

Physician 5061

Chapter 5061

Ye Luo'er still lives in the bamboo forest. The powerful atmosphere of the Seven Star Dragon killing array has shocked the atmosphere of the heaven here, and she can finally see the outside world.

"Brother ye, what is this?"

Ye Luo Er looks at the array boundary on the sky, a burst of surprise.

Vaguely, she also felt that this array, with the breath of the supreme world, was definitely not arranged by the taixuan array gate.

"It's called the Seven Star Dragon killing array..."

Ye Chen comes to ye Luo'er's side and simply says what just happened in Tianzhen altar.

"Henggu Shengdi, Hong Tianjing, disaster Tianjian..."

Ye Luo Er after hearing, but is a burst of terror, did not expect that behind this, incredibly involves so many causes and effects.

Now this fight is not only against the hell Dragon Temple, but also against Hong Tianjing!

The hell Dragon Temple is just a small disaster. The real disaster is Hong Tianjing!

When Li Feixue wakes up, the cause and effect fate of the previous life, the gear turns, and the catastrophe almost comes.

"Brother ye, what shall we do?"

Ye Luo'er is deeply worried that it is so difficult to fight against a ghost Dragon Temple alone. If you directly fight against Hong Tianjing, you obviously have no chance of winning.

"Don't panic, I am the reincarnation of the reincarnation, you awaken the nine gods, we are all lucky people, not so easy to fall."

Ye Chen smiles, touches ye Luo'er's head, then takes out the special crystal stone and says: "this crystal stone is the energy core of the Seven Star Dragon killing array. It has supreme will and abundant energy. It's very suitable for you to practice the nine heaven magic. You should try it."

"Good!"

Ye Luo Er nods and immediately takes over the crystal stone. She also knows that the catastrophe is coming. She must improve her cultivation as soon as possible to help Ye Chen.

"What a lot of energy!"

As soon as ye Luo'er takes over the crystal stone, he suddenly feels that the aura is flowing continuously. He immediately puts his hands together, closes the crystal stone in his palm, and then sits down on his knees, trying to run the Dragon God's heaven breaking formula.

"The ancient dragon god, breaking the void, is the supreme of the nine heavens, and has boundless powers!"

The majestic chanting sound came from yeluoer's mouth, and the bright golden light burst out from her body.

Click!

Yeluo'er's muscles and bones burst with a burst of noise, and the dragon pattern appeared on her skin. Then there was a sign that she was turning into a dragon. The virtual shadow of an ancient dragon god lingered around her.

"It's a success!"

Ye Chen was suffocated and quickly retreated.

At the moment, ye lu'o'er successfully shows the weather of the ancient dragon god. His power is so powerful that even ye Chen feels suffocated.

Fortunately, the Seven Star Dragon killing array was covered, and the weather did not spread out.

In the past, it was impossible for yeluo'er to successfully perform the Dragon God's heaven breaking formula, but now, with the help of the supreme crystal, she has finally successfully manifested herself and entered the cultivation state of nine heaven magic.

"Brother ye, this crystal is very suitable for me. I'm going to practice behind closed doors and absorb all the aura in it!"

Yeluo'er opened his eyes and maintained his gesture of cultivation. His eyes were very happy.

This supreme crystal stone is very suitable for her cultivation. If she can absorb all the energy in the crystal stone, it will be enough for her to master the secret of the Dragon God's secret of breaking heaven. It is no longer passive, but active.

Nine days divine skill, take the initiative to attack, the terror of killing, even more powerful than the supreme source soldiers.

Ye Chen hears Ye Luo Er's words, is also incomparable joy, at the same time also takes the huge surprise.

You know, this is a crystal from the supreme world. It was used by Hong Tianjing in the past to activate the Seven Star Dragon killing array. The energy is so powerful that even ye Chen can't absorb it completely.

But now, yeluo'er says that she wants to swallow it completely. It can be imagined that her nine heaven magic is so terrible that no matter how majestic the energy is, it can be absorbed.

"Well, Luo'er, you are good at cultivation. If you can break through the transmutation and directly have the power to kill the Hell Dragon Temple, it would be better."

Ye Chenman is happy.

"Well, brother ye, I'll shut up."

Ye Luo'er closed his eyes and entered the closed state directly. He absorbed the energy of this crystal stone and concentrated on the cultivation of the Dragon God's heaven breaking formula.

Ye Chen guarded here for a long time, determined that there would be no accident, and then left satisfied.

"Next, it's time to get ready to go to Shengtianfu."

Back in the residence of Zhangjiao, Ye Chen is dignified and begins to calculate the next thing.

Now in front of Ye Chen, the most important thing is to let Li Qingshan return to Shengtianfu and cure Li Feixue.

But in Shengtianfu, Tiancanniang is cruel and ruthless. She will definitely aim at it. If she steps in rashly, she will be killed.

Even the five emperors and Demons all died because of Tiancan Niang, so Ye Chen didn't dare to be careless.

Hum!

Unfold the picture of the yellow spring, and ye Chen goes directly into the world of the yellow spring."I have seen the Lord."

The branches and leaves of Alsophila spinulosa tea tree swing and salute.

Ye Chen nodded, but he didn't talk nonsense. He raised his hand and said, "the wild devil Heaven Sword, rise!"

Boom

Voice down, dark as ink of the wild devil sword, suddenly from under the Alsophila tree flies out.

"Pure dragon pill, infuse!"

Ye Chen's eyes are sharp, and he doesn't grudge it. With a wave of his hand, he takes tens of millions of pure dragon pills to feed the wild devil sky sword.

There are only 30 million pure dragon pills in Ye Chen's inventory. It took one million to distribute them to taixuan's disciples.

But now, in order to feed the wild devil Tianjian, he directly mobilized tens of millions!

Wow

Ten million pure dragon pills fly to the sky and gather into a sea of pills. Countless dragon shadows interweave layer upon layer, which is spectacular to the extreme.

The next moment, these pure dragon Dan, all melt, become a wisp of liquid medicine, crazy pouring into the wild devil sky sword.

It's the time to feed this wild demon sword, which is still a young sword.

Ye Chen doesn't care much either. Tens of millions of pure dragon pills are just spilled out. This time he goes to shengtianfu, I don't know what the danger is. He naturally needs to be prepared.

As long as the wild devil Sky Sword grows stronger, ye Chen will have one more card against the enemy.

You know, the wild devil Heavenly Sword is one of the eight heavenly swords. Once the devil's power breaks out, it will be enough to sweep everything. These magic weapons are absolutely valuable for cultivation.

Whoa, whoa, whoa!

The wild devil Sky Sword absorbed a lot of aura from the pure dragon pill. Suddenly, the aura soared, the light of the sword rolled, and the sword air burst out. It whirled and danced in the air, rumbling, and evolved into a million magic sword array.

There are a million pieces of wild devil's sword Qi in this big array, which are interwoven with each other. Even if the experts in the later stage of huanzhenjing fall into it, they may be in danger of falling.

"Good, very good. I'll have more confidence when I go to shengtianfu this time."

Ye Chen looks happy and feeds ten million pure dragon pills. It's obvious that the wild devil Heaven Sword has a huge growth. Although it's still a young sword, it's more powerful than ever.

Chapter 5062

In the next few days, ye practiced all kinds of sword techniques and concentrated on them.

He got the inheritance of Shura demon. Now the way of array is very profound.

The way of array is infinitely wonderful. As long as it is used properly, it is also a huge card.

The time given by shengtianfu is ten days. Within ten days, Li Qingshan must go there. Otherwise, he will not be accepted by the senior officials of shengtianfu, even if the holy king Chiyuan wants to recognize him.

On the eighth day, ye Chen estimates that the time is almost up, so he calls Li Qingshan and prepares to start.

"Big brother, I'm a little nervous."

Li Qingshan's heart is pounding. He knows that he is an illegitimate child. In shengtianfu, the silkworm lady wanted to kill him that day. If he was careless, he would die.

He doesn't care about his own life and death, but is afraid to drag down his sister and ye Chen.

"It's OK. I'm here."

Ye Chen smiles, holding the jade pendant in his hand, and begins to understand the position of the holy heaven.

This jade pendant was also entrusted to Li Qingshan by the five emperors before they died. It was a keepsake given by the holy king Chiyuan. There was a trace of heaven's secret on it.

Li Qingshan needs to rely on this trace to find the location of shengtianfu.

