

## Physician 5201

### Chapter 5201

At the moment, it seems that even the power of the forbidden air of burning the dead dragon can't bind Ye Chen!

In the blink of an eye, ye Chen came to the body of Taigu burning dragon. The liquefiable gold and silver flame twined under Ye Chen's long sword and chopped it down!

The Taigu burning dragon gazed at the gold and silver fire on the long sword. For the first time, there was a look of fear in his eyes!

As a kind of fire dragon, it can feel how terrifying energy is contained in the liquefied fire!

Today's Yan xuan'er is still in the stage of kindling. She can't really exert the power of the fire of Taoist spirit. With the help of the power of Xuanling, she can show the power of the fire of Taoist spirit!

This is Xuanji juehuo!

The Taigu burning dragon's body seemed to be about to sneak into the magma to escape, but at this time, ye Chen's eyes were shining, and he said: "soul devouring, heaven penetrating!"

A wave of soul power suddenly gushed out, turned into a giant virtual shadow, holding a long sword, and cut into the sea of knowledge of burning dragon!

The Taigu dragon burning spirit was shocked and gave out a cry of pain. Although it didn't really suffer too serious damage, its movement was also stiff!

In this instant, ye Chen's sword has been smashed on his head!

With a loud bang, the head of Taigu burning dragon was smashed to pieces, and a large amount of dragon blood gushed out. The golden and silver flames started from the top of the head and spread to the whole body of Taigu burning dragon in an instant!

The so-called emperor in the fire, who can ignore any flame energy, made a scream in the golden and silver flame. He struggled madly, and his whole body was covered with smoke. The Golden Dragon scales turned into scorched black color, and even began to melt. A smell of meat instantly passed into everyone's nose!

Ye Chen by attacking Taigu burning dragon's recoil force, a turn over fell on a black crystal stone, coldly looking at the dragon in front of that in the fire issued a shrill roar.

When Xu Shenglong and long Yan'er look at the scene in front of them, they feel dizzy. They feel that they are going to be in a coma

One moment ago, they were still worried about whether ye Chen was transformed into nothingness in the flames. The next moment, ye Chen was not only safe, but also seriously injured Taigu burning dragon?

This kind of reversal, stimulation, is too strong, just like riding on a roller coaster, high and low, even if the heart of the warrior can't bear it!!

What's more, the most important thing is that ye Chen uses the flame!

Can burn the fire of Taigu burning dragon?

It's impossible

Even though Xu Shenglong knew that ye Chen had the fire of Daoling, at the moment, he was completely shocked by the scene in front of him!

It's hard to imagine what kind of adverse power there is in this flame!

At this time, the Taigu burning dragon roared, the whole dragon directly into the magma depth, disappeared, it seems, really afraid of Ye Chen fled here.

Ye Chen stares at the magma. After a long time, he is sure that the Taigu burning dragon has really left. His eyes are relaxed. He raises his head and looks at the remaining unexplored areas in the underground world.

Ye Chen first put out several swords and completely smashed the earth and rock blocking the exit behind him. Then he said to Xu Shenglong and long Yan'er, "leave here first, return to the ground and wait for me."

Xu Shenglong nodded and said, "yes, brother Ye."

Say, then take long Yan son to walk toward the rear.

He is very clear, with his strength to stay here, also can't help what help, on the contrary, will drag Ye Chen's hind legs, let its bind.

Then, ye Chen continued to jump towards the unexplored area, and his eyes fell on the black gold ore.

Soon, ye Chen arrived at the location of the black gold fire ore. he took the fire ore from the rock wall and gazed at the fire ore. after a moment, a trace of joy appeared in his eyes. In his previous observation of the fire ore, he did not find any clues about the fire type of Dao fire, but now, the fire ore in his hand was obviously contaminated with a trace of Dao fire The smell of fire!

In other words, the fire of Dao fire may really exist in the underground!

Just when ye Chen is ready to continue searching nearby to see if there is any clue about the fire, a cry of surprise suddenly rings out in the rear!

That's the cry of long Yan'er!

Ye Chen suddenly turns his head, but his pupil shrinks in an instant. He only hears a roar. Under the magma at the entrance, a huge dragon suddenly emerges, which is blackened and scarred everywhere. The fierce light in the dragon's eyes flashes wildly. He stares at Xu Shenglong and long Yan'er who have not gone out of the channel!

At the moment, this Taigu burning dragon's eyes are full of hatred. He knows that he is not ye Chen's opponent. Instead, he changes his target to Xu Shenglong and long Yan'er, and wants to revenge Ye Chen through them!

Ye Chen face a change, roar a way: "animal, you dare!"

At the same time, ye Chen borrows Xiao Hei's power, and his violent aura flows in his blood. Two runes appear in his pupils, and his breath is gradually changing. At the moment, ye Chen has no intention to keep his hand, and even his reincarnation blood wants to be short Temporarily activated! He was full of murders, staring at the top of the head of the Taigu burning dragon, which was injured by himself. This time, he will kill this evil animal!

But, at the moment, even if ye Chen has come quickly, it seems that it is still a little late!

The Taigu burning dragon suddenly opened its mouth, a flame quickly emerged, and it was about to spray towards the passage.

Xu Shenglong's eyes trembled violently. He pulled long Yan'er and ran quickly in the passage. However, his heart sank gradually. He knew that his speed was not as fast as that of Taigu burning dragon!

At the moment, longyan'er is also pale. She looks at the light of the fire that gradually lights up in Taigu burning dragon mouth. In her beautiful eyes, she is full of fear of death!

All of a sudden, long Yan'er's step stops abruptly. Xu Shenglong's face changes slightly. He pulls long Yan'er and says, "Yan'er, what do you do? Run away

But, to his surprise, at the moment, he was a little unable to pull the dragon smoke!

He looked at longyan'er, but he couldn't help showing a look of horror!

At the moment, longyan'er's eyes have turned into the color of red gold, and red scales grow rapidly in his delicate body. In addition, an extremely terrible blood breath bursts out from longyan'er's body. Even the blood of the red moon tiger king owned by Xu Shenglong is faintly suppressed!

Long Yan'er gazed at the ancient burning dragon. There was no reason in his eyes. There was only one kind of hegemony and one kind of dignity. It was like the eyes of a king!

Chapter 5202

The next moment, the dragon smoke son unexpectedly is to burn the dragon to Taigu, issued a roar, this roar sounds, impressively with the Dragon roar no different!

Strange scene, appeared!

After hearing the roar of the dragon, the Taigu burning dragon was obviously dull for a while, and then his eyes at long Yan'er trembled quickly, showing fear and Loyal look!

And the golden flame in its mouth also dissipated rapidly!

At the same time, ye Chen also reached the head of Taigu burning dragon. The rune in his eyes sent out a wisp of black light. Reincarnation blood will be opened at all costs for a short time, and the sword in his hand is about to fall on the head of Taigu burning dragon!

But at this time, Shuo suddenly said, "boy, stop it."

"Well?"

Ye Chen frowns and misses the chance. The Taigu dragon may continue to fight against long Yan'er. However, out of his trust in Shuo Lao, ye Chen takes back his attack, and the sword that he was going to cut also stops in the air.

At the same time, he looked at the Taigu burning dragon, his eyes also flashed a different color, why the Taigu burning dragon suddenly did not move?

What's more, what happened to the Dragon roar just now?

At this time, Shuo said with a smile: "originally, I had some doubts. Now it seems that it is true Boy, don't worry about the girl and the little tiger. The Taigu burning dragon won't attack them any more. "

Ye Chen doesn't understand a way: "this is how to return a responsibility?"

