

## Physician 5101

### Chapter 5101

"Heaven and earth are seven levels of heaven and earth!"

Tianwu's eyes, staring at Ye Chen, feel Ye Chen's cultivation breath, from heaven and earth realm six layer sky, breakthrough to seven layer sky.

It's just a small level breakthrough, but ye Chen's momentum makes a qualitative leap, just like the master of the starry sky, dominating the ups and downs of the world, very invincible, very rebellious.

There is no doubt that even if the strong people in the later period of the true realm come, they don't necessarily block Ye Chen's edge.

"It's a breakthrough at last!"

Ye Chen opened his eyes, but there were thousands of stars and moons floating in his eyes. He was full of spirit and reached the peak of his state. When he clenched his fist, his bones cracked, as if he could easily crush hundreds of millions of stars with a random fist. His power was vast and invincible.

"See you, master!"

The five masters of tianwu kneel down respectfully. It's just seven levels of heaven and earth. Ye Chen is so powerful. If he breaks through to the original realm, or even the real realm, he'll get it. I'm afraid even the upper level will be afraid.

"I'm not your leader."

Ye Chen smiles and waves his hand, but he doesn't want to accept the title of tianwu sect leader.

In the final analysis, this temple was created by Yan Changge. Yan Changge is the legendary leader of the first generation of demons. Ye Chen doesn't want to involve too much cause and effect.

"Lord of reincarnation, please be in charge of the teaching of tianwu altar! You have become the leader of the sect. The general outline of this day's Wujing book is yours! "

The five elders of tianwu were extremely respectful and presented the general outline of that page of tianwu Scripture.

See this general outline, leaf Chen immediately heart move.

Although he has understood the magic method in the general outline, he has not thoroughly understood it, because the seal and chain on the Scriptures are still there.

If you get this general outline and break the seal above, ye Chen may be able to fully understand Da Yuanman and make progress again.

Even, through the cause and effect of the general program, ye Chen can deduce the secret step by step, collect all the scattered pages of tianwu Scripture, and get the real finished tianwu Wolong Scripture!

However, if you want to get the general outline of the Scriptures, you need to inherit the orthodoxy of tianwu altar, but ye Chen doesn't want to cause more trouble.

The five masters of tianwu said: "Lord of reincarnation, please rest assured that Yan Changge has already set up his own house and has nothing to do with our tianwu altar. You will inherit the orthodoxy and not be contaminated with his cause and effect. In the future, we will respect Wuzu and trace the whereabouts of tianwu Wolong Sutra."

"As long as we collect tianwu Wolong Sutra, we can find tianwu treasure house and get all the treasures of Wuzu!"

Since the fall of Wuzu, tianwu Wolong Scripture has been divided into one page of scriptures and spread all over the world.

As long as we collect all the pages, we can get the complete version of the Scriptures.

This Scripture is also printed with the treasure map of tianwu treasure house, which is also the "key" to open tianwu treasure house.

Tianwu treasure house is a legendary collection of Wuzu's lifelong martial arts supernatural powers, weapons, magic weapons, pills and other treasures. It is the most magnificent treasure in the world. Even the superior are looking for it, but it's a pity that they can't find it after the passing of the ancient era.

But if we can collect the tianwu scriptures, we can find the trace of tianwu treasure house and get the most magnificent treasure in the world!

Ye Chen's heart moves. Since Yan Changge has nothing to do with tianwu altar, it doesn't matter to inherit the orthodoxy of the altar.

After all, there are only five Dharma guardians up and down the tianwu altar, and there is little cause and effect involved.

The only cause and effect is Hong Tianjing!

Hong Tianjing is the enemy of destroying tianwu altar!

To be in charge of the altar is to inherit this hatred and take killing Hong Tianjing as his duty.

Ye Chen, who has a grudge against Hong Tianjing, is destined to be an old enemy. Even without tianwu altar, he is going to kill Hong Tianjing.

"Well, as long as you give me the general outline of scriptures, I'll be in charge of Jiaotong."

Ye Chen nods and agrees.

"Thank you, reincarnation Lord!"

Tianwu five elders are very happy. They will give ye Chen the general outline of the Scriptures.

Ye Chen gets the general outline of this page, looking at the seals and chains above, but he feels a little numb.

I don't know who added this seal. The prohibition effect is extremely powerful. Even if you use the wild devil sky sword or disaster sky sword, you may not be able to cut it open.

If you want to break the seal, it is absolutely impossible to use ordinary supreme source soldiers, unless you use reincarnation Heavenly Sword!

Reincarnation Tianjian is the most powerful supreme soldier in the world. The eight Tianjian ranks first. If you can get this sword, you can absolutely break the seal of tianwu scriptures.

However, this sword is so powerful in the supreme world that even the senior elders in wanxu are not qualified to take charge of it. If ye Chen wants to get it, it's very long, very far away, very difficult and almost impossible.

Ye Chen shook his head and didn't think so much.

In the future, he is in charge of tianwu education. He has obtained the general outline of scriptures and books. It's a good thing for Tianda.

"Master, please accept our worship!""I wish you all generations to unify heaven and man!"

Tianwu five elders knelt down to worship again, with a very humble attitude.

Ye Chen nodded, put away the general outline of the Scriptures, buried it in the picture of the yellow spring, and said, "did someone just spy on me?"

Ye Chen also feels that when he just breaks through, he seems to be peeped at.

Tianwu five old way: "exactly, it was the previous leader."

"Oh, the second emperor tianwu?"

Ye Chen slightly frowned and faintly felt a trace of danger.

Tianwu said: "yes, it's him, leader. Your trace may have been exposed. It's not suitable to stay here for a long time. You'd better leave as soon as possible."

Ye Chen said, "what about you?"

Tianwu five said: "our five old bones are protected by Wuzu's stone carvings. Outsiders want to kill us. Unless we destroy Wuzu's stone carvings first, no one should have the courage. As long as we hide underground, we can ensure our lives. Our accomplishments are sealed and we can't go out."

Wuzu's reputation is all over the world. No one dares to destroy his stone carvings. Even Hong Tianjing dares not to do so. He wants to give Wuzu face.

Therefore, it's very wise for tianwu five elders to hide under the stone carving of Wuzu. As long as they don't come out, no one can hurt them.

"Well, gentlemen, I'll leave first."

"One day, I will kill Hong Tianjing, wash away the hatred of tianwu altar, and help you recover your accomplishments!"

Ye Chen arched his hand and left immediately.

At present, the five elders of tianwu are still in the state of being sealed. Hong Tianjing must be killed before they can recover.

Tianwu five elders watched Ye Chen leave with endless expectation in his eyes.

They believe that ye Chen will one day be able to kill Hong Tianjing and eliminate all hatred!

Chapter 5102

Ye Chen came out of the world of tianwu altar, but there were lots of space mists around him, and nothing could be seen.

It is obvious that Hong Tianjing's invasion in the past caused great damage. Even the space rules around the world of the altar were destroyed and shrouded in endless fog. Outsiders could not find this place at all.

Ye Chen is also a coincidence, just came here.

"It's time to go back."

Ye Chen's vision is one coagulate, capture the position of the gate of the taixuan array, and immediately gallop away.

It's very far away from the gate of taixuan array. Ye Chen keeps on fighting against the wind.

All of a sudden, ye Chen felt the vibration of the token around his waist and heard the breath of the holy king of Chiyuan.

"Master Chiyuan has come to meet me?"

Ye Chen's heart is a joy, it seems that the red yuan holy king is nearby, I don't know if Li Feixue wakes up.

Now the disaster sword is in Ye Chen's hand. As long as it merges with Li Feixue, this sword can break out the most extreme edge and sweep everything.

Li Feixue is the reincarnation of the sword spirit of the disaster Sky Sword in the past. She is also a character arranged by Ren Fanfan. Her existence can not be lost.

After that, ye Chen fought against the Imperial Palace, against Diyu palace, against Hong Tianjing, against the so-called tiandian and Lengjia, and even against wanxu. Disaster Tianjian was a great help.

At the moment, ye Chen flies away along the direction of the token vibration.

Soon, ye Chen saw a bright and dazzling light in the heavy fog in front of him. A magnificent figure came rushing like thunder. It was the holy king of Chiyuan!

"Master Chiyuan!"

Ye Chen's heart was very happy, and he immediately called.

"Lord of reincarnation, I have finally found you!"

The holy king of Chiyuan was very happy and ran over.

It turned out that after the trial, he realized that ye Chen was not dead, so he used the technique to pursue it.

