

Physician 5041

Chapter 5041

Li Qingshan looked up and saw a man in a brocade robe coming from the distant sky with more than a dozen guards.

"Yuan Wushang, it's you!"

Li Qingshan's eyes shrank and his face was full of horror.

The man in the brocade robe is yuan Wushang!

"Ha ha ha, I finally found you!"

Yuan Wushang looks up at the sky and laughs. In recent days, he has been searching Li Qingshan and ye Chen's tracks, but he has never gained anything.

Now Li Qingshan came out of the cave. As soon as the breath of the ice coffin spread, yuan Wushang immediately sensed it and brought people to chase him.

"There's another one?"

Yuan Wushang looked around and found that Li Qingshan was the only one here. He didn't see the so-called dust night.

Li Qingshan's face sank, but he didn't answer. He didn't expect to be targeted so soon.

"Luo Tongling, catch him first!"

Yuan Wushang waved and ordered.

"Yes, young master!"

It is Luo Yunfeng, the commander of the city master's mansion, who walks out with a powerful man.

Brush!

Luo Yunfeng a flash, immediately ran to kill down, big hand grasp to Li Qingshan.

Li Qingshan immediately choked, and made a quick fist.

"Hey, boy, do you still want to fight?"

Luo Yunfeng sneered. His accomplishments were much more powerful than Li Qingshan's. seeing Li Qingshan's fists hit, he did not dodge. He directly covered Li Qingshan's fists with a big hand. With a click, he crushed Li Qingshan's fists and suppressed them directly.

"Ah

Li Qingshan on the spot issued a sharp cry of pain, distorted facial features.

"Ha ha ha..."

Yuan Wushang laughed and was in a good mood.

This time, he was very cautious and took Luo Yunfeng out to make sure that he was safe.

Luo Yunfeng's cultivation realm, in his eyes, even if ye Chen and Li Qingshan join hands, it is impossible to match.

"Master, I've got it."

Luo Yunfeng's fingers connected and sealed Li Qingshan's acupoints, making him unable to move.

"Ha ha ha, very good. Luo Tongling, you did a good job."

Excited, yuan Wushang came down from the sky and looked at Li Qingshan and the ice coffin.

"What a beautiful woman!"

This ice coffin, without the cover of Ye Chen, Li Feixue's beautiful face and body suddenly appeared in front of yuan Wushang without reservation.

Yuan Wushang couldn't help but praise and his heart beat wildly.

He has seen a lot of women, but such a beautiful one as Li Feixue is rare.

"Young master, do you want to open the coffin? The woman seems to be alive. "

Luo Yunfeng inquired.

"Open the coffin! It's a pity that such a beautiful woman is sealed in a coffin. "

Yuan Wushang's eyes twinkled with fierce light, and he licked his lips, as if with bad intentions.

"I don't want to hurt you, sister

Li Qingshan was surprised and angry. He was afraid that his sister would be insulted. He immediately rose up to resist. With his left fist, he hit Yuan Wushang's head.

"Dare to hurt the young master?"

Luo Yunfeng snorted, grabbed Li Qingshan's left fist and pinched it with a click, which made his left fist bloody.

Li Qingshan's fists were almost crippled. He suddenly lost his fighting power and screamed, but his eyes were red and full of hatred and anger. He said at the top of his voice, "I'll kill you!"

The next second, he opened his mouth like a wild animal, showed his bloody teeth and bit Yuan Wushang's neck.

"A stubborn fellow."

Yuan Wushang's eyebrows wrinkled and his infinite aura surged, directly kicking Li Qingshan away.

The left and right guards rushed up and held Li Qingshan down.

"You have to die!"

Li Qingshan's eyes almost burst with anger.

Yuan Wushang gave a cold smile and continued to shout: "open the coffin!"

"Yes, young master."

Luo Yunfeng arched his hand and was ready to open the coffin, but there was a layer of prohibition on the coffin, and countless pieces of runes poured out, forming a strong repulsive force, which shocked Luo Yunfeng back.

"Young master, it's forbidden."

Luo Yunfeng's face sank.

"Can you break it?"

Yuan Wushang's face also sank.

Luo Yunfeng shook his head and said, "if you break it by force, it will be backfired. The gain is not worth the loss. This boy must know the secret of opening the coffin. Just tell him to say it."

Then he pointed to Li Qingshan.

Yuan Wushang's eyes showed a trace of ferocity. He stepped on Li Qingshan's head and said, "boy, what's the secret of coffin opening? To be honest, I'll spare you

Li Qingshan said angrily, "you killed me, ye Brother chenye won't let you go! "

Yuan Wushang said with a smile: "dust night? Good. Where is he now? "

Li Qingshan clenches his teeth, but he doesn't speak. Naturally, he can't sell Ye Chen. Besides, he doesn't know where ye Chen has gone. Luo Yunfeng suggested: "young master, we'd better go back to the mansion first. Please make up your mind."

Yuan Wushang's eyes twinkled, thinking of his father, immediately nodded and said, "OK, let's go home first."

At present, yuan Wushang and others take the ice coffins of Li Qingshan and Li Feixue and fly to the direction of the city Lord's mansion.

Li Qingshan became a prisoner. He didn't care about his own life and death, but he was afraid of his sister's accident. He bit his teeth in his heart and thought, "do you want to call brother ye to come?"

Ye Chen left him the imperial edict, which was hidden in the deep of his blood and could be detonated at any time.

As long as you detonate the imperial edict, ye Chen can sense that it is possible to tear the void and save him from the sky.

"No, I can't implicate brother chenye any more!"

Li Qingshan looked at yuan Wushang and then at Luo Yunfeng. His face was very dignified.

Although he knows that ye Chen is powerful, in the final analysis, ye Chen is just six layers of heaven and earth. In his eyes, it is still impossible to defeat yuan Wushang and Luo Yunfeng.

Once Ye Chen comes, he is afraid to kill Ye Chen.

"Or call Uncle Ye to come here, he may have a way."

Li Qingshan's heart moved, so he would not wait to die.

He thought of a man, the old housekeeper of his family.

He is full of martial arts and five elements, all of which were taught to him by the old housekeeper.

Now in danger, Li Qingshan thought of the old housekeeper.

"Uncle Ye, help

Li Qingshan called silently in his heart. He and the old housekeeper had a very deep causal relationship. As long as he called, the old housekeeper could sense the fate even if he was far away in the family, so as to promote his dangerous situation.

"The city Lord's mansion is very powerful. Maybe Uncle Ye is here, and he may not be able to compete with us. But even if we sacrifice our lives, we have to save my sister!"

Li Qingshan is quietly calculating, in the heart only Li Feixue's existence, for the safety of his sister, he can give up anything.

It didn't take long for Li Qingshan and Li Feixue's ice coffins to be taken back to the Lord's mansion.

"Dad, I brought back the sinner who offended our Lord's mansion!"

In the main hall of the city, yuan Wushang bowed his hand respectfully and reported to Yuan Wudao.

Yuan Wudao nodded slightly and said, "is there another one?"

Yuan Wushang said: "I don't know, the child is still pursuing."

Yuan Wudao was silent, and his eyes fell on Li Qingshan. Suddenly, he was bright, and seemed to be aware of something. With a big hand, he was covered with a wave of prestige.

Chapter 5042

Hum!

Deep in Li Qingshan's blood, a Fu Zhao was forced out.

It is the imperial edict left by Ye Chen!

"Ha ha, don't look for it. There's a contact sign here."

Yuan Wudao sneered and immediately found the details of the Fu Zhao.

"What do you want to do?"

Li Qingshan's face turned pale. Unexpectedly, Yuan Wudao was so powerful that he could see his hidden imperial edict at a glance.

Here is the site of the city Lord's mansion. If ye Chen comes rashly, it's definitely a dead end.

"If you dare to offend my Lord's mansion, I want you to take your life to fill it up!"

Yuan Wudao sneered coldly, his palm moved, and the imperial edict immediately burned in his palm.

"No!"

Li Qingshan yells, in the heart bursts of fear, only afraid Ye Chen into the trap of the city Lord's house.

With the burning of the imperial edict, ye Chen, who was far away, suddenly felt the wave.

"Castle Peak is calling me?"

"No, it's yuan Wudao! The city Lord's office wants to set a trap against me! "

Ye Chen is on his way to the gate of taixuan array. His steps stop immediately. For a moment, he has insight into the cause and effect behind him.

Although his insight is greatly limited in heaven and man, it is related to his own life and death.

This time, ye Chen naturally found out that Li Qingshan had been captured by the city master's office, and the city master's office also used this contact sign to lead him into a trap and kill him at the same time!

