

Physician 5081

Chapter 5081

At the moment, ye Chen doesn't hesitate and strides into the battle.

Boom!

When ye Chen rushes in, thousands of big formations are running frantically. They explode everywhere and roar everywhere. Countless thunderbolts, storms, soul devouring, cutting and so on permeate the big formation, and even some illusory figures rush out.

This is the spirit of many big formations.

The array arranged by the Empress Dowager is extremely exquisite. Unexpectedly, the array spirit was born!

Ye Chen is proficient in the way of array. At the moment when thousands of big arrays rotate, he also captures the operation secrets of many arrays. He steps on the seven stars, keeps moving, and walks through the cracks of the big array. Every step hits the most critical eye of the array to ensure that he will not be hurt by the array.

One after another, ye Chen roared, but his body was like a butterfly, shuttling between the strong winds and waves. The leaves didn't touch his body. When he reached the extreme, he quickly approached the palace.

"Boy, your array cultivation has almost reached my level!"

Taixuan array emperor a burst of praise and gratification, now ye Chen's array level, compared with him is not much different.

Even without his help, ye Chen alone, can also be surrounded by countless big formations, like fish in water.

"Roar!"

As ye Chen is about to arrive at Bingpu sword house, the first array spirit seems to be aware of something bad. All the array spirits roar up to the sky and form an army to kill Ye Chen in a hurry.

Woo woo!

A head of array spirit, vaguely, communicated with bingpu Tianxing in bingpu sword's house, and continuously absorbed aura.

The body of each of the array spirits was filled with cold air and ice fog, which finally turned into sets of Ice Armor and covered the bodies of many array spirits.

"What

Ye Chen is surprised, those array spirit got the cover of ice frost battle armor, immediately combat effectiveness soared, flamboyant, crazy oppression come over.

Obviously, the ice spirit star is also one of the energy sources of many big formations. It has the aura of the heavenly daughter, which is full of energy.

It's simply Bingpu Tianxing. Among the chaos nine stars, it can rank fifth. It's more powerful than dunjia Tianxing, but it's not as powerful as Huanglong Tianxing or Tiancan Niang's sword Tianxing.

But this star, after the special tempering of the goddess of heaven, is as rich as the sky, and it has a continuous flow of energy.

This time, the head of the array spirit got the energy of the ice spirit star. It was covered with ice armor and full of fighting spirit. It surrounded an iron bucket and killed Ye Chen fiercely.

It's just a test of the array. Ye Chen is not afraid of it. His array attainments are very high, but countless array spirits surround him. This is a deadly attack. No skill can cope with it. He can only fight hard.

"Burning the sky and starry sky, ten thousand beasts gallop and break!"

Ye Chen drinks suddenly, and the sky rises suddenly, and he also shows the spirit of burning the sky.

The sky burning world, combined with the Hongmeng starry sky, has become the sky burning starry sky. Flames are burning everywhere. Above the starry sky, there is a beast sky star hanging. Countless fierce and domineering monsters roar and shout and rush down from the stars.

A spectacular scene appeared. Under the impact of the burning stars, a spirit of Ice Armor burst and collapsed, and became the most original aura and dissipated in the wind.

And some powerful ice armour spirit, blocked the burning flame of the cutting, want to approach Ye Chen, but immediately by countless head of ferocious monster, tore to pieces!

Ye Chen opened the sky burning star, and combined with the beast sky stars, it was just like the master of the star sky, the master of the beast, invincible existence, all of a sudden swept the audience.

"Hoo..."

In the blink of an eye, ye Chen swept away all the enemies, but his aura was also seriously damaged, and he couldn't help gasping.

"Let's go!"

Taixuan array emperor continue to urge, lest ye Chen be sword star spirit took advantage of.

Neither the spirit sword immortal nor the God of overlord sword knows the way of array. If they are asked to crack the array left by the heavenly daughter, it is absolutely impossible.

If they want to enter Bingpo sword mansion and capture Tianjian, they can only follow Ye Chen's steps. When ye Chen breaks through, they will pick up the cheap money from behind and do nothing.

This is also the plan of tiancanniang.

However, ye Chen naturally will not be so stupid, let others take advantage in vain.

He directly used the highly toxic array to fight back. Now the spirit Sword Fairy and the God of overlord are driving away the poison, and they don't have time to come.

However, ye Chen is very clear, they will kill soon.

At the moment, ye Chen takes a deep breath, and the sky is still floating above his head. After crossing thousands of arrays, he finally arrives at the palace, Bingpo sword house, which is the core of the array!

Standing in front of Bingpo sword house, ye Chen only feels extremely cold, bone chilling, killing and cutting body skin, bursts of pain.

From the closed door to the palace, there is a faint breath.

This palace, even the holy king of Chiyuan and lady Tiancan, had never been in. Because it's full of horrible curse.

The disaster Heavenly Sword has been planted by the emperor Shitian. It has been brewing for tens of thousands of years. The breath of the evil spirit has reached the point of extreme terror, and even has the danger of spreading to the holy heaven.

In the face of the devil's attack, ye Daochen will become a slave immediately!

Moreover, even if he has passed the attack of the demons, he still has to face the sword Qi of Tianjian, which is very dangerous.

In the outside world, you can't feel the breath of the disaster sword. But standing at the gate of the palace, ye Chen clearly sensed that from time to time, a little bit of the disaster sword came out from the crack of the door, breaking the void and making a sharp whistling.

Not long ago, in the birthday ceremony, the array plate offered by Tiancan Niang had the cause and effect of disaster Tianjian on it, and even ambushed the sword Qi of disaster Tianjian, which was collected here by Tiancan Niang.

Ye Chen sighs in the heart for a while, and is about to touch the disaster sky sword at last. Even if the front is the dragon's pool and tiger's cave, he can't shrink back.

At this time, ye Chen hears the sound of footsteps coming from the distance behind him. When he looks back, he sees the spirit Sword Fairy and the God of overlord, running towards here at full speed.

"Boy, what do you want to do?"

Ba Dao Shen roared loudly, his eyes widened, but he didn't feel good.

"No, we're a little late!"

The spirit Sword Fairy's look changed greatly. They could see ye Chen's figure, but they couldn't get close to it, just like across the universe.

Because, between them and ye Chen, there are thousands of big arrays, the infinite array is rotating, the wind and thunder are roaring, killing people.

Ye Chen successfully broke the array and arrived at the other side. However, these arrays have not been destroyed. Now they have resumed operation, and even a new array spirit is about to be born.

If you want to get close to Lingba's mansion, it's not until you want to get close to Lingba's mansion.

But they didn't have the strength to break the battle. They came late and had to stare.

Chapter 5082

"Hehe, I'm sorry you're late."

Ye Chen cold smile, also ignore two people, directly bang of a, push open palace gate, stride into.

As soon as the gate of the palace opened, the light came out and dazzled the swords. When they came back, ye Chen had already stepped into the palace.

And the gate of the palace, with a bang, was completely locked.

"It's over! The kid's in! Lingjianxian, what should we do? "

The God of Ba Dao was flustered. In order to get rid of the poison, they delayed their steps. Now they are a step late, which leads to disaster.

"That boy is worthy of reincarnation! How can you break the battle so quickly

They thought it was too late to break the sword. They didn't think it was the fire stone.

This time, without Ye Chen to lead the way, they can't break the battle, and they can't get close to Bingpo sword house.

"If we go back empty handed, I'm afraid the lady will kill us."

There was a shiver all over his body, and he only felt a fear.

The spirit Sword Fairy's eyes turned, and he seemed to think of some stratagem. He said, "I have a stratagem to solve the present crisis."

Smelling speech, PA Dao Shen's eyes lit up and asked in a hurry, "what's your plan?"

Spirit Sword Fairy mysterious way: "you attach ear to come over."

The God of overlord sword gave a sound and couldn't wait to get close to the spirit Sword Fairy.

But unexpectedly, the spirit sword immortal suddenly pulled out a sword and stabbed into the key of the sword God.

"You What are you doing! "

Ba Dao Shen was shocked and only felt a sharp pain in his lower abdomen. This sword pierced his Dantian Qi sea and tore his spirit. The sword Qi was extremely fierce.

Step on, step on

Ba Dao Shen retreated, his face was pale, his heart was pounding, and he was in a panic. This sudden sudden change, he didn't expect that Lingjian immortal would attack him suddenly and hurt the killer.