Just when Emperor tianwu was watching for ye Chen's trace, the holy king Chiyuan finally found Ye Chen's location and came directly to the void.

Tiancan Niang's aura has not recovered. This is the best chance for Chiyuan holy king.

If you delay further and wait for the Queen's palace and the dark dragon temple to receive news that he wants to meet Ye Chen again, it will be extremely difficult.

"What happened to Tiancan Niang?"

When ye Chen saw king Chiyuan, he couldn't wait to ask.

Now he is most worried about being chased by Tiancan Niang.

"The situation is not very optimistic. My wife asked the Queen's palace to send someone to watch your tracks..."

The holy king of Chiyuan frowned lightly. Now he took tianwu emperor to the holy heaven, and assisted Tiancan Niang to watch ye Chen's trace. Finally, Tiancan Niang even sent a letter to inform the hell Dragon Temple and said it briefly.

"What, Emperor tianwu took refuge in the imperial palace."

Ye Chen was surprised, but he didn't expect that the former leader of tianwu altar actually took refuge with xuanjiyue directly.

It seems that the emperor tianwu, in order to recapture the Scriptures, spared no expense.

However, now the general outline of the Scriptures is in Ye Chen's hands. He wants to recapture it unless he kills Ye Chen first.

And more let Ye Chen shocked, is Tiancan Niang Niang unexpectedly informed the dark dragon temple, put clear is to kill him.

You know, ye Chen and the dark dragon temple are absolute enemies. Once Yu Wenji knows that ye Chen is in tianwu temple, the dark dragon temple will surely come out and kill Ye Chen at all costs.

If it wasn't for emperor Chiyuan, ye Chen didn't know that he would be in such great danger. The three forces of tiancanniang, the Queen's palace, and the hell Dragon Temple all had to come and get ready to fight.

Although Ye Chen got the general outline of tianwu Scripture and made great progress in his cultivation, it was very dangerous for him to directly counter the power of the Queen's palace and the dark dragon temple.

Chi Yuan Saint Wang: "Luckily I put my eyes on my wife's side and knew everything. We must leave at once. Otherwise, if the strong men of the temple of heaven and the temple of hell dragon are killed, it will be too late to go any further."

Ye Chen "eh" a, heavy nod, immediately follow red yuan holy king to leave.

With a wave of his hand, the holy king of Chiyuan covered yechen with a flash of light, covering all the breath of yechen's body, and said: "I know there is a space passage that can leave here safely. You come with me."

At present, the holy king of Chiyuan flies to the sky with Ye Chen. With his fingerprints waving, the clouds in the sky dissipate, revealing a very secret space transmission channel.

"This space passage was left by Yan Changge at that time. I had friendship with him at that time, but I didn't expect that he would be killed by Hong Tianjing."

"It was very secret that I set up shengtianfu at that time, but emperor Shitian inherited the orthodoxy of Yan Changge, and still knew the existence of shengtianfu. He directly united with the powerful enemy to kill the enemy to capture the disaster sword."

The holy king of Chiyuan said the past and sighed.

Ye Chen's eyes are silent. He can't imagine that emperor Shitian's capture of Tianjian can be traced back to tianwu temple. It's really the superposition of cause and effect, and the unpredictable nature. At that time, Chiyuan Shengwang had just established shengtianfu. Few people knew about it, but emperor Shitian inherited the orthodoxy of yanchangge, so he clearly captured the location of shengtianfu and directly laid it out.

If there is no friendship between Chiyuan Shengwang and Yan Changge, there will be nothing happened later.

Ye Chen with red yuan holy king, stepped on the space channel, all the way back.

The space law of heaven and man is extremely firm, and there are many barriers. Even if the space is transmitted, it can't reach in a moment.

Ye Chen is standing in the space passage, and it is estimated that he will have to wait a quarter of an hour or two before he can really return to the core area of heaven and man.

"Master Chiyuan, what happened to Feixue?"

Ye Chen looks at the holy king of Chiyuan and asks sincerely that now the disaster sky sword has arrived. The next step is to let Li Feixue wake up and inherit the sword.

The holy king of Chiyuan said: "the injury of Feixue is not serious. I can treat it, but her cultivation is seriously damaged. It may take some time for her to recover completely. You'd better give me the Tianjian of disaster..."

Speaking of the end, King Chiyuan seems a little embarrassed. After all, in order to capture the sword, ye Chen took a great risk and almost fell.

"No problem!"

Ye Chen is very straightforward, and directly draws out the disaster sky sword.

Hum!

When the sky sword is drawn out, there is a sense of natural disaster. With the image of disaster, it vibrates in the void, which is breathtaking.

Ye Chen seizes this sword in order to let Li Feixue inherit it. After all, Li Feixue is the reincarnation of the sword spirit of the disaster sky sword. Only when this sword falls into Li Feixue's hands can it exert its greatest power.

"That's great! Reincarnation Lord, no wonder Qingshan respects you so much. "

Chiyuanshengwang exclaimed, but he thought that ye Chen would give up something. Unexpectedly, he was so straightforward.

At the moment, the holy king of Chiyuan took the disaster Sky Sword and treasured it. This sword is of great value. As long as you take it back, his daughter's accomplishments can be quickly restored.

Chapter 5103

"Reincarnation Lord, in the future you will fight with the emperor yuan palace and the Queen's palace. I will help you with all my strength. Even if I sacrifice my life, I won't watch you have an accident!"

After a pause, King Chiyuan's eyes were sharp and he made a promise directly.

At that time, he made a promise that ye Chen would fight with Hong Tianjing, and he would sacrifice his life to help him. But now, he directly says that ye Chen would fight with emperor Shitian and xuanjiyue, and he is willing to fight to the death to help them.

Obviously, ye Chen so readily handed over the disaster sky sword, also let the red yuan holy King extremely grateful, willing to die.

"Thank you! I'll be relieved if master Chiyuan makes such a promise. "

Ye Chen hears the promise of the holy king of Chiyuan, and is immediately overjoyed.

His decisive battle with Hong Tianjing is far away, and I don't know if he has a chance. It is very likely that he will fall before the decisive battle begins.

But ye Chen's decisive battle with Diyuhan hall and the empress's palace is absolutely necessary. With his good fortune, he can't even have no chance to fight against the fate of the devil.

Now the holy king of Chiyuan made a promise and was willing to repay his death. Ye Chen got a big card out of thin air. When it was time for the decisive battle, he had enough confidence.

After all, compared with Shitian and xuanjiyue, the strength of Chiyuan holy king is only inferior to the foundation of Qi transportation, and the strength of martial arts is not inferior at all.

Chiyuan Shengwang was also the younger martial brother of henggu Shengdi. He inherited the orthodoxy of henggu, and his secret was so deep that even Tiancan Niang didn't know it.

If the holy king of Chiyuan exposed all the secrets and gave up his life to help Ye Chen, ye Chen's grasp of killing the demons of fate would be huge.

Once the fate of the demons, devour the two people's blood, ye Chen has enough qualifications to challenge Hong Tianjing!

WOW!

The space channel vibrates. The transmission is over.

Ye Chen and Chiyuan Shengwang both went back to the prosperous area of heaven and man from the frontier world of tianwu altar.

Two people suspended in the sky, can see below a piece of spiritual mountain forest, a city all over, very busy.

"Farewell, Lord of reincarnation."

The red yuan holy King arched his hand and said goodbye to Ye Chen.

"Goodbye."

Ye Chen also arched his hand, ready to leave.

The holy king of Chiyuan had a pause, but said: "Lord of reincarnation, and so on."

Ye Chen said, "what else can I do for you

The holy king of Chiyuan said: "in the future, you will fight against the fate demon. Can you not involve Castle Peak?"

Hearing this, ye Chen is shocked. His original plan is to cultivate Li Qingshan into his own successor, and let him play a part in this game.

But now, chiyuanshengwang and Li Qingshan father and son recognize each other, obviously do not want to see Li Qingshan involved again.

Ye Chen nodded and said, "since I've been told, I'll do it. Please rest assured, but Li Feixue..."

"Feixue, she is the reincarnation of the disaster witch. She is destined to have an inextricable disaster. When her cultivation recovers, I will ask her to repay the cause and effect of her previous life, but Qingshan is not the player of this chess game. I don't want him to be involved."

King Chiyuan waved his hand in a desolate tone.

He is also very clear that Li Feixue is the reincarnation of the sword spirit of the disaster sky sword. In his previous life, he was lucky to be reincarnated by the friend of the reincarnation Lord.