"Damn, trouble."

Ye Chen clenched his teeth, and immediately felt extremely difficult. If he ignored, Li Qingshan would surely be killed.

If Li Qingshan is just an outsider, ye Chen naturally doesn't care. With his decision of killing, he can't disturb his overall situation because of an outsider.

But the problem is that Li Qingshan has the shadow of the five emperors. As long as he is kept, he may be able to find his servant in his previous life.

Therefore, ye Chen naturally can't sit back and ignore.

However, if you come to the Lord's mansion rashly, I'm afraid it will be more dangerous than good.

After all, Yuan Wudao, the leader of Liangzhou City, is a master of Zhenjing, and he also has a dragon star. His strength can't be underestimated.

If deep enemy territory, ye Chen did not grasp the whole body and retreat.

"Go ahead, I'll at least make sure you don't fall."

Just when ye Chen was in a dilemma, the voice of taixuan array emperor came from reincarnation cemetery.

"That boy Li Qingshan seems to have something to do with your servants in previous lives. He still needs to be saved."

Taixuan array emperor also saw that Li Qingshan had the shadow of the five emperors. His identity was not simple.

If Li Qingshan is really a disciple trained by the five emperors, then the five emperors must have something else in mind, which may be helpful to the chess game.

Therefore, the emperor of taixuan array is willing to take action to solve this crisis.

"Well, thank you, master!"

Ye Chen's heart is fixed. If reincarnation can help, it's much safer to go to the Lord's mansion.

"Don't be careless, make a quick decision. If you can save people directly and avoid unnecessary fighting, I'll pass you an array called Youming Jiugong array, which can disturb the enemy's defense line..."

The emperor Chen slowly taught a Xuan gate to open a way.

This array, called Youming Jiugong array, can create eternal darkness, which is a bit similar to the eternal night demon heaven. But with the change of Jiugong dunjia, once it is arranged, the darkness will be overwhelming and the Jiugong will disturb the enemy's feet.

Ye Chen himself has the foundation of the dark source symbol and the eternal night demon heaven. It's easy to understand this netherworld nine palace array.

As soon as the emperor of taixuan array said it, ye Chen heard it and immediately understood it thoroughly. Suddenly, his eyes lit up and said, "master, your array has helped me a lot."

Ye Chen is going to tear the void and go to the Lord's mansion, but it will cost a lot of aura to do so. When it comes to the Lord's mansion, he will suffer losses first and fall into the disadvantage.

But now, with the help of the netherworld nine palace array, ye Chen can at least hide and recover his aura, so that he won't be restricted everywhere.

"Let's do it quickly. If we delay, I'm only afraid that the boy named Li Qingshan will have an accident."

The emperor of taixuan urged that there might be the cause and effect of the five emperors behind Li Qingshan, so he had to go to the rescue quickly.

"Good!"

As soon as ye Chen's eyes are fixed, he immediately tears the void and goes to Liangzhou City Lord's mansion.

.....

In the city Lord's mansion, Yuan Wudao immediately reorganized his staff after burning the imperial edict, waiting for ye Chen to come.

"Dad, do you think that boy will come?"

Yuan Wushang was a little nervous.

"Ha ha, I have a sense that there will be a big fight tonight. The boy will definitely come. I'll be ready. As soon as he arrives, he'll kill me immediately!"

Yuan Wudao told him to go on, looking like he had the chance to win. "Yes, Lord!"

Luo Yunfeng answered, and many guards, scattered around the city master's house, waiting for ye Chen to come and catch turtles in the urn.

"Brother ye, don't come to die!"

Li Qingshan's eyes are split, and his heart is constantly calling, hoping to touch the secret and arouse Ye Chen's vigilance.

Now the city Lord's mansion has laid a heavy net. Even if the strong come in the later period of the real world, they will drink a pot, let alone Ye Chen.

He is afraid that ye Chen comes, can be disorderly knife cent corpse.

Boom!

After a while, there was a violent vibration in the sky.

"Here it is

Yuan Wudao's eyes shrank and suddenly rose to look at the sky.

It's a bright day now, but there is a dark source sign in the sky, and countless dark mists are rolling out.

"Source of darkness?"

Yuan Wudao frowned and faintly felt that something was wrong.

WOW!

The next moment, the darkness like tide, crazy surge, the whole sky into absolute darkness.

"Eternal night, great devil heaven!"

There was a majestic voice from the sky.

"Big brother!"

Li Qingshan recognized it. It was Ye Chen's voice.

Ye Chen did not appear, but the voice came down.

With Ye Chen's voice coming, there is also the eternal night.

The vast night fell from the sky and covered the whole earth.

The whole city of Liangzhou was swept by the night and fell into the absolute eternal darkness without any light.

Many of the warriors in Liangzhou city were surprised. They faintly felt that there would be a sudden change on the other side of the Lord's mansion.

"Hum, how dare you show off in front of me? I'm shattered

Yuan Wudao dismissively pointed out that the bright light like the sun broke out from his fingertips and wanted to go through the night.

The eternal night demon heaven is just a simple ancient Hongmeng method. It can't resist the killing of his level of experts in the real world. An expert like yuan Wudao, with a little divine light, can break the darkness. Even the dark source symbol can't stop his killing.

However, an amazing scene appeared, Yuan Wudao's point of light, but was instantly engulfed by endless darkness, disappeared without a trace.

Chapter 5043

"No, it's weird!"

"Damn, it's the netherworld nine palace formation!"

"Be careful, all of you. Keep an eye on the prisoners. Don't let the enemy rob them!"

Yuan Wudao's face changed greatly. With his fierce eyes, he finally found that the darkness in front of him was not created by Hongmeng's ancient method, but an ancient array called Youming Jiugong array.

Yuan Wudao's voice spread throughout the city.

Yuan Wushang, Luo Yunfeng and other people, as well as a group of guards, immediately faced the enemy.

In the vast darkness, nothing can be seen, people's spirit is easy to fall into confusion.

With his memory, yuan Wushang went to the center of the hall and wanted to control Li Qingshan and the ice coffin. However, he was surprised to find that the center of the hall was empty and could not touch anything.

"Dad, the prisoner is gone!"

This time, yuan Wushang is really scared to death, didn't want to take ye Chen and array means.

"Don't panic, the prisoner is still there! The enemy uses the means of nine palace dunjia to confuse your sight. You are standing still. "

Yuan Wudao was very calm and stood still.

"What?"

Yuan Wushang was stunned for a while and tried to go further. The main hall of the city was not too big. He must have hit the wall when he walked like this.

However, in front of him is always empty, a piece of air, nothing.

All of a sudden, yuan Wushang was scared out in a cold sweat, and the cool air ran up from the bottom of his feet.

His father was right. He was walking in the same place. He seemed to be moving forward, but in fact he was confused by Jiugong dunjia. He had lost his direction and could only walk in the same place.

Luo Yunfeng and many guards were too scared to move when they heard yuan Wudao's words. They pulled out their weapons one after another and stood on guard.

No one thought that ye Chen would come down and use the array instead of fighting directly.

"Big brother is so powerful!"

Li Qingshan hugs his sister's ice coffin tightly. When he hears that the whole city master's mansion is in chaos, he marvels at Ye Chen's means.

Ye Chen has not appeared, just a small array, let the city Lord mansion into chaos, this means, it is amazing.

"Dad, what should we do now?"

Yuan Wushang was a little flustered and didn't know what to do.

"There's nothing to be afraid of in a small array. When the enemy is in the array, he can't fight. Once he makes a move, the array will break up immediately. Just stay on guard."

Yuan Wudao is calm, obviously also know a little bit of the truth of the array.

The netherworld nine palace array is not so advanced, it's just a little strange.

When maintaining an array, you can't fight, or the array will collapse as soon as the aura is dispersed.

This is the biggest shortcoming of this array.

Yuan Wudao knew this very well and said, "come on, boy! What's the use of such a trick? "

Voice down, the whole scene is silent, no one responded.

At this time, ye Chen has fallen from the sky, quietly, hidden in a corner of the city master's mansion.

Yuan Wudao is right. While maintaining the array, ye Chen can't do it at all.

But ye Chen doesn't mean to do it now. He is constantly adjusting his breath and recovering his aura.

The space law of heaven and man is too firm. Ye Chen tears the void and comes here. It takes a lot of energy. Now he is slowly recovering under the cover of the dark.

Little by little, the atmosphere became more and more depressing. No one spoke in the whole city hall. There was only the sound of breathing.

