Chapter 5051

In this virtual shadow of the wheel, the animal way, the hungry ghost way, and the star position of humanity all burst into a brilliant and invincible light.

Now ye Chen has collected the laws of the three servants, the evil spirit, the mysterious female spirit and the five emperors spirit. The reincarnation blood is stronger, and the weather of the six ways reincarnation law is also greatly improved.

"The great immortal sword of five directions and five emperors!"

Ye Chen suddenly drank, and the five elements of humanity suddenly turned into a sword of heaven chopping.

This immortal sword represents the ultimate meaning of humanity. The five elements cycle and the five virtues are always the same. The five elements light on the sword rolls around, interweaves and collides, explodes the wind and thunder, and kills Xiang Lianzhen with the terrible power.

"Lord of reincarnation, spare your life!"

"The greedy wolf emperor is my elder martial brother. In his face, please spare me a lot of money!"

When Emperor Lianzhen saw the five elements immortal sword, he was shocked.

Ye Chen collected the law of humanity again, and also deeply understood the magic of the five elements reincarnation. With the great immortal sword of the five sides and five emperors, and the heavenly power of reincarnation, ye Chen's killing breath was extremely terrifying. Under Lianzhen's serious injury, he could not resist it at all.

Life and death, he spread the idea, and ye Chen exchange, hope Ye Chen can see in the greedy wolf emperor's sake, forgive his life.

"Die for me!"

Ye Chen's eyes were split, and he refused without any nonsense. The five elements immortal sword killed him crazily. In the eyes of emperor Lian Zhen's fear and regret, he roared, and the wind and thunder of the sword burst, killing him to pieces.

Sobbing

After the annihilation of emperor Lian Zhen, the sword sky star, flying out, seems to be spiritually, away in a direction, disappeared in the blink of an eye.

Ye Chen knows that the sword Tianxing is the magic weapon of Tiancan Niang. It is very spiritual. Aware of the great changes in the sky, ye Chen immediately escapes.

Everything that happens here will be heard by Tiancan Niang.

However, ye Chen also doesn't care, anyway Tiancan Niang Niang killed five emperors demon God, he also didn't plan to reconcile.

"Big brother..."

At the end of the battle, Li Qingshan almost burst into tears and ran to Ye Chen.

"It's all right."

Ye Chen sighed, looking at the explosion clouds that the five emperors gradually faded down, his eyes were in a trance.

Li Qingshan said sadly, "brother, Uncle Ye is dead."

"I know, life and death have a destiny. Don't be too sad. What's your Uncle Ye's command before he dies?"

Ye Chen's eyes, there are many troubles, now is not the time of sadness, must look forward.

"Brother, Uncle Ye gave me a jade pendant and told me to come to you. He told you to take me to shengtianfu in ten days."

Li Qingshan took out a jade pendant.

Ye Chen receives to come over to see, immediately felt a ray of sky machine, unexpectedly indistinct and constant ancient Saint emperor related.

Chiyuan holy king, the younger martial brother of henggu holy emperor, inherited his legacy. This jade pendant should be his personal belongings. There are some clues left on it. You can find the location of Shengtian mansion.

"Only ten days?"

Ye Chen's face sank. With this jade pendant, he can trace back to the location of shengtianfu.

However, tiancanniang is also in shengtianfu. If she goes there rashly, there will be no good result. It's only ten days, so the preparation time is not enough.

Li Qingshan said, "well, Uncle Ye said that I There seems to be a time requirement from my father. I have to go there in ten days. Otherwise, if the time limit is exceeded, the senior officials of shengtianfu will not wait for me any more. "

Ye Chen frowns. It seems that there is a power struggle between Chiyuan Shengwang and Tiancan Niang Niang. Many senior officials of Shengtian mansion are forced to stand in line. The power of Chiyuan Shengwang's subordinates is limited, and they won't give Li Qingshan too much time.

"There are still ten days left. You'd better go back to taixuan array gate with me and make some preparations. Then I'll take you to shengtianfu."

Ye Chen thought for a while, and soon made a decision.

If you go to shengtianfu now, you'll be unprepared and you won't know how to die.

Ye Chen plans to go to taixuan array gate first, take over daotong, get ready, and then go to shengtianfu. It should be in time.

"Well, brother, I'll listen to you, but my sister..."

Li Qingshan naturally listens to Ye Chen's words, but when he looks at his sister Li Feixue's ice coffin, he is a little worried.

Li Feixue's injury delayed for one day, his worry increased by one point, naturally, he wanted to be treated quickly.

"It's only ten days. She won't have an accident. I'll settle her in my world first."

Ye Chen offered a picture of the yellow spring, when he was about to settle in Li Feixue's ice coffin.

Li Qingshan wanted to talk but stopped. Finally, he said, "OK, brother, I'll listen to you."

Ye Chen smiles for a while, and knows that Li Qingshan and his elder sister are separated, and they are not willing to give up.

But this ice coffin is still too eye-catching. If you carry it all the way, it may be shocking. It's better to hide it first. At that moment, Ye Chen worships the void in memory of the five emperors, and then takes Li Qingshan to the gate of taixuan array.

This time, no accident happened again. Ye Chen and Li Qingshan arrived at the gate of taixuan array.

The Mountain Gate of taixuan array gate is located in the west of heaven and man. Its location is very secret and covered by ancient array.

Through the barrier light of the array, you can see the mountain gate, the continuous mountains, the waterfall hanging upside down, the white crane flying, the rare flowers and auspicious grass everywhere, the luxuriant forest and bamboo, which is a treasure land of spiritual cultivation.

"Is this the gate of taixuan formation?"

Li Qingshan looked around curiously, but there was no one.

"Shura, are you there?"

CHEN Ye calls in his heart.

Boom!

As soon as the call of Ye Chen's heart came down, there was a great concussion in the door of taixuan array. The array was opened, and a dark and chaotic star came down in the sky.

This star, the surface is full of countless arrays, a little rotation, there are ten thousand array of light burst out.

"Ah, it's dunjia Tianxing! Who has such a great ability to take off the dunjia Tianxing embedded in the Tianzhen altar? "

In the reincarnation cemetery, the emperor of the taixuan formation saw the star and immediately uttered a voice of admiration and surprise. It was obvious that this object was extraordinary.

"Dunjia Tianxing?"

Ye Chen's eyes narrowed slightly, and he also looked at the array stars in the sky curiously.

Ye Chen naturally knows the legend of dunjia Tianxing. It is one of the "chaos nine stars" and can be ranked sixth. He does not know where the strong one is casting it. The stars are full of infinite dunjia array, mechanism maze and so on.

Once these evasive armour arrays and mechanism labyrinths break out, they can make the enemy fall into heavy fog. They can't get away, and they are trapped to death by the array labyrinth.

Ye Chen didn't expect that this dunjia star was in the gate of taixuan array. According to taixuan array emperor, this star seems to be embedded on an altar. Even the former taixuan array emperor can't take it off.

"Lord of reincarnation, please come up and get together."

Chapter 5052

All of a sudden, the surface of the stars of dunjia Tianxing, the mountains and rivers are twisted, and it turns into an old face, making the sound of vicissitudes.

"Good."

Ye Chen was surprised, and felt the breath of Shura demon God. It seemed that he was also on dunjia Tianxing.

"Castle Peak, wait for me here Forget it, come with me. "

Ye Chen faintly feels that Li Qingshan is a piece of material that can be made, and he has the meaning of cultivation in his heart.

In the future, it will be very dangerous to challenge the superiors. Of course, if you have a breath and light a light, you can try your best to expand your own power. If you accept Li Qingshan, you can also give more help.

"Thank you, brother!"

Li Qingshan is glad to know that ye Chen has recognized him.

At that moment, ye Chen takes Li Qingshan to rise against the wind and comes to dunjia Tianxing.

Looking down from the stars, you can see the whole picture of taixuan array gate. The whole taixuan array gate presents the layout of eight trigrams geomantic omen. At the core of the array eye, ye Chen sees a familiar figure, which is ye luo'er!

Ye luo'er is protected by the whole taixuan array gate, surrounded by many elders and strong men.

There are more than 5000 people in the gate of taixuan array. The inside information is quite good, but there is still a huge gap compared with the dark dragon temple.

Therefore, in the face of the pressure of the dark dragon temple, taixuan array gate chooses to keep a low profile and hide yeluo'er's position to avoid unnecessary fighting.