The spirit sword fairy gave a cold smile and said, "if you want to break the battle, you can only sacrifice one person. I'm going to sacrifice your life to heaven so that you can break the battle. Otherwise, if we come back empty handed, we will all be killed by the empress. Brother, you can go on the road safely."

It turned out that the spirit Sword Fairy saw that the situation was critical and wanted to sacrifice the life of the God of the sword to break the battle.

Without any defense, bataoshen was hurt seriously by his sneak attack and lost his ability to resist.

"You You are not human

Ba Dao God was excited and angry, and his blood gushed out.

"I'm a star spirit, not a human of course."

The spirit Sword Fairy laughs, but his eyes are extremely fierce. At the moment, he doesn't talk nonsense. He slowly recites the mantra in a low voice, and the formula pinches. A simple sacrifice array falls down, covering the God of Ba Dao.

Hum!

When the sacrificial array is in operation, the God of sabre can only feel that his whole body is full of vitality and Qi and blood, and is constantly pulled out.

"Lingjianxian, you have to die! You even kill me, you already have a heart demon! Even if you step into the ice soul sword house, you will be eroded by the demons! Become the puppet of emperor Shitian

"If I die now, it will be a big dream!"

"But your mind has changed. You must be controlled by the demons and become the slave of the emperor Shitian! Your fate is worse than death! "

The God of tyrant roared repeatedly and was unwilling to fall.

"Ha ha, I'm loyal to my mother. I have to sacrifice your life. How can I have a devil?"

The spirit Sword Fairy disdains to smile, and continues to urge the sacrifice array regardless of the roar of the overlord God.

The roar of Ba Dao God gradually became a scream. At last, even the scream was weak, and the vitality was completely lost.

WOW!

And sacrificed the life of the God of Ba Dao, a great energy came down from the sky, pounding the array.

Tens of thousands of big arrays collapse everywhere, collapse everywhere, and continue to collapse and destroy. The newly born array spirit is torn to pieces.

Ba Dao Shen is a strong man in the seventh heaven of the true realm. This time he was sacrificed, and the effect was remarkable. Looking at the broken array, the white clothes of the spirit Sword Fairy were floating, and his eyes were filled with ecstasy.

"Very good, very good, successful break!"

"Disaster sky sword, it's mine!"

The spirit Sword Fairy, with fierce eyes, flies to the sword palace.

At this time, ye Chen had already stepped into the ice soul sword house.

This sword mansion is a huge palace. When ye Chen enters it, he appears in an empty and huge hall.

This hall is very broad and grand.

A carved dragon pillar, white watch, stands everywhere.

A heavy door, like a labyrinth, I do not know where to extend.

However, in this magnificent palace, it is desolate, full of traces of vicissitudes, deserted stone steps, old seats, and piles of Bones!

Withered bones!

Yes, in this palace, there are many bones, layers of overlapping, rotten. These bones have the will of the heavenly daughter. It seems that in the past, in order to protect the disaster sword, the heavenly daughter even sent many experts to guard it.

However, she missed the emperor Shitian!

All the experts she sent in the past are now white bones, all of them are cursed and killed by the demons of the emperor Shitian!

Ye Chen only felt that on the desolate hall, there was a strange breath, which was invisible to the naked eye, but the spirit could feel.

It's the purest and most vicious breath of demons. It's specially designed to catch people's demons and make people fall into madness, completely lose their senses and die.

In order to protect the disaster Tianjian, the heavenly daughter took great pains. These masters were sent secretly. They were secret. Even the holy king of Chiyuan and Tiancan Niang didn't know about them.

Ye Chen looked at these bones, as if through countless years, feel the good intentions of the heavenly daughter.

The emperor's daughter is afraid that the holy king of Chiyuan and the empress Tiancan will be greedy to seize the disaster sword and disturb her layout.

There are these mysterious experts, ambush here, can ensure that everything is safe.

However, it's a pity that the heavenly daughter of the Supreme Court has done a lot of calculations, but she has neglected to do so!

These masters, in fact, are not killed by outsiders, but are tortured to death by their own demons. The demons on their bones have a lot of complaints!

It seems that the mystery of Ye Yuanchen is so deep that it can't be calculated.

No matter who, can not completely control this chess game, there will always be inevitable anomalies.

Yeluoer is a different number, so is the emperor Shitian.

"Emperor Shitian is coming? How do I feel his cause and effect? "

Ye Chen is cold and blazing, but he catches the terrible cause and effect.

Vaguely, he foresees that in the future, Emperor Shitian will come and capture the disaster sword himself!

"It's impossible! How could emperor Shitian come to shengtianfu! He hasn't recovered from his injury. He can't defeat the holy king Chiyuan. How can he come here? "

Ye Chen only feels strange, only thinks that he has miscalculated, and wants to deduce it carefully, but the cause and effect of heaven is immediately interrupted by the breath of terror here, and nothing is clear.

Chapter 5083

The atmosphere in the hall is very terrible. It's not only the devil, but also the cold air!

The cold air, which originated from the ice spirit star, accumulated and precipitated in the hall for tens of thousands of years, reaching the point of terror. Gusts of wind, mixed with frost and snow fog, blew in from the corner of the hall. Raoshi yechen's vitality and physical strength could not bear it. His body was desperately shivering and his teeth were rattling.

"It's cold The icy spirit star was infused with the energy of the heavenly daughter, and the cold was so strong! "

Ye Chen a burst of surprise, only feel cold constantly hit, as if to freeze himself into an ice sculpture.

He opened the sky burning stars, but the cold, but even the stars have to erode, a flame everywhere, stiffly extinguished by the cold wind, even hanging in the sky beast stars, there are signs of being frozen.

"Be careful, you don't freeze to death here."

Taixuan array emperor's voice is dignified, looking around the hall, looking for the location of the disaster sky sword.

However, the palace is very big, heavy and heavy. I don't know how many houses there are. I don't know where the disaster sword is.

"Don't worry, I'm not so embarrassed."

Ye Chen smiles bitterly, and his heart moves. He immediately releases the burning tablet and asks Yan xuan'er to do it!

"Yes, sir!" Yan xuan'er clearly understands Ye Chen's intention.

As soon as the burning stele was released, the cold air around it quickly dissipated, and was dispelled by the energy of burning stele.

With the protection of Yan xuan'er and Yan xuan'bei, ye Chen is not impacted by the cold.

"Next, it's time to look for the disaster sword."

Ye Chen's cold air dispels, and his spirit suddenly shakes. When he feels carefully, he finds that the breath of the disaster Sky Sword is hazy and unreal. He is covered by layers of demons' curse. He doesn't know where it is.

Ye Chen frowns and immediately uses the burning stele to protect his body. He starts forward to look for the disaster sky sword.

Out of this hall, came to the outside, is a rockery, water, pavilions, just like the Royal Palace weather, but ye Chen felt the heavy night.

In the air, there is always a trace of demons breath, and the demons outside the hall are more weird and domineering, combined with the breath of curse, forming a visible black air.

Wisps of black air, like smoke and mist, surrounded everywhere.

Ye Chen is stirred by these evil spirits, and his heart is pounding, as if there are infinite negative emotions, malicious resentment, to churn out.

"Hongmeng big starry sky, guard!"

Ye Chen once again opened the big starry sky and guarded himself.

A piece of starlight overflows and falls, envelops Ye Chen's body, resists the attack of the heart demon.

If combined with burning heaven, the ability of guarding will be more powerful. However, in this way, the consumption of Reiki is too intense, and ye Chen can't afford it.

Now open the Hongmeng starry sky, ye Chen's aura is also rapidly passing, consuming a lot.

Gollum.

Ye Chen takes out some pure dragon pills from the picture of the yellow spring, and takes them directly to restore his aura, but he still can't keep up with the speed of consumption.

"The most intense place of the demons should be the location of the disaster sword."

Ye Chen thinks, also saw some eyebrows.

All the curses of the demons come from the disaster sword. As long as you follow the fluctuation of the demons, you can find the location of the disaster sword.

Ye Chen takes a deep breath, calms his mind, and immediately moves slowly along the most intense direction of the heart devil's churning.

Ye Chen is very clear that every time he goes further, the heart devil will be strong. At the end, the breath of the curse of the heart devil will not be able to stop even the big starry sky.