All people are waiting for ye Chen to do it.

Now the initiative is on Ye Chen's side.

When the darkness breaks away and ye Chen starts, it's the time when the war breaks out.

"Hoo..."

Finally, the breath of Ye Chen, recuperation restored to the peak.

However, ye Chen doesn't want to fight, he just wants to save people.

"Heaven burning world, open!"

Ye Chen suddenly drinks, and finally makes a move. His whole body explodes with fire, and the sky burning world releases. A huge star also emerges in the sky of the sky burning world.

WOW!

With Ye Chen's hands, the whole netherworld Jiugong formation immediately broke up and collapsed. Everyone saw Ye Chen's figure, and immediately exclaimed, and the swords and swords clanged.

"Dad, the boy is here!"

Yuan Wushang's eyes shrank and locked Ye Chen's figure. He wanted to rush out, but his feet moved, and he staggered, walked unsteadily, and fell down.

Yuan Youshang just fell down, but he was still in control.

Many guards want to kill Ye Chen together, but they also fall down. The scene is very chaotic.

"Ha ha ha, it's interesting. I haven't seen such an interesting picture for a long time."The emperor of taixuan formation couldn't help laughing when he saw this scene.

The way of array was very popular in ancient times, but now it has declined a lot. Most martial arts people are not proficient in array. His little netherworld nine palace array has caused such chaos. It's really something I've never seen before.

Ye Chen looks at the chaotic and funny picture in front of him, but he has no mind to appreciate it. He just wants to save people as soon as possible.

"Beast star, take it!"

For a while, Li Xingchen waved his hand to the sky and sucked the world up.

Now ye Chen's heaven burning world, with the integration of beasts and stars, is equivalent to a real world. There are stars that can send people up.

Ye Chen doesn't want to reveal the identity of the reincarnation Lord. He doesn't use the map of the yellow spring, but he can also temporarily take in Li Feixue and Li Qingshan's two brothers and sisters with ten thousand beast stars.

Li Qingshan "ouch", holding his sister's ice coffin, fell into the beast stars, surrounded by fierce monsters, and immediately startled him.

Fortunately, this star has been refined by Ye Chen, and the monsters on the star are also absolutely obedient. Seeing Li Qingshan fall in, no monsters hurt him. On the contrary, many monsters go up, rub their heads, and stick out their tongues to lick Li Qingshan's face. They are very intimate.

There are also some monsters. They are curious to get close to the ice coffin, but as soon as they feel the severe cold of the ice coffin, they immediately retreat.

"Withdraw!"

Ye Chen's eyes are so bright that he successfully saves Li Qingshan. He is also very happy and wants to leave immediately.

"What an important place my Lord's mansion is! You can come and go as soon as you want. It's not so easy!"

Yuan Wudao's eyes are cold. Seeing that Ye Chen wants to go, he is immediately angry.

However, he still stood in the same place and did not move rashly, because the inertia of the netherworld nine palaces array was still there. Once he moved disorderly, he might be taken advantage of.

The reason of the array is so wonderful that we can ignore the gap between the realms and create all kinds of incredible effects.

"Huanglong Tianxing, it's broken for me!"

Yuan Wudao snorted, straightened his waist, waved his hand, and the void broke, and a chaotic world emerged.

In this chaotic world, however, there is a star with bright golden light, which suddenly rushes out towards the beast star of Ye Chen.

Roar!

Bursts of dragon roar burst out from Yuan Wudao's stars.

This star is the legendary Dragon Star, the treasure of chaos in the thirty-three days, one of the "chaos nine stars".

Chapter 5044

"No!"

As soon as ye Chen's eyes changed, his beast stars could not be compared with Yuan Wudao's Dragon stars in terms of quality. Once the two stars collided, his beast stars would surely be broken and destroyed.

After all, Yuan Wudao was still a master of the seven level heaven in the real world. His real aura was infused into the Dragon Star. The power of the Dragon Star was even more domineering.

Li Qingshan and Li Feixue are both on the beast star. Once the star is smashed, they will be doomed.

"Eight trigrams Dan furnace, coming!"

At the critical moment, ye Chen suddenly drinks, and his whole body is full of Hongmeng gas. Instead, he creates a huge Dan furnace.

This red stove runs through countless heavy time and space. I don't know how huge it is. It is branded with mysterious eight trigrams stars, and the blazing fire is constantly whistling.

Ye Chen burst out with all his strength. The atmosphere of this eight trigrams Dan furnace was at its extreme. All kinds of magic fire were beating in the furnace, and Yan xuan'er was also in it, burning and roaring.

Hum!

Eight trigrams Dan furnace concussion, block in front of the beast star.

Yuan Wudao's wild dragon star, roaring, actually fell directly into the Dan stove, like a pill, burned by endless fire.

Poof!

At the moment when Huanglong Tianxing falls into Danlu, ye Chen suffers a huge shock and vomits blood.

This wild dragon star is too powerful, and it also has yuan Wudao's own will of martial arts. Ye Chen feels the tremendous pressure, and the red stove is cracking, showing a spider web like crack.

"Hahaha, boy, you dare to take my star hard. Do you still want to refine? Break it for me

Yuan Wudao looks up at the sky and laughs, full of disdain. As soon as he pinches the formula, he immediately urges Huanglong Tianxing to break through the shackles of Ye Chen's Danlu.

Roar!

The roar of countless dragons resounded in the eight trigrams furnace.

There are countless shadows of the ancient dragon on the sky star. They collide with each other. Ten thousand shadows of the Dragon burst out on the Dan furnace. The cracks are getting bigger and bigger. It seems that they will be broken out by the sky star.

"Master, give me a hand!"

Ye Chen bit his teeth, but he felt great pressure.

In his current state, it's a bit too hard to fight against Yuan Wudao's magic weapon collision.

After all, this Dragon Star is a real treasure of chaos. Its quality is more powerful than that of beast star. Ye Chen can't control it.

"Good! If this star is sent to your Dan furnace, we will refine it today! "

The eyes of the emperor of the taixuan formation burst out with fierce light. The quality of this Dragon Star was so good that even he was moved.

If you melt this star completely and refine all the ancient dragons on it into pills, you will be rich overnight. I don't know how much you will get.

WOW!

At the moment, the emperor of taixuan array did not hesitate to project all his strength onto Ye Chen.

Boom!

Ye Chen was infused with the power of the emperor of taixuan array, and his breath soared to the point of terror. He immediately stabilized the eight trigrams furnace and quickly repaired the cracks.

"What's the matter?"

Yuan Wudao saw this scene, suddenly surprised, only feel Ye Chen instant like a changed person, become extremely fierce.

"Taixuan, dragon killing array!"

Ye chenling drinks, one hand controls the eight trigrams Dan stove, the other hand successively concludes the array pattern FA Yin, one by one, instantly forms a taixuan dragon killing array, covering the eight trigrams Dan stove.

Oh

As soon as the taixuan dragon killing array was covered, the desolate dragon stars in the Danlu immediately screamed, and countless desolate dragons seemed to be suppressed and roared.

The taixuan dragon killing array has the effect of suppressing the blood of the dragon people.

In the past, when ye Chen was fighting against the wind of war, he stifled his cultivation from the peak of the true realm to the same level as himself. You can imagine how powerful this array is.

Now, the taixuan dragon killing array covers the Bagua Dan stove and immediately suppresses the wild dragon Tianxing. All the wild dragon Tianxing are suppressed, roaring and struggling, but they can't get out.

At present, ye Chen, infused with the cultivation of the emperor of taixuan formation, is so powerful that he can suppress hundreds of millions of dragons with one palm. The wild dragon star can't turn the waves at all.

"My magic weapon!"

Yuan Wudao was afraid. He felt that his contact with Huanglong Tianxing had been suppressed a lot. The magic weapon didn't listen to him. He could not feel any response when he released the formula.

"The eight trigrams heaven elixir skill has been refined for me!"

Ye Chen's eyes were cold, but he made a Taoist seal and fell into the Bagua Dan furnace. He wanted to melt the whole star and refine all the ancient dragons into pure dragon Dan.

"Boy, you dare!"

Yuan Wudao was very angry. He wanted to kill out and take back the magic weapon. However, his feet moved, but with a puff, he was attacked by a huge force and immediately vomited blood. It turns out that when ye Chen refines his magic weapon, Yan xuan'er breaks out and roasts the whole dragon sky star. On the stars, flames are surging everywhere, magma roars, and all the dragons fall, which is a huge impact.

Under the damage of magic weapon, Yuan Wudao was also attacked and immediately vomited blood.