Ye Chen wants to fly down immediately, reunite with ye luo'er, take a deep breath, and then restrain his inner impulse and calm down.

"Reincarnation master, the leader is waiting for you."

In the veins of heaven, stars and earth, the voice of vicissitudes continued to spread.

"You are..."

Ye Chen asked.

"I'm the spirit of dunjia Tianxing, but I've been fighting with the dark dragon temple before. I've been badly hurt and I won't live long. You'd better go and see the leader."

That voice ha ha a smile, seem to have already looked at the life and death open, speak between, change the mountains and rivers, change a road.

Ye Chen was shocked when he heard about the ghost Dragon Temple, but he didn't ask too much. Instead, he took Li Qingshan along the road. All he saw along the way were all kinds of array patterns, dunjia Fu Zhao, ancient totem, full of mysterious atmosphere.

After a while, ye Chen and Li Qingshan came to a barren mountain.

On the top of the barren mountain, there is a chair made of stone. An old man in the wind is sitting on the stone seat. He is the God of Shura.

"Here you are, Lord."

Shura demon's eyes were cloudy. Seeing ye Chen coming, he coughed for a while, and his whole body was extremely weak and decadent.

"How do you become a nun?"

Ye Chen was surprised. Compared with the time when he met last time, the Shura demon was even older, and he had a very decadent breath. He was almost dead.

Although the Shura demon God was old last time, he had at least the style of a master, but now he looks like an ordinary old man who is dying.

"It took me a lot of energy to cover up for Miss Ye. Moreover, I took off the star of dunjia by force and was almost killed by the punishment of heaven. It's lucky that I can still live now."

The spirit of Shura sighed, and his old eyes narrowed slightly, panting.

"You are such a brave servant that you dare to take off dunjia Tianxing. Even I dare not."

Reincarnation cemetery, taixuan array emperor heard Shura demon words, hum a, seems to be very unexpected.

"Master, what is the origin of this dunjia star?"

Ye Chen a burst of curiosity, ask.

"Dunjia Tianxing is a star inlaid on the Tianzhen altar, just like a pearl. Tianzhen altar is the forbidden area of our taixuan array gate. Before the establishment of sect orthodoxy, this altar already existed."

"In those years, I found this altar and founded the taixuan array gate on this basis. But I can't see through the cause and effect of this altar completely. I only know that there is a Tianzhen in it, which has a very powerful guard force. If it is opened, it will be enough to guard everything. Dunjia Tianxing is just a part of Tianzhen. If he takes it off rashly, it may destroy the whole sky Array structure, suffering from reverse bite. "

"It's a miracle that your servant hasn't died that day because ordinary people can't bear it."

Taixuan array emperor looked at the appearance of Shura demon dying, a burst of surprise.

Now Shura demon's state, although very weak, but at least there is still a breath left.

Hearing the words, ye Chen was also surprised. It turned out that there was a forbidden area in the taixuan array gate. Now the Shura demon God took off the stars embedded in the altar, violated the prohibition, and was seriously attacked immediately.

"Shura, have you ever fought with the hell dragon temple?"

Ye Chen asked gravely.

"Yes, Lord, after I brought ye Luo'er here, it seemed that the dark dragon temple had an induction and used the means of heaven to deduce. I simply covered the heaven's secrets, but I couldn't cover them up. I had to take off the dunjia Tianxing from the forbidden area of the altar and rely on all kinds of big arrays to hide it, so I escaped the pursuit of the dark dragon temple." Shura's voice was weak, very slight, but clear.

Ye Chen is to understand, originally in order to protect Ye Luo son, Shura demon God just risk to take off dunjia star.

Shura said: "fortunately, Miss ye Luo'er has awakened the nine heavenly gods. She is very lucky. She dispels part of the punishment for me. Otherwise, I will die. It's because of this that I dare to take risks. Otherwise, give me ten courage, I dare not. Hehe, Bi Jing, the star of dunjia, is something that even the emperor of taixuan did not dare to take off 。 ”

"I see!"

Ye Chen was shocked and finally realized that it was not because of his arrogance that Shura demon dared to take off dunjia Tianxing, but because ye Luo'er was so lucky that he could help him dispel the punishment of heaven.

"So it is..."

In the reincarnation cemetery, the emperor of taixuan array was relieved to know the relationship between them. At the same time, he also shocked the power of Jiutian Shenshu.

Understand the nine gods, the atmosphere can add to the body, even the punishment can be dispelled, it is invincible.

Ye Chen asked: "how long can it last by relying on taixuan's own array and the cover of dunjia Tianxing?"

Shura sighed and said, "it can only last for one or two months. After one or two months, the hell dragon temple can absolutely break everything and find the existence of yeluo'er."

Ye Chen startled: "so fast, even shorter than expected!"

At the beginning, when Shura demon took yeluo'er, he was expected to support for three months, but now even dunjia Tianxing has been taken off, and the support time is still so little.

Shura demon God gave a wry smile and said, "there's nothing I can do about it. The hell Dragon Temple borrowed a sword Tianxing somewhere. With the sword's cutting, it broke the secret. I almost found it here. If I didn't take off the dunjia Tianxing in time, aunt ye lu'o'er would have been exposed now."

Chapter 5053

"Sword Tianxing, Tiancan Niang!"

Ye Chen heart a shock, hear "sword star" four words, immediately know is Tiancan Niang's handwriting.

It turns out that Tiancan Niang had a cooperation with the dark dragon temple, and she also borrowed the sword Tianxing.

In the chaos nine stars, the sword Tianxing can rank second in terms of power. These magic weapons have a strong sense of killing. They can not only attack the enemy and kill people, but also penetrate the natural secrets. They can investigate all kinds of future events, which is very mysterious.

The trace of the five emperors and Li Qingshan is exposed, and they are chased and killed by Emperor Lianzhen, which is obviously the means of sword Tianxing.

"Lord, do you know the master of sword star?"

Shura was surprised. The identity of tiancanniang was very mysterious. He had never heard of it and did not know the owner of Tianxing.

"Don't worry about the cause and effect. It's enough for you."

Ye Chen didn't explain too much. Holding the old hand of Shura, he just felt that his life was passing away.

The spirit of Shura breathed a long sigh, but a smile came from the corner of his mouth and said: "Lord, what I need is not rest, but rest I've suffered too much. You've come just in time. In the future, the orthodoxy of taixuan array will be passed on to you, and I can die peacefully. "

As the voice fell, the God of Shura closed his eyes, and his breath stopped in an instant. His face was peaceful and free.

"Shura!"

Ye Chen was shocked. Although he was ready to liberate Shura, he didn't open his mouth. Now he felt that the palm of Shura's hand became cold in his own. Ye Chen was extremely shocked.

When Li Qingshan stepped forward, he didn't know about the Shura demon God. Now he suddenly saw these changes, and his lips hummed to say something. But after all, he didn't say anything, and quietly accompanied Ye Chen.

Whoo!

As soon as the God of Shura died, his body burned automatically. A drop of reincarnation essence and blood floated out of his body, mixed with the fierce breath of Shura, and escaped back to ye Chen's body.

Hum!

Behind Ye Chen, the disk of reincarnation emerges. There are already four stars on it, which twinkle with divine light. They are hungry ghost Road, animal Road, Humanity Road and Asura road. But heaven Humanity Road and hell road are not activated.

Severe pain, from ye Chen's head.

This drop of reincarnation essence and blood contains not only the memory of Asura, but also the life-long martial arts of the God of Asura, the mysteries of various arrays, and so on.

Now with this drop of blood essence, ye Chen is not weak in the heaven and the human world.

"Reincarnation Lord, from now on, you will be the leader of our taixuan array."

The star spirit of dunjia Tianxing makes an old voice.

The Shura demon God obviously arranged everything. Everyone in taixuan array knew that ye Chen was going to take over the affairs of daotong.

However, ye Chen is the master of samsara. Only dunjia Xingling knows it, and other disciples don't know it. They just think ye Chen is the secret successor of taixuan array emperor.

At the beginning, the emperor of taixuan array appeared in Xuanyun Temple of Yangzhen region, which greatly shocked the gate of taixuan array. The elders deduced the secrets of heaven and knew that ye Chen was indeed a descendant of the emperor of taixuan array, so they also recognized Ye Chen's position.

"Lord of reincarnation, your name in taixuan array gate will be Youxuan supreme. Now go down and accept the worship of the disciples."

