

Physician 5191

Chapter 5191

The shape of that scale, ye Chen is very familiar with, is dragon scale!

Besides, it's not an ordinary Dragon

Seeing this, long Yan'er gave a low cry, quickly pressed the neckline, knelt down in front of Ye Chen with some fear and said: "I'm sorry, young master, let you see this filthy thing, maidservant should die..."

Her delicate body trembled slightly, and her face turned pale with fear.

Ye Chen's eyes flashed and sighed.

That dragon scale is the same as the dragon scale of the burning dragon clan. Longyan'er is the hybrid of the burning dragon clan and the demon clan!

The dragon is a whore. The Dragon burning people often take away the foreign women who enter the Dragon burning place for fun. After enough fun, if they are in a good mood, they may let the foreign woman go and throw her on the edge of the Dragon burning place, and these women may be pregnant with the Dragon burning children

However, because the Dragon burners are extremely xenophobic, the relationship between them can be said to be mutual hatred!

Therefore, even if they are born, they often grow up in discrimination

Moreover, the mothers of these children are pregnant with them because they are insulted. Even the only relative will be hostile and hate them!

Ye Chen is very aware of the feeling of being despised, helpless and rebellious by thousands of people. Therefore, he has more pity for long Yan'er. No matter how abominable the Dragon burning clan is, long Yan'er is at least innocent.

He gently hugged long Yan'er kneeling on the ground and said in a soft voice: "the dragon scale is shining. How can it be said that it is filthy? Long Yan'er, you don't need to apologize to anyone for your blood."

Long Yan'er's delicate body trembles when she hears the words. She bites her lips. Two lines of clear tears fall from her Ruby eyes.

This is the first time in her life that she has been praised for her dragon scale, and the first time that she has been told not to apologize for her blood.

After eating breakfast at will, ye Chen said with a smile to long Yan'er, "walk with me in the camp."

Long Yan'er lowered his head, hesitated and said, "if you are with me, I'm afraid..."

She worries that ye Chen is discriminated against by other demons because she is also discriminated against. After all, ye Chen's breath seems to be a half blood demons

Ye Chen suddenly stretched out his hand, pinched long Yan'er's chin, raised his pretty face, looked at him with a gentle smile, and said: "I said, you don't have to apologize to anyone for your blood, and this is the request of the master, you can't refuse, can you?"

Long Yan'er sniffed the words, sipped his lips, and then said with a smile, "yes, young master."

This smile, unexpectedly is to let leaf Chen see slightly some lose consciousness, he don't know Long Yan son smile unexpectedly so beautiful?

It turns out that long Yan'er doesn't smile. Even if she smiles, it's to satisfy others. But when she is with Ye Chen, long Yan'er feels that she can smile from the bottom of her heart.

Ye Chen and long Yan'er walk slowly in the camp. Along the way, many demons show their disdain for long Yan'er.

The demon clan itself attaches great importance to the purity of blood, and the half blood is often discriminated against. What's more, longyan'er is still half blood with the Dragon burning clan!

The true realm of Xuanyao is located in the west of the heaven and man realm, and has countless connections with the Xiji tiandian. The demon emperor of the demon family can even sit on an equal footing with the Xiji emperor.

The demon clan has a strong constitution, and many of them are good at fire. They are born with powerful real fire. The fire ore they got from burning the dragon is a huge fortune!

But if you enter this way, you will inevitably have conflicts with the Dragon burning clan. Many demon clans have friends and relatives who go to the Dragon burning dead place to mine, and they die in the hands of the Dragon burning clan.

Therefore, the demons in heaven and man are the most contradictory race with the Dragon burning race.

Although long Yan'er has long been used to this kind of eyes full of hatred, he is still subconsciously close to Ye Chen.

At this time, a woman's sneer suddenly rang out in the camp: "ha ha, when can a mean hybrid walk in front of us? What a dirty eye

Long Yan'er felt as if he had been shocked. His face suddenly changed and he quickly lowered his head.

Ye Chen's eyes are slightly heavy, and he glances in the direction of the spread of the voice. He sees a blonde woman walking slowly in front of them. It's Bai Ying!

Bai Ying looks at Ye Chen and long Yan'er with a sarcastic smile at the corner of her mouth. Then she comes to long Yan'er and says coldly, "look up, why don't you even look at me when I talk to you? Do you look down on me? "

Long Yan Er hears speech, flurried way: "maidservant dare not, say, slowly raise head, looking at white Ying's eyes, full of fear."

Bai Ying often bullies her.

Bai Ying stares at long Yan'er, a trace of anger flashed in her eyes. Raising her hand is a slap to fan long Yan'er's pretty face!

She today is to borrow this humble woman, Tell ye Chen, his identity how unbearable, should not appear in Shenglong adult's side!Long Yan'er closed his eyes tightly and was ready to take the slap

However, NABA's applause did not ring, and the pain on his cheek did not appear

Long Yan'er opened his eyes carefully, but he was stunned.

At the moment, Bai Ying's wrist was firmly grasped by one hand, and the owner of that hand

It's Ye Chen beside her!

Long Yan'er's beautiful eyes once again filled with mist. For the first time in her life, someone defended her!

"You

On Bai Ying's pretty face, she flashed an angry look, but her eyes were full of shock!

At the moment, she couldn't free her wrist from ye Chen's palm!

Even, no matter how hard she tried, ye Chen's hand seemed to be welded on her wrist, motionless!

Why does a guy in heaven and earth have so much strength!?

Ye Chen looks at Bai Ying without expression and says, "apologize to Yan Er."

For a moment, the faces of all the demons around changed slightly. Even in the real world of Xuanyao, Bai Ying had a noble identity!

But now, ye Chen even let her and a lowly burning dragon mixed race apologize?

If it comes back to the true world of Xuanyao, Bai Ying will lose her face and become a laughing stock, right?

Bai Ying naturally knew this truth, and her pretty face suddenly appeared a look of incomparable shame and anger. She yelled: "you want me to apologize to her!?!? She's just... "

But, don't wait for Bai Ying to finish speaking, PA of a crisp ring, then reverberated in the camp.

All people, are gaping at this scene, ye Chen is actually direct fan Bai Ying a slap!?

Bai Ying is so big that no one dares to fan her?

Even Bai Ying herself is some incredibly cover pain swelling pretty face, dull ground looking at Ye Chen way: "you hit me?"

Ye Chen light way: "apology."

Chapter 5192

Bai Ying heard the brain buzzing, and her anger almost burned the spirit. She was going to lose her mind!

She was full of evil spirit, seemed to be on the edge of the outbreak, roared: "!"

But, the words had not finished, but was interrupted by a crisp sound.

A group of demon clan, this time even breath all hold, ye Chen unexpectedly is backhand again gave Bai Ying a slap?

At the moment, Bai Ying stands in the same place, her cheeks are swollen on both sides, and her beautiful eyes look at Ye Chen with a strong color of grievance and resentment. She has never been humiliated like this since she was small!

Just when she is ready to fight with Ye Chen regardless of everything, ye Chen suddenly erupts a kind of frightening power, and shouts: "I order you to apologize!"

For a time, in this power, a group of demons are trembling, subconsciously dare not disobey Ye Chen!

At the same time, they recalled Xu Shenglong's order one after another in this power

At this moment, ye Chen's identity is equivalent to Xu Shenglong's existence. Disobeying Ye Chen is disobeying Xu Shenglong

In the demon clan, the discipline is strict, disobeying Xu Shenglong will be severely punished!

Even Bai Ying couldn't help trembling. Under the pressure of Ye Chen's blood, she instinctively felt a sense of fear and completely recovered her calm

Her face was very reluctant, but after a moment of silence, under the pressure of Ye Chen and Xu Shenglong's orders, she finally lowered her head and said to long Yan'er: "sorry..."