"Daddy

Seeing that his father was injured, yuan Wushang was in a panic and didn't know what to do.

This is really kick to iron plate, he never thought, ye Chen incredibly can be so fierce.

Luo Yunfeng is also a panic, did not expect such changes.

The Huanglong Tianxing is the foundation of the city Lord's residence. Once the magic weapon is refined, the city Lord's residence will be completely destroyed.

"Stop him! Don't let that kid get away with it

Yuan Wudao roared repeatedly and could not keep calm any more. Once he lost the Huanglong Tianxing, the consequences would be unimaginable.

"Kill

Yuan Wushang and Luo Yunfeng look at each other. They both have a tacit understanding. They immediately take all the guards of the city master's mansion and kill Ye Chen in the sky.

Now ye Chen's heart and mind are all on the eight trigrams Dan stove. If he wants to refine the wasteland dragon and sky star, he will never be able to fight. This is their chance.

"Brother, be careful!"

Li Qingshan see yuan Wushang and Luo Yunfeng bring people to kill, hurriedly loudly remind, only afraid of Ye Chen accident.

Ye Chen is a calm face, and now he gets the power of the emperor of taixuan array to take the absolute initiative. He is not afraid of the people in the city master's mansion.

"Xuanmen nine robberies array, stop it for me!"

Ye Chen is not in a hurry. His right hand controls the eight trigrams Dan furnace, constantly refining, and his left hand pops up Taoist patterns. In an instant, he arranges a huge array, which is Xuanmen nine robbers array.

Boom!

As soon as the Xuanmen nine robbery array was set up, all kinds of natural disasters, such as fire, lightning, wind and rain, broke out.

Although Ye Chen can't get away from fighting, he can resist yuan Wushang and others by means of array.

Chapter 5045

"Ah

Many guards of the city Lord's mansion were bombarded by the Xuanmen nine robber array, and immediately screamed. They were killed by endless natural disasters, and there were no bones left.

Yuan Wushang and Luo Yunfeng's pupils shrink, and they quickly retreat. With their strength, this array naturally can't hurt them.

"Break the battle!"

Yuan Wudao cried out loudly. As the Huanglong Tianxing was constantly refined, he suffered more and more attacks on his internal organs, and his injuries became more and more serious.

If further delay, ye Chen thoroughly refining the Dragon Star, then he will die.

"Damn it."

Yuan Wushang clenched his teeth and looked at the Xuanmen nine robbery array in front of him. There were natural disasters everywhere and disasters everywhere. The array was so wonderful. How could it be broken?

He didn't know anything about the way of the array. He couldn't even crack a simple nether world nine palace array, let alone the complicated nine robberies array.

"I'll do it, young master."

Luo Yunfeng took a deep breath, but he seemed to have made a decision.

"Luo Tongling, do you want to..."

Yuan Wushang was stunned and immediately guessed.

"Young master, I'll blow myself up, blow up this array, and I'll give it to you next!"

Luo Yunfeng clenched his teeth and immediately rushed into the Xuanmen nine robbery array. Without waiting for yuan Wushang to react, he disintegrated and exploded.

Boom!

Luo Yunfeng's body burst open in the array, and immediately burst into a wave.

How powerful he is.

"No!"

Ye Chen's face changed. Unexpectedly, Luo Yunfeng would explode.

Boom

With the fall of the explosion, the whole Xuanmen nine robbery array was destroyed in an instant. All the array patterns collapsed, and the aura whimpered and dissipated. All of a sudden, it collapsed and became invisible.

Although the Xuanmen nine robberies array is exquisite, the so-called one force breaking ten skills, as long as the strength is powerful enough, any skill is vain.

The self explosion of a warrior of this level is naturally terrifying, which is not what the Xuanmen Jiuji formation can bear.

"I'm not good at training you, Lord of Yunfeng! Shang'er, do it

When Yuan Lianfeng saw the burst, he urged himself to break up.

"Yes, father!"

Yuan Wushang wakes up like a dream and immediately takes his guards to kill Ye Chen.

This time, they did not encounter any obstacles, directly killed in front of Ye Chen.

Ye Chen's face is dignified. He is at the critical moment of refining the Huanglong Tianxing. If he stops, he will be seriously injured. But if he insists on refining, now Yuan Wushang has been killed, how can he resist?

"Big brother!"

Li Qingshan yells. He also feels that the situation is critical and wants to help, but he is tortured by the city Lord's office. Now his strength has not recovered, and he can't help at all.

Ye Chen is in absolute crisis.

"The great immortal sword of five directions and five emperors!"

But at this time, an old and powerful cheering burst from nine days above.

I saw a huge flying sword, with the five elements Tianwei of gold, wood, water, fire and earth, falling down from the sky and killing Yuan Wushang.

"The great immortal sword of five directions and five emperors? You are the five elements immortal

Yuan Wushang looked up at the sky and saw an old man with a mask on the high sky. He was killing with his sword.

This sword is made of the five elements' aura. It is powerful and suffocating.

Yuan Wushang suddenly felt numb and recognized that the old man was the legendary five element immortal, a strange man in the heaven and man realm, and his strength was comparable to that of the Twelve Gods.

Boom!

The five elements' aura burst and evolved into the force of wind, thunder and sword. All the guards of the city master's mansion were blasted to pieces, and the killing power was terrible.

Puff!

Yuan Wushang was also attacked by the great immortal sword of the five emperors, and spewed out a mouthful of blood mixed with internal organs on the spot. His face was pale and he retreated in confusion.

"Five elements immortal? How can you come to my Lord's mansion! "

"There is no place to offend you in my Lord's mansion. Why do you want to do this

When Yuan Wudao saw that his son was seriously injured and a large number of his guards died, he couldn't help changing his face.

"Five elements immortal? This man is... "

Ye Chen stares at the old man and catches a trace of familiar breath. He is too shocked to speak.

From the old man, he felt a very familiar breath, which was the breath of his servant, the five emperors!

Although the old man was wearing a mask, ye Chen recognized that he was indeed the servant of his previous life, the five emperors among the six reincarnated demons, who was in charge of the existence of humanity.

Humanity is one of the six ways of reincarnation.

The mystery of humanity lies in the five elements.

The circulation of five elements, merit and virtue, is the law of humanity.

The five emperors and demons, who are in charge of the five elements of humanity, have the power of reincarnation of the five elements. Now, the five elements immortal master's "great immortal sword of five directions and five emperors" is actually the way of reincarnation of the five elements, and he understands the magic method in the deep.

In the previous life, the five emperors and demons did not understand the "five sides and five emperors great immortal sword", but now tens of thousands of years later, he actually understood it, and his cultivation was obviously improved.

"After I fell, the reincarnation of the six demons came to an end, but the five emperors did not get depressed, and they made progress, and even made a name for the five elements immortal. What's the matter?"

Ye Chen is so surprised that he can't guess the cause and effect behind it.

Whoa!

With such a distraction, the eight trigrams Dan stove suddenly vibrates, and the wild dragon stars and countless dragons roar, trying to break free.

Ye Chen quickly convergence thoughts, steady mind, continue refining waste Dragon Star.

"Uncle Ye!"

At this time, Li Qingshan was surprised to see the old man wearing a mask appear.

"My servant, it has something to do with Castle Peak!"

Ye Chen heart a shock, quickly take a deep breath, calm down mood.

As soon as Yuan Wudao heard Li Qingshan's cry, he was stunned. Looking at the old man with the mask, he said: "five elements immortal, he is he your disciple

"Uncle Ye, they bully me and want to hurt my sister."

Li Qingshan flew down from the beast star and came to the old man with mask. He looked at Yuan Wudao and his son with resentment.

"Is it?"

In the throat of the mask old man, there is a very old voice.

He looked around, looked at all the people in the Lord's mansion, and looked at Ye Chen.

When ye Chen comes into contact with the old man's eyes, the memory of his past life revives, the mystery of the five elements' reincarnation, and the mystery of the five great immortal swords of the five emperors, all of which turn over one by one.

The old man's eyes, with endless vicissitudes and sadness, seemed to have a thousand words to tell, but never spoke, and finally sighed.

Yuan Wudao's father and son were thrilled to hear the sigh of the masked old man. They were afraid that he would be in trouble and wash the whole city Lord's house with blood.

The five elements immortal is famous for his decisive killing.

Now both of them are injured. They are definitely not the enemies of the old masked man.

"Five element immortal, you have a lot of money. Please forgive us, father and son. We have eyes and don't know Mount Tai. Please forgive me!"

