

## Physician 5331

### Chapter 5331

After hearing the word Ye Chen, Kuming xuanzhe looks stunned. During this time, there is a super evil named Ye Chen in Beiling Temple of heaven and man!

But then he thought, since Ye Chen is a disciple of tiandian, how can he appear in taixuan array gate as a leader?

His Mou son one coagulates, cold voice way: "leaf Chen again how!"

The demon emperor shook his head and said faintly: "if ye Chen knows you are so kind to taixuan array gate, you will die today!"

The withered Ming Xuan's eyes were burning with anger, and his face was full of resentment. If the taixuan array Emperor didn't abolish all his accomplishments, why should he cultivate ghosts for tens of thousands of years!

At this time, there is a dead spirit charm in the two claws, and the evil spirit charm moves the Qi of heaven and earth.

There's even a ghost rule!

"The evil spirit moves the sky, the dead spirit attacks, open!"

The emperor of heaven concealing demon drank wildly. With the brush of his sleeve robe, the evil spirit surged out. A skull, ghost, Shura and other demons were killed out of the fog, forming a demon army, and they went to kill the kumingxuan.

But in heaven and earth, the evil spirit is endless.

Countless demons, rolling out of the attack, can't be killed.

The whole sky presents a magnificent picture.

On one side, is the monstrous spirit, full of empty dead army.

On the other side, the regional ghost spirit, as if there were ghosts singing, countless blood condensed weapons, crossbows, crazy killing.

Ghosts and Demons attack and kill each other.

The Ming Qi between heaven and earth is like the best pond for those fierce ghosts, providing them with a steady stream of nourishment.

"All ghosts seek respect!"

Between the two claws of the withered, bright and mysterious one, there was a dark ghost.

A towering ghost road of the yellow spring suddenly opened the door of ghosts, in which the ghosts are coming slowly.

Every ghost is ferocious and cruel.

"Magic shield, eternal protection!"

The demon emperor suddenly drank and waved his hand. The evil spirit condensed all over the sky, turned into a huge shield and stood up between heaven and earth.

Even directly cut off the kumingxuan's way of seeking respect!

Kumingxuan swallowed a mouthful of saliva. Obviously, this scene was completely beyond his expectation.

the demon emperor did not intend to give kumingxuan another chance to breathe.

Step forward step by step, at the foot of a blooming Black Lotus, the vast and majestic, powerful, wisps of smoke, into a magic knife, crazy cut out.

"Wolf smoke magic knife, broken!"

The demon emperor Shitian brazenly put out his hand, and connected them into a piece of magic sword, like the forest of sword mountain, which covered the sky. The target was Kuming Xuan.

On the half dry face of the withered Ming Xuan, under the reflection of the magic knife, it was particularly shocking!

"All ghosts worship!"

A black ghost symbol appeared in the middle of the eyes of the dead, bright and mysterious people. The ghost symbol broke open, revealing a golden light. In the golden light, there seemed to be the sound of ghosts.

Originally scattered around the ghost, at this time, even as inspired, even one after another showed the state of kneeling.

After being worshiped by these ten thousand ghosts, kumingxuan's whole body radiates black luster, just like Buddha in hell. The worship of ten thousand ghosts gives kumingxuan a layer of hell ghost light.

At this time, the withered, bright and mysterious person is like a God with great power. In the opening and closing of his eyes, the ghost claw is like a huge net, directly covering the body of the demon emperor.

Not long ago, Emperor Zhetian broke through and was injured. At this time, he was oppressed by the evil spirit of the dead, bright and mysterious people who gathered in heaven and earth, and his eyes were dignified.

After tens of thousands of years of sacrifice and practice, it is obvious that the Kuming xuanzhi has become a great master of the way of ghosts, and the change of the way of heaven outside the country has strengthened his strength, and he has even seen a trace of the law of ghosts!

Yankun naturally found that the state of the demon emperor was not right, and he had taken the lead to protect the demon emperor behind him, looking coldly at the Kuming Xuan.

"Your opponent is me!"

Kumingxuan lowered his eyes, as if he didn't put Yankun in his eyes, just slowly watching his hands.

"Mole ants are mole ants. When they get together, they are a mob."

The power of Yan Kun's blood burns again, but he doesn't react.

Kuming xuanzhe has already made a false move, directly over two people, and entered the breakthrough place of Ye Luo'er.

The breath of dragon has become stronger and stronger, and Yeluoer's breath has also fluctuated.

"Master devil, what should we do?"

Yan Kun's face is full of anxiety at this time. Ye Luo'er has reached the last moment at this time. If this Kuming Xuan is allowed to make trouble, the consequences will be unimaginable.

The emperor knew that in his present state, he and Yan Kun were not rivals of Kuming xuanzhe.

And more importantly, at this time, they forced into it to fight with the Kuming xuanzhe, which will certainly have a more serious impact on yeluoer's breakthrough.

The demon emperor looked at the sky with a dignified look: "now I can only hope that ye Chen will come as soon as he receives the news!" "It's a pity that the blood dragon went looking for a chance not long ago, otherwise this guy would not be so rampant!"

"At the moment, if that person really gives a hand to Ye Luo Er, then you and I will keep Luo Er no matter how!"

.....

At the same time, the Kuming xuanzhe entered and soon saw yeluoer sitting with his knees crossed.

Yeluoer's whole body is full of the breath of the dragon race. Her beautiful face is set off by her shining luster.

"It's a woman!"

Kumingxuan has some feelings about yeluoer's age. In his opinion, if he can break through those high-level skills, even if he has not practiced for tens of thousands of years, he has to practice for thousands of years.

In the eyes of the practitioners, this little girl is too young.

"If it's normal..."

The withered, bright and mysterious man showed an obscene smile. He didn't know what evil thoughts appeared.

At present, when yeluoer broke through, the Dragon flavor has become stronger and stronger.

"But now, I will never give taixuan the hope of recovery. If you want to blame it, you have chosen the wrong place! "

Kumingxuan's claws were raised high, and he intended to bombard ye lu'er to death.

Between lightning and flint, the void is torn! Yibing's sword appears on the two claws of Kuming xuanzhe with a sense of monstrous evil.

"Who is it?"

Kumingxuan didn't feel any breath approaching. He was surprised by this sudden person.

"You shouldn't touch my people!"

Ye Chen a low roar, endless huge force surging!

Kumingxuan obviously didn't expect that this move had such power. He quickly turned his body and let himself not fall to the ground in such a mess.

At this time, ye Chen has already been angry!

The man who didn't know where he came from hurt Yankun and the master of Zhetian devil like this!

Even let many disciples of taixuan array fall!

What's more, this person who doesn't know the difference between ghost and human even extends his paw to yeluo'er at this time!

Unforgivable!

## Chapter 5332

"Die for me!" Ye Chen a roar, change spirit magical power operation, its body surface flash over a complex black lines!

The fury of evil spirit seems to sweep the world.

The void around him was full of his sword.

Whoa!

Ye Chen a sword mercilessly splits, toward a black human figure to chop.

His martial arts charm, instantly condensed into a field, at the foot of Guanghai bloom, the sword's lethality, but also earth shaking.

Under the gate of taixuan array, countless mountains and jungles, birds and animals, scream in panic.

Under the sweeping of Ye Chen's sword Qi, all the living creatures of thousands of miles were shocked, and I don't know how huge waves they caused.

Stab!

Sword up, blood down!

That dry Ming Xuan is directly by Ye Chen a sword, penetrate the heart!

Kumingxuan's eyes are cold, the baigui charm between his two claws reappears, and the dark ghost air has risen again.

Innumerable evil spirits have been tearing and biting towards Ye Chen.

"Ghost way? And a little bit of the power of law? You shouldn't have provoked me! "

Whoa, whoa, whoa!

Ye Chen wields his sword like a splash of ink and water. With thousands of sword lights and the momentum of running through the stars and the moon, he kills the Kuming xuanzhe in front of him.

Ye Chen a violent drink, since snatched the fighter plane, he can't easily miss.

Taking advantage of the moment when the dead, bright and mysterious people are in a trance, ye Chensha's sword cuts wildly, and a series of starlight, mixed with the thunder and heavenly power, kills out madly.

The whole world seems to have become a wasteland of thunder prison. The endless breath of thunder, as well as the towering sword Qi of starlight, condenses into an unparalleled sword Gang column and rushes forward.

Puff!

