### Chapter 5181

"Accept your fate? Unlike you, I am willing to be the running dog of wanxu

When the man heard this, he was furious. His anger was all written on his face. With five fingers, a gold whip had appeared in his palm.

The gold whip is shining, every inch is hung with barbs, the barbs silver hook, the whip throw out, still can see endless blood rolling!

The old monk's face was cold. He had tasted the taste of the whip for many times.

"Pa!"

The old monk's green robe split in an instant under this blow, and the skin split, and the blood spattered out.

However, the old monk Mou son one coagulates, but still say: "countless time passed, your strength is still so weak?"

There was a look of death on his face! However, it makes men more angry!

"You are still so stubborn! It's like a rat in a sewer, stubborn

The gold whip on the man's hand danced again, sweeping the old monk directly to the leg of the Buddha statue with the cold wind.

"Poof..."

The old monk tried to support him, but he had no self-cultivation for a long time. At this time, he was just at the end of a strong crossbow, and his mouth suddenly spewed out a mouthful of black blood.

The man step out, word by word: "who is trying to save you! Trying to be an enemy of wanxu? "

For so many years, no one dares to shake the position of wanxu. The man's eyes are everywhere.

From the man's eyebrows, a beating fish shaped light and shadow flashed out.

The little fish seemed to be real, swimming around the prison, looking for clues.

The old monk's heart tightened, but his face was still as quiet as water. With any extraordinary form and means, he would not leave any cause and effect.

The little golden fish's tail surged up, as if in the water, and finally stopped in front of the stone statue.

"Here it is?"

The man glanced at the old monk, and his face was full of disdain. He never regretted what he had done. If he was given the chance, he would still fight back without hesitation.

Before the smoke and dust dissipated, the fish shaped Golden Shadow had been wandering on the stone statue through the long dust.

The old monk's limbs curled up, obviously the injury aggravated, deeply panting, but his eyes were still unwilling to stare at the man.

Where a man steps on his feet, there are traces of cracked earth. The power of his feet is so terrible.

The fish shaped Golden Shadow nodded to the man, as if to tell him that it was here.

"The lady of heaven?"

When the man saw the statue, he suddenly knelt down.

Rao Shi's cultivation was fully open at this time, and he didn't see any cause and effect from the statue.

The fish shaped Golden Shadow seemed to see that he had achieved nothing, revealing a silent irony, and then turned his head to flash away.

"Ha ha ha..."

Seeing this, the old monk laughed: "even a fish looks down on you. It's hard to be a dog in wanxu."

The man became angry and put out his hand. The monk's body was flying towards him uncontrollably. The huge hand was on the monk's neck.

The next second, as if he was going to die.

"Say it! Who is the enemy of wanxu? "

The anger on the man's face, another giant palm, has been burning.

The old monk closed his thin lips and didn't say a word. He had lived as he wanted in his life. If he died at this time, he could make amends to his friends who had died unjustly in the past.

"Since you would rather die than surrender, then I will let you feel the meaning of burning heaven, burning your destiny spirit!"

The man put all the flames on his giant palm upside down on the monk's head to cover his bones.

"Zizi..."

As if it was charcoal baking, it made a sound. The old monk's body trembled violently, which was obviously not an ordinary flame.

The man's face was ferocious and terrifying, and he continued: "try the feeling of burning the spirit, just like I destroyed your cultivation in those years!"

"You Good idea

The old monk spattered blood. He was not afraid of death, but it was not worth dying in the hands of such ants.

The original red flame, at this time, which sent out the vast gold, the vast gold like strands of silk thread into the old monk's body.

His body is like gravel, almost to earn out of the man's fingers, but his mouth is closed tightly.

"That's all!"

Obviously, the man didn't intend to completely destroy the old monk. At this time, seeing his dead duck's hard mouth, he had to give up.

The lotus light in his hand flickers, carefully exploring every cause and effect trace of the cage.

At this moment, the old monk has passed out, lying on the ground without knowing.

"It seems that those guys still have some means, but since they are spying on wanxu, they will face it one day!"

"No matter who it is, I'll wait for you."

the next second, the void behind the man tears, his hands behind him, leaving in a flash!

.....

The screen turns. It's a desert.

Ren extraordinary with Ye Chen and blood dragon two people, suddenly stop.

Ren extraordinary pupil blood circulation, as if to feel something, exhaled: "that guy is OK."

"The people of wanxu let him go after all."

"However, this time, it is to let him shed a layer of skin."

Ye Chen hears these words, solemn look gradually restores.

If the old monk really had an accident, he would feel sorry in his heart.

But what happened today told him that wanxu was far from that simple.

My strength is still too small.

Maybe it needs training.

"Ye Chen, do you really plan to continue to fight against wanxu?" Ren Feifan asked suddenly.

Ye Chen was stunned, but soon his eyes were firm and resolute, and said, "surely."

Ren extraordinary shows a smile, step forward, squat down, hand a handful of gravel to Ye Chen, let him hold in the palm.

"Ye Chen, one sand, one world, one flower, peeps at heaven, holds infinity in the palm of his hand, and accepts eternity in a moment."

"Now, your mysterious stone, like this handful of gravel, has become a world of its own. This is your big chance."

Ye Chen nodded his head to let reincarnation cemetery absorb such pure ability, which was also a chance meeting that he had never thought of before. But at this time, if you let Feifan say so, you also know that his mission will be more difficult.

"At this time, you, just like this handful of gravel, scattered at the foot of wanxu, will not have any influence on him, and even he will not look up at you."

Ye Chen naturally understands Ren Fanfan's words, and his indifferent face is a bit more emotional. Everyone should be killed in this wanxu, but he can only take a step back.

There's a little bit of fire in my heart.

"But when the gravel loads out countless worlds, when it accumulates into eternity in a moment, what will it be like then?"

Ren Fanfan's fingers move, and the light of the sky is like a dazzling beam of light, rolling directly to the distant void. What is flashing during this period is exactly what ye Chen has seen and heard in the past two days.

"Take a step back, sometimes to go further!"

Ye Chen understood what, heart under a bright, originally his brow tightly wrinkled, because don't worry about the old monk's situation, and some anger, at this time hear Ren extraordinary persuasion, also understand shouldn't put the cart before the horse.

Chapter 5182

Since he is reincarnated and accepted by heaven, he should not blame heaven and others.

Maybe wanxu is still strong now, but he will step on him one day!

"It's time for me to leave, too. If you are close to me for too long, there will be too much cause and effect. Let's make a difference. Remember not to rely too much on reincarnation cemetery. In reincarnation cemetery, the taboo in the world may come out soon."

"I'm not sure if it's your robbery or your destiny."

Ren extraordinary light way.

"Thank you, Mr. Ren!"

Ye Chen and Xuelong said almost at the same time.

But the next second, they found Ren extraordinary figure has disappeared.

As if the world has never been extraordinary.

Come and go in a hurry.

After Ren Feifan leaves, ye Chen enters reincarnation cemetery!

It's time to see what happened to this reincarnation cemetery!

As soon as he stepped in, ye Chen found that there was a strong aura in the reincarnation cemetery!

Not only that, reincarnation cemetery is evolved out of a vision!

The vision is like the vast starry sky!

However, ye Chen did not find any substantial changes.

"Is it going to take a while?"

Ye Chen's voice just fell, what did his sight suddenly notice!

He found that one of the 100 tombstones was a bit strange!

This tombstone has not moved from the beginning!

Even in many tombstones is the most humble!

Now, there is an old character on the tombstone!

The whole text is black, as if there is no light to illuminate the black!