Yuan Wudao saw the opportunity very quickly, and knew that today's catastrophe was imminent, and there would be a disaster at any time. He immediately fell down on his knees and kowtowed to the old man with a mask.

"Five elements immortal, forgive me, it's villain's fault!"

Chapter 5046

Yuan Wushang was also extremely afraid and remorseful. He knelt down and kowtowed to Li Qingshan. He said, "brother, I'm wrong. I should die. I shouldn't offend your sister!"

Then he opened his bow and slapped himself in the face.

"I won't forgive you!"

Li Qingshan's eyes are angry, and he wants to rush out to kill yuan Wushang.

"Castle Peak, don't be impulsive."

The tone is light, the old man's mask.

"Uncle Ye, they are not good people. Kill them quickly and take a bad breath for my sister!"

Li Qingshan said in a loud voice.

Mask old man is still indifferent, eyes always with eternal vicissitudes and coolness, slowly said: "it's not our turn to make decisions here, let me respect the Lord."

Li Zun's face was puzzled? Who is your Lord? "

The mask old man said: "I told you a long time ago that I used to have a master who was a great man of indomitable spirit. In fact, I trained you for his layout. Now my old master is here." He pointed to Ye Chen.

"What, big brother is your old master?"

Li Qingshan was so shocked that he could hardly believe his ears.

He never thought that the old master in the old man's mouth was Ye Chen.

"No, it's a coincidence!"

Li Qingshan was so shocked that he retreated.

"There is a certain number in the dark. Let me make a decision here."

The mask old man, with his hands on his back, did not speak any more.

"What, five element immortal, do you still have an old master? Who can be your master in this world? Even those in the temple of heaven are not qualified for this

Yuan Wudao was also frightened when he heard the old man's words.

This mask old man is the legendary five elements immortal, which is comparable to the existence of the Twelve Gods. Who in the world can have such great qualifications to be his master?

The master of the Twelve Gods is the supreme goddess. Is the master of the five elements immortal also the superior?

Yuan Wudao can't believe it. Seeing ye Chen's cultivation, it's just six levels of heaven and earth. How can he be the master of the five elements immortal.

Yuan Wushang was also silly and completely stunned.

Li Qingshan is a disciple of the five element immortal Zun. He has been extremely shocked, but he didn't expect that ye Chen's identity is even more outrageous, and he is actually the old master of the five element immortal Zun.

Now the five elements immortal Buddha says that the life of the city Lord's family is all tied to Ye Chen's idea.

Yuan Wudao's father and son, as well as many guards, all shivered when they looked at Ye Chen.

At the moment, ye Chen didn't speak, and his mind fell on the Bagua Dan stove, concentrating on refining the Huanglong Tianxing.

Countless array patterns flow out of Ye Chen's hands and pour into the Dan furnace.

Now ye Chen gets the power of the emperor of taixuan array, directly uses many big arrays, and madly refines Huanglong Tianxing.

Boom!

Under Ye Chen's continuous refining, the wild dragon star finally began to melt.

The whole star, under the action of the eight trigrams fire and the dark flame, finally melted into a golden liquid.

Countless ancient dragons living on the stars also uttered a sad cry, and were forced out, and were immediately baked by the fire of the eight trigrams.

"The eight trigrams heaven elixir technique, all melt elixir!"

As soon as ye Chen's eyes are fixed, he uses his palm to print out the secret formula of Taoism. He immediately tries his best to break out the eight trigrams heavenly elixir technique. He merges many ancient heavenly dragons with the juice of the heavenly stars to make one pill after another.

WOW!

All of a sudden, countless pills flow out of the Bagua furnace and form a long river of pills like a star ring in the void. In the long river of pills, every pill is branded with the totem of Tianlong. It is ancient and magnificent, and the medicine is magnificent.

"Boy, that's great. The refining is successful at last! The whole dragon star, all refining, this time we get 30 million pure dragon Dan, this is really rich

The emperor of taixuan array made a sound of ecstasy. Rao Shi had a deep heart, but when he saw so many pills, he couldn't help but feel excited and suffocated.

So many pills, whether they are used to feed the wild devil Tianjian, or to Xiaohei, or to cultivate disciples, or to break out magical powers, are great wealth.

"Thank you, master."

Ye Chen is also excited a smile, this time can successfully refine the waste Dragon Star, all of a sudden get 30 million pure dragon Dan, naturally thanks to the power of taixuan array emperor.

If there is no taixuan array emperor, ye Chen alone can't refine Huanglong Tianxing. After all, this is the legendary treasure of chaos in the thirty-three days, one of the "chaos nine stars", which is not so easy to refine.

There are 30 million pure dragon pills. It's a huge sum of money. It's enough for ye Chen to spend a long time.

"Hoo, I'm working hard. Next, I need to rest. Don't call me out."The emperor of the taixuan formation breathed out his turbid Qi, and his spirit and body fled to the reincarnation cemetery, sleeping and resting directly in the tombstone.

This alchemy cost him great spiritual power, and now he needs to rest.

"Thank you very much."

Ye Chen once again thanks, full of joy, will all pure dragon Dan, all income to the yellow spring map.

"Ah, my magic weapon!"

Yuan Wudao's eyes were split, and he watched the Huanglong Tianxing being refined, but he couldn't struggle at all.

The magic weapon disappeared completely, and he also suffered a huge backfire. With a puff of blood, he fell to the ground.

"Daddy

Yuan Wushang runs over in a hurry and holds yuan Wudao. The two father and son look at Ye Chen in horror.

Ye Chen body weather convergence, slowly from the sky down, looked at the mask old man.

The mask old man didn't make a sound. It seems that the twists and turns of tens of thousands of years have exhausted all his energy. Now he is like a walking corpse.

"Brother, kill them

Li Qingshan's face is full of anger. The city Lord's office insults him too hard. Yuan Wushang even wants to insult his sister, which is absolutely intolerable.

Ye Chen's eyes, but with a trace of desolation, saw the mask of the old man that moment, ye Chen's heart, and surging up the past life, chess, reincarnation, destiny, cause and effect, killing and so on a series of heavy grand proposition.

The life and death of the city Lord's mansion is nothing to mention. He doesn't care at all.

"You can handle it yourself. You just like it."

Ye Chen waved, but he felt bored.

Li Qingshan was stunned and faintly felt that something was wrong.

In the dark, he felt that ye Chen and the mask old man were carrying very heavy things, so he didn't pay much attention to the opportunity to revenge on the city Lord's house.

Ye Chen and the mask old man have a tacit understanding. They both go to one side and leave Li Qingshan alone.

Li Qingshan is at a loss. Just now he wants to kill all the people in the city master's mansion, but seeing ye Chen and the old man with mask like this, he is also a little stunned.

"Brother, spare your life!"

Yuan Wushang kowtowed to Li Qingshan and regretted asking for mercy.

Yuan Wudao was seriously injured and couldn't move any more, but his eyes were full of pleading.

Many guards kneel together.

Chapter 5047

"Well, you should all be damned if you offend my sister, but my elder brother doesn't want to commit more crimes. I'll forgive you."

Li Qingshan snorted and clenched his fist.

"Thank you for saving your life, brother!"

Yuan Wushang was pleasantly surprised and repeatedly kowtowed.

Li Qingshan said coldly, "thank you very much. I say I only forgive ordinary people. Your father and son are the culprits or will die."

"What?"

Yuan Wudao's father and son were stunned. Before they could react, Li Qingshan's endless power broke out, leaving only two bodies.

The guards around them all screamed when they saw the scene, but the trees fell and the monkeys scattered. They had no idea of revenge, so they ran away in a hurry.

Soon, the whole city hall was empty, and there was no one left, except ye Chen, the old man with mask and Li Qingshan.

"Uncle Ye, is your old master really big brother?"

Li Qingshan looked at the old man with the mask, still puzzled.

"Castle Peak, in fact, I'm not surnamed Ye. It's my master's surname. I'm not the five element immortal among other people. In fact, I'm the five emperors."

The old man slowly took off his mask, revealing a very old, wrinkled face.

"Uncle Ye, it turns out that you don't have a scar on your face. Why are you still wearing a mask?"

Li Qingshan muttered, then suddenly woke up again and cried, "wait, you You said you were called five emperors? The servant of the ancient reincarnation Lord, the five emperors among the six demons? "

The five emperors said, "yes, it's me. I'm sorry for hiding you for so many years."

"Five Emperors demon God, you are actually five emperors demon God, isn't that elder brother..."

Li Qingshan stepped back two steps, his face full of shock, I can't believe it.