The ghosts in front of him were killed by the sword gang. In an instant, both the body and the spirit were destroyed, and they disappeared with the sky!

It is obvious that the withered Ming Xuan has been suppressed by Ye Chen's magnificent momentum.

It's just heaven and earth, how can there be such power!!

For tens of thousands of years, his understanding of himself has always been very clear. Ye Chen is not only brave and fearless of death, but also strong enough to crush him, which makes him a little afraid.

Kuming xuanzhe pulled out a stone full of runes from his chest.

Fingers to his heart, a touch of heart blood condensation and now, and then fell on the stone.

Guided by the blood, the carved patterns on the stone form blood lights.

Rising slowly, it is a huge array.

This dharma array reveals queer and gloomy.

"Nine difficult whirling array!"

The corner of the mouth of the person who is withered, bright and mysterious moves. This square of ghost array is his great chance in the practice of ghost.

The huge ghost disk has been opened, and 18 huge black ghosts have appeared in nine directions.

The ghost's eyes are red, and each one holds a ghost seal.

They cast their eyes on Ye Chen's body.

"Die..."

Eighteen ghosts sent out a cold death notice at the same time, and the breath from hell swept Ye Chen.

"Since you want to die! I'll take you on the road! "

Ye Chen drinks violently from the sky, his robes are flying, and his spirit power is running. His whole body's spirit power is bursting, which directly brings his cultivation to the extreme.

In the eyes, the killing intention is boiling, the huge strength surging, mercilessly a sword!

Wow.

The vast immortal golden light surged up from his body, mixed with the ancient evil spirit. His whole body was in harmony with the gods and demons, and his eyes were filled with towering majesty.

At this time, ye Chen is already in a violent state.

"Destruction Shinto, moon soul cut!"

The ultimate sword light, splashed out!

The sword light startles the sky, the infinite sword meaning is mixed with the ancient breath, as if to run through time and space, crush the universe.

The withered and bright person's face is haggard, and he knows that he should be the one who has been provoked. At this time, he is already in the mood to retreat!

But did he return it?

Ye Chen holds the Sha sword, and the tip of the sword points directly at the Kuming Xuan: "you shouldn't pay attention to taixuan array gate."

"Remember, the person who killed you is Ye Chen."

The withered, bright, and mysterious man was stunned. The heaven and the earth, ye Chen?

Is this man really the super genius of heaven and man?

At the same time, with the help of lingxu, Taoist Yang Xi and Wu Xuan also came to them.

The subordinates of the black figures of the Kuming xuanzhe had already been defeated one by one. At this time, there was no more support.

"Zhang Jiao! This man killed countless taixuan disciples! The crime is unforgivable

Wu Xuan's vitality had not yet returned, and his voice was very weak compared with his previous voice.

Ye Chen heard here, looking at Xiangyang Xi Taoist eyes full of gratitude.

If it wasn't for them and many disciples of taixuan array to stop him, the consequences would be unimaginable!

"Thank you, Taoist Yang Xi." Ye Chen bows to boxing. "This man was Kuming xuanzhe, a close disciple under the throne of taixuan formation. He was abolished and expelled from the school tens of thousands of years ago. This time I'm here for revenge. "

At this time, Taoist Yang Xi had swallowed some effective medicine to restore Qi and blood, and just continued to say intermittently.

"He used to use Yin moves. He had a bad mind. Be careful."

Ye Chen nods and smiles at his kind reminder.

In his hand, the sharp edge of the evil sword is fully displayed, and he is directly pressing towards the Kuming Xuan.

"Don't kill me, I have a big secret, for my life!"

At this time, kumingxuan had already lost his disgusting state, just like an old man, kneeling on the ground and pleading with yechen.

"Oh?"

Ye Chen's mouth showed a playful smile.

What kind of secret will this old ghost who has lived for tens of thousands of years hold in his hand?

"As long as you promise me, don't kill me!"

Kumingxuan shows a flattering smile and tries to bargain with yechen.

"You may have misunderstood that you are not qualified to negotiate with me!"

Ye Chen says coldly that the blood of so many people has been stained on kumingxuan's hands. It's a gift to talk to him alive now.

"I said, I said!"

At this time, kumingxuan can only gamble on whether he can get his life back in the hands of the super demons in heaven and man.

Although the words said so, the Kuming xuanzhe didn't mean to continue.

Ye Chen sees him one eye, the palm turns, a layer of fine eavesdropping boundary has been formed, he and the withered Ming Xuan shrouded in it.

"In order to practice the ghost way, I went to a ghost way relic, and I met the queen..."

There are even some ups and downs in the process of narration.

"Queen? You mean xuanjiyue? "

Kumingxuan nodded again and again, "the method of ghost way is not in the mainstream. If it wasn't for taixuan array emperor who abandoned my cultivation, I would never practice this way."

"Go on."

Ye Chen doesn't want to discuss his own way of growth with him. He just wants to know something about xuanjiyue.

"Your Majesty is so noble, how can you get to the ghost ruins? With doubts, I secretly followed her in

The withered Ming Xuan saw that ye Chen didn't mean to ask, so he just kept on saying: "finally, I found that she buried some things in the ruins of the ghost road."

Ye Chen frowned slightly.

"That place is very hot, the core of hell, even the air is frozen. There is a three by three blood pool in the middle. It seems that there are creatures in it. Every time, her majesty uses this pool to soak

Ye Chen obviously also understood the secret of Kuming xuanzhe.

This is simply to tell you that her Majesty's side of the blood pool, or she got a big chance, or another hole.

"More importantly, when her majesty came out of the blood pool, her breath became so strong that I almost exposed it twice!"

The eyes of the withered, bright and mysterious people were turning, as if they were thinking about the original scenes.

Ye Chen thinks, but there is no change between the eyebrows.

"Since you can follow xuanjiyue, you must have gone to the blood pool alone?"

Ye Chen is tiny to put on a light smile, for this withered and bright Xuan person, the air is obviously full of satire.

"No, no! I dare not

Kuming xuanzhe shakes his head quickly. In fact, he really tried to soak in the blood pool, but her majesty has set up too many obstacles for him to get through.

"Don't you dare? Or not? "

Ye Chen's satirical smile is more obvious. How can a villain like Kuming xuanzhe let such a big chance lie in front of him, but he didn't turn a blind eye to it!

"I can't get by."

In front of Ye Chen, the withered, bright and mysterious man is as naked as a naked man.

"Do you remember the location?"

Ye Chen says suddenly, a pair of very interesting appearance.

Kumingxuan nodded again and again, "if you are willing to let me go, I will immediately present the map with both hands."

Ye Chen did not speak, as if thinking about value.

One second, two seconds.

Every second is like a year for the dead and the dark.

"Wow

The evil spirit sword suddenly comes out of Ye Chen's hand violently. The point of the sword front is the neck of the Kuming Xuan.

Separation of the body!

A clean break!

Chapter 5333

The dead man's neck was still bleeding, and his eyes were wide open. It was obvious that he was surprised by this scene.

If at other times, he uses xuanjiyue's secret to exchange his life, ye Chen will mostly turn a blind eye.

But not this time.

The front gate of taixuan array is almost destroyed, and the middle gate guards ye lu'er one by one with their lives. Finally, there are the injuries of Yan Kun and the demon emperor.

I can't bear it!

There's no room for it!

These people are ye Chen's enemies!

If you touch the scale of the dragon, you will die!

So no matter who it is, it's hard to escape death.

"Soul devouring the sky!"

A giant virtual shadow with a long sword and a flame appears in front of Ye Chen's body, and cuts it out with a sword to the withered Ming Xuan who is separated from the corpse!

Yang Xi Taoist hasn't told ye Chen not to believe this withered, bright and mysterious person, so he just looks at the other party's head.

.....

At the same time, in the realm of heaven and man, there is no light in a dark underwater grotto.

A cold voice suddenly sounded.

"That guy is dead?"

The ghost spirit permeates the grottoes. The body above the Grottoes is hanging like a decoration.

A green jade, like a bed, is placed in the middle, but only a ferocious giant insect is placed on it.

This is Gu Mu, the source of all kinds of Gu.

A black robed man sat next to the jade. His whole body was hidden in a black cloak. His eyes were like green ghost fire, flashing with the light of greed and resentment.

Pop!

The bodies that originally hung on the top of the body, in this man's ghost claws, have fallen.

"Kuming! Dead! I've been keeping the Zi Gu for tens of thousands of years! "

The tyrannical voice came out and resounded throughout the grottoes!

