Chapter 5071

All the guests were shouting. Unexpectedly, there was an ambush of sword spirit in this array. It was undoubtedly the masterpiece of Tiancan Niang. What did she want to do?

Today is her birthday. Does she want to kill people?

"Red dust God pulse, open!"

Ye Chen saw that the sword was fierce, and he cut down people's heart. He quickly opened the red dust pulse, and a golden bell like shield came out to protect himself.

Zheng!

The sword Qi of the disaster Sky Sword cuts on the shield of the red dust God pulse. It doesn't break or hurt Ye Chen.

Although this sword Qi is fierce, its killing power is far from the peak. Ye Chen can resist it.

"Ha ha ha, boy, it's you! It's you who killed my man, Emperor Lianzhen, isn't it? "

Tiancanniang, who had never opened her mouth, was full of hatred.

Although Ye Chen didn't expose the breath of reincarnation blood, who is Tiancan Niang? Her cultivation is unfathomable.

Ye Chen a hand, she immediately caught the secret, know ye Chen is reincarnation of the identity of the Lord.

However, tiancanniang did not directly expose it.

Because, reincarnation of Tianwei, killing is very strict, she is not xuanjiyue, not so big luck, can withstand reincarnation of the pressure.

Even if you want to kill Ye Chen, you can't expose Ye Chen's identity in public, otherwise it will lead to terrible punishment, which is hard to resist.

Although Tian can Niang Niang didn't say to break, but leaf Chen already knew, oneself exposed.

This array plate is really a bait. Tiancan Niang ambushes the sword Qi of disaster Tianjian in it. When ye Chen breaks the array, the sword Qi bursts out and forces Ye Chen to fight, thus exposing her identity.

All the guests were at a loss when they saw Tiancan's murderous appearance.

They naturally don't know that ye Chen is the Lord of reincarnation, but listen to Tiancan Niang's words, it seems that ye Chen killed Lianzhen emperor?

Lianzhen emperor, but Tiancan Niang's confidant, is very powerful. They can't believe that Lianzhen emperor will be killed by Ye Chen.

"This boy, is he capable of killing emperor Lian Zhen? It's impossible

The son of Sunan was surprised. His family had a friendship with Tiancan Niang, that is, Lianzhen.

His father, the great emperor who broke the army, and the great emperor Lianzhen were both disciples of saints.

Emperor Lianzhen took refuge in shengtianfu, and his family also followed him. In recent years, he got a lot of protection from tiancanniang.

The son of Sunan also knows that emperor Lianzhen has fallen recently, but he never thought that the murderer was Ye Chen.

He deeply doubts Ye Chen's identity. Ye Chen can't be an ordinary disciple of Wolong Temple, because ordinary disciples can't have the strength to kill Lian Zhen.

Looking from left to right, ye Chen's cultivation was just six levels of heaven and earth. All the guests were shocked. They didn't believe that the realm was so low that they were qualified to kill Lian Zhen.

"Those who dare to kill me, I want your life to fill in!"

Tiancan Niang's eyes are extremely fierce. This is inside the sword Tianxing. She is the territory of the magic weapon of her own life. She occupies the absolute advantage, just like the master.

Boom!

With a wave of her hand, Tiancan lady, thousands of miles away, gathers a torrent of magic swords and swords. Her momentum is even more terrifying than that of Zhutian Shenjian Jue. She slashes wildly, breaks through a lot of time and space, and cuts directly towards Ye Chen.

While chopping Ye Chen, Tiancan Niang's eyes also noticed Li Qingshan!

Seeing through Ye Chen's identity, she knows that Li Qingshan is the illegitimate son she has been trying to get rid of!

Ye Chen, the guardian of Li Qingshan!

As long as ye Chen is killed, Li Qingshan will be killed!

Li Qingshan's pupils contracted. Unexpectedly, ye Chen was really exposed.

This time, lady Tiancan tries her best. Her power is terrible.

The whole sword sky star is shaking wildly. The million swords reflect the sunshine. I don't know how brilliant they are.

Tiancan Niang's cultivation is extremely terrible. She tries her best to kill Tianwei. It's easy to imagine how terrible the sword Tianwei is. I'm afraid that she will kill the ordinary people who are at the top of the real world!

Ye Chen looked at the rolling sword in front of him, and his face turned white. He didn't expect that Tiancan Niang was so powerful.

"Tianwu and longtengfa!"

At this time, Wolong shenzun saw that ye Chen was in danger, and immediately roared. A page of tianwu Wolong Scripture shot out of his body, and instantly enlarged to cover the sky and the sun.

On the Sutra, there are layers of chains covering and winding, and the seal is very heavy.

Through these seals, we can see clearly that the characters on this page are dragon shaped symbols, just like the ancient dragon totem, which is a magnificent text made of the dragon.

"This is Tianwu Wolong Sutra

"Ah, the legendary tianwu Wolong Sutra! 33. The most mysterious existence in the Mongolian Dharma of Tianhong! ""It's a pity that there is only one page of Scripture. I can't see through the cause and effect of Hongmeng. I can't practice Hongmeng's great starry sky."

"A page of Scripture, that's amazing, it's earth shaking, the power of explosion is incredible!"

"The legend of tianwu Wolong Scripture stresses accumulation and thin hair. Once it has accumulated enough, it will burst out, and the supreme gods will not be able to stop it."

All the guests, seeing this page of Scripture, were surprised and sighed.

I can't help witnessing the futility of this book.

Although this page of the Scripture is heavily sealed, we can't understand the great mystery of Hongmeng's cause and effect, but we are shocked to see the most mysterious Hongmeng Scripture in the legend with our own eyes.

Boom!

The God of Wolong unfolded the Scriptures and was inspired by the method of tianwu and Longteng.

The millions of swords and swords in the Scriptures, countless swords and swords, and a Zhenwu Tianlong, collide and fight with each other, suddenly burst out of unimaginable magnificent air, everywhere is full of Blazing Sword, everywhere is bursting with Tianlong's roar and anger.

In the end, the sword torrent of tiancanniang was completely blocked by this page of Scripture, and fell down with a bang. The sword debris all over the ground piled up into ruins.

However, this page of tianwu Wolong Scripture was not damaged at all and escaped back to the body of Wolong God Zun.

"Puff!"

Wolong shenzun opened his mouth and spurted blood. He was seriously injured.

Although the Scriptures were not damaged, he was absolutely hit by Tiancan Niang, and directly suffered heavy damage.

Tiancan Niang's cultivation is much more powerful than him. If tianwu Wolong Sutra didn't resist, he might die.

"Tianwu Wolong Sutra? The most mysterious Hongmeng ancient method in the legend is really powerful. "

Tiancan Niang's face turned white. She was not hurt, but she was resisted with all her strength. Her breath was also disordered and was greatly impacted.

Her sword, Tianxing, broke out at the top. Even the top experts in Zhenjing could be killed, but she was blocked by Wolong God.

The legendary tianwu Wolong Sutra is indeed profound and unpredictable, and she is also amazed.

Chapter 5072

"Master!"

Ye Chen flies to Wolong shenzun in a hurry and holds him.

Wolong shenzun shakes his head, indicating that ye Chen doesn't need to panic. He can hold on.

"Wolong shenzun, I don't think it's easy for you to cultivate. Leave me as soon as possible. Today I will only kill this boy."

Tiancan Niang takes a deep breath, slightly adjusts her breath, and her eyes are sharp. She stares at Wolong shenzun and ye Chen.

After all, Wolong shenzun is the servant of the supreme daughter of heaven. She doesn't want to disturb the killer, so as not to directly cause the immortal punishment of the will of the heavenly daughter. It's a

great event for her to kill Ye Chen and touch the reincarnation of heaven. If she adds the punishment of the supreme daughter of heaven, she can't bear it.

Although she killed Ye Chen, sooner or later, she will be cleared by the heavenly daughter, but at least not now. Later things can be planned later.

"Reincarnation Lord, you go first. I have a page of tianwu Wolong Sutra. She can't kill me."

Wolong shenzun sends a message to Ye Chen, indicating that he will leave immediately.

Ye Chen looks around the room, and the eyes of all the guests fall on him. Some are surprised, some are surprised, some are confused. Obviously, no one knows what happened, let alone Ye Chen's identity.

"Castle Peak, let's go!"

Ye Chen bites his teeth and immediately makes a decision. If he stays here again, I'm afraid there will be unexpected disasters.

Since the emperor Wolong left behind, ye Chen didn't talk nonsense. He immediately said hello to Li Qingshan and fled to the sword sky star.