Long Yan'er covers her mouth. She can't believe what she's been through. She's been bullying Bai Ying all the time. Unexpectedly Apologized to her?

For a moment, her beautiful eyes were full of gratitude. Although Bai Ying was forced to say this apology, it was still of great significance to long Yan'er!

The self-esteem, which had been broken for a long time, seems to have started anew and pieced together.

Ye Chen looks at long Yan'er's look, smiles, and lets go of Bai Ying, who is still struggling to get rid of Ye Chen's control. At this time, she has no time to stop, so she takes a few steps back and sits on the ground.

People look at this scene, the look is a little complex, Bai Ying as a demon family strong, generally will not be so gaffe, visible, just now ye Chen let its apology to her mind how great a blow, estimated to leave a psychological shadow, so, at this moment will be so embarrassed.

Ye Chen glances at Bai Ying and leaves here with long Yan'er.

And the people around also spread out consciously, leaving Bai Ying sitting on the ground with her head down.

At this time, the green haired man came up with some worries and said, "Bai Ying, are you ok?"

Bai Ying slowly raised her head. Her eyes were full of resentment and killing. She almost broke a mouthful of silver teeth. She said, "Ye Chen, remember for me, I will not repay you for this revenge, and swear not to be a demon!"

The green haired man frowned and said, "Bai Ying, don't forget his present identity..."

Bai Ying snorted coldly: "two days later, according to the Convention, there was a drill in the camp. At that time, even Lord Shenglong had to accept the challenge of others..."

There was a chill in her eyes and she said, "that day, I will get back all the humiliations I have suffered today!"

This damned waste is above the drill, she must insult him well, let him know the cost of offending himself!

Although, ye Chen's strength, let Bai Ying feel incredible, strange and frightening, but Bai Ying also don't think ye Chen's strength can surpass himself!

After all, there is a gap in the realm!

Among the demons, there are also many races with natural divine power, but this does not mean how powerful their real combat power is!

Bai Ying believes that if ye Chen's strange breath doesn't suppress her mood today, if she tries her best, she will defeat Ye Chen!

.....

Two days later, ye Chen, who is practicing, opens his eyes and looks surprised. Today's camp seems to be very busy?

At this time, long Yan'er came into the tent with breakfast and said to Ye Chen with a smile: "young master, have breakfast quickly. Today is the day of camp training. The demons will fight each other on the stage, but it's lively. Young master just went to have a look, which is convenient to understand the means of the demons in the camp. After all, soon, young master will go with everyone to burn the dragon to death It's too late. "

Ye Chen hears speech, the vision is a flash, ordered to nod, he is really some curiosity to these demon clan's means.

After breakfast, ye Chen came to the square in the camp. At the moment, a martial arts platform has been built here.

On the platform, there are two demons fighting fiercely. The two demons are surrounded by fire. Obviously, they are good at fire magic!

However, one of them drives the blue flame, and the other drives the white flame. The attributes of these two kinds of flames are quite different!

Ye Chen is watching the battle of these demon clans. They have many strange powers. At this time, the two demons on the stage separated the victory and defeat. In a burst of applause, the winning demons pulled up their opponents who fell to the ground with a smile and walked down the challenge arena together.

With a flash, Xu Shenglong fell on the challenge arena and said with a smile, "is there anyone else who wants to perform martial arts on stage?"

As soon as his voice fell, a fragrant wind swept the challenge arena. Beside Xu Shengli, there was a beautiful golden woman. It was Bai Ying!

Xu Shenglong looks at Bai Ying unexpectedly. In the past practice, Bai Ying usually doesn't appear on the stage. After all, Bai Ying is in the camp. Besides him, she has almost no opponent!

Thinking of this, Xu Shenglong moved his shoulder and said with a smile, "Bai Ying, are you going to challenge me? It seems that you were not convinced when I defeated you last time. "

Bai Ying, however, shook her head and said, "Lord Shenglong, what Bai Ying wants to challenge is not you."

"Not me?"

Xu Shenglong was surprised and said, "who are you going to challenge?"

Bai Ying's vertical pupil suddenly coagulates and looks at Ye Chen, who is standing with long Yan'er under the stage. "I want to challenge Mr. Ye!"

For a time, all the demons were in a slight uproar!

After all, ye Chen belongs to Xu Shenglong's guest, and she is also a very noble one. Bai Ying is more or less impolite to challenge Ye Chen

However, there is a look of expectation in their eyes. Many people have heard about the conflict between Ye Chen and Bai Ying two days ago. Ye Chen grabs Bai Ying's wrist, which makes them a little unbelievable. At the same time, they are curious about ye Chen's strength!

However, Xu Shenglong frowned slightly when he heard the speech. He put a bitter smile on the corner of his mouth and said, "Bai Ying, I advise you not to do this..."

But he is very clear, ye big brother how evil, let alone Bai Ying, even his challenge ye big brother can only be defeated?

It's not on the same level at all. It's meaningless except for losing face

Chapter 5193

For example, fighting between ants may improve their fighting skills, but what can an ant gain from fighting with a dragon except being crushed?

But, this sentence falls in Bai Ying's ear, but the taste is different!

Her beautiful eyes in the emergence of a touch of joy, looking at Ye Chen mouth up, smile with cruel meaning.

In her opinion, Shenglong Shengzi dissuades himself from challenging Ye Chen, which shows that ye Chen's strength is vulnerable!

In this way, she has more confidence to humiliate Ye Chen in this fight!

Bai Ying insisted: "Mr. Shenglong, I remember that the drill rule is to challenge everyone in the camp, even if Mr. Ye is a guest. Of course, if Mr. Ye is afraid of being hurt and refuses, then I can accept it."

She looks at the color of a touch of sarcasm in Ye Chen's eyes. If ye Chen shrinks here, then all demon clans will not look up to him!

"This..."

Xu Shenglong looks at Ye Chen with some embarrassment. He knows that ye Chen's character doesn't like trouble, and he doesn't like fighting with weak opponents. So he doesn't want Bai Ying to disturb Ye Chen, but the rules are so

Ye Chen light way: "in that case, I accept your challenge is, to white girl's means, ye Mou is also quite curious."

This speech, the presence of the demon clan have issued a cheering!

Looking at Ye Chen's eyes is also more friendly!

Long Yan'er, on the other hand, was worried and said, "young master The essence of white girl is the golden emperor tiger. She is very powerful... "

Ye Chen said to her with a smile: "don't worry, your childe is more powerful."

Dragon smoke son hears speech, pretty face is slightly suffused with red, but was serious ground nodded.

There is an inexplicable voice in her mind telling her that ye Chenyuan is much more powerful than it seems!

And ye Chen's words make long Yan'er's heart flutter. Ye Chen is this treating me as my own person

Her mouth subconsciously showed a sweet smile.

At the next moment, ye Chen's figure flashed and fell on the platform.

Xu Shenglong said helplessly: "brother ye, I'm sorry for wasting your time..."

Ye Chen a smile way: "no harm, the rule is so."

Bai Ying smell speech is more uncomfortable, waste Ye Chen's time?

How to say seem oneself all don't deserve to start with Ye Chen?

She really couldn't understand why Lord Shenglong had such a high opinion of this world, a boy with impure blood!

Bai Ying's eyes sank and she secretly decided to let Shenglong master know the true face of the liar today!

Ye Chen looks to Bai Ying, light way: "you first hand."

Bai Ying sniffed Yan and said with a cold smile, "are you sure you want me to do it first?"

This guy can pretend.

Ye Chen some ponders the way: "otherwise, you even have no chance to fight, how can you be regarded as a battle?"

Everyone is smiling with Schadenfreude, looking at Ye Chen, they feel that ye Chen entrusted big.