And at the bottom of the text, there is a weak light spot!

It looks as if the dots of light can continue to spread.

More importantly, this text is absorbing the energy of the whole reincarnation cemetery!

"When the text is completely spread by the light, can the tombstone be moved?"

"It seems to be different from any tablet of great power."

"In other words, the power behind the tombstone is the world taboo that Mr. Ren repeatedly warned?"

Ye Chen gazed for a long time, but he couldn't reach a certain conclusion. He simply left reincarnation cemetery and returned to reality.

Seeing that ye Chen had come back, Xuelong asked, "master, where do you plan to go next? Will it be the northern Lingtian hall or the taixuan array gate? "

Ye Chen's expression is a congealed, thought a few seconds, open mouth way: "blood dragon, you return to the gate of taixuan array to continue to digest and absorb the chance of the ancient emperor of Huanglong, guard Luo Er by the way."

"And I, this time, want to experience it on my own."

The blood dragon was stunned, but he nodded silently without any nonsense. He turned into a dragon and went to the direction of taixuan array gate!

And ye Chen's figure also disappears suddenly.

Everything is calm.

.....

In the Moon Palace.

Xia Ruoxue's long hair is tied up, and the power of the bright moon is boundless.

The goddess of mercy is sitting on the stone stool under the osmanthus tree, looking at her with admiration.

However, in a short time, Xia Ruoxue has mastered the sixth level of the power of the moon, which is really worth teaching.

Xia Ruoxue is also overjoyed. She excitedly goes to the goddess of mercy and says, "master, I have reached the sixth level of cultivation. I want to find Ye Chen."

At this time, hearing Ye Chen's name, her face turned pale.

She didn't like that ignorant, fearless and disrespectful boy in her heart.

"How many times have I said that he is not worthy of you!"

Xia Ruoxue shook her head firmly, "master, without him, there would be no me at all. And we We've all got skin

The goddess of mercy in the bright moon has an expression that she hates iron but not steel. How much she likes Xia Ruoxue, how much she hates Ye Chen.

At this time, hear Xia Ruoxue said, can only tell that day in the sky, she and ye Chen fight.

"Master! At that time, ye Chen's serious injury did not heal. How could you take advantage of the fire to rob him?" Xia Ruoxue said angrily that she didn't know anything about it.

"I didn't do my best, and he refused my protection."

The lady's face was full of impatience, and the young man's indifferent look was still fresh in her memory at this moment.

"Is he hurt? master worker! Tell me quickly

Xia Ruoxue asks anxiously, his face is full of care and worry.

"No!" She shook her head. "Anyway, I don't want to hear you mention anything about him later if he wants to see you. I will try my best to find you. "

Having said that, he has left.

Xia Ruoxue's beautiful face, with tears in her eyes, is really worried about ye Chen.

And the master's Moon Palace is basically hidden outside the void. Even if ye Chen wants to find it, where can he find it? For a moment, his sad face is full of pretty faces.....

At the same time, a young man walked among the green mountains, pondering: "since it's for experience, let's explore several dead places, many blessed places, thirteen desperate places, eight caves and so on in the realm of heaven and man for the time being. Maybe we can get some harvest."

The young man looked pretty, but, unlike Ye Chen, he had a gentle feeling.

In fact, he is Ye Chen, but his face is covered with a layer of gauze. This gauze is one of the law artifacts from the Xuantian stele. It's called yihuabao gauze. One of its functions is to change his appearance!

Not only appearance, even bone age can be changed! It's too real for the strong to check!

At this moment, ye Chen takes out the map, slightly identifies the direction, and then goes towards the thirteen desperate situations, the Xuanqi desperate situation nearest to this place. His body flickers and disappears in the mountains.

.....

As time goes by, one month later, a ball lightning suddenly appeared above a desert. At the moment when the lightning appeared, the aura of the whole desert became restless, and the cracks of the space were shot out between the flashes of electric light!

And what is unbelievable is that at the moment, there is a figure in the lightning!

The figure, holding a long sword, slashed the electric ball out of a crack. With a movement of his body, he escaped from the electric ball. The young man was blackened, but he was slightly relieved.

But before he could relax completely, the electric ball behind him was pounding at him!

As soon as the youth's face changed, he drank loudly and said, "the moon soul is chopped!"

The light of the sword is as bright and concise as moonlight. However, on the light of the sword, there is the chaos and the power of destruction!

The next moment, the sword light collided with the electric ball, the endless energy diffused, instantly melted the sand in the desert completely!

With a loud bang, the young man's body fell on the earth.

Young people seem to be more than 100 years old, handsome, elegant temperament, but eyes always give people a sense of indifference, this person, it is Ye Chen!

Chapter 5183

At this moment, ye Chen bared his teeth and said, "I didn't expect that there was such a powerful Lei Jiao hidden in this desperate situation..."

However, soon, with a smile, he took out a dark blue bead and said, "but it's worth it to get this Wan Lei bead."

After that, he stood up slowly, looked around and said to himself, "here, it should be Zhenmu desert. In that direction, there should be a small border town called Zhenmu city. Go there first and repair it."

Between the words, the injury on the leaf Chen body is recovering with extremely fast speed!

During this time, ye Chen has been traveling all over the heaven and man world alone, going in and out of various caves and desperate situations. Several times, he even nearly died in some extremely dangerous places. However, he has gained a lot of benefits and made great progress in his strength!

As ye Chen walked along, he said: "the breakthrough of Xinghun chop has become yuehun chop. Its martial power has been increased by three times. Xingtian refined its body powers and advanced to Xingtian's second turn. All kinds of exotic treasures have increased its body strength by 50%. Once again, it refined 5% of the blood of the mysterious spirit. More and more Xuanling Qi has been transformed into xuanlingzhu, and the realm has also broken through to the eight levels of heaven and earth

There is only one chain left on Xuanxian's body that hasn't been cut off

However, the most important thing is... "

Speaking of this, ye Chen's eyes flashed and said: "the ancient scroll of the book of heaven in the Xuantian stele! After groping for such a long time, I finally got some harvest! "

Now, ye Chen's comprehensive strength has been greatly improved!

In a short time, ye Chen came to Zhenmu city.

The Zhenmu city is located in the west of the heaven and man Kingdom, which is under the jurisdiction of the Xiji heaven hall. The martial arts in the west of the heaven and man kingdom are dressed differently from those in other places. Most of them are wearing cloaks and white scarves.

Ye Chen's out of place clothes have attracted the attention of many real wood City warriors.

Soon, ye Chen came to a hotel in Zhenmu City, which is not only unique in clothing and food, but also unique in flavor.

Ye Chen this period of time, are trapped in a desperate situation, for a long time did not eat, food is also quite eager.

After a big meal, he went into his room.

Ye Chen sat on the bed and suddenly thought of something and said, "Xuan er."

With a flash of fire on her body surface, a girl with fire wings on her back appeared in front of him and saluted: "young master."

Ye Chen asked Yan xuan'er, "xuan'er, it's said that deep in the Zhenmu desert is one of the seven dead places, the entrance to the Dragon burning dead place. The Dragon burning dead place is shrouded in fire, and the temperature is very high. Maybe there's a chance for you to advance. What do you feel when you're here?"

Yan xuan'er closed her eyes. After feeling for a moment, she shook her head to Ye Chen and said, "young master, I can't feel anything in this position. However, the fire element in a certain direction is extremely rich."

After pondering for a moment, ye Chen said: "it is said that people here are highly resistant to fire. Therefore, some warriors will go to the periphery of the Dragon burning death place to collect some fire minerals. There should be some for sale in the Zhenmu city. Tomorrow, we will go to the ore shop. Maybe we can find something.

