodless appearance.

"Your sister hasn't woken up yet. She is seriously injured and her meridians are all broken. I can only relieve her temporarily, but I can't cure her."

Ye Chen slowly opens his mouth. At the beginning, his apprentice Xiao shuihan once had his meridians broken completely. At that time, ye Chen also used the methods of copying the fairy carp, eight trigrams and heaven elixir. Finally, he had to cooperate with a top-grade elixir to cure him.

Now the method is repeated. Ye Chen uses Tianxian Koi to copy and Bagua Tiandan to relieve the ice bound woman's injury. But without enough natural resources, local treasures, or other panacea, ye Chen can only cure the symptoms, not the root cause.

"Can you cure my sister?"

Young see ye Chen means, immediately surprised, attitude immediately change, just or indifferent appearance, but now it is full of blazing.

"Her meridians have been broken. If she wants to recover completely, she needs a lot of natural resources and local treasures. There are many difficulties."

Ye Chen frowned lightly. The condition of the frozen woman was much worse than that of Xiao shuihan in the past. Xiao shuihan had been abandoned by xuanjiyue, but at least he was sober and self-conscious.

However, the frozen woman, has been completely asleep.

If you look at it carefully, you can see that the ice covered woman's hand is holding a sacred stone tightly. The sacred stone emits light and seems to be full of divine power.

It was this sacred stone that saved the frozen woman's life.

This ice coffin is actually a container to protect the spirit of the stone.

"Brother, you must cure my sister! No matter what you need, as long as you say, I can find it for you! "

Hearing the hope of medical treatment, the young man was overjoyed.

Ye Chen's eyes narrowed slightly and said, "what's your name? Who did you learn that palm technique from?"

"Elder brother, my name is Li Qingshan. She's my sister Li Feixue. My palm technique is taught by my family's old manager. It's said that it's a martial art in ancient times. It has the great mystery of five elements. If you want, elder brother, I can give you the five elements palm technique!"

Li Qingshan has a warm face. Compared with just now, his attitude is one day and one place.

Obviously, ye Chen's superb medical skills completely conquered him and made him adore him. He only hoped that ye Chen could save his sister.

"Ancient martial arts? Your family always teaches you? Ha ha... "

Ye Chen smiles, and his eyes are flashing. He wants to deduce something, but he can't deduce anything. In this ghost place, the air is too turbid, which disturbs the destiny. Ye Chen can't really see it.

However, after hearing Li Qingshan's words, ye Chen's head turned faintly, but he recovered some memories of his previous life. All kinds of wonderful methods about the five elements humanity revived in his mind one by one.

The way of five elements is five directions and five emperors. The White Emperor is gold, the green emperor is wood, the black emperor is water, the Red Emperor is fire, and the Yellow Emperor is earth.

The combination of five aspects and five emperors is the supreme humanity, which represents the mystery of the five elements cycle and the road cycle.

Reincarnation is superior to all the heavens, and the six ways of reincarnation is the most ancient. If one of the six branches of the six ways of reincarnation is brought out alone, it can start a sect and make a lasting impact. What Li Qingshan says now is that in ancient times, Wu Xing Tian Li is just a branch of the six ways of samsara.

"Have you ever heard of the five emperors?"

Ye Chen slowly asked.

In this world, in addition to him, there are only five emperors.

Without the instruction of the five emperors, it would be impossible for outsiders to understand the five elements, the heavenly power and the supreme magic of humanity.

"Five emperors? I seem to have heard that he is said to be the servant of the reincarnation Lord in ancient times, but I have never seen him. After the reincarnation Lord died, the six legendary demons were all buried with him? Brother, how can you ask this question? "

Li Qingshan looked puzzled.

Few people in the world know the deeds of the six demons of reincarnation. Most people think that after the fall of the Lord of reincarnation, the six demons also fell.

Ye Chen saw Li Qingshan's sincere words and clear eyes. He didn't look like a liar. He couldn't help wondering in his heart and thought, "doesn't he really know the five emperors? Who did he learn his martial arts from? "

After a pause, ye Chen breathed a breath, and no longer asked, "it's nothing. What's the influence of your family, and who hurt your sister?"

When the time comes, the story of the five emperors will be revealed. Now ye Chen no longer asks, but wants to know the origin of Li Qingshan and the cause of his sister Li Feixue's serious injury.

"I I... "

However, Li Qingshan hesitated and said, "my family's orthodoxy is quite special. I don't know whether I should say it or not. My sister was wounded by an enemy. I heard that I could see crouching tiger and hidden dragon when I crossed the desert. So I wanted to take her to take a chance and hope to get medical treatment. Unexpectedly, I met my elder brother you. It's a pity."

Ye Chen said: "I see. I'm going to cross here."

Li Qingshan was overjoyed and said, "that's great, elder brother. Let's make a company. When we get outside, we will find the natural resources and local treasures to treat my sister!"

Chapter 5033

"Well, let's go together."

Ye Chen also wants to find out about the five emperors. Li Qingshan's martial arts of reincarnation of the five elements must have something to do with the five emperors. Ye Chen naturally doesn't want to miss it.

At present, ye Chen has seen the evil spirits, the mysterious female spirits, and the Shura spirits again, but there are still five emperors, hell, heaven and human beings who have not seen them, and they don't know where they are.

Ye Chen needs to find them and solve the rest of the cause and effect.

At present, ye Chen and Li Qingshan set out together and continue to go deep into the desert. As long as they cross the desert, they can arrive.

Brush, brush, brush.

Li Qingshan is pulling the ice coffin. He has to work harder than he just did. He is sweating.

Ye Chen asked, "what's the matter?"

Li Qingshan said, "it's OK, brother. Let's go on."

Ye Chen heart move, looked at the ice coffin, feel the aura fluctuation inside, surge more and more strong.

Obviously, ye Chen just treated Li Feixue. Although the latter didn't wake up, he had recovered a little aura, which led to the seal ban of ice coffin and aggravated a lot.

When Li Qingshan pulled the coffin, he naturally suffered more.

"Let me help you."

Ye Chen took a look at Li Qingshan.

Li Qingshan hesitates for a while, but thinks that ye Chen has a way to cure his sister, so he nods and gives the chain to Ye Chen.

"No

Ye Chen smiles, but doesn't use the iron chain. He holds up the ice coffin with one hand and carries it on his shoulder.

"Big brother has a strong constitution!"

Li Qingshan was surprised. This ice coffin is made of very special materials. It can seal the essence of people's lifeblood. Its weight is very heavy. In addition, it's forbidden and sealed. It's really heavy. I don't know how many kilos it is.

Even with Li Qingshan's accomplishments, there was no way to lift the coffin on one shoulder, but to pull it with a chain.

When he saw that ye Chen's cultivation was only in the realm of heaven and earth, he thought that ye Chen was only proficient in medicine. Unexpectedly, his martial arts constitution was so strong that he could easily carry the coffin on one shoulder without any effort.

Ye Chen carries the ice coffin on one shoulder and feels extremely heavy. Fortunately, his constitution is amazing. This weight can't crush him, and he can bear it easily.

"Go."

Ye Chen smiles, carries the coffin on one shoulder and strides to the other end of the desert. Vaguely, he has seen the green of the horizon.

It's almost the end!

Boom

But just then, a huge shock came from the deserted sky.

I saw a huge star, roaring down from the nine sky void. On the star, there were powerful monsters everywhere. Countless monsters roared and ravaged, making a loud and clear voice, shaking people's mind.