"Can you run?"

Tiancan Niang snorted, this star is her territory, she absolutely dominates.

Seeing that ye Chen and Li Qingshan want to escape, Tiancan Niang's mind moves. Almost all the swords of the whole star fly up, forming a spectacular sea of swords. The sharp light and shadow of the swords explode and kill them.

Wolong shenzun has been seriously injured and is hard to resist. However, he suddenly shakes his body and directly kills Tiancan Niang herself. He wants to force her to fight back and give up chasing.

"Hum!"

Hum, with a sword in his hand, the man rushed out of the sky like a white immortal.

"Don't be presumptuous. If you dare to hurt your mother, I'll kill you with one sword!"

The man in white, like a sword fairy, is the spirit of the sword sky star.

Sword Tianxing has two star spirits, one sword and one sword. This man is the star spirit of sword, and his name is Lingjian immortal.

The cultivation of lingjianxian was not as good as Wolong shenzun, but now Wolong shenzun was injured, so he took a easy sword to block it.

The shoulder of Wolong shenzun was pierced by the spirit Sword Fairy, and blood spattered immediately.

"Lord of reincarnation, run..."

In the mouth of the Wolong God Zun, he murmurs, but even though he is seriously injured, he never forgets Ye Chen's safety.

Boom!

Without the bondage of Wolong God, Tiancan lady was swept by the wind and clouds with swords, and killed like flying locusts.

Against the backdrop of the monstrous swords, ye Chen and Li Qingshan's bodies are just like the mole ants under the doomsday natural disaster.

"Master taixuan, borrow my strength!"

Ye Chen roars in his heart. The power of Tiancan Niang's sword is too terrible. I'm afraid it's hard to escape without the help of taixuan array emperor.

"Boy, go!"

The emperor of taixuan array did not hesitate, and immediately infused all his aura into yechen.

Boom!

Ye Chen's Qi and blood seemed to erupt on the spot, and his cultivation breath soared.

"Nine robberies!"

In the moment of borrowing the power of the emperor of taixuan array, ye Chen's aura is thin, and his palm spreads a large area of array patterns and symbols, which instantly outlines the appearance of Xuanmen Jiuji array.

The whole Xuanmen nine calamities array, the town down, suspended in the sky, endless calamities followed the outbreak.

Whoa, whoa, whoa!

A sword, blast into the array, immediately by the infinite gate disaster engulfed.

But there are too many swords on this star. Sooner or later, we have to break through the array.

Fortunately, with the help of the emperor of taixuan array, ye Chen's array can at least last a long time, enough for him to escape.

Ye Chen immediately takes Li Qingshan and runs away quickly.

Boom!

It was as if tens of millions of swords came crashing into the sky, and the sky burst into the sky.

People at Shoudian can also see the terrible collision from afar. They can't help but open their eyes in horror.

"What kind of array is this? It can block the sword of Tiancan Niang!"

"This boy has hidden his strength. It's definitely not the sixth heaven of heaven and earth!"

"Who on earth is such a powerful means?"

Everyone was shocked. Tiancanniang's sword, Tianxing, and weapons all burst out, and those who were really strong would fall down. But Ye Chen, as if nothing had happened, successfully resisted with her array and escaped from Shengtian. Chen Cangsheng and the son of Sunan were stunned. Obviously, they didn't expect that Ye Chen would be so powerful.

I'm afraid they can't bear the killing of Tiancanniang.

"What's the identity of this boy?"

The son of Sunan frowned deeply and doubted Ye Chen's identity more and more.

"Isn't that the man?"

Chen Cangsheng is also shocked, vaguely guessing.

"I can escape. The legendary reincarnation master is really a terrible man. But you should have lost a lot of money, right? What shall I do next? "

Tiancan empress saw Ye Chen escape, a burst of surprise, but not too surprised, because she knew that the legendary reincarnation of the Lord, not so easy to kill.

However, her facial expression is still relaxed, seem to have another after move, a pair of today eat the appearance of leaf Chen.

Shua!

Ye Chen and Li Qingshan successfully escape from the sword star. Looking back at the star, they are full of clouds and thunder. Countless swords collide and kill each other. They break out an astonishing wave.

Many powerful people in holy heaven's mansion are watching curiously. They don't know what happened to the stars.

However, they didn't dare to move without the order of tiancanniang.

Moreover, they absolutely believe in tiancanniang's strength, and there can be no accident.

As soon as ye Chen escapes, he is discovered by many powerful people in the holy heaven. Fortunately, ye Chen sees the opportunity very quickly and flies away in the dark.

At this time, the power of taixuan array emperor also returned to reincarnation cemetery.

The emperor of taixuan array gasped violently, obviously it took a lot of energy. In a short time, he couldn't attach himself to yechen any more.

"Thank you, master."

Ye Chen thanks. Fortunately, with the help of emperor taixuan, he escaped safely.

If there is no taixuan array emperor, it will be extremely difficult for ye Chen to face the sword of Tiancan Niang alone.

"My father Where is the holy king of Chiyuan? "

Li Qingshan clenched his teeth. Today, at Tiancan Niang's birthday ceremony, he didn't see Chiyuan holy king from beginning to end. Now he was forced to flee by Tiancan Niang, and his heart was full of anger.

Chapter 5073

Where did king Chiyuan go? Why did he not show up?

Li Qingshan doesn't understand. If the holy king of Chiyuan doesn't show up, who will save his sister?

"Go out first!"

Ye Chen's eyes were fixed, but he didn't stay. He immediately took Li Qingshan and went to the holy heaven.

The array disk of Tiancan Niang is in Ye Chen's hand, which has the smell of disaster Tianjian.

Ye Chen flies out of the holy heaven's mansion. He is a little calm. He immediately takes out the array plate and visits it carefully. He catches the cause and effect of the disaster sword. The eye of the demon opens and calculates it directly.

In the realm of heaven and man, ye Chen's extremely evil pupil is greatly limited, but the cause and effect of disaster Tianjian is very great. As long as there is a clue and careful calculation, he can always push his eyes.

Ye Chen is engrossed in, and under his insight, he catches the clue.

"Tianjian of disaster, this sword is buried in a secret place in shengtianfu!"

All of a sudden, ye Chen found the trace, and his heart beat suddenly.

This array was ambushed by Tiancan Niang. Now ye Chen has a more careful insight and finds that the disaster Tianjian is in the holy heaven's mansion, buried in a secret place!

"Hidden in heaven? Hasn't Niang Chan got it yet? "

The emperor of taixuan array frowned and thought that Tiancan Niang had already got the disaster Tianjian.

"No, we still have a chance!"

Ye Chen clenches his teeth, but under the restriction of the devil's pupil, he can't directly spy on the specific location of the disaster Sky Sword in a short time. It's even more impossible to capture it.

"I'd better go back!"

Ye Chen made a quick decision and knew that it was not suitable to stay here for a long time. If he stayed any longer, he would be chased by Tiancan Niang. He immediately quickened his body and flew back to taixuan array gate.

"Lord of reincarnation, where do you want to go?"

But at this time, in the void, suddenly came a rolling voice, a mighty man, tearing the void appeared.

He seems to have been ambushing here for a long time, waiting for ye Chen to show up and then kill to stop.

This strong man is full of knife spirit, and his edge is extremely sharp.

"It's the spirit of sword sky star!"

Ye Chen's pupil shrinks, and suddenly from this strong man's body, he feels the breath connected with the sword sky star.

This person is obviously the spirit of sword star.

It is said that there are two star spirits in the sword sky star, one sword and one sword. They are called lingjianxian and badaoshen respectively.

In front of him, this strong man is obviously the God of the sword in the sword star spirit, and also the absolute confidant of Tiancan Niang.

"Sure enough, I knew you were going to run away. I expected you to come here."

Ba Dao Shen smiles coldly. It turns out that he is waiting here at the command of Tiancan Niang.

Tiancan Niang is good at calculation. She knows that ye Chen is very lucky. Even if she tries her best to break out, she may not be able to kill her. So she calls the God of Ba Dao to ambush her in advance.

Now ye Chen wants to leave, but he is intercepted by the God of Ba Dao.

"I've heard that the reincarnation Lord has a deep spirit and no one can kill him. Today I'll see if you are really so powerful!"

The God of Ba Dao strode out and burst out pieces of Dao Guang in his body. Countless Dao Guang twisted and strangled, just like a tornado, sweeping towards Ye Chen.