Not long ago, I had an exchange with Beiling temple. Now there is not much time left for the five parties to fight, but it is enough to explore the death place of burning dragons. "

Yan xuan'er said respectfully, "thank you, young master."

After that, he turned into a fire light again and integrated into Ye Chen's body.

Next, ye Chen did not continue to practice, but lay in bed and fell asleep.

The next morning, ye Chen left the hotel and headed for the ore shop in Zhenmu city.

Soon, ye Chen came to an ore shop called Yantian.

There are all kinds of minerals on the shelves in the shop. However, without exception, all of them exude extremely pure fire property spiritual power. The Western warriors in heaven and man domain are not only outstanding in fire resistance, but also get twice the result with half the effort in practicing fire property skills. These fire minerals are sometimes better for them than spirit stone or even Daojing.

Ye Chen picked up a kind of ore called fire silver, felt it for a while, and could not help frowning slightly. The fire element contained in the fire silver is indeed extremely pure and rich, but he did not find any special flame energy.

Soon, he tried all the fire ores in most of the shops, but the result made Ye Chen a little desperate. Although many of the ores in the whole hot day ore shop are local specialty ores, none of them contains the flame wave that can attract his attention!

However, it's normal. After all, Yan xuan'er is the fire of the spirit. It's hard to find a fire that can make Yan xuan'er break through!

But at this time, Yan xuan'er was surprised and said, "young master, I feel a special breath of fire, which makes me feel very eager. It's just that someone has laid a cover. I can't feel the specific location of the

breath, but I'm sure it comes from this shop!"Ye Chen is glad to hear that, and his eyes scan the fire ore shop. Since the smell of fire is covered, it can't be from the ore on the shelf. The most likely thing is

Soon, ye Chen's eyes fell on an old man behind the counter. The old man was reading an ancient book with his eyes drooping and wearing an old black robe. His breath was just at the beginning of the real world. It seemed that there was nothing special about it. Even if he used the three methods of poyun, he couldn't see anything.

However, when ye Chen looks at the old man, his eyes flicker. He feels a strange smell from the old man

Ye Chen asked xuanhanyu and Shuo: "xuanxianzi, Shuo, this old man..."

"There's a problem."

Xuanhanyu said without hesitation: "be careful, this old man is not simple."

There is a dignified color in Ye Chen's eyes. Now, he tries his best to burst out, activate his blood, and use the power of Shuo Lao and Xuan Hanyu to face many situations. But Xuan Hanyu asks him to be careful of this old man?

Unexpectedly, in this remote town, there is such an existence hidden.

Ye Chen picked up a piece of fire ore at will and walked slowly towards the old man. He asked the old man, "are you the shopkeeper of this shop? Can you sell me this pyroxene at a lower price? "

The old man did not lift his eyelids and said, "no way."

Ye Chen's vision is tiny twinkle, this old man is obviously not the appearance of serious business.

He didn't say much, but put down the ore and left the shop.

The old man raised his eyes slightly and looked at Ye Chen's back. His eyes narrowed slightly.

Chapter 5184

.....

Soon, as night fell and the streets were deserted, an old man in black came out of the ore shop and headed for a place in the city.

After returning to a courtyard on the outskirts of the city, the old man sat in his room, opened a pot of wine and poured it under the oil lamp. Suddenly, he took out a small black and gold stone from his arms and played with it in his hands

At the moment, the old man's head seems to be empty space, in fact, there is a hidden figure!

Ye Chen stares at the black and gold stone, and a touch of joy appears in his eyes. The flame breath that Yan xuan'er longs for is sent out from the black and gold stone!

Although the breath of the stone is sealed, Yan xuan'er still feels it clearly after the old man takes it out.

But just then, the old man who poured and drank himself suddenly said, "it seems that you have been with me for so long, just for this stone? In this case, come down and have a drink with me. Maybe I'll give you this stone as soon as I'm happy? "

Ye Chen smell speech, complexion a change, unexpectedly was discovered?

You know, because of the strength of his spirit, he also used a rule artifact called the cloth to hide his body. Can the old man see through it?

Without waiting for ye Chen to respond, the old man suddenly poured the wine into the cup towards Ye Chen. The seemingly ordinary wine suddenly expanded in the air. The whole small room seemed to turn

into an ocean formed by wine. With Ye Chen's power, they all felt that they were in the ocean, and their bodies were extremely heavy!

Even the God of Xinghai in reincarnation cemetery warned Ye Chen: "be careful of this person, it's not ordinary!"

Ye Chen is one Zheng, in the eye flash a touch of shocked color way: "from become a rule! He is by no means true, at least too true! What's the origin of this old man? "

In these few drops of wine, there is obviously some extremely powerful power of law!

What's more, the old man shows the power of his own law through a few drops of wine at will. Even the ordinary strong people in the later stage of the real world can't do it, can't they?

Ye Chen's complexion is a little ugly, but he is still a moment low to drink a, soul body transform exertion, whole body huge strength together, then break free from that wine sea fetter and come out, body shape move, then toward the roof to rush!

"Gee."

The old man saw that ye Chen had the strength to break away from his own shackles. He could not help but let out a light Yi. The next moment, his body shape flashed and appeared in front of Ye Chen. He clapped at Ye Chen.

This palm looks light, but it falls in Ye Chen's eyes as if there is a sky, rolling towards himself!

His eyes sank. After taking a deep breath, he did not dodge and punched the old man's palm!

At the next moment, the fists and palms meet, and ye Chen's whole body turns into a shadow. He flies backward towards the ground at a very fast speed. Just when he is about to collide with the ground, a light of array lights up in the house!

With a loud bang, the whole house trembled. If there was no such array, I'm afraid this smash could directly crush the whole house!

At this time, ye Chen was wrapped in the chain of Taoist runes, and was imprisoned in a big array!

Although the old man flew Ye Chen, his face was full of surprise. He looked at his palm, but it was trembling slightly. Just now, the power contained in Ye Chen's fist shocked him!

At this time, ye Chen drinks a low voice, the rolling evil spirit erupts from his body, the body of the sky demon is transported to the extreme, at the same time, the power of destruction is around his body, he suddenly earns, directly pulling the chain of the law into pieces!

That old man stares at Ye Chen, the vision tiny twinkles a way: "pour is old man, some despise you."

Having said that, there is a powerful Taoist rhyme around him, and ye Chen also holds the Sha sword, and a flame illusion appears behind him, which makes all means work to the extreme!

Just as they were about to fight again, the old man's eyes suddenly fell on the flame illusion behind Ye Chen and exclaimed: "this This is the fire of the spirit

Ye Chen smell speech, complexion a change, this old man unexpectedly saw the origin of his own flame?

His eyes were frozen for a minute, and the aura in his body was surging slowly. It seemed that he was going to fight with the old man at all costs!

But at this time, the old man suddenly restrained his breath, returned to the table and poured himself a glass of wine.

Ye Chen sees this scene, can't help but slightly a Leng, what is the old man doing?

After drinking a glass of wine, the old man glanced at Ye Chen and said, "boy, what are you doing in a daze? Go and fry two dishes and have a drink with the old man."

For a moment, ye Chen's complexion is a little strange, pondering which play the old man is singing. At this time, the old man's eyes stare and says: "do you want that stone?"