"Waste! I am only one step away from perfection

The man's fingers appear ice green light, and a light curtain is pulled out between his claws. The perspective of the light curtain is obviously the chest position of the withered, bright and mysterious person.

"Taixuan array gate!"

The man saw the picture that the gate of taixuan array was crushed unilaterally, and knew that it was not this group of waste that killed Kuming.

"Who killed my apprentice?"

The man looked at the picture coldly, full of resentment, like a poisonous snake.

On the screen, ye Chen, holding a Sha sword, sweeps Ku Ming with a brilliant and disdainful look, almost destroying Ku Ming.

The man observes leaf Chen carefully, the voice is more because of violent mood fluctuation and tremble, burning in anger already can't let him calm down!

"Ye Chen? I want you to die! Taixuan array gate! I want you to destroy the door

The man's claws were tightly clasped together, and his cold voice turned the scattered corpses into powder under his cruel power!

The icy pressure gradually dissipated.

The change of the way of heaven outside the region gives him a chance to recover. If this disciple does not die, he will be able to step on the peak outside the region, and the temple of heaven will surrender at that time!

Unfortunately, ye Chen's appearance has ruined his future!

.....

The screen turns.

The people of taixuan array are looking at the Sha sword in Ye Chen's hand and the corpse of the Kuming Xuan who this Sha sword refers to.

"The master is mighty!"

Wu Xuan coughs violently, and his heart has been damaged by the previous battle. At this time, he just tries to support.

"I will reestablish the mountain protection array at the gate of taixuan array. In the future, I will never let it happen again!"

"Those who move the gate of taixuan array will be killed without mercy!"

Ye Chen Mou son one coagulates, quite domineering say, didn't put this so-called dry bright Xuan person in the eye at all, turn a head to see to cover the sky evil emperor, that make the injury of the eye-catching, in the heart some worry.

"Master devil, you..."

"No harm, no harm."

It was just a small wound for him to wave his hand repeatedly. He didn't have to worry about it at all.

Just when people think it's over, it's a sudden change!

"Be careful!"

Boom!

Originally, the corpse of the withered, bright and mysterious man suddenly burst out with a huge explosion, and the flesh and blood were flying, in which countless silk like eggs burst out.

"What the hell is this?"

Yan Kun swallows his saliva, and his scalp is numb. The Kuming Xuan is not a person at all.

"Insects?" The emperor of covering the sky frowned slightly and looked at the eggs all over the ground.

At this time, some young eggs have hatched rapidly with the speed visible to the naked eye, wriggled and crawled towards the disciples of taixuan array gate.

Ye Chen Mou son a congeals, nature feels not right, his hand instantly appears a Xuan flame, part of the larvae in front of all burn. Is the power of the fire of Daoling just a little evil thing to fight against?

However, ye Chen doesn't mean to even clear this little egg for the disciples of taixuan array. After this catastrophe, they should also realize the importance of strength.

If you don't want to make the same mistake again, try to become stronger and rise against the trend!

"It's someone who's keeping Gu in Kuming's body!"

Taoist Yangxi sighed. It was because the emperor of taixuan array found that Kuming was entangled with such evil things that he expelled him from the school.

I didn't expect that he not only didn't think about his own life, but also intensified his efforts. He not only practiced in the ghost art, but also was seduced by others.

"Ah! It's a sin. "

When ye Chen heard Taoist Yang Xi's lament about spring and autumn, he looked indifferent.

Taixuan array emperor appeared in reincarnation cemetery before, this is because.

Today I have destroyed Kuming. This is the result.

Why is it not the reason that taixuan emperor expelled Kuming, and why is Kuming's revenge not the result?

"Ye Chen..."

Xuan Hanyu's voice suddenly rang out.

Ye Chen's face is full of doubts. Xuan fairy usually focuses on his own practice. He usually doesn't show up unless he has to. At this time, he says something. Is there something wrong with this person?

"Mysterious fairy?"

"This egg is not a common bug!" Xuan Hanyu's tone was cold and anxious. She had not seen the egg for many years.

"Oh?"

Ye Chen's mind is filled with a trace of doubt. His understanding of insect and Gu is to kill people. At this time, insect and Gu burst after Kuming Xuan's death, which only proves that he is a child Gu.

However, he didn't find anything unusual about this insect bug. After all, it was only infected by a trace of dark flame, and then the insect bug was roasted and dissipated by the burning breath.

"If I'm not wrong, this may be the son of Nanshan Gu Mu in the realm of heaven and man. Nanshan Gu Mu is the source of the son."

"Someone has raised the poisonous mother of Nanshan It's a lot of guts. "

"Nanshan Gu Mu?" Ye Chen is not familiar with this way. He has only heard about this ghost way, but today when he sees the withered Ming Xuan, his heart is full of sighs.

"The Nanshan Gu mother must have raised enough Zi Gu. After the Gu is completed, the person who practices the Gu can step into the perfect state! If the change of the way of heaven outside the territory is really Gu Cheng, this person can absolutely sweep the temple outside the territory! "

Xuanhanyu doesn't care as much as ye Chen, and her tone is full of worry.

"Nanshan Gu mother's son Gu is so strong that he has been kept in captivity for at least tens of thousands of years. If you kill his son Gu today, he will not give up."

Chapter 5334

Ye Chen's eyes coagulated, and he said, "since I've moved my mind to taixuan array gate, no matter who it is, even if it's the people in the East emperor's temple, I'll kill them right!"

Xuanhanyu naturally knows that ye Chen's words are not exaggeration. In fact, he has enough strength.

"Don't take it lightly."

Ye Chen nodded. Although he didn't care about the South Mountain Gu mother, he was cautious and used to doing things step by step. Naturally, he would not let the Hidden Dagger hide behind him.

He looked in the direction of yeluoer and found that the breakthrough breath of the dragon people was more and more powerful, and his heart was looking forward to it.

What is the level of Ye Luo'er's nine heaven magic cultivation?

Will Luo'er become the biggest beneficiary of the change of heaven and man?

But ye Luo'er's breakthrough is not over, and ye Chen doesn't plan to disturb.

At this time, ye Luo'er didn't know anything about what happened outside. She focused on understanding and breaking through. Her face sometimes wrinkled, sometimes clear, sometimes joyful, sometimes nervous.

"Master devil..."

Ye Chen will xuanhanyu said one by one to inform the emperor.

"I must not let such a threat hurt Luo'er and Taixuan array gate."

If we can't get rid of the root, we will have endless troubles!

The demon emperor nodded: "we must kill his Gu mother, otherwise it will be too late for him to do it."

Ye Chen looks dignified, and he must not risk exposing Ye Luo'er.

"Zhang Jiao, the Taixuan array gate has a trick. It seems that you can find the location of Gu Mu through this insect egg."

Taoist Yang Xi did not know when he had come to Ye Chen and the demon emperor. At this time, the gate of Taixuan array was weak. If Ye Chen could not shoot it down completely, it would be a potential danger to the gate of Taixuan array.

"Good!"

Ye Chen doesn't hesitate. As far as he is concerned, as long as there is a way to find the hidden Gu mother, he will have a way to kill her completely.

Taoist Yang Xi took out a roll of bamboo slips from his arms, and his face was a little embarrassed.

"Lao Dao, at this time, internal cultivation is in decline. You can only cast the Dharma yourself to find the cause and effect with the eggs."

Ye Chen knew clearly and said nothing more, and took over the bamboo slips.

"Don't worry, I will protect the Dharma for you!"

The demon emperor did not say much. He had opened the protective barrier and enveloped him and ye Chen in it.

A huge eight trigrams array has been laid down based on Ye Chen.

Complex galaxies have been floating in the whole array like fallen leaves.

The eggs on the ground are full of ghosts. They become a sword shadow and travel through the whole eight diagrams.

Wisps of stars like light, the ghost of the action track exposed.

"Death Gate, life gate!"

The eggs keep pouring into the place where they think they are safe, that is, the location of the female.

"Found it!"

Ye Chen's face showed a touch of joy. Fortunately, the egg has not died, and the ghost breath on his body is still alive and full. Otherwise, this array alone will not help.

"What's the position?"

Looking at the jumping place of the galaxy's light spots, the demon emperor frowned.

"He was buried near the sea of heaven..."

Taoist Yang Xi is more familiar with the realm of heaven and man, and he has already taken the lead in saying it before the beginning of the demon emperor.

"It's really a good place to keep Gu Mu in captivity."