Such a big cause and effect, Li Feixue is doomed to escape, but in this life, she will certainly be involved in many layouts.

In his eyes, once he enters the game, he will die. No matter what reincarnation master, disaster Heavenly Sword or anything extraordinary, he will not be able to defeat wanxu. It is a dead end.

He already had the psychological preparation of sacrifice, but also wanted to leave a trace of blood. Since Li Feixue can't keep it, at least Li Qingshan must survive!

"Well, master, I promise you."

Ye Chen nodded heavily.

The holy king of Chiyuan breathed a sigh of relief and said, "it's so good. Reincarnation Lord, thank you very much. What else do you need? My elder martial brother has left a lot of treasures. If you need any natural resources and local treasures, just let me know. "

Smell speech, leaf Chen heart move, thought of dunjia sky star.

Dunjia Tianxing is one of the nine chaotic stars. It's full of array. It's a pity that before the battle between taixuan array gate and dark dragon temple, dunjia Tianxing was badly damaged and was on the verge of falling.

If dunjia Tianxing falls and collapses, all the arrays will disappear, which is a huge loss for taixuan array gate.

"Master, I have a magic weapon called dunjia Tianxing. It has been seriously damaged. If you can, you'd better give me some materials to repair it."

Ye Chen immediately made a request.

The king of Chiyuan said with a smile: "no problem, I have a core of Jianmu star. It's full of energy. It's just suitable for repairing magic weapons such as chaotic stars."

With that, King Chiyuan took out a blue-green crystal core, which was full of faint starlight and thick Wutu aura. It turned out to be a star core condensed after the collapse of a star. "Building the core of Jupiter?"

Ye Chen eyes a bright, when will soon this crystal nucleus take over.

Jianmu is a kind of rare natural material and treasure. It is said that it runs through heaven and earth. It is very huge. It is also an excellent material for refining medicine. It can also be used to build palace beams and columns to improve Qi transportation.

Building a Jupiter is a star full of trees and forests. It is quite rare in the universe. A building a Jupiter core is very valuable. It is estimated that it can be exchanged for a terrifying Dao crystal. It is really a rare treasure.

"Thank you, master."

Ye Chen arched his hand to thank him, and took away the star nucleus.

With this nucleus, it is not difficult to restore the aura of dunjia Tianxing.

"Lord of reincarnation, I can only help you here for the time being. Don't contact me easily, or you'll expose your destiny and have endless troubles! When you fight against fate, I will sacrifice my life to help you

Red yuan holy King dignified exhort, now leaf Chen hand, have he give his token, can call him at any time.

However, this token must not be used easily. Otherwise, it will be very troublesome to be discovered by Tiancan Niang or even the superior behind her.

"I see."

Ye Chen nodded, put away the token directly, and then said goodbye to the holy king of Chiyuan.

The holy king of Chiyuan went back to shengtianfu with the sword of disaster.

And ye Chen, then quickly rushed back to the gate of taixuan array.

The matter of the disaster Heavenly Sword has been solved. Next, ye Chen can fully deal with the threat of the hell Dragon Temple!

As for going back to Beiling temple, it may be a little later!

Whoa!

All the way, ye Chen flies like thunder, but his body is like a dragon. There are layers of golden light flashing, constantly flying towards the direction of taixuan array gate.

After comprehending the general outline of tianwu Scripture, if ye Chen's skin is shining with the totem of Taigu Tianlong, and Wolong comes out of the abyss, his whole momentum is very majestic, much more powerful than before.

Chapter 5104

Soon, ye Chen returned to the gate of taixuan array.

Inside the gate of the taixuan array, it was a calm appearance, with no waves.

Obviously, after the Seven Star Dragon slaughtering array was opened, it completely covered the secret here. The dark dragon temple could not be found at all. The whole taixuan array door was protected and absolutely safe.

Ye Chen catches ye lu'er's breath. Ye lu'er is comprehending the Dragon God's secret of breaking heaven, and there is no breakthrough yet.

But vaguely, ye Chen is a little worried. Once ye lu'er breaks through, can the Seven Star Dragon killing array be covered.

After all, the Dragon God's formula for breaking the sky is one of the legendary nine God skills, which is extremely powerful. Once the breakthrough is realized, it will definitely shake the universe and shake the sky. The weather can't be guessed, and ye Chen can't guarantee whether he can continue to hide yeluoer's breath.

"Master, you are back."

At this time, over the gate of the taixuan formation, a star hung, and an old face appeared, saying hello to ye CHENGONG.

This star is naturally the star of dunjia.

"Dunjia Tianxing, I have a gift for you."

Ye Chen's heart a joy, immediately flew to dunjia star.

On this star, there are big formations, one after another, five fire god thunder formation, Qimen dunying formation, ten thousand swords penetrating through the heart formation, misfortune and resentment formation and so on, which are scattered and spectacular.

However, under the serious injury of dunjia Tianxing, many big formations can't be used.

"Master, what gift do you have for me?"

When ye Chen comes to the star of dunjia, he hears the old voice of Xingling, shaking out from the void.

"This planet, built with Jupiter's core, should be able to heal your injury."

Ye Chen takes out the core of building Jupiter, squints his eyes slightly and looks around, but he sees a lot of arrays around him. There are many traces of damaged arrays. If you want to restart, you need to repair them.

The construction of Jupiter's core is an excellent material for the treatment of dunjia Tianxing. When the atmosphere of dunjia Tianxing is restored, all the formations on the stars will naturally return to their original state.

"This is Build the core of Jupiter! Where do you get such rare materials? "

Dunjia star spirit a burst of surprise, but did not expect that ye Chen will take out such a rare material.

If Jupiter's core can be fused, it can recover in an instant.

At that time, all dunjia formations can be turned on, which can provide more comprehensive protection for ye lu'er.

What ye Chen wants is exactly this!

If ye Luo'er understands the nine heaven magic, once he succeeds, the weather will definitely shock the heaven and man. The original array alone may not be able to cover up, so he must use new means.

And if you can start all the big formations on dunjia Tianxing, it's enough to provide enough shelter for yeluo'er.

"This planet is built with Jupiter's core. I'll give you a recovery."

Ye Chen doesn't talk nonsense either. With a wave of his hand, he penetrates the core of Jupiter into the interior of dunjia.

"Ah

When dunjia star lingdun sent out a sharp call, his facial features twisted violently, which was obviously very painful.

After all, this star core is a foreign body, suddenly into his star, repulsive force is very serious, a little careless, it will cause an explosion, causing devastating consequences.

"Bear it!"

Ye Chen's eyes were fixed. When he entered the star's core, he offered a picture of the yellow spring, and mobilized a large amount of yellow spring water to flow to the surface of dunjia Tianxing.

A large amount of spring water, along the surface of the stars, infiltrates into the inner world of the stars, alleviating the repulsive impact of the construction of Jupiter's core.

Get the nourishment of the yellow spring water, dunjia star lingdun a sigh of relief, is obviously relaxed a lot.

"Liangyi Huasheng formation!"

Ye Chen's fingerprints wave to mobilize a Liangyi array on the star of dunjia, infusing his own aura to help the spirit of dunjia digest and build the nucleus of Jupiter.

The spirit of taixuan array emperor has disappeared, but ye Chen's array cultivation is not much worse than that of taixuan array emperor, especially after being promoted to heaven and earth for seven days.

Hum!

With the movement of the great formation of the transformation of yin and Yang, a pattern of yin and Yang and eight trigrams appeared in the sky of dunjia Tianxing, slowly rotating, and the Taoist wisdom came down to help digest and build the nucleus of Jupiter.

Click!

Ye Chen clearly heard that there was a sound of fragmentation from the interior of dunjia Tianxing. It was obvious that the core of Jian Jupiter had cracked and a lot of energy flowed out.

Boom!

The volcano erupted.

Inside dunjia Tianxing, jianjue's core burst, emitting a huge turquoise green energy, full of great vitality, and finally turned into a volcano.

The eruption of the volcano, actually dark green, seems to have infinite vitality, the volcano's flame splashed to the ground, immediately rooted, from the green flame, blooming out of a small sapling.

These saplings grow vigorously at the speed visible to the naked eye, and turn into towering trees. Ye Chen looked at the spectacle in front of him and was pleasantly surprised.

Obviously, the energy of the star's core began to burst out, and it merged with dunjia Tianxing. The aura of dunjia Tianxing was transformed, and Jianmu was born, and a large forest was formed.

Under the cover of the Jianmu forest, the array after array is even more unpredictable and hard to find.