Ye Chen, with a bitter smile on his face, shakes his head and goes to the kitchen. He uses the stored monster meat and some melons and fruits to fry a few plates of wine and vegetables. He returns to the table and sits opposite the old man. The old man looked at the dishes. When his eyes brightened, he handed a wine cup to Ye Chen and took a few dishes to the entrance. A touch of surprise appeared on his face and said, "I can't imagine that your boy's skill is really good."

Ye Chen is not polite. He pours a cup of spirit wine and eats it. As soon as the spirit wine is drunk, ye Chen also looks at the wine in the cup. Even with his constitution, he feels that the spirit wine turns into a fire and burns in his body, which makes him feel comfortable!

This spirit wine is absolutely the best among the best. I'm afraid it's several grades higher than the tribute wine in Beiling temple. It's a legend in wine, isn't it?

But this old man is so free to drink?

His identity is probably much more terrible than he imagined!

At this time, the old man said: "boy, my name is Beiling Wutian. You can call me Tianlao. What's your name?"

Ye Chen hears speech, Leng Leng way: "next name is Ye Chen, Tianlao, what do you have to do with Beiling tiandian?"

Beiling Wutian said casually: "I used to be the emperor of Beiling tiandian. Later, I passed down the throne in pursuit of martial arts. Now, although I don't care about the world for a long time, in name, I am the supreme elder of Beiling tiandian."

For a moment, ye Chen's face became strange. He suddenly handed a jade pendant to Beiling. Wu said to heaven, "heaven, please see..."

Beiling Wutian takes over the jade pendant and looks at Ye Chen for a moment. Suddenly, they both laugh.

They have flushed the Dragon King temple.

Chapter 5185

Beiling Wutian shook his head and said, "boy, if you had taken this thing out earlier, we don't have to do it. However, I'm very glad that you are such a monster in Beiling temple."

To tell you the truth, even Beiling Wutian, a hidden strong man who has no knowledge of the world, is shocked by Ye Chen

Although he suppressed his strength just now, ye Chen's strength also shocked him!

In their twenties, they have such strength?

Beiling Wutian even feels that he can't keep up with the times. Are young people so abnormal now?

Ye Chen asked curiously: "heaven, how do you recognize my fire of Tao spirit? Besides, your strength.... "

He knows very well that since Tianlao is the great ancestor of Beiling tiandian, at least he is also a strong man in Taizhen. However, it seems that Tianlao's current strength is only at the peak of his origin

Tianlao said casually: "the reason why I can recognize your fire is that for so many years, I have been looking for the fire of Daoling or have the existence of it. I have done countless researches. As for my strength, it is also related to the reason why I am looking for the fire of Daoling..."

After that, Tian Lao untied his long shirt and showed his thin body.

Ye Chen looks at Tian Lao's chest, but his pupils suddenly shrink. He sees that on Tian Lao's chest, there are several dark nails inlaid. The nails are entangled with flesh and blood, as if there is life!

"This is..."

The elder said with a bitter smile: "in those years, I was seriously injured in the death of burning the dragon and in the battle with the Dragon Emperor. Although I saved my life, my strength also dropped sharply. For so many years, I have been looking for a way to cure the injury. Finally, I got a prescription. It's a pity

If you want to get the main medicine in the Dan prescription, you must go deep into the death place of burning dragon.

As you know, the Dragon burning death place is called the death place. Once the warrior goes deep into it, there is basically no chance of survival. The high temperature deep in the Dragon burning death place is enough to kill most of the creatures in the heaven and man domain!

Apart from some special races and some terrifying taizhenjing strongmen, the only one who can enter the depths is the fire of the Tao spirit. The most important thing is that once I get close to the death place of burning the dragon, the Dragon Emperor will be aware of it. Even if I can resist the high temperature, I can't enter it

And I've been lurking in Zhenmu city for so long. On the one hand, I'm looking for the chance to get the main medicine. On the other hand, I'm trying to take a chance to see if I can meet a warrior who has the fire of Tao spirit. "

He said with a smile: "the owner of the fire of the spirit of Tao wants to enter the death place of burning dragon. It is estimated that he wants to make the fire of the spirit of Tao advance. Then, he is likely to come to this ore shop first to investigate the fire ores near the death place of burning dragon."

Ye Chen hears the words and nods. It's no wonder that Tianlao doesn't plan to continue fighting after he finds out that he has the fire of Daoling. A warrior with the fire of Daoling is probably Tianlao's only hope to recover his strength.

After all, the powerful people in the middle of taizhenjing are all old monsters like Tianlao. Let alone help them. Maybe they will be killed when they know the news of Tianlao's great decline.

At this time, the old man took out the black gold stone and threw it to Ye Chen, saying, "are you attracted by the smell of the stone?"

Ye Chen took the stone and felt it carefully. He nodded and said, "yes, Tianlao, can you tell me where you got the stone?"

Tianlao said: "it's in the deep place where the Dragon died! If I guess correctly, this stone is stained with the smell of fire! "

Ye Chen's vision a bright way: "way fire fire?"

Tianlao said: "among all the heaven and the world, the highest flame is the fire of Tao spirit, and Tao fire contains the fire of fire and Tao law, but it has no spirit. Compared with the fire of Tao spirit, it is a little worse, but it is also extremely powerful!

The so-called fire of Tao is the fire of Tao that has not really grown up. Now, your fire of Tao spirit also belongs to the stage of fire of Tao spirit. "

Then he said with a smile: "however, the fire of Tao is the best food for the fire of Tao spirit. If you swallow it, you can greatly speed up the growth of the fire of Tao spirit!"

Ye Chen hears speech, in the eyes faintly flashed a touch of excited color!

Later, Tianlao waved his hand and handed a jade slip to Ye Chen, saying: "boy, I was going to make a deal with you, but since you are a disciple of Beiling temple, this map recording the position of the stone will be given to you."

Ye Chen did not take over the map immediately, but looked at Tian Lao seriously and said, "Tian Lao, what is the main medicine on Dan Fang?"

Tianlao shook his head and said: "boy, since I know you are a disciple of Beiling temple, I can't let you take risks. I am also the elder in name. I still want to think about the future of Beiling temple."

But ye Chen said with a little smile: "Tianlao, do you think the disciples of Beiling tiandian are so vulnerable? I'm a warrior. I'm not a flower in the greenhouse. Besides, if I want to get the fire, I'm going to burn the dragon to death." The elder hears speech a Leng, after staring at Ye Chen for a moment, the eyes appreciate more and more, he asks: "are you sure, you want to go? It's a place where the dragon is burned to death. There are many crises. It's a great risk to stay one more second. "

Ye Chen kept smiling and said: "the road to martial arts is full of thorns, isn't it? If you can't meet the difficulties, how can you pursue the peak of martial arts? "

"Good!" he said! What a peak of martial arts! Boy, since you're talking about this, I don't have any affectation. The main medicine I need is burning tianlongguo. This is the information about burning tianlongguo. "

Then he took out another jade slip.

Ye Chen took the two jade slips together.

This night, ye Chen and Tian Lao drank and talked all night. They had a kind of feeling that they hate to meet each other late and forget their friendship.

The next morning, ye Chen set out for the Dragon burning place. The elder watched Ye Chen leave and said, "boy, you must come back alive. The old man still expects you to help me recover my strength."

Ye Chen said with a smile: "heaven is old, prepare spirit wine and wait for me."

After leaving Zhenmu City, ye Chen went into the desert. With its deepening, the temperature in the desert gradually increased. One day later, at the end of Ye Chen's sight, there appeared a mountain covered by rolling black smoke and red fire. Even if it was tens of thousands of miles away, ye Chen could still feel the wind from the mountain Hot wind!

"Is this the place where the Dragon died?"