The power of the God of sabre is very sharp in the seventh heaven of the real world. If ye Chen can deal with it in peacetime, but now, just after escaping from the sky star of sabre, ye Chen consumes a lot of energy. Facing the attack of the God of sabre, he feels extremely difficult. Even the star soul chopping may not be able to break out with all his strength.

"Master swordsmanship!"

Ye Chen takes a deep breath, pulls out the evil sword fiercely, stabs it out with one sword, and points to the heart of the God of the sword. This is the way to attack and save the enemy.

However, unexpectedly, the God of Ba Dao ignores Ye Chen's sword, and the light of infinite Dao still turns to kill Ye Chen.

He actually regardless of his own life, fighting to kill both, all want to kill Ye Chen!

Obviously, the God of Ba Dao knows that ye Chen is very lucky. It's very difficult to kill him.

So he's ready to sacrifice.

Even if put together this life, today also can't let Ye Chen live to leave!

Ye Chen's pupil shrinks. He never thought that the God of Ba Dao was so fierce.

"Brother, I'll help you!"

Li Qingshan, on one side, saw that the God of Ba Dao was so fierce. He was afraid that something might happen to Ye Chen. He waved his fist wildly and joined in the battle. He threw his fist at the God of Ba Dao.

"Hum, I want to die!"

With a wave of his left hand, he cut through the void and killed Li Qingshan.

Li Qingshan was startled, but he felt that the sword was too strong for him to fight against.

With his cultivation, it's too hard to fight against the God of the sword.

At the critical moment, Li Qingshan retreated again and again, but the blade of light was chasing him, and he was about to cut him."Heng Gu Sheng Quan, break!"

At this time, a majestic voice came down from the sky.

I saw a fist awn, with ancient hegemony and murderous, as if to penetrate the universe, hard to kill down.

Boom!

With one blow, the sword will be broken completely.

The domineering fist is blazing, more dazzling than the sun in the sky. It seems to represent the will of the ancient god of war.

In the sky, a man in a purple and blue robe is resplendent and shining. He is like the God of war in the sky and an ancient king. He stands in the air, and his eyes are like the sun and the moon, which makes people dare not look at him.

"Lord king!"

Ba Dao Shen saw this figure and was shocked.

"Get out of here!"

The man was as dignified as thunder and full of momentum.

The God of tyrant shivered. He was still very powerful just now, but when he saw the man coming, he turned away like a mouse and soon disappeared.

"The elder is The holy king of Chiyuan! "

Ye Chen looks at this man, is also matchless surprised.

The latter's cultivation breath is profound and unpredictable, which is moving.

"The holy king of Chiyuan..."

Li Qingshan looked at the man with a stunned look on his face.

The man came down, and the light of the God of war faded down.

Ye Chen finally sees his face clearly, and is very similar to Li Qingshan!

No, it should be Li Qingshan's appearance, which is very similar to this man.

Anyone who looks at them can be sure that they are father and son, and there will be no mistake, because they are so similar in appearance.

"Are you my father?"

Li Qingshan looked at the holy king of Chiyuan, and immediately turned to his heart with a strange feeling of blood connection.

Although he had never seen king Chiyuan before, now he can be sure that he is his father. It's true that there is nothing wrong with the touch of blood.

Looking at Li Qingshan, Chiyuan Shengwang's eyes were excited. He seemed to have a thousand words. He took a few deep breaths. At last, all his words turned into a sigh and said, "Qingshan, you are here at last!"

Chapter 5074

The holy king of Chiyuan went up and wanted to hug Li Qingshan, the son he had never held before.

However, with a trace of bewilderment and vigilance, Li Qingshan stepped back. It was obvious that he was not used to meeting each other for the first time.

"Castle Peak, I'm sorry. Over the years, I'm sorry for you and your sister."

The holy king of Chiyuan sighed and stepped back.

Li Qingshan looks at the holy king of Chiyuan. His mood is very complicated. He has been an orphan since he was a child. He and his sister depend on each other. He never knows who his father is.

Now, when he finally met his own father, he felt strange and didn't know whether to recognize him or not.

After a long silence, Li Qingshan said, "you Can you cure my sister? "

Chiyuan holy king said: "as long as she has a breath, I can save her, but your sister's identity is not so simple, after saving, there are still many things to deal with."

Li Qingshan said: "I know that my sister is the sword spirit of the disaster Heavenly Sword, and the disaster devil is reincarnated!"

The holy king of Chiyuan was shocked and said, "do you know all about it?"

Li Qingshan gave a "hum" and nodded.

The holy king of Chiyuan's face changed and his eyes kept turning. Obviously, he didn't expect that Li Qingshan knew the truth so soon. He looked at Ye Chen again. Ye Chen also looked indifferent and knew it for a long time.

"Since you all know that Feixue is the reincarnation of the disaster sword spirit, I'll tell you that it's easy to cure her. But if you want her to live safely, you have to get the disaster sword and integrate with her. Then she has enough strength to face the next storm. If she loses the disaster sword, even if she survives today, she will be killed tomorrow, and she has no self-protection "The ability to do so." Chiyuan is the holy king.

"Master, if I guess correctly, is the Tianjian of disaster in your Shengtian mansion?"

Ye Chen's vision is tiny to coagulate, way.

"It's worthy of being the Lord of reincarnation. It seems that everything is in your insight."

With a sigh of praise, the holy king Chiyuan admitted that the Tianjian of disaster was in shengtianfu.

"Where is the disaster sword?"

Ye Chen's heart moves and asks questions.

Disaster sky sword, which is related to the layout of the previous life, is the key to fight against the superior. Ye Chen naturally wants to get these weapons.

"The disaster Sky Sword is in a secret place in my holy heaven mansion. The secret place is arranged by the Empress Dowager. At that time, the demon girl of the sword spirit blew herself up. The disaster sky sword was lost and finally fell to me. It seems that there is a certain number in my hands. I want to keep this sword for my elder martial brother henggu holy emperor."

Red Yuan Sheng Wang recalled that year's matter, tone with a trace of heavy.

"What, the heavenly daughter has set up a secret place for you?"

Ye Chen is surprised. The heavenly daughter is everywhere. Her cause and effect seem to cover the whole universe. No matter where ye Chen goes, she can't avoid it.

The holy king of Chiyuan nodded and said: "yes, the disaster sword is the legendary supreme source of soldiers, and its value is unimaginable. The heavenly daughter knows that my strength is not enough, and it is difficult to keep this sword, so she has created a secret place to seal the disaster sword, waiting for the reincarnation of the reincarnation Lord and collecting it in person."

"Elder brother, this heavenly daughter is really thinking of you everywhere!"

After hearing what his father said, Li Qingshan was also secretly shocked. He became more and more aware of the power of the supreme daughter. He had been planning for tens of thousands of years. He wanted to make sure that the disaster sword would not be lost. He kept it in shengtianfu and waited for ye Chen to capture it himself.

If you can get the disaster sky sword, ye Chen will get a superior source of soldiers, the edge is more fierce, against the grasp of the heavenly daughter, it will be a big point.

The empress of heaven is really afraid that ye Chen can't beat her. She plans for ye Chen everywhere and takes great pains.

"She just wants to raise pigs."

Ye Chen laughs bitterly. This heavenly daughter has a far-reaching layout. Ren Fanfan helps the disaster devil reincarnate. She thinks it's not enough. She actually ends up in person and seals up the disaster Heavenly Sword, so as to avoid the rebirth of the disaster devil and wasting Ren Fanfan's efforts.

"However, there is only one person missing."

The red yuan holy King's words front a turn, the way.

"Who?"

Ye Chen is slightly surprised. Listening to the words of the holy king Chiyuan, it seems that the heavenly daughter has missed the calculation, which leads to the layout deviation. It's not so easy for him to get the disaster Heavenly Sword again.

"Emperor Shi Tian."

The holy king of Chiyuan slowly spits out three words.

"The emperor interprets heaven!"

Ye Chen's pupil shrinks. Is this layout disturbed by Emperor Shitian?

"Well, it's unpredictable and changeable. Even the supreme daughter of heaven can't have a full insight into it, but she has neglected to calculate the emperor's interpretation of heaven."

"In fact, it's no wonder that the supreme daughter of heaven, because the emperor Shitian had just inherited Yan Changge's heart and devil orthodoxy, and the atmosphere had not yet been revealed, so no superior noticed him."

"The news of the disaster Heavenly Sword is known by Emperor Shitian. He also wants to seize the sword." "At that time, the Lord of reincarnation, your layout has begun, you have fallen, xuanjiyue and Emperor Shitian thought that they really killed you, and they celebrate each other."