"Li Qingshan, where do you want to go?"

A cold voice came down from the star, and a rough and towering figure appeared from the star. All kinds of strange animal illusions, such as Taotie, Taowu, qiongqi, candlelight dragon and so on, kept dancing, and the momentum was very majestic.

"No! The people of beast mountain villa are coming! They are the pursuers of my sister's enemies

Seeing the figure in the sky, Li Qingshan was shocked.

The cultivation of the warrior surrounded by different beasts was around the beginning of the true realm, but his magic weapon was very powerful and his breath was extremely terrible.

Ye Chen looks at the people in the beast mountain villa and is attracted by his stars.

It turns out that the portable star is actually a magic weapon. It is one of the most precious treasures of the thirty-three days of chaos. It is called the beast sky star. The body is a star, but it has been refined into a magic weapon.

Among the treasures of chaos in the thirty-three days, there are nine special magic weapons. They are all refined with stars, which are called "chaos nine stars", or chaos celestial bodies.

Ten thousand beast Celestial Star is one of the nine chaotic stars. In fact, it is a magic weapon refined by the stars. On this star, there are countless monsters. As soon as this magic weapon is released, there will be the effect of monsters roaring, killing the mind and oppressing heaven and earth.

In short, the legendary chaos nine stars are extremely powerful among the 33 days of chaos.

"I'm Chu haoyin. Today, I'm ordered by that big man to kill you and arrest your sister, eh? How did an outsider carry your sister's coffin

The name of this man in the beast mountain villa is also quite distinctive. He is called Chu haoyin. I wonder if he is a very strong drinker.

If it's just the cultivation of martial arts and Taoism, this Chu haoyin is only at the beginning of the real realm, which is really not enough.

However, his magic weapon is very powerful and can not be underestimated.

Once the monsters of the ten thousand beasts and heavenly stars are all rampant, the beasts will be killed, and ye Chen will be afraid.

"Roar..."

Chu drinks the monster around him and sees Ye Chen. It seems that the mouse sees the cat. Suddenly, there is no sound and he lowers his head.

The whole beast sky star is also suddenly quiet, dead and silent, seems to be aware of something dangerous. Obviously, reincarnation blood is supreme. These monsters from ancient times are branded with the fear of reincarnation Lord. When they see ye Chen, they dare not be presumptuous.

"Eh, boy, who are you? You can suppress my magic weapon!"

Chu drank so much that he was surprised. He had been refining this beast star for many years. Every monster on it was absolutely loyal to him. But now, he found that the monster on the whole star seemed to be out of control.

"Big boss, what's the matter?"

At this time, in the distant sky, more than a dozen figures came, all of them were elite disciples of the beast mountain villa. They were also surprised to see Chu haoyin's shaking appearance.

"This boy is weird. I don't know what magic he used to suppress my magic weapon. Let's fight together to prevent future trouble!"

Chu Chen drinks furiously, pointing to it.

"What

All of them were surprised. They looked at Chu's drinking beast Tianxing. He really lost all his fierce power and seemed to be suppressed by some strange law.

Whoa!

Chu haoyin immediately broke his fingertips and forced out blood, which turned into a torrential rain and fell into his star world.

WOW!

All of a sudden, many monsters, nourished by his blood, got rid of their fear and recovered. They looked up to the sky and roared. The figures of hundreds of millions of monsters crisscross the sky, roaring and dancing, which is very spectacular.

"All animals are connected to heaven. I've suppressed them!"

Chu Hao gave a big drink, and the whole beast sky star roared to kill Ye Chen. Countless monsters would tear Ye Chen to pieces.

The rest of the strongmen in the beast mountain villa saw this, and they quickly used their magic power to kill Ye Chen.

"Brother, be careful!"

Seeing this, Li Qingshan immediately stepped on it, and a five elements appeared at his feet.

The five elements are in the sky. There are five emperors in the sky, white Emperor, green emperor, black emperor, Red Emperor, Yellow Emperor and so on. The humanity of the five emperors has been released continuously. The aura of gold, wood, water, fire, earth and so on has evolved into rolling thunder and roaring.

Chapter 5034

This is the weather of the five directions, five emperors and five elements.

Ye Chen was slightly surprised. It seems that Li Qingshan's five elements method is very profound, which has reached the level of 30% or 40% of his previous life. This time, the great weather of the five directions and five emperors broke out, and the golden earth, water, fire and earth evolved into wind and thunder. The momentum is very amazing.

"Five elements Tianwei, kill Wanfang!"

With a roar, Li Qingshan put out his fists together and poured endless five elements into his fists to kill Chu haoyin.

Now Li Feixue's ice coffin is carried by Ye Chen, and Li Qingshan has liberated his hands. His fighting capacity is much stronger than that just now. It's just like the supremacy of humanity, and his edge is very fierce.

It seems that ye Chen saw his figure in his former life.

"Eh, I haven't seen you for a short time. Li Qingshan, your accomplishments have improved again. It seems that your sister was almost killed. It's very exciting for you."

Chu haoyin was also quite surprised to see Li Qingshan so brave.

Bang!

Li Qingshan's fists broke the sky. He killed two disciples of the beast mountain villa on the spot. They were smashed by his fists and turned into a shower of blood.

"Hum, those who dare to kill me!"

Chu boozed and snorted. He turned his target around, and the beast Tianxing suppressed it and blasted Li Qingshan.

It's a monster roaring wildly. I can imagine how powerful it is.

Before the star came down, the whole desert was shaken up with countless yellow sand and dust.

Li Qingshan's face changed greatly. He only felt that the beast star was really powerful and had the momentum of the ancient road. The more he suppressed it, the more the ferocious faces of countless monsters on the star became clearer and more shocking.

Click!

Under the influence of the beast stars, Li Qingshan's five elements are in the sky. They are suddenly broken up and become countless fragmentary auras.

The huge stars shot down Li Qingshan to crush him into meat sauce.

Li Qingshan's face was stunned, but he was stunned in the same place. His mind was shocked, and he couldn't rise the idea of resistance.

This beast star is worthy of being the treasure of chaos in the thirty-three days. Its breath is very powerful. It can also affect people's spirit and destroy people's fighting spirit. Once the beast power explodes, people's fighting spirit will be torn and they can't resist.

"Eight parts of the Fu Tu Qi!"

Ye Chen saw that Li Qingshan was in danger. As soon as he stepped, a golden light exploded under his feet. The bright Buddhist spirit burst out and turned into a pagoda in the air, toward the beast stars.

It's not convenient for Ye Chen to carry the coffin on one shoulder, but it's very convenient for Ba Bu Fu Tu to come out and break out at will.

Boom!

The huge pagoda, which is thousands of stories high, collides with the huge beast star. Countless Buddhas appear from the pagoda, and all kinds of heavenly dragons and night forks rush to the star. They slash and kill in the monster pile, such as killing demons by Buddhists. The momentum is very terrible.

Under the collision, the beast Tianxing was seriously impacted, and countless monsters were killed by the Buddhist Tianlong. Ye Chen's pagoda was trampled by many monsters, and the Buddha light faintly collapsed.

In this confrontation, however, the forces are equal.

"The treasure of chaos, it's really a bit of a secret."

Ye Chen's eyes are fixed. If he is a warrior in the early stage of the normal still true realm, and is hit by his pagoda, he must be crushed to pieces, and no residue will be left.