Ye Chen's vision is tiny to flash, body shape after several flash, then came to burn the edge of the Dragon dead place.

Chapter 5186

To his surprise, on the edge of the dragon's death, many warriors were collecting some minerals. On the bodies of these warriors, there were flames of different colors, which were obviously fire repair.

It seems that although the temperature of this marginal area is far beyond the ordinary place, it can't be compared with that of the core area of dragon death.

Ye Chen took out the map given to him by Tian Lao, and slightly identified the direction. With a flash, he went to the inside of the Dragon burning death place.

However, he just flew out not far, it is a face change, the whole person quickly fell towards the earth and go!

With a loud bang, ye Chen's body smashed on the ground, making a small hole in the fiery ground.

Seeing this, several mining warriors around burst into laughter.

Ye Chen some embarrassed ground small pit in, climbed up.

A girl with white gauze, wheat complexion and beautiful eyebrows on her head, stretched out a hand to Ye Chen in the pit and said, "are you ok?"

Ye Chen swept that young girl one eye, held her hand, ascended the ground way: "have nothing to do, this burn dragon dead ground, can't fly?"

The girl looked at Ye Chen and said, "are you an outsider? It's good that you can bear the temperature here. Besides the high temperature, another characteristic of dragon burning death place is that you can't fly in the air. You dare to mine in dragon burning death place even if you don't know this? "

The girl subconsciously thinks that ye Chen is here to burn the Dragon dead to mine ore. because of the special environment, the best fire minerals can be seen everywhere. Most of the foreign fire practitioners come here for these minerals. Otherwise, who will come to this dangerous place?

Ye Chen's eyes flashed and asked the girl, "I see. Thank you, girl."

After that, he would continue to move towards the interior of the mountains.

But at this time, the woman said again, "Hey, wait a minute."

Ye Chen turns round a way: "how?"

The woman said, "I don't think your accomplishments are high. Let's mine at the edge. It's not really the death place of burning dragons. If you go further, the temperature will rise suddenly. Not only that, but you may meet the burning dragons!"

"Dragon burning clan?"

The woman said: "the Dragon burning tribe is a race living in the Dragon burning death place. They have dragon blood and are born to bear the high temperature of the Dragon burning death place. They have half of the dragon blood. However, the Dragon burning tribe is extremely exclusive. They regard the Dragon burning death place as their own territory. If they find outsiders, they usually attack them!

The Dragon burning clan is powerful. If you meet them, it will not come to a good end. "

Ye Chen said to the woman with a smile: "thank you for reminding me. I will be careful."

Having said that, he will continue to move towards the death place of burning dragon.

The woman seemed to want to say something else, but a dark young man beside her snorted coldly: "since he wants to die, let him go. What do you care about him?"

The woman hesitated for a moment, finally, shook her head, did not continue to dissuade Ye Chen.

After entering the Dragon burning death place, ye Chen follows the guidance of the map and goes all the way to the depth of the Dragon burning death place. In the Dragon burning death place, he also has a great suppression on the power of God. Without the map prepared by heaven, even if he has the fire of the spirit, it is not easy for him to enter the core area.

This dragon burning death place looks like a volcanic zone. There are red rocks everywhere. The air is full of fire elements. Even many places are covered in a sea of fire. From time to time, you can see that the rock surface is inlaid with various kinds of ores.

A little half a day later, ye Chen, who was running fast, suddenly looked a little and looked in a certain direction. He saw that a figure appeared there!

There was a flash of surprise in Ye Chen's eyes. Although it was still on the periphery of the Dragon burning death place, it was also a deeper area in the periphery. Even for the general fire repair, it was not easy to bear the temperature here!

Moreover, the figure looks wobbly, obviously, not normal!

At this time, the figure also seems to see ye Chen, unexpectedly is toward Ye Chen this side came over, but, did not walk two steps, is heavily fell on the ground.

Ye Chen brow a wrinkly, the body shape flashed for a while, then appeared in that figure not far away.

I saw that on the red earth and stone lay a woman with blood all over her body. This woman, beautiful in appearance, was full of monstrosity, with long Lavender hair. What's more, there was a strong spirit in her body!

Ye Chen flashed a different color in his eyes and said: "demon clan?"

At this time, the demon woman raised her head somewhat difficultly, looked at Ye Chen and panted: "this Young master, my companion is in danger. Please help me to this place for help... "

Then she took out a jade slip.

Ye Chen smell speech, the vision twinkled for a while, he threw a bottle of Dan medicine to that woman after, is light way: "sorry, I have no time now."

He is not a bad man. There are all kinds of dangers in this dragon burning place. It is not a wise choice to help others deliver letters. After all, the demon woman is not related to him.

Ye Chen is not afraid of difficulties, but it doesn't mean he likes to ask for trouble.

Seeing that ye Chen really wanted to leave, the woman said anxiously, "my name is Zhou Ziling. I'm from Xuanyao real world. I'm under Shenglong Shengzi. You should have heard of Shenglong Shengzi, too? If you can bring the news to our station, I promise Shenglong Shengzi will give you a satisfactory reward... "

Now ye Chen has refined about 2% of the blood of the mysterious spirit. In this woman's opinion, although Ye Chen is not a pure demon family, at least he has the blood of the demon family. As long as he is a demon family, he should have heard of Shenglong Shengzi.

Originally, ye Chen, who was about to leave, suddenly looked back at Zhou Ziling and asked, "Shenglong Shengzi? The son of Shenglong, is his surname Xu? "

The woman smell speech, slightly a Leng, nodded a way: "not bad, how do you know?"

The general demon clan will not know the surname of the son.

Ye Chen hears speech, the face shows the color of accident and surprise, the guy of victory dragon, unexpectedly became Xuan demon Saint son?

Moreover, it seems that in the real world of Xuanyao, the status is not low!

In front of her, this woman is the sixth level of heaven cultivation in the true realm. She is placed in the heaven hall, and she can barely get on the heaven list. But she can only become Shenglong's subordinate, which is enough to explain everything.

However, the blood of the red moon tiger king is the top blood of the demon clan, which is reasonable.

Immediately, ye Chen came to the woman's side, stretched out his hand to hold her delicate body directly.

Zhou Ziling was seriously injured at the moment and couldn't struggle at all. She was a little flustered and said, "what are you going to do?"

Chapter 5187

Does this guy want to take advantage of his weakness to resist?

Ye Chen sent a piece of the best pill into Zhou Ziling's mouth and said, "refine the medicine well. Tell me where you are and what danger you encounter."

Speaking at the same time, ye Chen secretly released a wisp of his own evil spirit, now his evil spirit is enough to frighten most of the demons!

Even if this week's Ziling comes from the true world of Xuanyao, the blood itself is extraordinary, no exception.

Hearing the speech, Zhou Ziling unconsciously obeyed Ye Chen and replied, "we were attacked by a group of dragon burning people hundreds of miles west of here."

Ye Chen nods and sweeps the jade slip in Zhou Ziling's hand casually. Then he holds her and goes in a direction.

As soon as Zhou Ziling's face changed, she was a little frightened and said, "what are you doing? That's not where our camp is! "

Companions but not easy just for her to create a chance to escape for help, ye Chen now, how to take her back!

For a time, even if there is injury in the body, Zhou Ziling can't help struggling.

Ye Chen eyebrows a wrinkly, low drinks a way: "don't move disorderly!"

When Zhou Ziling heard the speech, her delicate body trembled. Looking at the man who was only a hundred years old, she was afraid!