But in order to capture the disaster sword, ye Chen can only venture to.

Ye Chen is on guard, and Hongmeng starsky is guarding itself firmly and advancing step by step.

The breath of the curse of the heart devil is more and more intense. Gradually, the dark breath of the curse of the heart devil evolves into mist, mixed with the cold of the ice spirit star, and turns into the dark wind and snow all over the sky.

Ye Chen's life, or the first time to see the dark snow, not white color, but the cold is still strong, suddenly feel very spectacular.

Under the protection of Hongmeng big star sky, Yan Xuaner and Yanbei, ye Chen is not in danger for the time being. As he moves forward, ye Chen finally sees an altar emerging on the earth in front of him in the dark wind and snow!

The altar, burst out the pillar of light!

Among the pillars of light is a sword!

That sword, the breath of countless disasters, rolling around, and even burst out the sad song of disaster, the air seems to be heard from countless creatures wailing, crying, wailing, roaring, shocking people's mind.

On top of the sword, there are thunder, storm, frost, fire and other disasters. It is very spectacular.

"That is Disaster sword

Ye Chen sees that sword, immediately the pupil shrinks, the heart beats violently.

Finally found, the legendary disaster sword, in front of Ye Chen!The power of this disaster Sky Sword is so great. Even if the sword spirit is lost, it still shakes the earth and the earth. The endless smell of disaster is as terrible as destroying the world.

Ye Chen stood still, speechless in surprise.

It's just a simple sword. The breath is so domineering. If you merge the sword spirit again, you'll get it. I'm afraid the edge will sweep everything.

What's more, on the disaster sword, there is a strong curse of the heart!

The terrible curse of the heart devil, condensed into a dark smoke, and even transformed into a chain, surrounded by the disaster sword, Shua Lala.

Around the Tianjian altar, the evil spirit of the demons was strong enough to drip out of the water. The smoke was dense and the black air was rolling.

If it's just a heart demon, there won't be any demon's illusion. However, the heart demon is mixed with the curse of the eight curse dragon lock. Under the combination of the two, the evil spirit suddenly erupts, and the strong curse vaguely makes a strange sound, which seems to curse people's fate.

Ye Chen sees a wisp of evil spirit of heart devil curse, spread over like a poisonous snake, and climb into his big starry sky.

Whoa, whoa, whoa!

Ye Chen's Hongmeng starry sky makes a sound like evaporation. The crystal walls of the starry world are corroded by magic gas. The stars are dim, and the whole starry sky also shows signs of destruction.

"What a tough devil!"

Ye Chen's face a change, hastily retreat.

The Heaven Sword altar is the source of the heart demons. The curse of the heart demons is so strong that even ye Chen's vast starry sky can't resist it. There are signs of corrosion and melting.

Once the Hongmeng starry sky is eroded, ye Chen will also suffer from the disaster of destruction. In an instant, he will be washed away by the demons and become the puppet of the emperor Shitian.

"Humble human beings, why do you disturb the purity of this seat?"

A vast, ethereal, yet majestic voice sounded from the altar.

Hoo Hoo

The wind is blowing and the devil is howling.

Chapter 5084

Only a gray figure emerged from the disaster sky sword.

This figure, surrounded by chains of curse, is full of evil spirit. Its eyes are red with blood, and its breath is domineering and fierce. It is like a demon king. Standing there at will, it has the momentum of swallowing the sun and the moon.

"Be careful! This is the monster of the curse of the heart devil, the king of the curse

In the reincarnation cemetery, the emperor of taixuan array reminded him loudly, but his face was very dignified.

In front of Ye Chen's eyes, this figure is not a living person, but the breath of the curse of the demons in his heart. The demons accumulated for tens of thousands of years are called "the king of curse" and have extremely terrible cultivation of curse.

The king of curse, the breath is close to perfection.

Once he stepped into the state of great fullness, it was the time for the demons to break out completely.

At that time, the sword will be controlled all day.

This king of curse will become the new sword spirit of the disaster sky sword, and finally submit to the emperor Shitian.

"The king of curse..."

Ye Chen looks at the figure of the demon king in front of him, and his pupil shrinks.

If he is just an ordinary strong man, he has the confidence to win, but the king of curse is full of demons and curses. He is so terrible that he can't use common sense to judge his strength. Once he fights, ye Chen is not sure of winning.

"I've suppressed the heart demon's big curse sword!"

The king of curse's eyes are cold, and he doesn't wait for ye Chen to come back. He takes the lead. A heart demon big curse sword floats out from behind him.

It's dark and foggy. There's a layer of terrible curse on the sword. It turns into Jackie Chan and snakes. It's really terrible.

Originally, the heart devil's curse sword was pure and matchless. It was neither murderous nor bloody. But now, the sword and the curse merged into a magic sword. It was invincible. It broke through the air and pointed at Ye Chen's head.

Whoa, whoa, whoa!

Before the sword arrived, the strong spirit of heart demon sword had begun to attack Ye Chen's Hongmeng starry sky.

Ye Chen's face suddenly changes. Once Hongmeng big star sky is destroyed, he will be in danger.

"Heaven burning, open!"

Ye Chen takes out a large handful of pure dragon pills, burns them directly to provide energy for himself, and then suddenly opens the burning sky.

With a bang, the burning sky is in the sky, and instantly merges with the Hongmeng starry sky. It turns into a magnificent burning sky, burning everywhere, burning all the evil spirits into nothingness.

"Star soul chop, break!"

At the same time, ye Chen suddenly drank, and his sword burst into starlight. His soul power was surging, and he directly showed the spirit of the star chopping. His powerful sword power was like breaking the sky, and he chopped to the king of curse.

"Eh..."

The king of curse is slightly surprised. It seems that he didn't expect that ye Chen's sword might be so fierce.

He didn't meet, but pulled away to fly back, body shape a twinkle, dodged a sword of leaf Chen.

Whoa!

Ye Chen's sword Qi breaks through the air and sweeps across it. The void vibrates. It seems that the heaven and the earth are about to be cut open. The sword is very powerful, and layers of space are collapsing and bursting.

"Humble human, your martial arts are very powerful. It's just six levels of heaven and earth. It's so powerful. If you fight with martial arts, I may not be able to kill you."

When the king of curse saw Ye Chen's sword, he felt that ye Chen's martial arts was strong and powerful, which was really incredible.

However, he didn't look alarmed. Instead, he showed his regret and sighed. Leng Sensen said: "it's a pity that there is no one to stop the evil spirit's killing, ignoring the martial arts and cursing. The evil spirit's cursing, wanjian emperor!"

The king of curse chanted repeatedly, looked up at the sky, and raised his hands high. The heart demon's big curse sword, which was divided into light and shadow, actually changed into ten thousand sword shadows, rushing against the sky, just like ten thousand sword emperor.

Ye Chen's eyes shrank, and he felt that the evil spirit of the devil was strong enough to explode, and his whole body was erect.

"Kill

The curse King's eyes are sharp and his hand is waving. The shadow of ten thousand demons' swords, like meteors falling all over the sky, is crazy to kill from the sky. But it's not aimed at Ye Chen, it's indiscriminate to kill. Every corner of the world should be filled with the resentment of demons, so that ye Chen can't avoid it.

Ye Chen's face suddenly becomes extremely ugly. The king of curse is right. If you simply compete in martial arts, ye Chen may not lose.

However, the killing of demons ignores the gap between martial arts and martial arts. As long as there is desire in the heart, they may be aroused by demons. No one is an exception.

For example, at the original Tusheng meeting, xuanjiyue was so powerful that she was infected with a little demons, so she would collapse immediately and almost be killed by demons.

These strange attacks are extremely terrifying. If you are not careful, you will be in danger of collapse.

Boom!

Ten thousand demons' swords and shadows, falling and exploding madly, burst out a chaotic haze of demons, rolling and roaring.

Under the impact of the endless Heart Magic fog, ye Chen's burning sky and the big starry sky, whistling and whistling, were eventually corroded away, completely collapsed and dissipated."No!"

Ye Chen's face changed greatly. As soon as the protective star sky broke up, the evil spirit of terror rushed in, intending to erode Ye Chen's mind.

The king of curse narrowed his eyes and looked at Ye Chen, as if looking at a corpse.

If ye Chen is attacked by the demons, he will be washed away and become a puppet even if he is lucky to survive.

