Chapter 5131

Ye Chen's terrible injury has been slowly recovered under the naked eye.

It's just the five viscera and the body deficit caused by his forced borrowing.

You can't recover for a while.

"Ah..." Ye Chen sighed, slowly opened his eyes, "this injury is too heavy, even my terror vitality can't recover in a short time."

The blood Dragon nodded. This time, only he got a blessing in disguise. He not only untied the shackles, but also the treasure land of the ancient emperor Huanglong. He was afraid that he would be the biggest winner.

It not only sucked the Huanglong battle, but also devoured the body of Huanglong ancient emperor.

He could feel the endless energy in his body.

"Well, I'll take you to a quiet place. Don't worry about refining the power of huanglonggudi."

Ye Chen said and stood up.

In the gate of taixuan array, there are countless secret places and small caves.

Ye Chen rose against the wind and took the blood dragon directly to a relatively distant cave.

"I'll build a barrier around. Don't worry about refining."

The blood Dragon nodded and sat with his knees crossed. The whole body had already risen a burst of blood mist.

The blood mist, like a flame, protected him as a whole, and fluctuated all over the place.

Ye Chen also offered a Bagua Tiandan stove at this time, and the huge Tiandan stove turned in front of him.

The strong smell of elixir has spilled out from it.

"Poria cocos! Long Xiaozhu! Holy water of the yellow spring

Blindly herbs, with Ye Chen's action, blindly into the sky Dan furnace.

The body of the blood dragon originally carried the inheritance of the archaic ancestor dragon, but now it forcibly engulfs the body of the ancient emperor Huanglong, so it is difficult for the body to carry it completely.

Only with the help of external elixir, can we strengthen the tenacity of the body again to adapt to the suddenly enhanced ability.

Ye Chen knows that the blood dragon didn't tell him this, in order to prevent him from wasting his accomplishments again.

But as the Lord of the blood dragon, ye Chen must guard for his servant.

"Coagulation

Ye Chen's fingertips pop up a piece of his own blood. He is reincarnation blood. He can suppress all forces. At this time, let the blood dragon devour his own blood. The blood dragon will also have a trace of blood power, which can better absorb the power of pills.

In the rapid rotation of Bagua Tiandan stove, the surrounding space also vibrates.

The medicine is done!

A blood red pill with water flowing in the middle rises out of the Bagua Tiandan stove.

Ye Chen has already prepared a white jade small bottle, the Dan medicine income among them.

The essence of the blood dragon is being protected by his dragon chanting blood mist, and the blazing breath will suffocate even if sitting beside him.

Ye Chen moves forward, reaches directly through the blood fog, and pours the pill into the blood dragon's mouth.

Blood fog did not attack Ye Chen, because in the blood dragon's view, ye Chen is the master, even if ye Chen wants to kill him, he has no other words.

At the entrance of the pill, the eight extra meridians are relieved immediately, and the blood vessels that were almost broken are slowly calmed down under the infiltration of the pill.

Blood dragon tightly frowned, twitching body, also slowly stop.

"It works!" Ye Chen's heart is a joy, but his mouth spurts out a mouthful of blood again.

What he can do has been done, as for the blood dragon can devour the Huanglong ancient emperor several layers, it depends on the blood dragon's nature.

In the cave, the thunder surged, the wind roared, and countless Yin Qi gathered. Among those Yin Qi, it turned out to be a virtual shadow of human shape, emitting earth shaking terror.

The breath transcends all the spirits!

At this time, the disciples of taixuan array gate all looked at a humble place with convulsion. Their faces were in awe. Even when the figure slowly appeared, they could not help worshipping.

Brush, brush!

Ye Chen looked at the huge Ghost: "ghost? Is it the incarnation of ghosts? "

At this time, the blood fog, which was full of the blood dragon, had risen from the bottom and lifted up the Black Ghost.

Twisting, twitching ghosts, hissing and screaming, howled and struggled from under the blood dragon's body.

"It seems that there is a great chance for the blood dragon!"

Ye Chen nodded, and the legendary ghost incarnation came to bless. Generally speaking, this kind of situation only appears in the ghost cultivation, and it is a very small number of excellent ghost cultivation. Only when they break through the reality can they get the blessing of the ghost and God.

The blood dragon is not a ghost cultivation, but it has been blessed by ghosts and gods at this time, which can only show that the problem lies in the ancient emperor Huanglong.

But the blessing of ghosts and gods, for the general martial arts, is something that can be met but not asked for.

The huge ghost, stretching out his finger, touched the blood dragon's forehead lightly, and the whole ghost had penetrated into the blood dragon's body like light and shadow.

The blood dragon's right hand is covered with black dragon pattern talisman. Obviously, this is the blessing given by ghosts and gods to the blood dragon. At the same time, the blood dragon's eyes had opened.

Originally red eyes, at this time is already Yin and Yang classification eyes, half red, half black.

The breath of blood dragon is constantly breaking through!

.....

Three hours later! The breath of breakthrough gradually stopped.

"It broke through to the sixth level of the real world!" The blood dragon says happily.

Ye Chen nods and feels happy for Xuelong.

"Master, moreover, I have only refined one third of the body power of the ancient emperor Huanglong, and the realm has already broken through to the true six levels of heaven at one stroke!"

"That is to say, it is possible to continue to break through in the future!"

"Well!" The blood Dragon said, and a red gold crystal core was condensed from the palm of his hand.

"This is what I found in the body of Huanglong GuDi. I can't pry into it with my present ability, but I vaguely feel that this thing should be helpful to your master."

Ye Chen looks at this red gold crystal nucleus and tries to explore it with spiritual power.

The crystal core seems to be wrapped by something, covering the things in it, but ye Chen is still vaguely aware of a trace of pressure, even far more than the pressure brought to him by the full blow of the goddess of mercy.

"This thing should not belong to Huanglong GuDi." Said the blood dragon.

"In his body, there is no source force consistent with this nucleus."

Ye Chen nods, perhaps, this crystal core itself is one of the many treasures of Huanglong GuDi.

But since he is in his own body, that is enough to explain the particularity of this nucleus.

"Then I'll put it away for the time being, and when I've had enough, I can spy one or two."

"Well." Blood dragon nods, "master, you also look for a place to recuperate."

Ye Chen shook his head: "my situation is not able to recover for a while, but it will recover."

"I'm going to Beiling temple."

"You are at ease to practice and break through the taixuan array gate."

Blood dragon looks strange: "is there anything waiting for you in Beiling temple?"

Ye Chen Mou son deep, light way: "to."

.....

Chapter 5132

.....

The gate of Beiling temple.

Ye Chen returns to Beiling temple through the jade pendant. This time, he is the old man in white robe who sent him away that day.

The old man in the white robe naturally noticed the injury on Ye Chen's body and asked, "young master ye, it's not good going out this time?"

Ye Chen smiles and doesn't say anything.

The old man in white robe doesn't talk nonsense either. When the task is finished, he leaves directly.

And ye Chen is going to find Li Wuwang, a voice suddenly rings in the ear!

Hear this voice, ye Chen instant surprise!

Ren Lao informs him that xinglingshi has arrived and asks him to come to wanbaoge.

Before ye Chen left, the story of Ye Chen staying in Caixia Pavilion had already been spread. After all, ye Chen and Ning Caixia left hand in hand. Someone must be curious where they went

Soon, it was found that ye Chen and Ning Caixia entered the Caixia Pavilion together!

Hearing this news, the hearts of countless male disciples were broken!

The goddess in their mind, so take other men back to their own residence?

A lot of people don't believe it, they don't want to accept it!

Although Ye Chen didn't appear in tiandian after that, the news has completely set off a storm in tiandian!

Some disciples naturally found that ye Chen had come back and pointed out one after another.

Ye Chen looks at a group of disciples in the distance and looks a little strange.