"But after you die, Emperor Shitian can't rest easy, because xuanjiyue is still alive, and there is a Shenluo Heavenly Sword buried under the ground of the empress's palace."

"If xuanjiyue digs out Shenluo Tianjian, the emperor Shitian is not the enemy."

"Therefore, Emperor Shitian also wanted to get a sword to keep the balance of the situation."

"Tianjian of disaster is his goal!"

The holy king of Chiyuan tells the secret of the past.

After ye Chen hears, also be startled, ask: "later?"

Chiyuan said: "later, it was impossible for me to hand over the Tianjian of disaster. Originally, I wanted to ask the heavenly daughter to deal with it. Unfortunately, she was unable to fight with Hong Tianjing. When the battle was over, she was forced to go back to wanxu temple. All traces in the world gradually disappeared, and I could never find her again."

"The emperor Shitian is a wise man. He took advantage of the opportunity of the decisive battle between the heavenly daughter and Hong Tianjing to unite with the tiandian temple and many forces to force me to hand over the Tianjian of disaster. I always refused. They were ready to kill me."

"I feel deeply in crisis. I have no choice but to promise a heavy promise to recruit your servant, the five emperors. The five emperors threatened to explode themselves, and finally forced the emperor to release heaven and heaven and man to dare not act rashly. But this man's method is cruel. Although he didn't kill me, he finally paid a great price and successfully issued the curse of heart and devil."

"Curse of the heart? Master, have you fallen into the heart of emperor Shitian? "

Ye Chen is more and more frightened.

The holy king of Chiyuan said: "no, the evil curse of the emperor Shitian is aimed at the disaster sword. This sword has his curse. Once the evil curse breaks out completely, it will obey him completely and automatically fly to the palace of the emperor yuan and fall into his hands."

Chapter 5075

"The Tiancheng mansion of emperor Shi is very deep. This is his layout. He knows that he can't get the disaster sword in a short time, so he planted the demons in order to capture the disaster sword in the future."

"At that time, the disaster sword was sealed in the secret place arranged by the heavenly daughter. The supreme will of the heavenly daughter was suppressed, and the curse of the heart devil could not turn the waves."

"However, as the will of the Empress Dowager gradually disappears between heaven and earth, especially the one she left behind is also destroyed, and the prestige in her secret place is greatly weakened."

"The curse of the heart devil of the disaster Heavenly Sword is about to break out at last. Once it breaks out completely, the sword will fall into the hands of emperor Shitian."

Ye Chen's heart is shaking. If the sword of disaster falls into the hands of emperor Shitian, the consequences will be unimaginable.

The legendary supreme source of soldiers, how sharp, xuanjiyue dug out the Shenluo Tianjian, already shocked the outside world, if emperor Shitian also got the disaster Tianjian, he would fly to the sky.

The combination of disaster and demons, the monstrous slaughter, is the final judgment, no one can stop.

Even Li Feixue, Li Qingshan's elder sister, will be reduced to the puppet of emperor Shitian and submit to him completely.

At that time, I'm afraid even Li Qingshan will collapse.

Ye Chen feels more and more that this chess game is terrible. I don't know if it's a person's layout. All forces have plans. Emperor Shitian is also calculating. He doesn't wait to die.

At the beginning, ye Chen, Xiao shuihan and others were fighting for the supreme love with Diyuan hall in Tianyu Shendi's secret place. Emperor Shitian would rather spend Zhenyuan to destroy the supreme love than let anyone get it.

It seems that at that time, the emperor Shitian had the intention to dispel the will of the heavenly daughter and let the curse of the heart devil of the disaster Heavenly Sword break out as soon as possible.

Love is destroyed, the last trace of material object left by the heavenly daughter in the world is completely wiped away, the dignity will is naturally greatly weakened, and the curse of demons has a chance to break out in advance.

Ye Chen is creepy. What he has experienced today has something to do with the fight between heaven and prison in the past. The continuity of cause and effect in the dark is really magnificent and shocking.

The holy king Chiyuan continued: "in the last ten days, the curse of the evil spirit of the disaster Heavenly Sword has shown its power. The evil spirit is going to spread and even spread to the holy heavenly palace. I have no choice but to suppress it. So my wife Tiancan found the opportunity to plan today's birthday ceremony."

Smell speech, ye Chen and Li Qingshan look at each other, are shocked speechless.

Now all the cause and effect, completely put an end to, both of them understand.

It turns out that the reason why king Chiyuan didn't appear today is that he wanted to suppress the curse of the evil spirit of Tianjian. He couldn't get rid of himself and didn't come until now.

Tiancan Niang knows that Chiyuan Shengwang can't get away, so she holds a Birthday Ceremony ahead of time and wants to kill Ye Chen and Li Qingshan in one fell swoop while Chiyuan Shengwang is away.

The ten day agreement made by the holy king of Chiyuan was terminated because of the sudden outbreak of the curse.

"Reincarnation Lord, thank you very much. Fortunately, you have been able to escape my wife's attack. Otherwise, there will be something wrong with you and Castle Peak. I really don't know what to do."

Chiyuansheng Wang is very lucky, looking at Ye Chen's eyes, with a trace of gratitude.

Without Ye Chen, Li Qingshan might have died.

"Master, what's wrong with Tianjian now?"

Ye Chen asked in a deep voice.

Although Ye Chen is out of trouble now, the crisis has not been solved. Instead, he has killed an emperor Shitian. Ye Chen just wants to know the whereabouts of the disaster Tianjian. If the emperor Shitian gets it, it's unimaginable.

The holy king of Chiyuan said: "I've temporarily stopped the spread of the curse of the heart demon, but if I want to get this sword, I have to go deep into the secret place, but the secret place is full of the breath of the heart demon. If I go in, I don't know how to die."

"Lord of reincarnation, since you are here today, it seems that the arrangement of the heavenly daughter has come true. This sword will belong to you sooner or later. I want you to break into the secret place and seize the disaster Heavenly Sword!"

"If we don't take it today, I'm afraid it will really fall into the hands of emperor Shitian after a while."

Ye Chen frowned and said, "master, do you want me to enter the secret place?"

If it's normal, ye Chen is not afraid. After all, this secret place is arranged by the heavenly daughter herself. Even if it's dangerous, it's within ye Chen's ability.

But now, the emperor Shitian disturbs the layout, and the secret place is full of the curse of the demons. Even ye Chen is not absolutely sure that he can fight against the demons.

The holy king of Chiyuan said: "yes, reincarnation Lord, it's up to you. The killing and cutting of the heart demon is very strange. Although my cultivation is high, the means to fight against the heart demon is far less than you. My wife and I have been affected by the curse of the heart demon for a long time. We haven't had children for tens of thousands of years. The emperor Shitian's mind is fierce. This is my last! Fortunately, I was able to escape the attack of evil spirits and leave the blood of Qingshan. "

At the end, Chiyuan looked at Li Qingshan with a trace of satisfaction.

It turns out that in these tens of thousands of years, he and Tiancan Niang have never had a child. It is because of the influence of the emperor Shitian that they have been cursed by the demons. Although they can keep their mood calm, their luck has been polluted by the demons, and they have no children or grandchildren. This is the dread of the mind devil, and the power of polluting Qi and damaging people's happiness and longevity.

Li Qingshan was stunned. He did not expect that there was such a complicated story behind his life experience.

Ye Chen's brow is locked. He has seen it with his own eyes. It is extremely strange and terrifying. Once he is invaded by the demons, he is in danger of falling at any time.

Chiyuan holy king said: "reincarnation Lord, it's up to you to seize the disaster sword. The curse of the heart devil in the secret place is mainly aimed at the disaster sword, not at you. I believe that with your reincarnation blood, you can at least fight against the heart devil for seven days. As long as you can get the disaster sword within seven days, you won't be affected by the heart devil."

"Seven days..."

Ye Chen ponders, the idea spreads to reincarnation graveyard, and taixuan array emperor discusses a way: "taixuan elder, how do you see?"

The emperor of taixuan formation thought for a while, and finally said slowly, "the sword of disaster is very important. We can't afford to lose it. Even if there is a sea of swords in front of us, we have to break through it. Otherwise, the sword will be taken by Emperor Shitian, and you won't have a chance to turn over."

Ye Chen also feels the grim situation.

"Master Chiyuan, I'll go to the secret place."

Finally, ye Chen looks at the holy king of Chiyuan and agrees to come down.

It's imperative to seize the disaster sky sword. Once you miss this sword, it's really a disaster.