This is also a test for the holy king Chiyuan.

If Li Qingshan can't even find the location of shengtianfu, it's better that he doesn't recognize his son.

Li Qingshan's reasoning power is very weak, but he can't capture the existence of shengtianfu.

Fortunately, there is Ye Chen beside him.

Ye Chen holds the jade pendant. As soon as he opens the extreme devil's pupil, he immediately sees the location of the holy heaven's mansion, hidden in the vast mountains, which is very hidden.

In the realm of heaven and man, shengtianfu is a mysterious force. Most people don't know that Chiyuan Shengwang doesn't mean to fight for hegemony. In other words, it's not the time to fight for hegemony.

"Yes, let's go!"

Ye Chen smiles, locks the position of the holy heaven mansion, and starts immediately.

Li Qingshan is excited and follows Ye Chen.

The ice coffin of Li Feixue is put into the picture of huangquan by Ye Chen for the time being.

In less than a day, they almost arrived at shengtianfu and stopped thousands of miles away.

Later, while flying, he recuperates his aura. The closer he gets to shengtianfu, the more dangerous Ye Chen feels. There are many figures in the sky around him. He seems to be on his way to some grand gathering.

"When your father saw you, did outsiders know? How can there be so many outsiders? "

Ye Chen frowned. He thought it was very secret for Chiyuan Shengwang to meet Li Qingshan, but now it seems that something happened.

"Brother, I don't know. What should I do now?"

Li Qingshan is nervous. The closer he gets to shengtianfu, the more nervous he is.

He didn't worry about his own safety, but he was afraid that he couldn't save his sister.

"You wait."

Ye Chen's eyes turned and saw a swordsman flying by. He immediately said, "brother, please stay."

Why did the emperor frown

Sheng Chen mansion has so many people in the past, I don't know why

The swordsman took the elixir, and his face was a little slow. But when he heard Ye Chen's words, he became alert again and said, "who are you, what's the matter, who let you come here? You don't even know the birthday of Tiancan Niang?"

"The birthday of lady Tiancan?"

Ye Chen suddenly heart a shock, unexpectedly and day silkworm empress related.

"Ha ha, don't get me wrong, brother. I heard that there are several rare medicinal materials near shengtianfu. I just want to come in to collect them, but I didn't expect to see so many people."

Heart read electricity turn, ye Chen casually found an excuse, prevaricate in the past.

The swordsman looked at the elixir in his hand and said, "you are a alchemist, but you are so bold that you dare to step on the site of shengtianfu to collect the elixir. Hehe, shengtianfu is a hermit giant. It's

not easy for people to visit, but this time tiancanniang held a birthday ceremony in advance and invited guests from all sides. That's why it's so lively."

"Hold Birthday Ceremony ahead of time?"

Ye Chen's heart moved.

The swordsman said: "yes, it was going to wait a few months before the Birthday Ceremony of Tiancan Niang. But now she held it ahead of time. I don't know why. The birthday ceremony will start tomorrow. Do you have an invitation?"

"Tomorrow?"

Ye Chen and Li Qingshan look at each other, both of them are shocked, but also have a sense of sudden realization.

Tomorrow is the last day of the ten day period.

Originally according to the agreement, ye Chen and Li Qingshan arrived in time to meet with the holy king of Chiyuan and get the approval of many high-level officials in Shengtian mansion.

But now, Tiancan Niang holds a birthday ceremony. She clearly wants to embarrass Li Qingshan and prevent him from returning.

The whole shengtianfu is busy with shoudian. Tiancan Niang steps in and Li Qingshan wants to return. It's almost impossible. Ye Chen's heart suddenly sank, and he said to the swordsman: "I just came to collect medicine, but there is no invitation."

The warrior said, "if you don't have an invitation, you can't go in. I advise you to leave as soon as possible. You know Tiancan's temper. Once you offend her, you don't know how to die."

With that, the swordsman flew away, leaving Ye Chen and Li Qingshan in the same place.

They looked at each other and felt dignified.

Tiancanniang not only held the birthday ceremony in advance, but also had to have an invitation letter to allow her to enter.

Ye Chen and Li Qingshan have no invitation letter. They have no chance to enter the holy heaven. Naturally, they can't meet the holy king Chiyuan.

"Brother, what should I do?"

Li Qingshan's eyes were anxious. He didn't expect to encounter such changes.

"Go and have a look."

Ye Chen's vision coagulates, but didn't give up easily, but take Li Qingshan, continue to fly ahead.

The outline of the Mountain Gate of shengtianfu soon appeared in front of them.

The whole shengtianfu is located in the vast mountains, with many mansions and houses stretching for many miles. It is simple, magnificent and spectacular.

Over shengtianfu, there are countless ancient beasts, flying in the clouds and guarding the air.

All the mountains around the residence are green moss, blue, luxuriant forest and bamboo, smoke growing in caves and ravines, and the atmosphere is magnificent.

Ye Chen looked down and saw a lot of warriors, and entered the holy heaven's palace one after another.

The strongmen of shengtianfu patrol around, and there is a special person to check the invitation. Those who don't have the invitation are forbidden to enter shengtianfu.

However, if you are a servant, you can follow your master in without an invitation.

Many of the people who came to the birthday ceremony took servants and attendants with them. These servants and attendants could go in without invitation.

Ye Chen and Li Qingshan look at each other. They both nod at the same time. They all have the same meaning in their hearts.

Disguise as a servant and get in!

Chapter 5063

"Castle Peak, let's get in!"

Ye Chen quietly and directly uses the eight trigrams heaven elixir technique to change his and Li Qingshan's faces.

If you use ordinary methods to change faces, you will surely be found by shengtianfu. However, ye Chen's eight trigrams Tiandan technique is extremely clever. It is difficult to detect ghosts and gods when it is used to change faces.

For a moment, they changed face, their brows became humble, their clothes changed, and they seemed to be servants.

After landing, they mingled in the crowd in front of the gate of the holy heaven mansion, looking for opportunities to enter.

"The dark dragon temple elder Chen arrives."

At the gate of shengtianfu, an old man in charge of welcoming guests chanted loudly.

Ye Chen's heart was shocked, but he saw a group of dark dragons flying down in the sky. There were a lot of them. They were all people in the dark dragon temple as soon as they landed.

The leader is Chen cangsheng, the senior elder of the dark dragon temple!

"It's him!"

Ye Chen's eyes sank.

"Hello, elder Chen."

"I've met elder Chen."

"Mr. Chen is all right."

Many martial arts people around, seeing Chen cangsheng coming, said hello one after another.

Chen cangsheng betrays the will of the heavenly daughter and wants to kill Ye Chen. He is no longer a subordinate of the heavenly daughter, but after all, he is the senior elder of the dark dragon temple, and his status is still noble.

At present, Yu Wentai, the leader of the dark dragon temple, has suffered the punishment of the heavenly daughter for Chen cangsheng and has been seriously injured. The power of the whole Dark Dragon Temple has a tendency to be controlled by Chen cangsheng.

Therefore, people's attitude towards Chen cangsheng is also extremely respectful.

"I've met you."

Chen cangsheng smiles a little and gives a salute.

"Tiancan Niang Shou Dian, it's a small gift from the Ming dragon temple."

Later, Chen cangsheng sent a gift to shengtianfu, but it was all kinds of natural resources and treasures. The light was vast and dazzling.

There was a lot of praise around. It was obvious that the natural resources and local treasures Chen cangsheng had sent were extremely precious.

"Thank you, elder Chen. Please come in, please come in."

The old man, smiling, let Chen cangsheng in. He didn't even need to check the invitation letter, which shows the high status of Chen cangsheng.

With a little smile, Chen cangsheng immediately strides into the holy heaven. His disciples and servants follow him.

"Good chance!"

Ye Chen's heart moves, Chen cangsheng's status is lofty, and the holy heaven mansion doesn't check very much. It's a good opportunity to fish in troubled waters.

At present, ye Chen is quietly behind the team.

Li Qingshan is also the same mind, follow Ye Chen mix in, just want to mix into the holy heaven.

Shengtianfu respects Chen cangsheng's reputation. It's really hard to check. Ye Chen and Li Qingshan enter the palace smoothly, and they both step into the door.

"Wait, someone's fishing in troubled waters!"

All of a sudden, a sharp voice came from behind.

Ye Chen and Li Qingshan were shocked, and both of them were in cold sweat.