At the moment, long Yan'er stood at the same place, looking at the burning dragon in front of him, staring at him, as if he had no memory of what had just happened.

Old Shuo said with a smile: "this girl inherited a trace of dragon burning blood. At first, I felt something was wrong. Originally, this blood was not enough to let her into the deep underground, but even here, longyan'er didn't feel uncomfortable at all, so I suspected..."

Speaking of this, Shuo Lao's voice could not help sinking slightly and said: "the Dragon burning blood in this girl's body has gone back to her ancestors. Moreover, it's not an ordinary ancestor, but the ancestor has become the king blood of the ancient dragon burning clan!"

"Wang Zhong?"

Shuo Laodao said: "among the Dragon families, there are king species. I think the Dragon Emperor who burned the dragon family has a trace of King species blood. The dragon family who has king species blood not only has more strength and potential than the same family, but also has a very powerful natural deterrent to the same family. Basically, the same family can only choose to submit to the dragon family who has king species blood!"

"I see."

Ye Chen smiles and steps on the head of the Taigu burning dragon, then comes to the body of long Yan'er and Xu Shenglong.

The Taigu burning dragon roared, seemed quite dissatisfied, but did not start, he knew that ye Chen was a friend of long Yan'er.

And longyan'er has become his queen in this ancient burning longan.

Ye Chen asks to long Yan'er and Xu Shenglong, "are you ok?"

Both of them shook their heads. Xu Shenglong frowned and looked at the Taigu burning dragon and said, "brother ye, this giant dragon..."

Without waiting for ye Chen to speak, long Yan'er looked at Tai Gu burning the dragon with some doubts and said, "Holy Son, I don't think this dragon is a threat to us any more Although I don't know why, I know that he won't attack us, and... "

Long Yan'er frowned and seemed more confused and said, "I think I can command him."

When Xu Shenglong heard the speech, he was a bit sluggish. This is a Taigu burning dragon with amazing underground strength!

What's more, they are strong in blood. They all have the power of the first World War in the face of those who are at the top of the real world?

Long Yan'er, can you order him?

It's like having a super psychic pet at the top

Ye Chen asks to long Yan'er: "Yan'er, just now you are awed by this archaic dragon burning. What's the matter? Do you know?"

Long Yan'er shook his head and said: "I just feel that my body is very hot, and a kind of anger surges into my heart. Then, I don't remember anything, but..."

Her beautiful eyes flashed slightly and said, "I am confident that the Taigu burning dragon will obey me!"

With that, long Yan'er suddenly came to the dragon and said, "big dragon, do you know where the fire is?"

The Taigu burning dragon smell speech, a turn head, looked at the magma under his body.

Ye Chen and Xu Shenglong see this, first eyes a bright, and then frown, is this fire in the magma?

It's not easy

Xu Shenglong asked Ye Chen, "brother ye, can you enter the magma?"

Just now, he had seen the horror of the fire of the spirit.

Ye Chen asks Yan xuan'er in his heart, "xuan'er, how are you?"

Yan xuan'er said solemnly: "if I use Xuanji Jue fire, I can easily resist the heat of the magma for my master, but I can't completely isolate it without using Xuanji Jue fire."Ye Chen's eyes are slightly heavy, but he doesn't have so much Xuanling power to continuously exert Xuanji juehuo.

Although that xuanlingzhu is the most precious, ye Chen can't control it until now.

He asked again, "xuan'er, how much heat can you cut off?"

Yan xuan'er said, "ninety percent."

Ye Chen's eyes twinkle as he looks at the rolling magma. If he is cut off from 90% heat, his constitution should be enough to persist. However, there is no lack of pain

He looked at Xu Shenglong and long Yan'er and said, "go up first. I'll go to the magma and have a look."

Both long Yan'er and Xu Shenglong are worried and say, "young master, be more careful."

"Brother ye, pay attention to safety."

Ye Chen nodded, then walked toward the magma, and Taigu burning dragon saw that longyan'er was ready to leave, and his body was shrinking quickly, turned into a golden light and fell on longyan'er's shoulder.

Long Yan'er looks at the Golden Dragon on his shoulder, smiles, and looks at Ye Chen with some reluctance. Then he goes to the top of the passage.

On the surface of Ye Chen's body, the gold and silver flame gradually burned up, and the next moment, it was toward the magma, leaping away!

A kind of extremely hot feeling filled Ye Chen's body in an instant. The sound of Zizi kept ringing. Ye Chen's skin was soon burned by the high temperature. The pain made Ye Chen's face distorted. However, its powerful vitality also gushed out in an instant, quickly repairing the body injured by the high temperature!

At this time, Yan xuan'er said in a joyful voice, "young master, I have sensed the smell of fire after entering this magma!"

As soon as ye Chen's eyes brighten, he immediately follows Yan xuan'er's guidance and goes to the depth of the magma.

## Chapter 5203

To Ye Chen's surprise, the magma was as deep as the sea. He swam in the magma for half an hour, but he didn't get to the place where the fire was. At the moment, ye Chen's physical condition is getting worse. His body surface is full of burns, which looks rather miserable.

He frowned tightly. At the moment, he was like diving. Although he was able to persist for the time being, he also needed to consider the time to return!

Otherwise, even with Ye Chen's vitality, he might be drowned by this terrible magma!

Ye Chen said to Yan xuan'er, "xuan'er, are you here

Yan xuan'er said: "young master, the smell of that fire is more and more strong. But I'm not sure how far it is..."

Ye Chen's vision slightly sinks a way: "pass again a time of burning incense, if have not found, return first!"

"Yes

Time, a second to pass, soon, a incense time is coming!

Ye Chen sighed. Just as he was about to turn back, Yan xuan'er's surprise voice suddenly rang out in his mind and said, "young master, I found it!"

"Oh?"

Ye Chen's facial expression moves, immediately toward Yan Xuan son's attention direction to see, there faintly sent out bursts of blue light!

In the blue light, there is a very strong smell of flame, even the magma can not cover it up!

Ye Chen's eyes flashed a touch of excited color, fully toward the blue light where to swim, a moment later, came to the blue light before.

"This is..."

Ye Chen's eyes flashed a touch of surprised color way: "Wei Ling flint?"

In front of my eyes, it is the jade spirit flint that emits blue light, and this extremely rare jade spirit flint appears in groups at the moment!

In front of many Wei Ling flint, as if formed a nest in general!

And in this many Wei Ling flint, there is a black gold like stone egg general foreign body!

In this foreign body, sending out extremely surging fire way breath, strong to even leaf Chen all tiny heart startle of degree!

Xuanhanyu said: "although this kind of fire has no spirit, it is no longer comparable to any other fire. I'm afraid it's by instinct that we find the gathering place of Weiling flint and rely on Weiling flint to nourish ourselves. In this way, we can advance daohuo faster!"

Ye Chen asked: "what is the black golden stone egg?"

Xuanhanyu said: "this should be the result of the long-term training of the fire. Be prepared. The fire should lurk in the stone egg!"

Ye Chen stares at the stone egg, and his face condenses. The next moment, he points out to the stone egg, and a golden and silver flame instantly envelops the stone egg!

Ye Chen obviously wants to force the fire out through the dark flame, but at this moment, Yan xuan'er exclaims: "young master, there is no fire in this stone egg!"

"What

Ye Chen complexion a change, fiercely took that stone egg in hand, suddenly, he unexpectedly discovered a trace of blood on this stone egg!

"This is..."

At this time, Shuo Lao is suddenly light Yi.

Ye Chen asked: "Shuo Lao, what have you found?"