The star spirit of dunjia points to Ye Chen. Now the Shura demon is free, and ye Chen is the new master of taixuan array

Ye Chen nodded and immediately took Li Qingshan and flew out from the dunjia star.

Li Qingshan landed on the ground, while ye Chen was still floating in the sky in the wind. With a buzzing sound, the star of dunjia cast a bright ray of starlight. The starlight covered Ye Chen, forming an atmospheric Taoist robe of dunjia, which was embroidered with numerous strange symbols and ancient totems.

"All the disciples immediately pay homage to the new leader of our taixuan array sect. You Xuan is supreme!"

Dunjia Xingling sent out a mighty voice, which spread all over the gate of taixuan array.

Many taixuan disciples were obviously prepared. As soon as they heard the order, they appeared one after another. Senior elders flew directly to the sky and bowed their hands to pay homage to Ye Chen:

"see the supreme leader of the sect!"

Some of the lower generation disciples knelt down on the ground and called out: "see you, the Supreme Master of palm sect! He is the master of education, the master of culture, the master of martial arts, the master of martial arts, and the master of taixuan Taoism

Li Qingshan also knelt down and cried, "see elder brother Zhang Jiao!"

When people heard that he was called "brother Zhang Jiao", they were all stunned.

Ye Chen smile, suspended in the air, accepted the worship of the people.

"Boy, taixuan array gate will be your foundation in the future. Don't screw it up."

Reincarnation cemetery, taixuan array Huang Dun reminds.

This is taixuan array gate, but he created the orthodoxy with his own hands. Now he is under the pressure of the dark dragon temple. He doesn't ask Ye Chen to revive, just don't destroy the gate.

"Don't worry, master. I will."Ye Chen grinned bitterly and touched his nose.

Anyway, from today on, he is the leader of taixuan array gate. In the realm of heaven and man, besides Beiling temple, he has at least one more foothold.

Although Beiling Temple cares about itself, when it comes to enough interests, it may abandon itself, but taixuan gate will not.

"Here is a million pure dragon elixir, which is made of pure blood and flesh of the ancient Heavenly Dragon. We distribute them according to our accomplishments. This time we fight against the hell dragon temple. If we can survive this disaster, we will have a chance of rejuvenation in the future!"

Ye Chen smiles a little. He just took charge of teaching, but he doesn't have any good gifts. He pulls out a million pure dragon pills directly from the picture of the yellow spring, which he splashes down like a heavy rain.

At the beginning, ye Chen got 30 million pure dragon pills. It can be said that he got rich overnight. Now it's a piece of cake to take out one million.

Millions of pure dragon Dan, waving down, Dan gas roaring, actually issued a dragon chant, there are dragon shadows in the void, very spectacular.

"What, it's the elixir made from the blood and flesh of the ancient dragon!"

"Good, pure breath! I even feel the waves of the chaotic stars

"Zhangjiao is supreme. You are not refining Huanglong Tianxing, are you?"

The disciples and elders were shocked when they saw the pills scattered all over the sky.

The breath of each pure dragon pill is extremely pure. If you take a breath, you will feel relaxed and happy. If you take it for a long time, it will be of great benefit to your cultivation.

There are also some elders and elite disciples with vicious eyes who see the extraordinary of the pure dragon pill and vaguely judge the breath of the wild dragon star.

Huanglong Tianxing, which is the fourth existence in the "chaos nine stars", may not be able to refine even if the legendary master of fate and the master of the devil join hands.

But now, ye Chen is refining the star, casting into countless pills, this alchemy means, we can see how terrible.

Chapter 5054

People are shocked, can be seen to Ye Chen's power, and rich.

If you take one million pure dragon pills to the commercial bank, I don't know how many Tiancai and Dibao you can exchange.

Ye Chen's intuition is also extremely keen. He suddenly knows the cultivation of all the disciples. According to the strength of cultivation, he divides one million pills into different quantities and distributes them. Everyone gets his due part, and everyone is happy.

However, ye Chen also has selfishness.

Li Qingshan got the most pure dragon pills.

"Big brother still takes care of me."

Li Qingshan was very grateful. He received at least thirty or forty thousand pills, which were more than enough for cultivation.

Ye Chen looked at the scene in front of him, and he was very happy.

"The leader of the sect is supreme. I'm ready to celebrate the dinner. Let's have a good celebration tonight."

The star spirit of dunjia also showed a happy smile. Since he decided to fight against the dark dragon temple, the gate of taixuan array has always been covered with a layer of haze, but now ye Chen takes over the orthodoxy, but it brings a glimmer of hope and light.

Looking at Ye Chen's figure, dunjia Xingling believes that ye Chen can definitely lead taixuan array gate to smash the plot of the dark dragon temple!

If we can defeat the hell Dragon Temple and win the foundation and orthodoxy of the hell dragon clan, the taixuan array gate can be revitalized in an instant and become a super first-class force.

"Good."

Ye Chen agrees to come down, these days overcast cloud is too heavy, also be time to celebrate to relax.

At present, ye Chen flies to the ground. Under the leadership of several elders, he goes to the leader's house of taixuan array gate. As for the rules and regulations of taixuan array gate, ye Chen doesn't have to study them any more, because there are memories of this part in the blood essence of Shura demon.

After simply arranging the residence of Zhang Jiao, ye Chen immediately went to the most central area of taixuan array gate.

There's yelol!

Ye Chen's in the mind most cares about, is Ye Luo son.

When you come to the place of array eyes, it turns out that this is a bamboo forest, which is arranged according to the trajectory of the strange door dunjia, and covered by layers of heaven.

Ye Chen orders the elders who guard the bamboo forest to step down and step into the bamboo forest alone. Finally, in the center of the bamboo forest, he sees an elegant figure.

Ye luo'er, dressed in green, is sitting alone under the bamboo grove, quietly playing the piano to relieve her boredom. The sound of the piano is like crying, but with a trace of sadness.

Ye Chen knew her distress, lightly walked to come over, didn't speak.

Boom!

When ye luo'er sees Ye Chen's figure, his eyes are dazed and his fingers are stiff. He immediately breaks the string and looks surprised, excited, surprised and unbelievable.

"Brother ye, you Here you are at last

Ye luo'er suddenly rises, and runs to Ye Chen quickly. Then he pours into his arms. His eyes turn red. He has countless grievances in his heart, but he can't say anything.

In the bamboo grove, the secret is hidden from the outside world. Just after ye Chen inherited the tradition and became the leader, the gate of taixuan array was full of celebration, but ye luo'er didn't see it.

She is here, in the eternal silence, eternal loneliness, only bamboo and piano sound accompanied, it seems never to see the time of liberation.

But now, Ye Chen appeared, Ye Luo Er instant relief, what grievances do not mind, just want to be with Ye Chen.

Ye Chen smiles, patting Ye Luo Er's back and says, "Luo Er, are you used to it here?"

Ye Luo Er said: "OK, just a little stuffy. What's wrong with the Hell Dragon Temple? Are they still chasing me?"

Ye Chen nodded solemnly and said: "Well, the situation outside is still very dangerous. You must stay in the Gate of Taixuan Array. I promise you that I will let you regain your freedom as soon as possible."

As long as you don't mind, Ye's brother is all right

After a pause, he said, "By the way, have you taken over the orthodoxy of Taixuan Array Gate now?"

Ye Chen said, "Well, I'll be the leader of Taixuan Array Sect in the future. They are going to celebrate for me tonight."

Ye Luo Er's eyes lit up and said, "Celebrate? I'll go, too. "

As soon as he said it, he knew immediately that it was not right and quickly shut up.

Now, I don't know how many pairs of eyes are staring at her in the Dark Dragon Temple. As soon as she appears, she will immediately touch the secret, and will be exposed and detected by the Dark Dragon Temple.

"Lol, I'm sorry."

Ye Chen's face is a little apologetic. Now ye lu'o'er has to stay in the bamboo forest. This is the key point of the array eye and taixuan array gate. She wants to avoid the tracking of the dark dragon temple and must not go out.

"It's OK, brother Ye. Have a good time."

Ye Luo Er shows a bitter smile, also know the current situation is very dangerous, can't easily expose.

Ye Chen sighs and leaves at last.

In the evening, the gate of taixuan array held a celebration ceremony to congratulate Ye Chen on taking charge of taixuan orthodoxy. Ye Chen is also very happy in the heart, now there is a territory, don't have to fight against the dark dragon temple alone.