But he saw that the speaker, shaking his folding fan, was a young man, with many followers around him. His cultivation had reached the five levels of the heaven, and a red bead was hovering around him.

This bead, however, is not an ordinary magic weapon, but a small star, named flaming star. It is one of the "chaos nine stars" and a real treasure of chaos.

"Flame star, young master of Sunan?"

"The son of the emperor who broke the army, a generation of proud Sunan?"

When people around saw this young man, they were all surprised.

His name is Sunan, but he is the son of the emperor who broke the army. Tianjiao is famous in the realm of heaven and man. At a young age, his cultivation has reached the fifth level of heaven.

The great emperor of breaking the army was one of the Seven Saints, the apprentice of Yan Changge in the past.

After breaking the army, the great emperor set up his own family in heaven and man. Sunan, his only son, was the most beloved. Even the magic weapon of the family, flame star, was passed to him early.

Ye Chen and Li Qingshan fish in troubled waters, others do not notice, but Sunan flaming stars shine, as if a magic eye, suddenly caught the strange.

"These two people are not from the hell dragon temple. They want to fish in troubled waters!"

Sunan accused out loud and mercilessly.

"Well?"

Chen cangsheng frowned. Looking back, he saw Ye Chen and Li Qingshan. They changed their faces. He didn't know ye Chen's identity, but he was sure that they were not servants of the hell dragon temple.

"Who are you two, sneaking behind my dark dragon temple? What do you want to do?"

Chen cangsheng reprimanded coldly.

"No!"

Ye Chen and Li Qingshan are tight, but they didn't expect to be exposed so soon.

Clang clang!

The strong men in the holy heaven's mansion all around suddenly realized that something was wrong. They immediately pulled out their weapons and surrounded them with murderous spirit.

"What's your status? Do you want to sneak into my holy heaven? Do you want to do harm to your mother?"The leader of a strong man yelled, and he was about to kill.

Ye Chen and Li Qingshan's facial expression, all difficult to see the pole.

"Ha ha ha ha..."

The young master named Sunan, however, laughed with pride and crossed his legs and said, "come on, you two trash, get through my crotch. I'll say a few good words for you and let shengtianfu forgive you. My father and tiancanniang are very friendly. As long as I say one word, tiancanniang will let you go."

Between the words, Sunan was arrogant and conceited.

His father broke the army and had a friendship with Tiancan Niang, which is naturally something worth showing off.

After all, Tiancan Niang is a strong woman in ancient times. Her accomplishments are unfathomable. It's a great fate to have a little friendship with her.

Sure enough, when they heard what Sunan said, the people around them were all envious.

The strongmen of shengtianfu didn't stir when they heard Sunan's words, so as not to disturb Sunan's elegance.

"What are you talking about?"

Li Qingshan was very angry when he heard what he said.

Scholars can be killed but not humiliated. Sunan asked them to get into their crotch. Naturally, this is a great insult and can't be tolerated.

"You two are sneaky. Who knows what plot you have? If you don't want to die, you'd better get through me first, or you'll turn into vermicelli immediately with a word from me!"

Sunan snorted coldly, and his face was full of sarcasm. He saw that ye Chen's cultivation was only six levels of heaven and earth. Although Li Qingshan's cultivation was higher than ye Chen's, it was not as good as him. Naturally, he didn't pay attention to it.

Now, he just wanted to humiliate them and kill them directly to show his fierce means.

As soon as ye Chen saw Sunan's eyes, he knew that his mind was vicious and his heart was cold.

"I'll fight with you!"

Li Qingshan was upright and irascible, but he couldn't be insulted. He hit the south of Jiangsu with his fist.

"Ha ha, still want to do it?"

As soon as Sunan closed the folding fan, he was not afraid at all, and urged the flaming star to fight.

Chapter 5064

"Don't be impulsive."

Ye Chen quickly pulls Li Qingshan. Seeing the strong around him, his plan to fish in troubled waters fails again, he wants to use the dark source symbol to escape.

"Wait a minute."

But just then, an old voice sounded.

I saw a king like man, with seven or eight disciples, came from the rear.

"Lord Wolong!"

"The Lord of Wolong Temple!"

"I heard that he had a sealed tianwu Wolong Sutra in his hand!"

"This man is the servant of the Twelve Gods and the lady of heaven. He also came to the birthday ceremony this time."

"Mother Tiancan is so proud that she invited two deities to the banquet."

When people saw the man, they were all amazed.

It turned out that this man was the Lord of Wolong Temple, one of the Twelve Gods.

"Lord Wolong!"

Ye Chen heart a shock, nature is to recognize the Wolong God.

When he was looking for jinglongquan in yangzhenyu, he met with Wolong shenzun.

"These two are my disciples of Wolong Temple, not bad people."

The God of Wolong came up with a smile, took out two invitation letters from his arms, handed them to the leader of the strongman of shengtianfu, and said, "this is their invitation letter."

Seeing this, ye Chen and Li Qingshan were stunned.

There are two disciples under the command of Wolong shenzun. They are also surprised. These two invitation letters are actually theirs.

Now Wolong shenzun suddenly took it out. They were all shocked, but they knew that Wolong shenzun had other plans, and they didn't dare to make a sound.

"What, they are your disciples? I don't believe it

Sunan opened his eyes, but he didn't believe it.

The strongman of shengtianfu opened the invitation letter and found that ye Chen and Li Qingshan's Qi and blood fluctuated on it. It was their invitation letter. He immediately frowned and said:

"you two are disciples of Wolong Temple. How did you get to the side of the hell dragon family?"

Ye Chen didn't say a word. He looked at Wolong shenzun and thought, "he must recognize my identity. I don't know what method he used to disguise the fluctuation of Qi and blood between me and Qingshan."

Wolong shenzun explained: "ha ha, my two disciples admire the inside information of shengtianfu. If they want to go in early, they may just follow the dark dragon. They didn't do it intentionally. Please forgive me."

"Is it?"

That Saint heaven mansion strong person still brows tightly lock, always feel a little not right.

But the identity of Wolong shenzun is very important. It can't be too difficult.

Moreover, Wolong shenzun and Tiancan Niangniang also have friendship. There is no reason to harm others.

"You go in."

The powerful man of the holy heaven waved to let go.

"Thank you very much."

The God of Wolong arched his hand, took his disciples and strode in. He and ye Chen and Li Qingshan walked to the holy heaven.

The son of Sunan saw it in the back and frowned, but he didn't dare to speak any more. After all, Wolong shenzun was a man of status, and it was not his turn to be presumptuous.

"We'll go in, too."

The son of Sunan gritted his teeth. He wanted to humiliate Ye Chen, but he failed, so he had to take his men in.

The son of Sunan didn't pay any attention to it.

He has seen a lot of such dandies. There is no need to pester them.

"Chen cangsheng, why don't you say hello when you meet an old friend?"

Wolong shenzun walked in front of him. Seeing the figure of Chen cangsheng from a distance, he said with a smile.

"Hum!"

Chen cangsheng snorted and didn't even look back. He seemed a little guilty and hurried away.

He and Wolong shenzun are the servants of the heavenly daughter. They are of the same family. But now, he has gone against the will of the heavenly daughter, but he is afraid to face Wolong shenzun again.

Although the will of the supreme daughter of heaven has hardly been preserved in the world, the legend is still too big and powerful. Although Chen Cangsheng has betrayed, he still dare not speak more positively.

Ye Chen looked at Chen Cangsheng's figure, but he was relieved.

Fortunately, Chen Cangsheng has betrayed the goddess of heaven. Otherwise, he can definitely see Ye Chen's identity as the Lord of reincarnation. No matter how easy Ye Chen is to disguise, the cause and effect behind it will never get rid of.

In this life, only one person is destined to survive between Ye Chen and the heavenly daughter. The entanglement of cause and effect is too huge and complicated.

Therefore, Wolong Shenzun discovers Ye Chen's true identity and comes out in time.

When they enter the holy heaven's house, the elders who welcome them will make arrangements for them to stay.

Now, there is still one day to go before Tiancan's birthday ceremony. Naturally, everyone lives in Shengtianfu temporarily.

Inside this holy mansion, the sun reflects the light of the haze, and the rain receives the dark color. It has its own celestial climate, with the haze scattered, the rainbow running through, and the blue fog, which is very magnificent. As soon as you enter the courtyard building, it's full of glass and jade, decorated with dragon and Phoenix, Zhumen big family, it's very imposing.