However, ye Chen didn't pay attention to it too much. His figure flashed and soon came to the front of wanbaoge.

After arriving at wanbaoge, ye Chen went directly to the ninth floor.

Entering the ninth floor, his eyes flashed and he saw two figures in front of him. In addition to the old man, there was also a handsome middle-aged man, who faintly exuded a kind of domineering and natural noble spirit.

Ren pointed to the middle-aged man: "this is the emperor of Beiling."

Ye Chen looks a move, to Ren old and North Ling emperor salute way: "see emperor, Ren old."

Ren Lao casually a Yang, throw a storage bag to Ye Chen way: "the star spirit stone that you want is inside."

Ye Chen hears the words, looks happy, and takes the storage bag. Then he looks to Lingsheng and Ren and says, "what else can I do for the emperor and Ren?"

If you just hand over the stone, it doesn't have to be so complicated. Just send it to Lingxing Pavilion.

Ren Lao sighed and said: "boy, you leave suddenly during this period of time. Why do you want to come back!!! Ah, let me ask you, have you captured the six wings on the back of the six winged shark in the East emperor's temple? "

Ye Chen nods a way: "not bad."

Ren Lao and beilingsheng look at each other, and they all smile bitterly.

Beiling Sheng said: "Ye Chen, since you are back, you can challenge a secret place in the temple of heaven in the next month. In this month, you will stay in the secret place and don't come out."

Ye Chen smell speech, tiny frown way: "emperor, what happened?"

It's OK to challenge the secret, but obviously it's not that simple.

Ren Lao shook his head and said, "boy, do you know Zhongyuan tiandian?"

Ye Chen nodded and said, "among the five heavenly halls, the most powerful one is Zhongyuan heavenly hall."

"Not bad."

Ren Lao stares at Ye Chen and says, "do you know that the reason why the Eastern Emperor forgot the opportunity to capture the six winged shark was that he got a man's help? This man is the emperor of Zhongyuan tiandian, Zhongyuan Tu! "

His voice suddenly sank: "therefore, half of the six wings of the six winged shark belong to zhongyuantu! Originally, Zhongyuan Tu had been in the process of closing. Now there is a rumor that he is going to pass soon. Moreover, his strength is likely to break through. The East emperor's temple will definitely tell Zhongyuan Tu about this. With Zhongyuan Tu's character, he will definitely come to you and ask for the shark's six wings! "

When ye Chen hears the words, his pupils shrink. As the emperor of tiandian, Zhongyuan Tu is at least a strong man in Taizhen realm. Now his strength is absolutely not equal to the existence of Taizhen realm. Unless he burns the blood of Xuanyao, he will risk death!

Moreover, Zhongyuan tiandian is the most powerful tiandian. If Beiling tiandian is on the opposite side, you can't protect him!

Beilingsheng said with a smile: "boy, you don't have to worry. You are my disciple of beilingtian temple. If Zhongyuan Tu dares to bully the small, I'm not a vegetarian in beilingtian temple! I'll take care of it for you! "

Ren Lao also snorted coldly: "hum, does Zhongyuan Tu really think he is invincible? If you really dare to bully me, I must teach him a profound lesson!

However, for the sake of safety, ye Chen, you'd better enter the secret place. "

He is afraid of Ye Chen's character, and he will fight against Zhongyuan Tu if he is not happy. That guy is not a good temper. Moreover, when ye Chen's good face comes to the extreme, he and beilingsheng are not sure that they can stop beilingsheng from attacking Ye Chen.

Ye Chen smell speech, the vision twinkles, some emotion. Xia Ruoxue's master did this to him, which made him think that there was no temperature in this heaven and man realm, but Beiling Temple gave him a little warmth.

Beiling temple is really good for him. In this case, many people will persuade him to hand over the shark's six wings, right?

However, beilingsheng and renlao support him!

Ye Chen light a smile way: "Ren Lao, Emperor Jun, don't need so troublesome."

Ren frowned slightly and said, "zhongyuantu, you are not good at speaking. With your personality, can you bear it without standing up and talking?"

Beilingsheng also nodded: "well, it's better to enter the secret place. Let's leave it to our elders outside. Don't worry."

Ye Chen shakes his head. Because of him, it should be his own responsibility. He doesn't want to attract a strong enemy for Beiling temple.

He light mouth way: "emperor, Ren Lao, since he want that God shark six wings, will his that half, return him is."

Ye Chen snatches the shark's six wings for revenge. Since half of them belong to Zhongyuan Tu, it doesn't matter to return them to him.

He did not want to let tiandian suffer for himself and bear the consequences for his own interests.

Ren Lao and Beiling were stunned when they heard about the speech. Soon, they were more satisfied with Ye Chen's eyes. They were not because ye Chen was willing to return shark wings, but because ye Chen had the heart to think about the temple of heaven!

A disciple should not only have talent, but also attach importance to friendship, which is worthy of their cultivation!

However, Ren and beilingsheng plan to refuse ye Chen.

It's enough to have this heart. It's their responsibility to protect the disciples!

But at this time, ye Chen turned around and left wanbaoge directly. He said, "I will not go to the secret place. It's settled."

As soon as the voice fell, his figure had disappeared.

Renlao and beilingsheng look at each other, both gratified and helpless, and say: "this boy..."

Chapter 5133

The earth, the North Pole.

Ten thousand li iceberg sealed up the world.

The feeling of extreme cold makes it difficult for people to survive.

Even helicopters can't get into this extreme environment.

And in the blizzard, the two figures are constantly moving in the same direction.

If you look carefully, you will find that the cold wind and snow did not hinder them!

One of them turned out to be a woman, with a beautiful face and a trace of heroism. Her eyes were firm and charming. She was wearing a combat camouflage suit, and on her chest was the word dragon soul captain!

Golden goose!

Next to her was a man in casual clothes, with his hands behind him, walking leisurely towards a cave.

Ye Lingtian!

"Captain King, is that the front?" Ye Lingtian said.

Jin Lengyan nodded: "it's strange that yuan Daofeng didn't force Mr. Ye's parents out when he was in charge of Kunlun virtual cultivation. Even Mr. Ye's parents didn't disturb him when they were ten li around Kunlun virtual cultivation place."

"It's totally out of character with yuan Daofeng."

"But although yuan Daofeng didn't rush people, Mr. Ye's parents suddenly came to this place for no reason."

"If it wasn't for the eye data of the dragon soul, we might not have known that Mr. Ye's parents came here."

Ye Lingtian's eyes were full of some meditation. He took a look at the deep place and murmured: "there is a big secret about the Lord of the temple. Maybe his parents also know something."

Hearing this, Jin Lengyan suddenly thought of something, stopped, looked at ye Lingtian and said, "master ye, something happened not long ago. According to the time point, it may have something to do with Mr. Ye's parents coming here."

"It's just that it hasn't been verified. It's a bit weird."

Ye Lingtian body a Zheng, the footstep also stopped: "what?"

Jin Lengyan took out a square brick like mobile phone from his waist in the wind and snow, gently pointed, and said: "master ye, there was a space vortex over Jiangnan Province in China before. Although it was only for a moment, it was still captured by the satellite. According to the analysis of the Dragon soul, there was a mysterious force entering China."

"Then, you look at this picture."

"According to the Huaxia facial comparison system, we unexpectedly found a dead person and miraculously appeared."

There is no change in ye Lingtian's expression. It's normal for the practitioner to feign death. However, Jin Lengyan's next sentence completely dispels ye Lingtian's unshakable face!

"And this man is no one else. It's Mr. Ye's grandfather."

Ye Lingtian took the phone, when staring at the picture of the benevolent old man, he vaguely guessed what.

I'm afraid the change of Chinese aura is not so simple.

With the intervention of emperor Shitian and the appearance of the mysterious yechen grandfather, I'm afraid that something will happen to the land of China.