However, Chu haoyin, with the protection of ten thousand beasts and celestial stars, has not been damaged, but his magic weapon has been impacted.

"What a powerful hongmengyuanshu! Boy, who are you? "

Chu haoyin was shocked to see ye Chen's power.

Ye Chen's cultivation is only in the realm of heaven and earth, but this pagoda of Fu Tu shows his Buddhist cultivation, which is almost against the heaven. He directly collides with his beast Tianxing, which is far beyond his expectation.

You know, ten thousand beast Tianxing is the treasure of chaos. When an ordinary warrior in heaven and earth is attacked, he will be torn up by monsters all over the sky. Even an expert like Li Qingshan will be shocked and lose his fighting spirit, but ye Chen is as good as nothing.

"Big brother is so powerful!"

The recovery of Li Qingshan's spirit is also the strength that shocked Ye Chen.

"You're lucky, Li Qingshan. I'll let you go today."

Chu haoyin's eyes flickered, and he felt that something was wrong. Seeing ye Chen's calm appearance, he didn't seem to have exhausted all his strength. If he continued to fight, he was only afraid that something might happen.

At the moment, Chu haoyin puts down a cruel word, waves his hand, takes his men to turn around and fly away, but he doesn't dare to fight ye Chen.

Ye Chen's performance was really an evil, which greatly shaken Chu haoyin's fighting spirit.

Whoosh!

Chu haoyin and more than a dozen of his subordinates all fled into the beast sky star. The huge star shrank and kept shrinking. Finally, it shrank into a bead, burst out of its essence, and flew away into the distance."Now that I'm here, why should I go?"

But in the eye Chen killed Mou to emerge a gas.

That beast sky star is the treasure of chaos in thirty-three days. Ye Chen is very interested in it and doesn't want to miss it.

"The pulse of the holy devil, the evil sword, break it for me!"

Ye Chen drinks violently, and suddenly sacrifices the evil sword. The fierce evil Qi explodes in his eyes, instantly opens the Holy Spirit pulse, and the black Qi bursts out all over his body.

This mysterious desert is blessed with holy and evil spirit! Ye Chen doesn't even need to use other forces!

Under the opening of the Holy Spirit, the flame of the evil spirit sword is also soaring. The dark sword can destroy layers of time and space, and affect the heaven and earth. As soon as the sword front appears, the void around it is distorted, and black hole vortices appear, spinning wildly, as if to devour everything.

"This is What weapon? "

Li Qingshan looks at the weapon in Ye Chen's hand and is shocked. He can't believe his eyes.

As soon as ye Chensha's sword was sacrificed, it was like the incarnation of the supreme Kendo devil. With the power of the holy devil, a Kendo magic robe appeared on his body, embroidered with thousands of bright moons, thousands of suns, and countless demons holding a long sword. They soared and roared among thousands of days and months, and the demons swallowed the sun and the moon. The air was so majestic that it was inconceivable.

Whoa!

Ye Chen's heart thought a move, and cut it with a sword in the air. If he wanted to kill the whole universe, he immediately sent thousands of miles, and cut it on the bead made of the beast sky star.

Click!

A slight crack.

The bead was cut apart by a sword.

Hum!

The bead twisted and changed into a huge beast star again.

On this star, there is a ferocious and terrible sword mark, which deeply hurts the earth. The lava, fire slurry and various liquid materials inside the star flow out, forming a terrible natural disaster, spreading thousands of miles across the earth.

Ye Chen's sword almost split the whole star. You can imagine how terrible it was.

On the stars, countless monsters howled miserably. Under Ye Chen's sword Qi, they lost their lives and injuries. Even if they escaped Ye Chen's sword Qi, they were drowned by the underground magma. Their lives and injuries were extremely serious.

Chapter 5035

"Damn, what's the origin of this boy!"

Chu haoyin and the bodies of more than a dozen of his men were forced to fly out, and the beasts and stars behind them had become a hell swept by magma and evil Qi.

Chu haoyin's eyes were full of fear and shock, and he looked at Ye Chen inconceivably.

"Let's go!"

Chu was so flustered that with a big wave of his hand, the beast sky star smashed at Ye Chen like a bomb, blocking Ye Chen's sight and steps.

At the same time, Chu haoyin's face was flustered, and he quickly took people away to escape. He didn't even want the magic weapon.

"Zhentian imperial city sword, fall!"

Ye Chen's eyes are cold. Now that he has moved his heart, he will not show any mercy. He still holds the posture of lifting the coffin on one shoulder. His waist is straight and powerful as a mountain. But when his eyes are shaking, he sacrifices the symbol of wutuyuan, which blends with the Sha sword suspended in the sky.

Hum!

Sha sword, suddenly emerged a layer of ancient Wutu rune, Wutu mixed with enchantment, evolved nine huge dark swords, fell from the sky, formed a sword prison, trapped Chu haoyin and others.

"No!"

Chu haoyin and others were trapped in the sword prison, running left and right, but they couldn't rush out at all.

"It's up to you."

Ye Chen takes a look at Li Qingshan, but he doesn't do it himself.

Chu haoyin and others are all Li Qingshan's enemies. If they are handed over to him to solve the problem, they can let him end the cause and effect.

"Well!"

Li Qingshan was overjoyed and nodded his head. He rushed out and entered the sword prison.

"Master Li, spare your life!"

Chu Hao was shocked when he drank. All his accomplishments were pinned on the beast star. Now that he lost his magic weapon, he became a lamb to be slaughtered. He could never be Li Qingshan's enemy.

"You think I'll let you go? Dare to hurt my sister, I want you to take your life to fill it

Li Qingshan's eyes were fierce, and the fierce breath of reincarnation of the five elements broke out on his fist.

There was a terrible cry.

Chu haoyin and others were all destroyed, and there was no life left.

"Big brother."

Li Qingshan solves the problem and returns to Ye Chen with a happy face.

"Well, keep going."

Ye Chen nodded, put away his sword, continued to carry the coffin on one shoulder, and went to the other end of the desert.

The damaged beast star was naturally collected by Ye Chen.

They continued on their way, getting closer and closer to the end of the desert. It is estimated that one day later, they will be able to reach the boundary smoothly.

That night, ye Chen and Li Qingshan in the desert, looking for an oasis, quiet rest.

Li Chen's oasis is covered with snow and ice.

"Sister..."

Li Qingshan looks pitiful and sad, guarding beside the ice coffin. Li Feixue in the ice coffin looks very sad and beautiful against the background of the night, but there is still no sign of awakening.

Ye Chen said, "when I get to the other side of heaven and man, I will try to save your sister."

Li Qingshan said: "thank you, brother!"

Ye Chen nodded and said, "well, I want to practice. You protect the Dharma for me."

Li Qingshan said: "I know, big brother!"

He knew that ye Chen got the beast star, now it's time to refine.

Ye Chen takes out an ancient bead from his arms. This bead is just the shrunken beast star. It's a star the size of a marble. If you look carefully, you can see the flowers, plants, trees, birds, animals, mountains, cities and so on, as well as a ferocious sword mark, which almost runs across the whole star, causing great damage.

"It's wonderful."

Ye Chen gently ponders the beast beads in his hand, as if dominating a star. Looking at the images of countless monsters running and crying on the stars, his heart suddenly surges with pride, as if hundreds of millions of creatures are going to be slaughtered by himself.

At the moment, ye Chen bit his fingertips and smeared the blood essence on the beast beads. With a buzz, the beast beads burst into a vast light.