Emperor Chiyuan was very happy. He took out a token and handed it to Ye Chen. He said, "this is my token. You can take it. The secret is in my holy heaven mansion..."

At present, the holy king of Chiyuan tells Ye Chen the specific location of the secret place.

Ye Chen nodded and took the token.

Chiyuan holy king said: "as long as you take this token, no one in the holy heaven mansion dares to stop you. If something happens on the way, you pour aura into the token, I will feel it immediately and help you personally. Now I need to arrange the identity for Qingshan and let him settle down in the holy heaven mansion."

Chapter 5076

Saint Tianfu is not the king of the yuan yuan, who has the final say, and behind it is a silkworm goddess.

Therefore, the holy king of Chiyuan must arrange Li Qingshan as soon as possible, and send someone to protect him, so that he will not be plotted by Tiancan Niang.

"Good."

Ye Chen nodded and waved his hand. He sacrificed Li Feixue's ice coffin and gave it to the holy king of Chiyuan. He said: "the life of the disaster witch, please."

Li Feixue is the spirit of the disaster sky sword. Naturally, it can't be lost. As long as she is saved and integrated with the disaster sky sword, the edge of the sword can burst out in an instant and has great power.

"Don't worry, the disaster Witch of this life is my daughter, and I will take good care of her."

King Chiyuan took the ice coffin, looked at Li Feixue in the ice coffin, and looked at Li Qingshan, with a trace of father's kindness and love in his eyes.

"Brother, be careful. I'll I went with my father

Li Qingshan is a little worried and looks at Ye Chen. Although he also wants to enter the secret place with Ye Chen, the secret place is full of demons' curse, which is obviously not what he can enter.

Moreover, now that the holy king of Chiyuan appears, his sister will have a chance to treat him immediately, and he also wants to stay with him.

"Well, go ahead. I'll be fine."

Ye Chen smiles a little, this time to capture the disaster sword, fate is confused, life and death is unpredictable, but ye Chen has some confidence in his own strength, even if he can't get the disaster sword, at least he can retreat.

When King Chiyuan heard that Li Qingshan had just called him "Dad", he was so excited that he even breathed quickly. He said to Ye Chen, "reincarnation Lord, you should be careful. If you have any problems, you can contact me at any time. I'll go first."

After a pause, he said: "by the way, you should be careful of my wife. She held a birthday ceremony today and used the remnant of the array as bait. She deliberately left a trace of the cause and effect of the disaster sky sword on it, just to lead you out and kill you directly. Fortunately, you are so powerful that you finally survived."

"But my wife is very resourceful. If you want to capture the sword of disaster this time, she will certainly try every means to stop you. You must be careful."

With that, Chiyuan Shengwang takes Li Qingshan and flies to shengtianfu to arrange for Li Qingshan's identity.

Ye Chen looks at the figure that two people go far away, the vision is tiny to coagulate, it seems that it is not an easy thing to capture the disaster Sky Sword today.

Calm down, ye Chen flies to the secret place.

The secret place to seal up the Tianjian of disaster is arranged by the heavenly daughter. In the west of shengtianfu, there is an infinite array around it. In terms of array principle, in the west is the star position of white tiger, and the main Gengjin's murder is corresponding to the edge of Tianjian.

In the sword secret place that day, in addition to the curse of demons, there must be the killing of Tianjian. If there is a mistake, you may be killed by the sword Qi, and there is no bones left.

Ye Chen calms down and flies all the way to the secret place of Tianjian.

Along the way, ye Chen also met many powerful people in shengtianfu, including some under Tiancan Niang.

"Bold, you little generation, offended the empress, even dare to come back."

"How bold! He came back to die! "

"Kill him! Cut off his head and give it to his wife

Many strong men, when they see ye Chen's figure, immediately show their fierce light, and they will fight.

Ye Chen took out the token of the holy king of Chiyuan and said, "the order of Chiyuan is here. If the holy king comes, who dares to hurt me?"

The voice falls, the whole audience is silent, all the strong look at the token in Ye Chen's hand, suddenly feel the great cause and effect of Chiyuan holy king, have fear tremor.

"See King Chiyuan!"

Many strong people knelt down with great respect.

The holy king of Chiyuan is the leader of Shengtian mansion. Even if they secretly belong to Tiancan Niang, they have to kneel down when they see the order of the holy king of Chiyuan, or they will be disrespectful.

Ye Chen looks at the strong kneeling together and nods. It seems that although Tiancan Niang is strong, shengtianfu is still the master of Chiyuan holy king. As long as he takes the token of Chiyuan holy king, no one dares to hurt him.

At present, ye Chen flies away and goes on to the secret place of Tianjian.

People looking at Ye Chen's back, kneel for a long time, just dare to stand up, are looking at each other.

Just now, ye Chen was chased and killed by Tiancan Niang, but in a flash, he got the protection of Chiyuan holy king. It's really strange.

However, Chiyuan Shengwang and Tiancan Niang have always been at odds, and there is a huge gap between them, which is also known by the shengtianfu.

Therefore, for those who Tiancan Niang wants to kill, Chiyuan Shengwang wants to protect them. Although they are surprised, they also feel reasonable.

However, this matter is of great importance, and the people under Tiancan Niang dare not neglect it, so they rush back to report it.

At this time, lady Tiancan is on the sword star.

Ye Chen and Li Qingshan escape. Tiancan Niang is so angry that she is not in the mood to hold another birthday ceremony.

The birthday party ended ahead of time, and all the guests had dispersed. The whole sword star was only tiancanniang. There were two star spirits, lingjianxian and badaoshen, standing on the left and right. As for Wolong shenzun, Tiancan Niang has let go. After all, she is the servant of the heavenly daughter. She dare not go too far.

At the end of the birthday party, Tiancan got nothing. Naturally, she was extremely angry and resentful.

Originally, she also ambushed the backhand of Ba Dao God to kill Ye Chen, but unexpectedly, the arrival of emperor Chiyuan smashed her plan, and now everything is in vain.

"Niang Niang, what to do now? The wild seed has returned."

Ba Dao Shen stood beside Tiancan Niang and asked carefully.

He just saw with his own eyes that Li Qingshan was by Ye Chen's side. Now that the holy king of Chiyuan has arrived, the two father and son must have known each other.

Tiancan Niang's face was livid, and her silver teeth clenched. She said, "I made a mistake, or underestimated the fate of the reincarnation Lord. I didn't expect that this would not kill him. Now I have to ask Jiyue's elder sister to help me and suppress Li Qingshan's wild seed."

Ba Dao Shen was shocked and said, "madam, do you want to ask the queen for help?"

Tiancan Niang and Xuanji Yue are very close friends, even sisters. But Xuanji Yuecheng mansion is very deep. It's not easy to ask her to help. She may even be bitten.

Tiancan Niang nodded and said: "for today's sake, we have to do the same. It's said that Jiyue's Tiangong was attacked by Wolong shenzun and Feilei shenzun a few days ago, and the damage was huge. She should open the ultimate secret, open that place, and take out all the resources, so as to regain the momentum of the empress Tiangong. Her majesty will sweep across the territory again. Have her help, Li The wild seed of Castle Peak will die. "

If ye Chen is here and hears the words of Tiancan Niang Niang, she must be extremely shocked.

Because before ye Chen went to Xuantian sword grave, he found that Daneng was transferred by xuanjiyue. At that time, ye Chen knew that there was a big secret hidden behind xuanjiyue, but he didn't know what the secret was.

Chapter 5077

Now, listen to Tiancan Niang's words, she obviously knows xuanjiyue's secret, and knows that this secret is very terrible. Once it is opened, xuanjiyue's momentum will soar. She wants to be powerful outside the territory and dominate nine days. No one can match her.

Now Tiancan Niang also wants xuanjiyue to help her eradicate Li Qingshan.

Lingjianxian and badaoshen look at each other, their faces are dignified, and they don't agree to seek xuanjiyue's help.

After all, xuanjiyue is famous for her ferocity outside the territory. In this way, tiancanniang will no doubt seek skin from the tiger.

However, since it was Tiancan's decision, they didn't say much.

"Newspaper!"

Just then, a disciple came in in a hurry, knelt down in front of Tiancan Niang, and said:

"Niang, it's bad. Something's wrong."

Tiancanniang's face sank and she said, "what's the panic? What's the matter?"

The disciple said: "the murderer who killed emperor Lian Zhen, with the token of the Lord of the mansion, went back and forth to the forbidden area in the West. It seems that he wants to break into the secret area and seize the holy things in it."

In the secret place of the forbidden area, the disaster sword is sealed up. Ordinary disciples of the holy heaven mansion don't know about it.