Shuo said: "boy, I may know who took the fire."

His voice, with a wisp of Congzhong, said: "in this blood, exudes and that has the king blood girl, similar breath, if I guess correctly, take this fire, it is the burning Dragon Emperor!"

Ye Chen's face slightly changed and said, "Shuo Lao, are you sure?"

Burning the Dragon Emperor can hurt the existence of heaven!

At least, it also has the strength above taizhenjing!

If the fire is really burned and the Dragon Emperor gets it, the situation will not be good

Shuo Laodao: "how can I say it's also a dragon, I can't be wrong."

Ye Chen frowned and said: "so what Yan'er feels is the breath of the Dragon Emperor Can we just give up? I'm afraid that fire has been devoured by the Dragon Emperor... "

Old Shuo said: "the Dragon Emperor of the Dragon burning clan can really become the emperor in the fire, but it's not so simple to devour the fire. Otherwise, it won't leave blood when collecting the fire. The fire should still be in the hands of the Dragon King."

Ye Chen smell speech, vision twinkle way: "that is to say, if want to get this fire, I must from this at least have too true realm strength of Dragon Emperor hand, grab?"

After he finished, he couldn't help showing a wry smile. Even ye Chen felt that there was no difference between doing this and seeking death

Even if he activated reincarnation blood, he could not be the opponent of the Dragon Emperor.

At the moment, xuanhanyu said: "it's not necessarily that there is no chance. If the Dragon Emperor is injured when he is collecting the fire, and his strength is greatly reduced, you can activate the reincarnation blood, and do your best. In addition, the moves learned from the ancient scroll of the book of heaven, maybe, there is still the possibility of winning the fire, but..."She couldn't help but smile bitterly and said: "even so, just trying to find the location of the Dragon Emperor and the location of the fire in this vast dead place is like looking for a needle in a haystack, and you don't have much time..."

Ye Chen sighed. In fact, he only has more than a month. After that, he still needs to return to Beiling temple.

For a moment, ye Chen, Xuan Hanyu and Shuo Lao were all at a loss

Seeing a big chance, it is coming, but in the end, it becomes the moon in the water.

Just then, Yan xuan'er suddenly said, "young master, I have a way to find the fire."

Ye Chen hears speech, can't help but eyes a bright way: "how?"

There was a flash of fire in front of her, and a girl appeared. The girl looked at the stone egg in the Weiling flint and said, "use this!

This stone egg has been trained by Dao fire for a long time, and it has a little connection with it. I can refine this stone egg into a magic weapon to find Dao fire!

However, it's up to you to decide everything. "

When ye Chen hears the words, he looks thoughtful. It's not a big risk to rob things from the Dragon Emperor, not to mention that the place where the dragon was burned is the stronghold of the Dragon burning clan

However, a moment later, a decisive color appeared in his eyes and said, "Xuan Er, let's do it!"

Wealth in danger!

If he doesn't dare to take risks, how can he get to this point?

Moreover, although activating reincarnation blood for a short time may not be the opponent of the injured dragon emperor, it's still a bit sure to get away with the move understood in the ancient volume of the book of heaven!

Immediately, Yan xuan'er turns into a fire, envelops the black gold stone egg, and reintegrates into Ye Chen's body.

Ye Chen looks at the remaining Wei Ling flint and cuts it down from the black wall at the bottom of the magma with a sword.

Take the flint and stone egg and swim up.

Chapter 5204

Half an hour later, ye Chen reappears on the ground. Xu Shenglong and long Yan'er both look happy when they see ye Chen's return. Other demons also smile one after another.

Xu Shenglong asked Ye Chen excitedly, "elder brother ye, has the fire come yet?"

Ye Chen smell speech, the face took wry smile ground to shake head a way: "have no, the fire should have already been got by the Dragon Emperor."

When the demons heard this, they were all in an uproar. Is the legendary dragon burning emperor related to this?

Xu Shenglong's eyes flashed a touch of deep color. Looking at Ye Chen, he said: "brother ye, are you..."

Ye Chen nodded and said, "yes, I want to try to grab the fire from the hands of the Dragon Emperor."

This speech a, that numerous demon clans were completely thrilled!

That's the Dragon Emperor. It's not too much to call him the super power of heaven and man!

Even the five heaven hall, all want to be afraid of the existence, ye Chen even want to rob things from the hands of the Dragon Emperor?

It's incredible!

Xu Shenglong clenched his fist when he heard the speech. He knew that what ye Chen decided would not be changed easily, but he also knew how dangerous it was!

Now, he only hates that he is too weak and weak, and he doesn't even have the strength to follow Ye Chen!

Xu Shenglong took a deep breath and his eyes flashed. He secretly decided to get the position of the demon emperor as soon as possible!

At the moment, ye Chen suddenly waved, a blue light appeared in front of the demons, he said with a smile: "Shenglong, this is for you."

All the demons look at the blue light one after another. What they see is a cluster of minerals

A cluster of ore with strong fire attribute smell

Weiling flint!?

So many!!!?

For a time, all the demons were looking incredible. Their task was to find a piece of jade flint, but ye Chen gave them a bunch of them directly!

This is worth hundreds of pieces of Wei Ling flint, right?

LAN Xueling's voice trembled with excitement and said, "Lord son, if you take so many Wei Ling flints back, even the elders of the Xuanyao real world will be shocked to speechless, right? With such achievements, the elders will definitely greatly improve their evaluation of you! "

Xu Shenglong solemnly said to Ye Chen, "brother ye, thank you

The rest of the demons also solemnly said to Ye Chen, "thank you, young master Ye!"

They are all followers of Xu Shenglong. They can also get huge rewards for overfulfilling their tasks!

Ye Chen said with a casual smile to Xu Shenglong, "they are all brothers. Why should we say these things?"

At the moment, only long Yan'er looks a little lonely. She knows that since she has got the jade spirit flint, they are going to leave the Dragon burning place, and ye Chen is going to continue to look for the fire, so they can only be separated.

Looking at long Yan'er's look, ye Chen said with a smile: "Yan'er, if I have a chance in the future, I will go to the Xuanyao real world to have a look."

When long Yan'er heard the speech, her pretty face was full of joy. She said with a brilliant smile, "young master, you have to keep your word. If you don't come, Yan'er Yan'er will wait for you all his life! "

With that, her cheeks flushed and she lowered her head again.

Shuo Lao some tease tunnel: "boy, it seems, another one waiting for you."

Ye Chen some awkwardly light cough two, look to Xu Shenglong way: "Shenglong, see you next time."

Xu Shenglong nodded heavily and said, "brother ye, take care!"

After that, Xu Shenglong took a group of demons to the death place of burning the dragon.

Ye Chen, on the other hand, cast his eyes to the deeper place where the Dragon died.

It's an area that few people have been to.

.....

One day later, on a red sand, a figure was running. Suddenly, he looked at the sand shaking slightly under his feet. His eyes flashed, and he was straight to one side. The next moment, a big mouth appeared in his position!

Boom, a huge red lizard appeared in front of Ye Chen. The lizard's strength has reached the seventh level of the real world!

But at the moment when the lizard appeared, a sword light had turned towards it!

The lizard let out a roar and opened its mouth again. The blazing breath condensed in its mouth. At the next moment, a flame whip swept out to the sword light!

And the whip is the lizard's tongue!

In the blink of an eye, the sword light collided with the whip, and then the lizard screamed!

His tongue, in the light of the sword, is divided in two!

Cut off by Sheng Sheng!