Ye Chen nods. It seems that the South Mountain Gu mother and the Gu maker must be here.

However, it was not buried in the sky and sea, but in the surrounding area.

"I'll be right back!"

Ye Chen thought of what, to cover the sky devil emperor said: "contact the blood dragon, let the blood dragon as soon as possible back to taixuan array door, guard Luo Er."

At present, the only one who can guard the gate of taixuan array is the blood dragon.

.....

Half a day later.

A sea area, because it is close to the burial sea, is called the soul burial sea area.

The ghosts and shadows, like the guards of this sea area, hover up and patrol around.

Ye Chen breaks through the void and comes to this sea area, and finds the strangeness of this sea area.

The temperature almost reached freezing point, but the sea continued to roll and the waves vibrated.

The dense ghost breath is the same as that of the Kuming xuanzhe. The ghostly and terrifying ghosts transform various forms of ghosts and rampant in this sea area, as if this is their home.

Ye Chen didn't have the slightest fear in his eyes, so he sacrificed his sword.

He stepped out in one step, transformed his soul and body, infused the power of blood into his arm, and cut it out with one sword.

When the sea surface of the ghost burial area is suddenly hit by such attacks, the ghosts on the sea surface will have to make any dodge in the future and be directly defeated in two.

The sword fell on the sea, abruptly divided the sea into two, revealing the grottoes on the bottom of the sea.

"Hidden rat, if I guess right, you should be waiting for me!"

Ye Chen's indifferent voice passed through the grottoes and directly into the depths of the earth. The Gu mother on the jade platform shakes her body violently, as if to get up and fly out.

Originally sit on the ground of the man, at this time feel the change of soul burial sea area, Hear ye Chen so rampant provocation.

With a grim smile on his face, "just in time! I've come to see you! "

Next second!

The man's figure, like a ghost, dissipated in the same place and appeared in front of Ye Chen in an instant,

"Ye Chen! If you dare to kill my apprentice, destroy my son Gu, and come to the door to provoke me, I'll let you know one by one! "

The man's eyes are full of green light, burning with anger, and the ghost claw has gone straight to Ye Chen's face.

"Well! The apprentice is useless, and the master is not so good! "

Ye Chenmu in fine awn a flash, low drink a voice way!

Dang!

The man's ghost claw collides with Ye Chen's evil sword and makes a metallic sound.

The mighty power spreads, ye Chen's heart is surprised, can't see that this man has already trained the ghost claw to this degree, and is really not a grade with the withered Ming Xuan.

"Ignorant child, let you have life today, no life back!"

The man's claws are folded, and a round bead has appeared between his claws. The bead is full of the light of ghost fire and the roar of thousands of ghosts, which has filled the whole sea area.

"Ten thousand ghosts! The living are destroyed

The Pearl slowly rose into the air, and the ghosts, which were scattered on the upper layer of the sea, were summoned almost at the same time.

Ghosts roar in all directions, attacking Ye Chen with the posture of destroying heaven and earth.

Ye Chen's face is slightly coagulated, but he doesn't intend to use the supernatural power. Instead, his fingertips turn into a pagoda.

"Put it down!"

The spirit of Ye Chen's golden light and Buddha floats, and the spirit of eight step futu explodes. There are Buddha statues shining on every side and floor of the thousand story futu pagoda.

The voice of Buddha and Zen is absolutely in the ear, which instantly covers the shrill ghost roar of the whole sea area.

Buddha's light condenses the source gas between heaven and earth, and the power of purification is extraordinary. The ghost that arrived first, at the moment of touching the pagoda of futu, has completely dissipated between heaven and earth!

The smell of the supreme golden light lit up the whole sky.

Chapter 5335

The air of putu, which is rolling in, is ready to overturn the whole sea area.

The man's fingers turned, and the luster of the Pearl turned into a dark black.

At this time, the sea area of soul burial was slowly subdued in calm under his authority, and then countless swirls were formed on the sea area.

"Hongmeng big star sky!"

The breath of Ye Chen burst out. With a wave of his hand, a vast and bright starry sky suddenly emerged, covering the whole sea area of soul burial.

"Hum!"

The man's eyes turned, it's nothing more than Hongmeng ancient method. His strike has been precipitated for hundreds of thousands of years, and it will definitely be fatal!

"Ten thousand ghosts!"

In every whirlpool, a ghost soldier appears with a sword in his hand. Every one of them has the strength of the real world.

Even under the pressure of Ye Chen's evolution of Hongmeng big star sky, this group of countless ghost soldiers did not have the slightest strength to suppress.

"Destruction Shinto, moon soul cut!"

The ultimate sword light, splashed out!

The sword light startles the sky, the infinite sword meaning is mixed with the ancient breath, as if to run through time and space, crush the universe.

"Ten thousand ghost earth net!"

This is a series of moves, the man's eyes show a funny smile, as if to Tell ye Chen that he has won.

The ghost soldiers rush in, regardless of the danger ahead. Ye Chen is annihilated by the overwhelming ghost soldiers. A Bing Sha sword flies up and down, but the ghost soldiers seem to kill him.

Ye Chen's eyebrows are slightly wrinkled. He can feel that there is a very strong ghost law in the technique!

The key is that the sea area is full of the power of law!

It's so good for each other!

And the strength of the other side should be about half step Taizhen! But with the help of the law of the sea, far beyond this realm! Absolutely dangerous!

Ye Chen doesn't plan to use the blood of the dark goblin for a short time!

We can only fight hard!

Between the thoughts, ye Chen found a voice from reincarnation cemetery!

It's the voice of luotaixu, the God of Xinghai!

"Master, are you awake?"

In the reincarnation cemetery, Luo Taixu, the God of the sea of stars, nodded: "you are in the trap of that guy..."

"Do you have a solution to this problem?"

Ye Chen's heart is a joy, this time in the face of this ten thousand ghost's attack, he didn't get rid of it for a moment. After all, the ten thousand ghosts are just dead spirits, even if it is the dark source gas, they won't change their attack target.

At this time, if the God of Xinghai could make a move, no one would be ye Chen's opponent.

"During this time, I absorbed part of the power of burying the sky and the sea, which is why I was silent most of the time!"

"Now, it's time to try these powers."

Luo Taixu light way, he is the star sea of respect, any sea area in front of him will bow!

And he didn't do it because he absorbed the power of the sea!

"I'm in charge of the body!"

"Blast!"

At the moment when Luotaixu took over Ye Chen's body, the sea water in the soul burial area was like a huge beam of light, running from the bottom to the top. Under the traction of the water in the star sea, the rolling sea water swept all the ghost soldiers out directly.

Ye Chen's figure has already stepped on the sea area, and the blue water ripple around him floats slowly, just like a throne in the water, floating behind him.

"Well?"

The man obviously didn't expect that his attack would be defeated by Ye Chen. In that sea area, he was in a hurry to dodge.

"Just evil things, with the help of the law of the sea, that's it?"

Falling between the stars twinkle, a star like a pearl slowly to meet the man.

Although it is a tiny star, but it contains the supreme power of the sea of stars, but let the man was a great sense of oppression, face red want to flee.

"South Mountain Gu mother help me!"

The man roared, biting the blood of his fingers. The huge insect on the jade platform appeared on his claws at this time. The blood had awakened the original insect.

"Xinghai long hit the stream!"

Luo Taixu just made a few empty points with his fingers. The sea water in the soul burial area has condensed into a sharp knife. The body of the knife is flowing with water, and the overflowing water reflects the luster of the deep sea.

The insect bug opened his mouth and rushed at the sharp knife.

"Hum!"

Insects and insects make a buzzing sound. Between the trembling of their wings, the ghost air is dense, forming a huge thick fog, which covers luotaixu's sight.

"Hum!"

After the dark ghost spirit, people and ghosts came one after another. It was obvious that it was the son who was just called by the mother of Nanshan Gu mother.

Luo Taixu obviously didn't care about these useless Zi Gu. The sharp sword transformed from the sea of stars broke through the layers of ghost Qi, just like wearing sugar gourd, and killed them all!"Hum!"

Obviously, seeing this scene, Gu Mu of Nanshan Gu Mu was very angry, and there was a greater buzz.

"Summon your disciples and grandchildren? It's just death! "

The disdain on Luo Taixu's face is obvious, and the power of Xinghai in his hand is wrapped in the whole sea area of soul burial.