"It's great that I've almost recovered from my injury! The legendary holy water of the yellow spring, as expected, has a miraculous effect. It can actually purify the exclusion of alien star nuclei. "

Generally speaking, if you want to absorb the nuclei of other stars, you need to bear great repulsion, which can easily lead to star burst.

But now, with the help of Ye Chen's water, he has solved all the repulsion forces at once. He has successfully fused the core of Jupiter, and his injury is recovering quickly.

Ye Chen clearly see, a big array, above the traces of destruction, has been gradually repaired, can restart.

"Very good. When you recover completely, I'll open the ten thousand secret array of dunjia to cover up the secret of heaven. It's impossible for the hell dragon temple to find it here!"

Ye Chen is very happy, waiting for the recovery of dunjia Xingling.

Boom!

But at this time, an amazing scene happened. In the sky of dunjia Tianxing, a thundercloud suddenly exploded. In the midst of the thundercloud churning, the virtual shadow of Honghuang dragon appeared.

This dragon is different from the general dragon. It has ten fingers in one claw, which is very special.

"What's the matter? How can you have the vision of Dragon God turning over the sky when you build Jupiter's core together?"

Ye Chen a burst of surprise, vaguely feel a little wrong, and then instantly wake up.

This is not the vision of dunjia Xingling, but the breakthrough of yeluoer!

"Is lol going to break through?"

Ye Chen was surprised, and immediately flew out of dunjia Tianxing. However, he saw that the whole taixuan array gate was shaking and shaking. There were countless thunderclouds in the sky, which thinned out thousands of Li's rays. In the rolling thunder and rays, an extremely ancient dragon was turning the sky upside down, glittering with golden light, which was very spectacular.

Chapter 5105

"Is this the weather of the Dragon God's formula for breaking heaven?"

Ye chenzhen was stunned. He had seen the weather of the Dragon God breaking the formula before, but it was not as special as today's.

The vision of Dragon God appeared in front of Ye Chen's eyes is actually an ancient dragon. The dragon claw has ten fingers and is perfect. It is almost above the sky. When the dragon claw moves, the wind and cloud of heaven and earth are rolling, rumbling and thundering.

"Where can we practice here?"

"This weather is the legendary nine heaven magic?"

"What's the matter? My taixuan array gate has the weather manifestation of Jiutian Shenshu? It's impossible

The disciples of the taixuan formation also felt the terrible weather in the sky and came out to watch.

Most of the ordinary disciples did not know the existence of yeluo'er.

Yeluo'er's identity is well concealed. Only a few people know it. Now when they see the vision of the Dragon God, they don't know what's going on. They are shocked.

After all, the Dragon God's formula for breaking the sky is one of the legendary nine gods' skills. The nine gods' skill is more terrifying than the eight heavenly swords. Any one of them can be invincible.

"No! Such a big weather is likely to be found in the dark dragon temple! "

As soon as ye Chen's face changed, he quickly flew to the core of the taixuan array gate, and saw that ye lu'o'er was sitting in the bamboo forest with his knees crossed, completely in a state of self-cultivation.

On yeluo'er's head, there is a special crystal, which is from the supreme world. It was once the energy core of the Seven Star Dragon killing array.

This crystal also provides yeluo'er with great energy, which makes her qualified to understand the Dragon God's secret of breaking heaven.

At this moment, it is obvious that yeluo'er is about to succeed in understanding. There is a dragon in the sky. On yeluo'er's white skin, there are also ancient dragon totems, which are interwoven with auspicious clouds.

"Lol!"

When ye Chen steps forward, he sees ye lu'o'er's body. The Seven Star Dragon killing array is running slowly. However, the symbols on the array are greatly impacted, and there are signs that they are on the verge of collapse.

Once this array is completely destroyed, the taixuan array gate will lose its protection, and the secret will be exposed. In a moment, it will be discovered by the dark dragon temple, and the consequences will be unimaginable.

This Seven Star Dragon slaughtering array has a huge suppression effect on the breath of the dragon clan. However, even if ye Luo'er is about to understand the Dragon God's heaven breaking formula, it's hard to hide the astonishing weather. Even the Seven Star Dragon slaughtering array can't be suppressed.

If it goes on like this, it will be exposed sooner or later!

But Yeluoer, totally immersed in the world of cultivation, didn't know anything about the outside world, and didn't even open his eyes.

"Damn, such a big weather, will be found by the hell Dragon Temple!"

Ye Chen bites her teeth and wants to wake ye Luo'er up and ask her to stop practicing temporarily, but she is afraid of disturbing her and causing unimaginable consequences.

After a little thought, ye Chen immediately returned to dunjia Tianxing.

With the fusion of the core of Jupiter, the appearance and interior of dunjia Tianxing have been completely changed. There are many towering trees everywhere, and many formations are hidden in the forest of trees.

"The leader of the sect is supreme, and the heaven descends on the dragon. Is it Luo'er's Dragon God's secret of breaking the sky that she finally wants to understand successfully?"

Dunjia Xingling was surprised and felt the fluctuation of the outside world.

"The situation is not good. Luo'er's breakthrough is too big. It's easy to disturb the hell dragon temple. We must protect it immediately!"

Ye Chen starts immediately and starts the array on dunjia Tianxing.

All of a sudden, a big array of operation, and points to the Seven Star Dragon killing array, around the Seven Star Dragon killing array rotation, protect yeluo'er.

"The leader of the sect is supreme. I have the hiding shadow array, the supreme hiding array, the juetian duannian array and so on. All of them can resist the visit of the dark dragon temple."

The star spirit of dunjia didn't dare to be careless either. The star body turned and released some of its most important blocks to protect yeluo'er.

He is building Jupiter's core by fusion. Before his success, his injury has not fully recovered. But now, in order to protect yelol, he can't manage so much. Even if his vitality doesn't recover, he tries his best to open the core array, so as not to expose yelol's trace.

All of a sudden, a seat of the big array, shrouded in the gate of the taixuan array, isolated all the peeping eyes.

Many disciples of taixuan array didn't know what happened. They were very surprised and looked at the scene in front of them.

.....

At the same time, the other side of the hell Dragon Temple is also busy.

Tiancan Niang's flying sword has been sent to the hell dragon temple. Yuwenji and others are very surprised when they know the news of Ye Chen.

Yuwenji and Chen cangsheng, as well as several senior elders, gathered in the conference hall. Each of them used their skills to investigate Ye Chen's trace.

The light of many techniques converged into a ball of light, suspended in the air.

"Tiancan Niang said that the Lord of reincarnation is in tianwu temple. I don't know whether it's true or false. Let's have a look first." Yuwenji's dragon claw waved, hit a seal formula, and fell on the ball of light. First of all, he projected his insight into the heaven to tianwu altar.

Suddenly, a figure appeared on the ball of light, sitting in the air, under the protection of the five elders of tianwu, a picture about to break through.

"The Lord of reincarnation is really at the temple of heaven!"

Yuwen machine a surprise, and Chen cangsheng exchange eyes.

Chen cangsheng's eyes are dignified and silent. He also makes his fingerprints. The picture of light ball flickers. Ye Chen breaks through successfully, and then leaves tianwu temple.

Around tianwu altar, there is a chaotic space fog. You can't see any trace at all. The picture on the light ball is completely broken here.

"Everyone, follow the breath of the reincarnation Lord! Don't let him run away

Yu Wenji's face is worried, and it's hard to find Ye Chen's trace. He's afraid that ye Chen will run away, so he immediately mobilizes a lot of aura and pours it into the ball of light to trace Ye Chen's trace.

Chen cangsheng and those senior elders are much more calm. Although they also infuse aura, they are not as crazy as Yu Wenji.

WOW!

Under the aura of the people, the picture on the light ball became clear, but only the statue of Wuzu could be seen, and no trace of Ye Chen could be seen at all.

"Damn, where's the boy?"

Yuwenji gritted his teeth. Before and after, he only saw the picture of Ye Chen breaking through. As for the general outline of tianwu scriptures, and the appearance of Chiyuan holy king, he didn't see it.

After all, both tianwu Wolong Scripture and Chiyuan holy King bear great cause and effect, which is not so easy to investigate.

And ye Chen's cause and effect of the heavenly secrets is more complicated than that of the holy king Chiyuan. As soon as he leaves tianwu temple, all the clues of the heavenly secrets are broken. Yu Wenji and others can't find them even if they take great pains.

"We must find him out!"

Yuwenji's eyesight was split, but he refused to let it go. He poured his own aura into the sphere of light.