At present, only when we see the temple master's parents can we know the truth behind this.

"Go."

After a stick of incense, ye Lingtian and Jin Lengyan stop.

Here they are.

They gazed at an ice and snow building in front of them, hesitated for a long time, but said in unison:

"dragon soul captain Jin Lengyan, please see me!"

"Ye Lingtian, please see me!"

However, the answer to them was silence.

The wind and snow were growing, their hair was covered with snow, and their eyebrows were covered with snow.

However, the door still did not open.

"Master ye, do we have to wait any longer?" Jin Lengyan asked.

Ye Lingtian's eyes were firm, and said: "wait!"

.....

The picture turns around, heaven and man, Beiling temple.

Soon, ye Chen returned to Lingxing Pavilion.

He sat in the pavilion with a look of meditation on his face. Although there should be no problem when he was ready to return the shark wings this time, he had to be prepared for the existence of Zhongyuan Tu.

What preparation?

That is to enhance the strength, crazy to enhance the strength!

This trip to Huanglong GuDi taught him a profound lesson!

If he has strength, will Ruo Xue's master treat him like this?

After his breakthrough, the strength can be said to have a phased improvement, but it is not enough!

At this time, ye Chen felt what, look a joy!

Xiao Hei wakes up!

"Sorry, I shouldn't wake up now..." Xiao Hei is obviously wronged. Although he is in a deep sleep, he also vaguely knows what happened to Ye Chen in the ruins of Huanglong ancient emperor.

If he woke up at that time, ye Chen could not be so embarrassed.

In Xiao Hei's opinion, it's all his fault.

Ye Chen smiles and says, "it's OK. Just wake up. Now, there's more trouble waiting for us." Xiaohei had devoured two million demons in Beiling tiandian before. In addition to bringing him extremely pure magic Qi, he also refined some special auras, which can make him temporarily open reincarnation blood!

But, it's not enough!

Although his strength has been improved a little, even after he started reincarnation for a short time, there is still a big gap between him and zhongyuantu!

Ye Chen's vision is tiny to flash, wrist a turn, several items then appeared in front of him.

One is a beautiful pearl. It's the dark Pearl!

One is a black storage bag, which is filled with one hundred thousand Daojing given to him by Mr. Ren!

One is a white storage bag with Xingling stone.

These three items are ye Chen's way to improve his strength!

Dark Yao water essence can be produced in dark Yao beads, and this dark Yao water essence can be used to increase the weight of weapons!

The quality of Sha Jian is very high. As he kills the strong, his power is constantly improving. In terms of power, it is still suitable for use, but the weight is a little too light to give full play to his strength advantage!

Therefore, ye Chen plans to refine the Sha sword with dark water, and forge a powerful weapon with the weight against the sky!

And the 100000 Daojing is naturally swallowed by Xiaohei, but not all of them, but ten thousand of them.

Now Xiao Hei wakes up and swallows up faster!

Before he devoured Daojing, although it was not slow, he had to transfer the energy to Xiaohei, who was sleeping. It was quite troublesome, so the speed was greatly reduced. Now it is different. It only takes about ten days for Xiaohei to devour 10000 Daojing!

Chaos flame has reached the bottleneck. Ye Chen's goal is to advance chaos flame!

Finally, it's Xingling stone!

This massive Xingling stone contains extremely powerful Xingling power. Once the star pulse he opened is activated successfully, this huge Xingling power can be refined by him. As soon as he steps into the star sky, he can improve his physique with the power of Xingling!

At the same time, it is very likely that the understanding brought by the introduction of Xingtian's body refining magic power will also make his holy body Xuangong and taishangtian's magic body advance together!

Chapter 5134

In this way, his strength should be greatly improved, and with the activation of his short reincarnation, he may have the power to face Zhongyuan Tu!

Immediately, ye Chen starts to work!

First of all, from the dark Yao water into the Sha sword!

At the next moment, ye Chen pointed at the dark Yao bead. Ten drops of water flew out of the bead. It was the dark Yao water essence!

Ye Chen low drinks a way: "Xuan son!"

The next moment, a girl with fire wings on her back appears in the room. It's Yan xuan'er.

Her whole body gold and silver flame a prosperous, instantly toward Sha sword gush!

Under the constant burning of the dark flame, the surface of the Sha sword turns red slightly. At this moment, the spirit of Ye Chen's body surges into the Sha sword, carrying the dark water essence. There is a reluctant color on his face. It's not easy to refine the water into the Sha sword

Time went by minute by second, and soon three days passed.

At the moment, in the Lingxing Pavilion, ye Chen was covered with sweat, but his face was full of joy. In his hand, it was a dark sword, which was the Sha sword!

But now the shajian is full of starlike light spots, constantly flashing. It looks mysterious and gorgeous.

But don't underestimate the stars!

This light spot, each one, has a terrible weight!

At the moment, the stars are all over the body of shajian, no less than ten million!

Now the weight of Sha Jian has risen to a terrible level!

Even for ye Chen's physical strength now, it is also very useful!

And once its power is fully opened, in close combat, the use of this Sha sword will break out unimaginable destructive power!

The next moment, ye Chen then put the evil sword away and looked at the black storage bag with Dao Jing.

A few days later, there was a loud noise from the whole Lingxing Pavilion. A black flame rose from the sky. A wave of palpitation spread instantly and enveloped the whole Beiling temple!

Countless people, with a look of horror, looked in the direction of the Lingxing Pavilion!

The dark flame gave them a very old, terrible feeling, as if it was the original fear engraved in the blood!

A moment later, the black flame subsided.

In the Lingxing Pavilion, a shadow of the demon ape looms behind Ye Chen. His whole body is shrouded in the rolling flame, which is terrifying. With a flash, the shadow blends into Ye Chen's back and the black flame into his skin.

At the moment, ye Chen's face is a color of ecstasy!

Chaos arrogance, the success of advanced, and bring the effect, even better than he imagined!

Today's chaos arrogance can make its attack power soar about three times in an instant!

Moreover, not only the chaos itself, but also the strength of Xiaohei has a great growth. Under the influence of animal magic, Xiaohei's strength will be transformed into yechen's strength!

However, let Ye Chen some headache is, after the chaos flame advance, he felt, want to make chaos flame, advance again, some difficulties, at least, need a million Dao crystal!

However, ye Chen did not tangle too long on this issue, but looked at the last storage bag!

With a wave of Ye Chen's hand, there was a flash of spirit in the storage bag. In an instant, a large number of star spirit stones spread all over the Lingxing Pavilion!

Moreover, these Xingling stones have more than one hundred star attributes with different twinkling lights!

Some symbolize the cold stars, some symbolize the hot stars, some symbolize the vitality stars, some symbolize the death stars, different and the same!

"Soul body transformation!" Ye Chen drinks a low, the soul body transforms and displays, and the power of the spirit explodes. The general star sky open light array is not so complicated, but if you want to use so many star spirit stones to arrange the array, you need to arrange the most advanced star sky open light array!

This is not an easy thing. It requires the power of the spirit! It not only needs to be powerful, but also requires the quality of soul power.

Ye Chen can only do it if he has the soul power against heaven.

One day later, a large array was built in the Lingxing Pavilion. Ye Chen was in the center of the array, waiting quietly.

Time, soon to midnight, he suddenly opened his eyes, aura gushed out, poured into the array under his feet, the next moment, countless star spirit stone instant light in full swing, a very dazzling column of light soared up, straight into the sky, and at the same time, it was the rolling star power fell in the Lingxing Pavilion!

Ye Chen's face suddenly changed. The power of the star was even more violent than he had imagined. At the moment of pouring into his body, he tore his channels to pieces!

With a roar, the blood fog roared, and blood poured out everywhere, which dyed the whole Lingxing Pavilion blood red!