As for Beiling temple, although Ye Chen likes it, he doesn't want to drag it into his personal resentment.

The school orthodoxy is not only about its own power, but also about the foundation of qi movement. To run a school, to be admired by millions of people, and to control one side, must be the addition of qi movement, endless aura, and countless benefits.

"Boy, you only have so short time to fight against the hell dragon temple?"

In the reincarnation cemetery, the emperor of taixuan array made a sound.

At present, ye Chen is temporarily stable, but the hell Dragon Temple pursues, at most two months, will find here.

At that time, ye Chen will face the disaster of extinction. I'm afraid it's hard to compete with the power of taixuan array gate.

"If you can fight, you have to fight before you know!"

Ye Chen's heart surges up a burst of blood, although knowing it's hard, he won't shrink back.

He had planned that when the war began, the blood dragon, the demon emperor, Xiao shuihan, Xia Ruoxue, and the forces of yuantianyuan would all come to help. He didn't believe that so many people could not fight against a dark dragon.

The emperor of the taixuan formation laughed and saw Ye Chen's mind and said: "do you want to call your allies to fight to the death? The inside information of the dark dragon temple is so deep. With your current strength, even if you win, you will surely win miserably. I don't know how much sacrifice you have to pay. "

Ye Chen frowns. The emperor of taixuan array is right. It's only two months. If you go to war directly, you'll win, and the sacrifice will be heavy. In this way, you'll be in trouble when you face xuanjiyue, Emperor Shitian, Lengjia and donghuangtiandian, not to mention the final battle with Hong Tianjing.

Perhaps, it is the premonition that the reincarnation Lord of this life is doomed to be a dangerous and near death. Therefore, on the side of shengtianfu, Chiyuan Shengwang will boast that if the reincarnation Lord has the opportunity to challenge the superior, he is willing to sacrifice.

At present, ye Chen wants to fight with Hong Tianjing, which is extremely difficult. Facing the dark dragon Protoss, he feels tremendous pressure.

The emperor of taixuan array said slowly, "I suggest you go to the altar of Tianzhen."

Chapter 5055

"Heaven array altar?"

Ye Chen's heart moved. The Tianzhen altar, which he had heard from taixuan array emperor, was the forbidden area of taixuan array gate and the first cornerstone of the establishment of the sect's orthodoxy. It contained profound mystery.

That dunjia Tianxing is the star picked from the altar of Tianzhen.

The emperor of taixuan array said: "well, there is a guard array in this Tianchen altar. If you can open it, maybe you can guard the gate of taixuan array for another year. In this year, you have enough time to grow up."

"However, I don't know how to open the sky array in the altar. You'd better go and have a look for yourself. Your blood is superior to the sky, and your power is infinite. Maybe it can inspire the hidden secret of the altar."

"Really..."

Ye Chen's eyes are in a trance, trying to deduce, but it's hard to see the good and bad.

"Well, I'll come and have a look tomorrow."

After pondering for a while, ye Chen decided to go and have a look. After all, there are only two months left. It's still too hasty to go to war rashly. If you can fight for another year, it will be better.

The next morning, ye Chen took dunjia Tianxing to Tianzhen altar and Li Qingshan.

"The altar is very dangerous. Why did you take him with you? Are you not afraid of accidents? "

The emperor of taixuan array frowned when he saw Li Qingshan.

"Give him some experience. I intend to cultivate him."

Ye Chen responds casually and comes to the Tianzhen altar.

This altar is to the north of the gate of taixuan formation, among the four images of dunjia, the East Canglong, the West Baihu, the South Zhuque and the North Xuanwu.

In the north, the sky is filled with Xuanwu. Xuanwu represents a steady and heavy momentum. In those days, the emperor of taixuan array set up the gate of taixuan array with the altar as the north, which means taking Xuanwu as the guardian and the momentum is heavy.

"The leader of the sect is supreme. This is the forbidden area of our sect, the heaven array altar."

The star spirit of dunjia Tianxing spoke slowly.

Now the whole dunjia star is condensed into a small bead, which is like a common magic weapon, and revolves around Ye Chen's body.

If you look carefully, there are many small cracks on this dunjia Tianzhu. It's obvious that it has been injured.

Before the battle with the dark dragon temple, dunjia Tianxing suffered a huge blow and was seriously injured, and was on the verge of extinction.

Ye Chen's medical elixir can cure the human body, but it can't cure the stars. If you want to recover the heaven and the stars in dunjia, you need to collect all kinds of natural materials and treasures. At present, ye Chen doesn't have the time, so it's also difficult.

But if you can open up the sky array and fight for another year, ye Chen will have enough time.

Therefore, when I come to Tianzhen altar today, the star spirit of dunjia also has high hopes to really open it.

"Well."

Ye Chen nodded gently, his eyes narrowed slightly and looked at his eyes.

There are two steep cliffs in front of us. There is a narrow passage between the two cliffs. Behind the passage, a dark altar can be seen clearly. It is suspended in the sky and emits strange black light. The light runs through many layers of the world.

The space near the altar is severely distorted. Behind the cliff is a scene like the ruins of the universe. It is distorted everywhere, dark everywhere, and black light everywhere. There is no existence of any plants and animals, only endless atmosphere of annihilation.

"This annihilation breath, good familiar feeling! Annihilate the sky sword

Ye Chen felt the endless annihilation breath, suddenly all over a shock, actually caught a trace of familiar cause and effect.

The breath of the altar is very similar to annihilation sword. Is it related to annihilation sword?

You know, annihilation sword is Hong Tianjing's weapon. Is this altar related to Hong Tianjing?

Ye Chen suddenly creeps, scalp numb, the idea back to reincarnation cemetery, asked: "master taixuan, this Tianzhen altar, is Hong Tianjing left?"

Taixuan array emperor said: "I don't know, the cause and effect of this altar is very complex, and I can't figure it out. It's the first time that I've ever felt the breath of annihilation before. It seems that the deep breath of the altar has been released after the star of dunjia was taken off."

"I see..."

Ye Chen's eyes twinkled. When he looked carefully, he saw that there was a groove on the empty altar. The groove should be inlaid with a bead. But now the groove is empty. The thing inlaid on it was obviously taken off. Naturally, it is dunjia Tianxing.

"Dunjia Tianxing, do you know the details of this altar?"

Ye Chen asked.

The star spirit of dunjia shook his head and said: "when I was born, this altar had been built for more than ten thousand years. I don't know the purpose of the construction and the cause and effect before. I should be one of the energy sources to start the altar."

"Is it?"

Ye Chen eyebrows a wrinkly, seem to want to really know the secret of the altar, still want to personally go in.

"Castle Peak, let's go."

At that moment, ye Chen calmed down and took Li Qingshan to the corridor."Yes, big brother."

Li Qingshan followed Ye Chen closely, looking at the altar in front of the sky, a dark appearance, but his heart was a little nervous.

Finally, when they came to the bottom of the altar, they could feel the fluctuation of the altar more clearly. The strong atmosphere of annihilation, with strong murderous spirit, turned into sword shadows as soon as they saw the living beings approaching, and broke down from the sky.

This sword shadow is the sword shadow of annihilating sky sword!

"It really has something to do with annihilating sky sword!"

Ye Chen's heart shakes, and his palm grabs. Shura's breath floats and turns into a Shura's claw. With a click, he smashes all the sword shadows.

Before his death, the Shura demon God gave back the law of samsara to Ye Chen. Therefore, ye Chen's cultivation of Shura's Taoism is very exquisite. When Shura's evil spirit erupts, it can turn into a talon and crush the enemy's attack.

"Go in and have a look!"

Ye Chen immediately decided to take Li Qingshan and escape into the inner world of the altar.

This altar is a world of its own.

When ye Chen came to the inside of the altar, he saw the boundless magnificent scene and appeared in front of him.

In this world, there are ruins everywhere, countless stars collapse, countless stars and meteorites fall. It is obvious that there was a great war, and the scale is very huge.

The secret of the altar is also hidden in the deepest part.

"Boy, it's up to you. I haven't been able to solve the secret of this altar before. This world has a strong will. It seems that it comes from the Supreme Court. It's not ordinary people who can resist. Let's see if you have the qualification."

Looking at this vast world, the emperor of taixuan array also sighed.

Ye Chen is secretly frightened. He doesn't know who has made such a big contribution to open up a world in the altar. Even the emperor of taixuan array can't see clearly.