Lizard's eyes with a look of great fear, looking at the figure in front of him, which is much smaller than himself, he did not understand why his tough tongue was so easily broken?

Ye Chen looks at that frightened lizard, the face is expressionless, the long sword in the hand rises again, infinite sword light instantly submerges that lizard. A moment later, ye Chen stood in front of the lizard's body and murmured: "after entering the real depth of the dead place, there are more and more exotic animals. However, none of the animals I met this day are still in the middle of the real world. It seems that those weak and small exotic animals have been cleaned up almost. Only these powerful people can continue to live here."

He looked ahead, his eyes twinkled slightly and said: "that is to say, I may have been close to the Dragon burning clan's base camp!"

Soon, ye Chen is to start again, toward the front and go, however, this time he is put on a transparent gauze, will body shape completely cover.

After another half day, when ye Chen climbed over a fiery mountain, he couldn't help shrinking his pupils!

What appeared in front of him was a huge city!

At the gate of the city, there are many tall soldiers with dragon blood. From time to time, some dragon burning people come and go inside and outside!

On the city gate, there are several words that he can't understand.

Shuo Laodao: "this is the Dragon language, the gate is written, the third city."

Ye Chen looked at the gate and frowned slightly: "according to Xuan er's guidance, the fire is in the front of the third city. It seems that it's going to go around the city."

But old Shuo said, "boy, you can't get around."

"Well?"

Ye Chen doesn't understand a way: "what meaning?"

Shuo Laodao said: "look at the architectural style of this city, it should be an ancient way of building a city by the dragon people. It's called six dragons holding beads! The six cities outside the main city are both the city and the city wall, which are called the city of protecting the city!

To put it simply, there are six big cities acting as walls, which surround the main city in the center, and between the main city and the central city, there is wilderness.

The fire should be in the main city. If you want to enter the main city, you need to go through the city to protect the city and enter the central wilderness. "

Ye Chen smell speech, look some gloomy down, finally, had no choice but to sigh, hide body shape, toward the third city.

Chapter 5205

Ye Chen comes to the gate of the third gate, takes a deep breath, and floats in like a ghost. The Dragon burning soldiers are not aware of it.

After smoothly entering the city, ye Chen is slightly relieved. He doesn't want to disturb the Dragon Emperor in advance.

Ye Chen looks at the constant dragon burning people on the street. His eyes flicker and his body moves. He shuttles between these dragon burning people. Now, what he wants to do is to cross the third city!

Ye Chen's speed is extremely fast, just half an hour, he came to the other end of the third city, his face flashed a touch of joy, things are beyond imagination smoothly!

At the next moment, he jumped over the city and fell into the wilderness between the third floor and the main city!

But at this time, a cold man's voice sounded in Ye Chen's ear: "boy, do you really think that you can invade my dragon burning city so easily?"

Ye Chen's face changed slightly when he heard the words. He suddenly turned his head and looked at the rear. On the top of the city, there stood a dragon burning people with the blood of dragon burning. At the moment, he was looking at himself coldly!

"It's really nine levels of heaven!" Ye Chen heart a sink, own invisible unexpectedly early was seen through?

Isn't it true that you can't see through a good situation?

I'm afraid the reason why this dragon burning clan didn't fight in the city was just to avoid damaging the city

There was a strange color on the face of the Dragon burning people, and they said, "can a human in heaven and earth come to this place? Boy, how did you do it? "

At the moment, ye Chen didn't pay any attention to the meaning of the Dragon burning clan. The flame appeared behind him. He stepped on the ground and shot at the wilderness in front of him!

The Dragon burning people on the wall sneered and said, "it's not so easy to escape from xuanjiao, the leader of our third city!"

The next moment, the breath of the top of the true realm in xuanjiao's body broke out completely, and the whole body was also wrapped by a black flame and turned into a black rainbow, chasing towards Ye Chen!

The moonlight shines on the whole land through the blood red air, as if plating a layer of blood light on the burning dragon!

All of a sudden, a figure, flash, from the bloody moonlight, flying past!

And behind him, there is a shadow chasing!

Ye Chen's complexion is gloomy and sweeps the Xuan Jiao that comes after him. The Xuan Jiao doesn't know what means he has. His method of concealing body shape has no effect on it. Now, he will be overtaken by it!

With a cold hum, he suddenly stopped and turned to look at xuanjiao.

When xuanjiao saw this, he also stepped, and the black light scattered around him, revealing a face of the dragon people with a sneer: "why, don't you run? Boy, now tell me how you sneak here and what your purpose is. I can make you die happily, otherwise..."

His eyes gradually pondered up, said: "torture mankind, we burn dragon, but very experienced."

Ye Chen stares at Xuan Jiao, light way: "if I say, I just pass by, do you believe?"

Xuanjiao said with a cold smile: "I admire your courage, but soon you will regret it."

As soon as the voice fell, xuanjiao was covered with black flame. Once again, the whole person appeared in front of yechen's body with a flash, and then hit yechen's shoulder!

The corner of his mouth is wide open, revealing the dense dragon teeth. This flame is called Heisha fire, which belongs to the extremely high flame even among the Dragon burning people who are good at fire path.

As long as you put a trace of black evil fire into Ye Chen's body, you can completely melt every inch of his body. I don't know if this strange boy can be so calm under the pain?

At that time, I'm afraid he would ask himself to spit out all he knew?

Ye Chen looks at the palm that Xuan angle pats, the corner of the mouth appeared light meaning, unexpectedly is not to dodge not to avoid, so quietly stood in the same place.

Xuanjiao sees the color of cruelty in his eyes becoming more and more intense. In his opinion, ye Chen has been scared silly and doesn't know how to avoid it!

In a flash, this palm then pressed on Ye Chen's shoulder, at the same time, a wisp of black flame also drilled into Ye Chen's body!

Xuanjiao said with a grim smile: "boy, enjoy it."

But, at the moment, ye Chen is to show a faint smile: "you seem to be very confident in your own flame?"

As soon as the words fall, a gold and silver flame suddenly gushes out of Ye Chen's body. The supernatural powers such as the body of the demon are displayed to the extreme. Suddenly, he blows to xuanjiao!

The grimace on xuanjiao's face solidified in an instant. He looked at Ye Chen in disbelief. He didn't expect that after ye Chen was hit by his black evil fire, he didn't suffer any damage, and even dared to attack him directly!

Moreover, ye Chen's hand is extremely fast, without any momentum, and he has made a fist with his physical strength!

Even if xuanjiao, as a nine level heaven, there is no time to resist!

In the blink of an eye, there was a loud bang, and this blow hit xuanjiao's face door hard!An indescribable huge force surged out. In an instant, xuanjiao's facial bone was smashed and collapsed. The two dragon teeth also flew from his mouth. The whole body was flying backward at a very fast speed under this fist!

Originally, also to Ye Chen's surprise some don't think of Xuan Jiao, face now a trace of pain color, eyes is flashed thick shock!

A boy in heaven and earth, even a blow blew him away!?

He's really a strong man!

However, at the moment, xuanjiao has no mind to consider this matter. The power of rolling rules is stirring in his broken face, frantically dissolving Ye Chen's power!

Seeing this scene, ye Chen frowns slightly. It seems that it's not so easy to defeat a real nine level heaven. His fist seems to have a good effect. In fact, it can only cause some minor injuries to xuanjiao.

Ye Chen didn't plan to continue to fight, but took advantage of this opportunity to turn around and continue to run towards the wilderness.

If he can, he doesn't intend to waste the Kaitian aura of sanyuantaigong on the battle with xuanjiao. After all, Kaitian aura is his biggest card when he faces the Dragon Emperor!