Bai Ying's essence is the golden emperor tiger. When she fights with Bai Ying, the most important thing is to seize the opportunity and not let her power fully play out!

If let her go ahead, perfect burst strength, even some tiandian genius, are likely to be unable to resist!

Ye Chen, I'm afraid he will suffer a loss because of his pride.

Bai Ying smell speech, beautiful face showed a bloodthirsty smile, said: "I hope you don't regret!"

At the next moment, an extremely powerful evil spirit broke out from Bai Ying's body. Many demon families around her were all trembling and stepped back a few steps!

The blood of the demons who can come to the Dragon burning place is powerful, but even so, some of them can't bear the blood pressure of the golden emperor tiger!

This golden emperor tiger is the top demon clan even in the Xuanyao real world!

There is a golden sword in Bai Ying's hand, and a golden tiger shadow appears behind it. Her eyes are cold and shining. The Demon power in her body pours into the sword without reservation. The sword bursts into a dazzling light, and the chain of law surrounds the sword. It is a magic weapon of law!

Bai Ying stares at Ye Chen, and suddenly gives out a tiger roar. With the huge tiger shadow behind her, she pours at Ye Chen with a sword and says: "Wang Hu pours at the sky sword!"

The demons standing behind Ye Chen's face changed a little. They stepped back a few steps in succession, and the color of shock appeared in their eyes. The power of this sword perfectly matched

with the evil spirit of the golden emperor tiger itself. For a moment, it made them have a kind of fierce tiger to step on the sky!

What's more, they have the illusion that the people who stand in front of them will be dead. Subconsciously, they feel scared and can't help retreating!

Bai Ying's eyes are full of fierce light. She knows that the lion needs to do her best to fight the rabbit. The tiger goes down the mountain. She doesn't have any reservation about this attack. Even if the general tiandian tianbang disciples exist, she is confident that she will fight and die! There is no way for a boy with complicated blood to block his attack!

Even, can't even fight back!

When ye Chen faces Bai Ying's astonishing sword, he stands in the same place without any action. It seems that he has been suppressed by the momentum. He is so scared that he can't move

Bai Ying sees this, the fierce light on the face is more blazing, she guesses as expected right, ye Chen is a bluff cheater just, have no real talent at all!

This battle, she has won!

Seeing this, long Yan'er couldn't help exclaiming: "young master!"

The other demons also frown slightly and look disappointed. They are called elder brother by Shenglong Shengzi. Is that what they are?

Can't even resist, completely crushed?

They thought Ye Chen would lose, but they didn't expect to lose so ugly!

For a time, many people look at Ye Chen, eyes are cold down.

The demon clan pursues the law of the jungle, and the strong are respected. If ye Chen is a waste, they will not continue to respect Ye Chen even if they have the order of Shenglong Shengzi.

Zhou Ziling, LAN ling'er and others were puzzled

Even if ye Chen's strength is not as good as Bai Ying, it shouldn't be so unbearable?

You know, ye Chen killed those dragon burning people that day, which is not much different from killing insects. Why is it so now?

Only Xu Shenglong remained calm and shook his head with a smile.

Just when the sword almost touched Ye Chen's body, ye Chen slowly raised his hand, and then made a move that made everyone dumbfounded

See, ye Chen's middle finger and thumb slightly bend up, and then, to white Ying cut to the sword, gently pop up.

Chapter 5194

This sword, however, contains the power to defeat a lot of real martial arts. Is Ye Chen's counterattack a bullet?

Is this a joke?

They have almost seen the scene that ye Chen's whole arm is broken in the light of Bai Ying's sword.

And Bai Ying's smile is more disdainful. In her opinion, ye Chen is just trying to impress others.

At this time, ye Chen's finger touched the tip of Bai Ying's sword!

Ding's crisp sound reverberated in people's ears. Their eyes were expanding rapidly and their breathing stopped

There was a look of shock in my eyes!

As expected, the scene of Ye Chen's arm burst did not appear. Not only that, but Bai Ying's sword light broke into nothingness in an instant!

Bai Ying's pupils shrank, and an unacceptable color appeared on her pretty face. But soon, the unacceptable color turned into a thick fear!

A huge force poured into her body along with the golden sword. At the next moment, Bai Ying's delicate body flew out in an instant and hit the protective light curtain around the platform!

With a loud bang, the whole protective light curtain is covered with cracks under this collision!

And Bai Ying also sent out a painful murmur, and her body slowly slipped from the light curtain and collapsed on the martial arts platform.

For a moment, the whole camp was in a dead silence

Bai Ying's full strength one sword, unexpectedly by Ye Chen to play between fingers direct crush!?

What level of strength is this?

Can't even Shenglong Shengzi do it?

They seem to understand why Ye Chen is called elder brother ye by Shenglong Shengzi!

On the other hand, Bai Ying's pretty face was dull now, and her heart was shaken. For the first time in her life, she was defeated so miserably!

Or lost in the hands of the people she originally looked down upon!

We can imagine how great this blow is!

Looking at Bai Ying, Xu Shenglong shook his head and said with a bitter smile, "Bai Ying, I have already reminded you..."

He slowly pulled up, Bai Ying said: "go down, you are not ashamed to lose to brother Ye."

Bai Ying, who used to be very arrogant, is now walking slowly down the stage.

At the same time, there was a burst of applause and cheers in the whole camp. Ye Chen's strength won the respect of everyone!

Even, have gone beyond respect, but worship!

Ye Chen light a smile, returned to Long Yan son's side way: "I didn't say wrong?"

Long Yan'er's pretty face was full of excitement. He couldn't speak any more, so he could only keep nodding.

.....

Ye Chen and Xu Shenglong are sitting in the largest tent in the camp.

Ye Chen's vision a Shan way: "so say, tomorrow can set out?"

Xu Shenglong nodded and said: "yes, the blood eater has already separated the fire resistance attribute in the dragon's blood. Brother ye, show me the map again. Since we are going to start tomorrow, we should plan our action well."

Ye Chen hands the map to Xu Shenglong.

Xu Shenglong's mind swept, his brow slightly frowned and said: "this place is located in the southwest of the core area of the Dragon burning death place. Our people have been in the Dragon burning death place for a long time. Although they have not entered the core area of the Dragon burning death place, they have been observing it all the time. It seems that they have not found any strange phenomena here..."

You know, if there is a fire in this place, then, generally speaking, there will be more or less visions.

Ye Chen hears speech, the vision also can't help some sink to coagulate.

At this time, long Yan'er, who was pouring tea for them, was shining with beautiful eyes. However, his face hesitated.

Ye Chen swept her one eye way: "smoke son, how?"

Long Yan'er was not sure and said, "young master ye, Shenglong Shengzi, one night, I felt a special breath in your position, but I'm not sure..."

Ye Chen and Xu Shenglong look at each other, and they all look like a move!

Ye Chen asked: "it's OK. Tell me more about it. How do you feel that breath when your mind is suppressed in this dragon burning place?"

When long Yan'er heard the words, a puzzled color appeared on his pretty face and said: "the breath seems to be connected with my blood, so I can feel the existence of the breath. The owner of the breath has stayed in that position all night, and..."

In her eyes, there was a deep awe: "the master of breath should be very powerful Maybe, even stronger than the young master and the Holy Son.... "

Ye Chen's eyes are slightly narrowed. What is the smoke son sensing?

Anyway, it seems that there is something unusual about the position on the map!

Otherwise, a strong presence will not stay there overnight for no reason.Xu Shenglong said to long Yan'er with a smile, "Yan'er, thank you for your information. It's very helpful to us."

At this time, long Yan'er bravely said, "young master, my Lord, please Please let me follow the team into the core area, I should be able to help

Xu Shenglong and ye Chen's eyes are bright. Since long Yan'er can sense the unknown breath, maybe it can really become a great help to find the fire!