"Humble man, that's the price you paid for breaking into this place."

The king of curse sneers and stands with a negative hand, waiting for ye Chen's death.

Boom!

The evil spirit, like a snake in his heart, was so terrible.

Ye Chen's heart thumping, suddenly feel endless resentment, toss up, his whole person, seems to be about to be controlled by the devil.

"Boy, you're going to be trapped in the heart demon. Use the wild demon sky sword to kill the heart demon!"

At a critical juncture, the emperor of taixuan array roared, alerting Ye Chen.

Ye Chen's attack is the attack of the heart demon. He can only deal with it by himself. Even if the emperor of taixuan array is attached, he can't help anything. He can only remind him.

Hearing the roar of the emperor of taixuan array, ye Chen's spirit was suddenly aroused. Now the Hongmeng starry sky has broken up. If you want to fight against the heart demon, you can only use the wild demon sky sword!

The wild devil Sky Sword is the legendary supreme source of soldiers, extremely sharp, even the heart demon can be killed.

However, these magic weapons should not be used easily, because every time they are used, they will affect the general situation of heaven and earth, and have unpredictable effects on the future destiny.

However, now facing the attack of demons, the situation has reached the most dangerous time.

"Wild devil sky sword, out!"

Ye Chen suddenly drinks a, the decision is extremely quick, immediately the wild devil sky sword, pull out from the yellow spring diagram.

Chapter 5085

Hum!

As soon as the wild devil sword came out, it burst out with a strong and magnificent edge. The whole sword was filled with dark evil Qi, and the blazing edge burst out. All of a sudden, it broke the curse of the heart devil around Ye Chen.

"Well, this is Wild devil sky sword! How can you have such a magic weapon? "

When the king of curse saw this, he was shocked. He was extremely frightened and stepped back. It was just incredible.

The sword in Ye Chen's hand is one of the eight heavenly swords, which is as famous as the disaster Heavenly Sword.

The emperor's effort to release Tiansha was just to snatch a Tianjian. In Ye Chen's hand, there was already a Tianjian. A sword was in his hand, such as the devil's way. His power was boundless and his murderous spirit was overwhelming.

"No, it's just a young sword! But even if it's a young sword, it's not that ordinary people can take charge of it. Ordinary people don't have such luck. Who are you! You are qualified to take charge of Tianjian. Who are you

Curse of the king repeatedly roar, guess Ye Chen's identity.

He can see that ye Chen's wild devil Heaven Sword is far from reaching the peak. It's just a young sword, but even if it's a young sword, it needs great fortune to be in charge.

Ye Chen, absolutely not an ordinary person!

The body of the king of curse trembles, only feel Ye Chen's identity is extraordinary, even the sky sword can master.

Ye Chen's eyes are sharp. Although this wild demon sword is still a young sword, he has already fed ten million pure dragon pills before, and the energy of the sword Qi has increased a lot. When he draws out his sword, he suddenly wants to kill heaven.

This sword can be said to be ye Chen's trump card. He originally wanted to use it to deal with the spirit sword immortal, the God of overlord, etc., but ye Chen had no choice but to sacrifice it to the king of curse.

"Eight trigrams, heaven and alchemy, burning!"

Ye Chen clenched the hilt of the sword and roared. In an instant, he spilled millions of pure dragon pills. He used the eight trigrams technique to burn them all.

Hum!

He sacrificed millions of pure dragon elixirs, and suddenly the great energy of the wild dragon came down from the sky and poured into the wild devil sky sword.

Roar!

In the wild devil sky sword, the Dragon chant broke out. An ancient sky dragon emerged, and pieces of dragon scales were shining with golden light. In an instant, it was dyed black by the wild devil breath, and turned into black magic dragons.

Ye Chen's eyes are fixed, and he is extremely cautious. In order to eliminate the king of curse, he even sacrificed millions of pure dragon pills, which can be said to be a great deal.

After being infused with the elixir, the wild devil Sky Sword erupts with unprecedented horror, and the magic dragons circle on the sword.

The palm of Ye Chen's hand, stained by the pure dragon pill, also turns into a dragon claw. It's majestic. It's holding the wild devil Heaven Sword, such as the archaic sword God, the archaic Dragon King, and the archaic Demon Lord. It's more powerful than the king of curse.

"The wild devil Tianlong, Tongtian sword Qi, break!"

Ye Chen shouts angrily, and the sword cuts out. The sword power of the wild devil Heaven Sword breaks out to the extreme. The evil dragons roar with their heads raised. Under the sweep of the sword power, they kill out. The terrible wild devil sword dragons, like stars, directly cut off at the king of curse.

"No! The world of demons is blocked by me! "

The king of curse's pupil shrinks. Seeing ye Chen's sword coming, he spreads it out in a hurry. In the world, there are hundreds of millions of puppets who are praying and singing, making strange and desolate sounds.

At the critical moment of life and death, the king of curse actually wields the world to block Ye Chen's sword with the lives of hundreds of millions of demons and puppets.

These puppets are all individuals. They are happy, angry and sad. When they see ye Chen's sword coming, they immediately scream and cry. It's like seeing the end of the world coming and running around to escape.

"Hum!"

Ye Chen doesn't move. Wu Dao's state of mind is still stable. Without the slightest hesitation of sword Qi, he kills directly.

He is very clear that these hundreds of millions of demons and puppets are illusions, not real existence.

The king of curse wants to use these illusions to mobilize Ye Chen's compassion.

Once Ye Chen has mercy, he can escape from the heaven.

But it's a pity that ye Chen's mind is so keen that he can see through his strategy at a glance.

In this secret realm of Heavenly Sword, the world is closed. Where are the believers from the curse king? It must be all false. It's just an illusion. It can't deceive Ye Chen at all.

Boom!

Ye Chen a sword to kill in the past, immediately that heart devil from the sky of the world crystal barrier, suddenly burst smash, can't stop Ye Chen's sword.

Under Ye Chen's sword Qi, the illusions of the hundreds of millions of demons and puppets dissipated like clouds and smoke, and all of a sudden they collapsed and turned into nothingness.

"No..."

The curse of the king completely dull, eyes full of despair.

The legendary wild devil Heaven Sword is extremely sharp. It is not anything that can resist it.

Whoa!

Ye Chen's sword is as powerful as electricity. It cuts through the sky and cuts the curse King's body, killing the curse King directly.

The body of the curse king was cut into two pieces by a sword, then it broke up and broke up. It completely turned into wisps of heart evil spirit and escaped back to the disaster sword."Well Cough... "

A sword killed the king of curse, but ye Chen coughed violently, and his face turned pale. It was obvious that it took a lot of power, so he quickly put away the wild devil Heaven Sword.

Although this wild demon sword is powerful, it consumes a lot of Reiki if you want to use it.

With Ye Chen's current cultivation, he can only break out the wild devil Sky Sword once in a day, which is hard to maintain.

There is still a long way to go to really take charge of the supreme army.

"It's no better to curse than to kill the devil."

In the reincarnation cemetery, the emperor of the taixuan formation saw that the king of the curse was killed. He didn't look happy. His face was still dignified.

Because the emperor of taixuan array felt that the curse of the demons around him was only slightly weakened and did not really disperse.

The disaster sword is still full of terrible evil spirit, and the curse is like a chain.

"How could that be?"

Ye Chen sees this scene, immediately pupil one shrinks.

He thought that if he killed the king of curse, he could completely break the heart demon, but he didn't expect that the heart demon still existed.

Taixuan array emperor said: "these demons' curses have accumulated for tens of thousands of years. It's almost impossible to remove them completely. The king of curses is just a spirit condensed by demons. Even if you kill him, you can't really solve them."

Hearing the words, ye Chen's face suddenly sank. The emperor's method of releasing heaven was really terrible. The demons that had been arranged for tens of thousands of years are still poisonous today.

His eyes twinkled for a while, and ye Chen said in a deep voice: "for today's plan, we have to pull out the disaster sword first. As for the evil spirit, we can only wait to go out and solve it."

Ye Chen stares at the altar and makes a decision quickly.

In this palace, the mind devil has accumulated for tens of thousands of years, and even the heaven, elephant and earth have changed. It is the absolute home of the mind devil.

It's almost impossible to get rid of the devil here.

The only way is to take the risk to pull out the disaster sword, take it out, and then try to solve it.