Chu Chen's master, Ye Hao, can eliminate the original brand of Zhu Zi.

Moreover, reincarnation blood is extremely powerful, even if the magic weapon brand is still there, ye Chen can also forcibly erase, there will be no block at all.

With his own blood essence, infiltrating into the beast beads, ye Chen suddenly felt that his blood seemed to establish a communication and resonance with the beads.

This bead seems to have become a part of one's own body organ.

Roar!

Ye Chen can clearly hear the roar of hundreds of millions of monsters on the stars, and countless monsters are kneeling down and crying, hoping to be saved and forgiven.

Pearl's own magic weapon aura is also pouring into Ye Chen's body.

The beast Tianxing is the treasure of chaos. It has plenty of aura. Even if it is cut apart by Ye Chen's sword, as long as it is not completely damaged, the foundation of aura is there, which can provide a huge gain for the host of the magic weapon. Moreover, the monsters living on the stars are innumerable powerful creatures, which can provide their masters with the power of belief and is of great benefit to their cultivation.

"Suck!"

Ye Chen absorbed the aura of the beasts, and immediately felt that his cultivation aura had improved a lot.

"It's a pity that I broke through before..."

Ye Chen clenched his fist, felt the growth of many accomplishments, and sighed.

If you are an ordinary warrior in heaven and earth, refining a treasure of chaos can definitely be upgraded. But now ye Chen only improves part of his aura, and can't really break through.

His martial arts knowledge is too strong. It's very difficult to upgrade and break through, even refining a chaotic treasure.

"Heaven burning, open!"

Ye Chen's mind moves, and directly opens the burning sky.

He now has a lot of fighting means, no less than a bead. Therefore, he does not intend to use this beast to fight directly. Instead, he plans to integrate with the burning of heaven to improve his Qi transportation foundation.

Although the foundation of qi movement is illusory, it is really related to life and death.

If you integrate the beast stars into the self in the sky, you can definitely improve your qi movement.

Whoo!

As soon as the burning sky was opened, ye Chen was surrounded by flames, and endless flames broke out, forming a martial arts world.

"All beast stars, merge!"

Ye Chen bent his fingers and flicked the bead out.

Boom!

This bead, flying to the sky above the burning world, soared, and finally turned into a huge star, showing the original shape of the beast star.

Huge stars, hanging above the burning sky, are completely integrated with this world.

The whole power of burning the sky is also greatly enhanced.

Even, ye Chen feels that the rank of burning the sky has been improved!

"It's very good. It's integrated with the beast star, and the burning world has been upgraded."

Ye Chen nodded with satisfaction.

Now, with the integration of ten thousand beasts and celestial stars, the quality of the world of burning heaven has been improved. Whether it is power, air transportation or fire killing, it has greatly changed.

Roar!

The roar of innumerable monsters erupted on the burning star, which was very powerful. Although ten thousand beast stars are broken now, this magic weapon is made of a star, which can repair itself and absorb the chaotic aura of heaven and earth continuously. As long as you wait for a while, ten thousand beast stars can completely recover to the peak and play a greater power.

"Big brother's self-confidence is so powerful!"

Li Qingshan was also secretly surprised to see the world of burning heaven released by Ye Chen. He only realized that the inside information of this world was very profound. Once he reached the highest level, he really didn't know how powerful it would be.

"It's nothing. Have a good rest."

Ye Chen smiles and doesn't say too much.

No words for a night. No accident happened this time, and there was no enemy pursuit.

Ye Chen and Li Qingshan spend the night safely. In the morning of the next day, they continue their journey. Finally, they cross the desert and come to the border.

Ye Chen stops and looks dignified, because he finds that the closer he gets to the boundary, the more restricted he is. He guesses that it is related to the existence of Hong Tianjing!

Chapter 5036

Hong Tianjing is sealed in Shenjian peak of heaven and man. The existence of the superior has seriously affected the movement of heaven and earth. Ye Chen is in the game. Because of the influence of the superior, he can no longer have a perfect insight into the secrets of heaven. There are many things that can't be predicted in advance. It seems that there is always a layer of fog in front of him.

Ye Chen immediately alert, want to roam in heaven and man domain, can be more dangerous than Yang true domain.

Although the sky is full of fog, ye Chen also clearly feels that there is a lot of crisis on the other side of the taixuan array gate. It won't be long before he is found by the dark dragon temple.

At that time, taixuan array gate will be in danger of being destroyed, and ye Luoer will also be destroyed.

"Castle Peak, I'll follow you across the desert, and then we'll be separated for a while."

Ye Chen looks at the front, and now they have come to the border. In front of them is a border city, and the huge wall is in front of them.

As long as you can get to the frontier of the city, you should know the location.

Ye Chen's heart is always thinking about ye Luo'er.

Saving ye Luo'er and fighting against the dark dragon is the most urgent thing for ye Chen.

Although Ye Chen also wants to help Li Qingshan, he can't get away now. He can't leave ye Luo'er alone for Li Qingshan's sister.

"Big brother, you want to separate from me? Don't you mean to cure my sister? "

Li Qingshan is shocked, did not expect Ye Chen will say to leave.

"I have something more urgent."

Ye Chen's eyes are dignified, and he naturally has a clear distinction between light, urgent and heavy. Now, at the gate of Taixuan array, the Shura demon is waiting for him, and he naturally can't ignore it.

We must rush to Taixuan array gate as soon as possible to take charge of the overall situation. Only when the overall situation is stable, can ye Chen get away to do other things.

"I'll leave you a little bit of the eight trigrams and heavenly elixir, which is enough to sustain your sister's life. First of all, you should find a way to collect some medicinal materials, such as Tiangong branch, zhixingmu, sanhunqinglingcao, Qixin Begonia and so on."

After thinking about it, ye Chen waved his hand and used the eight trigrams technique to produce more than ten imperial edicts, which were enough for Li Qingshan to use for a period of time.

In addition, ye Chen also asked Li Qingshan to collect some medicinal materials. These medicinal materials can assist in treating Li Feixue's injury. If they are completely collected, ye Chen will do it again at that time, which can ensure Li Feixue's meridian recovery or even recovery.

"Brother, what do you have to deal with?"

Li Qingshan was anxious. In his eyes, nothing was more important than his sister's life.

However, in Ye Chen's eyes, Li Feixue's life is naturally inferior to Ye Luoer's.

He must first go to taixuan array gate, preside over the overall situation, and ensure that ye Luoer is all right, in order to solve Li Feixue's problem.

"You don't have to ask so many questions. You can take this contact Fu Zhao. If I finish my work, I'll contact you. If you encounter any enemy who is chasing and hard to solve, you can crush Fu Zhao. If I have time, I'll help you."

Ye Chen concluded another Fu Zhao and handed it to Li Qingshan.

This edict is mainly used for communication.

"Big brother..."

Li Qingshan accepts the imperial edict, but he is at a loss. He thinks that with Ye Chen's help, he can cure his sister immediately. Unexpectedly, ye Chen has more important things to deal with.

"Don't say so much. Let's find a place to live first. If we can find the medicine for treating your sister in the city in front of us, it will be better."

Ye Chen narrowed his eyes and looked forward.

In front of the city, there is a plaque with the word "Liangzhou" printed on it.

Liangzhou City, the place name of this border city, has been standing in heaven and man for many years.

"That's great, brother. Let's go in and collect the herbs quickly!"