But that light ball, no longer appeared Ye Chen's figure.

Chapter 5106

Chen cangsheng and other senior elders, however, did not waste their efforts any more. Instead, they took back their palms. The ball of light lost its aura support and gradually showed signs of collapse.

"What are you doing?"

Yuwenji see people withdraw aura, suddenly angry.

Chen cangsheng said faintly: "little Lord, don't be impatient for a while. The reincarnation Lord has deep Qi. It's so easy to find out. He must be aware of the peeping of shengtianfu, so he left ahead of time. It's hard for us to find him again."

Yuwenji said angrily: "it's rare to have a clue. Is that ok?"

Chen cangsheng didn't answer, and the senior elders didn't say a word.

Boom!

At this time, the picture of the light ball suddenly twisted violently, and the appearance of a dragon appeared.

This dragon, with its golden scales and sharp claws and ancient vicissitudes, shows the magic power of time. If it wants to reverse the outside world, its momentum is very magnificent.

"This is..."

Yuwen machine to see the sudden appearance of the Dragon vision, immediately surprised.

Chen cangsheng is a "pa", stood up, action is extremely fast, can no longer maintain just calm.

"Dragon God's formula for breaking heaven, this is the weather of Dragon God's formula for breaking heaven!"

Chen cangsheng's body trembled and uttered a voice of great fear, fear and hatred.

At the beginning of the World War I in yechen's yellow spring, ye luo'er suddenly broke out the Dragon God's formula to break the sky. He sacrificed his only daughter to escape.

After returning to the dark dragon temple, Chen cangsheng, Yu Wenji, and many senior elders all joined hands to explore Ye Luoer's trace all over the world.

Therefore, there are the causes and effects of Yu Wenji and Chen Cangsheng in this magic light ball, with their fear. Once the majesty of the Dragon God's formula for breaking heaven appears again in the world, this magic light ball can capture the heaven's secret and show the picture.

"Follow up! Trace the whereabouts of that wretch

Yuwenji returns to his senses and infuses aura again. He even burns his blood essence and urges the light ball to work. He just wants to find out Yeluoer's whereabouts.

He knows that Ye Luo'er can't take the initiative to use the Dragon God's heaven breaking formula, and his strength is extremely limited. As long as he catches Ye Luo'er, forces her to marry, and then devours her blood, the legendary Dragon God's heaven breaking formula belongs to the Hell Dragon Temple.

See, Chen Cangsheng and other senior elders are also crazy to infuse aura.

WOW!

All of a sudden, the whole light bulb of the magic method exploded into a great light, showing a geographical area between the ups and downs of the light.

In this area, the landscape is beautiful and the aura of heaven and earth is abundant. Naturally, it is within the realm of heaven and man.

Yeluoer's Dragon atmosphere, in this area, is spinning constantly, vaguely fitting the supreme road.

"Yelol, that bitch, is in this area?"

Yuwenji's eyes suddenly brightened. With the full cooperation of Chen Cangsheng and others, he finally pushed a trace.

Yelol's hiding place is in this area.

However, the area shown on the sphere of light is very vast, with an area of tens of thousands of miles. In this area, there are many family forces, such as taixuan array gate, Zhutian gate, Changsheng gate, Qixia sect, broken army aristocratic family, Murong aristocratic family, Gongsun aristocratic family and so on. It is not easy to investigate them.

Yuwenji still wants to further investigate, but the picture displayed on the photosphere is the limit, and it can't go any further.

Chen cangsheng's face sank and said, "young master, ye Luo'er must be in this area, but I don't know which sect he is hiding in."

Yuwenji asked: "Uncle Chen, how many forces are there in this area?"

Chen cangsheng sighed and said, "at least there are thousands."

Yuwen machine eyes twinkle, way: "thousands of forces, that at least there is the possibility of looking for, better than no clue."

Before, the dark dragon temple always wanted to track yeluoer, but it couldn't find it. Now, it's locked in an area. Although it's still difficult to find it, it has at least a glimmer.

Chen cangsheng said, "little Lord, what do you mean? With the power of the Ming dragon temple, we can indeed search for the past one by one, but it will cost a lot of manpower and material resources. Recently, the ruins of the ancient emperor Huanglong are about to be opened. If we divide our hands, it will be difficult to seize the treasure of the ancient emperor Huanglong. "

Chen cangsheng's tone is dignified. With the power of the dark dragon temple, he has locked in this area. He can search for it in a carpet style. He will not let go of any corner. He is sure to find yeluoer's trace.

Recently, however, it is very difficult for the hell dragon temple to achieve this.

Because, the ruins of Huanglong ancient emperor are about to open, and this remains treasure is very important. The Dark Dragon God hall is determined to get it, and it must not be missed.

It would be very difficult for us to separate our hands and then snatch the treasure of huanglonggudi.

Huanglonggudi was a great man in the archaic era of heaven and man. He was on the same level as henggushengdi. He wanted to fly to the world, but he failed. The Huanglong Tianxing in "chaos nine stars" is made by Huanglong GuDi himself. It's a great power that almost rose to the top of the world. The treasure he left can be imagined.

Yuwenji's face sank. As far as he knows, Tiancan Niang also wants to grab the Dragon treasure. If you send someone to look for yeluo'er, it's hard to win Tiancan Niang.

However, ye luo'er's Dragon God's formula for breaking heaven also allows no loss.

"Uncle Chen, let's divide our army into two groups. You search for yeluo'er's trace, and I'll take the treasure of Huanglong GuDi."

Yuwenji thought for a while, gritted his teeth and made a decision.

Chen cangsheng was shocked and said: "little Lord, you should be careful. If you want everything, you may not get anything."

Yuwenji waved his hand and said: "it's OK, over there in shengtianfu, when the reincarnation Lord makes a noise, Tiancan Niang is seriously damaged, and her arrogance is not as strong as before. I plan to take millions of Dayuan Dan and Daojing as the price, and ask the emperor to come out of the mountain, so I can deal with Tiancan Niang's threat."

Hearing the words, Chen cangsheng's face was gloomy and uncertain. He said, "it's not so easy to deal with Tiancan Niang. This man is proficient in heaven's judgment and holds the sword of judgment on behalf of heaven. He is the agent of the superior. Young master, you are alone. How can you be her opponent?"

Yuwenji said: "so I'm going to invite the emperor of breaking the army out of the mountain. It's settled. Whether it's the treasure of huanglonggudi or yeluoer, it's very important to our dark dragon temple. We must never lose any of them!"

Chen cangsheng and several senior elders looked at each other and kept silent.

After a long time, Chen cangsheng sighed: "well, young Lord, we all listen to your command. Let's divide our troops into two groups."

Yu Wen Ji gave a grim smile and said: "very good. When we get the Dragon God's heaven breaking formula and the treasure of the ancient dragon emperor, our Ming dragon temple will surpass the five Heaven halls and become the top force in the heaven and man domain!"

Chapter 5107

.....

In this way, the plan of the dark dragon temple was settled. On the other side of the taixuan array gate, ye Chen and dunjia Xingling also felt the peeping of the dark dragon temple.

"Zhang Jiao is supreme. No, I feel the peeping of the dark dragon temple. I'm afraid we'll be exposed."

Dunjia Xingling made a solemn voice.

Ye Chen's face is also dignified, way: "no, should have not exposed, they didn't really lock the gate of taixuan array, just locked a general range, want to really look for, also not so easy."

Dunjia star spirit way: "but the sky is locked, we will be found sooner or later, and I heard that recently, the secret of Huanglong ancient emperor is about to open, the dark dragon temple also want to seize, once they get Huanglong ancient emperor's treasure, it's really easy to kill our taixuan array gate."

"Huanglong GuDi?"

Ye Chen frowned.

Dunjia star Lingdao: "it's true that the legendary Huanglong Tianxing was made by Huanglong GuDi himself. This man is the great power of henggu Shengdi's time. The treasure he left is invaluable. Once the hell Dragon Temple is obtained, their power may surpass the five Heaven halls!"

Smell speech, ye Chen heart a sink, but feel bursts of crisis pressure hit.

"Send me a letter with flying sword and go to the holy heaven's mansion to discuss with master Chiyuan."

Ye Chen also feels that the crisis is serious, and he needs the support of the holy king Chiyuan.

"Yes

Dunjia Tianxing immediately sent a letter to shengtianfu.

The peeping breath in the void also disappeared at this time. Obviously, the dark dragon temple can't specifically lock the location of yeluo'er. It can only infer a general range, and ye Chen has room to maneuver.