Chapter 5056

"Well!"

Ye Chen nodded solemnly, and immediately took Li Qingshan to the deep place. At the same time, he urged dunjia Tianxing to release thousands of body protection arrays to protect him from the unexpected.

The most common way to protect the star array is to use the core layer, which can't be used now.

Boom!

With Ye Chen constantly flying to the core of the altar, there was an astonishing vibration from the deep of the universe, as if ye Chen's blood stirred something.

Boom!

See a star giant hammer, from the depths of the blast out, all the way sweeping, I do not know how many stars destroyed meteorite, crazy toward Ye Chen blast over.

"Heaven forging the way? Wuwei sword slave! "

Ye Chen sees this star giant hammer, immediately the pupil shrinks, peeps out an incredible look.

This star hammer is so familiar to him. It's Tianzui Daofa, the magic power of Wuwei sword slave.

At the beginning, ye Chen had a war with Wuwei JianNu in henggu. At last, he sacrificed the great emperor to seal Wuwei JianNu again.

This Wuwei sword slave, a servant of Hong Tianjing, once took part in the casting of Wuwei sword. He is also half a superior.

At the moment, ye Chen was shocked to see the Tianxu Daofa of Wuwei sword slave in the altar of taixuan array gate.

Bang bang!

It's really terrible that the star smashed the whole body.

"What a terrible way!"

When Li Qingshan saw the star hammer, it was also terrible. He felt that he was like a mole ant and would be flattened by a hammer.

"The great immortal sword of five directions and five emperors!"

Ye Chen is not in chaos in the face of danger, and the five elements reincarnation aura rolling, evolved into a great immortal sword. The five elements of the golden emperor White Emperor, the wood emperor green emperor, the water emperor black emperor, the fire emperor Red Emperor, and the earth emperor Yellow Emperor, rolled up and blasted the towering wind and thunder.

Boom!

The five elements immortal sword cuts out and collides with the star hammer.

When the swords and hammers hit each other, I don't know how terrible the blast is. The space collapses one by one, and the ruins of the starry sky everywhere are destroyed. They become a powder like existence and become countless tiny meteorite dust.

Ye Chen got the upper hand in this battle. He regained the five elements humanitarian law of the five emperors and demons, and improved a lot in his cultivation. Although he was still in the six levels of heaven and earth, his strength was much higher than before, which was enough to smash the heaven forging hammer in front of him.

Hum!

Behind the star hammer, there was a floating figure.

The figure was also affected by Ye Chen's five elements immortal sword. The body of the Virtual Figure twisted and collapsed in an instant.

"Is it the remnant will of Wuwei sword slave?"

Ye Chen is surprised. The figure that just disappeared is the sword slave of Wuwei, but it is not the real body, but the remaining will.

The real body of Wuwei sword slave is still sealed in the eternal realm. What ye Chen has just seen is only a wisp of his ancient will, which evolved into a virtual shadow.

If you are a real Wuwei sword slave, ye Chen may not be able to compete with you, but if you are only separated by one will, you can deal with it easily. Now you can blow it away.

"What happened here?"

Ye Chen eyebrows a wrinkly, at the moment open extremely evil pupil, pinch to deduce.

In the outside world, ye Chen's Extreme Magic pupil is greatly limited, but here is an independent world, and ye Chen is not affected.

Under the peep of the extreme devil's pupil, ye Chen suddenly sees the infinite cause and effect, and even triggers the fate. In the world, there is a roar, and thunder comes down.

However this thunder rob, seem to feel the fierce of the leaf Chen blood, just arrive, immediately dissipated.

With the disappearance of the thunder disaster, a picture of the mystery emerged in the Dark Universe.

This picture is very amazing.

In the picture, there are two startling figures, and a war is breaking out.

These two figures, one is Hong Tianjing, the other is henggu Shengdi!

"It's Hong Tianjing and henggu Shengdi! They've had wars before? "

Ye Chen sees the figure of these two people, immediately surprised.

Henggu Shengdi, that is a great man who has been successfully promoted!

Under the insight, ye Chen suddenly realized that the former henggu emperor wanted to fly up, but wanxu Temple didn't agree and sent people down to kill him.

The Empress Dowager and Hong Tianjing are both charged with the task of killing henggu Shengdi.

The Empress Dowager is perfunctory and doesn't want to play bullying. However, Hong Tianjing really wants to carry out the task of wanxu and kill henggu Shengdi.

Now in the picture, Hong Tianjing and henggu Shengdi are fighting, obviously trying to kill each other.

Because of the restriction of the rules, Hong Tianjing could not exert all his strength, but he still had the upper hand, which made henggu Shengdi lose.

In Hong Tianjing's hand, he was holding the annihilation sword. He was extremely fierce. Besides, there was a servant, Wuwei sword slave, who was nearby. Henggu Shengdi is not an enemy with one to two.

"It's really shameless. Those who are in high positions should bully less with more."

Ye Chen sees this scene, eyebrow immediately a wrinkly.

It seems that not all the superiors are as dignified as the heavenly daughter. It is very likely that most of them are ruthless and ruthless. In order to achieve their goals, they will do whatever they can.

For example, Hong Tianjing, in order to kill henggu Shengdi, did everything he could to bully more and less.

"This altar was made by Hong Tianjing himself! It's a battlefield against henggu Shengdi! "

Ye Chen has a clear insight. It turns out that the forbidden area altar of taixuan array gate was built by Hong Tianjing himself in order to kill henggu holy emperor.

This altar is equivalent to Hong Tianjing's free world.

Here, Hong Tianjing's strength can be improved.

The strength of henggu Shengdi was suppressed.

Under this situation, Hong Tianjing naturally occupies a more favorable position.

Boom!

In the battle picture, henggu Shengdi boldly hands out an old sky sword, and layers of terrible disaster breath, crazy explosion, bang on Hong Tianjing.

"The sword of disaster? What a sharp sword! It's a pity that you don't come here to play wild! "

When Hong Tianjing saw the sword of henggu emperor, he was amazed and dignified. He did not dare to neglect it. With a wave of his hand, he exploded a seven star array under his feet.

This array, covering thousands of miles, is full of powerful guard spirit. It is even more powerful than the legendary heaven guarding Taoism. The real ten thousand dharmas are unbreakable and firm.

Boom!

Henggu holy emperor's disaster sword spirit, ruthlessly kill down, cut in the seven pointed star guard array.

Suddenly, the guardian array collapses everywhere and is seriously impacted.

However, the defense rules of this array were too strict. In the end, it withstood the sword of henggu Shengdi. Although it was seriously damaged, it didn't break.

Chapter 5057

Hong Tianjing was protected by the Seven Star array, calm and unhurt.

"Damn it

When henggu Shengdi saw this scene, he felt extremely sorry and heavy.

Ye Chen looks at the battle picture, more and more frightened.

The sword of henggu shengdili is one of the eight heavenly swords, which is called disaster Heavenly Sword.

Tianhuang sword, Tianji sword, Tianluo sword, Tianluo sword, Tianji sword, Tianluo sword.

Ye Chen has seen all the eight heavenly swords.

Among the eight heavenly swords, the disaster Heavenly Sword represents the supreme disaster. When one sword is wielded, all kinds of natural disasters can break out, such as absolute disaster, wind disaster, thunder disaster, flood disaster, Black Sun disaster and so on.

In the past, henggu Shengdi was about to ascend to the supreme world. He was recognized by the disaster sky sword. This sword broke away from the supreme world and became his weapon.

Ye Chen used to know that there were three heavenly swords falling from the supreme world, namely Shenluo, Longyuan and Huangmo. But he didn't expect that a disaster heavenly sword fell from behind and fell into the hand of henggu Shengdi.

Henggu Shengdi was recognized by the disaster sky sword. He really has great fortune and magic power, and is qualified to ascend to the Supreme Court.

However, wanxu temple is a closed circle, which is very exclusive. The strong people in wanxu do not want to accept outsiders.

If an outsider wants to become a leader, he will not accept it unless he bows his head to them, kneels down voluntarily to be a dog and obeys.

But henggu Shengdi obviously refused to bow his head, so wanxu directly sent people to intercept and kill him to cut off henggu Shengdi's ascent.

Hong Tianjing was ordered to kill henggu Shengdi and fight with lions and rabbits, especially with all his strength. Hong Tianjing didn't dare to be careless. Moreover, his strength was limited by the rules and couldn't reach the peak.