She just can't understand what's wrong with her. She's not like this

However, although Zhou Ziling did not dare to struggle, she was still very anxious and said, "those dragon burning people are the most powerful. They can be killed in a moment. It's still true. You and I are just looking for death in this way. You'd better go to the camp for help."

Ye Chen light way: "that camp, too far, once come back, your companions are very likely already dead."

Seeing ye Chen with her, Zhou Ziling was getting closer to the place where she met the Dragon burning people. She was so anxious that she almost cried out and said, "but at least there is a glimmer of hope. What can we do now?"

It's not that she looks down on Ye Chen, but ye Chen is just an existence of heaven and earth!

Ye Chen said casually: "soon, you will know."

Zhou Ziling smell speech, purple beautiful eyes completely dim down, she have some regret and ye Chen mouth for help, who can think, he unexpectedly met a madman!

Not long after, the sound of shouting and killing spread to their ears.

Ye Chen's eyes flashed and locked a hill, where there were waves of fighting!

The next moment, ye Chen will appear on the hill, in front of him, four or five demon clan, is fighting with three dragon burning clan!

However, the demon clan side obviously fell behind, the four or five people were injured, and they were about to lose!

Ye Chen looks at the Dragon burning clan. The three dragon burning clan are all male. Each of them is tall and covered with red scales. On the red scales, there is a faint light of fire.

At this moment, one of the Dragon burning people, with a red Rune on his forehead, with a grim smile on his face, yelled to the other two people: "these foreigners are dying! When you two do it, be careful. Don't kill that woman! "

The burning dragon clan with red mark on its forehead stretched out its tongue and licked its lips, saying, "I haven't tasted the taste of foreign women for a long time."

At this time, both sides seem to feel something, suddenly stop, toward the direction of Ye Chen.

For a time, those demons all changed their looks and said: "Ziling! Why are you back again! "

Hearing the speech, Zhou Ziling cried: "I wanted to go back for help, but But he brought me back... "

Among the five demons, there are four men and one woman. The woman is the most powerful.

A few demon clan smell speech is a Leng, complexion ugliness ground saw Ye Chen one eye, this kid hair what crazy, come from kill?

It doesn't matter that he committed suicide. Don't take Zhou Ziling with him!

In this way, don't they have no hope of living at all?

One of them, a man with a fierce look, stared at Ye Chen with evil spirit on his face and yelled: "boy, what are you doing here? Take Zhou Ziling and get out of here for me!"

The rest of them are anxious. If they don't leave, they will have no chance!

The Dragon burners, who had found someone, had a look of vigilance in their eyes. However, when they saw that they were only the woman who had just been injured and a pitiful little boy, they all showed a sneer of disdain.

But, at this time, ye Chen is actually directly holding Zhou Ziling, jump, then fall in a few demon clan side!

Those demon clan, seeing this scene, their chin will fall to the ground

What's this kid doing!?

I can't go now

The Dragon burners laughed and said, "it seems that the food is self-conscious. I've brought it to my door."

After ye Chen put Zhou Ziling among several demons, he came to several dragon burning people step by step in their disbelieving eyes. Zhou Ziling and others are completely stupid. This boy doesn't really want to send him to the Dragon burning clan for lunch, does he?

Just when everyone doesn't understand what ye Chen wants

See, ye Chen looking at those burning dragon clan, light way: "I give you a chance to leave, go, or, die."

He has no injustice or hatred with these dragon burning people. However, since Xu Shenglong's men are in danger, he will not abandon them.

But others don't know what ye Chen thinks!

The whole place seems to be quiet

Zhou Ziling and others all looked at Ye Chen as if they had lost their souls. They didn't believe their ears

Zhou Ziling was so angry that she almost vomited blood

Ye Chen brought her back here just for bluffing!?

It has to be said that ye Chen's acting skills are really good. His indifference is shown incisively and vividly. If they didn't see ye Chen's cultivation clearly, maybe they would really think that ye Chen is a master

But what about the facts?

Ye Chen, it's just the cultivation of heaven and earth!

With his strength, he also wants to scare off the Dragon burning clan. Is it an idiot to be a dragon burning clan?

The faces of those demon clans were completely gloomy. If ye Chen hadn't risked his life to help them, he would have yelled

The two dragon burning people immediately laughed and said, "are you kidding me? How do I feel that it's going to snow in the death place of dragon burning? "

"Do foreigners like to be funny before they die?"

But at this moment, the Dragon burning clan with the red seal suddenly said, "shut up

Chapter 5188

The two white Horned Dragon burners trembled for a moment. They quickly shut up and looked at the red Horned Dragon burners

Captain, what's going on?

The red dragon burning clan gazed at Ye Chen, suddenly bowed to Ye Chen and said respectfully, "sorry, young master, we'll leave now."

For a moment, everyone looked at the Dragon burning clan with red seal in disbelief.

Especially a few demons!

One by one, they were surprised and excited to jump up!

What's going on?

Did the miracle really happen? The Dragon burning clan with red seal was frightened by this boy?

But at this time, the Dragon burning clan with red seal suddenly laughed and said, "do you think I would say that? Ha ha ha, boy, Ben Long's acting skill is not worse than you? Just now, were you secretly happy? "

This sentence is just like a cold wind, blowing into the bottom of the hearts of several demons, so that they feel the bitter cold in the hot dragon burning death place!

It's over, it's over!

Red seal burning dragon, laughter suddenly closed, looking at Ye Chen said: "since happy, then, go to die."

As soon as the words fall, the dragon clan raises its claws and grabs Ye Chen with one claw!

rolling flames gathered on the dragon's claws, turned into a magmatic flame essence, wrapped in the whole dragon claw, in a flash, ye Chen's place in the side space was completely locked by this dragon claw.

Those demon clans are all eyes dim, this red Fuyin burning dragon clan, the most powerful, even they don't have the confidence to fight each other alone, let alone Ye Chen.

But ye Chen, in the face of the Dragon burning clan, grabs the red dragon claw, but he just raises his fist at will and punches it.

Several demon clans close their eyes. The demon clans always attach importance to feelings. Although Ye Chen is stupid, he risked his life to help them. Even if he did, they can't bear to see ye Chen burned alive.

The two other dragon burners have begun to look at Zhou Ziling and another woman, and their eyes show the light of immorality.

The next moment, ye Chen's fist and the red seal burn the dragon's paw, instantly collision!

Bang of a light ring, a burst of blood mist explosion spread, into a blood rain, splashed on the Dragon death.

Several demon clan smell the smell of blood, can't help but frown, burning dragon attack with strong firepower, ye Chen should be directly burned to death?

How does it smell like blood?

They subconsciously opened their eyes, but they were shocked by the scene!

Ye Chen is standing in front of them in good condition, with a trace of blood on his fist. At the moment, the red Rune seal burning dragon clan, which is extremely powerful in cultivation, seems to have evaporated from the world and disappeared completely!

Their brains are running at full speed, inferring what happened when they just closed their eyes

But, in the end, they can only come to a conclusion that has no common sense to speak of and is inconceivable

Zhou Ziling stared at her beautiful eyes and stammered: "he Did he directly kill the Dragon burning clan with one blow

As if to confirm what Zhou Ziling said, the two remaining dragon burners, at this moment, all seemed to have seen ghosts. They let out a scream and fled directly to the distance. The strength of the two dragons was far worse than that of the red Fuyin dragon burners!

And ye Chen, the scene of killing the dragon with one punch, has left a deep shadow in their hearts!

Ye Chen looked at the back of the two dragon burning people. The cold light in his eyes flashed and he said faintly: "soul devouring is all over the sky."