Soon, behind Ye Chen, there was a roar of Fury: "human! If I catch you, I promise, I'll make you live as if you were dead! "

At this moment, xuanjiao stopped his body and gasped slightly. The dragon head was covered with blood, broken teeth and collapsed bones. In his eyes, he was extremely angry, but there was a color of surprise!

Chapter 5206

Xuanjiao adjusted his disordered aura, which was shocked by Ye Chen's fist, and murmured: "heaven and earth are not afraid of black evil fire, but also have such strength? What's the origin of this boy? "

The injury, with the naked eye speed recovery, and at this time, ye Chen's figure has already disappeared in the wilderness.

However, xuanjiao didn't look worried. He calmly took out a compass. On the compass, there were two light spots, one of which was moving rapidly.

Xuanjiao said with a cold smile: "do you think you can really run away? From the moment you enter the third city, you are locked in! "

With a roar, the fury came out like a strong wind. Xuanjiao's body flashed wildly and chased towards where ye Chen was.

.....

Half an hour later, with a loud bang, a mountain was smashed under the bombardment of a black fireball. Among the splashing stones, a figure fell on the ground, showing a indifferent face under the bloody moonlight. It was Ye Chen!

He frowned slightly and said: "it seems that I have been locked..."

At this time, the gravel has fallen, a figure appeared in front of Ye Chen.

Xuanjiao stares at Ye Chen coldly and grins: "is it hopeless? It's not easy to have a ray of life. As a result, it's caught up with you again?"

I have already said, "you can't run away!"

In his vertical pupil, a trace of bloodthirsty color flashed and said: "I advise you to continue to run away and live a little longer. I won't give you any chance to be clever this time!"

Ye Chen's wrist turned over, and a dark sword fell into his hand. He looked at xuanjiao with no expression on his face and said, "who said, I'm going to run?"

Since, has been locked, then, only one war!

"No running?"

Xuanjiao said with a more ferocious smile: "I admit that you are shocked by your strength, but you don't really think that if you take advantage of your attack, you are really my opponent, do you?"

As soon as he turned his wrist, a red spear appeared in his hand. It seemed that the whole person and the spear in his hand were integrated into one, and the unique rules surrounded the spear!

Ye Chen looks at the momentum that Xuan Jiao sends out at the moment, the vision is also dignified to come down a way: "Shuo old, if borrow the power of you and Xuan fairy, I have a chance to defeat him?"

Shuo Lao was silent for a moment, and said: "boy, the more you get to the back of Huanzhen realm, the bigger the strength gap is. Huanzhen jiucengtian is the closest to Chengdao realm. Its power is extremely terrifying. If you use the power we can use now, it may not be enough. If you use the power of Xuanling, it may even make your attack power break through to Huanzhen jiucengtian temporarily! But only for the time being!

However, there is still a gap between them and the real nine level heaven... "

Ye Chen frowned and said, "is it true that you can only activate your blood?"

At this time, Xuan Hanyu said: "there is no one around here. If you have a fight with him, you can let go and don't worry about being found.

However, before opening your blood, you'd better fight with this person. Maybe it will help you to face the Dragon Emperor later! "

Ye Chen in the eye essence light one Shan, secretly nods.

At the same time, xuanjiao's body is still burning with a layer of black flame. His dragon eyes are shining, and bursts of Tao rhyme, like a tsunami, fill the world.

The aura in his body poured into the long gun in his hand like a torrent. A red light flashed from the long gun in an instant. A dragon pattern on the body of the gun lit up and turned into a virtual shadow of the red dragon, which shrouded behind xuanjiao.

Xuanjiao stares at yechen, and his eyes don't relax. Yechen's fist has raised xuanjiao's vigilance. This time, he will do his best!

At the next moment, xuanjiao's God awn shot at Ye Chen fiercely. A black and red gun awn tore up the space, carrying the extremely sharp and burning law breath, shot at Ye Chen fiercely!

The red dragon shadow, into which, more powerful!

For a moment, the fire element of the whole dragon burning place seemed to be triggered, and the energy in the spear burst even more!

Among the Dragon burning dead places, the Dragon burning clan is endowed with unique advantages, and its strength has some bonus. The originally extremely terrible spear is even more terrifying!

Ye Chen's complexion is deep to coagulate, he deeply inhaled an air way: "Shuo old, Xuan fairy, strength!"

In a flash, a dragon's power was integrated into Ye Chen's body, and the fierce breath of terror was also surging in the Sha sword!

In the face of this spear, ye Chen has no room to leave a hand!

With a low drink, the sword in his hand suddenly cut off, and a sword light suddenly collided with the gun from xuanjiao like a meteorite falling on the earth!

The two sides attack each other, xuanjiao's shot is obviously stronger than ye Chen's sword. Ye Chen's sword is disintegrating quickly!

At this time, the fierce fire power in the spear will detonate, ye Chen's pupil will shrink, the blazing fire will submerge him, a mushroom cloud will rise here, the terrible shock wave will diffuse in the wilderness, and cracks will appear on the earth!Xuanjiao grins coldly. This shot is his famous skill. It's the perfect combination of gun and fire. I'm afraid Ye Chen has been destroyed by his own move?

Soon, the light converged. After the violent explosion, the wilderness seemed more quiet.

Just as xuanjiao was ready to turn around and leave, he suddenly changed his face, his eyes trembled, and stared in front of him!

A huge pit appeared in front of his eyes. In the pit, a man with a long sword was kneeling!

This man's body is full of flesh and blood, many wounds, even bones are clearly visible!

Moreover, a fist sized blood hole suddenly appeared on his chest!

It looks like the injury is very serious!

But xuanjiao knew that the man was not dead yet!

Ye Chen actually resisted his strongest blow?

Xuanjiao felt proud and insulted!

They always think that they are much stronger than human beings and look down upon human beings. But when can they kill even human beings in heaven and earth?

Xuanjiao even couldn't help thinking that they had been isolated from the dead for a long time and had been out of touch with the world?

Ye Chen's eyes flashed slightly and stood up slowly. The wound on his body gradually healed. He said to himself: "is the combination of fire and martial arts? This method of burning dragons is really unique, but it gives me some inspiration! "

He looked at the startled xuanjiao, as if he had been hit hard. He was glad that most of the power of this shot came from the fire way, and he had the fire of Daoling, which almost completely offset the damage of the fire, and greatly weakened the power of the explosion!

Otherwise, he would not have resisted the shot so easily!

Chapter 5207

Xuanjiao's chin is about to fall to the ground. Doesn't it mean that human beings are very fragile and can't help beating?

Why is this boy so strong?

However, xuanjiao soon calmed down. He hummed coldly: "boy, no matter how strange you are, today I will let you die here!"

The next moment, xuanjiao moves again, and ye Chen's face sinks. He also waves his sword to meet the enemy. For a moment, the spear and sword light are intertwined in the wilderness!

The sound of roaring, the wilderness seems to be in the fight between the two sides were razed to the ground!

After a stick of incense, a figure fell from the sky and hit the ground heavily. The cobweb like cracks spread all around. Ye Chen vomited a big mouthful of blood, and cracks appeared in his bones. He stood up from the ground and looked up to the front.

A shadow of half man and half dragon, coming from the dust, is xuanjiao.

He stares at Ye Chen all over his face. Every step he takes makes his momentum stronger!

Ye Chen stares at xuanjiao, his eyes flicker, his current strength is still unable to really become the opponent of this kind of strong, even if he can barely withstand the attack of xuanjiao, he will be completely suppressed by the other party soon!