On yeluoer's side, the weather of the dragon of flood and famine converges. Yeluoer sits cross legged and is still at the juncture of breaking through the feeling. The golden sun floats all over her body, and the clouds are full of color, and the auspicious air is thin, showing incomparable grandeur.

Ye Chen is looking forward to it. I don't know what it will be like when ye lu'o'er makes a successful breakthrough. At that time, maybe he can really solve the threat of the dark dragon temple.

However, the hope placed on ye lu'o'er is not safe enough. Ye Chen still wants to rely on his own strength.

"I have to improve as soon as possible! If only I could go in and grab the treasure in the ruins of Huanglong GuDi. "

Thinking of the treasure of Huanglong GuDi, ye Chen's mind can't help burning up.

.....

At the same time, there is a boundary between heaven and man.

Three beautiful figures suddenly appear!

The woman at the head had white hair and the chill spread.

If ye Chen is here, he will find that the other party is Su Mo Han!

Su Mo cold belt with Wei Ying, came to the realm of heaven and man.

Now, Wei Ying's strength is constantly improving. Only by stepping into the realm of heaven and man can she become stronger.

Wei Ying and Su Mohan are surrounded by a beautiful woman who is as white as snow, but Xia Ruoxue.

Xia Ruoxue naturally knows that ye Chen has come to the realm of heaven and man. She also wants to step into the realm of heaven and man and follow Ye Chen's steps, so she specially follows Su Mohan and Wei Ying.

"Master, is Hong Tianjing really sealed in the realm of heaven and man?"

Wei Ying looks at Su Mo Han, quite dignified inquiry.

At the beginning, Hong Tianjing came to the world with a finger running through the outside world. She was also present and clearly felt Hong Tianjing's terror.

At the thought that Ye Chen's ultimate enemy was such a terrible existence, Wei Ying felt invincible, like falling into the abyss, deeply powerless.

"Yes, Ye Chen, if he doesn't die, he will face the threat of Hong Tianjing sooner or later. Hong Tianjing is cruel and will never kill Ye Chen alone. He will kill you as well."

Su Mo is cold and beautiful. She obviously knows Hong Tianjing's secret. She is Ren Fanfan's confidant, and she assisted Ren Fanfan's layout in that year.

Wei Ying and Xia Ruoxue are all women close to Ye Chen. Hong Tianjing will definitely kill them. It's impossible to let anyone go.

Wei Ying asked: "master, with your strength, can you defeat Hong Tianjing?"

Su Mo Han laughs and says: "if he is in a sealed state, I may be able to defeat him. But if he is in a peak duel, I am not his opponent. Unless he matches with Ren Feifan's double swords, the risk is also great. There is a risk of falling at any time."

Wen Yan, Wei Ying and Xia Ruoxue are both shocked. They further feel Hong Tianjing's power. Even Su Mohan and Ren Feifan's double swords are in danger of falling. It can be imagined how terrible the legendary superior is.

"Let's go. I'll take you to the temple of Mohan. It's my former practice place."

Su Mo Han waves his hand and no longer talks nonsense. He takes Wei Ying and Xia Ruoxue and flies forward.

After a while, the three came to the sky above the clouds.

In this sky, the haze, the golden light, the red neon, the smoke all over the sky, you can see a vast palace, and the word "Mohan Temple" is hanging at the entrance. Bursts of ancient bell, bamboo, fairy song, from the depths of the palace.

Inside the palace, there are many beautiful women walking around. There are no men in the whole temple, only female disciples.

"See you, master!"

As soon as Su Mohan came back, many female disciples bowed to say hello.

"Well."

Su Mo cold nods, immediately takes Wei Ying and Xia Ruoxue in.

Wei Ying and Xia Ruoxue look around curiously. The most attractive thing about the temple is a star hanging high above the palace.

This star, surrounded by clouds and smoke, is one of the nine chaotic stars. It's called qiyuntianxing. It can burst out vast clouds to cover everything. Therefore, no one has found the location of Mohan temple.

If not for Su Mo Han, Wei Ying and Xia Ruoxue can't come here.

Moreover, the infinite clouds can also engulf the enemy. Once the enemy is dragged into the qiyuntianxing, he will be lost in the endless smoke and clouds, unable to find his way out, and trapped to death.

"The next time, you go to qiyuntianxing for cultivation. The aura of this star is enough for you to break through."

Su Mohan points to the star not far away. This star is the treasure of Mohan temple. It has a strong aura.

Now in the face of Hong Tianjing's threat, Wei Ying and Xia Ruoxue can only deal with it if they improve their strength as soon as possible.

"Yes, master."

Wei Ying nodded and flew to qiyuntianxing.

"Thank you, master su."

Xia Ruoxue also thanks, Su Mo Han is willing to bring her to Mo Han temple, let her have the opportunity of cultivation breakthrough, she is also very grateful.

Now Xia Ruoxue also followed Wei Ying and flew to qiyuntianxing.

Whoo!

As soon as they stepped into qiyuntianxing, the wind and clouds suddenly surged, and the surrounding clouds kept pouring in. The mountains and rivers on this star were shrouded in a vast fog, as if they were in a dream.

Fortunately, this star has Su Mohan's will. All the cloud killing array on the star has not been started. Naturally, it has not hurt Wei Ying and Xia Ruoxue.

They looked at each other, nodded, and left with tacit understanding. They found a place with plenty of aura and practiced in silence.

This star is full of aura. If you practice here, you will get twice the result.

Xia Ruoxue had been practicing for a long time, but she felt fresh and fresh, and there was a sign of breakthrough.

"Master of the moon, is it you..."

At this time, Xia Ruoxue heard a call from the deep of Qiyun Tianxing.

Chapter 5108

"Who is it?"

Xia Ruoxue was surprised and opened her eyes immediately. She didn't expect that someone would call her, and she was still called "master of the moon".

Xia Ruoxue inherited the book of the bright moon, the source of the bright moon of this generation. Now when she heard that someone was calling herself in the sky, she felt very strange.

You know, Qi Yun Tian Xing is Su Mo Han's magic weapon. It's incredible to hear someone calling in this place.

Hum!

Moreover, at this time, Xia Ruoxue '.

With the inheritance of the God of the stars and the moon, Xia Ruoxue's Ming Yue Tian Shu was promoted to Da Yuan Shu. Now it appears to be the echo of heaven's destiny.

In the depths of Qi Yun Tian Xing, there is a big chance of bright moon and sky book!

"What's going on?"

Xia Ruoxue was surprised, and immediately stood up, wanted to go to the depths of the investigation, but did not dare to act recklessly.

After all, this is the site of Mohan temple.

"Ask Master Su first."

Xia Ruoxue leaves qiyuntianxing immediately and meets Su Mohan in the main hall of Mohan temple.

Su Mo cold way: "if snow, how did you come out so quickly?"

Xia Ruoxue said, "master Su, I heard that someone was calling me from the deep of the sky and stars. What's the secret here?"

Smell speech, Su Mo cold heart a shock, way: "did you hear the call of bright moon Tianshu?"

Xia Ruoxue said, "how do you know, master Su?"

Su Mo Han sighed, but did not answer, but suddenly asked: "I ask you first, you are willing to pay for ye Chen that boy, to what extent?"

Xia Ruoxue was slightly stunned, but she didn't expect that Su Mo Han would suddenly ask this question. She was silent for a moment, and bowed her head and said, "I only know ye Chen in this life. Even if I sacrifice my life, I don't want to see his accident."

Su Mo Han nodded and said: "very well, ye Chen, if you want to fight against Hong Tianjing, it's doomed to be a lot of bad luck. Since you have this determination, it's his luck. Now you hear the call of Mingyue Tianshu. If you are not afraid of death, you can go and have a look."

Xia Ruoxue said, "master, what's the secret of living in the depths of clouds and stars? Will it endanger my life?"

Su Mo Han said: "Heaven's secret can't be revealed. Since you are not afraid of death, you can go and have a break. If you can get the chance inside, you can change your life against heaven!"

Between speaking, Su Mohan's aura condenses and turns it into a talisman's edict, which is handed to Xia Ruoxue:

"I have a talisman's edict here to protect your life, which can protect your life once, but only once, I can't help you too much, otherwise it will touch the cause and effect, and there will be great punishment. It's not what I can bear, it's a blessing or a curse, it depends on your nature."

Xia Ruoxue received the imperial edict, but she was shocked.

In the depths of Qi Yun Tian Xing, what's the secret? Even Su Mo Han is so scared, afraid that there will be causal punishment.