Ye Chen is biting his teeth. The benefits of the top Kaiguang array are huge, but the risks are the same!

If his vitality had not reached the unimaginable level, it would have been burst at the moment when the power of the stars poured in! Now, the vitality of Ye Chen's body is surging, and the broken star veins are healing quickly, barely maintaining a balance, suppressing the power of the stars in his body. However, the pain of the broken meridians can be imagined. Soon, ye Chen's whole body is wet with cold sweat, and bursts of pain, whistling in his body!

With the continuous breaking and reorganization of the body, its physical strength is also rising rapidly. In the pain, ye Chen seems to have a kind of insight, and has a clearer understanding of his body and the source of strength!

Taijue hall.

Li Wuwang looked at the Lingxing Pavilion, which was shrouded in the starlight in the distance. He was unbelievable, surprised and worried!

He never dreamed that ye Chen would step into the realm of star sky so soon!

You know, at that time, he was known as the eternal genius of the body and Tao, and it took him thousands of years to enter the Xingtian refining body power. But what about ye Chen?

Less than two months, right?

You've already started?

Compared with Ye Chen, any kind of physical genius will want to commit suicide, right?

What's more, what scares him most is that ye Chen's cloth is still the highest star array!

The opening ceremony of Xingtian's magic power is actually extremely dangerous!

At that time, when he had already crossed the threshold of becoming a saint, he set up the most common Kaiguang array, but the process was still a near death. Fortunately, he saved his life!

And under the top open array, the probability of survival is more than 1000 times, 10000 times lower than that of ordinary open array?

It took seven days for the starlight to suddenly dissipate.

Chapter 5135

At the moment, all the disciples of taijue temple have appeared around the Lingxing Pavilion. They all look at the Lingxing Pavilion anxiously.

Now, ye Chen has become the belief of taijue temple!

In fact, many taijue Temple disciples have been exposed to Xingtian Lianti magical power. In order to give taijue temple a chance to rise, Li Wuwang has tried his best to teach this top-level skill to many disciples at will, but no one has been able to practice it

But, therefore, they are also very clear, ye Chen cloth under the top open array can bring what kind of risk!

Everyone prayed that ye Chen would be safe!

Wu Xinshan was worried and asked Li Wuwang: "master, younger martial brother ye, will he be ok?"

Li Wuwang frowned tightly. He sighed, shook his head slightly and said, "I can't tell if I'm a teacher You guys come in with me and have a look. "

Say then toward the bell star Pavilion, step to move a step.

When Li Wuwang said this, his heart sank down in an instant! But, still follow Li Wuwang to walk toward Lingxing Pavilion.

The Lingxing Pavilion is in a mess. There is blood everywhere. It smells of blood. As soon as the door is opened, people's faces change!

Eyes are slightly trembling!

How much blood is this?

A girl can't even help crying, just think, ye Chen bear the pain, she will collapse!

Looking at the scene in front of us, it's hard to imagine that anyone can survive!

Even Li Wuwang's heart was heavy. They walked upstairs step by step.

Soon, a few people came to the second floor, but when they saw the scene in front of them, they couldn't help but take a breath and froze in the same place!

Everyone's face is a kind of panic, despair!

In front of them, there was an extremely charred body, and the flesh and blood seemed to have completely melted away. Around him, countless star spirit stones were dim. Obviously, they exhausted the power of star spirit!

Li Wuwang's face suddenly changed wildly, and a feeling of great pain came to his heart. He exclaimed: "disciple!"

The next moment, he almost lost his mind and rushed towards Ye Chen!

Ye Chen is his favorite apprentice and the hope of the future of taijue temple. Even if ye Chen's life is replaced by his life, Li Wuwang will never look back!

But now, in front of his eyes is a dead extremely miserable body!?

He can't take it!

He wants his apprentice to live!

Bang!

At the moment, he accidentally fell to the ground!

He raised his head and looked closely at the burnt black corpse that seemed to have lost all life. His eyes were red and his teeth were about to be crushed!

He hates it!

If he can remind Ye Chen to be careful and do some good work in advance, maybe he can save Ye Chen's life!

This is his dereliction of duty as a master!

Li hopeless heartache to almost want to the results of their own, give ye Chen life!

But at this moment, Wu Xinshan suddenly exclaimed: "master, look!"

Wu Xinshan, originally also died, in his view, ye Chen this horrible evil so fell, he is preparing, bent down to pull Li hopeless, the corner of his eyes is suddenly caught what!

In a flash, Wu Xinshan's brain was roaring, as if it had been detonated, staring at the blackened body!

The disciples, who were already in despair, looked at the position Wu Xinshan pointed to. At the next moment, an incredible look appeared on everyone's face!

Only see, perhaps was suffered Li Wuwang fall of vibration, leaf Chen body surface, a piece of scorched black skin fell to the ground, and after this skin, unexpectedly was exposed a piece of white skin!

The skin is as tender as a newborn, emitting a touch of vitality!

Li Wuwang raised his head and looked at the flesh. His pupils were shocked instantly!

The same idea sprang up in everyone's mind

Is Ye Chen still alive?

Just at this time, the sound of clicking, cracks quickly spread all over Ye Chen's scorched body, the next moment, the scorched skin instantly fell off, revealing a tender body!

At the moment, ye Chen closed his eyes tightly, motionless, and seemed to be frozen

Suddenly, the sound of Putong, Putong, Putong reverberated in Lingxing Pavilion

People's eyes gradually widened. One of the disciples didn't understand and said, "what's that sound?"

Li Wuwang looks at Ye Chen, and the color of ecstasy appears on his face. He laughs and says: "this is the heartbeat! Ye Chen's heartbeat

At this time, people also finally found the source of the voice, it is Ye Chen's chest!

And this heartbeat is gradually expanding, strengthening, more violent, even shaking, those weak disciples, some can't stand, feel the body bones are going to be broken!With this heartbeat, ye Chen's life is more and more surging. Suddenly, ye Chen opens his eyes!

"Eh!"

He took a deep breath, and a gust of wind surged up. The disciples, including Wu Xinshan, were instantly overturned by the current!

With the inhalation of this breath, ye Chen was just like a newborn. His tender and thin body was rapidly changing and expanding. His strong muscles were towering like mountains on his bones, and his breath was also rising wildly!

In the twinkling of an eye, a body full of strength appears in front of people.

The girl disciple's pretty face turned red instantly, and the whole person felt dizzy. Her body contracted slightly, and her feet were a little unsteady

It all happened like a dream!

Just now, people thought that ye Chen was dead, and in a twinkling of an eye, he appeared intact in front of them?

Ye Chen breathed a breath, put on a suit of clothes, looked at the excited speechless Li Wuwang and a group of taijue Temple disciples, and said with a smile: "sorry, master, brothers, you worry, I'm ok."

Li Wuwang laughed, patted Ye Chen on the shoulder and said, "if it's OK, if it's OK, boy, if you want to do this kind of thing in the future, don't forget to inform me."

"Yes."

Later, Li Wuwang left with them. They knew that ye Chen had just recovered and needed a rest.

Ye Chen's eyes twinkled slightly, his wrist turned, and the original code of Xingtian refining body magic appeared in his hand. Looking at this ancient book, he saw a dignified color in his eyes!

He really underestimated the horror of this ancient top-level skill!

Even with his physical strength, he almost died at the last moment

Chapter 5136

Fortunately, after consuming part of reincarnation breath, he successfully supported and gave him time to recover

But, very soon, ye Chen's eyes are emerging incomparably dazzling light!

Risk comes with profit!

This is a huge risk, he survived, the benefits are unimaginable!

Not only was the massive power of the stars completely absorbed by him, but because of the constant destruction and reorganization, his reincarnation blood and star veins were also more tenacious than imagined, far more powerful than the ordinary martial arts practitioners who practiced Xingtian's physical magic power!