Looking at the approaching xuanjiao, the spirit of the beginning of heaven is surging in Ye Chen's blood. He sighs. It seems that the reincarnation blood will be activated for a short time after all

The eyes of both sides collided in the air, and the atmosphere in the wilderness became more and more dignified. Just when ye Chen and Xuan Jiao were ready to fight, a voice suddenly rang out in their ears!

"I didn't expect to see such an interesting battle when I came here to burn the dead dragon. It's a worthwhile trip."

Ye Chen and Xuan Jiao, their faces changed, someone!?

Their eyes swept around, but they didn't feel the slightest breath

At this time, the air between them was slightly distorted, and a figure appeared in front of them.

The owner of the figure looks like a young man in a white robe. The man has a handsome face and a gentle smile at the corner of his mouth, as if he is harmless to human beings and animals.

However, ye Chen and Xuan Jiao see his instant, is pupil a shrink, in the heart felt huge pressure!

This man is a human being, and the fact that a human being can appear in the depths of dragon burning death only means that he either has the fire of the Tao spirit or is Too true!

Ye Chen's eyes flashed a touch of surprised color way: "too true realm strong?"

This seemingly young, gentle and harmless man is not just in the real world!

More frightened than ye Chen is Xuan Jiao!

His face was very ugly, almost without any hesitation, and he flew towards the rear with a flash!

No matter how proud the Dragon burning clan is, he knows very well that there is absolutely no possibility of survival in front of this powerful man in taizhenjing!

The man in the white robe looked at xuanjiao with a smile and said, "this Taoist friend of the Dragon burning clan, how can you say that you can leave now?"

As soon as the voice fell, xuanjiao's face suddenly twisted, and his whole body solidified in the same place, as if a pair of invisible hands held him tightly!

Ye Chen's vision flickers indefinitely, Xuan Jiao unexpectedly so easily then be controlled by the other party?

The strength of both is one day and one place!

However, at this time, xuanjiao suddenly let out a dragon roar, and his whole body was burning. The rolling rules were surging out, which broke through the shackles!

There was a light of joy on his face, and he was about to continue to run forward. But xuanjiao had just stepped forward, and a trace of fear suddenly appeared in his vertical pupil!

That white robed man, I don't know when has come behind him!

And, a hand already pressed on Xuan Jiao's shoulder!

The color of the white palm, flashing light white light, rolling black evil fire was unable to cause any damage to this hand!

All of a sudden, xuanjiao's face was in great pain. The bones inside his body made a cracking sound. Blood gushed out from under his body. He raised his head to the sky and let out a shrill roar: "no

At the next moment, xuanjiao's flesh and blood suddenly twisted. It seemed that an invisible force was twisting his body as a rag!

With a bang, the strong man of the nine level heaven burning dragon clan in the real world was transformed into a blood mist, and even the spirit was completely destroyed.

At the moment, the white robed man clapped his hands, turned his head with a smile, looked at Ye Chen and said, "well, the trouble has been solved. Now, we can have a good talk. Little brother, my name is Quan Zun. What's your name

This white robed man, who seems harmless to human beings and animals, is extremely fierce and terrifying. Killing a nine level heaven in the real world is not much different from killing insects!

Even ye Chen, in the face of this person is also feel no small pressure, he said without expression: "Ye Chen." "Ye Chen?"

Quan Zun saw a touch of unexpected color in his eyes and said: "recently, I heard that there is a God's favorite son in Beiling tiandian. Is that you, little brother?"

He seemed to nod his head with some admiration and said: "it is true that the name is worthy of the reputation. Heaven and earth can have such powerful demons. Even with Quan's vision, he is the only one in his life. Beiling temple has cultivated a good seedling."

Ye Chen's eyes flashed slightly and said: "before you, you should have been watching me fight with the Dragon burning people, right? I think the purpose of the elder should be more than just saying hello to me. "

Hearing this, Quan Zun said with a smile: "yes, it seems that you are not only gifted, but also intelligent. Quan appreciates you more and more. Ye Chen, are you interested in quitting Beiling temple and becoming my own disciple?"

Ye Chen's face was a little surprised when he heard the speech. The power of Quan Zun almost surpassed the hidden existence above the temple of heaven. He seldom interfered in the affairs of

heaven and man. Usually, he was also haunted. He avoided being excessively concerned by the way of heaven and the ruins of the supreme world. Of course, he could not accept apprentices.

But now, Quan Zun wants to accept him as his own disciple?

This can be said to be a great chance. If you can become such a strong disciple, even the emperor of the fifth heaven hall, you have to give him three points of courtesy, right?

However, ye Chen did not hesitate to shake his head and said: "thank you for your kindness, but I have no plan to quit Beiling temple."

If you change to be an ordinary person, you can say that you can't get this kind of opportunity, but ye Chen is not an ungrateful person.

Moreover, it is impossible for him to trust each other completely just by a few words from Quan Zun.

Chapter 5208

Quan Zun's eyes flashed a trace of surprise. However, he didn't force Ye Chen. He said with some regret: "it's a pity that after I met you, I'm afraid that it's hard for me to take a fancy to other young people in the future."

After that, he smiles and looks at Ye Chen seriously. He says, "you're right. I sneak into the Dragon burning death place for an important thing.

And when I happened to find you fighting with the Dragon burning people, I hid around you for the purpose of observing you! "

"Watch me?"

Quan Zun said: "Quan is a little curious. Do you have the strength to help me?"

He said with a smile: "now it seems that ye Chen, you can really help me."

Ye Chen frowned and said: "although I think I have some strength, I don't think I'm qualified to help my predecessors..."

Although Ye Chen is proud, he still has some self-knowledge. This kind of super strength Taizhen situation exists and needs help. Whether he can do it or not, the danger can be imagined!

Quan Zun seemed to have expected Ye Chen's answer. He said with a faint smile: "Ye Chen, I think you're going to burn the dragon to death for that fire?"

Ye Chen hears speech, the vision flashed for a while, didn't answer, but ask a way: "the elder why think so?"

Quan Zun's eyes flashed and said with a smile: "first of all, although your strength is far beyond the realm, after all, you have not reached the true realm. If you can enter such a deep position in the death place of burning the dragon, you must have the fire of the Taoist spirit in the legend?"

Ye Chen was silent for a moment, nodded: "not bad."

Quan Zun gazed at Ye Chen and said, "the fire should be in the palace of the Dragon Emperor. It's not easy to snatch the fire from the Dragon Emperor! Even, impossible! You should also find that you have been locked as soon as you enter the third city. When you get to the main city of the Dragon burning clan, you have no chance to get close to the imperial palace! "

Ye Chen hears speech, frown a way: "that elder's meaning is?"

Quan Zun said: "if you are willing to help me, I can take you into the main city, and help you lead the Dragon Emperor away! Finally... "

Said, Quan Zun whole body spirit together, the whole person unexpectedly quickly rose to the mid air!

He looked down at the surprised Ye Chen and said with a smile: "if you reach a certain small state of Taizhen realm, you can break through the limit of dragon burning death place and fly here. After you successfully get the fire, you also need to escape the means of dragon burning death place, right? I can take you away! "

When ye Chen hears the words, his eyes are full of light, and he is moved

If you have Quan Zun to help, then his chance of getting Dao Huo will be greatly improved!

After pondering for a moment, he asked, "what are you going to do in this dragon burning place, master?"

Quan Zun said with a smile: "in fact, I'm just like you. I came here for a treasure, which is also in the palace. If you want to get the fire, you have to enter the palace. Therefore, for you, it doesn't take much risk to help me!"