Therefore, for the sake of caution, Hong Tianjing built the altar and dragged henggu Shengdi into the altar to fight.

In the altar, the cultivation of henggu Shengdi was suppressed, and in the altar, there was an invincible guard array.

With the protection of this array, Hong Tianjing is able to resist the attack of Tianjian.

"Ha ha ha, I have the protection of the Seven Star Dragon slaughtering array. Henggu Shengdi, you can't hurt me, so let's go

Hong Tianjing looks up at the sky and laughs. He looks like he has the chance to win.

This Seven Star Dragon slaughtering array is actually the array arranged by the former superior when casting the Longyuan sky sword, which is used to prevent the rampage of Longyuan sword Qi and suppress the sword Qi.

The eight heavenly swords, when each one was cast, had a startling weather outbreak, so it needed to be suppressed in order to surrender.

The Seven Star Dragon slaughtering array is exactly the array that used to suppress Longyuan Tianjian. The protective breath is very strong, and it can resist the attack of Tianjian.

Henggu Shengdi's Tianjian of disaster is blocked and can't hurt Hong Tianjing.

Hong Tianjing, the superior, wanted to kill him, either with the supreme source of soldiers or with the magic of the nine heavens.

And henggu Shengdi, obviously, has no nine gods, and the disaster sword is his only dependence.

With one sword, he was resisted by Hong Tianjing. Henggu Shengdi's face turned white and he felt great danger.

If Tianhong doesn't fight, he will not die.

"Lord GuDi, you go quickly, I'll stop him!"

At this time, the disaster sword in the hand of Henggu Shengdi, however, broke out in black air and floated out a graceful figure.

This figure is graceful, with a hot figure and a beautiful face. It's not like a mortal woman. It's like a fairy. Wearing a tight black Qipao, it's all moving.

"Xiaoman."

Henggu Shengdi was shocked.

This graceful and moving woman turned out to be the sword spirit of the disaster sky sword. She was called the disaster witch. Xiaoman was her nickname.

"Sister!"

Li Qingshan has been watching the battle picture. When he saw the woman appear, he was shocked and shocked.

because she is like as two peas, Li Feixue and his sister, the disaster looks like a real mischief.

"What, Qingshan's elder sister is the reincarnation of the disaster witch?"

Ye Chen was shocked to see this scene. He couldn't believe his eyes. He caught the secret in an instant and knew Li Feixue's true identity. It turned out that he was the spirit of the disaster sky sword!

"Sister, why are you here? Come back

Li Qingshan cried out. Excited, he forgot that these fighting scenes were actually the remnants of the ancient atmosphere. The fighting in the pictures had been going on for thousands of years, but it was not happening now.

In the battle picture, the disaster witch flies out, with this disaster sword, to the top of Hong Tianjing's head. The rolling natural disaster erupts, and countless dark and overbearing breath surrounds her.

"Disaster witch, what do you want to do! You want to sacrifice yourself? For a mortal, is it worth it?"

"Hong Tianjing was shocked and had a bad feeling.

"Hum, Hong Tianjing, even if I die today, I will take you to be buried with me!"

The demon girl of disaster stood high above and made a majestic voice. Then she exploded violently. With a bang, the infinite natural disaster exploded. Compared with the Tianxing Wujue array, the breath of disaster natural punishment was tens of millions of times more terrifying, and it thundered down.

"Xiaoman!"

Henggu Shengdi saw that the disaster witch exploded. He was also very sad and cried out.

Woo!

As soon as the disaster witch explodes, the disaster Sky Sword loses all its aura and immediately utters a cry of sadness, falling into the abyss. I don't know where it is going.

"Ah

Hong Tianjing screams, and the Seven Star Dragon slaughtering array can't stop the endless natural disasters. Immediately, it is pierced by a big hole. The Tianwei of countless disasters is thousands of times more powerful than thunder robbery, which makes Hong Tianjing bloody and seriously injured.

"Puff!"

And henggu Shengdi, who lost the Tianjian of disaster, also suffered a huge backfire and vomited blood on the spot.

"Hong Tianjing, one day, I will fly to the top of the throne. I will tear you to pieces. Wait for me!"

Henggu Shengdi roars bitterly, and the disaster witch explodes. He is extremely sad and hateful. He just wants to kill Hong Tianjing for revenge.

However, now he has also been attacked, and he has no fighting ability. Besides, there is a sword slave around Hong Tianjing.

Shua!

Henggu Shengdi immediately turned around to tear the void and fled.

"Sword slave, chase! Don't let him run away! Even if you go to henggu, you must kill him! Now that his woman is dead, he breaks down and stands up in grief. He's about to fly up. If he doesn't kill him, he won't have a chance! "

Hong Tianjing roared repeatedly. Even if he was seriously injured, he didn't forget to kill henggu Shengdi.

"Yes, lord king!"

Wuwei sword slave dare not neglect, immediately chase out.

Chapter 5058

Wuwei JianNu and henggu Shengdi, the two subsequent fighting scenes, can't be seen here, but ye Chen knows that henggu Shengdi won.

Henggu Shengdi ascended to the Supreme Court, while Wuwei JianNu was suppressed in henggu.

Ye Chen knew about it when he went to Henggu and settled Xiaohuang's giant egg.

But I didn't expect that before this incident, in fact, Henggu Shengdi and Hong Tianjing had a fierce war, and even sacrificed the spirit of Disaster Tianjian.

It's incredible that the sword spirit of the Disaster Sky Sword turned into Li Qingshan's sister.

Ye Chen is so shocked that he can't say anything.

Boom!

The picture here is not over yet.

Hong Tianjing was seriously injured. He knelt down in the void and coughed up blood. He murmured, "Damn it, I'm going to fight Ren Tiannv. I'm hurt. How can I be her opponent?"

At this time, there was a solemn cry from the depths of the universe: "Hong Tianjing!"

It's the voice of the heavenly daughter.

"Ren Tiannv!"

Hong Tianjing's pupils contract, and then he sees a figure in white, which tears the void and comes down.

As soon as this figure came, the universe was suddenly full of auspicious clouds, rolling light, and flying ice Phoenix. The weather was very magnificent.

It's the lady of heaven!

Beside the empress dowager, there was a young man. The young man, wearing a bronze mask, could not see his face clearly, but he was very familiar with his posture.

"It seems to be Mr. Ren! How could he be with the heavenly daughter? What's more, is the name of the heavenly daughter Ren? "

Ye Chen looks at that young man, although can't see face, but cause and effect breath is too familiar, he sees at a glance, that is Ren extraordinary!

Ren extraordinary, unexpectedly in the supreme daughter side, two people in the end is what relationship?

Ye Chen is shocked, can't guess the cause and effect behind, and he can never listen to extraordinary said, these two people actually have contact.

"Do you want to do it?"

Ren Fanfan's palm moved, and a little bit of thunder burst out. At this time, he had not yet practiced Xihuang's thunder seal, but he had already touched a little threshold. Once the fingerprint swayed, thousands of thunder burst out. It was obviously not difficult for him to beat the water dog and kill Hong Tianjing in the state of serious injury.

Hong Tianjing felt Ren's extraordinary killing and suddenly felt a chill.

"Forget it, I don't like taking advantage of fire."

The heavenly daughter shook her head. Her face was always calm, flat and dominating. She didn't mean to beat the water dog.

"You are still too kind."

Ren Feifan sighed and took back his palm.

"I just don't like bullying. I want to fight openly. If I were cruel, some people would have died long ago," she said

Ren Fanfan said: "when I become Xi Huang Lei Yin, I will not be soft handed."

The heavenly daughter was still smiling and said, "I'll wait for you. If I can die in your hands, it's better."

"Ha ha..."

Ren Feifan smiles, stands to one side silently, hands bear behind, also don't speak.

The empress looked at Hong Tianjing and said, "Hong Tianjing, I came here today to tell you that I decided to postpone the decisive battle three days later to a month later."

"In a month?"

Hong Tianjing was shocked and couldn't believe his ears.

It's right for me to give you too much time to treat you

Hearing this, Hong Tianjing laughed and said, "Ren tiannu, you are too conceited to give me time to heal. You are looking for death! When my injury is healed, I'll break and then stand up. I can kill you with one move! You're dead! "

The empress of heaven smiles and doesn't care. She says faintly, "I'll wait for you."