Li Qingshan is also very happy to hear ye Chen's words. There are many treasures in heaven and man. In Liangzhou City, he may be able to collect some herbs to treat Li Feixue.

"Well."

Ye Chen nods and immediately goes to Liangzhou city with Li Qingshan.

Li Feixue's ice coffin is still carried by Ye Chen for the time being.

Li Qingshan rushed to the front.

But ye Chen, is not slow, a person light lift coffin, follow behind.

Carrying the coffin on one shoulder, ye Chen's figure appears very lonely against the backdrop of the vast world, mountains and rivers.

"Lord of reincarnation, I didn't expect you came out of Beiling temple."

The nine sky sky is a vast and lofty world. In the hall where the supreme gods live, a shocking woman seems to feel something. With a wave of her hand, the light floats and condenses into a light curtain.

This light curtain shows the picture of Ye Chen carrying the coffin into Liangzhou. Step by step, the lonely figure in the boundless world is very shocking.

This amazing woman seems to be very satisfied, showing a smile.

If ye Chen is here, he can definitely recognize that this woman is the legendary goddess of heaven, who has always been blind to him. At this moment, when ye Chen came here, he directly touched the general trend of heaven and earth, and pushed this ancient chess game to a new battlefield. The heavenly daughter first felt the fluctuation and directly peeped at Ye Chen's figure.

However, her peeping, only lasted for a moment, the light curtain immediately broken.

It's about ye Chen's chess game. The cause and effect is so powerful that even the supreme daughter can only watch for a moment and can't keep track of it.

In the future, she can't calculate what ye Chen will encounter in heaven and man.

"Unfortunately..."

The heavenly daughter sighs gently. It's a pity that she's so lonely. She's so talented that she's made great progress in the past tens of thousands of years. She's almost killed all over the world. There are few opponents. Except for those old guys hiding in the deepest part of the chess game, no one can resist her.

If this time, she and Hong Tianjing decisive battle, it is estimated that a move can kill, strength than at the beginning, has soared too much.

Now the heavenly daughter has a feeling that she is more and more invincible in the world, that the master is lonely, and that the height is too cold. She just wants Ye Chen to come to the world quickly and fight with her. No matter who wins or loses, it will be a lifetime.

At present, it is a huge step for taichen.

Hum!

Ye Chen is walking, suddenly head pain, seems to be a red burning sharp knife, mercilessly inserted for a while.

"Someone's watching me!"

"It's the lady of heaven!"

Almost instantly, ye Chen felt that he had just been peeped at, and the breath behind him was very familiar. He was actually the heavenly daughter!

However, the peeping only lasted for a moment, and was immediately engulfed by infinite cause and effect.

"Heavenly daughter, the test you gave me is too difficult."

Ye Chen grins bitterly, thinking that his opponent will face Hong Tianjing in addition to the dark dragon temple, Leng's house and several tiandian temples.

This is the arrangement of the heavenly daughter, and it is also a great test.

Ye Chen received so many benefits from the heavenly daughter. It's impossible to think of anything. Now it's time to pay off the debt.

Chapter 5037

If you can kill Hong Tianjing, you will pass the test of the heavenly daughter.

But the problem is, where is the superior so easy to kill? At the thought of Hong Tianjing's fingers, ye Chen was shocked.

"Big brother, hurry up."

Li Qingshan looked back in front of him and saw that ye Chen was walking slowly. He couldn't help urging him.

"Oh."

Ye Chen should a, think of just be peeped at by the empress of heaven, but the mind is a little confused, the mood is quite complex, difficult to calm down.

If it's really a game of chess, now it's time to fight in the middle, and it's time to decide life and death.

Take a deep breath, calm down a little, follow Li Qingshan, simple and easy, carry the coffin into Liangzhou.

"Brother, how can you change your face? Do you have enemies in heaven and man?"

Li Qingshan is very curious.

Ye Chen just laughs, and doesn't explain anything. Be careful, it's always right.

Besides, he has too many enemies.

The forces of the East emperor's temple, the dark dragon's temple, the Queen's palace and the emperor's yuan's palace can all hibernate in the dark. Once they find out, ye Chen will definitely get into trouble. It's easy to look at and can avoid many side effects.

When they came to the gate of Liangzhou City, the passers-by in and out, as well as the guards, were surprised and curious to see ye Chen carrying the ice coffin. They cast their eyes and pointed.

In order to avoid unnecessary trouble, ye Chen has used eight Fu Tu Qi to create a golden mist in the ice coffin to block Li Feixue's figure, so as not to shock the world.

If it is found that the coffin is sealed with a beautiful woman, it may cause more shock.

Outsiders can't see the details of the ice coffin, but ye Chen is still too strange to carry the coffin, which also causes a lot of criticism.

"Brother, I'll do it."

Li Qingshan took a look at Ye Chen and said.

"No

Ye Chen smiles for a while. If Li Qingshan is allowed to pull the coffin with a chain, it may cause more vibration.

Two people into Liangzhou City, looking for a medicine shop, want to buy medicine, and nothing.

The herbs Ye Chen needs are not ordinary things. It's not so easy to find.

I found several other herbs, but I still didn't get any.

"Brother, what should I do?"

Li Qingshan was a little anxious.

"The medicine I want is not so easy to find. I'll think of another way. Let's separate now. I have something else to deal with."

Ye Chen "bang", put down the ice coffin, ready to go to the gate of taixuan array.

It's hard to find the herbs used to treat Li Feixue. Ye Chen plans to use the power of taixuan array gate.

"Big brother!"

When Li Qingshan heard that he wanted to make a difference, he was even more anxious.

"Well, what's this? Why is there a coffin?"

At this time, a slightly ironic voice, but it sounded.

I saw a man in brocade robes, surrounded by more than a dozen guards, came over.

"It's yuan Wushang, the young master of the Lord's mansion."

The passers-by on the street, seeing the figure of the man in the brocade robe, seemed to be a little disgusted and afraid, and quietly avoided, not wanting to cause trouble.

The man named yuan Wushang came forward with a big stride. He seemed to be aware of something and said, "who is in the coffin? How can I feel the breath of living people? Good living people, what are you doing in the coffin?"

With an unbridled smile on his face, yuan Wushang put his hand on the ice coffin and tried to open it directly.

"Don't touch my sister!"

In a rage, Li Qingshan rushed up and knocked Yuan Wushang away.

Yuan Wushang seems to be in a superior position and is used to it. He didn't expect that anyone would dare to resist him. For a moment, he was unprepared. He was knocked away by Li Qingshan and almost fell down.

"Dare to offend the young master!"

One side of the guards, suddenly all changed color, some people hold Yuan Wushang, some people draw out the sword, pointing to Li Qingshan, a murderous look.

"Ha ha, it's your sister that's sealed in here?"

As soon as Yuan Wushang heard that it was a woman, he became more interested. There was a fierce light in his eyes, and he said: "Come on, open the ice coffin and see who is inside."

"Yes, young master!"

Two guards on the left and right, immediately, want to pry open the ice coffin directly.

"You dare!"

Li Qingshan was furious. Seeing that the two guards wanted to hurt his sister, he immediately killed her with one blow. In his fury, he used all his strength. The breath of the five elements of his fist broke out, shaking the void, and his power was very fierce.

The two guards did not expect that Li Qingshan would dare to fight. They were all startled and hurried back.

"Good boy, how dare you make trouble in our Liangzhou city!"

Seeing this, the guards all pulled out their weapons and surrounded Ye Chen and Li Qingshan. "You want to hurt my sister."