Ye Chen can be sure that although Li Wuwang has reached the realm of Xingtian erzhuang, the strength of Xingmai alone can't compare with himself!

Moreover, the gap is not small!

This means that ye Chen can absorb the power of the stars much faster than other martial arts practitioners!

In fact, such a result is also described in Xingtian Lianti magical power. Xingmai is divided into four grades, namely, xuanhuang of heaven and earth, and each grade is divided into top grade, middle grade, bottom grade, and top grade!

Only through the top star sky open light array, can we have the chance to obtain the sky level star pulse. Even in the sky level star pulse, there are differences between good and bad, which depends entirely on personal qualifications

And what ye Chen has now is the best star pulse of the sky!

Against the sky, against the sky!

Now, as long as his star pulse is in the open state, he can draw the power of stars from the void all the time to strengthen himself. Although there is no effect in one or two days, after all, ye Chen's physical quality has reached an extremely terrible strength!

However, over time, there will be a terrible effect!

Moreover, this powerful star power influx, it can be said, once again washed Ye Chen's body, although, dying, but also let Ye Chen's body strength up a step!

At the same time, his holy body Xuangong and supernatural magic body also broke through as expected!

Overall, ye Chen's strength is a surge!

Ye Chen a clench fist, inside body is a kind of explosive strength!

There was a smile on the corner of his mouth. Now he would not be so embarrassed if he faced the ruins of the ancient dragon emperor that day.

However, this is not the end!

Ye Chen's eyes flashed slightly and said: "with my current physical strength, I should be able to continue refining the blood of the dark goblin..."

He got a drop of blood essence from the Xuanyao ancestor, but he refined only one thousandth of it. Later, he burned blood essence and lost part of it. This time, ye Chen's goal is one percent!

The period of January is coming. Maybe, Zhongyuan TU will come to Beiling temple in these days!

Ye Chen took a few pills and restored his body to the peak. Then he immediately began to refine the blood of the mysterious goblin, which was enveloped in an instant!

.....

At the same time, Zhongyuan tiandian.

A heavy black gate opened slowly, and a man came out behind it.

It looks like I'm in my thirties. I have no expression on my face. I'm wearing a white shirt. There's a blood mark in the middle of my eyebrows.

The man's face was as handsome as a sword, but his eyes flashed a sense of ferocity from time to time, which made people feel cold and dare not be close to him.

This man is Zhongyuan emperor, Zhongyuan Tu!

A beautiful woman was waiting outside the door. Seeing Zhongyuan Tu coming, she said with a happy face: "Congratulations, Emperor. This time, there is another breakthrough!"

Zhongyuan Tu, however, said faintly, "it's just expected."

At this time, with a flash of vision, Zhongyuan Tu slowly took out a jade messenger.

Jade Fu, soon rang out a man's voice, said: "Congratulations Zhongyuan brother clearance."

Zhongyuan Tu said faintly, "the Eastern Emperor forgets the opportunity. What can I do for him?"

The Eastern Emperor forgot to listen to the speech and said with a smile, "brother Zhongyuan, the six winged shark cub we captured together in those years is now an adult. It's time to collect the shark's fin. Originally, I planned to get the shark's fin with you after brother Zhongyuan left the customs, but who would have thought..."

At this point, the emperor forgot the opportunity and stopped for a moment.

Zhongyuan Tu frowned and said, "say it."

He still attaches great importance to this shark wing.

The Eastern Emperor forgot the opportunity and said, "there is a boy who broke into the strange space and took all the shark wings away."

"What?"

Zhongyuan Tu's face sank, and a fierce look appeared in his eyes. He said, "the Eastern Emperor forgot the opportunity. As one of the five emperors, you can't do this little thing well? Even shark wings can be taken away? Are you fooling me? "

The Eastern Emperor forgot the opportunity and said: "brother Zhongyuan, I dare not. This time, it's really my responsibility. However, I have mastered the whereabouts of the thief."

Hearing this, Tu of Zhongyuan said strangely, "in this case, why don't you take back the shark wings? As an emperor, you can't even do this little thing, can you? "In his heart, he didn't think much of the Eastern Emperor's forgetting the opportunity. But, at least, the Eastern Emperor's forgetting the opportunity is one of the five emperors. The strong in the realm of Taizhen and heaven and man exist. How can it be that even a thief can't handle it?

The Eastern Emperor forgot the opportunity and said: "this time, my little brother is really powerless. Brother Zhongyuan, this boy's name is Ye Chen, which can be regarded as a demon. Now, he joined the door of Beiling temple. Ning ChiYin of Beiling Temple attached great importance to this boy. That day, he snatched this boy from my little brother. Even if I wanted to fight against him, I couldn't do it..."

Zhongyuan TU was silent, but there was a twinkle in his eyes. A moment later, he said again, "you mean that's it, the shark wing is given to Beiling temple?"

He never likes to suffer losses!

The Eastern Emperor forgot the opportunity and said, "brother Zhongyuan, this time, the responsibility lies with me. Therefore, in order to make amends, my younger brother is willing to give up the three shark wings that originally belonged to me to brother Zhongyuan. However, I can't get back the shark wings. I can only rely on brother Zhongyuan himself."

After hearing this, Tu said, "in the near future, I will go to Beiling temple."

After that, he put away the message.

At this time, the beautiful woman standing next to Zhongyuan Tu frowned and said: "emperor, I'm afraid it's not so simple. The Eastern Emperor forgot the opportunity. This is to use your hand to deal with the people in Beiling temple. If you are against Beiling temple, it's not worth the loss..."

Zhongyuan Tu said faintly, "I know."

The woman was puzzled and said, "since you know, why do you want to accept this?"

Zhongyuan Tu's eyes narrowed slightly and said: "first, although this breakthrough has been successful, my realm is not very stable. If it goes on like this, it may leave flaws in the foundation.

Those six shark wings are just the good things to consolidate the realm, so I'm determined to get them. "

Then, a surge of power came out of his body, and his eyes flashed: "second, the emperor has now broken through the closed door, and he just needs a chance to establish power!"

Chapter 5137

.....

Donghuangtian hall.

Wanwuguang and Xu Yanling looked at the emperor excitedly and said, "emperor, what does Zhongyuan Tu say?"

The Eastern Emperor forgot the opportunity and said with a scornful smile: "he? Naturally, I agreed

Both of them were overjoyed at the news!

Ye Chen is a big trouble for them!

In this way, it is likely to be solved!

No matter how hard it is, it can take away the precious things like shark wings from its hands!

The Eastern Emperor forgot the opportunity and sneered, "if you can solve this big problem by paying three shark wings, it's great news for the Eastern Emperor's temple."

In the past few days, he has been told by spies from Beiling Temple how amazing Ye Chen is and how terrifying he is. As soon as he enters the temple, he becomes a nine grade disciple, including setting a new record of Mie Mo spirit on Mie Mo mountain.

Ye Chen's talent really made the Eastern Emperor forget the opportunity and others feel great pressure. If ye Chen didn't get rid of it, their hearts would be uneasy!

Moreover, it's not that it's totally without benefits

If Zhongyuan tiandian really has a war with Beiling tiandian, even if Zhongyuan tiandian can win, it will pay a great price!

Well, they are in the East emperor's temple. It can be said that they are profiteering!

.....

Half a day later, above the Beiling temple, a huge black hole suddenly appeared between the clouds, and the space fluctuated wildly. In the black hole, a huge figure appeared!

Many Beiling Temple disciples, seeing this scene, are curious to point at the shadow.

But at this time, the black hole suddenly sounded a very sharp sound!

After hearing Changming, countless disciples of Beiling Temple suddenly covered their ears and uttered a scream, blood gushing in their ears!

One by one, they all looked at the black shadow flying out of the black hole, and there was a strong color of fear in their eyes!

Soon, a huge monster appeared in front of them!