"Well, he is the reincarnation of the Lord of reincarnation. The supernatural power you cultivate is actually the branch of humanity in the six ways of reincarnation. Humanity stresses the circulation of the five elements, and all the changes of the five elements are inseparable from the mystery of human reincarnation. If you want to become stronger in the future, you have to ask my Lord for more advice."

In the middle of the five emperors' speech, a magic formula was used to hide the secret, so as not to be watched.

"Five emperors, is Qingshan your disciple? What happened in these tens of thousands of years? "

Ye Chen gently frowns, there are many questions in the heart.

The five emperors bowed their hands respectfully to Ye Chen and said, "Lord, I dare not teach your five elements Dharma privately. What I pass to Qingshan is just some superficial magic power, which does not involve the foundation of the six elements reincarnation Dharma."

"No matter, I believe that your vision, Qingshan's talent and temperament can inherit my magic power."

Ye Chen doesn't mind too much. The six paths reincarnation method is very complicated. Unless you kill him and devour his blood, no one in the world can understand it.

Even if the five emperors and Demons teach them, they can only teach one branch of the five elements, and can not touch the root of the six samsara.

The six ways of reincarnation, this magic power, between heaven and earth, only the Lord of reincarnation, can master it thoroughly.

If ye Chen cultivates five more branches of Qi, it will not affect his cultivation.

"Big brother..."

Li Qingshan looks at Ye Chen in a dazed way. He only feels that ye Chen is just six layers of heaven and earth. But when he speaks, he really has the bearing and demeanor of an ancient expert, which is very impressive.

He can be regarded as deeply believe that ye Chen is reincarnation of the reincarnation of the Lord, there will be no false.

The five emperors said: "Lord, when you fell, I was exhausted. I was desperate and helpless. But there was a great man who found me and hoped that I could serve him. He promised me that if one day you were reincarnated and fought with the superior, he could sacrifice for you."

Ye Chen is tiny a Leng, way: "sacrifice for me? What Supreme Master, with such determination, is a figure in the Twelve Gods

The five emperors said, "no, his name is Chiyuan Shengwang. He is the younger martial brother of henggu Shengdi."

"The younger martial brother of henggu holy emperor?"

Ye Chen hears speech, immediately surprised.

Henggu Shengdi, he naturally knew that he was a great man who had already ascended to the supreme world.

Xiaohuang giant egg is still settled in the territory of henggu Shengdi.

But ye Chen didn't expect that henggu Shengdi had another younger martial brother, Chiyuan Shengwang, who wanted to recruit the five emperors in the past.

The five emperors said: "it is the henggu holy emperor who is famous all over the world, but no one knows about the Chiyuan holy king. The light is completely covered by the henggu holy emperor. But in fact, the Chiyuan holy king is no less powerful than those high-level people in the temple of heaven. He is also an earth shaking great man. Especially after the henggu holy emperor ascended, he presented a large number of cultivation relics to him."

"The king of Chiyuan has been inherited by his elder martial brother henggu Shengdi out of thin air, and his strength has improved by leaps and bounds, and has reached an unfathomable level."

"Compared with some strong people outside China, he is just inferior to Qi Yun. In terms of cultivation, he does not lose at all."

Ye Chen Mou son one coagulates, way: "so say, this red yuan holy king, really is a big person, he unexpectedly is willing to sacrifice for me, really is incredible."The five emperors said, "the holy king of Chiyuan said that if you have the chance to fight with the superior, he will die."

Ye Chen said with a smile: "if I can't make it to that day, I will be killed, and he won't have to sacrifice, will he?"

The five emperors said: "just like this, King Chiyuan made such a promise that he didn't want to pay any price, and he didn't believe you had the strength to challenge the superior."

Ye Chen said: "you six demons don't believe that I have the strength. To tell you the truth, I'm not sure. Then your original decision was..."

The five emperors said: "I still agreed to him. The holy king Chiyuan has a huge influence. Although the holy heaven mansion under his command is not as powerful as those heavenly halls, it can not be underestimated among the many forces in the heaven and man domain. If you can get his support, you will have a much smoother road in the future."

Ye Chen's thoughts became clear. It seems that the five emperors, after joining the holy heaven, got many benefits from the holy king Chiyuan.

Therefore, in the past tens of thousands of years, the five emperors and demons did not really go down in the world. On the contrary, they improved their cultivation and even made a big name of the five elements immortal.

However, outsiders only know the five elements immortal Zun, but they don't know his true identity.

"How is your life after you joined the holy heaven?"

Ye Chen saw that the face of the five emperors was much older than before, and full of vicissitudes. It was obvious that although his cultivation had improved in the past tens of thousands of years, his life was not stable.

The five emperor demon God gave a wry smile and said, "Lord, I'm not well off. It's thanks to your name that I can live to this day. Someone in the holy heaven mansion has been trying to kill me. If I didn't worry about the reputation of reincarnation Lord, I'm afraid I'd be dead."

"Oh?"

Ye Chen is tiny a Leng.

The five emperors said, "after I joined the holy heaven, the holy king Chiyuan arranged a task for me. He had an illegitimate son in yangzhenyu and entrusted me to take care of him." Then he took a look at Li Qingshan.

Smell speech, ye Chen heart a jump, also saw a Li Qingshan.

Is it true that Li Qingshan is the illegitimate son of King Chiyuan!?

Chapter 5048

"Uncle Ye, what do you say?"

Li Qingshan vaguely felt that something was wrong. He never knew who his father was, and his mother never said anything. He refused to disclose before he died. He had been taken care of by the five emperors since he was a child, and his magical powers were also learned from the five emperors.

Now when he heard the word "illegitimate child", Li Qingshan felt that a big secret was about to be revealed.

"When the devil's mansion is looking at you, it's also the prince's sight! I hope you have not let me down

At this point, the five emperor demon God rarely shows a smile. Obviously, he is very satisfied with Li Qingshan. He says to Ye Chen, "Lord, I think Qingshan has a good natural disposition. Maybe he can help you in the future, so I will teach him some of the five elements reincarnation. I hope you don't see strange things."

"No harm."

Ye Chen waved his hand. Naturally, he didn't mind, but he seemed to notice something. He frowned and asked: "you teach Qingshan martial arts, and only give him the power of reincarnation of the five elements? What about the martial arts of shengtianfu? "

The five emperors said in a deep voice: "Qingshan is an illegitimate child after all. Some people in shengtianfu don't like him, such as Tiancan Niang, the main room of Chiyuan holy king. I didn't teach him the magic power of shengtianfu, because I was afraid that Tiancan Niang would find him."

"Lady Tiancan?"

Ye Chen frowned. He had never heard of this person before, and he was also a big man hiding behind.

The five emperors said, "this lady Tiancan has always wanted to get rid of me. In fact, Qingshan's Sister Li Feixue is also the lady Tiancan who secretly sent someone to hurt me."

"What?"

Ye Chen is surprised.

"Uncle Ye, what do you say? My sister was injured by that lady Tiancan?"

When Li Qingshan heard this, he was also shocked.

Since the death of his mother, he and his sister have depended on each other, and they have a very good relationship.

Li Feixue was injured this time. He never knew who the killer was. Now he was shocked to hear the news.

The five emperors said: "Castle Peak, all this is actually the arrangement of the high-level of the holy heaven mansion. You have passed the test if you can successfully walk through the desert. Now you are qualified to enter the holy heaven mansion!"

"As long as you enter the holy heaven, your sister's injury will be saved."

Li Qingshan was shocked and said, "can shengtianfu save my sister?"

After a pause, he felt uneasy again and said, "I went to the holy heaven. Do I want to recognize the holy king of Chiyuan as my father? I've never met him. How can I recognize him as a father? What's more, lady Tiancan also wants to harm me. If I go to shengtianfu, I don't know if I can come out alive. "

With that, Li Qingshan's eyes fell on Ye Chen and said, "Uncle Ye, why don't we go to taixuan array gate with brother Ye Chen? Brother Ye has his own way to save my sister."

Ye Chen frowns. Now behind Li Qingshan, it's about shengtianfu, and even Tiancan Niang wants to hunt him down. If you take him in, I'm afraid there will be great trouble.

However, it's rare to meet the five emperors again, but ye Chen doesn't want to separate easily.

"No problem, Castle Peak, five emperors, you come back to taixuan array gate with me!"

Ye Chen weighed, made a decision very quickly, agreed to come down directly.

When you go to taixuan array gate, ye Chen takes charge of Daoism and establishes the foundation, then you will not be afraid of anything.