Li Qingshan looks sad and indignant, protects Li Feixue's ice coffin, looks at Ye Chen, and cries: "big brother!"

Ye Chen was indifferent and stood still. He glanced around. The strength of these guards was not strong. The young master named Yuan Wushang was not very strong in the early stage of Huanzhen state.

However, since they dare to be arrogant, they naturally have the capital to be arrogant.

The city Lord's house behind them is the capital they rely on.

Ye Chen wanted to release Lingxiao's martial intention, but the emperor of taixuan array admonished him many times.

Yuan Hongchen just came here and thought about it for a moment. If you don't want to offend me, I'll forgive you

Between speaking, Ye Chen also took out some pills, when it was a gift to meet up, attitude can be said to be very polite.

"Ha ha, you didn't offend me, but my young master is curious today. What beauty is in this ice coffin? It's not dead. Why are you lying in the coffin? Open it and show me."

Yuan Wushang didn't accept Ye Chen's gift. He was still domineering. He just wanted to open the ice coffin and spy on the secret inside.

Ye Chen's face sank. Li Feixue was sealed. He had not passed the dangerous period. If he opened the coffin carelessly, his aura would flow away and he would die immediately.

"Sorry, there is a seriously injured woman sealed in the ice coffin. Once the coffin is opened, the woman will die immediately. Please forgive me for not being able to do so."

Ye Chen is still very polite and explains the reason.

No matter what kind of medicine the master and I have in the coffin, I can't help laughing

The left and right guards also urged: "yes, open the coffin quickly, didn't you hear our young master's words?"

"Long winded, do you want to offend our young master?"

"If you dare to offend the young master, I can't get you out of this city!"

The passers-by nearby, seeing that ye Chen is entangled by yuan Wushang, all cast sympathetic eyes. In Liangzhou City, if they offend the Lord's mansion, there will be no good end.

Ye Chen's face sinks, a way: "Sir, this is iron heart, want to embarrass me?"

Chapter 5038

Li Qingshan said angrily, "elder brother, what are you talking about with them? You are so powerful. You can teach them a lesson. How dare they be arrogant?"

Then his eyes glared at yuan Wushang.

When yuan Wushang heard his words, he looked at Ye Chen's cultivation. There was only six levels of heaven and earth. He suddenly burst out laughing and stared at Ye Chen and said, "do you want to teach me a lesson? Then I'll teach you first! "

With a wave of his hand, the left and right guards immediately understood, and their faces showed ferocious color. They all waved to Li Qingshan.

In their eyes, ye Chen only has six levels of heaven and earth, and his strength is insufficient. Li Qingshan's cultivation is obviously higher than ye Chen's, which is the biggest threat.

A sharp knife, cut to Li Qingshan.

The guards knew that Li Qingshan was very good at boxing, so they did not dare to fight alone. This time, they joined hands to attack, and the momentum was huge.

"You're bullying people. You can't die easily!"

Li Qingshan was furious, and the five elements were released immediately from the sky. The weather of the five sides and five emperors broke out, and his clothes burst in an instant, his muscles exploded, his spirit rolled, and all kinds of five elements veins appeared.

Boom!

One punch.

Li Qingshan breathed ten thousand li and crushed the guards with his fist.

"What a strong momentum!"

Yuan Wushang was also surprised to see Li Qingshan's power.

All the guards came to kill Li Qingshan with their swords, but they were shocked away by the steel like muscles.

"Ouch!"

With a wild roar, Li Qingshan rushed into the guards. His huge fist opened and closed, and his power was like breaking the sky. With two bangs, he knocked the two guards out on the spot.

The rest of the guards were startled to see Li Qingshan's powerful appearance. They retreated in horror and thought Li Qingshan was a monster.

"Eh, the heavenly power of the five emperors? Who are you

When he saw Li Qingtong's face changed.

At this moment, Li Qingshan, the five elements of Tianwei rolling outbreak, momentum is very fierce, let him think of a master, named five elements immortal.

The five elements immortal Zun is a master against heaven in the realm of heaven and man. His strength is comparable to that of the Twelve Gods. However, unlike the Twelve Gods, he carries many causes and causes, and is very decisive in killing. He is also famous for the great powers of the five sides and five emperors.

Now yuan Wushang saw Li Qingshan's magical power and thought that he had something to do with the five elements immortal.

"I don't know the five elements immortal! I'll kill anyone who dares to hurt my sister! "

Li Qingshan's eyes are red with blood, the five elements are rolling with wind and thunder, his fist is shaking with thunder, and he bombards the remaining guards again.

Two more guards, unable to escape, were blown to pieces by Li Qingshan's fist.

"I'm not a disciple of the five elements immortal."

Yuan Wushang was relieved to hear Li Qingshan's rude words. It was obvious that he could not be a disciple of the five element immortal Zun. He was immediately relieved.

"A bunch of rubbish, get out of here!"

After a pause, Yuan Wushang's eyes were murderous. Looking at the embarrassed guards, he yelled at them directly, and then stepped out to fight in person.

Boom!

A terrible wave of air burst from Yuan Wushang's feet, and the light of the Dragon appeared all over him. The palm of his hand turned into a dragon's claw.

"Magic dragon entangles hands!"

With a violent drink, Yuan Wushang uses a powerful move to grasp Li Qingshan's tianlinggai in the air, trying to penetrate it with one paw.

Whoa, whoa, whoa!

The fierce dragon claw tears the void and sends out an extremely sharp whistling, capturing people's mind.

Yuan Wushang's cultivation reached the early stage of the true realm, much more powerful than Li Qingshan's.

When Li Qingshan saw that the Dragon claws had been killed, he suddenly felt his spirit rolling and his hair surging. He had the illusion that his skull was about to be overturned. For a moment, he was stunned and his spirit was shocked.

Yuan Wushang's cultivation of hongmengyuan skill has reached the point of shaking the enemy's spirit. We can imagine how profound it is.

"Be careful!"

Li Qingshan is about to be pierced by a claw. At this time, ye Chen doesn't plan to continue to wait and see.

This time it's bound to get into trouble.

But he doesn't intend to use other techniques, but step out!

A burning world boom, the instant explosion out, the boundless.

Yuan Weichen and his soldiers are all involved in the world.

Even the roadside people, who can't escape, are swept away.

This burning sky world is full of blazing flames. What's more terrifying is that there is a huge star hanging in the sky of this world. There are countless monsters living on the star. Hundreds of millions of monsters roar together and make a soul stirring sound.

"What is this! Beast star? Do you have the treasure of chaosYuan Wushang looked at the stars hanging above his head and was shocked. He couldn't believe his eyes.

However, he did not expect that ye Chen, who looks ordinary on the surface, actually has a treasure of chaos, which is also the beast star in the "chaos nine stars".

"Are you from the beast mountain villa? How dare you offend my Lord's mansion? "

Yuan Wushang's facial features are distorted. He knows that the beast sky star is the treasure of the beast mountain villa. Now he is sacrificed by Ye Chen, so he guesses that ye Chen is from the beast mountain villa.

This beast mountain villa is not a top force. Its foundation is very shallow. It can be regarded as mercenary killers. It takes people's money, eliminates disasters for others, and usually makes a living by killing and stealing.

These forces absolutely dare not offend the city Lord's office.

Because the city Lord's mansion behind yuan Wushang is a place guarding heaven and man, and it has a very strong foundation. It is not just a mercenary force that can offend.