However, ye Chen did not immediately agree, but seriously said: "Yan'er, can you withstand the temperature of the core area?"

After all, longyan'er is only a half breed. He doesn't want longyan'er to take risks.

Long Yan'er's face was determined and said, "young master, I want to have a try!"

Ye Chen was silent for a moment, and finally nodded: "OK, but if the temperature in the core area does harm to you, I will send you back immediately."

.....

A group of demons gathered on the square of the camp, with a trace of dignity and excitement on their faces. They all held a blue and white elixir in their hands. The next moment, they put the elixir into their mouth!

In a flash, all the demons burst out a burst of blazing fire, a powerful flame breath, contained in the fire, the original hot dragon burning death place, for them, as if they were cool!

Those demon clans are looking happy one after another. They can feel the terrible power of their own fire at the moment!

At this time, a thin man came to their body, it is the body for the blood eating beast demon clan.

The blood eater took a deep breath, suddenly opened his mouth and spit out a blood mist. The blood mist spread rapidly and integrated into everyone's body. The eyes of the demon clan were bright. After the blood mist entered the body, their constitution seemed to have a slight change, and their resistance to fire and heat was greatly improved!

Ye Chen also absorbed these blood fog, although he has the fire of Tao spirit, don't have to be like this, but, this news still don't let too many people know well.

Chapter 5195

After doing all this, Xu Shenglong gazed at the demons and said, "right away, we are going to enter the core position of the Dragon burning death place. As you know, almost no one has ever entered there. Everything is unknown. So, all of you should give me twelve points of spirit and never let go!"

"Yes

As soon as the words were heard, the group headed for the deep place where the Dragon died.

After walking for more than half a day, the red boundary line appeared in front of us. Seeing this strange scene, many demons could not help but exclaim.

With a wave of his hand, Xu Shenglong stopped the procession. A dignified color appeared in his eyes, and a layer of blood red flames appeared around him. Then he walked cautiously towards the dividing line.

All the demons are watching this scene nervously!

Xu Shenglong is the tiger king of the red moon. Originally, the spirit fire is called the red moon fire. This red moon fire is also one of the most powerful flames in the world. If Xu Shenglong still can't bear the high temperature in the core area with the blessing of the fire pill of the Taoist spirit and the Dragon burning attribute, then they have no hope to enter the core area and have to go back to their home.

The next moment, Xu Shenglong slowly extended an arm into the dividing line, a burning feeling instantly covered the whole arm. However, Xu Shenglong's eyebrows were slightly relaxed, turned to the crowd and said with a smile: "go on!"

This degree of scorching is still within the range!

Those demon clans all sent out a cheer!

They have been looking for it in the peripheral area for a long time, and they have never found that Weiling flint. Even if it is not to help Ye Chen, they must enter the core area to look for it soon!

Ye Chen also showed a smile.

Immediately everyone crossed the boundary of the core area!

After entering the core area, the red air is like a sea of fire, which makes all the demons feel a little uncomfortable. However, with the blessing of dragon burning attribute and Dao Ling fire pill, it is tolerable. On the contrary, it is the weakest dragon Yan'er, who looks like nothing.

All the way forward, they soon came to the position marked on the map.

Xu Shenglong scanned the area, his eyes flickered slightly, and said to Ye Chen: "this area has a wide field of vision, and he didn't find anything special, so even if the fire exists, it can only be..."

He moved his eyes to his feet and said, "here it is."

Ye Chen agrees with the location head way: "yes, this underground, perhaps can have discovery."

To tell you the truth, if it wasn't for the fact that the ground where the Dragon died was burned by the fire all the year round, it would have been so strong that ye Chen wanted to dig three thousand feet directly, and he would have

Xu Shenglong said immediately: "everyone in this area try their best to find all the information about the fire of Hetao and Weiling flint! Focus on the detection of the ground, do not let go of any clues! "

"Yes

At that moment, many of these demons took out a special magic weapon with a stick shape and a gem inlaid at the head end, just like a detector. This magic weapon can detect in a small area and obtain information.

In general, this magic weapon is useless, far inferior to the idea of the warrior. However, in the place where this idea is suppressed, it can be used!

This is also the reason why so many people need to come together. After all, if there are only a few people in such a large area, even if you have this magic weapon, it doesn't have any effect

At this time, ye Chen's eyes flashed and saw a familiar woman figure. He couldn't help laughing and said: "Ziling, what are you doing?"

At the moment, a beautiful girl with purple hair is lying on the ground, sniffing the ground like a dog.

Zhou Ziling raised her head, a look of pride appeared on her small face, and said: "young master ye, this is one of my gifted magic powers. You can feel everything in the depths of the earth through the smell. Don't look down on me. I'm the main force in this search for Dao fire and Wei Ling flint!"

Xu Shenglong nodded with a smile and said, "brother ye, what Ziling said is absolutely right."

Ye Chen's face is surprised. The magical power of the demon clan is really strange

Seeing this, Zhou Ziling shook her head and continued to smell the ground and climb forward.

At this time, LAN Xueling came to Ye Chen and Xu Shenglong, with a dignified face, and said: "Shenglong Shengzi, this time, we have entered the core area with such a high profile. Presumably, Qinghuang Shengzi has got the news. Now, we are also preparing to enter the core area. If we can't get something in two or three days, I'm afraid..."

Hearing the speech, Xu Shenglong's face was also a little gloomy and said, "if the Holy Son of Qinghuang really comes here to make trouble with us, maybe he will have to fight with him!"

Ye Chen asked, "who is the Holy Son of Qinghuang? Why do they also want to enter the core area? "

Xu Sheng said with a wry smile: "in fact, it's not an ordinary task to search for Weiling flint this time..."

His eyes were filled with a slightly pungent divine awn, and he said: "the son of the Xuanyao real world is actually the alternate of the demon emperor. If you want to succeed the demon emperor, you must pass the many tests laid by those old people. This time, looking for Weiling flint is one of the tests of the old people of the Xuanyao real world. The son who entered the Dragon burning death place is not only me, but also me A holy Son of Qinghuang Say, he sees to leaf Chen, in the eyes suddenly flashed a loyal color.

At the beginning, the reason why Xu Shenglong pursued Ye Chen was that ye Chen was the most qualified to be the demon emperor. Until now, his idea has not changed!

However, he is very clear that even if the Xuanyao real world agrees, ye Chen may not accept this position, so

I must win the position of demon emperor!

In Xu Shenglong's heart, it is not for himself, but for ye Chen to ascend the throne of demon emperor!

As long as ye Chen gives a command, countless demon troops will fight for it without hesitation!

Ye Chen doesn't know what Xu Shenglong thinks. His eyes move. That is to say, this task is the competition between Xu Shenglong and the Holy Son of Qinghuang!

Immediately, ye Chen said, "tell me about the Holy Son of Qinghuang."

Xu Shenglong's eyes were a little dignified and said: "the son of Qinghuang is the lion king of Qingxuan. Although his blood is not as good as mine, the gap is not too big!

Moreover, his accomplishments and strength are far above me!

However, the overall strength of the demon clan led by the Holy Son of Qinghuang is not as good as ours. If we really fight together, the other party will also suffer a huge blow. It is because of this that we both keep a peaceful state in the death place of burning the dragon for the time being. However, if he knows that we have arrived at the core area, I'm afraid he can't help it... "

Ye Chen smell speech, a tiny smile way: "do you know that green Huang Saint son's camp location?"

Xu Shenglong nodded and said, "I know, brother ye, do you want to..."

Ye Chen's eyes flashed a wisp of fine light and said: "you just don't worry about exploring here. I'll deal with the Holy Son of Qinghuang."