"No, Tiancan Niang has always wanted to kill him. I have to take him back to shengtianfu and see his father to get protection. Lord, if we go to taixuan array gate, I'm afraid it will hurt you."

The five emperors' face was solemn, but they refused directly.

Ye Chen said: "then you..."

The five emperors said: "Lord, when I finish this, I will go to taixuan array gate to find you. I have made an agreement with the holy king Chiyuan that he will let me go as long as you come back again."

"That's good."

Ye Chen nods for fear of repeating the story of Xiao shuihan. At the beginning, Xiao shuihan took refuge under the command of Tianyu God Emperor, but after ye Chen's return, Tianyu God Emperor refused to release people, and many fights broke out between the two sides.

Now the holy king of Chiyuan is willing to release people. Naturally, it can't be better. Ye Chen doesn't want to provoke a strong enemy.

The five emperors looked at Li Qingshan and said, "Qingshan, you come back with me to shengtianfu. Your sister is seriously injured. Only your father can cure her. If you ask my master to do it, it's too risky. She may be blocked by tiancanniang!"

The five emperors knew that it was extremely difficult for Li Qingshan to go to shengtianfu voluntarily. Fortunately, what Li Qingshan valued most in his life was his sister. As long as his sister's life and death were involved, he would consider it carefully.

Sure enough, Li Qingshan looked at the ice coffin and frowned. If ye Chen was entrusted to treat him, the risk would be too great.

"Well, Uncle Ye, I'll go back with you!"

Finally, Li Qingshan agreed. He didn't want to go to shengtianfu. He always felt that once he stepped into shengtianfu, he would be involved in a terrible whirlpool. But for the sake of his sister's life and death, even if there was a sea of fire ahead, he had to break through."Good."

The five emperors nodded happily and said to Ye Chen immediately, "Lord, I'll take Qingshan back to shengtianfu first. When this matter is settled properly, I'll go back to taixuan array gate immediately."

Ye Chen was overjoyed and said, "that's great."

If the five emperors join in, the taixuan array gate will be more prosperous. When the time comes to fight against the dark dragon temple, you will have a better grasp.

"Qingshan, go back to shengtianfu first. When your sister's injury is healed, you can visit me at taixuan array gate."

Ye Chen patted Li Qingshan on the shoulder and said with a smile.

"Well, brother, I will!"

Li Qingshan nodded heavily.

After the agreement, ye Chen, Li Qingshan and the five emperors bid farewell and parted ways.

Ye Chen goes to the gate of taixuan array alone, while the five emperors put on their masks again and take Li Qingshan to the holy heaven.

Li Qingshan is pulling his sister's ice coffin. He doesn't walk fast, but he is calm and firm. He believes that his sister will always wake up and recover.

"Qingshan, you should be careful when you enter shengtianfu. After all, you have a special identity. You should be especially careful about tiancanniang. This woman will do anything to stop her plan."

The five emperors followed the advice and admonished Li Qingshan.

"Uncle Ye, I know."

Li Qingshan nodded solemnly.

They continued to move forward. As they were moving forward, the heaven and earth suddenly surged with divine light. Pieces of colorful light, like a rainbow, crossed the sky.

In these rainbow, there are countless swords, converging into a torrent, rolling down from the sky to kill everything.

"No, it's sword star! Tiancanniang's magic weapon

The five emperors were so surprised that they rushed to protect Li Qingshan. Holding the palm of their hand up, they blew up the wind and thunder of the five elements, and shot all the swords and swords off.

Chapter 5049

"Lady Tiancan? Does she want to kill me so soon? "

Surprised, Li Qingshan hugged his sister's ice coffin and looked up at the sky.

In the high sky, a star with dense rays emerged from the void and hung high.

This star is full of immortal Qi, glow and auspiciousness. On the earth of stars, there are huge swords. All the immortal light and glow are produced by these swords.

Endless light, evolved into a rainbow bridge, gorgeous, dazzling.

This star is actually a sword star, one of the "chaos nine stars". It is a real treasure of chaos!

The legendary sword, Tianxing, is filled with countless immortal swords. When the stars gently shake, countless swords and swords will come out to destroy the void and tear the universe. It's very powerful.

This sword Tianxing is also the magic weapon of Tiancan Niang.

When the five emperors saw the star, they immediately knew that it was tiancanniang who was in trouble. They didn't want to see Li Qingshan return. They just wanted to kill him halfway.

"Ha ha ha, reincarnation running dog, sword star is here, if the empress comes in person, why don't you and that bastard kneel down?"

On the sword sky star, countless rainbow lights gather, and a figure emerges, but it is a young man with upright facial features, resolute appearance, and fierce brow.

"Emperor Lian Zhen, does lady Tiancan want to tear her face?"

The five emperors looked at the young people in the sky.

This young man, known as emperor Lianzhen, is the disciple of Yan Changge, the master of the ancient demons, and one of the Seven Saints!

At that time, when Emperor Lian Zhen knew that Yan Changge was the secret of the master of the heart demon, the sage's Taoist heart collapsed and broke away from the religion. Finally, he took refuge in shengtianfu and became a subordinate of tiancanniang.

Now in the face and features of emperor Lian Zhen, we can still see the majesty and fortitude of the saints in the past. Unfortunately, with the vicissitudes of time, his sainthood has been gradually replaced by endless hostility and obsession.

Naturally, the five emperors also know that Lianzhen is the confidant of Tiancan Niang.

Lianzhen also knew that the five emperors were the servants of the reincarnated Lord.

Only a few people know the identity of the five emperors in shengtianfu, and Lianzhen emperor is one of these few people. So when he met him, he called the Five Emperors "reincarnation running dog" and insulted him.

When the five emperors heard his insulting words, they had a premonition that they would completely tear their skin.

In the past, Tiancan Niang was worried about Tianwei, the reincarnation Lord. Although she wanted to kill him, she did not dare to do it. But now, with Li Qingshan about to return to shengtianfu, Tiancan Niang can not sit still.

This time, even if she offends reincarnation Tianwei, Tiancan Niang will kill the five emperors and Li Qingshan to solve the hidden danger.

"Yes! The empress borrows my sword Tianxing to kill you two bastards today. Don't talk too much nonsense. I'll give you a good time. "

Emperor Lian Zhen grinned. The sky stars of swords and swords were high in the sky. The light of countless swords and swords turned into rainbows, which ran through thousands of miles. It was very spectacular.

Ye Chen, who was far away, also saw this scene.

Ye Chen had just separated from the five emperors. At this moment, he was shocked to see the magnificent vision of sword light and sword shadow in the sky.

"No! Something's wrong

Ye Chen vaguely captures the extremely dangerous fate, which is related to his life and death.

If the five emperors, Li Qingshan and the frozen Li Feixue are all killed, ye Chen will be killed by Tiancan sooner or later.

Aware of the danger, ye Chen quickly tears the void and rushes to the battlefield.

In the battlefield, the five emperors and Lianzhen face each other, only feeling the tremendous pressure.

At present, the cultivation of the five emperors is also in the later stage of the true realm. If there is an ordinary duel, he and Lianzhen are equal, and no one can do anything about it.

But now, Emperor Lian Zhen is holding Tiancan Niang's magic weapon in his hand. The sword, Tianxing, is hanging up. The endless light and shadow of the sword are rolling and floating, and the killing breath is extremely fierce. The five emperors can't resist it at all.

In the "chaos nine stars", in terms of power, ten thousand beast stars are at the bottom, and Huanglong stars can be ranked fourth. This sword star can be ranked second, with great lethality.

"Castle Peak, go! Go to your brother Ye! I'll stop him

The five emperors demon God felt the crisis was serious. He motioned Li Qingshan to go quickly. With a pinch of his hand, the breath of the five elements Avenue immediately burst out, evolved into a "five sides five emperors great immortal sword", and rose up to the sky and cut off Lianzhen great emperor.

"Hey, you are far from the reincarnation master. Unless the reincarnation master comes, you will die today! Li Qingshan, you bastard, you don't want to run, you will die today

Emperor Lian Zhen gave a cold smile. As soon as the sword star rotated, the heavy weight of the star distorted the time and space, and countless sword air currents rolled out.

This time, Emperor Lian Zhen used all his strength. He was worthy of being a saint disciple in the past. His hand showed great dignity. Compared with the sword torrent just now, he was much more powerful. This sword, Tianxing, is very fierce. If ordinary people want to take charge of it, they will be killed by the sword. In shengtianfu, only the sage disciple, Lianzhen the great emperor, has such strong will and foundation that he can bear the attack of Tianwei.