Ye Chen some curiously asks a way: "what treasure?"

What is it that can make a super strong person not hesitate to burn the dragon to death and provoke the Dragon Emperor?

The Dragon Emperor is not easy to provoke. The elder of Beiling temple is the best proof.

Quan Zun said: "this treasure, named longyuanzhu, is a treasure that the Dragon burning people have consecrated in the imperial palace for generations. It is useful to me. You can easily find the existence of this treasure when you enter the imperial palace."

Ye Chen hears speech, the vision is one Shan, nod a way: "good, since so, I am willing to help the elder to take long Yuanzhu."

Quan Zun looked happy and said, "good! Well, let's go to the main city now and talk as we walk. "

Ye Chen naturally won't object, nodded.

The next moment, Quan Zun directly pulls Ye Chen, flies up in the air, and disappears in the horizon.

Outside a towering City, behind the shadow of a mountain and stone, there are two figures, which obviously do not look like dragon burners.

Here is the main city of the Dragon burning people!

Quan Zun gazed at the magnificent main city, and a dignified color appeared in his eyes. He looked at Ye Chen and said, "according to the plan, I will send you to the main city secretly for a while, and then I will lead the Dragon Emperor out of the city to fight against one another, and you will take advantage of this time to enter the Imperial Palace, get the fire and longyuanzhu, and then leave Kaihuangcheng, go to the place we agreed to meet. Do you understand? "

Ye Chen nods a way: "understand."

"Good!"

With that, Quan Zun offered a magic weapon, which was suspended on the top of their heads and sprinkled light brilliance.

Ye Chen looks at this magic weapon and raises his eyebrows. The magic weapon is surrounded by the chain of four rules. It is a magic weapon of four rules!

After sacrificing the magic weapon, Quan Zun and ye Chen flew to the main city. Soon, they directly crossed the main city and flew all the way to a towering palace in the center of the main city. There is the palace where the Dragon burning emperor lived!

Two people in the palace, after a position fell, Quan Zun to Ye Chen said: "the center of the palace, there is another treasure protection, even with this rule in my hand artifact into it, there is also the risk of

being found, now, I will take the initiative to expose the Dragon Emperor, and you will take advantage of the trouble to enter the palace!"

Ye Chen nodded to Quan Zun.

Quan Zun looks at a magnificent palace in front of him. His face is also a little deep. The next moment, his body moves and suddenly flies out of the light of the magic weapon!

At the moment when Quan Zun flew out, an alarm sounded in the whole palace. At the same time, many dragon burning people rushed to the place where Quan Zun was, shouting: "enemy attack! Someone has invaded my dragon burning palace

Looking at the guards of the burning Dragon Palace, a sneer appeared on Quan Zun's face. The surging rules condensed and turned into a startling handprint. Suddenly, he appeared above the palace. With a slight tremor, he went to suppress the guards!

The Dragon burning guards were preparing to fight against Quan Zun, but at the moment, when they saw the towering palmprint, their faces were very frightened, and their bodies began to shake involuntarily!

The palmprint has not really fallen, some of the less powerful bodyguards have turned into blood fog!

You know, even these "weak" are not common!

If you want to be a court bodyguard, the minimum standard is half a step. It really exists!

We can see how amazing the power of this handprint is!

Seeing that the handprint was about to fall and thousands of bodyguards were about to die, a roar burst out from the magnificent palace in front of them and said, "who is it! How dare you break into my dragon burning palace

Chapter 5209

A red figure accompanied by this roar, shot out, with an incredible speed towards the palmprint!

With a roar, the wind swept, and the palmprint turned into nothingness instantly!

And a group of bodyguards at the bottom, also very excited, let out a cheering: "your majesty!"

Ye Chen looked at the red shadow. He saw a tall man in a Red Dragon Robe, facing Quan Zun in the air. His face was full of anger and killing!

This man's whole body exudes a very domineering, dignified, noble atmosphere, obviously is the Dragon Emperor of the burning dragon clan!

To Ye Chen's surprise, although the dragon emperor also had dragon horns on his head, he had a human face!

It looks like a handsome middle-aged man!

Seeing that the Dragon Emperor appeared, he turned his wrist, and a transparent colorless sword fell into his hand. He chopped a sword at the Dragon Emperor and said, "burn the Dragon Emperor, and die!"

At the moment when Quan Zun raised his hand, the boundless sword Qi, like a storm, swept the whole main city. Countless buildings in the main city collapsed in the sword Qi, and a wail came from the city. It seemed that those who were strong in Taizhen had the power to destroy heaven and earth!

That sword light quickly condenses, with the momentum of cutting the main city into two sections, falling towards the Dragon Emperor!

Burning Dragon Emperor see, a pair of vertical pupil cold to the extreme, he did not use any weapons, just a claw toward the sword gas!

A virtual shadow of the dragon claw appears in an instant. There is a strong and incomparable law fluctuation between the sharp claws. In an instant, the sword light collides with the dragon claw!

There was another loud noise, but this time, the sword light, which seemed to have infinite power, was caught by Shengsheng to smash under the dragon claw!

Seeing this, Quan Zun's face changed slightly. Next moment, he flashed away from the main city without hesitation!

In the main city, the Dragon burning people cheered when they saw that the human was scared away by the Dragon Emperor!

When the Dragon burning emperor saw this, he hummed coldly: "all of you are under martial law in the palace. I will take the thief's head back!"

The bodyguards immediately replied in a loud voice: "I will obey your Majesty's order!"

The Dragon burning emperor let out a dragon roar, and changed into a giant dragon. After a dance, he chased Quan Zun. At the same time, he said: "if you have provoked the emperor, do you want to go? Human beings, do you regard my dragon burning palace as your own backyard

Ye Chen sighs when Quan Zun and the Dragon Emperor leave. These real hidden strongmen are really terrifying. Whether it's just a strike of the dragon claw or Quan Zun's sword, it's likely that a strike will kill him directly without opening reincarnation blood, right?

The next moment, ye Chen's eyes fall on the magnificent palace. According to Yan xuan'er's guidance, the fire is in the palace!

On the plaque of the palace, there are three characters of "burning dragon hall" written in dragon language.

As soon as he moved, he flashed towards the Dragon burning hall. Soon, he entered the palace. However, as soon as he flashed into the palace, his face changed, and the magic weapon of law, which was suspended above his head, suddenly dimmed and lost its effect. Other magic powers and magic weapons that covered his body also could not achieve any effect!

Shuo said: "boy, there is a magic weapon in the Dragon burning hall to restrain invisibility."

At this time, a bodyguard suddenly came out of a passage. He looked at Ye Chen's dull face in front of him. Obviously, he didn't know why there was a human in the Dragon burning hall!

Soon, the bodyguard reacted. He had a very alert look in his eyes. He was about to shout out. At the same time, he was about to move his hand because of his spiritual power!

Ye Chen looks at that bodyguard, the complexion is a little uglier, just entered to burn long Dian then was discovered?

The most important thing is that the bodyguard is an extremely powerful man!

Ye Chen's eyes sank, and he made a quick decision to start the heaven. In his eyes, there were two mysterious runes, a kind of anti world breath that made the heaven submit to it, which suddenly surged from his body!

In a flash, ye Chen is facing the Dragon burning bodyguard with a sword!

He is very clear that now is not the time to stay!

Now, he must find the fire as fast as he can!

The Dragon burning bodyguard obviously didn't expect that ye Chen's sword had such terrifying power. Under the light of the sword, his blood seemed to freeze. The Dragon burning clan, who never knew what cold was, knew for the first time what it was called freezing!