The whole sea area of ghost burial seems to be alive. The waves roll to form huge waves claws, and the ghosts and ghost soldiers claw down to the bottom of the sea one after another.

"Since they are all here, let's all stay!"

In fact, Nanshan Gu's mother has already occupied the man's chest and is greedily devouring his blood.

Its strength is greatly damaged by the many poisonous insects that have died in vain.

The supreme power of the sea of stars shows the authority of the superior, and the surging power of destroying heaven makes him even have no space to dodge.

If there is no such burial sea area, the God of Xinghai will be defeated!

But as long as it is the sea, the God of Xinghai is the real God!

"Boom!"

The man's expression still retains the fear and fear before he died, but his body has been broken by the rolling wave tentacles.

Then the waves covered the man's mouth and nose, and the power of the sea of stars poured in from the seven orifices, crushing his internal organs.

"Boy, I'll leave the rest to you."

Luo Taixu didn't say much, and the divine consciousness had returned to the tombstone of reincarnation cemetery in an instant.

Ye Chen takes over his body again, looks at the dilapidated battlefield and sighs slightly. It seems that the power of the God of Xinghai is much stronger when he is buried in the sky and sea. Any water area is a minister in front of him.

"Why?"

Ye Chen sees toward the man, already the black robe of crack, suddenly appeared a face that he unexpectedly incomparably familiar with.

"Hong Tianjing?"

At this time, ye Chen's heart is fierce, and the evil sword in his hand is unconsciously grasped.

"No, how could Hong Tianjing be so weak? And how could he be here! "

Ye Chen immediately thought that he had seen Hong Tianjing enter the tianwu arena alone in the light curtain, and he had also seen Hong Tianjing fight to the death with the heavenly daughter. At this time, the man's face was quite similar, and he had absolutely no upper power.

A trace of divine power immediately penetrates the man's sea of knowledge. Ye Chen must see what the man has to do with Hong Tianjing.

Chapter 5336

"I see!"

Ye Chen couldn't help laughing after seeing it. Hong Tianjing was rampant at that time, but restricted by the supreme rules, he couldn't break the barriers at will, so he came up with some strange techniques.

This man is a skeleton made by Hong Tianjing through his own blood and bone. It's just used to put it in wanxu temple to trick people.

It's just that in the long and eternal years, Hong Tianjing had his own mind. Even under the seal of Hong Tianjing, he practiced the ghost way and refined the poisonous mother of Nanshan Mountain, which was hidden in the sea area of this ghost burial.

He also wanted to step into the realm of Taizhen with the help of the change of the way of heaven.

"Ha ha ha! I don't know. "

Ye Chen is to this man shake head unceasingly, but is a wisp of divine consciousness, still have so big ambition.

What's more, he killed a lot of practitioners. It's a common indignation!

At this time, killing him can be regarded as killing for the people!

The tumbling waves scattered the man's body, but the huge Nanshan Gu mother was still sawing on the man's chest, hungry for blood.

It's still alive.

Ye Chen's heart was shocked. With the help of the law of this sea area, ye Chen just hit the God of Xinghai. He could be regarded as crying for ghosts and gods. But he didn't expect that the flesh of the South Mountain Gu mother Gu female was so strong.

At this time, the mole ant is to absorb the men's blood essence, maybe want to fight back.

Ye Chen holds the Sha sword and transforms his soul. At the same time, the power of the dark source has been quietly instilled into the sword. The dark power of dawn rises from the tip of the sword and slowly approaches the South Mountain Gu mother.

"Hum!"

Gu Mu obviously had a general expectation. At the moment Ye Chen's sword pointed out, she fluttered her wings and sent out black air to hide her trace again.

The man's body shape, which had already been destroyed, was cut by Ye Chen's sword at this time, but there was no blood flowing out, and he was absorbed by the South Mountain Gu mother.

As in the dark by what things covet, ye Chen back hair cool, ear wind bursts.

Has this Gu mother cultivated her own mind?

Ye Chen's bold guess way, in the hand evil spirit sword already waved to a.

However, there was a sense of tearing the void, but it didn't cut the other side.

All of a sudden, he felt that a wet insect had been clinging to his back from the other direction.

At the same time, the slippery insect tongue almost licked his neck.

The dizziness of the moment made his whole body deviate.

This Gu mother is strange!

Ye Chen's heart is shocked. The next moment, three soul seals flash in Ye Chen's eyes. The soul body transforms and displays. At the same time, the blood burning formula and the body of the demon all explode! I want to tear off the insects behind me.

But Nanshan Gu mother seemed to be a dog skin plaster, clinging tightly to his back, and even more like a sucker, sticking to his body.

Dark, treacherous.

Ye Chen thinks that his soul power is not weaker than that of Taizhen! However, at the moment, he found that his divine consciousness was constantly attacked, and his dizziness made him unable to maintain his body shape standing on the water.

He was dragged into the sea area by the Gu mother.

The cold sea water made all his limbs feel chilly, and he had to part out a part of his body.

"My will! Sleeping in the sea

Ye Chen only feels that such a sound rings in his ears, as if he is about to be drowsy.

"He's going to give up!"

Suddenly, ye Chen wakes up, what he guesses is right, this Gu mother already has a mind.

I didn't do my best just now, just for the sake of losing both sides and making it easy to win.

The South Mountain Gu mother is obviously well prepared, countless tentacles are all stuck on Ye Chen's meridians.

The surging sea water poured into his mouth and heart.

Consciousness slowly sink, ye Chen unexpectedly fell into fainting.

Can be stronger than ye Chen's soul power, visible this Gu has how terrible!

Xuan Hanyu and Shuo Lao are more eager to speak in Ye Chen's ear:

"boy, wake up!"

"This Gu mother actually contains a trace of supreme power in her body!"

"The soul power of the martial arts in Taizhen is not enough to fight!"

"Damn it

"Ye Chen, wake up

However, ye Chen could hardly hear Xuan Hanyu and Shuo Lao

Are you going to die?

All of a sudden!

At these critical moments, reincarnation runs!

At this time, ye Chen's whole meridians red surging, reincarnation blood circulation, the wisps of ghost breath from the back have forced back.

The power of reincarnation blood can crush all evils.

It's obviously not an ordinary creature.

Under the pressure of reincarnation blood, the insect has to leave Ye Chen's back.

If ye Chen's consciousness is still there at this time, then Nanshan Gu Mu's eyes, greedy eyes, look at Ye Chen, huge mouth open, want to swallow Ye Chen directly. And at this time, the dark demon mark on Ye Chen's body also immediately sent out a burst of dazzling luster!

Countless monstrous forces seem to turn into arrows, stabbing at Gu Mu!

Gu's mother was crying bitterly, but she was helpless. Her huge body fell on the bottom of the cave and broke into a huge pit.

Ye Chen's body without the control of the South Mountain Gu mother also fell into the grottoes.

"Where am I..."

A moment later, ye Chen just turns to wake up, beside is the body of South Mountain Gu mother.

The insect almost fell into the flesh mud, but the blood oozing from its body was dark blue, which made it look very ghostly.

Ye Chen doesn't intend to be close to observe, in case the Gu mother suddenly burst.

Then his vision moved down, and the huge body of Nanshan Gu mother smashed a hole in the cave, revealing the jade platform where it originally lived.

The luster of the jade platform seems to be a bright lamp, emitting a little bit of light, attracting Ye Chen's eyes.

"What's that?"

Ye Chen a body, have already come to this Jade Terrace side.

"Is this xuan yu bing?" Xuanhanyu's voice sounded again, which seemed to be some surprise.

"Sir, is this good for you?"

Xuanhan jade words joy, "you protect the Dharma for me, I received this chalcedony."

Xuanhan jade harvest, ye Chen nature is also overjoyed, hastened to protect the law barrier sacrifice, help Xuanhan jade harvest this ten million years of chalcedony.

The sea area of soul burial experienced a great war. At this time, the sweeping waves were sweeping away the debris one by one, as if it had never happened.

It was obvious that xuanhanyu began to sleep after swallowing the chalcedony.

Tsunami swept the sea floor, the gravel rolling surging.

Without the protection of men, the underground world has been very violent.

Although the thick sand burst didn't hurt Ye Chen, he still turned his hand and suppressed it.

With the sinking of gravel, the semi square stone tablet appeared in his sight.

Ye Chen strides over and has come to the stone tablet.

Chapter 5337

There are mysterious inscriptions carved on the stone tablet, which are made with strong brush power, without hesitation.