Ye Chen, Li Qingshan, Wolong Shenzun and others were arranged in a auspicious courtyard surrounded by dragon and Phoenix, which was luxurious and gorgeous.

"Ye Dust, you come with me

Once settled down, Wolong Shenzun waved to Ye Chen, obviously he wanted to talk about it alone.

Ye Chen will, follow Wolong God Zun came to a room.

"Puff!"

When the door was locked, Wolong shenzun suddenly spat out a mouthful of blood and turned pale.

"Master Wolong, what's the matter with you?"

Ye Chen was surprised.

"I'm fine. I just disguised your invitation. It took too much effort."

Wolong Shen Zun waved his hand and forced out a smile.

Just now ye Chen and Li Qingshan's invitation letter, both with their own blood fluctuations, this is actually Wolong shenzun deliberately disguised.

This disguise, however, consumed his great aura. After all, it was not easy for him to avoid the investigation of shengtianfu.

Ye Chen suddenly silent, way: "thank you."

Wolong God said: "no matter, reincarnation Lord, it's my honor to serve you. I just don't know what you came to shengtianfu for. Do you have friendship with Tiancan Niang?"

"No, I have no friendship with that lady Tiancan!"

Ye Chen bites his teeth, but his eyes are full of hatred. Now he kills Tiancan Niang Niang to the five emperors and persecutes Li Qingshan. He escorts Li Qingshan to shengtianfu. He wants to let him know Chiyuan Shengwang and his son. He simply says it again.

Wolong shenzun is the servant of the goddess of heaven. Before ye Chen and the goddess of heaven, they are trustworthy.

Therefore, ye Chen did not hide anything, but clearly said that the Dragon went to the pulse.

After all, there are many strong people in shengtianfu. If Tiancan Niang is in trouble, ye Chen will be in trouble.

If you can get the protection of Wolong God, it will be better.

"I see Holy king Chiyuan, there is indeed an illegitimate son

Wolong shenzun was surprised, obviously did not expect that there were such changes behind.

Chapter 5065

He had heard that the holy king of Chiyuan had an illegitimate son, but he didn't expect that the illegitimate son was outside.

"Although Tiancan Niang and I have always been friends, the Lord of reincarnation, I can give up everything for you! If Tiancan Niang wants to deal with you, I will never let her go! "

After a pause, there was a chill in Wolong shenzun's eyes, and he made a quick decision.

"Thank you, master!"

Ye Chen's heart is very happy, at the same time, he is secretly frightened.

Wolong shenzun is willing to pay such a great sacrifice, even at the expense of Tiancan Niang, obviously for the sake of the heavenly daughter.

Wolong shenzun is willing to sacrifice everything for the plan of the heavenly daughter!

Ye Chen can't help but praise that the imperial means of the heavenly daughter is really powerful. Even after tens of thousands of years of vicissitudes, her servants are willing to give everything for her.

With the words of Wolong shenzun, ye Chen felt more at ease.

At present, ye Chen and Li Qingshan rest here, waiting for tomorrow's birthday ceremony.

And in the waiting time of this day, ye Chen also inquired into many secrets about Tiancan Niang.

It turns out that the combination of tiancanniang and chiyuanshengwang is not glorious.

At that time, hengggu Shengdi wanted to fly to the world and was intercepted by wanxu. Chiyuan Shengwang, the younger martial brother of hengggu Shengdi, was also implicated. He was seriously injured by Wuwei JianNu and fled to the end of the world.

But when the red yuan holy king was seriously injured and fled, he met tiancanniang.

Tiancanniang took good care of it until Chiyuan Shengwang recovered.

The holy king of Chiyuan was very grateful. She wanted to give a lot of gifts, but Tiancan didn't want any gifts. She was going to marry the holy king of Chiyuan.

At that time, hengggu Shengdi had risen smoothly, and no one in the world pursued Chiyuan Shengwang any more. On the contrary, Chiyuan Shengwang inherited the legacy of hengggu Shengdi and got great benefits.

Tiancan Niang wants to get married. It's obvious that she wants to get married for the good.

Red yuan holy King scruple big cause and effect, finally can only harden the scalp to agree.

The combination of the two was completely forced by Tiancan Niang, who was skilled in calculation. In the past tens of thousands of years, shengtianfu seemed to be her master, and she was extremely powerful.

Strangely enough, after chiyuanshengwang and tiancanniang got married, they had no children, and they seemed to be cursed.

It is rumored that in order to maintain the orthodox blood, King Chiyuan gave birth to an illegitimate son in Yangzhen.

Ye Chen knows that this rumor is true.

Now that Li Qingshan wants to return to shengtianfu, Tiancan Niang must try her best to stop her, because once Li Qingshan returns, the holy king of Chiyuan will have a successor, and her arrogance will be greatly frustrated, and she has no offspring, so it is absolutely impossible for her to fight with Li Qingshan, and she will be seized of power sooner or later.

Understand this, leaf Chen in the heart more calm, now day silkworm Niang Niang there, even more nervous than he.

Dang!

At this time, the outside sky, came a bell.

Tiancanniang's birthday ceremony is about to begin.

This birthday ceremony was held in advance. Outsiders don't know why, but ye Chen knows very well that this is to stop Li Qingshan and doesn't want Li Qingshan to return smoothly.

As long as the ten day period is over, Li Qingshan can't step into shengtianfu, and the silkworm lady will win that day.

However, she obviously didn't expect that ye Chen had already brought Li Qingshan with her and got in smoothly.

Hearing the bell ringing at the beginning of birthday ceremony, ye Chen immediately took Li Qingshan and followed Wolong shenzun to fly out.

The birthday ceremony was held on tiancanniang's magic weapon, sword Tianxing.

As soon as ye Chen flies out, he sees a star hanging high above the holy heaven mansion. On the star, there are huge swords and swords. Countless light clouds turn into rainbows, which are magnificent.

All the birthday guests took gifts and flew to the sword star.

"Go

Ye Chen and Li Qingshan fly to sword star.

Boom!

As soon as we get close to the sword star, there is a terrible space storm, mixed with random knives and swords, dancing and cutting in our ears.

This is a small barrier set up by Tiancan Niang for the birthday guests. If you can't solve this barrier, you are not qualified to participate in Tiancan Niang's birthday ceremony.

"Broken!"

This sword storm, ye Chen naturally does not put in front of his eyes, a wave of hand, immediately broke the storm, flew into the sword star.

As soon as ye Chen enters the sky star, he sees the swords and swords on both sides, with a broad road between them. On both sides of the road, there are many powerful people from shengtianfu. All the way, the clouds are floating and the auspicious air is gushing, which turns into mirages of various palaces, fairy birds, flying animals and so on.

At the end of this broad road, there is a magnificent throne surrounded by hundreds of millions of flying swords. People are as small as ants against the endless flying swords, as if they are going to be killed at any time.

The huge stars, the vast space, the immortal sword, the rolling clouds, and countless mirages make it a marvelous scene like the Immortal King's cave."Big brother, I'm very angry."

Li Qingshan stood beside Ye Chen, looking at the magnificent scene, completely shocked.

This sword Tianxing, in the hands of Tiancan Niang, obviously burst out the most eye-catching look, which makes people feel excited.

"Calm down, follow me."

Ye Chen's tone is light. He has seen a lot of big scenes. Although the weather on Tiancan Niang's birthday ceremony is magnificent, it doesn't shock Ye Chen.

The guests from all sides came in and looked at the magnificent scene on the sword sky star. They all admired the magic power of Tiancan Niang.

Under the throne of tiancanniang, there are still some guest seats, but the number is not large. Only the real dignitaries are qualified to sit down.

The strong men such as Wolong shenzun and Chen cangsheng all sat down, and the young master of Sunan struggled for a seat and sat down at the end.

Ye Chen and Li Qingshan, of course, had no place to sit, so they stood behind the God of Wolong.

In the whole audience, only the son of Sunan is qualified to sit down. He looks around, laughs three times, looks complacent, and even looks at Ye Chen provocatively.

Ye Chen didn't see much about it either. He really saw too much about this kind of dandy and didn't have the heart to pester him.

"Mother Tiancan is here!"

They sat down and stood up. About two quarters of an hour later, they heard an elder of shengtianfu singing loudly.

WOW!

The rainbow, falling from the sky and from the east to the south, radiates from the sky.