Chapter 5086

"Boy, you should be careful. The disaster sword is full of demons. If you are attacked by demons again, you will not have such good luck to escape."

Taixuan array emperor's voice is dignified, does not agree to draw the sword, because it is too dangerous.

Ye Chen is silent, thinking about other methods, but it seems that there is no other way to solve the present situation.

"Ha ha ha, Lord of reincarnation, I have finally found you."

Just then, there was a big laugh.

Shua!

I saw a man wearing a sword in white flying from a distance. It was the spirit sword fairy!

Around the immortal body of the spirit sword, a small bead was spinning, but it was the sword star.

"Lingjianxian, how did you get in?"

Ye Chen's eyes narrowed slightly. It's a little unexpected. You know, there are thousands of big formations outside the palace, which overlap layer upon layer. The spirit Sword Fairy and the God of overlord don't know how to break the formation. They can't come in at all.

But now, the spirit sword immortal stands in front of Ye Chen, and ye Chen is extremely shocked.

With a close look, ye Chen only sees lingjianxian, but doesn't find the figure of badaoshen. With a little guess, ye Chen suddenly thinks of a terrible thing.

"Did you sacrifice the God of the sword? "Come in?"

Ye Chen's eyes slightly narrowed, and immediately guessed the cause and effect.

The spirit Sword Fairy took the responsibility behind him and said faintly: "I will kill you and avenge him! Your breath is very weak. You are dead! "

In the end, the spirit Sword Fairy grinned, but he saw that ye Chen was on the verge of exhaustion. It was obvious that he had just experienced a war, which was a good time for him to make a move.

"Sanqing Lingyun sword!"

The spirit Sword Fairy's eyes are like electricity. Suddenly, a sword stabs out and points directly at Ye Chen's heart. The light of the sword is quiet, and the Taoist magic is rich, like the power of eight trigrams.

Ye Chen's face sinks, looking at the spirit sword immortal long sword to stab, just want to avoid.

But all of a sudden, in the middle of the journey, the body of the spirit sword trembled and breathed slowly. It seemed that it had been hit by something. It even gave out a dull hum. The sword could not be pierced any more.

"Are you possessed?"

Ye Chen sees this scene, immediately eyes a bright.

Near the Tianjian altar, there is a strong spirit of heart demon curse. Ye Chen has adapted to it. As long as he is not really close to the altar, ordinary heart demons can't hurt him.

But the spirit Sword Fairy, however, was affected by the demons, suffered a huge impact, his spirit suddenly withered, and his whole body was shaking.

"I'm the star spirit of kendo. I'm in a pure state of mind. How can there be demons? Boy, let's die! "

The spirit Sword Fairy bites his teeth and suddenly drinks. The sky star light of the sword bursts out and the sun shines brightly, forming a continuous stream of body protecting sword Qi to protect the spirit Sword Fairy and resist the impact of the demons.

Then, the spirit Sword Fairy once again a sword, ruthlessly chop to Ye Chen.

Ye Chen offered a large number of pure dragon pills, burned them, slightly restored his aura, and avoided the sword of the spirit Sword Fairy.

The spirit sword is like electricity. One ring after another, it kills Ye Chen crazily. However, the Qi is unstable and the flaw is very big.

Although Ye Chen consumes a lot of energy, he can easily avoid it. Under the light of the spirit Sword Fairy, he flies around like a butterfly. His posture is very natural and unrestrained, and his aura is constantly recovering.

"If you even kill your companions, how can you be pure? If you have evil in your heart, you will be killed by evil in your heart! "

Ye Chen dodges and doesn't fight back, and now he doesn't have the strength to fight back, but ye Chen uses words to stimulate the spirit Sword Fairy.

Lingjianxian is a star spirit of kendo. His mind was in the past. Maybe it was pure.

However, from the moment when he offered sacrifices to the God of sabre and killed his companions, he had a magic barrier in his heart and was easy to be attacked by demons.

As long as ye Chen delays, I'm afraid that the spirit Sword Fairy will be haunted by demons and die of wailing. Ye Chen doesn't have to do it.

Lingjianxian's face changed greatly, and he also felt that many layers of demons were attacking him. No matter how he fought against the cleaning, he could not clean it completely. If he went on like this, he would be in danger of being swallowed up by the demons sooner or later.

"Damn it, I have really bred a magic barrier!"

The spirit Sword Fairy bit his teeth, but he didn't expect that the side effect of sacrificing to the God of Ba Dao was so great. If he dragged on like this, he would surely die.

He doesn't care about life and death, but if he delays the task of tiancanniang, it's a serious crime.

"The emperor's method of releasing heaven's demons is really weird and unpredictable. Once people have evil ideas, they will be killed by the demons immediately. They can't escape from heaven and earth."

In the reincarnation cemetery, the emperor of taixuan array was also amazed to see that the spirit sword fairy was about to collapse.

Emperor Shitian is really a great man. His killing of demons is really terrible. People are not saints. As long as some evil ideas are born, they are in danger of being invaded by demons.

Ye Lingchen takes advantage of the unstable situation and wants to take his life.

But unexpectedly, under the impact of the demons, he was engulfed first.

Even if the spirit sword immortal is a master of the seven level heaven, he can't escape the pursuit of the heart devil as long as he has evil thoughts in his heart."Heaven's judgment, the sword of judgment, is coming!"

At the critical moment, the spirit Sword Fairy suddenly roared up to the sky, his whole body was shining with sword light, and his Taoist spirit burst out. Vaguely, a huge sword appeared in the middle of the nine sky.

This huge sword, with the breath of terrible judgment, is like a galaxy of stars in the universe. With a slight shock, heaven and earth tremble. It seems that countless creatures in the world will be judged and usher in the end.

As soon as the sword appeared, the tip of the sword immediately aimed at yechen's body. A mighty breath from the ancient judgment made yechen's scalp numb.

"The sword of judgment! It's the sword of judgment in the thirty-six ways of the supreme court! Boy, get out of the way! Otherwise, you will die with this sword! "

Taixuan's voice came from the reincarnation cemetery. He also saw the sword of judgment across the sky.

In the thirty-six ways of the Supreme Court, there is a way called the Supreme Court to judge the way. It is said that it can judge the heaven and has great power.

As soon as this Taoist Dharma is released, it can immediately form a sword of judgment, so that hundreds of millions of creatures in heaven and earth, the infinite world, can accept the judgment of doomsday, which is very terrifying.

In terms of power, among the thirty-six taishangdao, taishangtianduandao can rank among the top five, even higher than xuanjiyue's taishangtianfu!

Obviously, this is Tiancan Niang's unique skill of pressing the bottom of the box. Once the power breaks out completely, it will be enough to judge the world.

Lingjianxian is the absolute confidant of tiancanniang, and she has also practiced this way.

Ye Chen looks at the sword of judgment, vaguely, seems to return to the butcher assembly, back to the original face of the emperor Shitian's heart evil judgment, there is a kind of suffocating feeling.

This sword of judgment, in terms of the end of the judgment, is almost as majestic as emperor Shitian's trial of demons. When the mighty sword aura is shrouded, ye Chen feels that his life will be ended by the judgment, and he will never see the sun of tomorrow.

Chapter 5087

"Foolish people, the law of judgment should not be violated, and the majesty of tiancanniang should not be offended. I will judge your sins and cleanse your soul in the name of the way of heaven."

With the coming of the sword of judgment, the face of the spirit Sword Fairy also becomes extremely solemn and solemn, and sends out a huge sentence in his mouth, trying to end ye Chen's life.

At this moment, ye Chen feels that his life, future and future seem to collapse and disappear under this sword, without any trace of existence.

It's terrible. It's terrible!

The sword of judgment really judges people's fate and ends people's lives completely.

Obviously, the spirit Sword Fairy now places all his hopes on this sword.

He has no time to delay. He has to make a quick decision.

This sword, must kill Ye Chen, he can devour Ye Chen's blood, and then to fight against the devil.

If the trial fails, his aura will be exhausted, and he will be devoured by the demons immediately, and he will surely die.

It's a sword for his life!

Boom

Under the majesty of the sword of judgment, the evil spirit around was completely suppressed and could not be stirred up for the time being.

Even the demons can be suppressed. You can imagine how powerful this sword of judgment is.