After all, the cause and effect involved in the Tianjian disaster is so huge that only a few people know about it in shengtianfu.

Ordinary disciples only know that there is a holy thing sealed up in the secret place. As for what this holy thing is, no one knows, and no one dares to ask.

"What

Hearing this, Niang Tiancan was shocked.

She had thought that the king of Chiyuan came to save Ye Chen. This matter was exposed. She failed, and ye Chen left the holy heaven.

However, she never thought that ye Chen had gone back, even with the token of Chiyuan holy king!

"You step back first."

Tiancanniang's eyes twinkled, and she felt that it was not easy.

"Yes."

The disciple stooped back and left the sword star.

Tiancanniang fingers a calculation, constantly deduce the mystery.

In shengtianfu, everything that happened could not be concealed from her.

This time, under the natural deduction, Tiancan Niang immediately saw all the secrets.

"Damn it! The old man, the holy king of Chiyuan, wants to call the reincarnation Lord to capture the disaster sword. "

"Once the Heavenly Sword of disaster falls into the hands of the reincarnation Lord, it's still enough!"

Seeing the cause and effect behind the silkworm, she was shocked.

This disaster sword is the most mysterious secret of shengtianfu. She also wants to seize it.

Li Feixue, Li Qingshan's elder sister, was seriously injured and fell into a deep sleep. It was written by Tiancan Niang.

She wants to kill Li Feixue and devour her blood. With the blood of the sword spirit, she holds the disaster sky sword.

Once she gets the disaster sword, she can rule the whole holy heaven!

Today, when Li Qingshan returns, tiancanniang's plan is to kill Li Qingshan and ye Chen, then capture Li Feixue's ice coffin and kill all the people. In this way, tiancanniang's disaster sword can be easily found.

But now there is an accident, Tiancan Niang's plan failed, and she wanted to make a decision later.

But chiyuanshengwang would not give her this chance.

Now ye Chen is ready to fight for the disaster sword.

"Lady, what shall we do?"

Lingjianxian and badaoshen are a little scared. Unexpectedly, the holy king of Chiyuan is so decisive that he asks Ye Chen to do it directly.

You know, the secret place is full of the curse of demons. If you don't prepare for everything, you should act rashly. In case of any accident, the consequences will be extremely serious.

If the curse of the demons spreads to the holy heaven, the whole holy heaven will be devoured, and everyone will become the puppet of the emperor Shitian.

"The holy king of Chiyuan is crazy! Is that how he believes in reincarnation? No, I can't wait to die! "

There was a trace of ferocity in Tiancan's eyes.

Spirit Sword Fairy way: "Niang Niang, that you mean?"

Tiancan Niang said: "you two, also give me access to the secret realm of Tianjian, waiting for the opportunity to seize the disaster Tianjian."

Hearing this, lingjianxian and badaoshen were all startled.

Spirit Sword Fairy way: "Niang Niang, that day sword secret place, full of complex array, we two people can't break the array, even if entered, also can't approach disaster sky sword!"

Tiancan Niang said: "it's OK, you follow the reincarnation Lord and wait for him to break the array. His array means are so powerful. This secret place is arranged by the heavenly daughter herself. He must have a way to break the array. At that time, you can find another chance to kill him and snatch the disaster sword."

Lingjianxian and badaoshen look at each other, but feel great pressure.

Tiancan Niang is easy to say, but how can it be so easy to snatch food from reincarnation master?

Tiancan Niang said: "it's a pity that the secret place is full of demons. I can't go in myself, or I will be attacked by demons. But you two are both Xingling, and demons can't hurt you. As long as we get rid of the array left by the heavenly daughter, the disaster Heavenly Sword will be ours!"

"gonglingdao and yaoshengniang, at last

Tiancan Niang nodded with satisfaction and said, "very good, this sword Tianxing, make good use of it. I'll wait for your good news."

With that, lady Tiancan's figure flickered, turned into smoke and drifted away.

Lingjianxian and badaoshen look at each other. They control the sword Tianxing and fly to the secret place of Tianjian.

.....

At the same time, ye Chen has come to the secret place of Tianjian. The entrance of this secret place is a green light curtain, which seems to connect the space of the alien world, with pieces of runes flashing.

Around the entrance, there are several powerful elders guarding. Seeing ye Chen flying near, the elders suddenly show a look of vigilance.

Ye Chen did not wait for them to ask questions, but directly offered the token of Chiyuan holy king.

Seeing this, the elders were shocked and knelt down to greet them.

Ye Chen said: "by the order of the holy king of Chiyuan, I am ready to enter the secret place."

"My Lord, please."

The elders made way immediately and did not dare to neglect.

Ye Chen nodded, just want to enter the secret place, suddenly, behind the storm surge, heaven and earth boom vibration.

Ye Chen looked back, but saw a huge star, swept across the sky, quickly approaching.

It's sword star!

Ye Chen's face changes, it seems that the red yuan holy king is right, Tiancan Niang is really not willing to give up.

It seems that the capture of disaster Tianjian will be intercepted by Tiancan Niang.

Whoa, whoa, whoa!

The light of the sword and the shadow of the sword are rolling and the wind and cloud are roaring. Two powerful figures appear on the sky star of the sword. Their accomplishments are all in the seventh heaven of the true realm. One is wearing a sword in white, the other is big and carrying a sword.

It's the two star spirits of the sword sky star, the spirit sword immortal and the God of overlord.

"According to the law of empress, we are ready to enter the secret place and collect the holy things."

Chapter 5078

Lingjianxian and badaoshen opened their mouths together, and their voices were mixed with the wind of sword killing, rolling down from the sky and shaking through thousands of mountains and valleys.

The elders were shocked. Although they didn't know about the disaster sword, they all knew that there was a sacred thing sealed up in the secret place. It was said that if they got it, they would fly to the sky.

However, it is very difficult to collect this sacred object. For tens of thousands of years, neither Chiyuan Shengwang nor Tiancan Niang have succeeded.

Are you going to send people to tear up the holy silk and the scarlet maiden today?

In the future, all the elders in the holy mansion did not dare to speculate about the situation.

Whoever can get the holy things can win the power of the holy heaven.

"Come in, please."

The elders did not dare to ask any more questions, so they all stepped aside.

Lingjianxian and badaoshen didn't go in immediately. They looked at Ye Chen coldly and said: "boy, aren't you very powerful? You go first

Both of them know that the secret place is full of danger. They dare not go in first. They want Ye Chen to explore the way first, and then they will reap profits.

"Ha ha..."

Ye Chen cold smile, nature also know their mind.

It's not so easy for the Yellow cicada Mantis to be a sparrow hunter.

"Is there no one under Tiancan Niang? Just the two of you? "

Ye Chen disdains to smile, coldly looking at sword two people.

Lingjianxian and badaoshen's face sank and said, "you don't have to talk nonsense. Get in quickly, or you'll delay the empress's event. I want you to take your life to make up for it!"

Tianjian's secret place is full of the spirit of demons. Although there are many strong people under Tiancan Niang, none of them can resist the existence of the spirit demons.

Only the two of them, because they are star spirits, can be immune to the invasion of some demons, so it can only be the two of them.

Ye Chen's eyes twinkle. Lingjianxian and badaoshen are both masters of the seventh heaven in the real world, and they have swords and Tianxing. If they fight here, they are not sure of winning.

But it's much easier if you go into the secret.

This Heaven Sword secret place is arranged by the heavenly daughter herself, which is absolutely beneficial to Ye Chen. As long as you step in, ye Chen is sure to kill these two people.

"If you kill them, sword star will be mine."

Ye Chen licked his lips. He was also very interested in Tiancan Niang's magic weapon.

After all, the value of Dao Jian Tian Xing is bigger than that of Huang Long Tian Xing. If we can get it, his strength should be able to go to a higher level.

At the moment, ye Chen doesn't talk nonsense. He goes directly through the light curtain of space and enters the secret place.

The spirit Sword Fairy and the overlord God also hastened to urge the sword star to shrink and shrink again, turning it into a tiny grain of dust and passing through the light curtain.

They shrunk the star and turned it into a grain of dust in order to prevent Ye Chen from sneaking attack.

After all, ye Chen first step into the secret, if in the inside layout what means, they are dangerous.

WOW!

Ye Chen first step through the light curtain, came to the secret world of Tianjian.

This secret place is very unique in space. It is obviously a world of its own, independent of other countries. It is not the territory of heaven and man. It is obviously a world created by the heavenly daughter with great powers, which is specially used to seal up the disaster sky sword.