This beautiful woman is surrounded by dragons and phoenixes, auspicious beasts flying in the clouds, maids scattering flowers, and the God of war in the golden armour behind her. The God of war in the silver armour is beating drums and thundering. The show is very big, like the stars and the moon.

Surrounded by countless immortals, auspicious clouds, rosy clouds, fairies and the God of war, the beautiful woman ascended the clouds and landed on the highest throne.

Chapter 5066

"See Tiancan Niang!"

On the sky star of sword and sword, many powerful people of holy heaven kneel down and salute, with extremely humble attitude.

Ye Chen and other guests also saluted each other.

"Niangmei, is that the woman? What a strong momentum

Ye Chen is secretly frightened. He only feels that Tiancan Niang's cultivation breath has gone beyond the real realm and reached the unfathomable level. He doesn't know what realm it is.

Henggu Shengdi ascended to the supreme world, leaving a large number of relics, rain and dew, natural materials and treasures, which were inherited by Chiyuan Shengwang.

And Tiancan Niang, by careful calculation, forced to marry Chiyuan Shengwang, obviously also got great benefits.

She may have swallowed most of the legacy left by henggu Shengdi. Naturally, her cultivation is as powerful as against the sky, glorious and magnificent.

See this day silkworm empress, leaf Chen can't help but think of Xuan Ji month.

Xuanjiyue's real strength is not only true, but also unpredictable.

Ye Chen feels that in terms of cultivation, Tiancan Niang won't lose to xuanjiyue, but she is just defeated by Qi Yun.

Xuanjiyue and Emperor Shitian, the two most powerful place, is not how strong their cultivation is, but the deep qi movement. They have unlimited possibilities in the future, and they are very difficult to fall under the protection of the great qi movement.

That is to say, although tiancanniang and xuanjiyue have the same accomplishments, if they really fight, they will be defeated, because their Qi luck is so far away that they will definitely be killed in the end.

This is the importance of Qi Yun. In the battle of masters, the victory is often in one move, while those with deep Qi Yun can always win in the battle of life and death.

"I'd like to thank you all for coming all the way to the party today."

Tiancan Niang smile, salute to the crowd, and then sit down.

"Lady Tiancan is very kind."

"Where."

The crowd began to be polite.

"Please take your seats."

Tiancan Niang's face is still with a kind smile. With a wave of her hand, Tianxing, the sword, booms and vibrates. There are huge swords moving in all directions.

Each of these huge swords is deeply embedded in the ground. There is a banquet on the top of the sword. There are all kinds of delicious food on the banquet.

When people saw the banquet, there was a commotion.

Lady Tiancan didn't get ready at the first time. She hung the people up here. Only at this time did she put out a banquet. This kind of hospitality is not very kind. It's obvious that she wants to show her status.

But everyone knew that Tiancan Niang was good at calculating. Although she complained, she didn't say anything on the surface, so she sat down one after another.

Ye Chen, Li Qingshan and Wolong shenzun flew to the top of the sword and sat down at a table.

Tiancanniang's eyes narrowed slightly, scanning the whole room, as if she was looking for something.

Ye Chen knows that she is looking for Li Qingshan and her own trace. Fortunately, they have changed their appearance. Unless she carefully explores them face to face, she can't find the clue.

Sure enough, mother Tiancan didn't find Ye Chen and Li Qingshan. Dai Mei wrinkled slightly, which seemed a little unexpected.

"Where is the wild seed? And the Lord of reincarnation, where is it? "

Tiancan Niang's intention of killing is in her heart. She knows that Li Qingshan is supported by the reincarnation Lord. Lianzhen, her confidant, died under the reincarnation Lord.

If we want to solve Li Qingshan, we must first solve the reincarnation of the reincarnation Lord.

But now, she did not find the existence of Ye Chen.

Boom! Boom! Boom!

At this time, the sound of firecrackers, bells and drums all around, very lively.

Birthday ceremony officially began, tiancanniang quietly, with a smile on her face, exchanged greetings with the guests.

Ye Chen and others are eating the banquet, but ye Chen is on guard. Looking around, he doesn't see the figure of Chiyuan holy king or the senior elders of shengtianfu.

This birthday ceremony scene, only Tiancan Niang, and her people, chiyuanshengwang is not.

"Where is the holy king of Chiyuan?"

Ye Chen wants Li Qingshan and his son to recognize each other. The premise is that the holy king Chiyuan is present. But now that the holy king Chiyuan is not here, how can he recognize each other?

"Tiancan Niang Niang, today is your birthday. Why hasn't Chiyuan holy King appeared yet?"

One of the guests questioned that on such a big day of shoudian, King chiyuansheng, as her husband, did not appear. It's incredible.

"My husband has something important to deal with. If you can't attend today, please forgive me."

Tiancan Niang said with a smile.

When they heard this, they all looked at each other and felt that there was something else behind them. But if Tiancan didn't say anything, they didn't dare to ask.

There is a little trouble in the heart of empress Chan.

"Big brother, my father Cough Is there anything wrong with the holy king of Chiyuan? "

Li Qingshan asked in a low voice, in case of an accident to the holy king of Chiyuan, the plan to cure Li Feixue would also be blocked."Don't worry, just wait and see."

Ye Chen is quiet. Chiyuan Shengwang is the younger martial brother of henggu Shengdi. He has a good command of heaven and is superior to Tiancan Niang in strength. He can't be murdered.

Empress Tiancan has been domineering these years, but king Chiyuan didn't care too much about it, just worried about the big cause and effect of the past.

After all, tiancanniang had saved his life. The cause and effect was so great that he was very scrupulous.

Therefore, chiyuanshengwang can't be murdered by Tiancan Niang. Today, he hasn't appeared. There must be something behind him.

Ye Chen is not in a hurry, just watch the change. Anyway, both he and Li Qingshan are perfectly disguised. As long as they don't expose themselves, they won't be found.

Tiancan Niang's eyes are constantly moving, obviously searching for something, but ye Chen's disguise is too clever, and she doesn't find anything at all.

"Ladies and gentlemen..."

All of a sudden, mother Tiancan cleared her throat and offered up an array dish, saying:

"I have an array dish here, and there is a remnant array in it. Who can crack this remnant array?"

Wow.

In the middle of speaking, tiancanniang plays a magic formula and activates the array disk. A maze like array suddenly falls into the void.

This big array, each pattern, is complex and abstruse. It's a maze. It seems that any attack into this maze is like a bullock into the sea, and it won't have any effect.

It seems that the labyrinth has been damaged due to the vicissitudes of time. The star position of the labyrinth is so incomplete that people can't see the source of the labyrinth or the destination.

"What array is this?"

"It seems to be the lost mirage array left behind by taixuan array, HuangXuan and Taiqing, the great master of Taoism in the past."

"The lost phantom array? It is said that this array is a pure labyrinth. Any magic weapon will fall into the mire of the labyrinth and will not play its role. "

"Even if people step into the maze, they will be completely dizzy and will never be able to get rid of it."

Seeing this labyrinth array, the guests all whispered. Some people recognized that it was the array left by taixuan array emperor, the great master of the array in the past.

Chapter 5067

"Master, is it your array?"

Ye Chen's eyes shrink. He inherits the tradition of taixuan array gate, and naturally knows the mystery of the lost phantom array, but he didn't expect to see it in Tiancan Niang's birthday ceremony.

"Eh, I didn't expect that my array was in the hands of the holy heaven! Boy, didn't I tell you that? I have an array in the desert. If I get it, I can save your life. "

"The array disk is here. The array sealed inside is the lost and phantom array."

Reincarnation cemetery, taixuan array emperor is also a praise, did not expect to see his array disk here.

"I see..."

Ye Chen suddenly realized that when he went through the desert, he didn't find taixuan array emperor's array plate. It turned out that he had already been obtained by shengtianfu, and now Tiancan Niang took it out.

"If the emperor wants to use this magic medicine to break the mystery of heaven and earth, it will be of great benefit to anyone who is willing to use this magic medicine to cultivate the Holy Spirit."

With a smile and a wave of the palm of her hand, tiancanniang has many pills floating out like a river of stars, encircling the whole sword Tianxing, forming a long belt of pills, which is very spectacular.

The audience was in an uproar, and all the guests looked at each other with intense eyes.

Shengtianfu is worthy of its profound foundation. It's a big hand to make tens of millions of shengtiandan.