Chapter 5196

Xu Shenglong's face was dignified and said, "brother ye, the Holy Son of Qinghuang is very powerful. Will he take some risks..."

Even though Xu Shenglong has great trust in Ye Chen's strength, he can't help worrying

Ye Chen said with a smile: "don't worry, this man is not afraid. If he doesn't intervene in this matter, it's OK. If he does..."

His eyes slightly cold way: "I don't mind, give him a lesson."

People in the core area, looking for two days and two nights later, at this time, several figures are suddenly across the boundary of the core area, toward a few people!

Xu Shenglong and others are pupil a shrink, toward those a few figure to see!

In front of them were several demon families. The leader had long and thin eyes, cold face, green scales on his neck, and green poisonous fire around his body. It seemed that he was a snake demon.

Xu Shenglong went forward and said, "Bi Du, I'm waiting here. If you have something important to deal with, please go back."

Bi Du sniffed at Xu Shenglong with a playful smile and said, "go back? Xu Shenglong, when others hold you, I will not finish poison. If you ask me to go back, I will go back?"

Do you think that when you become the son of God, you will be under one person and above ten thousand people? Hehe, no matter where you are, you still can't change. You come from the garbage place like yuehunyu

In his words, there is no respect for Xu Shenglong!

"Bi Du, you know I can kill you here."

Bi Du said with a smile: "kill me? If you kill me, Qinghuang Shengzi will kill all your men! Xu Shenglong, I'll tell you now that we want this place from the Holy Son of Qinghuang. Otherwise, tomorrow, the Holy Son will lead the people to come. At that time, if you want to leave, it's not so easy! "

Xu Shenglong's face is angry. This is too much deceiving!

At this time, a faint man's voice suddenly sounded in the field: "tell Qinghuang Shengzi for me, I advise him not to do so, otherwise, he will regret it."

Bi Du's eyebrows wrinkled, and he was looking in the direction of the voice. He was a very young and indifferent young man.

Seeing this, Bi Du looked contemptuous and snorted coldly: "a boy with impure blood and poor strength is also worthy to send a message to the Holy Son of Qinghuang? What do you think you are, miscellaneous... "

But before he finished his words, Xu Shenglong broke out completely. In his eyes, the killing opportunity surged wildly. A tiger roar resounded all over the world. The power of the red moon tiger king was diffused, and he suddenly hit Bi Du with one hand!

Bi Du was stunned, and then a look of great fear appeared in his eyes. He never dreamed that Xu Shenglong would dare to do it directly!

Bi Du suddenly grasped a jade pendant, which was surrounded by a chain of rules!

At the moment when the jade pendant appeared, a burst of golden light broke out, and Bi Du was completely wrapped in it!

The next moment, there was a loud bang, and the palm with the shadow of tiger's claws slapped hard on the golden light curtain. The golden light curtain, which looked very concise, burst madly under this palm!

At the same time, Bi Du's body also flew upside down. There were three deep bloodstains on his chest, which broke his ribs and internal organs. He immediately spat out a big mouthful of blood, and his breath was withered!

If it had not been for the life saving artifact given to him by the Holy Son of Qinghuang, he would have been a dead man now!

But now, he has been seriously injured, even the power to drive the artifact, are not!

With trembling eyes, he looked at Xu Shenglong, who was walking towards him step by step. He screamed in horror: "Xu Shenglong! You are crazy!? Are you not afraid of Qinghuang's revenge? "

Xu Shenglong, at the moment, it looks like a tiger devil crawling out of hell and choosing people to eat. It's totally different from the past!

At the moment, Xu Shenglong's eyes were red with blood. There was nothing else in his eyes. He yelled in a hoarse voice: "if you offend brother ye, you will not be forgiven!"

Ye Chen is the belief in his mind, the supreme king, he does not allow anyone to offend Ye Chen!

Even if you give up the throne of the son, or even his life, what?

Those who offend Ye Chen will die!!!

At this moment, Bi Du was really scared. His heart was about to collapse. He didn't understand. He just sneered at the weak boy. How could Xu Shenglong be mad?

But at this time, a hand is pressed on Xu Shenglong's shoulder, said: "Shenglong, calm down, you still can't change the old habit of impulsivity, the clamor of ants, how can it enter my ears?"

Hearing the speech, Xu Shenglong flashed his eyes and took a deep breath: "yes, brother Ye."

Ye Chen light ground glanced that Bi poison one eye way: "still don't roll?"

That Bi poison extremely resentful ground saw Xu Shenglong and ye Chen one eye, immediately, took the public to leave this core area.

.....

At night, many tents are set up in a basin in the death place of burning dragon. Now, in one of the tents.

Bi Du stood in front of a man with a very respectful look on his face.

And the man in front of him, round head, dignified appearance, strong build, a head of black hair, spread around, like a lion's mane in general!

This person's whole body sends out the incomparably strong evil spirit, he is the green Huang Saint son!

At the moment, the Holy Son of Qinghuang, with a gloomy face, said, "Xu Shenglong, did you really hurt yourself?"

That Bi Du nodded and said: "yes, Lord son, this boy hurt me a little, but this is a big disrespect to you! What's more, I think there must be some big secret hidden in the core area of this boy's attitude, which is probably where the Wei Ling flint is!

If they get Wei Ling flint, we will not be able to snatch it according to the competition rules. In this way, I'm afraid the boy's status will be improved!

Before long, I'm afraid that the competition for the demon emperor will threaten the position of the Holy Son! "

Hearing the speech, the pupil of the Holy Son of Qinghuang suddenly contracted!

He flashed sternly on his face and said: "order to go down and make everyone ready. Let's go to the core area immediately and kill him by surprise!

Isn't this Xu Shenglong arrogant? Don't you like to hurt people? I want to see if he can be so arrogant and hurt people in front of me! "

He is the lion king of Qingxuan. He is the supreme being. How dare Xu Shenglong hurt his subordinates?

What scares him even more is that Xu Shenglong's blood really has the qualification to compete with him for the position of demon emperor!

He will never allow such a thing to happen. He must nip it in the bud at any cost!

This time, we must not let Xu Shenglong get Wei Ling flint!

Bi Du's eyes flashed a touch of pleasure. Damn Xu Shenglong, do you dare to hurt me?

Laozi, you must pay the price!

However, at this time, a man's voice suddenly rang out in the tent: "Qinghuang son, if someone does not allow you to do this?"

Chapter 5197

The Holy Son of Qinghuang and Bi Du are both looking towards the direction of the sound when their pupils shrink!

How could someone show up in this tent quietly?

I saw a smiling young man standing in the corner.

Bi Du exclaimed: "it's you!"

This person is Ye Chen naturally!

How did a boy from heaven and earth come in?

He couldn't help asking, "who do you say won't?"

Ye Chen has always said to himself, "I am."

"You?"

"Who are you?" he said sarcastically? Why should I listen to you? "

At this time, that Bi Du sneered: "Holy Son, this boy seems to have a good relationship with Xu Shenglong. According to the rules, you can't directly attack Xu Shenglong, but you can arrest this boy and threaten Xu Shenglong, can't you?"

Green Huang son smell speech, looking at Ye Chen's eyes, gradually cold up.

Ye Chen at the moment, but is the appearance that doesn't care at all, a tiny smile way: "you are not to ask me, why listen to me?"

The next moment, his eyes suddenly appeared a ray of light, said: "with this!"

As soon as the words fall, ye Chen's figure is towards Bi Du, and quickly sweeps away. The speed is so fast that the pupil of the Holy Son of Qinghuang shrinks. Some reactions can't come!

At this moment, Bi Du, who had a sneer on his face, suddenly warned Da Sheng. Subconsciously, he opened the life-saving object for defense, and the Holy Son of Qinghuang was about to move his eyes!