Ye Chen thought a little, and wanted to lift the stele out to see the whole picture of the stele.

Can't move?

The stone tablet under the palm of my hand did not waver half a minute. It was like growing together with the underwater world. It could not deflect at all.

The evil spirit sword comes out, the soul body transforms, and the endless power surges. Ye Chen cuts directly to the bottom of the stone tablet!

A cold look appears on Ye Chen's face. Since the whole thing can't be moved away, take away the one with the inscription!

"Stab

The shajian collided with the stone tablet and made a sound. The surrounding gravel had been scattered because of the radiation of the blow.

However, the stone tablet and Sha Jian left no trace on it.

Ye Chen frowned, and his fingers unconsciously stroked the broken surface of the stone tablet, which was very neat. He split the inscription in two and cut it open. What kind of magic sword could have such power?

Law artifact? Source soldiers?

"It seems that someone holding the source soldiers cut off the stone tablet."

In this way, ye Chen is more interested in the content of the stele.

The sky has eyes, the earth has eyes,

the sky has turned and the earth has turned,

there is no land for grain in my life,

the great calamity will be rewarded in the last few years

Ye Chen carefully identified the content of the inscription, but the inscription was cut down from the side, and only a few words were left behind, which made him understand the profound meaning.

In front of the full text, more or a head of fog.

But he was surprised that there must be a huge secret hidden in this mysterious stone tablet, which can make the super strong deliberately cut it off. However, why not smash it directly?

Don't want to break or can't break?

Ye Chen's various speculations emerged without noticing the changes around him.

At the moment, a ghostly figure emerged from the tarnished jade platform, turned to the direction of Ye Chen, and faintly showed a frightening smile.

The ghost turned his head and looked at Gu Mu not far away. It was disgusting in his eyes, but he still put it into his body.

Almost at the same time, a blade like dagger appeared in his hand, which was an artifact of law! On the blade of the dagger is the light.

The ghost figure deliberately converges the murderous gas overflowed by the dagger, and his own breath also converges. In the process of action, there is no sound or even shadow. In this way, he slowly approaches behind Ye Chen step by step.

"Who is it?"

It's almost an instinctive reaction. At the moment when the figure dagger stabs Ye Chen, ye Chen takes the stone tablet as his push hand, and his whole body turns over. He has already seen the ghost figure.

The figure does not have any words, the original convergence of breath, at this time all revealed.

In the dark depths of the earth, the fluorescent light on the dagger is like a lamp.

Ye Chensha's sword came out and hit the dagger several times.

However, this dagger is not so simple!

Far more than the law artifact Ye Chen has seen!

Half of the weapons had already collapsed and died under the repeated collision of Sha Jian and his own strength, but the Bing dagger was getting brighter and brighter.

Ye Chen no longer takes it lightly!

"Xuan ER! Give me strength! The soul of the moon

Boom, a flame in Ye Chen's body surface crazy burning, at the same time, the whole sea is filled with horror!

In the face of such a strong man, ye Chen will not have any reservation! I'm not qualified to keep it!

He poured all his heart and soul into the shajian. The bright moon river surrounded the edge of the sword. A star river sword light seemed to split the world in two.

That ghost figure dagger horizontal draw a spirit light, unexpectedly with Ye Chen's first sword under collision, at the same time vanish.

Vanishing without leaving a trace.

Then, the ghost's figure disappeared out of thin air.

All of these give people the feeling of absurdity and unreal, as if everything just happened was an illusion.

Ye Chen holds the Sha sword and looks around cautiously.

No trace, no breath.

This figure just as it appeared, so it disappeared out of thin air.

But ye Chen is not a piece of wood. He won't wait for him to attack again!

"Hidden rat? You deserve to fight me? How ridiculous

Ye Chen's words are incessant, and he seems to want to satirize each other.

"Miso!"

A ray of light cut through the void again. This move was very fast, and the angle was incredible. It was from the rear right side up, and directly penetrated Ye Chen's leg.

Blood flowing on the gravel, the figure is still missing, but this sudden move seems to be a provocation to Ye Chen!

Key Ye Chen found that his terrible vitality, in the face of each other's blow, even the recovery speed slowed down? Ye Chen's heart is burning with anger. If he is facing the enemy head on, he will never be like this!

"Be careful!"

All of a sudden, the void tears, a clear female voice rings out, and Yibing's slender sword has already removed the dagger that appears behind Ye Chen.

"Siqing? Why are you here? "

Ye Chen looks at the woman who helps him to get out of trouble. He is slightly surprised. He doesn't expect to see Ji Siqing here?

Ji Siqing didn't show up all this time!

"Your accomplishments have broken through again!"

Ji Si nodded, and his delicate body suddenly exuded an ancient sense of war.

This is the fighting spirit of nvwushen!

Magnificent, majestic, powerful, crush everything!

"During this period of time, I traced the samsara, traced the disk, deduced the cause and effect behind it, and searched for the mysterious stone tablet, so I found it here."

Ji Siqing explained that her beautiful eyebrows are tiny, and the fate is boundless, as well as the enmity and enmity of the upper world. At this time, she can't get back to ye Chendaoming.

Wisps of golden light are blooming from Ji Siqing's body.

"Blessed by the holy light, if the supreme gods come in person, I am a blazing angel, and I am in nine days!"

From Ji Siqing's mouth, a vast chant of golden light evolved into a pair of divine wings behind her.

Whoo!

With one wing, the wind blows, and the praises of the gods come out from the abyss.

Ji Siqing's whole person is like a goddess in myth and legend, who is on earth and falls on Ye Chen's side.

Behind Ji Siqing, there is still the figure of the ancient female martial arts divine comedy!

Ji Siqing's taishangtian blazing way incarnates the legendary goddess. With one wing, his body speed surpasses everything. In an instant, he suddenly sweeps down from the nine heaven. The blazing light shines on the abyss, like the eternal gods.

Under this light, the dark earth is as transparent as day.

Ji Siqing put on a smile at the corner of his mouth, and the whole person had already flitted past.

"I've caught you!"

the ghost figure, which was originally hidden in the invisible, is crawling beside Ye Chen, with a dagger lying horizontally in his hand, obviously planning to attack him unprepared!

Unfortunately, he has no chance!

"Do it!" Ji Siqing shouts to Ye Chen.

Chapter 5338

Ji Siqing's eyes are sharp, and there is a female martial god Weili. If he joins hands with Ye Chen, he can directly annihilate this strange thing.

"Good!"

Ye Chen's heart is boiling with blood. With Ji Siqing at his side, he also feels great confidence. With the blessing of God, it seems that all enemies and tribulations can be overcome.

This time, a simple sword is the ultimate strength!

Ji Siqing also offered the flying sword of rosefinch in his hand. The heaven's blazing path broke out to the extreme, and the light was extremely brilliant. If there was a rosefinch or an angel, it was very beautiful.

The ghost's figure is in a hurry to escape under the attack. It seems that he wants to continue to dodge.

"No chance!"

Ye Chensha's sword blocked his direction of emptiness and nailed his body directly on the jade platform.

Without the support of chalcedony, the jade platform suffered such a heavy impact and burst out in an instant.

The dagger came out again. It was a counter attack before death.

The monstrous gas of killing, countless ghost flames, all poured into the dagger, and all the ghost's own martial will, at this time, also completely integrated into it.

Boom!

A dagger, like a volcanic eruption, the ghost energy explodes to the extreme, and the flaming flame constantly burns the space, lifting the whole sea area into a fog.

In the face of the final counterattack, ye Chen and Ji Siqing will not shrink back.

Ye Chen's moon soul chop and Ji Siqing's red sky rosefinch sword are still indomitable, killing the rolling dagger.

Boom!

A huge ridge appeared in the surrounding caverns, and even the law of space was shaken in this moment.

Gravel slowly calm down, the ghost figure has obviously died.

Ye Chen then turned to look at Ji Siqing and sighed: "Siqing, where have you been during this time? Your accomplishments... "

Ji Siqing blushed: "Ye Chen, I have my own mission. Every time I wake up a part of my past life memory, I know what I should do next. Now the change of the way of heaven outside China has made me break through a lot of accomplishments, and most of my past life memory has been restored."

"Ye Chen, I have some bad news to tell you. The Lord of the East emperor's temple has broken through. The two elders are dead. I'm afraid they will fight against you soon! Even a war on the tiandian Temple of Beiling

"Well, I'm here to explore the stone tablet."