The Dragon burning bodyguard worked hard to move his aura and fired a shot. A red gun shot out. No matter the speed, angle, strength and so on, they were all superior. But

This gun shadow, in front of Ye Chen's sword light, had no resistance, so it was smashed. The Dragon burning bodyguard was also cut by this sword, his chest was bleeding, and he didn't even scream, so he was seriously injured and fainted.

If ye Chen hadn't killed him, the bodyguard would have completely disappeared at the moment, and I'm afraid even the trace would not have been left. It's not how kind Ye Chen is, but now that he can't hide his body, there's no need to destroy his body.

Ye Chen hides the bodyguard in the corner. With a flash of his body, he moves towards xuan'er's direction with extremely frightening speed.

Along the way, more and more dragon burning guards come to kill Ye Chen. However, the most powerful one is still in the late stage of Zhenjing. Under Ye Chen's current strength, he can't stop him at all!

Soon, ye Chen came to a huge palace, and in front of him was a crystal curtain. Even with Ye Chen's eyes, he could not penetrate the curtain to see everything in the palace. He could only vaguely see it, as if there was a figure.

Just as ye Chen is ready to cross the curtain and enter the palace, Shuo Lao suddenly says: "boy, be careful!"

Ye Chen's look was moving. Even if his mind was closed, his intuition as a warrior was also stimulated to the extreme in an instant. Vaguely, there was a dangerous smell coming from his left rear!

He suddenly stepped on the ground, and the palace's solid blue stone floor, under this step, appeared the cracks, and ye Chen's body shape, just like a blink, moved several meters!

Just as ye Chen just dodged away, his foothold suddenly twisted the space, and an extremely fierce energy bombarded there, smashing a big hole in the bluestone ground!

But, in front of Ye Chen's eyes, the palace is still empty, there is no one!

Chapter 5210

"Hiding?"

Ye Chen's brows wrinkled. Hiding is obviously a great advantage in the death place of burning dragon, where the other party can hide, but he can't!

Although I can't see the other side, judging from the power of the attack just now, this hidden attacker, at least, really exists!

Ye Chen asked secretly: "Shuo Lao, can you feel the existence of each other?"

Shuo Laodao: "yes, but I can't feel the specific location. I can only be sure that the other party is still in this bedroom. The reason why I can detect the existence of this person is that I am very sensitive to the dragon breath."

For a moment, ye Chen's look was a little gloomy, and he paid close attention to his whole body. However, at the moment, the attacker was quiet again and didn't do it again, as if his purpose was just to delay time!

At the same time, on the wilderness, one person and one dragon are chasing each other. It is Quan Zun and the Dragon burning emperor!

But all of a sudden, the burning dragon's eyes were shocked, and they did not hesitate to give up the pursuit of Quan Zun. As soon as they turned around, they turned back to the way they came.

When Quan Zun saw this, he frowned and turned back to cut out a sword. Facing the sword, the Dragon Emperor's face sank and the sword light was broken with one claw!

However, Quan Zun didn't mean to let him go. He danced with a long sword in his hand. He was terrified, and the sword light formed a sword array. He was going to suppress the Dragon Emperor!

His strength may be under the Dragon Emperor. If he fights head-on in the death place of burning the dragon, he will be completely suppressed!

However, his sword is not the Dragon Emperor can ignore!

With the power of respect, it is not difficult to entangle each other!

The Dragon Emperor roared: "damn human, don't stop the emperor! If my daughter makes any mistake, I promise I will never die with you

This roar shocked the four fields and broke a lot of rocks. It can be seen that the Dragon Emperor was really angry at this time!

But Quan Zun just gave a cold smile and didn't slow down the speed of his hand!

The two sides fought in the wilderness!

Every time the Dragon Emperor breaks Quan Zun's moves and wants to leave, Quan Zun will stick up like a maggot of tarsal bone!

Seeing that he could not get rid of Quan Zun, the Dragon burning emperor roared and rushed back to Quan Zun. He knew very well that if he did not defeat Quan Zun, he would not have the chance to return to the imperial palace!

Even if he is now anxious, but also can only focus on the fight!

In the face of the Dragon Emperor's almost desperate attack, Quan Zun's face became paler and paler, and his spiritual power gushed out like flowing water. There was a haze in his eyes, and he said to himself, "Ye Chen, don't let me down..."

.....

In the Imperial Palace, ye Chen sees that the attacker is always hidden. With a flash of his body, he rushes towards the crystal curtain. The originally silent bedroom is restless again, and the strong energy is surging towards Ye Chen. However, this time, ye Chen does not dodge and allows the energy to bombard his body!

Boom a, this one hits to blow out a blood hole directly in the abdomen of leaf Chen, blood direct current!

A glow of joy appeared in the eyes of the hiding man. He was still worried that ye Chen would see through his attack, and he could dodge accurately every time. But now it seems that it's just luck

Now, ye Chen is dead, luck can't always have!

Just as the concealer was ready to put an end to the badly damaged Ye Chen, his eyes were filled with incredible color!

That looks rather serious injury, but didn't block Ye Chen's step, he still fast toward the crystal curtain close!

How could her all-out strike have only such a result?

And the person behind that curtain is extremely important, she is absolutely impossible to let Ye Chen pass!

Vaguely, there seems to be a breath, vaguely restless up!

Ye Chen's mouth slightly up, appeared a smile, since you don't want to come out, then I can only force you, and anyone in anxiety, lose calm, is the most prone to make mistakes!

The hider changed his position one after another. After several attacks, he was either blocked by Ye Chen or carried down by Ye Chen!

For a moment, the hidden man was really flustered. Is this guy still human?

How can we fight like this? We can't fight to death. We can't fight back?

A fierce color flashed through the hidden eyes, and his figure suddenly came to the front of the curtain!

Ye Chen suffered so many attacks, but she didn't fight back. Obviously, she couldn't judge her position at all, so she decided that this time she would burst out all her strength and kill Ye Chen directly before the curtain!

Since the previous attacks have no effect, then, she can only choose to have more destructive power by building up her momentum. However, if she builds up her momentum, she will not be able to move for the time being. That is to say, if ye Chen knows her position, she can make a counterattack before the completion of her momentum! This one of the risks she naturally won't know, however, from ye Chen's performance, obviously can't capture her position!

She secretly clenches teeth, anyway all can't let leaf Chen arrive after curtain!

At the next moment, her aura ran wildly and poured into the short sword in her hand. A kind of law that belonged to her sword was diffused and constantly brewing. In the brewing of this sword, the power of the attacker was also surging up!

But at this time, her pupils suddenly shrank. The bloody human man in front of her showed a strange smile inexplicably. Moreover, the smile was in the direction of her!

This Concealer's heart suddenly surged up one kind of extremely bad premonition!

She clenched her teeth, forced the operation of Lingli, regardless of the injury, ahead of time will not be ready to complete the attack towards ye CHENHONG!

There is a voice in her heart telling herself that if she doesn't do it again, there will be no chance to do it!

At this time, ye Chen is staring at her location, a smile: "good judgment, unfortunately..."

With the sound of the words, his body easily avoided the invisible sword Qi with a flash. With a loud bang, the sword hit the palace wall, and the whole dragon burning hall shook violently!

"From the beginning, you were wrong."

With a puff, the concealer spat out a mouthful of blood and forced out a move that was not ready to be completed. Even for the later stage of the real world and even the peak strong, it would cause huge damage!

She is biting teeth to death, toward the direction that the voice rings out, brandish a sword to chop, leaf Chen raises a long sword at will, blocked this invisible sword.