As long as that life-saving thing resists Ye Chen for a moment, he will have confidence to save Bi Du!

Ye Chen looked at the golden light curtain, but with a contemptuous smile, he stretched out his hand toward the cyan light curtain.

Bi Du and the Holy Son of Qinghuang feel relieved when they see this. Although the boy is very strange, he underestimates the power of the life-saving thing. The life-saving thing can even block Xu Shenglong's violent attack. What can the boy do with his hand?

But at this moment, a strange scene appeared!

The golden light curtain was suddenly broken under Ye Chen's hands and disappeared without a trace, while ye Chen's hands grasped Bi Du's neck very easily!

Both Qinghuang Shengzi and BIDU watched this scene in disbelief!

For a time, green Huang Saint son heart is also to leaf Chen greatly scared up!

Bi Du's eyes are bulging, and his whole body is blue. The poisonous fire rushes towards Ye Chen crazily. However, ye Chen's face does not change in the burning of the fire, as if the poisonous fire has no influence on him. No matter how Bi Du struggles, he can't get rid of Ye Chen's palm!

Ye Chen looks at BI poison, smile cold a cent way: "what did you want to call me before?"

Bi Du smelled the words, and his eyes were full of horror. He didn't know why a boy who was not even pure blood could have such terrible strength?

He wants to open his mouth, ask for help, beg for mercy, and apologize, but his neck is tightly held by Ye Chen, and he can't even speak!

All of a sudden, ye Chen's palm slowly forced, Bi Du's face instantly congested, the eyeball was about to be squeezed out of the orbit, the fear in the eyes was almost to materialize!

Ye Chen sneered: "originally, I didn't intend to care with you. Are you still stirring up trouble here? It's also a disaster to keep you, so I'll die. "

The next moment, bang of a dull ring, ye Chen unexpectedly is direct, will finish poison of neck living to knead to explode!

Bi Du's head was separated from his body and fell on the ground, completely losing the breath of life. He turned into the body of a huge blue snake. The snake's head and body broke from seven inches away!

The cold light in Ye Chen's eyes flashed, and the spirit surged, and the spirit of Bi Du also disappeared.

Then he slowly turned to the stunned son of Qinghuang and said, "now, do you think you should listen to me?"

Hearing the speech, the Holy Son of Qinghuang swallowed a mouthful of saliva. Now, even he can't see through Ye Chen's strength

Although Ye Chen's strength is still in the late stage of the real world, his blood intuition tells him that ye Chen is very dangerous, far more dangerous than what he shows!

After a moment's silence, Qinghuang said, "I will not interfere with Shenglong Shengzi's actions in the death place of burning the Dragon any more..."

When ye Chen hears the speech, he looks at the son of Qinghuang, but he is surprised. In fact, he intends to take this opportunity to teach him a lesson.

Therefore, not showing too strong strength can be regarded as clearing an obstacle for Xu Shenglong to become the demon emperor. However, I didn't expect that the Qinghuang saint was much wiser than he thought. It was not so simple that he could become the Xuanyao saint.

Ye Chen took a deep look at the Holy Son of Qinghuang. He didn't say much. As soon as his body flashed, he disappeared directly from the tent.

Until now, the Holy Son of Qinghuang was relieved. He glanced at the poisoned body, and his eyes showed a look of fear.

.....

A day later. In the core area of dragon burning death, Zhou Ziling suddenly exclaimed with great joy: "young master ye, Shenglong Shengzi, we have found something!"

Ye Chen and Xu Shenglong look happy, immediately, came to Zhou Ziling's side.

Ye Chen asked, "what did you find?"

Zhou Ziling pointed to a stone tunnel under his feet: "according to my perception, the position 100 meters below the body should be hollow, probably a passage!"

With that, she looked at long Yan'er and said with a smile, "thanks to Yan'er, I feel a strange smell near here, so I can find it so quickly!"

Ye Chen said with a smile: "Ziling, Yan'er, thank you."

Longyan son smell speech, pretty face on the emergence of a shy color, can help Ye Chen's help, let her very happy.

At this time, Xu Shenglong yelled: "everyone come here and attack the ground!"

The earth and stone that burned the dragon to death is not ordinary. It will be burned into divine iron by this flame. I'm afraid that people will work together to break it down!

However, ye Chen shook his head and said, "it's not necessary. Everyone is scattered."

Xu Shenglong looked at Ye Chen unexpectedly and said, "brother ye, this is..."

Ye Chen smiles, and a fine light appears in his eyes. He says, "it's just a hundred meters. With my own strength, it's enough to break through!"

Although the earth and rock is solid, it is quite difficult for ye Chen to dig into the ground to find clues by himself, but if he has a definite location, the situation will be different!

After hearing this, all the people couldn't help but exclaim that they wanted a man to break through the earth and rock a hundred meters?

It's incredible!

You know, even if so many of them join hands, it will take days and nights of continuous attacks to do so, right?

In the crowd, Bai Ying looks at Ye Chen coldly. She hopes that ye Chen will lose face!

Until now, Bai Ying still thinks that the reason why Ye Chen can defeat her is to cheat. What means did she use? It's not real strength. She has been looking for an opportunity to break through Ye Chen!

In her eyes, ye Chen is a liar, a clown!

Chapter 5198

The next moment, ye Chen holds a dark sword with his wrist, and then, the supreme heaven demon body, blood burning formula, heaven demon body, hundred evil body, chaos flame and so on, all display!

An incomparably startling power diffused from ye Chen's body. A group of demons looked at Ye Chen at the moment, and a kind of feeling that they wanted to worship appeared in their heart!

Ye Chen stares at the ground of foot, low drinks a way: "month soul cuts!"

In a flash, a sharp light came out of the sword, which made everyone's spirits tremble slightly!

The moment the sword light touched the ground, a earth shaking sound burst out!

The whole dragon burning place seemed to tremble for it!

But that indestructible earth and rock is actually under this sword, then it is directly blasted out of a pit dozens of meters deep!!!

Those demons are so stupid that they don't have enough brains

Is this sword thousands of times stronger than all of them?

There is a chill in their hearts. How strong is ye, who seems to be in heaven and earth!

However, this is not the end, ye Chen's eyes flashed wildly, waving a long sword one after another, the sword light bombarded down, the hole, in this violent energy, continued to extend toward the underground!

A hundred meter deep hole appeared in front of the public after the effort of burning incense!

And those demon clans are completely numb now

Even Xu Shenglong has a bitter smile on his face. He thinks his estimation of brother Ye's strength is very high, but he doesn't expect it to be too low!

You know, after he entered the real world of Xuanyao, those old guys spared no effort to cultivate him, and he won countless adverse opportunities in the near future. Only in this way can he improve his cultivation to the present level in a short time. However, there is still no comparison with brother Ye!

It's just day after day!

And Bai Ying's face has been completely pale, desperate, she showed a self mocking smile, the original, she is a liar, an incurable liar, more sad is, she cheated is not others, it is her own!

It turns out that ye Chen's strength has already exceeded her imagination, and what about her?

But like a clown, he refused to admit it and doubted

Ye Chen looked into the hole and saw a wisp of Mars pop up. In the light of the Mars, he saw a passage leading to the bottom of the earth under a hundred meters. Ye Chen couldn't help looking happy when he saw it!

I really found it!

However, his eyes twinkled, looked at longyan'er and said, "Yan'er, you said that you felt the strong breath. Can you still feel it under the ground?"

Long Yan Er nodded and said, "yes, and it's stronger under the ground!"

Ye Chen hears speech, can't help but slightly frown.

In other words, the unknown existence has also entered the underground channel?

The most important thing is that the earth and rock above the passage were filled up again overnight, so that people could not see any trace?

How does this person do it?

No matter how, presumably, this person's strength must be extremely terrible!