This see ye Chen sacrifice beast star, in a short moment, yuan Wushang heart flashed countless ideas, guess the relationship behind.

"Roar!"

However, before he could figure out his eyebrows, ye Chen waved his hand, and the huge monster star came down from the sky. Hundreds of millions of monsters roared and jumped out of the star, killing yuan Wushang.

"No!"

Yuan Wushang was surprised to see such ancient monsters as Taotie, qiongqi, Taowu, and undead birds rushing to kill them. He felt like the end of the world. There was nothing to see, only thousands of monsters. His nose was full of ferocious blood.

Puff, puff, puff!

Yuan Wushang's guards were first slaughtered by monsters, and all of them screamed. They were eaten and chewed alive, and became the food of monsters.

Yuan Wushang was terrified, and he quickly used his magic power to protect himself. His aura was like a dragon around his body, resisting the impact of demons and beasts.

He is a strong man in the early stage of the real world, and his strength is naturally good. These monsters can't break through his defense in an instant.

"Fire, explosion!"

Ye Chen is not in a hurry. He drinks violently, and the flame of the burning world breaks out, forming an explosion, which blows hard on Yuan Wushang's body.

Chapter 5039

Now Ye Chen's burning heaven is in the sky, and he has been promoted. His lethality has been greatly improved compared with the past. This burst of fire has great lethality.

Puff!

Yuan Wushang vomited blood on the spot, and the spirit of protecting his body broke up instantly.

Roar!

Many monsters went up to kill and bite.

After a while, Yuan Wushang was torn into a lot of holes, his flesh and blood were blurred, his bones were broken, and he became a pool of mud-like existence. He could not see the shape of a human being, but he was still alive. His vitality was really strong.

Wow.

With a wave of his hand, Ye Chen withdraws the world of burning heaven, and also puts away the beasts and stars. He looks at Yuan Wushang, who is still wriggling. He thinks that this man's family background

is really powerful. He has a profound martial arts foundation and is extremely strong. He is so hard hit that he can't die.

But in order not to dream too much, ye Chen naturally wants to erase each other.

"Young master!"

But at this time, teams of guards, hearing the sound of fighting, came from all sides of Liangzhou city in panic and anger.

The people on the street get out of Ye Chen's burning world and see yuan Wushang's miserable appearance. They are all in a cold sweat. Looking at Ye Chen's eyes is like looking at the God of death.

"Go

Ye Chen looks at the rushing guards and makes a quick judgment in his heart. He pulls Li Qingshan in one hand and carries the ice coffin in the other hand and runs away quickly.

Ye Chen doesn't want to cause too much trouble. This time, he is forced to deal with yuan Wushang.

Yuan Wushang's mansion is not so simple, and ye Chen doesn't want to be too complicated, so he chooses to leave directly.

The guards wanted to catch up, but ye Chen sacrificed the dark source symbol, blew up a dark fog, cut off everyone's sight, and ran away easily.

"Help

"Protect the young master!"

"Tell the Lord of the city that something is wrong!"

When the dark fog dispersed, the guards saw yuan Wushang seriously injured and dying, but he was in a mess.

But the people on both sides of the street looked at each other. They did not expect that yuan Wushang would kick the iron plate today and come to such a tragic end.

"Who's that boy? He's so powerful in the world."

"Isn't he really from the beast mountain villa?"

"How dare ten thousand beast mountain villa offend the city master?"

"I doubt that the enemy is a disciple of the five heaven hall! It's a pity that the opponent didn't even make a sword, and he couldn't see the source of martial arts. "

People talk about one after another, guessing the origin of Ye Chen, but they are all elusive.

But you can be sure that ye Chen has offended the Lord of the city, and he will certainly get revenge from the Lord of the city!

Liangzhou city is located in the frontier of heaven and man. It is guarded by one side. The martial arts and Taoism have been handed down for tens of thousands of years. The city leader's mansion of Liangzhou city is also a famous force in heaven and man. The city leader yuan Wudao is magnanimous, and all the major sects give him face.

Ye Chen offended the Lord of the city, so yuan Wudao couldn't give up.

.....

But at the moment, ye Chen took Li Qingshan to escape to the outside of Liangzhou City, far away from the power of the city Lord's mansion.

"Yuan Wudao, the leader of Liangzhou City, although he does not know the specific realm, it is said that he has stepped into the later stage of the true realm! At least seven days. "

"I'm going to trouble him."

Ye Chen murmurs and is in a trance, but he catches the secret and foresees what will happen in the future.

In the realm of heaven and man, because of Hong Tianjing's existence, the fate of heaven is greatly affected, and the extreme devil's pupil is also severely restricted. But other things are not clear, and ye Chen is very sensitive when it comes to his own life and death.

In the dark, he has sensed that the city Lord's house is ready to arrest him. He has severely damaged the young city Lord yuan Wushang, and the city Lord yuan Wudao can't let him go.

When Li Qingshan heard Ye Chen's words, he immediately knew that he was in trouble. He was ashamed and bowed his head and said, "brother, I'm sorry. It's all because of me. If it wasn't for me, you wouldn't have been in trouble with the Lord of the city."

If it's not for saving him, ye Chen won't do anything to offend the city Lord's house and cause so much trouble.

"It's OK. I can handle this trouble."

Ye Chen waved his hand and didn't blame Li Qingshan.

In fact, he doesn't mind if it's just wanted by the Lord of the city, but now he's afraid because the twists and turns of the Lord of the city delay his business.

Ye Chen just wants to quickly go to taixuan array gate, take over daotong, protect ye luo'er and fight against the dark dragon temple.

This is the most important thing in front of him!

But because of the existence of the city Lord's office, this event is likely to be affected.

The dark dragon temple is doomed to bear many twists and turns, so he doesn't know that.

"Brother, I'm really sorry." Li Qingshan is still full of apologies.

"Castle Peak, I said it doesn't matter. Let's separate. Take my Fu Zhao and I'll contact you when my affairs are settled. Besides, if you encounter any danger that can't be solved, you can tear up the Fu Zhao and I'll come to help you immediately." "You must be careful. We have offended the Lord of the city. Yuan Wudao is sure to hunt us down. In the next few days, you'd better find a place to hide and don't show up easily."

Ye Chen puts down the ice coffin and gives it to Li Qingshan again. At the same time, he gives some advice.

On Li Qingshan, ye Chen sees the shadow of the five emperors. He vaguely feels that behind Li Qingshan, there must be a connection with the five emperors.

Since it has something to do with the servants of his previous life, ye Chen can't just sit by and do nothing. He will try his best to keep Li Qingshan safe.

"Well, brother, I know!"

Li Qingshan is very grateful, holding tightly the Fu Zhao that ye Chen gave him before.

"I'm leaving. Goodbye."

With a wave of his hand, ye Chen immediately bid farewell to Li Qingshan and rushed to the gate of taixuan array.

Liangzhou city is not too far away from taixuan array gate.

.....

At the same time, yuan Wushang was also sent back to the city Lord's mansion. He was seriously injured, and he was left with only one breath.

"Waste! I told you to keep a low profile. You are always so domineering. Sooner or later, something will happen. Today, I'll kick you to the iron plate! "

In the hall of the city Lord's mansion, a dignified middle-aged man looked at yuan Wushang, who was bloody and muddy, and immediately yelled at him.

He is the father of yuan Wushang, the master of the city master's mansion, and the master of the later period of Zhenjing, Yuan Wudao!