Dun dun, looking at Ren extraordinary way: "let's go."

"Wait a minute."

Ren Feifan pauses, the palm swings, is actually the collection scatters in the universe void in the disaster breath.

That's the breath left by the disaster witch after her self explosion.

"What do you want to do?"

When she saw this, she frowned.

Ren Feifan said with a smile: "heavenly daughter, you have great powers. We can only defeat you after a long layout. I want to fight for more pieces."

The heavenly daughter said: "do you want to ask the Lord of reincarnation to use the law to help this disaster witch reincarnate and become your helper in the future? But in this way, the spirit of the reincarnation Lord will be greatly weakened, and it will be difficult for him to grow up after his rebirth. "

Ren Fanfan said: "no, I won't tell the reincarnation Lord that he has enough troubles. As a friend, I don't want to trouble him any more."

"Then you want to sacrifice your aura? This loss is too serious. If you can't understand Xihuang Leiyin, you have no chance to recover!" Ren Fanfan said: "don't worry, I can understand Xihuang's thunder seal."

The empress looked slightly and said with a smile: "ha ha, it's up to you. Anyway, no matter how you struggle, the final victory still belongs to me."

"I like to see you challengers struggling and struggling in vain."

"You are trying to kill me, but you can't hurt me at all. The expression of despair, loss, resentment and helplessness is the best fireworks in my long and boring life."

"I'll wait for you at wanxu."

With that, the lady of heaven went away.

Ren extraordinary collected the residual breath of disaster demon girl, also follow to leave.

"By the way, someone will arrange a person named Shura demon later. I hope you don't be too stingy

Ren extraordinary catch up with the Queen's back, this is his last words.

The picture of the altar disappears completely here.

Ye Chen looks at blankly, only feel a piece of scattered line, was woven together finally.

Hengguyu, Li Qingshan, the woman sealed in the ice coffin, taixuan array gate and Tianzhen altar were all related to the same layout.

Ren Feifan sacrificed a lot of his strength to help the sword spirit of disaster Tianjian reincarnate.

This sword spirit, reincarnated into Li Feixue, is Li Qingshan's sister.

When ye Chen meets Li Qingshan, it seems that it's doomed. Finally, he gets in touch with the layout of Ren Fanfan's previous life.

"Qingshan's elder sister is actually the reincarnation of the disaster witch. She must be saved!"

Ye Chen has a burst of blood in his heart. If Li Feixue is saved and her memory of the previous life is restored, ye Chen will get the help of disaster sky sword!

Disaster Tianjian is one of the eight Tianjian. If you can get the help of this sword to fight against the superior, it will be a big point.

After all, even Hong Tianjing has to be afraid of the explosion of the disaster witch. Naturally, he has to fight for such existence. This is Ren's painstaking layout, which helps Ye Chen.

At that time, Ren Fanfan, in order to reincarnate the disaster witch, must have spent a lot of aura, I don't know how much loss, ye Chen naturally can't live up to his painstaking efforts.

Fortunately, Ren Fanfan, in the end, also practiced Xihuang Leiyin, recovered everything, even made crazy progress, and now he has the strength to fight with the superior.

Chapter 5059

Hongtianjing and henggu Shengdi war ended, the following things, ye Chen is naturally all know.

After a month's delay, the Empress Dowager finally defeated Hong Tianjing and completely suppressed the seal.

Henggu Shengdi also ascended to the supreme world, and Wuwei JianNu was also sealed.

Now the disaster witch, reincarnated into Li Feixue, lies in the ice coffin, in Ye Chen's yellow spring picture.

At this moment, the layout of the past has finally come to an end.

Now as long as you save Li Feixue, ye Chen can get a huge help. The legendary disaster sword will become his ally!

"I can't imagine, I can't imagine that there is such amazing cause and effect hidden in this altar. It's incredible."

Taixuan array emperor in reincarnation cemetery, after seeing all the pictures, is also surprised, finally know all the secrets of the altar.

No wonder he couldn't solve the mystery of the altar. It turned out that the altar was made by Hong Tianjing himself!

Now ye Chen step in, reincarnation blood rolling, stimulate here, finally let him know all.

The heaven array in the altar is the Seven Star Dragon slaughtering array. It can even resist the sword power of the disaster sky sword. If you restart this array, it will be enough to guard the gate of taixuan array and resist the peeping of the dark dragon temple. It will last for a year, and it will not be a problem at all.

"Brother, is my sister the reincarnation of the sword spirit of the disaster sky sword?"

Li Qingshan was stunned by these pictures and was at a loss.

He didn't expect that his sister had such a big future.

Now he is also the illegitimate son of the holy king of Chiyuan. It seems that he has been predestined for a long time.

Chiyuan Shengwang is the younger martial brother of henggu Shengdi. Now both Li Qingshan and Li Feixue are about to join the power of Chiyuan Shengwang, which seems to have the meaning of taking care of the previous life.

Samsara cycle, the mystery of nature, really think about it all makes the scalp numb.

"It should be."

Ye Chen's face is dignified, didn't say too much, just silently nodded, will stay in the ice coffin in the spring chart, released.

"Sister..."

Li Qingshan knelt in front of the ice coffin and stroked the lid of the coffin. Li Feixue as pretty as a picture as like as two peas in the

ice coffin, are just like the disaster witch in the sky.

At the thought of his elder sister's great fortune, Li Qingshan was very upset.

He only wanted to live a peaceful life, but now it seems that it is impossible for him to live a peaceful life in the future. He is destined to be involved in this chess game.

If he wants to quit the game, unless he leaves Li Feixue forever and severs the relationship, it is absolutely impossible.

For the sake of his sister's happiness, he is even willing to sacrifice himself?

"Let's go..."

Ye Chen patted Li Qingshan on the shoulder and looked forward.

The Seven Star Dragon slaughtering array is deep inside. As long as it is restarted, ye Chen can get another year's protection. It doesn't take just two months to rush to fight with the hell dragon temple.

"It's amazing that I used to be Hong Tianjing's magic weapon."

The star spirit of dunjia Tianxing is also amazing. I didn't expect that I would have such a big future.

In the past, Hong Tianjing urged the altar. His dunjia star was one of the sources of energy.

In Hong Tianjing's eyes, it's not worth mentioning that it's just a dunjia star, but in dunjia star spirit's heart, it's very exciting that he has something to do with the superior.

This means that he has a deep spirit and has the chance of transformation and evolution in the future.

Ye Chen laughs and doesn't say anything. He goes on at the moment.

Li Qingshan is following the ice coffin.

It didn't take long for them to come to the deep place where Hong Tianjing and henggu Shengdi fought in the past. They could clearly see an array arranged in the starry sky.

This array is the Seven Star Dragon slaying array. It has a seven star structure and is full of numerous complex ancient patterns.

In the past World War I, the disaster witch blew herself up and almost destroyed the whole Seven Star Dragon killing array. However, these arrays can automatically absorb the aura of heaven and earth and repair themselves.

After countless years, the Seven Star Dragon slaughtering array has recovered 23% of its breath. If it is opened, it will be enough to protect the whole taixuan array gate against the exploration of the dark dragon temple.

After all, this array comes from the supreme world. It was used to prevent the leakage of sword Qi when casting the dragon Yuan Sky Sword in the past. Even the sword Qi of the supreme source soldiers can resist. It's easy to resist the peeping of the dark dragon temple.

"What a magnificent array!"

In the reincarnation cemetery, the gate of taixuan array looks at the scale of the Seven Star Dragon slaughtering array and wonders.

The pattern of the Seven Star Dragon killing array is not complicated, and its structure is not too profound. It can be understood by the eyes of taixuan array emperor and ye Chen.

However, behind the array pattern, there is a profound connotation, which can not be compared by two people.

There is no doubt that the people who portray this array are the real leaders. Their strength must surpass that of Hong Tianjing. They should be the old guys who participated in the casting of the eight heavenly swords. Each pattern is vigorous and powerful, which contains the highest mystery and is amazing.

If ye Chen did it, he could carve a Seven Star Dragon killing array again, but the inside information of the array pattern could not reach such a strong level, and its power was far less than that.

This is not only the gap between the realm of array and Taoism, but also the gap between martial arts, supernatural powers, mind and nature, which is not at the same level.

"Boy, open this array quickly, protect the mountain gate, and fight against the dark dragon temple!"