This monster, Eagle head, phoenix tail, Peng wing, looks like a huge, green feather Eagle!

However, the most frightening thing is that the smell of the goshawk has transcended the real world!

This is a monster in the true world!

On the top of the eagle's head, there are several figures, the first one, a white shirt, long hair, eyebrows, there is a blood mark!

The eagle fell outside the mountain protection array of Beiling tiandian. Almost at the same time, several figures appeared before the eagle.

This figure is Beiling Sheng, Ren Lao, and several elders of Beiling temple.

Seeing the appearance of these strong people in taizhenjing, a group of disciples of tiandian Temple settled down.

Beilingsheng coldly looked at Zhongyuan Tu standing on the top of Cangying's head and said,
"Zhongyuan Tu, do you want to declare war with our Beilingtian hall by breaking through the space barrier of our Beilingtian hall

Tiandian, mostly in the separate space, no token, simply can not enter, unless forced!

And only the existence of taizhenjing has the qualification to break through!

At the moment, although Beilingsheng's tone is sharp, his eyes are slightly shaken!

Originally, Zhongyuan Tu was regarded as a strong man in the main tiandian, and his accomplishments were also regarded as terrible. Most of the tiandian elders and emperors were weaker than him, except that some Taishang elders who could not be hidden in the tiandian might be much stronger than Zhongyuan Tu.

But Zhongyuan Tu broke through a new level?

On the surface, Zhongyuan Tu has been called the strongest man in heaven and man!

Beilingsheng secretly clenched his fists and felt great pressure!

At the moment, many of the disciples of tiandian temple have changed their faces dramatically!

The man in white is Zhongyuan emperor Zhongyuan Tu?

Almost all people in heaven and man domain know that Zhongyuan tiandian is the most powerful existence among the five tiandian?

Is Zhongyuan tiandian going to fight against Beiling tiandian?

For a time, some people in the whole temple were in a panic!

Zhongyuan Tu Wen Yan, a light glance at the North Ling Sheng, light way: "North Ling Sheng, I come to the purpose, you should be very clear, the boy named Ye Chen, hand over."

For a moment, all the disciples of Beiling Temple changed their faces. In their eyes, they were very angry!

Ye Chen, ye Chen again!

This damned boy makes trouble in tiandian, even Zhongyuan Tu?

How long has this guy just joined Beiling tiandian and brought so much trouble to tiandian?

The whole Beiling temple was immersed in resentment and anger!

Don't say is them, many elders are complexion one sink, obviously, extremely dissatisfied to Ye Chen!

After all, up to now, ye Chen's potential is nothing more than the records of the demon killer. However, ye Chen's record is too exaggerated and has lost its reference value

After all, it's not that there's no clever way to kill demons!

For such a disciple, it's not worth going to the Zhongyuan temple!

Just when these elders intend to persuade beilingsheng.

Beilingsheng, however, flashed fiercely on his face and said in a cold voice: "Zhongyuan Tu, my disciple of beilingtian temple, you said you would hand it over. Now, get out of beilingtian temple, otherwise, there will be a war between Zhongyuan Tian Temple and beilingtian temple!"

For a moment, the whole world was quiet!

Almost all of them are looking at Beilingsheng in disbelief. They can't imagine that the emperor really wants to fight with Zhongyuan tiandian because he is not a real existence!

For a moment, several elders immediately said: "emperor, please think twice!"

"Emperor, let Ye Chen come out first and ask about the situation."

"Emperor, you can't be reckless for the sake of a disciple!"

North Ling Sheng smell speech, brow a wrinkle, ye Chen as a disciple are willing to give up for the Heaven Temple to get the God shark wings, and these people?

As an elder, when someone rushes to his own door to ask for someone, he betrays his disciples instead?

He glanced at the square below and saw that ye Chen was not in it. He could not help but feel relieved. Fortunately, ye Chen was not in the crowd. Otherwise, he would feel cold about Beiling temple, right?

At this time, Zhongyuan Tu seemed to have expected this scene. He raised a smile and said, "Beilingsheng, I'm not here to fight with you. If you don't want to make friends, you can't help it."

North Ling Sheng smell speech, the vision one Shan way: "what method?"

Even if ye Chen is willing to hand over the shark wings, he doesn't intend to let Ye Chen come out.

Even his own disciples and disciples can't defend him. What qualification does he have to be the emperor of Beiling?

Zhongyuan Tu said with a playful smile: "in my hand, I will support a stick of incense for a long time. If you can do it, then I will leave here immediately, and I will no longer pursue the matter of shark wings."

Chapter 5138

The faces of the elders changed again.

Zhongyuantu has now broken through a small level. Every small level has a huge gap!

Beilingsheng is also one of the most powerful in heaven and man, but obviously, it can't be zhongyuantu's opponent!

In case of unable to support a incense time, then Beiling temple is a big loss of face!

It is said that the face of Beiling temple will be lost!

But, at the moment, Beiling hears the words, but in the eyes of shenmang, it seems to agree.

But at this time, a figure appeared directly in front of beilingsheng and said, "emperor, I haven't had any activities for a long time. Since emperor Zhongyuan likes to compete, I'll accompany him."

The speaker is a man with thick bones and white hair. He looks like a farmer's old man. He is Ren Lao!

North Ling Sheng smell speech, nodded.

Ren Lao's cultivation is also unfathomable. He is more likely than others to support a stick of incense in Zhongyuan Tu's hands!

Zhongyuan Tu smiles, but he has no objection. His purpose here is to build power. The stronger the opponent, the better.

Then he took out a censer with a stick of incense on it. Zhongyuan Tu flicked his finger and the incense began to burn.

Countless disciples of Beiling temple are very nervous looking at this scene!

It's about the face of Beiling temple!

Zhongyuan Tu looked at Ren and said, "old man, are you ready?"

Let old man smell speech, eyes incomparably dignified, mouth is sneer way: "boy, put horse to come over, old man, long wanted to teach you this arrogant guy!"

Zhongyuan Tu gave a cold smile. His hand flashed, and a long sword appeared. The whole body of the sword was pale gold. On the body of the sword, there was a purple light!

At the next moment, Zhongyuan TU will strike Ren Lao with a sword!

This sword looks very casual, as if it doesn't have any power, but the powerful people in the sky can't help but shrink their eyes!

How strong!

The sword of zhongyuantu contains a terrifying Taoist rhyme!

Dao Yun of sword!

Moreover, this rhyme is unique. Those who are strong in Taizhen have their own way!

The way of Zhongyuan Tu is to promote the sharpness of the sword, the killing and the charm of everything to the extreme!

A road for killing and felling!

Ren Lao's face color changed slightly, and his body suddenly appeared a piece of dark tortoise shell. Endless spiritual power poured into the tortoise shell. The tortoise shell grew well in the wind, and instantly became three meters in size, blocking in front of him. A very calm rhyme of Tao permeated out!

The reason why Ren Lao dares to fight zhongyuantu is not only because of his realm, but also because he is good at defense!

The next moment, zhongyuantu's sword collides with Ren Lao's tortoise shell!

A golden light burst out in an instant, and a billow of air rushed around. The mountain protection array of Beiling Temple opened in an instant. If it wasn't for the existence of this array, I'm afraid many disciples would be injured in the aftershock!

At the moment, people are staring at the air, but their faces have changed!

I saw that the turtle shell, which looked very hard, was blasted out of a thumb sized hole by zhongyuantu's sword!

After the tortoise shell, Ren Lao's face is hard to see the extreme. There is an extra blood hole on his shoulder. Zhongyuan Tu is worthy of the existence of the emperor. The sword is powerful, and one blow will completely pierce Ren Lao's shoulder!

But Zhongyuan Tu laughed. A cruel color flashed in his eyes. His body moved continuously towards Ren Lao. In his hand, the golden sword was shining like the sun!