The next moment, the soul power fluctuates together, and the two dragon burning clan make a scream, then they fall not far away, and their bodies no longer have any vitality.

Since he killed a dragon burning clan, ye Chen naturally won't let go of the remaining two, otherwise, the future will be endless.

At the moment, the demons have been completely stunned

Looking at Ye Chen, they began to wonder if ye Chen was a super strong man hiding his accomplishments

Otherwise, when can a heaven and earth exist to crush these strong people easily?

Moreover, the strength of the Dragon burning clan will be greatly improved in the place where the fire elements are extremely rich!

Ye Chen popped up two sparks and turned the two dragon burning clan's corpses away. Then he looked back at several demon clans and his eyes flashed slightly.

The blood of these demon clans can be regarded as extremely powerful, and they all have the magical power of fire. Otherwise, let alone in the hands of dragon burning clans whose realm is higher than their own, they can't bear the temperature just here for so long.

At this time, the most powerful woman in the demon family first responded and saluted Ye Chen respectfully, saying: "I'm blue snow spirit. Thank you, young master, for your help!"

Several other people, also in the woman's voice to return to God, have saluted: "thank you, young master, help each other!"Ye Chen took a look at the woman. She was very white, with blue hair and Danfeng eyes. Her face was very beautiful.

He said to the crowd, "my name is Ye Chen. Don't be polite. Do you want to go back to the camp now?"

LAN Xueling nodded and said, "why don't you come back with us, young master Ye. Shenglong Shengzi should give you a proper reward for saving us."

Ye Chen smiles to order a head way: "also good."

Since I met here, I naturally want to see Shenglong.

In Ye Chen's mind, there are scenes when he met Xu Shenglong in Xingyue palace and later went to the dark area. A smile appears at the corner of his mouth.

I don't know. This boy is not as alive as he was.

After a brief healing, they moved towards their camp.

After walking for half an hour, a camp covering tens of thousands of square meters appeared in everyone's view.

In this camp, there are many tents, which looks quite exotic.

After ye Chen entered the camp, a look of surprise flashed in his eyes. There were dozens of demons in the Dragon burning death place. Moreover, the lowest cultivation was on the fifth level of heaven.

After Zhou Ziling and others brought Ye Chen into a tent, they went to Xu Shenglong's place to report their mission.

Now, in the camp, in the biggest tent.

LAN Xueling reports to the only young man sitting in the tent.

The young man, with red hair and dignified temperament, flashed in his tiger eyes. It was Xu Shenglong!

However, at this time, Xu Shenglong and his original existence as a living treasure have obviously changed a lot.

LAN Xueling said: "I'm afraid In this way, the young man named Ye Chen made a move, and we were lucky enough to save one of our lives. "

Originally, Xu Shenglong, who was still calm, stood up with a "Teng" after hearing this sentence and said, "Xueling, what do you call that young man?"

Chapter 5189

LAN Xueling looks at Xu Shenglong in a puzzled way. She doesn't know why Shenglong Shengzi, who used to be very calm, is so excited?

However, she respectfully replied: "that young man, named Ye Chen, has a strong evil spirit. However, the overall atmosphere is strange and complicated. He should not be a pure demon clan."

Hearing the speech, Xu Shenglong's eyes were full of excitement, and his body trembled slightly. He took a deep breath, calmed his mood, and asked LAN Xueling, "brother ye, where are you now?"

LAN Xueling was stunned and looked at Xu Shengli stupidly and said: "in the 17th tent..."

Did she hear it right?

Shenglong Shengzi calls Ye Chen Brother Ye!?

You know, Shenglong Shengzi's status in the real world of Xuanyao can be said to be transcendent

In the whole heaven and man world, few young people are qualified to call him big brother

Just as LAN Xueling is about to ask about the relationship between Xu Shenglong and ye Chen, Xu Shenglong has disappeared

.....

Ye Chen sits in the tent, tasting a special drink here. This drink is made of spirit milk and spirit tea, which is quite similar to the milk tea of the earth.

At this time, a figure suddenly appeared in the tent, it is Xu Shenglong!

Xu Shenglong looked at Ye Chen, and his eyes were shocked. He cried excitedly: "brother Ye! It's really you

Ye Chen stood up and said with a smile, "Shenglong, long time no see."

They looked at each other for a moment, laughed and sat down.

Ye Chen asked curiously: "Shenglong, I heard that you have become the son of Xuanyao? What's going on? "

Xu Shenglong said: "when I was in the moon soul realm, I mistakenly thought that my elder brother had fallen, so I made up my mind to avenge my elder brother. So I left Lianshen peak to find a chance to break through in the moon soul realm. By a coincidence, the emissary of the Xuanyao real world found me and brought me back to the Xuanyao real world.

After entering the real world of Xuanyao, I had many adventures. My strength improved by leaps and bounds, and I became the Holy Son of Xuanyao. "

Ye Chen nodded, Xu Shenglong's progress speed can be said to be extremely adverse!

Today's Xu Shenglong, in his cultivation, is not inferior to some of the most demons in the temple of heaven!

And through conversation, ye Chen also knows that not everyone in the Xuanyao real world can be called Xuanyao Shengzi. Only the best demons can afford the name, similar to the tianbang of Beiling temple.

Ye Chen asks again: "how did you come to this burning dragon dead place?"

Xu Shenglong said with a bitter smile, "we are here to complete a trial of the Xuanyao real world. Brother ye, why are you here?"

Ye Chen said: "there seems to be a kind of fire in this dragon burning death place. I came here just to find that kind of fire."

For Xu Shenglong, he has nothing to hide.

Xu Shenglong's eyes lit up and said: "it's a coincidence that we're here for the legendary fire ore. if there is a fire, the fire ore is likely to grow near the fire!"

Ye Chen hears speech to smile, throw a jade slip to Xu Shenglong at random, way: "this is a way fire, the fire may exist of location, you see."

Xu Shenglong's mind swept away, but his brow slightly wrinkled and said, "how could he be so deep in the place where the dragon was burned to death?"

Ye Chen said, "what kind of ore are you looking for? If I find something, I can bring it for you."

Xu Shenglong takes out a fragment of ore and hands it to Ye Chen.

The fragments of the ore are basket colored. It seems that there are countless blue and purple sparks flying in the stone body. It looks very gorgeous.

Ye Chen looked at the ore, immediately, stood up and said: "OK, now, I should start."

Xu Shenglong was a little surprised and said, "so fast? Brother ye, why don't we take a few more days off in this camp? In fact, if we prepare for a few days, we can't get to the position on the map. Why don't we go there together then? "

Ye Chen says with a smile: "don't have to wait for me to find the fire. I'll talk to you again."

Xu Shenglong said: "brother ye, if you encounter any trouble, you must come to me. This time we came to burn the dragon to death, and brought many companions with different abilities. Presumably, there must be a place to help brother Ye!"

Ye Chen nods a way: "good!"

Between brothers, there is nothing to be polite about.

Soon, ye Chen left the camp and continued to go to the deep place where the Dragon died.

Half a day later, a figure galloped among the red mountains and suddenly stopped.

He looked at a natural boundary formed by fire and gas in front of him, and could not help frowning slightly.

In front of him, what appeared was a space that seemed to be completely immersed in a sea of fire. In the air, endless fire was surging, and the transparent air was stained with crimson color. From time to time, flames burned themselves in the crimson air! Near here, even ye Chen also felt bursts of heat, the blood in the body will boil up in general!

"It seems that this is the core area."

According to Beiling Wutian, in order to enter the core area, in addition to some special races, there are only strong people in Taizhen realm and those who have the fire of Daoling.