The emperor of taixuan formation urged him to feel that the breath of the Seven Star Dragon slaughtering formation was very grand. Even if it only recovered to the level of 23%, it could easily resist the peeping of the dark dragon temple.

"Well."

Ye Chen nodded solemnly, turned the aura, and slowly recited:

"seven stars control the soul, kill the dragon and kill the devil, open up!"

Wow

Wisps of vigorous aura gushed from ye Chen's body and poured into the Seven Star Dragon killing array.

With Ye Chen's array cultivation, you can naturally see the mystery of the operation of the Seven Star Dragon slaughtering array. This array is not complicated, but the strength behind it. It is especially powerful. The array pattern is strong enough to defend against the attack of the Heavenly Sword.

However, an amazing scene appeared, ye Chen's aura, after pouring into the array, just like a bullock into the sea, with no response.

"What's the matter?"

Ye Chen was surprised. This array is only about 20% of the peak level. It's a remnant array. Ye Chen's martial arts cultivation should be able to activate it.

However, ye Chen's aura poured down, but there was no reaction.

Seeing this, dunjia Xingling and Li Qingshan looked at each other, not knowing what was going on.

Hum

At this time, Li Feixue's ice coffin suddenly vibrated and burst out the light of the sword.

The light of the sword is dark and gray, but it is not the pure black of the wild devil sky sword, but with a lot of mottling and impurities.

Every speck, every impurity, is actually the factor of natural disaster, is a small dust, each dust, represents a natural disaster, thunder, fire, flood, drought and so on.

Buddhism has the legend of Xumi world, a world hidden in a grain of sand.

Chapter 5060

At the moment, Li Feixue's sword Qi, the mottled dust inside, is hiding a world of natural disasters. Once it explodes, I don't know what terrible damage it will cause.

"My sister's going to wake up?"

Li Qingshan looked at the sword Qi and was shocked. He was looking forward to it again.

This sword Qi contains a hundred thousand natural disasters, which clearly shows Li Feixue's identity. She is indeed the reincarnation of the disaster witch, the sword spirit of the disaster Sky Sword in the past.

Click!

Ten thousand Zhang natural disaster sword Qi, landing on the Seven Star Dragon killing array.

Ye Chen heard a crisp crack, as if something had been smashed.

"The cause and effect of the previous life has been cut off..."

Ye Chen eyes a bright, but saw a clue.

The reason why the Seven Star Dragon slaughtering array can't be started is that the cause and effect of the disaster Sky Sword still remains on it.

Now, Li Feixue cuts the cause and effect of the previous life with one sword. This array gets rid of the shackles of cause and effect, and suddenly booms and starts violently.

Roar!

As soon as the array is started, the light and shadow of the Dragon appear.

Each pattern, like a dragon, is closely intertwined, spreading to the whole world, with endless light blooming, bright and dazzling.

Click!

With the start of the Seven Star Dragon slaughtering array, the whole heaven array altar also turns, releasing a powerful energy to cover the whole gate of taixuan array.

Outside, the disciples of taixuan array gate, looking up at the sky, can clearly see that a barrier like shield falls down from the sky, forming a seven pointed star structure, covering the whole mountain gate.

Obviously, the Seven Star Dragon slaughtering array has begun to take effect. It's hard for outsiders to attack the gate of taixuan array.

And the energy of the array itself can also cover up the sky and isolate all enemies.

"It's great to be the leader of the sect. The array has been activated!"

The star spirit of dunjia was overjoyed to see the array open.

Ye Chen also narrowed his eyes and nodded with satisfaction.

With the protection of this array, for the next year, at least you and taixuan array gate will be safe.

"Sister!"

Li Qingshan's mind is all on Li Feixue. He hurried to the edge of the ice coffin to have a look. But Li Feixue still closed her eyes tightly. Just after a natural disaster broke out, there was no sound.

"Qingshan, don't worry too much. I'll accompany you to shengtianfu in a few days!"

Ye Chen pats Li Qingshan on the shoulder. Now that he knows Li Feixue's identity, ye Chen doesn't dare to be careless. If his treatment fails and Li Feixue sleeps forever, he will be in trouble.

The safest way is to go to shengtianfu and let the holy king of Chiyuan do it in person, which can ensure the safety.

"Well!"

Li Qingshan nodded heavily. He just wanted to go to shengtianfu immediately to cure his sister. However, he also knew that it was very dangerous to go to shengtianfu. He could not be so reckless and had to be prepared.

"Let's go."

Ye Chen is about to take Li Qingshan away, but at this time, there is a buzzing sound of the Seven Star Dragon killing array. At the eye of the array, there is a special light red crystal stone.

"This is..."

Ye Chen frowned and felt it carefully. However, he found that there was a supreme will in this crystal. The energy was so abundant that it was terrible.

"It's the energy source of the array."

Ye Chen suddenly realized that this crystal stone, no doubt, must be something from the supreme world. It has a wonderful connection with the whole array. It is obviously the core energy source.

Dunjia Tianxing is only one of the auxiliary energy sources, and the real core energy source of the array is this special crystal.

"If you give it to Luo'er, maybe it can help her understand the magic of the nine heavens!"

Under Ye Chen's insight, he suddenly finds a subtle connection.

This special crystal stone is full of energy, which is beneficial to the cultivation of the nine heavenly gods. If it is given to Luo'er, it can enhance Luo'er's cultivation of the supreme source.

You know, Luo'er's Dragon God breaking heaven formula is not only one of the supreme source skills, but also one of the nine heaven skills. Once it is practiced, it has the power to shock the world.

However, it is very difficult to cultivate the nine heaven divine skill, so they have to exhaust their hard work before they finally realize it.

It's her luck that Luo'er can understand it, but it's obviously not easy for her to maintain or even master it.

If you can get this special crystal and feel it with your heart, Luo'er's divine cultivation will make progress.

If Luo'er can skillfully use the Dragon God's heaven breaking formula, she can destroy the dark dragon without Ye Chen and Taixuan's protection!

The nine heavenly magic is unreasonable and powerful. It exists against heaven. Even in the supreme world, it is extremely precious. Its value is even better than the eight heavenly swords.

"This energy spar, I'll take it to lol!" Ye Chen's eyes twinkle for a moment, and immediately make a good judgment. He grabs the special crystal stone with his palm across the air.

Boom

As the special crystal stone was caught by Ye Chen, the whole Seven Star Dragon killing array lost its energy source. Immediately, there was a sign of collapse, and the light of the array faded quickly.

"Longyuan sky sword, Yu!"

Ye Chen is not in a hurry. He directly sacrifices the fragments of Longyuan Sky Sword and inserts them upside down in the eye of the array.

Whoa, whoa, whoa!

The whole Seven Star Dragon slaughtering array began to absorb the aura of the fragments of the Longyuan sky sword, and then returned to operation. The pattern of the array bloomed again.

"Good."

Ye Chen nods his head with satisfaction. This array only has two or three percent of the inside information. It doesn't need to use the core crystal. It can also be activated with the fragments of Longyuan Tianjian.

Ye Chen's dragon Yuan Sky Sword is just a fragment, not a noumenon. For him at present, it has little effect.

After all, he already had the wild devil sky sword. Moreover, the Sha sword and the falling dust dragon sword are also very powerful weapons. He no longer needs to use a piece of fragments.

This fragment is suitable to activate the Seven Star Dragon killing array.

Li Qingshan and dunjia Xingling are very surprised. They look at Ye Chen, but they don't expect that ye Chen will use such means of Li Daitao.

"It's OK. Go out."

Ye Chen clapped his hands and immediately left with Li Qingshan and dunjia Xingling.

Out to the outside, ye Chen looked at the array light that covered the whole taixuan array door, and could not help but secretly relieved.

With the protection of the Seven Star Dragon slaughtering array, in the next year, he will be clean. As long as he doesn't expose himself, he won't be found by the hell dragon temple.

"Castle Peak, have a good rest. We'll start in a few days."

Ye Chen gave orders.

"Yes

Li Qingshan answers respectfully. In his heart, ye Chen is already a God. As long as ye Chen leads him, he believes that Li Feixue can definitely wake up.

At the thought of Li Feixue, the reincarnation of the legendary sword spirit of the disaster sky sword, Li Qingshan couldn't help being excited and worried.

After the road, he is destined to follow Li Feixue, into this chess game!

Ye Chen and Li Qingshan, respectively, immediately take the special crystal and go to find ye lu'er.