Every time Zhongyuan Tu makes a move, he will surely bring a flower of blood to Ren Lao!

He even had a light smile on his face!

In the twinkling of an eye, Ren Lao's body is full of blood!

In people's eyes, there was despair. They saw that Zhongyuan TU was practicing with Ren Lao, constantly hurting and torturing him!

Their strength is not at the same level at all. If he wants to beat Ren Lao, he can do it within three moves!

However, Zhongyuan Tu is like a cat playing with prey. He wants to kill Ren Lao until the last moment, and then defeat him!

Less than half a column of incense time, people can't bear to see it!

At the moment, an elder's face is full of indignant color, finally can't bear to go on, high shout a way: "Ye Chen, roll out for me, didn't see, Ren laowei you have been seriously injured?"

This roar aroused a thousand waves in an instant!

Countless disciples of the temple of heaven, whose eyes were full of blood, cried out with great disgust: "damn scum, get out!"

"If it's a man, you should take responsibility for what you provoke. Don't let your elders fight for you!"

"Ha ha, what's the genius? Now, it's a turtle with a shrunken head?" To Ye Chen's denounce, scold, incessantly in the ear!

Zhongyuan Tu's smile became more amusing when he heard the speech!

At this moment, taijue hall.

In the Lingxing Pavilion, the evil spirit is like a long whale absorbing water. He opens his eyes, and his eyes have turned into vertical pupils, flashing with the light of evil. Now ye Chen is full of evil spirit. I don't know, he thinks it's a big demon coming from somewhere!

His mouth raised a smile, the body, full of surging power!

Ye Chen said to himself, "we have successfully refined one percent of the blood of the mysterious goblin. We have greatly improved our physical fitness, vitality, strength, and Demon power, especially Demon power!"

The stronger the Demon power is, the stronger his aura will be!

Ye Chen asked Xiao Hei, "Xiao Hei, this time, if I open reincarnation blood for a short time, what combat power can I achieve?"

Little gangster: "master, the consequences will be more serious, but it should be able to temporarily reach the battle power of half step Taizhen realm. However, the spirit of the devil has too little aura to open the sky, so it can only last for a moment The master should think twice. It's too real for a moment, but it's going to cost a lot of money... "

At this time, ye Chen suddenly looks a move, heard countless days Temple disciples, to his angry scold!

As soon as his face coagulated, his mind suddenly roared out, and soon he found Ren Lao who was seriously injured!

Ye Chen exclaimed: "Ren Lao!"

Immediately, his figure flashed, and he ran towards the square!

At this moment, the time of burning incense is only half past, but Ren Lao's body is nearly full of holes, but Zhongyuantu doesn't mean to stop at all!

Beiling tiandian people are already burning with anger. Beiling Sheng stares at Zhongyuan Tu, his eyes are red with blood!

If it wasn't for Ren's constant voice transmission to stop him, he would have rushed up to fight with Zhongyuan Tu!

And countless tiandian disciples are deeply disappointed, not to Ren Lao, but to Ye Chen!

This kind of time, Ye Chen also wants to be a turtle?

They constantly scold, just to vent their dissatisfaction!

Chapter 5139

"Ye Chen, do you only dare to be arrogant in front of the disciples of tiandian? What's the matter? When Zhongyuantu comes, you'll learn well!"

"It turns out that your mania also divides people?"

"It seems that young master Ye is much calmer than we think?"

In the Caixia Pavilion, Ren Caixia's face is full of tears. She looks at Ning ChiYin in front of her and says, "sister, let me go out. Ren is dying!"

Ren always watched her grow up, for her, it was like the existence of a grandfather!

At the moment, Ning ChiYin also has a gloomy complexion, and her whole body is full of breath. She is irritable. However, she desperately suppresses it. She shakes her head to Ning Caixia and says, "Ren Lao, don't let us interfere."

Two people's eyes, in addition to anger, there is a faint color of disappointment, they are also thinking, why Ye Chen does not appear?

In the heart of Ning Caixia and Ning ChiYin, ye Chen is not the kind of person who will let others be responsible for themselves and pay the bill!

But until now, ye Chen hasn't come to the square. Is he really afraid?

Is there a bottom line for his madness and pride?

If the taizhenjing strongman intervenes in this battle, whether he can defeat Zhongyuan Tu remains to be seen. After all, there are many Zhongyuan tiandian strongmen on the back of the eagle watching the battle

The key is that now, Zhongyuan Tu may kill Ren Lao directly!

They can't afford the risk. The only way to save Ren Lao is probably Ye Chen!

But

Although Ning ChiYin and Ning Caixia want to believe Ye Chen, their reason seems to be telling them that ye Chen won't appear. They are wrong

But, at this time, a violent drink, like thunder, exploded in Beiling temple.

"Stop it

This drink, the whole Beiling temple are quiet down, only to see, a shadow flash from the extreme speed, instant, appeared in the sky!

Countless disciples looked at the figure with their eyes shining!

It's Ye Chen!

Ye Chen, finally!

Ye Chen looks at the old man with many scars, and his eyes are cold in an instant. He turns his head and looks at his Zhongyuan Tu with a sneer, and his eyes burst out a crazy killing idea!

"Boy..."

Ren said weakly: "don't be impulsive, I'm fine..."

And the disciples of the temple of heaven, their eyes fell on Ye Chen one after another. They were very curious. Could this young man who was extremely proud in the legend continue to be proud in front of Zhongyuan Tu?

Zhongyuan Tu slowly took back the blood dripping sword and said coldly: "boy, give all the shark wings out. It's not time for a stick of incense. We can continue to fight."

Before coming, Zhongyuan Tu inquired about ye Chen's character. He knew how to force Ye Chen out.

Ye Chen smell speech, but smile, extremely Yin cold ground smile.

Originally, he did intend to return half of the shark wings to zhongyuantu, but now he has changed his mind.

Zhongyuantu, not worthy!

Ye Chen took a deep breath and said to Zhongyuan Tu, "Zhongyuan Tu, don't you like to compete? How about a competition with me? "

For a moment, all the people in Beiling Temple looked incredible

What is Ye Chen talking about?

Just now, I was still a turtle with a shrunken head. Now, I'm going to compete with Zhongyuan Tu?

Dual personality?

This is all about death!

However, some people are smiling and cruel!

They want Ye Chen to die. These people either have a grudge against Ye Chen, or they are not used to Ye Chen's excellence, or they are envious of the relationship between Ye Chen and Ning Caixia!

They all hope that ye Chen will die. The worse he dies, the better!

And Ren Lao and Bei Ling Sheng yelled at the same time: "boy, what nonsense, get out of here! This Zhongyuan Tu is not my opponent! "

"Ye Chen! You are presumptuous! Here, where can I get your hand? Go back to taijue temple! "

That's what they're afraid of!

Beilingsheng's figure flashed, then blocked in front of yechen's body, he whispered: "boy, are you crazy? Are you going to let Ren Lao's efforts be wasted? "

But when he touched Ye Chen's eyes, he couldn't help blinking!

Ye Chen's eyes, incomparably firm!

Ye Chen said seriously: "emperor, believe me, I'm sure."

Beilingsheng is biting his teeth. He is struggling madly in his heart. His reason tells him that to stop yechen, yechen has absolutely no chance to survive!

But if it goes on like this, Ren may really fall under the sword of Zhongyuan Tu, and beilingsheng can't help believing

Believe Ye Chen, can create a miracle!

Just at this time, ye Chen's body flashed and directly passed beilingsheng. Step by step, he walked in front of Zhongyuan Tu and said, "you and I, fight each other, one move will win. After one move, if I'm still alive, you get out of beilingtian temple. If I'm dead, I won't hold you responsible. Moreover, you can get all the shark wings, such as WhatWhen people in Beiling Temple heard the words, their faces changed

This condition, ye Chen is to dig a hole for oneself simply!