Ji Siqing straightened his eyes and looked at the half stone tablet.

"This stone tablet is really strange, but it's only half left." Ye Chen regretted.

Hearing this, Ji Siqing showed a smile.

"I know where the other half is."

Ye Chen is very happy. This mysterious inscription must contain a big secret. Before, he was depressed that he could not understand the secret of heaven. At this time, he was naturally a little excited to hear Ji Siqing say so.

"Great!"

Ye Chengang spoke, but he remembered that he could not shake the stone tablet in any case. He could not help but said uneasily.

"But it's like the stone tablet is on the ground. There's no way to move it."

Ji Siqing smile, expression is full of confidence: "I have a way."

Ye Chen sees her such facial expression, naturally know this is the mountain person has a clever plan, think she already has the method of moving the stone tablet.

"Use your blood!"

Ji Siqing's face is gentle, and his eyes are burning at Ye Chen, but he doesn't have the slightest meaning to explain.

Ye Chen Mou son a coagulate, spread out palm immediately, finger is awn, delimit an opening in palm.

The blood instantly drips along the hand lines, almost in a line to the gravel.

Ji Siqing's finger moved, and a trace of silver gas formed a protective cover, which lifted the blood and floated slowly to the stone tablet.

The blood forms a very thin silk thread under the action of the protective cover.

"Miso!"

After ye Chen was surprised, he found that the power of the silk thread formed by the blood coagulation was so huge that he cut the stone tablet directly from the bottom.

Ji Siqing's source gas rises high again, wrapping the broken stone tablet layer upon layer, and then it has been quietly collected into Zizai heaven.

"I didn't expect my blood to have this magical effect."

Ye Chen raised a smile, as if joking.

"I broke through my accomplishments and saw some scenes of the last life. After array deduction, I figured out that the stone tablet should have some origins with the reincarnation Lord of the first life, so your blood is the best weapon for the stone tablet."

Ye Chen nodded. No wonder his evil sword didn't cause any harm. Even if his feelings were yuan Bing, in front of the stone tablet, he might not be as good as his reincarnation blood.

"So this stone tablet was cut by me in the last life?"

Ye Chen doubts that since reincarnation blood can have such an impact on the stone tablet, it is obvious that the person who cut the stone tablet."Maybe."

Ji Siqing sighed, "when we know the meaning of the inscription, we may know who cut the stone tablet."

Ye Chen nods and agrees with her.

"The other half of the stone tablet is in the wasteland of northern bone, I..."

"You..."

Two people are almost silent at the same time down, the joy of meeting, so that two people do not give up separation.

"I'll go with you."

Ye Chen thought, still open mouth to say.

"Well? Good

Ji Siqing obviously knows Ye Chen's mind. He gently grasps Ye Chen's arm. A blush falls on his face. His eyes are attached to Ye Chen, and then he smiles.

"Go

.....

Half a day later.

The wasteland of the north.

The cold wind is howling with the air of frost, and the desolate land is extremely cold and desolate. All the scenes of killing indicate that this place was once a bloody battlefield.

The corpses, which have been silent for millions of years, have already been weathered. In this cold wind, the broken limbs are scattered, and pieces of bones are all over the whole wasteland. You can even feel the sound of bones being crushed when you step on them.

Ji Siqing is holding a floating seal of eight trigrams, on which the smart snake is eager to try in a direction.

Ye Chen holds the Sha sword in hand, protects Ji Siqing closely, and observes the surrounding environment carefully.

This is the first time that he has set foot in this wasteland. He does not know whether there is any unknown danger in it, so he does not relax his vigilance for a moment.

"Found it!"

Ji Siqing exclaimed, and his joy was expressed.

In the vast wasteland, there is a mysterious stone tablet hidden among the tombstones.

If it wasn't for the Eight Diagrams floating seal in Ji Siqing's hand to guide the direction, it would be like looking for a needle in a haystack for the two of them to find this half stone tablet in this vast wasteland.

Ye Chen stepped out and came forward. The script on the half stone tablet was exactly the same as that of the soul burial sea area before.

Ji Siqing has already taken out the other half of the stone tablet and moved slowly towards the other half of the stone tablet under the effect of the source gas shield.

Chapter 5339

Ye Chen's belief moved, and the Wutu Yuanfu was launched. The strong Wutu Yuanqi burst out madly, and burst out a huge yellow light, forming a huge yellow light sword array, which covered the surrounding of the stone tablet.

No matter what secrets are hidden in the stone tablet, they are not afraid of others' coveting.

Friction, fusion, golden flash!

At the moment of collision, the joint of the two steles turned golden.

The luster is like a very powerful golden black, people can't help but close their eyes and dare not look directly at it.

A moment later, the complete stone tablet has been presented in front of them, without any gap, as if they had never been separated.

Boom!

With a loud noise, ye Chen immediately guards Ji Siqing behind him.

"Ye Chen, it's OK. It's the sound of the light curtain!"

The original stone tablet has formed a huge light curtain.

That light curtain circulation, unexpectedly is this stone tablet formation process!

Ye Chen opened his eyes wide, he was shocked in this light curtain, and saw himself in the last life!

The Lord of reincarnation in the light curtain is half naked, and the meridians on the strong body show red gold lines.

Yibing sharp blade emerged from the hand of reincarnation Lord, and then he directly separated the blood from his body.

"Hiss..."

Ji Siqing can't help but take a cold breath. How painful it should be. With the memory of her previous life, she can't bear it.

The Lord of reincarnation instilled the stripped blood into a huge stone, and then the blood turned into a sword. Under the flying, ten stone tablets were formed.

Ye Chen instantly found that these ten stone tablets are not the rudiment of reincarnation xuanbei!!!

Is the reincarnation stele made by previous generations?

The Lord of reincarnation on the light curtain seems to look at the stone tablet in front of him with a worried face.

"It seems that the mystery of reincarnation hidden behind the xuanbei of reincarnation is not fully understood even by the master of reincarnation."

Ye Chen sighs.

Ji Siqing nodded and said: "yes, there must be a huge secret behind these ten reincarnation tablets. You see, under the infiltration of reincarnation's main blood, the reincarnation stele came out. "

"That explains why my blood can easily cut off the stone tablet."

Ji Siqing nodded and continued to watch the scene changes in the light curtain.

"One of the xuanbei of reincarnation was deliberately placed in China by the Lord of reincarnation."

Ye Chen pondered, it seems that the layout of the reincarnation master of the previous life is really big, far beyond his imagination, and this reincarnation monument used to guard China should be the key to the game.

"Other reincarnation steles are scattered in the world like this. At that time, you deliberately left all this behind. Maybe you just want to tell you that reincarnation stele is far from that simple." Ji Siqing sighed, some sad said.

Ye Chenning's eyebrows were silent. The successive appearance of the reincarnation stele and the light curtain of the previous life brought by the mysterious stele made him feel the urgency of time.

It may be getting closer and closer to find out the layout of the reincarnation Lord of the last life.

He has a strong feeling that the final puzzle will be solved soon.

"Come back to taixuan array gate with me."

Ye Chen looks at Ji Siqing's beautiful face. If he can, he hopes Ji Siqing can be with him, as in previous lives, to protect and accompany each other.

Ji Siqing shakes her head, but her face hesitates. Of course, she doesn't want to be separated from ye Chen so soon.

But she has already peeped into the memory of the previous life, and even part of the layout of the reincarnation Lord of that year has been quietly known.

In this life, she has been in the game.

So, like Qu Chenyan, she will bravely fulfill her mission.

Just like Qu Chenyan, who guarded the Lord of samsara, he went to guard Ye Chen.

Thinking of this, Ji Siqing's expression became firm and powerful.

"Siqing, did you think of something?"

See her complexion of startle turn, leaf Chen some worry of ask a way.

"It's OK, I just wake up the memory, so in this life, some things have to be done."

Ye Chen gently swept over her shoulder, no matter what mentality the reincarnation master of the last life used, but this life he is Ye Chen, no matter how difficult the world is, he will go on in his own way.

"Why?"

Ji Siqing calls softly. At the moment, she is so close to Ye Chen that she suddenly finds that ye Chen is covered with dark disaster.

The light and shadow of rosefinch suddenly appeared in this moment, but there was no power of coercion.

The brilliance of heaven's blazing Tao is shrouded in Ye Chen's body.

"What's the matter?"

Ye Chen looks at her abrupt source gas release, full of fog water, is also 100 think not its solution.