Listen to Su Mo Han's words, that perches the cloud sky star deep place, seem to hide the day big chance.

If Xia Ruoxue gets it, it's enough to change her life. However, if she wants to get the chance, it's doomed to be full of danger. If she is not careful, it's the end of death.

"Thank you, master. Then I'll go for a break."

Xia Ruoxue solemnly put away the talisman edict. Since it's related to the great opportunity to reach Mingyue Tianshu, she can't miss it. Even at the risk of her life, she wants to improve her strength as soon as possible.

At the moment, Xia Ruoxue leaves the temple of Mohan and returns to qiyuntianxing again.

"Master of the moon, you are here at last..."

Deep in the sky and stars, she continued to hear the voice of "if you are not there". The sound of "if you are not there" penetrated into Xia Ruoxue's ears. She felt a chill all over.

"I don't know what chance is waiting for me in front of me..."

Xia Ruoxue takes a deep breath and flies to the front with Su Mo Han's amulet.

There was thick fog in the deep of Qiyun Tianxing. It seemed that something was shining holy light in a trance. Xia Ruoxue thought about it and hurriedly moved towards the shining place.

After the thick fog, there seems to be a pair of eyes, staring at Xia Ruoxue.

"Strange."

Xia Ruoxue only feels her body shape, and the thick fog turns out to be a barrier. She tries her best to see the world under the thick fog, like smoke and fog, but the hidden world doesn't leak.

The fingertips are surrounded by aura, and the fingers are tapping on the thick fog. As soon as Xi Linglong points out, the thick boundary between the fingers, which was originally tightly combined, will be opened one after another, forming a gap of one person high.

After the dense fog, the world is bright with stars. The dark night sky is dotted with stars, and the dreamlike sky makes Xia Ruoxue a little dazed for a while.

"What's that?"

Xia Ruoxue saw a bright day like light ball on the high platform not far away. Her whole body was full of holy light. She thought it was the slightest light she saw outside the border. "New people are coming again!"

"Cluck, see how long she can hold on?"

"It doesn't look very capable. It's very painful to be weak and weak."

There is no holy spirit around, but Xia Ruoxue clearly hears the whisper of chirping, looking at her and mocking her.

"Who's making the noise?"

Xia Ruoxue's eyebrows turn, and Ruxi Linglong points to the right side, but he doesn't touch anything.

"Scared the hell out of me!"

"Call Mingyue Dashi to beat her quickly!"

Is the void moving so fast? Xia Ruoxue turns to the direction of their escape. What is the moon stone?

"Master of the moon The source of the moon... "

The sound of rustling calls lures Xia Ruoxue to walk towards the high platform.

"One more step, you will die!"

A loud sound of thunder suddenly sounded, shocked in Xia Ruoxue's ear.

Having experienced so many things with Ye Chen, Xia Ruoxue has already cultivated a tough and never afraid heart.

Ye Chen has the heart of Wuzu, and she also has her own heart!

"Dead?"

Xia Ruoxue with a fearless smile, eyes like the moon, bright light, like rays, looking at a white stone giant.

"I'm the body of the moon. Wait for Xiao Xiao to quit immediately! Or you'll die. "

"Moon rock, hit her quickly!" The void spirit is still clamoring.

The body of the moon? Xia Ruoxue shows a sneer at the corner of her mouth. She has already proved that she is the source of the moon. Now there is a stone claiming that she is the body of the moon. It's ridiculous!

"I am the source of the moon, the body of the moon, and I have not come to submit?"

Xia Ruoxue's eyes are cold. When she raises her hand, a full moon appears in her palm. The shadow of the moon floats. It is clear that there is a tree and a palace on the full moon, with complicated runes.

She shakes out the full moon. The whole full moon is bright and brilliant. There is even a sound of Fengming in the palace, and the tree shakes with a hundred branches, casting endless light.

Chapter 5109

The body of the bright moon just slightly raises its hand, and then connects the full moon into its own body.

The same origin? Xia Ruoxue is quite passive at the moment. It's obvious that her own book of the moon has no effect on the body of the moon.

Is this being suppressed?

"Bright moon, full moon disk!" The moon's body said, unexpectedly threw out a with Xia Ruoxue the same full moon.

Xia Ruoxue dodges in a hurry. Although the full moon is the same, the power of the bright moon in the other's full moon almost breaks her.

"Reincarnation star flame!"

Xia Ruoxue's fingers condensed a faint star flame.

The star flame in this world, from small to large, slowly rising up, blocking Xia Ruoxue's whole body, as if forming a suit of armor.

The huge body of the moon condensed a scene of stars, directly towards Xia Ruoxue.

It seems that the other side only knows brute force!

Two sides you come and I go, Xia Ruoxue found that the body of the moon is like a machine with empty brute force, no thinking, like someone controlling behind the scenes.

"Reincarnation star flame sword!"

The power of reincarnation star flame is attached to the sword move. Everywhere it goes, there is silver white light of star flame. Every ray of light points directly to the body of the moon.

The white light of the moon body collides with a brighter spark when it touches the reincarnation star flame sword.

"Explosive

Xia Ruoxue's reincarnation star flame sword actually broke through the body of the moon with a sword. The original giant turned into stones and scattered on the ground.

That's it?

Xia Ruoxue looks at the stones on the ground in an incredible way. The chance that master Su is afraid of is not so simple.

On the high platform, the light ball is still shining. Xia Ruoxue took a few quick steps and jumped onto the stage.

"What's this?"

The light of the light ball, soft set off in the palm of Xia Ruoxue's hand, has been cold moonlight, but now it becomes a little warm.

Around the high platform, dense strips of silk emerge quietly. There is a bright moon shining inside the strips of silk. They are winding carefully towards Xia Ruoxue.

The unconscious Xia Ruoxue is immersed in the warmth of the light ball, and faintly resonates and interacts with Mingyue Tianshu in her body.

"Pa!"

That silk is almost at the same time clasped Xia Ruoxue's wrist, directly pulled her away from the high platform, floating up.

Because of Su Mo Han's reminder, although Xia Ruoxue didn't feel the danger, she didn't relax her vigilance. Reincarnation star flame didn't take back, but attached to her body.

"Star flame burning mountain technique!"

Star flame at this time dyed a layer of red fireworks, burning wound in their own body on top of the silk.

Under the burning of the star flame, the silk became small. It was as thick as a finger and as thin as a cow's hair.

That silk is like a soul, even directly into Xia Ruoxue's skin.

Xia Ruoxue's identity as the source of the moon is enough to resist any attack of the moon system, but this silk has not been resisted.

When the bright moon breath from the silk bar seeps into Xia Ruoxue's skin, it has no attack power. Instead, it is a kind of congealing, healing and cool feeling.

"Master of the moon Do you feel the power of the moon's blood? "

All the time, the voice calling Xia Ruoxue sounded again: "the blood of the moon is slowly infiltrating your blood, don't resist me Let me help you... "

Xia Ruoxue almost immerses himself in this kind of comfort, but a trace of reincarnation blood given by Ye Chen in her body bursts out a strong blood light at this time.

The repressive power of blood?

Xia Ruoxue looked down at her wrist, and some of her hair like strips were being squeezed out of her body by the power of her blood.

"The source of the moon, you need me, the power of the moon is stronger because of me!"

This whisper seems to have the power of bewitching. Xia Ruoxue unconsciously wants to suppress the reincarnation blood in her body and give the blood of the moon a place to hide.

The source of a line of days!

Xia Ruoxue finds that she is a little out of control at this time. She is bewitched by the sound and gradually loses her nature. She uses Yuanshu.

Under the source technique, I found a reason.

"I don't need you!"

Xia Ruoxue's voice is tough.

Reincarnation blood rage, will all the silk all out of the body.

"Ha ha ha!"

The laughter of evil spirits became more and more clear with the merging of the silk strips: "master of the bright moon, ha ha, there is a way to heaven. If you don't go to hell, there is no way. If you have to break through, let you see the power of the blood of the bright moon!"

Xia Ruoxue just now realized that this silk strip is obviously more spiritual than the body of the bright moon, and even can confuse people.

The original shape of the silk, which claims to be the blood of the moon, suddenly turns into a big net. The power of the moon is flowing between the gaps of the net, and the glittering luster is dotted in it, rushing towards Xia Ruoxue. Xia Ruoxue held up her sword and made a clear sound of "Dangdang Dang", but she didn't fight back directly as if she was attacking the moon.

"Star flame burning mountain sword!"

The sword light is decorated with the cold light of the star flame, which slides out a bright light in the mid air and sacrifices to the blood of the moon.