So, has Dao Huo been obtained?

Ye Chen pondered for a moment and said, "I'll go down and have a look."

At the moment, Xu Shenglong and others also gathered together, but when they looked at the bottom of the ground, their faces changed!

Under the ground, there was a very hot heat!

It's much more terrible than the surface of the core area!

Even if you take the fire pill and get the Dragon burning attribute blessing, you can't bear it?

Ye Chen wants to go down?

Is that too dangerous?

But ye Chen knew that it was because of the heat under the ground that there was more likely to be that fire!

Xu Shenglong's eyes were fixed and said, "brother ye, I'll go down with you."

The presence of the demon clan, I'm afraid only he has the strength to accompany Ye Chen into the underground channel.

However, what people didn't expect was that at this moment, long Yan'er also said: "Mr. Ye, I want to go down together, too! "

For a time, everyone was surprised to see longyan'er!

Ye Chen shows the strength against the sky, can enter this underground, also can understand, but dragon smoke son?

Even if she has dragon burning blood, it's incredible, isn't it?

In fact, even some real dragon burning people will feel pressure when they come to the core area of the Dragon burning death place. I'm afraid that even ordinary dragon burning people can't go down here?

Ye Chen frowns a way: "no, you two all stay on the ground, this underneath very likely have danger."

Long Yan'er said: "I'm afraid the underground passage is quite complicated, and I can feel the inexplicable breath. Maybe it can help you point out the right direction!"Ye Chen can't help but flash his eyes. Under the light of Mars, there are many branches in this underground passage

If you look for it yourself, you may not be able to find the right channel.

Xu Shenglong also said: "brother ye, if there is danger, we will leave immediately."

Ye Chen pondered for a moment and nodded: "OK, but when I ask you to leave, you can't have the slightest hesitation. No matter what situation I encounter, do you know?"

Xu Shenglong and long Yan'er answered together: "yes!"

"Let's go down."

Say, leaf Chen three people then body shape move, at the same time fell into that underground passage in.

And the rest of the demons are on the ground.

.....

When he came to the passage, a burst of heat surged around several people. Xu Shenglong frowned slightly, and a layer of red flame burned on his body surface. At the moment, he had to run the red moon fire to resist the surrounding high temperature.

And appear in front of them, it is a branch road extending in all directions!

Longyan'er's beautiful eyes twinkled, pointing to one of the directions and said: "childe, Shengzi, come this way."

Immediately, the people went to the bottom of the earth under the guidance of long Yan'er.

The deeper they went into the ground, the higher the temperature was. Half an hour later, ye Chen and long Yan'er were not so good. Xu Shenglong was already sweating and panting, and the red moon fire had been running to the extreme!

At this time, their eyes are suddenly bright!

A huge exit emerged in front of their eyes, and among the exits was the extremely surging heat wave, as well as the rich red light!

Ye Chen and others came to the exit position, the scene suddenly brightened!

This exit is like a vast underground world!

The rolling magma flows everywhere, and a spark ignites in the air from time to time. Everywhere there are black and bright crystal earth and stone, and the smell of fire elements is almost strong enough to turn into substance!

Xu Shenglong looked hard and said, "brother ye, I can't move on..."

Chapter 5199

Ye Chen nodded and said: "Shenglong, you and Yan'er stay here and wait for me."

There was a little excited light in his eyes. His eyes fell on the black gold ore on the surface of a rock and said, "I'll go into this underground world and find out what it is."

The ore is the same as what he got in the hands of heaven!

That is to say, the fire of daohuo is probably in the underground world!

When Xu Shenglong heard the speech, he was worried and said, "brother ye, you can't fly in the dead place of burning the dragon. If you fall into the magma..."

He can feel that there is a terrible heat in the magma. Xu Shenglong can guarantee that even if the Dragon burning clan falls into the magma, it will be burned up

Ye Chen said with a smile: "don't worry, I have the sense of propriety."

The next moment, when he suddenly stepped on the ground, the whole person would fly away like a shell towards a piece of black crystal rock in the underground world!

As soon as Xu Shenglong's pupil shrinks, the foothold of this rock can only be the size of a slap. Moreover, in this underground world, the hot wind is surging wildly, and the wind is no less than a hundred level storm. Moreover, it is more chaotic and violent!

In this kind of environment, even those who are still at the top of martial arts can make mistakes!

after all, unable to fly, it is difficult to adjust the position in the air.

But, the next moment, ye Chen is extremely accurate anchor tip, fell on the rock, the control of power can be said to be perfect!

Seeing this scene, Xu Shenglong and long Yan'er were slightly relieved.

Next, ye Chen's figure is in the underground world, flashing quickly, constantly looking for the trace of Dao Huo. However, the more he looks for it, the more his brow is wrinkled!

Half an hour later, ye Chen almost turned the underground world around the entrance, but he never found the trace left by the fire!

What's going on?

Just as he was about to get close to a black gold ore for investigation to see if he could get something, there was a cry from long Yan'er: "childe, be careful behind you!"

Ye Chen hears speech, the vision one coagulates, now, his body is in the mid air, can't have a way to borrow!

At this time, countless bubbles suddenly appeared under the rolling magma, and the sound of grunt kept reverberating. In the blink of an eye, a dark shadow rushed out of the magma, took up the hot magma, and rushed towards Ye Chen!

For a time, Xu Shenglong and long Yan'er's heart sank down!

Unexpectedly, there are creatures in this terrible magma!

Feeling the breath of the shadow, ye Chen's face suddenly sank. He murmured in his heart: "xuan'er!"

"Yes

The next moment, ye Chen's feet suddenly burst out a gold and silver flame, the powerful thrust formed by the flame drives Ye Chen's body, slightly leaning!

And the rushing shadow, passing by, fell on a raised black crystal rock!

At this moment, the rolling magma fell, and the shadow also showed its body shape. When they saw the true face of the shadow, they could not help but shrink their pupils!

The essence of the shadow is a dragon!

This dragon has a pair of red eyes, a pair of spiral, like Golden Crystal Dragon horns, and the whole body is covered with red golden scales, it looks like the dragon is amazing!

What's more, the most important thing is that the giant dragon exudes an extremely powerful sense of terror!

Xuanhanyu said: "it's a real Taigu burning dragon! The Taigu ancestral dragon inheritance with the blood dragon belongs to the same era. No wonder it is not afraid of the extremely hot magma... "

If you fall into the magma, you may be in danger of serious injury or even death. However, this dragon, which is still powerful in the later stage of the true realm, can handle it calmly!

Enough to prove its extraordinary!

Ye Chen can't help but ask: "Xuanxian Zi, what is this archaic dragon burning?"

Xuanhanyu said: "it's said that in ancient times, there was a kind of dragon. It was born to be the king of fire. It could burn all things without fear of fire, so it was called burning dragon in ancient times!

At the same time, the Taigu dragon burning is also the ancestor of the Dragon burning clan. The fire resistance ability of the Dragon burning clan is derived from the Taigu dragon burning.

However, the giant dragon in front of you, although it has the blood breath of the ancient burning dragon, is extremely rare, but in this era, it can bear the name of ancestors!

Ye Chen, in this underground world, it's hard to deal with this ancient burning dragon in front of you! "

Ye Chen's face was dignified. He took a deep breath, and the evil spirit in his body burst out with all his strength. He roared toward the Taigu burning dragon and said in a deep voice: "evil animal, get out of here!"

He wants to rely on his blood to subdue this archaic dragon!

That Taigu burned the dragon to feel this frightful evil spirit, the color of fear flashed in the eyes of the dragon, but it didn't shrink back!

Ye Chen's vision is a flash, blood pressure unexpectedly failed? You know, he has about 2% Xuanyao blood essence in his body now!