"Nothing..." Ji Siqing shakes his head. Ye Chen is full of disaster, but if he tells Ye Chen at this time, it will only increase his worry. "If you have time, how about going to a place with me?"

Ji Siqing thinks that he can't be with Ye Chen all the time. Ye Chen has too many enemies in heaven and man. The East emperor's temple is a threat, the dark dragon's temple is also a threat, and even Hong Tianjing, Emperor Shitian, Xuan Jiyue and others are threats!

Beiling temple is powerful, but ye chenruo is guarded by that man! Naturally, it will be safer!

If that person agrees to protect Ye Chen once, it can be regarded as giving Ye Chen a life saving talisman.

Ye Chen has some doubts in his mind. He thinks that Ji Siqing must have something to hide. He is quite worried, so he doesn't hesitate and agrees immediately.

.....

Soon, they appeared in a deep mountain of heaven and man.

"There is such a quiet mountain forest in heaven and man."

Ye Chen's imperial sword stands among the verdant mountains and says with some exclamation.

"Well..."

Ji Siqing's face was a little serious, and his heart seemed to be pressing a huge stone.

The mountains are vast, and countless green forests are hidden under the sky. Occasionally, the song of the tit bursts, causing countless fluttering sounds.

On one side of the quadrangle Pavilion, the ice blue curtain sways with the wind, which is more prominent among the mountains.

A gurgling Guqin sound like running water flows out, and the sad timbre seems to sigh the helplessness of the world.

Ji Siqing's face was more strange when he heard the sound of the piano.

After a long time, he turned to Ye Chen and said, "this is the cause and effect of my last life. You are waiting for me here."

Ye Chen looks at Ji Siqing anxiously. With his intuition, that person's cultivation must not be in the too real situation!

If the other party is Ji Siqing's friend, why does Ji Siqing have such an expression?

Seeing ye Chen's refusal, Ji Siqing said firmly: "don't worry, she won't do anything to me. Ye Chen, remember, you Don't do it at any time! "

Chapter 5340

Ye Chen shakes his head, Ji Siqing is also his rebellious scale, he will never let her have an accident under his own eyes.

"Her name is Zhong Yanxi. I have known her for tens of thousands of years. I am also here to collect debts. You... "

Ji Siqing sighed and insisted: "don't do it anyway! You swear

Ye Chen reluctantly looks at Ji Siqing. When the other party is seldom so willful, he also feels that the strength of Qu Chenyan's female god of war, who has known her for thousands of years, will not do harm. He can only swear with his head.

Ji Siqing smiles, looks at Ye Chen nostalgically, and then flies to the pavilion.

"Birds are buzzing early this morning."

A woman with a veil on her face is sitting behind an Guqin. When she sees Ji Siqing coming, she doesn't look up, but says faintly.

"I haven't seen you for tens of thousands of years. It's just true."

Ji Siqing a little perception, revealing a touch of ironic smile, strength and not much improvement ah.

"Ha ha..."

Zhong Yanxi's fingers turned, and the melodious sound of Guqin flew out again. With a trace of source gas, he shot directly towards Ye Chen.

The giant shadow of rosefinch appeared, and one paw blocked the sound of the piano.

"Enough for you."

At this time, Zhong Yanxi just raised his head, and his eyes were full of dark blue color. Looking at the beautiful color of his eyes, he thought that under the veil, he must have a beautiful face.

Just Mou Guang is Gao Leng, a pair of look down on everything's arrogance disdain from her manner to show.

"When you and I made a promise, do you remember?"

Ji Siqing doesn't care about Zhong Yanxi's attitude. For many years, she has always been this picture of strangers.

"Well! I thought you'd forgotten! "

Zhong Yanxi's slender fingers fluctuate on the guqin, which is also an artifact of law.

In the melodious sound of guqin, a huge beast shape gradually condensed.

Red as red fire, six feet and four wings, are dancing with the rhythm of the guqin, just can't see the face of the strange beast.

"Heaven and man, the ancient beast river?"

Standing in the distance, ye Chen was slightly surprised.

It's just that the world hasn't appeared for ten thousand years. I didn't expect that this woman still has the power of emperor Jiang.

Ji Siqing seems to be very familiar with this Dijiang river. He did not defend it for the first time, but looked at it with some nostalgia. Ten thousand years of time, in a hurry, Zhong Yanxi is here for tens of thousands of years.

As for Daoxin, she is more pure indeed.

Zhong Yanxi didn't want to give Ji Siqing the time of nostalgia at all. The huge wings of Dijiang had already billowed out, wrapped in a red flame, and shot straight at Ji Siqing's face.

Ji Siqing's eyes flow, a side body, has been the emperor River's offensive to avoid the past.

"Red sparrow in the sky!"

The ancient yellow gas clouds cover the sky, and countless flames are burning in the clouds.

Nine days above, came the cry of rosefinch.

At this time, Ji Siqing was as brilliant as a rosefinch, as vast as a stock god, and his breath showed the ancient female Warlord's authority.

Zhong Yanxi seems to be disdainful, fingers gently hook.

The original red fire emperor River, at this time around the flame winding, six feet fell in the air, forming a baked footprints.

"Roar..."

Galloping and indomitable momentum, in front of this ancient female god of war is not afraid.

Set off by the green mountains, the red fire river is like a fire unicorn. The power of the wind and lightning makes the trees on the whole mountain shake with it.

Two fierce beasts collide!

Boom!

The burning sensation of the fire and the golden light forms a thick aura and breaks out. All the trees along the way are cut off.

The colorful wings of rosefinch and the four wings of Dijiang river.

The hot breath came, and ye Chen couldn't help offering a protective barrier to protect his whole body.

But Ji Siqing and Zhong Yanxi, the two people in the middle, have no change in their faces, but their moves are more sharp!

"Red sky rosefinch sword!"

A rosefinch sword is condensed from the source of heaven and earth. At this time, it is crawling at Ji Siqing's feet. At her command, it cuts to Zhong Yanxi.

The light is incomparably brilliant, and the sharp blade is like a small rosefinch. It radiates supreme power in the floating sky.

"Emperor River catching clouds dance!"

After Zhong Yanxi chuckles, with her light words, the red fire emperor River in the void has divided into eight parts at this time.

Each one is just like the original one, with the same prestige.

The gurgling sound of Guqin seems to point out the direction for the Nine Emperor rivers.

In this green, Jiuzun Dijiang dances towards Ji Siqing. The scorching breath, the flowing melody, and the inextricable flame light lingering on the emperor river.

Red, almost half of the sky.

The rosefinch sword in an instant, flying rosefinch, shot at the nearest emperor river.

"Roar!"

Nine respect emperor River almost at the same time issued a roar, already close to the rosefinch sword has all fallen.

Ji Siqing quickly holds the rosefinch flying sword, and the heaven's blazing path bursts to the extreme, picking up what she thinks is the essence of the emperor river.

Ye Chen's evil sword is almost in his hand. Although Ji Siqing's strength is very strong, he has almost no chance of winning against the strong man in Taizhen.

"Ah

Due to Ji Siqing's oath to Ye Chen, ye Chen can't do it easily. He can only watch the war anxiously.

It's not noumenon!

Almost in an instant, Ji Siqing was sure, but it was too late for her to leave.

The shadow of the eight emperors has all returned to the noumenon, and the four wings of the noumenon suddenly burst out with powerful power, directly bombarding Ji Siqing.

"You haven't stepped into the true realm yet. Why force you?"

Zhong Yanxi seems to have some regrets to say that she thought she could have a good fight today.

"Even if it doesn't recover, it's more than enough for you."

Ji Siqing retorted, after all, it was the reincarnation of the ancient female god of war, and she would never admit defeat in this momentum.

"So, do you want to use this ten thousand year promise to let me guard you?"

Zhong Yanxi said contemptuously.

"It's interesting to protect the ancient female god of war..."

Irony, disdain, and ridicule.

"No!"

Ji Siqing shook his head: "I use this ten thousand year agreement to make an agreement with you to protect my friend once."

"Guard your friend? Is that him? "

Zhong Yanxi's slender fingers, pointing towards Ye Chen's direction, "what's hidden behind a woman is also a man?"

"You don't have to worry so much, just keep your promise!"

Ji Siqing calm face, the hands of the rosefinch flying sword is still firmly in the hands.

"At the beginning, I promised you one thing as long as you fight with me, but..."

But Zhong Yanxi shook his head: "I haven't played enough today!"