Ye Chen is enveloped in the sword of judgment. He is so stiff that he can't move. It seems that his Qi is completely locked, and there is no room to escape. He is doomed to be judged.

"The doomsday judgment is suppressed by me!"

The spirit Sword Fairy roared. I don't know how many thousands of judgment swords suddenly fell down from the sky. With a slight movement of the sword front, it immediately ran through tens of millions of time and space. Countless creatures of the world seemed to cry in the sky. They wanted to accept the judgment of the end, and everything would come to an end.

Ye Chen was shocked. He didn't expect that the weather of the trial sword was so huge that it was against the sky.

Click!

When the sword of judgment falls down, all the buildings in the palace, pavilions, rockeries and water fall into ruins.

Only the altar of the disaster sword is still in good condition.

Ye Chen's pupil shrinks. Even if he is in his prime, his sword to the doomsday judgment will be extremely difficult, let alone so weak now.

Just after the battle with the curse king, ye Chen's consumption is too huge. Now he hasn't recovered. Facing the sword of judgment, he is in a very dangerous situation.

"Master taixuan, give me a hand!"

Ye Chen's heart drinks violently, at this juncture, also can't care so much, can only ask for the help of emperor taixuan array.

"Be careful!"

The emperor of taixuan array didn't stop talking. He immediately attached himself to Ye Chen and poured all his aura energy into Ye Chen's body.

He is very clear, once Ye Chen is judged to end, that all will be reduced to bubble, reincarnation graveyard is absolutely unable to keep.

Boom!

As soon as ye Chen was infused with the energy of the emperor of taixuan array, his lost aura was immediately restored. The whole person was like a volcano erupting, and his power burst. There were pieces of divine light and pieces of rays in the deep meridians.

"Xuanxian, also borrow my strength!"

Although xuanhanyu hasn't made a sound all the time, yechen knows that she will make a move at such a critical moment!

In a flash, ye Chen's breath is more terrible!

"What

Seeing this scene, lingjianxian was shocked. He didn't expect that ye Chen's breath would suddenly recover or even burst out, which was even worse than before.

"If the judgment is the judgment of heaven, ye Chen will slaughter heaven with the moon of blood today! Break everything

Ye Chen's eyes are like electricity. He immediately pulls out the sword of falling dust and falling dragon, and uses the most powerful strike.

Full five rounds of blood moon, rising from the sky.

The long sword in Ye Chen's hand, blood light floats, explodes bright fierce awn.

Under the influence of taixuan array emperor's energy, ye Chen's edge broke out to the extreme. The sword of blood moon slaughtering the sky, as if with the breath of destroying the world, was ruthlessly chopped toward the sword of judgment of lingjianxian.

Ye Chen is afraid to be defeated. He is a million pure dragon pills again. He doesn't want to throw them out like capital. He burns them thoroughly and turns them into a torrent of golden elixir, converging into the sword.

Boom!

As soon as the eight trigrams heavenly elixir technique is detonated, all the elixir breath is exploded into a series of ancient dragons, roaring up to the sky.

In this move, the blood moon slaughters the sky and suddenly blows up the Dragon chant. The five rounds of blood moon are surrounded by the sky dragon, which is very spectacular.

Boom!

Finally, under the roar of the dragon all over the sky, the magnificent blood moon sword Qi collided with the judgment sword of the spirit Sword Fairy, and exploded into the sky, shaking the void of heaven and earth, and there were sonic booms everywhere.

"Puff!"

The spirit Sword Fairy spewed out a mouthful of blood on the spot. Under Ye Chen's sword killing the sky, the sword of judgment directly burst and broke, and he also suffered a serious impact.

Ye Chen borrows the energy of taixuan array emperor and xuanhanyu to offer sacrifices to millions of pure dragon pills. How powerful a sword is, even the spirit Sword Fairy can't resist it. If Tiancan Niang Niang is here and releases the sword of judgment in person, ye Chen may die.

However, the cultivation of the spirit Sword Fairy is obviously far less than that of Tiancan Niang. The fire of the judgment sword is limited, and it is finally broken by Ye Chen's sword.

"Boy, I can only help you here, and then it's up to you."

"Rescue my real body as soon as possible. Xuanjiyue shifts his position. There may be a frightening plot. We can't delay any longer."

Taixuan array emperor's body, back to reincarnation cemetery, issued a wry smile.

But his body continued to fade, and finally disappeared.

"Master!"

The plant emperor suddenly felt dizzy, and almost lost his energy.

Today, the emperor of taixuan array has attached himself to Ye Chen twice, once in the Birthday Ceremony of Tiancan Niang, and once here.

Although the sword of judgment of lingjianxian has been broken, the emperor of taixuan array has exhausted all his strength, and now it has completely dissipated.

"Boy, you have to die!"

The spirit Sword Fairy gnashes his teeth and sees that ye Chen suddenly falls into weakness. Fierce light appears in his eyes. He struggles to come with the sword and wants to take the opportunity to solve Ye Chen.

However, just a few steps away, the spirit Sword Fairy trembled all over, and wisps of mind mist, like a poisonous snake, climbed onto his body, and along the skin into the viscera, completely killed his mind.

"Ah

The spirit Sword Fairy screamed on the spot, and was directly invaded by the demons. His eyes became gray and black, and he fell to the ground directly. He kept roaring and howling. It seemed that he had been greatly tortured, and he looked very miserable.

The sword, Tianxing, also fell to the ground.

Ye Chen's heart was cold, and he quickly backed away.

Obviously, the spirit sword fairy was invaded by the heart devil, and was about to lose his mind and was killed completely by his own heart devil.

His sword of judgment failed to kill Ye Chen. Now he has no ability to resist the demons and is not far away from death.

Chapter 5088

Ye Chen's hair is creepy. He is still in the real world. As soon as he is infected by the demons, he immediately rolls and wails all over the ground. There is no image to speak of. It can be seen how terrible the demons are.

Fortunately, ye Chenwu's mind is stable, and he has fought against heart demons many times. Now he is almost immune to ordinary heart demons, and will not be impacted.

However, ye Chen looked in the direction of the altar, but his eyes were dignified.

He knew very well that if he approached the altar and came into contact with the source of the curse of the heart demon on the disaster sword, he would still be in danger of being eroded, and even the Hongmeng starry sky would not be able to block it.

But the disaster sword is in front of us. How can ye Chen give up?

"Xuanxian, what should I do?"

Ye Chen inquires in a deep voice. At present, the emperor of taixuan array has disappeared. He can only ask Xuan Hanyu for advice.

It's too dangerous to capture the disaster sword. It can be eroded by the demons at any time.

Seeing the situation in front of her, Xuan Hanyu also felt extremely difficult and said, "you should try the six ways of reincarnation and the short-term limit to open the reincarnation blood. You should be able to resist the demons of the heart, but after it is completed, you should at least fall into weakness for a long time, as short as a few days, as long as a month or two."

"Weak for a month or two..."

Ye Chen's eyes sank, and the six ways of reincarnation and reincarnation blood, if you try your best to break out, you can really resist the evil spirit for a moment, but the cost is too big, you have to be weak for such a long time.

God knows what's going to happen during this time.

Even if you pull out the disaster sky sword, it's hard to keep it during this period of time. After all, it's impossible for lady Tiancan to let Ye Chen get the sword so easily.

But if we don't, we won't get the disaster sword, and we can't go back empty handed.

Ye Chen suddenly feels extremely difficult and falls into a dilemma.

Sobbing

There was only the sound of wind, the sound of smoke, and the dying wail of lingjianxian.

Ye Chen is silent, pondering over and over again, but can't make up his mind.

He is not a man of indecision, but the present situation is too difficult to choose.

If you use up all your strength and forcibly pull out the sword of disaster, you will fall into weakness. It's very dangerous, but if you don't pull out the sword, it's absolutely impossible.

"Lord of reincarnation, we can actually cooperate."

When ye Chen was in a dilemma, a familiar voice, calm and steady, sounded in his ear.

It's the voice of emperor Shitian!

"The emperor interprets heaven!"

Ye Chen hears this voice, immediately scalp is numb, whole body sweat hair falls erect, follow sound to see.

The body of the spirit Sword Fairy stood up wobbly.

At this moment, the spirit sword fairy was tortured by the demons. His face, facial features and skin were torn by his fingernails. He looked terrible, like a fierce ghost.