Immediately, ye Chen called in his heart: "Xuan ER!"

A girl's voice rang out in her mind: "yes, sir!"

The next moment, a layer of gold and silver flame clothing appeared on Ye Chen's body surface. After the appearance of the flame clothing, the discomfort brought by the core area disappeared instantly!

Ye Chen is tiny a smile, the body shape moves, then directly entered among them!

After running for several hours, ye Chen finally came to the location marked by Beiling Wutian on the map. His eyes swept around and saw that it looked like a piece of red sand.

After walking on the sand for a moment, his eyes sank slightly and he asked Yan xuan'er, "xuan'er, what do you find?"

Yan xuan'er hesitated and said, "it seems like nothing. It's hard for me to determine whether there is the smell of fire here..."

After carefully searching here, ye Chen's brow is completely wrinkled. There is no trace of fire in this place?

Moreover, the suppression of his mind is of little use.

What should we do?

Is Dao Huo, Huo Zhong, no longer here?

At this time, Shuo said: "boy, why don't you ask your friend for help."

"Shenglong?"

"Not bad."

Shuo said: "the ore they are looking for is really very precious. It's called Weiling flint. It's not so easy to find. Presumably, they have the means to look for things in this dragon burning death place. Moreover, after you leave, the little tiger also said that if you give them a few days to prepare, there is also a way to enter the Dragon burning death place."

Chapter 5190

Ye Chen was silent for a moment, and finally nodded: "it seems that this is the only way to do it."

immediately, ye Chen headed for Xu Shenglong's camp again.

.....

When ye Chen returned to the camp, Xu Shenglong immediately came out and said in an unexpected way, "brother ye, do you get the fire seed so soon?"

Ye Chen shook his head and said, "Shenglong, do you have the means to find things in this dead place? I haven't found anything in that place. I'm afraid I have to rely on your help. "

Hearing the speech, Xu Shenglong said with a smile, "of course, brother, don't worry. It's up to us!"

Ye Chen asked: "can you really enter the depths of dragon burning death? I've heard that only some special races, or the Taizhen realm, or the existence of the fire of the Tao spirit, have the chance to enter it. "

Xu Shenglong turns his wrist, takes out a pill and hands it to Ye Chen.

"This is..."

In Ye Chen's eyes, there was a flash of surprised color. The color of the pill was blue and white, and there was a faint smell of fire from the Taoist spirit!

Xu Shenglong said: "this is the fire elixir of Taoist spirit. It has been passed down from the archaic times. Now, it has lost the refining method and can be regarded as the most precious. If you want to refine this fire elixir of Taoist spirit, you must have a certain body strength and fire like supernatural power. After refining, there will be a trace of fire breath of Taoist spirit in your own flame, and the power will soar, which can help us resist higher But... "

Xu Shenglong took Ye Chen to a tent and said: "it's not enough to have this fire elixir. Another reason why we can enter the death place of burning dragon is because of him."

Then he opened the curtain of a tent in front of him, and in an instant, the thick smell of blood floated out!

Seeing the scene behind the tent, ye Chen can't help shrinking his pupils!

I saw, in the tent, full of blood, a very thin looking man, is crazy gnawing some flesh and blood!

And those flesh and blood came from the body of a dragon burning clan!

Xu Shenglong said: "these are the Dragon burning clan that attacked us on the road. The person in the tent is a kind of demon clan called blood eaters. These blood eaters are extremely rare. They are not particularly powerful. However, one of their abilities is to temporarily gain part of each other's blood by swallowing them!

Most importantly, he can give this ability to others! "

Ye Chen's eyes flashed slightly and said: "so, he is seizing the talent ability of burning dragon to resist high temperature?"

Xu Shenglong nodded and said: "yes, in a few days, the blood eater should be able to get this ability, and then share it with us through his magic power. However, the blood eater can't perfectly copy each other's ability, so we need to add the Dao spirit fire pill. In this way, we can act in the core area of dragon burning death."

Ye Chen nodded and said, "in that case, I will have a rest in this camp."

Hearing the speech, Xu Shenglong looks happy. He takes Ye Chen to the square of the camp and says, "everyone, concentrate!"

For a moment, the demon clan of the whole camp gathered in front of Xu Shenglong, and many people looked at Ye Chen curiously.

Xu Shenglong pointed to Ye Chen and said, "his name is Ye Chen. He is my elder brother. These days, my elder brother is going to live in our camp. Anyone who sees my elder brother is like seeing me. He should not be disrespectful to him, otherwise..."

At this point, Xu Shenglong's eyes appeared a very cold look, and all the demons could not help shivering.

Xu Shenglong said: "the answer!"

All the demons cried out: "yes!"

Xu Shenglong nodded and said, "disband!"

Later, he said to Ye Chen with a smile: "elder brother, I'll take you to the temporary residence."

Ye Chen looks at Xu Shenglong, and a look of appreciation flashed in his eyes. This guy has grown up a lot.

After the crowd left, two demons stood in the same place. One of them, a man with green hair, frowned slightly and said, "that young master Ye is not a pure demons, is he? If Shenglong Shengzi and such a demon clan are brothers, will they fall in love with each other? "

Beside him was a woman with a hot figure and a beautiful face.

This woman has wavy blonde hair. On her body surface, she is wearing a long golden skirt with black stripes. In her slightly opened lips, a pair of tiger teeth twinkle with cold light. In her eyes, she has a kind of palpitating power!

Her noumenon is obviously a powerful tiger!

And his cultivation is not weak!

Except for Xu Shenglong, the whole camp has no cultivation above it!

At the moment, the tiger woman said coldly: "Lord Shenglong wants to be the supreme demon emperor. He is a poor guy with impure blood and poor strength. Should he be called big brother?"

This guy is not qualified to be around Shenglong. His existence will only give Shenglong's political enemies a reason to attack! "The green haired man looked around in panic and said, "Bai Ying, keep your voice down. Shenglong Shengzi has just said that you should not be disrespectful to Ye Gongzi. Their feelings seem very good..."

The tiger woman's anger became more intense when she heard the words and said: "hum, I think it's another villain who uses the simplicity of Shenglong to cheat him and wants to take advantage of Shenglong to be superior. I will never allow such a person to succeed!"

As soon as she turned around and walked towards her tent, she said secretly, "only I am the one who should stand beside Shenglong!"

.....

In the morning of the second day, ye Chen, who is in the process of cultivation, suddenly looks moving and opens his eyes. A young girl comes in with a plate of food and lowers her head. She says, "young master, please have dinner."

This woman has a lovely appearance, with a touch of exotic customs, red hair and red eyes, tall and slender waist.

Even though they are powerful, they still keep the habit of eating every day.

Ye Chen looked at the woman in front of him, and a trace of surprise flashed in his eyes. Does this woman seem to be an immortal?

His breath was too obscure, and he didn't find it yesterday when his mind was restricted.

If the temperature of this place had been changed into that of ordinary people, even those who were strong in the original realm would have been unable to bear it. But this woman, who was cultivating in the realm of heaven and earth, turned a blind eye to the high temperature of the Dragon burning death place?

Moreover, its breath is also quite complex, obviously not pure blood demon clan.

Ye Chen some curiously asks a way: "are you?"

The woman said: "young master, my name is long Yan'er. I'm the maid in the camp. Shenglong Shengzi has told me to serve young master closely these days..."

Said, long Yan'er put the food plate in front of Ye Chen's body, and when he bent over, the collar was slightly open, ye Chen's eyes flashed, only to see that long Yan'er's snow-white skin was covered with several red scales!