All the people in the Lord's mansion were silent and did not dare to speak. They all bowed their heads.

"Dad..."

Yuan Wushang hard to send out a syllable, but it is full of regret and fear.

"Well, you're still young. It's good for you to learn a lesson today. Shang'er, you should know that there is a day outside the world and there are people outside the world. In terms of talent, there are more people in the world who are more powerful than you. There are also five evil disciples in the temple of heaven. You should remember that you should keep a low profile in the future and don't make the same mistake again."

Yuan wudaodun taught him that he knew the universe of heaven and man was crouching tiger, hidden dragon. In Liangzhou City, he could cover up the sky with one hand, but out of this city, it was not his power.

Chapter 5040

"I see, Dad..."

Yuan Wushang vomited hard, but he couldn't support himself when he was seriously injured.

"Huanglong Tianxing, Longteng guard!"

Yuan Wudao was not in a hurry. With a big hand, the void was torn. The hall opened up an endless darkness. In this darkness, there was a star shining.

This star is resplendent in gold. There are countless ancient dragons living on it. Those dragons seem to come from the ancient times. They are full of vicissitudes. They occupy and soar on the stars. They are very spectacular.

This star is actually one of the "chaos nine stars". It's called Huanglong Tianxing. It's also a treasure of chaos. Its quality is much more powerful than that of Wanshou Tianxing. What lives on the star is not an ordinary monster, but a real Huanggu Tianlong!

Roar!

Yuan Wudao's Dharma formula moved, and countless ancient dragons roared. One by one, dragons flew out of the darkness and came to yuan Wushang's body.

Huala, huala, huala,

countless Heavenly Dragon lights surrounded yuan Wushang's whole body and poured it hard.

Whoa, whoa, whoa!

Under the breath of dragon light, yuan Wushang's injury recovered quickly, and his flesh and blood wriggled. In the blink of an eye, it was like a rebirth of Nirvana, and a dragon flame burst out.

When the Dragon flame dispersed, yuan Wushang's flesh and blood body completely restored to its original state, and he didn't even see a scar.

"Thanks, Dad!"

Yuan Wushang jumped up and clenched his fist. He felt full of strength and was overjoyed.

"Well, you won't be wrong in the future."

Yuan Wudao nodded and put the Dragon Star away.

He can stand here, the biggest rely on, is the Dragon Star.

This magic weapon is very special. There are countless ancient dragons in the stars, which is equivalent to a huge dragon army. Once it breaks out, its killing power is unimaginable.

Therefore, all the major sects in heaven and man gave him yuan Wudao face.

"Those two guys, if you dare to offend our city Lord's mansion, you can't let them go easily. Luo Tongling, you should contact all the major sects and issue the Huanglong hunting order. You must arrest those two guys!"

Yuan Wudao gives an order. Ye Chen and Li Qingshan offend the Lord of the city. Naturally, he can't forgive them. Otherwise, the authority of the Lord of the city will disappear.

"Yes

A burly man came out and took orders.

His name is Luo Yunfeng. He is the general manager of the Lord's house. Although his cultivation stays at the sixth level of heaven, he is only one step away from the seventh level of heaven. He is also a strong general.

At present, Luo Yunfeng immediately sent out a letter with flying sword to inform the major forces, and issued the order of wanted pursuit.

The city Lord's mansion has a friendship with the major sects. Naturally, they also give face to the city Lord's mansion and help wanted people.

All of a sudden, they are all over a million Li area!

The territory of heaven and man is vast, but in a short period of time, the order of hunting and killing can be spread all over half a million Li, which is enough to show the networking means of the city master's office.

.....

At the moment, ye Chen continues to drive, half the way away from taixuan array gate.

At this time, he had changed his face again, because he had a premonition that he would be wanted.

It seems that ye Chen and the sword of the Dragon vibrate slightly behind the sword.

The body of Longyuan Tianjian is buried somewhere in the heaven and man domain. Now ye Chen goes deep into the heaven and man domain, and the sword spirit Fu Zhao also has a sense.

Vaguely, ye Chen has captured the position of the dragon Yuan sky sword!

If you can dig out the Longyuan sky sword, ye Chen's strength will be stronger. It will be much easier to fight against the East emperor's temple and the dark dragon's temple.

Because Longyuan Tianjian was originally designed for the dark dragon Protoss. It has great restraint and lethality against the dark dragon Protoss.

However, these heavenly swords are genuine and valuable. It's very difficult to dig them out.

At the beginning, xuanjiyue had to pay great sacrifice and energy to dig out Shenluo Tianjian. Finally, with a little luck, she managed to control it.

Ye Chen's current accomplishments and strength are not as good as xuanjiyue's. If he rashly touches the legendary Tianjian, it will be a dead end.

It's more difficult to hold the sword than to ascend the sky. It's not so easy.

Now ye Chen's wild devil Heaven Sword is just a young sword. Its edge is not strong enough, so ye Chen can dominate it. If it's the real peak Heaven Sword, it won't be controlled by him.

"Unfortunately With my current strength, I can't control the noumenon of Longyuan Tianjian. "

Ye Chen sighed, a little sorry.

He felt that if he wanted to really take charge of Longyuan Tianjian, he must at least have the cultivation of the original realm. Now, he only has six levels of heaven and earth.

After a pause, ye Chen converges, only to find that there is a wanted notice in the town. He and Li Qingshan are wanted by the city Lord's house. Each wanted notice is printed with a dragon totem, which is the symbol of the city Lord's mansion. The legendary Dragon Star is in the hands of the city Lord's mansion.

"I hope Castle Peak can hide well these days. Don't expose it until the limelight is over."

Ye Chen thinks in the heart secretly, before leaving, he has already ordered Li Qingshan, tell him to hide, don't expose easily.

Now he only hopes that Li Qingshan will be calm and not show up rashly.

.....

At this time, Li Qingshan, according to Ye Chen's instructions, is hiding in a hidden cave, not easily exposed.

Li Feixue's ice coffin is next to him.

A trace of cool air came out of the ice coffin. The whole cave was cold and the temperature dropped seriously.

Li Qingshan is shivering with cold. The ice coffin is made of special materials and has a strong cold. Even the martial arts of his level can't bear it for a long time.

Now closed in the cave, Li Qingshan suddenly felt cold suffering, stabbed into the bone marrow, the cold can not dissipate, very uncomfortable.

"My elder brother told me that there is a wanted man outside. I can't show up these days."

Li Qingshan clenched his teeth, endured the cold torture, looked at his sister Li Feixue's face, and felt warm in his heart.

After three days of such hardship, the cave is already a world of ice and snow, and the cold air is still accumulating.

Li Qingshan's ability to resist was also hard to resist. The cold covered his body and formed a thick layer of ice.

"It's been so long. It should be safe."

Li Qingshan gritted his teeth, but he couldn't bear it any more. He stood up and pulled the ice coffin out of the cave.

Whooh!

As soon as he came to the outside of the cave, the aura of heaven and earth was flowing, and the air was fresh. Li Qingshan's spirit was suddenly aroused, and his cold air dissipated a lot, and his energy recovered a lot.

"Elder sister, let's find a place to settle down and wait for elder brother Ye's news."

Li Qingshan takes a look at Li Feixue in the ice coffin, and then pulls the ice coffin forward.

"Boy, where do you want to go?"

However, before Li Qingshan had gone far, there was a burst of ironic cheers from the sky.