Just now, he was injured by Zhongyuan Tu's sword, but ye Chen would be killed directly, right?

And the people of Zhongyuan tiandian on the eagle's back laughed one after another!

This boy is the so-called evil spirit of Beiling temple?

What's the future of being stupid like this?

The road of the emperor of the middle Yuan Dynasty is famous for its attack power. Do you need a move to decide the outcome?

One move, two moves, is there a difference?

In the face of Ye Chen this waste, a move is enough to kill him 100000 times?

In their opinion, ye Chen's brain, eaten by the dog, is not enough for fear.

Zhongyuan Tu also looks at Ye Chen playfully. Suddenly, he waves his hand and puts the censer away and says, "OK, boy, I promise you."

Beilingsheng, now he has helped Ren Lao and is healing him. Ren Lao sighs and says: "emperor, you should stop him..."

He knows that beilingsheng just hesitated, otherwise, ye Chen has no chance to fight. At this distance, they have some difficulties in preventing zhongyuantu from fighting Ye Chen

After all, in terms of speed, I'm afraid no one present can surpass Zhongyuan tu. as long as they move, Zhongyuan TU will start immediately, right?

According to Ye Chen's agreement, if he died under this move, the people of Beiling temple could not be investigated!

Beilingsheng clenched his fist, and his bones were about to be crushed.

He is very clear that ye Chen set this kind of rules that are extremely unfavorable to him, in order to make Beiling tiandian not conflict with Zhongyuan tiandian!

All the enmity, ye Chen is a person to carry it!

On the square, many disciples looked at Ye Chen's eyes, and for a moment, they also had some respect.

Although, they know that ye Chen is dead, but, at least for the sake of Beiling temple, worthy of respect, isn't it?

Chapter 5140

In Caixia Pavilion, Ning Caixia's face is full of tears. She hopes Ye Chen to appear, but it's not hope. Ye Chen defends Zhongyuan Tu hard!

Ning ChiYin, also with a heavy complexion, murmured: "you can survive, young ye, can't you?"

The whole world was quiet.

Countless pairs of eyes are watching the two figures in the sky.

It is Ye Chen and Zhongyuan Tu.

The battle between the two men seemed incredible, just like the Dragon fighting the ants.

Zhongyuan Tu is the peak of heaven and man. What about ye Chen?

However, it's just a man in his twenties who exists in heaven and earth.

This is a very unequal battle!

Zhongyuan Tu didn't worry this time. He said slowly:

"in the face of you, I can't use all my strength. Otherwise, I'm afraid the whole heaven and human world will laugh at me for bullying, and I will suppress my strength."

"I will suppress my strength at the level of Taizhen, because I firmly believe that the breath of such strength is enough to crush you little rubbish."

People can't help but be happy when they hear that Zhongyuan Tu's power is suppressed. If Zhongyuan Tu's power is suppressed to the later stage of Zhenjing, ye Chen may really survive!

But when I heard the words behind, the heart of Beiling temple was cold!

Even if Zhongyuan Tu is suppressed to the level of Taizhen, ye Chen will surely die!!

Zhongyuan Tu had the chance to win. He said, "are you ready, mole ant?"

Ye Chen's wrist turned, and there was a dark sword in his hand. On the sword, there was a little star light. It was Sha sword.

He stepped back slightly, gazed at Zhongyuan Tu and said, "you, let's do it first."

With this, the people of Zhongyuan tiandian on the eagle's back burst into laughter again!

This kid, don't you think he died fast enough?

In the face of the emperor, do you want him to do it first?

Like, sparrow and Mirs than who fly high, but also let Mirs take off first general ah!

Funny!

The disciples of Beiling Temple sighed. In their opinion, ye Chen is going to sacrifice himself to protect Beiling temple.

And a few people are extremely happy, looking forward to the color, waiting to see ye Chen was crushed into meat mud that scene!

For example, Xu shaotian, Qu Mingshi and others.

Zhongyuantu didn't refuse, but the faint, playful smile on his face made him more rich.

Well, it's his little kindness to meet Ye Chen's requirements before he died.

Rolling road rhyme, in the yuan Tu around, he looked at Ye Chen, a huge pressure, fell on Ye Chen's mind!

Even if the power is suppressed, it is also terrifying!

Ye Chen's look is very deep. The reason why he let Zhongyuan tu take the lead is that he can only maintain his reincarnation for a moment!

If he took the initiative to hand, and Zhongyuan Tu, shot a slow point, then, waiting for his only death!

Even if he is nearly immortal, every cell in his body will completely disappear under such a strong blow. There is no chance to revive him!

At this moment, zhongyuantu, moved!

One shot!

This sword is still simple and unadorned.

However, Zhongyuan Tu's move seems casual and insipid. However, ye Chen clearly feels that even the way of heaven is going to be distorted at the moment when he strikes a sword

It seems that the law of heaven and man can't restrain the power of this sword!

In other people's eyes, a common sword is just like a world destroying Warcraft that pours at itself. Before the light of the sword arrives, the sword will almost crush his body!

Zhongyuan Tu stares at Ye Chen, and a look of disappointment appears in his eyes. To tell you the truth, he still has some expectations. After ye Chen praises Haikou, what can ye Chen do? Although he doesn't think ye Chen can survive, he at least struggles to bring him some fun.

Now it seems that ye Chen doesn't even have the power to resist.

It's boring.

And countless people see that ye Chen's body is trembling under the sword power, and his eyes are dim. The sword power alone is already so, not to mention the sword itself?

Although Ye Chen has not been crushed by Jianwei, he is already a very evil. Even many strong men who are really at the top dare not say that they can hold the Jianwei of Zhongyuan Tu!

However, no matter how evil it is, there will be no more Ye Chen in the world after this sword

Just when the light of this sword is about to submerge Ye Chen completely, two extremely mysterious runes suddenly appear in Ye Chen's eyes!

In a flash, time, like a freeze frame, a breath of terror, which made the way of heaven submit to it, burst out from its body!

"Hei, come on! Activate my blood! Come on

"Reincarnation blood, open!"

In an instant, the suppression of the sword power was completely broken in this breath. In Ye Chen's eyes, the divine awn flashed, the body of the sky demon, the formula of burning blood, the body of all evils, the seal of destruction, the chaotic flame and so on, all of which were performed to the extreme! It's like a shajian with the weight of the world. It's like a black dragon in the sky. It's crazy to dance!

At this moment, ye Chen faintly felt that after his strength climbed to a limit, there was a kind of qualitative change!

This kind of qualitative change is not clear, and the Tao is not clear. It's like that he has his own consciousness and spirit in his power!

And this spirit, enough to make his strength, break through the constraints of the law, multiplied!

"This is the meaning of Taizhen becoming Tao..."

The thrilling sword light surged out. In an instant, it collided with the sword light of Zhongyuan Tu!

At this moment, all of us are looking at Ye Chen with fright and dullness. It seems that ye Chen has not reacted yet. Is the endless power burst out from ye Chen real or illusory?

At the moment, even Zhongyuan Tu's pupils are shrinking!

There was an earth shaking sound, and the terrible pressure of spirit swept all around. The space was frantically broken, and cracks, like lightning, spread in the Beiling temple!

At this time, a figure, like a meteorite outside the sky, fell to the ground at a very fast speed. This figure, without any obstruction, went through the mountain protection array and hit the earth with a roar!

This smash made the whole Beiling Temple tremble madly, as if there was a huge earthquake of magnitude 10000. Those buildings built with the best materials and incomparably strong were instantly full of cracks. Countless disciples of the temple fell to the ground. Even the shock wave caused by the impact made the surrounding disciples vomit blood and not hurt Light!

But at the moment, there is a deep hole on the ground of Beiling temple. It seems that it will break through the temple!