Even ye Chen, seeing so many pills, is extremely excited.

If these pills are used to feed the wild devil Heaven Sword, it can further enhance the sword Qi.

However, ye Chen didn't act rashly, because he knew that if he started recklessly, it would be easy to leak his breath, and he would be identified by Tiancan Niang, and the consequences would be extremely serious.

After all, this is Tiancan Niang's territory. If she wants to kill people, ye Chen will be in trouble.

"Wait a minute, how can there be the cause and effect of disaster Sky Sword in this array?"

All of a sudden, ye Chen found a wonderful thing.

In the hands of tiancanniang, he caught a trace of cause and effect.

That's the breath of disaster sky sword!

"This What's going on? Master taixuan, do you know where the Tianjian of disaster is? "

Ye Chen is surprised. In the war between henggu Shengdi and Hong Tianjing in the past, the disaster witch blew herself up, and the disaster Sky Sword didn't know where to fall.

If you can get the disaster sky sword, when Li Qingshan's sister recovers, the sword spirit and the sword body become one, and the edge of the disaster sky sword can be instantly restored.

At that time, ye Chen can get a great help!

Imagine how powerful the disaster sky sword at its peak is. I'm afraid one sword will kill xuanjiyue.

If the edge of these weapons is restored to its full strength, it will be as terrible as heaven. It is incredibly powerful, and even the superior should be afraid of it.

And now, there is the cause and effect of the disaster sky sword on the disk of the lost phantom array!

If you can get that array plate, ye Chen can instantly push the whereabouts of disaster sky sword!

"The sword of disaster? How can the cause and effect of this heavenly sword be on my array? It's impossible. Are you wrong? "

Taixuan array emperor deeply frowned, carefully induction, but did not find the array plate is strange.

"The cause and effect is very weak, only my blood is special, can I feel clearly."

Ye Chen's eyes are blazing. The residual cause and effect of the disaster Sky Sword is very weak. If it wasn't for his reincarnation, he couldn't feel it at all.

"Really? It's strange that my array has the smell of disaster sky sword."

The emperor of taixuan array frowned more and more deeply. He couldn't understand the joints.

"Who can break the battle?"

Empress Tiancan looked around the audience, and all the guests looked at each other. They were eager to get the ten million holy pills, but the lost and phantom array was obviously not so easy to break.

The array disk is incomplete, and many of the mysteries of the array patterns can't be seen clearly. If you step in rashly, it's easy to be trapped in the array and can't get out.

At that time, let alone break the battle, even oneself will be in danger of being trapped to death.

"Lady Tiancan, I want to have a try!"

All of a sudden, a strong man stood up and offered a magic weapon. It was a pagoda made of gold, suspended behind him, humming and releasing a majestic atmosphere.

"It's the leader of Taiyun Tianzong!"

One of the guests exclaimed that Taiyun Tianzong was a second-class sect in the realm of heaven and man. The leader was Liu Taiyun. He was a good hand at the five level heaven in the real world. He had a gold pagoda, which was a very heavy magic weapon. He was famous for his power and hegemony.

Tiancan Niang said with a smile, "Master Liu, you also know the way of array?"

The strong man named Liu Taiyun said with a smile: "I'm not very proficient in array, but I still have some brute force. It's not difficult to break your remnant array." Tiancan Niang said, "Master Liu is very brave. Please."

Leave her in place.

"Please."

With a confident smile, Liu Taiyun flew out and stepped into the array.

Hum!

The disk was suspended above the array. As soon as Liu Taiyun stepped in, the disk vibrated, and the whole lost and phantom array burst out with more dazzling brilliance.

Layers of patterns begin to twist and change into labyrinth like walls, bursting out madly, trapping Liu Taiyun in them.

"Broken!"

Liu Taiyun did not hurry, directly urged the gold pagoda, bombarded out.

Bang!

All of a sudden, layers of labyrinth walls continue to burst, but the whole array is spinning and moving, drawing energy from the void. The energy seems endless. As soon as the labyrinth walls are destroyed, new walls will burst out.

Layers of patterns, constantly intertwined, seem to evolve infinitely.

Liu Taiyun's face turned white and his brute force had no effect. He felt that this maze seemed to have infinite energy and could not be broken by any force.

Boom!

Many labyrinth walls, package squeeze over, Liu Taiyun quickly Dodge, but suddenly stepped into the array dead door, at the foot of a black hole vortex.

"Ah

In a flash, Liu Taiyuan was swallowed by the black hole, and the whole body fell into the void.

"Ha ha..."

When Tiancan Niang saw this scene, she disdained to smile. She watched Liu Taiyun's death, but she didn't mean to rescue him. She looked like a good play.

"It seems that Lord Liu's force can't break my remnant array. It's really a pity."

Lady Tiancan took a sip of tea, looked around the audience and said, "who else would like to have a try?"

People all feel numb when they see this. This shadowy phantom array is just a remnant array. It's really terrible that it can swallow up the five level heaven's good hands.

This time, the whole audience was silent, but no one dares to go up and break the battle, so as not to be trapped in the maze and engulfed alive.

"Master taixuan, your array is really wonderful."

Ye Chen also praised a, too Xuan array emperor's method is really clever, he left a remnant array, all can kill still true realm five layer sky's good hand.

"Ha ha, it's just that guy is too reckless."

The emperor of taixuan array laughed and said no.

In fact, it's not easy to kill people in the shadow formation. It's impossible for the enemy to step into the gate of death and withdraw long before they realize the danger.

This Liu Taiyun, just wants to break the battle, so he gets deeper and deeper, and is finally swallowed up.

"Tiancan Niang Niang, I also want to try."

At this time, an old man suddenly stood up, but he was the senior elder of the dark dragon temple, Chen cangsheng!

Chapter 5068

Obviously, even Chen cangsheng is attracted by ten million pills. I don't know how much good it will be to take so many pills back to cultivate disciples.

"Elder Chen, do you want to break the battle with strength?"

Tiancan Niang said with a smile.

"If you can break the battle, it doesn't matter what means."

With a smile, Chen cangsheng flew directly out of the sky and turned into the real body of the dark dragon.

Boom!

As soon as Chen cangsheng's dark dragon body appeared, the wind and cloud were rolling, and the black air was rushing into the sky. The scales of the dragon were opening, showing a very severe evil spirit.

Ye Chen is secretly frightened. Chen cangsheng's breath is stronger than last time.

After Chen cangquan came to the world to make progress, he obviously wanted to make progress.

Ye Chen suddenly dignified down, this array of disk, with the cause and effect of disaster sword, if Chen cangsheng get, it can not be good.

By Chen cangsheng's means, we can always find out the existence of Tianjian breath.

"The hand of the demon, smash the sky!"

Chen cangsheng flies into the array and looks at the layers of labyrinth patterns in front of him. He still doesn't mean to crack them carefully. He also wants to use his strength to break the array. The Dragon claws suddenly come out, and the evil spirit explodes. He is like an archaic demon and bombards them hard.

Boom!

All of a sudden, layers of patterns were smashed by Chen cangsheng.

The whole array is shaking violently.

Chen cangsheng's hand of the dark devil is as powerful as the sky. Nothing can stop it.

What a tough character he is. This shadowy phantom array is just a remnant array. No matter how powerful it is, it can't trap him.

Chen cangsheng's face is also full of confidence, ready to break the battle at one stroke, to get the ten million Dan medicine reward.

But all of a sudden, deep in the array, there is a stream of obscure energy, deep to the extreme. This energy, like a whirlpool, absorbs all the power of Chen Cangsheng.

Chen Cangsheng's bombardment did not break the array. All his powers were swallowed.

Seeing this scene, the whole audience was in an uproar.

Everyone did not expect that this remnant array would be so powerful that even Chen Cangsheng could not crack it.

Boom!

In the array, the black hole whirlpool explodes everywhere. Chen Cangsheng's startling blow seems to touch the dead door and be swallowed by the array black hole.

However, Chen Cangsheng made a quick decision. As soon as the dragon body swung, a dark flash flashed, he immediately flew out to avoid the swallowing of the array.

"Elder Chen, it seems that you failed to crack the array with brute force."

Tiancan Niang narrowed her eyes and laughed.

"Hum!"

Chen Cangsheng's face was very ugly, but he felt that the array had been manipulated and deliberately strengthened. Although the star position of the array pattern had not changed, there was an energy support behind it, which made his attack easier.