The overwhelming air flow of swords and swords runs through the void. With a bang, the five element immortal swords of the five emperors and demons are directly smashed to pieces and turned into wisps of five element air flow to dissipate.

And the sword of emperor Lian Zhen is still powerful, killing Xiang Wudi and Li Qingshan.

"Five elements Avenue, guard!"

At a critical moment, the five emperors and Demons condensed the aura of the five elements into a boundary, but they did not protect themselves, but protected Li Qingshan.

Whoa, whoa, whoa!

Hundreds of millions of swords are rolling down from the sky. The light of swords and the Qi of swords are flying wildly, killing heaven and earth.

The body of the five emperors was slashed by countless swords and swords. Suddenly, the blood was blurred, and the blood was gushing in his mouth. He was seriously injured.

"Uncle Ye!"

Li Qingshan was shocked and held his sister's ice coffin tightly. He and ice coffin were guarded by the five elements, but they were not hurt.

However, the five emperors, in order to protect their two brothers and sisters, were badly injured and dying.

"Ha ha ha, the running dog of the reincarnation Lord, the empress is going to kill you today. Where can you go?"

Emperor Lian Zhen hit it well and burst out laughing.

He is in charge of the sword Tianxing. His fighting power is much stronger than that of the five emperors. They are not at the same level.

This sword, Tianxing, has been tempered for many years. The magic weapon is very powerful and can't be resisted by ordinary people.

The five emperors coughed violently and vomited a mouthful of blood. Knowing that he was doomed today, he seized Li Qingshan's arm, took out a jade pendant and gave it to him. He said, "Qingshan, you must go immediately. In ten days, you must go to shengtianfu. Your father is waiting for you! Before you see your father, don't trust anyone except brother ye, and don't leave with anyone! "

"Remember, you only have ten days. Once the time limit is over, the high level of shengtianfu will acquiesce in your failure and will not accept you again."

After a pause, he added: "I won't treat your sister again!"

Chapter 5050

Hearing the speech, Li Qingshan was shocked. He felt the breath of the five emperors and demons, and said, "Uncle Ye, where is the holy heaven?"

"There's no time to talk about it. Let's go! Go to your brother Ye! He is the legendary Lord of reincarnation. He has a way to take you to shengtianfu. Go

The five emperors roared loudly, their eyes showed a trace of determination, and pushed away Li Qingshan.

Li Qingshan staggered two steps, almost fell, but his face was blank and dull.

It happened too fast. Just when he was in the city Lord's mansion, the five emperors still swept the whole hall. Now he was badly hurt and dying. Li Qingshan was completely stunned and could not accept this reality.

The five emperors raised him from childhood. In his heart, he was a teacher and father. How could he leave the five emperors alone?

"Ha ha ha, you two bastards, at this time, do you still want to run away?"

Emperor Lian Zhen laughs, and his hand pinches the formula. His aura surges out and constantly urges the sword star. Suddenly, the rolling light of the sword comes out again. The dazzling light of the sword and the shadow of the sword cut down from the sky. He wants to kill the five emperors and Li Qingshan.

"Five sides and five emperors, the supreme humanity, reincarnation of essence and blood, burning!"

The eyes of the five emperors suddenly passed by a trace of ferocity. With the last trace of strength, they rushed up into the sky. With their fingerprints moving, they wanted to explode!

In his blood, there is a drop of reincarnation blood essence left by Ye Chen in his previous life.

This drop of reincarnation essence and blood contains the supreme humanitarian law in the six ways of reincarnation. Once it explodes, the wind and thunder of the five elements will be enough to smash the starry sky in an instant.

"You want to blow yourself up, have you ever asked the lady? The empress has long expected that you want to fight to the death. I'll punish you with sword and thunder. I'll suppress you! "

Emperor Lian Zhen didn't panic when he saw that the five emperors wanted to explode. It seemed that everything was under his control. He immediately sacrificed his sword to Tianxing. There was a thunderclap, and countless swords burst, forming a thunder robbery. It turned into a terrible punishment. He came down first to suppress the blood of the five emperors and stop his self explosion.

This sword, Tianxing, has its own punishment thunder robbery. You can imagine how strong the aura is, and how many natural materials and local treasures have been used by Tiancan Niang to refine it.

"Reincarnation, is it something you can suppress?"

The five emperors' eyes were split, but there was a trace of arrogance and self-confidence in their fierce eyes.

This is the arrogance of the law of reincarnation alone!

Reincarnation of blood, above the sky, is not anything to suppress. The five emperors have a drop of blood given by Ye Chen in the previous life. He wants to explode himself, but the superior may not be able to stop him.

Who!

In the blood of the five emperors, a virtual shadow of reincarnation suddenly appeared. On the virtual shadow, there are six stars. At this moment, the star of humanity is shining brightly. A sudden shock will shatter the thunder and lightning all over the sky.

"What! Reincarnation blood, incredibly so strong, a drop of blood are so adverse? It's impossible

When Emperor Lianzhen saw this scene, he was shocked.

He naturally knew the horror of reincarnation, but there was only a drop of blood essence in the five emperors.

Just a drop of reincarnation blood essence, he did not put in the eye.

But now, the five emperors used the terrible weather to crush his eyes.

The reincarnation blood in the legend, even if it's just a drop of blood, can't be suppressed by him, even if tiancanniang comes.

"Blast!"

The five emperors' eyes were determined, and without any hesitation, they blew themselves up.

Boom!

The disk of reincarnation explodes, and the five elements of air burst into the void. It represents the supreme five directions and five emperors, gold, wood, water, fire and earth, and so on. It is crazy, chaotic, interwoven and exploding, and finally turns into a towering mushroom cloud.

Wheezing!

The light and shadow of the sword released by Emperor Lian Zhen were suddenly scattered by the explosion. Even the sword Tianxing was also shaken by the huge shock. Countless swords on the stars were broken and became the existence of tomb ruins.

"Puff!"

And Lianzhen Emperor himself, was blown up to spit blood, all of a sudden was seriously injured.

"The explosion of reincarnation blood is so terrible. No wonder the superior is so afraid of the reincarnation Lord!"

Lianzhen emperor's pupils contracted and finally realized the terror of reincarnation.

The five emperors only have a drop of blood, so they will blow him up seriously. If it's a full version of reincarnation, he will not be left with any residue.

"Uncle Ye!"

When Li Qingshan saw the five emperors, he burst into a bright red mushroom cloud. He was stunned and speechless.

In his heart, the five emperors are both masters and fathers. Now the existence of master and father is completely lost because of his protection.

"Damn it, I'm a little late!"

In the distant sky, a figure appeared, but it was Ye Chen!

After seeing the weather of sword star, I feel that it's not good. But the sword star, which is extremely heavy, is full of countless steel swords. Under the pressure of unimaginable weight, even space and time are distorted.

In the distorted space-time flight, ye Chen even try his best, but still a step late.

When the demon emperor arrived at the scene, he had already arrived.

Looking at the scarlet explosion clouds, ye Chen felt a burst of sadness.

Perhaps, this is fate and destiny.

After the fall of the reincarnation Lord of the previous life, the number of the reincarnation six demons has come to an end. Even if they are forced to continue their lives, they will not escape the fall.

However, it's rare to meet the five emperors again. At the moment, ye Chen has to watch him die in front of him. Ye Chen's heart is dripping blood, and his hatred and anger are burning.

"Lady Tiancan, I'll kill you!"

Ye Chen's eyes burst with horror, and his eyes fixed on the emperor Lian Zhen.

Emperor Lianzhen is just a subordinate. The real culprit is Tiancan Niang. The sword Tianxing is also Tiancan Niang's magic weapon.

The five emperors died miserably. They were all the cruelty of tiancanniang!

"Big brother!"

When Li Qingshan saw that ye Chen was coming, his heart swelled with grief and grievance, and he cried out.

"Lord of reincarnation, it's you!"

The severely injured emperor Lianzhen finds that the breath of reincarnation all flows into ye Chen's body, and instantly knows ye Chen's identity!

It's a pity that he is seriously injured by the explosion, and he is not ye Chen's enemy.

"Withdraw!"

Almost in a flash, Emperor Lian Zhen made a quick decision, turned around and ran.

"I want to kill you?"

Ye Chen's eyes are cold. He takes a deep breath. He absorbs the five elements of samsara.

Although the five emperors and Demons explode themselves, the law of reincarnation of the five elements is extremely strong and will not disappear for a while. When ye Chen came here, he gathered all the laws of the previous life into his own blood.

Hum!

The virtual shadow of the wheel of the six samsara method starts from behind Ye Chen.