Under the pouring of sword Qi, the huge net was crushed into pieces.

Xia Ruoxue at this time in the void midpoint, a jump, fell on the high platform again.

"The source of the moon..." The rotating light ball made a sound. Xia Ruoxue faintly felt that it was very similar to the voice calling her before.

"The heart of the moon is right in front of your eyes. If you get it, your book of the moon will advance again."

Moon sky Book Advanced? Can strength go up again?

Don't you have more strength to help Ye Chen?

Hearing this, Xia Ruoxue is overjoyed and has greater expectations for the heart of the moon.

"The source of the moon, this is your great chance, as long as you pay a little price, the heart of the moon is yours."

"At what cost?"

"The bright moon is a lonely and brilliant spirit, she will give you the supreme glory and power, she will be superior to your soul and divine consciousness."

Above soul and consciousness?

Xia Ruoxue's beautiful face was a little confused.

"The God of the moon will bless you and your loved ones and let you serve her as Lord."

Blessing? Serving the Lord?

Ye Chen will not give priority to anyone, so Xia Ruoxue will never give priority to others.

"I am the master of the moon, and I will not serve the God of the moon any more."

Xia Ruoxue drinks softly. Maybe the chance of this world is very important for Xia Ruoxue, but she doesn't want to be an accessory and a believer of others.

"Hum..." The empty voice sneered, "do you think you really defeated the blood and the body of the moon?"

That voice just fell, originally already shot down two, but at the same time restored the original state.

What's going on?

Xia Ruoxue was obviously surprised by this scene. Under the strongest attack of her reincarnation blood and source technique, there was no rupture or injury.

This is the reason why senior Su was afraid.

Chapter 5110

"Mole ant is just, still falsely call bright moon source Lord?"

The light ball burst out with a strong luster, which turned out to be a huge picture of the moon.

There are Moon Palace, osmanthus tree, and even a white rabbit beside the osmanthus tree.

Xia Ruoxue is directly inhaled into the picture of the Moon Palace. The endless river of the moon is entwined in the picture. She is like a mayfly swimming in the water.

"This is the real bright moon world. You, the false source of the bright moon, should be the nourishment of the moon river."

The moon river flows warm on Xia Ruoxue. Xia Ruoxue tries to break free, but finds that she is bound more tightly.

"No, I can't be here."

Xia Ruoxue's breath became weaker and weaker. In the case of being completely suppressed, she had no way to break away.

"I, Xia Ruoxue, am the master of the bright moon!"

Su Mo Han gives Xia Ruoxue a talisman to protect her life. In this extreme crisis, a colorful talisman forcibly wraps Xia Ruoxue and pulls her away from the moon river.

The talisman directly wrapped Xia Ruoxue and entrusted her to the gate of the Moon Palace.

"Click."

At this time, the door of the Moon Palace slowly opened, and inside stood an old woman with silver hair.

"It turned out that it was with the help of a spirit talisman that we got to this step."

The old woman looked at Xia Ruoxue, looking quite disappointed.

"Since you have the means to protect your life, I don't want to kill innocent people indiscriminately. Go back."

With master Su's spirit talisman, Xia Ruoxue came to this step. At this time, she must not give up.

"Master, although it is because of the talisman to protect my life, but fate is not the invisible moon that I am not as good as you." Xia Ruoxue now knows that the heart of the moon's blood is nothing more than a test set by the elder.

Hearing this, the old woman stopped her hands, as if she was interested in Xia Ruoxue's words.

"Master, if I guess correctly. Your skill should also come from mingyueyuanshu. Therefore, Ruoxue and your skill are of the same origin. If you practice for several years, you will not be able to conquer it. "

Xia Ruoxue saw that the old woman was still silent, and said with a resolute face: "I beg you to understand the truth. Now that I have become the master of the moon, I can't lose my reputation."

I didn't expect that the master of the moon still had some integrity, and the old lady's brow was slightly relieved. She set all these hurdles just to find someone to inherit the mantle, and maybe she could return to the peak of strength.

Heart read a move, the old woman and Xia Ruoxue have been sitting in the void, all around a dark, unexpectedly is not the slightest luster.

"The moon is always there, and it does not say goodbye to all living beings."

The old woman said softly, but suddenly toward Xia Ruoxue burst to drink: "Wu!"

Xia Ruoxue has a firm mind, and her mastery of Mingyue Avenue has long been remembered in her mind. Mingyue testifies, and she has no thoughts in her heart. Strands of mysterious Mingyue source gas rise slowly from Xia Ruoxue's eyebrows, and condense into a half string moon in the air.

"Half moon, blue lamp dry, long lock, dust send."

Seeing the spotless moon, the old woman burst out again: "Wu!"

The half string moon is filled with endless water vapor, like a flowing spring, which is getting away from the attraction of the bright moon and sweeping away towards the endless dark day.

"When the sun is shining, how can the moon support us! "I don't understand

"Heart dust rises and falls, stars are shining, and the moon can't hold the old responsibility. "I don't understand

"The source technique and the source method are sometimes exhausted, and the dust will be covered at the end of the day! "I don't understand

The old woman's sermon is faster and faster, and every realization is like beating on Xia Ruoxue's heart, stirring her strong moon sermon.

Xia Ruoxue's eyes were closed, and her forehead had already been covered with fine beads of sweat. On her testimony, the bright moon she relied on had been broken into powder for countless times because of the old woman's words, but it was reunited with her full of obsession.

"No!"

All of a sudden, Xia Ruoxue's eyes open and her pupils are stained with the bright silver moon. She doesn't want to see the bright moon break up again and again. Her heart of the bright moon is tenacious. She can compete with Canyang for brilliance without any deviation or hesitation.

That originally dark dome, accompanied by the sound of Xia Ruoxue, moonlight burst out in every corner, every ray of silver light will drive the darkness nowhere.

The old appearance of the Moon Palace is slowly exposed at this time.

The old woman was still standing between the doors, as if all had never happened.

"Those who enter my moon palace are all my disciples of the goddess of mercy." The old woman left a short sentence and went straight to the Moon Palace.

The moon, the lady of mercy? Xia Ruoxue is happy when she hears the words. She quickly follows the old woman's figure and walks into the Moon Palace.

Each step is paved with Yingying white light, reaching the heavenly palace on the cloud top.

"Since the great war in the archaic times, my internal breathing has been broken and hard to repair."

The old woman's tone is as usual, but Xia Ruoxue still hears some melancholy from it. Since ancient times? The lady of the moon is indeed a great power!

"The tortoise has been shrinking in this area for many years. Ah." With a flick of her finger, the old woman took Xia Ruoxue into the palace.

"Originally, I had hoped to find an apprentice and teach him what I had learned all my life. But my apprentice palace was so shallow that I failed to find a successor to Mingyue Qingxin mantra several times."

Moon clear heart mantra?

It must be a big chance for master su.

Although this trip is extremely dangerous, and even almost lost her life, Xia Ruoxue is very emotional, and he recognizes Da Neng as a master. After that, no matter who ye Chen is against, he will be able to help him.

"Now, I, the goddess of mercy in the bright moon, officially accept you as a close disciple, set your heart, sharpen your morality, and show your Tao industry!"

"Master Xie!"

Xia Ruoxue kneels on her knees, letting the fingers of the goddess of mercy touch her eyebrows.

The light and shadow of that finger are mottled, and the aura of ice green luster is slowly pouring into Xia Ruoxue's body.

The cool feeling of ice is like a piece of micro ice suddenly obtained in the magma region. Xia Ruoxue's body greedily absorbs the aura and infiltrates into her internal organs.

"After you understand, you will have a better understanding of the book of the moon!" The goddess of mercy smiles. Xia Ruoshue's talent obviously makes her very satisfied. This apprentice will bring her more surprises in the near future.

.....

At the same time, Ye Chen, who is in the gate of taixuan array, once again checks the situation of the big array to prevent the strong of the dark dragon temple from peeping at Luo'er and interrupting Luo'er's final comprehension.

"Ye Chen, the relic of the ancient emperor Huanglong, is an excellent opportunity for you and the blood dragon." Xuan Hanyu's voice rang out.

Ye Chen is so mentioned by her, also understand that the ruins of the ancient emperor of Huanglong must have the homologous technique suitable for him and the blood dragon.

"Thank you for reminding me."

Ye Chen said, and quickly called a disciple of taixuan array. He drew a short charm on the sky and asked him to send it to the hands of the blood dragon and others in Yangzhen area as soon as possible.