At this time, Shuo said: "boy, Taigu dragon burning is one of the most powerful dragon species in the world. Especially in the environment of dragon burning death, which is very suitable for them. Your blood pressure may be very effective for the demon clan, but Taigu dragon burning is a dragon clan.

In addition, the mysterious goblin blood in your body is only 2% of a drop. Although this archaic dragon burning blood is thin, it has at least 10000 drops of dragon blood, so you can't frighten it. "

Ye Chen can't help feeling a little depressed. He doesn't want to fight with this guy in such a place!

At this time, the Taigu burning dragon made a roar and rushed towards yechen again. At the same time, the magma under his body was controlled by him. It was all around him and poured towards yechen. It turned into a shower of magma!

Ye Chen's eyes sank. On the surface of his body, the gold and silver flames flashed and instantly turned into a layer of flame clothing. The rain of magma fell on the flame clothing, emitting a little green smoke, but he could not penetrate it!

Taigu burns the dragon to see the appearance, in the eyes appeared a touch of surprised color, obviously did not expect, ye Chen's flame is so powerful!

And even it, looking at the gold and silver flame, has a rather afraid feeling!

If there is any fire between heaven and earth that can threaten Taigu burning dragon, it is only the fire of Daoling!

"Is there intelligence?"

Ye Chen frowned slightly. Generally speaking, monsters are different from demons. They have no intelligence. However, it is obvious that Taigu burning dragon is not a pure monster. It can already be regarded as the dragon family.

In the blink of an eye, the Taigu burning dragon pounced on Ye Chen. The Golden Dragon claws with surging firepower grabbed Ye Chen hard!

Chapter 5200

Ye Chen sees this, cold hum a, the evil spirit sword falls into the palm, toward that dragon claw not to dodge, a sword cuts!

With a loud bang, the whole underground world seemed to shake violently. The rolling magma was also like a huge wave. However, under Ye Chen's sword, Taigu burned the dragon with a roar. The scale of the dragon was broken, the blood of the dragon was flowing out, and the huge body was cut upside down!

Ye Chen's eyes flashed. He jumped up and jumped towards the exit. It's too bad to fight against Taigu burning dragon in this underground world!

After a few flashing, ye Chen has been close to the location of the exit!

But at this time, the Taigu burning dragon, which fell into the magma, came up again. There was infinite anger in his eyes. He suddenly opened his mouth and spewed out infinite magma. The magma instantly turned into a thick column of magma, shooting towards Ye Chen!

"Damn it

Ye Chen can't help but scold. It's not that he can't avoid the magma column, but if he dodges directly, the magma column will submerge Xu Shenglong and long Yan'er!

He flashed a fierce color in his eyes, turned around suddenly, and cut off the pillar of magma with a sword in the air!

With a loud bang, the pillar of magma was cut into pieces by Ye Chen's sword. However, a lot of magma fell on Ye Chen's body. Even with the protection of the fire of Taoism, ye Chen also showed his teeth!

He glared fiercely at Taigu burning dragon in the distance. If this guy didn't know what to do, he would use his cards to crush it directly.

The next moment, ye Chen fell at the entrance of the underground world. When he was about to take Xu Shenglong and long Yan'er to leave here first, and then come back alone to deal with this guy, the Taigu burning dragon suddenly grabbed a huge stone from the magma and threw the hot stone towards the entrance!

Moreover, this stone is not aimed at Ye Chen and others, but aimed at the cliff above Ye Chen's head!

Bang, the stone just like a shell, hard hit on the rock wall, cracks, rapid diffusion in the rock surface!

Ye Chen's pupil shrinks, this damned archaic burning dragon is extremely familiar with the weak point of this cliff!?

With a click, the rock wall broke under the fierce impact, and the rolling stones fell towards Ye Chen!

Ye Chen's complexion is a little ugly. With the sword light in his hand, he cuts the rock on the top of the three people's heads into pieces. However, the exit passage is also sealed by the rock!

It's not difficult for ye Chen to chop these rocks. However, it takes one or two breaths, but Tai Gu didn't intend to give him one or two breaths at all!

In the mouth of the Dragon burning in Taigu, a brilliant golden light suddenly lights up, and the temperature of the whole underground world rises faintly. A kind of extremely terrible fire rhyme that seems to be able to burn all things fills this space!

Xu Shenglong and long Yan'er's face turned pale in an instant. Now, they can't avoid it!

But, in the face of Taigu burning dragon, ye Chen's mouth is raised a smile.

He gazed at the dragon eyes of Taigu burning the dragon and said, "it seems that you are not satisfied with xuan'er's flame? Eager to prove that he is the king of fire? To beat me with fire? You are proud enough

The Taigu burning dragon seems to understand Ye Chen's recognition of his pride, and a touch of satisfaction appears in his eyes.

But the next moment, ye Chen's eyes suddenly cold down, said: "unfortunately, your pride, let you make a wrong judgment!"

The Taigu burning dragon smell speech, eyes appeared a touch of fury color, the pride of the emperor of fire can not be insulted!

The next moment, the golden flame suddenly burst out from his mouth and turned into a huge golden pillar of fire, shooting towards Ye Chen!

The speed of the flame is extremely fast, from the moment of its spitting out, it seems that there is no possibility of dodging!

Long Yan'er and Xu Shenglong's complexion became paler and paler!

Ye Chen stares at that flame, but is light way: "Xuan son, hand."

"Yes

In Ye Chen's knowledge of the sea, Yan xuan'er's big eyes suddenly appeared a fierce color, and whispered: "Xuanji juehuo!"

The whole body of the fire, suddenly released, at the same time, a very pure energy suddenly poured into the gold and silver flame!

This energy is just the power of Xuanling accumulated by Ye Chen!

There is a dignified color on Yan xuan'er's young face. The power of Xuanling is too strong. It's not easy for her flame to absorb it. She needs to work hard!

However, if Xuanyan absorbs the power of Xuanling, then its power as the fire of Daoling will get a terrible increase!

This is one of the killing moves that ye Chen groped out in this period of experience, Xuanji juehuo!

It's no exaggeration to say that even if there is still the peak of the true realm, if you are contaminated with the dark flame in this state, there will be great trouble!The next moment, the gold and silver flame was gradually showing a state of liquefaction, this is the pure energy of the fire to a certain degree of performance!

At the moment, in the underground world, the golden pillar of fire has come to Ye Chen. Xu Shenglong and long Yan'er can't help exclaiming: "brother Ye!"

"Young master!"

In the face of this golden pillar of fire, ye Chen seems to have given up and didn't make the slightest reaction!

Don't even want to resist!

When Taigu burned the dragon, a touch of sarcasm appeared in his eyes. In his opinion, the little insect in front of him was doomed to be reduced to ashes.

In an instant, ye Chen's body is completely engulfed by the golden pillar of fire. Xu Shenglong and long Yan'er are both desperate and ready to be engulfed by the fire

However, the strange thing is that the golden pillar of fire stops strangely after submerging Ye Chen, and does not continue to rush towards Xu Shenglong and longyan'er. When Taigu burns the dragon, a trace of incomprehension appears in his eyes.

In a few eyes have focused on the golden flame, all of a sudden, everyone is a look!

Their eyes trembled slightly, as if they could not believe what they saw

I can see that the golden flame is rapidly dissipating at the moment

No, it's not dissipated, it's absorbed and swallowed!

In the fire, a man figure appeared. On the surface of the man's body, there was a layer of gold and silver flame, which seemed to liquefy. The gold and silver flame quickly swept away the golden flame of Swire burning dragon!

Just as the face of the Taigu burning dragon showed an incredible color and looked at Ye Chen in disbelief, a pair of wings formed by liquefied flame appeared behind him. His wings vibrated and his feet suddenly stepped on the ground. The whole person shot out with a speed beyond thinking!