"Long time no see, Lord of reincarnation. I didn't expect to meet you here."

The angel of the Sword Fairy's mouth pulled, and his facial features twisted, showing a very strange smile.

And his voice is actually the voice of emperor Shitian!

At this moment, the spirit Sword Fairy seems to be possessed by the emperor Shitian!

The emperor Shitian, who is far away in the abyss of calamity, seems to have his will throughout the time and space of Wanzhong and come here.

"Emperor Shitian, you You... "

It seems that Lianchen retreated and saw the most amazing thing in the world.

When he just stepped into the palace of Jianfu, ye Chen had a premonition, as if he had foreseen the future and saw the coming of emperor Shitian.

Now, the voice of emperor Shitian is in his ear, and he is still shocked beyond measure.

However, ye chenwudao was in a steady state of mind. He soon recovered his composure and quickly came to understand.

Obviously, this is the magic power of the mind.

All puppets can be controlled by heaven and earth.

The spirit sword immortal has been washed away by the demons. The remote emperor Shitian sensed the breath of the puppet, even indirectly captured the cause and effect of Ye Chen and the disaster Heavenly Sword, and immediately came down.

Of course, there was only a trace of shallow will when Emperor Shitian came, and he could not turn over any waves.

Now, even an ordinary person who goes up with a knife can kill the spirit Sword Fairy, which makes the will of the emperor Shitian lose his support.

Emperor Shitian's mind cultivation has not reached the peak yet. The will that comes down has no fighting power and can't fight.

Ye Chen felt that he was a little nervous.

"I think we can work together."

Emperor Shitian looked around, and in a moment, he had a clear insight into the cause and effect here, and knew all the process of things.

He looked at the Tianjian altar, at the Tianjian, at the curse of the demons on the Tianjian, with endless nostalgia and helpless sigh in his eyes.

"You want to cooperate? I will not give you the sword of disaster! "

Ye Chen bites his teeth, so it's impossible to send out the disaster sword."No, don't get me wrong. I came here with a little weak will. I can't snatch the sword of disaster with you."

Emperor Shi Tianmu light recovered his indifference. He was very clear that he did not have the qualification to fight for disaster Tianjian at present.

Ye Chen asked in a deep voice, "what do you want to do?"

"I want to give you this sword, and I want to make a deal with you."

Emperor Shi Tian's eyes turned and fell on the sword star.

"Sword star?"

Ye Chen is stunned and looks at the sword Tianxing. This star is the magic weapon of Tiancan Niang's life. It's really valuable. Ye Chen also has the idea of swallowing the sword Tianxing and strengthening her own strength.

But compared with the disaster sky sword, a sword sky star is not worth mentioning at all.

Ye Chen didn't expect that emperor Shitian would put forward this deal.

Emperor Shitian said: "yes, I was injured by xuanjiyue at the Tusheng meeting, but I haven't completely recovered today. However, if I can swallow the sword Tianxing, I can recover in an instant with the help of the aura of the star and the life essence and blood left by Tiancan Niang."

Smell speech, ye Chen pupil a shrink, if emperor Shi Tian complete recovery, that is when he comeback.

Once the injury of emperor Shitian recovers, he will rise from the abyss of calamity, and the legendary trial of demons will become the shadow of the world again!

"No, I refuse. This star can never be given to you!"

Ye Chen takes a picture with his palm and holds the sword Tianxing in his hand.

Now ye Chen's aura hasn't recovered, but the emperor Shitian has only a wisp of shallow will. He can't turn over any waves and can't snatch anything from ye Chen.

Emperor Shitian laughed and said, "if you don't make this deal, what will you take to pull out the sword of disaster? Can you resist the curse of my heart? Even if you can stop it, it's going to cost you a lot, isn't it? "

Chapter 5089

Ye Chen hears this words, the heart immediately a burst of dignified.

The emperor Shitian is right. The curse of the heart demon on the disaster Sky Sword is too strong. If ye Chen wants to pull it out, he can only resist the attack of the heart demon in a moment by opening the reincarnation blood and cooperating with the six reincarnation methods.

Moreover, after pulling out the disaster sword, ye Chen will fall into absolute weakness, at least for a month or two. During this period, if anything happens, ye Chen has no strength to deal with it.

Emperor Shitian said: "I have to recover sooner or later. Now I just want to make a deal with you in advance. It's good for everyone. I'll help you erase the curse from the disaster sky sword. You can easily get this sword. Why not?"

Ye Chen said in a deep voice: "why do you want to help me? Don't you dream of getting this sword? "

Emperor Shitian said: "at one time, at another time, my layout has been disturbed by you after tens of thousands of years. Now anyway, I can't get this sword. I'd better make a deal with you to minimize the loss. It's good for you and me."

Emperor Shitian said this with a trace of regret, but his tone was still calm and indifferent. It was obvious that the city was so deep that he could hold his temper even if his tens of thousands of years of painstaking efforts were destroyed in Ye Chen's hands.

"Xuanxian, what do you think?"

Ye Chen asks Xuan Hanyu in a quiet voice. This transaction really makes him very excited. If emperor Shitian is willing to erase the curse from the disaster sky sword, he can easily get the sword.

Even if the rise of emperor Shitian, ye Chen also has the qualification to fight.

"It's a big deal. You decide for yourself. I can't see through the future."

Xuan Hanyu didn't dare to make any suggestions. It's hard to figure out the fate of this deal.

Once emperor Shitian rises, God knows what will happen.

After all, the legendary trial of demons is the existence that even the superior should fear.

Ye Chen's eyes flicker constantly, weighing the advantages and disadvantages behind.

Emperor Shitian said faintly: "Lord of reincarnation, I'm also lucky. Even if I don't have your help today, I can recover sooner or later. It's just a little later in the evening. But if you don't have my help, it's hard for you to pull out this sword!"

Ye Chen cold smile, Emperor Shi Tian this although harsh, but said very reasonable.

If ye Chen pulls out his sword by force, it will cost too much!

"Well, I promise you, trade on the deal, you do it!"

Ye Chen bit his teeth, and finally nodded and agreed.

Emperor Shitian is just a stronger enemy in this game, not the ultimate one.

The ultimate enemy Ye Chen has to face is Hong Tianjing, the superior, and those behind the scenes of wanxu temple!

Disaster sword, related to the ultimate game of chess, is a big weapon for ye Chen to fight against the superior.

Therefore, ye Chen can't lose the sword even if he has to pay the price to send the sword Tianxing and let the emperor Shitian recover in advance.

"That's good. That's good enough!"

Emperor Shi Tian heard that ye Chen finally agreed, and his eyes lit up.

It was as if the emperor's body had been thrown around the altar, and he felt the curse coming to an end.

Ye Chen immediately alert, for fear that emperor Shi Tian will start.

Fortunately, the spiritual cultivation of emperor Shitian has not reached the highest level after all. Although the will that comes here can absorb the spiritual demons, it can not be used to kill people.

"To observe the heaven's power of the great mind devil, to see that the five implications are all empty, to be aware of the mind, to point to the heart, and even to the supreme Road, is the curse of truth, the way of saints, and the way of great Brahman's light, to show the evil in the world, to see into the sin of the world, to curse the sword for the great mind devil, to clear the world, and to purify the universe..."

The emperor Shitian closed his eyes and gently sang the ancient heart magic spell, which is the oldest and most majestic heart magic spell.

Ye Chen listens to the voice of emperor Shitian, and feels solemn. If there is a holy voice from heaven and man, he is completely shocked by the will of emperor Shitian.

The will of emperor Shi Tian is very pure, which is to launch the trial of mind and devil, clean up the whole universe, and establish an absolutely bright ideal world.

Ye Chen quietly listens to the chant of emperor Shitian, as if he has touched the determination of emperor Shitian. He is willing to sacrifice everything and even give his life in order to achieve his goal, which is shocking.

There is no doubt that if emperor Shitian's heart magic sword can be trained to the highest level, he is qualified to dominate, shake wanxu, and become a real leader!

However, it is almost impossible to achieve this step, because even Yan Changge, the former master of the heart devil, can't do it.

If there is a sign of the rise of emperor Shitian, it is absolutely impossible for the superior to let him go. After all, even wanxu will be afraid of the execution of the evil judgment.