"This woman, skilled in calculation, still doesn't want to waste pills."

Chen Cangsheng thought in his heart, but he didn't reveal it. He knew that it was Tiancan Niang who had moved her hands and feet, and obviously didn't want to send out the ten million pills.

"Master, your array is so powerful that even Chen Cangsheng can't break it?"

Ye Chen's eyebrows wrinkled, inquiring too. Xuan Array Emperor faintly felt a bit not right.

"No, it's the Tiancanniang who has done something and poured a strong energy into her back. She wants to crack this array by brute force, unless her cultivation is better than her."

Taixuan Array Emperor saw the details at a glance and answered.

"I see. I think it's weird, too."

Ye Chen suddenly realized.

"Would you like to go up and have a try?"

Taixuan Array Emperor said.

Smell speech, but Ye Chen is silent.

Although the ten million holy pills are precious, they can't attract Ye Chen.

What really makes Ye Chen excited is the cause and effect of disaster Tianjian.

There is the smell of disaster sky sword on the array disk. If he gets the array disk, he can infer the whereabouts of disaster Sky Sword instantly!

Disaster sword is what Ye Chen really wants.

Once the sword is in hand, he will face xuanjiyue and Emperor Shitian. He is almost sure to win. Only the real superior can threaten him.

However, if you break through, it is likely to be exposed.

Once exposed, Tiancan empress thunders, ye Chen is not sure to fight.

But vaguely, ye Chen also felt that he had great fortune, and the number of Qi was just flourishing, far from the time of falling, and he didn't feel the danger of falling now.

It seems that even if the hand, there will be no danger of life.

"I'll do it!"

Just when ye Chen is weighing up, a young man flies out, but he is the son of the army breaking emperor, the son of Sunan.

"Mr. Sunan, how dare he do it?"

"This son of Southern Jiangsu is a proud son of heaven, but he wants to break the battle. Is that impossible?" "Even Chen cangsheng can't break this array. How can he break it?"

When the guests saw the young master coming out, they were all whispering.

"Nephew Su, do you want to fight?"

Tiancan Niang smiles. She has a good relationship with Sunan Gongzi's father.

"Yes, madam, my nephew also wants your ten million pills."

The son of Sunan shook his folding fan and said with a smile.

Just now Chen Cangsheng broke the array, he has consumed the energy behind the array. Now he has a great mobile phone meeting, and he can break the array with brute force, so he won't be hindered too much.

Tiancan Niang said with a smile, "OK, you go and have a try."

"Yes."

With a smile, the son of Southern Jiangsu put away his folding fan, offered sacrifices to the flaming stars, and rushed directly into the array.

When ye Chen saw the young master of Southern Jiangsu entering the battle, he sat still and watched the change.

"Flame, sky fire, explosion!"

As soon as the son of Sunan entered the battle, he looked at the layers of labyrinth patterns. His face was dignified. Obviously, he didn't dare to be careless and directly urged the flame star.

The whole flaming sky star rose wildly, turned into a small star, dribbling and spinning, burst out the sky fire, infinite magma, swept out madly.

Whoa, whoa, whoa!

The lines were swept by the flames and the sky fire, and immediately melted, curling up black smoke, and the labyrinth walls were washed down.

Obviously, the plan of Sunan young master was also cracked by brute force.

However, his brute force is not pure strength, but fire, which directly uses the sky fire of flame Tianxing to destroy all existence.

Boom!

The raging fire, burning wildly, spreads out along the array pattern.

At that time, the whole huge array was covered with fire, and became fiery, red, and magma flowed out everywhere.

Ye Chen also feels the great fire, and pours on his face.

The flaming star, worthy of the treasure of chaos, has a magnificent breath and a raging fire.

However, ye Chen does not think that the son of Southern Jiangsu can break the battle.

Tiancan Niang dares to put herself in the array. Naturally she has something to rely on. If she wants to crack it with brute force, how can it be so easy?

Boom!

At this time, the son of Sunan touched the dead gate of the array, and suddenly black hole whirlpools emerged.

Chapter 5069

"Broken!"

The young master of Southern Jiangsu was not in a hurry. He had already made preparations. The flaming sky star urged him to the extreme. The stars crackled, the earth cracked, and the earth penetrated with infinite magma.

These hot magma, washed out, poured into the array of black holes, actually forced each black hole vortex, poured burst, directly destroyed.

Seeing this, there was a burst of praise in the audience, and they all marveled at the means of the son of Sunan.

But Tiancan Niang, however, was indifferent and unmoved.

"Hum!"

All of a sudden, the array disk suspended in the sky released a golden light, and a small crystal appeared in the center of the array disk. This crystal was not much bigger than the dust, but it was shining, and infinite energy rushed out.

With the infusion of this crystal energy, the breath of the array disk soars, countless patterns fall down, and the array that was just destroyed by the flame magma immediately returns to its original state.

Even, the breath of the array is stronger than just now. Countless black hole vortices emerge again and rotate continuously. It seems that they are going to devour everything and can't be blocked.

"No!"

The son of Sunan was startled. He quickly offered a sacrifice to Tianxing, resisted the swallowing, and flew back out.

Yes!

His flaming star was engulfed by black hole whirlpool.

"My magic weapon!"

The young master of Sunan was shocked. The flaming star was the magic weapon of his life. Now it was swallowed up. No matter how he urged, there was no response.

"Ha ha, nephew Su, it seems that you can't break the battle. It's a pity."

Tiancan Niang smiles and turns her hand. The flame Tianxing, swallowed by the array, appears in her hand.

Her face is red, and her face is red.

Whoa!

The next moment, the Tiancan lady waved her hand and shot the flaming star at the son of Sunan.

"Thank you, madam."

The son of Sunan catches the bead, the magic weapon is lost and recovered, his back is in a cold sweat, and he looks at the remnant array with a trace of fear.

Although it is a remnant array, there is a small special crystal embedded on the array disk. At the last moment, it burst out amazing energy and maintained the operation of the remnant array. It was not destroyed by the flame star.

The young master of Sunan also failed and went back to his seat.

"She did the same thing with this dish!"

The face of the emperor is embedded in a circle of mysterious stones.

Obviously, Tiancan Niang has made extra efforts to strengthen this array, so she can't break the array either with brute force or with the sky fire of flame Tianxing.

"It's the crystal of the world!"

Ye Chen as like as two peas, but he recognized it. The special crystal is the same as the one in Tai Xuan's gate sky altar, the star in the Seven Star Dragon Dragon block.

Tiancan Niang Niang is much smaller than taixuan's, but it's more than enough to keep the disk running.

The inside information of shengtianfu is really deep, even the crystal stones of the supreme world.

"It's a pity that there is no one to break the battle today. Who else wants to have a try?"

At this time, mother Tiancan opened her mouth and looked around the audience.

All the guests looked at each other. Now even Chen cangsheng and Sunan childe were defeated. No one dared to try again.

Obviously, it is almost impossible to rely on brute force.

"Master, I want to have a try!"

Ye Chen's eyes are fierce, and taixuan array emperor discusses.

This array plate has the cause and effect breath of disaster sky sword, ye Chen doesn't want to miss it.

"You're not afraid of exposure? I always feel that this array may be a bait. "

The emperor of taixuan array frowned and felt something was wrong.

"I also feel like a bait. I want to lure me out, but I have a deep insight into the secret. I don't find any danger. Even if it's a bait, I should be able to turn the bad into the good!"

Ye Chen continues to deduce, although in the realm of heaven and man, his inferential powers are greatly limited, but when it comes to his own life and death, he can still see clearly.

Now ye Chen deduces his insight and doesn't catch the particularly dangerous disaster gas. It's obvious that it's not time for a big disaster. There is a lot to be done.

"Make up your mind. If it's really dangerous, I'll help you!"

The emperor of taixuan didn't say anything more. He only felt that if ye Chen came up, it might be dangerous. After all, this is Tiancan Niang's territory. Once exposed, the consequences would be unimaginable.

However, the emperor of taixuan had absolute confidence in his own strength. Even if ye Chen was exposed and chased by Tiancan Niang, he had confidence to retreat.

"Well, I'll go!"

But ye Chen didn't want to miss the disaster sword. He immediately flew out, looked at Tiancan Niang and said, "HuangChen, the disciple under the seat of Wolong Temple, dare to have a try. Please teach me!" "Well?"