In this world, the sky is a gray color, looming with natural disasters and thunderstorms, which is obviously caused by the smell of disaster sword.

The disaster sword, which has been sealed in this secret world for many years, has deeply affected the heaven and earth of this world.

Ye Chen looked around, surrounded by mountains, can't see the end, also can't see the shadow of disaster sword.

These mountains, there are many traces of battle destroyed, large areas of forest trees, turned into ruins, a mess.

Look at the traces of these battles, they are still very new.

There is no doubt that king Chiyuan came not long ago and fought with the demons, which suppressed the spread of the demons and did not let the demons invade shengtianfu.

So ye Chen now, did not see the breath of the heart devil.

At present, ye Chen's place is the periphery of the secret world. He has not yet reached the core. It looks like an ordinary world of heaven and earth, and there is no special existence.

"Boy, those two swords and stars will come in soon. Why don't you arrange a killing array first?"

Reincarnation cemetery, taixuan array emperor suddenly opened a way.

The spirit sword immortal and the God of overlord are both masters of the seventh heaven of the true realm. They also have sword stars. It's better to use the array to deal with them.

"Good!"

Ye Chen eyes a bright, also understand the meaning of the emperor.

If you want to successfully capture the disaster sky sword, you must first solve these two swords, or they will always be a hidden danger.

"Poison killing array, fall!"

Ye Chen's action was very fast. He immediately sacrificed the poison source symbol and the poison tablet, and immediately arranged a poison killing array. When he was in Hongmeng Fudi, he tried to use this poisonous killing array to deal with the dark dragon Protoss, and the effect was very good.

However, it is absolutely impossible to kill lingjianxian and badaoshen in this poisonous killing array. After all, they are too powerful.

Of course, ye Chen wants to set up a more powerful array, but the time is short. Lingjianxian and badaoshen will come in soon. Ye Chen has no time, so he can only set up a highly poisonous array.

A poisonous killing array is enough. Ye Chen just wants to frustrate the spirit of the two sword stars and give them some color to see.

Hum!

The poison source symbol flickers and is deeply buried in the ground. A layer of poison pattern suddenly emerges, forming a terrible array. The wisps of poison gas also spread out.

Ye Chen's palm pinches the Jue, directly conceals the good array, does not expose the slightest trace.

It's complicated to say, but in fact, from ye Chen's coming in to the arrangement of the highly toxic killing array, there's a breathing time before and after, very fast.

Now ye Chen has inherited the tradition of Shura demon God, and the cultivation of array is advancing by leaps and bounds. It's very easy to arrange this simple array, which can be completed in the blink of an eye.

Shua!

Ye Chen array just arranged, a tiny dust flew in from the outside.

This dust is very small and invisible to the naked eye.

But ye Chen's perceptive power is keen, and he suddenly discovers that this dust is the sword sky star that has shrunk ten million times!

"Here it is

As soon as ye Chen finds the sword Tianxing, his mind moves immediately and directly opens the highly toxic killing array.

Boom!

There was a loud, volcanic noise.

Countless poisonous fog, poisonous gas and poisonous smoke burst out on the spot in an instant.

A terrible and poisonous array appeared completely on the ground.

Endless poisonous gas poured into the sword sky star.

"Smelly boy, what a vicious means!"

"How dare you ambush us!"

There were two screams in the sky. They were the voices of lingjianxian and badaoshen.

Chapter 5079

Boom!

The whole sword sky star, all of a sudden open, from a dust like size, expansion into a bright star.

At the moment, the severe poison gas has rushed to the star.

On the sword sky star, a huge sword stuck in a handle was entangled by the poisonous gas, and suddenly appeared mottled purple and black color. Some fragile swords were directly corroded by the poisonous gas, full of holes and reduced to scrap iron, and even some swords were directly melted by the poisonous gas and became a pool of molten iron.

Ye Chen's highly poisonous killing array, when it breaks out, is really full of poisonous gas.

"The ancient poison God pulse, open!"

Ye Chen saw the array take effect, even the ancient poison God pulse also opened up, countless poison gas gushed out from the body, crazy floating to the sword star.

"Boy, that's enough!"

On the sword sky star, two figures are killed in anger. They are the spirit sword immortal and the God of overlord. They are all shocked when they are attacked by Ye Chen's poison.

They have been careful enough, but no one thought that ye Chen actually arranged a killing array in such a short time. Although it is powerful, it can't kill people, but the poisonous gas is rolling, which makes people feel extremely difficult.

"Master swordsmanship!"

Lingjianxian and badaoshen roared together. In a rage, they waved their weapons to kill Ye Chen.

The trick they used was to master the sword!

"Ha ha, you can do the same thing."

Ye Chen cold smile, quite a bit unexpected.

The master of swordsmanship is the master of reincarnation in the previous life. He created it with xuanjiyue, not the exclusive master of reincarnation.

Now, the spirit sword immortal and the God of overlord sword actually use the master sword technique, which is supposed to be taught by xuanjiyue.

"It seems that xuanjiyue and Tiancan Niang are very close friends. They confirm each other's Daoism. Xuanjiyue even taught the top martial arts of dominating the sword technique."

Ye Chen's vision flits over a cold idea, instantly thought to understand all joints.

There are two kinds of mysteries in dominating swordsmanship: Xiandao dominates and demondao dominates.

At this moment, the spirit sword immortal incarnates the master of the immortal way. His body suddenly rises and stands upright. His white clothes are floating, surrounded by the immortal light and the rosy clouds are spraying thin. It is obvious that he has got the essence of Xianzai aoyi.

However, the God of overlord swords uses his Sabre to enchant his swordsmanship. His body turns into the height of ten thousand feet. His whole body is full of demonic flame, and his breath bursts. It seems that he is going to sweep the infinite time and space, and his eyes are murderous.

Behind them, the sword sky star is also expanding, even rising to the size of the sun. The immortal Qi and magic Qi are constantly flowing on it, interweaving with each other to resist the attack of Ye Chen's poisonous gas.

No matter lingjianxian or badaoshen, they are all masters of the seventh heaven in the real world. When they are in danger, they don't panic, but fight back quickly.

Two people a sword immortal, a knife devil, an immortal and a devil, combine with each other, kill Ye Chen hard.

"Ha ha ha, you forget who I am. How dare you teach me how to use master sword in front of me!"

Ye Chen feels the breath of the immortal devil master, but he doesn't panic at all. Instead, he looks up to the sky and laughs.

If lingjianxian and badaoshen use other martial arts supernatural powers, ye Chen may be afraid of them, but they just use the dominant sword technique.

You know, ye Chen was one of the founders of swordsmanship. No one knows this sword better than him.

Now when ye Chen sees the sword moves of lingjianxian and badaoshen, he catches the flaw in an instant, and all the methods of sword technique are also passing in his heart.

"Star soul chop, break it for me!"

Ye Chen suddenly drinks and pulls out the evil sword. The poison source symbol bursts and pours into the sword. The whole sword becomes dark and dark, and the poison fog curls.

In the endless poison gas, a bright star suddenly blooms out, and the terrible soul power fluctuation is also exploding.

Ye Chen directly uses the spirit of the star to cut, the strong spirit of the star sword Qi, mixed with the rolling poison fog, cut hard to the spirit sword immortal.

"What

The spirit sword fairy was surprised. He only felt that ye Chen's sword just aimed at the weakness of his sword technique, which was hard to resist.

Although he has the strength to return to the real world, his flaws are caught and his accomplishments can't be brought into full play. He wants to draw his sword back, but where can he be in time?

Zheng!

Ye Chen's sword smashes down, and Xinghun's chopping extreme erupts. With one sword, it cuts out tens of millions of starlight and runs through countless time and space.

WOW!

The immortal body of the spirit sword immortal collapsed immediately. All the masters of the immortal Qi broke up in an instant. The whole body Qi was turbulent and retreated, almost spitting out blood.

"Damn it, I'm careless!"

The spirit Sword Fairy gritted his teeth and finally found that it was a fatal mistake to use the master sword technique.

This dominating sword technique is very powerful. He used to use it in the face of strong enemies, but now in a hurry, he ignores Ye Chen's identity as the master of reincarnation. Using the dominating sword technique again is just like teaching a lesson.

"Spirit sword!"

Ba Dao God was shocked when he saw that Lingjian immortal was defeated by a sword. But after all, he was also a strong man in the seventh heaven. He had rich experience in fighting. Although he was shocked, he still cut Ye Chen with his sword in his hand.

"Stubborn."