Although the emperor and the devil reach an agreement, ye tacit understanding in the world. With the fall of emperor Shitian's chanting mantra, the curse of the heart demon on the disaster sky sword, a violent shock, immediately like snow under the hot sun, quickly disintegrated and disappeared.

In the blink of an eye, all the demons' curses disappeared. The whole disaster sword was restored to its original state, and the above layers of disaster breath were slowly turning.

Emperor Shitian smiles and looks at Ye Chen and says, "well, Lord of reincarnation, I've helped you wipe out all the curses of demons. You can easily pull out this sword. According to the agreement, you should give me the sword Tianxing."

Ye Chen saw that the curse on the disaster sky sword had disappeared, hesitated for a moment, and said: "take it!"

With that, he threw the sword Tianxing to the emperor Shitian.

Emperor Shitian steadily catches it, but he looks up and sighs.

This disaster sword, he painstakingly planned for tens of thousands of years, but now it is handed over to Ye Chen, naturally full of unwilling and helpless.

However, the emperor Shitian also knows that if he doesn't make the deal, the loss will be greater. Even if ye Chen does everything, he will pull out the sword of disaster. At that time, he won't get anything.

Now I have a sword Tianxing. With the aura of this star and the life essence of Tiancan Niang, his injury is enough to recover.

It's just a sword, Tianxing. Of course, it can't cure the injury of the emperor Shitian. But it's the magic weapon of Tiancan Niang's life. It has Tiancan Niang's life essence and blood on it. It has a very strong aura.

You know, tiancanniang's cultivation is unfathomable. It can devour her life essence and blood, and the emperor's release of heaven is enough to heal.

"Farewell, reincarnation Lord. See you next time, it's time for us to fight at the top!"

Emperor Shi Tian bows to Ye Chen and leaves with the sword Tianxing.

Chapter 5090

Emperor Shitian is now attached to the spirit sword immortal. Outsiders don't know his identity. They think he is the spirit sword immortal.

Out of the secret place of the Heavenly Sword, several elders guarding at the exit of the secret place were shocked when they saw the "spirit Sword Fairy".

"How can you become a fairy like this?"

"What happened in the secret place?"

"How could you be so badly hurt?"

The elders were surprised and asked.

At this moment, the spirit sword immortal, because he was tortured by the demons, was scarred all over, and no longer had any aura. His face and facial features were also scratched. He looked like a ghost.

The elders didn't know that the spirit sword fairy had been possessed by the emperor Shitian. Now it's just a puppet, and it's going to lose all its life soon.

"Damn it, there's something serious in the secret place. I'm going to report it to the empress. Get out of here!"

The emperor Shitian imitated the words of the spirit Sword Fairy. With a rough face, he pushed away the elders and stumbled out.

The elders looked at each other and did not dare to intercept.

Along the way, Emperor Shitian did not encounter any obstacles. When everyone saw him, they would call "Lord lingjianxian".

In this way, he swaggered away from shengtianfu and flew to Diyuan hall.

"Tianjian of disaster..."

"I've been planning for tens of thousands of years, but it's destroyed."

"In terms of qi movement, the Lord of reincarnation is better than me."

The emperor Shitian looked back at shengtianfu with endless nostalgia. At last, all his emotions were quiet. He recovered his apathy and thought in his heart: "when my injury recovers, I must start a new trial plan as soon as possible!"

.....

Then the secret emperor leaves the altar.

Although Ye Chen didn't want to release the sword Tianxing to the emperor, the trade agreement should not be violated. Otherwise, there will be great cause and effect. Ye Chen naturally has to abide by the agreement.

"Disaster sword, it's mine at last!"

Ye Chen put away the thoughts in his heart and looked at the disaster sword in front of him. His heart was full of blood.

Originally, he wanted to pull out the disaster sword, in addition to fear the curse of the devil, but also to guard against the sword Qi of the disaster sword itself.

But now, the emperor Shitian has wiped out the curse of the heart demon. The disaster sky sword has just recovered from the curse, and the sword Qi is still in the brewing state. It will not explode to kill people for the time being.

This is a good time for ye Chen to draw the sword!

"Disaster sky sword, rise!"

Ye Chen didn't hesitate, so he grabbed the handle of the disaster Sky Sword and pulled it up.

Click!

It went very well.

Ye Chen pulls out the disaster sword directly!

All of a sudden, the whole altar began to crack and crumble.

"Heaven Sword, get out of here! Otherwise, mother Tiancan won't let you go! "

Xuanhanyu urged that ye Chen was not the only one who wanted to capture the disaster sword, but also lady Tiancan!

Now the disaster sword has been pulled out, and lady Tiancan will surely notice.

Ye Chen must leave as soon as possible and meet with the holy king of Chiyuan, or she will be killed by Tiancan Niang, and the consequences will be unimaginable.

"Well!"

Ye Chen nodded heavily, took the disaster sky sword, and then quickly went out.

Disaster sword is full of the atmosphere of natural disaster. For others, how to keep it is a difficult problem.

But ye Chen, will not have this trouble.

Because the earth vein of the map of huangquan is thick and thick, and it has the virtue to carry everything. Whether it's the wild devil sky sword or the disaster sky sword, you can put it in at will, and you don't have to worry about any backfire.

Boom!

As the sword of disaster is pulled out, the sky outside is shaking violently. There are layers of wind and thunder of natural disaster, brewing constantly. It seems that there is a big cause and effect involved.

.....

Sword Fairy Valley, the sound of birds and the fragrance of flowers, the light of the sun and the moon, the elegant environment, the smoke curling, with a trace of Xianqi ruicai style.

This is the place where tiancanniang lives. The strange vibration of Tianjian also appears here.

"The sword of disaster has finally been drawn. Have they succeeded?"

Looking at the vision in the sky, Tiancan Niang was so surprised that she quickly pinched her fingers to deduce the cause and effect behind it.

She sent two of her most reliable subordinates, lingjianxian and badaoshen, to capture Tianjian in person. Now the storm of disaster is floating, and she only hopes to succeed.

However, under the natural deduction, Tiancan Niang violently found that the sword star spirit failed, the sword fought inside, the God of the sword was sacrificed to heaven, the spirit sword immortal was seriously injured, and finally was possessed by the emperor Shitian.

Her magic weapon, sword Tianxing, was also taken away by Emperor Shitian.

Ye Chen trades with the emperor Shitian, and the curse of the disaster sword is gone. Ye Chen easily pulls out the sword and is ready to leave.

Seeing this scene, tiancanniang was so thrilled that she didn't expect such a change. Even the emperor Shitian came and took her magic weapon."Puff!"

Lady Tiancan suddenly burst out with a mouthful of blood, and her face turned pale.

It turned out that at this time, her sword Tianxing was completely engulfed by the emperor Shitian, and her life essence and blood were also engulfed, which became the nutrient for the emperor Shitian to heal.

"My magic weapon!"

"Emperor Shitian, you son of a bitch, dare you!"

"Devil, you are the master of reincarnation! be devoid of any sense of shame! I'll kill you

Lady Tiancan was very angry and trembled all over.

The strong men, elders and maids in the Sword Fairy valley were shocked and looked at each other. They didn't know what had happened.

"Reincarnation Lord, I must kill you today! No matter what the cost, you can't take away the disaster sword! "

Tiancan Niang is very clear that if the disaster Tianjian is really taken away by Ye Chen, the consequences will be unimaginable.

Ye Chen has disaster sky sword, and red yuan holy King Union, when the time comes, she in holy heaven house, no longer have a foothold.

"Sword of judgment, doomsday judgment, kill reincarnation, kill!"

Under the fury of Tiancan's mother, she suddenly waved her hand and used the way of heaven's judgment. She swept away all the disasters in the sky in a flash, showing a terrible atmosphere of judgment.

Boom!

A huge sword, like a huge sword across the sky, appeared in the sky.

On the huge sword, there are layers of divine light of judgment, as if the supreme gods came to judge the heaven and the world.

The supreme heaven judges the way, which ranks in the top five of the thirty-six ways of the supreme heaven. It is more powerful than xuanjiyue's supreme heaven rune. It is said that it is the supreme way for the gods to judge the world and purify the world.

One of the reasons why emperor Shitian's trial of demons made the superiors so hostile is that emperor Shitian wanted to take charge of the trial and touched the core power of the superiors, which is absolutely intolerable.

Those who are qualified to judge the world can only be superior.