When Tiancan Niang saw Ye Chen appear, her eyes narrowed, and she seemed to feel something. She looked at Ye Chen's face carefully, but ye Chen's eight trigrams were very clever. On the surface, she didn't see anything.

"Big brother!"

Li Qingshan was surprised. He didn't expect that ye Chen would suddenly fly out. Is it really not fatal? What if lady Tiancan finds out?

Wolong God Zun is also surprised, did not expect that ye Chen will take the initiative to go out.

All the guests in the audience are also all strange. At present, ye Chen is dressed like a servant of yesterday. They only think that ye Chen is a servant in the Wolong Temple.

"Where's the boy from, he also wants to break the battle?"

"Even elder Chen and young master Sunan have failed. Can he succeed?"

"It's impossible. The array put forward by Tiancan Niang today is so complex and terrifying. Who can crack it?"

There was a look of disbelief on everyone's face.

And Sunan child, see ye Chen appear, also dull.

"Boy, even I can't break the array. What qualifications do you have to break it?"

The son of Southern Jiangsu directly sneers, obviously does not believe that ye Chen has this ability.

Chen cangsheng also frowned. Although he didn't say anything, looking at his expression, he naturally didn't believe Ye Chen.

Once you step into the shadowy phantom array and step on the dead gate, you will be swallowed by the array black hole immediately, and even the dregs will not be left.

In the eyes of many people, ye Chen is already a corpse.

Tiancan Niang's beautiful eyes turned for a moment, nodded gently, and said: "young man, I'm so bold. You can try it. Do you want to break the battle with brute force?"

Ye Chen said: "no, I will directly use the way of array to crack this array."

Voice falls, the whole audience rings out a burst of disdainful laughter, only think ye Chen is bragging.

Tiancan Niang also laughed and said, "this remnant array is left by the emperor of taixuan array. Can your cultivation be comparable to that of the emperor of taixuan array?"

Ye Chen arched his hand and said, "let's have a try."

Chapter 5070

With that, ye Chen flies into the remnant array. Suddenly, the array disc is buzzing and releasing infinite energy. The whole array is in operation. Countless patterns interweave with each other, and ancient totems and symbols explode into layers of labyrinth walls. They are all pressing towards Ye Chen.

"Boy, watch out! Pay attention to the star position of the array

In the reincarnation graveyard, the emperor of taixuan array says something. Now ye Chen comes out. If she wants to break through the array without being identified by Tiancan Niang, she can't use the means of reincarnation Lord. Brute force can't be used. She must use the means of array.

Ye Chen nods and naturally knows this.

He inherited the tradition of Shura demon God, and the cultivation of the array was close to the emperor of taixuan array. When he saw that the walls of the labyrinth were pressing against him, he immediately saw the subtlety of the strange door dunjia.

The way of array can't be separated from the categories of Liangyi, Sancai, Sixiang, Wuxing, Qixing, Bagua and Jiugong dunjia.

This shadowy and illusory array mainly uses the means of eight gates to escape. There are such stars as Shengmen, Dumen, Jingmen, xiumen, Diemen and so on.

Ye Chen suddenly recognize the door, move past, immediately avoid the maze wall of the trap kill.

WOW!

The array pattern twinkled, burst out a more brilliant light, countless strange door illusions, swords, beasts and so on, all passed in front of Ye Chen's eyes.

Ye Chen sticks to his original heart and is not moved. He identifies the position of Shengmen and moves with Shengmen.

"Why?"

Outside the array, all the guests were surprised to see that ye Chen didn't use brute force, but just moved wrong, so he easily avoided the attack of the array.

"Is this boy really proficient in the way of array?"

The son of Sunan was dumb and speechless.

Ye Chen's posture is natural and unrestrained. Under the countless lines and illusions, he constantly shuttles, such as birds in the sky, butterflies in the forest, elegant and graceful, without any hindrance.

Tiancan Niang's eyes narrowed slightly, looking at Ye Chen's action, trying to find out something, but she never found it.

After two years of incense burning, ye Chen was killed by the infinite array pattern, and was not hurt at all, let alone engulfed.

And ye Chen has basically found out the operation routine of the array in these two incense burning times. All the changes of the position of dunjia are clear in his mind.

"Die, die, break!"

Ye Chen's eyes suddenly sharp, in many surprised eyes, he actually stepped into the dead door!

Death Gate, this is the most deadly existence in the array. Once you step on it, you will be killed immediately.

"This boy is crazy. He stepped on the dead door on his own initiative!"

All the guests thought that ye Chen was crazy, which was a complete act of death.

Both Wolong shenzun and Li Qingshan were nervous. They stood up abruptly.

Boom!

As soon as ye Chen stepped on the dead gate, tens of thousands of black holes burst out in the space of the array, endless, countless black hole whirlpool, crazy rotation, devouring everything between heaven and earth. It seems that no matter what enemy is in this array, he will be completely swallowed!

Ye Chen is in the endless black hole whirlpool, but he is not in a hurry. He knows that the way to break the array is to die and later life. If he wants to step on the door of death, he can find the last trace of life in the endless black hole death.

"Over here!"

Taixuan array emperor is afraid Ye Chen can't see, pointed to a position.

This position, however, is the location of the death gate, the vitality in the gate of death. Behind the endless black hole vortex, there is a very hidden gate of life, which is the only secret to break the battle.

"I know."

With a smile, ye Chen saw the gate of life for a long time. His body immediately flashed, like a meteor, shuttling through the layers of black hole whirlpool, hitting the last gate of life.

Boom!

With the fall of Ye Chen's foot, the lines around them tremble violently, and then burst and collapse one after another, as if they had been trampled on a dead hole and collapsed in an instant.

For ye Chen, it's a gate of life, but for the array itself, it's a dead end. As long as you step on it, the array will collapse immediately.

Boom

A terrible scene appeared. The whole array was collapsing wildly. Countless patterns burst, black holes shrank one by one, whistling like the dying celestial bodies in the universe. The wind was rolling and whistling.

The weather of all arrays is collapsing.

In the blink of an eye, the whole remnant array completely collapsed and disappeared. The array disk suspended in the sky also lost all its light and fell on Ye Chen's hand.

Success!

"What

"This boy, actually succeeded in breaking through the battle?"

"It's impossible. How did he do it?"

"What a miracle! When did such an arrogant God come out of Wolong Temple? He had such a rebellious array cultivation. Even the remnant array left by Emperor taixuan could be broken so easily! "

"How wonderful! Even the son of Sunan can't match him! It was amazing that people were amazed.

This time, ye Chen broke through the array. He walked through the whole process without any hindrance, showing his extremely profound array cultivation. His elegant demeanor and elegant posture are highly appreciated.

The young master of Southern Jiangsu was staring at this scene, but he couldn't believe it.

He didn't expect that ye Chen really mastered the secret of the array, and he was so powerful that he easily broke the remnant array arranged by Tiancan Niang without any effort.

You know, this remnant array, even he, and Chen cangsheng of the hell Dragon Temple, failed to break, but ye Chen did.

Chen cangsheng sits on the seat and stares at Ye Chen. He seems to catch something, but he is not sure.

"Big brother is so powerful!"

Li Qingshan is relieved, thought Ye Chen will have an accident, did not expect so smooth.

Moreover, ye Chen didn't use any aura in the process of breaking the array, so he didn't expose the identity of the Lord of reincarnation and spent it safely.

Wolong shenzun also wiped a sweat, it seems to be a success, he is only afraid of something unexpected.

"That's great. I've got the array!"

Ye Chen got the array plate and was overjoyed.

"Be careful!"

The emperor of taixuan array suddenly called out, full of vigilance.

At this time, there was a "Chi" sound from the array plate, but there was a sword Qi, which was shot fiercely.

This sword is very fierce. On the surface, it is covered by layers of natural means. It looks like an ordinary sword, but in fact, it contains a great smell of natural disasters, and the cutting edge is rolling.

It's the power of the disaster sky sword!

Tiancanniang ambushed!

"What

Ye Chen was shocked. He didn't expect that Tiancan Niang had a back hand. The sword Qi was hidden too deep. He didn't find it at all.

The fierce sword Qi cuts Ye Chen straight, and the momentum is very fierce. It's too late for taixuan array emperor to intercept.

Wolong shenzun, on the other side of the banquet, saw the sword coming out, and his face changed greatly. Suddenly, something happened, and he couldn't stop it.