Ye Chen cold hum a, nature also saw the sword technique flaw of overlord sword God.

He used a knife to make his sword technique too hard and fierce. He lost the greatest essence of dominating the sword technique, and his flaws were even greater.

Ye Chen's body is like Pian Hong. His step is wrong, and his waist is swinging. He just avoids the sword of the God of Ba Dao.

That just fierce terror of dominate blade, pass by from the leaf Chen body side, almost want to cut the leaf Chen waist, but happen to last even a hair all can't touch.

Ye Chen sees through all the flaws of Ba Dao Shen. This dodge seems dangerous, but in fact it's very easy and easy.

"Claw Shura!"

Ye Chen's eyes are cold. As soon as he dodges the blade of the tyrant, he immediately uses the Asura road in the six samsara method. The whole person blows up the murderous spirit of Shura, and turns his palm into a huge claw. If he wants to suppress the void of the world, he is invincible.

Wheezing!

Ye Chen grabs it with a fierce claw, and immediately scrapes Ba Dao Shen's arm. The sharp Shura fingers are sharper than the sword. All of a sudden, they cut Ba Dao Shen's skin, and the blood flows out.

The God of the sword screamed, and the knife fell to the ground. The weather dominated by the evil way also completely collapsed and dissipated, and the artistic conception was restored.

Ye Chen a face to face, easily unexpectedly defeated these two masters.

Although both lingjianxian and badaoshen were slightly injured, they didn't get much hurt, but they were really strong. They were defeated by Ye Chen so simply. The psychological impact was too big for them to bear.

Woo woo!

With the two people's mood shaken, ye Chen's highly toxic killing array, the poison gas spread faster, has covered the whole sword sky star, erosion every mountain, every land, every sword.

Chapter 5080

The spirit sword immortal and the tyrant sword God were also wrapped with poisonous gas, and they looked terrible.

"Boy, I'll kill you!"

The God of sabre was so angry that he could not resist the attack of poison gas. He raised the blade again and was ready to fight again.

"Withdraw!"

However, ye Chen doesn't have the idea of love war. When he sees good things, he immediately leaves and flies back to the secret place.

Ye Chen is very clear, oneself can be so relaxed, defeat sword two people, is really fluke.

If these two men didn't use the dominating sword technique, ye Chen might have a hard time fighting.

Therefore, ye Chen didn't plan to continue fighting. He just wanted to capture the disaster sky sword as soon as possible. It's enough to defeat the spirit sword immortal and the God of Ba Dao and get rid of their pursuit.

See ye Chen want to leave, Ba Dao God angry, just want to chase up.

"Stop chasing. It's important to get rid of the poison."

Spirit Sword Fairy voice to stop, tone is with a bit of frustration and helplessness.

If ye Chen hadn't been attacked by him and killed by poison, he might have had more things to think about his fighting strategy, instead of using the dominating sword technique as soon as he came up, but in the end he became a master and showed his flaws everywhere.

However, it's useless to say anything now. It's important to drive out the poison as soon as possible.

The whole sword sky star is filled with poisonous gas. If it continues, the consequences will be unimaginable, which may affect the earth vein and air transportation of this star.

"Damn it

Ba Dao Shen looks at Ye Chen's leaving figure, but he is very resentful.

If the summit duel, he and lingjianxian may not lose.

After all, they are all the strong men in the real world, while ye Chen is only in the heaven and earth world. If they concentrate and fight hard, they will win a lot, and they will not be so embarrassed as they are now.

Unfortunately, failure means failure.

In desperation, the God of Ba Dao had no choice but to take back his sword and join hands with the spirit sword fairy to disperse the poison gas from the sword sky star, and then disperse the poison gas from himself.

While they were driving away the poison, ye Chen had already made rapid progress and rushed to the secret place.

Sobbing

The deeper Ye Chen goes, the more he hears the sound of calling in front of him. It's the sound of the great movement that affects the general trend of heaven and earth.

It seems that the supreme daughter of heaven has arranged many great formations in this secret place, one is to protect the disaster sword, the other is to test Ye Chen.

If ye Chen, even the array she left behind can't be cracked, then she's not qualified to challenge her any more.

Ye Chen keeps on moving forward, vaguely smelling the breath of the heart devil. Most of the curse of the heart devil outside the secret place is suppressed by the holy king of Chiyuan, but it has not been completely eliminated.

With the deepening of Ye Chen, he finally felt the wave of the heart devil.

The spirit devil is mixed with the smell of curse. The emperor Shitian obviously used the eight curse dragon lock to activate the magic power of the spirit devil and enhance the power of the spirit devil.

Shua!

A gray and black human monster suddenly sprang out of the woods, yelling like a fierce ghost, towards Ye Chen.

"The devil in the heart..."

Ye Chen's vision one coagulates, know this is the monster that heart evil spirit and curse mix and become.

Emperor Shitian planted the curse of demons on the disaster Heaven Sword. The sword was sealed in a secret place, and gradually merged with the heaven and earth. The heaven and earth changed, and infinite demons and monsters were born.

The monster in front of Ye Chen's eyes is hazy, as if it were real or unreal. It was the curse of the heart demon that was born.

"Hongmeng big starry sky, rise!"

Ye Chen suddenly drank, and immediately opened the big starry sky.

Although there is only one monster in front of him, and his strength is rather weak, the killing of the demon is extremely strange and can't be judged by common sense. Therefore, ye Chen is very cautious and opens the Hongmeng starry sky directly to avoid being attacked by the demon, and then cuts it out with a sword.

Whoa!

Ye Chen sword front falls, immediately that heart evil monster, thoroughly exterminates.

The latter turned into a wisp of dark smoke and dissipated in the sky and earth with the wind.

And ye Chen, with the protection of Hongmeng big star sky, ordinary demons can't hurt him.

Further forward, ye Chen also met a lot of demons, but the strength is not strong, he can easily deal with, there is no accident.

Gradually, ye Chen came to the middle of the mountains, but there was a large plain, which seemed to be a plain that had been flattened by people.

On this plain, however, there are thousands of large formations, which are interwoven and overlapped with each other. They are booming, affecting the general trend of heaven and earth and making waves.

In the center of the array, there is an old palace, which is a little bigger than the ordinary palace. On the top of the palace, there is a bead inlaid, which emits a very cold air. The whole palace is covered with ice and mist, and the smoke curls like a fairy palace in the sky.

The gate of the palace is tightly closed. On the top of it is a plaque with the words "Bingpo sword house" printed on it."Here we are! The sealed place of disaster sky sword

Ye Chen's eyes shrank and he looked at the palace. Vaguely, he caught a strong secret. The legendary disaster sword was sealed in the palace!

There is no doubt that this is the great work arranged by the Empress Dowager herself. If you want to reach the palace, you must first go through the thousands of formations around the palace.

One by one, the big formation, the five fire god thunder formation, the frost and snow formation, the son and mother soul searching formation, the avenue swallowing formation, the wind and cloud counter killing formation, and so on, emerge in endlessly, densely, and mix with each other without confusion, such as the universe stars, follow a unique track, and do not invade each other.

These big formations are obviously arranged by the Empress Dowager herself, which is a test for ye Chen.

Ye Chen only through this big array, can really arrive at the palace.

The palace, called "ice soul sword house", is the place where the disaster Sky Sword is sealed.

The bead on the top of the palace, however, is not an ordinary thing, but a chaotic treasure called "bingpu Tianxing", which is one of the "chaotic nine stars" and has been reduced by countless times.

This ice spirit star, full of strong cold, stars are full of glaciers, frost and snow, frozen soil, ten thousand years.

The existence of Bingpu Tianxing has greatly sealed the breath of disaster Tianjian, so ye Chen doesn't feel the sword spirit of disaster Tianjian, but he has caught the cause and effect of heaven, and disaster Tianjian is in it, so there is no mistake.

"Boy, let's go! Don't waste your time

In the reincarnation cemetery, the emperor of taixuan formation urged him to break through the formation as soon as possible and enter Bingpu sword house to capture the disaster sky sword.

Otherwise, it will not be easy to deal with when lingjianxian and badaoshen are killed.

The purpose of Ye Chen's trip is to capture Tianjian, not to kill people. If there is any accident because of the two people, it will be troublesome.

"Well!"

Ye Chen nods heavily, and feels that the spirit sword immortal and the God of overlord are a hidden danger. It's almost impossible to solve them easily. Even if they can be killed, they have to pay a huge price.

When the time comes, he will run out of aura and face the disaster again. Not only can he not capture it, but he may also be attacked by it.
